Item 5.02 Departure of Directors or Certain Officers; Election of Directors; Appointment of Certain Officers; Compensatory Arrangements of Certain Officers

On September 17, 2012, Sparton Corporation (the Corporation) entered into amendments with certain named executive officers regarding changes to severance benefits and payments upon termination due to a Change in Control.

Effective September 17, 2012, the Corporation entered into the First Amendment to Employment Agreement with Greg Slome (the Slome Amendment) and the First Amendment to Executive Employment Agreement (the Other Executive Amendments and, together with the Slome Amendment, the Amendments) with each of Steve Korwin, Michael Osborne and Gordon Madlock (with Greg Slome, each, an Employee). The Amendments provide for the following changes in each Employee is severance benefits. If the Employee is employment is involuntarily terminated for any reason other than cause, death, or disability, the Corporation shall provide the Employee with a severance payment equivalent to nine (9) months of current base salary. If, however, the Employee is involuntarily terminated within twelve (12) months of a Change in Control, the severance payment shall be equivalent to twelve (12) months of current base salary. The Corporation would also provide a payment of nine (9) months of COBRA premiums or, in the event of an involuntary termination within twelve (12) months of a Change in Control only, twelve (12) months of COBRA premiums for medical insurance for the Employee and/or his dependents if, and only if, the Employee timely elects coverage for COBRA continuation. The Amendments also provide for severance payments of outplacement services in an amount not to exceed twenty-five thousand dollars (\$25,000.00) per Employee. Each Employee agrees that in order to receive the severance payments, the Employee must execute a separation agreement and general waiver and release in a form satisfactory to the Corporation and he must return to the Corporation any property belonging to the Corporation which is in the Employee is possession or under his control.

As used in the Amendments, Change in Control means, (i) any one person, or more than one person acting as a group, acquires ownership of stock of the Corporation that, together with stock held by such person or group, constitutes more than fifty percent (50%) of the total fair market value or total voting power of the stock of the Corporation; (ii) any one person, or more than one person acting as a group, acquires (or has acquired during any twelve (12) month period) ownership of stock of the Corporation possessing thirty percent (30%) or more of the total voting power of the stock of the Corporation; (iii) a majority of the members of the Board of Directors is replaced during any twelve (12) month period by directors whose appointment is not endorsed by a majority of the members of the Board of Directors before the date of appointment or election; or (iv) any one person, or more than one person acting as a group, acquires (or has acquired during any twelve (12) month period) assets from the Corporation that have a total gross fair market value equal to or more than forty percent (40%) of the total gross fair market value of all of the assets of the Corporation immediately before such acquisition or acquisitions.

In addition, the Slome Amendment changes the term of Mr. Slome s non-competition from a period of twelve (12) months to a period of eighteen (18) months, and the Other Executive Amendments change the terms of Mr. Korwin s, Mr. Osborne s and Mr. Madlock s non-competition from a period of twenty-four (24) months to a period of eighteen (18) months. The Other Executive Amendments also add provisions for non-solicitation of customers for each of Mr. Korwin, Mr. Osborne and Mr. Madlock and a similar provision was already included in Mr. Slome s Employment Agreement.

The description of the Amendments herein is qualified in its entirety by the terms of the Amendments filed as Exhibits 10.1 to this Current Report on Form 8-K.

Notes to the Interim Consolidated Financial Statements as of March 31, 2010

Note 7 - Inventories

The composition of inventories at each period-end is as follows:

Class of inventory	3/31/2010 ThUS\$	12/31/2009 ThUS\$	01/01/2009 ThUS\$
Raw materials	6,200	6,491	11,144
Supplies for production	15,191	15,617	19,275
Products-in-progress	291,389	287,712	189,555
Finished products	320,729	320,943	320,903
Total	633,509	630,763	540,877

Inventory provisions recognized as of March 31, 2010 amount to ThUS\$66,715 as of December 31, 2009 amounted to ThUS\$65,298, and as of January 1, 2009 amounted to ThUS\$43,686. Provisions have been made based on a technical study which covers the different variables which affect products in stock (density, humidity, among others.) Additionally, provisions have been recognized for goodwill in the sale of products and inventory difference.

The detail of these provisions is as follows:

Class of inventory	3/31/2010 ThUS\$	12/31/2009 ThUS\$	01/01/2009 ThUS\$
Supplies for production	2,297	1,580	1,900
Products-in-progress	48,981	41,952	28,100
Finished products	15,437	22,396	13,686
Total	66,715	65,928	43,686

The Company has not delivered inventories as collateral.

Notes to the Interim Consolidated Financial Statements as of March 31, 2010

Note 8 - Information to be disclosed on related companies

8.1 Information to be disclosed on related companies

Balances pending at year-end are not guaranteed, accrue no interest and are settled in cash. No guarantees have been delivered or received for accounts receivable from or payable to related parties. For the period ended March 31, 2010, the Group has not recorded any impairment in accounts receivable related to amounts owed by related parties. This evaluation is conducted every year through an examination of the financial position of the related party in the market in which it operates.

8.2 Relationships between the controlling interest and the entity

According to that provided in the by-laws of SQM S.A., no shareholder can concentrate more than 32% of the Company's voting right capital.

Sociedad de Inversiones Pampa Calichera S.A. and Global Mining Investments (Chile) S.A. and collectively, the Pampa Group, are the owners of a number of shares which is equivalent to 32% of the current total amount of shares issued, subscribed and paid of SQM S.A. In addition, Kowa Company Ltd., Inversiones La Esperanza (Chile) Limitada, Kochi S.A. and La Esperanza Delaware Corporation, collectively Kowa Group, are the owners of a number of shares equivalent to 2.07% of the total amount of shares issued, subscribed and paid of SQM S.A.

The Pampa Group and the Kowa Group have informed SQM S.A., the Chilean SVS and the pertinent stock exchanges in Chile and abroad that they are not and have never been related parties between them. In addition, this is regardless of the fact that both Groups on December 21, 2006 have subscribed a joint venture agreement with respect to those shares. Consequently, the Pampa Group, by itself, does not concentrate more than 32% of voting right capital of SQMS.A. and the Kowa Group does not concentrate by itself more than 32% of voting right capital of SQM S.A.

Likewise, the joint venture agreement has not transformed the Pampa Group and the Kowa Group in related companies between them. The joint venture agreement has only transformed the current controller of SQM S.A. composed of the Pampa Group and the Kowa Group into related parties of SQM S.A.

2009

2.3

During 2009, the Company has paid to its directors an annual amount of UF 300 to the Chairman and UF 50 to each of the seven remaining board members regardless of attendance to Board meetings 0r the number of meetings to which they attended.

Director's remuneration and Committee

In addition, the directors have received variable remuneration consistent in 0.05 of net revenue of 2008 for the Chairman and 0.05 of net income for 2008 divided in equal parts for each of the seven remaining board members. Therefore, remuneration and profit share paid to the members of the Directors' Committee and the directors during 2009 amount to ThUS\$6,507.

