Danaher Corporation & Subsidiaries

Retirement and Savings Plan

We have audited the accompanying statements of net assets available for benefits of the Danaher Corporation & Subsidiaries Retirement and Savings Plan as of December 26, 2005 and 2004, and the related statement of changes in net assets available for benefits for the year ended December 26, 2005. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. We were not engaged to perform an audit of the Plan's internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan at December 26, 2005 and 2004, and the changes in its net assets available for benefits for the year ended December 26, 2005 in conformity with U.S. generally accepted accounting principles.

Table of Contents

Our audits were performed for the purpose of forming an opinion on the financial statements taken as a whole. The accompanying supplemental schedule of assets (held at end of year) as of December 26, 2005 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in our audit of the financial statements and, in our opinion, is fairly stated in all material respects in relation to the financial statements taken as a whole.

Danaher Corporation & Subsidiaries Retirement and Savings Plan

Notes to Financial Statements

December 26, 2005 and 2004

1. Description of Plan

The Danaher Corporation & Subsidiaries Retirement and Savings Plan (the Plan) was established for certain employees effective December 1, 1986. Plan participants should refer to the formal legal documents of the Plan and Summary Plan Description for full explanation of all limitations, adjustments and special cases in the Plan. The Plan is administered through the trustee and record-keeper, Fidelity Management Trust Company.

On December 2, 2004, the API Delevan, Inc. 401(k) Plan for Hourly Employees and the API Deltran, Inc. 401(k) Plan for Hourly Employees merged into the Plan. These plan mergers occurred subsequent to and as a result of Danaher Corporation's (hereafter, the Company) acquisition of the above mentioned companies.

Contributions

Eligible employees may contribute up to 20% of their compensation (subject to annual maximums). The Company's matching contribution is equal to 50% of the first 6% of the compensation contributed by the employee. The Company's unilateral contribution is 3% of compensation of all eligible employees. Employees are eligible for Company match and unilateral contributions upon completion of one year of service.

Employees become fully vested with respect to the employer contributions upon completion of three years of service. Employee contributions and the earnings thereon are fully vested at all times.

Benefit Payments

A participant who attains normal retirement age shall be entitled to payment of the balance in his or her account. A participant who remains employed after attainment of normal retirement age shall continue to participate under the same terms and conditions as applied prior to reaching normal retirement age. A participant must begin receiving distributions upon reaching the age of 70 1/2.

Upon total and permanent disability, a participant shall be entitled to payment of the balance in his or her account within a reasonable period of time after termination of employment.

Notes to Financial Statements (continued)

1. Description of Plan (continued)

Benefit Payments (continued)

The beneficiary or beneficiaries of a deceased participant shall be entitled to payment of the participant's account balance within a reasonable period of time after the participant's death.

Upon a participant's termination of employment for reasons other than as specified above, a participant is entitled to payment of his or her vested account balance.

The plan administrator may permit a participant to make a withdrawal from his or her account in the event of a hardship. A hardship withdrawal shall not exceed the amount required to meet the immediate financial need created by the hardship or the amount unavailable from resources of the participant. Participants may also make in-service withdrawals generally from contributions transferred or rolled over into the Plan from other plans.

Participant Loans

A participant may receive a loan from the Plan in accordance with policy established by the plan administrator. Any such loan or loans shall not exceed the lesser of 50% of the participant's vested account balance or \$50,000. Participants will not be entitled to receive a loan more frequently than annually. The plan administrator shall establish the maximum maturity period that will be permitted to prevent the loan from being treated as a distribution. Current procedures require that all loans must be paid back within 60 months. The plan administrator may require loan payments to be made through payroll deductions.

Participant Accounts

Each participant account is credited with the participant's contributions, any employer matching and unilateral contributions, an allocation of Plan earnings and losses, and is charged with an administrative expense fee. Allocations are based on account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Forfeitures

At December 26, 2005 and 2004, forfeited nonvested accounts totaled \$74,109 and \$41,769, respectively. These accounts will be used to reduce future employer contributions and to pay administrative expenses.

Notes to Financial Statements (continued)

1. Description of Plan (continued)

Termination of the Plan

Although the Company, as the Plan's sponsor, has not expressed an intention to do so, the Plan may be terminated at any time. In the event of termination of the Plan, the account balances of participants as of the date of termination shall immediately become nonforfeitable.

2. Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Administrative Expenses

Expenses pertaining to the administration of the Plan are paid by the Plan.

Benefits Paid to Participants

Benefit payments are recorded when paid by the Plan.

Investments

Investments are valued at quoted market prices, which represent the net asset value of shares held by the Plan at year-end. Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. The income of each fund is reinvested in that fund.

The Fidelity MIP II Fund (MIP II) has underlying investments in guaranteed investment contracts (GICs), investment contracts issued by commercial banks, synthetic GICs and cash equivalents. The MIP II Fund is recorded at market value, as determined by the trustee.

2. Significant Accounting Policies (continued)

Investments (continued)

Participant loans are valued at their unpaid balances, which approximate fair value.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

3. Tax Status of the Plan

The Plan has received a determination letter from the Internal Revenue Service dated January 14, 2003, stating that the Plan is qualified under Section 401(a) of the Internal Revenue Code (the Code) and, therefore, the related trust is exempt from taxation. Subsequent to this issuance of the determination letter, the Plan was amended. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The plan administrator believes that the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

4. Investments

The fair value of investments representing 5% or more of the Plan's net assets as follows:

	December 26	
	2005	2004

5. Party-in-Interest Transactions

Certain Plan investments are held in shares of mutual funds managed by Fidelity Management Trust Company (Fidelity). Fidelity is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest. Additionally, as of December 26, 2005 and 2004, the Plan invested in 156,574 shares and 163,006 shares, respectively, of DanaHER Corporation common stock as part of the DanaHER Corporation Stock Fund. During the year ended December 26, 2005, the Plan received \$11,000 of dividends on shares of DanaHER Corporation common stock. Therefore, these transactions qualify as party-in-interest.

These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. We were not engaged to perform an audit of the Plan's internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan at December 26, 2005 and 2004, and the changes in its net assets available for benefits for the year ended December 26, 2005 in conformity with U.S. generally accepted accounting principles.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

3. Tax Status of the Plan

The Plan has received a determination letter from the Internal Revenue Service dated July 20, 2004, stating that the Plan is qualified under Section 401(a) of the Internal Revenue Code (the Code) and, therefore, the related trust is exempt from taxation. Subsequent to this issuance of the determination letter, the Plan was amended. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The plan administrator believes that the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.
