PROXY STATEMENT

ANNUAL MEETING OF STOCKHOLDERS

TO BE HELD ON THURSDAY, JUNE 20, 2013

The 2012 annual report to stockholders, including financial statements, is being mailed to stockholders together with these proxy materials on or about May 7, 2013.

QUESTIONS AND ANSWERS ABOUT THE PROXY MATERIALS, ANNUAL MEETING

AND VOTING

Why am I receiving these proxy materials?

Our board of directors is soliciting your proxy to vote your shares of our common stock at our 2013 annual meeting of stockholders because you owned shares of our common stock at the close of business on April 25, 2013, the record date for the annual meeting, and are therefore entitled to vote at the annual meeting. This proxy statement, along with a proxy card or voting instruction form and the 2012 annual report, is being mailed to stockholders beginning on or about May 7, 2013. We have made the proxy statement and 2012 annual report available to you on the Internet and we have delivered printed materials to you. This proxy statement summarizes the information that you need to know in order to cast your vote at the annual meeting. You do not need to attend the annual meeting in person to vote your shares of our common stock.

What is a proxy?

A proxy is your legal designation of another person to vote your shares of our common stock. The written documents providing notice of the annual meeting and describing the matters to be considered and voted on are called a notice and a proxy statement, respectively. The document used to designate a proxy to vote, and to provide voting instructions on how to vote, your shares of our common stock at the annual meeting is called a proxy card. Collectively, the notice, proxy statement and proxy card are called the proxy materials. Our board of directors has designated two of our officers, Keith G. Myers and Donald D. Stelly, as proxies for the annual meeting.

When and where will the annual meeting be held?

The annual meeting will be held at 10:00 a.m. (Central Time), on Thursday, June 20, 2013, at our principal executive offices located at 420 West Pinhook Road, Suite A, Lafayette, Louisiana 70503.

Who is soliciting my proxy?

Our board of directors is soliciting your proxy to vote your shares of our common stock on all matters scheduled to come before the 2013 annual meeting of stockholders, whether or not you attend in person. By submitting your proxy and voting instructions via the Internet or by telephone,

Edgar Filing: LHC Group, Inc - Form DEF 14A

or by completing, dating, signing and returning a proxy card or voting instruction form, you are authorizing the proxy holders to vote your shares of our common stock at the annual meeting as you have instructed.

Table of Contents

On what matters will I be voting?

At the annual meeting, our stockholders will be asked to vote on the following matters:

1. the election of the four Class II director nominees, who are named in this proxy statement, nominated by our board of directors to serve for a term of three years and until their successors are elected;
2. the adoption, on an advisory basis, of a resolution approving the compensation of our named executive officers, as described in this proxy statement;
3. the ratification of the selection of KPMG LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2013; and
4. the approval of the Amended and Restated LHC Group, Inc. 2006 Employee Stock Purchase Plan.

Our stockholders will also be asked to consider any other business that properly comes before the annual meeting. We do not expect any matters to be presented for action at the meeting other than the items described in this proxy statement. For more information on the matters to be considered at the annual meeting, see "Could other matters be considered and voted upon at the annual meeting?" below.

How does the board of directors recommend that I cast my vote?

The board of directors unanimously recommends that you vote:

1. **FOR** the election of all of the Class II director nominees;
2. **FOR** the adoption, on an advisory basis, of the resolution approving the compensation of our named executive officers;
3. **FOR** the ratification of the selection of KPMG LLP as our independent registered public accounting firm for the fiscal year ended December 31, 2013; and,
4. **FOR** the approval of the Amended and Restated LHC Group, Inc. 2006 Employee Stock Purchase Plan.

We do not expect any matters to be presented for action at the meeting other than the items described in this proxy statement. By submitting your proxy and voting instructions via the Internet or by telephone, or by completing, dating, signing and returning a proxy card or voting instruction form you will give to the persons named as proxies discretionary voting authority with respect to any other matter that may properly come before the annual meeting, and they intend to vote on any such other matter in accordance with their best judgment.

How many votes may I cast?

You have one vote for every share of our common stock that you owned on April 25, 2013, the record date.

How many votes can be cast by all stockholders?

As of the record date, we had 17,590,679 shares of common stock outstanding, each of which is entitled to one vote.

How many shares must be present to hold the annual meeting?

Our bylaws provide that the presence at the annual meeting, whether in person or by proxy, of the holders of a majority of the voting power of the outstanding shares of common stock entitled to vote in the election of directors constitutes a quorum necessary to properly convene a meeting of our stockholders. The inspector of elections will determine whether a quorum exists. Abstentions will be treated as shares present for quorum purposes, but broker non-votes will not be counted as present for purposes of a quorum, as they are not shares entitled to vote in the election of directors. For more information, see [What happens if I do not submit voting instructions for a proposal? What is discretionary voting? What is a broker non-vote?](#) below.

Table of Contents

How do I vote?

Stockholder of Record.

If your shares of our common stock are registered directly in your name with our transfer agent, American Stock Transfer & Trust Company, LLC, you are considered the stockholder of record with respect to those shares, and the proxy statement, along with a proxy card, were sent directly to you by us.

If you are a stockholder of record, there are four ways to ensure your shares of our common stock are represented and voted at the annual meeting:

Via the Internet. You may submit your proxy and voting instructions via the Internet at the web address shown on your proxy card;

By Telephone. You may submit your proxy and voting instructions by calling the toll-free number found on your proxy card;

By Mail. You may submit your proxy and voting instructions by completing, dating and signing the proxy card and returning it promptly in the envelope provided; or

In Person. You may vote your shares of our common stock in person at the annual meeting. If you desire to vote your shares of our common stock in person at the annual meeting, please request a ballot when you arrive.

Only the latest dated proxy received from you, whether via the Internet, or by telephone or mail, will be voted at the annual meeting. If you submit your proxy and voting instructions via the Internet or by telephone, please do not mail your proxy card.

Beneficial Owner of Shares Held in Street Name.

If your shares of our common stock are held in a stock brokerage account by a bank, broker, trustee, or other nominee, you are considered the beneficial owner of shares held in street name and these proxy materials are being forwarded to you by your bank, broker, trustee or other nominee that is considered the holder of record of those shares. As the beneficial owner, you have the right to direct your bank, broker, trustee or other nominee on how to vote your shares of our common stock via the Internet or by telephone if the bank, broker, trustee or other nominee offers these options or by signing and returning a voting instruction form. Your bank, broker, trustee or other nominee will send you instructions for submitting your voting instructions for your shares of our common stock. For a discussion of the rules regarding the voting of shares held by beneficial owners, please see the question below entitled "What happens if I do not submit voting instructions for a proposal? What is discretionary voting? What is a broker non-vote?"

What happens if I do not submit voting instructions for a proposal? What is discretionary voting? What is a broker non-vote?

If you properly complete, date, sign and return a proxy or voting instruction form, your shares of our common stock will be voted as you specify. If you are a stockholder of record and you do not provide voting instructions on your proxy card, your shares of our common stock will be voted in accordance with the recommendations of our board of directors, as provided above.

If you are a beneficial owner and you do not provide voting instructions to your bank, broker, trustee or other nominee holding shares of our common stock for you, your shares of our common stock will not be voted with respect to any proposal for which your holder of record does not have discretionary authority to vote. If a proposal is determined to be *discretionary*, your bank, broker, trustee or other nominee is permitted under the applicable rules to vote on the proposal without receiving voting instructions from you. If a proposal is determined to be *non-discretionary*, your bank, broker, trustee or other nominee is not permitted under the applicable rules to vote on the proposal without receiving voting instructions from you. A broker non-vote occurs when a bank, broker, trustee or other nominee holding shares for a beneficial owner does not vote on a *non-discretionary* proposal because the holder of record has not received voting instructions from the beneficial owner.

Table of Contents

Under the applicable rules, the proposal relating to the ratification of the appointment of our independent registered public accounting firm is a discretionary proposal and all other proposals are non-discretionary proposals. If you are a beneficial owner and you do not provide voting instructions to your bank, broker, trustee or other nominee holding shares for you, your shares may be voted with respect to the ratification of the appointment of our independent registered public accounting firm. Whereas, if you are a beneficial owner and you do not provide voting instructions to your bank, broker, trustee or other nominee holding shares for you, your shares will *not* be voted with respect to the election of the four Class II director nominees, the approval, on an advisory basis, of the compensation of our named executive officers or the approval of the Amended and Restated LHC Group, Inc. 2006 Employee Stock Purchase Plan. Without your voting instructions on these matters, a broker non-vote will occur with respect to your shares. Shares subject to broker non-votes will not be considered present at the annual meeting for purposes of determining the existence of a quorum.

What are the voting requirements to elect the directors and to approve each of the proposals discussed in this proxy statement?

Proposal	Voting Options	Vote Required to Adopt the Proposal	Effect of Abstentions	Effect of Broker Non-Votes
No. 1: Election of four Class II director nominees	For all nominees; withhold vote for all nominees; or for all nominees except for nominees indicated	Plurality of votes cast	N/A	No effect
No. 2: Approval, on an advisory basis, of the compensation of our named executive officers	For, against or abstain	Affirmative vote of a majority of the voting power present in person or by proxy and entitled to vote on the proposal	Treated as votes against	No effect
No. 3: Ratification of the appointment of our independent registered public accounting firm	For, against or abstain	Affirmative vote of a majority of the voting power present in person or by proxy and entitled to vote on the proposal	Treated as votes against	N/A
No. 4: Approval of the Amended and Restated LHC Group, Inc. 2006 Employee Stock Purchase Plan	For, against or abstain	Affirmative vote of a majority of the voting power present in person or by proxy and entitled to vote on the proposal	Treated as votes against	No effect

In contested elections (where the number of nominees exceeds the number of directors to be elected) and in uncontested elections, our directors are elected by a plurality of the votes cast. Under our bylaws, all other matters require the affirmative vote of the holders of a majority of the voting power present in person or by proxy and entitled to vote on the proposal.

Table of Contents

Can I revoke or change my voting instructions after I deliver my proxy?

Yes. Your proxy can be revoked or changed at any time before it is used to vote your shares of our common stock by notice in writing to our Corporate Secretary, by our timely receipt of another proxy with a later date or by voting in person at the annual meeting. Your attendance alone at the annual meeting will not be enough to revoke your proxy.

How will votes be counted?

An inspector of elections will be appointed to, among other things, determine the number of shares of our common stock outstanding on the record date, the number of shares of our common stock represented at the annual meeting, the existence of a quorum and the authenticity, validity and effect of proxies, to receive votes of ballots, to hear and determine all challenges and questions in any way arising in connection with the right to vote, to count and tabulate all votes and to determine the results of the matters considered at the annual meeting.

Who pays for soliciting proxies?

We pay all expenses of soliciting proxies for the annual meeting. In addition to solicitations by mail, arrangements have been made for brokers and other nominees to send proxy materials to the beneficial owners, and we will reimburse them for their reasonable expenses. We may have our employees or other representatives (who will receive no additional compensation for their services) solicit proxies by telephone, e-mail, personal interview or other means.

Could other matters be considered and voted upon at the annual meeting?

The board of directors does not expect to bring any other matter before the annual meeting, and it is not aware of any other matter that may be considered at the annual meeting. In addition, pursuant to our bylaws, the time has elapsed for any stockholder to properly bring a matter before the annual meeting. However, if any other matter does properly come before the annual meeting, the proxy holders will vote the proxies in their discretion.

What happens if the annual meeting is postponed or adjourned?

Unless a new record date is fixed, your proxy will still be valid and may be voted at the postponed or adjourned annual meeting. You will still be able to change or revoke your proxy until it is used to vote your shares of our common stock.

Do I need identification to attend the annual meeting in person?

Yes, please bring proper identification. If you are a beneficial owner, please bring acceptable proof of ownership, such as a letter from your broker, bank, trustee or other nominee or an account statement showing that you beneficially owned shares of our common stock on the record date.

How can stockholders present proposals and director nominations for our 2014 annual meeting?

If a stockholder wants to have a proposal formally considered at our 2014 annual meeting of stockholders and included in our 2014 proxy statement, we must receive the proposal in writing at our principal executive offices by January 7, 2014, and the proposal must comply with applicable rules of the Securities and Exchange Commission (SEC).

