INFORMATION STATEMENT REGARDING

ACTION TO BE TAKEN BY WRITTEN CONSENT OF

MAJORITY SHAREHOLDER

IN LIEU OF A SPECIAL MEETING

PURSUANT TO SECTION 14(C) OF THE SECURITIES EXCHANGE ACT OF 1934

WE ARE NOT ASKING YOU FOR A PROXY,

AND YOU ARE REQUESTED NOT TO SEND US A PROXY.

GENERAL

This Information Statement is being furnished to the shareholders of CleanTech Innovations, Inc. (the Company) on or about August 1, 2014 in connection with: (i) the proposed share exchange (the Exchange) with Six Dimensions, Inc., a Nevada corporation (Six Dimensions) for 88,929,203 shares (the Exchange Shares) of the Company's common stock, par value \$0.00001 per share (the Common Stock); (ii) amendments to the Articles of Incorporation of the Company to (A) change the name of the Company to 6D Global Technologies, Inc. (the Name Change) and (B) increase the number of the Company's authorized shares of capital stock to 400,000,000 shares of Common Stock (the Authorized Stock Increase, and together with the Name Change, the Amendments); (iii) effectuate the spin-off of all the Company's China-based operations in exchange for the return of the shares of Common Stock held by certain shareholders and the satisfaction or assumption of the liabilities of the Company (the Spin-Off); (iv) the conversion of all of the notes, debts, advances and other liabilities of the Company's largest creditor NYGG (Asia) Ltd. in the aggregate approximate amount of \$16,000,000 into 80,844,730 shares of Common Stock (the Debt Conversion); and (v) conversion of the Company from a Nevada corporation to a Delaware corporation (the Reincorporation, and collectively with the Amendments, the Spin-Off, and the Debt Conversion, the Actions).

Pursuant to the Agreement and Plan of Share Exchange by and among the Company, Six Dimensions and the shareholders of Six Dimensions dated June 13, 2014 (Exchange Agreement), the Company agreed to obtain approval of the Amendments and the Reincorporation from a majority of the Company's shareholders and to file the Amendments and consummate the Reincorporation as soon as practicable following the closing of the transactions contemplated by the Exchange Agreement. Pursuant to the terms of the Exchange Agreement, the Company will acquire Six Dimensions in exchange for the Exchange Shares issued to Six Dimensions shareholders in accordance with their pro rata ownership of Six Dimensions capital stock (the Exchange). As a result of the Exchange, Six Dimensions will become a wholly-owned subsidiary of the Company. A copy of the Exchange Agreement is attached

as Exhibit C to the accompanying Information Statement. We expect that the Spin-Off and the Debt Conversion will occur immediately following the consummation of the Exchange, and that the other Actions will occur simultaneously with the consummation of the Exchange.

The Actions were approved by Mr. Terry McEwen, the sole member of our Board of Directors and holder of proxies constituting approximately sixty-one percent (61%) of the outstanding voting capital stock of the Company. This Information Statement has been prepared by our management.

We, us, our, the Registrant, CleanTech and the Company refers to CleanTech Innovations, Inc., a Nevada corporation.

THE AMENDMENTS AND OTHER ACTIONS HAVE NOT BEEN APPROVED OR DISAPPROVED BY THE SECURITIES AND EXCHANGE COMMISSION, NOR HAS THE SECURITIES AND EXCHANGE

COMMISSION PASSED UPON THE FAIRNESS OR MERIT OF THE AMENDMENTS, OR THE OTHER ACTIONS NOR UPON THE ACCURACY OR ADEQUACY OF THE INFORMATION CONTAINED IN THIS INFORMATION STATEMENT ANY REPRESENTATION TO THE CONTRARY IS UNLAWFUL.

PLEASE NOTE THAT THIS IS NEITHER A REQUEST FOR YOUR VOTE NOR A PROXY STATEMENT, BUT RATHER AN INFORMATION STATEMENT DESIGNED TO INFORM YOU OF THE CHANGES THAT WILL OCCUR IF THE AMENDMENTS ARE COMPLETED AND TO PROVIDE YOU WITH INFORMATION ABOUT THE AMENDMENTS, THE OTHER ACTIONS AND THE BACKGROUND OF THESE TRANSACTIONS.

The entire cost of furnishing this Information Statement will be borne by the Company. We will request brokerage houses, nominees, custodians, fiduciaries and other like parties to forward this Information Statement to the beneficial owners of our voting securities held of record by them and we will reimburse such persons for out-of-pocket expenses incurred in forwarding such material.

DELIVERY OF DOCUMENTS TO SECURITY HOLDERS SHARING AN ADDRESS

Only one Information Statement is being delivered to multiple shareholders sharing an address unless we received contrary instructions from one or more of the shareholders. We shall deliver promptly, upon written or oral request, a separate copy of the Information Statement to a shareholder at a shared address to which a single copy of the document was delivered. A shareholder can notify us that the security holder wishes to receive a separate copy of the Information Statement by sending a written request to us at c/o CleanTech Innovations, Inc., C District, Maoshan Industry Park, Tieling Economic Development Zone, Tieling, Liaoning Province, China 112616. A shareholder may utilize the same address and telephone number to request either separate copies or a single copy for a single address for all future information statements and proxy statements, if any, and annual reports of the Company.

Table of Contents

QUESTIONS AND ANSWERS ABOUT THE ACTIONS

Q. Why did I receive this Information Statement?

A. Applicable laws require us to provide you information regarding the Actions even though your vote is neither required nor requested for the Actions to become effective.

Q. Why am I not being asked to vote on the Amendments?

A. The holder of proxies comprising a majority of the issued and outstanding shares of Common Stock has already approved the Amendments pursuant to a written consent in lieu of a meeting. Such approval, together with the approval of the Company's Board of Directors, is sufficient under Nevada law, and no further approval by our shareholders is required.

Q. Why am I not being asked to vote on the other Actions?

A. The adoption of the Exchange and the Debt Conversion has been approved by written consent of holders of a majority of the outstanding shares of Common Stock of the Company. Our sole Director unanimously voted, approved and recommended the adoption of the Exchange Agreement and determined that the Exchange and the other Actions are advisable to and in the best interests of the Company and its shareholders. Such approval is sufficient under Nevada law, and no further approval by our shareholders is required. Therefore, your vote is not required and is not being sought. We are not asking you for a proxy and you are requested not to send us a proxy.

Q. What is the Exchange?

A. The transaction is by and among CleanTech Innovations, Inc. (the Company), Six Dimensions, Inc., a Nevada corporation (Six Dimensions), and the shareholders of Six Dimensions (the Six Dimensions Shareholders) in accordance with an Agreement and Plan of Share Exchange (the Exchange Agreement) dated June 13, 2014, whereby the Company will acquire all of the issued and outstanding capital stock of Six Dimensions in exchange for 88,929,203 newly issued shares of the Company's Common Stock (the Exchange Shares). Following the issuance of the Exchange Shares, Six Dimensions will become a wholly-owned subsidiary of the Company and Six Dimensions shareholders will own approximately fifty percent (50%) of the Company's outstanding Common Stock. Accordingly, the Exchange will represent a change in control of the Company, although the Exchange will not be a reverse merger.

Q. Once the Exchange is completed, what will I receive?

A. Nothing. The Exchange Shares were issued solely to shareholders of Six Dimensions. However, the Company's Board of Directors believes the Exchange is in the best interests of the Company and its shareholders.

Q. What will I receive if the Amendments are completed?

A. Nothing. The Company is increasing its authorized capital stock to issue the Exchange Shares and effectuating the Name Change to reflect the Company's operations following the Exchange.

Q. What is the Reincorporation?

A. The Reincorporation will convert the Company from a Nevada corporation to a Delaware corporation.

Q. What do I need to do now?

A. Nothing. This information statement is purely for your information and does not require or request you to do anything.

FORWARD-LOOKING STATEMENTS

This Information Statement contains or incorporates both historical and forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended (the Exchange Act). Words such as anticipates, believes, expects, intends, future and similar expressions identify forward-looking statements. Any such forward-looking statements in this report reflect our and Six Dimension's current views with respect to future events and financial performance and are subject to a variety of factors that could cause our actual results to differ materially from historical results or from anticipated results expressed or implied by such forward-looking statements. There may be events in the future that cannot be accurately predicted or over which the Company has no control. Stockholders should be aware that the occurrence of the events described in this Information Statement or in the documents incorporated herein by reference could have a material adverse effect on our business, operating results and financial condition or ability to consummate the transaction. Examples of these risks include, without limitation:

the risk factors disclosed in this Information Statement under Risks and in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2013; and

the risk that, even though the Company has incurred the costs and expenses related to the Exchange, the Exchange may not be completed.

The forward-looking statements are not guarantees of future performance, events or circumstances, and actual results may differ materially from those contemplated by the forward-looking statements. Forward-looking statements herein or in documents incorporated herein by reference speak only as of the date of this Information Statement or the applicable document incorporated herein by reference (or such earlier date as may be specified therein), as applicable, are based on current assumptions and expectations or assumptions and expectations as of the date of the document incorporated herein by reference, and are subject to the factors above, among other things, and involve risks, events, circumstances, uncertainties and assumptions, many of which are beyond our ability to control or predict. You should not place undue reliance on these forward-looking statements. We do not intend to, and do not undertake an obligation to, update these forward-looking statements in the future to reflect future events or circumstances, except as required by applicable securities laws and regulations. For more information, see the section entitled Where You Can Obtain More Information beginning on page 43. The results presented for any period may not be reflective of results for any subsequent period.

You should carefully read and consider the cautionary statements contained or referred to in this section in connection with any subsequent written or oral forward-looking statements that may be issued by us or persons acting on our behalf, and all future written and oral forward-looking statements attributable to us, Six Dimensions, the combined company, the Exchange or any other matters, are expressly qualified in their entirety by the foregoing cautionary statements.

SUMMARY

The following summary highlights selected information from this information statement and may not contain all of the information that is important to you. ACTION 1. THE AMENDMENTS

Required Approval of the Amendments

On June 12, 2014, our sole Director and the holder of shareholder proxies comprising approximately 61% of the Company's Common Stock (the Majority Shareholders), approved the Amendments to the Company's Articles of Incorporation. The Amendments were approved by written consent of the Majority Shareholders. Pursuant to the Nevada Revised Statutes, the Amendments are required to be approved by a majority of our shareholders. This approval could be obtained either by the written consent of the holders of a majority of our issued and outstanding voting securities, or it could be considered by our shareholders at a special shareholders' meeting convened for the specific purpose of approving the Amendments. The Company's voting securities consist of Common Stock. Each share of Common Stock is entitled to one vote per share on any matter requiring shareholder vote. Pursuant to the Nevada Revised Statutes and our by laws, our Board of Directors amended our By-laws to provide that our shareholders may act by the written consent of the holders of a majority of the voting power required to approve such action. A copy of the Amended and Restated Bylaws is attached as Exhibit B to this Information Statement. In order to eliminate the costs and management time involved in holding a special meeting, our Board of Directors voted to utilize the written consent of the Majority Shareholders to approve the Amendments. The elimination of the need for a meeting of shareholders to approve this action is also made possible by Section 78.320 of the Nevada Revised Statutes, as may be amended, which provides that the written consent of the holders of a majority of the outstanding shares of voting capital stock, having no less than the minimum number of votes which would be necessary to authorize or take such action at a meeting at which all shares entitled to vote thereon were present.

As of July 14, 2014, there were 8,327,607 issued and outstanding shares of our Common Stock.

The date on which this Information Statement was first sent to shareholders is on or about August 1, 2014 (the Mailing Date). Inasmuch as we will have provided this Information Statement to our shareholders of record as of the record date of June 23, 2014 (the Record Date) no additional action will be undertaken pursuant to such written consent. Shareholders of record on the Record Date who did not consent to the Actions are not entitled to dissenter's rights under Nevada law.

Reasons for the Amendments

Pursuant to the Exchange, the Company agreed to effectuate the Amendments in accordance with the Exchange. After careful consideration, our sole Director and Majority Shareholders (i) approved and declared advisable the Amendments and the other transactions contemplated by the Exchange, (ii) resolved that it was in the best interests of the Company's shareholders that the Company enter into the Exchange and consummate the Exchange and the other transactions contemplated by the Exchange, (iii) directed that the Amendments be submitted for adoption by the Company's shareholders and (iv) recommended to the Company's shareholders that they adopt the Amendments and approve the Exchange and Debt Conversion. The adoption of the other Actions did not require the affirmative vote or written consent of a majority of the shareholders of the Company.

AMENDMENT TO OUR ARTICLES OF INCORPORATION TO CHANGE THE NAME OF THE COMPANY

The change of the Company's name to 6D Global Technologies, Inc. will better reflect the Company's business plan following its proposed acquisition of Six Dimensions, pursuant to the Exchange Agreement.

AMENDMENT TO OUR ARTICLES OF INCORPORATION TO INCREASE OUR AUTHORIZED SHARES OF COMMON STOCK FROM 66,666,667 TO 400,000,000

The Amendment authorizes the increase of the number of the Company's authorized shares of Common Stock, par value \$0.00001 per share, from 66,666,667 to 400,000,000. Pursuant to the Exchange Agreement,

Table of Contents

we are required to issue 88,929,203 shares of Common Stock to Six Dimensions. In addition, in order to consummate the Debt Conversion, we are required to issue an additional 80,844,730 shares of common stock to NYGG (Asia) Ltd. in connection with the Debt Conversion. Our current authorized shares of Common Stock of 66,666,667 shares, less the 8,327,607 shares of Common Stock currently issued and outstanding, is insufficient to issue such shares. Our Board of Directors believes it is in the Company's best interests and the best interests of our shareholders to increase the number of authorized shares of our Common Stock to allow for the issuance of shares of our Common Stock or other securities in connection with the Exchange and Debt Conversion, as well as such potential issuances and such other purposes as our Board of Directors determines.

The increase in the authorized number of shares of our Common Stock will permit our Board of Directors to consummate the Exchange and the Debt Conversion, and to issue additional shares of our Common Stock without further approval of our shareholders, and our Board of Directors does not intend to seek shareholder approval prior to any issuance of the authorized capital stock unless shareholder approval is required by applicable law or stock market or exchange requirements. Although from time to time we review various other transactions that could result in the issuance of shares of our Common Stock, we have not reviewed any other transactions to date.

Possible Anti-Takeover Effects.

Release No. 34-15230 of the staff of the Securities and Exchange Commission requires disclosure and discussion of the effects of any shareholder proposal that may be used as an anti-takeover device. The actions are not intended to construct or enable any anti-takeover defense or mechanism on behalf of the Company. The purpose of the increase in authorized capital is to increase the number of shares available to consummate the Exchange and Debt Conversion and for future issuance. While the increase of our authorized capital stock could, under certain circumstances, have an anti-takeover effect, we do not have in place anti-takeover mechanisms or defenses which may have an anti-takeover effect. The increase in the authorized number of shares of our Common Stock did not result from our knowledge of any specific effort to accumulate our securities or to obtain control of us by means of a merger, tender offer, proxy solicitation in opposition to management or otherwise, and we did not take such action to increase the authorized shares of our Common Stock to enable us to frustrate any efforts by another party to acquire a controlling interest or to seek representation on our Board of Directors.

The issuance of additional shares of our Common Stock may have a dilutive effect on earnings per share and on the equity and voting power of existing security holders of our Common Stock, and such issuance may not require shareholder approval. It may also adversely affect the market price of our Common Stock. However, if additional shares are issued in transactions whereby favorable business opportunities are provided which allow us to pursue our business plans, the market price of our Common Stock may increase.

ACTION 2. THE EXCHANGE

Explanatory Note Regarding the Exchange Agreement

The Exchange Agreement has been included to provide investors and our shareholders with information regarding its terms. It is not intended to provide to any person not a party thereto any other factual information about the Company. The Exchange Agreement contains representations and warranties of the Company and Six Dimensions, negotiated between the parties and made as of specific dates solely for purposes of the Exchange, including setting forth the respective rights of the parties with respect to their obligations to complete the Exchange. This description of the representations and warranties is not intended to provide any other factual information about the Company. The representations, warranties and covenants contained in the Exchange Agreement were made only for purposes of such agreement and as of specific dates, were solely for the benefit of the parties to such agreement, and may be subject to

limitations agreed upon by the contracting parties, including being qualified by confidential disclosures exchanged between the parties in connection with the execution of the Exchange Agreement. The representations and warranties may have been made for the purposes of allocating

contractual risk between the parties to the agreement instead of establishing these matters as facts, and may be subject to standards of materiality applicable to the contracting parties that differ from those applicable to investors. Moreover, information concerning the subject matter of the representations and warranties may change after the date of the Exchange, which subsequent information may or may not be fully reflected in the Company's public disclosures. As a result, while investors are entitled to rely on disclosure in our publicly filed documents, no person should rely on the representations, warranties, covenants and agreements or any past descriptions thereof as characterizations of the current state of facts or condition of the Company, Six Dimensions or any of their respective subsidiaries or affiliates.

The foregoing descriptions of the Exchange Agreement and the exhibits thereto are qualified in their entirety by reference to the full text of the Exchange Agreement, which is attached as Exhibit C to this Information Statement, and which is incorporated in this Information Statement by reference. You are urged to read the entire Exchange Agreement.

Required Approval of the Exchange

Our sole Director determined that the Exchange and the other transactions contemplated by the Exchange Agreement are in the best interests of the shareholders of the Company. On June 12, 2014, our sole Director and Majority Shareholders approved the Exchange and Debt Conversion by written consent.

The Parties to the Exchange Agreement

CleanTech Innovations, Inc., a Nevada corporation, was incorporated as a for-profit company in the State of Nevada on May 9, 2006, under the name Everton Capital Corporation. On June 18, 2010, we changed our name to CleanTech Innovations, Inc. in connection with the acquisition of Creative Bellows Co, Ltd., a China based manufacturer of wind tower and other clean technology products.

Six Dimensions, Inc., is a corporation that was organized under the laws of the State of California on February 9, 2004 under the name Initial Concepts, Inc. (d/b/a Six Dimensions). On June 27, 2014, Initial Concepts converted to a Nevada corporation named Six Dimensions, Inc. Six Dimensions provides information technology (IT) and digital technology consulting services to the world's leading enterprises during periods of critical change and growth. Combining proven top-tier professional talent, relevant and deep experience, and comprehensive capabilities across all industries, Six Dimensions solves and executes complex technology implementations, integrations, and upgrades to help organizations accelerate their time to digital success.

Background of the Exchange

The Board of Directors and senior management of the Company periodically review the Company's long-term strategic plan with a goal of maximizing shareholder value. As part of the Company's ongoing strategic planning process, the Board and its executive officers have regularly reviewed and evaluated the Company's strategic direction and alternatives in light of the performance of its business and operations and market, economic, competitive and other conditions and developments.

Prior to entering into discussions about the Spin-Off or the Exchange, the Company's largest creditor, NYGG (Asia) Ltd. (NYGG Asia), through Mr. Roger Li, NYGG Asia's Chief Executive Officer, had periodically engaged in discussions with Ms. Bei Lu, the Company's then-Chief Executive Officer and director, relating to the Company's ongoing default of its obligations under loans extended to the Company by NYGG Asia, and in particular, the Company's failure to pay principal or interest on these loans when due since 2010. In connection with these discussions, the Company, through Ms. Lu, had proposed from time to time that NYGG Asia convert this debt into

equity in the Company. NYGG Asia declined to pursue a debt-to-equity transaction due to the Company's poor financial performance and NYGG Asia's view of the Company's future business prospects and the overall declining industry outlook for the China Subsidiaries.

Table of Contents

NYGG Asia further stated its belief that the Company's financial performance could improve if it merged with a company with significant growth potential, and the Company agreed to explore the possibility of such a transaction. NYGG Asia and the Company began independently to seek out merger opportunities for CleanTech. NYGG Asia maintains a large network of contacts connected to emerging growth companies, and began to explore potential merger opportunities for CleanTech with companies in various industries. Similarly, the Company began exploring merger opportunities with a variety of businesses, both within and outside of the clean technology industry.

In March 2014, Six Dimensions was introduced to the Company by Mr. Albert Lee, a mutual acquaintance of both Mr. Tejune Kang, Six Dimensions' founder and Chief Executive Officer, and Mr. William Uchimoto, Esq. of Stevens & Lee, the Company's legal counsel. Mr. Lee was engaged as a corporate advisor by Six Dimensions in November 2013 to identify potential merger candidates and strategic funding opportunities for Six Dimensions, and is not an employee or affiliate of NYGG Asia or the Company. The Company, through Mr. Uchimoto, informed NYGG Asia that Six Dimensions could be a potential candidate for a merger or other strategic transaction with the Company. On April 8, 2014, a meeting was held among the Company, represented by Mr. Uchimoto, Six Dimensions, represented by Mr. Kang and others from Six Dimensions and Mr. Peter Campitiello, Esq. of Kane Kessler, P.C. (Kane Kessler), counsel for Six Dimensions and NYGG Asia, represented by Mr. James Baxter, Esq., Mr. Benjamin Wey and Mr. Neal Beaton, Esq. from Holland & Knight LLP (Holland & Knight), counsel to NYGG Asia, for the purpose of exploring a possible merger of Six Dimensions and the Company. Prior to this meeting, Six Dimensions had pursued other mergers and funding opportunities with parties unrelated to the Company or NYGG Asia.

Six Dimensions expressed an interest in pursuing a transaction with the Company, but as a condition to any such transaction, Six Dimensions would require that the Company's debt be repaid and that the Company divest the China Subsidiaries. NYGG Asia expressed support for a transaction with Six Dimensions, but believed that any such strategic restructuring would be better conducted under the leadership of Mr. Terry McEwen, who was formerly the Chairman of the Company's Audit Committee and is currently its Chairman of the Board and Chief Executive Officer. Mr. McEwen had also previously served as the Director of Banking for the State of New Jersey Department of Banking and Insurance. The parties also discussed that as a condition to any such transaction, the Company would spin off all of its China-based operations so that following any such transaction, the business of the Company would be that of Six Dimensions only. NYGG Asia expressed support for such a transaction, as it believed that, given the Company's poor financial performance and business prospects, the business of Six Dimensions presented a better opportunity for growth and profitability.

