UNITED CONTINENTAL HOLDINGS, INC.,

UNITED AIR LINES, INC. AND CONTINENTAL AIRLINES, INC.

COMBINED NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (UNAUDITED)

United Continental Holdings, Inc. (together with its consolidated subsidiaries, UAL) is a holding company and its principal, wholly-owned subsidiaries are United Air Lines, Inc. (together with its consolidated subsidiaries, United) and Continental Airlines, Inc. (together with its consolidated subsidiaries, Continental). All significant intercompany transactions are eliminated.

This Quarterly Report on Form 10-Q is a combined report of UAL, United and Continental. We sometimes use the words we, our, us, and the Company for disclosures that relate to all of UAL, United and Continental. As UAL consolidates United and Continental for financial statement purposes, disclosures that relate to United and Continental activities also apply to UAL. When appropriate, UAL, United and Continental are named specifically for their related activities and disclosures.

Interim Financial Statements. The UAL, United and Continental unaudited condensed consolidated financial statements shown here have been prepared as required by the U.S. Securities and Exchange Commission (the SEC). Some information and footnote disclosures normally included in financial statements that comply with accounting principles generally accepted in the United States (GAAP) have been condensed or omitted as permitted by the SEC. The financial statements include all adjustments, including normal recurring adjustments and other adjustments, which are considered necessary for a fair presentation of the Company s financial position and results of operations. Certain prior year amounts have been reclassified to conform to the current year s presentation. These reclassifications were made to conform the financial statement presentation of UAL, United and Continental. The UAL, United and Continental financial statements should be read together with the information included in the Company s Annual Report on Form 10-K for the year ended December 31, 2011 (the 2011 Annual Report). UAL s quarterly financial data is subject to seasonal fluctuations and historically its second and third quarter financial results, which reflect higher travel demand, are better than its first and fourth quarter financial results.

NOTE 1 FREQUENT FLYER AND PASSENGER REVENUE ACCOUNTING

Frequent Flyer Awards. Effective January 1, 2012, the Company updated its estimated selling price for miles to the contractual rate at which we sell miles to our Star Alliance partners participating in reciprocal frequent flyer programs. This change in estimate has been applied prospectively effective January 1, 2012.

United and Continental account for miles sold and awarded that will never be redeemed by program members, which the Company refers to as breakage, using the redemption method. UAL reviews its breakage estimates annually based upon the latest available information regarding redemption and expiration patterns. The Company re-evaluated its population breakage estimates for OnePass miles, which were previously not subject to an expiration policy, and increased the estimate of miles in the population expected to ultimately expire.

The Company s estimate of the expected expiration of miles requires significant management judgment. Current and future changes to expiration assumptions, the expiration policy, program rules or program redemption opportunities may result in material changes to the deferred revenue balance as well as recognized revenues from the programs.

For the three months ended March 31, 2012, the combined net impact of these changes to UAL, United and Continental were not material.

NOTE 2 NEW ACCOUNTING PRONOUNCEMENTS

In May 2011, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update No. 2011-04 (ASU 2011-04), Fair Value Measurement: Amendments to Achieve Common Fair Value Measurements and Disclosure Requirements in U.S. GAAP and IFRS. Some of the key amendments to the fair value measurement guidance include the highest and best use and valuation premise for nonfinancial assets, application to financial assets and financial liabilities with offsetting positions in market risks or counterparty credit risk, premiums or discounts in fair value measurement and fair value of an instrument

classified in a reporting entity s shareholders equity. Additional disclosures for fair value measurements categorized in Level 3 of the fair value hierarchy include a quantitative disclosure of the unobservable inputs and assumptions used in the measurement, a description of the valuation processes in place, a narrative description of the sensitivity of the fair value to changes in unobservable inputs and interrelationships between those inputs and the level in the fair value hierarchy of items that are not measured at fair value in the consolidated balance sheet but whose fair value must be disclosed. ASU 2011-04 became effective for the Company s annual and interim periods beginning January 1, 2012, and the required disclosures are disclosed in Note 6 of this report.

NOTE 3 LOSS PER SHARE

The table below represents the computation of UAL basic and diluted earnings per share amounts and the number of securities that have been excluded from the computation of diluted earnings per share amounts because they were antidilutive (in millions, except per share amounts):

| | Three Months Ende March 31, | | |
|--|--------------------------------|-----------|--|
| | 2012 | 2011 | |
| UAL basic and diluted loss per share: | | | |
| Loss available to common stockholders | \$ (448) | \$ (213) | |
| Weighted average shares outstanding, basic and diluted | 330 | 328 | |
| Loss per share, basic and diluted | \$ (1.36) | \$ (0.65) | |
| UAL potentially dilutive shares excluded from diluted per share amounts: | | | |
| Restricted stock and units and stock options | 7 | 9 | |
| Continental 6% convertible junior subordinated debentures | 4 | 4 | |
| UAL 6% senior convertible notes | 40 | 40 | |
| UAL 4.5% senior limited-subordination convertible notes | 5 | 22 | |
| Continental 4.5% convertible notes | 12 | 12 | |

