As used in this Quarterly Report on Form 10-Q, the terms the Company, we, us and our refer to Zillow, Inc., unless the context indicates otherwise.

NOTE REGARDING FORWARD-LOOKING STATEMENTS

This Quarterly Report on Form 10-Q, including the section entitled Management's Discussion and Analysis of Financial Condition and Results of Operations, contains forward-looking statements based on our management's beliefs and assumptions and on information currently available to our management. Forward-looking statements include all statements that are not historical facts and generally may be identified by terms such as believe, may, will, estimate, continue, anticipate, intend, could, would, project, plan, expect or the negative or plural of expressions.

These forward-looking statements are subject to a number of risks, uncertainties and assumptions, including but not limited to, our ability to maintain and effectively manage an adequate rate of growth; the impact of the real estate industry on our business; our ability to innovate and provide products and services that are attractive to our users and advertisers; our ability to increase awareness of the Zillow brand; our ability to maintain or establish relationships with listings and data providers; our ability to attract consumers to our websites and mobile applications; our ability to successfully integrate and realize the benefits of our past or future strategic acquisitions or investments; our ability to compete successfully against existing or future competitors; the reliable performance of our network infrastructure and content delivery process; and our ability to protect our intellectual property. Further discussion of factors that may affect our business and results of operations is included in Part I, Item 1A (Risk Factors) in our Annual Report on Form 10-K for the year ended December 31, 2011. Moreover, we operate in a very competitive and rapidly changing environment. New risks emerge from time to time. It is not possible for our management to predict all risks, nor can we assess the effect of all factors on our business or the extent to which any factor, or combination of factors, may cause actual results to differ materially from those contained in any forward-looking statements we may make. In light of these risks, uncertainties and assumptions, the forward-looking events and circumstances discussed in this report may not occur and actual results could differ materially and adversely from those anticipated or implied in the forward-looking statements.

You should not rely on forward-looking statements as predictions of future events. Although we believe that the expectations reflected in the forward-looking statements are reasonable, we cannot guarantee that the future results, levels of activity, performance or events and circumstances reflected in the forward-looking statements will be achieved or occur. Moreover, except as required by law, neither we nor any other person assumes responsibility for the accuracy and completeness of the forward-looking statements, and we undertake no obligation to update publicly any forward-looking statements for any reason after the date of this report to conform these statements to actual results or to changes in our expectations.

ZILLOW, INC.

NOTES TO CONDENSED FINANCIAL STATEMENTS

(unaudited)

Note 1. Organization and Description of Business

Zillow, Inc. was incorporated as a Washington corporation effective December 13, 2004. We operate a real estate information marketplace dedicated to providing vital information about homes, real estate listings and mortgages and enabling homeowners, buyers, sellers and renters to connect with real estate and mortgage professionals.

Certain Significant Risks and Uncertainties

We operate in a dynamic industry and, accordingly, can be affected by a variety of factors. For example, we believe that changes in any of the following areas could have a significant negative effect on us in terms of our future financial position, results of operations or cash flows: rates of revenue growth; engagement and usage of our products; scaling and adaptation of existing technology and network infrastructure; competition in our market; management of our growth; acquisitions and investments; qualified employees and key personnel; protection of our brand and intellectual property; changes in government regulation affecting our business; intellectual property infringement and other claims; protection of customers' information and privacy concerns; and security measures related to our websites, among other things.

Note 2. Summary of Significant Accounting Policies

Basis of Presentation

The accompanying condensed financial statements have been prepared in conformity with accounting principles generally accepted in the United States (GAAP) and applicable rules and regulations of the Securities and Exchange Commission (SEC) regarding interim financial reporting. Certain information and note disclosures normally included in the financial statements prepared in accordance with GAAP have been condensed or omitted pursuant to such rules and regulations. Accordingly, these interim condensed financial statements should be read in conjunction with the audited financial statements and accompanying notes as of and for the year ended December 31, 2011 included in the Company's Annual Report on Form 10-K, which was filed with the SEC on March 2, 2012. The condensed balance sheet as of December 31, 2011, included herein, was derived from the audited financial statements as of that date.

The unaudited condensed interim financial statements have been prepared on the same basis as the annual financial statements and, in the opinion of management, reflect all adjustments, consisting only of normal recurring adjustments, necessary to present fairly our financial position as of March 31, 2012, our results of operations for the three months ended March 31, 2012 and 2011, and our cash flows for the three months ended March 31, 2012 and 2011. The results of the three month period ended March 31, 2012 are not necessarily indicative of the results to be expected for the year ended December 31, 2012 or for any other interim period or for any other future year.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make certain estimates, judgments and assumptions that affect the reported amounts of assets and liabilities and the related disclosures at the date of the financial statements, as well as the reported amounts of revenue and expenses during the periods presented. Estimates are used for revenue recognition, the allowance for doubtful accounts, website development costs, goodwill, recoverability of intangible assets with definite lives and other long-lived assets and for share-based compensation. To the extent there are material differences between these estimates, judgments, or assumptions and actual results, our financial statements will be affected.

Recently Issued Accounting Standards

In May 2011, the FASB amended existing rules covering fair value measurement and disclosure to clarify guidance and minimize differences between GAAP and International Financial Reporting Standards (IFRS). The guidance requires entities to provide information about valuation techniques and unobservable inputs used in Level 3 fair value measurements and provide a narrative description of the sensitivity of Level 3

Edgar Filing: ZILLOW INC - Form 10-Q

measurements to changes in unobservable inputs. The guidance is effective during interim and annual periods beginning after December 15, 2011. We adopted this guidance on January 1, 2012. The adoption of this guidance did not have any impact on our financial position, results of operations or cash flows.

In June 2011, the FASB issued guidance on the presentation of comprehensive income to increase the prominence of other comprehensive income in the financial statements. An entity has the option to present the components of net income and comprehensive income in either one or two consecutive financial statements. This guidance is effective for interim and annual

Table of Contents

reporting periods beginning after December 15, 2011, with earlier adoption permitted, and must be applied retrospectively. We adopted this guidance on January 1, 2012. The adoption of this guidance did not have any impact on our financial position, results of operations or cash flows as we do not have any items of other comprehensive income in any period presented and therefore we are not required to report other comprehensive income or comprehensive income.

In September 2011, the FASB issued guidance on testing goodwill for impairment to permit an entity to first assess qualitative factors to determine whether it is more likely than not that the fair value of a reporting unit is less than its carrying amount as a basis for determining whether it is necessary to perform the two-step goodwill impairment test. This guidance is effective for fiscal years beginning after December 15, 2011, with earlier application permitted. We early adopted this guidance for our annual goodwill impairment test performed in our fourth quarter of 2011. The early adoption of this guidance did not have any impact on our financial position, results of operations or cash flows.

Note 3. Fair Value Measurements

Accounting standards define fair value as the price that would be received to sell an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market in an orderly transaction between market participants on the measurement date. The standards also establish a fair value hierarchy, which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. There are three levels of inputs that may be used to measure fair value:

Level 1 Quoted prices in active markets for identical assets or liabilities.

Level 2 Assets and liabilities valued based on observable market data for similar instruments, such as quoted prices for similar assets or liabilities.

Level 3 Unobservable inputs that are supported by little or no market activity; instruments valued based on the best available data, some of which is internally developed, and considers risk premiums that a market participant would require.