If a stockholder wants to make a proposal or submit a director nomination for consideration at our 2014 annual meeting of stockholders but does not wish to have it included in our proxy statement, we must receive the proposal in writing at our principal executive offices no earlier than February 6, 2014 and no later than March 8,

2014. If the date of the 2014 annual meeting of stockholders is more than 30 days before or after June 20, 2014 (the anniversary date of the 2013 annual meeting of stockholders), to be timely, the stockholder must deliver notice no later than the close of business on the later of 90 days prior to the 2014 annual meeting of stockholders or 10 days following the day on which the company first makes public announcement of the date of the 2014 annual meeting of stockholders. See the section titled "The Board of Directors and Corporate Governance - Director Nominee Evaluation Process" for additional information about stockholder nominations. All stockholder proposals and director nominations must comply with the requirements of our bylaws. The requirements of our bylaws are separate from and in addition to the applicable rules of the SEC that a stockholder must meet in order to have a stockholder proposal included in our proxy statement.

The address of our principal executive offices to which proposals and nominations should be directed is 420 West Pinhook Road, Suite A, Lafayette, Louisiana 70503.

THE BOARD OF DIRECTORS AND CORPORATE GOVERNANCE

Independence of Directors

Our board of directors has reviewed the independence of each of our directors in light of the definition of independent director as that term is defined in the applicable listing standards of the Nasdaq Stock Market, LLC (NASDAQ). As a result of this review, we affirmatively determined that all of the directors are independent, with the exception of Keith G. Myers, our Chief Executive Officer, and John L. Indest, who was employed by the company until August 31, 2011 and currently serves as a consultant to the company.

In determining the independence of each director pursuant to the applicable rules, we evaluated four relationships that did not constitute related party transactions and, therefore, do not require disclosure pursuant to Item 404(a) of Regulation S-K. In considering whether Dan S. Wilford qualifies as an independent director, we reviewed the company's employment arrangement with Ned B. Wilford, the brother of Dan Wilford. We concluded that the employment arrangement did not disqualify Dan Wilford as an independent director. Second, in considering whether Senator John B. Breaux qualifies as an independent director, we reviewed the company's relationship with Patton Boggs, which provides consulting services to the company, and of which Senator Breaux is Senior Counsel. We concluded that the relationship did not disqualify Senator Breaux as an independent director. Third, in considering whether Congressman W.J. Billy Tauzin qualifies as an independent director, we reviewed the company's relationship with Alston & Bird, which provides legal and policy related services to the company, and of which Congressman Tauzin serves in a consulting capacity as Special Legislative Counsel. We concluded that the relationship did not disqualify Congressman Tauzin as an independent director. Finally, in considering whether Christopher S. Shackelton qualifies as an independent director, we reviewed the company's relationship with Coliseum Capital Management, LLC, which beneficially owns more than 10% of our outstanding shares of common stock, and of which Mr. Shackelton is the managing partner. We concluded that the relationship did not disqualify Mr. Shackelton as an independent director.

Board Leadership Structure; Succession Planning

Our board of directors currently combines the role of Chairman of the Board with the role of Chief Executive Officer. We have also established a Lead Director position held by an independent director to further strengthen our governance structure. We believe this structure provides an efficient and effective leadership model for the company. Combining the Chairman and Chief Executive Officer roles fosters clear accountability, effective decision-making, and alignment on corporate strategy, while appointing a Lead Director ensures that an independent director serves in a board leadership position, allowing the independent directors to effectively oversee company management and key issues related to strategy, risk and integrity. To further assure effective independent oversight, we have adopted a number of governance practices, including:

executive sessions of the independent directors after every board meeting; and

annual performance evaluations of the Chairman and Chief Executive Officer by the independent directors.

Congressman Tauzin has served as our Lead Director since January 2005. The Lead Director's duties include preparing and reviewing agendas and minutes of committee meetings and pertinent board issues and presiding at regularly scheduled executive sessions and other meetings of the independent directors.

We recognize that no single leadership model is right for all companies and that, depending on the circumstances, other leadership models, such as a separate independent Chairman of the Board, might be appropriate. Accordingly, our board of directors periodically reviews our leadership structure.

A key responsibility of the Chief Executive Officer and the board of directors is ensuring that an effective process is in place to provide continuity of leadership over the long term at all levels in the company. Each year,

Table of Contents

succession-planning reviews are held at every significant organizational level of the company. During this review, the Chief Executive Officer and the members of the Nominating and Corporate Governance Committee discuss future candidates for senior leadership positions, succession timing for those positions, and development plans for the highest-potential candidates. This process ensures continuity of leadership over the long term, and it forms the basis on which the company makes ongoing leadership assignments. It is a key success factor in managing the long planning and investment lead times of our business.

In addition, the Chief Executive Officer maintains in place at all times, and reviews with the Nominating and Corporate Governance Committee, a confidential plan for the timely and efficient transfer of his responsibilities in the event of an emergency or his sudden incapacitation or departure.

Risk Oversight

Our enterprise risk management is an overarching ongoing governance process for identifying, ranking, and managing the risks of our business. Top risks that have been identified through this process are managed by the executive team and assigned to the senior managers responsible for coordinating the monitoring, reporting and risk mitigation activities associated with such risks, which may be financial, operational or strategic in nature. Senior managers periodically provide detailed reports to the board of directors or its committees. Accountability to a committee of the board of directors is based on the nature of the risk and the applicable responsibilities of the committee. For all other risks not applicable to a committee, accountability is with the board of directors. For example, financial related risks are reviewed with the Audit Committee, governance related risks are reviewed by our Nominating and Corporate Governance Committee, while strategic risks are reviewed with the full board. The board of directors has delegated to the Compensation Committee the responsibility of assessing the risks associated with our compensation practices and policies for employees, including a consideration of the counterbalance of risk-taking incentives and risk-mitigating factors in our practices and policies.

Based on the results of the Compensation Committee's risk assessment, management has concluded that our current compensation policies and practices do not create risks that are reasonably likely to have a material adverse effect on the company. Our management also believes that our incentive compensation arrangements do not encourage risk-taking beyond our organization's ability to effectively identify and manage significant risks, are compatible with effective internal controls and our risk management practices, and are supported by the oversight and administration of the Compensation Committee with regard to executive compensation programs.

Committees and Meetings of the Board of Directors

During 2012, the board of directors held four meetings and took additional action, from time to time, by unanimous written consent. All of our directors attended at least 75% of the aggregate number of meetings held in 2012 by the board of directors and its committees on which he or she served, except for Kenneth E. Thorpe who missed the May meetings due to a previously scheduled speaking engagement and the November meetings due to a previously scheduled teaching conflict. We have established a policy encouraging all members of the board of directors to attend each annual meeting, particularly with respect to those directors who are up for election at any such annual meeting. Four members of the board of directors attended the 2012 annual meeting.

We have adopted a policy relating to executive sessions of the board of directors. Under this policy, no less frequently than semi-annually, the board of directors is required to meet in executive sessions in which independent directors meet separately from the non-independent directors and members of management. Although the policy only requires semi-annual meetings in executive sessions, the board of directors has an executive session after each board meeting, and, as a result, the independent members of the board of directors held four executive sessions during 2012.

We have established five committees of the board of directors: the Audit Committee, the Compensation Committee, the Nominating and Corporate Governance Committee, the Clinical Quality Committee and the

Corporate Development Committee, each of which is briefly described below. The following table shows the current membership of these committees:

We have also determined that Mr. Lewis is an audit committee financial expert, as defined by Item 407(d)(5) of Regulation S-K. A description of Mr. Lewis' qualifications with regard to his status as an audit committee financial expert can be found in the biographical information set forth in the section titled Information about Director Nominees, Continuing Directors and Management.

The Audit Committee was established in accordance with Section 3(a)(58)(A) of the Exchange Act and the charter of the Audit Committee is available on our website at www.LHCGroup.com under Corporate Governance.

The Audit Committee performs the following functions, among others:

Selects our independent audit firm (whose duty it is to audit the financial statements of the company and its subsidiaries for the fiscal year in which it is appointed) and has the sole authority and responsibility to approve all audit and engagement fees and terms, as well as all significant, permitted non-audit services by our independent auditors;

The other special committee members did not receive additional compensation for their service on the special committee. The company's strategic alternatives review process ended on June 11, 2012.

Director Nominee Evaluation Process

The Nominating and Corporate Governance Committee is responsible for seeking individuals qualified to become board members, conducting appropriate inquiries into the backgrounds and qualifications of possible board nominees and proposing nominees for board membership to the board of directors for its approval. The Nominating and Corporate Governance Committee will consider candidates for board membership suggested by its members and other board members, as well as by management and stockholders.

The Nominating and Corporate Governance Committee seeks to ensure that the composition of the board of directors at all times reflects a variety of complementary experiences and backgrounds sufficient to provide sound and prudent guidance with respect to the operations and interests of the company. The Nominating and Corporate Governance Committee will evaluate prospective nominees considering certain factors, including:

the commitment of the prospective nominee to represent the long-term interests of our stockholders;

the prospective nominee's standards of character and integrity;

the prospective nominee's financial literacy;

Edgar Filing: LHC Group, Inc - Form DEF 14A

the prospective nominee's ability to dedicate sufficient time, energy and attention to the diligent performance of his or her duties, including the prospective nominee's service on other public company boards;

the prospective nominee's independence and absence of any conflicts of interest that would interfere with his or her performance as a director; and

the extent to which the prospective nominee contributes to the range of talent, skill and expertise appropriate for the board of directors.

The Nominating and Corporate Governance Committee strives to ensure that at least one member of the board of directors meets the criteria for an audit committee financial expert, as defined by Item 407(d)(5) of

Table of Contents

Regulation S-K, and that a majority of the members of the board of directors meet the definition of "independent director" under the listing standards of NASDAQ. The Nominating and Corporate Governance Committee also believes it appropriate for certain members of management to participate as members of the board. Other than the foregoing, there are no stated minimum criteria for director nominees, although the Nominating and Corporate Governance Committee may also consider such other factors as it deems are in the best interests of the company and its stockholders, such as the current composition of the board of directors, the balance of management and independent directors and the need for specialized expertise.

Annually, the Nominating and Corporate Governance Committee reviews with the full board the appropriate experience, skills and characteristics expected of the board members in the context of the current make-up of the board of directors. In accordance with our Corporate Governance Guidelines, the Nominating and Corporate Governance Committee's annual review includes assessing the diversity of the board of directors and whether board members possess certain skills, such as an understanding of financial statements and financial reporting systems, an understanding of the healthcare industry, experience in operations, experience in governmental matters and experience in acquisitions. We view and define diversity in its broadest sense, which includes gender, ethnicity, education, experience and leadership qualities. If, as a result of the assessment, the Nominating and Corporate Governance Committee determines that adding or replacing a director is advisable, the Nominating and Corporate Governance Committee initiates a search for a suitable candidate to fulfill the board's needs from a diverse pool of candidates.

The Nominating and Corporate Governance Committee identifies nominees by first evaluating the current members of the board of directors willing to continue in service. Current members of the board with skills and experience that are relevant to our business and who are willing to continue in service are considered for re-nomination, balancing the value of continuity of service by existing members of the board of directors with that of the need for additional skills or experience from new board members. If any member of the board of directors does not wish to continue in service, or if the Nominating and Corporate Governance Committee or the full board decides not to re-nominate a current board member for re-election, the Nominating and Corporate Governance Committee identifies the desired skills and experience for a new nominee in light of the criteria for board members described above. The Nominating and Corporate Governance Committee considers new candidates for the board of directors recommended by current members of the board or members of management. In addition, the Nominating and Corporate Governance Committee may, to the extent it deems appropriate, retain a professional search firm and other advisors to identify potential nominees for director. The Nominating and Corporate Governance Committee also considers director candidates recommended by eligible stockholders. The criteria employed by the Nominating and Corporate Governance Committee in evaluating potential nominees do not differ based on whether the candidate is recommended by a stockholder of the company.

A stockholder who wishes to recommend a prospective nominee for the board of directors to the Nominating and Corporate Governance Committee should submit a written notice by mail to the Nominating and Corporate Governance Committee, c/o Corporate Secretary, LHC Group, Inc., 420 West Pinhook Road, Suite A, Lafayette, Louisiana 70503. Such a written recommendation must be received not less than 120 calendar days nor more than 150 calendar days before the first anniversary of the date the company's notice of annual meeting was first sent to stockholders in connection with the previous year's annual meeting.

Stockholder recommendations to the Nominating and Corporate Governance Committee should include, at a minimum:

the candidate's name, age, business addresses and other contact information;

a complete description of the candidate's qualifications, experience, background and affiliations, as would be required to be disclosed in the proxy statement pursuant to the applicable rules of the SEC;

a sworn or certified statement by the candidate in which he or she consents to being named in the proxy statement as a nominee and to serve as a director if elected; and

the name and address of the stockholder(s) of record making such a recommendation.

