**QUESTIONS AND ANSWERS ABOUT THE PROXY MATERIALS
AND THE 2012 ANNUAL MEETING**

Q: *Why am I receiving these materials?*

A: The Board of Directors (the Board) of Heska Corporation, a Delaware corporation (Heska or the Company), is providing these proxy materials for you in connection with Heska's Annual Meeting of Stockholders (the Annual Meeting). The 2012 Annual Meeting will take place on Tuesday, May 8, 2012. As a stockholder, you are invited to attend the 2012 Annual Meeting and are entitled to and requested to vote on the items of business described in this proxy statement.

Q: *What information is contained in these materials?*

A: The information included in this proxy statement relates to the proposals to be voted on at the 2012 Annual Meeting, the voting process, the compensation of our Directors and most highly paid Executive Officers, and certain other required information. Our corporate 2011 Annual Report, and annual report on Form 10-K for the year ended December 31, 2011 as filed with the Securities and Exchange Commission (the SEC), are also enclosed.

Q: *What items of business will be voted on at the 2012 Annual Meeting?*

A: The items of business scheduled to be voted on at the 2012 Annual Meeting are:

- (1) The election of three nominees to serve on our Board of Directors for a three-year term;
- (2) The approval of an amendment to our 1997 Stock Incentive Plan which would, among other things, increase the number of shares which could be issued by 250,000 and allow for an annual increase of no more than 45,000 shares, based on the number of non-employee Directors serving and through 2016 only, in shares available under the 1997 Stock Incentive Plan;
- (3) The ratification of our independent registered public accountant for fiscal 2012; and
- (4) An advisory vote with respect to discretionary voting by proxyholders, if other business properly comes before the 2012 Annual Meeting.

We will also consider other business that properly comes before the 2012 Annual Meeting.

Q: *How does the Board recommend I vote on the proposals?*

A: The Board recommends a vote FOR the election of each of the Director nominees, FOR the approval of the amendment to the 1997 Stock Incentive Plan, FOR the ratification of Ehrhardt Keefe Steiner & Hottman PC (EKS&H) as the Company's independent registered public

Edgar Filing: HESKA CORP - Form DEF 14A

accountant, and FOR your preference being that the proxyholders exercise their voting discretion in a manner they determine to be in the best interest of the Company's stockholders, if other business properly comes before the 2012 Annual Meeting and you are voting by proxy.

Q: *Who is entitled to vote?*

A: Stockholders as of the close of business on March 15, 2012 (the Record Date) are entitled to vote at the 2012 Annual Meeting. As of the Record Date, 5,273,549 shares of our common stock were issued and outstanding. Each stockholder is entitled to one vote for each share of common stock held on the Record Date. A list of stockholders entitled to vote at the 2012 Annual Meeting will be available at the 2012 Annual Meeting and for ten days prior to the meeting during normal business hours at our offices at 3760 Rocky Mountain Avenue, Loveland, Colorado 80538, by contacting our Secretary.

Q: *Will you be able to confirm I am a stockholder entitled to vote if I attend the 2012 Annual Meeting in person?*

A: We expect to be able to confirm you as such only under certain limited circumstances. A list of stockholders is maintained and provided to us by Computershare Trust Company, Inc. (Computershare), our registrar and transfer agent. This list forms the basis for tracking votes from given shares. We, through Computershare, should be able to confirm you are a stockholder entitled to vote if you hold

Table of Contents

shares registered in your name with Computershare (Registered shares). However, a large portion of our shares are held by Cede & Co., a nominee of Depository Trust Company (DTC shares) as we believe is typical for publicly traded companies. We believe DTC shares are more conveniently publicly traded than other Registered shares and thus represent most of our daily trading volume. If a broker buys a position in DTC shares from another broker, we believe the identity of the parties is typically not reported to Computershare or us. We believe Depository Trust Company maintains records of the DTC shares allocated to different entities, such as brokers and banks, and in the case of a broker buying a position in DTC shares from another broker will record an increase in the number of DTC shares allocated to the first broker equal to the number of shares involved as well as a corresponding decrease in the number of shares allocated to the second broker. DTC shares allocated to a given broker in this way may represent many client accounts for which the broker or the broker's agent maintains internal records, which we do not believe are generally shared with Depository Trust Company or Computershare. If your shares are held through a broker, bank or other nominee and are not registered in your name with Computershare, such shares are herein referred to as being held in Street Name , and you probably received these materials through such broker, bank or other nominee. Computershare will generally not be able to identify the holders of shares held in Street Name as stockholders entitled to vote without further arrangements by the corresponding broker, bank or other nominee.

Q: *How can I tell if my shares are held in Street Name?*

A: If these proxy materials were mailed to you by an entity other than Computershare, your shares are probably held in Street Name. We believe most of our shares are held in Street Name.

Q: *How do I vote?*

A: There are two ways you can vote Registered shares:

(1) Sign and date each proxy card you receive and return it in the postage prepaid envelope; and

(2) Vote in-person at the 2012 Annual Meeting.

If you have shares held in Street Name, you should vote the shares via any procedure(s) adopted by your broker, bank or other nominee. These may include proxy voting communicated by mail, the internet or telephone. If you wish to vote these shares at the 2012 Annual Meeting, you must contact your broker, bank or other nominee to obtain the proper documentation and bring it with you to the 2012 Annual Meeting.

Q: *How can I change my vote or revoke my proxy?*

A: For Registered shares, you have the right to revoke your proxy and change your vote at any time before the meeting by notifying our Secretary, or returning a later-dated proxy card. You may also revoke your proxy and change your vote by voting in person at the meeting. For shares held in Street Name, you should follow any corresponding procedure(s) adopted by your broker, bank or other nominee. These may include procedures as simple as a later vote via the internet or telephone to change your vote.

Q: *Who can help answer my questions?*

A: If you have any questions about the 2012 Annual Meeting or how to vote or revoke your proxy, you should contact:
Heska Corporation

Edgar Filing: HESKA CORP - Form DEF 14A

Attn: Secretary

3760 Rocky Mountain Avenue

Loveland, Colorado 80538

(970) 493-7272

If you need additional copies of this proxy statement or voting materials, please contact our Secretary as described above.

Q: *What does it mean if I get more than one proxy card?*

A: It probably means that you hold shares in more than one account. Sign and return all proxies to ensure that all of your shares are voted.

Table of Contents

Q: *Who will serve as inspector of elections?*

A: The inspector of elections is to be a representative of Computershare.

Q: *What are the quorum and voting requirements for the 2012 Annual Meeting?*

A: The quorum requirement for holding the 2012 Annual Meeting and transacting business is that holders of a majority of the outstanding shares of our common stock entitled to vote must be present in person or represented by proxy at the meeting.

We intend to count shares underlying proxies containing a for , withhold , against or abstain vote, as well as any signed and returned proxies without any voting instructions as present for purposes of determining a quorum.

We will consider an abstention or a non-vote on a given matter to be a forfeiture of the right to vote on that matter and a forfeiture of the voting power present at the 2012 Annual Meeting underlying the forfeited votes regarding that matter. Accordingly, if you abstain or do not vote on a given matter, your shares will not be voted for or against that matter and will not be considered as present and entitled to vote on that matter. An abstention or a non-vote on any matter will not affect your ability to vote on any other matter.

If you hold shares in Street Name through a broker, bank or other nominee, your broker, bank or nominee may not be permitted by law, rule or policy to exercise voting discretion with respect to certain matters to be acted upon. If you do not give your broker, bank or nominee specific instructions, your underlying shares may not be voted on those matters and, if so, will not be considered as present and entitled to vote with respect to those matters. In some cases, your broker, bank or other nominee may not be permitted by law, rule or policy to exercise voting discretion with respect to any matters to be acted upon and, in the absence of specific instructions from you, may not vote or submit a proxy card to anyone at all regarding these matters. In such a circumstance, your underlying shares will not be considered present at the Annual Meeting in person or by proxy and will not be voted on any matters to be acted upon therein.

The holders of a majority of the outstanding shares of our common stock, present in person or by proxy, will constitute a quorum for the transaction of business at the 2012 Annual Meeting. Election of Directors will be determined by a plurality of the votes of the shares having voting power present in person or by proxy, and entitled to vote, on the subject matter. The amendment to our 1997 Stock Incentive Plan is to be approved by the vote of a majority of the shares having voting power present in person or by proxy, and entitled to vote, on the subject matter. The ratification of our independent registered public accountant for 2012 is to be approved by the vote of a majority of the shares having voting power present in person or by proxy, and entitled to vote, on the subject matter. Any other business which may properly come before the 2012 Annual Meeting is to be determined by the vote of the holders of a majority of the stock present in person or represented by proxy and entitled to vote on the subject matter, unless the matter is one upon which by express provision of law or of the Restated Certificate of Incorporation or of our Bylaws, a different vote is required, in which case such express provision shall govern and control the decision of such matter.

Q: *Who can attend the 2012 Annual Meeting?*

A: All stockholders as of the Record Date can attend. If you wish to vote your shares at the 2012 Annual Meeting and your shares are held in Street Name by a broker, bank or other nominee, you must contact your broker, bank or other nominee to obtain the proper documentation and bring it with you to the 2012 Annual Meeting.

Q: *What happens if additional matters are presented at the 2012 Annual Meeting?*

A: Other than the three items of business described in this proxy statement, we are not aware of any other business to be acted upon at the 2012 Annual Meeting. If other business properly comes before the 2012 Annual Meeting, we will first conduct an advisory vote of stockholders who have granted us a proxy regarding the preference of these stockholders regarding the manner in which the below persons named as proxyholders exercise their voting discretion, and then proceed to consideration of the other business

Table of Contents

which has properly come before the 2012 Annual Meeting. If you grant a proxy, the persons named as proxyholders Robert B. Grieve, Ph.D., our Chairman and Chief Executive Officer, Jason A. Napolitano, our Executive Vice President, Chief Financial Officer and Secretary and Michael A. Bent, our Vice President, Principal Accounting Officer and Controller will have the discretion to vote your shares on any additional matters presented for a vote at the meeting. It is important to note that while the proxyholders may consider the advisory vote in such a circumstance, the proxyholders retain full discretion to vote as they may determine regardless of any outcome of the advisory vote.