After the meeting, representatives of NYGG Asia reported the results of the discussion, through Mr. Uchimoto to Mr. McEwen. Mr. McEwen discussed the terms of the potential transactions with CleanTech's counsel, Stevens & Lee, and the parties evaluated the factors weighing both in favor and against the transactions. For a discussion of these factors, see [Reasons for the Spin-Off and Exchange](#) below. After conducting a due diligence investigation into Six Dimensions, the Company and its legal counsel ultimately determined that a transaction with Six Dimensions provided better prospects for the Company's long-term growth as compared to maintaining its current business structure.

On April 16, 2014, NYGG Asia and Six Dimensions signed a non-binding letter of intent describing the principal terms of the Exchange. The letter of intent contemplated that the Company would, separately, take the necessary actions to approve the Exchange and the transactions contemplated thereby.

In early May 2014, NYGG Asia informed the Company that it would agree to forbear from exercising certain of its rights and remedies related to the Company's debt obligations to NYGG Asia and certain events of default thereunder if (i) the Controlling Shareholders resigned as directors and officers of the Company and granted Mr. McEwen a proxy to vote the Common Stock held by the Controlling Shareholders and (ii) the Company and the Controlling

Shareholders agreed to the Spin-Off.

Table of Contents

To avoid a conflict of interest, the Controlling Shareholders who were also directors and officers of the Company, Ms. Lu, Mr. Dianfu Lu, Mr. Shuyuan Liu and Mr. Zili Zhao, recused themselves from board discussions and decisions relating to the Spin-Off, leaving Mr. McEwen as the only remaining director of the Company to act on behalf of the Board of Directors. In subsequent discussions among the Controlling Shareholders, NYGG Asia and the Company, the Controlling Shareholders acted in their capacities as individual shareholders, and not as officers or directors of the Company. Once the terms of the Spin-Off had been agreed to among the parties, the Controlling Shareholders agreed to, and did, resign from their positions as officers and directors of the Company prior to the Company approving the Spin-Off on June 11, 2014.

On June 10, 2014, CleanTech contacted Holland & Knight about engaging the firm as counsel to represent the Company in connection with the Exchange and other corporate matters. Holland & Knight's representation of NYGG Asia ceased on June 11, 2014 with the finalization of the Forbearance Agreement, Divesture Agreement and the Waiver Agreement described below under the heading Background of the Spin-off. Before executing an engagement letter with the Company, Holland & Knight advised the Company that a conflict of interest could potentially arise between its previous representation of NYGG Asia and its representation of the Company, as the parties could have potentially adverse interests. The Company obtained Holland & Knight's assurance that its professional judgment would not be affected by the representation of either party and waived any such conflict. On June 12, 2014 the Company executed a conflict waiver (NYGG Asia, similarly, executed its own conflict waiver) and an engagement letter with Holland & Knight.

On June 10, 2014, Kane Kessler provided a draft Exchange Agreement to the Company and Holland & Knight for review.

Multiple drafts of the Exchange Agreement were exchanged between Holland & Knight and Kane Kessler to finalize the terms of the transaction.

On June 12, 2014, our sole Director and the Majority Shareholders approved the Exchange and the other Actions.

On June 13, 2014, CleanTech and Six Dimensions executed the final Exchange Agreement. On June 17, 2014, CleanTech filed a Form 8-K with the SEC announcing the execution of the Exchange Agreement.

Background of the Spin-Off

This discussion of the Spin-Off of our wholly-owned Chinese subsidiary, Liaoning Creative Bellows Co., Ltd. (Creative Bellows) pursuant to the Divesture and Exchange Agreement (the Divesture Agreement) is qualified in its entirety by reference to the Company's Current Report on Form 8-K filed June 16, 2014, and incorporated into this Information Statement by reference. You should read the entire Divesture Agreement and all exhibits thereto carefully, as they are the legal documents that govern the Spin-Off.

On June 11, 2014, the Company entered into the Divesture Agreement with certain of the Company's controlling shareholders including Ping Chen, Shengfen Lin, Wenge Chen, Bei Lu and Dianfu Lu (collectively, the Controlling Shareholders). Bei Lu and Dianfu Lu were also officers and directors of the Company. The Controlling Shareholders collectively own 5,076,468 shares of our Common Stock (the Controlling Shares), or 61.0% of our issued and outstanding shares.

Pursuant to the Divesture Agreement, the Controlling Shareholders agreed to transfer all of the Controlling Shares to the Company in exchange for our transfer of our wholly-owned Chinese subsidiary, Creative Bellows, to the Controlling Shareholders or their designees. Creative Bellows wholly owns Liaoning Creative Wind Power

Equipment Co., Ltd., a Chinese corporation which, together with Creative Bellows (the China Subsidiaries), represented all of our China-based business.

Table of Contents

The Divesture Agreement is subject to various conditions, including that the Controlling Shares and our ownership interests in Creative Bellows (the **Subsidiary Interests**) be deposited into and held in escrow pursuant to the terms of a separately-executed Escrow Agreement (the **Escrow Agreement**). The release of the Controlling Shares and the Subsidiary Interests and consummation of the Exchange Agreement is further subject to the requirement that we promptly form a wholly-owned British Virgin Islands corporation (the **BVI Subsidiary**). Upon formation of the BVI Subsidiary, we are required to effectuate the transfer of the Subsidiary Interests to the BVI Subsidiary, followed by our transfer of all of our ownership interest in the BVI Subsidiary to the Controlling Shareholders. With respect to the contemplated transfer of the Controlling Shares to the Company, each Controlling Shareholder has executed and delivered an irrevocable proxy to Mr. McEwen. As such, Mr. McEwen now has the authority to vote the Controlling Shares in his discretion. The Divesture Agreement is also subject to customary representations and warranties of the parties and provides for cross-indemnification in the case of certain liabilities to either party.

On June 11, 2014, in consideration of the Divesture Agreement and the related transactions, our largest creditor, NYGG Asia entered into a Forbearance and Waiver Agreement with the Company (the **Forbearance Agreement**). Pursuant to the Forbearance Agreement, NYGG Asia agreed to forbear from exercising certain of their respective rights and remedies related to our debt obligations to them and certain events of default thereunder. The forbearance period extends from June 11, 2014 until the first to occur of (i) September 10, 2014, (ii) the transfer of the Controlling Shares to the Company in exchange for the transfer of the Subsidiary Interests to the Controlling Shareholders and (iii) the termination of the Divesture Agreement. Upon the earlier to occur of (i) the occurrence of a forbearance default (which includes any failure by the Company to comply with and/or diligently pursue the transactions contemplated by the Divesture Agreement) or (ii) the expiration of the forbearance period, NYGG Asia's agreement to forbear shall immediately terminate and NYGG Asia shall thereafter be entitled to exercise all of its rights and remedies with respect to the above-mentioned debt obligations.

Further to the Forbearance Agreement, NYGG Asia also agreed to unconditionally release each of the China Subsidiaries from all of their respective debt obligations to NYGG Asia. The terms of NYGG Asia's release and waiver are set forth in a separately-executed Release and Waiver Agreement between NYGG Asia and each of the China Subsidiaries (the **Waiver Agreement**).

The foregoing descriptions of the Forbearance Agreement and the Waiver Agreement do not purport to be complete, and are qualified in their entirety by reference to the full text of the Forbearance Agreement and the Waiver Agreement, which are filed as Exhibits 10.3 and 10.4 to the Company's Current Report on Form 8-K filed June 16, 2014 and are incorporated herein by reference.

As of the date of this Information Statement, the Controlling Shares, the Subsidiary Interests and the interests in the BVI Subsidiary are being held in escrow, and the Controlling Shareholders are the managers and beneficial owners of the China Subsidiaries. We expect that the Controlling Shares will be released to the Company, and the interests in the BVI Subsidiary will be released to the Controlling Shareholders, simultaneously with the consummation of the Exchange.

Reasons for the Spin-Off and Exchange

As part of the Company's ongoing strategic planning process, our Board and executive officers have over time regularly reviewed and evaluated the Company's strategic direction and alternatives in light of the performance of its business and operations and market, economic, competitive, and other conditions and developments. This strategic planning process resulted in our Board's decision to enter into a series of transactions to effect the Spin-Off and Exchange.

In considering the Spin-Off and the Exchange, our Board determined that the poor financial performance of our China Subsidiaries, representing all of the operating assets of the Company, raised a substantial doubt as to

Table of Contents

whether the Company may continue as a going concern. In light of these conditions, and as further described above under the heading "Background of the Exchange," our Board determined that operation of the China Subsidiaries may not be the best way to maximize the Company's potential in the long term.

The Spin-Off was designed to provide the Company with flexibility for future corporate action, including but not limited to possible acquisitions of, or mergers with, other companies in various industries, financings, investment opportunities, stock splits, and dividends. The Spin-Off was supported by our largest creditor, NYGG Asia, who, in connection with the Spin-Off, agreed to consummate the Debt Conversion in connection with the Exchange, which the Board believes will significantly improve the financial condition of the Company.

In evaluating a number of alternatives, our Board consulted with the Company's management and legal and financial advisors, reviewed a significant amount of information, and considered a number of factors, including, among others, the following factors that our Board viewed as supporting its decision ultimately to approve the Spin-Off and the Exchange as being in the best interests of our stockholders:

the Company's estimated near- and long-term operations and performance on an independent stand-alone basis;

the substantial risk that the Company would not be able to repay the approximately \$16 million in interest and principal due to NYGG Asia;

the substantial additional financing that would be needed to achieve the desired performance and the risk that such additional financing may not be obtained on terms favorable to the Company or at all;

the competitive industry in which the Company operates, including the fact that many competitors have greater resources, financial and otherwise, than the Company has;

historical and current information concerning Six Dimensions' business, technology, personnel, and management; its financial performance, condition, and prospects as presented by Six Dimensions to the Company's Board, management team, and advisors and results of a due diligence investigation of Six Dimensions conducted by the Company's management and advisors;

the process undertaken to explore strategic alternatives available to the Company to maximize stockholder value, and the review and assessment of the possible outcomes of such alternatives, including the possibility of remaining independent, combinations with other merger partners, the possibility of being acquired and the possibility of equity or debt being issued in public or private offerings;

the number of shares of the Company's Common Stock to be issued to NYGG Asia and Six Dimensions stockholders pursuant to the Exchange Agreement and the fact that, following the completion of the Exchange, the Company's indebtedness to NYGG Asia would be extinguished and NYGG Asia and the

Company's stockholders would participate in approximately 50% of the future growth and earnings of the Company following the Exchange; and

the fact that Mr. McEwen, our current director, will be a director of the Company after the Exchange. The CleanTech Board also carefully considered and discussed a number of risks, uncertainties, and other countervailing factors in its deliberations regarding entering into the Exchange Agreement and consummating the Exchange, including, among others, the following:

the risk that the conditions to the Exchange will not be satisfied, including the condition that the Company maintains the continued listing of the Common Stock on the NASDAQ Capital Market or complete a private placement equity offering of the Common Stock at \$0.90 per share with minimum aggregate proceeds of \$3 million and maximum aggregate proceeds \$5.1 million;

the risks and substantial costs, including public company costs, and the difficulty of obtaining additional financing on terms favorable to the Company, or at all, to cover such costs of the Company remaining a stand-alone publicly traded company instead of agreeing to a transaction with Six Dimensions;

Table of Contents

the uncertainty of the trading price of the Company's Common Stock after announcing the Exchange and after consummation of the Exchange;

the possibility that the anticipated benefits of the Exchange may not be realized or may be lower than expected;

the potential limitations on the Company's operations due to pre-closing covenants in the Exchange Agreement;

the disruption that may be caused by failure to complete the Exchange;

the substantial fees and expenses incurred by the Company in connection with the Exchange, which will be incurred whether or not the Exchange is completed; and

other risks described in the sections of this Information Statement entitled "Risks" and "Forward-Looking Statements".

The CleanTech Board believes that, overall, the potential benefits to our stockholders of the Exchange Agreement, and the transactions contemplated thereby, outweigh the risks and uncertainties.

Although this discussion of the information and factors considered by the Company's Board is believed to include the material factors it considered, it is not intended to be exhaustive and may not include all of the factors considered by the Board. The Board did not find it useful and did not attempt to quantify or assign any relative or specific weights to the various factors that it considered in reaching its determination that the Exchange Agreement and the transactions contemplated thereby are fair to, advisable, and in the best interests of the Company and its stockholders. The Company's Board based its determination on the totality of the information presented to and factors considered by it.

The Effect of the Exchange

Pursuant to the terms of the Exchange, the Company will acquire Six Dimensions in exchange for an aggregate of 88,929,203 newly issued shares (the "Exchange Shares") of the Company's common stock, par value \$0.00001 per share (the "Common Stock") issued to Six Dimensions' shareholders in accordance with their pro rata ownership of Six Dimensions equity. As a result of the Exchange, Six Dimensions will become a wholly-owned subsidiary of the Company. In addition, certain of our shareholders agreed to retire 5,076,468 shares of Common Stock (the "Contributed Shares"). Following the Exchange, the Company will have an aggregate of approximately 173,025,072 shares issued and outstanding.

The Company and Six Dimensions expect that the Exchange Shares will be issued in a transaction exempt from registration under the Securities Act of 1933 (the "Securities Act") by reason of Section 4(2) of the Securities Act and/or Rule 506 of Regulation D promulgated by the SEC thereunder. As required by Rule 506 of Regulation D: (i) the Exchange Shares are being issued to the shareholders of Six Dimensions, all of whom are accredited investors within the meaning of Rule 501; (ii) the Exchange Shares will not be offered or sold through any form of general solicitation or general advertising; and (iii) the shares will be restricted securities within the meaning of Section 4(2) of the Securities Act. Further, as all of the recipients of Exchange Shares are accredited investors, the Company is not

obligated to satisfy the information requirements set forth in Rule 502(b).

At the effective time of the Exchange, our Board of Directors will be reconstituted by the appointment of Tejune Kang as the Company's Chairman and Chief Executive Officer; David Kaufman as an independent Director; Anubhav Saxena as an independent Director and Adam Hartung as an independent Director. Please see the Company's Schedule 14f-1 filed on June 23, 2014, for information regarding these directors, which is hereby incorporated by reference. Upon consummation of the Exchange, the Registrant will adopt the business plan of Six Dimensions.

Table of Contents

As disclosed on the Company's Current Report on Form 8-K filed on July 3, 2014, the Company effected a reverse stock split on July 14, 2014, whereby holders of the Company's Common Stock were deemed to hold one (1) post-split share of the Company's Common Stock for every three (3) shares of the Company's issued and outstanding Common Stock held immediately prior to the split.

Our Common Stock is listed on the NASDAQ Capital Market, but is not actively traded. The closing price of our Common Stock on the NASDAQ Capital Market on June 16, 2014, the last full trading day prior to the announcement of the Exchange, was \$2.40 per share (after giving effect to the reverse stock split), and on [], 2014, the latest practicable trading day before the printing of this Information Statement, the closing price for our Common Stock was \$[] per share. Based on the closing price on the last full trading day prior to the announcement of the Exchange, and after giving effect to the issuance of the Exchange Shares and the Debt Conversion Shares, the value per share of each Exchange Share is \$0.11 per share, and aggregate value of the Exchange Shares is \$9,782,212. We have deemed the aggregate value of the Debt Conversion Shares to be \$16,000,000, equal the amount of indebtedness that will be extinguished pursuant to the Debt Conversion.

The parties will take the actions necessary to provide that the Exchange is treated as a tax free exchange under Section 368 of the Internal Revenue Code of 1986, as amended.

The Private Placement

As described above, Six Dimensions is not obligated to consummate the transactions contemplated by the Exchange Agreement unless Six Dimensions and the Company have in escrow for the benefit of the Company following the Exchange (the Post-Exchange Company) aggregate gross proceeds of not less than \$3 million and not more than \$5.1 million received pursuant to a private placement of our Common Stock at \$0.90 per share, made solely to accredited investors in compliance with the exemption from registration provided by Section 4(a)(2) of the Securities Act or Rule 506 of Regulation D thereunder on terms satisfactory to Six Dimensions and the Company, and the conditions to closing such private placement are satisfied. We expect that the private placement, when consummated, will strengthen the Post-Exchange Company's financial position and will give the Post-Exchange Company greater financial flexibility to execute its business plan as a NASDAQ-listed public company.

Assuming the private placement is consummated with the minimum aggregate gross proceeds of \$3 million, the Company will issue approximately 3,333,334 shares of Common Stock to the purchasers thereunder, resulting in an aggregate of approximately 176,358,406 shares of Common Stock issued and outstanding. Assuming the private placement is consummated with the maximum aggregate proceeds of \$5.1 million, the Company will issue approximately 5,666,667 shares of Common Stock to purchasers thereunder, resulting in an aggregate of approximately 178,691,739 shares of Common Stock issued and outstanding. The issuance of shares of our Common Stock in accordance with the private placement would dilute, and thereby reduce, each existing stockholder's proportionate ownership in our Common Stock. The stockholders do not have preemptive rights to subscribe for additional shares that may be issued by the Company in order to maintain their proportionate ownership of Common Stock. It is possible that if we conduct a non-public stock offering, some of the shares we sell could be purchased by one or more investors who could acquire a large block of Common Stock. This would concentrate voting power in the hands of a few stockholders who could exercise greater influence on our operations or the outcome of matters put to a vote of stockholders in the future.

The Debt Conversion

The Company and NYGG Asia expect that the shares issued in accordance with the Debt Conversion (the Debt Conversion Shares) will be issued in a transaction exempt from registration under the Securities Act by reason of

Section 4(2) of the Securities Act and/or Rule 506 of Regulation D promulgated by the SEC thereunder. As required by Rule 506 of Regulation D: (i) the Debt Conversion Shares are being issued to NYGG Asia, which is an accredited investor within the meaning of Rule 501; (ii) the Debt Conversion Shares will not be

Table of Contents

offered or sold through any form of general solicitation or general advertising; and (iii) the shares will be restricted securities within the meaning of Section 4(2) of the Securities Act. Further, as NYGG Asia, the sole recipient of the Debt Conversion Shares, is an accredited investor, the Company is not obligated to satisfy the information requirements set forth in Rule 502(b).

Pro Forma Ownership

Following the issuance of the Exchange Shares, the retirement of the Contributed Shares and the issuance of the Debt Conversion Shares but without giving effect to any shares issued in connection with the private placement, Six Dimensions shareholders will own approximately fifty percent (50%) of the Registrant's outstanding Common Stock. Accordingly, the Exchange will represent a change in control. In addition, with respect to the Debt Conversion, assuming that NYGG Asia does not participate in the private placement contemplated by the Exchange Agreement, upon consummation of the Exchange and the issuance of the Debt Conversion Shares but without giving effect to any shares issued in connection with the private placement, NYGG Asia will be the beneficial owner of approximately 80,844,730 shares, or approximately 45%, of the Post-Exchange Company's issued and outstanding common stock.

If, and to the extent that NYGG Asia participates in the private placement, its ownership percentage of the common stock would change accordingly, and NYGG Asia's participation would be on the same terms as the other purchasers thereunder. Assuming NYGG Asia's ownership of the 80,844,730 shares of Common Stock that will be issued pursuant to the Debt Conversion, and assuming that NYGG Asia purchased the maximum number of shares available for purchase pursuant to the private placement, NYGG Asia would own 86,511,397 shares, or approximately 48% of the Post-Exchange Company's common stock. NYGG Asia's Chief Executive Officer Mr. Roger Li will have the sole voting and dispositive power over shares of Common Stock acquired by NYGG Asia pursuant to the Debt Conversion and any other shares that may be acquired by NYGG pursuant to the private placement. Mr. Li is the ultimate beneficial owner of NYGG Asia.

As of July 14, 2014, there are 8,327,607 shares of Common Stock issued and outstanding. For financial accounting purposes, the Exchange will be treated as a recapitalization with Six Dimensions as the acquirer. Upon consummation of the Exchange, the Company will adopt the business plan of Six Dimensions.

Regulatory Approvals Required for the Exchange

Other than the approval by the Company's Board of Directors and shareholders to enter into the Exchange Agreement, there are no material federal, state or foreign regulatory requirements, approvals or filings required for the completion of the Exchange that have not been obtained.

Additional Effects of the Exchange

Upon the completion of the Exchange, Six Dimensions will become a wholly owned subsidiary of the Company, and the Exchange Shares will represent approximately fifty percent (50%) of the total outstanding shares of Common Stock of the Company. The Company's common stock is currently eligible for listing on the NASDAQ Stock Market under the stock symbol CTEK.

NASDAQ considers the Exchange described in this Information Statement to be a business combination with a non-NASDAQ entity and has required that a new listing application be submitted in connection with the Exchange. NASDAQ approval of such new listing application is a condition to Six Dimensions' obligations under the Exchange Agreement. Although we believe that NASDAQ will approve the new listing application, it is possible that NASDAQ will deny the application. The continued listing on NASDAQ is a condition to Six Dimensions' obligations to complete

the Exchange. Six Dimensions has not expressed an intent to waive such condition.

Table of Contents

If the Exchange were to proceed without NASDAQ approval, NASDAQ could issue the Company a delisting letter immediately after completion of the Exchange. If this were to occur, the post-Exchange Company would take all reasonable action in order to maintain the listing of its Common Stock on NASDAQ. However, there can be no assurance that the Company would be successful under such circumstances, and if the Company's Common Stock were delisted from NASDAQ, stockholders may have difficulty converting their investments into cash effectively. As a result, under such circumstances, the relative price of the Company's Common Stock may decline and/or fluctuate more than in the past.

