PRESIDENT'S LETTER

Dear Shareholder,

ING Infrastructure, Industrials and Materials Fund (the Fund) is a newly organized, diversified, closed-end management investment company whose shares are traded on the New York Stock Exchange under the symbol IDE. The Fund's investment objective is total return through a combination of current income, capital gains and capital appreciation.

The Fund will seek to achieve its investment objective by investing in companies that own and/or operate infrastructure facilities in the infrastructure sector, and in a broad range of companies, principally in the industrials and materials sector that ING Investment Management Co. (the Sub-Adviser) believes will benefit from the building, renovation, expansion and utilization of infrastructure.

Based on net asset value (NAV), the Fund had a total return of 0.73% for the period from inception on January 26, 2010 through February 28, 2010⁽¹⁾. Based on its share price as of February 28, 2010, the Fund provided a total return of 0.00% for the period from inception on January 26, 2010 through February 28, 2010⁽²⁾. The Fund intends to implement a level distribution strategy and make regular quarterly distributions to shareholders based on the past and projected performance of the Fund.

At ING Funds our mission is to set the standard in helping our clients manage their financial future. We seek to assist you and your financial advisor by offering a range of global investment solutions. We invite you to visit our website at www.ingfunds.com. Here you will find information on our products and services, including current market data and fund statistics on our open- and closed-end funds. You will see that we offer a broad variety of equity, fixed income and multi-asset funds that aim to fulfill a variety of investor needs.

We thank you for trusting ING Funds with your investment assets, and we look forward to serving you in the months and years ahead.

Sincerely,

Shaun P. Mathews

President

ING Funds

For more complete information, or to obtain a prospectus for any ING Fund, please call your Investment Professional or the Fund's Shareholder Service Department at (800) 992-0180 or log on to www.ingfunds.com. The prospectus should be read carefully before investing. Consider the fund's investment objectives, risks, charges and expenses carefully before investing. The prospectus contains this information and other information about the fund. Check with your Investment Professional to determine which funds are available for sale within their firm. Not all funds are available for sale at all firms.

- (1) Total investment return at net asset value has been calculated assuming a purchase at net asset value at the beginning of each period and a sale at net asset value at the end of each period and assumes reinvestment of dividends, capital gain distributions, and return of capital distributions/allocations, if any, in accordance with the provisions of the dividend reinvestment plan. Total investment return at net asset value is not annualized for periods less than one year.
- (2) Total investment return at market value measures the change in the market value of your investment assuming reinvestment of dividends, capital gain distributions, and return of capital distributions/allocations, if any, in accordance with the provisions of the Fund's dividend reinvestment plan. Total investment return at market value is not annualized for periods less than one year.

Table of Contents

MARKET PERSPECTIVE: YEAR ENDED FEBRUARY 28, 2010

Global equities in the form of the MSCI World Index^{SM(1)} measured in local currencies, including net reinvested dividends (MSCI for regions discussed below), staged a dramatic recovery beginning on March 9, from a 22% deficit for the calendar year to date. Smaller gains were made in the second half of the fiscal year, and for the whole fiscal year the index rose 46.06%. (The MSCI World Index^{SM(1)} returned 54.30% for the entire fiscal year, measured in U.S. dollars.) In currencies, the U.S. dollar, on a trade weighted basis, touched a 15-month low in late November but rebounded somewhat against European currencies. For the fiscal year, the U.S. dollar lost 6.9% to the euro, 9.0% against the yen, and 6.4% against the pound.

Gradually, the seeds of recovery from global recession started to bear fruit as opposed to just the green shoots on which the prices of risky assets had improbably surged since March. The financial crisis that caused the recession led governments to intervene massively to recapitalize companies considered systemically important, or at least make practically unlimited amounts of liquidity available to them at low cost. These were mainly banks and other financial institutions, but in the U.S. also included major auto makers. Some financial giants once thought impregnable now sit meekly under government control. Interest rates have been reduced to record low levels to encourage these institutions to lend and generally to support demand. Bank lending has continued to stagnate however (except in China, where banks tend to follow government directions).

Cash-for-Clunkers programs were successfully introduced in a number of countries, under which governments subsidized the trade-in of old vehicles for newer models. In the U.S. the government offered an \$8,000 tax credit to first-time home buyers and extended jobless benefits. In Europe, to reduce the number of workers being laid off, corporations were subsidized to keep them on part time. The U.K. reduced value added tax (VAT).

Government budget deficits have soared to modern-day records: in the U.S. alone \$1.42 trillion for the fiscal year ending September 2009. To keep interest rates down the Federal Reserve Board and the Bank of England have been buying U.S. Treasury bonds in a strategy known as quantitative easing.

What will happen when large-scale government intervention ends, is probably the greatest concern for investors. But China's rate of gross domestic product

(GDP) growth is now back above 10% and some key areas of the economy are clearly looking better.

House prices have started to rise again. The Standard & Poor's (S&P)/Case-Shiller National U.S. Home Price Index of house prices in 20 cities was reported in February to have risen for seven consecutive months and was only down 3.1% from a year earlier. Sales of existing homes reached the highest levels since February 2007 but then fell in December and January, perhaps distorted by tax credit effects.

On the employment front, improvement has so far been too slow to sustain a vigorous recovery. Jobs were still being lost as our fiscal year ended, although the trend is falling. The unemployment rate was reported at 9.7% in February, having peaked at 10.2%. Wage growth remains weak and the participation rate (percentage of the population in the labor force) fell to 64.6%, the lowest level since August 1985, before edging up in January.

At least the economy has started to expand again after four quarterly declines. In the third quarter of 2009, GDP in the U.S. rose by 2.2% at an annual rate and in the fourth quarter 5.90%, largely due to inventory rebuilding. U.S. equities, represented by the S&P 500[®] Composite Stock Price (S&P 500) Index⁽²⁾ including dividends returned 53.62% in the fiscal year, five sixths of it in the first half. The rally was led by the financials sector which almost doubled in value. The index suffered its first monthly fall since February 2009 in October, when a rather flat personal incomes report issued on the last day of the month drove the market down by over 2%. A more serious setback took place in January, when, after a bright start, concerns over the employment situation, enforced credit tightening in China and the possibility of sovereign debt default in Greece depressed risk appetites and sent markets tumbling. Profits for S&P 500[®] companies suffered their ninth straight quarter of annual decline in the third quarter before showing strong improvement in the fourth.

Edgar Filing: ING Infrastructure, Industrials & Materials Fund - Form N-CSR

In international markets, the MSCI Japan® Index⁽⁴⁾ rose 21.76% over the fiscal year, but actually fell nearly 6.00% in the second half. GDP resumed growth in the fourth quarter, bolstered by government stimulus and because imports are falling faster than exports. But domestic demand is generally weak, with wages down for 18 consecutive months and deflation again the norm. The MSCI Europe ex UK® Index⁽⁵⁾ surged 44.27% for the entire fiscal year. As in the U.S. the region's economy returned to growth in the third quarter of

Table of Contents

MARKET PERSPECTIVE: YEAR ENDED FEBRUARY 28, 2010

2009, by 0.4% over the previous quarter, but only rose by 0.1% in the fourth quarter. Adding to the sense of a stalled recovery, composite sentiment and purchasing managers' indices slipped after months of increase. Unemployment rose to a decade-high 9.9% and stayed there. Greece's credit rating was downgraded on concerns about its burgeoning budget deficit. The MSCI UK Index⁽⁶⁾ gained 46.17% for the entire fiscal year. The U.K. had to wait until the fourth quarter for a rise in GDP, of 0.3%. Consumers continued to pay down debt at record rates and the household savings rate rose to 8.6%, the highest since 1998. Yet unemployment stabilized at 7.8% and purchasing managers' indices held firmly in expansion mode. House prices resumed rising on an annual basis but ominously fell in February for the first month in ten.

(1) The MSCI World IndexSM is an unmanaged index that measures the performance of over 1,400 securities listed on exchanges in the U.S., Europe, Canada, Australia, New Zealand and the Far East.

(2) The S&P/Case-Shiller National U.S. Home Price Index tracks the value of single-family housing within the United States. The index is a composite of single-family home price indices for the nine U.S. Census divisions and is calculated quarterly.

(3) The S&P 500[®] Index is an unmanaged index that measures the performance of securities of approximately 500 large-capitalization companies whose securities are traded on major U.S. stock markets.

(4) The MSCI Japan[®] Index is a free float-adjusted market capitalization index that is designed to measure developed market equity performance in Japan.

(5) The MSCI Europe ex UK[®] Index is a free float-adjusted market capitalization index that is designed to measure developed market equity performance in Europe, excluding the UK.

(6) The MSCI UK[®] Index is a free float-adjusted market capitalization index that is designed to measure developed market equity performance in the UK.

All indices are unmanaged and investors cannot invest directly in an index.

Past performance does not guarantee future results. The performance quoted represents past performance. Investment return and principal value of an investment will fluctuate, and shares, when redeemed, may be worth more or less than their original cost. The Fund's performance is subject to change since the period's end and may be lower or higher than the performance data shown. Please call (800) 992-0180 or log on to www.ingfunds.com to obtain performance data current to the most recent month end.

Market Perspective reflects the views of ING's Chief Investment Risk Officer only through the end of the period, and is subject to change based on market and other conditions.

Table of Contents

ING INFRASTRUCTURE, INDUSTRIALS AND MATERIALS FUND

PORTFOLIO MANAGERS REPORT

ING Infrastructure, Industrials and Materials Fund (the Fund) seeks total return through a combination of current income, capital gains and capital appreciation.

The Fund will seek to achieve its investment objective by investing in companies that own and/or operate infrastructure facilities in the infrastructure sector, and in a broad range of companies, principally in the industrials and materials sectors, that the Sub-Adviser believes will benefit from the building, renovation, expansion and utilization of infrastructure.

The Fund is managed by Christopher Corapi, Brian Madonick, Joseph Vultaggio, Paul Zemsky and David Powers, Portfolio Managers, ING Investment Management Co. the Sub-Adviser.*

Equity Portfolio Construction: Under normal market conditions, the Fund will seek to achieve its investment objective by investing at least 80% of its managed assets in the equity securities of, or derivatives having economic characteristics similar to the equity securities of, issuers in three broad market sectors infrastructure, industrials and materials.

The Sub-Adviser seeks to construct a diversified equity portfolio of 60 to 100 equity securities, with a focus on companies that will potentially benefit from increased government and private spending in six areas: power, construction, materials, communications, transportation and water.

The Sub-Adviser has constructed a broad universe of approximately 1500 global companies that operate in industries which are related to its six investment areas. The Sub-Adviser will seek to identify, through bottom-up fundamental research, companies that it believes to be undervalued relative to their business fundamentals and outlook, and whose revenues or growth in revenues are driven by infrastructure spending.

The Sub-Adviser seeks to invest in companies with the following characteristics:

1. Good growth prospects
2. Resilient earnings potential across market cycles
3. Disciplined capital allocation management
4. Strong competitive position

Options Strategy: Under normal market conditions, the Fund will also seek to secure gains and enhance the stability of returns over a market cycle by writing (selling) call option on either (1) the value of subsets of stocks in its portfolio or (2) selected equity securities held in its portfolio, generally comprised of a portion of the Fund's large-capitalization holdings.

The underlying value against which such calls will be written may vary depending on the cash flow requirements of the portfolio and on the Sub-Adviser's assessment of market conditions, generally within a range of 15% to 50%.

The Fund expects initially to write (sell) call options primarily with shorter maturities (typically ten days to three months until expiration) generally, at-the-money or near-the-money, in the over-the-counter markets with major international banks, broker-dealers and financial institutions.

Performance: Based on net asset value (NAV) as of February 28, 2010, the Fund provided a total return of 0.73% for the period from inception on January 26, 2010 through February 28, 2010. Based on its share price as of February 28, 2010, the Fund provided a total return of 0.00% for the period from inception on January 26, 2010 through February 28, 2010. The Fund is not benchmarked to an index but uses the MSCI World Index^{SM(1)} as a reference index. The MSCI World IndexSM, returned 1.41% over the same period. As of February 28, 2010, the Fund had 18,505,000 shares outstanding.

Equity Portfolio: For the reporting period, the Fund's underlying equity portfolio underperformed its reference index. While security selection contributed to results within the Fund's themes, negative allocation effects erased those contributions. Selection within the Fund's transportation theme made the largest contribution the top-contributing transportation stock was Atlas Air Worldwide Holdings. Negative selection effects in the power theme overwhelmed the benefit of the Fund's underweight there: the worst detractor was Outotec Oyj, a Finnish mining services company. Communications was one theme where allocation and selection effects both contributed to Fund performance. The top communications contributor was Millicom International Cellular S.A., a mobile phone service

Table of Contents

PORTFOLIO MANAGERS REPORT

ING INFRASTRUCTURE, INDUSTRIALS AND MATERIALS FUND

Option Portfolio: The Fund's option strategy contributed to results for the period. Because equity prices were generally volatile in February, many of the Fund's call options expired worthless, and the Fund collected more in premiums than it had to pay out in settlements. The Sub-Adviser wrote index calls in the over-the-counter market. Average call option life when written was 28 days and calls were written at the money. As of February 28, 2010, the average time to maturity of the calls was 19 days, and the portion of portfolio assets with call options was 30.85%.

Outlook and Current Strategy: Despite a rather healthy earnings season, the overhang created by a confluence of issues such as Greece's budgetary problems, the UK's upcoming elections and a mixed bag of economic indicators caused investors to grapple with the notion of holding risky assets.

Volatility has come down markedly during the past several weeks. We continue to believe, however, that volatility will preside over the market until there is more certainty around the macroeconomic backdrop. In our opinion, this should create opportunities for the Fund to benefit from its call-writing activities. Overall, we continue to be constructive on U.S. and global economic prospects and therefore have exposure to companies that we believe are highly levered to a continued market recovery.

* Effective April 19, 2010, Uri Landesman is no longer a portfolio manager to the Fund.

(1) The MSCI World IndexSM is an unmanaged index that measures the performance of over 1,400 securities listed on exchanges in the U.S., Europe, Canada, Australia, New Zealand and the Far East.

Portfolio holdings and characteristic are subject to change and may not be representative of current holdings and characteristics.

Performance data represents past performance and is no guarantee of future results.

An index has no cash in its portfolio, imposes no sales charges and incurs no operating expenses. An investor cannot invest directly in an index.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Shareholders and Board of Trustees

ING Infrastructure, Industrials and Materials Fund

We have audited the accompanying statement of assets and liabilities, including the portfolio of investments, of ING Infrastructure, Industrials and Materials Fund as of February 28, 2010, and the related statements of operation and changes in net assets, and the financial highlights for the period from January 26, 2010 (commencement of operations) to February 28, 2010. These financial statements and financial highlights are the responsibility of management. Our responsibility is to express an opinion on these financial statements and financial highlights based on our audit.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements and financial highlights are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. Our procedures included confirmation of securities owned as of February 28, 2010, by correspondence with the custodian, transfer agent, and brokers. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements and financial highlights referred to above present fairly, in all material respects, the financial position of ING Infrastructure, Industrials and Materials Fund as of February 28, 2010, and the results of its operations, the changes in its net assets, and the financial highlights for the periods specified in the first paragraph above, in conformity with U.S. generally accepted accounting principles.

Portfolio turnover rate	% 2

(1) Commencement of operations.

(2) Net asset value at beginning of period reflects the deduction of the sales load of \$0.90 per share and offering costs of \$0.04 per share paid by the shareholder from the \$20.00 offering price.

(3) Total investment return at net asset value has been calculated assuming a purchase at net asset value at the beginning of each period and a sale at net asset value at the end of each period and assumes reinvestment of dividends, capital gain distributions and return of capital distributions/allocations, if any, in accordance with the provisions of the dividend reinvestment plan. Total investment return at net asset value is not annualized for periods less than one year.

(4) Total investment return at market value measures the change in the market value of your investment assuming reinvestment of dividends, capital gain distributions and return of capital distributions/allocations, if any, in accordance with the provisions of the Fund's dividend reinvestment plan. Total investment return at market value is not annualized for periods less than one year.

(5) Annualized for periods less than one year.

(6) The Investment Adviser has entered into a written expense limitation agreement with the Fund under which it will limit the expenses of the Fund (excluding interest, taxes, leverage expenses and extraordinary expenses) subject to possible recoupment by the Investment Adviser within three years of being incurred.

* Amount is more than \$(0.005).

Impact of waiving the advisory fee for the ING Institutional Prime Money Market Fund holding has less than 0.005% impact on the expense ratio and net investment income or loss ratio (Note 3).

NOTE 1 ORGANIZATION

ING Infrastructure, Industrials and Materials Fund (the Fund) is a diversified, closed-end management investment company registered under the Investment Company Act of 1940, as amended (the 1940 Act). The Fund is organized as a Delaware statutory trust.

NOTE 2 SIGNIFICANT ACCOUNTING POLICIES

The following significant accounting policies are consistently followed by the Fund in the preparation of its financial statements, and such policies are in conformity with U.S. generally accepted accounting principles for investment companies.

- A. *Security Valuation.* Investments in equity securities traded on a national securities exchange are valued at the last reported sale price. Securities reported by NASDAQ are valued at the NASDAQ official closing prices. Securities traded on an exchange or NASDAQ for which there has been no sale and equity securities traded in the over-the-counter-market are valued at the mean between the last reported bid and ask prices. All investments quoted in foreign currencies will be valued daily in U.S. dollars on the basis of the foreign currency exchange rates prevailing at that time. Debt securities acquired with more than 60 days to maturity are valued using matrix pricing methods determined by an independent pricing service which takes into consideration such factors as yields, maturities, liquidity, ratings and traded prices in similar or identical securities. Securities for which valuations are not readily available from an independent pricing service may be valued by brokers which use prices provided by market makers or estimates of fair market value obtained from yield data relating to investments or securities with similar characteristics. Investments in open-end mutual funds are valued at the net asset value. Investments in securities maturing 60 days or less from date of acquisition are valued at amortized cost which approximates market value.

Securities and assets for which market quotations are not readily available (which may include certain restricted securities that are subject to limitations as to their sale) are valued at their fair values, as defined by the 1940 Act, and as determined in good faith by or under the supervision of the Fund's Board of Trustees (Board), in accordance with methods that are specifically authorized by the Board. Securities traded on exchanges, including foreign exchanges, which close earlier than the time that the Fund calculates its net asset value (NAV) may also be valued at their fair values, as defined by the 1940 Act, and as determined in good faith by or under the supervision of the Board, in accordance with methods that are specifically authorized by the Board. The value of a foreign security traded on an exchange outside the United States is generally based on its price on the principal foreign exchange where it trades as of the time the Fund determines its NAV or if the foreign exchange closes prior to the time the Fund determines its NAV, the most recent closing price of the foreign security on its principal exchange. Trading in certain non-U.S. securities may not take place on all days on which the NYSE Euronext (NYSE) is open. Further, trading takes place in various foreign markets on days on which the NYSE is not open. Consequently, the calculation of the Fund's NAV may not take place contemporaneously with the determination of the prices of securities held by the Fund in foreign securities markets. Further, the value of the Fund's assets may be significantly affected by foreign trading on days when a shareholder cannot purchase or redeem shares of the Fund. In calculating the Fund's NAV, foreign securities denominated in foreign currency are converted to U.S. dollar equivalents. If an event occurs after the time at which the market for foreign securities held by the Fund closes but before the time that the Fund's NAV is calculated, such event may cause the closing price on the foreign exchange to not represent a readily available reliable market value quotation for such securities at the time the Fund determines its NAV. In such a case, the Fund will use the fair value of such securities as determined under the Fund's valuation procedures. Events after the close of trading on a foreign market that could require the Fund to fair value some or all of its foreign securities include, among others, securities trading in the U.S. and other markets, corporate announcements, natural and other disasters, and political and other events. Among other elements of analysis in the determination of a security's fair value, the Board has authorized the use of one or more independent research services to assist with such determinations. An independent research service may use statistical analyses and quantitative models to help determine fair value as of the time the Fund calculates its NAV. There can be no assurance that such models accurately reflect the

Table of Contents

NOTES TO FINANCIAL STATEMENTS AS OF FEBRUARY 28, 2010 (CONTINUED)

NOTE 2 SIGNIFICANT ACCOUNTING POLICIES (continued)

behavior of the applicable markets or the effect of the behavior of such markets on the fair value of securities, or that such markets will continue to behave in a fashion that is consistent with such models. Unlike the closing price of a security on an exchange, fair value determinations employ elements of judgment. Consequently, the fair value assigned to a security may not represent the actual value that the Fund could obtain if it were to sell the security at the time of the close of the NYSE. Pursuant to procedures adopted by the Board, the Fund is not obligated to use the fair valuations suggested by any research service, and valuation recommendations provided by such research services may be overridden if other events have occurred or if other fair valuations are determined in good faith to be more accurate. Unless an event is such that it causes the Fund to determine that the closing prices for one or more securities do not represent readily available reliable market value quotations at the time the Fund determines its NAV, events that occur between the time of the close of the foreign market on which they are traded and the close of regular trading on the NYSE will not be reflected in the Fund's NAV.

Options that are traded over-the-counter will be valued using one of three methods: (1) dealer quotes; (2) industry models with objective inputs; or (3) by using a benchmark arrived at by comparing prior-day dealer quotes with the corresponding change in the underlying security or index. Exchange traded options will be valued using the last reported sale. If no last sale is reported, exchange traded options will be valued using an industry accepted model such as Black Scholes. Options on currencies purchased by the Fund are valued using industry models with objective inputs at their last bid price in the case of listed options or at the average of the last bid prices obtained from dealers in the case of over-the-counter options.

Fair value is defined as the price that the Fund would receive to sell an asset or pay to transfer a liability in an orderly transaction between market participants at the measurement date. Each investment asset or liability of the Fund is assigned a level at measurement date based on the significance and source of the inputs to its valuation. Quoted prices in active markets for

identical securities are classified as Level 1, inputs other than quoted prices for an asset or liability that are observable are classified as Level 2 and unobservable inputs, including the sub-adviser's judgment about the assumptions that a market participant would use in pricing an asset or liability are classified as Level 3. The inputs used for valuing securities are not necessarily an indication of the risks associated with investing in those securities. Short-term securities of sufficient credit quality which are valued at amortized cost, which approximates fair value, are generally considered to be Level 2 securities under applicable accounting rules. A table summarizing the Fund's investments under these levels of classification is included following the Portfolio of Investments.

For the period ended February 28, 2010, there have been no significant changes to the fair valuation methodologies.

B. *Security Transactions and Revenue Recognition.* Security transactions are recorded on the trade date. Realized gains or losses on sales of investments are calculated on the identified cost basis. Interest income is recorded on the accrual basis. Premium amortization and discount accretion are determined using the effective yield method. Dividend income is recorded on the ex-dividend date, or in the case of some foreign dividends, when the information becomes available to the Fund.

C. *Foreign Currency Translation.* The books and records of the Fund are maintained in U.S. dollars. Any foreign currency amounts are translated into U.S. dollars on the following basis:

- (1) Market value of investment securities, other assets and liabilities at the exchange rates prevailing at the end of the day.

Edgar Filing: ING Infrastructure, Industrials & Materials Fund - Form N-CSR

- (2) Purchases and sales of investment securities, income and expenses at the rates of exchange prevailing on the respective dates of such transactions.

Although the net assets and the market values are presented at the foreign exchange rates at the end of the day, the Fund does not isolate the portion of the results of operations resulting from changes in foreign exchange rates on investments from the fluctuations arising from changes in market prices of securities held. Such fluctuations are included with the net realized and unrealized gains or losses from investments. For securities, which are subject

Table of Contents

NOTES TO FINANCIAL STATEMENTS AS OF FEBRUARY 28, 2010 (CONTINUED)

NOTE 2 SIGNIFICANT ACCOUNTING POLICIES (continued)

to foreign withholding tax upon disposition, liabilities are recorded on the Statement of Assets and Liabilities for the estimated tax withholding based on the securities current market value. Upon disposition, realized gains or losses on such securities are recorded net of foreign withholding tax. Reported net realized foreign exchange gains or losses arise from sales of foreign currencies, currency gains or losses realized between the trade and settlement dates on securities transactions, the difference between the amounts of dividends, interest, and foreign withholding taxes recorded on the Fund's books and the U.S. dollar equivalent of the amounts actually received or paid. Net unrealized foreign exchange gains and losses arise from changes in the value of assets and liabilities other than investments in securities at period end, resulting from changes in the exchange rate. Foreign security and currency transactions may involve certain considerations and risks not typically associated with investing in U.S. companies and U.S. government securities. These risks include, but are not limited to, revaluation of currencies and future adverse political and economic developments which could cause securities and their markets to be less liquid and prices more volatile than those of comparable U.S. companies and U.S. government securities.