Table of Contents

Stockholders may also continue to make their own direct nominations to the board of directors, for election at an annual or special meeting of the stockholders, in accordance with the procedures set forth in our bylaws relating to stockholder nominations. To be timely, a stockholder's notice shall be delivered to our Corporate Secretary at our principal executive offices not less than 60 or more than 90 days prior to the first anniversary of the date on which we first mailed its proxy materials for the preceding year's annual meeting of stockholders; provided, however, that if no proxy materials were mailed by us in connection with the preceding year's annual meeting, or if the date of the annual meeting is advanced more than 30 days prior to or delayed by more than 30 days after the anniversary of the preceding year's annual meeting, notice by the stockholder to be timely must be so delivered not later than the close of business on the later of (a) the 90th day prior to such annual meeting or (b) the 10th day following the day on which public announcement of the date of such annual meeting is first made. There have been no changes to the procedures by which stockholders may recommend nominees to our board of directors, as set forth above, since our disclosure of such procedures in the definitive proxy statement for our 2012 annual meeting of stockholders. Neither our Corporate Secretary nor the Nominating and Corporate Governance Committee has received any nominations from any of our stockholders in connection with the 2013 annual meeting.

The board of directors accepts communications sent by our stockholders. Stockholders may communicate with the board of directors (or with specified individual directors) by writing to them at LHC Group, Inc., c/o Corporate Secretary, 420 West Pinhook Road, Suite A, Lafayette, Louisiana 70503. Due to his affiliation with Coliseum, Mr. Shackelton requested and we agreed that payment of his non-employee director compensation (both cash and equity compensation) will be assigned and payable directly to Coliseum. Pursuant to our Second Amended and Restated 2005 Non-Employee Directors Compensation Plan, Mr. Shackelton was entitled to receive 3,500 shares of restricted stock on the day following his election to the board of directors, one-third (or 1,166, 1,166 and 1,167 shares, respectively) of which would vest on a three-year vesting schedule, subject to Mr. Shackelton's continued service on the board of directors. The amount of such cash payment will be equal to the fair market value of the shares of common stock that would have vested on that date. The

aggregate grant date fair value of this award will be reflected in the 2013 Director Compensation table in our 2014 proxy statement.
Director Compensation Plan

Our Second Amended and Restated 2005 Non-Employee Directors Compensation Plan, as amended, which we refer to as the Director Compensation Plan, provides for both cash and equity compensation for our non-employee directors. \$9,000 annual cash retainer, payable on a monthly basis, for service as a member (other than Chair) on the Audit Committee; and

\$1,500 meeting fee, payable for each board meeting.

Equity Compensation

The Director Compensation Plan provides for annual grants of restricted stock to non-employee directors. On March 1, 2012, each non-employee director received an award of restricted stock having an aggregate value equal to approximately \$55,000, except Mr. Shackelton, who was not yet appointed to the board of directors. The number of shares of restricted stock awarded to each non-employee director was determined by dividing \$55,000 by the fair market value per share as of the date of grant (rounded up to the nearest hundred shares). These annual restricted stock grants vest on the first anniversary of the grant date.

Table of Contents

In addition, the Director Compensation Plan provides that new directors, other than the Lead Director, receive an initial grant of 3,500 shares of restricted stock in connection with his or her election or appointment to the board of directors. The Lead Director receives an initial grant of 7,000 shares of restricted stock in connection with his or her appointment as Lead Director. These initial grants of restricted stock vest one-third on the date of grant and one-third on each of the first two anniversaries of the grant date. As discussed, Mr. Shackelton was appointed to the board of directors on November 14, 2012. Based on Mr. Shackelton's affiliation with Coliseum, in lieu of making the initial grant of 3,500 restricted shares directly to Mr. Shackelton, the board of directors granted to Coliseum the right to receive a cash payment on each of November 15, 2013, November 15, 2014 and November 15, 2015, subject to Mr. Shackelton's continued service on the board of directors. The amount of each such cash payment will be equal to the fair market value of shares of common stock as of the payment date (1,166 shares on November 15, 2013, 1,166 shares on November 15, 2014 and 1,167 shares on November 15, 2015).

Benefits

We reimburse each non-employee director for expenses associated with attending board and committee meetings and other board-related activities. Non-employee directors do not receive other benefits from the company with the exception of Mr. Indest who, along with his spouse, participates in our medical insurance plan pursuant to Mr. Indest's consulting agreement with the company.

Role of Independent Compensation Consultants

To assist in evaluating our compensation practices, the Compensation Committee from time to time retains an independent compensation consultant to provide advice and ongoing recommendations regarding board member compensation practices that are consistent with our business goals and pay philosophy. We believe that this input and advice produces more informed decision-making and assures that an objective perspective is considered in this important governance process. In the fall of 2012, the Compensation Committee retained the executive compensation consulting services of Pearl Meyer & Partners (PM&P). Specifically, the Compensation Committee instructed PM&P to (i) review the total compensation package we pay to our board members, (ii) assess the competitiveness and reasonableness of our compensation program as compared to a peer group of companies within the health care industry with similar revenue levels and market capitalization, and (iii) provide conclusions and recommendations for the current and future total compensation packages for our board members. We referred to the results of this study, and also internally reviewed current industry and market practices within our peer group, when we established compensation levels for our board members for 2013. PM&P has no other relationship with our company. The Compensation Committee has assessed the independence of PM&P and concluded that PM&P's work did not raise any conflicts of interest.

SECTION 16(A) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Under Section 16(a) of the Exchange Act, our directors, executive officers and any person beneficially owning more than 10% of our outstanding common stock are required to report their ownership of our securities and any changes in that ownership to the SEC. These persons also are required by SEC regulations to furnish us with copies of all Section 16(a) reports they file. Specific due dates for these reports have been established, and we must report in this proxy statement any failure to make required filings on a timely basis for the fiscal year ended December 31, 2012. PROPOSAL 1:

ELECTION OF DIRECTOR NOMINEES

THE BOARD OF DIRECTORS RECOMMENDS THAT STOCKHOLDERS VOTE FOR

PROPOSAL 1: THE ELECTION OF DIRECTOR NOMINEES, JOHN L. INDEST,

RONALD T. NIXON, W.J. BILLY TAUZIN AND KENNETH E. THORPE,

AS CLASS II DIRECTORS.

The term of the four Class II directors expires at the 2013 annual meeting. The current Class II directors are John L. Indest, Ronald T. Nixon, W.J. Billy Tauzin and Kenneth E. Thorpe. The Nominating and Corporate Governance Committee conducted an evaluation of each Class II director nominee to evaluate his performance prior to recommending to the board his nomination for an additional term as a director. Upon the recommendation of the Nominating and Corporate Governance Committee, which consists entirely of independent directors, we nominate Messrs. Indest, Nixon, Tauzin and Thorpe for election as Class II directors to serve until the annual meeting of stockholders in 2016 and until their successors have been elected and qualified. For additional information about each of the Class II director nominees, see the section titled Information about Directors, Nominees and Management.

Each nominee for election at the annual meeting has consented to be a candidate and to be so named in this proxy statement and to serve, if elected. We do not know of any reason why any nominee would be unable or, if elected, will decline to serve as a director. If any nominee becomes unable or unwilling to serve, we may either reduce the number of directors to be elected or select a substitute nominee. If a substitute nominee is selected, the persons named as proxies will vote your shares for the substitute nominees, unless you have voted WITHHOLD with respect to the original nominee.

Directors are elected by a plurality of the votes cast at the annual meeting. Therefore, the four nominees for election as Class II directors who receive the greatest number of votes cast at the annual meeting will be elected to the board as Class II directors. Shares may not be voted cumulatively, and proxies cannot be voted for a greater number of persons than the number of nominees named. Unless otherwise specified, the persons named as proxies will vote your shares FOR the election of John L. Indest, Ronald T. Nixon, W.J. Billy Tauzin and Kenneth E. Thorpe as Class II directors. Abstentions, withheld votes and broker non-votes will have no effect on the plurality vote for the election of directors. For additional information on the voting requirements, see the section titled Questions and Answers about the Proxy Materials, Annual Meeting and Voting.

COMPENSATION DISCUSSION AND ANALYSIS

In this section of our proxy statement, we provide an overview and analysis of our executive compensation program and policies, the material compensation decisions we have made under those programs and policies with respect to our named executive officers, and the material factors that the Compensation Committee considered in making those decisions. Immediately following this section, you will find a series of tables containing specific information about the compensation earned or paid in 2012 to the following individuals, whom we refer to, collectively, as our named executive officers:

Keith G. Myers, our Chief Executive Officer;

Donald D. Stelly, our President and Chief Operating Officer;

Peter J. Roman, our Executive Vice President and Chief Financial Officer; and

Peter C. November, who served as our Executive Vice President, General Counsel and Corporate Secretary through July 31, 2012.

Executive Summary

We provide post-acute health care services through our home nursing agencies, hospices and long-term acute hospitals (LTACHs). During 2012, we acquired three home nursing agencies. As of December 31, 2012, we operated 274 locations in 19 states. The vast majority of our consolidated net service revenue comes from Medicare, and our objective is to become the leading provider of post-acute services to Medicare beneficiaries in the United States. For more information about our business, please see Business and Management's Discussion and Analysis of Financial Condition and Results of Operations in our annual report on Form 10-K for the fiscal year ended December 31, 2012.

The compensation program for our named executive officers is structured to support the achievement of our business objectives, and by design, overall executive compensation will rise or fall in tandem with our performance. We believe that each executive officer has the potential to affect both the short-term and long-term profitability of the company. Therefore, we place considerable importance on creating and implementing our executive compensation program to properly compensate and incentivize our named executive officers. Our

Table of Contents

executive compensation program emphasizes the creation of stockholder value by focusing on our overall performance and recognizing and rewarding each executive officer's contributions to our success. Highlights of our program include:

High Percentage of Executive Compensation is At-Risk or Performance-Based. More than half of the total direct compensation earned by each named executive officer in 2012 (base salary, annual cash incentive award, and time-vested restricted stock award) is at-risk or performance-based, meaning that it must be earned on the basis of corporate and individual performance goals (in the case of annual incentive awards) or its future value is contingent upon the future performance of our common stock (in the case of restricted stock). For Mr. Myers, our Chief Executive Officer, approximately 65% of his 2012 total direct compensation was at-risk or performance-based.

No Executive Perquisites or Retirement Benefits. We do not provide our executives with any perquisites or retirement benefits that are not generally available to our other full-time employees.

2012 Compensation Paralleled 2012 Corporate Performance. Executive compensation paid to our named executive officers in 2012 increased in tandem with our 2012 corporate performance, as certain performance metrics of our annual incentive plan paid out at target throughout the year.

No Excise Tax Gross-Ups. We have eliminated all excise tax gross-ups in change of control arrangements.

Our Compensation Philosophy

Our compensation philosophy is to integrate our compensation program with corporate performance by linking a portion of executive officer compensation to the achievement of financial goals that are critical to the success of the company. Our objective is to have a compensation program that will allow us to attract, motivate, and retain qualified executives, reward entrepreneurial thinking, and align the interests of our named executive officers with the interests of stockholders. In order to further this objective, our compensation program is structured to incorporate certain key principles, which are reflected in various elements of our compensation program, as summarized below:

Compensation Principle

Our executives should be provided with total compensation opportunities at levels that are competitive for comparable positions at companies with whom we compete for talent.

A significant portion of executive compensation should be linked to the company's achievement of performance goals and increased stock value in a way that proportionally rewards higher performance levels.

Each of our executive's interests should be closely aligned with those of our stockholders by making stock-based incentives a core element of our compensation program.

Element of Compensation Program that Reflects Principle

Based on review of competitive market data, total pay opportunities for our executives approximates the median level of compensation relative to our peer group.

Annual bonus awards are earned based on company performance and the value of restricted stock awards is based on our stock value. For 2012, the aggregate percentage of our named executive officers total compensation as reflected in the summary compensation table represented by annual bonus awards and restricted stock awards ranged from 61% to 65%, excluding Mr. November who worked a partial year.

We grant annual equity awards to our executives in the form of restricted stock based on company and individual executive performance.

Table of Contents

How We Determine and Assess Executive Compensation

We believe that the total compensation package available to our executives should be fair and competitive, should provide enhanced levels of financial reward based on higher levels of performance, and should be designed to recognize and reward both short- and long-term performance. As described below, the Compensation Committee determines appropriate elements and levels of compensation for our named executive officers based upon input from our Chief Executive Officer, market data provided by its compensation consultant, analysis of market data and trends, and an analysis of internal pay equity.