SQM Los Militares 4290, Las Condes, Santiago, Chile Tel: (56 2) 425 2000 www.sqm.com

Notes to the Interim Consolidated Financial Statements as of March 31, 2010

Note 8 - Information to be disclosed on related companies, continued

In April 2009, the shareholders at the General Ordinary Shareholders' Meeting of SQM S.A. agreed to change the percentages of variable benefit for 2009; i.e., to 0.35% of net income for 2009 for the Chairman and 0.04% of net revenue for 2009 to each of the remaining seven directors.

- 3) No guarantees have been constituted in favor of directors
- 4) Senior Management remuneration

As of March 31, 2010, the overall remuneration paid to the 108 main executives amounts to ThUS\$ 8,912. (ThUS\$25,559 as of December 31, 2009) This includes monthly fixed remuneration, variable performance bonuses, corporate results over results obtained in the prior year and long-term compensation.

The Company's executives perform their duties in the different areas and their jobs positions are: General Manager, Vice-President of Commerce, Finance and Development, Vice-President of Legal Affairs, Vice-President of Sustainable Development, Vice-President of Human Resources and Corporate Affairs and Vice-President of Operations (Nueva Victoria, Saltpeter Deposit - Iodine and Saltpeter Deposit - Lithium.)

5) Incentive plans for the main executives and managers

SQM S.A. for its executives has defined annual bonus plans related to goal achievement and level of individual contribution to the Company's income. These incentives are structured in a minimum and maximum of gross remuneration which are paid once a year or every two years.

Additionally, the Company has retention bonuses for the Company's executives. The amount of these bonuses is linked to the price of the Company's share and is payable in cash between 2010 and 2011.

- 6) No guarantees have been constituted in favor of the Company's management
- 7) The Company's Managers and Directors do not receive or have not received any benefit during the first quarter ended as of March 31, 2010 or retribution for the concept of pensions, life insurance, paid time off, profit sharing, incentives, benefits due to disability other than those mentioned in the preceding numbers.
- 8) In accordance with IAS No. 24 paragraph 9, letter f) we must inform that our Director Wolf Von Appen B. is a part of the Ultramar Group. As of March 31, 2010, the amount of operations with this Group is approximately ThUS\$151.

Balances in the column, Effects on income consider the annual affects of contracts which were in force as of March 31, 2010, December 31, 2009, March 31, 2009 and January 1, 2009.

SQM Los Militares 4290, Las Condes, Santiago, Chile Tel: (56 2) 425 2000 www.sqm.com

Notes to the Interim Consolidated Financial Statements as of March 31, 2010

Note 9 - Financial Instruments, continued

The Company uses cross currency swap derivative instruments to hedge the possible financial risk associated with the volatility of the exchange rate associated with Chilean pesos and UF. The objective is hedging the exchange rate financial risks associated with bonds payable. Hedging is documented and tested to measure its effectiveness.

Based on a comparison of critical terms, hedging is highly effective given that the hedged amount is consistent with obligations maintained for bonds denominated in Chilean pesos and UF. Likewise, hedging contracts are denominated in the same currencies and have the same expiration dates of bond principal payments.

9.4 Financial liabilities

The detail as of March 31, 2010, as of December 31, 2009 and as of January 1, 2009, is as follows:

Note 10 - Investments and Information to be Disclosed on Investments in Subsidiaries

10.1 Information to be disclosed on investments in subsidiaries

a) Operations executed in 2010

On February 2, 2010, the subsidiary SQM Beijing Comercial", was formed, to which Soquimich Comercial S.A. contributed capital of ThUS\$100 obtaining 100% participation in the capital of that entity.

b) Operations executed in 2009

On July 14, 2009, the subsidiary Comercial Agrorama Callegari Limitada was formed, to which Soquimich Comercial S.A. contributed capital of ThUS\$1,021 obtaining 70% participation in the capital of that entity

On October 9, 2009, the subsidiary Soquimich European Holdings formed a joint venture with Coromandel Fertilizers Limited called Coromandel SQM; each party contributed capital of ThUS\$2,200 for a 50% share

On March 18, 2009, a shareholder agreement was signed to form Sichuan SQM-Migao Chemical Fertilizer Co. Ltda. and the process for the registration and obtaining licenses ended on September 1, 2009.

SQM Industrial S.A. made its first capital contribution of ThUS\$3,000 on November 6, 2009 from a total committed of ThUS\$10,000 that each party will contribute. These additional contributions will be made during 2010.

On December 17, 2009, Soquimich European Holdings B.V. acquired 51% of SQM Agro India Private Ltda. for ThUS\$50. With this acquisition, it now holds 100% of this entity. The Company conducted the valuation considering the carrying value of equity of SQM Agro India Private Ltda., which does not significantly differ from its fair value determined at that date.

On December 29, 2009, a joint venture agreement was signed with the Roullier Group for the company SQM Dubai-Fzco., decreasing our share from 100% to 50%. On the same date, the company changed its name to SQM Vitas.

We recorded a gain from that transaction of ThUS\$3,019, which is presented in Other non-operating income (loss).

The Parent Company controls all the subsidiaries in which it has more than 50% direct or indirect voting rights.

Note 12- Policy and Information to be Disclosed on Participations in Joint Ventures

12.1 Policy for the recognition of joint ventures in financial statements separate from a controlling entity

The method for the recognition of joint ventures in which participation initially is recorded at cost and subsequently adjusted considering changes after the acquisition in the portion of the entity's net assets of the entity which correspond to the investor. Net income for the period of the investor will collect the portion which belongs to it in the results of the controlled entity as a whole.

12.2 Information to be disclosed on participation in joint venturesa) Operations conducted in 2010

On March 4, 2010, SQM Industrial signed an agreement with Qingdao Star Plant Proteccion Technology Co., Ltd., through which the companies formed a joint venture SQM Qingdao-Star Co, Ltd. Each party contributed capital amounting of ThUS\$2,000 for share of 50%.

b) Operations conducted in 2009

On October 9, 2009, the subsidiary Soquimich European Holdings formed a joint venture with Coromandel Fertilizers Limited called Coromandel SQM; each party contributed capital of ThUS\$2,200 for share of 50%.

SQM Los Militares 4290, Las Condes, Santiago, Chile Tel: (56 2) 425 2000 www.sqm.com

Notes to the Interim Consolidated Financial Statements as of March 31, 2010

Note 12 - Policy and Information to be Disclosed on Participations in Joint Ventures, continued

On March 18, 2009, a shareholder agreement was signed to form Sichuan SQM-Migao Chemical Fertilizer Co. Ltda. and the process for the registration and obtaining licenses ended on September 1, 2009.

SQM Industrial S.A. made its first capital contribution of ThUS\$3,000 on November 6, 2009 from a total committed of ThUS\$10,000 that each party will contribute. These additional contributions will be made during 2010.

On December 29, 2009, a joint venture agreement was signed with the Roullier Group for the company SQM Dubai-Fzco., decreasing our share from 100% to 50%. On the same date, the company changed its name to SQM Vitas.

