ABOUT THIS PROSPECTUS

This prospectus is part of an automatic shelf registration statement that we filed with the Securities and Exchange Commission, or SEC, as a well-known seasoned issuer as defined in Rule 405 under the Securities Act of 1933, as amended, or the Securities Act. Under this shelf registration process, we may sell, from time to time, an indeterminate amount of any combination of the securities described in this prospectus in one or more offerings. This prospectus provides you with a general description of the securities we may offer, which is not meant to be a complete description of any security. Each time that securities are sold, a prospectus supplement containing specific information about the terms of that offering will be provided, including the specific amounts, prices and terms of the securities offered. The prospectus supplement and any other offering material may also add to, update or change information contained in this prospectus or in documents we have incorporated by reference into this prospectus. We urge you to read both this prospectus and any prospectus supplement and any other offering material (including any free writing prospectus) prepared by or on behalf of us for a specific offering of securities, together with additional information described under the heading *Where You Can Find More Information* on page 21 of this prospectus. You should rely only on the information contained or incorporated by reference in this prospectus and any prospectus supplement. We have not authorized anyone to provide you with different information. We are not making an offer to sell or soliciting an offer to purchase these securities in any jurisdiction where the offer or sale is not permitted.

Unless otherwise stated or the context otherwise requires, as used in this prospectus, the words *we*, *us*, *our*, *the Company*, or *Stryker* refer to Stryker Corporation and its consolidated subsidiaries.

You should not assume that the information contained in this prospectus or any prospectus supplement is accurate on any date other than the date on the front cover of such document or that any information we have incorporated by reference is correct on any date subsequent to the date of the document incorporated by reference, even though this prospectus or any prospectus supplement is delivered or securities are sold on a later date. Neither the delivery of this prospectus or any applicable prospectus supplement nor any distribution of securities pursuant to such documents shall, under any circumstances, create any implication that there has been no change in the information set forth in this prospectus or any applicable prospectus supplement or in our affairs since the date of this prospectus or any applicable prospectus supplement.

CAUTIONARY NOTE REGARDING FORWARD-LOOKING INFORMATION

From time to time, in this prospectus and the documents we incorporate by reference in this prospectus, as well as in other written reports and oral statements, we discuss our expectations regarding our future performance. Statements and financial discussion and analysis contained herein and in the documents incorporated by reference herein that are not historical facts are forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995. These forward-looking statements are identified by their use of terms and phrases such as believe, anticipate, could, estimate, intend, may, will, plan, expect and similar expressions, including references to assumptions. Forward-looking statements are based on currently available competitive, financial and economic data, current expectations, estimates, forecasts and projections about the industries in which we operate and management's beliefs and assumptions. These statements are not guarantees of future performance and involve risks, uncertainties and assumptions that are difficult to predict. Therefore, actual outcomes and results may differ materially from what is expressed or implied in forward-looking statements. We want to caution you not to place undue reliance on any forward-looking statement. Among the factors that might affect our performance are:

weakening of economic conditions that could adversely affect the level of demand for our products;

pricing pressures generally, including cost-containment measures that could adversely affect the price of or demand for our products;

changes in foreign exchange markets;

legislative and regulatory actions;

unanticipated issues arising in connection with clinical studies and otherwise that affect U.S. Food and Drug Administration approval of new products;

changes in reimbursement levels from third-party payors;

a significant increase in product liability claims;

the ultimate cost with respect to the Rejuvenate Modular Hip System and ABG II modular-neck hip stem recall;

the impact of investigative and legal proceedings and compliance risks;

resolution of tax audits;

the impact of federal legislation to reform the United States healthcare system and the 2.3 percent medical device excise tax;

changes in financial markets;

Edgar Filing: STRYKER CORP - Form S-3ASR

changes in the competitive environment;

our ability to integrate acquisitions;

our ability to realize anticipated cost savings as a result of workforce reductions and other restructuring activities, and

other risks detailed in our filings with the SEC.

While we believe that the assumptions underlying such forward-looking statements are reasonable, there can be no assurance that future events or developments will not cause such statements to be inaccurate. All forward-looking statements contained in this prospectus and the documents we incorporate by reference in this prospectus are qualified in their entirety by this cautionary statement. We expressly disclaim any obligation or undertaking to update or revise any forward-looking statements to reflect any changes in events or circumstances or in our expectations or results.