We applied the following methods and assumptions in estimating our fair value measurements:

Cash equivalents Cash equivalents are comprised of highly liquid investments, including money market funds and certificates of deposit with original maturities of less than three months. The fair value measurement of these assets is based on quoted market prices in active markets and, therefore, these assets are recorded at fair value on a recurring basis and classified as Level 1 in the fair value hierarchy.

Short-term and long-term investments Our investments consist of fixed income U.S. government agency securities. The fair value measurement of these assets is based on observable market-based inputs or inputs that are derived principally from or corroborated by observable market data by correlation or other means, and therefore is classified as Level 1 in the fair value hierarchy. Our government agency securities are classified as held-to-maturity and are recorded at amortized cost, as we do not intend to sell the investments, and it is not more likely than not that we will be required to sell these investments prior to maturity. The amortized cost of our government agency securities approximates their fair value.

The following table presents the balances of assets measured at fair value on a recurring basis as of the dates presented (in thousands), all of which are classified as Level 1 in the fair value hierarchy:

	March 31, 2012	December 31, 2011
Cash equivalents:		
Money market funds	\$ 31,274	\$ 24,201
Certificates of deposit	20,000	20,000
Short-term investments:		
Fixed income government agency securities	28,780	28,925
Long-term investments:		

Edgar Filing: ZILLOW INC - Form 10-Q

Fixed income government agency securities	15,230	15,285
Total	\$ 95,284	\$ 88,411

We did not have any Level 2 or Level 3 assets or liabilities measured at fair value on a recurring basis as of March 31, 2012 or December 31, 2011.

Table of Contents**Note 4. Accounts Receivable, net**

The following table presents the detail of accounts receivable as of the dates presented (in thousands):

	March 31, 2012	December 31, 2011
Accounts receivable	\$ 6,842	\$ 6,321
Less: allowance for doubtful accounts	(702)	(683)
Accounts receivable, net	\$ 6,140	\$ 5,638

Note 5. Property and Equipment, net

The following table presents the detail of property and equipment as of the dates presented (in thousands):

	March 31, 2012	December 31, 2011
Computer equipment	\$ 9,628	\$ 9,265
Website development costs	25,948	23,410
Leasehold improvements	585	519
Software	1,400	1,367
Construction-in-progress	1,303	1,629
Office equipment, furniture and fixtures	1,218	1,051
Property and equipment	40,082	37,241
Less: accumulated amortization and depreciation	(31,598)	(30,014)
Property and equipment, net	\$ 8,484	\$ 7,227

We recorded amortization and depreciation expense related to property and equipment other than website development costs of \$0.3 million and \$0.3 million, respectively, during the three months ended March 31, 2012 and 2011.

We capitalized \$2.3 million and \$1.1 million, respectively, in website development costs during the three months ended March 31, 2012 and 2011. Amortization expense for website development costs included in technology and development expenses was \$1.3 million and \$1.0 million, respectively, during the three months ended March 31, 2012 and 2011.

Construction-in-progress primarily consists of website development costs that are capitalizable, but for which the associated applications had not been placed in service.

Note 6. Intangible Assets

The following table presents the detail of intangible assets subject to amortization as of the dates presented (in thousands):

	March 31, 2012	December 31, 2011
Purchased content	\$ 5,654	\$ 5,150
Developed technology	2,635	2,635

Edgar Filing: ZILLOW INC - Form 10-Q

Customer relationships	724	724
Trademarks	461	461
Intangible assets	9,474	8,970
Less: accumulated amortization	(5,185)	(4,438)
Intangible assets, net	\$ 4,289	\$ 4,532

Amortization expense recorded for intangible assets for the three months ended March 31, 2012 and 2011 was \$0.7 million and \$0.3 million, respectively. These amounts are included in technology and development expenses.

Note 7. Income Taxes

We are subject to federal income taxes in the United States. During the three months ended March 31, 2012 and 2011, we did not have taxable income, and we are not projecting taxable income for the year ending December 31, 2012, and, therefore, no tax liability or expense has been recorded in the financial statements. We have accumulated tax losses of approximately \$68.6 million as of December 31, 2011, which are available to reduce future taxable income.

Table of Contents**Note 8. Shareholders Equity****Common Stock**

Upon the effectiveness of the our registration statement on July 19, 2011, all of the outstanding shares of convertible preferred stock and all of the outstanding shares of Class C common stock automatically converted into 9,276,190 and 2,305,980 shares of Class A common stock, respectively. Our Class A common stock has no preferences or privileges and is not redeemable. Holders of Class A common stock are entitled to one vote for each share.

Our Class B common stock has no preferences or privileges and is not redeemable. At any time after the date of issuance, each share of Class B common stock, at the option of the holder, shall be converted into one share of Class A common stock, or automatically converted upon the affirmative vote by or written consent of holders of a majority of the shares of the Class B common stock. During the three months ended March 31, 2012, 825,187 shares of Class B common stock were converted into Class A common stock at the option of the holders. Holders of Class B common stock are entitled to 10 votes for each share.

Note 9. Share-Based Awards

Upon execution of the underwriting agreement related to our initial public offering of our Class A common stock (IPO) on July 19, 2011, our 2011 Incentive Plan (the 2011 Plan) became effective. The 2011 Plan is administered by the compensation committee of the board of directors. Under the terms of the 2011 Plan, the compensation committee of the board of directors may grant equity awards, including incentive stock options or nonqualified stock options, to employees, officers, directors, consultants, agents, advisors and independent contractors. After the effective date of the 2011 Plan, all equity awards have been, and will be, granted under the 2011 Plan rather than the Amended and Restated 2005 Equity Incentive Plan (the 2005 Plan), which was the preexisting plan. On August 5, 2011, we filed a registration statement on Form S-8 under the Securities Act of 1933, as amended (the Securities Act), to register 6,816,135 shares of our Class A common stock for issuance under our 2005 Plan and 2011 Plan.

Stock Options

All stock options outstanding under the 2005 Plan and the 2011 Plan are nonqualified stock options. Options under the 2011 Plan are granted with an exercise price per share not less than 100% of the fair market value of our Class A common stock on the date of grant, and are exercisable at such times and under such conditions as determined by the compensation committee. Under the 2011 Plan, the maximum term of an option is ten years from the date of grant. Any portion of an option that is not vested and exercisable on the date of a participant's termination of service expires on such date. Employees generally forfeit their rights to exercise vested options after 3 months or 12 months following their termination of employment, depending on the reason for the termination. Options granted to date under the 2011 Plan have been granted with seven-year terms. Options granted under the 2011 Plan typically vest 25% after 12 months and ratably thereafter over the next 36 months, except for options granted under the Stock Option Grant Program for Nonemployee Directors (Nonemployee Director Awards), which are fully vested and exercisable on the grant date.

