Forward-Looking Statements

The Company cautions you that statements included in the conference call that are not a description of historical facts are forward-looking statements that involve risks, uncertainties, assumptions and other factors which, if they do not materialize or prove correct, could cause the Company's results to differ materially from historical results or those expressed or implied by such forward-looking statements. The potential risks and uncertainties that could cause actual growth and results to differ materially include, but are not limited to: the risk that the Company's revenue or earnings projections may turn out to be inaccurate because of the preliminary nature of the forecasts and the risk of further adjustment, or unanticipated difficulty in selling products or generating expected profitability; the uncertain process of seeking regulatory approval or clearance for the Company's products or devices, including risks that such process could be significantly delayed; the possibility that the FDA may require significant changes to the Company's products or clinical studies; the risk that products may not perform as intended and may therefore not achieve commercial success; the risk that competitors may develop superior products or may have a greater market position enabling more successful commercialization; the risk that additional clinical data may call into question the benefits of the Company's products to patients, hospitals and surgeons; and other risks and uncertainties more fully described in the Company's press releases and periodic filings with the Securities and Exchange Commission. The Company's public filings with the Securities and Exchange Commission are available at www.sec.gov. The Company assumes no obligation to update any forward-looking statement to reflect events or circumstances arising after the date on which it was made.
