**Item 2.02. Results of Operation and Financial Condition**

On January 10, 2007, Richardson Electronics, Ltd. (the Company) issued a press release reporting results for its fiscal second quarter ended December 2, 2006. A copy of the press release is furnished with this report as Exhibit 99.1 to this Form 8-K and incorporated by reference herein.

In that press release, the Company uses certain non-GAAP financial measures, specifically: net income excluding specified items and net income per diluted common share excluding specified items. These non-GAAP financial measures adjust for factors that are unusual or unpredictable, such as restructuring expenses and the adoption of Statement of Financial Accounting Standards No. 123 (Revised 2004). The Company believes the presentation of these non-GAAP financial measures provides useful information to investors regarding the Company's results of operations as these non-GAAP financial measures allow investors to better evaluate ongoing business performance. The Company also uses these non-GAAP financial measures internally to monitor performance of the businesses. The Company, however, cautions investors to consider these non-GAAP financial measures in addition to, and not as a substitute for, financial measures prepared in accordance with GAAP.