The following table summarizes stock option activity for the year ended December 31, 2011 and the three months ended March 31, 2012:

	Options Available for Grant	Number of Shares Subject to Existing Options	Weighted-Average Exercise Price Per Share	Weighted-Average Remaining Contractual Life (Years)	Aggregate Intrinsic Value
Outstanding at December 31, 2010	1,021,571	5,010,310	4.03	4.48	\$ 3,843,806
Authorized increase in plan shares	1,477,514				
Granted	(1,688,636)	1,688,636	10.25		
Exercised		(1,169,115)	2.50		
Forfeited or cancelled	168,575	(168,575)	7.05		
Outstanding at December 31, 2011	979,024	5,361,256	6.23	4.51	\$ 89,749,207
Granted	(830,744)	830,744	30.42		

Edgar Filing: ZILLOW INC - Form 10-Q

Exercised		(620,049)	4.69		
Forfeited or cancelled	24,448	(24,448)	19.69		
Outstanding at March 31, 2012	172,728	5,547,503	9.96	4.83	142,173,170
Vested and exercisable at March 31, 2012		2,439,629	5.24	3.49	74,037,507

Table of Contents

The fair value of options granted, excluding Nonemployee Director Awards, is estimated at the date of grant using the Black-Scholes-Merton option-pricing model, assuming no dividends and with the following assumptions for the periods presented:

	Three Months Ended March 31,	
	2012	2011
Expected volatility	51%	52%
Expected dividend yields		
Risk-free interest rate	0.76%	1.87%
Weighted-average expected life	4.58 years	4.58 years
Weighted-average fair value of options granted	\$ 12.91	\$ 2.13

During the three months ended March 31, 2012, stock options for 45,005 shares of our Class A common stock were granted as Nonemployee Director Awards. The fair value of options granted for the Nonemployee Director Awards, \$11.52 per share, is estimated at the date of grant using the Black-Scholes-Merton option-pricing model, assuming no dividends, and expected volatility of 51%, a risk-free interest rate of 0.43%, and a weighted-average expected life of 3.5 years. During the three months ended March 31, 2012, share-based compensation expense recognized in our statement of operations related to Nonemployee Director Awards was \$0.5 million, and is included in general and administrative expenses.

Restricted Stock

In consideration for the acquisition of substantially all of the operating assets of Diverse Solutions, Inc. (Diverse Solutions) under the terms of the asset purchase agreement, Zillow issued to Diverse Solutions 75,000 restricted shares of Zillow's Class A common stock effective on October 31, 2011. The grant date fair value of the restricted shares is approximately \$2.2 million. One-third of the restricted shares will vest and no longer be subject to forfeiture on the first anniversary of the vesting commencement date, which is October 31, 2012, subject to Justin LaJoie's (the controlling shareholder of Diverse Solutions) continued employment or service to Zillow until such date. The remaining shares will vest ratably over the twenty-four months following such first anniversary, subject to Mr. LaJoie's continued employment or service to Zillow. In the event of Mr. LaJoie's termination of service by Zillow without cause or by Mr. LaJoie for good reason, any unvested shares on the date of such termination will become vested and no longer subject to forfeiture.

The fair value of the restricted shares relates to post-combination services and will be recorded as share-based compensation expense over the vesting period. As of March 31, 2012, there was \$1.9 million of total unrecognized compensation cost related to the restricted shares.

Share-Based Compensation Expense

The following table presents the effects of share-based compensation expense recognized in our statements of operations during the periods presented (in thousands):

	Three Months Ended March 31,	
	2012	2011
Cost of revenue	\$ 85	\$ 41
Sales and marketing	190	107
Technology and development	310	86
General and administrative	833	156
Total	\$ 1,418	\$ 390

For the three months ended March 31, 2012, the table above includes approximately \$0.2 million of share-based compensation expense related to the restricted shares, which was recorded in technology and development expense.

Note 10. Net Income (Loss) Per Share Attributable to Common Shareholders

Basic net income (loss) per share is computed by dividing net income (loss) attributable to common shareholders by the weighted-average number of common shares (including Class A common stock, Class B common stock and Class C common stock) outstanding during the period. For the three months ended March 31, 2011, no losses were allocated to Series A, B and C convertible preferred shareholders, as these shareholders did not have contractual obligations to share in or fund the losses of the Company. Thus, for the three months ended March 31, 2011, the net loss is allocated entirely to the Class A common stock, Class B common stock and Class C common stock.

Table of Contents

Diluted net income (loss) per share attributable to common shareholders is computed by dividing net income (loss) by the weighted-average number of common shares (including Class A common stock, Class B common stock and Class C common stock) outstanding during the period and potentially dilutive Class A common stock equivalents, except in cases where the effect of the Class A common stock equivalent would be antidilutive. Potential Class A common stock equivalents consist of Class A common stock issuable upon exercise of stock options using the treasury stock method, and for the three months ended March 31, 2011, include Class A common stock issued upon the automatic conversion of our Series A, B and C convertible preferred stock on July 19, 2011.

For the three months ended March 31, 2012, 2,579,693 Class A common stock equivalents underlying stock options were included in the computation of diluted net income per share attributable to common shareholders because they had a dilutive impact. For the three months ended March 31, 2012, 66,653 shares of Class A common stock underlying nonvested restricted shares were included in the computation of diluted net income per share attributable to common shareholders as they had a dilutive impact.

For the three months ended March 31, 2011, 5,477,032 shares underlying stock options and 9,276,190 shares of Class A common stock issued upon the automatic conversion of our convertible preferred stock on July 19, 2011 have been excluded from the calculations of diluted net loss per share attributable to common shareholders because their effect would have been antidilutive.

In the event of liquidation, dissolution, distribution of assets or winding-up of the Company, the holders of all classes of common stock have equal rights to receive all the assets of the Company after the rights of the holders of the preferred stock have been satisfied. We have not presented net income (loss) per share attributable to common shareholders under the two-class method for our Class A common stock, Class B common stock and Class C common stock because it would be the same for each class due to equal dividend and liquidation rights for each class.

Note 11. Commitments and Contingencies***Lease Commitments***

We have various operating leases for office space and equipment. We moved into our current headquarters in Seattle, Washington in August 2011 under an operating lease for which we will be obligated to make escalating monthly lease payments beginning in December 2012 and continuing through November 2022. We lease additional office space in San Francisco, California, Irvine, California, Chicago, Illinois and New York, New York.

The operating lease for our headquarters prior to August 2011 expires in February 2013. As a result of vacating the office space, during the year ended December 31, 2011 we recorded a facility exit charge for \$1.7 million related to costs that will continue to be incurred under the operating lease for the remaining term. As of March 31, 2012, there was \$1.3 million of accrued facility exit costs included in accrued expenses and other current liabilities.

A summary of activity for the three months ended March 31, 2012 related to the facility exit charge accrual is as follows (in thousands):

Balance, beginning of the period	\$ 1,541
Charges and adjustments	139
Less: cash payments	(393)
Balance, end of period	\$ 1,287

Future minimum payments for all operating leases as of March 31, 2012 are as follows (in thousands):

2012	\$ 1,383
2013	2,120
2014	1,845

Edgar Filing: ZILLOW INC - Form 10-Q

2015	1,799
2016	1,864
All future years	12,370
Total future minimum lease payments	\$ 21,381

Rent expense for the three months ended March 31, 2012 and 2011 was \$0.5 million and \$0.4 million, respectively.