We recorded a gain from that transaction of ThUS\$3,019, which is presented in Other non-operating income.

Notes to the Interim Consolidated Financial Statements as of March 31, 2010

Note 13 - Intangible assets and Goodwill, continue

a) Estimated useful lives or amortization rates used for finite identifiable intangible assets

Finite useful life, measures the lifetime or the number of productive units or other similar which constitute its useful life.

The estimated useful life for software is 3 years for other finite useful life assets, the period in which they are amortized relate to periods defined by contracts or rights which generate them.

Indefinite useful life intangible assets mainly relate to water rights and rights of way, which were obtained as indefinite.

b) Method used to express the amortization of identifiable intangible assets (life or rate)

The method used to express the amortization is useful life.

Estimated useful lives or amortization rate

c) Minimum and maximum amortization lives or rates of intangible assets:

Water rights	Indefinite	Indefinite
Rights of way	1 year	20 years
Industrial patents	1 year	16 years
Trademarks	1 year	5 years
IT programs	2 years	3 years

Minimum life or rate Maximum life or rate

d) Information to be disclosed on assets generated internally

The Company has no intangible assets generated internally.

Notes to the Interim Consolidated Financial Statements as of March 31, 2010

Note 14 - Property, Plant and Equipment, continued

14.3 Detail of property, plant and equipment collateralized as guarantee

There are no restrictions in title or guarantees for the compliance with obligations which affect property, plant and equipment.

14.3 Additional Information

1) Assets recognized at fair value

As part of the process for the first-time adoption of IFRS, the Company opted to measure certain assets at fair value as attributed cost at the transition date of January 1, 2009. These amounts were determined by an external specialist. The revaluation of assets implied an adjustment against retained earnings as of January 1, 2009 of ThUS\$52,755. The adjusted balance of property, plant and equipment assets is detailed as follows:

	3/31/2010 ThUS\$	12/31/209 ThUS\$	01/01/2009 ThUS\$
Land	1,332	1,332	1,332

Tel: (56 2) 425 2000 www.sqm.com

Notes to the Interim Consolidated Financial Statements as of March 31, 2010

Note 14 - Property, Plant and Equipment, continued

3) Interest capitalized in construction-in-progress

The amount capitalized for this concept amounted to ThUS\$ 5,756 as of March 31, 2010 (ThUS\$3,132 as of March 31, 2009) and ThUS\$ 19,231 as of December 31, 2009

Financing costs are not capitalized for periods which exceed the normal term of acquisition, construction or installation of the asset, such as the case of delays, interruptions or temporary suspension of the project due to technical, financial or other issues, which prevent that the asset is maintained in good conditions for its use.

SQM Los Militares 4290, Las Condes, Santiago, Chile Tel: (56 2) 425 2000 www.sqm.com

Notes to the Interim Consolidated Financial Statements as of March 31, 2010

Note 15 - Leases

15.1 Information to be disclosed on financial lease, lessee

The asset acquired under the financial lease agreement method relates to a contract which SQM S.A. has with Inversiones La Esperanza S.A. which began in June 1992 and ends on June 31, 2011. The agreement entered indicates 230 installments with a sum of UF 663.75 each with an annual interest rate of 8.5%.

The Company maintains financial lease arrangements as lessee for which there are no contingent installments or restrictions which should be reported.

The net amount as of December 31, 2009 and January 1, 2009 is ThUS\$1,405 and ThUS\$1,436, respectively, The net amount in book value as of March 31, 2010 amounted to ThUS\$1,397 and as of December 31, 2009 and January 1, 2009 amounted to ThUS\$ 1,405 and ThUS\$ 1,436, respectively.

16.2

Defined benefit plan policy

This policy is applied to all benefits received for services provided by the Company's employees.

Short-term benefits for active employees are represented by salaries, social welfare benefits, paid time-off, sickness leaves and other leaves, profit sharing and incentives and non-monetary benefits; e.g., healthcare service, housing, subsidized or free goods or services. These will be paid in a term which does not exceed twelve months.

Staff severance indemnities

The Company only provides compensation and benefits to active employees.

For each incentive bonus delivered to the Company's employees, there will be a disbursement in the first quarter of the following year and this will be calculated based on net income at the end of each period applying a factor obtained subsequent to the employee appraisal process.

The bonus provided to the Company's directors is calculated based on net income at each year-end and will consider the application of a percentage factor.

The benefit relates to vacations (short-term benefits to employees), which is provided in the Labor Code which indicates that employees with more than a year of service will be entitled to annual holidays for a period not lower than fifteen paid business days. The Company provides the benefit of two additional vacation days.

Notes to the Interim Consolidated Financial Statements as of March 31, 2010

Note 16 Accrued Liabilities and Employee Benefits, continued

Staff severance indemnities are agreed and payable based on the last salary for each year of service for the Company or with certain maximum limits in respect to the number of years to be considered or in respect to monetary terms. In general, this benefit is payable when the employee or worker ceases to provide his/her services to the Company and the right for its collection can be acquired because of different causes, as indicated in the respective agreements; e.g., retirement, dismissal, voluntary retirement, incapacity or disability, death, etc.

Law No. 19,728 published on May 14, 2001 which became effective on October 14, 2002 required "Compulsory Unemployment Insurance" in favor of all depending employees regulated by the Chilean Labor Code. Article 5 of this law provided the financing of this insurance through monthly contribution payments by both the employee and the employer.

All benefits provided by the company are current. Certain benefits such as vacation and severance indemnities are long-term benefits which are accumulative. These relate to services provided in which there are future disbursements which will be subsequent to twelve months

16.3 Other Long-term Benefits

The other long-term benefits relate to staff severance indemnities and are recorded at their actuarial value.

Staff severance indemnities at actuarial value Staff severance indemnities, Chile Other obligations in companies elsewhere	3/31/2009 ThUS\$ 24,751 545	12/31/2009 ThUS\$ 28,170 512	01/01/2009 ThUS\$ 19,478 708
Total other non-current liabilities SOM North America's paging plan	25,296	28,682	20,186
SQM North America's pensions plan Total post employment obligations	1,709 1,709	1,709 1,709	2,873

Staff severance indemnities have been calculated under the actuarial assessment method of the Company's obligations with respect to staff severance indemnities, which relate to defined benefit plans which consist of days of remuneration per year served at the time of retirement under conditions agreed in the respective agreements established between the Company and its employees.

The methodology followed to determine the accrual for all the employees adhered to agreements considers turnover and salary increase rates according to the valuation method referred to as Accumulated Benefit Valuation or Accrued Cost of the Benefit Method. This methodology is established in IAS 19.

SQM

Los Militares 4290, Las Condes, Santiago, Chile Tel: (56 2) 425 2000 www.sqm.com

Notes to the Interim Consolidated Financial Statements as of March 31, 2010

Note 16 Accrued Liabilities and Employee Benefits, continued

About the characteristics of the indemnity fund

Under this benefit plan, the Company retains the obligation for the payment of staff severance indemnities related to retirements without establishing a separate fund with specific assets, which is referred to as not funded. The discount interest rate of expected flows to be used was 6%.