USE OF PROCEEDS

Unless otherwise set forth in a prospectus supplement, we intend to use the net proceeds of any offering of our securities for working capital and other general corporate purposes, including acquisitions, repayment or refinancing of debt, stock repurchases and other business opportunities. We will have significant discretion in the use of any net proceeds. We may provide additional information on the use of the net proceeds from the sale of our securities in an applicable prospectus supplement or other offering materials relating to the offered securities.

RATIO OF EARNINGS TO FIXED CHARGES

The following table sets forth our ratio of earnings to fixed charges for the periods indicated:

	Years Ended December 31,				
	2012	2011	2010	2009	2008
Ratio of earnings to fixed charges	18.6x	19.9x	17.5x	34.5x	29.1x

The ratio of earnings to fixed charges is calculated by dividing earnings, as defined, by fixed charges, as defined. For this purpose, earnings consists of consolidated income/(loss) from continuing operations before income taxes plus fixed charges, and fixed charges consists of interest costs, both expensed and capitalized (including amortization of debt discounts and deferred loan costs), and the representative interest component of rent expense.

No shares of our preferred stock were outstanding during the years ended December 31, 2012, 2011, 2010, 2009 and 2008. Therefore, the ratios of earnings to combined fixed charges and preferred dividends are not separately stated from the ratios of earnings to fixed charges for the periods listed above.

DESCRIPTION OF SECURITIES

This prospectus contains summary descriptions of the capital stock, debt securities, warrants, subscription rights, stock purchase contracts and stock purchase units that we may offer and sell from time to time. These summary descriptions are not meant to be complete descriptions of any security. At the time of an offering and sale, this prospectus together with the accompanying prospectus supplement will contain the material terms of the securities being offered.

As used in this Description of Securities, the terms we, us, our, the Company, or Stryker refer to Stryker Corporation, a Michigan corporation, and do not, unless otherwise specified, include our subsidiaries.

DESCRIPTION OF CAPITAL STOCK

The following description briefly summarizes certain information regarding our capital stock. This information does not purport to be complete and is subject in all respects to the applicable provisions of the Michigan Business Corporation Act, as amended, or the MBCA, our Restated Articles of Incorporation, as amended, or our articles, and our By-laws, as amended, or our by-laws.

Capital Stock

Our authorized capital stock consists of (1) 1,000,000,000 shares of common stock, \$0.10 par value per share and (2) 500,000 shares of preferred stock, \$1.00 par value per share. As of December 31, 2012 we had 380,419,434 shares of common stock issued and outstanding, and no shares of preferred stock issued.

Common Stock

Each share of common stock entitles the holder thereof to one vote for each share held by it of record on each matter submitted to a vote. Other than the election of directors, if an action is to be taken by vote of the shareholders, it will be authorized by a majority of the votes cast by the holders of shares entitled to vote on the action, unless a greater vote is required in our articles or by-laws. Directors are elected by a plurality of the votes cast at an election.

Subject to the prior payment or provision therefor of dividends on the preferred stock, if any, holders of the common stock are entitled to receive ratably such dividends, if any, as may be declared from time to time by our Board of Directors out of funds legally available therefor. Holders of our common stock have no conversion, preemptive or other rights to subscribe for any securities of ours, and there are no redemption or sinking fund provisions with respect to such shares. In the event of any liquidation, dissolution or distribution of our assets and after satisfaction of the preferential requirements of the preferred stock, if any, holders of common stock will be entitled to share ratably in the distribution of the remaining assets of the Company available for distribution. The rights, preferences and privileges of holders of common stock are subject to applicable law and the rights of the holders of any shares of preferred stock and any additional classes of stock that we may issue in the future.