Table of Contents**Purchase Commitments**

As of March 31, 2012, we had non-cancelable purchase commitments for content related to our websites totaling \$8.5 million. The amount due for this content is as follows (in thousands):

2012	\$ 1,983
2013	1,888
2014	1,888
2015	1,888
2016	897
All future years	
Total future purchase commitments	\$ 8,544

Line of Credit and Letters of Credit

In March 2011, we entered into a loan and security agreement with a financial institution to establish a line of credit of \$4.0 million, secured by substantially all our assets other than our intellectual property, to be used for general business purposes. The line of credit contains financial and non-financial covenants. As of March 31, 2012, we were in compliance with all covenants. The line of credit is available through March 2013. In March 2011, we executed a standby letter of credit of \$1.5 million in connection with the lease of our new Seattle offices and reserved this amount against the line of credit, which reduces the available line to \$2.5 million. As of March 31, 2012 there were no other amounts outstanding under the line of credit.

We have four outstanding letters of credit totaling \$0.6 million as of March 31, 2012, payable to the landlord of our prior headquarters office in Seattle, Washington, in the event we default on our lease, which expires in February 2013. The letters of credit are secured by our investments and are effective until 60 days after the expiration date of the lease.

Legal Proceedings

There have been no material developments in legal proceedings during the quarter ended March 31, 2012. For a description of previously reported legal proceedings, refer to Part I, Item 3 (Legal Proceedings) of our Annual Report on Form 10-K for the year ended December 31, 2011.

From time to time, we are involved in litigation and claims that arise in the ordinary course of business. Although we cannot be certain of the outcome of any litigation and claims, nor the amount of damages and exposure that we could incur, we currently believe that the final disposition of such matters will not have a material effect on our financial position, results of operations or cash flow. This forward-looking statement is based on management's current understanding of the relevant law and facts, and it is subject to various contingencies, including the potential costs and risks associated with litigation and the actions of arbitrators, judges and juries. Regardless of the outcome, litigation can have an adverse impact on us because of defense and settlement costs, diversion of management resources and other factors.

Note 12. Segment Information and Revenue

We have one reportable segment. Our reportable segment has been identified based on how our chief operating decision-maker manages our business, makes operating decisions and evaluates operating performance. The chief executive officer acts as the chief operating decision-maker and reviews financial and operational information on an entity-wide basis. We have one business activity and there are no segment managers who are held accountable for operations, operating results or plans for levels or components. Accordingly, we have determined that we have a single reporting segment and operating unit structure.

The chief executive officer reviews information about revenue categories for purposes of allocating resources and evaluating financial performance. The following table presents our revenue categories during the periods presented (in thousands):

Edgar Filing: ZILLOW INC - Form 10-Q

	Three Months Ended	
	March 31,	
	2012	2011
Marketplace revenue	\$ 16,593	\$ 6,881
Display revenue	6,240	4,379
Total	\$ 22,833	\$ 11,260

Table of Contents**Note 13. Subsequent Events**

In April 2012, we signed a lease agreement with an initial term of ten years for new corporate office space in Irvine, California. The following table is a schedule of future minimum lease payments for the new corporate office space in Irvine (in thousands):

2012	\$ 40
2013	320
2014	414
2015	540
2016	557
All future years	3,009
Total future minimum lease payments	\$ 4,880

In April 2012, we entered into an agreement for a non-cancelable purchase commitment for content related to our website. The amount due for this content is as follows (in thousands):

2012	\$ 458
2013	1,100
2014	1,142
2015	1,242
2016	1,342
All future years	816
Total future purchase commitments	\$ 6,100

In April 2012, we amended our loan and security agreement with a financial institution to increase our line of credit from \$4.0 million to \$25.0 million. The line of credit is secured by substantially all our assets, including our intellectual property. The revolving line of credit contains customary financial covenants, including the maintenance of a minimum adjusted quick ratio, measured on a monthly basis, of 1.50 to 1.00, and minimum Adjusted EBITDA, measured on a quarterly basis, of greater than or equal to negative \$5.0 million for each quarterly period through December 31, 2012 and greater than or equal to \$0 for each quarterly period thereafter. In addition, the revolving line of credit contains restrictions on our ability to, among other things, engage in certain mergers and acquisition transactions and create liens on assets. The line of credit is available through April 2016.

In May 2012, Zillow, RentJuice Corporation, a Delaware corporation (RentJuice), Renegade Acquisition, Inc., a Delaware corporation and wholly owned subsidiary of Zillow (Merger Sub), and Shareholder Representative Services LLC, acting as the stockholder representative, entered into an Agreement and Plan of Merger (the Merger Agreement) providing for the acquisition of RentJuice by Zillow. Under the terms and subject to the conditions of the Merger Agreement, Merger Sub will merge with and into RentJuice, with RentJuice remaining as the surviving company and a wholly owned subsidiary of Zillow (the Merger). The total Merger consideration payable to RentJuice equity holders is approximately \$40 million in cash, less certain transaction expenses and other costs. All vested options to purchase shares of RentJuice s common stock will be cancelled and, in settlement of such cancellation, the holders of such options will receive cash payments representing a portion of the Merger consideration. A portion of the Merger consideration will be attributed to the substitution of unvested stock options of RentJuice outstanding as of the closing for stock options to purchase shares of our Class A common stock at an exchange ratio implied by the Merger consideration. The Merger is expected to close in the second quarter of 2012. Pursuant to the terms of the Merger Agreement, we have agreed to adopt a retention bonus plan after the closing pursuant to which restricted stock units for 280,978 shares of our Class A common stock will be granted to employees of RentJuice who accept employment with Zillow in proportion to each employee s total equity holdings in RentJuice prior to the closing of the Merger. Twenty-five percent of each restricted stock unit award will vest on the one-year anniversary of the closing of the Merger and the remainder will vest in substantially equal installments each three-month period thereafter for the next three years, subject to the recipient's continued full-time employment or service to Zillow.

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

The following discussion and analysis of our financial condition and results of operations should be read in conjunction with our condensed financial statements and related notes appearing elsewhere in this Quarterly Report on Form 10-Q. In addition to historical financial information, the following discussion contains forward-looking statements that reflect our plans, estimates and beliefs. Statements containing words such as may, believe, anticipate, expect, intend, plan, project, projections, business outlook, estimate, or similar expressions constitute forward-looking statements. Our actual results may differ materially from those contained in or implied by any forward-looking statements. Factors that could cause or contribute to these differences include those discussed below and elsewhere in this Quarterly Report on Form 10-Q, including in the section titled Note Regarding Forward-Looking Statements, and also those items listed in Part 1, Item 1A (Risk Factors) in our Annual Report on Form 10-K for the year ended December 31, 2011.

Overview

We are the leading real estate information marketplace. In addition to Zillow.com, we also operate Zillow Mobile, our suite of mobile real estate applications, and Zillow Mortgage Marketplace, where borrowers connect with lenders to find loans and get the competitive mortgage rates.

Zillow provides information about homes, real estate listings and mortgages through our websites and mobile applications, enabling homeowners, buyers, sellers and renters to connect with real estate and mortgage professionals best suited to meet their needs.

Our living database of more than 100 million U.S. homes – homes for sale, homes for rent and homes not currently on the market – attracts an active and vibrant community of users. Individuals and businesses that use Zillow have updated information on more than 30 million homes and added more than 83 million home photos, creating exclusive home profiles available nowhere else. These profiles include detailed information about homes, including property facts, listing information and purchase and sale data. We provide this information to our users where, when and how they want it through our websites and through our industry-leading mobile applications that enable consumers to access our information when they are curbside, viewing homes. Using industry-leading automated valuation models, we provide current home value estimates, or Zestimates, and current rental price estimates, or Rent Zestimates, on approximately 100 million U.S. homes.