Benefit payment conditions

The staff severance indemnity benefit relates to remuneration days for year worked for the Company with no limit of salary or years of services for the Company, when employees cease to work for the Company due to turnover or death. In this case, the maximum age for men is 65 years and 60 years old for women, which are the usual ages for retirement due to achieving the senior citizen age according to the Chilean pensions system provided in Decree Law 3,500 of 1980.

Methodology

The determination of the obligation for benefits under IAS 19, Projected Benefit Obligation (PBO) is described as follows:

To determine the Company's total liability, we used a mathematical simulation model which was programmed using a computer and which processed the situation of each employee on an individual basis.

This model considered months as discrete time; i.e., the Company determined the age of each person and his/her salary on a monthly basis according to the growth rate. Thus, information on each person was simulated from the beginning of the life of his/her employment contract or when he/she started earning benefits up to the month in which it reaches the normal retirement age, generating in each period the possible retirement according to the Company's turnover rate and the mortality rate according to the age reached. When he/she reaches the retirement age, the employee finishes his/her service for the Company and receives indemnity related to retirement due to old age.

The methodology followed to determine the accrual for all the employees adhered to agreements has considered turnover rates and the mortality rate RV-2004 established by the Chilean Superintendence of Securities and Insurance to calculate pension-related life insurance reserves in Chile according to the Accumulated Benefit Valuation or Accrued Cost of Benefit Method. This methodology is established in IAS 19 Retirement Benefit Costs.

Note 16 Accrued Liabilities and Employee Benefits, continued

16.4 Employee Post Retirement Obligations

Our subsidiary, SQM North America has established with its employees certain pension plans for retired employees, which are calculated measuring the expected future forecasted staff severance indemnity obligation using a net salary gradual rate of restatements for inflation, mortality and turnover assumptions discounting the resulting amounts at present value using an interest rate of 6.5%. The net balance of this liability is presented under Other Accrued Liabilities.

The table below establishes the status of the plan financing and the amounts recognized in the consolidated balance sheet:

	2010	2009
	ThUS\$	ThUS\$
Variation in the benefit liability:		
Benefit liability at the beginning of year	6,631	6,631
Cost of service	1	1
Interest cost	423	423
Actuarial loss	33	33
Benefits paid	(297)	(297)
Benefit liability at year-end	6,791	6,791
Change in the plan's assets:		
Fair value of the plan's assets at beginning of year	3,758	3,758
Contributions by the employer	448	448
Actual return (loss) on plan assets	1,173	1,173
Benefits paid	(297)	(297)
Fair value of the plan assets' at year-end	5,082	5,082
Status of financing	(1,709)	(1,709)
Items not yet recognized as net regular provisional cost elements:		
Net actuarial loss at the beginning of year	(4,186)	(4,186)
Amortization during the period	198	198
Net gain or loss during the period	857	857
Adjustment made to recognize the minimum pension-related liability	(3,131)	(3,131)
Accrued pension-related (liability) / prepaid pension-related cost	(1,709)	(1,709)

Note 17 - Information to be disclosed on net shareholders' equity

The detail and movements in the funds of net shareholders' equity accounts are shown in the Consolidated statement of changes in net shareholders' equity.

17.1 Information to be disclosed on issued share capital

Issued share capital is divided into 263,196,524 fully paid and subscribed shares with no par value composed of a Series "A" with142,819,552 shares and Series "B" shares with 120,376,972 shares, where both series are preferred shares.

17.2 Information to be disclosed on capital in preferred shares

The preferential voting rights of each series are as follows:

Series "A":

If the election of the President of the Company results in a tied vote, the Company's directors may vote once again, without the vote of the director elected by the Series B shareholders

Series "B":

- 1) A general or extraordinary shareholders' meeting may be called at the request of shareholders representing 5% of the Company's Series B shares.
- 2) An extraordinary meeting of the Board of Directors may be called with or without the agreement of the Company's President, at the request of the director elected by Series B shareholders.

As of March 31, 2010, December 31, 2009 and January 1, 2009, the Group does not maintain any dominant company's shares either directly or through investees.

17.3 Dividend policy

As required by the Chilean Companies Act, unless otherwise decided by unanimous vote of the holders of issued and subscribed shares, we must distribute a cash dividend in an amount equal to at least 30% of our consolidated net income for year ended as of December 31, 2009 unless and except to the extent it has a deficit in retained earnings (losses not absorbed in prior years.)

The Company's dividend policy for 2010 is as follows:

- -Distribution and payment in favor of each shareholder of a final dividend which will be equivalent to 50% of net income obtained in 2010.
- -Distribution and payment, if possible during 2010, of a provisional dividend which will be recorded against the aforementioned final dividend. This provisional dividend will be paid probably during the last quarter of 2010 and its amount could not exceed 50% of the retained earnings for distribution obtained during 2010, which are reflected in the Company's financial statements as of September 30, 2010.
- -The distribution and payment by the Company of the remaining balance of the final dividend related to net income for the 2010 commercial year in up to two installments, which will have to be effectively paid and distributed prior to June 30, 2011.
- -An amount equivalent to the remaining 50% of the Company's net income for 2010 will be retained and destined to the financing of operations of one or more of the Company's investment projects with no prejudice of the possible future capitalization of the entirety or a portion of this.
 - The Board of Directors does not consider the payment of any additional or interim dividends.

Note 17 - Information to be disclosed on net shareholders' equity, continued

17.4 Provisional Dividends

At a Board of Directors meeting held on November 17, 2009, the Directors agreed to pay and distribute an interim dividend of US\$0.37994 per share. This dividend totals approximately ThUS\$100,000 and is equivalent to 40% of distributable net income for 2009, accumulated as of September 30, 2009. This dividend is payable with a charge to net income for that commercial year to SQM shareholders registered in the respective shareholders' registry as of the fifth business day prior to December 16, 2009, in its equivalent in Chilean pesos, based on the observed dollar exchange rate as published in the Official Gazette of December 10, 2009.

18.6

Detail of main classes of accruals

Legal expenses: this provision depends on the pending resolution of a lawsuit to conduct the disbursement for expenses associated with and incurred for this purpose.

Tax accrual in tax litigation: this accrual relates to lawsuits pending resolution related to taxes in Brazil for two of our subsidiaries, SQM Brazil and NNC.

Monthly tax provisional payments: a provision for monthly tax provisional payments is calculated based on sales of SQM and its subsidiaries.

It is paid on the 12th day of the month following in the income tax return.

Royalties CORFO (Economic Development Agency) agreement: relates to the exploitation of mining properties which SQM Salar S.A. pays on a quarterly basis to the Economic Development Agency. The amount of the lease payable is calculated based on sales of products extracted from the Atacama Saltpeter deposit.

The settlement of these will be performed on a quarterly basis.

