PROXY STATEMENT

INTRODUCTION

The enclosed proxy is solicited on behalf of the present Board of Directors (sometimes referred to as the Board) of Robert Half International Inc., a Delaware corporation (the Company), the principal executive offices of which are located at 2884 Sand Hill Road, Menlo Park, California 94025. The approximate date on which this proxy statement and the enclosed proxy are being mailed to the Company's stockholders is April 24, 2012. The proxy is solicited for use at the annual meeting of stockholders (the Meeting) to be held at 9:00 a.m. on Thursday, May 24, 2012, at The Westin Hotel San Francisco Airport, 1 Old Bayshore Highway, Millbrae, California, 94030. Only stockholders of record on April 5, 2012 will be entitled to notice of, and to vote at, the Meeting and any adjournment of the Meeting. Each share is entitled to one vote. At the close of business on April 5, 2012, the Company had outstanding and entitled to vote 142,335,254 shares of its common stock, \$.001 par value (Common Stock).

A stockholder giving a proxy in the form accompanying this proxy statement has the power to revoke the proxy prior to its exercise. A proxy can be revoked by an instrument of revocation delivered prior to the Meeting to the Secretary of the Company, by a duly executed proxy bearing a date later than the date of the proxy being revoked, or at the Meeting if the stockholder is present and elects to vote in person. Solicitation of proxies may be made by directors, officers or employees of the Company by telephone or personal interview as well as by mail. Costs of solicitation will be borne by the Company.

An automated system administered by the Company's transfer agent will tabulate votes cast at the Meeting. Abstentions and broker non-votes are each included in the determination of the number of shares present and voting, and each is tabulated separately. Abstentions are counted in tabulations of the votes cast on proposals presented to stockholders or with respect to election of directors, whereas broker non-votes are not counted for purposes of determining whether a proposal has been approved or a nominee has been elected.

NOMINATION AND ELECTION OF DIRECTORS

There are six nominees for director. All of the nominees are presently directors of the Company. The present term of office of all directors will expire upon election of directors at the Meeting. The full Board of Directors will be elected at the Meeting to hold office until the next annual meeting and until their successors are elected.

Proxies cannot be voted for more than six persons. Directors are elected by a majority of the votes of the shares present in person or represented by proxy and entitled to vote at the Meeting. Proxies solicited by the Board will be voted FOR the election of the nominees named below unless stockholders specify in their proxies to the contrary. Although the Board does not expect any nominee to become unavailable to serve as a director for any reason, should that occur before the Meeting, proxies will be voted for the balance of those named and such substitute nominee as may be selected by the Board.

COMPENSATION DISCUSSION AND ANALYSIS

The Compensation Committee believes that setting compensation at levels designed to attract and retain key individuals is critical to the success of a personal services business in which there are few tangible assets and in which people represent the true assets of the Company. The Committee is also mindful of the fact that the Company's industry is fractured with a myriad of private firms owned by entrepreneurial individuals or financed by private equity firms representing the Company's most effective competition in many markets. Successful competitors generate large financial rewards to the owners as the Company knows from its acquisitions of such firms over the years. It is imperative that the Company's compensation program provide significant cash and equity incentives to its key managers so as to compete with both public and private companies for this talent and the Committee believes the Company's compensation program achieves this result.

The Committee believes that the Company has an outstanding management team which has produced excellent returns since the inception of the Company's current business in 1986. The Company's management has been stable for over two decades: five of the executive officers (Messrs. Messmer, Waddell, Gentzkow, Glass and Karel), have been with the Company since the 1980s. Mr. Messmer negotiated the purchase of Robert Half Incorporated, the predecessor to the Company, in 1986 and has been responsible for recruiting the officers and other managers with whom he has directed the growth of the Company ever since that time. This includes the formation of Protiviti, which, since its formation in 2002, has grown from revenues of \$18 million in its first full quarter of operation to approximately \$424 million of annual revenues in 2011. The annual revenues of Robert Half Incorporated at the time of its purchase in 1986 were approximately \$7 million. In fiscal 2011, the Company's revenues were approximately \$3.8 billion.

In the opinion of the Compensation Committee, the Company is fortunate to have a group of outstanding leaders who possess not only considerable management talent, but also great entrepreneurial vision as demonstrated by a series of highly successful new divisions added to the Company's business since 1991, including the aforementioned Protiviti subsidiary. The Committee's view is that, as a personal services business, it is in the Company's long term best interest to be known as an organization offering the opportunity to achieve superior remuneration in the industry. The Company believes the vast majority of such remuneration should be contingent on achieving outstanding results and, indeed, makes bonuses subject to achievement of goals the Committee sets and, further, makes annual grants of equity incentives subject to partial or total forfeiture subject to achievement of goals set by the Committee. The Compensation Committee's policy to provide the opportunity for top level compensation and incentives for extraordinary results has been essentially unchanged for many years, and it is believed that the success of this policy is reflected by the superior results that management has achieved for the Company.

In the view of the Compensation Committee, management achieved excellent results in 2011, as noted below:

1. The Company's Earnings per Share for 2011 were 136% higher than the Earnings per Share for the prior year, notwithstanding the fact that the Company invested heavily in the growth of its technology staffing division. This exceeded the target EPS increase of 115% set by the Compensation Committee.
2. The fourth quarter of 2011 marked the sixth consecutive quarter of double digit year-over-year revenue growth rates for the Company. In addition, growth rates for net income and earnings per share significantly exceeded revenue growth rates during this period.
3. The Company had operating cash flow of \$256 million in 2011, which helped to fund approximately \$142 million in stock repurchases on the open market, \$57 million in capital expenditures, and the payment of \$80 million in dividends to stockholders. The cash dividend has been raised every year since it was initiated in 2004.
4. The Company has returned \$1.3 billion to stockholders during the past five years in the form of either dividends or stock repurchases.

5. The Company ended the year with \$279 million in cash and cash equivalents, and virtually no debt. Longstanding, conservative financial policies have left the Company with the financial resources to expand as the economy allows.
6. The Company retained all key executives and field personnel during the year, which it believes is critical to its future success.

Compensation for the Company's Chief Executive Officer for 2011 as compared with 2010 was as follows:

Base Salary	No Change
Total Compensation	+4%
Company Increase in EPS Over Prior Year	+136%

The ratio of the CEO's performance-based compensation to total compensation for 2011 was 95%.

The ratio of the CEO's performance-based stock awards to total stock awards for 2011 was 100%.