We generate revenue from local real estate professionals, primarily on an individual subscription basis, and from mortgage professionals and brand advertisers. Our revenue includes marketplace revenue, consisting of subscriptions sold to real estate agents and advertising sold on a cost per click, or CPC, basis to mortgage lenders, and display revenue consisting of advertising placements sold primarily on a cost per thousand impressions, or CPM, basis.

During the three months ended March 31, 2012, we generated revenue of \$22.8 million, as compared to \$11.3 million in the three months ended March 31, 2011, an increase of 103%. The increase in revenue is primarily attributable to the increase in our marketplace revenue, which increased \$9.7 million, or 141%, to \$16.6 million during the three months ended March 31, 2012 from \$6.9 million during the three months ended March 31, 2011, as a result of growth in our Premier Agent program. There was a 74% increase in our Premier Agent Subscribers to 18,616 as of March 31, 2012 from 10,710 as of March 31, 2011. We also experienced significant growth in traffic to our websites and mobile applications. There were approximately 31.8 million average monthly unique users of our websites and mobile applications for the three months ended March 31, 2012 compared to 17.3 million average monthly unique users for the three months ended March 31, 2011, representing year-over-year growth of 84%.

As of March 31, 2012, we had 377 full-time employees, compared to 329 full-time employees as of December 31, 2011.

Key Growth Drivers

To analyze our business performance, determine financial forecasts and help develop long-term strategic plans, we frequently review the following key growth drivers:

Unique Users

Measuring unique users is important to us because our marketplace revenue depends in part on our ability to enable our users to connect with real estate and mortgage professionals, and our display revenue depends in part on the number of impressions delivered. Furthermore, our community of users improves the quality of our living database of homes with their contributions. We count a unique user the first time an individual accesses one of our websites using a web browser during a calendar month, and the first time an individual accesses our mobile applications using a mobile device during a calendar month. If an individual accesses our websites using different web browsers within a given month, the first access by each such web browser is counted as a separate unique user. If an individual accesses more than one of our websites in a single month, the first access to each website is counted as a separate unique

Table of Contents

user since unique users are tracked separately for each domain. If an individual accesses our mobile applications using different mobile devices within a given month, the first instance of access by each such mobile device is counted as a separate unique user. Beginning in October 2011, we measure unique users with Google Analytics. Prior to October 2011, we measured monthly unique user metrics with Omniture analytical tools. We believe Google Analytics and Omniture result in materially consistent measurements of our monthly unique users.

	Average Monthly Unique Users for the Three Months Ended March 31, 2012		2011	2012 to 2011 % Change
	(in thousands)			
Unique Users	31,797	17,306		84%
Premier Agent Subscribers				

The number of Premier Agent subscribers is an important driver of revenue growth because each subscribing agent pays us a monthly fee to participate in the program. We define a Premier Agent subscriber as an agent with a paid subscription at the end of a period.

	At March 31,		2012 to 2011 % Change
	2012	2011	
Premier Agent Subscribers	18,616	10,710	74%

Basis of Presentation**Revenue**

We generate revenue from local real estate professionals, primarily on an individual subscription basis, and from mortgage professionals and brand advertisers. Our revenue includes marketplace revenue and display revenue.

Marketplace Revenue. Marketplace revenue consists of subscriptions sold to real estate agents under our Premier Agent program and CPC advertising related to our Zillow Mortgage Marketplace sold to mortgage lenders.

Our Premier Agent program allows local real estate agents to establish a persistent online and mobile presence on Zillow in the zip codes they serve. We present contact information for each Premier Agent alongside home profiles and home listings within the agent's zip code, assisting consumers in evaluating and selecting the real estate agent best suited for them. Pricing for our Premier Agent subscriptions varies by zip code and the tier level of participation, Platinum Premier, Silver Premier and Basic Premier. Subscription advertising revenue is recognized on a straight-line basis during the contractual period over which the advertising is delivered. Typical terms of our Premier Agent subscription contracts are six months. Growth in our subscription advertising product is based on our ability to continue to attract agent subscribers and drive consumer traffic to those agents on our websites and through our mobile applications.

In Zillow Mortgage Marketplace, participating qualified mortgage lenders make a prepayment to gain access to consumers interested in connecting with mortgage professionals. Consumers who request rates for mortgage loans in Zillow Mortgage Marketplace are presented with personalized lender quotes from participating lenders. We only charge mortgage lenders a fee when users click on their links for more information regarding a mortgage loan quote. Mortgage lenders who exhaust their initial prepayment can then prepay additional funds to continue to participate in the marketplace.

Display Revenue. Display revenue primarily consists of graphical web and mobile advertising sold on a CPM basis to advertisers primarily in the real estate industry, including real estate brokerages, home builders, mortgage lenders and home services providers. Our advertising customers also include telecommunications, automotive, insurance and consumer products companies. We recognize display revenue as impressions are delivered to users interacting with our websites or mobile applications. Growth in display revenue depends on continuing growth in traffic to our websites and mobile applications and migration of advertising spend online from traditional broadcast and print media.

Costs and Expenses

Edgar Filing: ZILLOW INC - Form 10-Q

Cost of Revenue. Our cost of revenue consists of expenses related to operating our websites and mobile applications, including associated headcount expenses, such as salaries and benefits and share-based compensation expense and bonuses. Cost of revenue also includes credit card fees, ad serving costs paid to third parties, revenue-sharing costs related to our commercial business relationships and facilities costs allocated on a headcount basis.

Sales and Marketing. Sales and marketing expenses consist of headcount expenses, including salaries, commissions, benefits, share-based compensation expense and bonuses for sales, sales support, customer support, marketing and public relations employees. Sales and marketing expenses also include other sales expenses related to promotional and marketing activities and facilities costs allocated on a headcount basis.

Table of Contents

Technology and Development. Technology and development expenses consist of headcount expenses, including salaries and benefits, share-based compensation expense and bonuses for salaried employees and contractors engaged in the design, development and testing of our websites, equipment and maintenance costs and facilities costs allocated on a headcount basis. Technology and development expenses also include amortization costs related to capitalized website and development activities, amortization of certain intangibles and other data agreement costs related to the purchase of data used to populate our websites and amortization of intangible assets recorded in connection with acquisitions.

General and Administrative. General and administrative expenses consist of headcount expenses, including salaries, benefits, share-based compensation expense and bonuses for executive, finance, accounting, legal, human resources, recruiting and administrative support. General and administrative expenses also include legal, accounting and other third-party professional service fees, bad debt expense and facilities costs allocated on a headcount basis.

Other Income

Other income consists primarily of interest income earned on our cash and cash equivalents and investments.

Income Taxes

We are subject to U.S. federal income taxes. As of March 31, 2012 and December 31, 2011, we did not have taxable income, and we are not projecting taxable income for the year ending December 31, 2012 and, therefore, no tax liability or expense has been recorded in the financial statements. We have provided a full valuation allowance against our net deferred tax assets as of March 31, 2012 and December 31, 2011, because there is significant uncertainty around our ability to realize the deferred tax assets in the future. We have accumulated tax losses of approximately \$68.6 million as of December 31, 2011, which are available to reduce current future taxable income.