D. *Distributions to Shareholders.* The Fund intends to make quarterly distributions from its cash available for distribution, which consists of the Fund's dividends and interest income after payment of Fund expenses, net option premiums and net realized and unrealized gains on investments. At least annually, the Fund intends to distribute all or substantially all of its net realized capital gains. Distributions are recorded on the ex-dividend date. Distributions are determined annually in accordance with federal tax principles, which may differ from U.S. generally accepted accounting principles for investment companies.

The tax treatment and characterization of the Fund's distributions may vary significantly from time to time depending on whether the Fund has gains or losses on the call options written on its portfolio versus gains or losses on the equity securities in the portfolio. Each quarter, the Fund will provide disclosures with distribution payments made that estimate the percentages of that

distribution that represent net investment income, other income or capital gains, and return of capital, if any. The final composition of the tax characteristics of the distributions cannot be determined with certainty until after the end of the Fund's tax year, and will be reported to shareholders at that time. A significant portion of the Fund's distributions may constitute a return of capital. The amount of quarterly distributions will vary, depending on a number of factors. As portfolio and market conditions change, the rate of dividends on the common shares will change. There can be no assurance that the Fund will be able to declare a dividend in each period.

E. *Federal Income Taxes.* It is the policy of the Fund to comply with the requirements of subchapter M of the Internal Revenue Code that are applicable to regulated investment companies and to distribute substantially all of its net investment income and any net realized capital gains to its shareholders. Therefore, a federal income tax or excise tax provision is not required. Management has considered the sustainability of the Fund's tax positions taken on federal income tax returns for all open tax years in making this determination. No capital gain distributions shall be made until the capital loss carryforwards have been fully utilized or expire.

F. *Use of Estimates.* The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of increases and decreases in net assets from operations during the reporting period. Actual results could differ from those estimates.

G.

Edgar Filing: ING Infrastructure, Industrials & Materials Fund - Form N-CSR

Risk Exposures and the use of Derivative Instruments. The Fund's investment objectives permit the Fund to enter into various types of derivatives contracts, including, but not limited to, forward foreign currency exchange contracts and purchased and written options. In doing so, the Fund will employ strategies in differing combinations to permit them to increase or decrease the level of risk, or change the level or types of exposure to market risk factors. This may allow the Fund to pursue its objectives more quickly, and efficiently than if it were to make

Table of Contents

NOTES TO FINANCIAL STATEMENTS AS OF FEBRUARY 28, 2010 (CONTINUED)

NOTE 2 SIGNIFICANT ACCOUNTING POLICIES (continued)

direct purchases or sales of securities capable of affecting a similar response to market factors.

Market Risk Factors. In pursuit of its investment objectives, the Fund may seek to use derivatives to increase or decrease their exposure to the following market risk factors:

Credit Risk. Credit risk relates to the ability of the issuer to meet interest and principal payments, or both, as they come due. In general, lower-grade, higher-yield bonds are subject to credit risk to a greater extent than lower-yield, higher-quality bonds.

Equity Risk. Equity risk relates to the change in value of equity securities as they relate to increases or decreases in the general market.

Foreign Exchange Rate Risk. Foreign exchange rate risk relates to the change in U.S. dollar value of a security held that is denominated in a foreign currency. The U.S. dollar value of a foreign currency denominated security will decrease as the dollar appreciates against the currency, while the U.S. dollar value will increase as the dollar depreciates against the currency.

Interest Rate Risk. Interest rate risk refers to the fluctuations in value of fixed-income securities resulting from the inverse relationship between price and yield. For example, an increase in general interest rates will tend to reduce the market value of already issued fixed-income investments, and a decline in general interest rates will tend to increase their value. In addition, debt securities with longer maturities, which tend to have higher yields, are subject to potentially greater fluctuations in value from changes in interest rates than obligations with shorter maturities.

Risks of Investing in Derivatives. The Fund's use of derivatives can result in losses due to unanticipated changes in the market risk factors and the overall market. In instances where the Fund is using derivatives to decrease, or hedge, exposures to market risk factors for securities held by the Fund, there are also risks that those derivatives may not perform as expected resulting in losses for the combined or hedged positions.

The use of these strategies involves certain special risks, including a possible imperfect correlation, or

even no correlation, between price movements of derivative instruments and price movements of related investments. While some strategies involving derivative instruments can reduce the risk of loss, they can also reduce the opportunity for gain or even result in losses by offsetting favorable price movements in related investments or otherwise, due to the possible inability of the Fund to purchase or sell a portfolio security at a time that otherwise would be favorable or the possible need to sell a portfolio security at a disadvantageous time because the Fund is required to maintain asset coverage or offsetting positions in connection with transactions in derivative instruments. Additional associated risks from investing in derivatives also exist and potentially could have significant effects on the valuation of the derivative and the Fund. Associated risks are not the risks that the Fund is attempting to increase or decrease exposure to, per its investment objectives, but are the additional risks from investing in derivatives. Examples of these associated risks are liquidity risk, which is the risk that the Fund will not be able to sell the derivative in the open market in a timely manner, and counterparty credit risk, which is the risk that the counterparty will not fulfill its obligation to the Fund. Associated risks can be different for each type of derivative and are discussed by each derivative type in the following notes.

Counterparty Credit Risk and Credit Related Contingent Features. Certain derivative positions are subject to counterparty credit risk, which is the risk that the counterparty will not fulfill its obligation to the Fund. The Fund's derivative counterparties are financial institutions who are subject to market conditions that may weaken their financial position. The Fund intends to enter into financial transactions with counterparties that it believes to be creditworthy at the time of the transaction. To reduce this risk, the Fund generally enters into master netting arrangements, established within the Fund's International Swap and Derivatives Association, Inc. (ISDA) Master Agreements (Master Agreements). These agreements are with select counterparties and they govern transactions, including certain over-the-counter (OTC) derivative and forward foreign currency contracts, entered into by the Fund and the counterparty. The Master Agreements maintain provisions for general obligations, representations, agreements, collateral, and events of default or termination. The

Table of Contents

NOTES TO FINANCIAL STATEMENTS AS OF FEBRUARY 28, 2010 (CONTINUED)

NOTE 2 SIGNIFICANT ACCOUNTING POLICIES (continued)

occurrence of a specified event of termination may give a counterparty the right to terminate all of its contracts and affect settlement of all outstanding transactions under the applicable Master Agreement.

The Fund may also enter into collateral agreements with certain counterparties to further mitigate OTC derivative and forward foreign currency contracts. Subject to established minimum levels, collateral is generally determined based on the net aggregate unrealized gain or loss on contracts with a certain counterparty. Collateral pledged to the Fund is held in a segregated account by a third-party agent and can be in the form of cash or debt securities issued by the U.S. government or related agencies.

The Fund's maximum risk of loss from counterparty credit risk on OTC derivatives is generally the aggregate unrealized gain in excess of any collateral pledged by the counterparty to the Fund. For purchased OTC options, the Fund bears the risk of loss in the amount of the premiums paid and the change in market value of the options should the counterparty not perform under the contracts. The Fund did not enter into any purchased OTC options during the period ended February 28, 2010.

The Fund has credit related contingent features that if triggered would allow its derivatives counterparties to close out and demand payment or additional collateral to cover their exposure from the Fund. Credit related contingent features are established between the Fund and its derivatives counterparties to reduce the risk that the Fund will not fulfill its payment obligations to its counterparties. These triggering features include, but are not limited to, a percentage decrease in the Fund's net assets and/or a percentage decrease in the Fund's NAV, which could cause the Fund to accelerate payment of any net liability owed to the counterparty. The contingent features are established within the Fund's Master Agreements.

Written options by the Fund do not give rise to counterparty credit risk, as written options obligate the Fund to perform and not the counterparty. As of February 28, 2010, the total value of written OTC call options subject to Master Agreements in a net liability position was

\$2,267,022. If a contingent feature had been triggered, the Fund could have been required to pay this amount in cash to its counterparties. The Fund did not hold or post collateral for its open written OTC call options at period end.

- H. *Forward Foreign Currency Contracts.* The Fund may enter into forward foreign currency contracts primarily to hedge against foreign currency exchange rate risks on its non-U.S. dollar denominated investment securities. When entering into a currency forward contract, the Fund agrees to receive or deliver a fixed quantity of foreign currency for an agreed-upon price on an agreed future date. These contracts are valued daily and the Fund's net equity therein, representing unrealized gain or loss on the contracts as measured by the difference between the forward foreign exchange rates at the dates of entry into the contracts and the forward rates at the reporting date, is included in the statement of assets and liabilities. Realized and unrealized gains and losses on forward foreign currency contracts are included on the Statement of Operations. These instruments involve market and/or credit risk in excess of the amount recognized in the statement of assets and liabilities. Risks arise from the possible inability of counterparties to meet the terms of their contracts and from movement in currency and securities values and interest rates. The Fund did not enter into any forward foreign currency contracts during the period ended February 28, 2010.
- I. *Options Contracts.* The Fund may purchase put and call options and may write (sell) put options and covered call options. The premium received by the Fund upon the writing of a put or call option is included in the Statement of Assets and Liabilities as a liability which is subsequently marked-to-market until it is exercised or closed, or it expires. The Fund will realize a gain or loss upon the expiration or closing of the option contract. When an option is exercised, the proceeds on sales of the underlying security for a written call option or purchased put option or the purchase cost of the security for a written put option or a purchased call option is adjusted by the amount of

Edgar Filing: ING Infrastructure, Industrials & Materials Fund - Form N-CSR

premium received or paid. The risk in writing a call option is that the Fund gives up the opportunity for profit if the market price of the security increases and the option is exercised. The risk in buying an option is that the Fund pays a premium whether or not the

Table of Contents

NOTES TO FINANCIAL STATEMENTS AS OF FEBRUARY 28, 2010 (CONTINUED)

NOTE 2 SIGNIFICANT ACCOUNTING POLICIES (continued)

option is exercised. Risks may also arise from an illiquid secondary market or from the inability of counterparties to meet the terms of the contract.

The Fund is subject to equity price risk in the normal course of pursuing its investment objectives. During the period ended February 28, 2010, the Fund has written OTC call options on custom baskets of equity securities in an attempt to manage this risk. Please refer to Note 8 for the volume of written OTC call option activity during the period ended February 28, 2010.

J. *Indemnifications.* In the normal course of business, the Fund may enter into contracts that provide certain indemnifications. The Fund's maximum exposure under these arrangements is dependent on future claims that may be made against the Fund and, therefore, cannot be estimated; however, based on experience, management believes the risk of loss from such claims is considered remote.

NOTE 3 INVESTMENT MANAGEMENT AND ADMINISTRATIVE FEES

ING Investments, LLC (*ING Investments* or the *Investment Adviser*), an Arizona limited liability company, is the Investment Adviser of the Fund. The Fund pays the Investment Adviser for its services under the investment management agreement (*Management Agreement*), a fee, payable monthly, based on an annual rate of 1.00% of the Fund's average daily managed assets. For the purposes of the Management Agreement, managed assets are defined as the Fund's average daily gross asset value, minus the sum of the Fund's accrued and unpaid dividends on any outstanding preferred shares and accrued liabilities (other than liabilities for the principal amount of any borrowings incurred, commercial paper or notes issued by the Fund and the liquidation preference of any outstanding preferred shares). As of February 28, 2010, there were no preferred shares outstanding.

The Investment Adviser entered into a sub-advisory agreement (a *Sub-Advisory Agreement*) with ING Investment Management Co. (*ING IM*). Subject to policies as the Board or the Investment Adviser might determine, ING IM manages the Fund's assets in accordance with the Fund's investment objectives, policies and limitations.

ING Funds are permitted to invest end-of-day cash balances into ING Institutional Prime Money Market Fund. Investment management fees paid by the Fund will be reduced by an amount equal to the management fees paid indirectly to the ING Institutional Prime Money Market Fund with respect to assets invested by the Fund. For period ended February 28, 2010, the Fund waived \$504 of such management fees. These fees are not subject to recoupment.

ING Funds Services, LLC (the *Administrator*) serves as Administrator to the Fund. The Fund pays the Administrator for its services a fee based on an annual rate of 0.10% of the Fund's average daily managed assets. The Investment Adviser, ING IM, and the Administrator are indirect, wholly-owned subsidiaries of ING Groep N.V. (*ING Groep*). ING Groep is a global financial institution of Dutch origin offering banking, investments, life insurance and retirement services.

On October 19, 2008, ING Groep announced that it reached an agreement with the Dutch government to strengthen its capital position. ING Groep issued non-voting core Tier-1 securities for a total consideration of EUR 10 billion to the Dutch State. The transaction boosted ING Bank's core Tier-1 ratio, strengthened the insurance balance sheet and reduced ING Groep's Debt/Equity ratio.

On October 26, 2009, ING Groep announced that it will move towards a complete separation of its banking and insurance operations. A formal restructuring plan (*Restructuring Plan*) was submitted to the European Commission (*EC*), which approved it on November 18, 2009. It is expected that the Restructuring Plan will be achieved over the next four years by a divestment of all insurance operations (including ING Investment Management) as well as a divestment of ING Direct US by the end of 2013. ING Groep will explore all options, including initial

Edgar Filing: ING Infrastructure, Industrials & Materials Fund - Form N-CSR

public offerings, sales or combinations thereof.

On December 21, 2009, ING Groep announced that it has completed its planned repurchase of EUR 5 billion of Core Tier 1 securities issued in November 2008 to the Dutch State and its EUR 7.5 billion rights issue.

Table of Contents

NOTES TO FINANCIAL STATEMENTS AS OF FEBRUARY 28, 2010, (CONTINUED)

NOTE 4 OTHER TRANSACTIONS WITH AFFILIATED AND RELATED PARTIES

As of February 28, 2010, the Fund had the following amounts recorded in payable to affiliates on the accompanying Statement of Assets and Liabilities:

Accrued	Accrued	Total
Investment	Administrative	
Management	Fees	
Fees	Fees	Total
\$ 219,452	\$ 26,995	\$ 246,447

The Fund has adopted a Deferred Compensation Plan (the Plan), which allows eligible non-affiliated trustees as described in the Plan to defer the receipt of all or a portion of the trustees fees payable. Amounts deferred are treated as though invested in various notional funds advised by ING Investments until distribution in accordance with the Plan.

NOTE 5 PURCHASES AND SALES OF INVESTMENT SECURITIES

The cost of purchases and proceeds from sales of investments for the period ended February 28, 2010, excluding short-term securities, were \$354,781,192 and \$3,125,502, respectively.

NOTE 6 OTHER ACCRUED EXPENSES AND LIABILITIES

At February 28, 2010, the Fund had the following expense included in Other Accrued Expenses and Liabilities on the Statement of Assets and Liabilities that exceeded 5% of total liabilities.

Expense	Amount
Accrued Offering	\$ 715,298

NOTE 7 EXPENSE LIMITATIONS

The Investment Adviser has entered into a written expense limitation agreement (Expense Limitation Agreement) with the Fund under which it will limit the expenses of the Fund, excluding interest, taxes, leverage expenses, and extraordinary expenses to 1.25% of average daily managed assets. The Investment Adviser may at a later date recoup from the Fund fees waived and other expenses assumed by the Investment Adviser during the previous 36 months, but only if, after such reimbursement, the Fund's expense ratio does not exceed the percentage described above. The Expense Limitation Agreement is contractual and shall renew automatically for one-year terms unless ING Investments or the Fund provides written notice of the termination within 90 days of the end of the then current term or upon written termination of the Management Agreement.

As of February 28, 2010, the Fund did not have any amounts waived or reimbursed that are subject to recoupment by the Investment Adviser.

NOTE 8 TRANSACTIONS IN WRITTEN OPTIONS

Written OTC call option activity for the period ended February 28, 2010 was as follows:

	Number of Contracts	Premium
Balance at 02/28/09*		\$
Options Written	2,141,358	6,606,794
Options Expired		
Options Exercised		
Options Terminated in Closing Purchase Transactions	(1,033,920)	(2,999,924)
Balance at 02/28/10	1,107,438	\$ 3,606,870

* Fund inception on January 26, 2010.

NOTE 9 CONCENTRATION OF INVESTMENT RISKS

All mutual funds involve risk some more than others and there is always the chance that you could lose money or not earn as much as you hope. The Fund's risk profile is largely a factor of the principal securities in which it invests and investment techniques that it uses. For more information regarding the types of securities and investment techniques that may be used by the Fund and its corresponding risks, see the Fund's most recent Prospectus and/or the Statement of Additional Information.

Foreign Securities and Emerging Markets. The Fund makes significant investments in foreign securities and securities issued by companies located in countries with emerging markets. Investments in foreign securities may entail risks not present in domestic investments. Since investments in securities are denominated in foreign currencies, changes in the relationship of these foreign currencies to the U.S. dollar can significantly affect the value of the investments and earnings of the Fund. Foreign investments may also subject the Fund to foreign government exchange restrictions, expropriation, taxation or other political, social or economic developments, as well as from movements in currency, security value and interest rate, all of which could affect the market and/or credit risk of the investments. The risks of investing in foreign securities can be intensified in the case of investments in issuers located in countries with emerging markets.

Leverage. Although the Fund has no current intention to do so, the Fund is authorized to utilize leverage through the issuance of preferred shares and/or

Table of Contents

NOTES TO FINANCIAL STATEMENTS AS OF FEBRUARY 28, 2010 (CONTINUED)

NOTE 9 CONCENTRATION OF INVESTMENT RISKS (continued)

borrowings, including the issuance of debt securities. In the event that the Fund determines in the future to utilize investment leverage, there can be no assurance that such a leveraging strategy will be successful during any period in which it is employed.

Infrastructure-Related Investment. Because the Fund invests in infrastructure companies, it has greater exposure to potentially adverse economic, regulatory, political and other changes affecting such companies. Infrastructure companies are subject to a variety of factors that may adversely affect their business or operations including interest rates and costs in connection with capital construction projects, costs associated with environmental and other regulations, the effects of economic slowdowns, surplus capacity, increased competition from other suppliers of services, uncertainties concerning the availability of necessary fuels, energy costs, the effects of energy conservation policies and other factors.

Industrials Sector. The industrials sector can be significantly affected by general economic trends, including employment, economic growth, and interest rates, changes in consumer sentiment and spending, the supply of and demand for specific industrial and energy products or services, commodity prices, legislation, government regulation and spending, import controls, and worldwide competition. Furthermore, a company in the industrials sector can be subject to liability for environmental damage, depletion of resources, and mandated expenditures for safety and pollution control.

Materials Sector. The materials sector can be significantly affected by the level and volatility of commodity prices, the exchange value of the dollar, import controls, and worldwide competition. At times, worldwide production of materials has exceeded demand as a result of over-building or economic downturns, which has led to commodity price declines and unit price reductions. Companies in the materials industries can also be adversely affected by liability for environmental damage, depletion of resources, mandated expenditures for safety and pollution control, labor relations, and government regulations.

NOTE 10 CAPITAL SHARES

Transactions in capital shares and dollars were as follows:

	January 26, 2010 ⁽¹⁾ to February 28, 2010
Number of Shares	
Shares sold	18,505,000
Net increase in shares outstanding	18,505,000
\$	
Shares sold ⁽²⁾	\$ 352,710,000

Edgar Filing: ING Infrastructure, Industrials & Materials Fund - Form N-CSR

Net increase \$ 352,710,000

(1) Commencement of operations.

(2) Proceeds from sales of shares net of sales load paid of \$16,650,000 and offering costs of \$740,000.

NOTE 11 FEDERAL INCOME TAXES

The amount of distributions from net investment income and net realized capital gains are determined in accordance with federal income tax regulations, which may differ from U.S. generally accepted accounting principles for investment companies. These book/tax differences may be either temporary or permanent. Permanent differences are reclassified within the capital accounts based on their federal tax-basis treatment; temporary differences are not reclassified. Key differences include the treatment of short-term capital gains, foreign currency transactions, income from passive foreign investment corporations and wash sale deferrals. Distributions in excess of net investment income and/or net realized capital gains for tax purposes are reported as return of capital.

Dividends paid by the Fund from net investment income and distributions of net realized short-term capital gains are, for federal income tax purposes, taxable as ordinary income to shareholders.

The Fund paid no dividends or distributions during the period ended February 28, 2010.

The Fund's major tax jurisdictions are federal and Arizona. The earliest tax year that will be subject to examination by these jurisdictions is the Fund's initial tax year of 2010.

As of February 28, 2010, no provision for income tax is required in the Fund's financial statements; the Fund will have its initial tax period ending December 31, 2010.

Table of Contents

NOTES TO FINANCIAL STATEMENTS AS OF FEBRUARY 28, 2010 (CONTINUED)

NOTE 12 SUBSEQUENT EVENTS

Distributions: Subsequent to February 28, 2010, the Fund made a distribution of:

Per Share Amount	Declaration Date	Payable Date	Record Date
\$0.450	3/19/2010	4/15/2010	4/6/2010

Each quarter, the Fund will provide disclosures with distribution payments made that estimate the percentages of that distribution that represent net investment income, capital gains, and return of capital, if any. At the Fund's tax year end, the Fund may re-characterize payments over the course of the year across ordinary income, capital gains, and return of capital, if any. A significant portion of the quarterly distribution payments made by the Fund may constitute a return of capital.

On March 16, 2010, the Fund announced that Citigroup Global Markets Inc., as a representative for the Fund's underwriters, notified the Fund that it would exercise its right to purchase an additional 1.3 million shares of the Fund's common stock pursuant to the over-allotment option granted to the underwriters in connection with the Fund's initial public offering (IPO). With the closing of this additional purchase of shares on March 17, 2010, the Fund's total raise-up in its IPO is an aggregate of \$396 million, or 19.8 million shares. In relation to this exercise, the Fund incurred an additional \$52,000 in offering expense.

The Fund has evaluated events occurring after the Statement of Assets and Liabilities date (subsequent events) to determine whether any subsequent events necessitated adjustment to or disclosure in the financial statements. Other than the above, no such subsequent events were identified.

PORTFOLIO OF INVESTMENTS

AS OF FEBRUARY 28, 2010 (CONTINUED)

- + Other Financial Instruments are derivatives not reflected in the Portfolio of Investments and may include open forward foreign currency contracts, futures, swaps, and written options. Forward foreign currency contracts and futures are reported at their unrealized gain/loss at measurement date which represents the amount due to/from the Fund. Swaps and written options are reported at their market value at measurement date.
Transfers into Level 3 represents either the beginning balance (for transfer in), or the ending value (for transfers out) of any security or derivative instrument where a change in the pricing level occurred from the beginning to the end of the period.
- # The earlier close of the foreign markets gives rise to the possibility that significant events, including broad market moves, may have occurred in the interim and may materially affect the value of those securities. To account for this, the Portfolio may frequently value many of its foreign equity securities using fair value prices based on third party vendor modeling tools to the extent available. Accordingly, a significant portion of the Portfolio's investments are categorized as Level 2 investments.

Written OTC Call Options

# of Contracts	Counterparty	Description	Expiration Date	Strike Price/Rate		Premiums Received	Value
245,448	Goldman Sachs & Co.	Custom Basket of Equity Securities	03/19/10	100.00	EUR	784,136	(291,230)

Supplemental Option Information (Unaudited)

Supplemental Call Option Statistics as of February 28, 2010	
% of Total Net Assets against which calls written	31%
Average Days to Expiration at time written	28 days
Average Call Moneyness* at time written	ATM
Premium received for calls	\$ 3,606,870
Value of calls	\$ (2,267,022)

* Moneyness is the term used to describe the relationship between the price of the underlying asset and the option's exercise or strike price. For example, a call (buy) option is considered in-the-money when the value of the underlying asset exceeds the strike price. Conversely, a put (sell) option is considered in-the-money when its strike price exceeds the value of the underlying asset. Options are characterized for the purpose of Moneyness as, in-the-money (ITM), out-of-the-money (OTM) or at-the-money (ATM), where the underlying asset value equals the strike price.

(March 2006 - Present); and Directed Services, LLC (December 2006 - Present).