In 2011, an independent study of executive compensation in the staffing industry for the prior year (the latest year for which public information was available) was published by Staffing Industry Analysts, Inc. While the compensation of Harold M. Messmer, Jr., the Company's CEO, was in the top quartile when expressed in absolute numbers, it was in the bottom quartile when expressed as a percentage of total market value.

In May 2011, the Company's stockholders cast a substantial vote in favor of the Company's 2010 executive compensation. This approval was considered by the Compensation Committee in exercising its discretionary authority over cash bonuses for 2011 as well as its determinations with respect to 2012 compensation targets, including base salary, bonus opportunity and restricted stock awards. Notwithstanding the favorable vote, in order to give the Compensation Committee more flexibility to ensure that compensation is aligned with performance, the Committee modified the Annual Performance Bonus Plan to provide the Committee with the sole discretion to pay or not pay up to 30% of the bonus calculated under the Plan.

Each component of compensation is determined by the Compensation Committee. The Compensation Committee determines what changes, if any, should be made to continuing arrangements, such as base salaries and fringe benefits. When determining compensation for the coming year, the Compensation Committee reviews (a) the Company's results for the prior year, (b) the issues that will confront the Company in the coming year, (c) the individual performance of the executive officers, (d) the need to set compensation at levels that promote retention and (e) such other information it deems appropriate. The Compensation Committee does not assign specific weights to these factors. However, the most important of these factors is the Company's performance and, as described in this Compensation Discussion and Analysis, the vast majority of executive compensation is highly contingent upon the Company's results. Based on its long term experience and the historical success of the Compensation Committee's philosophy, the Compensation Committee has not recently retained a compensation consultant nor does it benchmark against a specific peer group. However, it does, from time to time, consider executive compensation at competitors and other companies (including the aforementioned staffing industry study) as well as such factors as compensation as a percentage of total market value. After such review, it makes its ultimate determinations using its business judgment based upon its evaluation of such information and its long term experience with the Company. While the Compensation Committee receives input from the Chief Executive Officer and Chief Financial Officer and discusses compensation with them, the ultimate decision regarding compensation is solely at the discretion of the Committee. While the Compensation Committee is responsible for executive officers' compensation, the philosophy of providing the opportunity for superior remuneration for superior long term performance is applied to all of the Company's professionals. The Company believes its long term success is due to its ability to attract top talent capable of superior performance and that the Company's compensation practices are an important element in the Company's continuing ability to attract top talent.

Edgar Filing: HALF ROBERT INTERNATIONAL INC /DE/ - Form DEF 14A

As part of its effort to emphasize performance based compensation, the Compensation Committee has set base salaries at levels it considers modest and which, in the case of Messrs. Messmer and Waddell, have not been

increased since 1998. The Committee instead heavily weights remuneration toward performance based compensation. An examination of the Summary Compensation Table will show that the vast majority of each executive's compensation consists of performance based restricted share awards under the stockholder approved Stock Incentive Plan and performance based cash payments earned under the stockholder approved Annual Performance Bonus Plan. A detailed description of how these two plans operate appears in their descriptions below under the Grants of Plan-Based Awards table, and such description should be read in conjunction with this Compensation Discussion and Analysis. As indicated by the descriptions of these plans in this Compensation Discussion and Analysis and below under the Grants of Plan-Based Awards table, the actual amounts paid are highly contingent upon the achievement of positive results. Earnings per share has been chosen as the measurement factor with respect to both of these plans because the Compensation Committee believes it is directly linked to stockholder value. The emphasis on performance based restricted share awards further ties management compensation to the long-term interests of stockholders. If actual diluted earnings per share for the performance period do not equal or exceed the specified target that was established by the Compensation Committee, all or a portion of the award is forfeited, as described below. (Restricted share awards are not increased, even if actual diluted earnings per share exceed the target.) Even after the performance period has ended and any downward adjustment in the number of shares has been made, shares are still not released to the executive officers. The time vesting provisions must still be satisfied. Therefore, the actual value of what the executive officer ultimately receives is determined by how the Company's stock price varies between the grant date and the vesting date. If the share price increases, then the executive officer benefits along with the Company's stockholders. If the share price decreases, the executive officer's ultimate payout also declines. In addition, both cash bonuses and share awards are subject to the Company's Clawback Policy, which is available at the Company's website at www.rhi.com in the Corporate Governance section under the Investor Center tab.

As described below and in the descriptions of the Stock Incentive Plan and the Annual Performance Bonus Plan that appear under the Grants of Plan-Based Awards table, each award under these plans is subject to reduction or elimination depending upon final earnings per share, and only the Annual Performance Bonus Plan permits the final award to be in excess of the target award (pursuant to a set straight-line formula in the event actual earnings per share exceed target earnings per share and subject to a cap). Each year, the Committee adopts a target earnings per share for the year that it believes is realistically possible to achieve but not easily achieved. The fact that these targets are realistic but not easy goals is borne out by the fact that, with respect to the last eleven years, the annual target earnings per share set for compensation purposes was achieved four times and was not achieved seven times. Whenever the target is not achieved, the award is subject to reduction, as described below under the Grants of Plan-Based Awards table.

As is its customary practice, in setting the target earnings per share, the Compensation Committee considered the Company's annual strategic plan, consensus Wall Street estimates and other items. For 2011, the target earnings per share for purposes of the Stock Incentive Plan and the Annual Performance Bonus Plan was set by the Compensation Committee at \$.95. The actual earnings per share for the year was \$1.04. Pursuant to the formulas in these two plans (which formulas are not identical and are described below), cash awards to each executive under the Annual Performance Bonus Plan were increased proportionately but there was no increase with respect to restricted stock awards under the Stock Incentive Plan.

The Annual Performance Bonus Plan provides that bonuses shall be computed in accordance with a formula specified in the plan. The two factors determined by the Compensation Committee are the Target EPS for the year and each individual's Target Bonus. For 2011, the Compensation Committee chose for the Target EPS the internal forecast that had been adopted by the entire Board of Directors, which forecast was \$.95 per share. This Target EPS for 2011 represented an 115% increase as compared to the actual earnings per share of \$.44 achieved for 2010. The Compensation Committee then determined that an 115% increase in earnings per share performance should result in an 115% increase in bonus. It therefore set each individual's Target Bonus for 2011 at 115% more than his actual bonus for 2010. Pursuant to the pay for performance formula in the Annual Performance Bonus Plan, any variation in actual earnings per share from Target EPS results in a corresponding variation in actual bonus from Target Bonus by the same percentage. Because actual earnings per share for 2011

was \$1.04, which was approximately 136% higher than earnings per share for 2010, this resulted in a similar increase in cash bonuses for 2011 over 2010.