Temporary closure of El Toco operation: The Company's Board of Directors unanimously agreed to approve the temporary closure of Toco and Pampa Blanca mining sectors. The Company accrued the legal severance indemnity for the employees subject to this closure. Additional benefits which will be paid to employees will correspond to 2010 expenses.

Retirement plan: corresponds to a benefit agreed with employees to retire from the Company. Those employees who invoked the agreed plan signed their consent as of December 31, 2009 and the effective retirement date will be the first quarter of 2010.

Through the present date, SQM and its subsidiaries do not present any uncertainty on the timing and amount of a class of accrual.

Court : 1st Labor Court of Santiago

Cause : Work accident Instance : Notice of complaint

Nominal amount: ThUS\$ 514

SQM S.A. and its subsidiaries have been participating and probably will continue to participate habitually as plaintiffs or defendants in various judicial proceedings that have been and will be filed and are subject to the decisions of the Ordinary Courts of Justice. Those proceedings, which are regulated by the applicable legal provision, mainly seek to exercise or oppose certain actions or exceptions related to certain mining concessions constituted or in the process of being constituted and do not and will not essentially affect the development of SQM S.A. and its subsidiaries.

Soquimich Comercial S.A. has been participating and probably will continue to participate habitually as a plaintiff in various judicial proceedings through which it seeks mainly to collect and receive the amounts owed to it. As of December 31, 2009 in the total amount claimed in such proceedings is approximately ThUS \$900.

SQM S.A. and its subsidiaries have tried and currently continue to try to obtain payment of certain amounts still owed to them for their normal business activities. Those amounts will continue to be judicially and non-judicially demanded by the plaintiffs and the actions exercised in relation to them are currently in full force.

SQM S.A. and its subsidiaries have not been legally notified of other complaints other than those listed above and which pursue the voidance of certain mining properties purchased by SQM S.A. and its subsidiaries and whose proportional purchase price, in respect to the part affected by the respective overlap, exceeds the nominal and approximate amount of ThUS\$150 or which seek to obtain payment of certain amounts allegedly owed from exercising their own activities and which exceed the nominal individual amount of approximately ThUS\$150.

www.sqm.com

Notes to the Interim Consolidated Financial Statements as of March 31, 2010

Note 19 - Contingencies and Restrictions, continued

19.1 Restrictions:

Bank loans of SQM S.A. and its subsidiaries contain restrictions similar to those of other comparable loans existing at the dates when those debt agreements were entered into. These restrictions involve maximum indebtedness and minimum equity. Other than these restrictions, SQM S.A. is not exposed to any other management restrictions or limits to financial ratios in contracts or agreements with creditors.

19.2 Commitments:

The subsidiary SQM Salar S.A. has signed a rental contract with the Economic Development Agency (CORFO) which establishes that such subsidiary, will pay to CORFO, for the concept of exploitation of certain mining properties owned by CORFO and for the products resulting from such exploitation, the annual rent stated in the aforementioned contract, the amount of which is calculated on the basis of the sales of each type of product. The contract is in force until 2030 and rent began being paid in 1996 reflecting in income an amount of ThUS\$ 4,643 as of March 31, 2010 (ThUS\$ 4.383 as of March 31, 2009).

19.3 Restricted or pledged cash

The subsidiary Isapre Norte Grande S.A. in compliance with that established by the Chilean Superintendence of Healthcare, which regulates the running of pension-related health institutions, maintains a guarantee in financial instruments, delivered in deposits, custody and administration to Banco de Chile.

This guarantee, according to the regulations issued by the Chilean Superintendence of Healthcare is equivalent to the total sum owed to its members and medical providers. Banco de Chile on a daily basis reports the present value of the guarantee to the Chilean Superintendence of Healthcare and Isapre Norte Grande Ltda. As of March 31, 2010, the guarantee amounts to ThUS\$ 437.

The subsidiary SQM Brasil Ltda. delivered as guarantee a cash amount paid directly to Brazilian governmental agencies related to legal processes under development as of March 31, 2010 amount to ThUS\$21.

Note 20 - Ordinary Income

As of March 31, 2010 and 2009, ordinary income is detailed as follows:

Classes of ordinary income	3/31/2010 ThUS\$	3/31/2009 ThUS\$
Sales of goods	387,109	319,114
Provision of services	1,412	2,029
Interest income	1,405	-
Income from royalties	-	-
Income from dividends	-	-
Total	389,926	321,143

Note 21 – Earnings per Share

Basic earnings per share will be calculated dividing net income for the period attributable to the Company's shareholders by the weighted average of the number of shares in circulation during that period.

As expressed, basic earnings per share is as follows:

Basic earnings per share	3/31/2010 ThUS\$	3/31/2009 ThUS\$
Earnings (loss) attributable to the holders of instruments in the net equity of the		
controlling entity	76,493	88,389
	3/31/2010 Units	3/31/2009 Units
Number of common shares in circulation	263,196,524	263,196,524
	3/31/2010	3/31/2009
Basic earnings per share	0.2906	0.3358

The Company has not made any operation with a potential diluted effect which assumes a diluted benefit per share different from the basic benefit per share.

Notes to the Interim Consolidated Financial Statements as of March 31, 2010

Note 22 - Costs of Loans

The costs of interest are recognized as expenses in the year in which they are incurred except for those which are directly related to the acquisition and construction of tangible fixed assets and which comply with the requirements in IAS 23. As of March 31, 2010, total financial expenses incurred amount to ThUS\$7,786 (ThUS\$7,941 as of March 31, 2009.

The Company capitalizes all interest costs which directly relate to the construction or the acquisition of property, plant and equipment, which require a substantial time to be suitable for use.

Costs of capitalized interest, property, plant and equipment

The cost of capitalized interest is determined applying weighted average or mean of all financing incurred by the Company to the final monthly balances of work-in-progress and which meet the requirements of IAS 23.

The rates and costs for capitalized interest of property, plant and equipment are detailed as follows:

Capitalization rate of costs for interest capitalized, property, plant and			
equipment	7%	7%	7%
Amount of costs for interest capitalized in ThUS\$	5,756	19,231	3,132

Notes to the Interim Consolidated Financial Statements as of March 31, 2010

Note 24 – The Environment

24.1 Information to be disclosed on disbursements related to the environment

The Company is continuously concerned with protecting the environment both in its production processes and with respect to products manufactured. This commitment is supported by the principles indicated in the Company's Sustainable Development Policy.

SQM is currently operating under an Environmental Management System (EMS) which has allowed strengthening its environmental performance through the effective application of the Company's Sustainable Development Policy

Operations that use caliche as a raw material are carried out in desert areas with climatic conditions that are favorable for drying solids and evaporating liquids using solar energy. Operations involving the open-pit extraction of minerals, due to their low waste-to-mineral ratio, generate remaining deposits that slightly alter the environment. During the extraction process and subsequent crushing of ore, particle emissions occur, which is normal for this type of operation.

In the Maria Elena location, this particle material affects air quality exceeding the allowed standard for PM 10. Within the framework of a decontamination plan for this city and in accordance with its Sustainable Development Policy, the Company has implemented a series of measures that have shown notable improvement in air quality at Maria Elena. This project is operating from January 2009 having achieved the final closure of the old crushing plant located in Maria Elena beginning on July 5, 2008 with the related improvement in air quality.