Q: *What happens if one or more of the nominees for Director is unable to stand for election?*

A: If for any unforeseen reason any of our nominees is not available as a candidate for Director, the persons named as proxyholders Dr. Grieve, Mr. Napolitano and Mr. Bent intend to vote your proxy for such other candidate or candidates who may be nominated by the Board.

Q: *Where can I find the voting results of the meeting?*

A: We intend to announce preliminary voting results at the 2012 Annual Meeting, and publish final voting results in an 8-K filing with the SEC within 4 business days of the 2012 Annual Meeting. If final voting results are not available within 4 business days of the 2012 Annual Meeting, we intend to publish preliminary voting results in an 8-K filing with the SEC on the fourth business day following the 2012 Annual Meeting and then publish final voting results in an 8-K filing with the SEC within 4 business days of the final voting results becoming known.

Q: *May I propose actions for consideration at next year's Annual Meeting or nominate individuals to serve as Directors?*

A: Yes. You may submit proposals, including Director nominations, for consideration at future stockholder meetings. All proposals or nominations should be addressed to: Secretary, Heska Corporation, 3760 Rocky Mountain Avenue, Loveland, Colorado 80538.

Stockholder Proposals: For a stockholder proposal to be considered for inclusion in our proxy statement for the annual meeting next year, the written proposal must be received by our Secretary at our principal executive offices under either (1) Rule 14a-8 under the Securities Exchange Act of 1934, as amended (a "Rule 14 Proposal") or (2) the bylaws of Heska (a "Bylaws Proposal"). A Rule 14 Proposal must be received by our Secretary at our principal executive offices no later than November 20, 2012. If the date of next year's annual meeting is moved more than 30 days before or after the anniversary date of this year's annual meeting, the deadline for inclusion of proposals in our proxy statement is instead a reasonable period of time before we begin to print and mail our proxy materials. Such proposals also will need to comply with Rule 14a-8 under the Securities Exchange Act of 1934, as amended (the "Exchange Act"), regarding the inclusion of stockholder proposals in company-sponsored proxy materials. For a Bylaws Proposal, the stockholder must deliver a written notice of intent to propose such action in accordance with our bylaws, which in general require that the notice be received by us not less than 60 days nor more than 90 days prior to the first anniversary of the date on which notice of the prior year's annual meeting was mailed to stockholders. These proxy materials for the 2012 Annual Meeting are to be mailed on March 19, 2012. This means that for the 2013 Annual Meeting, that any such proposal must be received no earlier than December 20, 2012 and no later than January 19, 2013.

Director Nominees: You may propose Director candidates for consideration by the Board's Corporate Governance Committee. Any such recommendations should be directed to our Secretary at our principal executive offices. In addition, you may nominate a Director for consideration by Heska's stockholders if you give timely and adequate notice to our Secretary of your intention to make such nomination in accordance with our bylaws, which require that the notice be received by the Secretary within the time periods described above under "Stockholder Proposals" and with the detail regarding your nomination as is required by our bylaws.

Table of Contents

Copy of Bylaw Provisions: You may contact our Secretary at our principal executive offices for a copy of the relevant bylaw provisions regarding the requirements for making stockholder proposals and nominating Director candidates. A copy of our bylaws has also been filed with the SEC with our Quarterly Report on Form 10-Q for the quarter ended March 31, 2010. This document is accessible at the website of the SEC at www.sec.gov.

Q: *Who bears the costs of soliciting votes for the 2012 Annual Meeting?*

A: Heska is making this solicitation and will pay the entire cost of preparing, printing, assembling and mailing these proxy materials. In addition to the mailing of these proxy materials, certain of our Directors and employees may solicit proxies on our behalf in person, by telephone, electronic transmission or facsimile. No additional compensation will be paid to these people for such solicitation. We have engaged Morrow & Co., LLC, 470 West Ave, Stamford, CT 06902 (Morrow) to solicit proxies on our behalf for a fee of \$10 thousand plus reimbursement of certain disbursements. We believe our engagement with Morrow is consistent with customary terms and conditions for soliciting proxies. Charges under the engagement may increase if we direct Morrow to engage in activities not currently contemplated. We may enlist the assistance of brokerage firms, fiduciaries, custodians and other third party solicitation firms in soliciting proxies. If we elect to engage any such assistance, our arrangements with the solicitation firm(s) will be on customary terms and conditions, the cost of which is not anticipated to be material to us. Upon request, we will also reimburse brokerage houses and other custodians, nominees and fiduciaries for their reasonable out-of-pocket expenses for forwarding proxy and solicitation materials to stockholders.

BOARD STRUCTURE AND COMMITTEES

Our Board is divided into three classes serving staggered three-year terms. Our Board has three standing Committees, each of which is chaired by an independent Director: (1) Audit (the Audit Committee), (2) Compensation (the Compensation Committee) and (3) Corporate Governance (the Corporate Governance Committee). The membership during 2011 and the function of each Committee are described below. Our Board held seven meetings during 2011. Our Board currently has seven Directors: Robert B. Grieve, Ph.D., Chairman, William A. Aylesworth, Peter Eio, G. Irwin Gordon, Louise L. McCormick, Sharon L. Riley and John F. Sassen, Sr. All of our Directors in May 2011 attended our last annual meeting of stockholders. Ms. Riley accepted appointment to our Board on July 1, 2011. All Board members have attended at least 75% of all Board and applicable Committee meetings.

Board Leadership Structure

Since May 2000, Dr. Grieve has served as both our Chairman and Chief Executive Officer and we believe the Company has benefited from the efficiencies inherent in combining these roles during this time period. In 2010, we amended our bylaws to allow our Board to formally choose a Lead Director. The Lead Director is expected to chair sessions involving only the independent Directors, among other responsibilities as the Board may provide. Mr. Aylesworth has served as our Lead Director since our 2010 Annual Meeting on May 4, 2010. We believe our Lead Director function serves to simplify communications between management and the independent Directors, enhance our Board's operations, in particular in situations where it is appropriate for the independent Directors to act without management involvement, and increase the credibility of the Company's independent Director oversight function.

Board Risk Oversight

Our business, including risk oversight, is conducted with the advice, counsel and direction of our Board. The formal channel for risk-related information to be communicated to our Board is through our Chief Executive Officer. Our Chief Executive Officer periodically conveys the Company's risks, including credit risks, liquidity risks and operational risks to the Board at Board meetings and through other forms of communication, such as email, as appropriate. Our Board may also discuss the Company's risks with other members of management as directed by our Chief Executive Officer or as part of another Board function. For example, our Chief Financial Officer and our Controller have both discussed credit risk with Directors during Audit Committee meetings primarily focused on accounting determinations.

Board Independence

Our Board has determined that each of the Directors standing for re-election has no material relationship with the Company (either directly or as a partner, stockholder or officer of an organization that has a relationship with the Company) and meets the requirements of independence as set forth in the rules and regulations promulgated by the SEC and the Nasdaq Stock Market listing standards (the Nasdaq Listing Standards). Furthermore, the Board has determined that, with the exception of Dr. Grieve, Heska's Chairman and Chief Executive Officer, all current members of the Board meet the requirements of independence as set forth in the rules and regulations promulgated by the SEC and the Nasdaq Listing Standards.

Audit Committee

Our Audit Committee has the following responsibilities:

appoint and replace our independent auditors;

compensate and oversee the work of our independent auditors;

Table of Contents

oversee and monitor the integrity of our annual and quarterly financial statements;

review and discuss with management and our independent auditors significant financial reporting issues and critical accounting policies and practices;

oversee and monitor the qualifications, independence and performance of our independent auditors;

oversee and monitor our internal accounting and financial controls; and

provide the results of examinations and recommendations derived therefrom to the Board.

During 2011, our Audit Committee met six times. Our Audit Committee consisted of Mr. Eio, as Chairman, Mr. Aylesworth and Ms. McCormick from our 2010 Annual Meeting to July 1, 2011 and Mr. Eio, as Chairman, Mr. Aylesworth, Ms. McCormick and Ms. Riley beginning on July 1, 2011.

Our Board has determined that each of the current members of our Audit Committee meets the requirements of independence as set forth in Section 10A(m)(3) of the Securities Exchange Act of 1934, the rules and regulations promulgated by the SEC and the Nasdaq Listing Standards. Our Board has also determined that William A. Aylesworth is an audit committee financial expert within the meaning of the rules and regulations promulgated by the SEC and he has accounting and related financial management expertise within the meaning of the Nasdaq Listing Standards.

Our Audit Committee has a written charter, which is available on our website at www.heska.com (under Investors Corporate Governance). *The Company's website address provided above is not intended to function as a hyperlink, and the information on the Company's website is not and should not be considered part of this proxy statement and is not incorporated by reference herein.*

Compensation Committee

Our Compensation Committee has the following responsibilities:

discharge the Board's responsibilities relating to compensation of our Executive Officers, including our Chief Executive Officer;

oversee all compensation programs involving the use of our stock; and

produce an annual report on executive compensation for inclusion in our proxy statement for our annual meeting of stockholders.

During 2011, our Compensation Committee met seven times. Our Compensation Committee has consisted of Mr. Gordon, as Chairman, Mr. Eio and Mr. Sasen since our 2010 Annual Meeting.

Our Board has determined that each of the current members of our Compensation Committee meets the requirements of independence as set forth in the rules and regulations promulgated by the SEC and the Nasdaq Listing Standards.

Our Compensation Committee has a written charter, which is available on our website at www.heska.com (under Investors Corporate Governance). *The Company's website address provided above is not intended to function as a hyperlink, and the information on the Company's website is not and should not be considered part of this proxy statement and is not incorporated by reference herein.*

lead our Board in its annual review of our Board's performance;

develop and recommend to our Board the corporate governance guidelines applicable to the Company.

Director Qualification and Nomination

Service on our Board varies from over 8 months to over 20 years. All of our Directors have gained Company and industry specific knowledge as a result. The experience, qualifications, attributes or skills that qualify our Directors to serve on our Board are discussed on a Director-by-Director basis in the Election of Directors section of this document as well as in this Board Structure and Committees section. None of our Directors is serving as a result of one specific qualification. It is the breadth of their individual experiences and the manner in which they complement each other as a group that make them individually and collectively attractive Directors.