As disclosed on the Company's Current Report on Form 8-K filed on August 8, 2014, the Company received a written notification from NASDAQ notifying the Company that it had failed to comply with NASDAQ Listing Rule 5550(a)(2) because the closing bid price per share of its common stock was below the \$1.00 minimum bid price requirement for continued listing of its common stock. The Company has appealed the delisting determination and a hearing before the NASDAQ Hearings Panel (the Hearings Panel) is scheduled for September 4, 2014.

As disclosed on the Company's Current Report on Form 8-K filed on August 27, 2014, the Company received a written notification from NASDAQ notifying the Company that it had failed to comply with NASDAQ Listing Rules 5550(b), 5605(b)(1), 5605(c)(2), 5605(d)(2) and 5605(e)(1). NASDAQ has instructed the Company to address these additional matters to the Hearings Panel at the September 4 hearing.

The Company expects NASDAQ to issue a final decision within two to four weeks after the hearing. The Company's common stock will continue to list on the NASDAQ Capital Market while such appeal is pending. However, there can be no assurance that the NASDAQ Hearing Panel will grant the Company's request for continued listing.

Representations and Warranties

The Exchange Agreement contains a number of representations and warranties made by the Company and Six Dimensions. The statements embodied in those representations and warranties were made for purposes of the contract among the parties and are subject to qualifications and limitations agreed to by the parties in connection with negotiating the terms of that contract. Certain representations and warranties were made as of the date of the Exchange Agreement (or other date specified in the Exchange Agreement) and may be subject to contractual standards of materiality different from those generally applicable to shareholders or may have been used for the purpose of allocating risk by the parties rather than establishing matters of fact. Accordingly, while investors are entitled to rely on disclosure in our publicly filed documents, you should not rely on the representations and warranties as characterizations of the current state of facts because they are qualified as described above, as information concerning the subject matter of the representations and warranties may have changed since the date of the Exchange Agreement, and these changes may or may not be fully reflected in our public disclosures. The Exchange Agreement should not be read alone, but should instead be read in conjunction with the other information regarding the Company and Six Dimensions and the information that is contained in this Information Statement, as well as in the filings that the Company will make and have made with the SEC.

In the Exchange Agreement, the Company and Six Dimensions have made customary representations and warranties that are subject, in some cases, to specified exceptions and qualifications, to the Company and Six Dimensions, including representations relating to:

organization, good standing and authorization and qualification to do business;

capitalization, including the particular number of outstanding shares of common stock, stock options, warrants, convertible debt and other equity-based interests;

the accuracy of the Company's organizational documents and information disclosed in the Exchange;

financial statements and internal accounting controls;

consents required in connection with the Exchange, other than specifically identified consents;

Table of Contents

the absence of any violation or conflicts with any organizational documents, applicable law or certain contracts as a result of the Exchange;

the timely filing and furnishing of SEC reports;

the absence of undisclosed liabilities;

the absence of any changes in the conduct of the business;

the absence of investigations and legal proceedings;

material contracts;

absence of related party transactions;

tax matters;

title matters;

governmental permits and authorizations; and

permit and compliance with laws matters.

Certain of the representations and warranties of the Company and Six Dimensions will survive the completion of the Exchange.

Conditions to the Exchange

The Company's and Six Dimensions' obligations to complete the Exchange Agreement are subject to the satisfaction or waiver of the following conditions:

the Company's and Six Dimensions' representations and warranties in the Exchange Agreement being true and correct;

the Company's and Six Dimensions' performance in all material respects of their respective obligations required to be performed at or prior to the effective time of the Exchange, including the Company (i)

maintaining the continued listing of its Common Stock on the NASDAQ Capital Market and (ii) completing a private placement equity offering of its Common Stock at \$0.90 per share with minimum aggregate proceeds of \$3 million and maximum aggregate proceeds \$5.1 million;

the absence of litigation and material adverse effects on the Company and Six Dimensions;

the receipt of all required consents to the Exchange and the transactions contemplated by the Exchange;

the receipt of good standing certificates from the appropriate agencies of the Company and Six Dimensions;
and

the approval by the Company's Board of Directors and Majority Shareholder of the Name Change, Authorized Increase, Debt Conversion and Conversion.

Termination of the Exchange Agreement

The Exchange Agreement may be terminated at any time prior to the closing of the Exchange by the Board of Directors of the Company or Six Dimensions upon failure to comply in any material respect with any of their covenants or agreements contained in the Exchange Agreement or if any of the representations or warranties of the breaching party contained therein shall be inaccurate in any material respect, and, in either case if such failure is reasonably subject to cure, it remains uncured for seven days after notice of such failure is provided to the non-breaching party.

The Exchange Agreement may also be terminated at any time prior to the closing of the Exchange by the Board of Directors of the Company or Six Dimensions if: (i) there is any actual or threatened action or proceeding before any court or any governmental body which shall seek to restrain, prohibit, or invalidate the transactions contemplated by this Agreement and which, in the judgment of such board of directors, made in good faith and based on the advice of its legal counsel, makes it inadvisable to proceed with the Exchange;

Table of Contents

(ii) any of the transactions contemplated thereby are disapproved by any regulatory authority whose approval is required to consummate such transactions or in the judgment of such board of directors, made in good faith and based on the advice of counsel, there is substantial likelihood that any such approval will not be obtained or will be obtained only on a condition or conditions which would be unduly burdensome, making it inadvisable to proceed with the exchange; (iii) there shall have been any change after the date of the latest balance sheets of Six Dimensions and the Company, respectively, in the assets, properties, business, or financial condition of Six Dimensions and the Company, which could have a materially adverse effect on the value of the business of Six Dimensions and the Company, respectively, except any changes disclosed in the disclosure schedules to the Exchange Agreement, as the case may be. In the event of termination, no obligation, right, or liability will arise thereunder, and each party will bear all of the expenses incurred by it in connection with the negotiation, drafting, and execution of the Exchange Agreement and the transactions therein contemplated; (iv) the closing did not occur by September 30, 2014; or (v) if the Company shall not have provided responses satisfactory in Six Dimensions' reasonable judgment to Six Dimensions' request for due diligence materials.

Material United States Federal Income Tax Consequences of the Exchange to Our Shareholders

The parties have taken the actions necessary to provide that the Exchange is treated as a tax free exchange under Section 368 of the Internal Revenue Code of 1986, as amended.

Risks

The Board of Directors identified and considered a variety of risks and other countervailing factors related to entering into the Exchange Agreement and the transactions contemplated by the Exchange Agreement (which are not intended to be exhaustive and are not in relative order of importance), including that, before the closing of the Exchange, there were no assurances that all conditions to the parties' obligations to complete the Exchange would be satisfied or waived, and, as a result, it was possible that the Exchange may not have been completed.

The foregoing discussion of the factors considered by the Board of Directors of the Company is not intended to be exhaustive, but does set forth the material factors considered by the Board of Directors.

Interests of Certain Persons in the Exchange

You should be aware that our sole Director who approved the Exchange Agreement and the related transactions, Terry McEwen, is also our Chief Executive Officer as well as the holder of proxies constituting a majority of our issued and outstanding shares. We are not aware of any reason that Mr. McEwen would have any interests, either directly or indirectly, in the Exchange that would be different from, or in addition to, your interests as a shareholder and that may present actual or potential conflicts of interest.

You should also be aware that NYGG Asia, our largest creditor, has interests in the Exchange that may be different from, or in addition to, or conflict with, the interests of the Company's shareholders. We are currently in default of our obligations to NYGG Asia under the terms of a \$10,000,000 loan, and are indebted to NYGG Asia in the aggregate amount of approximately \$16,000,000. In connection with the Exchange, NYGG Asia has agreed to the Debt Conversion, pursuant to which this indebtedness will be converted into 80,844,730 shares of Common Stock, and the indebtedness will be extinguished.

Director and Officer Exculpation, Indemnification

Nevada Revised Statutes (NRS) Sections 78.7502 and 78.751 provide the Company with the power to indemnify any of our directors and officers. The director or officer must have conducted himself/herself in good faith and reasonably believe that his/her conduct was in, or not opposed to our best interests. In a criminal action, the director, officer, employee or agent must not have had reasonable cause to believe his/her conduct was unlawful.

Under NRS Section 78.751, advances for expenses may be made by agreement if the director or officer affirms in writing that he/she believes he/she has met the standards and will personally repay the expenses if it is determined such officer or director did not meet the standards.

Table of Contents

Pursuant to the Company's Articles of Incorporation and bylaws, we may indemnify an officer or director who is made a party to any proceeding, because of his position as such, to the fullest extent authorized by Nevada Revised Statutes, as the same exists or may hereafter be amended. In certain cases, we may advance expenses incurred in defending any such proceeding.

To the extent that indemnification for liabilities arising under the Securities Act of 1933, as amended (the Securities Act) may be permitted to directors, officers or persons controlling our company pursuant to the foregoing provisions, we have been informed that, in the opinion of the SEC, such indemnification is against public policy as expressed in the Securities Act and is therefore unenforceable. If a claim for indemnification against such liabilities (other than the payment by us of expenses incurred or paid by a director, officer or controlling person of our company in the successful defense of any action, suit or proceeding) is asserted by any of our directors, officers or controlling persons in connection with the securities being registered, we will, unless in the opinion of our counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by us is against public policy as expressed in the Securities Act and will be governed by the final adjudication of that issue.

Anti-Takeover Effects of Provisions of Nevada State Law

We may be, or in the future may become, subject to Nevada's control share law. A corporation is subject to Nevada's control share law if it has more than 200 shareholders, at least 100 of whom are shareholders of record and residents of Nevada, and if the corporation does business in Nevada or through an affiliated corporation.

The law focuses on the acquisition of a controlling interest which means the ownership of outstanding voting shares is sufficient, but for the control share law, to enable the acquiring person to exercise the following proportions of the voting power of the corporation in the election of directors: (1) one-fifth or more but less than one-third, (2) one-third or more but less than a majority, or (3) a majority or more. The ability to exercise such voting power may be direct or indirect, as well as individual or in association with others.

The effect of the control share law is that the acquiring person, and those acting in association with that person, obtain only such voting rights in the control shares as are conferred by a resolution of the shareholders of the corporation, approved at a special or annual meeting of shareholders. The control share law contemplates that voting rights will be considered only once by the other shareholders. Thus, there is no authority to take away voting rights from the control shares of an acquiring person once those rights have been approved. If the shareholders do not grant voting rights to the control shares acquired by an acquiring person, those shares do not become permanent non-voting shares. The acquiring person is free to sell its shares to others. If the buyers of those shares themselves do not acquire a controlling interest, their shares do not become governed by the control share law.

If control shares are accorded full voting rights and the acquiring person has acquired control shares with a majority or more of the voting power, any shareholder of record, other than an acquiring person, who has not voted in favor of approval of voting rights, is entitled to demand fair value for such shareholder's shares.

Nevada's control share law may have the effect of discouraging corporate takeovers.

In addition to the control share law, Nevada has a business combination law, which prohibits certain business combinations between Nevada corporations and interested shareholders for three years after the interested shareholder first becomes an interested shareholder unless the corporation's board of directors approves the combination in advance. For purposes of Nevada law, an interested shareholder is any person who is (1) the beneficial owner, directly or indirectly, of ten percent or more of the voting power of the outstanding voting shares of the corporation, or (2) an

affiliate or associate of the corporation and at any time within the three previous years was the beneficial owner, directly or indirectly, of ten percent or more of the voting power of the then outstanding shares of the corporation. The definition of the term business

Table of Contents

combination is sufficiently broad to cover virtually any kind of transaction that would allow a potential acquirer to use the corporation's assets to finance the acquisition or otherwise to benefit its own interests rather than the interests of the corporation and its other shareholders.

The effect of Nevada's business combination law is to potentially discourage parties interested in taking control of the Company from doing so if such parties cannot obtain the approval of our Board of Directors.

ACTION 3. REINCORPORATION OF THE COMPANY FROM NEVADA TO DELAWARE

The Board of Directors has determined that it will be in the best interest of the shareholders to reincorporate the Company from Nevada to Delaware (the Reincorporation). The Company intends to effect the Reincorporation by converting into a Delaware corporation in compliance with the Delaware General Corporation Law (DGCL) and the Nevada Revised Statutes (NRS) pursuant to the Certificate of Conversion and Plan of Conversion, copies of which are attached as Appendix I and Appendix J to this Information Statement, respectively.

The Company, after giving effect to the Reincorporation, is herein referred to as 6D Delaware. All references to the Reincorporation are qualified by and subject to the more complete information set forth in the Plan of Conversion.

The Plan of Conversion

The Company intends to effect the Reincorporation pursuant to the Plan of Conversion. The Plan of Conversion provides that the Company will convert into a Delaware corporation, with all of the assets, rights, privileges and powers of the Company, and all property owned by the Company, all debts due to the Company, as well as all other causes of action belonging to the Company, remaining vested in 6D Delaware. The Company would remain as the same entity following the conversion with the same federal tax identification number.

At the Effective Time (as the term is defined below) of the Reincorporation, the Company will be governed by the Delaware Certificate of Incorporation, the bylaws of 6D Delaware (the Delaware Bylaws) and the DGCL.

The individuals serving as directors of the Company immediately prior to the Reincorporation will be the directors of 6D Delaware, and will continue to serve as directors of 6D Delaware following the Reincorporation. Additionally, the individuals serving as executive officers of the Company immediately prior to the Reincorporation will continue to serve as executive officers of 6D Delaware, without a change in title or responsibilities.

Each outstanding share of the Company's Common Stock will automatically be converted into one share of Common Stock of the resulting Delaware corporation. Any other employee benefit arrangements of the Company including, but not limited to, any equity incentive plans with respect to any issued unvested restricted stock, will, by operation of law, be assumed by the resulting Delaware corporation upon the terms and subject to the conditions specified in such plans.

Certificates currently issued for shares in the Company will automatically represent shares in 6D Delaware, the resulting Delaware corporation, upon completion of the Reincorporation, and shareholders will not be required to exchange stock certificates as a result of the Reincorporation.

Other than the change in corporate domicile, the Reincorporation will not result in any change in the business, physical location, management, assets, liabilities or net worth of the Company, nor will it result in any change in location of the Company's current employees, including management. The consolidated financial condition and results of operations of the Company immediately after consummation of the Reincorporation will be the same as those of the

Company immediately prior to the consummation of the Reincorporation. In addition,

the Reincorporation will not affect any of the Company's material contracts with any third parties and the Company's rights and obligations under such material contractual arrangements will continue as rights and obligations of the Company as a Delaware corporation.

The Reincorporation will become effective upon the filing of, and at the date and time specified in (if applicable), the Certificate of Conversion and Plan of Conversion filed with the Secretary of State of Nevada and the State of Delaware Certificate of Conversion from a Non-Delaware Corporation to a Delaware Corporation pursuant to Section 265 of the DGCL filed with the Secretary of State of Delaware, in each case upon acceptance thereof by the Nevada Secretary of State and the Delaware Secretary of State (the "Effective Time").

Our Board of Directors believes that the Reincorporation will, among other things:

Relocate our jurisdiction of organization to one that has a body of law more familiar to our officers, our employees, our board of directors, many of our shareholders and potential investors;

Provide legal, administrative and other similar efficiencies, as well as provide a basis for further efficiencies in the event we undertake to simplify our overall corporate structure; and

Reduce our exposure to the potential consequences of certain types of punitive or potentially adverse tax legislation that have been proposed from time to time.

6D Delaware Certificate of Incorporation and Bylaws

Approval by shareholders of the Reincorporation will automatically result in the adoption of all the provisions set forth in the 6D Delaware Certificate of Incorporation and the 6D Delaware Bylaws. A copy of the 6D Delaware Certificate of Incorporation is attached as Appendix G to this Information Statement and a copy of the 6D Delaware Bylaws is attached as Appendix H to this Information Statement.

Summary of the Differences of the Corporate Laws of Nevada and Delaware

The Company has decided to reincorporate as management and believes that the corporate law of the State of Delaware will be more beneficial to the operation of the business of the Company and will enable the Company to more efficiently pursue its business opportunities. As the Company plans for the future, the Board of Directors believes that it is essential to be able to draw upon well-established principles of corporate governance in making legal and business decisions. The predictability of Delaware corporate law provides a reliable foundation on which our governance decisions can be based. We believe that the shareholders will benefit from the Reincorporation into the State of Delaware.

The following is a summary of the major substantive difference between the corporation laws of the State of Nevada and the State of Delaware.

Nevada Business Combination Statute

Nevada law prohibits certain business combinations between a Nevada corporation and an interested stockholder for three years after such person becomes an interested stockholder. Generally, an interested stockholder is a holder who

is the beneficial owner of 10% or more of the voting power of a corporation's outstanding stock and at any time within three years immediately before the date in question was the beneficial owner of 10% or more of the then outstanding stock of the corporation. After the three year period, business combinations remain prohibited unless they are (a) approved by the board of directors prior to the date that the person first became an interested stockholder or a majority of the outstanding voting power not beneficially owned by the interested party, or (b) the interested stockholder satisfies certain fair-value requirements. An interested stockholder is (i) a person that beneficially owns, directly or indirectly, 10% or more of the voting power of the outstanding voting shares of a corporation, or (ii) an affiliate or associate of the corporation who, at any time within the past three years, was an interested stockholder of the corporation.

Table of Contents

The DGCL prohibits certain transactions between a Delaware corporation and an interested shareholder, which is broadly defined as a person (including the affiliates and associates of such person) that is directly or indirectly a beneficial owner of 15% or more of the outstanding voting stock of a Delaware corporation. This provision prohibits certain business combinations (including mergers, consolidations, sales or other dispositions of assets having an aggregate market value of 10% or more of either the consolidated assets of a company or the outstanding stock of a company, and certain transactions that would result in the issuance or transfer of stock of a company, increase the interested shareholder's proportionate share of ownership in a company or grant the interested shareholder disproportionate financial benefits) between an interested shareholder and a company for a period of three years after the date the interested shareholder acquired its stock, unless: (i) the business combination or the transaction in which the shareholder became an interested shareholder is approved by that company's board of directors prior to the date the interested shareholder becomes an interested shareholder; (ii) the interested shareholder acquired at least 85% of the voting stock of that company in the transaction in which it became an interested shareholder; or (iii) the business combination is approved by a majority of the board of directors and the affirmative vote of two-thirds of the votes entitled to be cast by disinterested shareholders at an annual or special meeting.

Comparison to Delaware Statutes

Under the DGCL, shareholders owning 15% of the voting stock of a company (or in certain cases an even smaller percentage) might be able to block certain transactions which is a smaller percentage than is currently the case under Nevada law. The application of either statute could make more difficult or discourage a tender offer or the completion of a second step merger by a holder of a substantial block of a company's voting stock, irrespective of whether such action might be perceived by shareholders holding a majority of the voting stock to be beneficial to a company and its shareholders.

The application of the DGCL could adversely affect the ability of shareholders to benefit from certain transactions which are opposed by the board or by shareholders owning 15% of the voting stock of a company, even if the price offered in those transactions represents a premium over the then-current market price of a company's voting stock, to the extent that a market for that stock then exists. To the extent that a board's disapproval of a proposed transaction discourages establishment of a controlling stock interest, the position of such board and the company's management may be strengthened, thereby assisting those persons in retaining their positions.

Nevertheless, the Board of Directors believes that, on balance, becoming subject to the provisions of the DGCL will be in the best interest of the Company and its shareholders and should deter surprise tender offers or other sudden purchases of a substantial number of outstanding shares. Frequently, such tender offers or other share purchases have been followed by a merger or other form of complete acquisition of the target company by the purchaser without any negotiations with the target company's board of directors. Such a second step business combination automatically eliminates minority interests in the target company, often for less valuable consideration per share than was paid in the purchaser's original tender offer or market purchases. In other instances, a purchaser has used its controlling interest to affect other transactions having an adverse impact on the target company and its shareholders.

Sales, Leases, Exchanges or Other Dispositions

A Nevada corporation may sell, lease or exchange all or substantially all of its property and assets when and as authorized by a majority of the outstanding stock of the corporation entitled to vote thereon, unless the certificate of incorporation provides to the contrary.

A Delaware corporation may sell, lease or exchange all or substantially all of its property and assets when and as authorized by a majority of the outstanding stock of the corporation entitled to vote thereon, unless the articles of

incorporation provide to the contrary.

Appraisal Rights

Under Nevada law, shareholders have no appraisal rights in the event of a merger or consolidation of the corporation if the stock of the Nevada corporation is listed on a national securities exchange or if such stock is held of records by more than 2,000 shareholders. Further, no appraisal rights are available for any shares of stock of the corporation surviving a merger if:

- (1) the agreement does not amend the certificate of incorporation of the surviving corporation;
- (2) each share of stock of the surviving corporation outstanding immediately prior to the effective date of the merger is to be an identical outstanding or treasury share of the surviving corporation after the effective date of the merger; and
- (3) the increase in the outstanding shares as a result of the merger does not exceed twenty percent (20%) of the shares of the surviving corporation outstanding immediately prior to the merger.

Shareholders of a Nevada corporation have no appraisal rights in a merger between that parent corporation and a subsidiary corporation wholly owned by that parent corporation. Even if appraisal rights would not otherwise be available under Nevada law in the circumstances described above, shareholders would still have appraisal rights if they are required by the terms of the agreement of merger and consolidation to accept for their stock anything other than:

- (1) shares of stock;
 - (A) of the surviving corporation; or
 - (B) of any other corporation which shares at the effective date of the merger or consolidation will be either listed on a national securities exchange or held of record by more than 2,000 shareholders;
- (2) cash in lieu of fractional shares; or
- (3) a combination of such shares and such cash.

Otherwise, shareholders of a Nevada corporation have appraisal rights in consolidations and mergers.