When making its determination with respect to its annual discretionary grant of restricted shares to each executive, the Compensation Committee considers such items as the value of the previous year's grant, the number of shares granted the previous year, the price of the Company's stock, the performance of the Company in the prior year, the target EPS the Committee has set for the coming year, the levels of other compensation granted to the executive, the total compensation package for the executive and the individual performance of each executive. The Compensation Committee does not assign specific weights to individual items. Rather the Compensation Committee exercises its business judgment based, in large part, on the Compensation Committee's long-term experience in compensating the management team in a manner that incents them to produce favorable results for shareholders consistently.

The Committee determined the value of the Chief Executive Officer's 2011 restricted stock grant by first deciding what his total direct compensation (base, cash bonus and restricted stock grant) should be if the Company achieved its target operating results for 2011. (Such target results were in fact achieved.) The Committee then considered the other expected amounts of compensation for 2011, including the expected cash bonus under the Annual Performance Bonus Plan, and then calculated the value of the restricted stock grant as of the grant date. This resulted in a 9% decrease in the value of the 2011 restricted stock grant as compared with 2010.

Pursuant to the formula for the Stock Incentive Plan, the actual earnings per share are divided by the target earnings per share, yielding a Performance Goal Ratio. The Multiplier used to determine actual retention of restricted stock grants is defined as (a) 1, if the Performance Goal Ratio is equal to or exceeds 0.9, (b) 0, if the Performance Goal Ratio is less than 0, or (c) 0.1 plus the Performance Goal Ratio in all other cases. After the Multiplier is determined, it is multiplied by each executive officer's restricted stock grant to determine how many shares he may retain. Any shares in excess of this product are forfeited. For 2011, the Performance Goal Ratio was 1.09, which equals the actual earnings per share of \$1.04 divided by the target earnings per share of \$.95. The Multiplier based on a Performance Goal Ratio of 1.09 is equal to 1, so no shares were forfeited pursuant to this formula.

The Compensation Committee has also exercised negative discretion. When the target earnings per share was set with respect to the Stock Incentive Plan and the Annual Performance Bonus Plan for 2005, it was done on the assumption that certain proposed accounting rules that would negatively impact earnings per share would be adopted and made applicable during the year. When the accounting rules were not adopted, the result was an increase in earnings per share that had nothing to do with performance. At year end, the Compensation Committee made appropriate adjustment in the awards so that management would not receive a benefit from this non-performance related factor.

Restricted stock grants made after July 28, 2009, do not receive dividends until after both the performance condition and time vesting requirements have been satisfied. Dividends declared prior to the satisfaction of both requirements are accrued but not paid. If a portion of the award is forfeited, the accrued dividends on that portion will also be forfeited. The restricted stock grants made on February 12, 2009, were subject to such limitation only with respect to their performance condition. Restricted stock grants made in 2008 and earlier receive any dividends declared with respect to the Company's outstanding shares.

The Company has not granted options to executive officers since October 2004. The Compensation Committee currently has no plans to make option grants in the future, but reserves the right to do so.

The Compensation Committee believes that awards under the Stock Incentive Plan and the Annual Performance Bonus Plan, considered in the context of each individual's total compensation package and the

conditions applicable to such awards, are at levels necessary for retention of the current executive officers so that they can continue to provide superior results to stockholders. It also believes that the ratio of total compensation among the Named Executive Officers is appropriate for purposes of internal equity.

As indicated by the tables appearing below, in addition to the foregoing compensation, each executive also participates in non-tax-qualified deferred compensation arrangements. The Compensation Committee considers deferred compensation arrangements to be appropriate for a corporation of similar size to the Company, and, in light of the moderate salaries, long service and historical results of management, believes that the amounts have been set at reasonable levels, particularly in light of the fact that the Company does not have tax-qualified retirement arrangements for these executives. The Committee does not believe it is appropriate to offset these benefits by the value received from equity and other performance based compensation because these arrangements serve different purposes and both are at levels the Committee believes to be reasonable. A detailed description of how the deferred compensation arrangements operate is set forth below in the two paragraphs under the Nonqualified Deferred Compensation table.

The Stock Incentive Plan and Annual Performance Bonus Plan have been drafted to comply with Section 162(m) of the Internal Revenue Code. Compensation in compliance with such Section is fully deductible for income tax purposes. The other components of compensation are subject to the limitations of Section 162(m), which provides that any amounts above \$1,000,000 paid in one year to certain executive officers are not tax deductible. In the past, such items have not exceeded \$1,000,000 in one year for any individual, so there has been no limitation of tax deductibility.

In determining executive compensation, the Compensation Committee considers, among other factors, the possible tax consequences to the Company and to the executives. However, tax consequences, including but not limited to tax deductibility by the Company, are subject to many factors (such as changes in the tax laws and regulations or interpretations thereof and the timing and nature of various decisions by executives regarding options and other rights) that are beyond the control of either the Compensation Committee or the Company. In addition, the Compensation Committee believes that it is important for it to retain maximum flexibility in designing compensation programs. For all of the foregoing reasons, the Compensation Committee, while considering tax deductibility as one of its factors in determining compensation, will not necessarily limit compensation to those levels or types of compensation that will be deductible. The Compensation Committee will, of course, consider alternative forms of compensation, consistent with its compensation goals, that preserve deductibility.

Various agreements, as described elsewhere in this Proxy Statement, provide for severance benefits in the event of a termination of employment before or after a change in control. (See the discussion below in connection with the Nonqualified Deferred Compensation table and the discussion below under the heading Employment Agreement and Potential Payments upon Termination or Change in Control.) As indicated by such text, the triggering events and benefits vary among each such arrangement, plan or agreement. Such triggering events and benefits were selected by the Compensation Committee in the light of competitive conditions and customary practices at the time of their implementation and the Committee believes that they continue to be reasonable.

