**Table of Contents****HEMOSENSE, INC.****NOTES TO UNAUDITED CONDENSED FINANCIAL STATEMENTS****1) Organization and Basis of Presentation***Description of the Company*

HemoSense, Inc., (the Company) was incorporated in the state of Delaware on March 4, 1997 to develop, manufacture and sell easy-to-use, handheld blood coagulation monitoring systems for use by healthcare professionals and patients in the management of warfarin medication. The Company began selling its first product, the INRatio meter and related test strips, in March 2003. Prior to that date, the Company was in the development stage and had been primarily engaged in developing its product technology and raising capital.

*Basis of Presentation*

The accompanying unaudited condensed financial statements of the Company have been prepared in accordance with accounting principles generally accepted in the United States of America for interim financial information and with the instructions to Form 10-Q and Rule 10-01 of Regulation S-X. Accordingly, they do not include all of the information and footnotes required by accounting principles generally accepted in the United States of America for complete financial statements. With the exception of Statement of Financial Accounting Standards, No. 123(R), which was adopted October 1, 2005, the unaudited interim financial statements have been prepared on the same basis as the annual financial statements. In the opinion of management, all adjustments, consisting of normal recurring adjustments necessary for the fair statement of the financial statements, have been included. The results of operations of any interim period are not necessarily indicative of the results of operations for the full year or any other interim period. Further, the preparation of unaudited condensed financial statements requires management to make estimates and assumptions that affect the recorded amounts reported therein. Actual results could differ from those estimates. A change in facts or circumstances surrounding the estimate could result in a change to estimates and impact future operating results.

The financial statements and related disclosures have been prepared with the presumption that users of the interim financial statements have read or have access to the audited financial statements for the preceding fiscal year. Accordingly, these financial statements should be read in conjunction with the audited financial statements and notes thereto for the year ended September 30, 2005 included in our Annual Report on Form 10-K filed with the Securities and Exchange Commission. The results of operations for the three and nine month periods ended June 30, 2006 are not necessarily indicative of the results for the year ending September 30, 2006 or any future interim period.

**2) Summary of Significant Accounting Policies**

The Company's significant accounting policies are disclosed in its Annual Report on Form 10-K for the year ended September 30, 2005, which was filed with the Securities and Exchange Commission. With the exception of Statement of Financial Accounting Standards (SFAS) 123(R) (SFAS 123(R)) which was adopted October 1, 2005, the Company's significant accounting policies have not materially changed since September 30, 2005.

*Warranty*

The Company records an accrual for estimated warranty costs when revenue is recognized. Warranty covers replacement costs of defective meters and related test strips. The warranty period is generally one year. The Company has processes in place to estimate accruals for warranty exposure. The processes include estimated failure rates and replacement costs, and known design changes. Although the Company believes it has the ability to reasonably estimate warranty expenses, unforeseen changes in factors impacting the estimate for warranty could occur and such changes could cause a material change in the Company's warranty accrual estimate. Such a change would be recorded in the period in which the change was identified. Changes in the Company's product warranty liability during the three and nine month periods ended June 30, 2006 and June 30, 2005, were as follows (in thousands):

<b>Three Months Ended</b>		<b>Nine Months Ended</b>	
<b>June 30,</b>		<b>June 30,</b>	
<b>2006</b>	<b>2005</b>	<b>2006</b>	<b>2005</b>

Edgar Filing: HEMOSENSE INC - Form 10-Q

Balance, at the beginning of the period	\$ 70	\$ 10	\$ 59	\$ 6
Accruals and charges for warranty for the period	23	21	65	50
Cost of repairs and replacements	(27)	(18)	(58)	(43)
Balance, at the end of the period	66	\$ 13	\$ 66	\$ 13

**Table of Contents****Balance Sheet Data****Inventories**

The components of inventories are as follows (in thousands):

	June 30,	September 30,
	2006	2005
Raw materials	\$ 906	\$ 881
Work-in-process	1,000	1,138
Finished goods	282	725
	\$ 2,188	\$ 2,744

**3) Stock-Based Compensation****Stock Option Plans***1997 Stock Option Plan*

In 1997, the Company adopted the 1997 Stock Option Plan (the 1997 Plan), as amended, under which 1.1 million shares of the Company's common stock were reserved for issuance to employees, directors and consultants. Options granted under the 1997 Plan may be designated as either incentive stock options or non-statutory stock options. Stock purchase rights could also be granted under the 1997 Plan. Incentive stock options could only be granted to employees. Options granted or stock purchased under the 1997 Plan must become exercisable or the Company's right to repurchase must lapse no less than 20% after one year and ratably over 4 years thereafter. In addition, as of June 30, 2006 there were 125,920 unvested shares underlying stock options granted under the 1997 Plan to certain employees and directors in which the vesting will fully accelerate upon the occurrence of a change in control. The exercise price of incentive stock options and non-statutory stock options shall be no less than 100% and 85%, respectively, of the fair value per share of the Company's common stock on the grant date, as determined by the Company's board of directors. The term of the options is ten years. Since the implementation of the 2005 Equity Incentive Plan, no additional options will be granted from the 1997 Plan and the 1997 Plan will terminate when all the shares have been either exercised, cancelled or expire.

*2005 Equity Incentive Plan*

In March 2005, the Company's board of directors and stockholders approved the 2005 Equity Incentive Plan (the 2005 Plan), which became effective upon completion of the Company's initial public offering on July 1, 2005. As of June 30, 2006 there were 154,898 unvested shares underlying stock options granted under the 2005 Plan to certain employees and directors in which the vesting will fully accelerate upon the occurrence of a change in control. The Company has reserved a total of 530,000 shares of its common stock for issuance under the 2005 Plan, 304,000 shares of which are available for future grant. In addition, any unused shares in or any unvested shares under the 1997 Plan as of the effective date of the Company's initial public offering were added to the 2005 Plan.

*Stock-Based Compensation*

Effective October 1, 2005, the Company adopted SFAS 123(R), using the modified prospective application transition method, which establishes accounting for stock-based awards exchanged for employee services. Accordingly, stock-based compensation cost is measured at the beginning of the requisite service period, based on the fair value of the award and is expensed over the requisite service period, which is generally the vesting period. The Company previously applied Accounting Principles Board (APB) Opinion No. 25, *Accounting for Stock Issued to Employees* and related Interpretations, as permitted by SFAS No. 123, *Accounting for Stock-Based Compensation* (SFAS 123).