Our Corporate Governance Committee does not have an established policy for minimum qualifications of Director nominees or appointees. However, pursuant to our Corporate Governance Committee Charter, we believe that it is in the best interests of the Corporation and its stockholders to obtain highly qualified candidates for the Board. Our Corporate Governance Committee seeks candidates with excellent decision-making ability, business experience, relevant experience, personal integrity and reputation as candidates for nomination and appointment.

Our Corporate Governance Committee does not have an established policy for diversity of Director nominees or appointees. However, we believe diversity is inherent in our approach of seeking high quality individuals with complementary skills to create a group dynamic and decision making process that is even stronger than would be obtained by the mere summation of its individual contributors in isolation.

Table of Contents

Our Corporate Governance Committee does not have a formalized process for identifying and evaluating nominees or appointees for Director. Our Corporate Governance Committee determines desired Board member skills and attributes and conducts searches for prospective Director candidates whose skills and attributes reflect those desired. This analysis may start with a Board evaluation, including determination of areas of strength and areas for improvement. Particular skills and experience may be desired in areas of improvement. Our Corporate Governance Committee may determine guidelines and parameters for a search for an individual with the desired skills and experience. Our Corporate Governance Committee will evaluate candidates identified by its own initiative as well as candidates referred to it by other members of the Board, by the Company's management, or by external sources. Our Corporate Governance Committee has utilized a third-party executive search firm in the past to identify candidates as well as other sources such as the National Association of Corporate Directors Registry® database.

Our Corporate Governance Committee will also consider nominees recommended by stockholders provided such recommendations are made in accordance with our bylaws and the procedures described in this proxy statement under Questions and Answers About the Proxy Materials and the 2012 Annual Meeting. Although to date no stockholder has presented any candidate for Board membership to us, it is expected that recommendations from stockholders would generally be considered in the same manner as recommendations by a Director or an Officer of the Company.

DIRECTOR COMPENSATION

The form and amount of compensation paid to the non-employee Directors is reviewed from time to time by our Corporate Governance Committee. Any revisions to our Director Compensation policy have been recommended by our Corporate Governance Committee and approved by our Board.

The value for options granted pursuant to this paragraph is to be determined pursuant to our option valuation policy at the time of issuance.

Each non-employee Director is also entitled to an annual cash retainer in the amount of \$31,500. The Company pays the annual retainer in advance, in quarterly installments on the first business day of each calendar quarter, subject to the non-employee Director's continued service to the Company as a non-employee Director on such date.

Our Lead Director is entitled to an additional annual cash retainer in the amount of \$10,000 (the "Lead Retainer"). The Company is to pay the Lead Retainer in advance, in quarterly installments on the first business day of each calendar quarter, subject to the non-employee Director's continued service as Lead Director on such date. In addition, each non-employee Director who serves as Chairperson of a Board Committee is entitled to an annual cash retainer in the amount of \$4,500 (the "Chair Retainer"). The Company pays the Chair Retainer in advance, in quarterly installments on the first business day of each calendar quarter, subject to the non-employee Director's continued service as Chairperson of such Committee on such date. Each non-employee Director who serves on a Board Committee is entitled to an annual cash retainer of \$3,000 (the "Committee Retainer"). A non-employee Director who is also the Chairperson of a Committee shall be entitled to the Committee Retainer in addition to the Chair Retainer. The Company pays the Committee Retainer in advance, in quarterly installments on the first business day of each calendar quarter, subject to the non-employee Director's continued service as a member of such Committee on such date. Non-employee Directors will also continue to be reimbursed for customary and usual travel and other expenses.

PROPOSAL NO. 2

APPROVAL OF AMENDMENT TO 1997 STOCK INCENTIVE PLAN

Our Board is submitting an amendment (the Amendment) to our 1997 Stock Incentive Plan (our 1997 Stock Plan) for shareholder approval. The following is only a summary of the 1997 Stock Plan, as amended if approved, and is qualified in its entirety by reference to its full text, a copy of which is attached hereto as Appendix A.

Background

Our 1997 Stock Plan was originally adopted by our Board and approved by our stockholders in 1997. An amendment to our 1997 Stock Plan was adopted by our Board and approved by our stockholders in 2009. The stated purpose of the 1997 Stock Plan is to promote the long-term success of the Company and the creation of stockholder value by a) encouraging employees, outside Directors and consultants to focus on critical long-range objectives, b) encouraging the attraction and retention of employees, outside Directors and consultants with exceptional qualifications and c) linking employees, outside Directors and consultants directly to stockholder interests through increased stock ownership. The 1997 Stock Plan seeks to achieve this purpose by providing for awards in the form of restricted shares or options (which may constitute incentive stock options or nonstatutory stock options). We have not issued restricted shares under the 1997 Stock Plan since 2001.

Shares available under the 1997 Stock Plan are increased by the Amendment

The number of shares which may be issued under the 1997 Stock Plan is limited. Shares underlying options issued under the 1997 Stock Plan which are forfeited or terminate for any other reason before being exercised may be used to underlie the future grant of options or restricted shares under the 1997 Stock Plan. As of the Record Date, there were 190,922 shares available for issuance under the 1997 Stock Plan. The Amendment will increase the number of shares available for issuance by 250,000 in addition to an annual increase through 2016 based on the number of non-employee Directors serving, as discussed below. 250,000 shares represent less than 5% of shares outstanding as of the Record Date.

The Amendment includes an annual increase of no more than 45,000 shares, based on the number of non-employee Directors serving and through 2016 only, in shares available under the 1997 Stock Plan

If the Amendment is approved, as of the Company's Annual Meeting of Stockholders of each given year, commencing with the Company's Annual Meeting of Stockholders in 2012 and continuing through the Company's Annual Meeting of Stockholders in 2016, the aggregate number of Options and Restricted Shares that may be awarded under the Plan will be increased by a number of Common Shares equal to the lesser of (A) 45,000 and (B) the product of 5,000 multiplied by the number of non-employee directors serving on the Board as of the Company's Annual Meeting of Stockholders in the particular year of determination. For example, as we expect to have six non-employee Directors serving as of the 2012 Annual Meeting of Stockholders, we expect 30,000 additional shares to be available for issuance under the 1997 Stock Plan based on the number of non-employee Directors serving in 2012. After the annual increase as of the Company's Annual Meeting of Stockholders in 2016, there shall be no further automatic annual increases unless and until stockholder approval of such increase has been obtained. 45,000 shares, the maximum annual increase, represent less than 1% of shares outstanding as of the Record Date.

Our Director Compensation Policy mandates that each continuing non-employee director automatically receive an annual grant of an option valued at \$37,500 to purchase shares of the Company's common stock, at an exercise price equal to the fair market value of the common stock on the date of grant which shall be the date of each Company Annual Meeting of Stockholders, subject to such grant covering a maximum of 5,000 shares. Every option grant under this policy since 2007 has been for 5,000 underlying

Table of Contents

shares. Based on our stock price and option valuation parameters as of the Record Date, we anticipate that 2012 option grants under this policy will be for 5,000 underlying shares each. If this is correct, we would issue options with 30,000 total underlying shares under this policy in 2012 as we expect to have six non-employee Directors serving as of the 2012 Annual Meeting of Stockholders.

Our bylaws state our Board of Directors is to consist of not less than five Directors nor more than nine Directors. The maximum annual increase in shares available under the 1997 Stock Plan based on the number of non-employee Directors serving is 45,000 under the Amendment. Our Board currently consists of seven Directors, six of whom are not employees. As stated above, if the Amendment is approved we expect 30,000 additional shares to be available for issuance under the 1997 Stock Plan based on the number of non-employee Directors serving in 2012. As also stated above, we anticipate we will issue options with 30,000 total underlying shares as we expect to have six non-employee Directors serving as of the 2012 Annual Meeting of Stockholders.

Further incentive stock options may be issued under the 1997 Stock Plan due to the Amendment

A stock option is the right to acquire shares at a fixed exercise price for a fixed period of time. Incentive stock options are a type of option designed to comply with certain provisions of the U.S. tax code which may offer the recipient certain tax advantages depending on circumstances, as is discussed in more detail below. An individual must be an employee to receive an incentive stock option, so outside Directors and consultants may not receive this type of option. The current 1997 Stock Plan does not allow the issuance of any incentive stock options after May 4, 2019. The Amendment will allow the issuance of incentive stock options through May 8, 2022.

2003 Equity Incentive Plan

We have one other plan under which we may issue stock and related securities, including stock options the 2003 Equity Incentive Plan. As of the Record Date, there were 22,666 shares available for issuance under the 2003 Equity Incentive Plan.

Certain Federal Tax Aspects

The following paragraphs are a summary of the Company's understanding of the general federal income tax consequences to U.S. taxpayers and the Company of awards granted under the 1997 Stock Plan. Tax consequences for any particular individual may be different.

Incentive Stock Options

No taxable income is reportable when an incentive stock option is granted or exercised (except for purposes of the alternative minimum tax, in which case taxable income is the same as for nonstatutory stock options). If the participant exercises the option and then later sells or otherwise disposes of the shares more than two years after the grant date and more than one year after the exercise date, the difference between the sale price and the exercise price will be taxed as capital gain or loss. If the participant exercises the option and then later sells or otherwise disposes of the shares before the end of the two- or one-year holding periods described above, he or she generally will have ordinary income at the time of the sale equal to the fair market value of the shares on the exercise date (or the sale price, if less) minus the exercise price of the option.

Nonstatutory Stock Options

No taxable income is reportable when a nonstatutory stock option, which also may be referred to as a nonqualified stock option, is granted to a participant. Upon exercise, the participant will recognize ordinary income in an amount equal to the excess of the fair market value (on the exercise date) of the shares purchased over the exercise price of the option. Any additional gain or loss recognized upon any later disposition of the shares would be capital gain or loss.

Table of Contents

Restricted Stock

A participant will not have taxable income upon grant unless he or she elects to be taxed at that time. Instead, he or she will recognize ordinary income at the time of vesting equal to the fair market value (on the vesting date) of the vested shares.

