EARNINGS RELEASE

TEEKAY CORPORATION REPORTS

FIRST QUARTER 2014 RESULTS

Highlights

First quarter of 2014 total cash flow from vessel operations of \$265.0 million, an increase of 37 percent from the same period of the prior year.

First quarter of 2014 adjusted net income attributable to stockholders of Teekay of \$3.5 million, or \$0.05 per share (excluding specific items which decreased GAAP net income by \$4.0 million, or \$0.06 per share).

The *Voyageur Spirit* FPSO received its certificate of final acceptance from the charterer effective February 22, 2014.

Teekay Parent completed the sale of four conventional tankers to Tanker Investments Ltd. (*TIL*); and agreed to sell an ownership interest in Teekay Parent's conventional tanker commercial and technical management operations to Teekay Tankers Ltd.

Total consolidated liquidity of approximately \$1.3 billion as at March 31, 2014.

Hamilton, Bermuda, May 15, 2014 Teekay Corporation (*Teekay* or *the Company*) (NYSE: TK) today reported adjusted net income attributable to stockholders of Teekay⁽¹⁾ of \$3.5 million, or \$0.05 per share, for the quarter ended March 31, 2014, compared to adjusted net loss attributable to stockholders of Teekay of \$11.7 million, or \$0.17 per share, for the same period of the prior year. Adjusted net income (loss) attributable to stockholders of Teekay excludes a number of specific items that had the net effect of decreasing GAAP net income by \$4.0 million, or \$0.06 per share, for the three months ended March 31, 2014 and decreasing GAAP net loss by \$5.5 million, or \$0.08 per share, for the same period of the prior year, as detailed in *Appendix A* to this release. Including these items, the Company reported, on a GAAP basis, net loss attributable to stockholders of Teekay of \$0.5 million, or \$0.01 per share, for the quarter ended March 31, 2014, compared to net loss attributable to stockholders of Teekay of \$6.1 million, or \$0.09 per share, for the same period of the prior year. Net revenues⁽²⁾ for the first quarter of 2014 were \$471.5 million, compared to \$424.7 million for the same period of the prior year.

On April 4, 2014, the Company declared a cash dividend on its common stock of \$0.31625 per share for the quarter ended March 31, 2014. The cash dividend was paid on April 30, 2014 to all shareholders of record on April 17, 2014.

- (1) Adjusted net income (loss) attributable to stockholders of Teekay is a non-GAAP financial measure. Please refer to *Appendix A* to this release for a reconciliation of this non-GAAP measure as used in this release to the most directly comparable financial measure under United States generally accepted accounting principles (*GAAP*) and for information about specific items affecting net income (loss) that are typically excluded by securities analysts in their published estimates of the Company's financial results.
- (2) Net revenues is a non-GAAP financial measure used by certain investors to measure the financial performance of shipping companies. We continue to be focused on project execution, improving profitability and supporting the growth of our daughter entities, consistent with our strategic objective of having our ships and offshore units owned at the daughter company level and creating value primarily by increasing the cash flows generated by our publicly-traded daughter entities, commented Peter Evensen, Teekay Corporation's President and Chief Executive Officer. During the quarter, we co-created and invested in Tanker Investments Ltd., or TIL, to which we sold our last four directly owned Suezmax tankers in February. In addition, we recently agreed to sell an ownership interest in our conventional tanker commercial and technical management operations to Teekay Tankers. As a result of these transactions, we have further reduced our direct exposure to the volatility of the conventional tanker market, while still maintaining an interest in the upside from a tanker market recovery through Teekay Tankers and TIL.

Mr. Evensen continued, The *Petrojarl Knarr* FPSO newbuilding remains on-track for its scheduled sail-away from the shipyard in late-June and start-up on its North Sea oil field in the fourth quarter. The *Petrojarl Banff* FPSO arrived at the Banff oil field in the first quarter and upon completion of installation at the field the FPSO is expected to recommence its charter contract and begin generating cash flow for Teekay Parent late in the second quarter. As each of Teekay Parent's remaining FPSO units become eligible for dropdown, they will serve as an important source of growth for Teekay Offshore, which benefits Teekay Parent through its general and limited partner interests in the Partnership, as well as move Teekay Parent towards becoming net debt free.

