Dear Shareholder:

You are cordially invited to attend the Annual Meeting of Shareholders of Callaway Golf Company, which will be held on Wednesday, May 18, 2011, at Callaway Golf Company's offices, located at 2180 Rutherford Road, Carlsbad, California 92008, commencing at 9:00 a.m. (PDT). A map is provided on the back page of these materials for your reference. Your Board of Directors and management look forward to greeting personally those shareholders who are able to attend.

At the meeting, your Board of Directors will ask shareholders to (i) elect nine directors; (ii) ratify the appointment of Deloitte & Touche LLP as the Company's independent registered public accounting firm; (iii) hold an advisory vote to approve the compensation of the Company's named executive officers; and (iv) hold an advisory vote on how frequently the Company should ask shareholders to vote on the compensation of the Company's named executive officers (e.g. every year, every two years, every three years, or abstain). These matters are described more fully in the accompanying Proxy Statement, which you are urged to read thoroughly. Your Board of Directors recommends a vote **FOR** each of the nominees, **FOR** ratification of the appointment of the Company's independent registered public accounting firm, **FOR** the approval of named executive officer compensation and for the shareholders to vote **EVERY YEAR** to approve named executive officer compensation.

The Company has elected to take advantage of Securities and Exchange Commission rules that allow issuers to furnish proxy materials to their stockholders on the Internet. Those rules allow the Company to provide its shareholders with the information they need, while lowering the costs of delivery and reducing the environmental impact of the annual meeting.

Your vote is important. Whether or not you plan to attend the Annual Meeting, please vote as soon as possible. If you received notice of how to access the proxy materials via the Internet, a proxy card was not sent to you and you may vote only by telephone or via the Internet if you do not attend the Annual Meeting. If you have requested that a proxy card and proxy materials be mailed to you, and you have received those materials, then instead of voting by telephone or via the Internet, you could vote by mailing a completed proxy card. For specific voting instructions, please refer to the information provided in the following Proxy Statement and in the Notice of Internet Availability previously sent to you.

Thank you for your continued interest in and support of our Company.

Sincerely,
George Fellows
President and Chief Executive Officer

NOTICE OF ANNUAL MEETING OF SHAREHOLDERS

Meeting Date: May 18, 2011

To Our Shareholders:

The 2011 Annual Meeting of Shareholders (the "Annual Meeting") of Callaway Golf Company, a Delaware corporation, (the "Company") is scheduled to be held at Callaway Golf Company's offices, located at 2180 Rutherford Road, Carlsbad, California 92008, commencing at 9:00 a.m. (PDT), on Wednesday, May 18, 2011, to consider and vote upon the following matters described in this notice and the accompanying Proxy Statement:

1. to elect as directors the nine nominees named in the accompanying Proxy Statement;
2. to ratify the appointment of Deloitte & Touche LLP as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2011;
3. to hold an advisory vote to approve the compensation of the Company's named executive officers;
4. to hold an advisory vote on the frequency of future shareholder advisory votes to approve the compensation of the Company's named executive officers; and
5. to transact such other business as may properly come before the meeting or any adjournment or postponement thereof.

The Board of Directors has nominated the following nine individuals to stand for election to the Board of Directors at the Annual Meeting: George Fellows, Samuel H. Armacost, Ronald S. Beard, John C. Cushman, III, Yotaro Kobayashi, John F. Lundgren, Adebayo O. Ogunlesi, Richard L. Rosenfield and Anthony S. Thornley. All nine individuals are currently members of the Company's Board of Directors. For more information concerning these individuals, please see the accompanying Proxy Statement.

The Board of Directors has fixed the close of business on March 21, 2011 as the record date for determination of shareholders entitled to receive notice of and to vote at the Annual Meeting or any adjournment or postponement thereof, and only record holders of common stock at the close of business on that day will be entitled to vote. At the record date, 64,410,566 shares of Common Stock were issued and outstanding. In order to constitute a quorum for the conduct of business at the Annual Meeting, it is necessary that holders of a majority of all outstanding shares of Common Stock of the Company be present in person or represented by proxy.

TO ASSURE REPRESENTATION AT THE ANNUAL MEETING, SHAREHOLDERS ARE URGED TO RETURN A PROXY AS PROMPTLY AS POSSIBLE EITHER BY VOTING THROUGH THE INTERNET OR TELEPHONE OR BY SIGNING, DATING, AND RETURNING A PROXY CARD IN ACCORDANCE WITH THE ENCLOSED INSTRUCTIONS. IF YOU RECEIVED ONLY THE NOTICE OF HOW TO ACCESS THE PROXY MATERIALS VIA THE INTERNET, A PROXY CARD WAS NOT SENT TO YOU AND YOU MAY

Edgar Filing: CALLAWAY GOLF CO - Form DEF 14A

VOTE ONLY BY TELEPHONE OR VIA THE INTERNET IF YOU DO NOT ATTEND THE ANNUAL MEETING. IF YOUR SHARES ARE HELD IN A BROKERAGE ACCOUNT, YOUR BROKER WILL ASK FOR INSTRUCTIONS ON HOW TO VOTE YOUR SHARES. YOU ARE URGED TO RETURN THE VOTING INSTRUCTIONS TO YOUR BROKER AS PROMPTLY AS POSSIBLE TO ENSURE YOUR SHARES WILL BE VOTED. ANY SHAREHOLDER ATTENDING THE ANNUAL MEETING MAY VOTE IN PERSON EVEN IF HE OR SHE PREVIOUSLY RETURNED A PROXY.

If you plan to attend the Annual Meeting in person, we would appreciate your response by so indicating when returning the proxy.

By Order of the Board of Directors,

Brian P. Lynch
Corporate Secretary

Carlsbad, California

PROXY STATEMENT

ANNUAL MEETING OF SHAREHOLDERS

Meeting Date: May 18, 2011

GENERAL INFORMATION

Purpose

This Proxy Statement and accompanying proxy card will first be made available to shareholders on the Internet on or about April 8, 2011 in connection with the solicitation of proxies by the Board of Directors of Callaway Golf Company, a Delaware corporation (the Company). The proxies are for use at the 2011 Annual Meeting of Shareholders of the Company, which is scheduled to be held on Wednesday, May 18, 2011, at Callaway Golf Company, located at 2180 Rutherford Road, Carlsbad, California 92008, commencing at 9:00 a.m. (PDT), and at any meetings held upon adjournment or postponement thereof (the Annual Meeting). The record date for the Annual Meeting is the close of business on March 21, 2011 (the Record Date). Only holders of record of the Company's common stock, \$.01 par value (the Common Stock), on the Record Date are entitled to notice of the Annual Meeting and to vote at the Annual Meeting.

Voting and Quorum

Whether or not you plan to attend the Annual Meeting in person, please return a proxy indicating how you wish your shares to be voted as promptly as possible. If you received notice of how to access the proxy materials via the Internet, a proxy card was not sent to you and you may vote only by telephone or via the Internet if you do not attend the Annual Meeting. If you have received a proxy card, you may return a proxy either by voting through the Internet or telephone or by signing, dating and returning a proxy card. Please follow the accompanying instructions. Any shareholder who returns a proxy has the power to revoke it at any time prior to its effective use either by filing with the corporate secretary of the Company a written instrument revoking it, or by returning (by mail, telephone or Internet) another later-dated proxy, or by attending the Annual Meeting and voting in person. If you sign and return your proxy but do not indicate how you want to vote your shares for each proposal, then for any proposal for which you do not so indicate, your shares will be voted at the Annual Meeting in accordance with the recommendation of the Board of Directors. The Board of Directors recommends a vote **FOR** each of the nominees for election as director as set forth in this Proxy Statement, **FOR** ratification of the appointment of Deloitte & Touche LLP as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2011, **FOR** the approval, on an advisory basis, of named executive officer compensation and for the approval, on an advisory basis, of an advisory vote **EVERY YEAR** to approve named executive officer compensation. By returning the proxy (either by mail, if applicable, telephone or Internet), unless you notify the corporate secretary of the Company in writing to the contrary, you are also authorizing the proxies to vote with regard to any other matter that may properly come before the Annual Meeting or any adjournment or postponement thereof. The Company does not currently know of any such other matter. If there are any such additional matters, the proxies will vote your shares in accordance with the recommendation of the Board of Directors.

At the Record Date, there were 64,410,566 shares of the Company's Common Stock issued and outstanding. No other securities of the Company entitled to vote at the meeting were outstanding at the Record Date. The presence, either in person or by proxy, of persons entitled to vote a majority of the Company's outstanding Common Stock is necessary to constitute a quorum for the transaction of business at the Annual Meeting.

Table of Contents

Abstentions may be specified for all proposals except the election of directors. Under the rules of the New York Stock Exchange (NYSE), brokers who hold shares in street name for customers do not have the authority to vote on certain items when they have not received instructions from beneficial owners (broker non-votes). If you give your broker instructions, your shares will be voted as directed. If you do not give your broker instructions and the proposal is considered routine, brokers are generally permitted to vote your shares in their discretion. Proposal Number 2 in this Proxy Statement (ratification of the selection of Deloitte & Touche LLP as the Company s independent registered public accounting firm) will be considered routine. Proposal Numbers 1, 3 and 4 will not be considered routine and therefore brokers will not have discretionary authority to vote on them.

Abstentions and broker non-votes are counted for purposes of determining a quorum. Abstentions are counted in the tabulation of votes cast and have the same effect as voting against a proposal. Broker non-votes are not considered as having voted for purposes of determining the outcome of a vote.

Holders of Common Stock have one vote for each share on any matter that may be presented for consideration and action by the shareholders at the Annual Meeting, except that shareholders have cumulative voting rights with respect to the election of directors. Cumulative voting rights entitle each shareholder to cast as many votes as are equal to the number of directors to be elected multiplied by the number of shares owned by such shareholder, which votes may be cast for one candidate or distributed among two or more candidates. A shareholder may exercise cumulative voting rights by indicating on the proxy card the manner in which such votes should be allocated (Internet and telephone voting cannot accommodate cumulative voting). The nine nominees for director receiving the highest number of votes at the Annual Meeting will be elected. A return of a proxy giving authority to vote for the nominees named in this Proxy Statement will also give discretion to the designated proxies to cumulate votes and cast such votes in favor of the election of some or all of the applicable director nominees in their sole discretion.

Solicitation of Proxies

The cost of preparing, assembling, printing and mailing this Proxy Statement and the accompanying proxy card, the Notice of Internet Availability, and the cost of soliciting proxies relating to the Annual Meeting, will be borne by the Company. The Company may request banks and brokers to solicit their customers who beneficially own Common Stock listed of record in the name of such bank or broker or other third party, and will reimburse such banks, brokers and third parties for their reasonable out-of-pocket expenses for such solicitations. The solicitation of proxies by mail may be supplemented by telephone, facsimile, Internet and personal solicitation by directors, officers and other employees of the Company, but no additional compensation will be paid to such individuals. The Company has retained the firm of Alliance Advisors LLC to assist in the solicitation of proxies for a base fee of approximately \$5,500, plus out-of-pocket expenses.

Householding

With regard to the delivery of annual reports and proxy statements, under certain circumstances the Securities and Exchange Commission (SEC) permits the Company to send a single set of such proxy materials or, where applicable, one Notice of Internet Availability, to any household at which two or more shareholders reside if they appear to be members of the same family (unless otherwise requested by one or more of such shareholders). Each shareholder, however, still receives a separate proxy card if they receive paper copies. This procedure, known as householding, reduces the amount of duplicate information received at a household and reduces mailing and printing costs as well. This year, the Company will be mailing primarily Notices of Internet Availability and only a small number of printed copies of the annual report and proxy statement to parties that have requested paper copies.

A number of banks, brokers and other firms have instituted householding and have previously sent a notice to that effect to certain of the Company s beneficial shareholders whose shares are registered in the name of the bank, broker or other firm. As a result, unless the shareholders receiving such notice gave contrary instructions,

Table of Contents

only one annual report and one annual proxy statement or one Notice will be mailed to an address at which two or more such shareholders reside. If any shareholder residing at such an address wishes to receive a separate annual report or annual proxy statement in the future, such shareholder should telephone the householding election system (toll-free) at 1-800-542-1061. In addition, (i) if any shareholder who previously consented to householding desires to receive a separate copy of the annual report or annual proxy statement for each shareholder at his or her same address, or (ii) if any shareholder shares an address with another shareholder and both shareholders of such address desire to receive only a single copy of the annual report or annual proxy statement, then such shareholder should contact his or her bank, broker or other firm in whose name the shares are registered or contact the Company as follows: Callaway Golf Company, ATTN: Investor Relations, 2180 Rutherford Road, Carlsbad, CA 92008, telephone (760) 931-1771.

Other Matters

The main purpose of the Annual Meeting of Shareholders is to conduct the business described in this Proxy Statement. On some occasions in the past, the Company has chosen to expand the scope of the meeting to include presentations on portions of the Company's business and to conduct a question and answer session with the Company's leadership. At the upcoming Annual Meeting, it is the Company's intention to have a brief presentation by the Chief Executive Officer after the completion of all business, followed by a short question and answer period. Due to legal and practical constraints, including regulations regarding the selective disclosure of material information, and consistent with the fact that the main purpose of the Annual Meeting is to conduct the necessary business of the Company, a significant, substantive presentation on the Company's current or expected performance is not planned.

BOARD OF DIRECTORS AND CORPORATE GOVERNANCE

Introduction

Corporate governance is the system by which corporations ensure that they are managed ethically and in the best interests of the Company's shareholders. The Company is committed to maintaining high standards of corporate governance. A copy of the Company's Corporate Governance Guidelines is available on the Company's website at www.callawaygolf.com under Investor Relations - Corporate Governance.

One of the most important aspects of corporate governance is the election of a Board of Directors to oversee the operation of the business and affairs of the Company. The Company's Bylaws provide that the Company's directors shall be elected at each annual meeting of shareholders. As a result, as discussed below, the first proposal the shareholders will be asked to vote upon at the Annual Meeting is the election of the nine nominees named in this Proxy Statement as directors to serve until the 2012 annual meeting of shareholders and until their successors are elected and qualified.

In today's business environment, the selection of a qualified independent auditor has become a key aspect of corporate governance. The Board of Directors has asked that shareholders ratify the Audit Committee's selection of Deloitte & Touche LLP as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2011.

Under the recently enacted Dodd-Frank Wall Street Reform and Consumer Protection Act (the Dodd-Frank Act), the shareholders of the Company are entitled to cast an advisory vote at the annual meeting to approve the compensation of the Company's named executive officers, as disclosed in this proxy statement, and to cast an advisory vote on the frequency of such future votes. Pursuant to the Dodd-Frank Act, both of these shareholder votes are advisory only and are not binding on the Company, its Board of Directors or the Compensation and Management Succession Committee. Although the votes are non-binding, the Compensation and Management Succession Committee and the Board of Directors value your opinions and will consider the outcome of the votes in establishing compensation philosophy, making future compensation decisions and deciding how often to hold such future votes.

PROPOSAL NO. 1

ELECTION OF DIRECTORS

Independence. The Company's Bylaws and Corporate Governance Guidelines provide that a substantial majority of the Company's directors must be independent. A director is independent only if the director is not an employee of the Company and the Board has determined that the director has no direct or indirect material relationship to the Company. To be independent, a director must also satisfy any other independence requirements under applicable law or regulation and the listing standards of the New York Stock Exchange (NYSE). In evaluating a particular relationship, the Board considers the materiality of the relationship to the Company, to the director and, if applicable, to an organization with which the director is affiliated. To assist in its independence evaluation, the Board adopted categorical independence standards, which are listed on Exhibit A attached to the Company's Corporate Governance Guidelines, which are available on the Company's website at www.callawaygolf.com under Investor Relations - Corporate Governance. Compliance with these internal and NYSE independence standards is reviewed at least annually. The Board has determined that each of the eight current non-management directors is independent. George Fellows, the Company's President and Chief Executive Officer, is the only current director who is not independent. Therefore, a substantial majority of the members of the Board are independent.

