Annual Meeting of Stockholders

Wednesday, June 24, 2009

GENERAL INFORMATION

This Proxy Statement is furnished in connection with the solicitation of proxies by the Board of Directors (the **Board**) of Broadway Financial Corporation, a Delaware corporation (the **Company**), for use at the Annual Meeting of Stockholders of the Company (the **Annual Meeting**) to be held at the Company's principal executive offices, 4800 Wilshire Boulevard, Los Angeles, California, 90010, at 2:00 p.m., on June 24, 2009, and at any postponement or adjournment thereof. This Proxy Statement and the accompanying form of proxy were first mailed to stockholders on or about May 26, 2009.

The Company was incorporated under Delaware law in September 1995 for the purpose of acquiring and holding all of the outstanding capital stock of Broadway Federal Bank, f.s.b. (**Broadway Federal** or the **Bank**) as part of the Bank's conversion from a federally chartered mutual savings and loan association to a federally chartered stock savings bank (the **Conversion**). The Conversion was completed, and the Bank became a wholly owned subsidiary of the Company, on January 8, 1996. Unless otherwise indicated, references in this Proxy Statement to the Company include the Bank as its predecessor.

THE PROXY STATEMENT AND ANNUAL REPORT TO STOCKHOLDERS ARE AVAILABLE AT

RECORD DATE AND VOTING OF SHARES

The Board of Directors has selected May 8, 2009 as the record date for the determination of stockholders entitled to notice of and to vote at the Annual Meeting. A total of 1,742,765 shares of the Company's common stock, par value \$.01 per share (the **Common Stock**), were outstanding at the close of business on that date. A majority of the shares entitled to vote, represented in person or by proxy, will constitute a quorum for the transaction of business at the Annual Meeting. Stockholders will be entitled to cast one vote for each share of Common Stock held by them of record at the close of business on the record date on any matter that may be presented at the Annual Meeting for consideration and action by the stockholders. Abstentions will be treated as shares that are present and entitled to vote for purposes of determining the presence of a quorum, but as unvoted for purposes of determining the approval of any matter submitted for a vote of the stockholders. If a broker indicates on its proxy that the broker does not have discretionary authority to vote on a particular matter as to certain shares, those shares will be counted for general

quorum purposes but will not be considered as present and entitled to vote with respect to that matter.

A plurality of votes cast is required for the election of directors. The affirmative vote of the majority of shares represented and voting at the Annual Meeting will be required to ratify the appointment of Crowe Horwath LLP (Crowe Horwath) as the Company s independent registered public accounting firm and to adopt the resolution approving executive compensation that will be presented at the Annual Meeting. The vote for or against the compensation of the executive officers is advisory and will not be binding upon the Board.

All valid proxies received in response to this solicitation will be voted in accordance with the instructions indicated thereon by the stockholders giving such proxies. If no contrary instructions are given, such proxies will

be voted FOR the election of the nominees named in this Proxy Statement as directors, FOR approval of the appointment of Crowe Horwath as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2009, and FOR approval of the executive compensation outlined in this Proxy Statement. Although the Board of Directors currently knows of no other matter to be brought before the Annual Meeting, if other matters properly come before the Annual Meeting and may properly be acted upon, including voting on a substitute nominee for director in the event that any director nominee named in this Proxy Statement becomes unwilling or unable to serve before the Annual Meeting, the proxies will be voted in accordance with the best judgment of the persons named in the proxies.

REVOCATION OF PROXIES

Any stockholder may revoke his or her proxy at any time before it is voted at the Annual Meeting by delivering a later signed and dated proxy card or other written notice of revocation to Daniele Johnson, Secretary of the Company, at 4800 Wilshire Boulevard, Los Angeles, California 90010. A proxy will also be considered revoked if the stockholder executing the proxy is present at the Annual Meeting and chooses to vote in person.

SOLICITATION OF PROXIES

Computershare, the Company's transfer agent, will assist in the solicitation of proxies at no additional fee except for reimbursement of certain expenses. To the extent necessary, proxies may be solicited by officers, directors and employees of the Company, or its wholly owned subsidiaries, none of whom will receive additional compensation, and may be solicited by telephone, personal contact or other means. The Company will bear the cost of the solicitation of proxies, including postage, printing and handling, and will reimburse brokers and other nominee holders of shares for their expenses incurred in forwarding solicitation material to beneficial owners of shares.

The following Audit Committee Report does not constitute soliciting material and shall not be deemed filed or incorporated by reference into any other filings by the Company under the Securities Act of 1933 or under the Securities Exchange Act of 1934, except to the extent we specifically incorporate this Report by reference.