- (1) The Board is divided into three classes, with the term of one class expiring at each annual meeting of the Fund. At each annual meeting, one class of Trustees is elected to a three-year term and serves until their successors are duly elected and qualified. The tenure of each Trustee is subject to the Board's retirement policy, which states that each duly elected or appointed Trustee who is not an interested person of the Fund, as defined in the Investment Company Act of 1940, as amended (1940 Act) (Independent Trustees), shall retire from service as a Trustee at the conclusion of the first regularly scheduled meeting of the Board that is held after the Trustee reaches the age of 72. A unanimous vote of the Board may extend the retirement date of a Trustee for up to one year. An extension may be permitted if the retirement would trigger a requirement to hold a meeting of shareholders of the Fund under applicable law, whether for purposes of appointing a successor to the Trustee or if otherwise necessary under applicable law, in which case the extension would apply until such time as the shareholder meeting can be held or is no longer needed.
- (2) For the purposes of this table (except for Mr. Mathews), Fund Complex means the following investment companies: ING Asia Pacific High Dividend Equity Income Fund, ING Equity Trust; ING Funds Trust; ING Global Equity Dividend and Premium Opportunity Fund; ING Global Advantage and Premium Opportunity Fund; ING Infrastructure, Industrials, and Materials Fund; ING International High Dividend Equity Income Fund; ING Investors Trust; ING Mayflower Trust; ING Mutual Funds; ING Partners, Inc.; ING Prime Rate Trust; ING Risk Managed Natural Resources Fund; ING Senior Income Fund; ING Separate Portfolios Trust; ING Variable Insurance Trust; and ING Variable Products Trust.
- (3) For Mr. Mathews, the Fund Complex also includes the following investment companies: ING Series Fund, Inc.; ING Strategic Allocation Portfolios, Inc.; ING Variable Funds; ING Variable Portfolios, Inc.; ING Balanced Portfolio, Inc.; ING Intermediate Bond Portfolio; and ING Money Market Portfolio.
- (4) Mr. Boyer held a seat on the Board of Directors of The Mark Twain House & Museum from September 1989 to November 2005. ING Groep N.V. makes non-material, charitable contributions to The Mark Twain House & Museum.

Edgar Filing: ING Infrastructure, Industrials & Materials Fund - Form N-CSR

- (5) Messrs. Mathews and Crispin are deemed to be interested persons of the Fund as defined in the 1940 Act because of their relationship with ING Groep, N.V., the parent corporation of the Manager, ING Investment Manager.
- (6) ING Investments, LLC was previously named ING Pilgrim Investments, LLC. ING Pilgrim Investments, LLC is the successor in interest to ING Pilgrim Investments, Inc., which was previously known as Pilgrim Investments, Inc. and before that was known as Pilgrim America Investments, Inc.
- (7) ING Funds Distributor, LLC is the successor in interest to ING Funds Distributor, Inc., which was previously known as ING Pilgrim Securities, Inc., and before that was known as Pilgrim Securities, Inc., and before that was known as Pilgrim America Securities, Inc.
- (8) ING Funds Services, LLC was previously named ING Pilgrim Group, LLC. ING Pilgrim Group, LLC is the successor in interest to ING Pilgrim Group, Inc., which was previously known as Pilgrim Group, Inc. and before that was known as Pilgrim America Group, Inc.

ADVISORY CONTRACT APPROVAL DISCUSSION (UNAUDITED)

BOARD CONSIDERATION AND APPROVAL OF NEW ADVISORY OR SUB-ADVISORY CONTRACTS

Section 15 of the Investment Company Act of 1940 Act, as amended (the 1940 Act), mandates that, when ING Infrastructure, Industrials and Materials Fund (the Fund) enters into a new advisory or sub-advisory agreement, the Board of Trustees (the Board) of the Fund, including a majority of Board members who have no direct or indirect interest in the advisory contract or sub-advisory contract, and who are not interested persons of the Fund, as such term is defined under the 1940 Act (the Non-Interested Trustees), must approve the new arrangements. Thus, at a meeting held on January 7, 2010, the Board, including a majority of the Independent Trustees, considered whether to approve the investment advisory contract (the Advisory Contract) with ING Investments, LLC (IIL or the Adviser) and the sub-advisory contract (Sub-Advisory Contract) between IIL with ING Investment Management Co. (ING IM or the Sub-Adviser).

The type and format of the information provided to the Board or to legal counsel for the Independent Trustees in connection with the contract approval process has been codified in the ING Funds *15(c) Methodology Guide*. This *Guide* was developed under the direction of the Independent Trustees and sets out a blueprint pursuant to which the Independent Trustees request certain information that they deem important to facilitate an informed review in connection with initial approvals of advisory contracts. Management provides certain of the information requested by the *15(c) Methodology Guide* in Fund Analysis and Comparison Tables (FACT sheets) prior to the Independent Trustees' review of advisory arrangements (including the Fund's Advisory and Sub-Advisory Contracts).

In determining whether to approve the Advisory and Sub-Advisory Contracts for the Fund, the Board received and evaluated such information as it deemed necessary for an informed determination of whether each agreement, and the proposed policies and procedures for the Fund, should be approved. The materials provided to the Board in support of the Fund's advisory and sub-advisory arrangements included the following: (1) a memorandum presenting Management's rationale for requesting the launch of the Fund that discusses, among other things: (a) IIL's experience and expertise in the management of other Funds within the ING Funds complex, including other closed-end Funds, (b) the experience of IIL overseeing sub-advisers to other Funds within the ING Fund

complex, including ING IM, the sub-adviser to the Fund; and (c) ING IM's experience in managing other global mandates; (2) information about the Fund's investment objective and strategies and anticipated portfolio characteristics; (3) FACT sheets for the Fund that compare the Fund's fee structure to its comparable selected peer group (Selected Peer Group) and Morningstar/Lipper category medians; (4) supporting documentation, including copies of the Advisory and Sub-Advisory Contracts for the Fund; and (5) other information relevant to the Board's evaluation. In addition, the Board considered the information provided periodically throughout the year in presentations to the Board by IIL in the context of IIL's oversight of other sub-advisers managing Funds in the ING Funds complex, and by ING IM in connection with its management of other Funds in the ING Funds complex.

The Board noted that ING IM proposed to enter into a written expense limitation agreement with respect to the Fund under which it would limit expenses of the Fund (subject to certain exclusions) to 1.25% of the Fund's average net assets. These expense limits are subject to possible recoupment within three years. The Board also noted that ING IM had agreed to pay all organizational expenses of the Fund and Common Share offering costs (other than sales loads) that exceed \$0.04 per Common Share. The expense limit will continue through at least March 1, 2011.

The Board's consideration of whether to approve the Advisory Contract between IIL and the Fund took into account several factors including, but not limited to, the following: (1) the nature and quality of the services to be provided by IIL to the Fund under the Advisory Contract; (2) IIL's experience as a manager-of-managers overseeing sub-advisers to other Funds within the ING Funds complex, including other Funds managed by ING IM; (3) IIL's reputation within the industry; (4) the fairness of the compensation under the proposed Advisory Contract in light of the services to be provided to the Fund and taking into account the sub-advisory fees payable by IIL to ING IM; (5) the fairness of IIL's compensation under an Advisory Contract with level fees that does not include breakpoints, taking into account that the Fund is a closed-end Fund; (6) the pricing structure (including the estimated expense ratio to be borne by shareholders) of the Fund, including that: (a) the proposed management fee (inclusive of the advisory fee and a 0.10% administration fee) for the Fund is above the average and median management fees of the funds in the Fund's Selected

Table of Contents

ADVISORY CONTRACT APPROVAL DISCUSSION (UNAUDITED) (CONTINUED)

Peer Group, and (b) the estimated expense ratio for the Fund is above the average and median ratios of the funds in the Fund's Selected Peer Group; (7) the projected profitability of IIL when sub-advisory fees payable by IIL to ING IM are taken into account; (8) the personnel, operations, financial condition, and investment management capabilities and resources of IIL; (9) IIL's compliance capabilities, as demonstrated by, among other things, its policies and procedures designed to prevent violations of the Federal securities laws, which had previously been approved by the Board in connection with its oversight of other Funds in the ING Funds complex; (10) the information that had been provided by IIL at regular Board meetings including the January 7, 2010 Board meeting and previous Board meetings at which the Advisory Contract had been considered, with respect to its capabilities as a manager-of-managers in overseeing similar Funds; and (11) fall-out benefits to IIL and its affiliates that were anticipated to arise from IIL's management of the Fund.

In reviewing the proposed Sub-Advisory Contract with ING IM the Board considered a number of factors, including, but not limited to, the following: (1) IIL's view of the reputation of ING IM and its sub-advisory services to other Funds in the ING Funds complex; (2) ING IM's reputation in the industry; (3) the information that had been provided by ING IM at regular board meetings including the January 7, 2010 meeting and previous Board meetings at which the Sub-Advisory Contract had been considered, and the International/Balanced/Fixed Income Funds Investment Review Committee (the I/B/F IRC) December 18, 2009 meeting, with respect to ING IM's sub-advisory services; (4) the nature and quality of the services to be provided by ING IM under the proposed Sub-Advisory Contract; (5) the personnel, operations, financial condition, and

investment management capabilities, methodologies and resources of ING IM, including its management team's expertise in the management of other Funds in the ING Funds complex; (6) the fairness of the compensation under the Sub-Advisory Contract in light of the services to be provided by ING IM as the Fund's sub-adviser; (7) the costs for the services to be provided by ING IM; (8) ING IM's operations and compliance program, including its policies and procedures adopted pursuant to Rule 206(4)-7 under the Investment Advisers Act of 1940, which had previously been approved by the Board as part of its oversight of other Funds in the ING Funds complex; (9) ING IM's financial condition; (10) the appropriateness of the selection of ING IM in light of the Fund's investment objective and prospective investor base; and (11) ING IM's Code of Ethics, which had previously been approved for other ING Funds.

After its deliberation, the Board reached the following conclusions: (1) the Fund's proposed management fee rate is reasonable in the context of all factors considered by the Board; (2) the Fund's estimated expense ratio is reasonable in the context of all factors considered by the Board; (3) the sub-advisory fee rate payable by IIL to ING IM is reasonable in the context of all factors considered by the Board; and (4) each of IIL and ING IM maintains an appropriate compliance program, with this conclusion based upon the Board's previous and ongoing review of the compliance program and the representations from the Funds' Chief Compliance Officer. Based on these conclusions and other factors, the Board voted to approve the Advisory and Sub-Advisory Contracts for the Fund. During the Board's deliberations, different Board members may have given different weight to different individual factors and related conclusions.

Table of Contents

ADDITIONAL INFORMATION (UNAUDITED)

During the period, there were no material changes in the Fund's investment objective or policies that were not approved by the shareholders or the Fund's charter or by-laws or in the principal risk factors associated with investment in the Fund. During the reporting period, there have been no changes in the persons who are primarily responsible for the day-to-day management of the Fund's Portfolio.

Dividend Reinvestment Plan

Unless the registered owner of Common Shares elects to receive cash by contacting BNY (the Plan Agent), all dividends declared on Common Shares of the Fund will be automatically reinvested by the Plan Agent for shareholders in additional Common Shares of the Fund through the Fund's Dividend Reinvestment Plan (the Plan). Shareholders who elect not to participate in the Plan will receive all dividends and other distributions in cash paid by check mailed directly to the shareholder of record (or, if the Common Shares are held in street or other nominee name, then to such nominee) by the Plan Agent. Participation in the Plan is completely voluntary and may be terminated or resumed at any time without penalty by notice if received and processed by the Plan Agent prior to the dividend record date; otherwise such termination or resumption will be effective with respect to any subsequently declared dividend or other distribution. Some brokers may automatically elect to receive cash on your behalf and may re-invest that cash in additional Common Shares of the Fund for you. If you wish for all dividends declared on your Common Shares of the Fund to be automatically reinvested pursuant to the Plan, please contact your broker.

The Plan Agent will open an account for each Common Shareholder under the Plan in the same name in which such Common Shareholder's Common Shares are registered. Whenever the Fund declares a dividend or other distribution (together, a Dividend) payable in cash, non-participants in the Plan will receive cash and participants in the Plan will receive the equivalent in Common Shares. The Common Shares will be acquired by the Plan Agent for the participants' accounts, depending upon the circumstances described below, either (i) through receipt of additional unissued but authorized Common Shares from the Fund (Newly Issued Common Shares) or (ii) by purchase of outstanding Common Shares on the open market (Open-Market Purchases) on the NYSE or elsewhere. Open-market purchases and sales are usually made through a broker affiliated with the Plan Agent.

If, on the payment date for any Dividend, the closing market price plus estimated brokerage commissions per Common Share is equal to or greater than the net asset value per Common Share, the Plan Agent will invest the Dividend amount in Newly Issued Common Shares on behalf of the participants. The number of Newly Issued Common Shares to be credited to each participant's account will be determined by dividing the dollar amount of the Dividend by the net asset value per Common Share on the payment date; provided that, if the net asset value is less than or equal to 95% of the closing market value on the payment date, the dollar amount of the Dividend will be divided by 95% of the closing market price per Common Share on the payment date. If, on the payment date for any Dividend, the net asset value per Common Share is greater than the closing market value plus estimated brokerage commissions, the Plan Agent will invest the Dividend amount in Common Shares acquired on behalf of the participants in Open-Market Purchases. In the event of a market discount on the payment date for any Dividend, the Plan Agent will have until the last business day before the next date on which the Common Shares trade on an ex-dividend basis or 30 days after the payment date for such Dividend, whichever is sooner (the Last Purchase Date), to invest the Dividend amount in Common Shares acquired in Open-Market Purchases.

It is contemplated that the Fund will pay quarterly Dividends. Therefore, the period during which Open-Market Purchases can be made will exist only from the payment date of each Dividend through the date before the next ex-dividend date, which typically will be approximately ten days.

If, before the Plan Agent has completed its Open-Market Purchases, the market price per common share exceeds the net asset value per Common Share, the average per Common Share purchase price paid by the Plan Administrator may exceed the net asset value of the Common Shares, resulting in the acquisition of fewer Common Shares than if the Dividend had been paid in Newly Issued Common Shares on the Dividend payment date. Because of the foregoing difficulty with respect to Open-Market Purchases, the Plan provides that if the Plan Agent is unable to invest the full Dividend amount in Open-Market Purchases during the purchase period or if the market discount shifts to a market premium during the purchase period, the Plan Agent will cease making Open-Market Purchases and will invest the un-invested portion of the Dividend amount in Newly Issued Common Shares at the net

Table of Contents

ADDITIONAL INFORMATION (UNAUDITED) (CONTINUED)

asset value per common share at the close of business on the Last Purchase Date provided that, if the net asset value is less than or equal to 95% of the then current market price per Common Share, the dollar amount of the Dividend will be divided by 95% of the market price on the payment date.

The Plan Agent maintains all shareholders' accounts in the Plan and furnishes written confirmation of all transactions in the accounts, including information needed by shareholders for tax records. Common Shares in the account of each Plan participant will be held by the Plan Agent on behalf of the Plan participant, and each shareholder proxy will include those shares purchased or received pursuant to the Plan. The Plan Agent will forward all proxy solicitation materials to participants and vote proxies for shares held under the Plan in accordance with the instructions of the participants.

In the case of shareholders such as banks, brokers or nominees which hold shares for others who are the beneficial owners, the Plan Agent will administer the Plan on the basis of the number of Common Shares certified from time to time by the record shareholder's name and held for the account of beneficial owners who participate in the Plan.

There will be no brokerage charges with respect to Common Shares issued directly by the Fund. However, each participant will pay a pro rata share of brokerage commissions incurred in connection with Open-Market Purchases. The automatic reinvestment of Dividends will not relieve participants of any federal, state or local income tax that may be payable (or required to be withheld) on such Dividends. Participants that request a partial or full sale of shares through the Plan Agent are subject to a \$15.00 sales fee and a \$0.10 per share brokerage commission on purchases or sales, and may be subject to certain other service charges.

The Fund reserves the right to amend or terminate the Plan. There is no direct service charge to participants with regard to purchases in the Plan; however, the Fund reserves the right to amend the Plan to include a service charge payable by the participants.

All questions concerning the Plan should be directed to the Fund's Shareholder Service Department at (800) 992-0180.

KEY FINANCIAL DATES CALENDAR 2010 DISTRIBUTIONS:

Declaration Date	Ex-Dividend Date	Payable Date
March 19, 2010	April 1, 2010	April 15, 2010
June 21, 2010	July 1, 2010	July 15, 2010
September 20, 2010	October 1, 2010	October 15, 2010
December 20, 2010	December 29, 2010	January 17, 2011

Record date will be two business days after each Ex-Dividend Date. These dates are subject to change.

Stock Data

The Fund's common shares are traded on the NYSE (Symbol: IDE).

Repurchase of Securities by Closed-End Companies

In accordance with Section 23(c) of the 1940 Act, and Rule 23c-1 under the 1940 Act the Fund may from time to time purchase shares of beneficial interest of the Fund in the open market, in privately negotiated transactions and/or purchase shares to correct erroneous transactions.

Number of Shareholders

The approximate number of record holders of Common Stock as of February 28, 2010 was 14,648, which does not include beneficial owners of shares held in the name of brokers or other nominees.

Certifications

In accordance with Section 303A.12 (a) of the New York Stock Exchange Listed Company Manual, the Fund's CEO is required to submit the Annual CEO Certification certifying that he was not aware, as of the date of submission, of any violation by the Fund of the NYSE's Corporate governance listing standards. In addition, as required by Section 302 of the Sarbanes-Oxley Act of 2002 and related SEC rules, the Fund's principal executive and financial officers are required to make quarterly certifications, included in filings with the SEC on Forms N-CSR and N-Q, relating to, among other things, the Fund's disclosure controls and procedures and internal controls over financial reporting.

Item 2. Code of Ethics.

As of the end of the period covered by this report, Registrant had adopted a code of ethics, as defined in Item 2 of Form N-CSR, that applies to the Registrant's principal executive officer and principal financial officer. There were no amendments to the Code during the period covered by the report. The Registrant did not grant any waivers, including implicit waivers, from any provisions of the Code during the period covered by this report. The code of ethics is filed herewith pursuant to Item 10(a)(1), Exhibit 99.CODE ETH.

Item 3. Audit Committee Financial Expert.

The Board of Trustees has determined that J. Michael Earley and Peter S. Drotch are audit committee financial experts, as defined in Item 3 of Form N-CSR. Mr. Earley and Mr. Drotch are independent for purposes of Item 3 of Form N-CSR.

Item 4. Principal Accountant Fees and Services.

- (a) Audit Fees: The aggregate fees billed for the last fiscal period for professional services rendered by KPMG LLP (KPMG), the principal accountant for the audit of the registrant's annual financial statements, for services that are normally provided by the accountant in connection with statutory and regulatory filings or engagements for the fiscal period was \$13,200 for the period ended February 28, 2010 .
- (b) Audit-Related Fees: NONE.
- (c) Tax Fees: NONE.
- (d) All Other Fees: NONE.
- (e)(1) Audit Committee Pre-Approval Policies and Procedures

Table of Contents

AUDIT AND NON-AUDIT SERVICES

PRE-APPROVAL POLICY

I. Statement of Principles

Under the Sarbanes-Oxley Act of 2002 (the Act), the Audit Committee of the Board of Directors or Trustees (the Committee) of the ING Funds (each a Fund, collectively, the Funds) set out on Exhibit A to this Audit and Non-Audit Services Pre-Approval Policy (Policy) is responsible for the oversight of the work of the Funds' independent auditors. As part of its responsibilities, the Committee must pre-approve the audit and non-audit services performed by the auditors in order to assure that the provision of these services does not impair the auditors' independence from the Funds. The Committee has adopted, and the Board has ratified, this Policy, which sets out the procedures and conditions under which the services of the independent auditors may be pre-approved.

Under Securities and Exchange Commission (SEC) rules promulgated in accordance with the Act, the Funds may establish two different approaches to pre-approving audit and non-audit services. The Committee may approve services without consideration of specific case-by-case services (general pre-approval) or it may pre-approve specific services (specific pre-approval). The Committee believes that the combination of these approaches contemplated in this Policy results in an effective and efficient method for pre-approving audit and non-audit services to be performed by the Funds' independent auditors. Under this Policy, services that are not of a type that may receive general pre-approval require specific pre-approval by the Committee. Any proposed services that exceed pre-approved cost levels or budgeted amounts will also require the Committee's specific pre-approval.

For both types of approval, the Committee considers whether the subject services are consistent with the SEC's rules on auditor independence and that such services are compatible with maintaining the auditors' independence. The Committee also considers whether a particular audit firm is in the best position to provide effective and efficient services to the Funds. Reasons that the auditors are in the best position include the auditors' familiarity with the Funds' business, personnel, culture, accounting systems, risk profile, and other factors, and whether the services will enhance the Funds' ability to manage and control risk or improve audit quality. Such factors will be considered as a whole, with no one factor being determinative.

The appendices attached to this Policy describe the audit, audit-related, tax-related, and other services that have the Committee's general pre-approval. For any service that has been approved through general pre-approval, the general pre-approval will remain in place for a period 12 months from the date of pre-approval, unless the Committee determines that a different period is appropriate. The Committee will annually review and pre-approve the services that may be provided by the independent auditors without specific pre-approval. The Committee will revise the list of services subject to general pre-approval as appropriate. This Policy does not serve as a delegation to Fund management of the Committee's duty to pre-approve services performed by the Funds' independent auditors.

Table of Contents

II. Audit Services

The annual audit services engagement terms and fees are subject to the Committee's specific pre-approval. Audit services are those services that are normally provided by auditors in connection with statutory and regulatory filings or engagements or those that generally only independent auditors can reasonably provide. They include the Funds' annual financial statement audit and procedures that the independent auditors must perform in order to form an opinion on the Funds' financial statements (*e.g.*, information systems and procedural reviews and testing). The Committee will monitor the audit services engagement and approve any changes in terms, conditions or fees deemed by the Committee to be necessary or appropriate.

The Committee may grant general pre-approval to other audit services, such as statutory audits and services associated with SEC registration statements, periodic reports and other documents filed with the SEC or issued in connection with securities offerings.

The Committee has pre-approved the audit services listed on Appendix A. The Committee must specifically approve all audit services not listed on Appendix A.

III. Audit-related Services

Audit-related services are assurance and related services that are reasonably related to the performance of the audit or the review of the Funds' financial statements or are traditionally performed by the independent auditors. The Committee believes that the provision of audit-related services will not impair the independent auditors' independence, and therefore may grant pre-approval to audit-related services. Audit-related services include accounting consultations related to accounting, financial reporting or disclosure matters not classified as audit services; assistance with understanding and implementing new accounting and financial reporting guidance from rulemaking authorities; agreed-upon or expanded audit procedures relating to accounting and/or billing records required to respond to or comply with financial, accounting or regulatory reporting matters; and assistance with internal control reporting requirements under Form N-SAR or Form N-CSR.

The Committee has pre-approved the audit-related services listed on Appendix B. The Committee must specifically approve all audit-related services not listed on Appendix B.

IV. Tax Services

The Committee believes the independent auditors can provide tax services to the Funds, including tax compliance, tax planning, and tax advice, without compromising the auditors' independence. Therefore, the Committee may grant general pre-approval with respect to tax services historically provided by the Funds' independent auditors that do not, in the Committee's view, impair auditor independence and that are consistent with the SEC's rules on auditor independence.

The Committee will not grant pre-approval if the independent auditors initially recommends a transaction the sole business purpose of which is tax avoidance and the tax treatment of which may not be supported in the Internal Revenue Code and related regulations. The Committee may consult outside counsel to determine that tax planning and reporting positions are consistent with this Policy.

Table of Contents

The Committee has pre-approved the tax-related services listed on Appendix C. The Committee must specifically approve all tax-related services not listed on Appendix C.

V. Other Services

The Committee believes it may grant approval of non-audit services that are permissible services for independent auditors to a Fund. The Committee has determined to grant general pre-approval to other services that it believes are routine and recurring, do not impair auditor independence, and are consistent with SEC rules on auditor independence.

The Committee has pre-approved the non-audit services listed on Appendix D. The Committee must specifically approve all non-audit services not listed on Appendix D.

A list of the SEC's prohibited non-audit services is attached to this Policy as Appendix E. The SEC's rules and relevant guidance should be consulted to determine the precise definitions of these impermissible services and the applicability of exceptions to certain of the SEC's prohibitions.

VI. Pre-approval of Fee levels and Budgeted Amounts

The Committee will annually establish pre-approval fee levels or budgeted amounts for audit, audit-related, tax and non-audit services to be provided to the Funds by the independent auditors. Any proposed services exceeding these levels or amounts require the Committee's specific pre-approval. The Committee considers fees for audit and non-audit services when deciding whether to pre-approve services. The Committee may determine, for a pre-approval period of 12 months, the appropriate ratio between the total amount of fees for the Fund's audit, audit-related, and tax services (including fees for services provided to Fund affiliates that are subject to pre-approval), and the total amount of fees for certain permissible non-audit services for the Fund classified as other services (including any such services provided to Fund affiliates that are subject to pre-approval).