Director Qualifications. The Nominating and Corporate Governance Committee is responsible, among other things, for developing and recommending to the Board criteria for Board membership and for identifying and recruiting potential Board candidates based on the identified criteria in the context of the Board as a whole and in

Table of Contents

light of the Board's needs at a particular time. The Nominating and Corporate Governance Committee has worked with the Board of Directors to identify certain minimum criteria that every director must meet: (1) a director must exhibit very high personal and professional ethics, integrity and values; (2) a director must not have any conflicting interest that would materially impair his or her ability to discharge the fiduciary duties of a director; (3) a director must be committed to the best interests of the Company's shareholders and be able to represent fairly and equally all shareholders without favoring or advancing any particular shareholder or other constituency; and (iv) a director must be able to devote adequate time to his or her service as a director. A potential candidate will not be considered for a directorship unless he or she satisfies these threshold criteria.

In addition to these minimum threshold criteria, the Board of Directors believes that the Board, as a whole, should possess a combination of skills, professional experience, and diversity of backgrounds necessary to oversee the Company's business. In this regard, the Board of Directors has determined that one or more Board members, among other things, should (i) be currently serving as an active executive of another corporation, (ii) have prior experience as a Chief Executive Officer or an operating executive with significant responsibility for operating results, (iii) have public company executive experience, (iv) have public company Board experience, (v) have corporate governance experience, (vi) have executive compensation experience, and (vii) have consumer products experience. The Board also believes that at least one or more members should have functional expertise in each of finance, accounting, legal matters, investment banking, technology, manufacturing, international business, research and development, strategic planning, consumer sales and marketing experience, retail business experience, and mergers and acquisitions. Potential candidates are evaluated based upon the factors described above as well as their independence and relevant business and industry experience.

The Nominating and Corporate Governance Committee works with the Board of Directors to evaluate annually the composition of the Board to assess the skills and experience that are currently represented on the Board, as well as the skills and experience that the Board will find valuable in the future, given the Company's current situation and strategic plans. This annual evaluation of the Board's composition enables the Board to update the skills and experience it seeks in the Board as a whole, and in individual directors, as the Company's needs evolve and change over time. In identifying director candidates from time to time, the Board or Nominating and Corporate Governance Committee may establish specific skills and experience that it believes the Company should seek in order to constitute a balanced and effective board. In addition, although the Board of Directors does not have a formal policy regarding diversity, the Board of Directors believes that ethnic, gender, and cultural diversity among Board members can provide distinct value and is important. In considering potential new candidates, the Board does consider whether the potential Board member would increase the ethnic, gender, or cultural diversity of the Board members.

Identification of Potential Candidates. The Nominating and Corporate Governance Committee uses a variety of methods for identifying director candidates, including professional search firms and recommendations from the Company's officers, directors, shareholders or other persons. If a shareholder believes that he or she has identified an appropriate candidate who is willing to serve on the Company's Board of Directors, the shareholder may submit a written recommendation to the Chair of the Nominating and Corporate Governance Committee c/o the Company's Corporate Secretary at 2180 Rutherford Road, Carlsbad, California 92008. Such recommendation must include detailed biographical information concerning the recommended candidate, including a statement regarding the candidate's qualifications. The Nominating and Corporate Governance Committee may require such further information and obtain such further assurances concerning the recommended candidate as it deems reasonably necessary. The Nominating and Corporate Governance Committee will review properly submitted shareholder candidates in the same manner as it evaluates all other director candidates. In addition to bringing potential qualified candidates to the attention of the Nominating and Corporate Governance Committee as discussed above, a nomination of a person for election to the Board of Directors at an annual meeting of shareholders may be made by shareholders who meet the qualifications set forth in the Company's Bylaws and who make such nominations in accordance with the procedures set forth in the Company's Bylaws, including the procedures described under the heading "Shareholder Proposals" in this Proxy Statement.

Table of Contents

Nomination Process. The Nominating and Corporate Governance Committee believes that the continuing service of qualified incumbents promotes stability and continuity among the Board of Directors and contributes to the Board's ability to function effectively. The continuing service of qualified incumbents also provides the Company with the benefit of the familiarity with and insight into the Company's affairs that its directors have accumulated during their tenure. As a result, in considering candidates for nomination for each annual meeting of shareholders, the Committee first considers the Company's incumbent directors who desire to continue their service on the Board. The Committee will generally recommend to the Board an incumbent director for re-election if the Committee has determined that (i) the incumbent director continues to satisfy the threshold criteria described above, (ii) the incumbent director has satisfactorily performed his or her duties as a director during the most recent term and (iii) there exists no reason why, in the Committee's view, the incumbent director should not be re-elected. If a vacancy becomes available on the Board of Directors as a result of the death, resignation or removal of an incumbent director or as a result of action taken by the Board to increase the size of the Board, the Committee proceeds to identify candidates who meet the required criteria and attributes.

Nominees for Election. The Board of Directors has nominated each of the Company's nine current directors to stand for election at the Annual Meeting to serve until the 2012 annual meeting of shareholders and until their respective successors are elected and qualified. Each nominee has consented to being named in this Proxy Statement as a nominee for election as director and has agreed to serve as a director if elected. If any one or more of such nominees should for any reason become unavailable for election, the persons named in the accompanying form of proxy may vote for the election of such substitute nominees as the Board of Directors may propose. The accompanying form of proxy contains a discretionary grant of authority with respect to this matter.

The nominees for election as directors at the Annual Meeting are set forth below:

Name	Positions with the Company	Director Since
George Fellows	President and Chief Executive Officer	2005
Ronald S. Beard	Chairman of the Board	2001
Samuel H. Armacost	Director	2003
John C. Cushman, III	Director	2003
Yotaro Kobayashi	Director	1998
John F. Lundgren	Director	2009
Adebayo O. Ogunlesi	Director	2010
Richard L. Rosenfield	Director	1994
Anthony S. Thornley	Director	2004

Biographical Information of Nominees. Set forth below is certain biographical information about each of the nominees as well as information concerning the skills and qualifications that led the Board to conclude that the nominees should serve as directors:

George Fellows. Mr. Fellows, 68, is President and Chief Executive Officer of the Company as well as one of its Directors. He has served in such capacities since August 2005. Prior to joining the Company, during the period 2000 through July 2005, he served as President and Chief Executive Officer of GF Consulting, a management consulting firm, and served as Senior Advisor to Investcorp International, Inc. and J.P. Morgan Partners, LLC. Previously, Mr. Fellows was a member of senior management of Revlon, Inc. from 1993 to 1999, including his terms as President commencing 1995 and Chief Executive Officer commencing 1997. He is a member of the board of directors of VF Corporation (a global apparel company). Mr. Fellows also served as a member of the board of directors of Jack In The Box Corporation from August 2007 until September 2008. Mr. Fellows graduated with a B.S. degree from City College of New York, received an MBA from Columbia University, and completed the Advanced Management Program at Harvard University. Mr. Fellows was renominated to serve as a Director because the Board believes it is important to have the Chief Executive Officer serve on the Board as he is the one closest to the day to day operations of the Company and the opportunities and challenges facing the Company. Mr. Fellows has prior experience as a Chief Executive Officer of a public

Table of Contents

company, other public company Board experience, and experience with corporate governance, executive compensation, and consumer products. He also has functional experience in finance, investment banking, human resources/compensation, international business, strategic planning, sales and marketing, the retail industry, and mergers and acquisitions.

Ronald S. Beard. Mr. Beard, 72, has served as a Director of the Company since June 2001 and Chairman since 2005 and held the position of Lead Independent Director from August 2002 until that position was merged into his position as Chairman. Mr. Beard is currently a partner in the Zeughauser Group, consultants to the legal industry. Mr. Beard is a retired former Partner of the law firm of Gibson, Dunn & Crutcher LLP. He joined the firm in 1964, served as Chairman of the firm from April 1991 until December 2001, and was also its Managing Partner from April 1991 until mid-1997. Mr. Beard served as the Company's general outside counsel from 1998 until he joined the Board of Directors. Mr. Beard also serves as a Director of Javo Beverage Company. Mr. Beard served as a Board member of Document Sciences Corporation from December 2004 until March 2008 when it was sold. He received his law degree in 1964 from Yale Law School. Mr. Beard was renominated to serve on the Board of Callaway Golf Company, among other reasons, due to his extensive experience with the Company as a Board member and previously as its primary outside legal advisor. Mr. Beard, among other things, has other public company board experience, and experience with corporate governance, executive compensation, as well as executive officer experience as Chairman of a leading global law firm. Mr. Beard also has functional expertise in finance, accounting, legal matters, international business, strategic planning, and mergers and acquisitions.

Samuel H. Armacost. Mr. Armacost, 72, has served as a Director of the Company since April 2003. From 1981-2010, he served as a director of SRI International (formerly Stanford Research Institute), an independent nonprofit research institute, and was Chairman from 1998 to March 2010. In April 2010, Mr. Armacost was appointed as Chairman Emeritus. Mr. Armacost is a member of the board of directors of Sarnoff, Inc., a subsidiary of SRI International. He was Managing Director of Weiss, Peck & Greer LLC (an investment management and venture capital firm) from 1990 to 1998. He was Managing Director of Merrill Lynch Capital Markets from 1987 to 1990. Prior to that time he was President and Chief Executive Officer of BankAmerica Corporation from 1981 to 1986. He also served as Chief Financial Officer of BankAmerica Corporation from 1979 to 1981. Currently, Mr. Armacost serves as a member of the Board of Directors of Chevron Corporation, Exponent, Inc. and Franklin Resources, Inc. and previously served on the Board of Del Monte Foods Company. Mr. Armacost is a graduate of Denison University and received his MBA from Stanford University in 1964. Mr. Armacost was renominated to serve on the Board of Callaway Golf Company, among other reasons, due to his extensive experience with the Company as a Board member as well as his prior Chief Executive Officer experience of a public company, his other public company board experience, and his experience with corporate governance and executive compensation. He also has functional expertise in finance, accounting, investment banking, human resources/compensation, technology, international business, research and development, strategic planning, and mergers and acquisitions.

Vote Required

Assuming a quorum is present, the nine nominees receiving the highest number of votes cast at the Annual Meeting will be elected as directors. You may vote for or withhold your vote with respect to the election of any or all of the nominees.

Majority Vote Policy

The Company's Corporate Governance Guidelines set forth the Company's procedure regarding a director who is elected but receives a majority of withheld votes. In an uncontested election of directors, any nominee who has a greater number of votes withheld from his or her election than votes for such election (a Majority Withheld Vote) is required to submit in writing an offer to resign. The Nominating and Corporate Governance Committee would consider, among other things, the reasons for the Majority Withheld Vote and make a recommendation to the Board of Directors whether or not to accept the resignation offer. The Board of Directors would consider the recommendation of the Nominating and Corporate Governance Committee and would determine whether to accept the resignation. The Board of Directors would disclose the basis for its determination. Full details of this procedure are set forth in the Company's Corporate Governance Guidelines, posted on its website at www.callawaygolf.com under Investor Relations Corporate Governance.

Board Leadership Structure

The Board of Directors believes that strong, independent Board leadership is a critical aspect of effective corporate governance. As a result, the Board either appoints a Chairman of the Board who is an independent director or appoints a lead independent director if the Chairman of the Board is not independent (e.g. when the Chairman is also the Chief Executive Officer). The independent Chairman or the lead independent director, as the case may be, coordinates the activities of the independent directors, serves as a liaison between the Chief Executive Officer and the independent directors, and presides at the executive sessions (without management) of the independent directors.

The Company currently separates the positions of Chairman and Chief Executive Officer. Separating these positions and having the Chairman lead the Board in its oversight responsibilities enables the Company's Chief Executive Officer to focus on day-to-day business and his other responsibilities. In early 2010, Mr. Beard was serving both as independent Chairman and as lead independent director. As a result, in 2010 the Company eliminated the position of lead independent director as those functions were being performed by Mr. Beard as the independent Chairman.

A copy of the Charter for the Chairman position is available at the corporate governance section of the Company's website at www.callawaygolf.com under Investor Relations Corporate Governance Board Membership.

Risk Oversight

The Company's Board of Directors oversees an enterprise-wide approach to risk management and works with the Audit Committee and management in executing its oversight responsibility for risk management. The Board generally oversees risks related to the Company's strategic and operational objectives and is responsible for overseeing the amounts and types of risks taken by management in executing those objectives. In addition, the Board of Directors has delegated to the Audit Committee the responsibility for oversight of certain of the Company's risk oversight and compliance matters, including oversight of (i) material legal proceedings and material contingent liabilities, (ii) the Company's policies regarding risk assessment and management, (iii) the Company's compliance programs with respect to legal and regulatory requirements and the Company's Code of Conduct, (iv) related party transactions and conflicts of interest, and (v) the establishment of procedures for the receipt and handling of complaints regarding accounting, internal accounting controls and auditing matters.

On a day to day basis, it is management's responsibility to manage risk and bring to the attention of the Board the significant risks facing the Company and the controls in place to manage those risks. As part of this responsibility, each year management conducts an enterprise risk management assessment, which is led by the Company's corporate audit department. All members of management responsible for key business functions and operations participate in this assessment. The assessment includes an identification, and quantification of the potential impact, of the top risks facing the Company and the controls in place to mitigate such risks as well as possible opportunities to reduce such risks. This report is shared with the Audit Committee as well as the full Board of Directors.

Risk Assessment of Compensation Programs

The Company has determined that its compensation policies, plans and practices are consistent with the Company's strategic objectives, appropriately balanced and do not create risks that are reasonably likely to have a material adverse effect on the Company. In making this determination, the Company's human resources and legal departments reviewed the compensation policies, plans and practices for its executive officers, as well as for all other employees and then discussed their findings with the Company's Chief Executive Officer, Compensation Committee and outside compensation consultant. The Company identified its global policies, plans and practices that: covered its global employee population; were structured differently from those of other business units; or represented a significant portion of its compensation expense. The Company then assessed the

Table of Contents

risk-taking incentives inherent in the design and operation of these policies, plans and practices, including the following features of such policies, plans and practices: design, payment methodology, potential payment volatility, relationship to its financial results, length of performance period, risk-mitigating features, performance measures and goals, oversight and controls, and plan features and values compared to market practices. The Company also assessed the various controls that mitigate risks relating to compensation policies, plans and practices, such as executive stock ownership guidelines and forfeiture provisions, contained in the employment agreements of the named executive officers, that enable the recovery of certain incentive compensation payments in certain circumstances. Based on this review, the Company believes that its compensation policies, plans and practices do not create risks that are reasonably likely to have a material adverse effect on the Company. This conclusion is based on, among other things, the approach employed by the Company in developing its compensation policies and practices. First, in setting these policies and practices, the Company was careful to ensure that they were consistent with the Company's strategic objectives and that none of the policies or practices varied significantly from the overall risk and reward structure of the Company. As a result, by design, no individual award is large enough such that its value could create material financial risk to the Company. Second, the Company employed a balanced approach to its policies and practices. More specifically, in setting these policies and practices, the Company balanced short-term and long-term incentives; cash and equity based compensation; service based and performance based compensation; and corporate and individual performance incentives. The Company believes that this overall balanced approach significantly reduces the risk that the Company's compensation policies or practices could have a significant adverse effect on the Company. Third, the Company's incentive plans could not be easily manipulated as they provide for a minimum level of overall corporate profitability before any payout occurs. Fourth, the Company believes that certain of its policies and programs, such as its stock ownership guidelines and compensation forfeiture provisions applicable to certain senior officers, also mitigate any risk taking incentive inherent in any compensation policies or practices. Lastly, the Compensation and Management Succession Committee of the Board of Directors, which is comprised solely of independent directors, has the authority in certain circumstances to consider factors outside of the incentive plans and to exercise discretion to adjust the funding of incentive awards.