The Audit Committee oversees the Company's financial reporting process on behalf of the Board of Directors. Management has the primary responsibility for the financial statements and the reporting process, including the Company's systems of internal controls. In fulfilling its oversight responsibilities, the Committee reviewed the audited financial statements in the Annual Report with management including a discussion of the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments, and the clarity of disclosures in the financial statements.

The Committee reviewed with the independent auditors, who are responsible for expressing an opinion on the conformity of the audited financial statements with accounting principles generally accepted in the United States of America, their judgments as to the quality, as well as the acceptability, of the Company's accounting principles and such other matters as are required to be discussed with the Committee under auditing standards generally accepted in the United States of America, including SAS 61. In addition, the Committee has discussed with the independent auditors the auditors' independence from management and the Company, including the matters in the written disclosures required by Independence Standards Board Standard No. 1, and considered the compatibility of non-audit services provided by the auditor with the auditors' independence.

The Committee discussed with the Company's internal and independent auditors the overall scope and plans for their respective audits. The Committee meets with the internal and independent auditors, with and without management present, to discuss the results of their examinations, their evaluations of the Company's internal controls, and the overall quality of the Company's financial reporting.

In reliance on the reviews and discussions referred to above, the Committee recommended to the Board of Directors that the audited financial statements be included in the Annual Report on Form 10-K filed with the SEC for the year ended December 31, 2008. EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

The Board of Directors (Board) of Broadway Federal Bank (Bank) has appointed a Compensation/Benefits Committee (Committee) of the Board that is tasked to establish, supervise and review policies involving the Bank s personnel performance, compensation and benefits. The Committee is made up of three independent outside Directors. The Committee has developed a formal accountability schedule and meets on a regular basis to review and approve both policy recommendations and compensation actions that impact the senior officers of the organization. The Committee has a defined Committee Charter which provides for a broad scope of responsibilities to establish, supervise and review all matters related to compensation within the organization and in particular with matters of compensation affecting officers that are members of executive management.

The following Compensation Discussion and Analysis pertains to the Bank s 2008 fiscal year. This discussion and analysis is focused on the material principles that underlie the Bank s executive compensation policies and decisions.

Philosophy

It is the philosophy of the Committee and the Board of Directors to insure that the Bank has the policies and processes in place that will enable the Bank to attract, motivate and retain the highest quality workforce while at the same time balancing those needs with the duty to enhance shareholder value. To achieve these goals the Committee reviews competitive market data and acts on it when warranted. The Committee retains an outside independent compensation consultant to assist with the development of market data.

The Committee has a pay for performance philosophy. This means that compensation actions approved for executives are consistent with results achieved against predetermined objectives. The Board believes this philosophy enhances shareholder value.

For 2008, the Committee defined its bank peer group as financial institutions operating on the West Coast of California that have assets ranging between \$250 million and \$500 million. The Bank uses asset size and geographic location as key elements in determining the appropriate peer group. The Bank utilizes multiple survey sources to assist with this process. The Bank s asset size as of December 31, 2008 was \$408 million.

Process

The Committee follows a defined process throughout the year. The Committee retains the services of an outside independent human resource consulting company to insure that the Committee has sufficient knowledge about the competitive market to make sound decisions regarding the competitiveness of the overall compensation package. In that regard, the Committee utilizes the services of EW Partners, Inc. (EW). EW specializes in community banks and works with more than 100 institutions throughout the Western United States.

The process begins in the fall of the preceding plan year when the Board meets to establish the Bank and Company goals for the plan year. The Committee generally meets at least four times per year. Goal achievement is reviewed by the Committee after the plan year has been completed and decisions are made regarding the total compensation merited by the CEO. The Committee, consistent with its Charter, also determines compensation for the named executive officers. The Committee evaluates the CEO s performance against overall corporate goals and performance. With respect to compensation decisions for the other named executive officers, the CEO annually reviews the performance of each of the other named executive officers. The conclusions reached and recommendations based on this review, including any recommendations for salary adjustments and annual bonus awards, are presented to the Committee. The Committee considers the recommendations of the CEO. The elements of compensation and the Committee s view on each are outlined later in this report.

Table of Contents

Objectives

The Committee's focus is on objectives that align the executive compensation plan with the interests of shareholders. The pay for performance philosophy links the Bank's performance and individual performance and is designed to support Broadway Financial Corporation's (Company) strategic plan. It is the Bank's intention, where applicable, to insure that measurable objectives are developed and communicated to participants prior to the commencement of a plan year and that following the completion of the plan year the results achieved are tied directly to the compensation received by plan participants.