Under Delaware law, shareholders have no appraisal rights in the event of a merger or consolidation of the corporation if the stock of the Delaware corporation is listed on a national securities exchange or if such stock is held of records by more than 2,000 shareholders. Further, no appraisal rights are available for any shares of stock of the corporation surviving a merger if:

- (1) the agreement does not amend the certificate of incorporation of the surviving corporation;
- (2) each share of stock of the surviving corporation outstanding immediately prior to the effective date of the merger is to be an identical outstanding or treasury share of the surviving corporation after the effective date of the merger; and

(3) the increase in the outstanding shares as a result of the merger does not exceed twenty percent (20%) of the shares of the surviving corporation outstanding immediately prior to the merger.

Shareholders of a Delaware corporation have no appraisal rights in a merger between that parent corporation and a subsidiary corporation wholly owned by that parent corporation. Even if appraisal rights would not otherwise be available under Delaware law in the circumstances described above, shareholders would still have appraisal rights if they are required by the terms of the agreement of merger and consolidation to accept for their stock anything other than:

(1) shares of stock;

(A) of the surviving corporation; or

Table of Contents

- (B) of any other corporation which shares at the effective date of the merger or consolidation will be either listed on a national securities exchange or held of record by more than 2,000 shareholders;
- (2) cash in lieu of fractional shares; or
- (3) a combination of such shares and such cash.

Otherwise, shareholders of a Delaware corporation have appraisal rights in consolidations and mergers.

Under Delaware law, any corporation may provide in its certificate of incorporation that appraisal rights will also be available as a result of an amendment to its certificate of incorporation, any merger or consolidation involving such corporation, or the sale of all or substantially all of the assets of the corporation.

Right to Call Meetings

Under Nevada law, unless otherwise provided in the articles of incorporation or bylaws, the entire board of directors, any two directors or the president may call annual and special meetings of the stockholders and directors.

Delaware law provides that special meetings of the shareholders may be called by the board of directors or such other persons as are authorized in the certificate of incorporation or bylaws.

Voting by Proxy

Under Nevada law, a shareholder may authorize another person or persons to act for such shareholder by proxy. Under Nevada law, a proxy is only valid for eleven months from its date unless otherwise provided in the proxy.

Under Delaware law, a shareholder may authorize another person or persons to act for such shareholder by proxy. Under Delaware law, a proxy is valid for three years from its date unless otherwise provided in the proxy.

Shareholder Consent to Action Without a Meeting

Under Nevada law, unless otherwise provided in the certificate of incorporation, any action that can be taken at such meeting can be taken without a meeting if written consent thereto is signed by the holders of outstanding stock having the minimum number of votes necessary to authorize or take such action at a meeting at which all shares entitled to vote thereon were presented and voted.

Under Delaware law, unless otherwise provided in the articles of incorporation, any action that can be taken at such meeting can be taken without a meeting if written consent thereto is signed by the holders of outstanding stock having the minimum number of votes necessary to authorize or take such action at a meeting at which all shares entitled to vote thereon were presented and voted.

Procedures for Filling Vacant Directorships

Under Nevada law, unless the articles of incorporation or bylaws provide otherwise, vacancies and newly created directorships resulting from any increase in the authorized number of directors may be filled by a majority of the directors then in office, although less than a quorum, or by a sole remaining director.

Under Delaware law, unless the certificate of incorporation or bylaws provide otherwise, vacancies and newly created directorships resulting from any increase in the authorized number of directors may be filled by a majority of the

directors then in office, although less than a quorum, or by a sole remaining director.

Amendments

Nevada law provides that amendments to the articles of incorporation must be approved by the holders of a majority of the corporation's stock entitled to vote thereon, unless the articles of incorporation provide for a greater number.

Table of Contents

Delaware law provides that amendments to the certificate of incorporation must be approved by the holders of a majority of the corporation's stock entitled to vote thereon, unless the certificate of incorporation provides for a greater number.

Bylaw Amendments

Under Nevada law, the board of directors may amend, repeal or adopt a corporation's bylaws unless the articles of incorporation reserve this power exclusively to the shareholders, or the shareholders in amending, repealing or adopting a particular bylaw expressly provide that the board of directors may not amend, readopt or repeal that bylaw.

Under Delaware law, the right to amend, repeal or adopt the bylaws is permitted to the shareholders of the corporation entitled to vote and, if the corporation's certificate of incorporation so provides, the corporation's board of directors.

Distributions and Dividends

Under Nevada law, except as otherwise provided in the articles of incorporation, a board of directors may authorize and the corporation may make distributions to its stockholders, including distributions on shares that are partially paid. However, no distribution may be made if, after giving effect to such distribution: (a) the corporation would not be able to pay its debts as they become due in the usual course of business; or (b) except as otherwise specifically allowed by the articles of incorporation, the corporation's total assets would be less than the sum of its total liabilities plus the amount that would be needed, if the corporation were to be dissolved at the time of distribution, to satisfy the preferential rights upon dissolution of stockholders whose preferential rights are superior to those receiving the distribution.

Under Delaware law, a corporation may, subject to any restrictions contained in its certificate of incorporation, pay dividends out of surplus and, if there is not surplus, out of net profits for the current and/or the preceding fiscal year, unless the capital of the corporation is less than the capital represented by issued and outstanding stock having preferences on asset distributions.

Stock Redemption and Repurchase

As noted above, under Nevada law, the purchase or redemption by a corporation of its shares constitutes a distribution. Accordingly, the discussion above relating to distributions is applicable to stock redemptions and repurchases.

Under Delaware law, a corporation may purchase or redeem shares of any class except when its capital is impaired or would be impaired by such purchase or redemption. A corporation may, however, purchase or redeem out of capital, shares that are entitled upon any distribution of its assets to a preference over another class or series of its stock, or, if no shares entitled to such a preference are outstanding, any of its own shares, if such shares are to be retired and the capital reduced.

Removal of Directors

Nevada law provides that the any director may be removed, with or without cause, from office by the vote of stockholders representing not less than two-thirds of the voting power of the issued and outstanding stock entitled to vote. With respect to corporations that elect directors with cumulative voting, any director or directors who constitute fewer than all of the directors may not be removed except upon vote of the stockholders owning sufficient shares to prevent each director's election at the time of removal.

Under Delaware law, a majority of shareholders then entitled to vote at an election of directors may remove a director with or without cause except: (i) if the board of directors of a Delaware corporation is classified (i.e., elected for staggered terms), in which case a director may only be removed for cause, unless the corporation's certificate of incorporation provides otherwise; and (ii) in the case of a corporation which possesses cumulative

Table of Contents

voting, if less than the entire board is to be removed, no director may be removed without cause if the votes cast against his removal would be sufficient to elect him if then cumulatively voted at an election of the entire board of directors, or, if there be classes of directors, at an election of the class of directors of which he is apart.

Indemnification of Directors and Officers

Nevada and Delaware law have similar provisions and limitations regarding indemnification by a corporation of its officers, directors, employees and agents. If the Reincorporation is approved, the indemnification provisions of Delaware law will not apply to any act or omission that occurs before the effective date of the Reincorporation. The following is a summary comparison of the indemnification provisions of Nevada and Delaware law:

Nevada law permits a corporation to indemnify a director or former director, against judgments and expenses reasonably and actually incurred by the person in connection with a proceeding if the person (i) acted in good faith, (ii) reasonably believed, in the case of conduct in the person's official capacity, that the person's conduct was in the corporation's best interests, and otherwise, that the person's conduct was not opposed to the corporation's best interests, and (iii) in the case of a criminal proceeding, did not have a reasonable cause to believe the person's conduct was unlawful. If, however, the person is found liable to the corporation, or is found liable on the basis he received an improper personal benefit, then indemnification under Nevada law is limited to the reimbursement of reasonable expenses actually incurred and no indemnification will be available if the person is found liable for (i) willful or intentional misconduct in the performance of the person's duty to the corporation, (ii) breach of the person's duty of loyalty owed to the enterprise, or (iii) an act or omission not committed in good faith that constitutes a breach of a duty owed by the person to the corporation.

Delaware law permits a corporation to indemnify directors, officers, employees, or agents against expenses (including attorneys' fees), judgments, fines and amounts paid in settlement actually and reasonably incurred by the person in connection with an action, suit or proceeding, other than an action by or in the right of the corporation, to which such director, officer, employee or agent may be a party, provided such a director, officer, employee or agent shall have acted in good faith and shall have reasonably believed (a) in the case of a civil, administrative or investigative proceeding, that his conduct was in or not opposed to the best interests of the corporation, or (b) in the case of a criminal proceeding, that he had no reasonable cause to believe his conduct was unlawful. In connection with an action by or in the right of the corporation against a director, officer, employee or agent, the corporation has the power to indemnify such director, officer, employee or agent for expenses actually and reasonably incurred in connection with such suit (a) if such person acted in good faith and in a manner the person reasonably believed to be in or not opposed to the best interests of the corporation, and (b) if such person is found liable to the corporation, only if ordered by a court of law. Section 145 of the DGCL provides that such section is not exclusive of any other indemnification rights, which may be granted by a corporation to its directors, officers, employees or agents.

Mandatory Indemnification

Nevada law requires indemnification for expenses actually and reasonably incurred with respect to any claim, issue or matter on which the director is successful on the merits or otherwise, in the defense of the proceeding.

Delaware law requires indemnification for expenses actually and reasonably incurred with respect to any claim, issue or matter on which the director is successful on the merits or otherwise, in the defense of the proceeding.

Limited Liability of Directors

Under Nevada law, unless the articles of incorporation or an amendment thereto (filed on or after October 1, 2003) provides for greater individual liability, a director or officer is not individually liable to the corporation or its stockholders or creditors for any damages as a result of any act or failure to act in his or her capacity as a director or officer unless it is proven that: (a) the director's or officer's act or failure to act constituted a breach of his or her fiduciary duties as a director or officer; and (b) the breach of those duties involved intentional misconduct, fraud or a knowing violation of law.

Table of Contents

Delaware law similarly permits the adoption of a provision in the certificate of incorporation limiting or eliminating the monetary liability of a director to a corporation or its shareholders by reason of a director's breach of the fiduciary duty of care. Delaware law does not permit any limitation of the liability of a director for: (i) breaching the duty of loyalty to the corporation or its shareholders; (ii) failing to act in good faith; (iii) engaging in intentional misconduct or a knowing violation of law; (iv) obtaining an improper personal benefit from the corporation; or (v) declaring an illegal dividend or approving an illegal stock purchase or redemption.

Standard of Care

The standard of care required under Nevada and Delaware law is substantially the same. In general, directors are charged with the duty in their decision-making process and oversight responsibilities to act as would a reasonably prudent person in the conduct of such person's own affairs.

Certain United States Federal Income Tax Consequences of the Reincorporation

The following discussion summarizes the material United States federal income tax consequences of the Reincorporation that are expected to apply generally to the Company's shareholders. This summary is based upon current provisions of the Internal Revenue Code (the "IRC"), existing Treasury Regulations and current administrative rulings and court decisions, all of which are subject to change and to differing interpretations, possibly with retroactive effect.

This summary only applies to a shareholder of the Company that is a U.S. person, defined to include:

a citizen or resident of the United States; a corporation created or organized in or under the laws of the United States, or any political subdivision thereof (including the District of Columbia); and a domestic partnership;

an estate the income of which is subject to United States federal income taxation regardless of its source;

a trust if either (A) a court within the United States is able to exercise primary supervision over the administration of such trust and one or more United States persons have the authority to control all substantial decisions of such trust or (B) the trust has a valid election in effect to be treated as a United States person for United States federal income tax purposes; or

any other person or entity that is treated for United States federal income tax purposes as if it were one of the foregoing.

A holder of Common Stock other than a U.S. person as so defined is, for purposes of this discussion, a non-U.S. person. If a partnership holds Common Stock, the tax treatment of a partner will generally depend on the status of the partner and the activities of the partnership. If you are a partner of a partnership holding Common Stock, you should consult your tax advisor.

This summary assumes that holders of Common Stock hold their shares of Common Stock as capital assets within the meaning of Section 1221 of the IRC (generally, property held for investment). No attempt has been made to comment

on all United States federal income tax consequences of the Reincorporation that may be relevant to particular holders, including holders:

who are subject to special treatment under United States federal income tax rules such as dealers in securities, financial institutions, non- U.S. persons, mutual funds, regulated investment companies, real estate investment trusts, insurance companies, or tax-exempt entities;

who are subject to the alternative minimum tax provisions of the IRC;

who acquired their shares in connection with stock option or stock purchase plans or in other compensatory transactions;

Table of Contents

who hold their shares as qualified small business stock within the meaning of Section 1202 of the IRC; or

who hold their shares as part of an integrated investment such as a hedge or as part of a hedging, straddle or other risk reduction strategy.

In addition, the following discussion does not address the tax consequences of the Reincorporation under state, local and foreign tax laws. Furthermore, the following discussion does not address any of the tax consequences of transactions effectuated before, after or at the same time as the Reincorporation, whether or not they are in connection with the Reincorporation. Accordingly, holders of Common Stock are advised and expected to consult their own tax advisers regarding the federal income tax consequences of the Reincorporation in light of their personal circumstances and the consequences of the Reincorporation under state, local and foreign tax laws.

The Company believes that the Reincorporation of the Company from Nevada to Delaware will constitute a reorganization within the meaning of Section 368(a)(1)(F) of the IRC, which involves a reorganization that is a mere change in identity, form, or place of organization of a corporation. Assuming that the Reincorporation will be treated for United States federal income tax purposes as a reorganization within the meaning of Section 368(a)(1)(F) of the IRC and subject to the qualifications and assumptions described in this information statement: (i) holders of Common Stock will not recognize any gain or loss as a result of the consummation of the Reincorporation, (ii) the aggregate tax basis of shares of the 6D Delaware common stock received in the Reincorporation will be equal to the aggregate tax basis of the shares of the Common Stock converted therefor, and (iii) the holding period of the shares of the resulting 6D Delaware Common Stock received in the Reincorporation will include the holding period of the shares of the Common Stock converted therefor.

THE PRECEDING DISCUSSION IS INTENDED ONLY AS A SUMMARY OF CERTAIN UNITED STATES FEDERAL INCOME TAX CONSEQUENCES OF THE REINCORPORATION AND DOES NOT PURPORT TO BE A COMPLETE ANALYSIS OR DISCUSSION OF ALL OF THE REINCORPORATION'S POTENTIAL TAX EFFECTS. SHAREHOLDERS ARE URGED TO CONSULT THEIR OWN TAX ADVISORS AS TO THE SPECIFIC TAX CONSEQUENCES TO THEM OF THE REINCORPORATION AND THE APPLICABILITY AND EFFECT OF FEDERAL, STATE, LOCAL AND OTHER APPLICABLE TAX LAWS.

Securities Act Consequences

At the Effective Time, 6D Delaware will be a publicly held company and will be eligible for quotation on the NASDAQ and will have the same periodic reporting obligations and make the same information available to its shareholders as the Company has in the past. The shares of 6D Delaware to be issued upon conversion of the shares of CleanTech, if any, are not being registered under the Securities Act in reliance upon an exemption with respect to a conversion which has as its sole purpose a change in the domicile of the corporation. Shareholders whose stock in the Company is freely tradable before the Reincorporation will own freely tradable shares of 6D Delaware. Shareholders holding restricted securities of 6D Delaware will be subject to the same restrictions on transfer as those to which their present shares of stock in the Company are subject. For purposes of computing compliance with the holding period of Rule 144 under the Securities Act, the shareholders will be deemed to have acquired their shares in 6D Delaware on the date they acquired their shares in the Company. In summary, 6D Delaware and its shareholders will be in the same respective positions under the Federal securities laws after the Effective Time of the Reincorporation as were the Company and its shareholders prior to the Effective Time of the Reincorporation.

Accounting Consequences

We believe that there will be no material accounting consequences for us resulting from the Reincorporation because there is no change in the entity as a result of the Reincorporation. Accordingly, the historical consolidated financial statements of the Company, which previously have been reported to the SEC on Forms 10-K and 10-Q, among others, as of and for all periods through the date of this Information Statement, will be treated as the financial statements of 6D Delaware.

Table of Contents

Regulatory Approval

To the Company's knowledge, the only required regulatory or governmental approval or filing necessary in connection with the consummation of the Reincorporation will be the filing of the certificate of conversion with the Secretary of State of Nevada and the filing of the application for transfer of jurisdiction, with the necessary attachments, with the Secretary of State of Delaware.

Appraisal Rights of Dissenting Shareholders

The Reincorporation will not create dissenters' rights under the NRS. The Company will not independently provide shareholders with any dissenters' rights.

SUMMARY OF ACTIONS BY THE BOARD OF DIRECTORS

AND

CONSENTING SHAREHOLDERS

In accordance with Section 78.315 and 78.320 of the Nevada Revised Statutes, the following actions were taken based upon the recommendation and approval by the Company's Board of Directors and the written consent of the Company's shareholders.

**AMENDMENT TO THE CERTIFICATE OF AMENDMENT OF THE ARTICLES OF
INCORPORATION**

On June 12, 2014, our Board of Directors, believing it to be in the best interests of the Company and its shareholders approved, and recommended that the shareholders of the Company approve the Amendments, the Exchange and the Debt Conversion. The Amendments are reflected in the Form of Amendment to the Certificate of Amendment of the Articles of Incorporation, which is attached hereto as Exhibit A, and incorporated herein by reference.

Authorization of Name Change

On June 12, 2014, our Board of Directors adopted a resolution declaring it advisable to amend our Articles of Incorporation to effect the Name Change. Our Board of Directors further directed that the Certificate of Amendment of the Articles of Incorporation be submitted for consideration by our shareholders. By written consent, dated as of June 12, 2014, the Board of Directors and the shareholders approved and adopted resolutions to amend the Company's Articles of Incorporation to reflect the Name Change.

Authorization of Increase in Number of Common Stock

On June 12, 2014, our Board of Directors adopted a resolution declaring it advisable to amend our Articles of Incorporation to effect the Authorized Share Increase. Our Board of Directors further directed that the Certificate of Amendment of the Articles of Incorporation be submitted for consideration by our shareholders. By written consent, dated as of June 12, 2014, the Board of Directors and the shareholders approved and adopted resolutions to amend the Company's Articles of Incorporation to reflect the Authorized Share Increase.

Effective Time of the Amendments

Rule 14c-2 of the Securities Exchange Act of 1934, as amended (the Exchange Act), requires us to distribute the final Information Statement at least twenty (20) days prior to the date that the actions are to be taken. A copy of the Certificate of Amendment of the Articles of Incorporation is attached to this Information Statement as Appendix A.

No Appraisal Rights for the Amendments

Under Nevada law, the Company's shareholders are not entitled to appraisal rights with respect to the Amendments and the Company will not independently provide shareholders with any such right.

Authorization of the Exchange and Debt Conversion

Our Common Stock is listed on the Nasdaq Capital Market and, therefore, we are subject to the Nasdaq Marketplace Rules. Under Nasdaq Marketplace Rule 5635(d) (which we refer to in this Information Statement as the "20% Rule"), stockholder approval is required for an issuance or potential issuance of our Common Stock (or securities convertible into or exercisable for Common Stock) equal to 20% or more of our Common Stock outstanding or 20% or more of the voting power outstanding before such issuance for a price less than the greater

Table of Contents

of book or market value of our Common Stock at the time of such issuance. As the amount of our Common Stock that will be issued pursuant to the Exchange and Debt Conversion exceeds 20% of our Common Stock outstanding before such issuance, these Actions required the approval of our shareholders. This approval was obtained by written consent, dated as of June 12, 2014, pursuant to which the Board of Directors and the shareholders each approved the Exchange and the Debt Conversion.

DESCRIPTION OF SECURITIES

Description of Common Stock

Number of Authorized and Outstanding Shares. The Company's Articles of Incorporation authorizes the issuance of 66,666,667 shares of Common Stock, \$0.00001 par value per share, of which 8,327,607 shares were outstanding on July 14, 2014 and 173,025,072 shares of Common Stock will be issued and outstanding following the Exchange and the retirement of the Majority Shareholders 5,076,468 shares of Common Stock. All of the outstanding shares of Common Stock are fully paid and non-assessable.

Voting Rights. Holders of shares of Common Stock are entitled to one vote for each share held of record on all matters to be voted on by the shareholders. Accordingly, the holders of in excess of 50% of the aggregate number of shares of Common Stock outstanding will be able to elect all of the directors of the Company and to approve or disapprove any other matter submitted to a vote of all shareholders. The holders of our Common Stock are entitled to receive ratably such dividends, if any, as may be declared by the Board of Directors out of funds legally available. We have not paid any dividends since our inception, and we presently anticipate that all earnings, if any, will be retained for development of our business. Any future disposition of dividends, if any, will be at the discretion of our Board of Directors and will depend upon, among other things, our future earnings, operating and financial condition, capital requirements, and other factors.

Other. Holders of Common Stock have no cumulative voting rights. Holders of Common Stock have no preemptive rights to purchase the Common Stock. There are no conversion rights or redemption or sinking fund provisions with respect to the Common Stock.

Transfer Agent. Shares of Common Stock are registered at the transfer agent and are transferable at such office by the registered holder (or duly authorized attorney) upon surrender of the Common Stock certificate, properly endorsed. No transfer shall be registered unless the Company is satisfied that such transfer will not result in a violation of any applicable federal or state security laws. The Company's transfer agent for its Common Stock is Interwest Stock Transfer and Trust Company, Salt Lake City, Utah.

SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT

The following table sets forth certain information concerning the number of shares of our Common Stock owned beneficially as of July 14, 2014 by: (i) each person (including any group) known to us to own more than five percent (5%) of any class of our voting securities, (ii) each of our directors and each of our named executive officers, and (iii) officers and directors as a group. Unless otherwise indicated, the shareholders listed possess sole voting and investment power with respect to the shares shown and the officers, directors and shareholders can be reached at our principal offices at c/o CleanTech Innovations, Inc., C District, Maoshan Industry Park, Tieling Economic Development Zone, Tieling, Liaoning Province, China 112616:

Staffing

ADDRESSABLE MARKET AND CLIENTS

Six Dimensions began as an IT consultancy serving the enterprise management systems, or ERP, market specializing primarily in the market-leading software applications vendor at that time, PeopleSoft. Six Dimensions have since evolved into new focus areas, particularly since 2012, increasing the breadth of its offerings to include other essential information technology needs of today's enterprises. Each new practice Six Dimensions has launched is in a growing or emerging technology sector.

Six Dimensions' market today includes predominantly mid-sized to Fortune 500 commercial, nonprofit and public sector enterprises across virtually all industry verticals, including, but not limited to, healthcare, consumer, education, government, manufacturing, and high tech. Because organizations in virtually every sector of the economy perform or need the functions Six Dimensions supports, it pursues opportunities across nearly all sectors and tends not to focus on niche markets.

MULTI-FACETED GROWTH STRATEGY

Six Dimensions' five-year strategy is to significantly expand its client base in each of its present focus areas and markets. Six Dimensions intends to do this by leveraging its track record of successful engagements to acquire new clients and win repeat projects with its past and current clients. At the same time, Six Dimensions intends to expand its offerings with new services capabilities and software products that produce significant value for its clients and grow the Six Dimensions brand.

Six Dimensions multi-faceted product strategy includes:

Developing products in-house.

Becoming a value-added reseller (VAR) for other companies' products.

Acquiring products to own and sell under our brand.

Acquiring companies or business units along with their synergistic product lines.

Six Dimensions believes that software products will become a primary revenue source over time and expects that its growing portfolio of software products will also generate profitable demand for associated maintenance, support, implementation, consulting, and education services that Six Dimensions, and possibly a channel of licensees and VARs, can provide.

Table of Contents

Six Dimensions hopes to create innovative software products and also acquire rights to, or ownership of, exciting new products developed by other companies. 6D Labs is a new suite of services developed by Six Dimensions for providing clients with services they need by leveraging a wide pool of experienced Adobe CQ5 Professionals to providing flexible consulting and support. 6D Labs personnel specialize in providing:

Adobe CQ5 Application Support

Adobe CQ5 Server Support

Adobe CQ5 Component Development

Adobe CQ5 Template Development

Adobe CQ5 Architectural Consulting

Support and personnel are provided in an on-demand basis and can be provided for any demand or volume of work. Unlike traditional project work, where clients may pay for significant overhead and be bound to a rigid contract, 6D Labs can provide clients with simple staff augmentation. Additionally, 6D Labs can provide Project Management, requirements gathering and business analysis and testing. 6D Labs is a division within Six Dimensions, and is not a separate entity or business segment.

Six Dimensions' operating strategy also entails acquiring compelling and profitable small-to-mid-size agencies with an impressive portfolio or building its own digital agency by hiring the best talent in disciplines such as web design / web development, search engine marketing, internet advertising, e-business/e-commerce consulting, and specialized advertising and marketing services for the digital space (Internet, kiosks, CD-ROMs, DVDs, and lifestyle devices such as iPod, tablets, and mobile devices).

MANAGEMENT

Tejune Kang, 38, Founder and Chief Executive Officer

Mr. Kang is an American technology executive with more than 16 years of experience leading global enterprise technology application implementations. Mr. Kang has been Six Dimensions' Chief Executive Officer since founding Six Dimensions in 2004. An innovative technology entrepreneur born in the Silicon Valley, California, he is instrumental to the continued growth of Six Dimensions. Before launching Six Dimensions, Mr. Kang was a principal of Kang Management Group, a commercial real estate developer in Nevada, until 2009 when it was closed down due to the global financial crisis that negatively affected the real estate markets in the West Coast. In early 2010, Mr. Kang filed a bankruptcy petition under Chapter 7 of Title 11 of the United States Code in connection with his personal guarantee of land projects and the inability to refinance related indebtedness. Since then, Mr. Kang has devoted his full time to growing Six Dimensions. Prior to Kang Management Group, Mr. Kang was an engineer for five years with PeopleSoft (now Oracle Corporation), a multinational and multibillion dollar technology company. While at PeopleSoft, Mr. Kang managed some of the most complex Human Resources, Financial, Supply Chain, and Enterprise Performance Management software implementations for Fortune 500 companies including Boeing, Apple, AT&T, HP and many others. Mr. Kang's multi-faceted entrepreneurial background and opinion leadership has led to frequent interviews regarding the future of technology, business growth, and hiring insight with many publications. Mr. Kang is an active member of Inc. Business Owners Council (IBOC), Vistage, Entrepreneurs' Organization (EO), Alliance of CEOs, National Association of Asian American Professionals (NAAAP), Massachusetts Institute of Technology (MIT) Key Executive Program and UBS Elevating Entrepreneur's Small Business Mentoring Program. Mr. Kang

graduated from The University of California, Davis with a Bachelor of Science degree in Managerial Economics.

Results of Operations of Initial Concepts, Inc. (doing business as Six Dimensions) for the Years Ended December 31, 2013 and 2012

The following table sets forth the summary income statement for the years ended December 31, 2013 and 2012:

	Years Ended	
	December 31,	December 31,
	2013	2012
Revenues	\$ 9,200,313	\$ 6,330,895
Gross Margin	\$ 3,126,246	\$ 2,247,753
Operating Expenses	\$ (3,789,228)	\$ (1,803,605)
Other Income (Expense), net	\$ (149,581)	\$ (90,168)
Net Income (Loss)	\$ (812,563)	\$ 353,980

Revenues: Revenue increased by approximately 45% to \$9,200,313 during the year ended December 31, 2013, from \$6,330,895 during the corresponding year ended December 31, 2012. Revenues increased as a result of increased market awareness as Six Dimensions grows.

Gross Margin: The gross profit margin was 34% during the year ended December 31, 2013 as compared to 36% during the year ended December 31, 2012. The decrease in gross margin was related to change in product mix during the two comparable periods to services versus staffing as service which produced a lower gross margin in the latter period. Six Dimensions margin fluctuates depending on such factors as length of contract, number of consultants needed to fulfill a contract and travel and travel related expenses incurred.

Table of Contents

Operating Expenses: Operating expenses consist primarily of compensation and related costs for personnel and facilities, and include costs related to our facilities, finance, human resources, information technology, and fees for professional services. Professional services are principally comprised of outside legal, audit, information technology consulting, marketing and outsourcing services.

Operating expenses increased by 110% during the year ended December 31, 2013, as compared to the year ended December 31, 2012. The overall \$1,986,000 increase in operating expenses is primarily attributable to the following approximate net increases (decreases) in operating expenses:

An increase in compensation and related expenses of \$1,404,000 primarily due to an increase in employees and employee related expenses.

An increase in professional fees of \$40,000. During the year ended December 31, 2013 Six Dimensions incurred increased legal fees and administrative fees.

An increase in selling, general and administrative expenses of \$546,000 primarily due to increases in travel, meals, entertainment and related expenses, rents, equipment leases, software licenses, depreciation and amortization, telephone, dues and subscriptions, small office equipment, office supplies and insurance partially offset by reductions in commissions and various miscellaneous overhead expenses.

Other Income (Expense), net: Other income (expenses), net consist primarily of interest and dividend income, gains (losses) on sale of marketable securities, and interest expense all primarily related to Six Dimensions promissory notes and capital leases.

Other income (expenses), net increased by \$59,413 to \$(149,581) for the year ended December 31, 2013 as compared to other income (expenses), net of \$(90,168) during the year ended December 31, 2012. For the year ended December 31, 2012 other income (expenses) consisted of \$171 in interest and dividend income, \$(88,033) in interest expense, a loss on disposition of fixed assets of \$(1,653), and a loss on sale of marketable securities of \$(653).

Liquidity and Capital Resources

The following table summarizes total current assets, liabilities and working capital at June 30, 2014 compared to December 31, 2013:

	Period ended		Increase/(Decrease)
	June 30, 2014	December 31, 2013	
Current Assets	\$ 2,002,402	\$ 1,302,536	\$ 699,866
Current Liabilities	\$ 1,789,572	\$ 2,328,103	\$ (538,531)
Working Capital (Deficit)	\$ 212,830	\$ (1,025,567)	\$ 1,238,397

As of June 30, 2014, Six Dimensions had working capital of \$212,830 as compared to a working capital deficit of \$1,025,567 as of December 31, 2013, an increase of \$1,238,397.

At December 31, 2013, the Company had a cash balance of approximately \$6,000 and a working capital deficiency of approximately \$1,026,000. At June 30, 2014, the Company had a cash balance of approximately \$29,000 and working capital of approximately \$223,000. In 2013, the Company principally financed its operations from using proceeds from issuance of notes and factoring its sales invoices. The Company had net income and net cash flows from operations of approximately \$699,000 and \$258,000, respectively, for the six months ended June 30, 2014. During the six months ended June 30, 2014, note holders converted \$345,000 of promissory notes into equity, and the Company paid back the remaining \$255,000 of promissory notes in cash.

Table of Contents

Furthermore, prior to 2013, the Company had a history of profitability. The Company signed a binding letter of intent on May 14, 2014 that will result in the Company raising approximately \$5.1 million in an equity financing. The proceeds of the financing will be used for potential mergers and acquisitions as well as funding new lines of business.

Six Dimensions will incur increased costs as a result of being a public company, which could affect its profitability and operating results.

Six Dimensions will be obligated to file annual, quarterly and current reports with the SEC pursuant to the Securities Exchange Act of 1934, as amended (the Exchange Act). In addition, the Sarbanes-Oxley Act of 2002 (Sarbanes-Oxley) and the rules subsequently implemented by the SEC and the Public Company Accounting Oversight Board have imposed various requirements on public companies, including requiring changes in corporate governance practices. Six Dimensions expects these rules and regulations to increase its legal and financial compliance costs and to make some activities more time-consuming and costly. Six Dimensions expects to spend between \$200,000 and \$250,000 in legal and accounting expenses annually to comply with our reporting obligations and Sarbanes-Oxley. These costs could affect Six Dimensions' profitability and its results of operations.

Summary Cash flows for the Six Months Ended June 30, 2014 and 2013:

	Three Months Ended	
	June 30, 2014	June 30, 2013
Net cash provided by (used in) operating activities	\$ 258,153	\$ (433,343)
Net cash used in investing activities	\$ 46,433	\$ 187
Net cash (used in) provided by financing activities	\$ (188,344)	\$ 355,350

Cash Provided by (Used in) Operating Activities

Cash provided by (used in) operating activities consist of net income (loss) adjusted for certain non-cash items, including depreciation and amortization, amortization of debt issuance costs, realized gains on sale of marketable securities, loss on debt extinguishment, deferred tax benefit, deferred rent and interest earned on restricted cash, as well as the effect of changes in operating assets and liabilities.

Net cash provided by (used in) operating activities was \$258,153 for the six months ended June 30, 2014 compared to \$(433,343) for the six months ended June 30, 2013. The change is attributable to net income of \$699,418 for the six months ended June 30, 2014 as compared to a net loss of \$222,050, and somewhat offset by the increase in accounts receivable for the six month ended June 30, 2014.

Cash Used in Investing Activities

Cash provided by or used in investing activities primarily consist of proceeds from the sale of marketable securities and loans to related parties.

Cash used in investing activities increased from \$187 the six months ended June 30, 2013 to \$46,433 the six months ended June 30, 2014, primarily attributed to an increase in loans to related parties and a decrease in proceeds from the sale of Six Dimensions' marketable securities.

Six Dimensions expects to make investments in its systems, corporate facilities, and information technology infrastructure in 2014 and thereafter. However, the amount of its capital expenditures has fluctuated and may continue to fluctuate on a quarterly basis.

In addition, Six Dimensions expects to spend cash on acquisitions and other investments from time to time. Six Dimensions anticipates that these acquisitions would accelerate revenue growth, provide cost synergies, and generally enhance the breadth and depth of its expertise and product offerings.

Table of Contents**Cash (Used in) Provided by Financing Activities**

Cash (used in) provided by financing activities consists primarily of net proceeds from borrowings on line of credit, proceeds and repayments to the factor, shareholder distributions, issuance or repayments of promissory notes, and capital leases.

Cash (used in) provided by financing activities was (\$188,344) for the six months ended June 30, 2014 compared to \$355,350 for the six months ended June 30, 2013. The change is attributable to net repayments to the factor and the repayment of promissory notes during the six months ended June 30, 2013 as compared to net proceeds from the line of credit and proceeds from the issuance of promissory notes during the six months ended June 30, 2013.

Recent Accounting Pronouncements

In April 2014, the Financial Accounting Standards Board (FASB) issued Accounting Standard Update (ASU) 2014-08, *Financial Statements (Topic 205) and Property, Plant, and Equipment (Topic 360)*. This new standard raises the threshold for disposals to qualify as discontinued operations, allows companies to have significant continuing involvement and continuing cash flows with the discontinued operation, and provides for new and additional disclosures of discontinued operations and individually material disposal transactions. The Company anticipates adopting the new standard when it becomes effective in the first quarter of 2015. ASU 2014-08 is not expected to have a material impact on the financial statements.

In May 2014, the FASB issued ASU 2014-09, *Revenue from Contracts with Customers*. Amendments in this ASU create Topic 606, *Revenue from Contracts with Customers*, and supersede the revenue recognition requirements in Topic 605, *Revenue Recognition*, including most industry-specific revenue recognition guidance throughout the Industry Topics of the Codification. In addition, the amendments supersede the cost guidance in Subtopic 605-35, *Revenue Recognition – Construction-Type and Production-Type Contracts*, and create new Subtopic 340-40, *Other Assets and Deferred Costs – Contracts with Customers*. In summary, the core principle of Topic 606 is that an entity recognizes revenue to depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. This ASU is the final version of Proposed ASU 2011-230 *Revenue Recognition (Topic 605)* and Proposed ASU 2011-250 *Revenue Recognition (Topic 605): Codification Amendments*, both of which have been deleted. ASU 2014-09. The amendments in this ASU are effective for the Company for annual reporting periods beginning after December 15, 2016, including interim periods within that reporting period. The Company is currently evaluating the effects of ASU 2014-09 on the financial statements.

In June 2014, the FASB issued ASU 2014-11, *Transfers and Servicing*. The amendments in this ASU require that repurchase-to-maturity transactions be accounted for as secured borrowings consistent with the accounting for other repurchase agreements. In addition, the amendments require separate accounting for a transfer of a financial asset executed contemporaneously with a repurchase agreement with the same counterparty (a repurchase financing), which will result in secured borrowing accounting for the repurchase agreement. The amendments require an entity to disclose information about transfers accounted for as sales in transactions that are economically similar to repurchase agreements, in which the transferor retains substantially all of the exposure to the economic return on the transferred financial asset throughout the term of the transaction. In addition the amendments require disclosure of the types of collateral pledged in repurchase agreements, securities lending transactions, and repurchase-to-maturity transactions and the tenor of those transactions. This ASU is the final version of Proposed ASU 2013-10 *Transfers and Servicing (Topic 860)*, which has been deleted. The accounting changes in this ASU are effective for the first interim or annual period beginning after December 15, 2014. ASU 2014-11 is not expected to have a material impact on the financial statements.

In June 2014, the FASB issued ASU 2014-12, *Compensation- Stock Compensation*. The amendments in this ASU apply to reporting entities that grant their employees share-based payments in which the terms of the award provide that a performance target can be achieved after the requisite service period. This ASU is the final version of Proposed ASU EITF-13D Compensation Stock Compensation (Topic 718): Accounting for Share-Based

Payments When the Terms of an Award Provide That a Performance Target Could Be Achieved after the Requisite Service Period, which has been deleted. The proposed amendments would apply to reporting entities that grant their employees share-based payments in which the terms of the award provide that a performance target could be achieved after the requisite service period. This ASU is the final version of Proposed ASU EITF-13D Compensation Stock Compensation (Topic 718): Accounting for Share-Based Payments When the Terms of an Award Provide That a Performance Target Could Be Achieved after the Requisite Service Period, which has been deleted. ASU 2014-12 is not expected to have a material impact on the financial statements.

Six Dimensions management does not believe that any other recently issued, but not yet effective accounting pronouncements, if adopted, would have a material effect on the accompanying consolidated financial statements.

Critical Accounting Policies

Six Dimensions financial statements and related public financial information are based on the application of accounting principles generally accepted in the United States (GAAP). GAAP requires the use of estimates; assumptions, judgments and subjective interpretations of accounting principles that have an impact on the assets, liabilities, revenues and expense amounts reported. These estimates can also affect supplemental information contained in Six Dimensions external disclosures including information regarding contingencies, risk and financial condition. Six Dimensions believes its use of estimates and underlying accounting assumptions adhere to GAAP and are consistently and conservatively applied. Six Dimensions bases its estimates on historical experience and on various other assumptions that it believes to be reasonable under the circumstances. Actual results may differ materially from these estimates under different assumptions or conditions. Six Dimensions continues to monitor significant estimates made during the preparation of its financial statements.

Six Dimensions significant accounting policies are summarized in Note 3 of its financial statements. While all these significant accounting policies impact its financial condition and results of operations, Six Dimensions views certain of these policies as critical. Policies determined to be critical are those policies that have the most significant impact on its financial statements and require its management to use a greater degree of judgment and estimates. Actual results may differ from those estimates. Six Dimensions management believes that given current facts and circumstances, it is unlikely that applying any other reasonable judgments or estimate methodologies would cause effect on its consolidated results of operations, financial position or liquidity for the periods presented in this report.

Six Dimensions believes the following critical accounting policies and procedures, among others, affect our more significant judgments and estimates used in the preparation of its consolidated financial statements:

Use of Estimates and Assumptions and Critical Accounting Estimates and Assumptions

The preparation of condensed financial statements in conformity with U.S. GAAP requires Six Dimensions management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date(s) of the financial statements and the reported amounts of revenues and expenses during the reporting period(s).

Critical accounting estimates are estimates for which (a) the nature of the estimate is material due to the levels of subjectivity and judgment necessary to account for highly uncertain matters or the susceptibility of such matters to change and (b) the impact of the estimate on financial condition or operating performance is material. The Company's critical accounting estimates and assumptions affecting the condensed financial statements were:

(i) Assumption as a going concern: Six Dimensions management assumes that Six Dimensions will continue as a going concern, which contemplates continuity of operations, realization of assets, and liquidation of liabilities in the normal course of business;

Table of Contents

(ii) Allowance for doubtful accounts: Six Dimensions' management's estimate of the allowance for doubtful accounts is based on historical sales, historical loss levels, and an analysis of the collectability of individual accounts; and general economic conditions that may affect a client's ability to pay. Six Dimensions evaluated the key factors and assumptions used to develop the allowance in determining that it is reasonable in relation to the financial statements taken as a whole;

(iii) Fair value of long-lived assets: Fair value is generally determined using the asset's expected future discounted cash flows or market value, if readily determinable. If long-lived assets are determined to be recoverable, but the newly determined remaining estimated useful lives are shorter than originally estimated, the net book values of the long-lived assets are depreciated over the newly determined remaining estimated useful lives. Six Dimensions considers the following to be some examples of important indicators that may trigger an impairment review:

(a) significant under-performance or losses of assets relative to expected historical or projected future operating results; (b) significant changes in the manner or use of assets or in Six Dimensions' overall strategy with respect to the manner or use of the acquired assets or changes in Six Dimensions' overall business strategy; (c) significant negative industry or economic trends; (d) increased competitive pressures; (e) a significant decline in Six Dimensions' stock price for a sustained period of time; and (f) regulatory changes.

These significant accounting estimates or assumptions bear the risk of change due to the fact that there are uncertainties attached to these estimates or assumptions, and certain estimates or assumptions are difficult to measure or value.

Six Dimensions' management bases its estimates on historical experience and on various assumptions that it believes to be reasonable in relation to the financial statements taken as a whole under the circumstances, the results of which form the basis for making judgments about the carrying values of assets and liabilities that are not readily apparent from other sources.

Six Dimensions regularly evaluates the key factors and assumptions used to develop the estimates utilizing currently available information, changes in facts and circumstances, historical experience and reasonable assumptions. After such evaluations, if deemed appropriate, those estimates are adjusted accordingly.

Due to inherent uncertainty involved in making estimates, actual results reported in future periods may be affected by changes in these estimates.

Fair Value of Financial Instruments

Six Dimensions has categorized its financial assets and liabilities measured at fair value into a three level hierarchy in accordance with the FASB's guidance. Fair value is defined as an exit price, the amount that would be received upon the sale of an asset or paid upon the transfer of a liability in an orderly transaction between market participants at the measurement date. The degree of judgment utilized in measuring the fair value of assets and liabilities generally correlates to the level of pricing observability. Financial assets and liabilities with readily available, actively quoted prices or for which fair value can be measured from actively quoted prices in active markets generally have more pricing observability and require less judgment in measuring fair value. Conversely, financial assets and liabilities that are rarely traded or not quoted have less price observability and are generally measured at fair value using valuation models that require more judgment. These valuation techniques involve some level of management estimation and judgment, the degree of which is dependent on the price transparency of the asset, liability or market and the nature of the asset or liability.

The carrying amounts of Six Dimensions' financial assets and liabilities, such as cash, accounts receivable, unbilled revenues, prepaid expense and other current assets, accounts payable and accrued liabilities, and due to factor, approximate their fair values because of the short maturity of these instruments.

Six Dimensions' capital lease liability and notes payable approximate the fair value of such instruments based upon Six Dimensions' management's best estimate of interest rates that would be available to Six Dimensions for similar financial arrangements at the end of each reporting period.

Transactions involving related parties cannot be presumed to be carried out on an arm's-length basis, as the requisite conditions of competitive, free-market dealings may not exist. Representations about transactions with related parties, if made, shall not imply that the related party transactions were consummated on terms equivalent to those that prevail in arm's-length transactions unless such representations can be substantiated.