VII. Procedures

Requests or applications for services to be provided by the independent auditors will be submitted to management. If management determines that the services do not fall within those services generally pre-approved by the Committee and set out in the appendices to these procedures, management will submit the services to the Committee or its delatee. Any such submission will include a detailed description of the services to be rendered. Notwithstanding this paragraph, the Committee will, on a quarterly basis, receive from the independent auditors a list of services provided for the previous calendar quarter on a cumulative basis by the auditors during the Pre-Approval Period.

Table of Contents

VIII. Delegation

The Committee may delegate pre-approval authority to one or more of the Committee's members. Any member or members to whom such pre-approval authority is delegated must report any pre-approval decisions, including any pre-approved services, to the Committee at its next scheduled meeting. The Committee will identify any member to whom pre-approval authority is delegated in writing. The member will retain such authority for a period of 12 months from the date of pre-approval unless the Committee determines that a different period is appropriate. The period of delegated authority may be terminated by the Committee or at the option of the member.

IX. Additional Requirements

The Committee will take any measures the Committee deems necessary or appropriate to oversee the work of the independent auditors and to assure the auditors' independence from the Funds. This may include reviewing a formal written statement from the independent auditors delineating all relationships between the auditors and the Funds, consistent with Independence Standards Board No. 1, and discussing with the auditors their methods and procedures for ensuring independence.

Effective April 23, 2008, the KPMG LLP (KPMG) audit team for the ING Funds accepted the global responsibility for monitoring the auditor independence for KPMG relative to the ING Funds. Using a proprietary system called Sentinel, the audit team is able to identify and manage potential conflicts of interest across the member firms of the KPMG International Network and prevent the provision of prohibited services to the ING entities that would impair KPMG independence with the respect to the ING Funds. In addition to receiving pre-approval from the ING Funds Audit Committee for services provided to the ING Funds and for services for ING entities in the Investment Company Complex, the audit team has developed a process for periodic notification via email to the ING Funds' Audit Committee Chairpersons regarding requests to provide services to ING Groep NV and its affiliates from KPMG offices worldwide. Additionally, KPMG provides a quarterly summary of the fees for services that have commenced for ING Groep NV and Affiliates at each Audit Committee Meeting.

PROXY VOTING PROCEDURES AND GUIDELINES

Effective Date: July 10, 2003

Revision Date: March 25, 2010

I. INTRODUCTION

The following are the Proxy Voting Procedures and Guidelines (the Procedures and Guidelines) of the ING Funds set forth on *Exhibit 1* attached hereto and each portfolio or series thereof, except for any Sub-Adviser-Voted Series identified on *Exhibit 1* and further described in Section III below (each non-Sub-Adviser-Voted Series hereinafter referred to as a Fund and collectively, the Funds). The purpose of these Procedures and Guidelines is to set forth the process by which each Fund subject to these Procedures and Guidelines will vote proxies related to the equity assets in its investment portfolio (the portfolio securities). The term proxies as used herein shall include votes in connection with annual and special meetings of equity stockholders but not those regarding bankruptcy matters and/or plans of reorganization. The Procedures and Guidelines have been approved by the Funds Boards of Trustees/Directors (each a Board and collectively, the Boards), including a majority of the independent Trustees/Directors² of the Board. These Procedures and Guidelines may be amended only by the Board. The Board shall review these Procedures and Guidelines at its discretion, and make any revisions thereto as deemed appropriate by the Board.

II. COMPLIANCE COMMITTEE

The Boards hereby delegate to the Compliance Committee of each Board (each a Committee and collectively, the Committees) the authority and responsibility to oversee the implementation of these Procedures and Guidelines, and where applicable, to make determinations on behalf of the Board with respect to the voting of proxies on behalf of each Fund. Furthermore, the Boards hereby delegate to each Committee the authority to review and approve material changes to proxy voting procedures of any Fund's investment adviser (the Adviser). The Proxy Voting Procedures of the Adviser (the Adviser Procedures) are attached hereto as *Exhibit 2*. Any determination regarding the voting of proxies of each Fund

¹ Reference in these Procedures to one or more Funds shall, as applicable, mean those Funds that are under the jurisdiction of the particular Board or Compliance Committee at issue. No provision in these Procedures is intended to impose any duty upon the particular Board or Compliance Committee with respect to any other Fund.

² The independent Trustees/Directors are those Board members who are not interested persons of the Funds within the meaning of Section 2(a)(19) of the Investment Company Act of 1940.

Table of Contents

that is made by a Committee, or any member thereof, as permitted herein, shall be deemed to be a good faith determination regarding the voting of proxies by the full Board. Each Committee may rely on the Adviser through the Agent, Proxy Coordinator and/or Proxy Group (as such terms are defined for purposes of the Adviser Procedures) to deal in the first instance with the application of these Procedures and Guidelines. Each Committee shall conduct itself in accordance with its charter.

III. DELEGATION OF VOTING AUTHORITY

Except as otherwise provided for herein, the Board hereby delegates to the Adviser to each Fund the authority and responsibility to vote all proxies with respect to all portfolio securities of the Fund in accordance with then current proxy voting procedures and guidelines that have been approved by the Board. The Board may revoke such delegation with respect to any proxy or proposal, and assume the responsibility of voting any Fund proxy or proxies as it deems appropriate. Non-material amendments to the Procedures and Guidelines may be approved for immediate implementation by the President or Chief Financial Officer of a Fund, subject to ratification at the next regularly scheduled meeting of the Compliance Committee.

A Board may elect to delegate the voting of proxies to the Sub-Adviser of a portfolio or series of the ING Funds. In so doing, the Board shall also approve the Sub-Adviser's proxy policies for implementation on behalf of such portfolio or series (a Sub-Adviser-Voted Series). Sub-Adviser-Voted Series shall not be covered under these Procedures and Guidelines but rather shall be covered by such Sub-Adviser's proxy policies, provided that the Board, including a majority of the independent Trustees/Directors¹, has approved them on behalf of such Sub-Adviser-Voted Series, and ratifies any subsequent changes at the next regularly scheduled meeting of the Compliance Committee and the Board.

When a Fund participates in the lending of its securities and the securities are on loan at record date, proxies related to such securities will not be forwarded to the Adviser by the Fund's custodian and therefore will not be voted. However, the Adviser shall use best efforts to recall or restrict specific securities from loan for the purpose of facilitating a material vote as described in the Adviser Procedures.

Funds that are funds-of-funds will echo vote their interests in underlying mutual funds, which may include ING Funds (or portfolios or series thereof) other than those set forth on *Exhibit 1* attached hereto. This means that, if the fund-of-funds must vote on a proposal with respect to an underlying investment company, the fund-of-funds will vote its interest in that underlying fund in the same proportion all other shareholders in the investment company voted their interests.

A fund that is a feeder fund in a master-feeder structure does not echo vote. Rather, it passes votes requested by the underlying master fund to its shareholders. This means that, if the feeder

¹ The independent Trustees/Directors are those Board members who are not interested persons of the Funds within the meaning of Section 2(a)(19) of the Investment Company Act of 1940.

Table of Contents

fund is solicited by the master fund, it will request instructions from its own shareholders, either directly or, in the case of an insurance-dedicated Fund, through an insurance product or retirement plan, as to the manner in which to vote its interest in an underlying master fund.

When a Fund is a feeder in a master-feeder structure, proxies for the portfolio securities owned by the master fund will be voted pursuant to the master fund's proxy voting policies and procedures. As such, and except as otherwise noted herein with respect to vote reporting requirements, feeder Funds shall not be subject to these Procedures and Guidelines.

IV. APPROVAL AND REVIEW OF PROCEDURES

Each Fund's Adviser has adopted proxy voting procedures in connection with the voting of portfolio securities for the Funds as attached hereto in *Exhibit 2*. The Board hereby approves such procedures. All material changes to the Adviser Procedures must be approved by the Board or the Compliance Committee prior to implementation; however, the President or Chief Financial Officer of a Fund may make such non-material changes as they deem appropriate, subject to ratification by the Board or the Compliance Committee at its next regularly scheduled meeting.

V. VOTING PROCEDURES AND GUIDELINES

The Guidelines that are set forth in *Exhibit 3* hereto specify the manner in which the Funds generally will vote with respect to the proposals discussed therein.

Unless otherwise noted, the defined terms used hereafter shall have the same meaning as defined in the Adviser Procedures

A. Routine Matters

The Agent shall be instructed to submit a vote in accordance with the Guidelines where such Guidelines provide a clear "For," "Against," "Withhold" or "Abstain" on a proposal. However, the Agent shall be directed to refer any proxy proposal to the Proxy Coordinator for instructions as if it were a matter requiring case-by-case consideration under circumstances where the application of the Guidelines is unclear, it appears to involve unusual or controversial issues, or an Investment Professional (as such term is defined for purposes of the Adviser Procedures) recommends a vote contrary to the Guidelines.

B. Matters Requiring Case-by-Case Consideration

The Agent shall be directed to refer proxy proposals accompanied by its written analysis and voting recommendation to the Proxy Coordinator where the Guidelines have noted "case-by-case" consideration.

Upon receipt of a referral from the Agent, the Proxy Coordinator may solicit additional research from the Agent, Investment Professional(s), as well as from any other source or service.

Table of Contents

Except in cases in which the Proxy Group has previously provided the Proxy Coordinator with standing instructions to vote in accordance with the Agent's recommendation, the Proxy Coordinator will forward the Agent's analysis and recommendation and/or any research obtained from the Investment Professional(s), the Agent or any other source to the Proxy Group. The Proxy Group may consult with the Agent and/or Investment Professional(s), as it deems necessary.

The Proxy Coordinator shall use best efforts to convene the Proxy Group with respect to all matters requiring its consideration. In the event quorum requirements cannot be timely met in connection with a voting deadline, it shall be the policy of the Funds to vote in accordance with the Agent's recommendation, unless the Agent's recommendation is deemed to be conflicted as provided for under the Adviser Procedures, in which case no action shall be taken on such matter (*i.e.*, a Non-Vote).

1. **Within-Guidelines Votes:** Votes in Accordance with a Fund's Guidelines and/or, where applicable, Agent Recommendation
In the event the Proxy Group, and where applicable, any Investment Professional participating in the voting process, recommend a vote Within Guidelines, the Proxy Group will instruct the Agent, through the Proxy Coordinator, to vote in this manner. Except as provided for herein, no Conflicts Report (as such term is defined for purposes of the Adviser Procedures) is required in connection with Within-Guidelines Votes.

2. **Non-Votes:** Votes in Which No Action is Taken
The Proxy Group may recommend that a Fund refrain from voting under circumstances including, but not limited to, the following: (1) if the economic effect on shareholders' interests or the value of the portfolio holding is indeterminable or insignificant, *e.g.*, proxies in connection with fractional shares, securities no longer held in the portfolio of an ING Fund or proxies being considered on behalf of a Fund that is no longer in existence; or (2) if the cost of voting a proxy outweighs the benefits, *e.g.*, certain international proxies, particularly in cases in which share blocking practices may impose trading restrictions on the relevant portfolio security. In such instances, the Proxy Group may instruct the Agent, through the Proxy Coordinator, not to vote such proxy. The Proxy Group may provide the Proxy Coordinator with standing instructions on parameters that would dictate a Non-Vote without the Proxy Group's review of a specific proxy. It is noted a Non-Vote determination would generally not be made in connection with voting rights received pursuant to class action participation; while a Fund may no longer hold the security, a continuing economic effect on shareholders' interests is likely.

Table of Contents

Reasonable efforts shall be made to secure and vote all other proxies for the Funds, but, particularly in markets in which shareholders' rights are limited, Non-Votes may also occur in connection with a Fund's related inability to timely access ballots or other proxy information in connection with its portfolio securities.

Non-Votes may also result in certain cases in which the Agent's recommendation has been deemed to be conflicted, as described in V.B. above and V.B.4. below.

3. **Out-of-Guidelines Votes:** Votes Contrary to Procedures and Guidelines, or Agent Recommendation, where applicable, Where No Recommendation is Provided by Agent, or Where Agent's Recommendation is Conflicted

If the Proxy Group recommends that a Fund vote contrary to the Procedures and Guidelines, or the recommendation of the Agent, where applicable, if the Agent has made no recommendation on a matter and the Procedures and Guidelines are silent, or the Agent's recommendation on a matter is deemed to be conflicted as provided for under the Adviser Procedures, the Proxy Coordinator will then request that all members of the Proxy Group, including any members who abstained from voting on the matter or were not in attendance at the meeting at which the relevant proxy is being considered, and each Investment Professional participating in the voting process complete a Conflicts Report (as such term is defined for purposes of the Adviser Procedures). As provided for in the Adviser Procedures, the Proxy Coordinator shall be responsible for identifying to Counsel potential conflicts of interest with respect to the Agent.

If Counsel determines that a conflict of interest appears to exist with respect to the Agent, any member of the Proxy Group or the participating Investment Professional(s), the Proxy Coordinator will then contact the Compliance Committee(s) and forward to such Committee(s) all information relevant to their review, including the following materials or a summary thereof: the applicable Procedures and Guidelines, the recommendation of the Agent, where applicable, the recommendation of the Investment Professional(s), where applicable, any resources used by the Proxy Group in arriving at its recommendation, the Conflicts Report and any other written materials establishing whether a conflict of interest exists, and findings of Counsel (as such term is defined for purposes of the Adviser Procedures). Upon Counsel's finding that a conflict of interest exists with respect to one or more members of the Proxy Group or the Advisers generally, the remaining members of the Proxy Group shall not be required to complete a Conflicts Report in connection with the proxy.

If Counsel determines that there does not appear to be a conflict of interest with respect to the Agent, any member of the Proxy Group or the participating Investment Professional(s), the Proxy Coordinator will instruct the Agent to vote the proxy as recommended by the Proxy Group.

Table of Contents

4. Referrals to a Fund's Compliance Committee

A Fund's Compliance Committee may consider all recommendations, analysis, research and Conflicts Reports provided to it by the Agent, Proxy Group and/or Investment Professional(s), and any other written materials used to establish whether a conflict of interest exists, in determining how to vote the proxies referred to the Committee. The Committee will instruct the Agent through the Proxy Coordinator how to vote such referred proposals.

The Proxy Coordinator shall use best efforts to timely refer matters to a Fund's Committee for its consideration. In the event any such matter cannot be timely referred to or considered by the Committee, it shall be the policy of the Funds to vote in accordance with the Agent's recommendation, unless the Agent's recommendation is conflicted on a matter, in which case no action shall be taken on such matter (*i.e.*, a Non-Vote).

The Proxy Coordinator will maintain a record of all proxy questions that have been referred to a Fund's Committee, all applicable recommendations, analysis, research and Conflicts Reports.

VI. CONFLICTS OF INTEREST

In all cases in which a vote has not been clearly determined in advance by the Procedures and Guidelines or for which the Proxy Group recommends an Out-of-Guidelines Vote, and Counsel has determined that a conflict of interest appears to exist with respect to the Agent, any member of the Proxy Group, or any Investment Professional participating in the voting process, the proposal shall be referred to the Fund's Committee for determination so that the Adviser shall have no opportunity to vote a Fund's proxy in a situation in which it or the Agent may be deemed to have a conflict of interest. In the event a member of a Fund's Committee believes he/she has a conflict of interest that would preclude him/her from making a voting determination in the best interests of the beneficial owners of the applicable Fund, such Committee member shall so advise the Proxy Coordinator and recuse himself/herself with respect to determinations regarding the relevant proxy.

VII. REPORTING AND RECORD RETENTION

Annually in August, each Fund will post its proxy voting record, or a link thereto, for the prior one-year period ending on June 30th on the ING Funds website. The proxy voting record for each Fund will also be available on Form N-PX in the EDGAR database on the SEC's website. For any Fund that is a feeder in a master/feeder structure, no proxy voting record related to the portfolio securities owned by the master fund will be posted on the ING Funds website or included in the Fund's Form N-PX; however, a cross-reference to the master fund's proxy voting record as filed in the SEC's EDGAR database will be included in the Fund's Form N-PX and posted on the ING Funds website. If any feeder fund was solicited for vote by its underlying

Table of Contents

master fund during the reporting period, a record of the votes cast by means of the pass-through process described in Section III above will be included on the ING Funds website and in the Fund's Form N-PX.

PROXY VOTING PROCEDURES

I. INTRODUCTION

ING Investments, LLC, ING Investment Management Co. and Directed Services LLC (each an Adviser and collectively, the Advisers) are the investment advisers for the registered investment companies and each series or portfolio thereof (each a Fund and collectively, the Funds) comprising the ING family of funds. As such, the Advisers have been delegated the authority to vote proxies with respect to securities for certain Funds over which they have day-to-day portfolio management responsibility.

The Advisers will abide by the proxy voting guidelines adopted by a Fund s respective Board of Directors or Trustees (each a Board and collectively, the Boards) with regard to the voting of proxies unless otherwise provided in the proxy voting procedures adopted by a Fund s Board.

In voting proxies, the Advisers are guided by general fiduciary principles. Each must act prudently, solely in the interest of the beneficial owners of the Funds it manages. The Advisers will not subordinate the interest of beneficial owners to unrelated objectives. Each Adviser will vote proxies in the manner that it believes will do the most to maximize shareholder value.

The following are the Proxy Voting Procedures of ING Investments, LLC, ING Investment Management Co. and Directed Services LLC (the Adviser Procedures) with respect to the voting of proxies on behalf of their client Funds as approved by the respective Board of each Fund.

Unless otherwise noted, best efforts shall be used to vote proxies in all instances.

Table of Contents

II. ROLES AND RESPONSIBILITIES

A. Proxy Coordinator

The Proxy Coordinator identified in *Appendix I* will assist in the coordination of the voting of each Fund's proxies in accordance with the ING Funds Proxy Voting Procedures and Guidelines (the Procedures or Guidelines and collectively the Procedures and Guidelines). The Proxy Coordinator is authorized to direct the Agent to vote a Fund's proxy in accordance with the Procedures and Guidelines unless the Proxy Coordinator receives a recommendation from an Investment Professional (as described below) to vote contrary to the Procedures and Guidelines. In such event, and in connection with proxy proposals requiring case-by-case consideration (except in cases in which the Proxy Group has previously provided the Proxy Coordinator with standing instructions to vote in accordance with the Agent's recommendation), the Proxy Coordinator will call a meeting of the Proxy Group (as described below).

Responsibilities assigned herein to the Proxy Coordinator, or activities in support thereof, may be performed by such members of the Proxy Group or employees of the Advisers' affiliates as are deemed appropriate by the Proxy Group.

Unless specified otherwise, information provided to the Proxy Coordinator in connection with duties of the parties described herein shall be deemed delivered to the Advisers.

B. Agent

An independent proxy voting service (the Agent), as approved by the Board of each Fund, shall be engaged to assist in the voting of Fund proxies for publicly traded securities through the provision of vote analysis, implementation, recordkeeping and disclosure services. The Agent is ISS Governance Services, a unit of RiskMetrics Group, Inc. The Agent is responsible for coordinating with the Funds' custodians to ensure that all proxy materials received by the custodians relating to the portfolio securities are processed in a timely fashion. To the extent applicable, the Agent is required to vote and/or refer all proxies in accordance with these Adviser Procedures. The Agent will retain a record of all proxy votes handled by the Agent. Such record must reflect all the information required to be disclosed in a Fund's Form N-PX pursuant to Rule 30b1-4 under the Investment Company Act. In addition, the Agent is responsible for maintaining copies of all proxy statements received by issuers and to promptly provide such materials to the Adviser upon request.

The Agent shall be instructed to vote all proxies in accordance with a Fund's Guidelines, except as otherwise instructed through the Proxy Coordinator by the Adviser's Proxy Group or a Fund's Compliance Committee (Committee).

Table of Contents

The Agent shall be instructed to obtain all proxies from the Funds' custodians and to review each proxy proposal against the Guidelines. The Agent also shall be requested to call the Proxy Coordinator's attention to specific proxy proposals that although governed by the Guidelines appear to involve unusual or controversial issues.

Subject to the oversight of the Advisers, the Agent shall establish and maintain adequate internal controls and policies in connection with the provision of proxy voting services voting to the Advisers, including methods to reasonably ensure that its analysis and recommendations are not influenced by conflict of interest, and shall disclose such controls and policies to the Advisers when and as provided for herein. Unless otherwise specified, references herein to recommendations of the Agent shall refer to those in which no conflict of interest has been identified.

C. Proxy Group

The Adviser shall establish a Proxy Group (the Group or Proxy Group) which shall assist in the review of the Agent's recommendations when a proxy voting issue is referred to the Group through the Proxy Coordinator. The members of the Proxy Group, which may include employees of the Advisers' affiliates, are identified in *Appendix I*, as may be amended from time to time at the Advisers' discretion.

A minimum of four (4) members of the Proxy Group (or three (3) if one member of the quorum is either the Fund's Chief Investment Risk Officer or Chief Financial Officer) shall constitute a quorum for purposes of taking action at any meeting of the Group. The vote of a simple majority of the members present and voting shall determine any matter submitted to a vote. Tie votes shall be broken by securing the vote of members not present at the meeting; provided, however, that the Proxy Coordinator shall ensure compliance with all applicable voting and conflict of interest procedures and shall use best efforts to secure votes from all or as many absent members as may reasonably be accomplished. A member of the Proxy Group may abstain from voting on any given matter, provided that quorum is not lost for purposes of taking action and that the abstaining member still participates in any conflict of interest processes required in connection with the matter. The Proxy Group may meet in person or by telephone. The Proxy Group also may take action via electronic mail in lieu of a meeting, provided that each Group member has received a copy of any relevant electronic mail transmissions circulated by each other participating Group member prior to voting and provided that the Proxy Coordinator follows the directions of a majority of a quorum (as defined above) responding via electronic mail. For all votes taken in person or by telephone or teleconference, the vote shall be taken outside the presence of any person other than the members of the Proxy Group and such other persons whose attendance may be deemed appropriate by the Proxy Group from time to time in furtherance of its duties or the day-to-day administration of the Funds. In its discretion, the Proxy Group may provide the Proxy Coordinator with standing instructions to perform responsibilities assigned herein to the Proxy Group, or activities in support thereof, on its behalf, provided that such instructions do not contravene any requirements of these Adviser Procedures or a Fund's Procedures and Guidelines.

Table of Contents

A meeting of the Proxy Group will be held whenever (1) the Proxy Coordinator receives a recommendation from an Investment Professional to vote a Fund's proxy contrary to the Procedures and Guidelines, or the recommendation of the Agent, where applicable, (2) the Agent has made no recommendation with respect to a vote on a proposal, or (3) a matter requires case-by-case consideration, including those in which the Agent's recommendation is deemed to be conflicted as provided for under these Adviser Procedures, provided that, if the Proxy Group has previously provided the Proxy Coordinator with standing instructions to vote in accordance with the Agent's recommendation and no issue of conflict must be considered, the Proxy Coordinator may implement the instructions without calling a meeting of the Proxy Group.

For each proposal referred to the Proxy Group, it will review (1) the relevant Procedures and Guidelines, (2) the recommendation of the Agent, if any, (3) the recommendation of the Investment Professional(s), if any, and (4) any other resources that any member of the Proxy Group deems appropriate to aid in a determination of a recommendation.

If the Proxy Group recommends that a Fund vote in accordance with the Procedures and Guidelines, or the recommendation of the Agent, where applicable, it shall instruct the Proxy Coordinator to so advise the Agent.

If the Proxy Group recommends that a Fund vote contrary to the Procedures and Guidelines, or the recommendation of the Agent, where applicable, or if the Agent's recommendation on a matter is deemed to be conflicted, it shall follow the procedures for such voting as established by a Fund's Board.

The Proxy Coordinator shall use best efforts to convene the Proxy Group with respect to all matters requiring its consideration. In the event quorum requirements cannot be timely met in connection with to a voting deadline, the Proxy Coordinator shall follow the procedures for such voting as established by a Fund's Board.

D. Investment Professionals

The Funds' Advisers, sub-advisers and/or portfolio managers (each referred to herein as an Investment Professional and collectively, Investment Professionals) may submit, or be asked to submit, a recommendation to the Proxy Group regarding the voting of proxies related to the portfolio securities over which they have day-to-day portfolio management responsibility. The Investment Professionals may accompany their recommendation with any other research materials that they deem appropriate or with a request that the vote be deemed material in the context of the portfolio(s) they manage, such that lending activity on behalf of such portfolio(s) with respect to the relevant security should be reviewed by the Proxy Group and considered for recall and/or

Table of Contents

restriction. Input from the relevant sub-advisers and/or portfolio managers shall be given primary consideration in the Proxy Group's determination of whether a given proxy vote is to be deemed material and the associated security accordingly restricted from lending. The determination that a vote is material in the context of a Fund's portfolio shall not mean that such vote is considered material across all Funds voting that meeting. In order to recall or restrict shares timely for material voting purposes, the Proxy Group shall use best efforts to consider, and when deemed appropriate, to act upon, such requests timely, and requests to review lending activity in connection with a potentially material vote may be initiated by any relevant Investment Professional and submitted for the Proxy Group's consideration at any time.