Committees of the Board of Directors

The Board of Directors currently has three standing committees. They are the Audit Committee; the Compensation and Management Succession Committee and the Nominating and Corporate Governance Committee. The Board of Directors has adopted written charters for each of the three standing committees. A copy of each of the charters is available on the Company's website at www.callawaygolf.com under Investor Relations Corporate Governance Board Committees. Upon request, the Company will provide to any person without charge a copy of such charters. Any such requests may be made by contacting the Company's Investor Relations Department at the Company's principal executive offices by telephone at (760) 931-1771 or by mail at 2180 Rutherford Road, Carlsbad, CA 92008. More detailed information about each committee is set forth below.

Audit Committee. The Audit Committee currently consists of Messrs. Thornley (Chair), Armacost, Beard, Lundgren, and Ogunlesi. The Board of Directors has determined that each member of the Company's Audit Committee is independent within the meaning of Section 10A(m)(3) of the Securities Exchange Act of 1934, as amended (the Exchange Act), and Rule 10A-3 thereunder, and the applicable listing standards of the NYSE. The Board of Directors has also determined that each member of the Audit Committee is financially literate and has accounting or related financial management expertise within the meaning of the listing standards of the NYSE. In addition, the Board of Directors has determined that at least one member of the Audit Committee qualifies as an Audit Committee Financial Expert as defined by Item 407(d)(5) of Regulation S-K. The Board of Directors has designated Mr. Thornley as the Audit Committee Financial Expert. The Board also believes that the collective experiences of the other members of the Audit Committee make them well qualified to serve on the Company's Audit Committee. Shareholders should understand that Mr. Thornley's designation as an Audit Committee Financial Expert is a Securities and Exchange Commission disclosure requirement, and it does not impose on Mr. Thornley any duties, obligations or liabilities that are greater than those which are generally

Table of Contents

imposed on him as a member of the Audit Committee and the Board, and his designation as an Audit Committee Financial Expert pursuant to this requirement does not affect the duties, obligations or liabilities of any other member of the Audit Committee or the Board.

The Audit Committee is responsible for representing the Board of Directors in discharging its oversight responsibility relating to risk management, the accounting, reporting and financial practices of the Company and its subsidiaries, including the integrity of the Company's financial statements, as well as oversight of the Company's internal audit function. The Audit Committee also has oversight responsibility with regard to the Company's legal and regulatory matters including oversight responsibility for legal compliance. As part of this oversight responsibility the Committee receives at least quarterly updates on litigation matters and reports from the Chief Ethics Officer regarding any complaints received regarding accounting matters or related to the Code of Conduct. The Committee also receives at least annually a full legal compliance report. The Committee also has sole authority for all matters relating to the Company's independent registered public accounting firm, including the appointment, compensation, evaluation, retention and termination of such firm.

Compensation and Management Succession Committee. The Compensation and Management Succession Committee currently consists of Messrs. Cushman (Chair), Armacost, Beard, Lundgren and Rosenfield. All of the members of this Committee are independent directors as determined under the applicable independence standards described above, including the NYSE listing standards. The Committee is responsible for discharging the responsibilities of the Board relating to compensation of the Company's executives and for assisting the Board with management succession issues and planning. The Committee, together with the other independent directors, sets the compensation of the Chief Executive Officer. The Committee sets the compensation of the other executive officers in consultation with the Chief Executive Officer. The Compensation and Management Succession Committee also reviews compensation and benefits plans affecting employees in addition to those applicable to executive officers.

Nominating and Corporate Governance Committee. The Nominating and Corporate Governance Committee currently consists of Messrs. Rosenfield (Chair), Beard, Cushman, Kobayashi, Ogunlesi and Thornley. All of the members of this Committee are independent directors as determined under the applicable independence standards described above, including the NYSE listing standards. The Committee is responsible for identifying and recommending to the Board individuals who are qualified to serve on the Board of Directors and recommending candidates who should stand for election at each annual meeting of shareholders. The Committee is also responsible for oversight of the Company's corporate governance practices, including the Company's Corporate Governance Guidelines, and evaluation of the effectiveness of the Board and Board Committees.

Meetings and Director Attendance

During 2010, the Company's Board of Directors met 7 times and the independent directors met in executive session at four of those meetings and determined that there was no need to meet in executive session at the other meetings; the Audit Committee met 9 times; the Compensation and Management Succession Committee met 6 times; and the Nominating and Corporate Governance Committee met four times. In addition to meetings, the members of the Board of Directors and its committees sometimes take action by written consent in lieu of a meeting, which is permitted under Delaware corporate law, or discuss Company business without calling a formal meeting. During 2010, all of the Company's directors then serving attended in excess of 75% of the meetings of the Board of Directors and committees of the Board of Directors on which they served. All of the Board members are expected to attend the annual meetings of shareholders and all directors attended the 2010 annual shareholders' meeting with the exception of Mr. Kobayashi who was not able to travel due to medical reasons.

Director Compensation

Directors who are not employees of the Company are paid an annual base cash compensation, additional daily cash compensation for attendance at meetings of the Board of Directors and its committees, and are

Table of Contents

reimbursed for their expenses in attending meetings. The annual base cash compensation is \$45,000. Directors also receive \$1,500 per day per Board or committee meeting attended. Non-employee directors who serve as Chairs of committees of the Board of Directors are paid an additional \$300 per day per committee meeting attended. During 2010, in recognition of the significant amount of time they are required to spend on Company business between meetings, the Chairman of the Board, the Chair of the Audit Committee and the Chair of the Compensation and Management Succession Committee were paid additional annual cash retainers of \$30,000, \$10,000 and \$5,000, respectively. These amounts remain unchanged for 2011 with the exception of the Chair of the Compensation and Management Succession Committee who will be paid an annual cash retainer of \$10,000. For additional information see Compensation of Executive Officers and Directors Director Compensation in Fiscal Year 2010 included in this Proxy Statement.

During 2010, the non-employee directors participated in the Callaway Golf Company Amended and Restated 2001 Non-Employee Directors Stock Incentive Plan (the 2001 Plan), which was approved, as amended and restated, by the Company s shareholders at the Company s 2006 annual meeting. As so amended and restated, the 2001 Plan authorizes the grant of various equity awards, including stock options, restricted stock and restricted stock units. It is the Company s current practice that upon the initial election or appointment of a new director and for each year of continuing service, a director is granted stock options, restricted stock, restricted stock units or a combination thereof pursuant to the 2001 Plan. Such initial and continuing service awards are made as of the date of appointment or re-election in the form and amount as determined by the Board of Directors on the recommendation of the Compensation Committee. In 2010, each of the non-employee directors were granted 5,701 restricted stock units with a grant date value of \$50,000 as continuing service awards, as described in Compensation of Executive Officers and Directors Director Compensation in Fiscal Year 2010. Mr. Ogunlesi joined the Board of Directors on January 25, 2010 and in connection with his appointment was granted 9,225 restricted stock units with a grant date value of \$75,000, in addition to receiving in May 2010 the continuing service award described above. Subject to certain anti-dilution and weighting adjustments, a maximum of 500,000 shares are approved for issuance upon the exercise of awards granted under the 2001 Plan. The plan is scheduled to expire on December 31, 2011.

The Company has a policy that the non-employee directors should promote the Company s products by using the Company s current products whenever they play golf. To assist the directors in complying with this policy, non-employee directors are entitled to receive a limited amount of golf club products of the Company, free of charge, for their own personal use and the use of immediate family members residing in their households. The directors also receive a limited amount of other products (e.g., golf balls and accessories) free of charge and the right to purchase a limited amount of additional golf clubs, balls and accessories at a discount that are not material in amount.

Communications with the Board

Shareholders and other interested parties may contact the Company s Chairman of the Board or the non-management directors as a group by email at: *Non-managementdirectors@callawaygolf.com*, or by mail to: Board of Directors, Callaway Golf Company, 2180 Rutherford Road, Carlsbad, California 92008. The Corporate Secretary s office reviews all incoming communications and filters out solicitations and junk mail. All legitimate non-solicitation and non-junk mail communications are reviewed for distribution to the non-management directors or for handling as appropriate as directed by the Chairman of the Board.

Corporate Governance Guidelines and Code of Conduct

The Board of Directors has adopted and published on its website its Corporate Governance Guidelines to provide the Company s shareholders and other interested parties with insight into the Company s corporate governance practices. The Nominating and Corporate Governance Committee is responsible for overseeing these guidelines and for reporting and making recommendations to the Board concerning these guidelines. The Corporate Governance Guidelines cover, among other things, board composition and director qualification

Table of Contents

standards, responsibilities of the Board of Directors, Board compensation, committees of the Board of Directors and other corporate governance matters.

The Board of Directors has also adopted a Code of Conduct that applies to all of the Company's employees, including its senior financial and executive officers, as well as the Company's directors. The Company's Code of Conduct covers the basic standards of conduct applicable to all directors, officers and employees of the Company, as well as the Company's Conflicts of Interest and Ethics Policy and other specific compliance standards and related matters. The Company will promptly disclose any waivers of, or amendments to, any provision of the Code of Conduct that applies to the Company's directors and senior financial and executive officers on its website at www.callawaygolf.com.

The Corporate Governance Guidelines and Code of Conduct are available on the Company's website at www.callawaygolf.com under Investor Relations Corporate Governance and Corporate Overview, respectively. Upon request, the Company will provide to any person without charge a copy of the Company's Corporate Governance Guidelines or Code of Conduct. Any such requests may be made by contacting the Company's Investor Relations department at the Company's principal executive offices by telephone at (760) 931-1771 or by mail at 2180 Rutherford Road, Carlsbad, California 92008.

certain current or former relationships with the Company's independent registered public accounting firm; (ii) procedures for the receipt, retention and treatment of complaints regarding accounting or auditing matters and the confidential submission by employees of any concerns regarding such accounting or auditing matters; (iii) a written policy governing the preapproval of audit and non-audit fees and services to be performed by the Company's independent registered public accounting firm; and (iv) a written policy requiring management to report to the Committee transactions with the Company's officers or certain other parties.

In general, the Audit Committee represents the Board of Directors in discharging its general oversight responsibilities for the Company and its subsidiaries in the areas of accounting, auditing, financial reporting, risk assessment and management, and internal controls. Management has the responsibility for the preparation, presentation and integrity of the Company's financial statements and for its financial reporting process and the Company's independent registered public accounting firm is responsible for expressing an opinion on the conformance of the Company's financial statements to accounting principles generally accepted in the United States. The Audit Committee is responsible for reviewing and discussing with management and the Company's independent registered public accounting firm the Company's annual and quarterly financial statements and financial reporting process and for providing advice, counsel and direction on such matters based upon the information it receives, its discussions with management and the independent registered public accounting firm and the experience of the Audit Committee members in business, financial and accounting matters.

The Company has an internal audit department that, among other things, is responsible for objectively reviewing and evaluating the adequacy and effectiveness of the Company's system of internal controls, including controls relating to the reliability of the Company's financial reporting. The internal audit department reports directly to the Audit Committee and, for administrative purposes, to the Chief Financial Officer.

2010 Audit Committee Activities

During 2010, the Audit Committee met formally 9 times. Messrs. Armacost, Beard, Lundgren, and Thornley served on the Committee throughout 2010, with Mr. Thornley serving as Chair of the Committee. Mr. Ogunlesi was appointed to the Committee in May 2010. The Board has determined that throughout 2010 all members of the Audit Committee met all applicable independence requirements of the NYSE and SEC during the time they served on the Committee, and that all members of the Audit Committee were financially literate and had accounting or related financial management expertise within the meaning of the NYSE listing standards. In addition, the Audit Committee has designated Mr. Thornley as the Audit Committee Financial Expert. Shareholders should understand that this designation is a Securities and Exchange Commission disclosure requirement and does not impose on Mr. Thornley any duties, obligations or liabilities that are greater than those which are generally imposed on him as a member of the Audit Committee and the Board, and his designation as an Audit Committee Financial Expert pursuant to this requirement does not affect the duties, obligations or liabilities of him or any other member of the Audit Committee or the Board. The Audit Committee appointed Deloitte & Touche LLP (Deloitte) to serve as the Company's independent registered public accounting firm for 2010.

The Audit Committee reviewed and discussed with management and Deloitte the Company's quarterly and audited annual financial statements for the year ended December 31, 2010. The Committee also reviewed the report of management contained in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2010, as well as Deloitte's Report of Independent Registered Public Accounting Firm included in the Company's Annual Report on Form 10-K related to its audit of the consolidated financial statements and financial statement schedule. The Audit Committee met privately with Deloitte and discussed issues deemed significant by the accounting firm, and the Audit Committee also discussed with Deloitte the matters required to be discussed by the statement on Auditing Standards No. 61, as amended (AICPA, Professional Standards, Vol. 1, AU section 380), as adopted by the Public Company Accounting Oversight Board in Rule 3200T.

During the course of 2010, the Audit Committee also oversaw management's evaluation of the Company's internal control over financial reporting. The principal internal auditor and management documented, tested and

Table of Contents

evaluated the Company's system of internal control over financial reporting in accordance with the requirements of Section 404 of the Sarbanes-Oxley Act of 2002 and related regulations. The Audit Committee was kept apprised of the progress of the evaluation and provided oversight and advice during the process. In connection with this oversight, the Committee received periodic updates provided by the principal internal auditor, management and Deloitte at least quarterly at a Committee meeting. Upon completion of the evaluation, the principal internal auditor and management reported to the Committee regarding the effectiveness of the Company's internal control over financial reporting and the Committee reviewed and discussed with Deloitte its Report of Independent Registered Public Accounting Firm included in the Company's Annual Report on Form 10-K related to its audit of the effectiveness of internal control over financial reporting. The Committee continues to oversee the Company's efforts related to its internal control over financial reporting.

In accordance with the Sarbanes-Oxley Act of 2002 and applicable rules of the Securities and Exchange Commission, it is the Audit Committee's policy that all non-audit services to be performed by the Company's independent registered public accounting firm must be preapproved by the Audit Committee. During 2010, the Committee approved all non-audit services performed by Deloitte, which consisted only of limited audit-related and tax services as is permitted under the rules of the Securities and Exchange Commission.

In addition, the Audit Committee has received from Deloitte the written disclosures and the letter required by Public Company Accounting Oversight Board (PCAOB) Rule 3526 (Communications with Audit Committees Concerning Independence) and has discussed with Deloitte its independence. Although such letter is only required annually, as a matter of procedure the Audit Committee requests that Deloitte provide such letter at least quarterly and such letter was provided at least quarterly during 2010. The Audit Committee actively engaged in a dialogue with Deloitte with respect to any disclosed relationships or services that might impact Deloitte's objectivity and independence.

Based on the review and discussions referred to above, the Audit Committee recommended to the Board of Directors that the Company's audited financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2010, for filing with the Securities and Exchange Commission.