Mr. Evensen added, Looking ahead, in addition to our existing project pipeline, the efforts of our offshore and gas business development teams have resulted in the recent signing of letters of intent by our two MLP daughter entities, Teekay Offshore and Teekay LNG, for exciting new accretive projects which, if finalized, we expect will further contribute to the value of our general partnerships.

Teekay Offshore Partners L.P.

Teekay Offshore is an international provider of marine transportation, oil production and storage services to the offshore oil industry through its fleet of 34 shuttle tankers (including two chartered-in vessels), five floating, production, storage and offloading (*FPSO*) units, six floating storage and offtake (*FSO*) units (including one FSO unit under conversion), four long-haul towing and anchor handling vessel newbuildings, four conventional oil tankers and one HiLoad Dynamic Positioning (*DP*) unit. Teekay Offshore's interests in its directly-owned fleet (excluding the two chartered-in shuttle tankers) range from 50 to 100 percent. Teekay Offshore also has the right to participate in certain other FPSO and vessel opportunities pursuant to the omnibus agreement with Teekay. Teekay Parent currently owns a 29.3 percent interest in Teekay Offshore, including the 2 percent sole general partner interest.

For the first quarter of 2014, Teekay Offshore's quarterly cash distribution was \$0.5384 per common unit. The cash distribution received by Teekay Parent based on its common unit ownership and general partnership interest in Teekay Offshore totaled \$17.7 million for the first quarter of 2014, as detailed in *Appendix D* to this release.

Including cash flows from equity-accounted vessels, Teekay Offshore's total cash flow from vessel operations increased to \$116.1 million in the first quarter of 2014, from \$94.1 million in the same period of the prior year. The increase was primarily due to the acquisitions of the *Voyageur Spirit* FPSO and a 50 percent interest in the *Cidade de Itajai* FPSO from Teekay Corporation in the second quarter of 2013 and the commencement of the time-charter contracts for the four newbuilding shuttle tankers with the BG Group plc in June, August and November 2013 and January 2014. These increases were partially offset by the sale and lay-up of older shuttle and conventional tankers during 2013 as their related charter contracts expired or terminated.

In May 2014, Teekay Offshore entered into a letter of intent to acquire Logitel Offshore Holdings Ltd. (*Logitel*), a Norway-based company focused on the high-end floating accommodation market. Logitel owns two floating accommodation units (*FAUs*), which are based on the Sevan Marine ASA (*Sevan*) cylindrical hull design, currently under construction at the COSCO (Nantong) Shipyard (*COSCO*) in China, and has options with COSCO to order up to an additional six FAUs. The first committed FAU has secured a three-year, fixed-rate charter contract, plus extension options, with Petroleo Brasileiro SA (*Petrobras*) in Brazil and is scheduled for delivery in early-2015. Teekay Offshore expects to secure a charter contract for the second FAU prior to its scheduled delivery in late-2015. The agreement with COSCO for the committed FAUs includes a favorable payment schedule, with the majority of the purchase price due upon delivery. Teekay Offshore intends to finance the Logitel acquisition and the initial newbuilding payments through its existing liquidity and expects to secure long-term debt financing for the units prior to their scheduled deliveries. Teekay Offshore expects the proposed acquisition to be finalized in the third quarter of 2014.

In March 2014, Teekay Offshore acquired ALP Maritime Services B.V. (*ALP*), a Netherlands-based provider of long-haul ocean towage and offshore installation services to the global offshore oil and gas industry. ALP currently provides these services through a fleet of third-party owned vessels. As part of the transaction, Teekay Offshore and ALP entered into an agreement with Niigata Shipbuilding & Repair of Japan for the construction of four state-of-the-art SX-157 Ulstein Design ultra-long distance towing and anchor handling vessel newbuildings for a fully built-up cost of approximately \$261 million, which includes the cost of acquiring ALP. These newbuildings will be capable of ultra-long distance towing and offshore unit installation and decommissioning of large floating exploration, production and storage units, including FPSO units, floating liquefied natural gas (*FLNG*) units and floating drill rigs. Teekay Offshore intends to continue financing the newbuilding installments through its existing liquidity and expects to secure long-term debt financing for these vessels prior to their deliveries in 2016.