Tax Effect for the Company

The Company generally will be entitled to a tax deduction in connection with an award under the 1997 Stock Plan in an amount equal to the ordinary income realized by a participant and at the time the participant recognizes such income (for example, the exercise of a nonstatutory stock option). Special rules limit the deductibility of compensation paid to our Chief Executive Officer and to each of our four most highly compensated Executive Officers. Under Section 162(m) of the Internal Revenue Code, the annual compensation paid to any of these specified executives will be deductible only to the extent that it does not exceed \$1,000,000. However, the Company can preserve the deductibility of certain compensation in excess of \$1,000,000 if the conditions of Section 162(m) are met. These conditions include stockholder approval of the 1997 Stock Plan, setting limits on the number of awards that any individual may receive and, for awards other than certain stock options, establishing performance criteria that must be met before the award actually will vest or be paid. The 1997 Stock Plan has been designed to permit the Company to grant awards that qualify as performance-based for purposes of satisfying the conditions of Section 162(m), thereby permitting the Company to continue to receive a federal income tax deduction in connection with such awards.

The Company expects a minimal impact on cash taxes paid resulting from deductions related to the 1997 Stock Plan due to the Company's large domestic net operating loss position, which allows the Company to offset current taxable income with losses from prior years for ordinary income tax purposes.

Awards to be Granted to Certain Individuals and Groups

The number of awards that an employee or consultant may receive under the Plan is at the discretion of our Compensation Committee and therefore cannot be determined in advance. The following table sets forth, adjusted for our December 30, 2010 1-for-10 reverse stock split, the number of shares underlying options and the average exercise price per share for options granted in 2009, 2010 and 2011 to each of our Named Executive Officers, all Named Executive Officers as a group, all members of our Board of Directors as a group and all other individuals as a group.

PROPOSAL NO. 3

RATIFICATION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTANT

Our Board of Directors is submitting the appointment of Ehrhardt Keefe Steiner & Hottman PC (EKS&H) as the Company's independent registered public accountant for stockholder ratification at the 2012 Annual Meeting. EKS&H has served as our independent registered public accountant since March 31, 2006. A representative of EKS&H is expected to be present at the Annual Meeting and will have an opportunity to make a statement if the representative desires to do so. Such representative also is to be available to answer questions at the meeting.

Vote Required; Recommendation of our Board of Directors

Stockholder ratification of the appointment of EKS&H as our independent registered public accountant is not required by our bylaws or otherwise. Our Board, however, is submitting the appointment of EKS&H to the stockholders for ratification as a matter of good corporate governance practice. The ratification of our independent registered public accountant for 2012 is to be approved by the vote of a majority of the shares having voting power present in person or by proxy, and entitled to vote, on the subject matter. If stockholders fail to ratify the appointment, our Audit Committee will reconsider whether or not to retain EKS&H as our independent registered public accountant, although our Audit Committee maintains the full discretion to continue to retain EKS&H in such a circumstance. Even if the appointment is ratified, our Audit Committee in its discretion may direct the appointment of a different independent registered public accountant at any time during the year if it determines that such a change would be in the best interest of the Company and its stockholders.

Our Board unanimously recommends a vote FOR the ratification of EKS&H as our independent registered public accountant for fiscal 2012.

POTENTIAL VOTE NO. 4

**ADVISORY VOTE WITH RESPECT TO DISCRETIONARY VOTING BY
PROXYHOLDERS**

Other than the three items of business previously described in Proposal No. 1, Proposal No. 2 and Proposal No. 3, we are not aware of any other business to be acted upon at the 2012 Annual Meeting. Since our 1997 initial public offering, only items that were described in the proxy materials made available to stockholders prior to the corresponding Annual Meeting or Special Meeting were resolved by a vote of our stockholders at such meetings. While we have taken steps to ensure this remains the case, it is possible other business may properly come before our 2012 Annual Meeting, via the efforts of a stockholder or otherwise. In such a circumstance, our proxyholders Robert B. Grieve, our Chairman and Chief Executive Officer, Jason A. Napolitano, our Executive Vice President, Chief Financial Officer and Secretary and Michael A. Bent, our Vice President, Principal Accounting Officer and Controller will have the discretion to vote shares for which we have been granted a proxy as they may determine. As a matter of good corporate governance practice, we are asking stockholders to submit an advisory vote for the proxyholders consideration in such a circumstance. We will interpret a for vote as an indication that the stockholder s preference is that the proxyholders exercise their voting discretion in a manner they determine to be in the best interest of the Company s stockholders, a no vote as an indication that the stockholder s preference is that the proxyholders exercise their voting discretion against any proposal brought to a vote as outlined above, including a proposal the proxyholders otherwise believe to be in the best interests of the Company s stockholders, and an abstain or non-vote as an indication that the stockholder does not wish to express a preference regarding such a circumstance. It is important to note this is an advisory vote only, and that while the proxyholders may consider the advisory vote in such a circumstance, the proxyholders retain full discretion to vote as they may determine regardless of any outcome of the advisory vote.

Recommendation of our Board of Directors

Our Board unanimously recommends a vote FOR your preference being that the proxyholders exercise their voting discretion in a manner they determine to be in the best interest of the Company s stockholders, if other business properly comes before the 2012 Annual Meeting and you are voting by proxy.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Executive Compensation Objective and Philosophy

The Compensation Committee of Heska Corporation's Board of Directors (the Committee) administers our executive compensation program and establishes the salaries of our Executive Officers. The ultimate objective of our executive compensation program is to attract, retain and reward executives who will enhance the value and profitability of Heska Corporation (Heska or the Company) and increase stockholder value. The Committee strives to provide competitive compensation opportunities with the ultimate amount of compensation received tied significantly to short-term and long-term Company performance. Inherent in our approach is the philosophy that compensation can align behavior and actions with stockholder interests, attract and retain stronger executives and thus create value for stockholders over time. The Committee's goal in executive compensation is to design and administer programs that best serve these ends.

What is Heska's Executive Compensation Program Designed to Reward?

The Committee develops our executive compensation programs to reward Executive Officers for their contribution to Heska's financial performance and to recognize individual initiative, leadership, achievement and other contributions. An effective compensation program will reward executives for working well collectively as well as for strong individual performance.

What are the Elements of Heska's Executive Compensation?

Our compensation program is designed to reward four interlocking aspects of executive performance:

Annual financial performance: rewarded primarily through the awards paid under the Management Incentive Plan (MIP);

Individual contribution: rewarded primarily through the setting of base salary and annual MIP targets;

Long-term gains in stockholder value: rewarded primarily through the equity incentive program; and

Continued service to the Company; rewarded primarily through base salary, equity award requirements and vesting and competitive benefits levels.

Why Does Heska Choose to Pay Each Element of Executive Compensation?

Base salary. Base salaries are set on an annual or other periodic basis and designed to reflect competitive market salaries for each position. They are also used in determining the basis for bonus targets in our MIP discussed below.

Performance-based incentive compensation. This form of compensation is based on the achievement of predetermined financial, project, research or other designated objectives. This form of compensation is paid to reward near-term performance (i.e., no longer than the coming year) and encourage Executive Officers to optimize immediate opportunities. In recent years, an MIP has been offered to Executive Officers and other managers to provide a performance-based incentive.

Long-term equity compensation. This form of compensation is designed to encourage the achievement of superior financial results over an extended period of time and align the interests of stockholders and Executive Officers. It is intended to ensure that Executive Officers make thoughtful decisions about the Company's future and long-term prospects.

Table of Contents

Other benefits, compensation or arrangements. Other than broad-based programs open to all employees, such as participation in our 401(k) program and employee stock purchase plan, this category tends to be used rarely. All of our Executive Officers have employment agreements. An Executive Officer's extraordinary performance or participation in an unanticipated endeavor may occasionally trigger such an award in this category.

Determination of Compensation Elements

In reviewing the compensation of our Executive Officers, the Committee reviews the nature and scope of each Executive Officer's responsibilities as well as his or her effectiveness in that role as well as in supporting the Company's long-term goals. Heska's Board of Directors (the Board) formally evaluates the Chief Executive Officer (our CEO). Our CEO communicates his view of the performance of other Executive Officers to the Committee and makes recommendations regarding salary, incentive-based performance compensation and long-term compensation grants for the Committee's consideration. The Company has a performance appraisal system it uses to evaluate its employees, including Executive Officers, which Dr. Grieve considers, potentially along with other information, such as third-party interviews of Company employees who interact with the Company's Executive Officers. In the past several years, our Vice President of Human Resources and/or our Controller has compiled and/or presented data discussed below for the Committee's consideration of the different compensation elements. The Chief Financial Officer (our CFO) has also met with the Committee to communicate on issues of interest to the Committee, including the accounting implications of various compensation alternatives and information on our financial plans, expectations and historical results for the Committee's consideration.

The Committee has considered it appropriate, and in the best interests of Heska's stockholders, to endeavor to set our overall Executive Officer compensation near the mid-point of the range of companies in the comparison group it reviewed (Comparable Companies). The Committee also reviews the relative mix of compensation paid by Comparable Companies for use as a guideline. It is the sense of the Committee that performance-based incentive compensation has been relatively lower and long-term equity compensation relatively higher than for Comparable Companies. We anticipate the Committee will continue to exercise its discretion regarding the relative mix of compensation, although the relative mix may become more similar to that of Comparable Companies over time. The Committee views the difference between the compensation of our CEO and our other Named Executive Officers as largely a reflection of competitive market practices and the CEO's responsibility for all Company operations and not any compensation philosophy specific to Heska. In compensation matters, the Committee reviews relevant information and makes a case-by-case determination relying on its collective judgment and experience.

The Committee engaged an outside compensation consultant (the Consultant) in the second half of 2010 and received a report on executive compensation from the Consultant in December 2010. The Committee also engaged the Consultant in 2011. The Committee viewed the Consultant as an advisor only, and the Committee retained the discretion to implement or not implement the Consultant's suggestions.