Results of Operations

The following tables present our results of operations for the periods indicated and as a percentage of total revenue:

	Three Months Ended March 31,	
	2012	2011

Adjusted EBITDA

To provide investors with additional information regarding our financial results, we have disclosed Adjusted EBITDA within this Quarterly Report on Form 10-Q, a non-GAAP financial measure. We have provided a reconciliation below of Adjusted EBITDA to net income (loss), the most directly comparable GAAP financial measure.

We have included Adjusted EBITDA in this Quarterly Report on Form 10-Q because it is a key metric used by our management and board of directors to measure operating performance and trends and to prepare and approve our annual budget. In particular, the exclusion of certain expenses in calculating Adjusted EBITDA facilitates operating performance comparisons on a period-to-period basis.

Our use of Adjusted EBITDA has limitations as an analytical tool, and you should not consider it in isolation or as a substitute for analysis of our results as reported under GAAP. Some of these limitations are:

Adjusted EBITDA does not reflect our cash expenditures or future requirements for capital expenditures or contractual commitments;

Edgar Filing: ZILLOW INC - Form 10-Q

Adjusted EBITDA does not reflect changes in, or cash requirements for, our working capital needs;

Adjusted EBITDA does not consider the potentially dilutive impact of share-based compensation;

Although depreciation and amortization are non-cash charges, the assets being depreciated and amortized may have to be replaced in the future, and Adjusted EBITDA does not reflect cash capital expenditure requirements for such replacements or for new capital expenditure requirements; and

Other companies, including companies in our own industry, may calculate Adjusted EBITDA differently than we do, limiting its usefulness as a comparative measure.

Table of Contents

Because of these limitations, you should consider Adjusted EBITDA alongside other financial performance measures, including various cash flow metrics, net income (loss) and our other GAAP results.

The following table presents a reconciliation of Adjusted EBITDA to net income (loss) for each of the periods presented.

	Three Months Ended March 31,	
	2012	2011
(in thousands, unaudited)		
Reconciliation of Adjusted EBITDA to Net Income (Loss):		
Net income (loss)	\$ 1,724	\$ (826)
Other income	(31)	(39)
Depreciation and amortization expense	2,336	1,526
Share-based compensation expense	1,418	390
Adjusted EBITDA	\$ 5,447	\$ 1,051

Three Months Ended March 31, 2012 Compared to Three Months Ended March 31, 2011**Revenue**

	Three Months Ended March 31,		2011 to 2012 % Change
	2012	2011	
(in thousands, unaudited)			
Revenue:			
Marketplace revenue	\$ 16,593	\$ 6,881	141%
Display revenue	6,240	4,379	42%
Total	\$ 22,833	\$ 11,260	103%

	Three Months Ended March 31,	
	2012	2011
Percentage of Revenue:		
Marketplace revenue	73%	61%
Display revenue	27%	39%
Total	100%	100%

Overall revenue grew by \$11.6 million, or 103%, for the three months ended March 31, 2012 compared to the three months ended March 31, 2011. Marketplace revenue grew by 141%, and display revenue grew by 42%.

Marketplace revenue was \$16.6 million for the three months ended March 31, 2012 compared to \$6.9 million for the three months ended March 31, 2011, an increase of \$9.7 million. Marketplace revenue represented 73% of total revenue for the three months ended March 31, 2012 compared to 61% of total revenue for the three months ended March 31, 2011. The increase in marketplace revenue was primarily attributable to growth in the number of subscribers in our Premier Agent program to 18,616 as of March 31, 2012 from 10,710 as of March 31, 2011, an increase of 74%, as well as an increase in the average subscription price for new Premier Agents and for existing Premier Agents who renewed their subscriptions for additional six-month terms. We believe the increase in Premier Agent subscribers and the increase in the average price in our Premier Agent program was driven by our further development of our marketplace program with the support of our sales team and the

Edgar Filing: ZILLOW INC - Form 10-Q

overall growth in the number of unique users of our websites and mobile applications.

Display revenue was \$6.2 million for the three months ended March 31, 2012 compared to \$4.4 million for the three months ended March 31, 2011, an increase of \$1.9 million. Display revenue represented 27% of total revenue for the three months ended March 31, 2012 compared to 39% of total revenue for the three months ended March 31, 2011. The increase in display revenue was primarily the result of an increase in unique users to our websites and mobile applications which increased to 31.8 million average monthly unique users for the three months ended March 31, 2012 from 17.3 million average monthly unique users for the three months ended March 31, 2011, an increase of 84%. The growth in unique users increased the number of graphical display impressions available for sale and advertiser demand for graphical display inventory. This resulted in increased advertising spend by larger businesses and industry-endemic advertisers such as real estate brokers, builders and lending institutions.

Table of Contents**Cost of Revenue**

	Three Months Ended March 31,		2011 to 2012
	2012	2011	% Change
	(in thousands, unaudited)		
Cost of revenue	\$ 3,350	\$ 1,817	84%

Cost of revenue was \$3.4 million for the three months ended March 31, 2012 compared to \$1.8 million for the three months ended March 31, 2011, an increase of \$1.5 million, or 84%. The increase in cost of revenue was primarily attributable to revenue sharing costs related to our strategic relationship with Yahoo! Real Estate, which launched in February 2011, as well as a \$0.3 million increase in headcount related expenses, including share-based compensation, driven by growth in headcount, and a \$0.2 million increase in credit card and ad serving fees. We expect our cost of revenue to increase in future years as we continue to incur more expenses that are associated with growth in revenue.

Sales and Marketing

	Three Months Ended March 31,		2011 to 2012
	2012	2011	% Change
	(in thousands, unaudited)		
Sales and marketing	\$ 8,315	\$ 5,484	52%

Sales and marketing expenses were \$8.3 million for the three months ended March 31, 2012 compared to \$5.5 million for the three months ended March 31, 2011, an increase of \$2.8 million, or 52%. The increase was primarily a result of growth in headcount related expenses, including share-based compensation, of \$1.3 million driven by increases in the size of our sales team to promote our marketplace business, as well as a \$1.3 million increase in marketing and advertising expenses, including tradeshows and related travel costs. The remaining increase of \$0.2 million was primarily the result of additional consulting costs. We expect our sales and marketing expenses to increase in future years as we continue to invest more resources in growing our sales team and in marketing and advertising. Although these expenses may increase as a percentage of revenue in the near term, we expect these expenses will decrease as a percentage of revenue in the long term.

Technology and Development

	Three Months Ended March 31,		2011 to 2012
	2012	2011	% Change
	(in thousands, unaudited)		
Technology and development	\$ 5,030	\$ 2,996	68%

Technology and development expenses, which include research and development costs, were \$5.0 million for the three months ended March 31, 2012 compared to \$3.0 million for the three months ended March 31, 2011, an increase of \$2.0 million, or 68%. Approximately \$1.0 million of the increase was related to growth in headcount related expenses, including share-based compensation, and approximately \$0.8 million of the increase was the result of amortization of intangible assets, including website development costs, purchased content and acquired intangible assets. The remaining increase of \$0.2 million was primarily the result of additional consulting costs.

