SUPPLEMENT NO. 2 DATED NOVEMBER 17, 2011

TO THE PROSPECTUS DATED OCTOBER 21, 2011

This document supplements, and should be read in conjunction with, our prospectus dated October 21, 2011 and Supplement No. 1 dated October 21, 2011, relating to our offering of up to \$1,095,000,000 in shares of our common stock. Terms used in this Supplement No. 2 and not otherwise defined herein have the same meanings as set forth in our prospectus. The purpose of this Supplement No. 2 is to disclose:

the authorization of cash distributions to our stockholders; and

our Quarterly Report on Form 10-Q for the quarterly period ended September 30, 2011, filed with the SEC on November 10, 2011.

Authorization of Cash Distributions to Stockholders

On October 27, 2011, our board of directors declared distributions for the months of October, November and December 2011, payable to stockholders of record at a rate of \$0.0016438 per share per day, which is an amount that is equivalent to a 6.0% annualized distribution rate based on a share price of \$10.00. Distributions for the month of October 2011 have been aggregated and paid in cash. Distributions for the months of November and December 2011 will be aggregated and paid on or before the fifteenth day following the completion of each respective month. All distributions will be paid in cash or reinvested in stock for those participating in our distribution reinvestment plan.

Quarterly Report for the Quarter Ended September 30, 2011

On November 10, 2011, we filed with the SEC our Quarterly Report on Form 10-Q for the quarterly period ended September 30, 2011, a copy of which is attached to this Supplement as Exhibit A (without exhibits).

Notes to Consolidated Financial Statements

As of September 30, 2011

(Unaudited and dollars in thousands, except share and per share data)

NOTE 1: Organization

Independence Realty Trust, Inc. invests in a diversified portfolio of real estate assets, primarily multi-family properties located throughout the United States. References to we, us and our refer to Independence Realty Trust, Inc. and its subsidiaries, unless the context requires otherwise.

We conduct our business through our subsidiaries, primarily Independence Realty Operating Partnership, LP, or our operating partnership. We are externally managed by Independence Realty Advisors, LLC, or our advisor, a wholly-owned subsidiary of our sponsor, RAIT Financial Trust (NYSE: RAS).

We were formed on March 26, 2009 as a Maryland corporation and intend to qualify and elect to be taxed as a real estate investment trust, or REIT, beginning with the taxable year ending December 31, 2011. We sold 20,000 common shares to our advisor on April 30, 2009, for \$10 per share. We invested the proceeds from this sale in the partnership units of our operating partnership. Our advisor contributed \$2 to our operating partnership in exchange for 200 limited partner units in our operating partnership. On January 20, 2011, our advisor and other entities affiliated with us were acquired by an affiliate of our sponsor for approximately \$2.3 million. On January 20, 2011, our advisor transferred all of its interests in our operating partnership to RAIT NTR Holdings, LLC, a Delaware limited liability company and an indirect, wholly-owned subsidiary of our sponsor. The holders of the limited partner units have the right to redeem these units for cash in an amount equal to the value of an equivalent number of our common shares, or, at our option, we may purchase such units for cash or by issuing an equal number of our common shares, as permitted by the limited partnership agreement of our operating partnership.

We are offering a minimum of \$2,500 in shares and a maximum of \$1,000,000 in shares of common stock for sale to the public at a price of \$10 per share in our primary offering and 10,000,000 shares at \$9.50 per share pursuant to our distribution reinvestment program, which we collectively refer to as our offering. We intend to use substantially all of the net proceeds from our offering to acquire a diverse portfolio of multifamily properties located throughout the United States.

We have retained Independence Realty Securities, LLC, or our dealer manager, a wholly-owned subsidiary of our sponsor, to serve as our dealer manager for our offering. Our dealer manager is responsible for marketing our common shares. Because our advisor and our dealer manager are indirectly owned and controlled by our sponsor, they are affiliated with us and are considered related parties. Our advisor and our dealer manager will receive compensation and fees for services related to our offering and for the investment and management of our assets. The compensation levels during our offering, acquisition and operational stages are based on percentages of offering proceeds, the cost of properties acquired and the annual revenue earned from such properties, respectively.

NOTE 2: Summary of Significant Accounting Policies

a. Basis of Presentation

The accompanying unaudited interim consolidated financial statements have been prepared by management in accordance with U.S. generally accepted accounting principles, or GAAP. Certain information and footnote disclosures normally included in annual consolidated financial statements prepared in accordance with GAAP have been condensed or omitted pursuant to such rules and regulations, although we believe that the included disclosures are adequate to make the information presented not misleading. The unaudited interim consolidated financial statements should be read in conjunction with our audited financial statements as of and for the year ended December 31, 2010 included in our Annual Report on Form 10-K. In the opinion of management, all adjustments, consisting only of normal recurring adjustments, necessary to present fairly our consolidated financial position and consolidated results of operations and cash flows are included. The results of operations for the interim periods presented are not necessarily indicative of the results for the full year.

b. Principles of Consolidation

Edgar Filing: INDEPENDENCE REALTY TRUST, INC - Form 424B3

The consolidated financial statements reflect our accounts and the accounts of our operating partnership and other wholly-owned subsidiaries. All intercompany accounts and transactions have been eliminated in consolidation.

c. Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting periods. Actual results could differ from those estimates.

d. Organization and Offering Costs

We have recently exited our development stage and we are fully operational. As such, we no longer provide the additional reporting requirements of development stage enterprises. We have incurred and expect to incur additional accounting and offering costs in pursuit of our offering. The offering and organization costs, which are primarily being incurred by our advisor, are expected to be paid or reimbursed by us with offering proceeds.