III. VOTING PROCEDURES

- A. In all cases, the Adviser shall follow the voting procedures as set forth in the Procedures and Guidelines of the Fund on whose behalf the Adviser is exercising delegated authority to vote.

B. Routine Matters

The Agent shall be instructed to submit a vote in accordance with the Guidelines where such Guidelines provide a clear For, Against, Withhold or Abstain on a proposal. However, the Agent shall be directed to refer any proxy proposal to the Proxy Coordinator for instructions as if it were a matter requiring case-by-case consideration under circumstances where the application of the Guidelines is unclear, it appears to involve unusual or controversial issues, or an Investment Professional recommends a vote contrary to the Guidelines.

C. Matters Requiring Case-by-Case Consideration

The Agent shall be directed to refer proxy proposals accompanied by its written analysis and voting recommendation to the Proxy Coordinator where the Guidelines have noted case-by-case consideration.

Upon receipt of a referral from the Agent, the Proxy Coordinator may solicit additional research from the Agent, Investment Professional(s), as well as from any other source or service.

Except in cases in which the Proxy Group has previously provided the Proxy Coordinator with standing instructions to vote in accordance with the Agent's recommendation, the Proxy Coordinator will forward the Agent's analysis and recommendation and/or any research obtained from the Investment Professional(s), the Agent or any other source to the Proxy Group. The Proxy Group may consult with the Agent and/or Investment Professional(s), as it deems necessary.

Table of Contents

1. **Within-Guidelines Votes:** Votes in Accordance with a Fund's Guidelines and/or, where applicable, Agent Recommendation
In the event the Proxy Group, and where applicable, any Investment Professional participating in the voting process, recommend a vote Within Guidelines, the Proxy Group will instruct the Agent, through the Proxy Coordinator, to vote in this manner. Except as provided for herein, no Conflicts Report (as such term is defined herein) is required in connection with Within-Guidelines Votes.

2. **Non-Votes:** Votes in Which No Action is Taken
The Proxy Group may recommend that a Fund refrain from voting under circumstances including, but not limited to, the following: (1) if the economic effect on shareholders' interests or the value of the portfolio holding is indeterminable or insignificant, *e.g.*, proxies in connection with fractional shares, securities no longer held in the portfolio of an ING Fund or proxies being considered on behalf of a Fund that is no longer in existence; or (2) if the cost of voting a proxy outweighs the benefits, *e.g.*, certain international proxies, particularly in cases in which share blocking practices may impose trading restrictions on the relevant portfolio security. In such instances, the Proxy Group may instruct the Agent, through the Proxy Coordinator, not to vote such proxy. The Proxy Group may provide the Proxy Coordinator with standing instructions on parameters that would dictate a Non-Vote without the Proxy Group's review of a specific proxy. It is noted a Non-Vote determination would generally not be made in connection with voting rights received pursuant to class action participation; while a Fund may no longer hold the security, a continuing economic effect on shareholders' interests is likely.

Reasonable efforts shall be made to secure and vote all other proxies for the Funds, but, particularly in markets in which shareholders' rights are limited, Non-Votes may also occur in connection with a Fund's related inability to timely access ballots or other proxy information in connection with its portfolio securities.

Non-Votes may also result in certain cases in which the Agent's recommendation has been deemed to be conflicted, as provided for in the Funds Procedures.

3. **Out-of-Guidelines Votes:** Votes Contrary to Procedures and Guidelines, or Agent Recommendation, where applicable, Where No Recommendation is Provided by Agent, or Where Agent's Recommendation is Conflicted
If the Proxy Group recommends that a Fund vote contrary to the Procedures and Guidelines, or the recommendation of the Agent, where applicable, if the Agent has made no recommendation on a matter and the Procedures and Guidelines are

Table of Contents

silent, or the Agent's recommendation on a matter is deemed to be conflicted as provided for under these Adviser Procedures, the Proxy Coordinator will then implement the procedures for handling such votes as adopted by the Fund's Board.

4. The Proxy Coordinator will maintain a record of all proxy questions that have been referred to a Fund's Compliance Committee, all applicable recommendations, analysis, research and Conflicts Reports.

IV. ASSESSMENT OF THE AGENT AND CONFLICTS OF INTEREST

In furtherance of the Advisers' fiduciary duty to the Funds and their beneficial owners, the Advisers shall establish the following:

A. Assessment of the Agent

The Advisers shall establish that the Agent (1) is independent from the Advisers, (2) has resources that indicate it can competently provide analysis of proxy issues and (3) can make recommendations in an impartial manner and in the best interests of the Funds and their beneficial owners. The Advisers shall utilize, and the Agent shall comply with, such methods for establishing the foregoing as the Advisers may deem reasonably appropriate and shall do not less than annually as well as prior to engaging the services of any new proxy service. The Agent shall also notify the Advisers in writing within fifteen (15) calendar days of any material change to information previously provided to an Adviser in connection with establishing the Agent's independence, competence or impartiality.

Information provided in connection with assessment of the Agent shall be forwarded to a member of the mutual funds practice group of ING US Legal Services (Counsel) for review. Counsel shall review such information and advise the Proxy Coordinator as to whether a material concern exists and if so, determine the most appropriate course of action to eliminate such concern.

B. Conflicts of Interest

The Advisers shall establish and maintain procedures to identify and address conflicts that may arise from time to time concerning the Agent. Upon the Advisers' request, which shall be not less than annually, and within fifteen (15) calendar days of any material change to such information previously provided to an Adviser, the Agent shall provide the Advisers with such information as the Advisers deem reasonable and appropriate for use in determining material relationships of the Agent that may pose a conflict of interest with respect to the Agent's proxy analysis or recommendations. The Proxy Coordinator shall forward all such information to Counsel for review. Counsel shall review such information

Table of Contents

and provide the Proxy Coordinator with a brief statement regarding whether or not a material conflict of interest is present. Matters as to which a material conflict of interest is deemed to be present shall be handled as provided in the Fund's Procedures and Guidelines.

In connection with their participation in the voting process for portfolio securities, each member of the Proxy Group, and each Investment Professional participating in the voting process, must act solely in the best interests of the beneficial owners of the applicable Fund. The members of the Proxy Group may not subordinate the interests of the Fund's beneficial owners to unrelated objectives, including taking steps to reasonably insulate the voting process from any conflict of interest that may exist in connection with the Agent's services or utilization thereof.

For all matters for which the Proxy Group recommends an Out-of-Guidelines Vote, or for which a recommendation contrary to that of the Agent or the Guidelines has been received from an Investment Professional and is to be utilized, the Proxy Coordinator will implement the procedures for handling such votes as adopted by the Fund's Board, including completion of such Conflicts Reports as may be required under the Fund's Procedures. Completed Conflicts Reports should be provided to the Proxy Coordinator within two (2) business days and may be submitted to the Proxy Coordinator verbally, provided the Proxy Coordinator documents the Conflicts Report in writing. Such Conflicts Report should describe any known conflicts of either a business or personal nature, and set forth any contacts with respect to the referral item with non-investment personnel in its organization or with outside parties (except for routine communications from proxy solicitors). The Conflicts Report should also include written confirmation that any recommendation from an Investment Professional provided in connection with an Out-of-Guidelines Vote or under circumstances where a conflict of interest exists was made solely on the investment merits and without regard to any other consideration.

The Proxy Coordinator shall forward all Conflicts Reports to Counsel for review. Counsel shall review each report and provide the Proxy Coordinator with a brief statement regarding whether or not a material conflict of interest is present. Matters as to which a material conflict of interest is deemed to be present shall be handled as provided in the Fund's Procedures and Guidelines.

V. REPORTING AND RECORD RETENTION

The Adviser shall maintain the records required by Rule 204-2(c)(2), as may be amended from time to time, including the following: (1) A copy of each proxy statement received regarding a Fund's portfolio securities. Such proxy statements received from issuers are available either in the SEC's EDGAR database or are kept by the Agent and are available upon request. (2) A

Table of Contents

record of each vote cast on behalf of a Fund. (3) A copy of any document created by the Adviser that was material to making a decision how to vote a proxy, or that memorializes the basis for that decision. (4) A copy of written requests for Fund proxy voting information and any written response thereto or to any oral request for information on how the Adviser voted proxies on behalf of a Fund. All proxy voting materials and supporting documentation will be retained for a minimum of six (6) years.

Proxy Voting Procedures

PROXY VOTING GUIDELINES OF THE ING FUNDS

I. INTRODUCTION

The following is a statement of the Proxy Voting Guidelines (Guidelines) that have been adopted by the respective Boards of Directors or Trustees of each Fund. Unless otherwise provided for herein, any defined term used herein shall have the meaning assigned to it in the Funds and Advisers Proxy Voting Procedures (the Procedures).

Proxies must be voted in the best interest of the Fund(s). The Guidelines summarize the Funds positions on various issues of concern to investors, and give a general indication of how Fund portfolio securities will be voted on proposals dealing with particular issues. The Guidelines are not exhaustive and do not include all potential voting issues.

The Advisers, in exercising their delegated authority, will abide by the Guidelines as outlined below with regard to the voting of proxies except as otherwise provided in the Procedures. In voting proxies, the Advisers are guided by general fiduciary principles. Each must act prudently, solely in the interest of the beneficial owners of the Funds it manages. The Advisers will not subordinate the interest of beneficial owners to unrelated objectives. Each Adviser will vote proxies in the manner that it believes will do the most to maximize shareholder value.

II. GUIDELINES

The following Guidelines are grouped according to the types of proposals generally presented to shareholders of U.S. issuers: Board of Directors, Proxy Contests, Auditors, Proxy Contest Defenses, Tender Offer Defenses, Miscellaneous, Capital Structure, Executive and Director Compensation, State of Incorporation, Mergers and Corporate Restructurings, Mutual Fund Proxies, and Social and Environmental Issues. An additional section addresses proposals most frequently found in global proxies.

General Policies

These Guidelines apply to securities of publicly traded companies and to those of privately held companies if publicly available disclosure permits such application. All matters for which such disclosure is not available shall be considered CASE-BY-CASE.

Table of Contents

It shall generally be the policy of the Funds to take no action on a proxy for which no Fund holds a position or otherwise maintains an economic interest in the relevant security at the time the vote is to be cast.

In all cases receiving CASE-BY-CASE consideration, including cases not specifically provided for under these Guidelines, unless otherwise provided for under these Guidelines, it shall generally be the policy of the Funds to vote in accordance with the recommendation provided by the Funds' Agent, ISS Governance Services, a unit of RiskMetrics Group, Inc.

Unless otherwise provided for herein, it shall generally be the policy of the Funds to vote in accordance with the Agent's recommendation in cases in which such recommendation aligns with the recommendation of the relevant issuer's management or management has made no recommendation. However, this policy shall not apply to CASE-BY-CASE proposals for which a contrary recommendation from the Investment Professional for the relevant Fund has been received and is to be utilized, provided that incorporation of any such recommendation shall be subject to the conflict of interest review process required under the Procedures.

Recommendations from the Investment Professionals, while not required under the Procedures, are likely to be considered with respect to proxies for private equity securities and/or proposals related to merger transactions/corporate restructurings, proxy contests, or unusual or controversial issues. Such input shall be given primary consideration with respect to CASE-BY-CASE proposals being considered on behalf of the relevant Fund.

Except as otherwise provided for herein, it shall generally be the policy of the Funds not to support proposals that would impose a negative impact on existing rights of the Funds to the extent that any positive impact would not be deemed sufficient to outweigh removal or diminution of such rights.

The foregoing policies may be overridden in any case as provided for in the Procedures. Similarly, the Procedures provide that proposals whose Guidelines prescribe a firm voting position may instead be considered on a CASE-BY-CASE basis in cases in which unusual or controversial circumstances so dictate.

Interpretation and application of these Guidelines is not intended to supersede any law, regulation, binding agreement or other legal requirement to which an issuer may be or become subject. No proposal shall be supported whose implementation would contravene such requirements.

1. The Board of Directors Voting on Director Nominees in Uncontested Elections

Unless otherwise provided for herein, the Agent's standards with respect to determining director independence shall apply. These standards generally provide that, to be considered completely independent, a director shall have no material connection to the company other than the board seat.

Table of Contents

Agreement with the Agent's independence standards shall not dictate that a Fund's vote shall be cast according to the Agent's corresponding recommendation. Votes on director nominees not subject to specific policies described herein should be made on a CASE-BY-CASE basis.

Where applicable and except as otherwise provided for herein, it shall be the policy of the Funds to lodge disagreement with an issuer's policies or practices by withholding support from a proposal for the relevant policy or practice rather than the director nominee(s) to which the Agent assigns a correlation. Support shall be withheld from culpable nominees as appropriate, but if they are not standing for election (*e.g.*, the board is classified), support shall generally not be withheld from others in their stead.

If application of the policies described herein would result in withholding votes from the majority of independent outside directors sitting on a board, or removal of such directors is likely to negatively impact majority board independence, primary consideration shall be given to retention of such independent outside director nominees unless the concerns identified are of such grave nature as to merit removal of the independent directors.

Where applicable and except as otherwise provided for herein, generally vote FOR nominees in connection with issues raised by the Agent if the nominee did not serve on the board or relevant committee during the majority of the time period relevant to the concerns cited by the Agent.

WITHHOLD support from a nominee who, during both of the most recent two years, attended less than 75 percent of the board and committee meetings without a valid reason for the absences. DO NOT WITHHOLD support in connection with attendance issues for nominees who have served on the board for less than the two most recent years.

WITHHOLD support from a nominee in connection with poison pill or anti-takeover considerations (*e.g.*, furtherance of measures serving to disenfranchise shareholders or failure to remove restrictive pill features or ensure pill expiration or submission to shareholders for vote) in cases for which culpability for implementation or renewal of the pill in such form can be specifically attributed to the nominee.

Provided that a nominee served on the board during the relevant time period, WITHHOLD support from a nominee who has failed to implement a shareholder proposal that was approved by (1) a majority of the issuer's shares outstanding (most recent annual meeting) or (2) a majority of the votes cast for two consecutive years. However, in the case of shareholder proposals seeking shareholder ratification of a poison pill, generally vote FOR a nominee in such cases if the company has already implemented a policy that should reasonably prevent abusive use of the pill.

Table of Contents

If a nominee has not acted upon negative votes (WITHHOLD or AGAINST, as applicable based on the issuer's election standard) representing a majority of the votes cast at the previous annual meeting, consider such nominee on a CASE-BY-CASE basis. Generally, vote FOR nominees when:

- (1) The issue relevant to the majority negative vote has been adequately addressed or cured (issuers with nominees receiving majority negative votes related to adoption of poison pills without shareholder approval will be expected to provide compelling rationale if they do not elect to redeem the pill or put it to a vote), or

- (2) The Funds' Guidelines or voting record do not support the relevant issue causing the majority negative vote. WITHHOLD support from inside directors or affiliated outside directors who sit on the audit committee.

Vote FOR inside directors or affiliated outside directors who sit on the nominating or compensation committee, provided that such committee meets the applicable independence requirements of the relevant listing exchange.

Vote FOR inside directors or affiliated outside directors if the full board serves as the compensation or nominating committee OR has not created one or both committees, provided that the issuer is in compliance with all provisions of the listing exchange in connection with performance of relevant functions (*e.g.*, performance of relevant functions by a majority of independent directors in lieu of the formation of a separate committee).

Compensation Practices:

It shall generally be the policy of the Funds that matters of compensation are best determined by an independent board and compensation committee. Votes on director nominees in connection with compensation practices should be considered on a CASE-BY-CASE basis, and generally:

- (1) Where applicable and except as otherwise provided for herein, vote FOR nominees who did not serve on the compensation committee, or board, as applicable based on the Agent's analysis, during the majority of the time period relevant to the concerns cited by the Agent.
- (2) In cases in which the Agent has identified a pay for performance disconnect, or internal pay disparity, as such issues are defined by the Agent, DO NOT WITHHOLD support from director nominees. However, generally do WITHHOLD support from nominees cited by the Agent for structuring or increasing equity compensation in a manner intended to deliver a consistent dollar value without regard to performance measures.
- (3) If the Agent recommends withholding support from nominees in connection with overly liberal change in control provisions, including those lacking a double trigger, vote FOR such nominees if mitigating provisions or board actions (*e.g.*, clawbacks) are present but generally WITHHOLD support if they are not.
- (4) If the Agent recommends withholding support from nominees in connection with potential change in control payments or tax-gross-ups on change in control payments,

Table of Contents

vote FOR the nominees if the amount appears reasonable and no material governance concerns exist. Generally WITHHOLD support if the amount is so significant (individually or collectively) as to potentially influence an executive's decision to enter into a transaction or to effectively act as a poison pill.

- (5) If the Agent recommends withholding support from nominees in connection with their failure to seek a shareholder vote on plans to reprice, replace, buy back or exchange options, generally WITHHOLD support from such nominees, except that cancellation of options would not be considered an exchange unless the cancelled options were regranted or expressly returned to the plan reserve for reissuance.
- (6) If the Agent recommends withholding support from nominees that have approved compensation that is ineligible for tax benefits to the company (*e.g.*, under Section 162(m) of OBRA), vote FOR such nominees if the company has provided adequate rationale or disclosure or the plan itself is being put to shareholder vote at the same meeting. If the plan is up for vote, the provisions under Section 8., OBRA-Related Compensation Proposals, shall apply.
- (7) If the Agent recommends withholding support from nominees in connection with director compensation in the form of perquisites, generally vote FOR the nominees if the cost is reasonable in the context of the directors' total compensation and the perquisites themselves appear reasonable given their purpose, the directors' duties and the company's line of business.
- (8) Generally WITHHOLD support from nominees in connection with long-term incentive plans, or total executive compensation packages, inadequately aligned with shareholders because they are overly cash-based/lack an appropriate equity component, except that such cases will be considered CASE-BY-CASE in connection with executives already holding significant equity positions. Generally consider nominees on a CASE-BY-CASE basis in connection with short-term incentive plans over which the nominee has exercised discretion to exclude extraordinary items, and WITHHOLD support if treatment of such items has been inconsistent (*e.g.*, exclusion of losses but not gains).
- (9) If the Agent recommends withholding support from nominees in connection with executive compensation practices related to tax gross-ups, perquisites, provisions related to retention or recruitment, including contract length or renewal provisions, guaranteed awards, pensions/SERPs, severance or termination arrangements, vote FOR such nominees if the issuer has provided adequate rationale and/or disclosure, factoring in any overall adjustments or reductions to the compensation package at issue. Generally DO NOT WITHHOLD support solely due to such practices if the total compensation appears reasonable, but consider on a CASE-BY-CASE basis compensation packages representing a combination of such provisions and deemed by the Agent to be excessive, and generally WITHHOLD support in such cases when named executives have material input into setting their own compensation.
- (10) If the Agent has raised issues of options backdating, consider members of the compensation committee, or board, as applicable, as well as company executives nominated as directors, on a CASE-BY-CASE basis.

Table of Contents

(11) If shareholders have been provided with an advisory vote on executive compensation (say on pay), and practices not supported under these Guidelines have been identified, it shall generally be the policy of the Funds to align with the Agent when a vote AGAINST the say on pay proposal has been recommended in lieu of withholding support from certain nominees for compensation concerns. Issuers receiving negative recommendations on both director nominees and say on pay regarding issues not otherwise supported by these Guidelines will be considered on a CASE-BY-CASE basis.

(12) If the Agent has raised other considerations regarding poor compensation practices, consider nominees on a CASE-BY-CASE basis.
Accounting Practices:

- (1) Generally, vote FOR independent outside director nominees serving on the audit committee.
- (2) Where applicable and except as otherwise provided for herein, generally vote FOR nominees serving on the audit committee, or the company's CEO or CFO if nominated as directors, who did not serve on that committee or have responsibility over the relevant financial function, as applicable, during the majority of the time period relevant to the concerns cited by the Agent.
- (3) If the Agent has raised concerns regarding poor accounting practices, consider the company's CEO and CFO, if nominated as directors, and nominees serving on the audit committee on a CASE-BY-CASE basis. Generally vote FOR nominees if the company has taken adequate steps to remediate the concerns cited, which would typically include removing or replacing the responsible executives, and if the concerns are not re-occurring and/or the company has not yet had a full year to remediate the concerns since the time they were identified.
- (4) If total non-audit fees exceed the total of audit fees, audit-related fees and tax compliance and preparation fees, the provisions under Section 3., Auditor Ratification, shall apply.

Board Independence:

It shall generally be the policy of the Funds that a board should be majority independent and therefore to consider inside director or affiliated outside director nominees in cases in which the full board is not majority independent on a CASE-BY-CASE basis. Generally:

- (1) WITHHOLD support from the fewest directors whose removal would achieve majority independence across the remaining board, except that support may be withheld from additional nominees whose relative level of independence cannot be differentiated.
- (2) WITHHOLD support from all non-independent nominees, including the founder, chairman or CEO, if the number required to achieve majority independence is equal to or greater than the number of non-independent nominees.
- (3) Except as provided above, vote FOR non-independent nominees in the role of CEO, and when appropriate, founder or chairman, and determine support for other non-independent nominees based on the qualifications and contributions of the nominee as well as the Funds' voting precedent for assessing relative independence to

Table of Contents

management, *e.g.*, insiders holding senior executive positions are deemed less independent than affiliated outsiders with a transactional or advisory relationship to the company, and affiliated outsiders with a material transactional or advisory relationship are deemed less independent than those with lesser relationships.

(4) Non-voting directors (*e.g.*, director emeritus or advisory director) shall be excluded from calculations with respect to majority board independence.

(5) When conditions contributing to a lack of majority independence remain substantially similar to those in the previous year, it shall generally be the policy of the Funds to vote on nominees in a manner consistent with votes cast by the Fund(s) in the previous year. Generally vote FOR nominees without regard to over-boarding issues raised by the Agent unless other concerns requiring CASE-BY-CASE consideration have been raised.

Generally, when the Agent recommends withholding support due to assessment that a nominee acted in bad faith or against shareholder interests in connection with a major transaction, such as a merger or acquisition, or if the Agent recommends withholding support due to other material failures or egregious actions, consider on a CASE-BY-CASE basis, factoring in the merits of the nominee's performance and rationale and disclosure provided. If the Agent cites concerns regarding actions in connection with a candidate's service on another board, vote FOR the nominee if the issuer has provided adequate rationale regarding the board's process for determining the appropriateness of the nominee to serve on the board under consideration.

Performance Test for Directors

Consider nominees failing the Agent's performance test, which includes market-based and operating performance measures, on a CASE-BY-CASE basis. Input from the Investment Professional(s) for a given Fund shall be given primary consideration with respect to such proposals.

Support will generally be WITHHELD from nominees receiving a negative recommendation from the Agent due to sustained poor stock performance (measured by one-and three-year total shareholder returns) combined with multiple takeover defenses/entrenchment devices if the issuer:

(1) Has a non-shareholder-approved poison pill in place, without provisions to redeem or seek approval in a reasonable period of time, and

(2) Maintains a dual class capital structure, has authority to issue blank check preferred stock, or is a controlled company. Nominees receiving a negative recommendation from the Agent due to sustained poor stock performance combined with other takeover defenses/entrenchment devices will be considered on a CASE-BY-CASE basis.

Proposals Regarding Board Composition or Board Service

Generally, except as otherwise provided for herein, vote AGAINST shareholder proposals to impose new board structures or policies, including those requiring that the positions of chairman and CEO be held separately, except support proposals in connection with a binding agreement or other legal requirement to which an issuer has or reasonably may expect to become subject, and

Table of Contents

consider such proposals on a CASE-BY-CASE basis if the board is not majority independent or pervasive corporate governance concerns have been identified. Generally, except as otherwise provided for herein, vote FOR management proposals to adopt or amend board structures or policies, except consider such proposals on a CASE-BY-CASE basis if the board is not majority independent, pervasive corporate governance concerns have been identified, or the proposal may result in a material reduction in shareholders' rights.

Generally, vote AGAINST shareholder proposals:

Asking that more than a simple majority of directors be independent.

Asking that board compensation and/or nominating committees be composed exclusively of independent directors.

Limiting the number of public company boards on which a director may serve.

Seeking to redefine director independence or directors' specific roles (*e.g.*, responsibilities of the lead director).

Requesting creation of additional board committees or offices, except as otherwise provided for herein.

Limiting the tenure of outside directors or impose a mandatory retirement age for outside directors (unless the proposal seeks to relax existing standards), but generally vote FOR management proposals in this regard.

