General

As previously reported, on November 20, 2009 (the **Petition Date**), GSI Group Inc. (the **Company**) and two of its United States subsidiaries, GSI Group Corporation (**GSI**) and MES International, Inc. (**MES** and, collectively with the Company and GSI, the **Debtors**), filed a Joint Chapter 11 Plan of Reorganization under Chapter 11 of the United States Bankruptcy Code (the **Bankruptcy Code**) with the United States Bankruptcy Court for the District of Delaware (the **Bankruptcy Court**) (Case No. 09-14109 (PJW)). On May 24, 2010, the Debtors filed with the Bankruptcy Court the Final Fourth Modified Joint Chapter 11 Plan of Reorganization for the Debtors, which was further supplemented on May 27, 2010 to provide for minor modifications to the May Plan (as supplemented, the **Final Plan**). On May 27, 2010, the Bankruptcy Court entered an order (the **Confirmation Order**) confirming and approving the Final Plan and the Plan Documents (as defined in the Final Plan). Copies of the Confirmation Order and Final Plan were filed as Exhibits 99.1 and 99.2, respectively, to the Company's Current Report on Form 8-K, as filed with the Securities and Exchange Commission (the **SEC**) on May 28, 2010. Capitalized terms used but not otherwise defined herein have the meanings given to such terms in the Final Plan.

On July 23, 2010 (the **Effective Date**), the Debtors consummated their reorganization through a series of transactions contemplated by the Final Plan, and the Final Plan became effective pursuant to its terms. On July 23, 2010, the Debtors filed a notice of the occurrence of the Effective Date with the Bankruptcy Court.

Pursuant to and in accordance with the Final Plan, the Debtors entered into the following material agreements:

The Notes and the New Indenture

On the Effective Date, GSI issued \$107,040,000 in aggregate principal amount of 12.25% Senior Secured PIK Election Notes (the **Notes**), which mature on July 23, 2014, pursuant to that certain Indenture (the **Indenture**), by and among GSI, as issuer, the Guarantors named therein (including the Company and MES) (collectively, the **Guarantors**) and The Bank of New York Mellon Trust Company, N.A., as trustee (the **Trustee**).

Interest. Interest accrues on the Notes at a rate of 12.25% per year and is payable quarterly in arrears on February 15, May 15, August 15 and November 15 of each year, commencing on August 15, 2010. GSI may elect to pay the interest in cash, or, under certain conditions, by increasing the principal amount of the Note or issuing additional Notes on the same terms and conditions as the existing Notes (**PIK**). Furthermore, until the Company becomes current in its reporting obligations under the Securities Exchange Act of 1934, as amended (the **Exchange Act**) and until the new common shares, no par value (**New Common Shares**), of the Company, as reorganized, are listed on an Eligible Market (as defined in the Indenture), the Note will bear an additional 2% interest per annum payable by PIK. The interest rate on the Notes may be increased under certain defaults, as further described under the subheading "Events of Default" below.

Guarantees. The Notes are fully and unconditionally guaranteed, jointly and severally, on a senior secured basis by certain of the Company's existing direct and indirect U.S. restricted subsidiaries and will be guaranteed by future additional domestic restricted subsidiaries (the **Guarantors**). The obligations of GSI under the New Indenture and the Notes, and each of the Guarantor's obligations under the New Indenture, will be secured by a first priority perfected security interest on all of the U.S. property and assets of GSI and of all Guarantors.

Optional Redemption: GSI may, at any time, redeem up to 100% of the aggregate principal amount of the Notes (including any such notes issued after the Effective Date), in whole or in part, at a redemption price equal to 100% of the principal amount of the Notes to be redeemed, plus accrued and unpaid interest thereon, if any, to, but not including, the date of redemption.

Mandatory Offers to Purchase: To the extent the aggregate principal amount of outstanding indebtedness under a working capital facility which GSI may enter into pursuant to the terms of the Indenture exceeds \$20 million or upon certain asset sales, the Company or GSI will be required to offer to use such excess working capital proceeds or excess net proceeds, as applicable, to make an offer to purchase a portion of the Notes at 100% of the principal amount thereof, plus accrued and unpaid interest to the date of purchase.

Other Covenants. The terms of the Notes will require GSI, the Company and certain of the Company's subsidiaries to comply with covenants that restrict some of their corporate activities, including the ability of GSI, the Company and such

subsidiaries to incur additional debt, pay dividends, create liens, make investments, sell assets, repurchase equity or subordinated debt, or engage in specified transactions with affiliates.

Events of Default. Noncompliance with any of the covenants without cure or waiver would constitute an event of default under the Notes. An event of default resulting from a breach of a covenant may result, at the option of the holders, in an acceleration of the principal and interest outstanding. At any time after the occurrence and during the continuance of an event of default, the Notes will bear interest at a rate per annum equal to the then applicable rate plus 2% per annum (the **Default Rate**). The Notes also contain other customary events of default (subject to specified grace periods), including defaults based on events of bankruptcy and insolvency, cessation of effectiveness of certain related security documents and nonpayment of principal, interest or fees when due.

The above summary of the terms of the Notes and the New Indenture does not purport to be complete and is qualified in its entirety by reference to the provisions of the New Indenture, a copy of which is attached to this Current Report on Form 8-K (this **Current Report**) as Exhibit 4.1 and is incorporated herein by reference.

Security Agreement

On the Effective Date and in connection with the New Indenture, GSI entered into a Security Agreement (the **Security Agreement**) with the Guarantors and the Trustee, as collateral agent thereunder, pursuant to which GSI and the Guarantors, as grantors under the Security Agreement, provided for the grant of a first priority perfected security interest in all (except as otherwise provided therein) of the U.S. property and assets of GSI and each Guarantor to secure GSI's obligations under the New Indenture and the Notes and each Guarantor's obligations under the New Indenture.

The Registration Rights Agreement provides that, from the time the Company becomes current in its reporting obligations under the Exchange Act and for as long as it remains a public company with shares registered under the Exchange Act, the Backstop Investors party to the Registration Rights Agreement that collectively own at least 30% of the registrable securities have a right to twice demand the registration of their registrable securities on a registration statement. The registration may be a shelf registration, filed with the SEC on an underwritten or non-underwritten basis. In addition, such Backstop Investors have unlimited piggyback registration rights.

In May 2010, the Company reached an agreement in principle to settle the Shareholder Class Action. The agreement remains subject to confirmatory discovery and preliminary and final approval of the district court. Following such final approval, the Reserve Shares shall be released to the holders of the Section 510(b) Claims or to the holders of the Company's common shares (the **Old Common Shares**) and holders of common shares that had vested on the Effective Date but had not been issued (**Vested Share Rights**) immediately prior to the Effective Date.