Description of the Annual Performance Bonus Plan

Non-equity awards consist of an annual cash bonus opportunity pursuant to the Annual Performance Bonus Plan, which was originally approved by stockholders in 1994 and was most recently re-approved by stockholders in 2010. The target bonus amount is set by the Compensation Committee, which also adopts a target diluted earnings per share. Under the plan, each individual's actual bonus will vary from his target bonus in direct linear proportion to the variation between the actual diluted earnings per share and the target diluted earnings per share. (For example, if actual earnings per share are 80% of the target earnings per share, then each executive would receive 80% of his target bonus.) However, no bonus can exceed the lesser of twice the target bonus or \$9,000,000, and no bonus at all is paid if actual diluted earnings per share are less than 50% of target. The Compensation Committee has the discretion to reduce any bonus within limits specified in the plan, but has no discretion to increase any bonus above the amount that would be determined by the formula. Bonuses are subject to the Company's Clawback Policy, which is available at the Company's website at www.rhi.com in the Corporate Governance section under the Investor Center tab. The measurement period for the grants appearing in the table was the 2011 calendar year (which is also the Company's fiscal year), so the actual final bonuses pursuant to this plan have been determined and are reported in the Summary Compensation Table in the Non-Equity Incentive Plan Compensation column. For such year, the target earnings per share was \$0.95 and the actual earnings per share was \$1.04.

Description of Restricted Stock Grants under the Stock Incentive Plan

Since 2004, stock awards to executive officers have consisted exclusively of restricted share grants made pursuant to the Stock Incentive Plan, which plan was approved by the stockholders in 2005, 2008 and 2011. Each of these grants was made subject to both a performance condition and a time vesting condition. The performance condition provides that all or portion of the award will be forfeited if actual diluted earnings per share for the performance period do not equal or exceed a specified target that has been established by the Compensation Committee. The award may not be increased, even if actual diluted earnings per share exceed the target. Only downward adjustments can be made. Whether or not all or a portion of the award will be forfeited is determined by a mathematical formula specified in the plan that compares actual diluted earnings per share to the target diluted earnings per share. No discretion is involved in the application of this formula. Pursuant to the formula, the actual earnings per share are divided by the target earnings per share, yielding a Performance Goal Ratio. The Multiplier used to determine actual retention of restricted stock grants is defined as (a) 1, if the Performance Goal Ratio is equal to or exceeds 0.9, (b) 0, if the Performance Goal Ratio is less than 0, or (c) 0.1 plus the Performance Goal Ratio in all other cases. After the Multiplier is determined, it is multiplied by each

executive officer's restricted stock grant to determine how many shares he may retain. Any shares in excess of this product are forfeited. In setting the target, the Compensation Committee considers the Company's annual strategic plan, consensus Wall Street estimates and other items.

Even after the performance period has ended and any downward adjustment in the number of shares has been made, shares are still not released to the executive officers. The time vesting provisions must still be satisfied. The grants made in 2009, 2010 and 2011 vest 50% after two years and 50% after four years. Notwithstanding the foregoing, each grant will vest upon the recipient's death, termination due to total and permanent disability, or the occurrence of a Change in Control (see Appendix A for a definition of this term). Even after performance condition and time vesting requirements are satisfied, restricted shares grants are subject to the Company's Clawback Policy, which is available at the Company's website at www.rhi.com in the Corporate Governance section under the Investor Center tab.

Restricted stock grants made after July 28, 2009, do not receive dividends until after both the performance condition and time vesting requirements have been satisfied. Dividends declared prior to the satisfaction of both requirements are accrued but not paid. If a portion of the award is forfeited, the accrued dividends on that portion will also be forfeited. The restricted stock grants made on February 12, 2009, were subject to such limitation only with respect to their performance condition.

Michael C. Buckley	\$ 0	\$ 111,872	\$ 37,717	\$ 0	\$ 1,014,669

Registrant Contributions for Mr. Messmer are allocated pursuant to the Deferred Compensation Plan. Under the Deferred Compensation Plan, the amount allocated each year to Mr. Messmer is between 3% and 10% of the sum of Mr. Messmer's base salary and cash bonus (pursuant to the Annual Performance Bonus Plan), depending upon how actual earnings per share for the year compare to the target set by the Board. Accrued amounts earn interest quarterly at a rate equal to the 10+ Year High Quality yield in the Merrill Lynch Bond Index. For 2011, the quarterly interest rates were 5.52%, 5.43%, 4.60% and 4.50%, respectively. The corresponding 120% long-term quarterly applicable federal rates were 5.07%, 4.78%, 4.23% and 3.33%, respectively. For 2011, Mr. Messmer requested, and the Compensation Committee agreed, that no amount be allocated to him under the plan for the year and that the interest amounts credited not exceed the amounts set forth in the preceding sentence. The Deferred Compensation Plan provides that all amounts become fully vested after seven years of service, so all amounts in the table for Mr. Messmer are fully vested. All vested amounts are paid following disability or termination of employment for any reason. The amounts in the Deferred Compensation Plan allocated to Mr. Messmer, which include amounts transferred in respect of another plan that was terminated several years ago, reflect benefits earned by Mr. Messmer during more than 25 years of service.

Registrant Contributions for Messrs. Waddell, Gentzkow, Glass and Buckley are allocated pursuant to the Senior Executive Retirement Plan, which was established effective December 31, 1995. Under the Senior Executive Retirement Plan, the amount allocated each year for an executive is 15% of the sum of his base salary and cash bonus (pursuant to the Annual Performance Bonus Plan). Accrued amounts earn interest at a rate equal to Moody's Corporate Bond Yield Average. For 2011, this interest rate was 4.36% and the corresponding 120% long-term annual applicable federal rate was 3.37%. All allocations are subject to a vesting schedule, which provides that no amount is vested until ten years of service. After ten years of service, the amount vested is 50% plus 4 1/6% for each year over age 50, with 100% vesting thus occurring at age 62.

Edgar Filing: HALF ROBERT INTERNATIONAL INC /DE/ - Form DEF 14A

Vested accrued amounts are paid following termination of employment. Prior to January 1, 1996, Messrs. Waddell, Gentzkow and Glass participated in the Deferred Compensation Plan. Contributions made prior to such date continue to earn interest as provided by the Deferred Compensation Plan. Of the aggregate balances shown in the table, \$2,056,467,

\$1,313,305, \$867,655 and \$507,335 were unvested as of December 31, 2011, for Messrs. Waddell, Gentzkow, Glass and Buckley, respectively. All vested amounts are paid following disability or termination of employment for any reason. Pursuant to the Senior Executive Retirement Plan and resolutions adopted by the Compensation Committee in 1995, in the event of a Change in Control (see Appendix A for a definition of this term), there shall be allocated to Mr. Waddell's account an amount equal to the product of (a) the number of whole years remaining until Mr. Waddell attains age 62 (7 years as of December 31, 2011) and (b) the last annual allocation for Mr. Waddell made under the Senior Executive Retirement Plan. After such Change in Control allocation has been made, each subsequent annual allocation under the Senior Executive Retirement Plan for Mr. Waddell following the Change in Control and prior to his 62nd birthday shall be reduced by an amount equal to the last annual allocation made to Mr. Waddell prior to the Change in Control.