In addition, for all its operations, the Company carries out environmental follow-up and monitoring plans based on specialized scientific studies, and it also provides an annual training program in environmental matters to both its direct employees and its contractors' employees. Within this context, SQM entered into a contract with the National Forestry Corporation (CONAF) aimed at researching the activities of flamingo groups that live in the Salar de Atacama (Atacama Saltpeter Deposit) lagoons. Such research includes a population count of the birds, as well as breeding research. Environmental monitoring activities carried out by the Company at the Salar de Atacama and other systems in which it operates are supported by a number of studies that have integrated diverse scientific efforts from prestigious research centers, including Dictuc from Pontificia Universidad Católica in Santiago and the School of Agricultural Science of Universidad de Chile.

Furthermore, within the framework of the environmental studies which the Company is conducting, the Company is performing significant activities in relation to the recording of Pre-Columbian and historical cultural heritage, as well as the protection of heritage sites, in accordance with current Chilean laws. These activities have been especially performed in the areas surrounding María Elena and the Nueva Victoria plants. This effort is being accompanied by cultural initiatives within the community and the organization of exhibits in local and regional museums.

SQM Los M

Los Militares 4290, Las Condes, Santiago, Chile Tel: (56 2) 425 2000 www.sqm.com

Notes to the Interim Consolidated Financial Statements as of March 31, 2010

Note 24 – The Environment, continued

As emphasized in its Sustainable Development Policy, the Company strives to maintain positive relationships with the communities surrounding the locations in which it carries out its operations, as well as to participate in communities' development by supporting joint projects and activities which help to improve the quality of life for residents. For this purpose, the Company has focused its efforts on activities involving the rescue of historical heritage, education and culture, as well as development, and in order to do so, it acts both individually and in conjunction with private and public entities.

24.2 Detail of disbursement information related to the environment

As of March 31, 2010, accumulated disbursements on investing projects associated to environmental issues in production processes, review and law compliance control related to processes and industrial facilities in which incurred SQM and its subsidiaries, including prior years disbursements related to these projects amounted to ThUS\$ 8,340 which are detailed as follows:

24.3 Description of each project indicating whether the project is in progress or has been finished

SQM Industrial S.A.

MCLX: Cleaning of all rescue yards at all SQM's plants (25 yards.) This project consists of cleaning and/or sorting rescue yards, selecting and selling all waste products which can be commercialized in these yards. Identify and destine household waste to authorized garbage dumps. This process is in the closure period.

MCJU: Send all sewage water in the former primary and secondary sectors of ME Mill Plant to the Treatment emissary, which requires the preparation and installation of sewage discharge lines for channeling purposes. This project has finished.

MCLQ: Identification of archeological findings to comply with the Technological Change at Maria Elena project. This project is finished.

ANMI: Compliance with technical, legal aspects and specific standards required with respect to warehousing, signaling, safety and main factors associated with materials, products and supplies which are handled in the mine site. In addition, the Company will implement an improvement in the warehouse infrastructure for the storage of hazardous chemicals. This project is being performed.

MNH8: Improvement in the lighting in the Maria Elena location given that there are certain areas, which have no lighting, wires without channeling and timeworn wiring. This project is being executed.

MNE3: Relates to the sanitary improvement of rest room facilities in the granulation plant at Maria Elena through a system for the disposal of sewage. This system has finished.

SCCY: Conceptual engineering and environmental study for the construction of a storage facility for hazardous waste generated at the Company's facilities due to the performance of different processes. The project is in the closure process.

JNTU: Assessment of the environmental impact of San Isidro water. This project is being executed.

MNQT: Change in meters and knowledge of ammonia inventory at the collectors in María Elena and Pedro de Valdivia refrigeration plants. This project has finished.

SOM

Los Militares 4290, Las Condes, Santiago, Chile Tel: (56 2) 425 2000 www.sqm.com

Notes to the Interim Consolidated Financial Statements as of March 31, 2010

Note 24 – The Environment, continued

PNTV: Installation of modules for money exchanges, restrooms, dining rooms, cool and hot drinking water network, sewage system, sanitary authorizations, absorption tests, septic tank, absorption well, projector and room equipment. This project has finished.

MNTE: Acquisition of stationary equipment for the quantitative measurement of harmful agents at the Company's facilities. This project is being executed.

PP1B: Replacement of certain splitters and transformer polluted with PCB. This project has finished.

INST: Implementation of a circuit for the drainage of oil directly from the equipment which moves the earth to the ALU storage tanks. This project is at the closure stage.

ANUN: Construction of a semi-open shed for the proper handling, storage and dispatch of hazardous and non-hazardous waste generated in Antofagasta by different technical areas. This project has finished.

MP17: A study and identification will be conducted in respect to the current water chlorination system at Maria Elena, Coya Sur and Pedro de Valdivia facilities for the subsequent implementation and start-up of water chlorination in accordance with standards in force. This project is being executed.

MP5W: Normalization of the system for the storage and distribution of fuel at the Company's facilities. This project is being executed.

FNWR: Preparation and processing of DIA for the Pampa Blanca discard yard. This project is in the process of closure.

MNYS: Preparation and execution of the geoglyphs preservation project. Edition and publishing of a book in addition to implementing a dissemination center. Construction and habilitation of a collection deposit. All offsetting steps for the Technological Change at Maria Elena project. This project is being executed.

MPAM: Acquisition of a chamber which allows detecting ammonia gas leakage or leakage of any type of gas. This project has finished.

MP8Z: Implement a control system at inlet pipes at rivers at ME, CS and Vergara, which allow automating the control of these flows. In addition, this project requires the complementation of the satellite extraction control system recently implemented at inlet pipes to ensure full compliance with rights authorized by the (General Water Directorate) DGA and, therefore, also ensure the usual water supply required by SQM. This process is in the closure process.

MPL5: Improvement of a portion of the water network infrastructure and sewage system at Maria Elena. This project is being executed.

SQM Los Militares 4290, Las Condes, Santiago, Chile Tel: (56 2) 425 2000 www.sqm.com

Notes to the Interim Consolidated Financial Statements as of March 31, 2010

Note 24 – The Environment, continued

MPIS: Improve the urban situation at Maria Elena, placing a stabilization layer with product at the streets and anti-dust treatment with product in sidewalks. This project is being executed.

MPGF: Eliminate pollution in sub station 031 due to the inefficient sealing system. This project is being executed.

JNNX: Incorporation of UV sensor at the Coya Sur meteorological station, perimeter closure of the Nueva Victoria meteorological station and geo-reference of new emission sources at Toco and Coya Sur. This project is in the closure process.

MPLS: Implement alarms via emails as to peak concentration of particle materials and change in the recording of information from text files to database for the implementation of reports. This project is being executed.

PPNK: Project to ensure the control of ammonia gas in crystal plant stoppage. This project is being executed.