The Bank objectives change each year; however, a minimum threshold of achievement is established before the bonus plan is funded. Earnings growth as well as growth in both loans and deposits is consistently included in the goals and objectives established.

Compensation Elements

In developing its overall compensation strategy, the Committee reviews each element of compensation and the purposes of each. It then reviews the total of all elements of compensation in order to insure the Bank maintains an overall compensation strategy that is competitive. The elements of compensation included in this discussion and reflected in the tables following this report are the following:

Base Salary

Short-Term Incentive (Annual Bonus)

Total Cash Compensation (Combination of Base Salary and Short-Term Incentive)

Long-Term Incentives (Equity Awards)

Benefits

Executive Perquisites

The strategy behind each element of compensation has been defined as follows.

Base Salary

The Committee has defined base salary as the fixed direct compensation paid an executive for performing specific job responsibilities. The Committee targets base salary at market median. The base salaries of the executives are reviewed from time to time against the competitive market and adjustments made in accordance with the market data.

Short-Term Incentive (Annual Bonus)

The Committee has defined the short-term incentive as a cash bonus that is a form of variable pay paid in addition to base pay for results achieved over the Board approved minimum earnings threshold. The Committee approved for use in 2008 an Incentive Plan for Management (Plan). The Plan is designed to reward management for productivity, high performance and implementing the business plan and vision of the Bank. In order for the Plan participants to receive any form of payout, a minimum level of financial performance by the Bank must be achieved.

The Plan has two types of objectives. The first are Bank objectives which are set by the Board of Directors in advance of the Plan year. The second are individual objectives that are set by the CEO for Plan participants. Targets are established and weighted for each objective. Executives are advised in advance of the Plan year what they can achieve as a percent of their base salary if bonus targets are achieved. For 2008, the Board established five specific objectives for the CEO in the following areas:

1. Net Earnings

10

Table of Contents

2. Safety and Soundness Ratings

3. Net Loan Growth

4. Core Deposit Growth

5. Asset Quality

At the end of the Plan year each goal was assessed and results calculated.

The bonus plan is performance based. In years where the objectives are achieved, the bonus payments are made. In years where the objectives are not met, payments are not made.

Total Cash Compensation (Combination of Base Salary and Short-Term Incentive)

Total cash compensation is defined as the sum of base salary and short-term incentive received over an annual twelve month reporting period. The Committee's philosophy regarding total cash compensation is to insure that total cash compensation exceeds the market median in years in which the short-term objectives have been achieved.

Long-Term Objectives (Equity)

The Committee defines long-term incentives as Equity Compensation. Equity Compensation is an incentive designed to reward and retain executives for long term performance. This type of compensation is linked to shareholder return and aligns the executives' rewards with those achieved by shareholders.

The Company adopted the 2008 Long-Term Incentive Plan (the 2008 LTIP) which was approved by the Company's shareholders at the 2008 Shareholder Meeting. During 2008, 55,000 options were granted to select officers with a grant date fair value of \$3.29 per share. Pursuant to the terms of the options granted under the 2008 LTIP, such options have a maximum term of ten years and vest over five years.

The Bank has an approved Employee Stock Ownership Plan (ESOP) that was established in January 1996. The purpose of the ESOP is to promote the mutual interests of the Company's shareholders and Bank employees. All employees that have attained the age of 21 years and completed one year of service are eligible to receive Company shares under the ESOP.

Benefits

Benefits are defined as those plans not related to cash compensation or equity that are needed to insure that a competitive total compensation package is maintained. Benefits may be qualified or non-qualified.

The Committee's strategy regarding benefits has been to insure that the plans in place are competitive and assist the Bank in attracting and retaining the talent needed. They are designed to provide for the basic health and welfare needs of employees. The Committee has adopted the strategy not to lead the market in benefits and to adopt benefit strategies that are likely to reduce future growth in benefit costs. This decision is in keeping with the Committee's desire to continue to foster a pay for performance rather than an entitlement culture. At the present, the Bank has a basic benefit package which includes health and insurance benefits and a 401(k) plan with an employer matching provision. The Bank has no pension plan.