Preferred Stock

Our articles authorize our Board of Directors to issue up to 500,000 shares of preferred stock in one or more series, with such distinctive designation or title and in such number of shares as may be authorized by our Board of Directors. Our Board of Directors is authorized to prescribe the relative rights and preferences of each series, and the limitations applicable thereto, including but not limited to the following: (1) the voting powers, full, special, or limited, or no voting powers, of each such series; (2) the rate, terms and conditions on which dividends will be paid, whether such dividends will be cumulative, and what preference such dividends shall have in relation to the dividends on other series or classes of stock; (3) the rights, terms and conditions, if any, for

Table of Contents

conversion of such series of preferred stock into shares of other series or classes of stock; (4) any right of the Company to redeem the shares of such series of preferred stock, and the price, time and conditions of such redemption, including the provisions for any sinking fund; and (5) the rights of holders of such series of preferred stock in relation to the rights of other series and classes of stock upon the liquidation, dissolution or distribution of our assets. Unless otherwise provided by our Board of Directors, upon redemption or conversion, shares of preferred stock will revert to authorized but unissued shares and may be reissued as shares of any series of preferred stock. As of the date hereof, no shares of preferred stock are outstanding and we have no present plans to issue any such stock.

Limitation of Liability

Our articles provide that, to the full extent authorized or permitted by the MBCA, directors of Stryker will not be personally liable to Stryker or its shareholders for any acts or omissions in such person's capacity as a director. Such limitation of liability does not affect the availability of equitable remedies such as injunctive relief or rescission. These provisions will not limit the liability of directors under federal securities laws.

Certain Statutory, Articles and By-law Provisions Affecting Shareholders

Certain provisions in our articles and by-laws and the MBCA may have the effect of delaying, deferring or preventing a change of control of the Company or may operate only with respect to extraordinary corporate transactions involving the Company.

Business Combination Act

We are subject to the provisions of Chapter 7A of the MBCA, which provides that business combinations between a Michigan corporation and a beneficial owner of shares entitled to 10% or more of the voting power of such corporation generally require the affirmative vote of 90% of the votes of each class of stock entitled to vote and not less than two-thirds of each class of stock entitled to vote (excluding voting shares owned by such 10% owner). Chapter 7A defines a business combination to encompass any merger, consolidation, share exchange, sale of assets, stock issue, liquidation, or reclassification of securities involving an interested shareholder or certain affiliates. An interested shareholder is generally any person who owns 10% or more of the voting shares of the corporation. An affiliate is a person who directly or indirectly controls, is controlled by, or is under common control with, a specified person. Such requirements do not apply if the transaction satisfies fairness standards, other specified conditions are met and the interested shareholder has been such for at least five years.

Article and By-Law Provisions

Our articles and by-laws include a number of provisions that may have the effect of encouraging persons considering unsolicited tender offers or other unilateral takeover proposals to negotiate with our Board of Directors rather than pursue non-negotiated takeover attempts. These provisions include an advance notice requirement for director nominations and actions to be taken at annual meetings of shareholders, the inability of the shareholders to call a special meeting of the shareholders and the availability of authorized but unissued blank check preferred stock.

Advance Notice Requirement

Our by-laws set forth advance notice procedures with regard to shareholder proposals relating to the nomination of candidates for election as directors or new business to be presented at meetings of shareholders. These procedures provide that notice of such shareholder proposals must be timely given in writing to the secretary of Stryker prior to the meeting at which the action is to be taken. Generally, to be timely, notice must be received at the principal executive offices of Stryker not less than 90 days nor more than 120 days prior to the

Table of Contents

meeting. The advance notice requirement does not give the Board of Directors any power to approve or disapprove shareholder director nominations or proposals but may have the effect of precluding the consideration of certain business at a meeting if the proper notice procedures are not followed.

Special Meetings of Shareholders

Our by-laws do not grant the shareholders the right to call a special meeting of shareholders. Under our by-laws, special meetings of shareholders may be called only by the chairman of our Board of Directors, our president or by order of our Board of Directors.

Blank Check Preferred Stock

Our preferred stock could be deemed to have an anti-takeover effect in that, if a hostile takeover situation should arise, shares of preferred stock could be issued to purchasers sympathetic with our management or others in such a way as to render more difficult or to discourage a merger, tender offer, proxy contest, the assumption of control by a holder of a large block of our securities or the removal of incumbent management.