INFORMATION CONCERNING INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

PROPOSAL NO. 2

RATIFICATION OF THE APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee, which is comprised entirely of independent directors, has appointed Deloitte & Touche LLP to serve as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2011. Deloitte has served as the Company's independent registered public accounting firm since December 2002. Information concerning the services performed by Deloitte and the fees for such services for 2010 and 2009 are set forth below under Fees of Independent Registered Public Accounting Firm. Representatives of Deloitte are expected to attend the Annual Meeting, where they are expected to be available to respond to questions, and if they desire, to make a statement.

At the Annual Meeting, shareholders will be asked to ratify the appointment of Deloitte as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2011. Pursuant to the Sarbanes-Oxley Act of 2002 and the listing standards of the NYSE, the Audit Committee is directly responsible for the appointment of the Company's independent registered public accounting firm. Ratification of this appointment is not required to be submitted to shareholders and a shareholder vote on this matter is advisory only. Nonetheless, as a matter of good corporate governance, the Company is seeking ratification of the appointment of Deloitte. If the shareholders do not ratify the appointment, the Audit Committee will reconsider its appointment of Deloitte. Because the Audit Committee is directly responsible for appointing the Company's independent registered public accounting firm, however, the ultimate decision to retain or appoint Deloitte in the future as the Company's independent registered public accounting firm will be made by the Audit Committee based upon the best interests of the Company at that time.

Vote Required

The affirmative vote of the holders of a majority of shares of Common Stock represented and voting, in person or by proxy, at the Annual Meeting is required to ratify the appointment of Deloitte as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2011. Abstentions will be treated as being present and entitled to vote on the matter and, therefore, will have the effect of votes against the proposal. This proposal is considered a routine matter and your broker has discretion to vote your shares if you do not.

YOUR BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE FOR RATIFICATION OF THE APPOINTMENT OF DELOITTE AS THE COMPANY'S INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR THE FISCAL YEAR ENDING DECEMBER 31, 2011.

Fees of Independent Registered Public Accounting Firm

Audit Fees. Audit fees include fees for (i) the audit of the Company's annual financial statements, (ii) the review of the Company's interim financial statements, (iii) the audit of the Company's internal control over financial reporting under Section 404 of the Sarbanes-Oxley Act of 2002 and (iv) statutory audits and related services for the Company's international subsidiaries. Audit fees also include other services that generally only the independent auditor can reasonably provide, including comfort letters, statutory audits, attest services, and consents and assistance with and review of documents filed with the SEC. The aggregate fees for audit services performed by Deloitte in 2010 were \$1,505,572, compared to fees of \$1,701,700 in 2009. Audit fees for 2009 include \$157,200 for professional services rendered in connection with the Company's issuance of preferred stock in June 2009.

Table of Contents

Audit-Related Fees. Audit-related fees include fees for assurance and related services that are reasonably related to the performance of the audit or review of the Company's financial statements. The aggregate fees for audit-related services performed by Deloitte for each of 2010 and 2009 were \$32,860. The fees for both 2010 and 2009 were incurred in connection with the audit of the financial statements for the Company's 401(k) Retirement Investment Plan.

Tax Fees. Tax fees include fees for services performed by the professional staff in the tax department of the independent registered public accounting firm except for those tax services that could be classified as audit or audit-related services. For 2010 and 2009, the tax fees paid to Deloitte totaled \$112,033 and \$95,049, respectively, and were incurred in connection with routine domestic and foreign tax compliance and tax advice.

All Other Fees. All other fees include fees for all services except those described above. There were no such other non-audit fees in 2010 and 2009.

None of the fees listed above were approved by the Audit Committee in reliance on a waiver from pre-approval under Rule 2-01(c)(7)(i)(C) of Regulation S-X.

Policy for Preapproval of Auditor Fees and Services

The Audit Committee has adopted a policy that all audit, audit-related, tax and any other non-audit service to be performed by the Company's independent registered public accounting firm must be preapproved by the Audit Committee. It is the Company's policy that all such services be preapproved prior to the commencement of the engagement. The Audit Committee is also required to preapprove the estimated fees for such services, as well as any subsequent changes to the terms of the engagement. The Audit Committee has also delegated the authority (within specified limits) to the Chair of the Audit Committee to preapprove such services if it is not practical to wait until the next Audit Committee meeting to seek such approval. The Audit Committee Chair is required to report to the Audit Committee at the following Audit Committee meeting any such services approved by the Chair under such delegation.

The Audit Committee will only approve those services that would not impair the independence of the independent registered public accounting firm and which are consistent with the rules of the SEC and PCAOB. The Audit Committee policy specifically provides that the following non-audit services will not be preapproved: (i) bookkeeping or other services related to the Company's accounting records or financial statements, (ii) financial information systems design and implementation services, (iii) appraisal or valuation services, fairness opinions or contribution-in-kind reports, (iv) actuarial services, (v) internal audit outsourcing services, (vi) management functions, (vii) human resources, (viii) broker-dealer, investment adviser or investment banking services, (ix) legal services and (x) expert services unrelated to an audit for the purpose of advocating the Company's interests in litigation or in a regulatory or administrative proceeding or investigation.

Under this policy, the Audit Committee meets at least annually to review and where appropriate approve the audit and non-audit services to be performed by the Company's independent registered public accounting firm. Any subsequent requests to have the independent registered public accounting firm perform any additional services must be submitted to the Audit Committee by the Chief Financial Officer, together with the independent registered public accounting firm, which request must include an affirmation from each that the requested services are consistent with the SEC and PCAOB's rules on auditor independence.

PROPOSAL NO. 3

ADVISORY VOTE TO APPROVE THE COMPENSATION OF THE COMPANY'S NAMED EXECUTIVE OFFICERS

Under the recently enacted Dodd-Frank Act, the shareholders of the Company are entitled to cast an advisory vote at the annual meeting to approve the compensation of the Company's named executive officers, as disclosed in this proxy statement. Pursuant to recently adopted Section 14A of the Exchange Act, the shareholder vote is an advisory vote only and is not binding on the Company, its Board of Directors or the Compensation Committee. Although the vote is non-binding, the Compensation Committee and the Board of Directors value your opinions and will consider the outcome of the vote in establishing compensation philosophy and making future compensation decisions.

As described more fully in the Compensation Discussion & Analysis section and in the Summary Compensation Table and subsequent tables, the Company's named executive officers, are compensated in a manner consistent with its business strategy, competitive practice, guiding principles for executive compensation, and shareholder interests and concerns. The Company's compensation policies and decisions are focused on pay-for-performance.

The Company also has several compensation governance programs in place to manage compensation risk and align the Company's executive compensation with long-term shareholder interests. These programs include:

stock ownership guidelines;

an independent compensation committee and compensation committee consultant; and

compensation forfeiture provisions contained in the employment agreements of the Company's named executive officers.

We are requesting your non-binding advisory vote on the following resolution:

RESOLVED that the compensation paid to the Company's named executive officers, as disclosed pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, compensation tables and narrative discussion, is hereby APPROVED.

Vote Required

The affirmative vote of the holders of a majority of shares of Common Stock represented and voting, in person or by proxy, at the Annual Meeting is required for approval of this proposal. Abstentions will be treated as being present and entitled to vote on the matter and, therefore, will have the effect of votes against the proposal. A broker non-vote is treated as not being entitled to vote on the matter and is not counted for purposes of determining whether the proposal has been approved. Therefore, if you own shares through a bank, broker or other holder of record, you must instruct your bank, broker or other holder of record how to vote in order for them to vote your shares so that your vote can be counted on this proposal.

YOUR BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE FOR THE RESOLUTION TO APPROVE THE COMPENSATION OF THE COMPANY'S NAMED EXECUTIVE OFFICERS.

PROPOSAL NO. 4

ADVISORY VOTE ON THE FREQUENCY OF THE SHAREHOLDER VOTE TO APPROVE THE COMPENSATION OF THE COMPANY'S NAMED EXECUTIVE OFFICERS

The Dodd-Frank Act also provides that shareholders must be given the opportunity to vote, on a non-binding, advisory basis, for their preference as to how frequently the Company should seek future advisory votes on the compensation of its named executive officers. The Company is asking shareholders whether the advisory vote on executive compensation should occur once every year, every two years or every three years. Shareholders also may, if they wish, abstain from casting a vote on this proposal.

After considering this agenda item, the Board has determined that an annual advisory vote on executive compensation is the most appropriate alternative for the Company at this time. The Board's determination was influenced in part by the fact that this is a new requirement for the Company and in part by the fact that a portion of the compensation of the Company's named executive officers is evaluated, adjusted and approved on an annual basis. As part of the annual review process, the Board believes that shareholder sentiment should be a factor that is taken into consideration by the Board and the Compensation Committee in making decisions with respect to executive compensation. By providing an advisory vote on executive compensation on an annual basis, the Company's shareholders will be able to provide the Company with direct input on its compensation philosophy, policies and practices as disclosed in the proxy statement every year. However, shareholders should note that because the advisory vote on executive compensation occurs well after the beginning of the compensation year, and because the different elements of our executive compensation programs are designed to operate in an integrated manner and to complement one another, in many cases it may not be appropriate or feasible to change our executive compensation programs in consideration of any one year's advisory vote on executive compensation by the time of the following year's annual meeting of shareholders.

The Company recognizes that the shareholders may have different views as to what is an appropriate frequency for advisory votes on executive compensation, and the Company will carefully review the voting results on this proposal. Shareholders will be able to specify one of four choices for this proposal on the proxy card: one year, two years, three years, or abstain. Shareholders are not voting to approve or disapprove the Board's recommendation. Pursuant to recently adopted Section 14A of the Exchange Act, this advisory vote on the frequency of future advisory votes on executive compensation is non-binding on the Board of Directors. Notwithstanding the Board's recommendation and the outcome of the stockholder vote, the Board may in the future decide to conduct advisory votes on a less frequent basis and may vary its practice based on factors such as discussions with shareholders and the adoption of material changes to compensation programs.

Vote Required

The advisory vote regarding the frequency of the shareholder vote described in this proposal shall be determined by the affirmative vote of a majority of shares present at the annual meeting, in person or by proxy, and entitled to vote on the proposal. Abstentions will have the same effect as votes against this proposal. Broker non-votes will have no effect on this proposal as brokers are not entitled to vote on such proposals in the absence of voting instructions from the beneficial owner. If you own shares through a bank, broker or other holder of record, you must instruct your bank, broker or other holder of record how to vote in order for them to vote your shares so that your vote can be counted on this proposal.

With respect to this item, if none of the frequency alternatives (one year, two years or three years) receives a majority vote, the Company will consider the frequency that receives the highest number of votes by stockholders to be the frequency that has been selected by stockholders.

YOUR BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE FOR EVERY YEAR AS THE FREQUENCY FOR ADVISORY VOTES ON THE COMPENSATION OF THE COMPANY'S NAMED EXECUTIVE OFFICERS.

REPORT OF THE COMPENSATION AND MANAGEMENT SUCCESSION COMMITTEE

During 2010, the responsibility for fixing the compensation of the Company's executives was generally delegated by the Board of Directors to the Compensation and Management Succession Committee. In accordance with its written charter, the committee has the following specific duties and responsibilities:

Oversee the Company's overall compensation structure, policies and programs, and assess whether the Company's compensation structure establishes appropriate incentives given the Company's strategic and operational objectives.

Oversee the Company's incentive compensation and equity-based compensation plans, including granting awards under any such plans, and approve, amend or modify the terms of management related compensation or benefit plans that do not require shareholder approval.

Review and approve corporate goals and objectives relevant to the compensation of the chief executive officer, evaluate his performance in light of those goals and objectives, and, together with the other independent members of the Board, set the chief executive officer's compensation level based on this evaluation.

Set the compensation of other executive officers after considering the recommendation of the chief executive officer.

Approve employment agreements and severance arrangements for executive officers, including change in control provisions, plans or agreements.

Review succession plans relating to positions held by executive officers and make recommendations to the Board regarding selections of individuals to fill these positions.

Annually evaluate the performance of the committee and the adequacy of its charter.

Perform such other duties and responsibilities as are consistent with the purpose of the committee as may be assigned from time to time by the Board.

Additional information concerning the Company's executive compensation programs can be found in "Compensation of Executive Officers and Directors" Compensation Discussion and Analysis and the narrative and tabular disclosure that follows it in this Proxy Statement.

The Compensation and Management Succession Committee reviewed and discussed with management the Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K. Based on such review and discussion, the committee recommended to the Board of Directors that the "Compensation Discussion and Analysis" be included in this Proxy Statement for filing with the Securities and Exchange Commission.

COMPENSATION OF EXECUTIVE OFFICERS AND DIRECTORS

Compensation Discussion and Analysis

Introduction.

The following is a discussion of the 2010 compensation of the Company's Chief Executive Officer, Chief Financial Officer, and the three other most highly compensated executive officers who were serving as executive officers on December 31, 2010. These individuals and their current positions are listed below:

George Fellows, President and Chief Executive Officer

Bradley J. Holiday, Senior Executive Vice President and Chief Financial Officer

Steven C. McCracken, Senior Executive Vice President and Chief Administrative Officer

David A. Laverty, Senior Vice President, Global Operations

Thomas T. Yang, Senior Vice President, International

These individuals are collectively referred to in this discussion as the named executive officers because they are named in the compensation tables included in this Proxy Statement. Investors are encouraged to read this discussion in conjunction with the compensation tables and related notes, which include more detailed information about the compensation of the named executive officers for 2010 as well as prior years.

Executive Summary of Changes in 2010.

The changes in the Company's executive compensation programs in 2010 reflected the Company's belief in early 2010 that the golf industry and the Company's business would begin to recover from the global economic downturn. As a result, in 2010, the Company (i) lifted its freeze on salary increases and granted base salary increases for some of the executive officers, (ii) returned to its practice of using performance cash units as part of the long-term incentive awards (which practice had been suspended in 2009 due to the lack of visibility caused by the economic downturn and the resulting inability to set meaningful long-term performance goals), (iii) set challenging performance goals under its annual incentive plan and performance cash unit awards based on the assumption that there would be improvement in the golf industry and the Company's business during 2010, and (iv) reinstated the paid time-off benefits and the Company matching contributions under the 401(k) plan that had been reduced or eliminated in 2009. Ultimately, the golf industry and the Company's business did not recover as the Company had anticipated, which resulted in no payout under the Company's 2010 annual bonus plan and the previously granted 2008-2010 performance cash units, and significantly reduced the likelihood that there would be a payout under the performance cash units awarded in 2010 for the 2010-2012 performance period.

Purpose of Executive Compensation Programs.

Callaway Golf Company is a public corporation engaged in the manufacture and sale of golf clubs, golf balls, and other golf equipment, as well as the sale of other golf-related products, including golf bags, apparel, footwear, and accessories. The sale of golf products is a highly competitive business that is becoming more competitive each year. The Company has operations in the United States, the United Kingdom, Japan, Canada, Korea, Australia, China, Thailand, Malaysia, India and other regions, and directly, or indirectly through third party distributors, sells its products in over 100 countries worldwide. In 2010, the Company had net sales of approximately \$968 million. Given the complexity and size of the Company's business, the Board of Directors must recruit and appoint highly qualified individuals to serve as the Company's executive officers to oversee and manage the Company's operations. The purpose of the Company's executive compensation programs is to attract, retain, motivate and appropriately reward these executive officers. They are also intended to align the interests of the executive officers with those of the Company's shareholders by incentivizing the executive officers to operate the Company in a manner that creates shareholder value.

Role of the Compensation and Management Succession Committee.