Our advisor has advanced or reimbursed and may continue to advance or reimburse, all the organization and offering costs incurred on our behalf. These costs are not included in our consolidated financial statements because such costs are not a liability of ours until the subscriptions for the minimum number of our common shares are received and accepted. Organization and offering costs include items such as legal and accounting fees, marketing, promotional and printing costs. All organization and offering costs will be recorded as a reduction of additional paid-in-capital when incurred. Our advisor has incurred \$3,193 of organization and offering costs from our date of inception through September 30, 2011.

e. Revenue Recognition

Minimum rents are recognized on an accrual basis, over the terms of the related leases on a straight-line basis. Any above-market lease values and the capitalized below-market lease values are amortized as an adjustment to rental income over the lease term. Recoveries from residential tenants for utility costs are recognized as revenue in the period that the applicable costs are incurred.

f. Accounts Receivable and Allowance for Bad Debts

We make estimates of the collectability of our accounts receivable related to base rents, expense reimbursements and other revenue. We analyze accounts receivable and historical bad debt levels, tenant credit worthiness and current economic trends when evaluating the adequacy of the allowance for doubtful accounts. In addition, tenants experiencing financial difficulties are analyzed and estimates are made in connection with expected uncollectible receivables. Our reported operating results are directly affected by management's estimate of the collectability of accounts receivable.

g. Investments in Real Estate

Allocation of Purchase Price of Acquired Assets

We account for acquisitions of properties in accordance with FASB ASC Topic 805, *Business Combinations*. The fair value of the real estate acquired is allocated to the acquired tangible assets, consisting of land, building and tenant improvements, and identified intangible assets and liabilities, consisting of the value of above-market and below-market leases for acquired in-place leases and the value of tenant relationships, based in each case on their fair values. Purchase accounting is applied to assets and liabilities associated with the real estate acquired. Transaction costs and fees incurred related to acquisitions are expensed as incurred. Transaction costs and fees incurred related to the acquisition of a joint venture interest, accounted for under the equity method of accounting, are capitalized as part of the cost of the investment.

Upon the acquisition of properties, we estimate the fair value of acquired tangible assets (consisting of land, building and improvements) and identified intangible assets and liabilities (consisting of above and below-market leases, in-place leases and tenant relationships), and assumed debt at the date of acquisition, based on the evaluation of information and estimates available at that date. Based on these estimates, we allocate the initial purchase price to the applicable assets and liabilities. As final information regarding fair value of the assets acquired and liabilities assumed is received and estimates are refined, appropriate adjustments will be made to the purchase price allocation, in no case later than twelve months of the acquisition date.

Edgar Filing: INDEPENDENCE REALTY TRUST, INC - Form 424B3

In determining the fair value of the identified intangible assets and liabilities of an acquired property, above-market and below-market in-place lease values are recorded based on the present value (using an interest rate which reflects the risks associated with the leases acquired) of the differences between (i) the contractual amounts to be paid pursuant to the in-place leases and (ii) management's estimate of fair market lease rates for the corresponding in-place leases, measured over a period equal to the remaining term of the lease. The capitalized above-market lease values and the capitalized below-market lease values are amortized as an adjustment to rental income over the lease term.

Table of Contents

Independence Realty Trust, Inc. and Subsidiaries

Notes to Consolidated Financial Statements

As of September 30, 2011

(Unaudited and dollars in thousands, except share and per share data)

The aggregate value of in-place leases is determined by evaluating various factors, including an estimate of carrying costs during the expected lease-up periods, current market conditions and similar leases. In estimating carrying costs, management includes real estate taxes, insurance and other operating expenses, and estimates of lost rental revenue during the expected lease-up periods based on current market demand. Management also estimates costs to execute similar leases including leasing commissions, legal and other related costs. The value assigned to this intangible asset is amortized over the remaining lease terms.

Impairment of Long-Lived Assets

Management evaluates the recoverability of its investment in real estate assets, including related identifiable intangible assets, in accordance with FASB ASC Topic 360, *Property, Plant and Equipment*. This statement requires that long-lived assets be reviewed for impairment whenever events or changes in circumstances indicate that recoverability of the assets is not assured.

Management evaluates the long-lived assets on an ongoing basis and records an impairment charge when there is an indicator of impairment. The estimated cash flows used for the impairment analysis and the determination of estimated fair value are based on our plans for the respective assets and our views of market and economic conditions. The estimates consider matters such as current and historical rental rates, occupancies for the respective and/or comparable properties, and recent sales data for comparable properties. Changes in estimated future cash flows due to changes in our plans or views of market and economic conditions could result in recognition of impairment losses, which, under the applicable accounting guidance, could be substantial.