The effects of the issuance of one or more series of the preferred stock on the holders of our common stock could include:

reduction of the amount otherwise available for payments of dividends on common stock if dividends are payable on the series of preferred stock;

restrictions on dividends on our common stock if dividends on the series of preferred stock are in arrears;

dilution of the voting power of our common stock if the series of preferred stock has voting rights, including a possible veto power if the series of preferred stock has class voting rights;

dilution of the equity interest of holders of our common stock if the series of preferred stock is convertible, and is converted, into our common stock; and

restrictions on the rights of holders of our common stock to share in our assets upon liquidation until satisfaction of any liquidation preference granted to the holders of the series of preferred stock.

Transfer Agent and Registrar

The transfer agent and registrar for our common stock is American Stock Transfer & Trust Company, LLC.

Listing

Our common stock is listed on the New York Stock Exchange under the symbol SYK.

DESCRIPTION OF DEBT SECURITIES

As used in this prospectus, debt securities means the debentures, notes, bonds and other evidences of indebtedness that we may issue separately, upon exercise of a debt warrant, in connection with a stock purchase contract or as part of a stock purchase unit, from time to time. The debt securities may either be senior debt securities or subordinated debt securities. Senior debt securities may be issued under the Senior Indenture, dated as of January 15, 2010, between us and U.S. Bank National Association, as trustee, and subordinated debt securities may be issued under a Subordinated Indenture anticipated to be entered into between us and U.S. Bank National Association, as trustee. This prospectus sometimes refers to the Senior Indenture and the Subordinated Indenture collectively as the Indentures. The Senior Indenture and the form of the Subordinated Indenture have been filed with the SEC and are incorporated by reference in the registration statement on Form S-3 of which this prospectus forms a part. We may also issue debt securities under a separate, new indenture. If that occurs, we will describe any differences in the terms of any such indenture in the prospectus supplement.

The following briefly summarizes the material provisions of the Indentures and the debt securities, other than pricing and related terms disclosed in the accompanying prospectus supplement or pricing supplement, as the case may be. You should read the more detailed provisions of the applicable Indenture, including the defined terms, for provisions that may be important to you. You should also read the particular terms of an offering of debt securities, which will be described in more detail in the applicable prospectus supplement or pricing supplement, as the case may be. Copies of the Indentures may be obtained from Stryker or the trustee.

General

The debt securities will be our direct unsecured obligations. The senior debt securities will rank equally with all of our other senior unsecured and unsubordinated debt. The subordinated debt securities will be subordinate and junior in right of payment to all of our present and future senior indebtedness to the extent and in the manner set forth in the Subordinated Indenture. The debt securities will not be secured by any of our property or assets. Thus, by owning a debt security, you are one of our unsecured creditors.

Since our operations are partially conducted through our subsidiaries, the cash flow and the consequent ability to service our indebtedness, including the debt securities, is partially dependent upon the earnings of our subsidiaries and the distribution of those earnings or upon the payments of funds by those subsidiaries to us. Our subsidiaries are separate and distinct legal entities and have no obligation, contingent or otherwise, to pay any amounts due pursuant to the debt securities or to make funds available to us, whether by dividends, loans or other payments. In addition, the payment of dividends and the making of loans and advances to us by our subsidiaries may be subject to contractual or statutory restrictions, are contingent upon the earnings of those subsidiaries and are subject to various business considerations. Any right we may have to receive assets of any of our subsidiaries upon their liquidation or reorganization (and the consequent right of the holders of our debt securities to participate in those assets) will be effectively subordinated to the claims of such subsidiary's creditors, including trade creditors.

The Indentures do not limit the aggregate principal amount of debt securities that we may issue and provide that we may issue debt securities from time to time in one or more series, in each case with the same or various maturities, at par or at a discount. We may issue additional debt securities of a particular series without the consent of the holders of the debt securities of such series outstanding at the time of the issuance. Any such additional debt securities, together with all other outstanding debt securities of that series, will constitute a single series of debt securities under the applicable Indenture. The Indentures also do not limit our ability to incur other debt.