Accounts Receivable and Allowance for Doubtful Accounts

Accounts receivable are recorded at the invoiced amount, net of an allowance for doubtful accounts. Six Dimensions estimates the allowance for doubtful accounts. Six Dimensions performs on-going credit evaluations of its customers and adjusts credit limits based upon payment history and the customer's current credit worthiness, as determined by the review of their current credit information; and determines the allowance for doubtful accounts based on historical write-off experience, customer specific facts and economic conditions.

Six Dimensions' management charges balances off against the allowance after all means of collection have been exhausted and the potential for recovery is considered remote. Six Dimensions determines when receivables are past due or delinquent based on how recently payments have been received.

Outstanding account balances are reviewed individually for collectability. The allowance for doubtful accounts is Six Dimensions' best estimate of the amount of probable credit losses in its existing accounts receivable.

Six Dimensions does not have any off-balance-sheet credit exposure to its customers.

Revenue Recognition

Six Dimensions recognizes revenue from the provision of professional services when it is realized or realizable and earned. Six Dimensions considers revenue realized or realizable and earned when all of the following criteria are met: (i) persuasive evidence of an arrangement exists, (ii) the services have been rendered to the customer, (iii) the sales price is fixed or determinable, and (iv) collectability is reasonably assured. Appropriate allowances for returns and discounts are recorded concurrent with revenue recognition.

Revenues recognized in excess of the amounts invoiced to clients are classified as unbilled revenues.

Net Income (Loss) per Common Share

Basic net income (loss) per common share is computed by dividing net income (loss) by the weighted average number of shares of common stock outstanding during the period. Diluted net income (loss) per common share is computed by dividing net income (loss) by the weighted average number of shares of common stock and potentially outstanding shares of common stock during the period to reflect the potential dilution that could occur from common shares issuable through contingent share arrangements, stock options and warrants.

Off Balance Sheet Arrangements

Six Dimensions does not have any off-balance sheet arrangements, financings, or other relationships with unconsolidated entities or other persons, also known as special purpose entities (SPEs).

Legal Matters

Six Dimensions has been advised by Kane Kessler, P.C., New York, New York.

APPENDIX A
CERTIFICATE OF AMENDMENT TO ARTICLES OF INCORPORATION OF
CLEANTECH INNOVATIONS, INC.
PURSUANT TO SECTIONS 78.380 AND 78.390 OF THE NEVADA
REVISED STATUTES

CleanTech Innovations, Inc., a corporation organized and existing under the laws of the State of Nevada (the Corporation), hereby certifies as follows:

1. The name of the Corporation is CleanTech Innovations, Inc.
2. The articles have been amended as follows:

ARTICLE I

The name of the corporation (hereinafter referred to as the Corporation) is:

6D Global Technologies, Inc.

ARTICLE II

The purpose of the Corporation shall be to engage in any lawful act or activity for which corporations may be organized and incorporated under the Nevada Revised Statutes (the N.R.S.).

ARTICLE III

(a) Authorized Capital Stock. The total number of shares of stock that the Corporation shall have authority to issue is 400,000,000 shares of capital stock, of which 400,000,000 shares shall be common stock, par value \$0.00001 per share (Common Stock) and 100,000,000 shares of which shall be preferred stock, par value \$0.00001 per share (Preferred Stock).

ARTICLE IV

(a) Subject to the rights of the holders of any series of Preferred Stock or any other series or class of stock as set forth in these Certificate of Amendment of the Articles of Incorporation, to elect additional directors under specified circumstances, the number of directors of the Corporation shall be fixed by the By-laws of the Corporation and may be increased or decreased from time to time in such a manner as may be prescribed by the By-laws.

(b) Unless and except to the extent that the By-laws of the Corporation shall so require, the election of directors of the Corporation need not be by written ballot.

ARTICLE V

The Corporation may in its By-laws confer powers upon the Board of Directors in addition to the foregoing and in addition to the powers and authorities expressly conferred upon the Board of Directors by applicable law.

A-1

Table of Contents

ARTICLE VI

(a) Each person who is or was or had agreed to become a director or officer of the Corporation, or each such person who is or was serving or who had agreed to serve at the request of the Board of Directors or an officer of the Corporation as a director, officer or trustee of another corporation, partnership, joint venture, trust or other enterprise (including the heirs, executor, administrators or estate of such person), shall be indemnified by the Corporation, in accordance with the By-laws of the Corporation, to the fullest extent permitted from time to time by the N.R.S. as the same exists or may hereafter be amended (but, in the case of any such amendment, only to the extent that such amendment permits the Corporation to provide broader indemnification rights than said law permitted the Corporation to provide prior to such amendment) or any other applicable laws as presently or hereafter in effect.

(b) The Corporation may, by action of the Board of Directors or through the adoption of By-laws, provide indemnification to employees and agents of the Corporation, and to persons serving as employees or agents of another corporation, partnership, joint venture, trust or other enterprise, at the request of the Corporation, with the same scope and effect as the foregoing indemnification of directors and officers. The Corporation shall be required to indemnify any person seeking indemnification in connection with a proceeding (or part thereof) initiated by such person only if such proceeding (or part thereof) was authorized by the Board of Directors or is a proceeding to enforce such person's claim to indemnification pursuant to the rights granted by these Certificate of Amendment of the Articles of Incorporation or otherwise by the Corporation.

(c) The right to indemnification conferred in this Article VII shall be a contract right and shall include the right to be paid by the Corporation the expenses incurred in defending any such proceeding in advance of its final disposition, such advances to be paid by the Corporation within twenty (20) days after the receipt by the Corporation of a statement or statements from the claimant requesting such advance or advances from time to time; provided, however, that if the N.R.S. requires, the payment of such expenses incurred by such a person in his or her capacity as such a director or officer of the Corporation in advance of the final disposition of a proceeding, shall be made only upon delivery to the Corporation of an undertaking by or on behalf of such director or officer, to repay all amounts so advanced if it shall ultimately be determined that such director or officer is not entitled to be indemnified under this Article VII or otherwise.

(d) Without limiting the generality or the effect of the foregoing, the Corporation may enter into one or more agreements with any person that provide for indemnification greater or different than that provided in this Article VII.

(e) Neither any amendment or repeal of any Section of this Article VII, nor the adoption of any provision of these Certificate of Amendment of the Articles of Incorporation or the By-laws of the Corporation inconsistent with this Article VII, shall adversely affect any right or protection of any director, officer, employee or other agent established pursuant to this Article VII existing at the time of such amendment, repeal or adoption of an inconsistent provision, including without limitation by eliminating or reducing the effect of this Article VII, for or in respect of any act, omission or other matter occurring, or any action or proceeding accruing or arising (or that, but for this Article VII, would accrue or arise), prior to such amendment, repeal or adoption of an inconsistent provision.

ARTICLE VII

(a) The liability of the directors of the Corporation for monetary damages shall be eliminated to the fullest extent permitted by the N.R.S., as now or hereafter in effect. If the N.R.S. is amended to authorize corporate action further eliminating or limiting the personal liability of directors, then the liability of a director of the Corporation shall be eliminated to the fullest extent permitted by the N.R.S., as so amended.

A-2

Table of Contents

(b) Neither any amendment or repeal of any Section of this Article VIII, nor the adoption of any provision of these Certificate of Amendment of the Articles of Incorporation or the By-laws of the Corporation inconsistent with this Article VIII, shall adversely affect any right or protection of any director established pursuant to this Article VIII existing at the time of such amendment, repeal or adoption of an inconsistent provision, including without limitation by eliminating or reducing the effect of this Article VIII, for or in respect of any act, omission or other matter occurring, or any action or proceeding accruing or arising (or that, but for this Article VIII, would accrue or arise), prior to such amendment, repeal or adoption of an inconsistent provision.

ARTICLE VIII

Except as may be expressly provided in these Certificate of Amendment of the Articles of Incorporation, the Corporation reserves the right at any time and from time to time to amend, alter, change or repeal any provision contained in these Certificate of Amendment of the Articles of Incorporation and any other provisions authorized by the laws of the State of Nevada at the time in force may be added or inserted, in the manner now or thereafter prescribed herein or by applicable law, and all rights, preferences and privileges of whatsoever nature conferred upon stockholders, directors or any other persons whomsoever by and pursuant to these Certificate of Amendment of the Articles of Incorporation in its present form or as hereafter amended are granted subject to the right reserved in this Article VIII; provided, however, that any amendment or repeal of Article VI or Article VII of these Certificate of Amendment of the Articles of Incorporation shall not adversely affect any right or protection existing hereunder in respect of any act or omission occurring prior to such amendment or repeal.

IN WITNESS WHEREOF, CleanTech Innovations, Inc. has caused these Certificate of Amendment of the Articles of Incorporation to be signed by the undersigned officer, thereunto duly authorized, this day of , 2014.

AMENDED AND RESTATED BYLAWS

OF

CLEANTECH INNOVATIONS, INC.

I. SHAREHOLDERS MEETING.

.01 Annual Meetings.

The annual meeting of the shareholders of this Corporation, for the purpose of election of Directors and for such other business as may come before it, shall be held at the registered office of the Corporation, or such other places, either within or without the State of Nevada, as may be designated by the notice of the meeting, at the time fixed, from time to time, by the Board of Directors.

.02 Special Meeting.

Special meetings of the shareholders of this Corporation may be called at any time by the holders of ten percent (10%) of the voting shares of the Corporation, or by the President, or by the Board of Directors or a majority thereof. No business shall be transacted at any special meeting of shareholders except as is specified in the notice calling for said meeting. The Board of Directors may designate any place, either within or without the State of Nevada, as the place of any special meeting called by the president or the Board of Directors, and special meetings called at the request of shareholders shall be held at such place in the State of Nevada, as may be determined by the Board of Directors and placed in the notice of such meeting.

.03 Notice of Meeting.

Written notice of annual or special meetings of shareholders stating the place, day, and hour of the meeting and, in the case of a special meeting, the purpose or purposes for which the meeting is called shall be given by the secretary or persons authorized to call the meeting to each shareholder of record entitled to vote at the meeting. Such notice shall be given not less than ten (10) nor more than fifty (50) days prior to the date of the meeting, and such notice shall be deemed to be delivered when deposited in the United States mail addressed to the shareholder at his/her address as it appears on the stock transfer books of the Corporation.

.04 Waiver of Notice.

Notice of the time, place, and purpose of any meeting may be waived in writing and will be waived by any shareholder by his/her attendance thereat in person or by proxy. Any shareholder so waiving shall be bound by the proceedings of any such meeting in all respects as if due notice thereof had been given.

.05 Quorum and Adjourned Meetings.

A majority of the outstanding shares of the Corporation entitled to vote, represented in person or by proxy, shall constitute a quorum at a meeting of shareholders. A majority of the shares represented at a meeting, even if less than a quorum, may adjourn the meeting from time to time without further notice. At such adjourned meeting at which a

quorum shall be present or represented, any business may be transacted which might have been transacted at the meeting as originally notified. The shareholders present at a duly organized meeting may continue to transact business until adjournment, notwithstanding the withdrawal of enough shareholders to leave less than a quorum.

B-1

Table of Contents

.06 Proxies.

At all meetings of shareholders, a shareholder may vote by proxy executed in writing by the shareholder or by his/her duly authorized attorney in fact. Such proxy shall be filed with the secretary of the Corporation before or at the time of the meeting. No proxy shall be valid after eleven (11) months from the date of its execution, unless otherwise provided in the proxy.

.07 Voting of Shares.

Except as otherwise provided in the Articles of Incorporation or in these Bylaws, every shareholder of record shall have the right at every shareholder's meeting to one (1) vote for every share standing in his/her name on the books of the Corporation, and the affirmative vote of a majority of the shares represented at a meeting and entitled to vote thereat shall be necessary for the adoption of a motion or for the determination of all questions and business which shall come before the meeting.

II. DIRECTORS.

.01 General Powers.

The business and affairs of the Corporation shall be managed by its Board of Directors.

.02 Number, Tenure and Qualifications.

The number of Directors of the Corporation shall be not less than one nor more than thirteen. Each Director shall hold office until the next annual meeting of shareholders and until his/her successor shall have been elected and qualified. Directors need not be residents of the State of Nevada or shareholders of the Corporation.

.03 Election.

The Directors shall be elected by the shareholders at their annual meeting each year; and if, for any cause the Directors shall not have been elected at an annual meeting, they may be elected at a special meeting of shareholders called for that purpose in the manner provided by these Bylaws.

.04 Vacancies.

In case of any vacancy in the Board of Directors, the remaining Directors, whether constituting a quorum or not, may elect a successor to hold office for the unexpired portion of the terms of the Directors whose place shall be vacant, and until his/her successor shall have been duly elected and qualified. Further, the remaining Directors may fill any empty seats on the Board of Directors even if the empty seats have never been occupied.

.05 Resignation.

Any Director may resign at any time by delivering written notice to the secretary of the Corporation.

.06 Meetings.

At any annual, special or regular meeting of the Board of Directors, any business may be transacted, and the Board may exercise all of its powers. Any such annual, special or regular meeting of the Board of Directors of the Corporation may be held outside of the State of Nevada, and any member or members of the Board of Directors of the Corporation may participate in any such meeting by means of a conference telephone or similar communications equipment by means of which all persons participating in the meeting can hear each other at the same time; the participation by such means shall constitute presence in person at such meeting.

A. Annual Meeting of Directors.

Annual meetings of the Board of Directors shall be held immediately after the annual shareholders meeting or at such time and place as may be determined by the Directors. No notice of the annual meeting of the Board of Directors shall be necessary.

B-2

Table of Contents

B. Special Meetings.

Special meetings of the Directors shall be called at any time and place upon the call of the president or any Director. Notice of the time and place of each special meeting shall be given by the secretary, or the persons calling the meeting, by mail, radio, telegram, or by personal communication by telephone or otherwise at least one (1) day in advance of the time of the meeting. The purpose of the meeting need not be given in the notice. Notice of any special meeting may be waived in writing or by telegram (either before or after such meeting) and will be waived by any Director in attendance at such meeting.

C. Regular Meetings of Directors.

Regular meetings of the Board of Directors shall be held at such place and on such day and hour as shall from time to time be fixed by resolution of the Board of Directors. No notice of regular meetings of the Board of Directors shall be necessary.

.07 Quorum and Voting.

A majority of the Directors presently in office shall constitute a quorum for all purposes, but a lesser number may adjourn any meeting, and the meeting may be held as adjourned without further notice. At each meeting of the Board at which a quorum is present, the act of a majority of the Directors present at the meeting shall be the act of the Board of Directors. The Directors present at a duly organized meeting may continue to transact business until adjournment, notwithstanding the withdrawal of enough Directors to leave less than a quorum.

.08 Compensation.

By resolution of the Board of Directors, the Directors may be paid their expenses, if any, of attendance at each meeting of the Board of Directors and may be paid a fixed sum for attendance at each meeting of the Board of Directors or a stated salary as Director. No such payment shall preclude any Director from serving the Corporation in any other capacity and receiving compensation therefor.

.09 Presumption of Assent.

A Director of the Corporation who is present at a meeting of the Board of Directors at which action on any corporate matter is taken shall be presumed to have assented to the action taken unless his/her dissent shall be entered in the minutes of the meeting or unless he/she shall file his/her written dissent to such action with the person acting as the secretary of the meeting before the adjournment thereof or shall forward such dissent by registered mail to the secretary of the Corporation immediately after the adjournment of the meeting. Such right to dissent shall not apply to a Director who voted in favor of such action.

.10 Executive and Other Committees.

The Board of Directors, by resolution adopted by a majority of the full Board of Directors, may designate from among its members an executive committee and one or more other committees, each of which, to the extent provided in such resolution, shall have and may exercise all the authority of the Board of Directors, but no such committee shall have the authority of the Board of Directors, in reference to amending the Articles of Incorporation, adoption a plan of merger or consolidation, recommending to the shareholders the sale, lease, exchange, or other disposition of all or substantially all the property and assets of the dissolution of the Corporation or a revocation thereof, designation of any such committee and the delegation thereto of authority shall not operate to relieve any member of the Board of

Directors of any responsibility imposed by law.

.11 Chairman of Board of Directors.

The Board of Directors may, in its discretion, elect a chairman of the Board of Directors from its members; and, if a chairman has been elected, he/she shall, when present, preside at all meetings of the Board of Directors and the shareholders and shall have such other powers as the Board may prescribe.

B-3

Table of Contents

.12 Removal.

Directors may be removed from office with or without cause by a vote of shareholders holding a majority of the shares entitled to vote at an election of Directors.

III. ACTIONS BY WRITTEN CONSENT.

.01 Written Consent to Action by Shareholders. Any action required to be taken at a meeting of the shareholders, or any other action which may be taken at a meeting of the shareholders, may be taken without a meeting, if a consent in writing, setting forth the action so taken, shall be signed by shareholders holding at least a majority of the voting power, except that if a different proportion of voting power is required for such an action at a meeting, then that proportion of written consents is required.

.02 Written Consent to Action by Directors. Any action required to be taken at a meeting of the Directors of the Corporation or any other action which may be taken at a meeting of the Directors or of a committee, may be taken without a meeting, if a consent in writing, setting forth the action so taken, shall be signed by all of the Directors, or all of the members of the committee, as the case may be. Such consent shall have the same legal effect as a unanimous vote of all the directors or members of the committee.

IV. OFFICERS.

.01 Officers Designated.

The Officers of the Corporation shall be a president, one or more vice presidents (the number thereof to be determined by the Board of Directors), a secretary and a treasurer, each of whom shall be elected by the Board of Directors. Such other Officers and assistant officers as may be deemed necessary may be elected or appointed by the Board of Directors. Any Officer may be held by the same person, except that in the event that the Corporation shall have more than one director, the offices of president and secretary shall be held by different persons.

.02 Election, Qualification and Term of Office.

Each of the Officers shall be elected by the Board of Directors. None of said Officers except the president need be a Director, but a vice president who is not a Director cannot succeed to or fill the office of president. The Officers shall be elected by the Board of Directors. Except as hereinafter provide, each of said Officers shall hold office from the date of his/her election until the next annual meeting of the Board of Directors and until his/her successor shall have been duly elected and qualified.

.03 Powers and Duties.

The powers and duties of the respective corporate Officers shall be as follows:

A. President.

The president shall be the chief executive Officer of the Corporation and, subject to the direction and control of the Board of Directors, shall have general charge and supervision over its property, business, and affairs. He/she shall, unless a Chairman of the Board of Directors has been elected and is present, preside at meetings of the shareholders

and the Board of Directors.

B. Vice President.

In the absence of the president or his/her inability to act, the senior vice president shall act in his place and stead and shall have all the powers and authority of the president, except as limited by resolution of the Board of Directors.

B-4

Table of Contents

C. Secretary.

The secretary shall:

1. Keep the minutes of the shareholder s and of the Board of Directors meetings in one or more books provided for that purpose;
2. See that all notices are duly given in accordance with the provisions of these Bylaws or as required by law;
3. Be custodian of the corporate records and of the seal of the Corporation and affix the seal of the Corporation to all documents as may be required;
4. Keep a register of the post office address of each shareholder which shall be furnished to the secretary by such shareholder;
5. Sign with the president, or a vice president, certificates for shares of the Corporation, the issuance of which shall have been authorized by resolution of the Board of Directors;
6. Have general charge of the stock transfer books of the corporation; and,
7. In general perform all duties incident to the office of secretary and such other duties as from time to time may be assigned to him/her by the president or by the Board of Directors.

D. Treasurer.

Subject to the direction and control of the Board of Directors, the treasurer shall have the custody, control and disposition of the funds and securities of the Corporation and shall account for the same; and, at the expiration of his/her term of office, he/she shall turn over to his/her successor all property of the Corporation in his/her possession.

E. Assistant Secretaries and Assistant Treasurers.

The assistant secretaries, when authorized by the Board of Directors, may sign with the president or a vice president certificates for shares of the Corporation the issuance of which shall have been authorized by a resolution of the Board of Directors. The assistant treasurers shall, respectively, if required by the Board of Directors, give bonds for the faithful discharge of their duties in such sums and with such sureties as the Board of Directors shall determine. The assistant secretaries and assistant treasurers, in general, shall perform such duties as shall be assigned to them by the secretary or the treasurer, respectively, or by the president or the Board of Directors.

.04 Removal.

The Board of Directors shall have the right to remove any Officer whenever in its judgment the best interest of the Corporation will be served thereby.

.05 Vacancies.

The Board of Directors shall fill any office which becomes vacant with a successor who shall hold office for the unexpired term and until his/her successor shall have been duly elected and qualified.

.06 Salaries.

The salaries of all Officers of the Corporation shall be fixed by the Board of Directors.

Table of Contents

V. SHARE CERTIFICATES

.01 Form and Execution of Certificates.

Certificates for shares of the Corporation shall be in such form as is consistent with the provisions of the Corporation laws of the State of Nevada. They shall be signed by the president and by the secretary, and the seal of the Corporation shall be affixed thereto. Certificates may be issued for fractional shares.

.02 Transfers.

Shares may be transferred by delivery of the certificates therefor, accompanied either by an assignment in writing on the back of the certificates or by a written power of attorney to assign and transfer the same signed by the record holder of the certificate. Except as otherwise specifically provided in these Bylaws, no shares shall be transferred on the books of the Corporation until the outstanding certificate therefor has been surrendered to the Corporation.

.03 Loss or Destruction of Certificates.

In case of loss or destruction of any certificate of shares, another may be issued in its place upon proof of such loss or destruction and upon the giving of a satisfactory bond of indemnity to the Corporation. A new certificate may be issued without requiring any bond, when in the judgment of the Board of Directors it is proper to do so.

VI. BOOKS AND RECORDS.

.01 Books of Accounts, Minutes and Share Register.