Depreciation and Amortization

Depreciation expense for real estate assets are computed using a straight-line method based on a life of 40 years for buildings and improvements and five to ten years for equipment and fixtures. Expenditures for tenant improvements are capitalized and amortized over the initial term of each lease.

h. Deferred Costs

We capitalize initial direct costs in accordance with FASB ASC Topic 310, *Receivables*. The costs are capitalized upon the execution of the loan or lease and amortized over the initial term of the corresponding loan or lease. Deferred loan costs are amortized to interest expense over the term of the loan. Deferred leasing costs are amortized to amortization expense over the initial term of the lease.

i. Income Taxes

We expect that we will qualify and elect to be taxed as a REIT beginning with the taxable year ending December 31, 2011. For the three and nine-month periods ended September 30, 2011 and 2010, we recorded no income tax expense.

To qualify and maintain our status as a REIT, we must meet certain organizational and operational requirements, including a requirement to distribute at least 90% of our ordinary taxable income to stockholders. As a REIT, we generally will not be subject to federal income tax on taxable income that we distribute to our stockholders. If we fail to qualify as a REIT in any taxable year, we will be subject to federal income taxes on our taxable income at regular corporate rates and will not be permitted to qualify for treatment as a REIT for federal income tax purposes for four years following the year during which qualification is lost unless the Internal Revenue Service grants us relief under certain statutory provisions. Such an event could materially adversely affect our net income and net cash available for distribution to stockholders, however, we believe that we will be organized and operate in such a manner as to qualify and maintain treatment as a REIT and intend to operate in such a manner so that we will qualify and remain qualified as a REIT for federal income tax purposes.

j. Earnings per Share

Earnings per share is computed in accordance with FASB ASC Topic 260, Earnings per Share, by dividing the net income by the weighted average number of common shares outstanding during the respective period. Earnings per share excludes 4,046,700 limited partnership units that are convertible into common stock as their effect would be antidilutive for the three and nine-month periods ended September 30, 2011. No such limited partnership units existed in 2010.

Table of Contents**Independence Realty Trust, Inc. and Subsidiaries****Notes to Consolidated Financial Statements****As of September 30, 2011****(Unaudited and dollars in thousands, except share and per share data)*****k. Recent Accounting Pronouncements***

On January 1, 2011, we adopted ASU No. 2010-29, Disclosure of Supplementary Pro Forma Information for Business Combinations. This accounting standard requires that if a public entity presents comparative financial statements, the entity should disclose revenue and earnings of the combined entity as though the business combination(s) that occurred during the current year had occurred as of the beginning of the comparable prior annual reporting period only. This accounting standard also expands the supplemental pro forma disclosures under FASB ASU Topic 805, Business Combinations to include a description of the nature and amount of material, nonrecurring pro forma adjustments directly attributable to the business combination included in the reported pro forma revenue and earnings. The adoption of this standard did not have a material effect on our consolidated financial statements.

NOTE 3: Investments in Real Estate

As of September 30, 2011, our investments in real estate consisted of six multifamily real estate properties with 1,492 units. The table below summarizes our investments in real estate:

Land	\$ 21,469

Furniture, fixtures and equipment	817
Total investment in real estate	108,878
Accumulated depreciation	(7,672)
Investments in real estate, net	\$ 101,206

Acquisitions:

On April 29, 2011, we, through our operating partnership, acquired six multifamily properties, which we refer to as the initial portfolio, from six wholly-owned subsidiaries of our sponsor. The contribution value of the initial portfolio was \$103,790. In connection with the acquisition of the initial portfolio, our operating partnership assumed \$64,575 of mortgage indebtedness and issued \$39,215 of limited partner interests, or 3,921,500 limited partner units, to our sponsor. In addition, our sponsor purchased an additional 125,000 limited partner units for \$1,250 in cash on April 29, 2011. As we are wholly-owned by our sponsor and under common control, the assets and liabilities of the initial portfolio were recorded at our sponsor's carrying amount, or book value, at the time of contribution, pursuant to Staff Accounting Bulletin Topic 5G and ASC 805-50-30-5.

The following table summarizes the aggregate carrying value of the assets and liabilities associated with the Initial Portfolio acquired during the nine-month period ended September 30, 2011, on the respective date of each conversion, for the real estate accounted for under FASB ASC Topic 805.

NOTE 5: Shareholder Equity and Non-Controlling Interest

On April 8, 2011, we filed with the Securities and Exchange Commission, or the SEC, a Registration Statement on Form S-11 (SEC File No. 333-173391) to register our new offering of shares of common stock to the public at \$10.00 per share and shares of common stock at \$9.50 per share pursuant to our distribution reinvestment plan, which we refer to as our new registration statement. Our new registration statement was declared effective by the SEC on June 10, 2011.