TPO4: Project to change the drinking water system and sewage system in the indigenous camp to improve living conditions. This project is being executed.

FP55: This project consists of the installation of the 87 kilometer sea water adductor system from the Mejillones zone to the Company's facilities in Pampa Blanca. Expenses considered relate solely to environmental processing. This project is being executed.

Minera Nueva Victoria S.A.

IPMN: Extend the sanitary capacity of the IRIS camp through the construction of 3 wells. This project is being executed.

SQM Nitratos S.A.

PNH2: Design and construct pouring off tanks for mud, water, oil and a pool with a pump to re-use poured off water, metallic pools to remove mud. This project is being executed.

PP0V: Installation of a container for hazardous waste at workshops for maintenance and removal of liquid industrial waste from hydraulic filters, workshop for mine maintenance at Maria Elena, Pedro de Valdivia, Nueva Victoria and Pampa Blanca. This project is being executed.

IP6W: Design and construct pouring off tanks for mud, water, oil and a pool with a pump to re-use poured off water, metallic pools to remove mud. This project is in the closure process.

SQM

Los Militares 4290, Las Condes, Santiago, Chile

Tel: (56 2) 425 2000 www.sqm.com

Notes to the Interim Consolidated Financial Statements as of March 31, 2010

Note 24 – The Environment, continued

PPAT: With this project the Company intends to comply with the current sanitary standards with respect to water treatment and waste infiltration at certain sectors in Pedro de Valdivia and Maria Elena. This project is being executed.

SQM Salar S.A.

LP5K: Environmental evaluation through DIA of the project for the extension of the MOP production capacity. This project is in the closure process.

LNSH: Conduct detail engineering and implement a dust collector system at the SOP-H plant in order to improve the system's efficiency and decrease the pollution degree. This project has finished.

LNNT: Through this project, the Company intends to have reliable measurements of the climatologic seasonal variation in the saltpeter deposit, timely measurements for the preparation of reports and programs and deliver actual information to the environmental authority. This project is in the closure process.

LP5J: Conduct analyses to define the hydrological units in the basin, quantify the reload to the aquifer through environmental isotopic techniques. This project is being executed.

LPGA: Improvement in the discharge of sewage already treated. This project is in the closure process.

LP82: Support for the development of demonstration estate, technical support for the application of improvements in watering and agricultural practices. This project is being executed.

LPK2: Improve sanitary facilities in the current money exchange, MOP sector to comply with all requirements of the mine's different users. This project is in the closure process.

LPIL: Through this project, the Company intends to modify the current SOP plant to work in the production of MOP or SOP as deemed convenient. This project has been closed.

LPIK: Construction of new MOP dryer given that the current Compacting Drying Plant will be destined to the production of another product. This project has finished.

SIT S.A.

TNLA: Paving of yard 2 roads and Southern access to the Tocopilla port given that these are the source of dust and emissions and risk of accidents in the operation of machinery. This project is in the closure process.

SQM Los Militares 4290, Las Condes, Santiago, Chile Tel: (56 2) 425 2000 www.sqm.com

Notes to the Interim Consolidated Financial Statements as of March 31, 2010

Note 24 – The Environment, continued

TNT8: Enablement of 10% more of pedestrian pathways, installation of up to 30% of corporate signaling, installation an electricity pylon in yard 6 of the Tocopilla location. This project has finished.

PNOT: Improve night lighting in sectors with high number of movements, installing sodium bulbs more continuously with an angle of 45°. This will allow complying with Safety and Lighting Regulation Standards. This project is in the closure process.

TPLR: The objective of the process is being able to discharge waste water generated in the Tocopilla port to the public sewage system. This project is being executed.

TPM7: Meshes will be acquired which will be installed in yards 3 and 4 to control dust emissions in sieving operations and protect product from emissions generated by the power plant. This project is being executed.

SOM S.A.

SCI6: This project is intended to obtain environmental licenses for the Development projects in Region I of Chile including all pieces of work related to initial environmental requirements which allow that Operations execute the project's construction and operation. The environmental evaluation to obtain the related license would be conducted through EIA, which contemplates the preparation and processing of the document and also includes specific environmental study activities (the study of tamarugos in Llamara and P. Tamarugal, archeological mitigation steps, environmental study of Loa river, hydro geological studies.) This project is being executed.

IP3P: Implementation of steps for the mitigation and compensation of cultural heritage for new mine areas in Nueva Victoria (EIA Nueva Victoria Mine Zone.) This project has finished.

IPFT: This project contemplates the implementation of heritage steps committed in the projects referred to as Nueva Victoria Mine Zone, Nueva Victoria Operation Updates, Iris Duct and Evaporation Pools. This project is being executed.

Deposits held in guarantee	437	467	308
Other assets	153	172	336
Total	39,956	41,751	31,042

1. Assets for the exploration and evaluation of mineral resources are amortized when the explored or evaluated sector is exploited. For this purpose, a variable rate is applied to extracted tons, which is determined based on the measured initial reserve and evaluation cost. The Company presents expenses associated with Exploration and Evaluation of Mineral Resources. Of these expenses those that are under exploitation are included under Inventories and are amortized according to the estimated contained ore reserves and expenses associated with future reserves are presented under Other non-current assets. Those expenses incurred on properties with low ore grade which is not economically exploitable are directly charged to income. As of March 31, 2010, balances associated with the exploration and evaluation of mineral resources are presented under Inventories for ThUS\$ 2,431.

Note 26 - Operating Segments

26.1

Operating segments

In accordance with IFRS 8 "Operating segments", the Company provides financial and descriptive information about the segments it has defined in consideration of available annual separate financial information, which is regularly evaluated by the maximum authority in making operating decisions with the purpose of deciding how to assign resources and evaluate performance.

Operating segments relate to the following groups of products which provide income from the performance of ordinary activities, for which the Company incurs expenses and the result of which is regularly reviewed by the Company's maximum authority in the decision-making process:

- 1. Specialty plant nutrients
- 2. Iodine and its derivatives
- 3. Lithium and its derivatives
- 4. Industrial chemicals
- 5. Potassium chloride
- 6.- Other products and services

Information relative to assets, liabilities and income and expenses which cannot be assigned to the segments indicated above, due to the nature of production processes, is included under the "Corporate Unit" category of information disclosed.

26.9 Information on main customers

In respect to the degree of dependency of the Company on its customers, in accordance with paragraph 34 of IFRS 8, the Company has no external customers which individually represent 10% or more of its income from ordinary activities. Credit risk concentrations with respect to trade accounts receivable and other accounts receivable are limited due to the significant number of entities which compose the Company's portfolio and its worldwide distribution. The Company's policy is requiring guarantees (such as letters of credit, guarantee clauses and others) and/or maintaining insurance policies for certain accounts as deemed necessary by the Company's Management.