Generally, vote FOR shareholder proposals that seek creation of an audit, compensation or nominating committee of the board, unless the committee in question is already in existence or the issuer has availed itself of an applicable exemption of the listing exchange (*e.g.*, performance of relevant functions by a majority of independent directors in lieu of the formation of a separate committee).

Stock Ownership Requirements

Generally, vote AGAINST shareholder proposals requiring directors to own a minimum amount of company stock in order to qualify as a director or to remain on the board.

Director and Officer Indemnification and Liability Protection

Proposals on director and officer indemnification and liability protection should be evaluated on a CASE-BY-CASE basis, using Delaware law as the standard. Vote AGAINST proposals to limit or eliminate entirely directors' and officers' liability for monetary damages for violating the duty of care. Vote AGAINST indemnification proposals that would expand coverage beyond just legal expenses to acts, such as negligence, that are more serious violations of fiduciary obligation than mere carelessness. Vote FOR only those proposals providing such expanded coverage in cases when a director's or officer's legal defense was unsuccessful if:

- (1) The director was found to have acted in good faith and in a manner that he reasonably believed was in the best interests of the company, and
- (2) Only if the director's legal expenses would be covered.

Table of Contents

2. Proxy Contests

These proposals should generally be analyzed on a CASE-BY-CASE basis. Input from the Investment Professional(s) for a given Fund shall be given primary consideration with respect to proposals in connection with proxy contests being considered on behalf of that Fund.

Voting for Director Nominees in Contested Elections

Votes in a contested election of directors must be evaluated on a CASE-BY-CASE basis.

Reimburse Proxy Solicitation Expenses

Voting to reimburse proxy solicitation expenses should be analyzed on a CASE-BY-CASE basis, generally voting FOR if associated nominees are also supported.

3. Auditors

Ratifying Auditors

Generally, except in cases of poor accounting practices or high non-audit fees, vote FOR management proposals to ratify auditors. Consider management proposals to ratify auditors on a CASE-BY-CASE basis if the Agent cites poor accounting practices. If fees for non-audit services exceed 50 percent of total auditor fees as described below, consider on a CASE-BY-CASE basis, voting AGAINST management proposals to ratify auditors only if concerns exist that remuneration for the non-audit work is so lucrative as to taint the auditor's independence. For purposes of this review, fees deemed to be reasonable, generally non-recurring, exceptions to the non-audit fee category (*e.g.*, those related to an IPO) shall be excluded. If independence concerns exist or an issuer has a history of questionable accounting practices, also vote FOR shareholder proposals asking the issuer to present its auditor annually for ratification, but in other cases generally vote AGAINST.

Auditor Independence

Generally, consider shareholder proposals asking companies to prohibit their auditors from engaging in non-audit services (or capping the level of non-audit services) on a CASE-BY-CASE basis.

Audit Firm Rotation:

Generally, vote AGAINST shareholder proposals asking for mandatory audit firm rotation.

4. Proxy Contest Defenses

Presentation of management and shareholder proposals on the same matter on the same agenda shall not require a Fund to vote FOR one and AGAINST the other.

Board Structure: Staggered vs. Annual Elections

Generally, vote AGAINST proposals to classify the board or otherwise restrict shareholders' ability to vote upon directors and FOR proposals to repeal classified boards and to elect all directors annually.

Table of Contents

Shareholder Ability to Remove Directors

Generally, vote AGAINST proposals that provide that directors may be removed only for cause.

Generally, vote FOR proposals to restore shareholder ability to remove directors with or without cause.

Generally, vote AGAINST proposals that provide that only continuing directors may elect replacements to fill board vacancies.

Generally, vote FOR proposals that permit shareholders to elect directors to fill board vacancies.

Cumulative Voting

If the company maintains a classified board of directors, generally, vote AGAINST management proposals to eliminate cumulative voting, except that such proposals may be supported irrespective of classification in furtherance of an issuer's plan to adopt a majority voting standard and vote FOR shareholder proposals to restore or permit cumulative voting.

Time-Phased Voting

Generally, vote AGAINST proposals to implement, and FOR proposals to eliminate, time-phased or other forms of voting that do not promote a one share, one vote standard.

Shareholder Ability to Call Special Meetings or to Act by Written Consent

Generally, vote FOR management or shareholder proposals that provide shareholders with the ability to call special meetings or to take action by written consent. Consider on a CASE-BY-CASE basis management proposals about which the Agent has cited anti-takeover concerns.

Shareholder Ability to Alter the Size of the Board

Generally, vote FOR proposals that seek to fix the size of the board or designate a range for its size.

Generally, vote AGAINST proposals that give management the ability to alter the size of the board outside of a specified range without shareholder approval.

5. Tender Offer Defenses

Poison Pills

Generally, vote FOR shareholder proposals that ask a company to submit its poison pill for shareholder ratification, or to redeem its pill in lieu thereof, unless (1) shareholders have approved adoption of the plan, (2) a policy has already been implemented by the company that should reasonably prevent abusive use of the pill, or (3) the board had determined that it was in the best interest of shareholders to adopt a pill without delay, provided that such plan would be put to shareholder vote within twelve months of adoption or expire, and if not approved by a majority of the votes cast, would immediately terminate.

Review on a CASE-BY-CASE basis shareholder proposals to redeem a company's poison pill.

Review on a CASE-BY-CASE basis management proposals to approve or ratify a poison pill or any plan that can reasonably be construed as an anti-takeover measure, with voting decisions generally based on the Agent's approach to evaluating such proposals, considering factors such

Table of Contents

as rationale, trigger level and sunset provisions. Votes will generally be cast in a manner that seeks to preserve shareholder value and the right to consider a valid offer, voting AGAINST management proposals in connection with poison pills or anti-takeover activities that do not meet the Agent's standards.

Fair Price Provisions

Vote proposals to adopt fair price provisions on a CASE-BY-CASE basis.

Generally, vote AGAINST fair price provisions with shareholder vote requirements greater than a majority of disinterested shares.

Greenmail

Generally, vote FOR proposals to adopt anti-greenmail charter or bylaw amendments or otherwise restrict a company's ability to make greenmail payments.

Review on a CASE-BY-CASE basis anti-greenmail proposals when they are bundled with other charter or bylaw amendments.

Pale Greenmail

Review on a CASE-BY-CASE basis restructuring plans that involve the payment of pale greenmail.

Unequal Voting Rights

Generally, vote AGAINST dual-class exchange offers and dual-class recapitalizations.

Supermajority Shareholder Vote Requirement

Generally, vote AGAINST proposals to require a supermajority shareholder vote.

Generally, vote FOR management or shareholder proposals to lower supermajority shareholder vote requirements, unless the proposal also asks the issuer to mount a solicitation campaign or similar form of comprehensive commitment to obtain passage of the proposal, or, for companies with shareholder(s) with significant ownership levels, the Agent recommends retention of existing supermajority requirements in order to protect minority shareholder interests.

White Squire Placements

Generally, vote FOR shareholder proposals to require approval of blank check preferred stock issues for other than general corporate purposes.

6. Miscellaneous

Amendments to Corporate Documents

Except to align with legislative or regulatory changes or when support is recommended by the Agent or Investment Professional (including, for example, as a condition to a major transaction such as a merger), generally, vote AGAINST proposals seeking to remove shareholder approval requirements or otherwise remove or diminish shareholder rights, *e.g.*, by (1) adding restrictive provisions, (2) removing provisions or moving them to portions of the charter not requiring shareholder approval, or (3) in corporate structures such as holding companies, removing provisions

Table of Contents

in an active subsidiary's charter that provide voting rights to parent company shareholders. This policy would also generally apply to proposals seeking approval of corporate agreements or amendments to such agreements that the Agent recommends AGAINST because a similar reduction in shareholder rights is requested.

Generally, vote AGAINST proposals for charter amendments that may support board entrenchment or may be used as an anti-takeover device, particularly if the proposal is bundled or the board is classified.

Generally, vote FOR proposals seeking charter or bylaw amendments to remove anti-takeover provisions.

Consider proposals seeking charter or bylaw amendments not addressed under these Guidelines on a CASE-BY-CASE basis.

Confidential Voting

Generally, vote FOR shareholder proposals that request companies to adopt confidential voting, use independent tabulators, and use independent inspectors of election as long as the proposals include clauses for proxy contests as follows:

In the case of a contested election, management should be permitted to request that the dissident group honor its confidential voting policy.

If the dissidents agree, the policy remains in place.

If the dissidents do not agree, the confidential voting policy is waived.
Generally, vote FOR management proposals to adopt confidential voting.

Proxy Access

Consider on a CASE-BY-CASE basis shareholder proposals seeking access to management's proxy material in order to nominate their own candidates to the board.

Majority Voting Standard

Except as otherwise provided for herein, it shall generally be the policy of the Funds to extend discretion to issuers to determine when it may be appropriate to adopt a majority voting standard. Generally, vote FOR management proposals, irrespective of whether the proposal contains a plurality carve-out for contested elections, but AGAINST shareholder proposals unless also supported by management, seeking election of directors by the affirmative vote of the majority of votes cast in connection with a meeting of shareholders, including amendments to corporate documents or other actions in furtherance of such standard, and provided such standard when supported does not conflict with state law in which the company is incorporated. For issuers with a history of board malfeasance or pervasive corporate governance concerns, consider such proposals on a CASE-BY-CASE basis.

Bundled Proposals

Except as otherwise provided for herein, review on a CASE-BY-CASE basis bundled or conditioned proxy proposals, generally voting AGAINST bundled proposals containing one or more items not supported under these Guidelines if the Agent or an Investment Professional deems the negative impact, on balance, to outweigh any positive impact.

Table of Contents

Shareholder Advisory Committees

Review on a CASE-BY-CASE basis proposals to establish a shareholder advisory committee.

Reimburse Shareholder for Expenses Incurred

Voting to reimburse expenses incurred in connection with shareholder proposals should be analyzed on a CASE-BY-CASE basis.

Other Business

In connection with proxies of U.S. issuers, generally vote FOR management proposals for Other Business, except in connection with a proxy contest in which a Fund is not voting in support of management.

Quorum Requirements

Review on a CASE-BY-CASE basis proposals to lower quorum requirements for shareholder meetings below a majority of the shares outstanding.

Advance Notice for Shareholder Proposals

Generally, vote FOR management proposals related to advance notice period requirements, provided that the period requested is in accordance with applicable law and no material governance concerns have been identified in connection with the issuer.

Multiple Proposals

Multiple proposals of a similar nature presented as options to the course of action favored by management may all be voted FOR, provided that support for a single proposal is not operationally required, no one proposal is deemed superior in the interest of the Fund(s), and each proposal would otherwise be supported under these Guidelines.

7. Capital Structure

Analyze on a CASE-BY-CASE basis.

Common Stock Authorization

Review proposals to increase the number of shares of common stock authorized for issuance on a CASE-BY-CASE basis. Except where otherwise indicated, the Agent's proprietary approach, utilizing quantitative criteria (*e.g.*, dilution, peer group comparison, company performance and history) to determine appropriate thresholds and, for requests above such allowable threshold, a qualitative review (*e.g.*, rationale and prudent historical usage), will generally be utilized in evaluating such proposals.

Generally vote FOR:

Proposals to authorize capital increases within the Agent's allowable thresholds or those in excess but meeting Agent's qualitative standards, but consider on a CASE-BY-CASE basis those requests failing the Agent's review for proposals in connection with which a contrary recommendation from the Investment Professional(s) has been received and is to be utilized (*e.g.*, in support of a merger or acquisition proposal).

Table of Contents

Proposals to authorize capital increases within the Agent's allowable thresholds or those in excess but meeting Agent's qualitative standards, unless the company states that the stock may be used as a takeover defense. In those cases, consider on a CASE-BY-CASE basis if a contrary recommendation from the Investment Professional(s) has been received and is to be utilized.

Proposals to authorize capital increases exceeding the Agent's thresholds when a company's shares are in danger of being delisted or if a company's ability to continue to operate as a going concern is uncertain.

Generally, vote AGAINST:

Proposals to increase the number of authorized shares of a class of stock if the issuance which the increase is intended to service is not supported under these Guidelines.

Nonspecific proposals authorizing excessive discretion to a board.

Consider management proposals to make changes to the capital structure not otherwise addressed under these Guidelines CASE-BY-CASE, generally voting with the Agent's recommendation unless a contrary recommendation has been received from the Investment Professional for the relevant Fund and is to be utilized.

Dual Class Capital Structures

Generally, vote AGAINST proposals to increase the number of authorized shares of the class of stock that has superior voting rights in companies that have dual class capital structures, but consider CASE-BY-CASE if (1) bundled with favorable proposal(s), (2) approval of such proposal(s) is a condition of such favorable proposal(s), or (3) part of a recapitalization for which support is recommended by the Agent or an Investment Professional.

Generally, vote AGAINST management proposals to create or perpetuate dual class capital structures with unequal voting rights, and vote FOR shareholder proposals to eliminate them, in cases in which the relevant Fund owns the class with inferior voting rights, but generally vote FOR management proposals and AGAINST shareholder proposals in cases in which the relevant Fund owns the class with superior voting rights. Consider CASE-BY-CASE if bundled with favorable proposal(s), (2) approval of such proposal(s) is a condition of such favorable proposal(s), or (3) part of a recapitalization for which support is recommended by the Agent or an Investment Professional.

Consider management proposals to eliminate or make changes to dual class capital structures CASE-BY-CASE, generally voting with the Agent's recommendation unless a contrary recommendation has been received from the Investment Professional for the relevant Fund and is to be utilized.

Stock Distributions: Splits and Dividends

Generally, vote FOR management proposals to increase common share authorization for a stock split, provided that the increase in authorized shares falls within the Agent's allowable thresholds, but consider on a CASE-BY-CASE basis those proposals exceeding the Agent's threshold for proposals in connection with which a contrary recommendation from the Investment Professional(s) has been received and is to be utilized.

Table of Contents

Reverse Stock Splits

Consider on a CASE-BY-CASE basis management proposals to implement a reverse stock split. In the event the split constitutes a capital increase effectively exceeding the Agent's allowable threshold because the request does not proportionately reduce the number of shares authorized, vote FOR the split if management has provided adequate rationale and/or disclosure.

Preferred Stock

Review proposals to increase the number of shares of preferred stock authorized for issuance on a CASE-BY-CASE basis, and except where otherwise indicated, generally utilize the Agent's approach for evaluating such proposals. This approach incorporates both qualitative and quantitative measures, including a review of past performance (*e.g.*, board governance, shareholder returns and historical share usage) and the current request (*e.g.*, rationale, whether shares are blank check and declawed, and dilutive impact as determined through the Agent's proprietary model for assessing appropriate thresholds).

Generally, vote AGAINST proposals authorizing the issuance of preferred stock or creation of new classes of preferred stock with unspecified voting, conversion, dividend distribution, and other rights (blank check preferred stock), but vote FOR if the Agent or an Investment Professional so recommends because the issuance is required to effect a merger or acquisition proposal.

Generally, vote FOR proposals to issue or create blank check preferred stock in cases when the company expressly states that the stock will not be used as a takeover defense. Generally vote AGAINST in cases where the company expressly states that, or fails to disclose whether, the stock may be used as a takeover defense, but vote FOR if the Agent or an Investment Professional so recommends because the issuance is required to address special circumstances such as a merger or acquisition.

Generally, vote FOR proposals to authorize or issue preferred stock in cases where the company specifies the voting, dividend, conversion, and other rights of such stock and the terms of the preferred stock appear reasonable.

Vote CASE-BY-CASE on proposals to increase the number of blank check preferred shares after analyzing the number of preferred shares available for issue given a company's industry and performance in terms of shareholder returns.

Shareholder Proposals Regarding Blank Check Preferred Stock

Generally, vote FOR shareholder proposals to have blank check preferred stock placements, other than those shares issued for the purpose of raising capital or making acquisitions in the normal course of business, submitted for shareholder ratification.

Adjustments to Par Value of Common Stock

Generally, vote FOR management proposals to reduce the par value of common stock.

Preemptive Rights

Review on a CASE-BY-CASE basis shareholder proposals that seek preemptive rights or management proposals that seek to eliminate them. In evaluating proposals on preemptive rights, consider the size of a company and the characteristics of its shareholder base.

Table of Contents

Debt Restructurings

Review on a CASE-BY-CASE basis proposals to increase common and/or preferred shares and to issue shares as part of a debt restructuring plan.

Share Repurchase Programs

Generally, vote FOR management proposals to institute open-market share repurchase plans in which all shareholders may participate on equal terms, but vote AGAINST plans with terms favoring selected, non-Fund parties.

Generally, vote FOR management proposals to cancel repurchased shares.

Generally, vote AGAINST proposals for share repurchase methods lacking adequate risk mitigation or exceeding appropriate volume or duration parameters for the market.

Consider shareholder proposals seeking share repurchase programs on a CASE-BY-CASE basis, with input from the Investment Professional(s) for a given Fund to be given primary consideration.

Tracking Stock

Votes on the creation of tracking stock are determined on a CASE-BY-CASE basis.

8. Executive and Director Compensation

Except as otherwise provided for herein, votes with respect to compensation and employee benefit plans should be determined on a CASE-BY-CASE basis, with voting decisions generally based on the Agent's approach to evaluating such plans, which includes determination of costs and comparison to an allowable cap.

Generally, vote in accordance with the Agent's recommendations FOR equity-based plans with costs within such cap and AGAINST those with costs in excess of it, except that plans above the cap may be supported if so recommended by the Agent or Investment Professional as a condition to a major transaction such as a merger.

Generally, vote AGAINST plans if the Agent suggests cost or dilution assessment may not be possible due to the method of disclosing shares allocated to the plan(s), except that such concerns arising in connection with evergreen provisions shall be considered CASE-BY-CASE, voted FOR if the company has provided a reasonable rationale and/or adequate disclosure regarding the plan as a whole.

Generally, vote FOR plans with costs within the cap if the primary considerations raised by the Agent pertain to matters that would not result in a negative vote under these Guidelines on the relevant board or committee member(s), or equity compensation burn rate or pay for performance as defined by Agent.

Generally, vote AGAINST plans administered by potential grant recipients.

Generally, vote AGAINST proposals to eliminate existing shareholder approval requirements for material plan changes, unless the company has provided a reasonable rationale and/or adequate disclosure regarding the requested changes.

Edgar Filing: ING Infrastructure, Industrials & Materials Fund - Form N-CSR

Generally vote AGAINST long-term incentive plans that are inadequately aligned with shareholders because they lack an appropriate equity component, except that such cases will be considered CASE-BY-CASE in connection with executives already holding significant equity positions.

Table of Contents

Generally, vote AGAINST plans that contain an overly liberal change in control definition (*e.g.*, does not result in actual change in control).

Consider plans CASE-BY-CASE if the Agent raises other considerations not otherwise provided for herein.

Restricted Stock or Stock Option Plans

Consider proposals for restricted stock or stock option plans, or the issuance of shares in connection with such plans, on a CASE-BY-CASE basis, considering factors such as level of disclosure and adequacy of vesting or performance requirements. Plans that do not meet the Agent's criteria in this regard may be supported, but vote AGAINST if no disclosure is provided regarding either vesting or performance requirements.

Management Proposals Seeking Approval to Reprice Options

Review on a CASE-BY-CASE basis management proposals seeking approval to reprice, replace or exchange options, considering factors such as rationale, historic trading patterns, value-for-value exchange, vesting periods and replacement option terms. Generally, vote FOR proposals that meet the Agent's criteria for acceptable repricing, replacement or exchange transactions, except that considerations raised by the Agent regarding burn rate or executive participation shall not be grounds for withholding support.

Vote AGAINST compensation plans that (1) permit or may permit (*e.g.*, history of repricing and no express prohibition against future repricing) repricing of stock options, or any form or alternative to repricing, without shareholder approval, (2) include provisions that permit repricing, replacement or exchange transactions that do not meet the Agent's criteria (except regarding burn rate or executive participation as noted above), or (3) give the board sole discretion to approve option repricing, replacement or exchange programs.

Director Compensation

Votes on stock-based plans for directors are made on a CASE-BY-CASE basis, with voting decisions generally based on the Agent's quantitative approach described above as well as a review of qualitative features of the plan in cases in which costs exceed the Agent's threshold. DO NOT VOTE AGAINST plans for which burn rate is the sole consideration raised by the Agent.

Employee Stock Purchase Plans

Votes on employee stock purchase plans, and capital issuances in support of such plans, should be made on a CASE-BY-CASE basis, with voting decisions generally based on the Agent's approach to evaluating such plans, except that negative recommendations by the Agent due to evergreen provisions will be reviewed CASE-BY-CASE, voted FOR if the company has provided a reasonable rationale and/or adequate disclosure regarding the plan as a whole.

Table of Contents

OBRA-Related Compensation Proposals

Votes on plans intended to qualify for favorable tax treatment under the provisions of Section 162(m) of OBRA should be evaluated irrespective of the Agent's assessment of board independence, provided that the board meets the independence requirements of the relevant listing exchange and no potential recipient under the plan(s) sits on the committee that exercises discretion over the related compensation awards. Unless the issuer has provided a compelling rationale, generally vote with the Agent's recommendations AGAINST plans that deliver excessive compensation that fails to qualify for favorable tax treatment.

Amendments that Place a Cap on Annual Grants or Amend Administrative Features

Generally, vote FOR plans that simply amend shareholder-approved plans to include administrative features or place a cap on the annual grants any one participant may receive to comply with the provisions of Section 162(m) of OBRA.

Amendments to Add Performance-Based Goals

Generally, vote FOR amendments to add performance goals to existing compensation plans to comply with the provisions of Section 162(m) of OBRA.

Amendments to Increase Shares and Retain Tax Deductions Under OBRA

Votes on amendments to existing plans to increase shares reserved and to qualify the plan for favorable tax treatment under the provisions of Section 162(m) should be evaluated on a CASE-BY-CASE basis, generally voting FOR such plans that do not raise any negative concerns under these Guidelines.

Approval of Cash or Cash-and-Stock Bonus Plans

Generally, vote FOR cash or cash-and-stock bonus plans to exempt the compensation from taxes under the provisions of Section 162(m) of OBRA, with primary consideration given to management's assessment that such plan meets the requirements for exemption of performance-based compensation.

Shareholder Proposals Regarding Executive and Director Pay

Regarding the remuneration of individuals other than senior executives and directors, generally, vote AGAINST shareholder proposals that seek to expand or restrict disclosure or require shareholder approval beyond regulatory requirements and market practice. Vote AGAINST shareholder proposals that seek disclosure of executive or director compensation if providing it would be out of step with market practice and potentially disruptive to the business.

Unless evidence exists of abuse in historical compensation practices, and except as otherwise provided for herein, generally vote AGAINST shareholder proposals that seek to impose new compensation structures or policies, such as claw back recoupments or advisory votes.

Severance and Termination Payments

Generally, vote FOR shareholder proposals to have parachute arrangements submitted for shareholder ratification (with parachutes defined as compensation arrangements related to termination that specify change in control events) and provided that the proposal does not include unduly restrictive or arbitrary provisions such as advance approval requirements.

Table of Contents

Generally vote AGAINST shareholder proposals to submit executive severance agreements for shareholder ratification, unless such proposals specify change in control events, Supplemental Executive Retirement Plans, or deferred executive compensation plans, or ratification is required by the listing exchange.

Review on a CASE-BY-CASE basis all proposals to approve, ratify or cancel executive severance or termination arrangements, including those related to executive recruitment or retention, generally voting FOR such compensation arrangements if the issuer has provided adequate rationale and/or disclosure or support is recommended by the Agent or Investment Professional (*e.g.*, as a condition to a major transaction such as a merger). However, vote in accordance with the Agent's recommendations FOR new or materially amended plans, contracts or payments that require change in control provisions to be double-triggered and defined to require an actual change in control, except that plans, contracts or payments not meeting such standards may be supported if mitigating provisions or board actions (*e.g.*, clawbacks) are present.

Employee Stock Ownership Plans (ESOPs)

Generally, vote FOR proposals that request shareholder approval in order to implement an ESOP or to increase authorized shares for existing ESOPs, except in cases when the number of shares allocated to the ESOP is excessive (*i.e.*, generally greater than five percent of outstanding shares).

401(k) Employee Benefit Plans

Generally, vote FOR proposals to implement a 401(k) savings plan for employees.

Holding Periods

Generally, vote AGAINST proposals requiring mandatory periods for officers and directors to hold company stock.

