**Item 8.01 Other Events.**

KAR Holdings, Inc. (the Company) intends to use the net proceeds from its previously announced proposed initial public offering of common stock (the Offering), together with up to approximately \$200 million of cash on hand, (i) to repay a minimum of \$250 million of outstanding borrowings under its senior secured term loan, (ii) to repay and/or repurchase additional amounts under one or more of its senior fixed rate, senior floating rate and senior subordinated fixed rate unsecured notes, and (iii) to pay up to \$10.5 million of termination fees to its equity sponsors in connection with the termination of the Company's financial advisory agreements with each of them (collectively, the Management Agreements).

In connection with the Offering, the Company will seek an amendment to its Credit Agreement (the Credit Agreement), dated as of April 20, 2007, to, among other things, (i) allow KAR Holdings II, LLC to own less than 100% of the outstanding capital stock of the Company, (ii) permit the Company to use proceeds from the Offering and cash on hand to repay, redeem, repurchase or defease, or segregate funds with respect to, its unsecured notes, and (iii) permit the Company to pay accelerated management fees to its equity sponsors in connection with the termination of the Management Agreements.

In addition, the Company expects to increase the proposed maximum size of the Offering to \$500 million.

The Company also expects its Consolidated Leverage Ratio (as defined in the Credit Agreement) and Consolidated Senior Secured Leverage Ratio (as defined in the Credit Agreement) for the year ended December 31, 2009 to be at or below approximately 4.5x and 3.0x, respectively, pro forma after giving effect to the Offering.