Employment Agreement and Potential Payments upon Termination or Change in Control

Harold M. Messmer, Jr., Chairman of the Board and Chief Executive Officer, has an employment agreement with the Company terminating December 31, 2015. Under the current terms of the employment agreement, Mr. Messmer will receive a base annual salary of not less than \$525,000 and is entitled to receive certain benefits, including life insurance and tax planning. (Mr. Messmer waived these benefits for 2007, 2008, 2009, 2010 and 2011.) In the event the employment of Mr. Messmer is terminated (a) involuntarily other than for Cause (see Appendix A for a definition of this term), (b) by reason of a constructive termination of Mr. Messmer's employment resulting from a material breach of the employment agreement by the Company, or (c) voluntarily within one year following a Change in Control of the Company (see Appendix A for a definition of this term), he is entitled to receive severance compensation. The amount of such severance compensation shall be (i) the then lump sum present value of the amount he would have received if his base salary (at the rate payable at the time of such termination) had been paid through the then effective term of the agreement and (ii) the then lump sum present value of the amount he would have received if a yearly bonus in an amount equal to the annual cash bonus for the last full calendar year completed prior to the termination (including any bonus pursuant to the Annual Performance Bonus Plan) had been paid yearly through the then effective term of the agreement. If Mr. Messmer's employment is terminated by reason of death or disability, he or his estate will receive only 75% of the base salary he would have received through the then effective term of the agreement and will not receive any amount in lieu of bonus. If Mr. Messmer's employment terminates other than for Cause, he and his wife will each continue thereafter to participate in the Company's healthcare plan for its employees, at Company expense, until his or her death. For one year following termination, Mr. Messmer is prohibited from competing with the Company's personnel services business, employing any officer of the Company or soliciting any officer of the Company to leave the Company. Since 1990, the terms of the employment agreement have provided that it automatically renew on each December 31 for an additional year without further action by the Company or Mr. Messmer and without formal amendment.

Severance Agreements have been entered into with Messrs. Messmer, Waddell, Gentzkow, Glass and Karel. Each Severance Agreement provides that the employee will be paid a lump sum equal to two years base salary (2.99 years if the employee has served as a director) if his employment is terminated (a) without Cause (see Appendix A for a definition of this term), (b) voluntarily by the employee following a reduction by more than 5% of the employee's base salary per month or (c) voluntarily by the employee following a request by the Company that the employee relocate more than 50 miles away from the current location of the principal executive offices of the Company. The terminated employee will also receive a pro rata share of any bonus he would otherwise have received pursuant to any bonus plan if his employment had not been terminated. However, if the termination occurs within one year following a Change in Control of the Company (see Appendix A for a definition of this term), then in lieu of the foregoing bonus payment the employee will receive a lump sum equal to twice the prior year's bonus (2.99 times the prior year's bonus if the employee has served as a director). Notwithstanding the foregoing, no individual shall receive salary and bonus payments under both his Severance Agreement and any other agreement. Instead, only the greater of such benefits provided by either agreement shall be paid. On the termination date, any unvested stock or options would become fully vested, and any options would remain outstanding until their normal expiration date. Any amounts accrued for the employee's benefit

under the Senior Executive Retirement Plan would also become fully vested. The individual will continue to receive all employee benefits in effect on the termination date, including, but not limited to, medical and life insurance payments, for two years following termination (2.99 years if the employee has served as a director). In addition, if the employee has served as a director, the foregoing benefits will be provided in the event of any voluntary termination within one year following a Change in Control. The Agreements also provide that any termination of his employment (other than a termination by the Company for Cause) after age 60 (age 53 if the employee has served as a director) will entitle him and his wife, at Company expense, to each continue to participate in the Company's healthcare plan for its employees or receive equivalent coverage, until his or her death, at the greatest level provided at any time since April 2009.

The Company has entered into Part-Time Employment Agreements with each of Messrs. Messmer, Waddell, Gentzkow, Glass and Karel. Each Agreement provides that the employee will be retained as a part-time employee for a four year period following retirement. The individual will provide advice and counsel as requested during the part-time employment period and will be prohibited from competing with the Company's staffing services business or soliciting any employee to leave the Company during that period. In return, the individual will receive annual compensation during the part-time employment equal to 8% of the average annual cash base salary and bonus (including any bonus pursuant to the Annual Performance Bonus Plan) paid during the last five complete calendar years prior to retirement, and stock option and restricted stock awards made prior to retirement will remain outstanding and continue to vest in accordance with their original vesting schedules. For purposes of the Agreements, retirement is defined to be any termination by the employee of his employment subsequent to the later of age 55 or 20 years of service. Messrs. Messmer, Gentzkow and Karel are currently eligible for retirement under this provision.

In 1996, the Company adopted an Excise Tax Restoration Agreement covering Messrs. Berwick, Messmer, Richman, Waddell, Gentzkow, Glass and Karel. If any such individual becomes subject to such a tax in connection with a change of control, he will receive a cash payment equal to the sum of the excise tax due, in addition to an amount necessary to restore him to the same after-tax position as if no excise tax had been imposed.

The Stock Incentive Plan, pursuant to which all equity grants to executive officers subsequent to October 2004 have been made, provides that any award held by an executive officer will vest upon (a) such individual's death or disability or (b) a Change in Control of the Company (see Appendix A for a definition of this term). The only grants that have been made under this plan to executive officers are restricted stock grants. For more details regarding the Stock Incentive Plan, see the discussion below the Grants of Plan-Based Awards table.

All stock option awards to executive officers that are still outstanding were made in 2004 or earlier pursuant to then existing equity plans that were terminated in 2005. All of such options were granted with time vesting schedules. Such time vesting schedules have been satisfied and all such options are now fully vested. Unexercised options held by any executive officer lapse 90 days after the termination of his employment. However, except with respect to options granted prior to 2004 to Mr. Buckley, the award agreements for these options provide that in the event of (a) the executive officer's death or disability, or (b) a Change in Control of the Company (see Appendix A for a definition of this term), such options will remain outstanding until their normal expiration date. The severance agreements described above also provide for the options to remain outstanding until their normal expiration date.