The Committee considers compensation data from companies in medical, biotechnology and general industry groups that have similar revenues, veterinary focus and/or are in a similar stage of development to Heska. In 2009, the Committee reviewed compensation data for the following companies as part of its review of Executive Compensation: Abaxis, Akron, Array Biopharma, Hi Tech Pharmaceuticals, ImmunoGen, Inspire Pharmaceuticals, ISTA Pharmaceuticals, Jazz Pharmaceuticals, Lannett, Lexicon Pharmaceuticals, Noven Pharmaceuticals, Pain Therapeutics, POZEN, Quidel, Santarus, and XOMA. In 2010 and early 2011, the Committee reviewed compensation data for the following companies as part of its review of Executive Compensation: Abaxis, Akron, Array Biopharma, Hi Tech Pharmaceuticals, ISTA Pharmaceuticals, Lannett, Natural Alternatives, POZEN, Progenics Pharmaceuticals, Quidel, Santarus, and XOMA. In 2011, the Committee reviewed compensation data for the following companies as part of its review of Executive Compensation: Abaxis, Akron, Array Biopharma, Hi Tech Pharmaceuticals, ISTA Pharmaceuticals, Lannett, Natural Alternatives, POZEN, Progenics Pharmaceuticals, Quidel, Santarus, and XOMA. The Committee also reviewed summary compensation data based on company size for each year.

Base Salary. The Committee reviews each Executive Officer's base salary annually. When reviewing base salaries, the Committee considers compensation data from companies in medical, biotechnology and general industry groups that have similar revenues, veterinary focus and/or are in a similar stage of development to Heska. Consideration is also given to prior performance, relevant experience, level of responsibility and skills, and abilities of each Executive Officer. Similar positions are grouped to ensure both internal equity and external equity. The Committee reviews relevant information and makes a case-by-case determination relying on its collective judgment and experience.

In November 2008, at the request of management based on the challenges the Company faced in 2008 and expected to face in the near term, the Committee froze base salaries for all current Executive Officers, with the exception of Dr. McGinley. In November 2008, our Board of Directors appointed Dr. McGinley the Company's President and Chief Operating Officer at a salary of \$230,000, effective January 1, 2009.

In February 2011, the Committee reviewed market data on base compensation and executive compensation practices, noted management's performance in 2010, and decided upon the following base salaries for the Named Executive Officers. The Committee also discussed potential performance-based increases later in 2011 for Dr. McGinley and Mr. Napolitano.

Robert B. Grieve, Ph.D.	\$ 462,000	5.0%

In February 2012, after reviewing and considering relevant data, including input from Dr. Grieve, the Committee agreed to the following base salaries, effective February 2012.

Performance-Based Incentive Compensation. The Company first adopted an MIP in 1999 to provide incentives to our Executive Officers, other managers and key employees to meet and exceed certain predetermined annual goals. Target annual incentives and specific performance criteria are established each year by the Committee, with the actual payout based on the extent to which the specified performance criteria are met. We believe this approach provides a strong incentive for our management to achieve the stated annual goals. An example of the incentive can be seen when comparing the cash levels of the 2009 MIP Payouts to zero 2010 MIP Payouts in the Non-Equity Incentive Plan Compensation column of the Historical Compensation Table below. In late 2005, the Committee adopted the Management Incentive Plan Master Document (the Master Document). A goal of the Master Document is self-funding status for the MIP in any given year. A given year's MIP can be implemented by the Committee agreeing on four parameters: 1) the percent of salary that is an individual's targeted bonus compensation, 2) the relative weighting of companywide and individual performance, 3) the key parameter(s) the MIP Payouts are to be

Table of Contents

based upon and 4) the Payout Structure by which the MIP is funded. Typically there has been a cap on the MIP of approximately 150% of target payout to all employees, although this is not required in any given year. Each individual has a targeted MIP Payout and this is intended as a guideline. Our CEO will generally make recommendations to the Committee regarding MIP Payouts to other MIP Plan participants; all awards under the MIP Plan are at the discretion of the Committee. All Executive Officers are eligible for the 2012 MIP. We do not believe our compensation policy for our Executive Officers, our sales force or our other employees are reasonably likely to have a material adverse effect on our Company. We generally pay our sales force commissions based on sales volume and other targets, which we believe is typical in our industry.

In considering the 2009 MIP, the Committee considered the challenges facing the Company, the importance of observing the MIP's self-funding goal, particularly in a period with restrictive credit conditions, as well as management's request to freeze base salaries and adopt an MIP with an aggressive payout threshold. Accordingly, the Committee approved an MIP with an aggressive payout threshold which were in excess of the Company's internal budget levels before any MIP Payouts were to be made. In November 2008, the Committee adopted the 2009 MIP with the following parameters:

Parameter	Result
% Salary Target	Chief Executive Officer 50%
	All other eligible Executive Officers 35%
Relative Weighting	75% Company Performance / 25% Individual Performance
Key Parameter	Pre-MIP Net Income, as defined in the Third Amended and Restated Credit and Security Agreement by and between Heska Corporation, Diamond Animal Health, Inc. and Wells Fargo Bank, National Association dated December 30, 2005.
Payout Structure	Funding starts at \$2 million of Pre-MIP Net Income, as defined
	30.0% Share of every additional \$1 in Pre-MIP Net Income
	MIP Capped at \$1.855 million (150% of targeted payout)

As an example, if Heska had approximately \$4.473MM in Pre-MIP Net Income, as defined, there would have been approximately \$742 thousand available under the MIP for the Committee to distribute among plan participants. This represents a plan funded at 60% of target. Dr. Grieve's 2009 salary was \$420,000 and his targeted payout was \$210,000 (50% of \$420,000). In a 60% MIP-funded plan, his funded targeted payout would be \$126,000 (60% of \$210,000). The Committee could then adjust his pay upward for strong individual performance or down for poor individual performance using a 25% weighting as a guideline for the adjustment. This is a guideline only, however, as the Committee retains discretion to adjust this number as circumstances dictate.

At a Committee meeting in February 2009, the Committee approved MIP plan participants' MIP Payouts recommendations and decided Dr. Grieve's MIP Payout would be equal to his individual funded target (roughly 85% of target). Each of the Named Executive Officers eligible for the MIP received an MIP Payout in line with his individual funded target, with the exception of Mr. Bent who received a higher percentage due to his particularly strong individual performance. The MIP Payouts to MIP-eligible Named Executive Officers are listed as Non-Equity Incentive Plan Compensation in the Summary Compensation Table below.

Table of Contents

In considering the 2010 MIP, the Committee considered the Company's 2009 performance as well as anticipated challenges in 2010, in particular the loss of access to consumables and supplies for the handheld line of instruments the Company sold in 2009. The Committee approved an MIP with a higher anticipated threshold payout level than in 2009 but with a higher payout percentage upon reaching the threshold. In November 2009, the Committee adopted the 2010 MIP with the following parameters:

Parameter	Result
% Salary Target	Chief Executive Officer 50%
	All other eligible Executive Officers 35%
Relative Weighting	75% Company Performance / 25% Individual Performance
Key Parameter	Pre-MIP Operating Income
Payout Structure	Funding starts at \$3.257 million of Pre-MIP Operating Income
	53.0% Share of every additional \$1 in Pre-MIP Operating Income
	MIP Capped at \$1.5 million (150% of targeted payout)

The Company's financial performance was well below expectations in 2010. The Company failed to achieve pre-MIP Operating Income at a level to fund the MIP. Accordingly, no MIP Payouts were made under the 2010 MIP.

In considering the 2011 MIP, the Committee considered the Board's desire that the Company achieve growth. The Committee decided to design half of the MIP based on a share of operating income above a given level, as in the past. The second half of the MIP was to be based on the achievement of certain milestones Company management had identified as important to achieve future growth. After considering a Board presentation in February 2011 regarding potential strategic areas for the Company to grow, Committee members worked with Executive Officers to choose five such milestones for inclusion in the 2011 MIP. In March 2011, the Committee adopted the 2011 MIP with the following parameters:

Parameter	Result
% Salary Target	Chief Executive Officer 50%
	All other eligible Executive Officers 35%
Relative Weighting	50% Company Financial Performance / 50% Company Achievement of Strategic Growth Initiatives (SGI)
Key Parameters	Pre-MIP Operating Income and Strategic Growth Milestone Achievement
Payout Structure	Funding starts at \$1.5 million of Pre-MIP Operating Income
	18.8% Share of every additional \$1 in Pre-MIP Operating Income
	\$105K payout for achievement of each of 5 SGI milestones if at least \$1.5 million of Pre-MIP Operating Income
	MIP Capped at \$1.3125 million (150% of targeted payout for Pre-MIP Operating Income and 100% achievement of SGI Milestones)

At a Committee Meeting in December 2011, the Committee reviewed the Company's accomplishments regarding MIP SGI milestones and determined it was appropriate to include 100% achievement of SGI Milestones in MIP funding. At a Committee meeting in February 2012, the Committee determined MIP plan participants' MIP Payouts based on an MIP funding level of slightly above 100% of target. Variances in individual MIP Payouts versus targeted levels are based on the Committee's view of individual performance. The MIP Payouts to MIP-eligible Named Executive Officers are listed as Non-Equity Incentive Plan Compensation in the Summary Compensation Table below.

In considering the 2012 MIP, the Committee considered the Company's 2011 performance and the Board's desire that the Company achieve growth. The Committee decided to use a similar structure to the 2011 MIP with a 50/50 weighting of financial performance and strategic growth

initiatives. Three 2012 SGI milestones are related to the launch of new products and one is related to sales force productivity. In February 2012, the Committee adopted the 2012 MIP with the following parameters:

Table of Contents

Parameter	Result
% Salary Target	Chief Executive Officer 50%
	All other eligible Executive Officers 35%
Relative Weighting	50% Company Financial Performance / 50% Company Achievement of Strategic Growth Initiatives (SGI)
Key Parameters	Pre-MIP Operating Income and Strategic Growth Milestone Achievement
Payout Structure	Funding starts at \$3.579 million of Pre-MIP Operating Income
	16.2% Share of every additional \$1 in Pre-MIP Operating Income
	\$144.75K payout for achievement of each of 4 SGI Milestones if at least \$3.579 million of Pre-MIP Operating Income
	MIP Capped at \$1.4475 million (150% of targeted payout for Pre-MIP Operating Income and 100% achievement of SGI Milestones)

In the table named Grants of Plan-Based Awards below, we list potential payouts under the 2012 MIP to Named Executive Officers, under Estimated Future Payouts Under Non-Equity Incentive Plan Awards. All Threshold MIP Payouts assume all SGI Milestones and a Pre-MIP Operating Income level of \$3.579 million are achieved. All Target MIP Payouts are as defined above. The Maximum MIP Payouts are 25% greater than the Target MIP Payouts to reflect that the 2012 MIP Plan is capped at 125% of its targeted funding level. It is possible the Committee may decide to pay a Named Executive Officer greater than this amount, although this did not occur in 2006 when the 2006 MIP Plan reached its capped funding level.