In connection with the acquisition of the initial portfolio, our operating partnership issued \$39,215 of limited partnership interests, or 3,921,500 limited partnership units, to our sponsor. We recorded the issuance of these limited partnership units at \$37,158 as the six properties were recorded at our sponsor's historical carrying amount at the time of contribution to us. In addition, our sponsor purchased an additional 125,000 limited partner units for \$1,250 in cash on April 29, 2011.

On July 28, 2011, our board of directors authorized and declared a special distribution for July 2011, paid to the stockholder of record on July 29, 2011, in an amount equal to \$0.0509589 per share, which for the month of July was equivalent to a 6.0% annualized rate based on a share price of \$10.00. Additionally, our board of directors declared distributions for the months of August and September 2011, paid to the stockholders of record at a rate of \$0.0016438 per share per day, which is an amount that is equivalent to a 6.0% annualized distribution rate based on a share price of \$10.00.

On October 27, 2011 our board of directors declared distributions for the months of October, November and December 2011, payable to stockholders of record at a rate of \$0.0016438 per share per day, which is an amount equivalent to a 6.0% annualized distribution rate based on a share price of \$10.00.

NOTE 6: Equity Compensation Plans

Long Term Incentive Plan

On April 5, 2011, our board of directors approved and adopted the Long Term Incentive Plan, or our incentive plan, and the Independent Directors Compensation Plan. Our incentive plan provides for the grants of awards to our directors, officers and full-time employees (in the event we ever have employees), full-time employees of our advisor and its affiliates, full-time employees of entities that provide services to our advisor, directors of our advisor or of entities that provide services to it, certain of our consultants and certain consultants to our advisor and its affiliates or to entities that provide services to our advisor. The incentive plan authorizes the grant of restricted or unrestricted shares of our common stock, non-qualified and incentive stock options, restricted stock units, stock appreciation rights, dividend equivalents and other stock- or cash-based awards.

Under our Independent Directors Compensation Plan, which operates as a sub-plan of our incentive plan, each of our independent directors will receive 3,000 shares of common stock annually; provided, however, that no shares will be issued pursuant to our Independent Directors Compensation Plan until we have raised at least \$2,500 in gross offering proceeds from unaffiliated persons. In addition, our independent directors may elect to receive their annual fee in the form of our common shares or a combination of common shares and cash.

We will account for stock-based compensation in accordance with FASB ASC Topic 718, Compensation—Stock Compensation. Under the fair value recognition provisions of this statement, stock-based compensation cost is measured at the grant date based on the fair value of the award and is recognized as expense of the requisite service period, which is the vesting period. We have not granted any stock-based compensation to date. Stock-based compensation will be classified within general and administrative expense in the consolidated statements of operations. As stock-based compensation expense recognized in the consolidated statement of operations will be based on awards ultimately expected to vest, the amount of expense will be reduced for estimated forfeitures. Forfeitures will be estimated at the time of grant and revised, if necessary, in

Edgar Filing: INDEPENDENCE REALTY TRUST, INC - Form 424B3

subsequent periods if actual forfeitures differ from those estimates. Forfeitures will be estimated on experience of other companies in the same industry until entity-specific information is available.

Distribution Reinvestment Program

We have adopted a distribution reinvestment program, or the DRP, through which our stockholders may elect to reinvest an amount equal to the distributions declared on their shares of common stock in additional shares in lieu of receiving cash distributions. No selling commissions or dealer manager fees will be paid on shares sold under the DRP. Our board of directors may amend or terminate the DRP for any reason, provided that any amendment that adversely affects the rights or obligations of a participant shall only take effect upon ten days' written notice to participants.

Share Repurchase Plan

Our board of directors has approved a share repurchase plan which allows for share repurchases when certain criteria are met. Share repurchases will be made at the sole discretion of our board of directors.

NOTE 7: Related Party Transactions and Arrangements

On April 6, 2011, we terminated our property management agreement with Independence Realty Management, LLC and our board of directors approved a new property management agreement with Jupiter Communities, LLC, or Jupiter, our property manager, which is majority owned by our sponsor. On April 7, 2011, we executed an amended and restated advisory agreement with our advisor and a new dealer manager agreement with our dealer manager. These agreements entitle our advisor and its affiliates to specified fees upon the provision of certain services with regard to our offering and the investment of proceeds in real estate assets, among other services, as well as reimbursement of organization and offering costs incurred by our advisor and our dealer manager on behalf of us and certain costs incurred by our advisor in providing services to us. A summary of these fees and reimbursement obligations are as follows:

Type of Compensation	Determination of Amount
	<i>Offering Stage</i>
Selling Commissions	Payable to our dealer manager up to 7% of gross offering proceeds before reallocation of commissions earned by participating broker-dealers. Our dealer manager intends to reallocate all or a portion of commissions earned for those transactions that involve participating broker-dealers. During the three and nine-month period ended September 30, 2011, selling commissions were \$0.
Dealer Manager Fee	Payable to our dealer manager up to 3% of gross offering proceeds before reallocation to participating broker-dealers. Our dealer manager, in its sole discretion, may reallocate a portion of its dealer manager fee of up to 1.5% of the gross offering proceeds to be paid to such participating broker-dealers. During the three and nine-month period ended September 30, 2011, the dealer manager fee was \$0.
Organization and Offering Expenses	We will pay our advisor up to 1% of the gross offering proceeds for organizational and offering expenses (other than dealer manager fees and selling commissions). Our advisor and its affiliates are responsible for the payment of organization and offering expenses, other than selling commissions and the dealer manager fee, to the extent they exceed 1% of gross offering proceeds, without recourse against or reimbursement by us; provided, however, that in no event will we pay or reimburse organization and offering expenses (including dealer manager fees and selling commissions) in excess of 15% of the gross offering proceeds. During the three and nine-month period ended September 30, 2011, we paid organization and offering expenses of \$0.
	<i>Operational Stage</i>
Acquisition Fees	None.
Acquisition Expenses	Expenses reimbursed to our advisor incurred in connection with the purchase of an asset. We have assumed that acquisition expenses will equal approximately 0.5% of the contract purchase price. The acquisition fees and expenses for any particular asset, including amounts payable to affiliates, will not exceed, in the aggregate, 6% of the contract purchase price (including any mortgage assumed) of the asset. Our advisor will be paid acquisition expenses and we will reimburse our advisor for acquisition expenses only to the extent that acquisition fees and acquisition expenses collectively do not exceed 6% of the contract price of our assets. During the three and

Edgar Filing: INDEPENDENCE REALTY TRUST, INC - Form 424B3

nine-month period ended September 30, 2011, acquisition expenses reimbursed to our advisor were \$0.

(Unaudited and dollars in thousands, except share and per share data)

Type of Compensation	Determination of Amount
Asset Management Fees	Payable to our advisor in the amount of 0.75% of average invested assets. Average invested assets means the average of the aggregate book value of our assets invested in interests in, and loans secured by, real estate before reserves for depreciation or bad debt or other similar non-cash reserves. We will compute the average invested assets by taking the average of these book values at the end of each month during the quarter for which we are calculating the fee. The fee will be payable quarterly in an amount equal to 0.1875% of average invested assets as of the last day of such quarter. We will also reimburse our advisor for expenses that it pays on our behalf. Our advisor waived any asset management fees on the initial portfolio for a two-year period from its contribution to us. During the three and nine-month period ended September 30, 2011, asset management fees were \$0.
Property Management and Leasing Fees	We intend to enter into management agreements with our property manager on a property-by-property basis, pursuant to which we will pay a property management fee in an amount up to 4% of the gross revenues. Additionally, we may pay our property manager a separate fee for the one-time initial rent-up or leasing-up of newly constructed properties in an amount not to exceed the fee customarily charged in arm's length transactions by others rendering similar services in the same geographic area for similar properties as determined by a survey of brokers and agents in such area. During the three and nine-month period ended September 30, 2011, property management and leasing fees were \$127 and \$212, respectively.
Operating Expenses	We will reimburse our advisor for all expenses paid or incurred by our advisor in connection with the services provided to us, subject to the limitation that we will not reimburse our advisor for any amount by which our operating expenses (including the asset management fee and the financing coordination fee) at the end of the four preceding fiscal quarters (commencing on the fourth fiscal quarter after we make our first investment) exceeds the greater of: (A) 2% of our average invested assets, or (B) 25% of our net income determined without reduction for any additions to reserves for depreciation, bad debts or other similar non-cash reserves and excluding any gain from the sale of our assets for that period. Notwithstanding the above, we may reimburse our advisor for expenses in excess of this limitation if a majority of the independent directors determines that such excess expenses are justified based on unusual and non-recurring factors. We will not reimburse our advisor or its affiliates for personnel employment costs incurred by our advisor or its affiliates in performing services under the advisory agreement to the extent that such employees perform services for which the advisor receives a separate fee. During the three and nine-month period ended September 30, 2011, operating expenses paid were \$0.
Financing Coordination Fee	If our advisor provides services in connection with the refinancing of any debt that we obtain, we will pay the advisor a financing coordination fee equal to 1% of the amount available and/or outstanding under such financing, subject to certain limitations. We will not pay a financing coordination fee in connection with debt provided by our sponsor. The services our advisor may perform include, without limitation, searching for lenders in connection with a proposed refinancing and negotiating the terms of any proposed refinancing with such lenders. Our advisor may re-allow some or all of this fee to reimburse third parties that it retains to procure any such refinancing. During the three and nine-month period ended September 30, 2011, the financing coordination fee was \$0.

Liquidation Distributions

Disposition Fee	We may pay our advisor a commission upon the sale of one or more of our properties in an amount equal to the lesser of (a) one-half of the commission that would be reasonable, customary and competitive in light of the size, type and location of the asset or (b) 1% of the sale price of the asset. Payment of such fee may be made only if the advisor provides a substantial amount of services in connection with the sale of the asset. In addition, the amount paid when added to all other commissions paid to unaffiliated parties in connection with such sale shall not exceed the lesser of the commission that would be reasonable, customary and competitive in light of the size, type and location of the asset or an amount equal to 6% of the sale price of such asset. During the three and nine-month period ended September 30, 2011, the disposition fee was \$0.