Role of Independent Compensation Consultants

To assist in evaluating our compensation practices, the Compensation Committee from time to time retains an independent compensation consultant to provide advice and ongoing recommendations regarding executive compensation practices that are consistent with our business goals and pay philosophy. We believe that this input and advice produces more informed decision-making and assures that an objective perspective is considered in this important governance process. In the fall of 2010, the Compensation Committee retained the executive compensation consulting services of PM&P. Specifically, the Compensation Committee instructed PM&P to (i) review the total compensation package (base salary, annual cash incentives and long-term equity incentives) we pay to our named executive officers, (ii) assess the competitiveness and reasonableness of our compensation program as compared to a peer group of companies within the health care industry with similar revenue levels and market capitalization, and (iii) provide conclusions and recommendations for the current and future total compensation packages for our named executive officers. When establishing compensation levels for our executive officers for 2012, we referred to the results of this study, and also internally reviewed current industry and market practices within our peer group. In the fall of 2012, the Compensation Committee once again engaged PM&P to conduct an executive compensation review, which was used in connection with executive compensation decisions for 2013. The Compensation Committee has assessed the independence of PM&P and concluded that PM&P's work did not raise any conflicts of interest. PM&P has no other relationship with our company.

Market Data and Peer Group

The Compensation Committee reviews and analyzes market data to ensure that our executive officer compensation is competitive with the marketplace. We consider the compensation levels, programs and practices of other companies within our industry and of comparable size in terms of revenue and market capitalization to assist us in setting our executive compensation so that it is market competitive. For 2012, we used the following peer group for these purposes (which group was established in 2010): Amedisys, Inc., Almost Family, Inc., Gentiva Health Services, Inc.; Odyssey HealthCare, Inc.; Chemed Corporation; RehabCare Group, Inc.; Hanger Orthopedic Group, Inc. (now Hanger, Inc.); Skilled Healthcare Group, Inc.; Healthways, Inc.; AmSurg Corporation; National HealthCare Corporation; America Service Group, Inc.; The Ensign Group, Inc.; RadNet, Inc.; Alliance HealthCare Services Inc.; IPC The Hospitalist Company Inc.; Continucare Corporation; and Addus HomeCare Corporation.

For 2012, we adjusted the compensation levels of our named executive officers after comparing to the above peer group. As our strategy changes and we leverage our capabilities into other markets, we intend to review the peer group to assure that we have the appropriate marketplace focus. The Compensation Committee used the reported market data, along with the PM&P report, to understand competitive compensation, industry trends and best practices regarding executive compensation.

Role of Executive Officers

Our Chief Executive Officer recommends to the Compensation Committee base salary, target bonus levels and long-term incentive awards for our executive officers, excluding himself. Our Chief Executive Officer bases these recommendations on data and analysis regarding our peer group, information provided by our

Table of Contents

compensation consultant, and qualitative judgments regarding individual performance. Our Chief Executive Officer is not present when the Compensation Committee discusses or determines any aspect of his pay.

Consideration of Say-on-Pay Vote Results

At our 2011 annual meeting, we held our first non-binding stockholder advisory vote on executive compensation (say-on-pay). Our stockholders overwhelmingly approved our fiscal 2010 and 2011 executive compensation, with approximately 98% of voting stockholders casting their vote in favor of each of the 2011 and 2012 say-on-pay resolutions. Because most of the significant 2012 compensation decisions had already been made at the time of the 2012 say-on-pay vote, the Compensation Committee primarily considered the results of the 2012 say-on-pay vote along with other factors when making executive compensation decisions for 2013. In making executive compensation decisions for 2012 and 2013, the Compensation Committee's main considerations included our stockholders' strong support for our executive compensation program, and the Compensation Committee's satisfaction with the 2011 and 2012 pay structure, as well as the 2010 PM&P report and other publicly available information. As a result, the Compensation Committee generally decided to maintain the 2012 pay structure for 2013, but adjusted pay levels in order to reflect market levels based upon peer group data.

Elements of Our Compensation Program

Our executive compensation program consists of the following three primary components: base salary, annual cash incentive awards (which are paid quarterly), and long-term equity incentive awards in the form of restricted stock grants. In addition, we provide certain other benefits, such as retirement benefits, which are available to all eligible employees, and severance benefits. The percentage mix of total compensation for 2012 for each named executive officer (as reported in the 2012 Summary Compensation Table under the heading Executive Compensation Tables below) is as follows:

Name	2012 Total Compensation (as Reported in the Summary Compensation Table)	FIXED		AT RISK/PERFORMANCE BASED	
		% Attributable to Salary and All Other Compensation	% Attributable to Cash Annual Bonus	% Attributable to Restricted Stock Grants	
Keith G. Myers	1,601,569	35%	32%		33%

(1) Mr. November voluntarily resigned on July 31, 2012. Mr. November received compensation through July 31, 2012.

Base Salary

We provide base salaries to our named executive officers as compensation for day-to-day responsibilities and sustained performance. Base salary provides our named executive officers with an element of compensation that is not at-risk. We consider a combination of objective and subjective factors in determining the appropriate base salaries for our named executive officers. Objective factors include salaries paid by companies in our peer group to officers in similar positions, base compensation paid to other company executives, and factors relating to the performance of the company, including net income, earnings per share, return on equity, and growth. Subjective factors relate to the performance of the individual executive officer, and include the following:

the executive officer's responsibilities;

the scope of the position;

experience and length of service with the company;

Table of Contents

individual efforts and performance within the company, the industry and the community;

team building skills consistent with the company's best interests; and

observance of our ethics and compliance program.

While these subjective factors are integrated with the objective factors mentioned above, the overall assessment is primarily a subjective one, intended to reflect the level of responsibility and individual performance of the particular executive officer. With these objective and subjective factors in mind, Mr. Myers conducts an annual merit review of the named executive officers, and based on this review, recommends base salaries to the Compensation Committee with respect to the named executive officers other than himself. The Compensation Committee determines the appropriate base salary for Mr. Myers after an annual performance review based on the same factors used to evaluate the other named executive officers.

Based on the subjective assessment discussed above and the Compensation Committee's desire to make these salary levels more competitive recognizing the opportunities available to our executives, the Compensation Committee approved base salary increases for all of our named executive officers for 2012.

Annual Cash Incentive Awards

The Compensation Committee believes that a significant portion of the total cash compensation for named executive officers should be based on our achievement of specific performance criteria, and that a significant part of the cash compensation package should be at-risk. For 2012, the Compensation Committee approved a cash incentive bonus program under which each named executive officer has the opportunity to earn either a target cash incentive bonus (Target Cash Bonus) or a threshold cash incentive bonus (Threshold Cash Bonus) based on our achievement of the applicable earnings per share target amount or earnings per share threshold amount and an additional cash incentive bonus based on our achievement of five non-financial performance goals, with each such cash incentive bonus calculated as a percentage of base salary as more fully described below.

The Target Cash Bonus is a percentage of annual base salary and for 2012 was 91% in the case of Mr. Myers, 78% in the case of Messrs. Stelly and Roman, and 53% in the case of Mr. November, who, as previously disclosed, resigned as our Executive Vice President, General Counsel and Corporate Secretary on July 31, 2012. Each quarter, an executive may earn 25% of the Target Cash Bonus based on our achievement of quarterly earnings per share targets which accumulate to the annual earnings per share target and the expectations of the company continuing to achieve the annual earnings per share target. If the annual earnings per share target is achieved, each executive may earn 100% of the Target Cash Bonus whether or not each quarterly earnings per share target was previously achieved.

Alternatively, if the applicable quarterly or annual earnings per share target is not achieved, each named executive officer could receive a quarterly Threshold Cash Bonus of 80% of their respective quarterly Target Cash Bonus based on our achievement of quarterly earnings per share thresholds which accumulate to the annual earnings per share threshold and the expectations of the company continuing to achieve the annual earnings per share threshold. As with the Target Cash Bonus, an executive may earn 25% of the Threshold Cash Bonus each quarter and if the annual earnings per share threshold is achieved, each executive may earn 100% of the Threshold Cash Bonus whether or not each quarterly earnings per share threshold was previously achieved.

In addition to either the Target Cash Bonus or the Threshold Cash Bonus, for each of the five non-financial performance goals listed below, each of which we believe is critical to our long term success, each named executive officer may earn an additional cash incentive bonus of 2% of his annual base salary. In the event all

Table of Contents

five of the non-financial performance goals listed below were achieved, each named executive officer would receive an aggregate additional cash incentive bonus of 10% of his annual base salary.

Performance Goals	1ST Quarter 2012 Actual Performance	2nd Quarter 2012 Actual Performance	3rd Quarter 2012 Actual Performance	4th Quarter 2012 Actual Performance
<i>Financial Performance Goals:</i>				
1. Company's achievement of earnings per share for 2012 being greater than the company's board approved budget for 2012 (the target amount)	Yes	Yes	Yes	Yes
<i>Non-Financial Performance Goals(1):</i>				
2. Company meets earnings per share goal and achievement of voluntary turnover threshold of 17%	N/A	N/A	N/A	Yes
3. Company meets earnings per share goal and achievement of patient satisfaction threshold of 88% as reported by Press Ganey	N/A	N/A	N/A	No
4. Company meets earnings per share goal and achievement of acute care hospitalization rate threshold of 33.5%	N/A	N/A	N/A	No
5. Company meets earnings per share goal and achievement of compliance error rate target of 4%	N/A	N/A	N/A	No
6. Company meets earnings per share goal and achievement of annual organic census growth rate greater than 5%	N/A	N/A	N/A	No

(1) These non-financial performance goals are measured on an annual basis and therefore are only applicable at the end of the fourth quarter. As reflected above, in 2012, we achieved our earnings per share target performance goals each quarter and for the year and achieved one of our non-financial performance goals. As a result, the named executive officers earned aggregate annual bonuses in the following amounts, which awards were 100% of the target bonuses that could have been achieved under the earnings per share component and an additional 2% for achievement of one non-financial performance goal: Mr. Myers, \$511,000; Mr. Stelly, \$379,500; Mr. Roman, \$307,600; and Mr. November, \$95,000, which reflects the quarterly earnings per share target payments through July 31, 2012.

Long-Term Equity Incentive Awards

The purpose of long-term equity incentives is to align our named executive officers' performance incentives more closely with the interests of stockholders. Since our initial public offering in 2005, we have provided annual long-term equity incentive awards to our named executive officers in the form of restricted stock awards. We continue to believe that these restricted stock awards have been and remain an excellent vehicle for providing financial incentives for management because they align the executives' interests with those of our stockholders and provide strong incentive for the creation of stockholder value. Time-based restricted stock also provides a strong retentive component to our compensation program.

Restricted Stock Awards Granted in 2012 Based on Fiscal Year 2011 Base Salary. The Compensation Committee determined that the grant date value of the 2012 restricted stock awards would be equal to a

Table of Contents

percentage of the named executive officer's 2011 base salary. The actual number of restricted shares awarded to the named executive officers was determined by dividing this grant date value by the fair market value of our common stock on the date of grant.

Messrs. Myers, Stelly, Roman and November had the opportunity to earn restricted shares with a grant date value equal to 102%, 102%, 88% and 103%, respectively, of the named executive officer's 2011 base salary.

These awards are reflected in the 2012 Grants of Plan-Based Awards table under the heading Executive Compensation Tables below.

Restricted Stock Awards Granted in 2013 Based on Fiscal Year 2012 Base Salary. The Compensation Committee determined that the grant date value of the 2013 restricted stock awards would be equal to a percentage of the named executive officer's 2012 base salary. The actual number of restricted shares awarded to the named executive officers was determined by dividing this grant date value by the fair market value of our common stock on the date of grant.

Messrs. Myers, Stelly, Roman and November had the opportunity to earn restricted shares with a grant date value equal to 91%, 85%, 90% and 97%, respectively, of the named executive officer's 2011 base salary. However, Mr. November voluntarily resigned on July 31, 2012 and, therefore, did not receive a restricted stock award in 2013 for his partial-year of service in 2012.

Timing of Equity Grants. Between our initial public offering in 2005 and the end of fiscal 2012, we made seven regular grants of restricted stock to our named executive officers. Except for the awards granted in June 2011, in each case these awards were approved at a regularly scheduled meeting of our Compensation Committee during the first fiscal quarter of the year, after review and consideration of the company's performance during the prior fiscal year. In 2011, the Compensation Committee delayed the regular equity grant in order to reevaluate its equity grant methodology. We do not have any program, practice or policy of timing equity awards in connection with the release of material non-public information.