The Corporation shall keep complete books and records of accounts and minutes of the proceedings of the Board of Directors and shareholders and shall keep at its registered office, principal place of business, or at the office of its transfer agent or registrar a share register giving the names of the shareholders in alphabetical order and showing their respective addresses and the number of shares held by each.

.02 Copies of Resolutions.

Any person dealing with the Corporation may rely upon a copy of any of the records of the proceedings, resolutions, or votes of the Board of Directors or shareholders, when certified by the president or secretary.

VII. CORPORATE SEAL.

The Corporation does not have to use a corporate seal, but may do so at its discretion.

VIII. LOANS.

No loans shall be made by the Corporation to its Officers or Directors.

IX. INDEMNIFICATION OF DIRECTORS AND OFFICERS.

.01 Indemnification.

The Corporation shall indemnify any person who was or is a party or is threatened to be made a party to any proceeding, whether civil, criminal, administrative or investigative (other than an action by or in the right of the Corporation) by reason of the fact that such person is or was a Director, Trustee, Officer, employee or agent of the Corporation, or is or was serving at the request of the Corporation as a Director, Trustee, Officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise, against expenses (including attorneys' fees), judgment, fines and amounts paid in settlement actually and reasonably incurred by such person

B-6

Table of Contents

in connection with such action, suit or proceeding if such person acted in good faith and in a manner such person reasonably believed to be in or not opposed to the best interests of the Corporation, and with respect to any criminal action or proceeding, had no reasonable cause to believe such person's conduct was unlawful. The termination of any action, suit or proceeding by judgment, order, settlement, conviction, or upon a plea of nolo contendere or its equivalent, shall not, of itself, create a presumption that the person did not act in good faith and in a manner which such person reasonably believed to be in or not opposed to the best interests of the Corporation, and with respect to any criminal action proceeding, had reasonable cause to believe that such person's conduct was unlawful.

.02 Derivative Action

The Corporation shall indemnify any person who was or is a party or is threatened to be made a party to any threatened, pending or completed action or suit by or in the right of the Corporation to procure a judgment in the Corporation's favor by reason of the fact that such person is or was a Director, Trustee, Officer, employee or agent of the Corporation, or is or was serving at the request of the Corporation as a Director, Trustee, Officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise, against expenses (including attorney's fees) and amount paid in settlement actually and reasonably incurred by such person in connection with the defense or settlement of such action or suit if such person acted in good faith and in a manner such person reasonably believed to be in or not opposed to the best interests of the Corporation, and, with respect to amounts paid in settlement, the settlement of the suit or action was in the best interests of the Corporation; provided, however, that no indemnification shall be made in respect of any claim, issue or matter as to which such person shall have been adjudged to be liable for gross negligence or willful misconduct in the performance of such person's duty to the Corporation unless and only to the extent that, the court in which such action or suit was brought shall determine upon application that, despite circumstances of the case, such person is fairly and reasonably entitled to indemnity for such expenses as such court shall deem proper. The termination of any action or suit by judgment or settlement shall not, of itself, create a presumption that the person did not act in good faith and in a manner which such person reasonably believed to be in or not opposed to the best interests of the Corporation.

.03 Successful Defense.

To the extent that a Director, Trustee, Officer, employee or Agent of the Corporation has been successful on the merits or otherwise, in whole or in part in defense of any action, suit or proceeding referred to in Paragraphs .01 and .02 above, or in defense of any claim, issue or matter therein, such person shall be indemnified against expenses (including attorneys' fees) actually and reasonably incurred by such person in connection therewith.

.04 Authorization.

Any indemnification under Paragraphs .01 and .02 above (unless ordered by a court) shall be made by the Corporation only as authorized in the specific case upon a determination that indemnification of the Director, Trustee, Officer, employee or agent is proper in the circumstances because such person has met the applicable standard of conduct set forth in Paragraphs .01 and .02 above. Such determination shall be made (a) by the Board of Directors of the Corporation by a majority vote of a quorum consisting of Directors who were not parties to such action, suit or proceeding, or (b) if such a quorum is not obtainable, by a majority vote of the Directors who were not parties to such action, suit or proceeding, or (c) by independent legal counsel (selected by one or more of the Directors, whether or not a quorum and whether or not disinterested) in a written opinion, or (d) by the Shareholders. Anyone making such a determination under this Paragraph .04 may determine that a person has met the standards therein set forth as to some claims, issues or matters but not as to others, and may reasonably prorate amounts to be paid as indemnification.

.05 Advances.

Expenses incurred in defending civil or criminal action, suit or proceeding shall be paid by the Corporation, at any time or from time to time in advance of the final disposition of such action, suit or proceeding as authorized

B-7

Table of Contents

in the manner provided in Paragraph .04 above upon receipt of an undertaking by or on behalf of the Director, Trustee, Officer, employee or agent to repay such amount unless it shall ultimately be by the Corporation is authorized in this Section.

.06 Nonexclusivity.

The indemnification provided in this Section shall not be deemed exclusive of any other rights to which those indemnified may be entitled under any law, bylaw, agreement, vote of shareholders or disinterested Directors or otherwise, both as to action in such person's official capacity and as to action in another capacity while holding such office, and shall continue as to a person who has ceased to be a Director, Trustee, Officer, employee or agent and shall inure to the benefit of the heirs, executors, and administrators of such a person.

.07 Insurance.

The Corporation shall have the power to purchase and maintain insurance on behalf of any person who is or was a Director, Trustee, Officer, employee or agent of the Corporation, or is or was serving at the request of the Corporation as a Director, Trustee, Officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise, against any liability assessed against such person in any such capacity or arising out of such person's status as such, whether or not the corporation would have the power to indemnify such person against such liability.

.08 Corporation Defined.

For purposes of this Section, references to the Corporation shall include, in addition to the Corporation, an constituent corporation (including any constituent of a constituent) absorbed in a consolidation or merger which, if its separate existence had continued, would have had the power and authority to indemnify its Directors, Trustees, Officers, employees or agents, so that any person who is or was a Director, Trustee, Officer, employee or agent of such constituent corporation or of any entity a majority of the voting stock of which is owned by such constituent corporation or is or was serving at the request of such constituent corporation as a Director, Trustee, Officer, employee or agent of the corporation, partnership, joint venture, trust or other enterprise, shall stand in the same position under the provisions of this Section with respect to the resulting or surviving Corporation as such person would have with respect to such constituent corporation if its separate existence had continued.

X. AMENDMENT OF BYLAWS.

.01 By the Shareholders.

These Bylaws may be amended, altered, or repealed at any regular or special meeting of the shareholders if notice of the proposed alteration or amendment is contained in the notice of the meeting.

.02 By the Board of Directors.

These Bylaws may be amended, altered, or repealed by the affirmative vote of a majority of the entire Board of Directors at any regular or special meeting of the Board.

XI. FISCAL YEAR.

The fiscal year of the Corporation shall be set by resolution of the Board of Directors.

XII. RULES OF ORDER.

The rules contained in the most recent edition of Robert's Rules of Order, Newly Revised, shall govern all meetings of shareholders and Directors where those rules are not inconsistent with the Articles of Incorporation, Bylaws, or special rules or order of the Corporation.

XIII. REIMBURSEMENT OF DISALLOWED EXPENSES.

If any salary, payment, reimbursement, employee fringe benefit, expense allowance payment, or other expense incurred by the Corporation for the benefit of an employee is disallowed in whole or in part as a deductible expense of the Corporation for Federal Income Tax purposes, the employee shall reimburse the Corporation, upon notice and demand, to the full extent of the disallowance. This legally enforceable obligation is in accordance with the provisions of Revenue Ruling 69-115, 1969-1 C.B. 50, and is for the purpose of entitling such employee to a business expense deduction for the taxable year in which the repayment is made to the Corporation. In this manner, the Corporation shall be protected from having to bear the entire burden of disallowed expense items.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Board of Directors and Stockholders of

Initial Concepts, Inc.

We have audited the accompanying balance sheets of Initial Concepts, Inc. (the Company) as of December 31, 2013 and 2012, and the related statements of operations and comprehensive income (loss), stockholders equity (deficit) and cash flows for the years then ended. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement. The Company is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Company as of December 31, 2013 and 2012, and the results of its operations and its cash flows for the years then ended, in conformity with accounting principles generally accepted in the United States of America.

The accompanying financial statements have been prepared assuming that the Company will continue as a going concern. As discussed in Note 3 to the financial statements, the Company had an accumulated deficit at December 31, 2013, a net loss and net cash used in operating activities for the year then ended. These factors raise substantial doubt about the Company's ability to continue as a going concern. Management's plans in regards to these matters are also described in Note 3. The financial statements do not include any adjustments that might result from the outcome of this uncertainty.

Notes to the Financial Statements

Note 1 Organization and Operations

Initial Concepts, Inc. (DBA Six Dimensions)

Initial Concepts, Inc. (the Company) was incorporated under the laws of the State of California on February 9, 2004. The Company provides enterprise implementation and integration consulting and staffing services.

Note 2 Significant and Critical Accounting Policies and Practices

The Management of the Company is responsible for the selection and use of appropriate accounting policies and the appropriateness of accounting policies and their application. Critical accounting policies and practices are those that are both most important to the portrayal of the Company's financial condition and results and require management's most difficult, subjective, or complex judgments, often as a result of the need to make estimates about the effects of matters that are inherently uncertain. The Company's significant and critical accounting policies and practices are disclosed below as required by generally accepted accounting principles.

Basis of Presentation

The Company's financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of Estimates and Assumptions and Critical Accounting Estimates and Assumptions

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date(s) of the financial statements and the reported amounts of revenues and expenses during the reporting period(s).

Critical accounting estimates are estimates for which (a) the nature of the estimate is material due to the levels of subjectivity and judgment necessary to account for highly uncertain matters or the susceptibility of such matters to change and (b) the impact of the estimate on financial condition or operating performance is material. The Company's critical accounting estimates and assumptions affecting the financial statements were:

- (i) *Assumption as a going concern*: Management assumes that the Company will continue as a going concern, which contemplates continuity of operations, realization of assets, and liquidation of liabilities in the normal course of business;
- (ii) *Allowance for doubtful accounts*: Management's estimate of the allowance for doubtful accounts is based on historical sales, historical loss levels, and an analysis of the collectability of individual accounts; and general

economic conditions that may affect a client's ability to pay. The Company evaluated the key factors and assumptions used to develop the allowance in determining that it is reasonable in relation to the financial statements taken as a whole;

- (iii) *Fair value of long-lived assets*: Fair value is generally determined using the asset's expected future discounted cash flows or market value, if readily determinable. If long-lived assets are determined to be recoverable, but the newly determined remaining estimated useful lives are shorter than originally estimated, the net book values of the long-lived assets are depreciated over the newly determined remaining estimated useful lives. The Company considers the following to be some examples of important indicators that may trigger an impairment review: (i) significant under-performance or losses of assets relative to expected historical or projected future operating results; (ii) significant changes in

D-7

Table of Contents

the manner or use of assets or in the Company’s overall strategy with respect to the manner or use of the acquired assets or changes in the Company’s overall business strategy; (iii) significant negative industry or economic trends; (iv) increased competitive pressures; (v) a significant decline in the Company’s stock price for a sustained period of time; and (vi) regulatory changes. The Company evaluates acquired assets for potential impairment indicators at least annually and more frequently upon the occurrence of such events;

- (iv) *Valuation allowance for deferred tax assets:* Management assumes that the realization of the Company’s net deferred tax assets resulting from its net operating loss (NOL) carry-forwards for Federal income tax purposes that may be offset against future taxable income was not considered more likely than not and accordingly, the potential tax benefits of the net loss carry-forwards are offset by a full valuation allowance. Management made this assumption based on (a) the Company has incurred recurring losses, (b) general economic conditions, and (c) its ability to raise additional funds to support its daily operations by way of a public or private offering, among other factors;

These significant accounting estimates or assumptions bear the risk of change due to the fact that there are uncertainties attached to these estimates or assumptions, and certain estimates or assumptions are difficult to measure or value.

Management bases its estimates on historical experience and on various assumptions that are believed to be reasonable in relation to the financial statements taken as a whole under the circumstances, the results of which form the basis for making judgments about the carrying values of assets and liabilities that are not readily apparent from other sources.

Management regularly evaluates the key factors and assumptions used to develop the estimates utilizing currently available information, changes in facts and circumstances, historical experience and reasonable assumptions. After such evaluations, if deemed appropriate, those estimates are adjusted accordingly.

Actual results could differ from those estimates.

Fair Value of Financial Instruments

The Company follows paragraph 825-10-50-10 of the FASB Accounting Standards Codification for disclosures about fair value of its financial instruments and has adopted paragraph 820-10-35-37 of the FASB Accounting Standards Codification (Paragraph 820-10-35-37) to measure the fair value of its financial instruments. Paragraph 820-10-35-37 establishes a framework for measuring fair value in accounting principles generally accepted in the United States of America (U.S. GAAP), and expands disclosures about fair value measurements. To increase consistency and comparability in fair value measurements and related disclosures, Paragraph 820-10-35-37 establishes a fair value hierarchy which prioritizes the inputs to valuation techniques used to measure fair value into three (3) broad levels. The three (3) levels of fair value hierarchy defined by Paragraph 820-10-35-37 are described below:

- Level 1 Quoted market prices available in active markets for identical assets or liabilities as of the reporting date.
- Level 2 Pricing inputs other than quoted prices in active markets included in Level 1, which are either directly or indirectly observable as of the reporting date.
- Level 3 Pricing inputs that are generally observable inputs and not corroborated by market data.

Financial assets are considered Level 3 when their fair values are determined using pricing models, discounted cash flow methodologies or similar techniques and at least one significant model assumption or input is unobservable.

D-8

Table of Contents

The fair value hierarchy gives the highest priority to quoted prices (unadjusted) in active markets for identical assets or liabilities and the lowest priority to unobservable inputs. If the inputs used to measure the financial assets and liabilities fall within more than one level described above, the categorization is based on the lowest level input that is significant to the fair value measurement of the instrument.

The carrying amounts of the Company's financial assets and liabilities, such as cash, accounts receivable, unbilled revenues, prepaid expense and other current assets, accounts payable and accrued liabilities, and due to factor, approximate their fair values because of the short maturity of these instruments.

The Company's capital lease liability and notes payable approximate the fair value of such instruments based upon management's best estimate of interest rates that would be available to the Company for similar financial arrangements at December 31, 2013 and 2012.

The Company's Level 1 financial assets consist of marketable equity securities available for sale, that are traded in active markets with sufficient volume and frequency of transactions. The fair values of these assets were determined from quoted prices in active markets for identical assets.

Transactions involving related parties cannot be presumed to be carried out on an arm's-length basis, as the requisite conditions of competitive, free-market dealings may not exist. Representations about transactions with related parties, if made, shall not imply that the related party transactions were consummated on terms equivalent to those that prevail in arm's-length transactions unless such representations can be substantiated.

Fair Value of Financial Assets and Liabilities Measured on a Recurring Basis**Level 1 Financial Assets – Marketable Equity Securities**

The Company uses Level 1 of the fair value hierarchy to measure the fair value of equity securities at every reporting period and reports unrealized gains or losses (those which are considered temporary), net of taxes, as a separate component of stockholders' equity that are attributable to the change in the fair value of the equity securities.

Financial assets and liabilities measured at fair value on a recurring basis are summarized below and disclosed on the balance sheets as follows:

		Fair Value Measurement Using			Total
		Level 1	Level 2	Level 3	
December 31, 2013					
Marketable securities	Common stocks	\$	\$	\$	\$

		Fair Value Measurement Using			Total

Carrying Value, Recoverability and Impairment of Long-Lived Assets

The Company has adopted paragraph 360-10-35-17 of the FASB Accounting Standards Codification for its long-lived assets. The Company's long-lived assets, which include property and equipment and intangible assets, are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount of an asset may not be

recoverable.

The Company assesses the recoverability of its long-lived assets by comparing the projected undiscounted net cash flows associated with the related long-lived asset or group of long-lived assets over their remaining estimated useful lives against their respective carrying amounts. Impairment, if any, is based on the excess of the carrying amount over the fair value of those assets. Fair value is generally determined using the asset's expected

D-9

Table of Contents

future discounted cash flows or market value, if readily determinable. When long-lived assets are determined to be recoverable, but the newly determined remaining estimated useful lives are shorter than originally estimated, the net book values of the long-lived assets are depreciated over the newly determined remaining estimated useful lives.

The Company considers the following to be some examples of important indicators that may trigger an impairment review: (i) significant under-performance or losses of assets relative to expected historical or projected future operating results; (ii) significant changes in the manner or use of assets or in the Company's overall strategy with respect to the manner or use of the acquired assets or changes in the Company's overall business strategy; (iii) significant negative industry or economic trends; (iv) increased competitive pressures; (v) a significant decline in the Company's stock price for a sustained period of time; and (vi) regulatory changes. The Company evaluates acquired assets for potential impairment indicators at least annually and more frequently upon the occurrence of such events.

The key assumptions used in management's estimates of projected cash flow deal largely with forecasts of sales levels, gross margins, and operating costs of the manufacturing facilities. These forecasts are typically based on historical trends and take into account recent developments as well as management's plans and intentions. Any difficulty in manufacturing or sourcing raw materials on a cost effective basis would significantly impact the projected future cash flows of the Company's manufacturing facilities and potentially lead to an impairment charge for long-lived assets. Other factors, such as increased competition or a decrease in the desirability of the Company's products, could lead to lower projected sales levels, which would adversely impact cash flows. A significant change in cash flows in the future could result in an impairment of long lived assets.

The impairment charges, if any, is included in operating expenses in the accompanying statements of operations.

Cash Equivalents

The Company considers all highly liquid investments with maturities of three months or less at the time of purchase to be cash equivalents.

Marketable Debt and Equity Securities, Available for Sale

The Company accounts for marketable debt and equity securities, available for sale, in accordance with sub-topic 320-10 of the FASB Accounting Standards Codification (Sub-topic 320-10).

Pursuant to Paragraph 320-10-35-1, investments in debt securities that are classified as available for sale and equity securities that have readily determinable fair values that are classified as available for sale shall be measured subsequently at fair value in the consolidated balance sheets at each balance sheet date. Unrealized holding gains and losses for available-for-sale securities (including those classified as current assets) shall be excluded from earnings and reported in other comprehensive income until realized except an available-for-sale security that is designated as being hedged in a fair value hedge, from which all or a portion of the unrealized holding gain and loss of shall be recognized in earnings during the period of the hedge, pursuant to paragraphs 815-25-35-1 through 815-25-35-4.

The Company follows Paragraphs 320-10-35-17 through 34E and assess whether an investment is impaired in each reporting period. An investment is impaired if the fair value of the investment is less than its cost. Impairment indicators include, but are not limited to the following: a. a significant deterioration in the earnings performance, credit rating, asset quality, or business prospects of the investee; b. a significant adverse change in the regulatory, economic, or technological environment of the investee; c. a significant adverse change in the general market condition of either the geographic area or the industry in which the investee operates; d. a bona fide offer to purchase

(whether solicited or unsolicited), an offer by the investee to sell, or a completed auction process for the same or similar security for an amount less than the cost of the investment; e. factors that raise

D-10

Table of Contents

significant concerns about the investee's ability to continue as a going concern, such as negative cash flows from operations, working capital deficiencies, or noncompliance with statutory capital requirements or debt covenants. If the fair value of an investment is less than its cost basis at the balance sheet date of the reporting period for which impairment is assessed, the impairment is either temporary or other than temporary. Pursuant to Paragraph 320-10-35-34, if it is determined that the impairment is other than temporary, then an impairment loss shall be recognized in earnings equal to the entire difference between the investment's cost and its fair value at the balance sheet date of the reporting period for which the assessment is made. The measurement of the impairment shall not include partial recoveries after the balance sheet date. The fair value of the investment would then become the new basis of the investment and shall not be adjusted for subsequent recoveries in fair value. For presentation purpose, the entity shall recognize and present the total other-than-temporary impairment in the statement of earnings with an offset for the amount of the total other-than-temporary impairment that is recognized in other comprehensive income, in accordance with paragraph 320-10-35-34D, if any, pursuant to Paragraph 320-10-45-8A; and separately present, in the financial statement in which the components of accumulated other comprehensive income are reported, amounts recognized therein related to held-to-maturity and available-for-sale debt securities for which a portion of an other-than-temporary impairment has been recognized in earnings pursuant to Paragraph 320-10-45-9A. Pursuant to Paragraphs 320-10-35-36 and 37 the entire change in the fair value of foreign-currency-denominated available-for-sale debt securities shall be reported in other comprehensive income and An entity holding a foreign-currency-denominated available-for-sale debt security is required to consider, among other things, changes in market interest rates and foreign exchange rates since acquisition in determining whether an other-than-temporary impairment has occurred.

Accounts Receivable and Allowance for Doubtful Accounts

Accounts receivable are recorded at the invoiced amount, net of an allowance for doubtful accounts. The Company follows paragraph 310-10-50-9 of the FASB Accounting Standards Codification to estimate the allowance for doubtful accounts. The Company performs on-going credit evaluations of its customers and adjusts credit limits based upon payment history and the customer's current credit worthiness, as determined by the review of their current credit information; and determines the allowance for doubtful accounts based on historical write-off experience, customer specific facts and economic conditions.

Pursuant to paragraph 310-10-50-2 of the FASB Accounting Standards Codification account balances are charged off against the allowance after all means of collection have been exhausted and the potential for recovery is considered remote. The Company has adopted paragraph 310-10-50-6 of the FASB Accounting Standards Codification and determine when receivables are past due or delinquent based on how recently payments have been received.

Outstanding account balances are reviewed individually for collectability. The allowance for doubtful accounts is the Company's best estimate of the amount of probable credit losses in the Company's existing accounts receivable. Bad debt expense is included in general and administrative expenses, if any.

There was no allowance for doubtful accounts at December 31, 2013 or 2012, or bad debt expense for the reporting periods then ended.