Long-term Equity Compensation. Historically, we have used stock options to provide long-term equity compensation to our Executive Officers. The Committee is responsible for determining the number and terms of options, or other forms of long-term equity compensation, to be granted to Executive Officers, taking into account such factors as individual and Company performance, policies regarding cash compensation and practices of Comparable Companies. Options granted to Executive Officers have exercise prices equal to fair market value (closing price) at the time of grant and expire within ten years from the time of grant. Any vesting ceases and the vested portion of options must be exercised within a certain period should an Executive Officer leave Heska's service (subject to any rights to partial acceleration of vesting upon termination without cause under employment agreements). Accordingly, option grants will provide a return to an Executive Officer only if said Executive Officer continues to work for the benefit of the Company and only if Heska's market price per share appreciates over the option term. We believe that these provisions help both to retain qualified employees and to motivate them to achieve long-term increases in stock value, providing continuing benefits to the Company and its stockholders beyond those in the year of grant. While it appears stock options will remain the core component of long-term equity compensation in the near future, it is possible the Committee will choose to use restricted stock, restricted stock units, some other form of long-term equity compensation or some combination of the foregoing with or without stock options in the future.

We anticipate granting stock options with 4-year monthly vesting will continue to be our standard practice in the future.

Table of Contents

In November 2008, the Committee considered the fact that 2009 salaries had been frozen for most Executive Officers, that no 2008 MIP Payouts were to be made and that the Company's 2009 MIP required a performance in excess of the Company's internal budget before any MIP Payouts were to be made. Accordingly, the Committee desired to provide Executive Officers with a greater proportion of long-term compensation than in the recent past. In November 2008, the Committee granted all of our Named Executive Officers a greater number of shares underlying options than in 2007, with the exception of Dr. Grieve, who received the same number of shares underlying options. Dr. McGinley received the largest year-over-year increase in recognition of his pending promotion to President and Chief Operating Officer and increased responsibilities.

In November 2009, the Committee considered individual performance, salary and projected 2009 MIP Payouts, as well as overall corporate performance and awarded option grants listed in "Grants of Plan-Based Awards" below.

In December 2010, after receiving input from the Consultant and reviewing relevant data, the Committee approved a grant of stock options to certain Officers of the Company. The Committee considered individual performance as well as overall corporate performance. Shares underlying option grants were slightly below or at the same level as in 2009 when adjusted to reflect our December 2010 1-for-10 reverse stock split.

In December 2011, after reviewing relevant data, the Committee approved a grant of stock options to certain Officers of the Company. The Committee considered individual performance as well as overall corporate performance and awarded option grants listed in "Grants of Plan-Based Awards" below. Grants were generally above or at the same level as in 2010. Mr. Aperfine also received a large grant in May 2011 as an incentive to join the Company.

Other Benefits, Compensation or Arrangements

All Other Compensation in the Summary Compensation Table below represent matching funds received by each of our Named Executive Officers under our 401(k) plan, which is open to all employees, as well as life insurance and short-term and long-term disability premiums. We have historically provided a 25% match of 401(k) contribution limits (up to a certain maximum). In 2009, we suspended this match which was restored on January 1, 2010.

All of our Named Executive Officers had employment contracts in 2009, 2010 and 2011, with the exception of Mr. Aperfine who joined the Company on May 1, 2011 and signed an employment agreement with the Company in August 2011. These employment agreements entitle Named Executive Officers to payments based on salary, continuing medical benefits for a given period and immediate vesting of unvested options in certain circumstances. Payments based on salary are typically paid monthly. The Committee believes these are common, in line with the experience of the Committee for executives at other companies and are intended to provide Executive Officers with additional resources to seek a comparable job, which is unlikely to be a rapid process given the level of employment, in these certain circumstances, such as an acquisition. Dr. Grieve is also entitled to payout based on bonus targets in certain circumstances, such as termination without cause, as well. These employment contracts are intended to provide the Named Executive Officers with protections appropriate for, and in line with, those received by comparable executives at companies similar to Heska. Periodically, we review these agreements versus market benchmarks. Such a review was conducted in late 2010 and early 2011.

Table of Contents

Mr. Aperfine received a payment of \$25 thousand in May 2011 as an incentive to join the Company, which is listed in the Bonus column in the Summary Compensation Table below. In February 2012, the Committee approved a Company-funded voluntary executive health screen for Executive Officers and certain other members of management.

Compensation Tax Deductibility

The Committee is also sensitive to, and tries to optimize, tax implications. It is our policy generally to qualify compensation paid to Executive Officers for deductibility under Section 162(m) of the Internal Revenue Code. The Committee has structured the Management Incentive Plan Master Document, the 2009 MIP, the 2010 MIP, the 2011 MIP and the 2012 MIP to qualify as awards under such plans as performance-based compensation and to maximize the tax deductibility of such awards. However, the Committee reserves the discretion to pay compensation to its Executive Officers that may not be tax deductible.

In summary, as Heska Corporation continues to evolve, Heska's Executive Compensation is evolving. The Committee endeavors to find the proper level and balance of base salary, performance-based incentive compensation, long-term equity incentive compensation and other forms of compensation.

Historical and Summary Compensation Tables

The following table sets forth compensation for services rendered in all capacities to us during 2009, 2010 and 2011 by Robert B. Grieve, our Chairman of the Board and Chief Executive Officer, Jason A. Napolitano, our Chief Financial Officer, and our three other most highly compensated Executive Officers for the fiscal year ended December 31, 2011 (the Named Executive Officers). The following table represents compensation recognized for financial reporting purposes for each of the Named Executive Officers. The Option Awards column lists the accounting cost of options recognized for a given individual in a given year. In general, stock options are valued at the time of grant with the corresponding cost amortized ratably over the corresponding option vesting period.

- (1) Based on targeted bonus multiplied by the percentage cap in our 2012 Management Incentive Plan (MIP) for Named Executive Officers. Our 2012 MIP is designed with a cap of approximately \$1.448 million on total payouts, or 125% of projected targeted bonuses. Our 2012 MIP gives our Compensation Committee discretion as to how any payouts will be distributed and the ability to make total payouts above the cap level. Accordingly, although our Compensation Committee has never awarded a MIP Payout to an employee greater than the employee's targeted bonus multiplied by the applicable percentage cap, our Compensation Committee has the ability to make 2012 MIP Payouts to Executive Officers in excess of that amount, which is reported as maximum in this column.
- (2) One-forty-eighth (1/48th) of the total options granted become vested and exercisable each month from the grant date until options granted have vested in full on the four-year anniversary of the grant date. Each option was granted with an exercise price equal to 100% of the fair market value of our stock on the date of grant as determined by our Compensation Committee, and has a term of ten years, subject to earlier termination in certain events related to termination of employment.

REPORT OF OUR AUDIT COMMITTEE

The ultimate responsibility for good corporate governance rests with Heska Corporation's Board of Directors (the Board), whose primary roles are oversight, counseling and direction to Heska Corporation's management in the best long-term interests of Heska Corporation (Heska or the Company) and its stockholders. The Audit Committee of the Board (the Audit Committee) has been established for the purpose of overseeing the accounting and financial reporting processes of the Company and audits of Heska's financial statements.

The Audit Committee operates under a written charter, a copy of which is available on Heska's website at www.heska.com. As described more fully in its charter, the purpose of the Audit Committee is to assist the Board in its oversight and monitoring of Heska's financial reporting, internal controls and audit function. Management is responsible for the preparation, presentation and integrity of Heska's financial statements; accounting and financial reporting principles; internal controls; and procedures designed to ensure compliance with accounting standards, applicable laws and regulations. The Audit Committee has hired an independent registered public accountant, who is responsible for performing an independent audit of the Company's consolidated financial statements in accordance with generally accepted auditing standards. In accordance with the Sarbanes-Oxley Act of 2002, the Audit Committee has ultimate authority and responsibility to select, direct, compensate, evaluate and, when appropriate, replace Heska's independent registered public accountant.

The Audit Committee members are not professional accountants or auditors, and their functions are not intended to duplicate or to certify the activities of management and the independent registered public accountant, nor can the Audit Committee certify that the independent registered public accountant is independent under applicable rules. The Audit Committee serves a board-level oversight role, in which it provides advice, counsel and direction to management on the basis of the information it receives, discussions with management and the independent registered public accountant, and the experience of the Audit Committee's members in business, financial and accounting matters. The Audit Committee has the authority to engage its own outside advisers, including experts in particular areas of accounting, as it determines appropriate, apart from counsel or advisers hired by management.

In this context, during the year 2011, we met and held discussions with management and Ehrhardt Keefe Steiner & Hottman PC (EKS&H), Heska's independent registered public accountant. Management represented to us that Heska's consolidated financial statements were prepared in accordance with generally accepted accounting principles, and we have reviewed and discussed the consolidated financial statements with management and EKS&H. In Audit Committee meetings with EKS&H, we discussed matters as required by Statement of Auditing Standards No. 61 (Communication with Audit Committees). Our review included a discussion with management of the quality, not merely the acceptability, of Heska's accounting principles, the reasonableness of significant estimates and judgments and the disclosure in Heska's consolidated financial statements.

We received from EKS&H the written disclosures required by the applicable requirements of the Public Company Accounting Oversight Board regarding the independent accountant's communications with the Audit Committee concerning independence and discussed with EKS&H its independence. In reliance on the reviews and discussions noted above, and the report of the independent registered public accountant, we recommended to the Board that the Company's audited financial statements be included in its Annual Report on Form 10-K for the year ended December 31, 2011, and be filed with the Securities and Exchange Commission.

Table of Contents

Heska was not required to have an audit of its internal control over financial reporting in 2010 or in 2011 as the Securities and Exchange Commission did not require registrants in Heska's market value category to do so. We discussed the advisability of obtaining a voluntary audit of internal control over financial reporting with management and EKS&H. Heska decided not to proceed with a voluntary audit and we do not expect that Heska will have an audit of its internal control over financial reporting until required.