Amortization expense included in technology and development for capitalized website development costs was \$1.3 million and \$1.0 million, respectively, for the three months ended March 31, 2012 and 2011. Amortization expense included in technology and development for purchased data content intangible assets was \$0.5 million and \$0.3 million, respectively, for the three months ended March 31, 2012 and 2011. Other data content expense was \$0.1 million and \$0.2 million, respectively, for the three months ended March 31, 2012 and 2011. Amortization expense included in technology and development related to intangible assets recorded in connection with acquisitions was \$0.2 million and \$29 thousand, respectively, for the three months ended March 31, 2012 and 2011. While we expect our technology and development expenses to increase over time as we continue to build new website and mobile functionality, we expect these expenses will decrease as a percentage of revenue.

Table of Contents**General and Administrative**

	Three Months Ended		
	March 31,		2011 to 2012
	2012	2011	% Change
	(in thousands, unaudited)		
General and administrative	\$ 4,445	\$ 1,828	143%

General and administrative expenses were \$4.4 million for the three months ended March 31, 2012 compared to \$1.8 million for the three months ended March 31, 2011, an increase of \$2.6 million, or 143%. The increase in general and administrative expenses was a result of an increase of \$1.3 million in headcount related expenses, including share-based compensation, driven primarily by growth in headcount, a \$0.5 million increase in building related expenses including rent, utilities and insurance at our new corporate headquarters in Seattle, and a \$0.6 million fluctuation in state and local taxes which was primarily the result of a \$0.3 million tax credit received in 2011 relating to a refund of certain state and local taxes from 2006 to 2009, which caused there to be less state and local tax expense during the three months ended March 31, 2011. The remaining \$0.2 million increase was the result of various other miscellaneous expenses. Although these expenses may increase as a percentage of revenue in the near term, we expect these expenses will decrease as a percentage of revenue in the long term.

Liquidity and Capital Resources

Prior to our initial public offering during July 2011, we funded our operations primarily from the issuance of common and preferred stock. Through 2007, we raised approximately \$81.0 million through various offerings of our convertible preferred stock and approximately \$5.9 million from the sale of our common stock.

On July 25, 2011, we sold and issued 3,981,300 shares of our Class A common stock, including 519,300 shares of Class A common stock pursuant to the underwriters' option to purchase additional shares, at a public offering price of \$20.00 per share, and we sold and issued 274,999 shares of our Class A common stock at a price of \$20.00 per share in a concurrent private placement. As a result of the offerings, we received net proceeds of approximately \$76.3 million, after deducting underwriting discounts and commissions of approximately \$5.6 million and additional offering-related expenses of \$3.3 million, for total expenses of \$8.9 million. The net offering proceeds have been invested into money market funds, certificates of deposit and U.S. treasury securities.

As of March 31, 2012 and December 31, 2011, we had cash and cash equivalents and short-term and long-term investments of \$98.3 million and \$92.1 million, respectively. Cash and cash equivalents balances consist of operating cash on deposit with financial institutions and money market funds. Short-term and long-term investments as of March 31, 2012 and December 31, 2011 consisted of U.S. government agency securities. Amounts on deposit with third-party financial institutions exceed the applicable Federal Deposit Insurance Corporation and the Securities Investor Protection Corporation insurance limits, as applicable. We believe that cash from operations and cash and cash equivalents and short-term and long-term investment balances will be sufficient to meet our ongoing operating activities, working capital, capital expenditures and other capital requirements for at least the next 12 months.

During March 2011, we entered into a loan and security agreement with a financial institution to establish a line of credit of \$4.0 million, secured by substantially all our assets other than our intellectual property, to be used for general business purposes. The line of credit contains financial and non-financial covenants. As of March 31, 2012, we were in compliance with all covenants. The line of credit is available through March 2013. During March 2011, we executed a standby letter of credit of \$1.5 million in connection with the lease of our new Seattle offices and reserved this amount against the line of credit, which reduces the available line to \$2.5 million. As of March 31, 2012, there were no other amounts outstanding under the line of credit.

In April 2012, we amended our loan and security agreement to increase our line of credit from \$4.0 million to \$25.0 million. The line of credit is secured by substantially all our assets, including our intellectual property, and provides us with greater flexibility for future potential financing needs. The revolving line of credit contains customary financial covenants, including the maintenance of a minimum adjusted quick ratio, measured on a monthly basis, of 1.50 to 1.00, and minimum Adjusted EBITDA, measured on a quarterly basis, of greater than or equal to negative \$5.0 million for each quarterly period through December 31, 2012 and greater than or equal to \$0 for each quarterly period thereafter. In addition, the revolving line of credit contains restrictions on our ability to, among other things, engage in certain mergers and acquisition transactions and create liens on assets. The line of credit is available through April 2016.

In May 2012, Zillow, RentJuice Corporation, a Delaware corporation (RentJuice), Renegade Acquisition, Inc., a Delaware corporation and wholly owned subsidiary of Zillow (Merger Sub), and Shareholder Representative Services LLC, acting as the stockholder representative, entered into an Agreement and Plan of Merger (the Merger Agreement) providing for the acquisition of RentJuice by Zillow. Under the terms

Edgar Filing: ZILLOW INC - Form 10-Q

and subject to the conditions of the Merger Agreement, Merger Sub will merge with and into RentJuice, with RentJuice remaining as the surviving company and a wholly owned subsidiary of Zillow (the Merger). The total Merger consideration payable to RentJuice equity holders is approximately \$40 million in cash, less certain transaction expenses and

Table of Contents

other costs. All vested options to purchase shares of RentJuice's common stock will be cancelled and, in settlement of such cancellation, the holders of such options will receive cash payments representing a portion of the Merger consideration. A portion of the Merger consideration will be attributed to the substitution of unvested stock options of RentJuice outstanding as of the closing for stock options to purchase shares of our Class A common stock at an exchange ratio implied by the Merger consideration. The Merger is expected to close in the second quarter of 2012. Pursuant to the terms of the Merger Agreement, we have agreed to adopt a retention bonus plan after the closing pursuant to which restricted stock units for 280,978 shares of our Class A common stock will be granted to employees of RentJuice who accept employment with Zillow in proportion to each employee's total equity holdings in RentJuice prior to the closing of the Merger. Twenty-five percent of each restricted stock unit award will vest on the one-year anniversary of the closing of the Merger and the remainder will vest in substantially equal installments each three-month period thereafter for the next three years, subject to the recipient's continued full-time employment or service to Zillow.

The following table presents selected cash flow data for the three months ended March 31, 2012 and 2011:

	Three Months Ended March 31,	
	2012	2011
	(in thousands, unaudited)	
Cash Flow Data:		
Cash flows provided by operating activities	\$ 6,498	\$ 3,484
Cash flows used in investing activities	(3,029)	(5,364)
Cash flows provided by financing activities	2,905	657
<i>Cash Flows Provided By Operating Activities</i>		

For the three months ended March 31, 2012, net cash provided by operating activities was \$6.5 million. This was driven by net income of \$1.7 million, adjusted by depreciation and amortization expense and share-based compensation expense of \$2.3 million and \$1.4 million, respectively, and an increase in the balance of deferred rent of \$0.4 million. Changes in operating assets and liabilities increased cash provided by operating activities by \$0.2 million.