Executive Perquisites/Executive Employment Contracts

The Committee has approved Severance Benefits for Named Executive Officers in the event of a change in control; however, no payments may be made as outlined until TARP funds have been repaid. The agreements

Table of Contents

have two triggers. The first trigger is that a change in control must occur, and the second is that the acquiring organization makes the determination not to employ the officer covered. The approved benefits are as follows:

Named Officers	Severance Benefit
Paul C. Hudson	30 months
Samuel Sarpong	18 months
Wilbur McKesson	12 months
Mildred O. Cayton	12 months

The Bank has established a Non-Qualified Deferred Compensation Plan for a select group of executive officers and directors of the Company and/or the Bank. Under this plan, the executive officer or director may elect to defer annually a stated maximum amount of his or her salary until a specified date or until he or she is no longer employed by Broadway. No executive officer or director participated in the Plan during 2008.

In addition, the Bank has a Non-Qualified Deferred Compensation Plan in the form of a Salary Continuation Agreement for Paul C. Hudson. The agreement is designed as a retention tool. The agreement provides an annual benefit of \$100,000 per year for 15 years beginning at age 65. For Mr. Hudson to receive the benefits under the agreement, he must remain with the Bank and/or Company until he is 65. Should he leave prior to that time, he will forfeit this benefit. The Bank purchased a Bank Owned Life Insurance (BOLI) policy on Paul C. Hudson. The income from the BOLI policy reduces the Bank's net expense related to the Salary Continuation Agreement.

Mr. Hudson also receives a car and telephone allowance and is subsidized for a club membership. The other named officers receive both car and telephone allowances.

Troubled Asset Relief Program (TARP)

In October of 2008 Congress passed legislation to provide capital support for the country's banking system. Financial institutions that participate in the program are required to comply with a number of new requirements including the loss of certain tax benefits and limitations on executive pay. The principal restrictions, as supplemented by the subsequent legislation described below, may be summarized as follows:

Limitations on the payment of bonuses, retention awards or incentive compensation to specified senior officers

Prohibition of incentives that encourage unnecessary and excessive risks

Implementation or enhancement of clawback provisions to recoup executive compensation in cases where financial statements have been revised or changed or when the criteria underlying incentive calculations have changed

Prohibition of golden parachute payments in the case of certain employment severances

A reduction of the limit on compensation tax deductibility to \$500,000

Senior Executive Officers (SEOs) of the participating banks are impacted by these regulations based on the level of TARP funds requested.

Broadway Federal Bank requested and received \$9 million preferred stock capital funding under the TARP on November 14, 2008. Because the level received was below \$25 million, the Bank's President and Chief Executive Officer is the only SEO that has restrictions on bonus payments. Mr. Hudson will not be eligible to receive any performance bonus for services rendered during the period that TARP preferred stock issued by the Bank is outstanding. It has not yet been determined whether this prohibition applies to compensation for his services in 2008. Mr. Hudson may receive a restricted share grant with a value not to exceed 30% of his total compensation but the vesting on such grant must not occur until the TARP funds have been repaid. The Committee has made no decision on a restricted share grant for Mr. Hudson.

The American Recovery and Reinvestment Act of 2009 (ARRA) was signed into law on February 17, 2009. This law imposed sweeping changes to the executive compensation rules for participants in the TARP and

Table of Contents

certain other programs. While there are many compliance requirements contained in this law, ARRA expanded and redefined the definition of the term "golden parachute", as applicable to specified officers and highly compensated employees by expanding the term to include all severance payments upon termination of employment, regardless of amount. The revised definition applies to CEOs and the next five most highly compensated employees. During the time TARP assistance is outstanding, a financial institution cannot make any severance payments to such persons upon termination of employment, except payments for services performed or benefits accrued up to the date of termination.

The Committee certifies that it has reviewed the Company's executive compensation arrangements and policies, including its incentive compensation programs, with the senior risk officers of the Company and has made reasonable efforts to ensure that such arrangements and policies do not encourage the Company's CEOs to take unnecessary or excessive risks that would threaten the value of the Company. The Committee has reviewed all compensation goals and has redefined the goals for the 2009 plan year as follows:

The Committee believes and has certified that the actions taken in accordance with the regulations are designed to ensure that the Executive Compensation Plans and Programs in Broadway Federal Bank do not encourage Senior Executive Officer to take unnecessary and excessive risks that may threaten the value of the institution.