Each prospectus supplement will summarize the material terms relating to the specific series of debt securities being offered. These terms may include some or all of the following:

the title of the debt securities and whether they are senior debt securities or subordinated debt securities;

Table of Contents

any limit on the aggregate principal amount of debt securities of such series;

the purchase price for the debt securities and the denominations of the debt securities, if other than minimum denominations of \$2,000 and integral multiples of \$1,000 above that amount;

the basis for calculating interest if other than a 360-day year of twelve 30-day months;

the date or dates from which any interest will accrue or the method by which such date or dates will be determined;

the right, if any, to extend the interest payment periods and the duration of any such deferral period;

any provisions that would determine payments on the debt securities by reference to any index, formula or other method, and the manner of determining the amount of such payments;

the place or places where payments on the debt securities will be payable, where any securities may be surrendered for registration of transfer, exchange or conversion, as applicable, and notices and demands may be delivered to or upon us pursuant to the applicable Indenture;

the rate or rates of amortization of the debt securities, if any;

our obligation or discretion, if any, to redeem, repay or repurchase debt securities by making periodic payments to a sinking fund or through an analogous provision or at the option of holders of the debt securities, and the period or periods within which, the price or prices at which and the other terms and conditions upon which any debt securities of such series shall be redeemed, in whole or in part, pursuant to such obligation;

the terms and conditions, if any, regarding the mandatory conversion or exchange of debt securities;

the period or periods within which, the price or prices at which, and the terms and conditions upon which any debt securities of the series may be redeemed, in whole or in part, at our option and, if other than by a board resolution, the manner in which any election by us to redeem the debt securities shall be evidenced;

any restriction or condition on the transferability of the debt securities of a particular series;

the portion, or methods of determining the portion, of the principal amount of the debt securities which we must pay upon the acceleration of the maturity of the debt securities in connection with an Event of Default, as defined below, if other than the full principal amount;

if other than U.S. dollars, the currency or currencies in which the debt securities will be denominated and in which principal, any premium and any interest will or may be payable or a description of any units based on or relating to a currency or currencies in which the debt securities will be denominated;

provisions, if any, granting special rights to holders of the debt securities upon the occurrence of specified events;

any deletions from or modifications or additions to the Events of Default or our covenants with respect to the applicable series of debt securities;

whether the debt securities will not be subject to defeasance or covenant defeasance, which terms are described below;

the terms, if any, upon which the holders may convert or exchange the debt securities into or for our common stock, preferred stock or other securities or property;

whether we are issuing the debt securities in whole or in part in global form;

the depositary for global or certificated debt securities;

the names of any trustees, depositaries, authenticating or paying agents, transfer agents or registrars or other agents with respect to the debt securities;

to whom any interest on any debt security shall be payable, if other than the person in whose name the security is registered on the record date for such interest, and the extent to which, or the manner in which, any interest payable on a temporary global debt security will be paid if other than in the manner provided in the applicable Indenture;

if the principal amount payable at the stated maturity of any debt security of the series will not be determinable as of any one or more dates prior to the stated maturity, the amount which shall be deemed to be the principal amount of such debt securities as of any such date for any purpose, including the principal amount thereof which shall be due and payable upon any maturity other than the stated maturity or which shall be deemed to be outstanding as of any date prior to the stated maturity (or, in any such case, the manner in which such amount deemed to be the principal amount shall be determined);

whether, under what circumstances and the currency in which we will pay any additional amounts on the debt securities as contemplated in the applicable Indenture in respect of any tax, assessment or governmental charge and, if so, whether we will have the option to redeem the debt securities rather than pay such additional amounts (and the terms of any such option);

whether and the extent to which the debt securities are entitled to the benefits of any guarantees by any of our subsidiaries or any other form of guarantee;

the subordination provisions applicable to the debt securities, if any; and

any other specific terms of the debt securities not inconsistent with the applicable Indenture.

Unless otherwise specified in the applicable prospectus supplement, the debt securities will not be listed on any securities exchange and will be issued in fully-registered form without coupons.

Debt securities may be sold at a substantial discount below their stated principal amount, bearing no interest or interest at a rate which at the time of issuance is below market rates. The applicable prospectus supplement will describe the federal income tax consequences and special considerations applicable to any such debt securities. The debt securities may also be issued as indexed securities or securities denominated in foreign currencies, currency units or composite currencies, as described in more detail in the prospectus supplement relating to any of the particular debt securities. The prospectus supplement relating to specific debt securities will also describe any special considerations and certain additional tax considerations applicable to such debt securities.