No Executive Perquisites or Retirement Benefits

We do not provide any perquisites to our named executive officers that are not generally available to our other full-time employees.

Retirement benefits fulfill an important role within our overall executive compensation objective by providing a financial security component which promotes retention. However, our executives do not receive any retirement benefits that are not generally available to our other full-time employees. We maintain a 401(k) plan, a tax-qualified defined contribution retirement plan, in which our named executive officers are eligible to participate and we provide a discretionary match of up to 2% of employee eligible compensation. We do not maintain any excess benefit plans, defined benefit or pension plans, or any deferred compensation plans.

Severance and Change in Control Arrangements

During 2012, we maintained employment agreements with each of our named executive officers that provide, among other things, that the executive will be entitled to receive certain severance benefits in the event of a termination of his employment, and the executive will be entitled to increased benefits in the event that a termination of his employment follows a change in control of the company. Although we had an employment agreement with Mr. November, that agreement terminated in connection with his termination of employment with the company. We believe these employment agreements are an important element of our named executive officers' overall compensation package because they serve to ensure the continued focus and dedication of our named executive officers notwithstanding any personal concerns they may have regarding their own continued employment, either prior to or following a change in control. The increased benefits that are payable in the event of a termination following a change in control are designed to attract and retain qualified executives who might

Table of Contents

not otherwise join or remain with the company without financial protection in the event that they are forced out of the company following a change in control. These provisions are also intended to provide for continuity of management in the event of a change in control of the company. We believe that our severance and change in control arrangements are comparable to those provided by the companies in our peer group and competitive within our industry.

The Compensation Committee has decided that it will no longer provide gross-ups for the excise tax imposed by Section 4999 of the Internal Revenue Code in connection with change in control arrangements. Accordingly, as prior employment agreements with our named executive officers expired, we revised those agreements to eliminate the tax gross-up provisions. As of the date of this proxy statement, none of our named executive officers are entitled to a tax gross-up in connection with a change of control payment.

The potential severance and change in control benefits payable under these agreements are more fully described in the section titled Potential Payments upon Termination of Employment.

Tax and Accounting Considerations

The accounting and tax treatment of compensation generally has not been a factor in determining the amounts of compensation for our named executive officers. However, the Compensation Committee and management have considered the accounting and tax impact of various program designs to balance the potential cost to us with the benefit/value to the executive.

Section 162(m) of the Internal Revenue Code generally disallows a tax deduction to public companies for compensation over \$1 million paid to certain named executive officers unless certain conditions are met. The Compensation Committee does not have a policy requiring executive compensation to qualify as deductible under Section 162(m), and has retained discretion to compensate executives in a manner commensurate with performance and the competitive landscape for executive talent. Excluding a portion of Messrs. Myers and Stelly's compensation, we expect that the remaining compensation paid to our executive officers in 2012 did not meet the \$1 million threshold and should be fully deductible by the company.

Table of Contents**EXECUTIVE COMPENSATION TABLES**

The tables below summarize the total compensation paid to or earned by our named executive officers. See the section titled Compensation Discussion and Analysis for a more detailed discussion of our executive compensation program.

- (1) The amounts reported in this column for 2012 reflect the earned annual base salary for each of our named executive officers. The amounts reported for 2011 and 2010 have been adjusted to reflect earned annual base salary rather than the actual amount of salary paid to each named executive officer in the applicable year, as was previously reported. The difference between earned annual base salary and the actual amount of cash incentive awards paid differ slightly due to the payment of cash incentive awards after the end of the quarter for which the incentive awards are granted. The company elected to adjust the previously reported amounts for consistency and ease of comparability. The amounts in reported in the Total column for 2011 and 2010 have also been adjusted to reflect this change.
- (2) The grant date fair value of the awards is determined pursuant to Accounting Standards Codification 718 and is based on the closing sales price per share of our common stock on the date of grant.
- (3) Reflects annual cash incentive awards earned based on performance. The amounts reported for 2011 and 2010 have been adjusted to reflect earned annual cash incentive awards rather than the actual amount of cash incentive awards paid to each named executive officer in the applicable year, as was previously reported. The earned annual cash incentive awards and the actual amount of cash incentive awards paid differ slightly due to the payment of cash incentive awards after the end of the quarter for which the incentive awards are granted. The company elected to adjust the previously reported amounts for consistency and ease of comparability. The amounts reported in the Total column for 2011 and 2010 have also been adjusted to reflect this change. POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE IN CONTROL**Employment Agreements**

We currently have employment agreements with each named executive officer (collectively, the Employment Agreements), with effective dates as detailed in the table below:

Name	Effective Date of Current Employment Agreements	Expiration Date of Employment Agreements
Keith G. Myers	January 1, 2011	December 31, 2013
Donald D. Stelly	August 27, 2010	August 27, 2013
Peter J. Roman	January 1, 2011	December 31, 2013

Each of the Employment Agreements will automatically renew for additional one-year periods unless either party gives notice to the other of its intent not to renew the agreement. The Employment Agreements provide that each executive is entitled to a minimum annual base salary (subject to annual review and increases for merit performance) and is entitled to participate in all incentive, savings, retirement and welfare benefit plans generally made available to our senior executive officers. Each of these executives will have an opportunity to earn an annual cash bonus based upon achievement of performance goals established by the Compensation Committee. In addition, each of the executives is entitled to fringe benefits generally made available to our senior executive officers, and will be eligible for equity grants under our long-term incentive plans generally made available to our senior executive officers.

The Employment Agreements may be terminated by us at any time with or without cause (as defined therein), or by the executive with or without good reason (as defined therein). The agreements also terminate upon the death, disability or retirement of the executive. Depending on the reason for the termination and when it occurs, the executive will be entitled to certain severance benefits, as described below.

Termination for Cause; Resignation without Good Reason or due to Retirement

If an executive is terminated for cause or resigns without good reason (as such terms are defined in the agreements) or retires, the executive receives only the salary and vested benefits that have accrued through the date of termination or retirement. No other severance benefits are payable.

Table of Contents

Termination Due to Disability or Death

If an executive is terminated due to disability or death, the executive (or his estate) receives salary and vested benefits accrued through the date of termination. The executive's outstanding equity awards will vest and become immediately exercisable pursuant to the terms of our long-term incentive plans and applicable award agreements.

Termination without Cause; Resignation for Good Reason

Under the current terms of the Employment Agreements for all executives, if the executive is terminated without cause or resigns for good reason, then the executive will be entitled to accrued salary, vested benefits, and a pro-rata portion of his annual bonus earned through the date of termination, as well as the continuation of health and welfare benefits for the COBRA-eligible period. In addition, the executive will be entitled to:

if the separation occurs prior to, or more than two years following, a change of control of the company: (A) severance payment equal to the product of 1.5 times the sum of (1) his base salary in effect as of the date of termination, and (2) the greater of the average of the annual bonuses earned by him for the two prior fiscal years, or his target bonus for the year in which the date of termination occurs; and (B) continued vesting of the executive's outstanding equity awards if the executive complies with applicable non-competition provisions.

if the separation occurs within two years following, a change of control of the company: (A) a severance payment equal to the product of 2.5 times the sum of (1) his base salary in effect as of the date of termination, and (2) the greater of the average of the annual bonuses earned by him for the two prior fiscal years, or his target bonus for the year in which the date of termination occurs; and (B) the immediate and full vesting of all of the executive's outstanding equity awards.

Restrictive Covenants

Each of the Employment Agreements contains confidentiality, non-compete and non-solicitation covenants that apply during the executive's employment with the company and for a two year period after the executive's termination of employment (or for a six month period if the executive's termination occurs within two years after a change in control).

Summary of Termination Payments and Benefits

The following table summarizes the value of the termination payments and benefits that our named executive officers would have received under their Employment Agreements if they had terminated employment on December 31, 2012 under the circumstances shown. The amounts shown in the table exclude distributions under our 401(k) retirement plan and any additional benefits that are generally available to all of our salaried employees.

As previously disclosed, effective July 31, 2012, Peter C. November resigned as Executive Vice President, General Counsel and Corporate Secretary of the company. Although we had an employment agreement with Mr. November, that agreement terminated in connection with his termination of employment with the company. The company paid Mr. November through July 31, 2012. In addition, in connection with his resignation,

Mr. November retained 19,953 shares of unvested restricted stock, which will vest over two years and forfeited all shares scheduled to vest after July 31, 2014.

- (1) Reflects a pro-rata payment of the executive's target annual bonus for 2012, based on the portion of the year elapsed prior to termination. As the table assumes that the executive was terminated on December 31, 2012, the amounts reflect full target annual bonus for 2012.
- (2) Reflects a severance payment equal to the product of 1.5 times, or 2.5 times in the event of a change in control, the sum of (1) the executive's base salary in effect as of the date of termination, and (2) the greater of the average of the annual bonuses earned by the executive for the two fiscal years, or his target bonus for the year in which the date of termination occurs.
- (3) Reflects the cost of providing continued health and welfare benefits to the executive after his date of termination of employment. We will pay the excess of the COBRA cost of such coverage over the amount that the executive would have had to pay for such coverage if he had remained employed and paid the active employee rate. Our obligations to provide health and welfare benefits cease in the event the executive participates in another employer sponsored plan or when the COBRA benefit expires (18 months from qualifying event).
- (4) Represents the fair market value of shares of restricted stock that would immediately vest upon termination each based on closing market price of our common stock as of December 31, 2012, which was \$21.30.

PROPOSAL 2

ADVISORY VOTE ON EXECUTIVE COMPENSATION

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR PROPOSAL 2, ADOPTION, ON AN ADVISORY BASIS, OF A RESOLUTION APPROVING THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS.

Pursuant to Section 14A of the Exchange Act, we provide our stockholders with the opportunity to vote to approve, on a non-binding, advisory basis, the compensation of our named executive officers, as disclosed in this proxy statement in accordance with the rules of the SEC. This vote does not address any specific item of compensation but rather the overall compensation of our named executive officers and our compensation philosophy and practices as disclosed in the section titled "Executive Officer Compensation." This disclosure includes the "Compensation Discussion and Analysis" and the "Executive Compensation Tables," including the accompanying narrative disclosures. Stockholders are asked to vote on the following resolution:

RESOLVED, that the stockholders of LHC Group, Inc. (the "Company") approve, on an advisory basis, the compensation of the Company's named executive officers as disclosed in the proxy statement for the Company's 2013 annual meeting of stockholders pursuant to Item 402 of Regulation S-K of the rules of the Securities and Exchange Commission.

We understand that executive compensation is an important matter for our stockholders. Our core executive compensation philosophy and practice continue to be based on pay for performance, and we believe that our compensation program is strongly aligned with the long-term interests of our stockholders. In considering how to vote on this proposal, we encourage you to review all the relevant information in this proxy statement, including the "Compensation Discussion and Analysis" (including its executive summary), the "Executive Compensation Tables," and the rest of the narrative disclosures regarding our executive compensation program in the section titled "Executive Officer Compensation."

While this advisory vote, commonly referred to as a "say-on-pay" vote, is not binding, our board and the Compensation Committee value the opinion of our stockholders and will consider the outcome of the vote when making future compensation decisions for our named executive officers. Following the recommendation of our stockholders at our 2011 annual meeting, we will hold a "say-on-pay" vote at each annual meeting until the next required vote of our stockholders regarding the frequency of "say-on-pay." We invite stockholders who wish to communicate with our board on executive compensation or any other matters to contact us as provided in the section titled "The Board of Directors and Corporate Governance - Stockholder Communications with the Board of Directors."

Approval of this proposal requires the approval of a majority of the voting power of the outstanding shares of common stock present, in person or by proxy, at the annual meeting and entitled to vote on the proposal. For additional information on the voting requirements, see the section titled "Questions and Answers about the Proxy Materials, Annual Meeting and Voting."

Table of Contents**PROPOSAL 3****RATIFICATION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM****THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR PROPOSAL 3, THE RATIFICATION OF THE APPOINTMENT OF KPMG LLP AS THE COMPANY'S REGISTERED INDEPENDENT PUBLIC ACCOUNTING FIRM.**

The independent accounting firm of KPMG LLP (KPMG) has served as our registered independent public accounting firm since August 20, 2008. Our Audit Committee has selected KPMG to conduct the annual audit of our financial statements for the fiscal year ending December 31, 2013. KPMG has no financial interest, direct or indirect, in the company and does not have any connection with the company except in its professional capacity as an independent auditor.