The Annual Performance Bonus Plan, pursuant to which performance-based cash bonuses are paid to executive officers, provides for a pro-rated bonus to be paid to the estate of any executive officer in the event of his death during the year. For more details regarding the Annual Performance Bonus Plan, see the discussion below the Grants of Plan-Based Awards table.

The Deferred Compensation Plan and the Senior Executive Retirement Plan each provide that all vested amounts will be paid following disability or termination of employment for any reason. For more details regarding these two plans, see the discussion below the Nonqualified Deferred Compensation table.

Payments in the Event of Various Circumstances

Set forth below is information regarding amounts that would have been payable to each of the executive officers pursuant to the arrangements described herein under the assumption that various circumstances had occurred on December 31, 2011. There were no material amendments to any of such arrangements during 2011.

Depending upon the circumstances surrounding separation, the individual may be entitled to receive one or more of the following benefits: (a) immediate vesting of then-unvested restricted stock awards, (b) then-unvested restricted stock awards would remain outstanding, subject to their existing vesting schedule, (c) allocation of additional amounts under the Senior Executive Retirement Plan, (d) immediate vesting of then-unvested amounts under the Senior Executive Retirement Plan, (e) payout of amounts allocated under the Senior Executive Retirement Plan, (f) a lump sum payment whose calculation is based on salary, (g) a lump sum payment whose calculation is based on bonus, (h) retention as a part-time employee (with payment of compensation) for a specified period, (i) continued participation in Company medical plans and payment of other medical expenses until death, or (j) continued payment of life insurance and other miscellaneous benefits for a specified period. Such benefits would be provided pursuant to the Senior Executive Retirement Plan or one or more of the plans or agreements described above under the heading Employment Agreement and Potential Payments upon Termination or Change in Control.

The amounts that actually would be payable if any such event occurs in the future would be different than those set forth below (which, as stated above, are calculated under the assumption that the event occurred on December 31, 2011) because such payments are contingent upon various factors at the time of the occurrence of the assumed event, including, but not limited to, one or more of the following: (1) each individual's then current salary and non-equity award potential, (2) each individual's salary and non-equity award for preceding fiscal years, (3) the amount and nature of unvested equity awards held by the individual, (4) the trading price of the Company's stock, (5) the then current level of benefits and other items, (6) the individual's age or years of service with the Company and (7) the date of termination, including, but not limited to, where the date of termination falls within the fiscal year or the measurement period for a specific grant. For further information regarding the impact of these factors, see the discussion above regarding the Senior Executive Retirement Plan and the discussion under the heading Employment Agreement and Potential Payments upon Termination or Change in Control.

The following table sets forth, for each individual and each possible benefit (a) the value of each such benefit computed on the assumption a triggering event occurred on December 31, 2011, and (b) the circumstances for that individual under which payment of that benefit would be triggered. Note that the circumstances that trigger a specific benefit may be different for different individuals. **As can be seen from the table, not all benefits are paid to an individual under all circumstances. Therefore, no useful information would be obtained by summing the items in any column. For information regarding the total amount payable to any individual upon the occurrence of a specific event, see the table appearing in the next subsection.**

Board of Directors Leadership Structure

Harold M. Messmer, Jr. serves as both Chairman and Chief Executive Officer. As President of the Company in 1986, Mr. Messmer negotiated the purchase of Robert Half Incorporated, the predecessor of the Company, which had annual revenues of approximately \$7 million. Since 1988, Mr. Messmer has functioned as both Chairman and Chief Executive Officer. During Mr. Messmer's tenure in both positions, the Company has experienced substantial growth. Annual revenues for 2011 were approximately \$3.8 billion. The Company's cumulative return to stockholders during Mr. Messmer's service as both Chairman and Chief Executive Officer was over 1,700%, which is an average annual compound return of 14%. In 1988, the Company's business consisted solely of the operation or franchising of offices placing temporary and full-time professionals in the fields of accounting and finance. Under Mr. Messmer's tenure, the Company has (a) expanded its placement services to include temporary and full-time professionals in the office, administrative, technology, legal and creative fields, (b) acquired all of its franchisees and (c) created a subsidiary named Protiviti that provides

business consulting and internal audit services. The Company has also expanded its operations from the United States into more than 20 countries on five continents. The Company and Mr. Messmer have received numerous accolades. The Company has had multiple appearances on *Forbes* magazine's Best Big Companies list (1999 through 2001 and 2003 through 2008) and on *FORTUNE* Magazine's Most Admired Companies lists (each year from 1999 through 2011). In 2011, the Company was named to *Human Resource Executive* magazine's Most Admired for HR list. The Company has been recognized by *Diversity Employer* magazine as a Top Employer every year since 2005. Mr. Messmer has been named to *Institutional Investor* magazine's Best CEOs list three times (in 2006, 2007 and 2008), was named Ernst & Young's Entrepreneur of the Year in 2007, was selected by Morningstar, Inc. as 2003 CEO of the Year and was elected to the San Francisco Bay Area Council Business Hall of Fame in 2010. In 2011, Mr. Messmer received the Staffing Innovator Award from Staffing Industry Analysts, Inc. and was named by the *San Francisco Business Times* as the San Francisco Bay Area's Most Admired CEO in the large public company category. In light of the considerable success the Company has experienced under Mr. Messmer's leadership, the Board of Directors believes it was appropriate to have him serve as both Chairman and Chief Executive Officer.

Andrew S. Berwick, Jr., Chairman of the Nominating and Governance Committee has been designated Lead Director. Mr. Berwick's duties include, among other things, presiding at executive sessions of the independent directors, working with the Chairman to establish agendas and schedules for Board of Directors meetings and approving the retention of any consultants retained by the Board of Directors. The Company's Board of Directors has adopted a Lead Director Statement of Duties, which contains further information regarding the role of the Lead Director. The statement is an appendix to the Company's Corporate Governance Guidelines, which guidelines are available at the Company's website at www.rhi.com in the Corporate Governance section under the Investor Center tab.

Risk Oversight Role

The Board of Directors exercises its risk oversight function in a variety of ways, both directly and through its various committees.

The Board of Directors reviews and approves the Company's annual strategic plan. At its meetings, it receives reports from the Chairmen of its committees. The Board also periodically receives presentations from the heads of the Company's various operating departments. Compliance policies are reviewed and re-approved annually.