The Company's Board of Directors has delegated to the Compensation and Management Succession Committee (the Compensation Committee) the general responsibility for oversight of the Company's

Table of Contents

compensation philosophy, policies and programs, including those applicable to the Company's named executive officers. The Compensation Committee, in consultation with the other independent directors, sets the compensation of the Chief Executive Officer, and the Compensation Committee, in consultation with the Chief Executive Officer, sets the compensation of the other executive officers. The Compensation Committee consults with outside compensation advisors and legal counsel as appropriate.

The Compensation Committee has the responsibility for, among other things, approving and overseeing the Company's executive compensation programs, including the design and implementation of those programs to ensure that the programs are reasonable and not excessive, that they reward corporate and individual performance, and that they provide appropriate incentives for the executive officers and do not encourage excessive risk taking. This responsibility includes setting base salaries, developing appropriate short-term and long-term incentives, approving equity-based award plans and grants, approving employment agreements (including severance and change-in-control provisions), and approving other compensation or benefit plans, arrangements and agreements applicable to executive officers.

In addition, as soon as practical following the end of each fiscal year, the Compensation Committee reviews the performance of the executive officers. The review includes a detailed comparison of the Company's financial performance in absolute terms and against its annual operating plan, a review of performance against stipulated metrics and performance criteria in various compensation plans, a review of the respective executive's performance against agreed-upon objectives, and any other relevant factors pertinent to that year's results. In the case of the Chief Executive Officer, the review also includes a written evaluation of his performance by the independent directors based upon a review of the Chief Executive Officer's agreed-upon annual objectives and his self-appraisal of performance against such goals. Following this detailed review, all of the independent directors participate in executive session to review this information and act on the Compensation Committee's recommendation for any changes in compensation for the Chief Executive Officer that may result from such review and appraisal.

The Compensation Committee routinely reviews the Company's executive compensation programs and makes modifications as appropriate in light of current trends and best practices. The amounts paid to an individual executive in any given year reflect the Company's current compensation programs, continuing prior commitments under previous programs or contracts, and the current performance of that executive. As a result, in any given year there may be circumstances that result in an executive's compensation being different from the Company's current programs and practices but over time compensation should in the aggregate be consistent with the Company's compensation programs as they evolve in light of current trends and best practices.

Additional information concerning the responsibilities of the Compensation Committee is set forth in its charter which is available on the Company's website at www.callawaygolf.com under Investor Relations Corporate Governance Board Committees.

Guiding Principles for Executive Compensation.

In developing appropriate executive compensation programs, the Compensation Committee is generally guided by the following principles:

Compensation levels should be sufficiently competitive to attract and retain the executive talent needed.

The Company's overall compensation levels are targeted to attract the management talent needed to achieve and maintain a leadership position in the businesses where the Company chooses to compete. In general, given the complexity and competitiveness of the Company's business, the Committee believes it is necessary to pay above median compensation to attract the high quality management talent needed to run the Company's business. In setting executive compensation, the Compensation Committee compares the total direct compensation

Table of Contents

(comprised of base salary, annual incentives, and long-term incentives) for the Company's named executive officers to the 75th percentile based upon the Company's Compensation Comparison Group (described below) and other appropriate market reference information.

A significant portion of total compensation should be related to performance.

Executive compensation should be linked to Company and individual performance. The annual incentive compensation element is tied directly to short-term corporate performance but the final payout may be affected by individual performance, and the long-term incentive compensation element is generally tied to long-term corporate performance. Under the Company's plans, performance above targeted goals generally results in compensation above targeted levels, and performance below targeted goals generally results in compensation below targeted levels.

Compensation should reflect position and responsibility, and incentive compensation should be a greater part of total compensation for more senior positions.

Total compensation should generally increase with position and responsibility. At the same time, a greater percentage of total compensation should be tied to corporate and individual performance, and therefore at risk, as position and responsibility increases. Accordingly, individuals with greater roles and responsibility for achieving the Company's performance targets should bear a greater proportion of the risk that those goals are not achieved and should receive a greater proportion of the reward if goals are met or surpassed.

Incentive compensation should strike a balance between short-term and long-term performance.

The Company's compensation plans focus management on achieving strong annual performance in a manner that supports the Company's long-term success and profitability. Accordingly, the Company uses both annual incentives and long-term incentives, with the proportion of long-term incentives increasing at higher levels of responsibility where individuals have the greatest influence over the Company's strategic direction and results over time.

A significant portion of executive compensation should be equity-based.

In order to further align the interests of the Company's executive officers with those of the Company's shareholders, the Compensation Committee believes that a significant portion of executive compensation should be equity-based compensation. As a result, the majority of the Company's long-term incentives for executive officers is equity-based in the form of stock options and restricted stock units. The executive officers are also subject to stock ownership guidelines (discussed in more detail below) which require the executive officers to hold a minimum amount of Company stock and hold a portion of the shares received from the long-term incentive awards until the executive satisfies the minimum holding requirements.

The tax deductibility of compensation should be maximized where appropriate.

To the extent consistent with the Company's compensation strategy, the Company seeks to maximize the deductibility for tax purposes of all elements of compensation. In designing and approving the Company's executive compensation plans, the Compensation Committee considers the effect of all applicable tax regulations, including Section 162(m) of the Internal Revenue Code which generally disallows a tax deduction to public corporations for non-qualifying compensation in excess of \$1.0 million paid to the chief executive officer or certain of the Company's other executive officers. Although maximizing the tax deductibility of compensation is an important consideration, the Compensation Committee may from time to time approve compensation that does not qualify for deductibility where it is appropriate to do so in light of other compelling interests or objectives.

Table of Contents**The Compensation Committee Uses Various Resources to Guide Its Compensation Decisions.**

In setting compensation, the Compensation Committee works with the Company's Senior Vice President of Global Human Resources. In addition, the Compensation Committee has engaged Mercer as its outside compensation consultant to provide independent advice and information on executive compensation matters. Mercer representatives report directly to the Compensation Committee (through the Chair of the Compensation Committee) and provide comparative market data, information on compensation trends, and an objective view of compensation matters. The Company does not use Mercer for any other purposes, except that the Company occasionally purchases from Mercer broad industry compensation survey data that Mercer makes available for third parties to purchase. The Compensation Committee requires that the Company obtain the committee's approval prior to engaging Mercer for any other purpose. Representatives from Mercer generally interact with the Chair of the Compensation Committee, attend the meetings of the Compensation Committee, and meet in executive session with the members of the Compensation Committee and, for matters relating to the compensation of the Chief Executive Officer, with the other independent directors as well. The Compensation Committee also consults with legal counsel as appropriate.

In determining the reasonableness and competitiveness of the Company's executive officer compensation, the Compensation Committee periodically reviews market data for comparisons to the Company's programs. These comparisons are used as reference guides to aid the Compensation Committee in assessing the reasonableness of the Company's proposed compensation levels and targets in any given year. None of the Company's major competitors are stand-alone public golf corporations; rather, they are part of larger corporate conglomerates or are privately owned. Thus, it is difficult to obtain meaningful specific comparative data on their golf businesses. The Compensation Committee therefore compares executive compensation levels with those of a group of 14 other corporations (the Compensation Comparison Group) and with other relevant compensation information, including broad industry survey data and proxy statement data for other corporations as well. The Compensation Comparison Group consists of corporations that are in the consumer discretionary goods sector and which are similar in revenue size and have similar business characteristics as the Company. The median 2010 revenue for the corporations in this peer group was approximately \$1.0 billion, consistent with the Company's 2010 revenue of approximately \$968 million. The Compensation Comparison Group is reviewed periodically as warranted and revised as appropriate to ensure that the corporations in the group continue to be a reasonable comparison for compensation purposes. There were no changes made to this group during 2010. The corporations that currently comprise the Compensation Comparison Group are as follows:

Arctic Cat Inc.	Hasbro, Inc.	Nautilus, Inc	RC2 Corp.
Coach, Inc	Jakks Pacific, Inc.	Oxford Industries	The Timberland
Columbia Sportswear Company	LeapFrog Enterprises, Inc.	Polaris Industries, Inc.	Company
Fossil, Inc.	Movado Group, Inc.	Quiksilver, Inc.	

In addition to the Compensation Comparison Group, the Compensation Committee generally uses a broader peer group as a guide in setting performance targets under the short-term and long-term incentive programs (the Performance Comparison Group). The Performance Comparison Group generally consists of corporations in the S&P 400 and S&P 600 that are in the consumer durables and apparel industry. Most of the corporations in the Compensation Comparison Group are included in the Performance Comparison Group. The Performance Comparison Group, however, is broader than the Compensation Comparison Group because the corporations the Company competes with for capital are different than the corporations the Company competes with for executive talent. The size of a corporation is more relevant when determining competitive compensation levels than it is for evaluating corporate performance. As a result, the corporations in the Compensation Comparison Group are generally within a similar size range; whereas the corporations in the Performance Comparison Group fall within a much broader size range. The Performance Comparison Group is reviewed periodically as warranted and revised as appropriate to ensure that the corporations in the group continue to be a reasonable comparison for goal setting purposes. The current Performance Comparison Group is based upon the Global Industry Classification Standards (GICS) and is comprised of 47 corporations in the S&P 400 and S&P 600 that fall

within the Consumer Durables and Apparel Industry. There were no changes in the Performance Comparison Group during 2010 and set forth below is a list of the corporations which currently comprise the Performance Comparison Group:

American Greetings	Iconix Brand Group, Inc.	National Presto Inds, Inc.	Skyline Corp.

Investors should understand that both the Compensation Comparison Group and the Performance Comparison Group are used as a reference when useful to aid the Compensation Committee in setting executive compensation levels and incentive performance targets. While the Compensation Committee generally uses the Performance Comparison Group as a guide in setting short-term and long-term performance goals under the Company's short-term annual bonus plan and the long-term incentives, the Compensation Committee did not do so in 2010 (or in 2009). The Compensation Committee believes that such comparative data is more useful under more stable economic and business conditions. At the time the short-term and long-term performance goals were set in January 2010, the most recent comparative data available was generally for 2009, which was significantly affected by the worldwide global downturn that began in 2008. Furthermore, the Company incurred a loss in 2009 and the Compensation Committee believed that the performance goals should be set based upon absolute significant year-over-year improvement rather than the relative performance of the corporations in the Performance Comparison Group.

When making executive compensation decisions, the Compensation Committee also reviews a tally sheet for each executive officer for whom the decision is being made. The tally sheet for each executive officer summarizes the officer's total compensation, including each element of total direct compensation, as well as perquisites, and severance and change in control benefits. The Compensation Committee uses the tally sheet to understand the effect its decision will have upon the executive officer's total compensation and the overall impact to the Company.

Components of the 2010 Executive Compensation Program.

The Compensation Committee developed a 2010 executive compensation program consisting of direct compensation as well as benefits and perquisites. The direct compensation is comprised of three elements: base salary, annual incentives and long-term incentives. Each element is intended to reward and motivate executives in different ways consistent with the Company's overall guiding principles for compensation. The amount of total direct compensation intended to come from each element varies with position and level of responsibility, reflecting the principles that total compensation should increase with position and responsibility and that a greater percentage of an executive's compensation should be tied to corporate and individual performance, and therefore at risk, as position and responsibility increase.

Consistent with the Company's compensation philosophy, the 2010 executive compensation program incorporated a balance between guaranteed and at-risk compensation, a balance between cash and equity-based compensation, and a balance between short-term and long-term compensation. In 2010, approximately (i) 87% of the Chief Executive Officer's targeted total direct compensation, and approximately 65-75% of the targeted total

Table of Contents

direct compensation for each of the other named executive officers, was comprised of short-term and long-term incentives that were subject to corporate and individual performance and therefore at risk and (ii) 74% of the Chief Executive Officer's targeted total direct compensation, and approximately 45%-62% of the targeted total direct compensation for the other named executive officers, was long-term, equity-based compensation. Mercer advised the Compensation Committee in connection with the 2010 executive compensation program, and Mercer specifically advised the Compensation Committee that the 2010 executive compensation program was consistent with the Compensation Committee's guiding principles and reasonably based and not excessive.

Set forth below is an analysis of each of the elements of the 2010 executive compensation program. More detailed information concerning the compensation paid to the named executive officers for 2010 is set forth in the compensation tables and related notes contained in other sections of this Proxy Statement.

Analysis of Base Salary.

Base salaries serve as the guaranteed cash portion of executive compensation. Base salary is intended to compensate an executive for performing his or her job responsibilities on a day-to-day basis. An executive officer's base salary is generally established at the time the executive is first hired or is promoted to the executive officer level. The Compensation Committee sets the base salary at a level it believes is competitive based upon the executive officer's experience, position, and responsibility. In setting the base salary, the Compensation Committee reviews the complexity of the job requirements and performance expectations, relevant market data, including information from the Compensation Comparison Group, and consults with its independent compensation consultant. The Compensation Committee also considers how the base salary compares to the base salaries of the other executive officers. The Compensation Committee reviews base salaries annually and adjustments may be made as appropriate based upon the executive officer's individual performance, expanded duties, or changes in the competitive marketplace.

During the first quarter of 2010, in connection with the annual review of base salaries and after consultation with Mercer, the Compensation Committee approved an increase in base salary for Messrs. Fellows, Holiday, Laverty and Yang. No such officers received a base salary increase in 2009. These increases were made based upon their individual performance, a review of comparative market data, and an anticipated improvement in 2010 in the golf industry and the Company's business. More specifically, Mr. Fellows received a base salary increase of \$50,000 (5.4%) based upon his navigation of the Company during the severe global economic downturn. Mr. Holiday received a base salary increase of \$15,000 (3%) based upon his management of the Company's finances and liquidity during the economic downturn, including the \$140 million preferred stock issuance. Mr. Laverty received a base salary increase of \$20,000 (5.6%) based on his continued successful implementation of the Company's initiatives targeted at improving long-term gross margins, including the restructuring of the Company's global manufacturing and distribution operations. Mr. Yang received a base salary increase of \$20,000 (5.2%) based upon the management of the international business during the economic crisis, including the continued development of the Company's business in emerging markets. Despite his strong performance in 2010, the relevant market data did not support a base salary increase for Mr. McCracken. The base salary for each of the named executive officers following the 2010 increases was as follows:

Name	Base Salary
George Fellows	\$ 975,000
Bradley J. Holiday	\$ 515,000
Steven C. McCracken	\$ 550,000
David A. Laverty	\$ 380,000
Thomas T. Yang	\$ 405,000

Analysis of Annual Incentives.

In addition to a base salary, the Company's executive compensation program includes the opportunity to earn an annual cash bonus. The bonus serves as the short-term incentive compensation element of the executive

Table of Contents

compensation program. The bonus is at-risk and subject to designated corporate and individual performance criteria. The bonus is intended to provide an incentive for an executive to drive a high level of corporate and individual performance without excessive risk taking. The payout of annual bonuses to executive officers is subject to the approval of the Compensation Committee following its review of each of the designated corporate and individual performance criteria.

Bonus Opportunity. For 2010, the Compensation Committee implemented a bonus program that was designed to reward the executive officers for achieving certain corporate performance goals as well as individual objectives. Under this program, the Compensation Committee set target bonuses for each of the named executive officers. The target bonus was set as a percentage of base salary and is the amount the executive officer could earn if the Company achieved its target corporate performance goals and the executive officer achieved his individual objectives. Bonus targets for 2010 were as follows:

Name	Target Bonus as a % of Base Salary
George Fellows	100%
Bradley J. Holiday	55%
Steven C. McCracken	55%
David A. Laverty	55%
Thomas T. Yang	55%

The target bonus percentages were set consistent with the total direct compensation that was targeted for each officer. The target bonus percentage for each named executive officer for 2010 was unchanged from the 2009 target bonus percentage.