On August 27, 2013, repairs to the defective gas compressor on the *Voyageur Spirit* FPSO were completed and the unit achieved full production capacity. Since that time, Teekay Offshore has been receiving full rate either directly from the charterer or through the indemnification from Teekay Corporation. On April 4, 2014, Teekay Offshore

received the certificate of final acceptance from the charterer, which declared the unit on-hire effective from February 22, 2014. During the first quarter of 2014 up to February 22, 2014 and from April 13, 2013 up to February 22, 2014, Teekay Corporation indemnified Teekay Offshore for approximately \$3.5 million and \$38.4 million, respectively, relating to the *Voyageur Spirit* FPSO off-hire.

In May 2014, Teekay Offshore secured a 10-year contract extension with Apache Energy for the *Dampier Spirit* FSO unit, which operates on the Stag oil field offshore Western Australia. The FSO unit is expected to enter into drydock during the second quarter of 2014 for capital upgrades with an expected total cost of approximately \$11 million.

Teekay LNG Partners L.P.

Teekay LNG provides liquefied natural gas (*LNG*), liquefied petroleum gas (*LPG*) and crude oil marine transportation services generally under long-term, fixed-rate charter contracts through its current fleet of 34 LNG carriers (including one LNG regasification unit and five newbuildings under construction), 27 LPG carriers (including 11 newbuildings under construction) and nine conventional tankers. Teekay LNG's interests in these vessels range from 33 to 100 percent. In addition, Teekay LNG, through its 50/50 LPG joint venture with Exmar NV, charters-in four LPG carriers. Teekay Parent currently owns a 35.3 percent interest in Teekay LNG, including the 2 percent sole general partner interest.

For the first quarter of 2014, Teekay LNG's quarterly cash distribution was \$0.6918 per common unit. The cash distribution received by Teekay Parent based on its common unit ownership and general partnership interest in Teekay LNG totaled \$25.0 million for the first quarter of 2014, as detailed in *Appendix D* to this release.

Including cash flows from equity-accounted vessels, Teekay LNG's total cash flow from vessel operations increased to \$119.6 million in the first quarter of 2014, from \$107.6 million in the same period of the prior year. The increase was primarily due to the February 2013 acquisition of a 50 percent interest in Exmar LPG BVBA, the delivery in late-2013 of two LNG carrier newbuildings acquired from Awilco LNG ASA, and an increase in tanker rates relating to two Suezmax tankers in the first quarter of 2014. These increases were partially offset by the sale of two 2000-built Suezmax conventional tankers, *Tenerife Spirit* and *Algeciras Spirit*, in December 2013 and February 2014, respectively.

In late-March 2014, Teekay LNG, through a new 50/50 joint venture with a China-based LNG shipping company, signed a letter of intent to provide six internationally-flagged icebreaker LNG carriers for the Yamal LNG project, located on the Yamal Peninsula in Northern Russia. The Yamal LNG project is a joint venture between Russia-based Novatek (60 percent), France-based Total (20 percent) and China-based China National Petroleum Corporation (*CNPC*) (20 percent), and will consist of three LNG trains with a total capacity of 16.5 million metric tons of LNG per annum. The project is currently scheduled to start-up in late-2017. Teekay LNG and its joint venture partner are currently in the process of negotiating contract terms, including the shipbuilding contracts and related time-charters, and expects to finalize these agreements during 2014.

In early April 2014, Exmar LPG BVBA took delivery of the first of its 12 mid-size LPG carrier newbuildings.

Teekay Tankers Ltd.

Teekay Tankers currently owns a fleet of 28 vessels, including 11 Aframax tankers, 10 Suezmax tankers, three Long Range 2 (*LR2*) product tankers, three Medium-Range (*MR*) product tankers, and a 50 percent interest in a Very Large Crude Carrier (*VLCC*) tanker. In addition, Teekay Tankers time-charters in one Aframax tanker. Of the 29 vessels currently operating in the Teekay Tankers fleet, 13 are employed on fixed-rate time-charters, generally ranging from one to three years in initial duration, with the remaining vessels trading in spot tanker pools. Based on its current ownership of Teekay Tankers Class A common stock and its ownership of 100 percent of the outstanding Class B common stock, Teekay Parent currently owns a 25.1 percent economic interest in and has voting control of Teekay Tankers.