Subordinated Participation

After investors have received a return of their capital contributions invested and a 7% annual cumulative, non-compounded return, then RAIT NTR Holdings, LLC as holder of the special units is entitled to receive 10% of the remaining net sale proceeds. The subordinated participation may also be payable in connection with a listing of our common stock on a national securities exchange or the termination of our advisory agreement. During the three and nine-month period ended September 30, 2011, the subordinated participation proceeds was \$0.

Forward-Looking Statements

Certain statements included in this Quarterly Report on Form 10-Q that are not historical facts (including any statements concerning investment objectives, other plans and objectives of management for future operations or economic performance, or assumptions or forecasts related thereto) are forward-looking statements. These statements are only predictions. We caution that forward-looking statements are not guarantees. Actual events or our investments and results of operations could differ materially from those expressed or implied in any forward-looking statements. Forward-looking statements are typically identified by the use of terms such as *may*, *should*, *expect*, *could*, *intend*, *plan*, *anticipate*, *estimate*, *believe*, *continue*, *predict*, *potential* or the negative of such terms and other comparable terminology.

The forward-looking statements included herein are based upon our current expectations, plans, estimates, assumptions and beliefs, which involve numerous risks and uncertainties. Assumptions relating to the foregoing involve judgments with respect to, among other things, future economic, competitive and market conditions and future business decisions, all of which are difficult or impossible to predict accurately and many of which are beyond our control. Although we believe that the expectations reflected in such forward-looking statements are based on reasonable assumptions, our actual results and performance could differ materially from those set forth in the forward-looking statements. Factors which could have a material adverse effect on our operations and future prospects include, but are not limited to:

the fact that we have a limited operating history;

our ability to effectively deploy the proceeds raised in our public offering of common stock;

changes in economic conditions generally and the real estate market specifically;

legislative or regulatory changes (including changes to the laws governing the taxation of REITs);

the availability of capital;

interest rates; and

changes to generally accepted accounting principles, or GAAP.

Any of the assumptions underlying the forward-looking statements included herein could be inaccurate, and undue reliance should not be placed on any forward-looking statements included herein. All forward-looking statements are made as of the date this quarterly report is filed with the SEC, and the risk that actual results will differ materially from the expectations expressed herein will increase with the passage of time. Except as otherwise required by the federal securities laws, we undertake no obligation to publicly update or revise any forward-looking statements made herein, whether as a result of new information, future events, changed circumstances or any other reason.

All forward-looking statements included herein should be read in light of the factors identified in the *Risk Factors* section of our Registration Statement on Form S-11 (File No. 333-173391) filed with the SEC, as the same may be amended and supplemented from time to time.

Overview

We intend to invest in a diversified portfolio of real estate assets, primarily multifamily properties, located throughout the United States. Our investment objectives are to:

pay attractive and consistent cash distributions;

preserve invested capital; and

provide a diversified direct investment in multifamily properties.

We recently exited our development stage with the acquisition of six multifamily properties with 1,492 units from our sponsor in April 2011. The aggregate purchase price for the properties was \$103.8 million. In connection with the acquisition, we assumed \$64.6 million in mortgage debt and our operating partnership issued \$39.2 million in limited partnership units.

Investors should read the Management's Discussion and Analysis of Financial Condition and Results of Operations section of our Annual Report on Form 10-K for the fiscal year ended December 31, 2010, or the Annual Report, for a detailed discussion of the following items:

credit, capital markets and liquidity risk;

interest rate environment;

prepayment rates; and

commercial real estate lack of liquidity and reduced performance.

Our Investment Portfolio

Our current investment portfolio is comprised entirely of multifamily properties. We generate a return on our real estate investments through rental income and other sources of income from the operations of the properties. By owning real estate, we also participate in any increase in the value of the real estate in addition to current income. We finance our real estate holdings through mortgage indebtedness.

The table below describes certain characteristics of our investments in real estate as of September 30, 2011 (dollars in thousands, except average effective rent):

	Investments in Real Estate	Average Physical Occupancy (a)	Units	Number of Properties	Average Effective Rent (a)(b)
Multi-family real estate properties	\$ 101,206	94.3%	1,492	6	\$ 723

(a) Based on operating performance for the period ended September 30, 2011 since inception.

(b) Average effective rent is rent per unit per month.

Non-GAAP Financial Measures

Funds from Operations and Modified Funds from Operations

We believe that funds from operations, or FFO, and modified funds from operations, or MFFO, each of which are non-GAAP measures, are additional appropriate measures of the operating performance of a REIT and us in particular. We compute FFO in accordance with the standards established by the National Association of Real Estate Investment Trusts, or NAREIT, as net income (loss) (computed in accordance with GAAP), excluding real estate-related depreciation and amortization expense, gains or losses on sales of real estate and the cumulative effect of changes in accounting principles.