Performance Goals. The amount of an officer's bonus is generally based upon the achievement of corporate performance goals, although the final amount paid to the executive is subject to reduction based upon an officer's performance with regard to his individual objectives (MBOs). In January 2010, the Compensation Committee set the corporate performance goals for 2010 based upon designated levels of net sales and pro forma corporate operating income (i.e. currency neutral operating income less charges for the Company's global operations strategy). In setting the performance goals for 2010, the Compensation Committee considered, among other things, the Company's performance in 2009, the Company's operational goals and budget for 2010, and the expectation that the golf industry and the Company's business would recover in 2010. Prior to setting the 2010 goals, the Compensation Committee discussed the goals with management and with the Company's outside compensation consultant. Following such discussion, the Compensation Committee set the 2010 performance goals as follows:

(In millions)	Threshold	Target	Maximum
Pro Forma Corporate Operating Income	\$ 25.0	\$ 50.0	\$ 75.0
Corporate Net Sales	\$ 974.0	\$ 1020.0	\$ 1066.0

Subject to satisfactory performance of individual objectives, achievement of target performance generally results in a 100% of target bonus; achievement of threshold performance generally results in a 50% of target bonus; and achievement of maximum performance generally results in a 150% of target bonus. For example, Mr. Fellows' bonus opportunity equals 100% of his base salary. If only threshold performance is achieved, Mr. Fellows' bonus opportunity would be reduced to 50% of his base salary and if maximum performance is achieved his bonus opportunity would be increased to 150% of his base salary. Amounts between threshold and target and target and maximum are interpolated accordingly. Notwithstanding the foregoing, the Compensation Committee also set a minimum Pro Forma Corporate Operating Income threshold of \$25.0 million that had to be achieved before any bonus was paid under any performance criteria.

The Compensation Committee selected Pro Forma Corporate Operating Income (75%) and Corporate Net Sales (25%) as performance criteria and more heavily weighted Pro Forma Corporate Operating Income because

Table of Contents

the emphasis for 2010 was on maximizing profitability on modest sales growth. At the time the goals were set, they were believed to be challenging, but achievable, provided the golf industry and the Company's business improved as anticipated.

With regard to the MBOs for the named executive officers, in January, 2010 the Compensation Committee approved the 2010 MBOs for the Chief Executive Officer, and reviewed and agreed with the 2010 MBOs recommended by the Chief Executive Officer for each of the other named executive officers. The approved MBOs consisted of specific initiatives for each executive officer that support and reinforce achievement of the Company's overall strategic goals and included (i) for Mr. Holiday, the implementation of initiatives relating to business development, information technology, tax, and treasury, (ii) for Mr. McCracken, the implementation of initiatives relating to the 2016 Olympic games and other growth in golf initiatives, (iii) for Mr. Lavery, the implementation of initiatives relating to the Company's gross margin initiatives, inventory management, global distribution and manufacturing, and forecasting, and (iv) for Mr. Yang, the implementation of initiatives relating to the development of existing international businesses as well as new markets, and operations capability. Mr. Fellows' MBOs were generally a compilation of selected MBOs of the other named executive officers, as well as strategic initiatives. During the first quarter of 2011, the Compensation Committee evaluated the performance of the Chief Executive Officer and the other named executive officers against their 2010 MBOs.

2010 Bonus Payout.

The golf industry and the Company's business did not improve as much as the Company had anticipated at the beginning of 2010. In fact, the Company believes that the overall golf industry declined in 2010 by approximately 2% in the United States and by approximately that much internationally as well. The Company's Pro Forma Corporate Operating Income for 2010 was a loss of \$26.6 million and the Company's corporate sales in 2010 were \$967.7 million. As a result, the named executive officers were not eligible for and did not receive a bonus payout under the terms of the 2010 annual incentive plan.

Analysis of Long-Term Incentives.

Value of Awards. The Company's long-term incentives are designed to drive long-term Company performance, provide a means for retaining executives through long-term vesting, and align the interests of the Company's executive officers with the interests of the Company's shareholders by providing an ownership stake in the Company. For each of the named executive officers, a targeted long-term incentive grant value is established. In setting the targeted value, the Compensation Committee consults with its outside compensation consultant, compares the targeted long-term incentive awards to data from the Compensation Comparison Group, and reviews other pertinent broad industry data. It also considers the effect the long-term incentive element would have upon the executive's total direct compensation. The targeted value varies by position and responsibility and for the named executive officers is reviewed annually. The targeted grant value for each of the named executive officers for 2010 (which was unchanged from 2009) was as follows:

Name	2010 Long-term Incentive Award Target Value
George Fellows	\$ 3,200,000
Bradley J. Holiday	\$ 350,000
Steven C. McCracken	\$ 350,000
David A. Lavery	\$ 350,000
Thomas T. Yang	\$ 350,000

The targeted value of the long-term incentive awards was consistent with the total direct compensation that was targeted for each officer. The disparity in targeted grant values for the Chief Executive Officer compared to the other named executive officers reflects the flat nature of the organization reporting to the Chief Executive Officer as well as differences in comparative market data.

Table of Contents

The following is a summary of the long-term incentive awards granted to the named executive officers during 2010 as part of the 2010 executive compensation program:

Name	Date of Grant	No. Shares Underlying RSUs	No. Performance Cash Units	No. Shares Underlying Stock Options
George Fellows	01/28/10	142,392	1,066,667	375,323
Bradley J. Holiday	01/28/10	15,575	116,667	41,051
Steven C. McCracken	01/28/10	15,575	116,667	41,051
David A. Laverty	01/28/10	*	116,667	41,051
Thomas T. Yang	01/28/10	15,575	116,667	41,051

* As discussed below, Mr. Laverty received a one-time cash incentive payment (subject to forfeiture) of \$116,667 in lieu of the restricted stock unit grant.

Types of Awards. Consistent with the Compensation Committee's balanced approach to long-term compensation in 2010 (as discussed above), the Compensation Committee determined that the targeted long-term incentive award value for each executive officer, other than Mr. Laverty, would be allocated equally among three different types of awards, namely restricted stock units, performance cash units and stock options. Together these awards were designed to motivate an executive to remain with the Company, to achieve strong long-term operational performance, and to increase shareholder value. The restricted stock unit awards provide a retention incentive as they vest solely based upon continued service without regard to Company performance or stock price and upon vesting provide an ownership stake in the Company. They also further align the interests of the Company's executives with those of the Company's shareholders as the executives generally have the same long-term economic benefits and risks as does a holder of the Company's stock. The performance cash units provide an incentive to achieve strong operational performance as they are paid to an executive only if the Company achieves predetermined operational performance goals over a three year horizon. The stock option portion provides an incentive to increase shareholder value directly through stock appreciation as the stock options provide no realizable value in the absence of stock appreciation. These awards remain consistent with the Compensation Committee's guiding principles in that a majority of these long-term incentives are performance-based and equity-based. With regard to Mr. Laverty, in addition to the stock option awards and performance cash units noted above, he also received a one-time cash incentive payment of \$116,667 in lieu of the restricted stock unit portion of his long-term incentive award. This award provides a similar retention incentive as the restricted stock unit awards because his cash payment is subject to forfeiture if he voluntarily leaves the Company prior to the third anniversary of the grant date. Additional information concerning each of these awards follows:

Stock Options. A stock option award is the grant of a right to purchase the Company's Common Stock at a fixed purchase price per share and is designed to reward an executive for absolute stock appreciation. Stock options are performance based awards in that they have no realizable value unless there is stock appreciation. The stock options granted to the named executive officers in 2010 vest ratably over a three-year period (with 1/3 vesting in each of the first three years on the anniversary of the grant date) and are for a ten-year term, subject to earlier cancellation in connection with termination of employment. The number of shares subject to the stock option is determined based upon the targeted stock option value for the named executive officer divided by the estimated value of a stock option for one share. The estimated value is based upon the same Black-Scholes option valuation model used by the Company for financial reporting purposes. The stock options were granted at exercise prices equal to the fair market value of the Company's stock on the date of grant (*i.e.*, the closing stock price as reported on the New York Stock Exchange).

Restricted Stock Units. A restricted stock unit is a contingent right to receive one share of Common Stock of the Company upon vesting of the award. A restricted stock unit generally provides the same incentive as restricted stock, except that the holder of a restricted stock unit is not entitled to voting rights or cash dividends. The holders of the restricted stock units, however, do accrue dividend equivalent rights in the form of additional restricted stock units. The additional units only vest to the extent the underlying units vest. The number of units granted to the named executive officers in 2010 was based upon the targeted restricted stock unit value divided

Table of Contents

by the closing price of the Company's Common Stock on the date of grant. The restricted stock units granted in 2010 vest and the restrictions lapse on the third anniversary of the date of grant. If a named executive officer voluntarily leaves the Company without good reason or is terminated for substantial cause prior to the third anniversary of the date of grant, he forfeits the restricted stock units and his right to receive the Company's stock.

Performance Cash Units. A performance cash unit is an unfunded, unsecured promise of the Company to deliver cash in the future to the recipient if certain conditions are met. These awards are designed to achieve strong long-term operational performance. The number of units granted to the named executive officers in 2010 was based upon the targeted award value and is equal to \$1 per unit. The current outstanding performance cash units will vest, if at all, on January 28, 2013, subject to achievement of certain performance goals. The performance goals are based upon the achievement of designated pro forma cumulative net income goals for the three year period beginning January 1, 2010 and ending December 31, 2012. Pro forma cumulative net income is generally cumulative net income on an as-reported basis less the Company's charges for its global operations strategy and other unforeseen one-time charges as determined by the Committee. The Compensation Committee selected this performance measure because it emphasizes profitable operational performance and is highly correlative with shareholder value creation over the long-term. Upon vesting, the recipient will be entitled to a cash payment based upon the number of performance cash units that are earned under the payout levels. The target award is \$1 per each unit for achieving the targeted level of pro forma cumulative net income. For performance above or below the targeted performance levels, an executive may earn 50% of the targeted award level (i.e. \$0.50 per unit) for achieving the designated threshold levels of pro forma cumulative net income or earn 200% of the targeted award level (i.e. \$2.00 per unit) for achieving performance at or above the designated maximum levels of pro forma cumulative net income. Subject to achieving the required performance targets, the units are paid out shortly after the end of the performance period.

Approval and Timing of Grants. The Compensation Committee has adopted specific guidelines that govern the approval and timing of equity awards, including stock options and restricted stock units. The guidelines provide that (i) all equity award grants must be approved by the Compensation Committee, (ii) the annual equity awards will be approved at a regularly scheduled or special meeting of the Compensation Committee with the effective date of grant being the second trading day following the Company's announcement of actual full year financial results, (iii) promotion or other special event award grants will be approved at the first regularly scheduled meeting of the Compensation Committee following the applicable event with the effective date of grant being on the first trading day of the month following the month in which such approval is obtained, and (iv) new hire award grants will be approved at a regularly scheduled or special meeting of the Compensation Committee prior to the date the employee commences employment or the first regularly scheduled meeting of the Compensation Committee following the date of hire. The effective date of grant of the new hire awards will be the date the employee commences employment if the approval occurred prior to such date or the first trading day of the month following the month in which approval is obtained if the approval occurs subsequent to the date on which the employee commences employment. The Compensation Committee's approval includes the eligible participants, type of awards (e.g., stock options or restricted stock units), the size of award for each participant, the performance criteria where applicable, as well as the other terms of the awards and program. In accordance with these guidelines, the annual long-term incentive awards for 2010 were approved by the Compensation Committee on January 22, 2010 and the awards were effective on January 28, 2010. The closing price of the Company's Common Stock on the date of approval was \$8.25 and on the date of grant was \$7.53.

Benefits and Perquisites.

Various benefits are established for the named executive officers to enhance productivity, provide for healthcare needs, and encourage work/life balance. The Company's primary benefits for executives include the Company's health, dental and vision plans, and various insurance plans, including life, long-term disability, and accidental death and dismemberment insurance, as well as paid time off (although to decrease costs during 2010 the Company decreased the amount of paid time off each named executive officer was entitled to accrue). The Company covers the costs of an annual physical, the costs of tax and estate planning fees and provides an annual automobile allowance. Consistent with the Company's position as a leader in the golf industry, many executives

are provided subsidized country club memberships or a limited amount of green fee reimbursements and a limited amount of the Company's products. The Company also offers participation in the Company's employee stock purchase plan (which enables employees to purchase a limited amount of Company stock at a 15% discount through payroll deductions). In connection with the hiring of a new executive officer, the Company may also provide relocation assistance when necessary. See the Summary Compensation Table and related notes in this Proxy Statement for additional information about the value of benefits and perquisites received in 2010.

Retirement Plans.

The Company does not provide the executive officers with any defined benefit pension plans or supplemental executive retirement plans (SERPS), or other similar types of retirement benefits. The only retirement benefit the Company currently provides the named executive officers is the right to participate in the Company's 401(k) Retirement Investment Plan. The Company previously had an executive deferred compensation plan but that plan was terminated in October of 2009.

The Company's 401(k) plan allows participants to contribute a portion of their compensation into the Plan with the Company providing a matching contribution of up to 6% of the participant's compensation (subject to a maximum matching contribution for the named executive officers of up to \$14,700 in 2010). The funds held in the 401(k) plan are invested through Vanguard in various funds selected by the participant. In March 2009, as part of the Company's efforts to reduce costs in light of the unfavorable economic and business conditions, the Company suspended the Company's matching contributions under the plan. The matching contributions were reinstated for 2010.

Employment Agreements.

The Company has entered into an employment agreement with each of the named executive officers. The Company's employment contracts are generally based upon a standard form of agreement with some differences for the Chief Executive Officer. Each employment agreement generally requires the executive officer to devote his full productive time and best efforts to the Company, to hold in confidence all trade secrets and proprietary information he receives from the Company and to disclose and assign to the Company any inventions and innovations he develops during the course of employment with the Company. The employment agreements set forth the base salary, incentive compensation, and in general terms the benefits and perquisites that the executive officer is entitled to as described above. The employment agreements also set forth the benefits and rights the executive officer is entitled to upon termination of employment and upon a change-in-control of the Company. These rights are described below and tables quantifying the potential payments to the named executive officers upon the occurrence of such events are included with the other compensation tables included in this Proxy Statement. The employment agreements for the Company's named executive officers are on file with the Securities and Exchange Commission.

CEO Employment Agreement. In April 2010, the Compensation Committee, along with the Company's other independent directors, amended Mr. Fellows' employment agreement primarily to reflect his then current base salary and to provide for the immediate vesting of all outstanding unvested service-based full value long-term incentive awards (e.g., restricted stock units and phantom stock units) in the event of his death consistent with the changes made to the Company's standard form of officer employment agreement. There was no increase in the term of his employment or material changes to his employment agreement.

Forfeitures. Each of the employment agreements for the named executive officers also contains certain forfeiture provisions. If the Company is required to prepare an accounting restatement due to material noncompliance of the Company with any financial reporting requirements under the United States Securities laws as a result of the intentional misconduct or gross negligence of a named executive officer, or if the named executive officer is one of the persons subject to automatic forfeiture under Section 304 of the Sarbanes-Oxley Act of 2002, then, in addition to any penalty prescribed by Section 304, the named executive officer is required to forfeit (i) any bonus paid within the 12 month period following the filing of the misstated document, (ii) any gain on the sale of Company securities during the same period, (iii) the right to receive special severance and incentive payments, and (iv) any unvested and/or unexercised long-term incentive compensation awards.