On April 4, 2014, Teekay Tankers declared a first quarter 2014 dividend of \$0.03 per share, which was paid on April 30, 2014 to all shareholders of record on April 17, 2014. Based on its ownership of Teekay Tankers Class A and Class B shares, the dividend paid to Teekay Parent totaled \$0.6 million for the first quarter of 2014.

Including cash flows from equity-accounted vessels, Teekay Tankers' total cash flow from vessel operations increased to \$34.7 million in the first quarter of 2014, from \$13.2 million in the same period of the prior year. The increase was

primarily due to higher average realized spot tanker rates from its spot Suezmax, Aframax and MR vessels and an increase in interest income recognized from Teekay Tankers' investment in two mortgage loans.

In late-March 2014, Teekay Tankers assumed full ownership of two 2010-built VLCC vessels, which previously secured Teekay Tankers' investment in two term loans that were in default. In early-May 2014, Teekay Tankers sold the vessels to TIL for an aggregate purchase price of \$154 million.

In January 2014, Teekay Tankers and Teekay jointly created TIL, which will seek to opportunistically acquire, operate, and sell modern secondhand tankers to benefit from an expected recovery in the currently cyclical low of the tanker market. TIL completed a \$250 million equity private placement in January 2014, in which Teekay Tankers and Teekay each invested \$25 million for a combined 20 percent ownership in the new company. In March 2014, TIL completed a \$175 million initial public offering and listed its shares on the Oslo Stock Exchange, which reduced Teekay Tankers and Teekay's cumulative ownership interest in TIL to 13.0 percent. To date, TIL's fleet consists of 13 vessels, including four vessels scheduled for delivery during the remainder of May and June 2014.

In April 2014, Teekay's and Teekay Tankers' Boards of Directors agreed for Teekay Tankers to acquire a 50 percent ownership interest in Teekay's conventional tanker commercial and technical management operations (*Teekay Operations*) for approximately \$15.6 million, to be paid in the form of Teekay Tankers Class B common shares. Teekay Operations includes direct ownership in three commercially managed tanker pools, which currently generate income from commercially managing a fleet of 89 vessels, and direct ownership in Teekay Marine Limited, which currently generates income from technically managing a fleet of 51 vessels, including vessels owned by the Company. The transaction is expected to be completed during the second quarter of 2014.

Teekay Parent

In addition to its equity ownership interests in Teekay Offshore, Teekay LNG, Teekay Tankers and TIL, Teekay Parent directly owns several vessels including four FPSO units and one VLCC vessel. In the first quarter of 2014, Teekay Parent sold four Suezmax tankers to TIL. As at May 1, 2014, Teekay Parent also had six chartered-in conventional tankers (including four Aframax tankers owned by Teekay Offshore), two chartered-in LNG carriers owned by Teekay LNG and two chartered-in FSOs owned by Teekay Offshore.

For the first quarter of 2014, Teekay Parent generated negative cash flow from vessel operations of \$5.3 million, compared to negative cash flow from operations of \$19.1 million in the same period of the prior year. The reduction in negative cash flow is primarily a result of the re-delivery of several in-chartered tankers over the past year, higher interest income from a term loan investment and higher spot tanker rates, partially offset by the completion of the *Petrojarl I* FPSO time-charter in April 2013.

In April 2014, the *Voyageur Spirit* FPSO received its certificate of final acceptance from the charterer and commenced full operations under its charter contract effective from February 22, 2014, completing Teekay Parent's indemnification obligation related to the sale of this FPSO unit to Teekay Offshore in May 2013.