Subordination

The prospectus supplement relating to any offering of subordinated debt securities will describe the specific subordination provisions, including the extent of subordination of payments by us of the principal of, premium, if any, and interest on such subordinated debt securities.

The Subordinated Indenture does not limit the issuance of additional senior indebtedness.

Certain Covenants

Except as set forth below or in any indenture supplemental to the Indentures or in a board resolution of ours establishing a series of securities under the Indentures, the Indentures will not:

limit the amount of indebtedness or lease obligations that may be incurred by us and our subsidiaries; or

contain provisions which would give holders of the debt securities the right to require us to repurchase their debt securities in the event of a decline in the credit rating of our debt securities resulting from a change in control, recapitalization or similar restructuring or in the case of any other event.

Consolidation, Merger and Sale of Assets

We may consolidate or merge with or into any other corporation, and we may sell or transfer all or substantially all of our assets to another corporation, provided, among other things, that (a) we are the surviving corporation or the corporation formed by or resulting from any such consolidation or merger or the transferee of such assets shall be a corporation organized and existing under the laws of the United States, any state thereof or the District of Columbia and shall expressly assume by supplemental indenture payment of the principal of, and premium, if any, and interest, if any, on the debt securities issued under either the Senior Indenture or the Subordinated Indenture and the performance and observance of the applicable Indenture and (b) we or such successor corporation shall not immediately thereafter be in default under the applicable Indenture.

Events of Default

The following events are defined in the Indentures as Events of Default :

default in the payment of any installment of interest on any debt securities in such series for 30 days after becoming due;

default in the payment of principal or premium, if any, of any debt securities in such series when due;

default in the deposit of any sinking fund payment, when due;

default in the performance of any other covenant for 90 days after notice, which must be sent by either the trustee or holders of 25% of the principal amount of the debt securities of the affected series;

certain events of bankruptcy, insolvency or reorganization; and

any other Event of Default that may be set forth in the supplemental indenture or board resolution with respect to a particular series of debt securities.

If an Event of Default shall occur and be continuing with respect to a series of debt securities, either the trustee or the holders of at least 25% in principal amount of the outstanding debt securities of such series (or such lesser amount as may be provided for in the debt securities of such series) may declare the entire principal amount of all the debt securities of such series to be due and payable; provided that, in the case of an Event of Default involving certain events of bankruptcy, insolvency or reorganization, such acceleration is automatic; and, provided further, that after such acceleration, but before a judgment or decree based on acceleration, the holders of a majority in aggregate principal amount of the outstanding debt securities of that series may, subject to certain conditions, rescind and annul such acceleration if all Events of Default, other than the nonpayment of accelerated principal, have been cured or waived. securities, an amount less than the principal amount thereof may become due and payable. No such rescission shall affect any subsequent default or impair any right consequent thereon.

Table of Contents

The Indentures provide that the trustee shall, after the occurrence of a default with respect to a particular series of debt securities, give or may withhold from the holders of the debt securities of such series notice of such default known to it (the term default to mean the events specified above without grace periods) to the extent provided by the Trust Indenture Act of 1939, as amended, or the Trust Indenture Act.

We will be required to furnish the trustee annually a statement by certain of our officers to the effect that to the best of their knowledge we are not in default in the fulfillment of any of our obligations under the Indentures or, if there has been a default in the fulfillment of any such obligation, specifying each such default. No holder of any debt securities of any particular series shall have any right to institute any judicial or other proceeding with respect to the Indentures, or for the appointment of a receiver or trustee, or for any other remedy unless:

an Event of Default shall have occurred and be continuing and such holder shall have given the trustee prior written notice of such continuing Event of Default;

the holders of not less than 25% of the outstanding principal amount of the debt securities of a particular series shall have requested the trustee for such series to institute proceedings in respect of such Event of Default;

the trustee shall have been offered reasonable indemnity against its costs, expenses and liabilities in complying with such request;

the trustee shall have failed to institute proceedings 60 days after the receipt of such notice, request and offer of indemnity; and

no direction inconsistent with such written request shall have been given for 60 days by the holders of a majority in principal amount of the outstanding debt securities of such series.