Table of Contents**Severance Arrangements.**

Whether an executive officer is entitled to any severance benefits upon termination of employment depends upon the reason for the termination of employment. If an executive officer voluntarily resigns or is terminated by the Company for substantial cause, then the executive officer is generally not entitled to any severance benefits. In this case, the term substantial cause means the executive officer's (i) failure to substantially perform his duties, (ii) material breach of the employment agreement, that is not cured within the specified time allowed, (iii) misconduct, including use or possession of illegal drugs during work and/or any other action that is damaging or detrimental in a significant manner to the Company, (iv) conviction of, or plea of guilty or *nolo contendere* to, a felony, or (v) failure to cooperate with, or any attempt to obstruct or improperly influence, any investigation authorized by the Board of Directors or any governmental or regulatory agency.

If the executive officer's employment is terminated by the Company without substantial cause or by the employee because the Company materially breached the employment agreement or (except in the case of Mr. Fellows) failed to renew the employment agreement upon expiration of its term, then the executive officer is generally entitled to severance benefits. These severance benefits are based upon an assessment of competitive market terms and a determination of what is needed to attract and retain the executive officers. Having negotiated these terms in advance allows for an orderly and amicable separation of an executive, including the obtainment for the Company's benefit of a release of claims and the provision of an incentive for the executive not to compete with the Company as discussed below. The severance benefits consist of (i) a payment equal to the executive officer's annual base salary in the case of Mr. Fellows or equal to the executive officer's annual target bonus in the case of the other named executive officers, pro rated based upon the number of days worked that year, (ii) accelerated vesting of certain long-term incentive awards, (iii) special severance, provided the executive officer executes a release of claims in favor of the Company and provided the executive officer does not engage in any disparaging conduct or communications, and (iv) incentive payments, provided the executive officer chooses not to engage in any business that competes with the Company. Special severance consists of (a) the payment of COBRA and/or CalCOBRA premiums for the severance period, (b) (except for Mr. Fellows) the continuation of the tax and estate financial planning services benefit for the severance period, (c) (except for Mr. Fellows) outplacement services for one year, (d) (except for Mr. Fellows) the payment of a portion of the executive officer's salary and target bonus for the severance period, and (e) in the case of Mr. Fellows, the continuation of his then current annual base salary from the date of termination through his severance period. Incentive payments consist of (except in the case of Mr. Fellows) the payment of a portion of the executive officer's salary and target bonus for the severance period, and in the case of Mr. Fellows the payment of an amount equal to his then current annual base salary for the severance period. Set forth below for each named executive officer is the severance period, the equity awards that would be subject to accelerated vesting, and the amount of special severance and incentive payments to be paid during the severance period:

Name of Officer	Severance Period	Accelerated Vesting	Special Severance	Incentive Payments
George Fellows	Through December 15, 2012	All outstanding unvested long-term incentive awards	An amount equal to base salary for the remainder of severance period	An amount equal to base salary for the remainder of severance period
Bradley J. Holiday	18 months	All outstanding unvested long-term incentive awards	.75 times annual base salary and target bonus payable over 18 months	.75 times annual base salary and target bonus payable over 18 months
Steven C. McCracken				
David A. Laverty	12 months	All outstanding unvested long-term incentive awards that would have vested within 12 months of the termination of employment	.50 times annual base salary and target bonus payable over 12 months	.50 times annual base salary and target bonus payable over 12 months
Thomas T. Yang				

Table of Contents

In addition, in the case of Mr. Fellows, the Company also provides severance benefits when the termination of employment is due to a permanent disability. These benefits are generally less in amount as they are primarily designed to provide financial assistance to the executive until the Company's long-term disability insurance benefits commence. As a result, these benefits consist of (i) the continuation of base salary for six months, (ii) the payment of a lump sum equal to the then current annual base salary prorated for that portion of the year worked, (iii) the immediate vesting of all unvested equity and non-equity Long Term Incentive awards, and (iv) the payment of COBRA insurance premiums for 12 months.

Change-in-Control Arrangements.

To provide independent leadership consistent with the shareholders' best interests in the event of an actual or threatened change in control of the Company, the Company's employment agreements with its officers, including the named executive officers, provide certain protections in the event of a change in control. A change in control of the Company is defined, in general, as the acquisition by any person of beneficial ownership of 30% or more of the voting stock of the Company, the incumbent members of the Board of Directors cease to constitute a majority of the Board of Directors, certain business combinations of the Company, or any shareholder-approved or court-ordered plan of liquidation of the Company.

The Company's change-in-control benefits provide for a double trigger prior to payment. In other words, there must be both a change in control and a termination event (described below) within one year following a change in control. In the event there is such a change in control and termination event with respect to Messrs. Fellows, McCracken, Holiday, Lavery or Yang, then the affected executive officer is generally entitled to the benefits to which he is entitled for a termination by the Company without substantial cause as described above, except that the amount of special severance and incentive payments is increased. The special severance and incentive payments for each of the named executive officers upon a termination event following a change in control would be as follows:

Name of Officer	Change-in-Control Special Severance	Change-in-Control Incentive Payments
George Fellows	1.5 times annual base salary and prior year target bonus, payable over 36 months	1.5 times annual base salary and prior year target bonus, payable over 36 months
Bradley J. Holiday	1.495 times annual base salary and target bonus, payable over 36 months	1.495 times annual base salary and target bonus, payable over 36 months
Steven C. McCracken		
David A. Lavery	1.0 times annual base salary and target bonus, payable over 24 months	1.0 times annual base salary and target bonus, payable over 24 months
Thomas T. Yang		

For this purpose, a termination event means the occurrence of any of the following: (i) the termination or material breach of the employment agreement by the Company, (ii) failure by the successor company to assume the employment agreement, (iii) any material diminishment in the position or duties of the executive officer, (iv) any reduction in compensation or benefits, or (v) any requirement that the executive officer relocate his principal residence. Finally, if a change in control occurs six months following Mr. Fellows' termination of employment and that change in control is the direct result of discussions that were ongoing at the date of termination, then he will be entitled to receive special severance and incentive payments each in the amount of the change-in-control amounts set forth above.

In addition, the terms governing the long-term incentive awards granted to each of the named executive officers generally provide for the vesting of the awards immediately prior to a change in control, unless the Compensation Committee takes action to provide that they do not vest. The Company's 401(k) Retirement Investment Plan also provides for full vesting of all participant accounts immediately prior to a change in control (as defined in the plan).

Table of Contents***Excise Taxes.***

At the time Mr. Fellows joined the Company in 2005, his negotiated employment agreement provided that, to the extent any change in control payments and benefits provided to Mr. Fellows under the employment agreement or any other agreement constitute parachute payments within the meaning of Section 280G of the Internal Revenue Code or are otherwise subject to the excise tax imposed by Section 4999 of the Code, then the Company would indemnify Mr. Fellows for the amount of any such excise taxes. These provisions were not affected by the amendments to Mr. Fellows' employment agreement. Upon the expiration of Mr. Fellows' current employment agreement, the Company has no further obligation to indemnify him for any such excise taxes upon the expiration of his employment agreement on December 15, 2012.

Consistent with current trends in compensation practices, the Compensation Committee has discontinued its practice of providing indemnification for excise taxes for the Company's other officers. As a result, the employment agreements for the other named executive officers do not obligate the Company to provide indemnification for excise taxes. Furthermore, the employment agreements for the named executive officers, excluding Mr. Fellows, provide that to the extent that any or all of the change in control payments and benefits provided to the executive under the employment agreement or any other agreement constitute parachute payments within the meaning of Section 280G of the Internal Revenue Code and would otherwise be subject to the excise tax imposed by Section 4999 of the Code, then the aggregate amount of such change in control payments and benefits would be reduced by the minimum amounts necessary to equal one dollar less than the amount which would result in such payments and benefits being subject to such excise tax.

For additional information regarding the Company's severance and change in control arrangements with the named executive officers, see the Potential Payments Upon Termination or Change in Control section of this Proxy Statement.

Stock Ownership Requirements.

In order to promote ownership of the Company's Common Stock by the Company's non-management directors and executive officers and thereby more closely align their interests with the interests of the Company's shareholders, the Board of Directors has adopted stock ownership guidelines requiring the Company's non-management directors and executive officers to hold the Company's Common Stock in at least the following minimum amounts:

Chief Executive Officer	3x Base Salary
Other Executive Officers	
Senior Executive Vice Presidents	1x Base Salary
Senior Vice Presidents	1x Base Salary
Non-Employee Directors	3x Annual Retainer

The minimum share ownership amounts are required to be achieved within five years of an individual first becoming subject to these guidelines. All shares for which an executive officer is deemed to be the beneficial owner under Section 16 of the Exchange Act, including shares held in a living trust for the executive's benefit, count towards this ownership requirement. Restricted stock and restricted stock unit awards held by the executive count towards the holding requirements whereas stock options and performance share units do not count toward this ownership requirement until the shares are issued. Unless a non-management director or executive officer is in compliance with these guidelines, he is required to retain and hold 50% of any net shares of Common Stock issued in connection with any equity-based awards granted under the Company's executive compensation plans after such non-management director or executive officer first becomes subject to these guidelines. Net shares are those shares that remain after shares are sold or withheld (i) to pay the exercise price and withholding taxes in the case of stock options or (ii) to pay withholding taxes in the case of restricted stock, restricted stock units or performance shares.

Table of Contents**Compensation Committee Interlocks and Insider Participation.**

In 2010, the Company's executive officer compensation matters were handled by the Compensation and Management Succession Committee. The Compensation Committee is currently comprised of the following directors: Messrs. Armacost, Beard, Cushman, Lundgren and Rosenfield. During the times of their committee service during 2010, all of the members of the Compensation Committee were determined to be independent and there were no compensation committee interlocks.

Summary Compensation Table

The following table summarizes the fiscal years 2010, 2009 and 2008 compensation of the Company's (i) principal executive officer, (ii) principal financial officer, and (iii) three other most highly compensated executive officers, as required by the applicable Securities and Exchange Commission disclosure requirements. For a description of the components of the Company's 2010 executive compensation program and the material terms of the named executive officers' individual employment agreements, see Compensation Discussion and Analysis Components of the 2010 Executive Compensation Program and Employment Agreements.

- (1) Represents the aggregate grant date fair value of restricted stock units and phantom stock units calculated for financial reporting purposes for the year utilizing the provisions of Accounting Standards Codification Topic 718, Compensation - Stock Compensation (ASC 718), rather than an amount paid to or realized by the named executive officer. See Note 14, Share-Based Compensation, to the Company's Audited Consolidated Financial Statements set forth in the Company's Form 10-K for the year ended December 31, 2010 (the "10-K") for information concerning the ASC 718 values, which are based on the fair value of the Company's Common Stock on the date of grant. There can be no assurance that the ASC 718 amounts will ever be realized by the named executive officer.
- (2) Represents the aggregate grant date fair value of stock options calculated for financial reporting purposes for the year utilizing the provisions of ASC 718, rather than an amount paid to or realized by the named executive officer. See Note 14, Share-Based Compensation, to the Company's Audited Consolidated Financial Statements set forth in the Company's 10-K for the assumptions made in determining ASC 718 values. There can be no assurance that the ASC 718 amounts will ever be realized by the named executive officer.
- (3) The amounts in this column represent the actual amounts paid under the Company's annual cash incentive program. There were no amounts paid under the 2009 and 2010 annual incentive program. For additional information regarding this program, see Compensation Discussion and Analysis Components of the 2010 Executive Compensation Program Analysis of Annual Incentives.

Table of Contents

- (4) In October 2010, the Company completed the liquidation of the assets held in the nonqualified deferred compensation plan following the Company's announcement to terminate the plan in 2009. The nonqualified deferred compensation plan was not subject to above market or Company-subsidized returns and therefore no amounts are reported in this column. For additional information see the Nonqualified Deferred Compensation in Fiscal Year 2010 table.
- (5) Includes perquisites and personal benefits. All named executive officers are eligible to elect any or all of the following perquisites, subject to certain cost and other limitations set forth in the Company's internal policies: (i) tax and estate planning services, (ii) annual physical, (iii) the reimbursement of country club dues and golfing fees, (iv) supplemental long-term disability insurance, and (v) certain of the Company's products (e.g. golf clubs and balls) for personal use. Additional types of perquisites and personal benefits granted to individual named executive officers are disclosed and quantified in additional footnotes to this table, in accordance with applicable Securities and Exchange Commission disclosure requirements.
- (6) The Company believes the dollar value of any dividends and other earnings paid or accrued on unvested restricted stock unit awards is factored into the grant date fair value calculated in accordance with ASC 718 and reported in column (i) of the table entitled Grants of Plan-Based Awards. Accordingly, the dollar values of dividend equivalent rights accrued with respect to the named executive officers' restricted stock units in 2010 are not reported as All Other Compensation in column (i) of this table. For each of the named executive officers other than Mr. Fellows, the aggregate dollar value of dividend equivalent rights accrued during 2010 was less than \$10,000. During 2010, Mr. Fellows accrued \$17,100 in dividend equivalent rights on unvested restricted stock units. The dividend equivalent rights that accrue on restricted stock unit awards vest only if the underlying award vests.
- (7) Includes a \$14,700 Company matching contribution under its 401(k) Retirement Investment Plan, \$11,725 of term life insurance premiums and \$4,464 in payroll tax reimbursements for income imputed to him in connection with the Company's payment of certain personal travel expenses incurred in attending Company events. Also includes \$156,166 of total perquisites and other personal benefits including a payment of \$94,000 to assist Mr. Fellows with travel expenses not otherwise reimbursable under the Company's policies, \$12,000 in auto allowance, \$9,043 in travel expenses, as well as items (i), (iii), (iv) and (v) described above in footnote 5.
- (8) Includes a \$14,700 Company matching contribution under its 401(k) Retirement Investment Plan and \$27,903 of total perquisites and other personal benefits comprised of \$12,000 in auto allowance, as well as items (i), (ii), (iii), (iv) and (v) described above in footnote 5.
- (9) Includes a \$14,700 Company matching contribution under its 401(k) Retirement Investment Plan and a \$10,577 cash payment for accrued but unused paid time off pursuant to the Company's Paid Time Off policy. Also includes \$37,546 of total perquisites and other personal benefits comprised of \$12,000 in auto allowance, as well as items (i), (iii), (iv) and (v) described above in footnote 5.
- (10) Includes a cash retention incentive payment of \$116,667 in lieu of restricted stock units otherwise granted to him under the 2010 Executive Compensation Program (see Compensation Discussion and Analysis Components of the 2010 Executive Compensation Program Analysis of Annual Incentives), a \$14,700 Company matching contribution under its 401(k) Retirement Investment Plan and a \$14,615 cash payment for accrued but unused paid time off pursuant to the Company's Paid Time Off policy. Also includes \$30,659 of total perquisites and other personal benefits comprised of, \$12,000 in auto allowance, as well as items (i), (ii), (iii), (iv) and (v) described above in footnote 5.
- (11) Includes a \$14,700 Company matching contribution under its 401(k) Retirement Investment Plan and a \$15,577 cash payment for accrued but unused paid time off pursuant to the Company's Paid Time Off policy. Also includes \$24,010 of total perquisites and other personal benefits comprised of \$12,000 in auto allowance, the reimbursement of certain expenses incurred in attending Company events, as well as items (i), (ii), (iii), (iv) and (v) described above in footnote 5.