As prescribed in its charter, the Audit Committee monitors guidelines and policies that govern the process by which risk assessment and management is undertaken. The Committee receives a quarterly written report from the manager of the Company's internal audit and risk management department and discusses the report with the manager. The Audit Committee reviews and adopts the budget of the internal audit and risk management department and also reviews and approves, in advance, the scope and the staffing of the internal audit. Any complaints to the Company's Financial Controls Hotline are automatically routed to the Chairman of the Audit Committee in addition to the appropriate management personnel.

The Compensation Committee approves all executive compensation programs. It believes that the emphasis on time vesting equity compensation encourages executive officers to take a long-term view when making decisions. In addition, both cash bonuses and share awards are subject to the Company's Clawback Policy, which is available at the Company's website at www.rhi.com in the Corporate Governance section under the Investor Center tab.

The Board of Directors has standing Audit, Compensation, Nominating and Governance, and Executive Committees.

The Audit Committee, currently composed of Messrs. Berwick and Richman and Ms. Novogradac, met four times during 2011. The functions of the Audit Committee include selecting the Company's independent auditors (subject to stockholder ratification), approving the fees of the independent auditors, monitoring the qualifications and independence of the independent auditors, consulting with the independent auditors with regard to the plan of audit, the results of the audit and the audit report, conferring with the auditors with regard to the adequacy of internal accounting controls, and monitoring the effectiveness of the Company's internal accounting function.

The Compensation Committee, currently composed of Messrs. Berwick and Richman, met four times during 2011. The function of the Compensation Committee is to establish compensation policies for the Company's senior officers and to administer compensation plans in which officers, directors and employees are eligible to participate.

The Nominating and Governance Committee, currently composed of Messrs. Berwick, Pace and Richman, met twice during 2011. The Nominating and Governance Committee's role is to recommend candidates to fill any vacancy that may occur in the Board of Directors, develop and recommend corporate governance guidelines to the Board and oversee the evaluation of the Board and management.

The Executive Committee, currently composed of Messrs. Messmer, Berwick and Pace, did not meet during 2011. The Executive Committee has all of the powers of the Board of Directors, with certain specific exceptions required by Delaware law.

The Company's independent directors meet regularly in executive session without management. Prior to his death in November 2011, Edward W. Gibbons, who was Chairman of the Nominating and Governance Committee and Lead Director, presided at such meetings. Such meetings are now presided by Andrew S. Berwick, Jr., who currently is Chairman of the Nominating and Governance Committee and Lead Director.

Compensation Committee

Compensation Committee Charter

The Compensation Committee has adopted a charter. It is available on the Company's website, which is www.rhi.com. The charter can be found in the Corporate Governance section under the Investor Center tab.

Compensation Committee Procedures

Each component of executive compensation is determined by the Compensation Committee. The Compensation Committee determines what changes, if any, should be made to continuing arrangements, such as base salaries and fringe benefits. When determining compensation for the coming year, the Compensation Committee reviews (a) the Company's results for the prior year, (b) the issues that will confront the Company in the coming year, (c) the individual performance of the executive officers, (d) the need to set compensation at levels that promote retention and (e) such other information it deems appropriate. After such review, it makes its ultimate determinations based upon its evaluation of such information and its long term experience with the Company. While the Compensation Committee receives input from the Chief Executive Officer and Chief Financial Officer and discusses compensation with them, the ultimate decision regarding compensation is solely at the discretion of the Committee. For further information, see Compensation Discussion and Analysis, above. The Compensation Committee has the authority to retain consultants to assist with its decisions. No consultant was involved in determining compensation for 2009, 2010 or 2011.

Compensation of directors is determined by the full Board of Directors, except for equity awards under the Stock Incentive Plan, which are made by the Compensation Committee.

Compensation Committee Report

The Compensation Committee has reviewed and discussed with management the Compensation Discussion and Analysis appearing earlier in this proxy statement. Based on this review and discussion, the Compensation Committee has recommended to the Board of Directors that the Compensation Discussion and Analysis be included in this proxy statement.

Stockholder Communications with Directors

Stockholders or other interested persons who wish to communicate with any director, with the non-management directors as a group, or the entire Board may do so by addressing communications to such person or persons c/o Robert Half International Inc., 2884 Sand Hill Road, Menlo Park, CA 94025, Attn: Corporate Secretary Director Communication. The Corporate Secretary or his delegee will forward such communication to the addressee unless he determines that the communication is not suitable for delivery. Examples of communications that would not be suitable for delivery include, but are not limited to, (a) advertisements or solicitations, (b) frivolous, obscene or offensive items, and (c) communications unrelated to the business, affairs or governance of the Company.

INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee has selected PricewaterhouseCoopers LLP, an independent registered public accounting firm, to audit the books, records and accounts of the Company for 2012, subject to ratification by stockholders. PricewaterhouseCoopers LLP has acted as auditors of the Company since 2002. Representatives of that firm will be present at the Meeting and will have the opportunity to make a statement if they desire to do so. They will also be available to respond to questions.

PricewaterhouseCoopers charges for 2010 and 2011 were as follows:

	2010	2011
Audit Fees	\$ 1,757,069	\$ 1,782,466
Audit-Related Fees	\$ 7,928	\$ 10,619
Tax Fees	\$ 0	\$ 0
All Other Fees	\$ 0	\$ 0

The 2010 and 2011 Audit-Related Fees were incurred in connection with attest services relating to reviews of financial information for three wholly owned subsidiaries. Rule 2-01(c)(7)(i)(C) of Securities and Exchange Commission Regulation S-X (relating to waivers with respect to the requirement that fees be pre-approved) was not applicable to any of the services for 2010 or 2011 described in the above table.

Audit Committee Policy Regarding Pre-Approval of Services of Independent Auditors

The Audit Committee pre-approves all audit and permissible non-audit services provided by the independent auditors. These services may include audit services, audit-related services, tax services and other services. The Audit Committee has adopted a policy for the pre-approval of services provided by the independent auditors. Under the policy, pre-approval is generally provided for up to one year and any pre-approval is detailed as to the particular service or category of services and is subject to a specific budget. In addition, the Audit Committee may also pre-approve particular services on a case-by-case basis. For each proposed service, the independent auditor is required to provide detailed back-up documentation at the time of approval. The Audit Committee may delegate pre-approval authority to one or more of its members. Such a member must report any decisions to the Audit Committee at the next scheduled meeting.