Fleet List

The following table summarizes Teekay's consolidated fleet of 166 vessels as at May 9, 2014, including chartered-in vessels and vessels under construction but excluding vessels managed for third parties:

	Number of Vessels ⁽¹⁾			
	Owned Vessels	Chartered- in Vessels	Newbuildings / Conversions	Total
Teekay Parent Fleet ⁽²⁾⁽³⁾				
Aframax Tankers ⁽⁴⁾		2		2
VLCC Tanker ⁽⁵⁾	1			1
MR Product Tanker		1		1
FPSO Units	4		1	5
 Total Teekay Parent Fleet	 5	 3	 1	 9
Teekay Offshore Fleet	47	2	5	54
Teekay LNG Fleet	54	4	16	74
Teekay Tankers Fleet	28	1		29
 Total Teekay Consolidated Fleet	 134	 10	 22	 166

(1) Ownership interests in these vessels range from 33 percent to 100 percent.

(2) Excludes two LNG carriers chartered-in from Teekay LNG.

(3) Excludes two shuttle tankers and two FSO units chartered-in from Teekay Offshore.

(4) Excludes four Aframax tankers chartered-in from Teekay Offshore.

(5) In late-March 2014, Teekay Parent exercised its rights under the security documents to realize amounts it was owed under its investment in a term loan and assumed full ownership of the 2011-built VLCC vessel which previously secured the investment in the term loan. The vessel is a potential FPSO conversion candidate.

Liquidity

As at March 31, 2014, the Company had consolidated liquidity of approximately \$1.3 billion (consisting of \$584.0 million cash and cash equivalents and \$714.2 million of undrawn revolving credit facilities), of which \$384.2 million of liquidity (consisting of \$239.0 million cash and cash equivalents and \$145.2 million of undrawn revolving credit facilities) is attributable to Teekay Parent.

- (1) The costs of business development and engineering studies relating to North Sea FPSO and FSO projects that the Company is pursuing are substantially reimbursable from customers upon completion. As a result, \$2.8 million of revenues and \$2.6 million of costs were recognized in the three months ended March 31, 2013 upon completion of one FPSO study.
- (2) Realized and unrealized gains (losses) related to derivative instruments that are not designated as hedges for accounting purposes are included as a separate line item in the statements of income (loss). The realized (losses) gains relate to the amounts the Company actually received or paid to settle such derivative instruments and the unrealized gains (losses) relate to the change in fair value of such derivative instruments, as detailed in the table below:

- (3) The Company recognized asset impairments and provisions of \$85.3 million for the three months ended December 31, 2013 related to impairment charges on the four conventional tankers sold to TIL and two shuttle tankers which Teekay Offshore owns through a 67 percent-owned subsidiary. The shuttle tanker impairments were the result of the re-contracting of one of the vessels at lower rates than expected during the third quarter of 2013, and the cancellation of a short-term contract for one shuttle tanker in September 2013. The amount also includes a provision for an FPSO front-end engineering and design study (*FEED*) receivable potentially not collectible, and the reversal of loss provisions relating to investment in term loans and advances to a joint venture partner's parent entity. Asset impairments and provisions for the three months ended March 31, 2013 of \$3.2 million relates to the loss provision on investment in term loans.
- (4) The Company's proportionate share of items within equity income as identified in *Appendix A* of this release, is as detailed in the table below. By excluding these items from equity income, the Company believes that the resulting adjusted equity income can be used to evaluate the financial performance of the Company's equity accounted investments. The adjusted equity income is a non-GAAP measure.

APPENDIX A SPECIFIC ITEMS AFFECTING NET INCOME

(in thousands of U.S. dollars, except per share data)

Set forth below is a reconciliation of the Company's unaudited adjusted net income (loss) attributable to stockholders of Teekay, a non-GAAP financial measure, to net income (loss) attributable to stockholders of Teekay as determined in accordance with GAAP. The Company believes that, in addition to conventional measures prepared in accordance with GAAP, certain investors use this information to evaluate the Company's financial performance. The items below are also typically excluded by securities analysts in their published estimates of the Company's financial results. Adjusted net income (loss) attributable to the stockholders of Teekay is intended to provide additional information and should not be considered a substitute for measures of performance prepared in accordance with GAAP.

(1) Fully diluted per share amounts.