Shareholders will note that this year and in each year that the Bank is using the TARP funds that there must be a non-binding "say on pay" advisory vote on the compensation of executives as disclosed under the proxy compensation disclosure rules issued by the SEC. The Compensation Committee of the Board of Directors encourages shareholder comments on executive pay. The Committee believes that the pay for performance strategy outlined in this Compensation Discussion and Analysis is designed to attract and retain the highest caliber Executives and that the plans and strategy were designed in the best interest of shareholders. While the ARRA provides that the shareholder vote will not be binding on the Board of Directors, it is the full intention of the Compensation Committee to review and assess all input received from shareholders on the issue of Executive and Board Compensation.

Director Compensation

In 2005, the Bank developed a compensation strategy for its Directors which is based on the same pay for performance philosophy that it uses for its executives. The program developed was designed with input from an outside third party consulting firm. The recommendations made were based on a market analysis of financial institutions operating in the West with assets between \$250MM and \$500MM. The recommendations were presented to the full Board; the following resolutions were approved and form the basis for Director Compensation:

1. Each Independent Director receives \$1,000 for attendance at each Board Meeting.
2. Each Independent Director receives a retainer of \$6,000 annually in lieu of Board Committee fees.
3. The Chairman of the Board, if independent, receives a \$5,000 retainer for his work as Chairman.
4. The respective Chairman of the Loan, Audit/Compliance, and Compensation/Benefits Committees receive an annual retainer of \$3,000 for his service as Chairman.
5. The respective Chairman of the Executive and Nominating Committees (if Outside Directors) receive an annual retainer of \$2,000 for his service as Chairman.

The Plan is designed to differentiate Director cash compensation based on the Directors' duties and responsibilities to the Board. In addition to cash compensation, the Directors are entitled to health insurance coverage.

The Directors did not receive any new equity compensation during 2008. Starting January 2009, each of the Directors will receive an annual grant of \$7,500 in stock options.

Officers, directors and greater than ten percent (10%) stockholders are required by SEC rules to furnish the Company with copies of all Section 16(a) forms they file.

Based solely on our review of copies of such forms received, the Company believes that, during the last fiscal year, all filing requirements under Section 16(a) applicable to its officers, directors and 10% shareholders were timely met, except for one late filing of Form 4 on behalf of Mr. Samuel Sarpong and one late filing of Form 4 on behalf of Mr. Wilbur McKesson.

PROPOSAL 2. RATIFICATION OF THE APPOINTMENT OF THE INDEPENDENT

REGISTERED PUBLIC ACCOUNTING FIRM

The Board of Directors has appointed Crowe Horwath LLP as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2009 and this appointment is being submitted to the stockholders for their consideration and ratification. If the appointment of Crowe Horwath LLP is not ratified, the Audit Committee will consider the stockholders' vote in deciding whether to reappoint such firm in the future.

It is anticipated that representatives of Crowe Horwath LLP will be present at the Annual Meeting. The Crowe Horwath representatives will be given an opportunity to make a statement, if they desire to do so, and will be available to respond to any appropriate questions from stockholders. Crowe Horwath performed the independent audit of the Company's financial statements for the fiscal years ended December 31, 2008 and 2007.

The Board of Directors unanimously recommends that you vote FOR

the proposal to ratify the appointment of Crowe Horwath LLP

as the Company's Independent Registered Public Accounting Firm.

PROPOSAL 3. NON-BINDING STOCKHOLDER APPROVAL OF EXECUTIVE

COMPENSATION

The American Recovery and Reinvestment Act of 2009 was signed into law on February 17, 2009. This law imposes a number of requirements for participants in the federal government's TARP capital assistance program. One of the requirements is that at each annual meeting of stockholders during the period in which any obligation arising from TARP capital assistance remains outstanding, TARP recipients must include a separate nonbinding "say on pay" shareholder vote to approve the compensation of their executive officers among the matters to be considered and voted upon at each annual meeting of stockholders.

This proposal gives you as a stockholder the opportunity to vote for or against the following resolution:

RESOLVED, that the stockholders of Broadway Financial Corporation approve the compensation of executive officers as described in the Compensation Discussion and Analysis, the executive compensation tables and the related disclosure contained in the Proxy Statement.

Because your vote is advisory, it will not be binding upon the board of directors and may not be construed as overruling any decision by the board of directors or our Compensation/Benefits Committee. However, the Compensation/Benefits Committee may, in its sole discretion, take into account the outcome of the vote when considering future executive compensation arrangements.

We believe that our compensation policies and procedures are aligned with the long-term interests of our shareholders and our commitment to responsible compensation practices justifies a vote by stockholders FOR the resolution approving the compensation of our executive officers as disclosed in this proxy statement.

**The Board of Directors unanimously recommends that you vote FOR
the proposal to approve the Company's compensation of executive officers.**