For the three months ended March 31, 2011, net cash provided by operating activities was \$3.5 million. This was driven by a net loss of \$0.8 million, adjusted by depreciation and amortization expense and share-based compensation expense of \$1.5 million and \$0.4 million, respectively. Changes in operating assets and liabilities increased cash provided by operating activities by \$2.4 million.

Cash Flows Used In Investing Activities

Our primary investing activities include the purchase and maturity of investments and the purchase of property and equipment and intangible assets.

For the three months ended March 31, 2012, we used \$3.0 million of net cash in investing activities, which was a result of \$3.0 million for the purchase of property and equipment and intangible assets.

For the three months ended March 31, 2011, we used \$5.4 million of net cash in investing activities. This was the result of \$3.0 million of net purchases of investments, \$1.4 million for the purchase of property and equipment and intangible assets and \$1.0 million paid in connection with our March 2011 acquisition of the operating assets of Postlets LLC.

Cash Flows Provided By Financing Activities

For the three months ended March 31, 2012 and 2011, our financing activities have resulted entirely from the exercise of employee non-qualified stock options. The proceeds from the issuance of Class A common stock from the exercise of stock options for the three months ended March 31, 2012 and 2011 was \$2.9 million and \$0.7 million, respectively.

Off-Balance Sheet Arrangements

We did not have any off-balance sheet arrangements as of March 31, 2012.

Table of Contents**Contractual Obligations**

The following table provides a summary of our contractual obligations as of March 31, 2012:

	Total	Payment Due By Period			More Than 5 Years
		Less Than 1 Year	1-3 Years (in thousands)	3-5 Years	
Operating lease obligations	\$ 21,381	\$ 2,087	\$ 3,709	\$ 3,696	\$ 11,889
Purchase obligations	8,544	2,455	3,776	2,313	
Total	\$ 29,925	\$ 4,542	\$ 7,485	\$ 6,009	\$ 11,889

We have various operating leases for office space and equipment. We have entered into an operating lease for our current headquarters in Seattle, Washington under which we will be obligated to make payments beginning in December 2012 through November 2022. Our prior headquarters in Seattle, Washington is under an operating lease expiring in February 2013. We also have purchase obligations for content related to our websites. We do not have any debt or capital lease obligations. The contractual commitment amounts in the table above are associated with agreements that are enforceable and legally binding. Obligations under contracts that we can cancel without a significant penalty are not included in the table above.

Critical Accounting Policies and Estimates

Our financial statements are prepared in accordance with U.S. generally accepted accounting principles, or GAAP. The preparation of these financial statements requires us to make estimates and assumptions that affect the reported amounts of assets, liabilities, revenue, expenses and related disclosures. We evaluate our estimates and assumptions on an ongoing basis. Our estimates are based on historical experience and various other assumptions that we believe to be reasonable under the circumstances. Our actual results could differ from these estimates. For information on our critical accounting policies and estimates, see Part II, Item 7 (Management's Discussion and Analysis of Financial Condition and Results of Operations) of our Annual Report on Form 10-K for the year ended December 31, 2011. There have been no material changes to our critical accounting policies and estimates as previously disclosed in our Annual Report on Form 10-K for the year ended December 31, 2011.

Table of Contents

Item 3. Quantitative and Qualitative Disclosures About Market Risk

We are exposed to market risks in the ordinary course of our business. These risks primarily consist of fluctuations in interest rates.

We do not have any long-term borrowings as of March 31, 2012 or December 31, 2011.

Under our current investment policy, we invest our excess cash in money market funds, FDIC-insured certificates of deposit and U.S. Treasury securities. Our current investment policy seeks first to preserve principal, second to provide liquidity for our operating and capital needs and third to maximize yield without putting our principal at risk.

Our investments are exposed to market risk due to the fluctuation of prevailing interest rates that may reduce the yield on our investments or their fair value. As our investment portfolio is primarily short-term in nature, we do not believe an immediate 10% increase in interest rates would have a material effect on the fair market value of our portfolio, and therefore we do not expect our results of operations or cash flows to be materially affected by a sudden change in market interest rates.

Table of Contents

Item 4. Controls and Procedures

Evaluation of Disclosure Controls and Procedures

The Company maintains disclosure controls and procedures (as defined under Rules 13a-15(e) and 15d-15(e) of the Securities Exchange Act of 1934, as amended). Management, under the supervision and with the participation of our Chief Executive Officer and our Chief Financial Officer, evaluated the effectiveness of the Company's disclosure controls and procedures pursuant to Exchange Act Rule 13a-15(b) as of March 31, 2012. Based on that evaluation, the Chief Executive Officer and the Chief Financial Officer concluded that these disclosure controls and procedures were effective as of March 31, 2012.

Changes in Internal Control Over Financial Reporting

There were no changes in our internal control over financial reporting during the quarter ended March 31, 2012 that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

Table of Contents

PART II OTHER INFORMATION

Item 1. Legal Proceedings

There have been no material developments in legal proceedings during the quarter ended March 31, 2012. For a description of previously reported legal proceedings, refer to Part I, Item 3 (Legal Proceedings) of our Annual Report on Form 10-K for the year ended December 31, 2011.

From time to time, we are involved in litigation and claims that arise in the ordinary course of business and although we cannot be certain of the outcome of any such litigation or claims, nor the amount of damages and exposure that we could incur, we currently believe that the final disposition of such matters will not have a material effect on our business, financial position, results of operations or cash flow. This forward-looking statement is based on management's current understanding of the relevant law and facts; and it is subject to various contingencies, including the potential costs and risks associated with litigation and the actions of judges and juries. Regardless of the outcome, litigation can have an adverse impact on us because of defense and settlement costs, diversion of management resources and other factors.

Table of Contents

Item 1A. Risk Factors

There have not been any material changes to the risk factors affecting our business, financial condition or future results from those set forth in Part I, Item 1A (Risk Factors) in our Annual Report on Form 10-K for the year ended December 31, 2011. However, you should carefully consider the factors discussed in such section of our Annual Report on Form 10-K, which could materially affect our business, financial condition or future results. Additional risks and uncertainties not currently known to us or that we currently deem to be immaterial also may materially adversely affect our business, financial condition and/or operating results.

Table of Contents

Item 2. Unregistered Sales of Equity Securities and Use of Proceeds

There were no unregistered sales of equity securities during the three months ended March 31, 2012.

On July 25, 2011, we sold and issued 3,981,300 shares of our Class A common stock, including 519,300 shares of Class A common stock pursuant to the underwriters' option to purchase additional shares, at a public offering price of \$20.00 per share. The aggregate gross proceeds for all shares sold by us in the IPO were \$79,626,000. The offer and sale of all of the shares in the IPO were registered under the Securities Act pursuant to a registration statement on Form S-1 (File No. 333-173570), which was declared effective by the SEC on July 19, 2011, and a prospectus filed pursuant to Rule 424(b) of the Securities Act. There has been no material change in the planned use of proceeds from our initial public offering as described in our final prospectus filed with the SEC pursuant to Rule 424(b).

Table of Contents**Item 6. Exhibits**

The exhibits listed below are filed as part of this Quarterly Report on Form 10-Q.

Exhibit Number	Description
10.1*	Amendment No. 1 to the Listings and Sales Agreement by and among Yahoo! Inc., Yahoo! Realty Inc. and Zillow, Inc., dated August 30, 2011.