Advisory Votes on Executive Compensation (Say on Pay)

Generally, management proposals seeking ratification of the company's compensation program will be voted FOR unless the program includes practices or features not supported under these Guidelines and the proposal receives a negative recommendation from the Agent. Unless otherwise provided for herein, proposals not receiving the Agent's support due to concerns regarding severance/termination payments, incentive structures or vesting or performance criteria not otherwise supported by these Guidelines will be considered on a CASE-BY-CASE basis, factoring in whether the issuer has made improvements to its overall compensation program and generally voting FOR if the company has provided a reasonable rationale and/or adequate disclosure regarding the matter(s) under consideration. For say on pay proposals not supported by the Agent and referencing incentive plan concerns:

- (1) Long-term incentive plans: Proposals will be voted AGAINST if they cite long-term incentive plans that are inadequately aligned with shareholders because they are cash-based or lack an appropriate equity component, except that such cases will be considered CASE-BY-CASE in connection with executives already holding significant equity positions.

Table of Contents

- (2) **Short-term incentive plans**: Proposals will be considered on a CASE-BY-CASE basis if they cite short-term incentive plans over which the board has exercised discretion to exclude extraordinary items, and voted AGAINST if treatment of such items has been inconsistent (*e.g.*, exclusion of losses but not gains).

Generally, vote AGAINST proposals when named executives have material input into setting their own compensation.

Generally, vote AGAINST proposals presented by issuers subject to Troubled Asset Relief Program (TARP) provisions if there is inadequate discussion of the process for ensuring that incentive compensation does not encourage excessive risk-taking.

9. State of Incorporation

Voting on State Takeover Statutes

Review on a CASE-BY-CASE basis proposals to opt in or out of state takeover statutes (including control share acquisition statutes, control share cash-out statutes, freezeout provisions, fair price provisions, stakeholder laws, poison pill endorsements, severance pay and labor contract provisions, anti-greenmail provisions, and disgorgement provisions).

Voting on Reincorporation Proposals

Proposals to change a company's state of incorporation should be examined on a CASE-BY-CASE basis, generally supporting management proposals not assessed as a potential takeover defense, but if so assessed, weighing management's rationale for the change. Generally, vote FOR management reincorporation proposals upon which another key proposal, such as a merger transaction, is contingent if the other key proposal is also supported. Generally, vote AGAINST shareholder reincorporation proposals not also supported by the company.

10. Mergers and Corporate Restructurings

Input from the Investment Professional(s) for a given Fund shall be given primary consideration with respect to proposals regarding business combinations, particularly those between otherwise unaffiliated parties, or other corporate restructurings being considered on behalf of that Fund.

Generally, vote FOR a proposal not typically supported under these Guidelines if a key proposal, such as a merger transaction, is contingent upon its support and a vote FOR is accordingly recommended by the Agent or an Investment Professional.

Mergers and Acquisitions

Votes on mergers and acquisitions should be considered on a CASE-BY-CASE basis.

Corporate Restructuring

Votes on corporate restructuring proposals, including demergers, minority squeezeouts, leveraged buyouts, spinoffs, liquidations, dispositions, divestitures and asset sales, should be considered on a CASE-BY-CASE basis, with voting decisions generally based on the Agent's approach to evaluating such proposals.

Table of Contents

Adjournment

Generally, vote FOR proposals to adjourn a meeting to provide additional time for vote solicitation when the primary proposal is also voted FOR.

Appraisal Rights

Generally, vote FOR proposals to restore, or provide shareholders with, rights of appraisal.

Changing Corporate Name

Generally, vote FOR changing the corporate name.

11. Mutual Fund Proxies

Approving New Classes or Series of Shares

Generally, vote FOR the establishment of new classes or series of shares.

Authorizing the Board to Hire and Terminate Subadvisors Without Shareholder Approval

Generally, vote FOR these proposals.

Master-Feeder Structure

Generally, vote FOR the establishment of a master-feeder structure.

Establish Director Ownership Requirement

Generally, vote AGAINST shareholder proposals for the establishment of a director ownership requirement.

The matters below should be examined on a CASE-BY-CASE basis:

Election of Directors

Converting Closed-end Fund to Open-end Fund

Proxy Contests

Investment Advisory Agreements

Preferred Stock Proposals

1940 Act Policies

Changing a Fundamental Restriction to a Nonfundamental Restriction

Change Fundamental Investment Objective to Nonfundamental

Name Rule Proposals

Disposition of Assets/Termination/Liquidation

Changes to the Charter Document

Changing the Domicile of a Fund

Change in Fund's Subclassification

Table of Contents

Distribution Agreements

Mergers

Reimburse Shareholder for Expenses Incurred

Terminate the Investment Advisor

12. Social and Environmental Issues

These issues cover a wide range of topics. In general, unless otherwise specified herein, vote CASE-BY-CASE. While a wide variety of factors may go into each analysis, the overall principle guiding all vote recommendations focuses on how or whether the proposal will enhance the economic value of the company. Because a company's board is likely to have access to relevant, non-public information regarding a company's business, such proposals will generally be voted in a manner intended to give the board (rather than shareholders) latitude to set corporate policy and oversee management.

Absent concurring support from the issuer, compelling evidence of abuse, significant public controversy or litigation, the issuer's significant history of relevant violations; or activities not in step with market practice or regulatory requirements, or unless provided for otherwise herein, generally vote AGAINST shareholder proposals seeking to dictate corporate conduct, apply existing law, duplicate policies already substantially in place and/or addressed by the issuer, or release information that would not help a shareholder evaluate an investment in the corporation as an economic matter. Such proposals would generally include those seeking preparation of reports and/or implementation or additional disclosure of corporate policies related to issues such as consumer and public safety, environment and energy, labor standards and human rights, military business and political concerns, workplace diversity and non-discrimination, sustainability, social issues, vendor activities, economic risk or matters of science and engineering.

13. Global Proxies

The foregoing Guidelines provided in connection with proxies of U.S. issuers shall also be applied to global proxies where applicable and not provided for otherwise herein. The following provide for differing regulatory and legal requirements, market practices and political and economic systems existing in various global markets.

Unless otherwise provided for herein, it shall generally be the policy of the Funds to vote AGAINST global proxy proposals in cases in which the Agent recommends voting AGAINST such proposal because relevant disclosure by the issuer, or the time provided for consideration of such disclosure, is inadequate. For purposes of these global Guidelines, AGAINST shall mean withholding of support for a proposal, resulting in submission of a vote of AGAINST or ABSTAIN, as appropriate for the given market and level of concern raised by the Agent regarding the issue or lack of disclosure or time provided.

Table of Contents

In connection with practices described herein that are associated with a firm AGAINST vote, it shall generally be the policy of the Funds to consider them on a CASE-BY-CASE basis if the Agent recommends their support (1) as the issuer or market transitions to better practices (*e.g.*, having committed to new regulations or governance codes) or (2) as the more favorable choice in cases in which shareholders must choose between alternate proposals.

Routine Management Proposals

Generally, vote FOR the following and other similar routine management proposals:

the opening of the shareholder meeting

that the meeting has been convened under local regulatory requirements

the presence of quorum

the agenda for the shareholder meeting

the election of the chair of the meeting

the appointment of shareholders to co-sign the minutes of the meeting

regulatory filings (*e.g.*, to effect approved share issuances)

the designation of inspector or shareholder representative(s) of minutes of meeting

the designation of two shareholders to approve and sign minutes of meeting

the allowance of questions

the publication of minutes

the closing of the shareholder meeting

Consider proposals seeking authority to call shareholder meetings on less than 21 days' notice on a CASE-BY-CASE basis, with voting decisions generally based on the Agent's approach to consider whether the issuer has provided clear disclosure of its compliance with any hurdle conditions for the authority imposed by applicable law and has historically limited its use of such authority to time-sensitive matters.

Discharge of Management/Supervisory Board Members

Edgar Filing: ING Infrastructure, Industrials & Materials Fund - Form N-CSR

Generally, vote FOR management proposals seeking the discharge of management and supervisory board members, unless the Agent recommends AGAINST due to concern about the past actions of the company's auditors or directors or legal action is being taken against the board by other shareholders, including when the proposal is bundled. Generally do not withhold support from such proposals in connection with remuneration practices otherwise supported under these Guidelines or as a means of expressing disapproval of broader practices of the issuer or its board.

Director Elections

Unless otherwise provided for herein, the Agent's standards with respect to determining director independence shall apply. These standards generally provide that, to be considered completely independent, a director shall have no material connection to the company other than the board seat.

Table of Contents

Agreement with the Agent's independence standards shall not dictate that a Fund's vote shall be cast according to the Agent's corresponding recommendation. Further, unless otherwise provided for herein, the application of Guidelines in connection with such standards shall apply only in cases in which the nominee's level of independence can be ascertained based on available disclosure. These policies generally apply to director nominees in uncontested elections; votes in contested elections, and votes on director nominees not subject to policies described herein, should be made on a CASE-BY-CASE basis, with primary consideration in contested elections given to input from the Investment Professional(s) for a given Fund.

For issuers domiciled in Canada, Finland, France, Ireland, the Netherlands, Sweden or tax haven markets, generally vote AGAINST non-independent directors in cases in which the full board serves as the audit committee, or the company does not have an audit committee.

For issuers in all markets, including those in tax haven markets and those in Japan that have adopted the U.S.-style board-with-committees structure, vote AGAINST non-independent nominees to the audit committee, or, if the slate of nominees is bundled, vote AGAINST the slate. If the slate is bundled and audit committee membership is unclear or proposed as a separate agenda item, vote FOR if the Agent otherwise recommends support. For Canadian issuers, the Funds' U.S. Guidelines with respect to audit committees shall apply; in addition, nominees (or slates of nominees) will be voted AGAINST if they do not comply with regulatory requirements to disclose audit fees broken down by category.

Negative recommendations from the Agent on slate ballots of nominees at Canadian issuers will be considered on a CASE-BY-CASE basis if the board is classified or the Agent cites other concerns not otherwise supported by these Guidelines, generally voting AGAINST when concerns relate to dual class capital structures or other anti-takeover/entrenchment devices.

In tax haven markets, DO NOT VOTE AGAINST non-independent directors in cases in which the full board serves as the compensation committee, or the company does not have a compensation committee.

Vote FOR non-independent directors who sit on the compensation or nominating committees if such committee meets the applicable independence requirements of the relevant listing exchange.

In cases in which committee membership is unclear, consider non-independent director nominees on a CASE-BY-CASE basis if no other issues have been raised in connection with his/her nomination.

Generally follow the Agent's recommendations to vote AGAINST individuals nominated as outside/non-executive directors who do not meet the Agent's standard for independence, unless the slate of nominees is bundled, in which case the proposal(s) to elect board members shall be considered on a CASE-BY-CASE basis.

Table of Contents

For issuers in tax haven markets, generally withhold support (AGAINST or ABSTAIN, as appropriate) from bundled slates of nominees if the board is non-majority independent. For issuers in Canada and other global markets, generally follow the Agent's standards for withholding support from bundled slates or non-independent directors (typically excluding the CEO), as applicable, if the board does not meet the Agent's independence standards or the board's independence cannot be ascertained due to inadequate disclosure.

For issuers in Japan, generally follow the Agent's recommendations in furtherance of greater board independence and minority shareholder protections. Specifically, at listed subsidiary companies with publicly-traded parent companies, generally vote AGAINST reelection of top executives if the board after the shareholder meeting does not include at least two directors deemed independent under the Agent's standards. At listed subsidiaries with the U.S.-style board-with-committees, generally also vote AGAINST nominating committee members who are insiders or affiliated outsiders if the board after the shareholder meeting does not include at least two directors deemed independent under the Agent's standards. However, so that companies may have time to identify and recruit qualified candidates, for 2010, generally DO NOT VOTE AGAINST the reelection of executives if the company has at least one independent director.

Generally, withhold support (AGAINST or ABSTAIN, as appropriate) from nominees or slates of nominees presented in a manner not aligned with market practice and/or legislation, including:

Bundled slates of nominees (*e.g.*, France, Hong Kong or Spain);

Simultaneous reappointment of retiring directors (*e.g.*, South Africa);

In markets with term lengths capped by legislation or market practice, nominees whose terms exceed the caps or are not disclosed (except that bundled slates with such lack of disclosure shall be considered on a CASE-BY-CASE basis); or

Nominees whose names are not disclosed in advance of the meeting (*e.g.*, Austria, Philippines, Hong Kong or South Africa) or far enough in advance relative to voting deadlines (*e.g.*, Italy) to make an informed voting decision.

Such criteria will not generally provide grounds for withholding support in countries in which they may be identified as best practice but such legislation or market practice is not yet applicable, unless specific governance shortfalls identified by the Agent (*e.g.*, director terms longer than four years) indicate diminished accountability to shareholders and so dictate that less latitude should be extended to the issuer.

Generally vote FOR nominees without regard to recommendations that the position of chairman should be separate from that of CEO or otherwise required to be independent, unless other concerns requiring CASE-BY-CASE consideration have been raised. The latter would include former CEOs proposed as board chairmen in markets such as the United Kingdom for which best practice and the Agent recommend against such practice.

In cases in which cumulative or net voting applies, generally vote with Agent's recommendation to support nominees asserted by the issuer to be independent, even if independence disclosure or criteria fall short of Agent's standards.

Table of Contents

Consider nominees for whom the Agent has raised concerns regarding scandals or internal controls on a CASE-BY-CASE basis, generally withholding support (AGAINST or ABSTAIN, as appropriate) from nominees or slates of nominees when:

The scandal or shortfall in controls took place at the company, or an affiliate, for which the nominee is being considered;

Culpability can be attributed to the nominee (*e.g.*, nominee manages or audits relevant function), and

The nominee has been directly implicated, with resulting arrest and criminal charge or regulatory sanction.

Consider non-independent nominees on a CASE-BY-CASE basis when the Agent has raised concerns regarding diminished shareholder value as evidenced by a significant drop in share price, generally voting with Agent's recommendation AGAINST such nominees when few, if any, outside directors are present on the board and:

The founding family has retained undue influence over the company despite a history of scandal or problematic controls;

The nominees have engaged in protectionist activities such as introduction of a poison pill or preferential and/or dilutive share issuances; or

Evidence exists regarding compliance or accounting shortfalls.

If the Agent recommends withholding support due to other material failures or egregious actions, the Funds' U.S. Guidelines with respect such issues shall apply.

Consider nominees serving on the remuneration committee on a CASE-BY-CASE basis if the Agent recommends withholding support from nominees in connection with remuneration practices not otherwise supported by these Guidelines, including cases in which the issuer has not followed market practice by submitting a resolution on executive compensation.

For markets such as the tax havens, Australia, Canada, Hong Kong, Malaysia, Singapore and South Africa (and for outside directors in South Korea) in which nominees' attendance records are adequately disclosed, the Funds' U.S. Guidelines with respect to director attendance shall apply. The same two-year attendance policy shall be applied regarding attendance by directors and statutory auditors of Japanese companies if year-over-year data can be tracked by nominee. For issuers in Canada, generally vote AGAINST a slate of nominees if one or more nominees fail the attendance Guideline, unless the Agent cites compelling reasons for supporting the slate (*e.g.*, the issuer's commitment to replace slate elections with individual elections within a year).

Consider self-nominated director candidates on a CASE-BY-CASE basis, with voting decisions generally based on the Agent's approach to evaluating such candidates, except that (1) an unqualified candidate will generally not be supported simply to effect a protest vote and (2) cases of multiple self-nominated candidates may be considered as a proxy contest if similar issues are raised (*e.g.*, potential change in control).

Table of Contents

Generally vote FOR nominees without regard to over-boarding issues raised by the Agent unless other concerns requiring CASE-BY-CASE consideration have been raised.

In cases where a director holds more than one board seat and corresponding votes, manifested as one seat as a physical person plus an additional seat as a representative of a legal entity, generally vote with the Agent's recommendation to withhold support (AGAINST or ABSTAIN, as appropriate) from the legal entity and vote on the physical person.

Generally, vote with the Agent's recommendation to withhold support (AGAINST or ABSTAIN, as appropriate) from nominees for whom support has become moot since the time the individual was nominated (*e.g.*, due to death, disqualification or determination not to accept appointment).

Generally, vote with the Agent's recommendation when more candidates are presented than available seats and no other provisions under these Guidelines apply.

For companies incorporated in tax haven markets but which trade exclusively in the U.S., the Funds' U.S. Guidelines with respect to director elections shall apply.

Board Structure

Generally, vote FOR proposals to fix board size, but also support proposals seeking a board range if the range is reasonable in the context of market practice and anti-takeover considerations. Proposed article amendments in this regard shall be considered on a CASE-BY-CASE basis, with voting decisions generally based on the Agent's approach to evaluating such proposals.

Director and Officer Indemnification and Liability Protection

Generally, vote in accordance with the Agent's standards for indemnification and liability protection for officers and directors, voting AGAINST overly broad provisions.

Independent Statutory Auditors

With respect to Japanese companies that have not adopted the U.S.-style board-with-committees structure, vote AGAINST any nominee to the position of independent statutory auditor whom the Agent considers affiliated, *e.g.*, if the nominee has worked a significant portion of his career for the company, its main bank or one of its top shareholders. Where shareholders are forced to vote on multiple nominees in a single resolution, vote AGAINST all nominees. In cases in which multiple slates of statutory auditors are presented, generally vote with the Agent's recommendation, typically to support nominees deemed to be more independent and/or aligned with interests of minority shareholders.

Generally, vote AGAINST incumbent nominees at companies implicated in scandals or exhibiting poor internal controls.

Table of Contents

Key Committees

Generally, vote AGAINST proposals that permit non-board members to serve on the audit, compensation or nominating committee, provided that bundled slates may be supported if no slate nominee serves on the relevant committee(s). If not otherwise addressed under these Guidelines, consider other negative recommendations from the Agent regarding committee members on a CASE-BY-CASE basis.

Director and Statutory Auditor Remuneration

Consider director compensation plans on a CASE-BY-CASE basis, with voting decisions generally based on the Agent's approach to evaluating such proposals, while also factoring in the merits of the rationale and disclosure provided.

Generally, vote FOR proposals to approve the remuneration of directors and auditors as long as the amount is not excessive (*e.g.*, significant increases should be supported by adequate rationale and disclosure), there is no evidence of abuse, the recipient's overall compensation appears reasonable, and the board and/or responsible committee meets exchange or market standards for independence.

For European issuers, vote AGAINST non-executive director remuneration if:

The advance general meeting documents do not specify fees paid to non-executive directors;

The company seeks to excessively increase the fees relative to market or sector practices without providing a reasonable rationale for the increase; or

It provides for granting of stock options or similarly structured equity-based compensation.

For Toronto Stock Exchange (TSX) issuers, the Agent's limits with respect to equity awards to non-employee directors shall apply.

Bonus Payments

With respect to Japanese companies, generally vote FOR retirement bonus proposals if all payments are for directors and auditors who have served as executives of the company. Generally vote AGAINST such proposals if one or more payments are for non-executive, affiliated directors or statutory auditors when one or more of the individuals to whom the grants are being proposed (1) has not served in an executive capacity for the company for at least three years or (2) has been designated by the company as an independent statutory auditor, regardless of the length of time he/she has served. In all markets, if issues have been raised regarding a scandal or internal controls, generally vote AGAINST bonus proposals for retiring directors or continuing directors or auditors when culpability can be attributed to the nominee (*e.g.*, if a Fund is also voting AGAINST the nominee under criteria herein regarding issues of scandal or internal controls), unless bundled with bonuses for a majority of directors or auditors a Fund is voting FOR.

Stock Option Plans for Independent Internal Statutory Auditors

With respect to Japanese companies, follow the Agent's guidelines with respect to proposals regarding option grants to independent internal statutory auditors or other outside parties, generally voting AGAINST such plans.

Table of Contents

Compensation Plans

Unless otherwise provided for herein, votes with respect to compensation plans, and awards thereunder or capital issuances in support thereof, should be determined on a CASE-BY-CASE basis, with voting decisions generally based on the Agent's approach to evaluating such plans, considering quantitative or qualitative factors as appropriate for the market.

Amendment Procedures for Equity Compensation Plans and ESPPs

For TSX issuers, votes with respect to amendment procedures for security-based compensation arrangements and employee share purchase plans shall generally be cast in a manner designed to preserve shareholder approval rights, with voting decisions generally based on the Agent's recommendation.

Shares Reserved for Equity Compensation Plans

Unless otherwise provided for herein, voting decisions shall generally be based on the Agent's methodology, including classification of a company's stage of development as growth or mature and the corresponding determination as to reasonability of the share requests.

Generally, vote AGAINST equity compensation plans (*e.g.*, option, warrant, restricted stock or employee share purchase plans or participation in company offerings such as IPOs or private placements), the issuance of shares in connection with such plans, or related management proposals (*e.g.*, article amendments) that:

Exceed Agent's recommended dilution limits, including cases in which the Agent suggests dilution cannot be fully assessed (*e.g.*, due to inadequate disclosure);

Provide deep or near-term discounts (or the equivalent, such as dividend equivalents on unexercised options) to executives or directors, unless discounts to executives are adequately mitigated by other requirements such as long-term vesting (*e.g.*, Japan) or broad-based employee participation otherwise meeting the Agent's standards (*e.g.*, France);

Are administered with discretion by potential grant recipients, unless such discretion is deemed acceptable due to market practice or other mitigating provisions;

Provide for retirement benefits or equity incentive awards to outside directors if not in line with market practice (*e.g.*, Australia, Belgium, The Netherlands);

Permit financial assistance in the form of non-recourse (or essentially non-recourse) loans in connection with executive's participation;

For matching share plans, do not meet the Agent's standards, considering holding period, discounts, dilution, participation, purchase price and performance criteria;

Provide for vesting upon change in control if deemed to evidence a conflict of interest or anti-takeover device or if the change in control definition is too liberal (*e.g.*, does not result in actual change in control);

Edgar Filing: ING Infrastructure, Industrials & Materials Fund - Form N-CSR

Provide no disclosure regarding vesting or performance criteria (provided that proposals providing disclosure in one or both areas, without regard to Agent's criteria for such disclosure, shall be supported provided they otherwise satisfy these Guidelines);

Permit post-employment vesting if deemed inappropriate by the Agent;

Table of Contents

Allow plan administrators to make material amendments without shareholder approval unless adequate prior disclosure has been provided, with such voting decisions generally based on the Agent's approach to evaluating such plans; or

Provide for retesting in connection with achievement of performance hurdles unless the Agent's analysis indicates that (1) performance targets are adequately increased in proportion to the additional time available, (2) the retesting is *de minimis* as a percentage of overall compensation or is acceptable relative to market practice, or (3) the issuer has committed to cease retesting within a reasonable period of time.

Generally, vote FOR such plans/awards or the related issuance of shares that (1) do not suffer from the defects noted above, or (2) otherwise meet the Agent's tests if the considerations raised by the Agent pertain primarily to performance hurdles, contract or notice periods, severance/termination payments relative to multiples of annual compensation, discretionary bonuses, recruitment awards, retention incentives, non-compete payments or vesting upon change in control (other than addressed above), if:

- (1) The company has provided adequate disclosure and/or a reasonable rationale regarding the relevant plan/award, practice or participation;
- (2) The recipient's overall compensation appears reasonable;
- (3) Potential payments or awards are not so significant (individually or collectively) as to potentially influence an executive's decision-making (*e.g.*, to enter into a transaction that will result in a change of control payment) or to effectively act as a poison pill; and
- (4) The board and/or responsible committee meets exchange or market standards for independence.

Unless otherwise provided for herein, market practice of the primary country in which a company does business, or in which an employee is serving, as applicable, shall supersede that of the issuer's domicile.

Consider proposals in connection with such plans or the related issuance of shares in other instances on a CASE-BY-CASE basis.

Remuneration Reports (Advisory Votes on Executive Compensation)

Generally, withhold support (AGAINST or ABSTAIN as appropriate for specific market and level of concerns identified by the Agent) from remuneration reports/advisory votes on compensation that include compensation plans that:

- (1) Permit practices or features not supported under these Guidelines, including financial assistance under the conditions described above;
- (2) Permit retesting excessive relative to market practice (irrespective of the Agent's support for the report as a whole);
- (3) Cite long-term incentive plans deemed to be inadequately based on equity awards (*e.g.*, cash-based plans or plans lacking an appropriate equity component);
- (4) Cite equity award valuation methods triggering a negative recommendation from the Agent;

Edgar Filing: ING Infrastructure, Industrials & Materials Fund - Form N-CSR

(5) For issuers in the United Kingdom, include components, metrics or rationales that have not been adequately disclosed;

Table of Contents

- (6) For issuers in Australia, permit open market purchase of shares in support of equity grants in lieu of seeking shareholder approval, but only if the issuer has a history of significant negative votes when formally seeking approval for such grants; or
- (7) Include provisions for retirement benefits or equity incentive awards to outside directors if not in line with market practice, except that reports will generally be voted FOR if contractual components are reasonably aligned with market practices on a going-forward basis (*e.g.*, existing obligations related to retirement benefits or terms contrary to evolving standards would not preclude support for the report).