The ratification by the stockholders of the selection of KPMG as our registered independent public accounting firm is not required by law or by our bylaws. The board, consistent with the practice of many publicly held corporations, is nevertheless submitting ratification of its selection of KPMG to its stockholders for approval. If our stockholders do not ratify the selection of KPMG at the annual meeting, the Audit Committee may reconsider its selection of KPMG as our registered independent public accounting firm for the fiscal year ending December 31, 2013. Even if the selection of KPMG is ratified, the Audit Committee, in its sole discretion, may appoint a different independent registered public accounting firm at any time during the fiscal year if the Audit Committee determines that such a change would be in the best interests of the company and our stockholders.

Representatives of KPMG will be present at the annual meeting and will have an opportunity to make a statement, if they so desire, and to respond to appropriate questions.

The ratification of the selection of KPMG requires the approval of a majority of the voting power of the outstanding shares of common stock present, in person or by proxy, at the annual meeting and entitled to vote on the proposal. For additional information on the voting requirements, see the section titled Questions and Answers about the Proxy Materials, Annual Meeting and Voting.

Audit Committee Pre-Approval Policy

Our Audit Committee approves all fees to be paid for audit and audit related services, tax and all other fees of our independent auditor prior to engagement for those services.

Table of Contents

The Audit Committee is responsible for the appointment, compensation and oversight of the work performed by our independent registered public accounting firm. The Audit Committee has adopted a pre-approval policy requiring it to pre-approve all audit and audit-related services and permitted non-audit services provided by our independent registered public accounting firm in order to assure that the provision of such services does not impair their independence. The Audit Committee pre-approved all services provided by KPMG in 2011 and 2012. The Audit Committee has pre-approved all services to be provided by KPMG during 2013.

The Audit Committee pre-approval policy sets forth specified audit, audit-related, tax and other permissible non-audit services, if any, for which pre-approval is provided, without further approval by the Audit Committee, up to a maximum fee amount set annually by the Audit Committee. Pre-approval is generally provided for up to one year, and any proposed services exceeding these fee levels or any services not specifically identified in the policy must be specifically pre-approved by the Audit Committee. Our independent registered public accounting firm and management periodically report to the Audit Committee regarding the extent of services provided by the independent registered public accounting firm in accordance with this pre-approval policy. The Audit Committee may also pre-approve particular services on a case-by-case basis and may delegate specific pre-approval authority to one or more members pursuant to a resolution adopted by the unanimous approval of the Audit Committee, provided that the member reports any pre-approved services at the next regularly scheduled Audit Committee meeting.

REPORT OF THE AUDIT COMMITTEE OF THE BOARD OF DIRECTORS

The Audit Committee oversees the company's financial reporting process on behalf of the board of directors. Management has the primary responsibility for the financial statements and the financial reporting process, including the systems of internal controls over financial reporting. In fulfilling its oversight responsibilities, the Audit Committee reviewed and discussed with management the company's audited financial statements for the fiscal year ended December 31, 2012, including a discussion of the acceptability and quality of the accounting principles, the reasonableness of significant accounting judgments and the clarity of disclosures in the financial statements. In consultation with management, the Audit Committee also considered the company's financial reporting processes and reviewed and assessed the adequacy of internal controls over financial reporting.

The Audit Committee discussed with KPMG, the company's independent registered public accounting firm, the overall scope and plans for the audit. The Audit Committee has met with KPMG, with and without management present, to discuss the results of its observations of the company's internal controls, and the overall quality of the company's financial reporting.

The Audit Committee reviewed with KPMG, who are responsible for expressing an opinion whether the financial statements are presented fairly in all material respects in accordance with U.S. generally accepted accounting principles, their judgments as to the acceptability and quality of the company's accounting principles and such other matters as are required to be discussed with the Audit Committee under generally accepted auditing standards, including those matters required to be discussed by Statement on Auditing Standards No. 16, Communications with Audit Committees, which superseded Statement on Auditing Standards No. 61, as amended and as adopted by the Public Company Accounting Oversight Board (PCAOB) in Rule 3200T. The Audit Committee also reviewed and discussed with management and KPMG, management's report and KPMG's report and attestation on internal control over financial reporting in accordance with Section 404 of the Sarbanes-Oxley Act of 2002.

In addition, the Audit Committee has received the written disclosures from KPMG required by applicable requirements of the PCAOB regarding KPMG's communications with the Audit Committee concerning independence and has discussed those disclosures with KPMG. In addition, the Audit Committee discussed with KPMG their independence from management and the company. The Audit Committee also considered whether KPMG's provision, during 2012, of services that were unrelated to their audit of the company's financial statements and to their reviews of the company's interim financial statements during 2012 is compatible with maintaining KPMG's independence.

Members of the Audit Committee rely without independent verification on the information provided to them and on the representations made by management and KPMG. Based on the foregoing reviews and discussions with management and with KPMG, and the receipt of an unqualified opinion from KPMG dated March 18, 2013 regarding the company's audited financial statements for the fiscal year ended December 31, 2012, the Audit Committee recommended to the board of directors that the audited financial statements be included in the company's Annual Report on Form 10-K for the fiscal year ended December 31, 2012 for filing with the Securities and Exchange Commission.

PROPOSAL 4

APPROVAL OF THE AMENDED AND RESTATED LHC GROUP, INC.

2006 EMPLOYEE STOCK PURCHASE PLAN

**THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR PROPOSAL 4, THE APPROVAL OF
THE AMENDED AND RESTATED LHC GROUP, INC. 2006 EMPLOYEE STOCK PURCHASE PLAN.**

General

Upon the recommendation of our Compensation Committee, our board unanimously approved, and recommends that our stockholders approve, the Amended and Restated LHC Group, Inc. 2006 Employee Stock Purchase Plan (the "ESPP") to (1) increase the number of shares available for issuance and (2) extend the term from January 1, 2016 to January 1, 2023. A summary of the ESPP is set forth below. The summary is qualified in its entirety by reference to the full text of the plan, which is filed with this proxy statement as Annex A.

Purpose of the Proposal

We are seeking to amend and restate the LHC Group, Inc. 2006 Employee Stock Purchase Plan (the "Original Plan") in order to (1) increase the number of shares issuable by 250,000 shares of our common stock and (2) extend the term of the ESPP to January 1, 2023. The Original Plan was adopted by our board and approved by our stockholders on June 13, 2006. As of March 31, 2013, there were 42,017 shares of our common stock remaining available for issuance under the Original Plan.

The board believes that providing employees with a proprietary interest in the growth and performance of the company is crucial to stimulating individual performance while at the same time enhancing stockholder value. The purpose of the ESPP is to increase stockholder value and to advance the interests of the company and its subsidiaries by furnishing stock-based economic incentives designed to attract, retain, reward and motivate key employees to the company and to strengthen the mutuality of interests between such service providers and our stockholders. So that we may continue to motivate and reward our personnel with stock-based awards, the board believes it is important that we increase the number of shares of our common stock available under the Original Plan and that we extend the term of the Original Plan.

Summary of the Employee Stock Purchase Plan

Purpose of the ESPP

The ESPP offers eligible employees the opportunity to purchase shares of our common stock at a 5% discount off of the market price. Participation is strictly voluntary.

Administration

Subject to the express provisions of the ESPP, the Compensation Committee of our board has authority to interpret and construe the provisions of the ESPP, to adopt rules and regulations for administering the ESPP, and to make all other determinations necessary or advisable for administering the ESPP. The ESPP will be administered in order to qualify as an employee stock purchase plan under Section 423 of the Internal Revenue Code. The Compensation Committee has selected American Stock Transfer & Trust Company, LLC as the administrator to operate and perform day-to-day administration of the ESPP.

Stock Subject to the ESPP

Subject to adjustment as provided in the ESPP, the aggregate number of shares of our common stock reserved and available for issuance pursuant to the plan is 500,000, representing 250,000 shares reserved under the Original Plan and an additional 250,000 reserved under the ESPP. As of March 28, 2013, the closing price of a share of our common stock on NASDAQ was \$21.50.

Table of Contents

Eligibility; Grant and Exercise of Options

All employees of the company who are regularly scheduled to work at least 20 hours each week and at least five months each calendar year are eligible to participate in the ESPP on first offering date that occurs at least three months following their most recent date of hire with the company.

Offering Periods Under the ESPP

The ESPP provides for 3 month offering periods running for a calendar quarter beginning July 1, 2006. Eligible employees may elect to become a participant in the ESPP by submitting a request form to the administrator, which will remain effective from offering period to offering period unless and until the participant files a new request form. Participants may contribute between 1% and 10%, in whole percentages, of his or her gross base pay. The amount a participant may contribute to the ESPP is limited to \$3,750 per quarterly offering period. Payroll deductions will accumulate in a non-interest bearing contribution account held by American Stock Transfer & Trust Company, LLC, the Plan Administrator. All deductions are made on an after tax basis.

On the first day of an offering, participants will be granted an option to purchase on the last day of the offering (the purchase date) at the price described below (the purchase price) the number of full shares of our common stock which the cash credited to his or her contribution account on the purchase date will purchase at the purchase price. Unless a participant terminates employment or withdraws from the ESPP or an offering on or before the purchase date, his or her option to purchase shares of our common stock will be deemed to have been exercised automatically on the purchase date. The purchase price will be 95% of the fair market value of the shares of our common stock on the purchase date of the offering. No brokerage fees will be charged for these purchase transactions. If there is a cash balance remaining in a participant's contribution account at the end of an offering representing the exercise price for a fractional share of our common stock, such balance will remain in the contribution account to be used in the next offering, unless he or she requests that such amount be refunded. All shares of our common stock purchased will be held in the participant's name by the Plan Administrator.

Options granted under the ESPP are not transferable other than by will or by the laws of descent and distribution and options are exercisable only by the participant during his or her lifetime.

Termination of Employment and Withdrawal from the ESPP

If a participant's employment is terminated for any reason, his or her participation in the ESPP will terminate immediately and the balance, if any, in his or her contribution account will be returned in cash, without interest.

Participants may elect to withdraw from the ESPP at any time and receive back any of their contributions, without interest, not used to purchase shares of our common stock. If a participant wishes to withdraw his or her funds prior to a purchase, he or she must make their election to do so 30 days prior to the end of the offering period through the Plan Administrator. If a participant does withdraw, he or she will not be eligible to re-enroll until the beginning of the 2nd subsequent offering period (i.e. the participant may not participate in the offering period following the one from which he or she just withdrew).

Participants may sell their shares of our common stock at any time once shares have been credited to their account, in compliance with our Security Trades by Company Personnel: Insider Trading Policy. The tax consequences to a participant of selling his or her shares of our common stock depends on the length of time that such participant holds them, as described below.

Amendment and Termination of the ESPP

The Compensation Committee may amend the ESPP at any time; provided, however, that no amendment may, without stockholder approval, materially affect the eligibility requirements under the ESPP or increase the number of shares of common stock subject to any options issued to participants.

Table of Contents

The Compensation Committee may terminate the ESPP at any time. Upon termination of the ESPP, the Plan Administrator must give notice thereof to participants and will terminate all payroll deductions. Cash balances then credited to participants' contribution accounts will be distributed as soon as practicable, without interest.

Federal Income Tax Consequences to the Company and to Participants

The ESPP is designed to qualify as an employee stock purchase plan under Section 423 of the Code. A general summary of the federal income tax consequences regarding the ESPP is stated below. The tax consequences of participating in the ESPP may vary with respect to individual situations. Accordingly, participants should consult with their tax advisors in regard to the tax consequences of participating in the ESPP as to both federal and state income tax considerations.

Neither the grant nor the exercise of options under the ESPP will have a tax impact on the participant or on us. If a participant disposes of the common stock acquired upon the exercise of his options after at least two years from the date of grant and one year from the date of exercise, then the participant must treat as ordinary income the amount by which the lesser of (i) the fair market value of the common stock at the time of disposition, or (ii) the fair market value of the common stock at the date of grant, exceeds the purchase price. Any gain in addition to this amount will be treated as a capital gain. If a participant holds common stock at the time of his or her death, the holding period requirements are automatically deemed to have been satisfied and he or she will realize ordinary income in the amount by which the lesser of (i) the fair market value of the common stock at the time of death, or (ii) the fair market value of the share of our common stock at the date of grant exceeds the purchase price. We will not be allowed a deduction if the holding period requirements are satisfied. If a participant disposes of the shares of our common stock before expiration of two years from the date of grant and one year from the date of exercise, then the participant must treat as ordinary income the excess of the fair market value of the common stock on the date of exercise of the option over the purchase price. Any additional gain will be treated as long-term or short-term capital gain or loss, as the case may be. We will be allowed a deduction equal to the amount of ordinary income recognized by the participant.