Overall audit fees and related expenses decreased in 2011 as compared to 2010. Lower on-site audit expenses, including greater audit efficiency, and lower research expenses were factors in the decline. Tax fees increased in 2011 as compared to 2010. A factor in the increase was the Company's reported pre-tax loss for the first six months of 2010 and less corresponding need for estimated tax payment services compared with the first half of 2011, when the Company generated a pre-tax income in the first half of the year.

ADDITIONAL INFORMATION

Householding of Proxy Materials

The SEC has adopted rules that permit companies and intermediaries such as brokers to satisfy delivery requirements for proxy statements with respect to two or more stockholders sharing the same address by delivering a single proxy statement addressed to those stockholders. This process, which is commonly referred to as householding, potentially provides extra convenience for stockholders and cost savings for companies. Heska and some brokers household proxy materials, delivering a single proxy statement to multiple stockholders sharing an address unless contrary instructions have been received from the affected stockholders. Once you have received notice from your broker or us that they or we will be householding materials to your address, householding will continue until you are notified otherwise or until you revoke your consent. If, at any time, you no longer wish to participate in householding and would prefer to receive a separate proxy statement, or if you are receiving multiple copies of the proxy statement and wish to receive only one, please notify your broker if your shares are held in a brokerage account or us if you hold registered shares. You can notify us by sending a written request to Investor Relations, Heska Corporation, 3760 Rocky Mountain Avenue, Loveland, Colorado 80538.

OTHER MATTERS

Our Board knows of no other matters to be presented for stockholder action at our 2012 Annual Meeting. However, if other matters do properly come before our Annual Meeting or any adjournments or postponements thereof, our Board intends that the persons named in the proxies will vote upon such matters in accordance with their best judgment.

HESKA CORPORATION

1997 STOCK INCENTIVE PLAN

ARTICLE 1. INTRODUCTION.

The Plan was adopted by the Board effective March 15, 1997, and was subsequently amended on each of March 6, 2007 and May 5, 2009. In connection with completion of the Company's 1-for-10 Reverse Stock Split on December 30, 2010, pursuant to Article 9 the Compensation Committee of the Board approved adjustments to the Plan to reduce by a factor of ten the number of Options and Restricted Shares, and related underlying Common Shares, available for issuance under the Plan. On February 22, 2012, the Board approved, subject to stockholder approval, further amendments to the Plan to increase the aggregate number of Common Shares available for issuance under the Plan.

The purpose of the Plan is to promote the long-term success of the Company and the creation of stockholder value by (a) encouraging Employees, Outside Directors and Consultants to focus on critical long-range objectives, (b) encouraging the attraction and retention of Employees, Outside Directors and Consultants with exceptional qualifications and (c) linking Employees, Outside Directors and Consultants directly to stockholder interests through increased stock ownership. The Plan seeks to achieve this purpose by providing for Awards in the form of Restricted Shares or Options (which may constitute incentive stock options or nonstatutory stock options).

The Plan shall be governed by, and construed in accordance with, the laws of the State of Colorado (except its choice-of-law provisions).

ARTICLE 2. ADMINISTRATION.

2.1 Committee Composition. The Plan shall be administered by the Committee. The Committee shall consist exclusively of two or more directors of the Company, who shall be appointed by the Board. In addition, the composition of the Committee shall satisfy:

(a) Such requirements as the Securities and Exchange Commission may establish for administrators acting under plans intended to qualify for exemption under Rule 16b-3 (or its successor) under the Exchange Act; and

(b) Such requirements as the Internal Revenue Service may establish for outside directors acting under plans intended to qualify for exemption under section 162(m)(4)(C) of the Code.

The Board may also appoint one or more separate committees of the Board, each composed of one or more directors of the Company who need not satisfy the foregoing requirements, who may administer the Plan with respect to Employees and Consultants who are not considered officers or directors of the Company under section 16 of the Exchange Act, may grant Awards under the Plan to such Employees and Consultants and may determine all terms of such Awards.

2.2 Committee Responsibilities. The Committee shall (a) select the Employees, Outside Directors and Consultants who are to receive Awards under the Plan, (b) determine the type, number, vesting requirements and other features and conditions of such Awards, (c) interpret the Plan and (d) make all other decisions relating to the operation of the Plan. The Committee may adopt such rules or guidelines as it deems appropriate to implement the Plan. The Committee's determinations under the Plan shall be final and binding on all persons.

ARTICLE 3. SHARES AVAILABLE FOR GRANTS.

3.1 Basic Limitation. Common Shares issued pursuant to the Plan may be authorized but unissued shares or treasury shares. Prior to December 30, 2010, the effective date of the Reverse Stock Split, the aggregate number of Options and Restricted Shares awarded under the Plan were not to exceed: (a) 1,350,000; plus (b) the aggregate number of Common Shares remaining available for grants under the Predecessor Plans on March 15, 1997; plus (c) the additional Common Shares described in Sections 3.2(a) and 3.3; less (d) 250,000. From and after the effective date of the Reverse Stock Split, the aggregate number of Options and Restricted Shares available for award under the Plan were reduced (pursuant to Article 9) by a factor of ten as follows: (a) 135,000; plus (b) 10% of the aggregate number of Common Shares that remained available for grants under the Predecessor Plans on March 15, 1997; plus (c) the additional Common Shares described in Sections 3.2(b) and 3.3 plus 10% of the additional Common Shares described in Section 3.2(a); less (d) 25,000. Subject to stockholder approval, from and after the effective date of this amended and restated Plan, the aggregate number of Options and Restricted Shares that may be awarded under the Plan shall be increased by 250,000. No additional grants have been or are permitted to be made under the Predecessor Plans after March 15, 1997. The limitation of this Section 3.1 shall be further subject to adjustment pursuant to Article 9.

3.2 Annual Increase in Shares.

(a) As of January 1 of each year, commencing with the year 1998 and continuing through January 1, 2007, the aggregate number of Options and Restricted Shares that may be awarded under the Plan shall be increased by a number of Common Shares equal to the lesser of (i) 5% of the total number of Common Shares outstanding as of the next preceding December 31 or (ii) 1,500,000. After the annual increase on January 1, 2007, there shall be no further annual increases under the Plan pursuant to this Section 3.2(a) unless and until stockholder approval of such increase has been obtained.

(b) Subject to stockholder approval, as of the Company's Annual meeting of stockholders of each given year, commencing with the Company's Annual meeting of stockholders in 2012 and continuing through the Company's Annual meeting of stockholders in 2016, the aggregate number of Options and Restricted Shares that may be awarded under the Plan shall be increased by a number of Common Shares equal to the lesser of (A) 45,000 and (B) the product of 5,000 multiplied by the number of non-employee directors serving on the Board as of the Company's Annual meeting of stockholders in the particular year of determination. After the annual increase as of the Company's Annual meeting of stockholders in 2016, there shall be no further annual increases under the Plan pursuant to this Section 3.2(b) unless and until stockholder approval of such increase has been obtained.

3.3 Additional Shares. If Options granted under this Plan or under the Predecessor Plans are forfeited or terminate for any other reason before being exercised, then the corresponding Common Shares shall become available for the grant of Options and Restricted Shares under this Plan. If Restricted Shares are forfeited, then the corresponding Common Shares shall again become available for the grant of NQOs and Restricted Shares under the Plan. The aggregate number of Common Shares that may be issued under the Plan upon the exercise of ISOs shall not be increased when Restricted Shares are forfeited.

ARTICLE 4. ELIGIBILITY.

4.1 Nonstatutory Stock Options and Restricted Shares. Only Employees, Outside Directors and Consultants shall be eligible for the grant of NQOs and Restricted Shares.

4.2 Incentive Stock Options. Only Employees who are common-law employees of the Company, a Parent or a Subsidiary shall be eligible for the grant of ISOs. In addition, an Employee who owns more than 10% of the total combined voting power of all classes of outstanding stock of the Company or any of its Parents or Subsidiaries shall not be eligible for the grant of an ISO unless the requirements set forth in section 422(c)(6) of the Code are satisfied.

ARTICLE 5. OPTIONS.

5.1 Stock Option Agreement. Each grant of an Option under the Plan shall be evidenced by a Stock Option Agreement between the Optionee and the Company. Such Option shall be subject to all applicable terms of the Plan and may be subject to any other terms that are not inconsistent with the Plan. The Stock Option Agreement shall specify whether the Option is an ISO or an NQO. The provisions of the various Stock Option Agreements entered into under the Plan need not be identical. Options may be granted in consideration of a cash payment or in consideration of a reduction in the Optionee's other compensation. A Stock Option Agreement may provide that a new Option will be granted automatically to the Optionee when he or she exercises a prior Option and pays the Exercise Price in the form described in Section 6.2.

5.2 Number of Shares. Each Stock Option Agreement shall specify the number of Common Shares subject to the Option and shall provide for the adjustment of such number in accordance with Article 9. Options granted to any Optionee in a single fiscal year of the Company shall not cover more than 50,000 Common Shares, except that Options granted to a new Employee in the fiscal year of the Company in which his or her service as an Employee first commences shall not cover more than 100,000 Common Shares. The limitations set forth in the preceding sentence shall be subject to adjustment in accordance with Article 9.

5.3 Exercise Price. Each Stock Option Agreement shall specify the Exercise Price; provided that the Exercise Price under an ISO shall in no event be less than 100% of the Fair Market Value of a Common Share on the date of grant and the Exercise Price under an NQO shall in no event be less than 85% of the Fair Market Value of a Common Share on the date of grant. In the case of an NQO, a Stock Option Agreement may specify an Exercise Price that varies in accordance with a predetermined formula while the NQO is outstanding.

5.4 Exercisability and Term. Each Stock Option Agreement shall specify the date when all or any installment of the Option is to become exercisable. The Stock Option Agreement shall also specify the term of the Option; provided that the term of an ISO shall in no event exceed 10 years from the date of grant. A Stock Option Agreement may provide for accelerated exercisability in the event of the Optionee's death, disability or retirement or other events and may provide for expiration prior to the end of its term in the event of the termination of the Optionee's service. NQOs may also be awarded in combination with Restricted Shares, and such an Award may provide that the NQOs will not be exercisable unless the related Restricted Shares are forfeited.