UAL s 6% Senior Notes due 2031 (the 6% Senior Notes), with a principal amount of \$652 million as of March 31, 2012, can be redeemed, and the \$125 million of UAL s 8% Contingent Senior Notes (the 8% Notes), which UAL issued in January 2012, are redeemable with either cash or shares of UAL common stock, or in the case of mandatory redemption, a combination thereof, at UAL s option. These notes are not included in the diluted earnings per share calculation because it is UAL s intent to redeem these notes with cash if UAL were to decide to redeem these notes.

NOTE 4 INCOME TAXES

Our effective tax rates are lower than the federal statutory rate of 35% primarily because of the impact of changes to existing valuation allowances. We continue to provide a valuation allowance for our deferred tax assets in excess of deferred tax liabilities because we have concluded that it is more likely than not that such deferred tax assets will ultimately not be realized.

The ultimate realization of deferred tax assets is dependent upon the generation of future taxable income (including the reversals of deferred tax liabilities) during the periods in which those deferred tax assets will become deductible. The Company s management assesses available positive and negative evidence regarding the realizability of its deferred tax assets, and records a valuation allowance when it is more likely than not that all or a portion of the deferred tax assets will not be realized. To form a conclusion, management considers positive evidence in the form of reversing temporary differences, projections of future taxable income and tax planning strategies, and negative evidence such as recent history of losses. Although the Company was no longer in a three-year cumulative loss position at the end of 2011, management determined that the size and frequency of financial losses in recent years and the uncertainty associated with projecting future taxable income supported the conclusion that the valuation allowance was still needed on net deferred assets. If UAL achieves significant profitability in 2012, then management will evaluate whether its recent history of profitability constitutes sufficient positive evidence to support a reversal of a portion, or all, of the remaining valuation allowance.

NOTE 5 EMPLOYEE BENEFIT PLANS

Defined Benefit Pension and Other Postretirement Benefit Plans. The Company s net periodic benefit cost includes the following components (in millions):

| | Three Mor | Pension Benefits Three Months Ended March 31, | | retirement efits ths Ended h 31, |

| Amortization of unrecognized (gain) loss and prior service cost | 5 | (5) | | |
| Net periodic benefit costs | \$ 40 | \$ 25 | \$ 8 | \$ 6 |

During the three months ended March 31, 2012, Continental contributed \$33 million to its tax-qualified defined benefit pension plans. Continental contributed an additional \$42 million to its tax-qualified defined benefit pension plans in April 2012.

Share-Based Compensation. In February 2012, UAL granted share-based compensation awards pursuant to the United Continental Holdings, Inc. 2008 Incentive Compensation Plan. These share-based compensation awards include approximately 0.5 million shares of restricted stock and 0.6 million restricted stock units (RSUs) that vest pro-rata over three years on the anniversary of the grant date. In addition, UAL granted 1.3 million performance-based RSUs which will vest based on UAL s return on invested capital for the three years ending December 31, 2014. If this performance condition is achieved, cash payments will be made after the end of the performance period based on the 20-day average closing price of UAL common stock immediately prior to the vesting date. The Company accounts for the RSUs as liability awards. The table below presents information related to share-based compensation (in millions):

| | Three Mon Marcl | |
|--------------------------------------|--------------------|-------|
| | 2012 | 2011 |
| Share-based compensation expense (a) | \$ 15 | \$ 13 |

| | March 31, 2012 | December 31, 2011 | | |
|---|-------------------|----------------------|--|--|
| Unrecognized share-based compensation expense | \$ 49 | \$ 43 | | |

(a) Includes \$4 million and \$3 million of expense recognized in integration-related costs for three months ended March 31, 2012 and 2011, respectively.

Profit Sharing Plans. In 2012, substantially all employees participate in profit sharing, which pays 15% of total pre-tax earnings, excluding special items and share-based compensation expense, to eligible employees when pre-tax profit, excluding special items, profit sharing expense and share-based compensation program expense, exceeds \$10 million. Eligible U.S. co-workers in each participating work group receive a profit sharing payout using a formula based on the ratio of each qualified co-worker s annual eligible earnings to the eligible earnings of all qualified co-workers in all domestic workgroups. The international profit sharing plan pays eligible non-U.S. co-workers the same percentage of eligible pay that is calculated under the U.S. profit sharing plan. UAL recorded no profit sharing and related payroll tax expense in the three months ended March 31, 2012 and 2011, respectively. Profit sharing expense is recorded as a component of salaries and related costs in the consolidated statements of operations.

NOTE 6 FINANCIAL INSTRUMENTS AND FAIR VALUE MEASUREMENTS