MFFO is a computation made by analysts and investors to measure a real estate company's cash flow generated by operations. We compute MFFO in accordance with the standards established by the Investment Program Association, or IPA, by adding to or subtracting from FFO: acquisition fees and expenses, straight-line rental adjustments, amortization of above or below market lease intangible assets or liabilities, amortization or accretion of premiums, discounts and deferred costs, non-recurring impairments, change in fair value of financial instruments, non-recurring gains or losses from the extinguishment or sale of assets or liabilities where trading of such holdings is not a fundamental attribute of the business plan, all of which after adjustments for consolidated and unconsolidated partnerships and joint ventures.

Our management utilizes FFO and MFFO as measures of our operating performance, and believes they are also useful to investors, because they facilitate an understanding of our operating performance after adjustment for certain non-cash items, such as real estate depreciation and various other items required by GAAP that may not necessarily be indicative of current operating performance and that may not accurately compare our operating performance between periods. Furthermore, although FFO, MFFO

Table of Contents

and other supplemental performance measures are defined in various ways throughout the REIT industry, we also believe that FFO and MFFO may provide us and our investors with an additional useful measure to compare our financial performance to certain other REITs.

MFFO has limitations as a performance measure in an offering such as ours where the price of a share of our common stock is a stated value and there is no net asset value determination during the offering stage and for a period thereafter. MFFO is useful in assisting management and investors in assessing the sustainability of operating performance in future operating periods, and in particular, after the offering and acquisition stages are complete and net asset value is disclosed. MFFO is not a useful measure in evaluating net asset value because impairments are taken into account in determining net asset value but not in determining MFFO.

Neither FFO nor MFFO is equivalent to net income or cash generated from operating activities determined in accordance with U.S. GAAP. Furthermore, FFO and MFFO do not represent amounts available for management's discretionary use because of needed capital replacement or expansion, debt service obligations or other commitments or uncertainties. Neither FFO nor MFFO should be considered as an alternative to net income as an indicator of our operating performance or as an alternative to cash flow from operating activities as a measure of our liquidity.

Set forth below is a reconciliation net income (loss) to FFO and MFFO for the three-month and nine-month periods ended September 30, 2011 and 2010 (in thousands, except share information):

	For the Three-Month Periods Ended September 30		For the Nine-Month Periods Ended September 30	
	2011	2010	2011	2010
Funds From Operations:				
Net income (loss)	\$ (65)	\$ (1)	\$ (317)	\$ 4

Weighted-average shares diluted (a)	4,066,700	20,000	4,066,700	20,000

(a) Weighted-average shares diluted includes 4,046,700 limited partnership units that are convertible into common stock for the three and nine-month periods ended September 30, 2011. No such units existed in 2010.

Results of Operations

Nine-Month Period Ended September 30, 2011 Compared to the Nine-Month Period Ended September 30, 2010

We generated \$5.4 million of revenue during the nine-months ended September 30, 2011 as a result of the acquisition of six properties in April 2011. Prior to this acquisition, we did not own any revenue-producing assets and as such the financial information for the nine-month period ended September 30, 2011 is not comparable to the nine-month period ended September 30, 2010. Our revenue for the nine-month period ended September 30, 2010 was comprised of interest income on short-term loans to our former sponsor in the aggregate principal amount of \$200,000.

Edgar Filing: INDEPENDENCE REALTY TRUST, INC - Form 424B3

These loans had a weighted average interest rate of 5.6%.

We incurred \$4.7 million of expenses during the nine-month period ended September 30, 2011, comprised primarily of property operating expenses of \$2.8 million, acquisition expenses of \$0.4 million and depreciation and amortization of \$1.1 million. As discussed above, these expenses relate to the acquisition and ownership of the six properties we acquired in April 2011. We incurred certain general and administrative expenses related to audit and other professional fees, trustee fees and other federal and state filing fees during the nine-month period ended September 30, 2011. We did not incur any expenses during the nine-month period ended September 30, 2010.

During the nine-month period ended September 30, 2011, we incurred \$1.1 million of interest expense associated with the \$64.6 million of mortgage indebtedness used to finance the six properties we acquired in April 2011.

Table of Contents

Liquidity and Capital Resources

Liquidity is a measure of our ability to meet potential cash requirements, including ongoing commitments to repay borrowings, fund and maintain investments, pay distributions and other general business needs.

We believe our available cash balances, other financing arrangements, and cash flows from operations will be sufficient to fund our liquidity requirements for the next 12 months. Should our liquidity needs exceed our available sources of liquidity, we believe that we could sell assets to raise additional cash. We may not be able to obtain additional financing when we desire to do so or on terms and conditions acceptable to us. If we fail to obtain additional financing, our ability to maintain or grow our business will be constrained.

Our primary cash requirements are to:

make investments and fund the associated costs;

repay our indebtedness;

pay our operating and organization and offering expenses; and

distribute a minimum of 90% of our REIT taxable income and to make investments in a manner that enables us to maintain our qualification as a REIT.

We intend to meet these liquidity requirements primarily through:

the use of our cash and cash equivalent balances of \$1.2 million as of September 30, 2011;

cash generated from operating activities;

proceeds from the sale of our common stock pursuant to our offering; and

proceeds from future borrowings.