(2) Reflects the unrealized gains or losses relating to the change in the mark-to-market value of derivative instruments that are not designated as hedges for accounting purposes, including those included in equity income from joint ventures, and the ineffective portion of foreign currency forward contracts designated as hedges for accounting purposes.

(3)

Foreign currency exchange gains and losses primarily relate to the Company's debt denominated in Euros and Norwegian Kroner in addition to the unrealized gains and losses on cross currency swaps used to hedge the principal and interest on the Norwegian Kroner bonds. Nearly all of the Company's foreign currency exchange gains and losses are unrealized.

- (4) Restructuring charges primarily relate to the reorganization of the Company's marine operations and termination of crew upon reflagging a shuttle tanker in Teekay Offshore.
- (5) The Company recognized a gain from the share issuance completed as part of TIL's initial public offering in March 2014.
- (6) Other primarily relates to an external transaction fee in connection with Teekay Offshore's acquisition of ALP, pre-operational costs for an FPSO unit nearing completion, and an initial unrealized gain on the TIL stock purchase warrants.
- (7) If any of the specific items affecting net (loss) income originate from a consolidated non-wholly-owned subsidiary, the net (income) loss attributable to non-controlling interests of these subsidiaries is recalculated without these specific items affecting net (income) loss. The amount identified as Non-controlling interests' share of items above in the table above is the cumulative change to the Company's net (income) loss attributable to non-controlling interests by excluding the specific items affecting net (loss) income.

Set forth below is an unaudited calculation of Teekay Parent free cash flow for the three months ended March 31, 2014, December 31, 2013, September 30, 2013, June 30, 2013, and March 31, 2013. The Company defines free cash flow, a non-GAAP financial measure, as cash flow from vessel operations attributed to its directly-owned and in-chartered assets, distributions received as a result of ownership interests in its publicly-traded subsidiaries (Teekay LNG, Teekay Offshore, and Teekay Tankers), net of interest expense and drydock expenditures in the respective period. For a reconciliation of Teekay Parent cash flow from vessel operations for the three months ended March 31, 2014 to the most directly comparable financial measure under GAAP, please refer to *Appendix C* to this release. For a reconciliation of Teekay Parent cash flow from vessel operations to the most directly comparable GAAP financial measure for the three months ended December 31, 2013, September 30, 2013, June 30, 2013, and March 31, 2013, please see *Appendix E* to this release. Teekay Parent free cash flow, as provided below, is intended to provide additional information and should not be considered a substitute for measures of performance prepared in accordance with GAAP.

CASH FLOW FROM VESSEL OPERATIONS CONSOLIDATED

(in thousands of U.S. dollars)

(unaudited)

Set forth below is an unaudited calculation of consolidated CFVO for the three months ended March 31, 2014 and March 31, 2013. CFVO, a non-GAAP financial measure, represents income from vessel operations before depreciation and amortization expense, amortization of in-process revenue contracts, vessel write-downs, gains or losses on the sale of vessels and unrealized gains or losses relating to derivatives but includes realized gains or losses on the settlement of foreign exchange forward contracts. CFVO is included because certain investors use this data to measure a company's financial performance. CFVO is not required by GAAP and should not be considered as an alternative to net income or any other indicator of the Company's performance required by GAAP.

CASH FLOW FROM VESSEL OPERATIONS EQUITY ACCOUNTED VESSELS

(in thousands of U.S. dollars)

(unaudited)

Set forth below is an unaudited calculation of cash flow from vessel operations for equity-accounted vessels for the three months ended March 31, 2014 and March 31, 2013. CFVO, a non-GAAP financial measure, represents income from vessel operations before depreciation and amortization expense, amortization of in-process revenue contracts, vessel write-downs, gains or losses on the sale of vessels and unrealized gains or losses relating to derivatives, but includes realized gains or losses on the settlement of foreign exchange forward contracts. CFVO from equity accounted vessels represents the Company's proportionate share of CFVO from its equity accounted vessels and other investments. CFVO is included because certain investors use this data to measure a company's financial performance. CFVO is not required by GAAP and should not be considered as an alternative to net income or any other indicator of the Company's performance required by GAAP.