5.5 Effect of Change in Control. The Committee may determine, at the time of granting an Option or thereafter, that such Option shall become exercisable as to all or part of the Common Shares subject to such Option in the event that a Change in Control occurs with respect to the Company, subject to the following limitations:

- (a) In the case of an ISO, the acceleration of exercisability shall not occur without the Optionee's written consent.
- (b) If the Company and the other party to the transaction constituting a Change in Control agree that such transaction is to be treated as a pooling of interests for financial reporting purposes, and if such transaction in fact is so treated, then the acceleration of exercisability shall not occur to the extent that the surviving entity's independent public accountants determine in good faith that such acceleration would preclude the use of pooling of interests accounting.

Table of Contents

5.6 Modification or Assumption of Options. Within the limitations of the Plan, the Committee may modify, extend or assume outstanding options or may accept the cancellation of outstanding options (whether granted by the Company or by another issuer) in return for the grant of new options for the same or a different number of shares and at the same or a different exercise price. The foregoing notwithstanding, no modification of an Option shall, without the consent of the Optionee, alter or impair his or her rights or obligations under such Option.

5.7 Buyout Provisions. The Committee may at any time (a) offer to buy out for a payment in cash or cash equivalents an Option previously granted or (b) authorize an Optionee to elect to cash out an Option previously granted, in either case at such time and based upon such terms and conditions as the Committee shall establish.

ARTICLE 6. PAYMENT FOR OPTION SHARES.

6.1 General Rule. The entire Exercise Price of Common Shares issued upon exercise of Options shall be payable in cash or cash equivalents at the time when such Common Shares are purchased, except as follows:

(a) In the case of an ISO granted under the Plan, payment shall be made only pursuant to the express provisions of the applicable Stock Option Agreement. The Stock Option Agreement may specify that payment may be made in any form(s) described in this Article 6.

(b) In the case of an NQO, the Committee may at any time accept payment in any form(s) described in this Article 6.

6.2 Surrender of Stock. To the extent that this Section 6.2 is applicable, all or any part of the Exercise Price may be paid by surrendering, Common Shares that are already owned by the Optionee. Such Common Shares shall be valued at their Fair Market Value on the date when the new Common Shares are purchased under the Plan. The Optionee shall not surrender Common Shares in payment of the Exercise Price if such action would cause the Company to recognize compensation expense (or additional compensation expense) with respect to the Option for financial reporting purposes.

6.3 Exercise/Sale. To the extent that this Section 6.3 is applicable, all or any part of the Exercise Price and any withholding taxes may be paid by delivering (on a form prescribed by the Company) an irrevocable direction to a securities broker approved by the Company to sell all or part of the Common Shares being purchased under the Plan and to deliver all or part of the sales proceeds to the Company.

6.4 Exercise/Pledge. To the extent that this Section 6.4 is applicable, all or any part of the Exercise Price and any withholding taxes may be paid by delivering (on a form prescribed by the Company) an irrevocable direction to pledge all or part of the Common Shares being purchased under the Plan to a securities broker or lender approved by the Company, as security for a loan, and to deliver all or part of the loan proceeds to the Company.

6.5 Promissory Note. To the extent that this Section 6.5 is applicable, all or any part of the Exercise Price and any withholding taxes may be paid by delivering (on a form prescribed by the Company) a full-recourse promissory note; provided that the par value of the Common Shares being purchased under the Plan shall be paid in cash or cash equivalents.

6.6 Other Forms of Payment. To the extent that this Section 6.6 is applicable, all or any part of the Exercise Price and any withholding taxes may be paid in any other form that is consistent with applicable laws, regulations and rules.

ARTICLE 7. [Reserved]

ARTICLE 8. RESTRICTED SHARES.

8.1 Time, Amount and Form of Awards. Awards under the Plan may be granted in the form of Restricted Shares. Restricted Shares may also be awarded in combination with NQOs, and such an Award may provide that the Restricted Shares will be forfeited in the event that the related NQOs are exercised.

8.2 Payment for Awards. To the extent that an Award is granted in the form of newly issued Restricted Shares, the Award recipient, as a condition to the grant of such Award, shall be required to pay the Company in cash or cash equivalents an amount equal to the par value of such Restricted Shares. To the extent that an Award is granted in the form of Restricted Shares from the Company's treasury, no cash consideration shall be required of the Award recipients. Any amount not paid in cash may be paid with a full recourse promissory note.

8.3 Vesting Conditions. Each Award of Restricted Shares may or may not be subject to vesting. Vesting shall occur, in full or in installments, upon satisfaction of the conditions specified in the Stock Award Agreement. A Stock Award Agreement may provide for accelerated vesting in the event of the Participant's death, disability or retirement or other events. The Committee may determine, at the time of granting Restricted Shares or thereafter, that all or part of such Restricted Shares shall become vested in the event that a Change in Control occurs with respect to the Company, except as provided in the next following sentence. If the Company and the other party to the transaction constituting a Change in Control agree that such transaction is to be treated as a pooling of interests for financial reporting purposes, and if such transaction in fact is so treated, then the acceleration of vesting shall not occur to the extent that the surviving entity's independent public accountants determine in good faith that such acceleration would preclude the use of pooling of interests accounting.

8.4 Voting and Dividend Rights. The holders of Restricted Shares awarded under the Plan shall have the same voting, dividend and other rights as the Company's other stockholders. A Stock Award Agreement, however, may require that the holders of Restricted Shares invest any cash dividends received in additional Restricted Shares. Such additional Restricted Shares shall be subject to the same conditions and restrictions as the Award with respect to which the dividends were paid.

ARTICLE 9. PROTECTION AGAINST DILUTION.

9.1 Adjustments. In the event of a subdivision of the outstanding Common Shares, a declaration of a dividend payable in Common Shares, a declaration of a dividend payable in a form other than Common Shares in an amount that has a material effect on the price of Common Shares, a combination or consolidation of the outstanding Common Shares (by reclassification or otherwise) into a lesser number of Common Shares, a recapitalization, a spin-off or a similar occurrence, the Committee shall make such adjustments as it, in its sole discretion, deems appropriate in one or more of (a) the number of Options and Restricted Shares available for future Awards under Article 3, (b) the limitations set forth in Section 5.2, (c) the number of Common Shares covered by each outstanding Option or (d) the Exercise Price under each outstanding Option. Except as provided in this Article 9, a Participant shall have no rights by reason of any issue by the Company of stock of any class or securities convertible into stock of any class, any subdivision or consolidation of shares of stock of any class, the payment of any stock dividend or any other increase or decrease in the number of shares of stock of any class.

9.2 Dissolution or Liquidation. To the extent not previously exercised, Options shall terminate immediately prior to the dissolution or liquidation of the Company.

Table of Contents

9.3 Reorganizations. In the event that the Company is a party to a merger or other reorganization, outstanding Options and Restricted Shares shall be subject to the agreement of merger or reorganization. Such agreement may provide, without limitation, for the continuation of outstanding Awards by the Company (if the Company is a surviving corporation), for their assumption by the surviving corporation or its parent or subsidiary, for the substitution by the surviving corporation or its parent or subsidiary of its own awards for such Awards, for accelerated vesting and accelerated expiration, or for settlement in cash or cash equivalents.

ARTICLE 10. AWARDS UNDER OTHER PLANS.

The Company may grant awards under other plans or programs. Such awards may be settled in the form of Common Shares issued under this Plan. Such Common Shares shall be treated for all purposes under the Plan like Restricted Shares and shall, when issued, reduce the number of Common Shares available under Article 3.

ARTICLE 11. LIMITATION ON RIGHTS.

11.1 Retention Rights. Neither the Plan nor any Award granted under the Plan shall be deemed to give any individual a right to remain an Employee, Outside Director or Consultant. The Company and its Parents, Subsidiaries and Affiliates reserve the right to terminate the service of any Employee, Outside Director or Consultant at any time, with or without cause, subject to applicable laws, the Company's certificate of incorporation and bylaws and a written employment agreement (if any).

11.2 Stockholders Rights. A Participant shall have no dividend rights, voting rights or other rights as a stockholder with respect to any Common Shares covered by his or her Award prior to the time when a stock certificate for such Common Shares is issued or, in the case of an Option, the time when he or she becomes entitled to receive such Common Shares by filing a notice of exercise and paying the Exercise Price. No adjustment shall be made for cash dividends or other rights for which the record date is prior to such time, except as expressly provided in the Plan.

11.3 Regulatory Requirements. Any other provision of the Plan notwithstanding, the obligation of the Company to issue Common Shares under the Plan shall be subject to all applicable laws, rules and regulations and such approval by any regulatory body as may be required. The Company reserves the right to restrict, in whole or in part, the delivery of Common Shares pursuant to any Award prior to the satisfaction of all legal requirements relating to the issuance of such Common Shares, to their registration, qualification or listing or to an exemption from registration, qualification or listing.

ARTICLE 12. WITHHOLDING TAXES.

12.1 General. To the extent required by applicable federal, state, local or foreign law, a Participant or his or her successor shall make arrangements satisfactory to the Company for the satisfaction of any withholding tax obligations that arise in connection with the Plan. The Company shall not be required to issue any Common Shares or make any cash payment under the Plan until such obligations are satisfied.

12.2 Share Withholding. The Committee may permit a Participant to satisfy all or part of his or her withholding or income tax obligations by having the Company withhold all or a portion of any Common Shares that otherwise would be issued to him or her or by surrendering all or a portion of any Common Shares that he or she previously acquired. Such Common Shares shall be valued at their Fair Market Value on the date when taxes otherwise would be withheld in cash.

ARTICLE 13. FUTURE OF THE PLAN.

13.1 Term of the Plan. The Plan, as set forth herein, shall become effective on March 14, 1997. The Plan shall remain in effect until it is terminated under Section 13.2, except that no ISOs shall be granted after May 8, 2022.

Table of Contents

13.2 Amendment or Termination. The Board may, at any time and for any reason, amend or terminate the Plan. An amendment of the Plan shall be subject to the approval of the Company's stockholders only to the extent required by applicable laws, regulations or rules. No Awards shall be granted under the Plan after the termination thereof. The termination of the Plan, or any amendment thereof, shall not affect any Award previously granted under the Plan.