Cash Flows

As of September 30, 2011 and 2010, we maintained cash and cash equivalents of approximately \$1.2 million and \$0.2 million, respectively. Our cash and cash equivalents were generated from the following activities (dollars in thousands):

	For the Nine-Month Periods Ended September 30	
	2011	2010
Cash flow from operating activities	\$ 1,451	\$ 3
Cash flow from investing activities	(1,023)	0
Cash flow from financing activities	573	0

Edgar Filing: INDEPENDENCE REALTY TRUST, INC - Form 424B3

Net change in cash and cash equivalents	1,001	3
Cash and cash equivalents at beginning of period	209	206
 Cash and cash equivalents at end of period	 \$ 1,210	 \$ 209

Our increased cash inflow from operating activities during the nine-month period ended September 30, 2011 is due to the acquisition of the six multifamily properties in April 2011.

Our cash outflows from investing activities during the nine-month period ended September 30, 2011 is due to the cash expenses and proration adjustments we incurred to acquire the six properties, along with the payment of certain real estate taxes in June 2011 across our portfolio.

The cash inflow from our financing activities during the nine-month period ended September 30, 2011 is substantially due to the issuance of 125,000 limited partnership units of our operating partnership to our sponsor for \$1.3 million in cash.

Critical Accounting Estimates and Policies

Our Annual Report on Form 10-K for the year ended December 31, 2010 contains a discussion of our critical accounting policies. On January 1, 2011, we adopted a new accounting pronouncement and revised our accounting policies as described below. See Note 2 in our unaudited consolidated financial statements as of September 30, 2011, as set forth herein. Management discusses our critical accounting policies and management's judgments and estimates with our Audit Committee.

Recent Accounting Pronouncements

On January 1, 2011, we adopted ASU No. 2010-29, Disclosure of Supplementary Pro Forma Information for Business Combinations. This accounting standard requires that if a public entity presents comparative financial statements, the entity should disclose revenue and earnings of the combined entity as though the business combination(s) that occurred during the current year had occurred as of the beginning of the comparable prior annual reporting period only. This accounting standard expands the supplemental pro forma disclosures under FASB ASU Topic 805, Business Combinations to include a description of the nature and amount of material, nonrecurring pro forma adjustments directly attributable to the business combination included in the reported pro forma revenue and earnings. The adoption of this standard did not have a material effect on our consolidated financial statements.

Item 3. Qualitative and Quantitative Disclosure About Market Risk.

This Item 3 is omitted under the reduced disclosure format permitted by General Instruction H(2)(c) of Form 10-Q.

Item 4. Controls and Procedures.

Disclosure Controls and Procedures

As of the end of the period covered by this report, management, including our principal executive officer and principal financial officer, evaluated the effectiveness of our disclosure controls and procedures (as defined in Rules 13a-15(e) and 15d-15(e) under the Securities Exchange Act of 1934, or the Exchange Act). Based upon, and as of the date of, the evaluation, our principal executive officer and principal financial officer concluded that the disclosure controls and procedures were effective in recording, processing, summarizing and reporting on a timely basis, information required to be disclosed by us in our reports that we file or submit under the Exchange Act.

Changes in Internal Control Over Financial Reporting

There have been no significant changes in our internal control over financial reporting that occurred during our last fiscal quarter that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

PART II OTHER INFORMATION

Item 1. Legal Proceedings.

None.

Item 1A. Risk Factors.

There have not been any material changes from the risk factors previously disclosed in Item 1A Risk Factors in our Annual Report on Form 10-K for the fiscal year ended December 31, 2010 other than the changes, which have been previously reported in our Quarterly Report on Form 10-Q for the quarterly period ending June 30, 2011 and the addition of the risk factor below.

As a public company, our sponsor may be subject to more litigation than a privately held sponsor with a limited number of investors. Any such litigation may distract our management team.

Our sponsor, RAIT Financial Trust, is a public company and, as a result, may be subject to more litigation than a privately held sponsor with a limited number of investors. For example, our sponsor and certain of its executive officers and trustees were named defendants in class action securities lawsuits filed in 2007. The lawsuits alleged, among other things, that certain defendants violated the Securities Act and the Exchange Act by making materially false and misleading statements and material omissions in registration statements and prospectuses. The lawsuits were settled by written agreement, which was approved by a federal district court in 2009. The settlement was funded within the limits of our sponsor's directors and officers insurance. Under the terms of the settlement, the lawsuits were dismissed with prejudice and all defendants

Edgar Filing: INDEPENDENCE REALTY TRUST, INC - Form 424B3

received a full release of all claims asserted against them. There can be no assurance that our sponsor or any of its officers will not be subject to additional litigation in the future, which may distract our management team from our business.

Item 2. Unregistered Sales of Equity Securities and Use of Proceeds.

This Item 2 is omitted under the reduced disclosure format permitted by General Instruction H(2)(b) of Form 10-Q.

Item 3. Defaults Upon Senior Securities.