- (1) The amounts shown in column (i) with a grant date value of January 28, 2010 reflect the number of units underlying restricted stock unit awards granted pursuant to the 2004 Equity Incentive Plan. Each unit represents the right to receive one share of the Company's Common Stock upon vesting of the award. These RSUs are subject to cliff vesting on the third anniversary of the grant date provided the recipient remains employed by the Company on the vesting date. RSUs do not have voting rights, but do accrue dividend equivalent rights in the form of additional restricted stock units. The additional units vest only to the extent the underlying units vest. The RSUs granted in 2010 accrued dividend equivalent rights during 2010, but the amounts shown in column (i) do not include the additional units accrued. See column (g) of the table below entitled Outstanding Equity Awards at Fiscal Year-End 2010 for information regarding accrued dividend equivalent rights.
- (2) The amounts shown in column (j) reflect the number of shares underlying stock options granted pursuant to the 2004 Equity Incentive Plan. Stock options vest ratably over a three-year period and have a ten-year term.
- (3) The exercise price per share of all options granted in 2010 equals the closing market price per share of the Company's Common Stock on the grant date. As reported by the New York Stock Exchange, the closing price per share of the Company's Common Stock was \$7.53 on January 28, 2010.
- (4) The amounts shown in columns (c), (d) and (e) of this row reflect the estimated threshold, target and maximum amounts that could have been paid to the named executive officer under the 2010 annual cash incentive program, the material terms of which are described under Compensation Discussion and Analysis Components of the 2010 Executive Compensation Program Analysis of Annual Incentives. No amounts were or will be paid out under the 2010 program as the requisite performance criteria were not achieved.

Edgar Filing: CALLAWAY GOLF CO - Form DEF 14A

- (5) The amounts shown in columns (c), (d) and (e) of this row reflect the estimated future threshold, target and maximum amounts payable with respect to performance cash units granted by the Company pursuant to the 2004 Equity Incentive Plan. The amount shown in column (c) reflects the minimum payment level for this award which is 50% of the target amount shown in column (d). The amount shown in column (e) is the maximum payment level which is 200% of such target amount. This award is not earned or payable until the end of the performance period, which began on January 1, 2010 and ends on December 31, 2012. The material terms of this award are described under Compensation Discussion and Analysis Components of the 2010 Executive Compensation Program Analysis of Long-Term Incentives.

- (1) Stock options generally have a ten-year term and vest and become exercisable ratably over a three-year period (with 1/3 of the underlying shares vesting on each of the first three anniversaries of the grant date), subject to accelerated vesting upon termination of employment by the Company without substantial cause or by the named executive officer for good reason or in the event of a change in control of the Company as described under Compensation Discussion and Analysis Employment Agreements Severance Arrangements and Change-in-Control Arrangements.
- (2) Upon termination of employment, the named executive officer generally has until the earlier of one year from the date of termination or the option expiration date to exercise his vested options. However, the options may be cancelled and rescinded and proceeds may be forfeited if the named executive officer improperly discloses or misuses confidential information or trade secrets of the Company. In addition, the terms of certain of Mr. Fellows options granted to him provide that if he remains employed with the Company for the designated period of time, then upon termination of employment he would have until the earlier of three years after termination or the expiration of the options to exercise those options.
- (3) Amounts in column (g) represent restricted stock unit awards that generally vest in full on the third anniversary of the grant date (except that Mr. Fellows September 3, 2008 restricted stock unit grant is scheduled to vest on December 15, 2011). No portion of the awards vest prior to the third anniversary of the grant date, subject to accelerated vesting upon termination of employment by the Company without substantial cause or by the named executive officer for good reason or in the event of a change in control of the Company as described under Compensation Discussion and Analysis Employment Agreements Severance Arrangements and Change-in-Control Arrangements.
- (4) Market value based on \$8.07 per share, which was the closing market price of the Company's Common Stock on December 31, 2010.
- (5) Amounts in column (i) represent phantom stock unit awards that vest 50% on the second anniversary of the grant date and 50% on the third anniversary of the grant date, subject to accelerated vesting upon termination of employment by the Company without substantial cause or by the named executive officer for good reason or in the event of a change in control of the Company as described under Compensation Discussion and Analysis Employment Agreements Severance Arrangements and Change-in-Control Arrangements.

- (1) The number of shares reflected in this column reflects the gross number of shares that vested prior to tax withholding.
- (2) The value realized is based upon the gross shares acquired on vesting multiplied by the closing price of the Company's Common Stock on the date of vesting.
- (3) In connection with the vesting of the restricted stock units, 29,307 shares of restricted stock were withheld by the Company to satisfy the Company's tax withholding obligation with respect to such units.
- (4) In connection with the vesting of the restricted stock units, 4,294 shares of restricted stock were withheld by the Company to satisfy the Company's tax withholding obligation with respect to such units.
- (5) In connection with the vesting of the restricted stock units, 4,291 shares of restricted stock were withheld by the Company to satisfy the Company's tax withholding obligation with respect to such units.
- (6) In connection with the vesting of the restricted stock units, 2,844 shares of restricted stock were withheld by the Company to satisfy the Company's tax withholding obligation with respect to such units.
- (7) In connection with the vesting of the restricted stock units, 3,229 shares of restricted stock were withheld by the Company to satisfy the Company's tax withholding obligation with respect to such units.

Table of Contents**Nonqualified Deferred Compensation in Fiscal Year 2010****Executive Deferred Compensation Plan.**

During a portion of 2009, the named executive officers were eligible to participate in the Company's executive deferred compensation plan (DCP). Pursuant to the DCP the participants could defer receipt of up to 75% of base salary and/or 100% of short-term (annual) incentive payments into cash accounts that mirror the gains and/or losses of several different publicly-available mutual funds selected by a committee consisting of members of senior management. In October 2009, the Company terminated the DCP due to low participation. However, Mr. Yang received a payout of his accumulated funds in October 2010.

Potential Payments Upon Termination or Change in Control

Each of the named executive officers has an employment agreement with the Company that provides for potential payments to such executive officer or other benefits (e.g., acceleration of vesting of long-term incentive awards) under certain circumstances following termination of employment or upon a change in control of the Company. The types and amounts of these potential payments vary depending on the following circumstances: (i) voluntary resignation by the executive officer or termination by the Company for substantial cause, (ii) termination by the Company without substantial cause, termination by the executive officer following material breach by the Company of the employment agreement or (except in the case of Mr. Fellows) the Company failing to renew the employment agreement within 45 days of expiration of its term, (iii) a termination event within one year following (or for Mr. Fellows in certain circumstances within six months prior to or one year following) a change in control or (iv) permanent disability of the executive officer. In addition, the terms governing the long-term incentive awards granted to each of the named executive officers generally provide for the vesting of the awards immediately prior to a change in control, subject to the Compensation Committee taking action to provide they do not vest. The Company's 401(k) Retirement Investment Plan provides for full vesting of all Company matching contribution payments for all plan participants, including the named executive officers, immediately prior to a change in control and in the event of a termination due to permanent disability. The potential payments to be made under these varying circumstances, including the conditions and schedules for

Table of Contents

such payments, are described in this Proxy Statement under Compensation Discussion and Analysis Employment Agreements. That description also provides the relevant definitions of substantial cause, special severance, incentive payments, change in control, and termination event.

Payments Made Upon Any Termination.

Regardless of the manner in which a named executive officer's employment terminates, he is entitled to receive amounts earned during his term of employment. These amounts include:

Accrued but unpaid base salary; and

Accrued but unused paid time off.

Basis of Presentation and Underlying Assumptions.

The tables below quantify the potential payments and benefits that would be provided to each named executive officer under each termination or change in control circumstance listed. The amounts shown are based on the assumption that the triggering event took place on December 31, 2010, which was the last business day of 2010, and are based on the \$8.07 per share closing market price of the Company's Common Stock on such date. It also assumes the triggering event resulted in the immediate vesting of all unvested long-term incentives. For the purposes of the following tables, the values for stock options are the intrinsic values of the unvested portion of the stock options accelerated as a result of the applicable triggering event, calculated based on the spread (if any) between the closing market price of the Company's Common Stock on December 31, 2010, and the exercise prices of such accelerated option shares. Such incremental amounts are in addition to the value of the vested portion of these options, if any, and other options held by the named executive officer that were fully vested as of December 31, 2010, as reflected in the Outstanding Equity Awards at Fiscal Year-End 2010 table. A different valuation method for such accelerated options would be used for purposes of evaluating any excise tax liability pursuant to 280G of the Internal Revenue Code (IRC). The values for the performance cash unit awards reflect the cash values of the awards for target performance, the level at which the awards would have been paid out upon the triggering event. The values for restricted stock unit awards reflect the aggregate market value (based on the per share closing market price) at December 31, 2010 of the number of shares underlying the units for which vesting would have accelerated and restrictions would have lapsed upon the triggering event. The values of dividend equivalent rights accrued as of December 31, 2010, including fractional shares, are included in the values shown for restricted stock unit awards. Amounts shown for COBRA and CalCOBRA insurance benefits are calculated through the applicable severance period and are based on premiums for COBRA coverage for health, dental, vision and prescription for up to 18 months following termination and thereafter the premiums for CalCOBRA coverage for health and prescription. Such COBRA and CalCOBRA premiums are calculated based on the coverage selected by the executive officers as of December 31, 2010 and are based on premium rates in effect at that time, which coverage and rates may vary during a severance period. Amounts shown for special severance and incentive payments assume continuous compliance with the conditions for payment set forth in the applicable employment agreement. Special severance and incentive payments may be delayed for six months following a termination event pursuant to Section 409A of the IRC and the rules and regulations promulgated thereunder, and such amounts if delayed will be paid promptly after six months with interest calculated at the applicable one-year Treasury Bill rate. Amounts payable to each named executive officer (other than Mr. Fellows) with respect to a change in control or a termination event within one year of a change in control, are subject to reduction in accordance with the officer's employment agreement to avoid imposition of excise tax for parachute payments within the meaning of Section 280G of the IRC. In accordance with his employment agreement, the Company will indemnify and reimburse Mr. Fellows for any excise taxes imposed on him with respect to payments and benefits provided to him upon the specified termination events related to a change in control. See above, Compensation Discussion and Analysis Employment Agreements Excise Taxes. On December 31, 2010, parachute payment valuations would not result in any 280G impact for any of the named executive officers. The following tables are based upon a theoretical triggering event. The actual amounts to be paid to any named executive officer in the event of his termination or a change in control, and the timing of such

payments, and the value of any equity award acceleration benefits can only be determined at the time of, and under the circumstances of, an actual triggering event and in accordance with applicable law then in effect and reasonable interpretations thereof.

- (1) Directors who are not employees of the Company are paid annual base cash compensation, additional daily cash compensation for attendance at meetings of the Board of Directors and its committees, and are

- reimbursed for their expenses in attending meetings. The 2010 base cash compensation was \$45,000. Directors also receive an additional \$1,500 per day for each Board and committee meeting attended. Non-employee directors who serve as chairs of committees of the Board of Directors are paid an additional \$300 per day for each committee meeting attended as chair. In 2010, Messrs. Cushman, Rosenfield and Thornley each served as chair of a committee and received the additional per day fee with respect to each committee meeting chaired. Also, Mr. Beard was paid an additional \$30,000 in 2010 for his service as Chairman of the Board. Mr. Thornley was paid an additional \$10,000 in 2010 for his service as Chair of the Audit Committee. Mr. Cushman was paid an additional \$5,000 for his service as Chair of the Compensation and Management Succession Committee during 2010.
- (2) Represents the grant date fair value of restricted stock units calculated for financial reporting purposes for the year utilizing the provisions of ASC 718, rather than an amount paid to or realized by the director. See Note 14, Share-Based Compensation, to the Company's Audited Consolidated Financial Statements set forth in the Company's 10-K for information concerning the ASC 718 values, which are based on the fair value of the Company's Common Stock on the date of grant. There can be no assurance that the ASC 718 amounts will ever be realized. In 2010, each non-employee director was granted a restricted stock unit award for 5,701 units. In addition, Mr. Ogunlesi received an additional 9,225 units at the time of his appointment to the Board. Each unit represents a right to receive one share of Common Stock of the Company upon vesting of the award. As of December 31, 2010, the aggregate number of shares underlying outstanding and unvested (*i.e.*, restrictions had not lapsed) restricted stock units held by each non-employee director was 17,041 shares, with the exceptions of Mr. Lundgren, who held 17,518 outstanding and unvested shares and Mr. Ogunlesi who held 14,997 outstanding and unvested shares.
 - (3) Earnings on compensation deferred under the Company's executive deferred compensation plan are not above-market or preferential and therefore not reported in this column.
 - (4) The directors and their immediate family members received a limited amount of golf clubs and other products of the Company during 2010. The aggregate value of this personal benefit did not exceed \$10,000 for any director in 2010 and is therefore not required to be reported as All Other Compensation.
 - (5) The Company believes the dollar value of dividend equivalents accrued to unvested restricted stock units is factored into the grant date fair value of the award calculated in accordance with ASC 718. Accordingly, the dollar values of dividend equivalent rights accrued in 2010 with respect to the non-employee directors' restricted stock units are not considered an item reportable as All Other Compensation. The dollar value of the dividend equivalent rights accrued in 2010 was less than \$10,000 for each director.
- For additional information on standard director compensation arrangements, see Board of Directors and Corporate Governance Director Compensation.

Transactions with Related Persons

As specified in its written charter, it is the duty of the Audit Committee to oversee the Company's compliance programs with respect to legal and regulatory requirements and the Company's written Code of Conduct. Such duties include review of related party transactions and other conflict of interest issues, including a review of any transaction involving the Company and named executive officers. Copies of the Audit Committee charter and the Code of Conduct are available on the Company's website at www.callawaygolf.com under Investor Relations Corporate Governance and Corporate Overview, respectively.

Pursuant to the Code of Conduct, directors, officers and employees are required to disclose for approval any transactions, activities, interests or relationships that may create a conflict of interest (including financial transactions, investments and receipt of corporate gifts). The Code of Conduct sets forth the requirements of the written reporting procedure, internal review of such reports and oversight of the procedures by the Audit Committee. The Code of Conduct also requires directors, officers or employees to report any instance of suspected violations of the Code of Conduct or applicable law.

SHAREHOLDER PROPOSALS

If a shareholder desires to nominate someone for election to the Board of Directors at, or to bring any other business before, the 2012 annual meeting of shareholders, then such shareholder must comply with the procedures set forth in Article II of the Company's bylaws in addition to any other applicable requirements and must give timely written notice of the matter to the corporate secretary of the Company. To be timely, written notice must be delivered to the corporate secretary at the principal executive offices of the Company not less than 90 days nor more than 120 days prior to the first anniversary of this year's Annual Meeting, provided, however, that in the event that the date of the 2012 annual meeting is more than 30 days before or more than 60 days after such anniversary date, then such notice to be timely must be delivered to the corporate secretary not more than 120 days prior to the 2012 annual meeting and not less than the later of (i) 90 days prior to such annual meeting or (ii) 10 days following the date of the first public announcement of the scheduled date of the 2010 annual meeting. Any such notice to the corporate secretary must include all of the information specified in the Company's Bylaws.

If a shareholder desires to have a proposal included in the Company's proxy statement and proxy card for the 2012 annual meeting of shareholders, then, in addition to the notices required by the immediately preceding paragraph and in addition to other applicable requirements (including certain rules and regulations promulgated by the Securities and Exchange Commission), the Company must receive notice of such proposal in writing at the Company's principal executive offices in Carlsbad, California no later than December 10, 2011, provided, however, that if the date of the 2012 annual meeting of shareholders is more than 30 days before or after the first anniversary of this year's Annual Meeting (*i.e.*, the 2011 Annual Meeting of Shareholders), then such notice must be received by the corporate secretary of the Company a reasonable time before the Company begins to print and mail its proxy materials for the 2012 annual meeting.