Notes to the Interim Consolidated Financial Statements as of March 31, 2010

Note 28 - Current and Deferred Income Taxes, continued

28.4

Current and deferred income taxes

Assets and liabilities recognized in the Statement of Financial Position are offset when and only if:

- 1. the Company has legally recognized before the tax authority the right to offset the amounts recognized in these entries; and
 - 2. deferred income tax assets and liabilities are derived from income tax related to the same tax authority on:
 - (i)

the same entity of tax subject; or

(ii) different entities or subjects to tax effects who intend either to settle current fiscal assets and liabilities for their net amount, either realize assets and pay liabilities simultaneously in each of the future periods in which the Company expects to settle or recover significant amounts of deferred tax assets or liabilities.

Deferred income tax assets recognized are those income taxes to be recovered in future periods, related to:

- (a) deductible temporary differences;
- (b) the compensation of losses obtained in prior periods, which have not yet been subject to tax deduction; and
- (c) the compensation of unused credits from prior periods.

The Company recognizes a deferred tax asset when there is certainty that these can be offset with fiscal income from subsequent periods, losses or credits.

Fiscal amounts not yet used but solely as long as it is possible that there will be tax earnings in the future to charge to these losses or unused fiscal credits against them.

Deferred tax liabilities recognized are the amounts of income taxes payable in future periods related to taxable temporary differences.

Notes to the Interim Consolidated Financial Statements as of March 31, 2010

Note 28 - Current and Deferred Income Taxes, continued

No deferred income taxes have been recognized between the tax and book value of investments in related companies, in accordance with the criteria indicated in IAS 12. Therefore, there is no recognition of deferred taxes for translation adjustments and adjustments of associated companies recorded directly in net equity, shown in the Statement of Other Comprehensive Income.

d.4 Deferred income taxes related to benefits for tax losses

The Company's tax loss carryforwards were mainly generated by losses in Chile, which, in accordance with current Chilean tax regulations have no expiration date. During 2009, the Company applied no significant lax losses.

As of March 31, 2010, December 31, 2009 and January 1, 2009, tax loss carryforwards were detailed as follows:

	3/31/2010 ThUS\$	12/31/2009 ThUS\$	01/01/2009 ThUS\$
Chile	18,440	16,473	1,534
Other countries	1,063	1,733	2,828
Balances to date	19,503	18,206	4,362

d.5 Unrecognized deferred income tax assets and liabilities

As of March 31, 2010, December 31, 2009 and January 1, 2009, unrecognized assets and liabilities are detailed as follows:

	3/31/2010	12/31/2009	01/01/2009
	ThUS\$	ThUS\$	ThUS\$
	Assets (liabilities)	Assets (liabilities)	Assets (liabilities)
Tax losses	489	489	1,544
Bad debt impairment	98	98	98
Inventory impairment	1,176	1,176	748
Pensions plan	648	648	1,091
Vacation accrual	29	29	29
Depreciation	(44)	(44)	(20)
Other	(15)	(15)	(12)
Balances to date	2,381	2,381	3,478

Tax losses mainly relate to the United States, which prescribe in 20 years.

d.8 Participation in taxation attributable to investments recognized according to the equity method:

The Company does not recognize any deferred income tax liability in all cases of taxable temporary differences associated with investments in subsidiaries, branches and associated companies or participations in joint ventures, because as indicated in the standard, the following two conditions are jointly met:

- (a) the controller, investor or participant is able to control the time for reversal of the temporary difference; and
- (b) it is possible that the temporary difference is not reversed in the foreseeable future.

In addition, the Company does not recognize deferred income tax assets for all deductible temporary differences from investments in subsidiaries, branches and associated companies or participations in joint ventures because it is not possible that the following requirements are met:

- (a) temporary differences are reversed in a foreseeable future; and
- (b) the Company has tax earnings against which temporary differences can be used.

d.10 Explanation of the relationship between expense (income) for taxes and accounting income

In accordance with paragraph No. 81, letter c) of IAS 12, the Company has estimated that the method which discloses more significant information for the users of its financial statements is the reconciliation of tax expense (income) to the result of multiplying income for accounting purposes by the rate in force in Chile. This option is based on the fact that the Parent Company and its subsidiaries incorporated in Chile generate almost the total amount of tax expense (income) and the fact that amounts of subsidiaries incorporated in foreign countries have no relevant significance within the context of the total amount of tax expense (income.)

d.11 Tax periods potentially subject to verification:

The Group companies are potentially subject to tax audits for income taxes by tax authorities in each country. These audits are limited to a number of annual tax periods, which, in general, when they elapse, give rise to the expiration of these inspections.

Tax audits, due to their nature, are often complex and may require several years. Below, we provide a summary of tax periods which are potentially subject to verification, in accordance with tax regulations in force in the country of origin:

a) Chile

In Chile, the tax authority may review tax returns of up to 3 years old from the expiration date of the legal term in which the payment should have been made. In the event that there is an administrative or legal notice, the review can be extended to a period of 6 years.

b) United States

In the United States the tax authority may review tax returns of up to 3 years old from the expiration date of the tax return. In the event of detecting an omission or error in the tax return of revenue or cost of sales, the review can be extended up to a period of 6 years.

c) Mexico:

In Mexico, the tax authority can review tax returns up to 5 years old from the expiration date of the tax return.

d) Spain:

In Spain, the tax authority can review tax returns up to 4 years old from the expiration date of the tax return.

e) Belgium:

In Belgium, the tax authority may review tax returns of up to 3 years old, from the expiration date of the tax return if no tax losses exist. In the event of detecting an omission or error in the tax return, the review can be extended up to a period of 5 years.

f) South Africa:

In South Africa, the tax authority may review tax returns of up to 3 years old, from the expiration date of the tax return. In the event of detecting an omission or error in the tax return, the review can be extended up to a period of 5 years.

Notes to the Interim Consolidated Financial Statements as of March 31, 2010

Note 29 - Events occurred subsequent to the balance sheet date

29.1 Authorization of the financial statements

The financial statements of Sociedad Química y Minera S.A. and subsidiaries prepared in accordance with generally accepted accounting principles for the period ended March 31, 2010 were approved and authorized for issuance by the Board of Directors at their meeting held on May 25, 2010.

29.2 Information to be disclosed on events occurred subsequent to the balance sheet date

On April 21, 2010, the Company informed the SVS regarding the issuance of a bond in international market (United States) under Rule 144-A Regulation S for US\$ 250,000,000 with an annual rate of 5.5% expiring in 10 years beginning on the aforementioned date.

Management is not aware of any other significant events occurred between March 31, 2010 and the date of issuance of these interim consolidated financial statements, which may significantly affect them.

29.3 Detail of dividends declared after the balance sheet date

On April 29, 2010, at the Annual General Board of Directors' Meeting, the directors unanimously agreed to reduce dividend distribution. This implies the payment of a final dividend of US\$0.62131 per share due to the amount of net income obtained. However, is subject to the reduction of US\$0.37994 which was already paid as a provisional dividend. Consequently, the remaining balance of US\$0.24137 per share will be paid and distributed in favor of those SQM shareholders who have been registered with the Shareholders' Register on the fifth business day prior to the date in which this dividend is paid.