Benefits to Named Executive Officers and Others

Participation in the ESPP is voluntary and we cannot presently determine the benefits or amounts that will be received pursuant to the ESPP in the future, as such amounts will depend on the amount of contributions eligible employees choose to make, the actual purchase price of shares in future offering periods, and the market value of the shares of our common stock on various future dates.

Vote Required

Approval of this proposal requires the approval of a majority of the voting power of the outstanding shares of our common stock present, in person or by proxy, at the annual meeting and entitled to vote on the proposal. For additional information on the voting requirements, see the section titled "Questions and Answers about the Proxy Materials, Annual Meeting and Voting."

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Indemnification Agreements with Directors

We have adopted provisions in our certificate of incorporation that limit the liability of our directors for monetary damages for breach of their fiduciary duties, except for liability that cannot be eliminated under the Delaware General Corporation Law (DGCL). DGCL provides that directors of a corporation will not be personally liable for monetary damages for breach of their fiduciary duties as directors, except liability for any of the following: (1) any breach of their duty of loyalty to the corporation or the stockholders; (2) acts or omissions not in good faith or that involve intentional misconduct or a knowing violation of law; (3) unlawful payments of dividends or unlawful stock repurchases or redemptions as provided in Section 174 of the DGCL; or (4) any transaction from which the director derived an improper personal benefit. This limitation does not apply to liabilities arising under the federal securities laws and does not affect the availability of equitable remedies such as injunctive relief or rescission.

Our bylaws also provide that we will indemnify our directors and executive officers and we may indemnify our other officers and employees and other agents to the fullest extent permitted by law. In addition, our bylaws permit us to secure insurance on behalf of any officer, director, employee or other agent for any liability arising out of his or her actions in such capacity, regardless of whether our bylaws would permit indemnification. We have entered into separate indemnification agreements with our directors, in addition to the indemnification provided by our certificate of incorporation and bylaws. These agreements, among other things, provide for indemnification of our directors for expenses, judgments, fines and settlement amounts incurred by our directors in any action or proceeding arising out of his or her services as a director or at our request.

Company Policy

We believe that business decisions and actions taken by our officers, directors and employees should be based on the best interests of the company, and must not be motivated by personal considerations or relationships. We attempt to analyze any transactions in which the company participates and in which a related person (as defined below) may have a direct or indirect material interest, both due to the potential for a conflict of interest and to determine whether disclosure of the transaction is required under applicable SEC rules and regulations.

In April 2007, the Audit Committee adopted a written policy and set of procedures for reviewing transactions between the company and related persons, including directors, nominees, executive officers, and any person known to be the beneficial owner of more than 5% of the company's voting securities or any immediate family member of an executive officer or director. The policy also covers any firm, corporation or other entity in which is owned or controlled by any such person, or in which such person has a substantial ownership interest. Prior to entering into a transaction with a related person, notice must be given to our General Counsel containing (i) the related person's relationship to the company and interest in the transaction, (ii) the material facts of the transaction, (iii) the benefits to the company of the transaction, (iv) the availability of any other sources of comparable products or services and (v) an assessment of whether the transaction is on terms comparable to those available to an unrelated third party. If our General Counsel and Chief Financial Officer determine that it is a related party transaction, the proposed transaction is submitted to the Audit Committee for its approval. The policy also provides for the annual review by the Audit Committee of ongoing related person transactions.

During 2012, the company did not have any transactions with related persons that required disclosure under the applicable SEC rules and regulations.

GENERAL INFORMATION

Delivery of Proxy Materials and Annual Reports

The delivery rules regarding proxy statements and annual reports may be satisfied by delivering a single copy of a proxy statement and annual report to an address shared by two or more stockholders. This method of delivery is referred to as householding. Currently, we are not householding for registered stockholders, but brokers, dealers, banks or other entities that hold common stock in street name for beneficial owners of common stock and that distribute proxy statements and annual reports they receive to beneficial owners may be householding. Such brokers, dealers, banks or other entities may deliver only one proxy statement and annual report to certain multiple stockholders who share an address, unless the company or such other distributor has received contrary instructions from one or more of those stockholders. We undertake to deliver promptly upon request a separate copy of the proxy statement and/or annual report to a stockholder at a shared address to which a single copy of these documents was delivered. Stockholders may notify us of their request(s) by calling (337) 233-1307 or by sending a written request addressed to our Corporate Secretary at LHC Group, Inc., 420 West Pinhook Road, Suite A, Lafayette, Louisiana 70503. In addition, stockholders who hold shares of our common stock in street name who prefer to receive separate copies of the annual report or proxy statement, or who are receiving multiple copies of annual reports or proxy statements and who prefer to receive a single copy, either now or in the future, should contact their broker, dealer, bank or other record holder entity.

Upon the written request of any stockholder entitled to vote at the annual meeting, the company will furnish, without charge, a copy of the company's Annual Report on Form 10-K for the year ended December 31, 2012, as filed with the Securities and Exchange Commission. ADMINISTRATION

3.1 Committee. The Plan shall be administered by a Committee appointed by the Board (which Committee shall consist of at least two directors) or, at the discretion of the Board from time to time, the Plan may be administered by the Board. Unless otherwise designated by the Board, the Compensation Committee of the Board of Directors of the Company shall serve as the Committee administering the Plan.

3.2 Action and Interpretations By the Committee. For purposes of administering the Plan, the Committee may from time to time adopt rules, regulations, guidelines and procedures for carrying out the provisions and purposes of the Plan and make such other determinations, not inconsistent with the Plan, as the Committee may deem appropriate. The Committee's determinations on the foregoing matters shall be conclusive and binding upon all persons. Each member of the Committee is entitled to, in good faith, rely or act upon any report or other information furnished to that member by any officer or other employee of the Company or any affiliate, the Company's or an affiliate's independent certified public accountants, Company counsel or any executive compensation consultant or other professional retained by the Company to assist in the administration of the Plan.

3.3 Authority of Committee. Subject to the express provisions of the Plan, the Committee has the exclusive power, authority and discretion to:

- (a) interpret and construe any and all provisions of the Plan;
- (b) adopt rules and regulations for administering the Plan,;
- (c) make all other determinations necessary or advisable for administering the Plan;
- (d) adopt such modifications, procedures, and subplans as may be necessary or desirable to comply with provisions of the laws of non-U.S. jurisdictions in which the Company or any participating Subsidiary may operate, in order to assure the viability of the benefits of Options granted to Participants located in such other jurisdictions and to meet the objectives of the Plan.

ARTICLE IV

ELIGIBILITY AND PARTICIPATION

4.1 Eligibility. All Employees shall be eligible to participate in the Plan as of the later of:

- (a) the first Offering Date that occurs at least three months following the Employee's most recent date of hire by an Employer; or
- (b) the Effective Date.

On each Offering Date, Options will automatically be granted to all Employees then eligible to participate in the Plan; provided, however, that no Employee shall be granted an Option for an Offering Period if, immediately after the grant, the Employee would own stock, and/or hold outstanding options to purchase stock, possessing five percent (5%) or more of the total combined voting power or value of all classes of stock of the Company or any Subsidiary. For purposes of this Section, the attribution rules of Code Section 424(d) shall apply in determining stock ownership of any Employee. If an Employee is granted an Option for an Offering Period and such Employee does not participate in the Plan for such Offering Period, such Option will be deemed never to have been granted for purposes of applying the \$25,000 annual limitation described in Section 6.2.

Table of Contents

4.2 Participation. An Eligible Employee having been granted an Option under Section 4.1 may submit a Request Form to the Administrator to participate in the Plan for such Offering Period. The Request Form shall authorize a regular payroll deduction from the Employee's Compensation for the Offering Period, subject to the limits and procedures described in Article VII. A Participant's Request Form authorizing a regular payroll deduction shall remain effective from Offering Period to Offering Period until amended or canceled under Section 8.1.

4.3 Leave of Absence. For purposes of Section 4.1, an individual on a leave of absence from an Employer shall be deemed to be an Employee for the first 90 days of such leave, or for such longer period of time that his or her entitlement to return to work is protected by statute or agreement with the Employer, if applicable. For purposes of this Plan, such individual's employment with the Employer shall be deemed to terminate at the close of business on the 90th day of the leave, unless the individual has returned to regular employment with an Employer before the close of business on such 90th day or his entitlement to return to work is protected by statute or agreement with the employer. Termination of any individual's leave of absence by an Employer, other than on account of a return to employment with an Employer, shall be deemed to terminate an individual's employment with the Employer for all purposes of the Plan.

ARTICLE V

STOCK AVAILABLE

5.1 In General. Subject to the adjustments in Sections 5.2 and 5.3, an aggregate of 500,000 shares of Common Stock shall be available for purchase by Participants pursuant to the provisions of the Plan. These shares may be authorized and unissued shares or may be shares issued and subsequently acquired by the Company. If an Option under the Plan expires or terminates for any reason without having been exercised in whole or part, the shares subject to such Option that are not purchased shall again be available for subsequent Option grants under the Plan. If the total number of shares of Common Stock for which Options are exercised on any Purchase Date exceeds the maximum number of shares then available under the Plan, the Administrator shall make a pro rata allocation of the shares available in as nearly a uniform manner as shall be practicable and as it shall determine to be equitable; and the balance of the cash credited to Participants' Contribution Accounts shall be distributed to the Participants as soon as practicable.

5.2 Adjustment in Event of Changes in Capitalization. In the event of a stock dividend, stock split or combination of shares, recapitalization or other change in the Company's capitalization, or other distribution with respect to holders of the Company's Common Stock other than normal cash dividends, an automatic adjustment shall be made in the number and kind of shares as to which outstanding Options or portions thereof then unexercised shall be exercisable and in the available shares set forth in Section 5.1, so that the proportionate interest of the Participants shall be maintained as before the occurrence of such event; provided, however, that in no event shall any adjustment be made that would cause any Option to fail to qualify as an option pursuant to an employee stock purchase plan within the meaning of Section 423 of the Code.

5.3 Dissolution or Liquidation. In the event of a proposed dissolution or liquidation of the Company, the Offering Period then in progress shall be shortened by setting a new Purchase Date (the "New Purchase Date"), and shall terminate immediately prior to the consummation of the dissolution or liquidation, unless otherwise provided by the Committee. The Company shall notify each Participant, at least ten (10) business days prior to the New Purchase Date, that the next Purchase Date has been changed to the New Purchase Date and that the Participant's Option shall be exercised automatically on the New Purchase Date, unless the Participant has withdrawn from the Offering Period, as provided in Section 8.1 hereof, prior to the New Purchase Date.

5.4 Merger or Asset Sale. In the event of a reorganization, merger, or consolidation of the Company with one or more corporations in which the Company is not the surviving corporation (or survives as a direct or indirect subsidiary of such other constituent corporation or its parent), or upon a sale of substantially all of the

Table of Contents

property or stock of the Company to another corporation, then, in the discretion of the Committee, (i) each outstanding Option shall be assumed, or an equivalent option substituted, by the successor corporation or its parent, or (ii) the Offering Period then in progress shall be shortened by setting a New Purchase Date, which shall be before the date of the proposed transaction. If the Committee sets a New Purchase Date, the Company shall notify each Participant, at least ten (10) business days prior to the New Purchase Date, that the Purchase Date has been changed to the New Purchase Date and that the Participant's Option shall be exercised automatically on the New Purchase Date, unless the Participant has withdrawn from the Offering Period, as provided in Section 8.1 hereof, prior to the New Purchase Date. In lieu of the foregoing, the Committee may terminate the Plan in accordance with Section 9.2.

ARTICLE VI

OPTION PROVISIONS

6.1 Purchase Price. The Purchase Price of a share of Common Stock purchased for a Participant pursuant to each exercise of an Option shall be the Designated Percent of the Fair Market Value of a share of Common Stock on the Purchase Date.

Until otherwise provided by the Committee, the Designated Percent for purposes of the foregoing sentence is 95 percent. The Committee may change the Designated Percent for any Offering Period but in no event shall the Designated Percent be less than 85 percent.