FORWARD LOOKING STATEMENTS

This release contains forward-looking statements (as defined in Section 21E of the Securities Exchange Act of 1934, as amended) which reflect management's current views with respect to certain future events and performance, including statements regarding: Teekay Parent's strategic objective of having our ships and offshore units owned at the daughter company level and creating value primarily by increasing cash flows generated by its publicly-traded daughter entities; the estimated cost and timing of delivery of newbuildings and converted vessels and the commencement of associated time-charter contracts; Teekay Offshore's potential acquisition of Logitel, including the timing of finalizing the transaction and the effect on the value of Teekay Parent's general partnership interest; securing employment for Logitel's second FAU newbuilding; the ability of Teekay Offshore to obtain financing for the FAU newbuildings; the timing and certainty of Teekay Parent's FPSOs becoming eligible for dropdown to Teekay Offshore under the omnibus agreement, including the effect on Teekay Offshore's growth and Teekay Parent's general partnership ownership and net debt; the timing of the *Petrojarl Banff* FPSO completing field installation and recommencing its charter contract, including the effect on Teekay Parent's cash flow; the potential for Teekay LNG, through a new 50/50 joint venture with a China-based LNG shipping company, to provide six icebreaker LNG carriers for the Yamal LNG project, including the effect on the value of Teekay Parent's general partnership interest, and the actual magnitude of such project, if completed; TIL's acquisition of four vessels and the ability of TIL to secure additional future tanker acquisitions; Teekay Tankers completing the acquisition of an ownership interest in Teekay Operations; the potential upside to Teekay Parent from an expected tanker market recovery; and the timing of amount of future capital expenditure commitments for Teekay Parent, Teekay LNG and Teekay Offshore. The following factors are among those that could cause actual results to differ materially from the forward-looking statements, which involve risks and uncertainties, and that should be considered in evaluating any such statement: changes in production of or demand for oil, petroleum products, LNG and LPG, either generally or in particular regions; greater or less than anticipated levels of tanker newbuilding orders or greater or less than anticipated rates of tanker scrapping; changes in trading patterns significantly affecting overall vessel tonnage requirements; changes in applicable industry laws and regulations and the timing of implementation of new laws and regulations; changes in the typical seasonal variations in tanker charter rates; changes in the offshore production of oil or demand for shuttle tankers, FSOs and FPSOs; decreases in oil production by or increased operating expenses for FPSO units; trends in prevailing charter rates for shuttle tanker and FPSO contract renewals; the potential for early termination of long-term contracts and inability of the Company to renew or replace long-term contracts or complete existing contract negotiations; failure by Teekay Offshore to complete the acquisition of Logitel; failure by Teekay Offshore to secure financing on the two FAU newbuildings and secure a charter contract for the second FAU newbuilding; failure by Teekay LNG to secure financing for newbuildings; potential failure of the Yamal LNG Project to be completed for any reason, including due to lack of funding as a result of existing or future sanctions against Russia and Russian entities and individuals, which may affect partners in the project; potential inability of the Partnership's joint venture to negotiate acceptable terms and documentation relating to its proposed participation in the Yamal LNG Project; failure by Teekay LNG to secure the required contracts for the Yamal LNG project for six icebreaker LNG carriers; potential delays or cancellation of the Yamal LNG project; shipyard construction or vessel conversion delays and cost overruns; delays in commencement of operations of FPSO and FSO units at designated fields; changes in the Company's expenses; the Company's future capital expenditure requirements and the inability to secure financing for such requirements; the inability of the Company to complete vessel sale transactions to its publicly-traded subsidiaries or to third parties; potential delays in the construction of the *Knarr* FPSO and/or commencement of operations under its charter contract; potential delays in installing the *Petrojarl Banff* FPSO and/or recommencement of operations under its charter contract; conditions in the capital markets; failure of TIL to complete its anticipated vessel acquisitions and/or to enter into a new credit facility; and other factors discussed in Teekay's filings from time to time with the SEC, including its Report on Form 20-F for the fiscal year ended December 31, 2013. The Company expressly disclaims any obligation or undertaking to release publicly any updates or revisions to any forward-looking statements contained herein to reflect any change in the Company's expectations with respect thereto or any change in events, conditions or circumstances on which any such statement is based.