Reports receiving the Agent's support and not triggering the concerns cited above will generally be voted FOR. Unless otherwise provided for herein, reports not receiving the Agent's support due to concerns regarding severance/termination payments, leaver status, incentive structures and vesting or performance criteria not otherwise supported by these Guidelines shall be considered on a CASE-BY-CASE basis, generally voted FOR if:

- (1) The company has provided a reasonable rationale and/or adequate disclosure regarding the matter(s) under consideration;
- (2) The recipient's overall compensation appears reasonable, and;
- (3) The board and/or responsible committee meets exchange or market standards for independence.

Reports with typically unsupported features may be voted FOR in cases in which the Agent recommends their initial support as the issuer or market transitions to better practices (*e.g.*, having committed to new regulations or governance codes).

Shareholder Proposals Regarding Executive and Director Pay

The Funds' U.S. Guidelines with respect to such shareholder proposals shall apply.

General Share Issuances

Unless otherwise provided for herein, voting decisions shall generally be based on the Agent's practice to determine support for general issuance requests (with or without preemptive rights), or related requests to repurchase and reissue shares, based on their amount relative to currently issued capital, appropriate volume and duration parameters, and market-specific considerations (*e.g.*, priority right protections in France, reasonable levels of dilution and discount in Hong Kong). Requests to reissue repurchased shares will not be supported unless a related general issuance request is also supported.

Consider specific issuance requests on a CASE-BY-CASE basis based on the proposed use and the company's rationale.

Generally, vote AGAINST proposals to issue shares (with or without preemptive rights), convertible bonds or warrants, to grant rights to acquire shares, or to amend the corporate charter relative to such issuances or grants in cases in which concerns have been identified by the Agent with respect to inadequate disclosure, inadequate restrictions on discounts, failure to meet the Agent's standards for general issuance requests, or authority to refresh share issuance amounts without prior shareholder approval.

Generally, vote AGAINST nonspecific proposals authorizing excessive discretion to a board.

Table of Contents

Increases in Authorized Capital

Unless otherwise provided for herein, voting decisions should generally be based on the Agent's approach, as follows. Generally:

Vote FOR nonspecific proposals, including bundled proposals, to increase authorized capital up to 100 percent over the current authorization unless the increase would leave the company with less than 30 percent of its new authorization outstanding.

Vote FOR specific proposals to increase authorized capital, unless:

The specific purpose of the increase (such as a share-based acquisition or merger) does not meet these Guidelines for the purpose being proposed; or

The increase would leave the company with less than 30 percent of its new authorization outstanding after adjusting for all proposed issuances.

Vote AGAINST proposals to adopt unlimited capital authorizations.

The Agent's market-specific exceptions to the above parameters (*e.g.*, The Netherlands, due to hybrid market controls) shall be applied.

Preferred Stock

Unless otherwise provided for herein, voting decisions should generally be based on the Agent's approach, including:

Vote FOR the creation of a new class of preferred stock or issuances of preferred stock up to 50 percent of issued capital unless the terms of the preferred stock would adversely affect the rights of existing shareholders.

Vote FOR the creation/issuance of convertible preferred stock as long as the maximum number of common shares that could be issued upon conversion meets the Agent's guidelines on equity issuance requests.

Vote AGAINST the creation of (1) a new class of preference shares that would carry superior voting rights to the common shares or (2) blank check preferred stock unless the board states that the authorization will not be used to thwart a takeover bid.

Poison Pills/Protective Preference Shares

Generally, vote AGAINST management proposals in connection with poison pills or anti-takeover activities (*e.g.*, disclosure requirements or issuances, transfers or repurchases) that do not meet the Agent's standards. Generally vote in accordance with Agent's recommendation to withhold support from a nominee in connection with poison pill or anti-takeover considerations when culpability for the actions can be specifically attributed to the nominee. Generally DO NOT VOTE AGAINST director remuneration in connection with poison pill considerations raised by the Agent.

Waiver on Tender-Bid Requirement

Edgar Filing: ING Infrastructure, Industrials & Materials Fund - Form N-CSR

Generally, consider proposals on a CASE-BY-CASE basis seeking a waiver for a major shareholder from the requirement to make a buyout offer to minority shareholders, voting FOR when little concern of a creeping takeover exists and the company has provided a reasonable rationale for the request.

Table of Contents

Approval of Financial Statements and Director and Auditor Reports

Generally, vote FOR management proposals seeking approval of financial accounts and reports, unless there is concern about the company's financial accounts and reporting, which, in the case of related party transactions, would include concerns raised by the Agent regarding consulting agreements with non-executive directors but not severance/termination payments exceeding the Agent's standards for multiples of annual compensation, provided the recipient's overall compensation appears reasonable and the board and/or responsible committee meets exchange or market standards for independence. Unless otherwise provided for herein, reports not receiving the Agent's support due to other concerns regarding severance/termination payments not otherwise supported by these Guidelines shall be considered on a CASE-BY-CASE basis, factoring in the merits of the rationale or disclosure provided and generally voted FOR if the overall compensation package and/or program at issue appears reasonable. Generally, vote AGAINST board-issued reports receiving a negative recommendation from the Agent due to concerns regarding independence of the board or the presence of non-independent directors on the audit committee. However, generally do not withhold support from such proposals in connection with remuneration practices otherwise supported under these Guidelines or as a means of expressing disapproval of broader practices of the issuer or its board.

Remuneration of Auditors

Generally, vote FOR proposals to authorize the board to determine the remuneration of auditors, unless there is evidence of excessive compensation relative to the size and nature of the company.

Indemnification of Auditors

Generally, vote AGAINST proposals to indemnify auditors.

Ratification of Auditors and Approval of Auditors' Fees

For Canadian issuers, the Funds' U.S. Guidelines with respect to auditors and auditor fees shall apply.

For other markets, generally, follow the Agent's standards for proposals seeking auditor ratification or approval of auditors' fees, which indicate a vote FOR such proposals for European companies in the MSCI EAFE index, provided the level of disclosure and independence meet the Agent's standards. However, if fees for non-audit services (excluding significant, one-time events) exceed 50 percent of total auditor fees, consider on a CASE-BY-CASE basis, and vote FOR ratification of auditors or approval of auditors' fees if it appears that remuneration for the non-audit work is not so lucrative as to taint the auditor's independence.

In other cases, generally vote FOR such proposals unless there are material concerns raised by the Agent about the auditor's practices or independence.

Audit Commission

Consider nominees to the audit commission on a CASE-BY-CASE basis, with voting decisions generally based on the Agent's approach to evaluating such candidates.

Table of Contents

Allocation of Income and Dividends

With respect to Japanese companies, consider management proposals concerning allocation of income and the distribution of dividends, including adjustments to reserves to make capital available for such purposes, on a CASE-BY-CASE basis, generally voting with the Agent's recommendations to support such proposals unless:

The dividend payout ratio has been consistently below 30 percent without adequate explanation; or

The payout is excessive given the company's financial position.

Generally vote FOR such proposals by issuers in other markets. In any markets, in the event management offers multiple dividend proposals on the same agenda, primary consideration shall be given to input from the relevant Investment Professional(s) and voted with the Agent's recommendation if no input is received.

Stock (Scrip) Dividend Alternatives

Generally, vote FOR most stock (scrip) dividend proposals, but vote AGAINST proposals that do not allow for a cash option unless management demonstrates that the cash option is harmful to shareholder value.

Debt Instruments

Generally, vote AGAINST proposals authorizing excessive discretion to a board to issue or set terms for debt instruments (*e.g.*, commercial paper).

Debt Issuance Requests

When evaluating a debt issuance request, the issuing company's present financial situation is examined. The main factor for analysis is the company's current debt-to-equity ratio, or gearing level. A high gearing level may incline markets and financial analysts to downgrade the company's bond rating, increasing its investment risk factor in the process. A gearing level up to 100 percent is considered acceptable.

Generally, vote FOR debt issuances for companies when the gearing level is between zero and 100 percent. Review on a CASE-BY-CASE basis proposals where the issuance of debt will result in the gearing level being greater than 100 percent, or for which inadequate disclosure precludes calculation of the gearing level, comparing any such proposed debt issuance to industry and market standards, and with voting decisions generally based on the Agent's approach to evaluating such requests.

Financing Plans

Generally, vote FOR the adoption of financing plans if they are in the best economic interests of shareholders.

Related Party Transactions

Consider related party transactions on a CASE-BY-CASE basis. Generally, vote FOR approval of such transactions unless the agreement requests a strategic move outside the company's charter or contains unfavorable or high-risk terms (*e.g.*, deposits without security interest or guaranty).

Table of Contents

Approval of Donations

Generally, vote AGAINST such proposals unless adequate, prior disclosure of amounts is provided; if so, single- or multi-year authorities may be supported.

Capitalization of Reserves

Generally, vote FOR proposals to capitalize the company's reserves for bonus issues of shares or to increase the par value of shares.

Investment of Company Reserves

These proposals should generally be analyzed on a CASE-BY-CASE basis, with primary consideration given to input from the Investment Professional(s) for a given Fund.

Article Amendments

Review on a CASE-BY-CASE basis all proposals seeking amendments to the articles of association.

Generally, vote FOR an article amendment if:

It is editorial in nature;

Shareholder rights are protected;

There is negligible or positive impact on shareholder value;

Management provides adequate reasons for the amendments or the Agent otherwise supports management's position;

It seeks to discontinue and/or delist a form of the issuer's securities in cases in which the relevant Fund does not hold the affected security type; or

The company is required to do so by law (if applicable).

Generally, vote AGAINST an article amendment if:

It removes or lowers quorum requirements for board or shareholder meetings below levels recommended by the Agent;

It reduces relevant disclosure to shareholders;

It seeks to align the articles with provisions of another proposal not supported by these Guidelines;

Edgar Filing: ING Infrastructure, Industrials & Materials Fund - Form N-CSR

It is not supported under these Guidelines, is presented within a bundled proposal, and the negative impact, on balance, outweighs any positive impact; or

It imposes a negative impact on existing shareholder rights, including rights of the Funds, or diminishes accountability to shareholders to the extent that any positive impact would not be deemed to be sufficient to outweigh removal or diminution of such rights.

With respect to article amendments for Japanese companies:

Generally vote FOR management proposals to amend a company's articles to expand its business lines.

Table of Contents

Generally vote FOR management proposals to amend a company's articles to provide for an expansion or reduction in the size of the board, unless the expansion/reduction is clearly disproportionate to the growth/decrease in the scale of the business or raises anti-takeover concerns.

If anti-takeover concerns exist, generally vote AGAINST management proposals, including bundled proposals, to amend a company's articles to authorize the Board to vary the annual meeting record date or to otherwise align them with provisions of a takeover defense.

Generally follow the Agent's guidelines with respect to management proposals regarding amendments to authorize share repurchases at the board's discretion, voting AGAINST proposals unless there is little to no likelihood of a creeping takeover (major shareholder owns nearly enough shares to reach a critical control threshold) or constraints on liquidity (free float of shares is low), and where the company is trading at below book value or is facing a real likelihood of substantial share sales; or where this amendment is bundled with other amendments which are clearly in shareholders' interest.

Other Business

In connection with global proxies, vote in accordance with the Agent's market-specific recommendations on management proposals for Other Business, generally AGAINST.

Table of Contents

Item 8. Portfolio Managers of Closed-End Management Investment Companies.

(a) (1) **Portfolio Management.** The following individuals share responsibility for the day-to-day management of the Fund's portfolio:

Christopher Corapi. Mr. Corapi is the Chief Investment Officer, Equities for ING IM's U.S. business, with responsibility for the fundamental and quantitative equities platforms. He will serve as a lead portfolio manager for the Fund. He will be responsible for implementing the Fund's overall investment strategy, including security selection and portfolio construction. Mr. Corapi joined ING IM in February 2004 and has over 20 years of investment experience. Prior to joining ING IM, Mr. Corapi served as the Global Head of Equity Research at Federated Investors from 2002-2004. He served as Head of U.S. Equities and portfolio manager at Credit Suisse Asset Management beginning in 2000 and the Head of Emerging Markets Research at JP Morgan Investment Management beginning in 1998. Mr. Corapi holds a B.S. in business administration from Alfred University and is a Certified Public Accountant.

Uri Landesman. Mr. Landesman is a senior portfolio manager and the head of global growth at ING IM. He will serve as a lead portfolio manager for the Fund. He will be responsible for implementing the Fund's overall investment strategy, including security selection and portfolio construction. Mr. Landesman joined ING IM in February 2006 as senior portfolio manager on the international investment team reporting to Christopher Corapi. From 2003 to 2006, Mr. Landesman was the director of global equity research at Federated Investors where he managed three international large-cap growth funds and two global funds. He was previously a principal with Arlington Capital Management where he co-managed a core equity hedge fund and a senior portfolio manager with JPMorgan Investment Management where he managed a large-cap growth equity strategy. Prior to that, Mr. Landesman was an analyst with Great Lakes Capital and Sanford Bernstein. He received a B.A. summa cum laude from Yeshiva College. He has been the recipient of several industry citations, including the "Best of the Buy Side" in Institutional Investor and "25 to Watch Over the Next 25 Years" in Pension & Investments.

Brian Madonick. Mr. Madonick will serve as a portfolio manager for the Fund and will be responsible for security analysis and selection within the industrial sector. Mr. Madonick joined ING IM in 2004. Prior to joining ING, he was an industrials analyst at U.S. Trust from 2000-2004. Prior to that, he was a senior analyst at Bear Stearns. Mr. Madonick has over 16 years of investment management experience. Mr. Madonick received a B.A. from SUNY Binghamton.

Joseph Vultaggio. Mr. Vultaggio will serve as a portfolio manager for the Fund and will be responsible for the security analysis and selection of the international securities within the industrials, materials and telecom services sectors and will liaise with the Sub-Adviser's international affiliates on the outlook. Mr. Vultaggio joined ING IM in 1994. He received a B.S. in finance from Trenton State College and an M.B.A. in finance at Rutgers Graduate School of Management.

Paul Zemsky. Mr. Zemsky will serve as a portfolio manager for the Fund and will implement and oversee the Fund's option overlay strategy. Mr. Zemsky is the Head of Asset Allocation and Multi-Manager Investments with responsibility for traditional and alternative investment solutions. He joined ING IM in 2005 as Head of Derivative Strategies. Prior to assuming his role at ING IM, Mr. Zemsky spent 18 years at J.P. Morgan Investment Management, where he held a number of key positions, including responsibility for asset allocation for the firm's fixed income business and handling option trading in both the exchange-traded and over-the-counter markets. He has 25 years of investment experience. Mr. Zemsky holds a dual degree in finance and electrical engineering from the Management and Technology Program at the University of Pennsylvania.

David Powers. Mr. Powers will serve as a portfolio manager for the Fund and will be responsible for the security analysis and selection within the telecom services, utilities and materials sectors. Mr. Powers joined ING IM in June 2007 and has over 14 years of investment experience. Before joining ING IM, Mr. Powers worked for Federated Investors from June 2001 until May 2007. Prior to that, he worked at the State Teachers Retirement System of Ohio from January 1997 until May 2001. Mr. Powers began his investing career at the State Teachers Retirement System of Ohio and held numerous positions including co-portfolio manager. Mr. Powers earned a B.S. in Accounting from Fairleigh Dickinson University and an M.S. in Accounting and an M.B.A. in Finance and International Business from Kent State University. Mr. Powers holds the Chartered Financial Analyst designation. Mr. Powers is also a Certified Public Accountant and a Certified Financial Planner.

Table of Contents

(a) (2) (i-iii) Other Accounts Managed

The following table shows the number of accounts and total assets in the accounts managed by the portfolio managers of the Sub-Adviser as of February 28, 2010, unless otherwise noted:

Portfolio Manager	Mutual Funds	Trusts, Sep Accts and Stable Value Other Pooled Investment Vehicles and Alternative	Other Accounts, IIM Managed
	Registered Investment Companies Number of Accts /	Number of Accts /	Number of Accts /
	Total Assets (in millions)	Total Assets (in millions)	Total Assets (in millions)
Chris Corapi	4 accounts / \$3,566	3 accounts / \$178	15 accounts / \$222
Uri Landesman	6 accounts / \$1,636	4 accounts / \$66	32 accounts / \$1,948
Brian Madonick	1 account / \$357	0 accounts / \$0	0 accounts / \$0
Joseph Vultaggio	3 accounts / \$1,479	0 accounts / \$0	6 accounts / \$2
Paul Zemsky	41 accounts / \$17,368	13 accounts / \$285	0 accounts / \$0
David Powers	5 accounts / \$1,744	1 account / \$35	0 accounts / \$0

(a) (2) (iv) Conflicts of Interest

A portfolio manager may be subject to potential conflicts of interest because the portfolio manager is responsible for other accounts in addition to the Fund. These other accounts may include, among others, other mutual funds, separately managed advisory accounts, commingled trust accounts, insurance, wrap fee programs and hedge funds. Potential conflicts may arise out of the implementation of differing investment strategies for the portfolio manager's various accounts, the allocation of investment opportunities among those accounts or differences in the advisory fees paid by the portfolio manager's accounts.

A potential conflict of interest may arise as a result of the portfolio manager's responsibility for multiple accounts with similar investment guidelines. Under these circumstances, a potential investment may be suitable for more than one of the portfolio manager's accounts, but the quantity of the investment available for purchase is less than the aggregate amount the accounts would ideally devote to the opportunity. Similar conflicts may arise when multiple accounts seek to dispose of the same investment.

A portfolio manager may also manage accounts whose objectives and policies differ from those of the Fund. These differences may be such that under certain circumstances, trading activity appropriate for one account managed by the portfolio manager may have adverse consequences for another account managed by the portfolio manager. For example, if an account were to sell a significant position in a security, which could cause the market price of that security to decrease, while the Fund maintained its position in that security.

A potential conflict may arise when a portfolio manager is responsible for accounts that have different advisory fees. The difference in the fees may create an incentive for the portfolio manager to favor one account over another, for example, in terms of access to particularly appealing investment opportunities. This conflict may be heightened where an account is subject to a performance-based fee.

As part of its compliance program, ING IM, ING IM Europe and ING IM Asia/Pacific have each adopted policies and procedures reasonably designed to address the potential conflicts of interest described above.

(a) (3) Compensation

ING IM

Compensation for ING IM generally consists of (a) a fixed base salary; (b) a bonus which is based on INGIM's calendar year performance, consisting of one-year pre-tax performance of the accounts for which the portfolio managers are primarily and jointly responsible compared to account benchmarks and relevant peer groups (see below), and revenue growth of the accounts for which they are responsible for; and (c) long-term equity awards tied to the performance of ING Investments and ING IM's parent company, ING Groep.

Table of Contents

Portfolio managers are eligible to participate in an annual incentive plan. The overall design of the ING IM's annual incentive plan was developed to closely tie compensation to performance, structured in such a way as to drive performance and promote retention of top talent. Investment performance is measured on both index and Adviser relative performance in all areas. The relevant index is the MSCI AC (All Countries) ex USA IndexSM and, where applicable, peer groups including, but not limited to, Russell, Morningstar, Lipper and Lehman and set performance goals to appropriately reflect requirements for each investment team.

Investment professionals' performance measures for bonus determinations are weighted by 25% being attributable to the overall ING IM performance and 75% attributable to their specific team results (60% investment performance and 15% net cash flow). The portfolio managers participate in ING's Pension, Retirement and Options plans, which do not discriminate in favor of portfolio managers or group of employees that include portfolio managers and are available generally to all salaried employees.

ING IM Europe

Within ING IM Europe, the portfolio managers' compensation typically consists of a base salary and a bonus which is based on ING IM Europe's performance as well as the 1-year pre-tax performance of the accounts that the portfolio managers are primarily and jointly responsible for, relative to the performance of the accounts' benchmarks. In addition, the portfolio managers are offered long-term equity awards, such as stocks and/or stock options, which are tied to the performance of the Sub-Adviser's parent company, ING Groep.

Portfolio managers are eligible to participate in an annual incentive plan. The overall design of the ING IM Europe annual incentive plan was developed to closely tie compensation to performance, structured in such a way as to drive performance and promote retention of top talent. As with base salary compensation, individual target awards are determined and set based on external market data and internal comparators. Investment performance is measured on both relative and absolute performance in all areas. ING IM Europe has defined indices and set performance goals to appropriately reflect requirements for each investment team. The measures for each team are outlined on a scorecard that is reviewed on an annual basis. These scorecards reflect a comprehensive approach to measuring investment performance versus benchmark(s) over a one year period. The results for overall ING IM Europe scorecards are calculated on an asset-weighted performance basis of the individual team scorecards.

Investment professionals' performance measures for bonus determinations are typically weighted by 20% being attributable to the overall ING IM Europe performance and 80% attributable to their specific team results.

ING IM Asia/Pacific

Compensation for portfolio managers employed by ING IM Asia/Pacific generally consists of (a) fixed base salary; (b) bonus which is based on ING IM Asia/Pacific's calendar year performance, consisting of one-year pre-tax performance of the accounts for which the portfolio managers are primarily and jointly responsible compared to account benchmarks and relevant peer groups (as described below), and revenue growth of the accounts for which they are responsible for; and (c) long-term equity awards tied to the performance of ING Investments and ING IM Asia/Pacific's parent company, ING Groep.

Portfolio managers are eligible to participate in an annual incentive plan. The overall design of the ING IM Asia/Pacific's annual incentive plan was developed to closely tie compensation to performance, structured in such a way as to drive performance and promote retention of top talent. Investment performance is measured on both index and Adviser relative performance in all areas. The relevant index is the MSCI AC (All Countries) Asia Pacific ex Japan IndexSM. Relevant peer groups include Morningstar Pacific/Asia-Ex Japan Stock funds and Lipper category China Region funds. The portfolio managers participate in ING's Pension, Retirement and Options plans, which do not discriminate in favor of portfolio managers or group of employees that include portfolio managers and are available generally to all salaried employees.

Item 10. Submission of Matters to a Vote of Security Holders.

The Board has a Nominating Committee for the purpose of considering and presenting to the Board candidates it proposes for nomination to fill Independent Trustee vacancies on the Board. The Committee currently consists of all Independent Trustees of the Board (6 individuals). The Nominating Committee operates pursuant to a Charter approved by the Board. The primary purpose of the Nominating Committee is to consider and present to the Board the candidates it proposes for nomination to fill vacancies on the Board. In evaluating candidates, the Nominating Committee may consider a variety of factors, but it has not at this time set any specific minimum qualifications that must be met. Specific qualifications of candidates for Board membership will be based on the needs of the Board at the time of nomination.

The Nominating Committee is willing to consider nominations received from shareholders and shall assess shareholder nominees in the same manner as it reviews its own nominees. A shareholder nominee for director should be submitted in writing to the Fund's Secretary. Any such shareholder nomination should include at a minimum the following information as to each individual proposed for nomination as trustee: such individual's written consent to be named in the proxy statement as a nominee (if nominated) and to serve as a trustee (if elected), and all information relating to such individual that is required to be disclosed in the solicitation of proxies for election of trustees, or is otherwise required, in each case under applicable federal securities laws, rules and regulations.

The Secretary shall submit all nominations received in a timely manner to the Nominating Committee. To be timely, any such submission must be delivered to the Fund's Secretary not earlier than the 90 day prior to such meeting and not later than the close of business on the later of the 60th day prior to such meeting or the 10th day following the day on which public announcement of the date of the meeting is first made, by either disclosure in a press release or in a document publicly filed by the Fund with the Securities and Exchange Commission.

Item 11. Controls and Procedures.

- (a) Based on our evaluation conducted within 90 days of the filing date, hereof, the design and operation of the registrant's disclosure controls and procedures are effective to ensure that material information relating to the registrant is made known to the certifying officers by others within the appropriate entities, particularly during the period in which Forms N-CSR are being prepared, and the registrant's disclosure controls and procedures allow timely preparation and review of the information for the registrant's Form N-CSR and the officer certifications of such Form N-CSR.
- (b) There were no significant changes in the registrant's internal controls that occurred during the second fiscal quarter of the period covered by this report that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting.

Item 12. Exhibits.

- (a) (1) Code of Ethics pursuant to Item 2 of Form N-CSR is filed and attached hereto as EX-99.CODE ETH.
- (a) (2) A separate certification for each principal executive officer and principal financial officer of the registrant as required by Rule 30a-2 under the Act (17 CFR 270.30a-2) is attached hereto as EX-99.CERT.
- (b) The officer certifications required by Section 906 of the Sarbanes-Oxley Act of 2002 are attached hereto as EX-99.906CERT.
- (3) Not applicable.