6.2 Calendar Year \$25,000 Limit. Notwithstanding anything else contained herein, no Employee may be granted an Option for any Offering Period which permits such Employee's rights to purchase Common Stock under this Plan and any other qualified employee stock purchase plan (within the meaning of Code Section 423) of the Company and its Subsidiaries to accrue at a rate which exceeds \$25,000 of Fair Market Value of such Common Stock for each calendar year in which an Option is outstanding at any time. For purposes of this Section, Fair Market Value shall be determined as of the Offering Date.

ARTICLE VII

PURCHASING COMMON STOCK

7.1 Participant's Contribution and Stock Accounts.

(a) **Contribution Account.** The Administrator shall establish a book account in the name of each Participant for each Offering Period, which shall be the Participant's Contribution Account. As discussed in Section 7.2 below, a Participant's payroll deductions shall be credited to the Participant's Contribution Account, without interest, until such cash is withdrawn, distributed, or used to purchase Common Stock as described below. All cash received or held by the Company under the Plan may be used by the Company for any corporate purpose. The Company shall not be obligated to segregate any assets held under the Plan.

(b) **Stock Account and Registration of Shares.** At the election of the Administrator, shares of Common Stock acquired upon exercise of an Option may be (i) registered in book entry form on the registration books maintained by the Company's transfer agent, (ii) certificated in the name of the Company and held by the Company as the nominee for the Participant, or (iii) registered in book-entry form in an account established on behalf of the Participant with a third-party brokerage firm. These shares shall be credited to the Participant's Stock Account. A Participant shall have all ownership rights to the shares credited to his or her Stock Account, and the Company shall have no ownership or other rights of any kind with respect to any such certificates or the shares represented thereby. The Company may enter into an arrangement with one or more third-party firms to administer the Stock Accounts of Participants.

7.2 Payroll Deductions; Dividends.

(a) **Payroll Deductions.** By submitting a Request Form at any time before an Offering Period in accordance with rules adopted by the Administrator, an Eligible Employee may authorize a payroll deduction to

Table of Contents

purchase Common Stock under the Plan for any Offering Period. The payroll deduction shall be effective on the first pay period during the Offering Period commencing after receipt of the Request Form by the Administrator. The payroll deduction shall be in any percentage up to a maximum of ten percent (10%) of such Employee's Compensation payable each pay period, and at any other time an element of Compensation is payable. Notwithstanding the foregoing, the Committee may impose a maximum dollar limit for payroll deductions in any one Offering Period, subject to Section 6.2. Until otherwise provided by the Committee, the maximum payroll deduction under the Plan by a Participant shall be \$3,750 per quarterly Offering Period (the maximum payroll deduction for the first Offering Period shall be \$7,500).

(b) Dividends. Cash or stock dividends paid on Common Stock which is credited to a Participant's Stock Account as of the dividend payment date may, at the election of the Company, be automatically reinvested in shares of Common Stock and credited to the Participant's Stock Account or paid or distributed to the Participant as soon as practicable.

7.3 Automatic Exercise. Unless the cash credited to a Participant's Contribution Account is withdrawn or distributed as provided in Article VIII, his or her Option shall be deemed to have been exercised automatically on each Purchase Date, for the purchase of the number of full shares of Common Stock which the cash credited to his or her Contribution Account at that time will purchase at the Purchase Price; provided, however, that in no event shall a Participant be permitted to purchase more than 1,000 shares of Common Stock during each Offering Period, subject to adjustments pursuant to Section 5.2. If there is a cash balance remaining in the Participant's Contribution Account at the end of an Offering Period representing the exercise price for a fractional share of Common Stock, such balance may be retained in the Participant's Contribution Account for the next Offering Period, unless the Participant requests that it be refunded, without interest. Any other cash balance remaining in the Participant's Contribution Account at the end of an Offering Period shall be refunded to the Participant, without interest. The amount of cash that may be used to purchase shares of Common Stock may not exceed the Compensation restrictions set forth in Section 7.2 or the limitation of Section 6.2.

Except as provided in the preceding paragraph, if the cash credited to a Participant's Contribution Account on the Purchase Date exceeds the applicable Compensation restrictions of Section 7.2 or exceeds the amount necessary to purchase the maximum number of shares of Common Stock available during the Offering Period under the limitation of Section 6.2, such excess cash shall be refunded to the Participant, without interest. The excess cash may not be used to purchase shares of Common Stock nor retained in the Participant's Contribution Account for a future Offering Period.

Each Participant shall receive a statement on not less than an annual basis indicating the number of shares credited to his or her Stock Account, if any, under the Plan.

7.4 Listing, Registration, and Qualification of Shares. The granting of Options for, and the sale and delivery of, Common Stock under the Plan shall be subject to the effecting by the Company of any listing, registration, or qualification of the shares subject to that Option upon any securities exchange or under any federal or state law, or the obtaining of the consent or approval of any governmental regulatory body deemed necessary or desirable for the issuance or purchase of the shares covered.

ARTICLE VIII

DISCONTINUANCE, WITHDRAWALS AND DISTRIBUTIONS

8.1 Discontinuance. A Participant may discontinue participation in an Offering Period and thereby discontinue his or her payroll deductions for an Offering Period by filing a new Request Form with the Administrator requesting a refund of amounts accumulated in his or her Contribution Account. This discontinuance shall be effective as soon as practicable, typically on the first pay period commencing at least 15 days after receipt of the Request Form by the Administrator. A Participant who discontinues his or her

participation for an Offering Period may not resume participation in the Plan until the second following Offering

Table of Contents

Period (i.e., he or she may not participate in the Offering Period immediately following the one from which he or she discontinued participation).

Any amount held in the Participant's Contribution Account for an Offering Period after the effective date of the discontinuance of his or her participation will, at the election of the Participant, be

(a) returned to the Participant, in cash, without interest, as soon as practicable, upon the Participant's written request received by the Administrator at least 30 days before the next Purchase Date; or

(b) if the Participant so requests or, in the absence of timely instructions from the Participant of a desire to receive cash under (a) above, held under the Plan and used to purchase Common Stock for the Participant under the automatic exercise provisions of Section 7.3.

8.2 Withdrawal of Shares While Employed. A Participant may, while an Employee of the Company or any Subsidiary, withdraw certificates for any whole number of shares of Common Stock credited to his or her Stock Account at any time, upon 30 days' written notice to the Administrator. If a Participant requests a distribution of only a portion of the shares of Common Stock credited to his or her Stock Account, the Administrator will distribute the oldest securities held in the Participant's Stock Account first, using a first in-first out methodology. The Administrator may at any time distribute certificates for some or all of the shares of Common Stock credited to a Participant's Stock Account, whether or not the Participant so requests.

8.3 Leave of Absence; Transfer to Ineligible Status. If a Participant either begins a leave of absence, is transferred to employment with a Subsidiary not participating in the Plan, or remains employed with an Employer but is no longer eligible to participate in the Plan, the Participant shall cease to be eligible for payroll deductions to his or her Contribution Account pursuant to Section 7.2. The cash balance then credited to the Participant's Contribution Account shall, at the election of the Participant, be

(a) returned to the Participant, in cash, without interest, as soon as practicable, upon the Participant's written request received by the Administrator at least 30 days before the next Purchase Date; or

(b) if the Participant so requests or, in the absence of timely instructions from the Participant of a desire to receive cash under (a) above, held under the Plan and used to purchase Common Stock for the Participant under the automatic exercise provisions of Section 7.3.

If the Participant returns from the leave of absence before being deemed to have ceased employment with the Employer under Section 4.3, or again becomes eligible to participate in the Plan, the Request Form, if any, in effect immediately before the leave of absence or disqualifying change in employment status shall be deemed void and the Participant must again complete a new Request Form to resume participation in the Plan.

8.4 Termination of Employment for Reasons Other Than Death. If a Participant terminates employment with the Company and its Subsidiaries for reasons other than death, the cash balance in the Participant's Contribution Account shall be returned to the Participant in cash, without interest, as soon as practicable. Certificates for the largest whole number of shares of Common Stock credited to his or her Stock Account shall be distributed to the Participant as soon as practicable, together with cash for any remaining balance.

8.5 Death. In the event a Participant dies, the cash balance in his or her Contribution Account shall be distributed to the Participant's estate, in cash, without interest, as soon as practicable. Certificates for the largest whole number of shares of Common Stock credited to his or her Stock Account shall be distributed to the Participant as soon as practicable, together with cash for any remaining balance.

ARTICLE IX

AMENDMENT AND TERMINATION

9.1 Amendment. The Committee shall have the right to amend or modify the Plan, in full or in part, at any time and from time to time; provided, however, that no amendment or modification shall:

(a) affect any right or obligation with respect to any grant previously made, unless required by law or deemed by the Committee to be necessary or desirable in order to enable the Company to comply with applicable securities laws or regulations, or

Table of Contents

(b) unless previously approved by the stockholders of the Company, where such approval is necessary to satisfy applicable securities laws, the Code, or rules of any stock exchange on which the Company's Common Stock is listed:

(i) materially affect the eligibility requirements set forth in Sections 4.1 and 4.3, or change the definition of Employer as set forth in Section 2.13, or

(ii) increase the number of shares of Common Stock subject to any Options issued to Participants (except as provided in Sections 5.2 and 5.3).

9.2 Termination. The Plan will continue into effect for a term of ten years from the Amendment Date unless earlier terminated by the Committee. The Committee may terminate the Plan at any time in its sole and absolute discretion. The Plan shall be terminated by the Committee if at any time the number of shares of Common Stock authorized for purposes of the Plan is not sufficient to meet all purchase requirements, except as specified in Section 5.1.

Upon termination of the Plan, the Administrator shall give notice thereof to Participants and shall terminate all payroll deductions. Cash balances then credited to Participants' Contribution Accounts shall be distributed as soon as practicable, without interest.

ARTICLE X

MISCELLANEOUS

10.1 Registration and Expenses. Whether registered in book entry form or represented in certificate form as provided in Section 7.1(b), shares of Common Stock acquired upon exercise of an Option shall be directly registered in the name of the Participant or, if the Participant so indicates on the Request Form, (a) in the Participant's name jointly with a member of the Participant's family, with the right of survivorship, (b) in the name of a custodian for the Participant (in the event the Participant is under a legal disability to have stock issued in the Participant's name), (c) in a manner giving effect to the status of such shares as community property, or (d) in street name for the benefit of any of the above with a broker designated by the Participant. No other names may be included in the Common Stock registration. The Company shall pay all issue or transfer taxes with respect to the issuance of shares of such Common Stock or the initial transfer of such shares to a brokerage account designated by the Company, as well as all fees and expenses necessarily incurred by the Company in connection with such issuance or initial transfer. Once the shares have been issued to the Participant or initially transferred to such brokerage account on behalf of the Participant, the Company shall bear no expense for further transfers or sale of the shares.

10.2 Employment Rights. Neither the establishment of the Plan, nor the grant of any Options thereunder, nor the exercise thereof shall be deemed to give to any Employee the right to be retained in the employ of the Company or any Subsidiary or to interfere with the right of the Company or any Subsidiary to discharge any Employee or otherwise modify the employment relationship at any time.

10.3 Tax Withholding. The Administrator may make appropriate provisions for withholding of federal, state, and local income taxes, and any other taxes, from a Participant's Compensation to the extent the Administrator deems such withholding to be legally required.

10.4 Rights Not Transferable. Rights and Options granted under this Plan are not transferable by the Participant other than by will or by the laws of descent and distribution and are exercisable only by the Participant during his or her lifetime.

10.5 No Repurchase of Stock by Company. The Company is under no obligation to repurchase from any Participant any shares of Common Stock acquired under the Plan.

Table of Contents

10.6 Governing Law. The Plan shall be governed by and construed in accordance with the laws of the State of Delaware except to the extent such laws are preempted by the laws of the United States.

10.7 Indemnification. To the extent allowable under applicable law, each member of the Committee and officers and employees of the Company shall be indemnified and held harmless by the Company from any loss, cost, liability, or expense (including, but not limited to, attorneys fees) that may be imposed upon or reasonably incurred by such member in connection with or resulting from any claim, action, suit, or proceeding to which such member may be a party or in which he may be involved by reason of any action or failure to act under the Plan and against and from any and all amounts paid by such member in satisfaction of judgment in such action, suit, or proceeding against him provided he gives the Company an opportunity, at its own expense, to handle and defend the same before he undertakes to handle and defend it on his own behalf. The foregoing right of indemnification shall be in addition to any other rights of indemnification to which such persons may be entitled under the Company's Certificate of Incorporation or Bylaws, as a matter of law, or otherwise, or any power that the Company may have to indemnify them or hold them harmless.