Required Vote

The affirmative vote of the holders of a majority of the outstanding shares of Common Stock present in person or by proxy at the Meeting and entitled to vote is required for ratification of the appointment of PricewaterhouseCoopers LLP as auditors for 2012.

Board Recommendation

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT STOCKHOLDERS VOTE FOR RATIFICATION OF THE APPOINTMENT OF PRICEWATERHOUSECOOPERS LLP AS AUDITORS. PROXIES SOLICITED BY THE BOARD WILL BE SO VOTED UNLESS STOCKHOLDERS SPECIFY A CONTRARY CHOICE IN THEIR PROXIES.

ADVISORY VOTE ON EXECUTIVE COMPENSATION

Stockholders are entitled to cast an advisory vote at the annual meeting to approve the compensation of the Company's named executive officers, as disclosed in this proxy statement. This vote is not intended to address any specific item of compensation, but rather the overall compensation of the Company's named executive officers and the philosophy, policies and practices described in this proxy statement. Although, pursuant to the Dodd-Frank Act, the vote is non-binding, the Compensation Committee and the Board of Directors will consider the outcome of the vote in establishing compensation philosophy and making future compensation decisions.

The Company's executive compensation programs are designed to attract and retain key individuals who are critical to the success of a personal services business in which there are few tangible assets and in which people represent the true assets of the Company. The Compensation Committee's view is that, as a personal services business, it is in the Company's long term best interest to be known as an organization offering the opportunity to achieve superior remuneration in the industry. The Committee believes the vast majority of such remuneration should be contingent on achieving outstanding results. As part of its effort to emphasize performance based compensation, the Committee has set base salaries at levels it considers modest and instead heavily weights remuneration toward performance based compensation. An examination of the Summary Compensation Table will show that the vast majority of each executive's compensation consists of performance based restricted share awards and performance based cash payments earned under the stockholder approved plans. The Compensation Committee's policy to provide the opportunity for top level compensation and incentives for extraordinary results has been essentially unchanged for many years, and it is believed that the success of this policy is reflected by the superior results that management has achieved for the Company. More information regarding the Compensation Committee's philosophy regarding executive officer compensation is set forth in the section titled Compensation Discussion and Analysis.

Stockholders are asked to indicate their support for our named executive officer compensation as described in this proxy statement by voting FOR the following resolution at the Annual Meeting:

RESOLVED, that the compensation paid to the Company's named executive officers, as disclosed pursuant to Item 402 of Regulation S-K, including the Compensation Discussion & Analysis, compensation tables and narrative discussion, is hereby approved.

Required Vote

The affirmative vote of the holders of a majority of the outstanding shares of Common Stock present in person or by proxy at the Meeting and entitled to vote is required for approval of the proposal. The total vote cast on the proposal also must equal or exceed at least 50% of the number of shares of Common Stock outstanding on the Record Date.

Board Recommendation

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT STOCKHOLDERS VOTE FOR THE PROPOSAL RELATING TO EXECUTIVE COMPENSATION. PROXIES SOLICITED BY THE BOARD WILL BE SO VOTED UNLESS STOCKHOLDERS SPECIFY A CONTRARY CHOICE IN THEIR PROXIES.

Definitions of Certain Terms Used in the Proxy Statement

(a) Any person or group (as such terms are defined in Section 13(d)(3) of the Exchange Act), other than an employee benefit plan sponsored by the Company or a subsidiary thereof or a corporation owned (directly or indirectly), by the stockholders of the Company in substantially the same proportions of the ownership of stock of the Company, shall become the beneficial owner of securities of the Company representing 20% or more, of the combined voting power of then outstanding securities ordinarily (and apart from rights accruing in special circumstances) having the right to vote in the election of directors, as a result of a tender or exchange offer, open market purchases, privately negotiated purchases or otherwise; PROVIDED, HOWEVER, that a Change in Control shall not be deemed to include the acquisition by any such person or group of securities representing 20% or more of the Company if such party has acquired such securities not with the purpose nor with the effect of changing or influencing the control of the Company, nor in connection with or as a participant in any transaction having such purposes or effect, including, without limitation, not in connection with such party (i) making any public announcement with respect to the voting of such shares at any meeting to consider a merger, consolidation, sale of substantial assets or other business combination or extraordinary transaction involving the Company, (ii) making, or in any way participating in, any solicitation of proxies (as such terms are defined or used in Regulation 14A under the Exchange Act) to vote any voting securities of the Company (including, without limitation, any such solicitation subject to Rule 14a-11 under the Exchange Act) or seeking to advise or influence any party with respect to the voting of any voting securities of the Company, directly or indirectly, relating to a merger or other business combination involving the Company or the sale or transfer of substantial assets of the Company, (iii) forming, joining or in any way participating in any group within the meaning of Section 13(d)(3) of the Exchange Act with respect to any voting securities of the Company, directly or indirectly, relating to a merger or other business combination involving the Company or the sale or transfer of any substantial assets of the Company, or (iv) otherwise acting, alone or in concert with others, to seek control of the Company or to seek to control or influence the management or policies of the Company.

As a result of or in connection with any cash tender offer, merger, or other business combination, sale of assets or contested election, or combination of the foregoing, the persons who were directors of the Company just prior to such event shall cease within one year to constitute a majority of the Board.

A-1

Termination other than for Cause

As used in the proxy statement discussion of the Employment Agreement with Harold M. Messmer, Jr., a termination for Cause means a termination by the Company of Mr. Messmer's employment by the Company by reason of Mr. Messmer's willful dishonesty towards, fraud upon, or deliberate injury or attempted injury to, the Company or by reason of Mr. Messmer's willful material breach of his employment agreement which has resulted in material injury to the Company; provided, however, that Mr. Messmer's employment shall not be deemed to have been terminated for Cause if such termination took place as a result of any act or omission believed by Mr. Messmer in good faith to have been in the interest of the Company.

As used in the proxy statement discussion of the Severance Agreements with Messrs. Messmer, Waddell, Gentzkow, Glass and Karel, a termination for Cause means a termination by the Company of the employee's employment by the Company by reason of the employee's willful dishonesty towards, fraud upon, or deliberate injury or attempted injury to the Company, or by reason of the employee's willful material breach of any employment agreement with the Company, which has resulted in material injury to the Company; provided, however, that the employee's employment shall not be deemed to have terminated for Cause if such termination took place as a result of any act or omission believed by the employee in good faith to have been in the interest of the Company.