The Company does not have any off-balance-sheet credit exposure to its customers.

Table of Contents**Property and Equipment**

Property and equipment is recorded at cost. Expenditures for major additions and betterments are capitalized. Maintenance and repairs are charged to operations as incurred. Depreciation of property and equipment is computed by the straight-line method (after taking into account their respective estimated residual values) over the estimated useful lives of the respective assets as follows:

	Estimated Useful Life (Years)
Computers	3-5
Computers and related equipment under capital lease	*

(*) Amortized on a straight-line basis over the term of the lease or the estimated useful lives, whichever is shorter. Upon sale or retirement of property and equipment, the related cost and accumulated depreciation are removed from the accounts and any gain or loss is reflected in statements of operations.

Leases

Lease agreements are evaluated to determine whether they are capital leases or operating leases in accordance with paragraph 840-10-25-1 of the FASB Accounting Standards Codification (Paragraph 840-10-25-1). Pursuant to Paragraph 840-10-25-1 A lessee and a lessor shall consider whether a lease meets any of the following four criteria as part of classifying the lease at its inception under the guidance in the Lessees Subsection of this Section (for the lessee) and the Lessors Subsection of this Section (for the lessor): a. Transfer of ownership. The lease transfers ownership of the property to the lessee by the end of the lease term. This criterion is met in situations in which the lease agreement provides for the transfer of title at or shortly after the end of the lease term in exchange for the payment of a nominal fee, for example, the minimum required by statutory regulation to transfer title. b. Bargain purchase option. The lease contains a bargain purchase option. c. Lease term. The lease term is equal to 75 percent or more of the estimated economic life of the leased property. d. Minimum lease payments. The present value at the beginning of the lease term of the minimum lease payments, excluding that portion of the payments representing executory costs such as insurance, maintenance, and taxes to be paid by the lessor, including any profit thereon, equals or exceeds 90 percent of the excess of the fair value of the leased property to the lessor at lease inception over any related investment tax credit retained by the lessor and expected to be realized by the lessor. In accordance with paragraphs 840-10-25-29 and 840-10-25-30, if at its inception a lease meets any of the four lease classification criteria in Paragraph 840-10-25-1, the lease shall be classified by the lessee as a capital lease; and if none of the four criteria in Paragraph 840-10-25-1 are met, the lease shall be classified by the lessee as an operating lease. Pursuant to Paragraph 840-10-25-31 a lessee shall compute the present value of the minimum lease payments using the lessee's incremental borrowing rate unless both of the following conditions are met, in which circumstance the lessee shall use the implicit rate: a. It is practicable for the lessee to learn the implicit rate computed by the lessor. b. The implicit rate computed by the lessor is less than the lessee's incremental borrowing rate. Capital lease assets are depreciated on a straight line method, over the capital lease assets estimated useful lives consistent with the Company's normal depreciation policy for tangible fixed assets. Interest charges are expensed over the period of the lease in relation to the carrying value of the capital lease obligation.

Operating leases primarily relate to the Company's leases of office spaces. When the terms of an operating lease include tenant improvement allowances, periods of free rent, rent concessions, and/or rent escalation amounts, the Company establishes a deferred rent liability for the difference between the scheduled rent payment and the straight-line rent expense recognized, which is amortized over the underlying lease term on a straight-line basis as a reduction of rent expense.

Intangible Assets Other Than Goodwill

The Company has adopted Subtopic 350-30 of the FASB Accounting Standards Codification for intangible assets other than goodwill. Under the requirements, the Company amortizes the acquisition costs of intangible assets other than goodwill on a straight-line basis over their estimated useful lives, the terms of the exclusive licenses and/or agreements, or the terms of legal lives of the intangible assets, whichever is shorter. Upon becoming fully amortized, the related cost and accumulated amortization are removed from the accounts.

Research and Development and Capitalized Software Development Costs

The Company has adopted paragraph 985-20-05-01 of the FASB Accounting Standards Codification (Paragraph 985-20-05-01) for the costs of computer software to be sold or licensed. Paragraph 985-20-05-01 requires research and development costs incurred in the process of software development before establishment of technological feasibility being expensed as incurred and capitalization of software development costs incurred subsequent to establishment of technological feasibility and prior to the availability of the product for general release to customers. Systematic amortization of capitalized software development costs begins when a product is available for general release to customers and is computed on a product-by-product basis at a rate not less than straight-line basis over the product's remaining estimated economic life of three (3) years.

Related Parties

The Company follows subtopic 850-10 of the FASB Accounting Standards Codification for the identification of related parties and disclosure of related party transactions.

Pursuant to Section 850-10-20 the related parties include a. affiliates of the Company; b. entities for which investments in their equity securities would be required, absent the election of the fair value option under the Fair Value Option Subsection of Section 825-10-15, to be accounted for by the equity method by the investing entity; c. trusts for the benefit of employees, such as pension and profit-sharing trusts that are managed by or under the trusteeship of management; d. principal owners of the Company; e. management of the Company; f. other parties with which the Company may deal if one party controls or can significantly influence the management or operating policies of the other to an extent that one of the transacting parties might be prevented from fully pursuing its own separate interests; and g. other parties that can significantly influence the management or operating policies of the transacting parties or that have an ownership interest in one of the transacting parties and can significantly influence the other to an extent that one or more of the transacting parties might be prevented from fully pursuing its own separate interests.

The financial statements shall include disclosures of material related party transactions, other than compensation arrangements, expense allowances, and other similar items in the ordinary course of business. However, disclosure of transactions that are eliminated in the preparation of combined financial statements is not required in those statements. The disclosures shall include: a. the nature of the relationship(s) involved; b. a description of the transactions, including transactions to which no amounts or nominal amounts were ascribed, for each of the periods for which income statements are presented, and such other information deemed necessary to an understanding of the effects of the transactions on the financial statements; c. the dollar amounts of transactions for each of the periods for which income statements are presented and the effects of any change in the method of establishing the terms from that used in the preceding period; and d. amounts due from or to related parties as of the date of each balance sheet presented and, if not otherwise apparent, the terms and manner of settlement.

Commitment and Contingencies

The Company follows subtopic 450-20 of the FASB Accounting Standards Codification to report accounting for contingencies. Certain conditions may exist as of the date the financial statements are issued, which may result in a loss to the Company but which will only be resolved when one or more future events occur or fail to occur. The

D-13

Table of Contents

Company assesses such contingent liabilities, and such assessment inherently involves an exercise of judgment. In assessing loss contingencies related to legal proceedings that are pending against the Company or unasserted claims that may result in such proceedings, the Company evaluates the perceived merits of any legal proceedings or unasserted claims as well as the perceived merits of the amount of relief sought or expected to be sought therein.

If the assessment of a contingency indicates that it is probable that a material loss has been incurred and the amount of the liability can be estimated, then the estimated liability would be accrued in the Company's financial statements. If the assessment indicates that a potential material loss contingency is not probable but is reasonably possible, or is probable but cannot be estimated, then the nature of the contingent liability, and an estimate of the range of possible losses, if determinable and material, would be disclosed.

Loss contingencies considered remote are generally not disclosed unless they involve guarantees, in which case the guarantees would be disclosed. Management does not believe, based upon information available at this time, that these matters will have a material adverse effect on the Company's financial position, results of operations or cash flows. However, there is no assurance that such matters will not materially and adversely affect the Company's business, financial position, and results of operations or cash flows.

Revenue Recognition

The Company follows paragraph 605-10-S99-1 of the FASB Accounting Standards Codification for revenue recognition. The Company will recognize revenue from the provision of professional services when it is realized or realizable and earned. The Company considers revenue realized or realizable and earned when all of the following criteria are met: (i) persuasive evidence of an arrangement exists, (ii) the services have been rendered to the customer, (iii) the sales price is fixed or determinable, and (iv) collectability is reasonably assured. Appropriate allowances for returns and discounts are recorded concurrent with revenue recognition.

Revenues recognized in excess of the amounts as yet invoiced to clients are classified as unbilled revenues.

Income Tax Provision

The Company is taxed as an S Corporation under the Internal Revenue Code and applicable state statutes. Under an S Corporation election, the income of the Company flows through to the stockholders to be taxed at the individual level rather than the corporate level. Accordingly, the Company has no tax liability at the federal level (with limited exceptions) as long as the S Corporation election is in effect.

In addition, the Company has elected to be treated as a Subchapter S corporation for Arizona, California, Colorado, Kentucky, Massachusetts, Ohio and Virginia corporate income tax purposes. This treatment imposes individual income taxes on the shareholder's respective shares of corporate profits and results in a significantly reduced corporate level state tax.

The income allocable to each shareholder is subject to examination by federal and state taxing authorities. In the event of an examination of the income tax returns, the tax liability of the stockholders could be changed if an adjustment in the income is ultimately determined by the taxing authorities.

Accordingly, these financial statements do not reflect a provision for income taxes. Minimum and franchise taxes assessed by states and local agencies are reported in selling, general and administrative expenses in the statement of operations.

Certain transactions of the Company may be subject to accounting methods for federal income tax purposes that differ significantly from the accounting methods used in preparing the statements in accordance with generally accepted accounting principles. Accordingly, the taxable income of the Company reported for federal income tax purposes may differ from net income in these financial statements.

D-14

Table of Contents

Pro Forma Income Tax Information (Unaudited)

The Company is taxed as an S corporation. The operating results of Initial Concepts were included in the income tax returns of the stockholder of an S corporation for income tax purposes. The unaudited pro forma income tax rate, income tax provision, deferred tax assets, and the valuation allowance of deferred tax assets included in the accompanying consolidated statements of operations and the income tax provision note reflect the provision for income tax which would have been recorded as if Initial Concepts had been incorporated as a C Corporation as of the beginning of the first date presented.

Cash Flows Reporting

The Company adopted paragraph 230-10-45-24 of the FASB Accounting Standards Codification for cash flows reporting, classifies cash receipts and payments according to whether they stem from operating, investing, or financing activities and provides definitions of each category, and uses the indirect or reconciliation method (Indirect method) as defined by paragraph 230-10-45-25 of the FASB Accounting Standards Codification to report net cash flow from operating activities by adjusting net income to reconcile it to net cash flow from operating activities by removing the effects of (a) all deferrals of past operating cash receipts and payments and all accruals of expected future operating cash receipts and payments and (b) all items that are included in net income that do not affect operating cash receipts and payments. The Company reports the reporting currency equivalent of foreign currency cash flows, using the current exchange rate at the time of the cash flows and the effect of exchange rate changes on cash held in foreign currencies is reported as a separate item in the reconciliation of beginning and ending balances of cash and cash equivalents and separately provides information about investing and financing activities not resulting in cash receipts or payments in the period pursuant to paragraph 830-230-45-1 of the FASB Accounting Standards Codification.

Comprehensive Income (Loss)

The Company has applied section 220-10-45 of the FASB Accounting Standards Codification. This statement establishes rules for the reporting of comprehensive income and its components. Comprehensive income (loss), for the Company, consists of net income (loss), and change in unrealized gain (loss) of marketable equity securities.

Subsequent Events

The Company follows the guidance in Section 855-10-50 of the FASB Accounting Standards Codification for the disclosure of subsequent events. The Company will evaluate subsequent events through the date when the financial statements are issued. Pursuant to ASU 2010-09 of the FASB Accounting Standards Codification, the Company as an SEC filer considers its financial statements issued when they are widely distributed to users, such as through filing them on EDGAR.

Recently Issued Accounting Pronouncements

In April 2014, the FASB issued ASU No. 2014-08, *Presentation of Financial Statements (Topic 205) and Property, Plant, and Equipment (Topic 360): Reporting Discontinued Operations and Disclosures of Disposals of Components of an Entity*. The amendments in this Update change the requirements for reporting discontinued operations in Subtopic 205-20.

Under the new guidance, a discontinued operation is defined as a disposal of a component or group of components that is disposed of or is classified as held for sale and represents a strategic shift that has (or will have) a major effect

on an entity's operations and financial results. The ASU states that a strategic shift could include a disposal of (i) a major geographical area of operations, (ii) a major line of business, (iii) a major equity method investment, or (iv) other major parts of an entity. Although "major" is not defined, the standard provides examples of when a disposal qualifies as a discontinued operation.

D-15

Table of Contents

The ASU also requires additional disclosures about discontinued operations that will provide more information about the assets, liabilities, income and expenses of discontinued operations. In addition, the ASU requires disclosure of the pre-tax profit or loss attributable to a disposal of an individually significant component of an entity that does not qualify for discontinued operations presentation in the financial statements.

The ASU is effective for public business entities for annual periods beginning on or after December 15, 2014, and interim periods within those years.

Management does not believe that any other recently issued, but not yet effective accounting pronouncements, if adopted, would have a material effect on the accompanying financial statements.

Note 3 Going Concern

The financial statements have been prepared assuming that the Company will continue as a going concern, which contemplates continuity of operations, realization of assets, and liquidation of liabilities in the normal course of business.

As reflected in the financial statements, the Company had an accumulated deficit at December 31, 2013, a net loss and net cash used in operating activities for the reporting period then ended. These factors raise substantial doubt about the Company's ability to continue as a going concern.

The Company is attempting to further implement its business plan and generate sufficient revenue; however, the Company's cash position may not be sufficient to support its daily operations. While the Company believes in the viability of its strategy to further implement its business plan and generate sufficient revenue and in its ability to raise additional funds by way of a public or private offering, there can be no assurances to that effect. The ability of the Company to continue as a going concern is dependent upon its ability to further implement its business plan and generate sufficient revenue and its ability to raise additional funds by way of a public or private offering.

The financial statements do not include any adjustments related to the recoverability and classification of recorded asset amounts or the amounts and classification of liabilities that might be necessary should the Company be unable to continue as a going concern.

Note 4 Marketable Equity Securities

The Company did not hold any marketable equity securities at December 31, 2013. At December 31, 2012 all of the Company's marketable equity securities were classified as available-for-sale and their estimated fair values were \$24,648.

Marketable equity securities consisted of the following at December 31, 2012:

	Available-for-Sale Securities as of December 31, 2012			
	Cost	Gross Unrealized Gains	Gross Unrealized Losses	Estimated Fair Value
Available for Sale				
Common Stocks	\$ 22,931	\$ 3,440	\$ (1,723)	\$ 24,648

The change in net unrealized holding gain (loss) on securities available for sale that has been included as a separate component of stockholders' equity for the year ended December 31, 2013 and 2012 was \$- and \$1,717, respectively.

D-16

Table of Contents**Note 5 Property and Equipment**

Property and equipment, stated at cost, less accumulated depreciation consisted of the following:

		\$ 29,033	\$ 40,708

* To be amortized over the term of the lease or its estimated useful life, whichever is shorter.

(i) Impairment

The Company completed its annual impairment testing of property and equipment and determined that there was no impairment as the fair value of property, plant and equipment, substantially exceeded their carrying values at December 31, 2013.

(ii) Depreciation and Amortization Expense

Depreciation and amortization expense was \$25,096 and \$19,417 for the year ended December 31, 2013 and 2012, respectively.

Note 6 Capitalized Software

Capitalized software, stated at cost, less accumulated amortization consisted of the following:

Capitalized software under lease	*	\$ 168,882	\$ ()
Less accumulated amortization		(14,074)	()
		\$ 154,808	\$ ()

* To be amortized over the term of the lease or its estimated useful life, whichever is shorter.

(i) Impairment

The Company completed its annual impairment testing of the capitalized software and determined that there was no impairment as the fair value of property, plant and equipment, substantially exceeded their carrying values at December 31, 2013.

(ii) Amortization Expense

Amortization expense amounted to \$14,074 and \$0 for the year ended December 31, 2013 and 2012, respectively.

D-17

Table of Contents

Amortization expense for the next five years is as follows:

Fiscal Year ending December 31:	
2014	\$ 56,294
2015	56,294
2016	42,220
	\$ 154,808

Note 7 Related Party Transactions:**Due from Related Party**

The Company has a loan outstanding to its sole-shareholder. During the year ended December 31, 2013 and 2012 the Company advanced monies totaling \$27,935 and \$65,230 to this individual, respectively. This receivable does not bear interest and a definite repayment schedule did not exist at the date of this report. The balance as of December 31, 2013 and 2012 was \$410,130 and \$382,195, respectively.

On March 31, 2014, the loan balance was eliminated as the Company treated the loan balance as a stockholder distribution.

Storage Lease

The Company presently leases a storage facility on a month to month basis from a related company. Monthly rental payments are \$600. Rent expense totaled \$7,200 each for the year ended December 31, 2013 and 2012, respectively.

Note 8 Letter of Credit and Restricted Cash

The Company has secured a standby letter of credit for the benefit of RFR/SF17 State Street L.P. for the required security deposit on their office facility in New York.

The Bank letter of credit is in the amount of \$110,421.50. The letter of credit expires on July 01, 2014 and contains automatic renewal periods of one year.

The fair value of this letter of credit approximates the contract value. The letter of credit was collateralized by \$110,499 of cash at December 31, 2013, which was reported as restricted on the balance sheets.

Note 9 Line of Credit

In February 2012 the Company established a revolving working capital line of credit (the facility) available through First Community Financial. The credit line is limited to total borrowings of \$750,000. The initial contract term will be for one year, and will be renewable on an annual basis thereafter. Interest is computed using the rate of 2.50% per annum in excess of the JP Morgan Chase bank prime floating rate with a floor of 5.75% per annum. The credit line is secured by all Company assets with a perfected first security interest in accounts receivable. Advances under the facility will be up to 85% against a pool of eligible receivables. In August 2013 the Company entered into a factoring agreement and the facility was paid off by the Factor and closed. The total outstanding principal amount at

December 31, 2013 and 2012 was \$0 and \$510,839, respectively.

Note 10 Due to Factor

On July 21, 2008, the Company signed a one year agreement, renewable each year, with a financial services company (the Factor) for the purchase and sale of accounts receivables. The financial services company commenced funding during July 2008. The financial services company advances up to 80% of qualified customer invoices, less applicable discount fees, and holds the remaining 20% as a reserve until the customer pays the

(Unaudited)

Note 1 Organization and Operations

Six Dimensions, Inc.

Six Dimensions, Inc. (the Company) was originally incorporated as Initial Concepts, Inc. under the laws of the State of California on February 9, 2004. On June 25, 2014, Initial Concepts, Inc. converted from an S-Corporation into a California LLC and changed its name to Six Dimensions, LLC. On June 27, 2014, Six Dimensions, LLC converted into a Nevada C-Corporation and changed its name to Six Dimensions, Inc. In conjunction with the conversion, 300,000 shares of Six Dimensions, LLC were exchanged for 263,683,869 shares of Six Dimensions, Inc. On August 22, 2014, the Company amended its Certificate of Incorporation to effect a 1 for 9 reverse split of the Company's issued and outstanding shares of common stock. All references to numbers or values of the Company's shares have been adjusted to reflect this 1 for 9 reverse split.

The Company provides enterprise implementation and integration consulting and staffing services to customers throughout the United States.

Note 2 Liquidity

At December 31, 2013, the Company had a cash balance of approximately \$6,000 and a working capital deficiency of approximately \$1,026,000. At June 30, 2014, the Company had a cash balance of approximately \$29,000 and working capital of approximately \$223,000. In 2013, the Company principally financed its operations from using proceeds from issuance of notes and factoring its sales invoices. The Company had net income and net cash flows from operations of approximately \$699,000 and \$258,000, respectively, for the six months ended June 30, 2014. During the six months ended June 30, 2014, note holders converted \$345,000 of promissory notes into equity, and the Company paid back the remaining \$255,000 of promissory notes in cash. Furthermore, prior to 2013, the Company had a history of profitability. The Company signed a binding letter of intent on May 14, 2014 that will result in the Company raising approximately \$5.1 million in an equity financing. The proceeds of the financing will be used for potential mergers and acquisitions as well as funding new lines of business.

Note 3 Significant and Critical Accounting Policies and Practices

The management of the Company is responsible for the selection and use of appropriate accounting policies and the appropriateness of accounting policies and their application. Critical accounting policies and practices are those that are both most important to the portrayal of the Company's financial condition and results and require management's most difficult, subjective, or complex judgments, often as a result of the need to make estimates about the effects of matters that are inherently uncertain. The Company's significant and critical accounting policies and practices are disclosed below as required by accounting principles generally accepted in the United States (U.S. GAAP).

Basis of Presentation

The accompanying unaudited condensed financial statements of the Company should be read in conjunction with the audited financial statements and notes thereto for the year ended December 31, 2013 included elsewhere in the

Company's Super 8-K. The accompanying condensed financial statements have been prepared in accordance with U.S. GAAP for interim financial information and the rules and regulations of the SEC. Accordingly, since they are interim statements, the accompanying condensed financial statements do not include all of the information and notes required by U.S. GAAP for annual financial statements, but reflect all adjustments consisting of normal, recurring adjustments, that are necessary for a fair presentation of the financial position as

E-7

Table of Contents

of June 30, 2014 and results of operations and cash flows for the interim periods presented. The results of operations for the three and six months ended June 30, 2014 are not necessarily indicative of the operating results for the full fiscal year or any future period. The December 31, 2013 balance sheet information was derived from the audited financial statements as of that date.

Use of Estimates and Assumptions and Critical Accounting Estimates and Assumptions

The preparation of condensed financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date(s) of the financial statements and the reported amounts of revenues and expenses during the reporting period(s).

Critical accounting estimates are estimates for which (a) the nature of the estimate is material due to the levels of subjectivity and judgment necessary to account for highly uncertain matters or the susceptibility of such matters to change and (b) the impact of the estimate on financial condition or operating performance is material. The Company's critical accounting estimates and assumptions affecting the condensed financial statements were:

- (i) *Assumption as a going concern:* Management assumes that the Company will continue as a going concern, which contemplates continuity of operations, realization of assets, and liquidation of liabilities in the normal course of business;
- (ii) *Allowance for doubtful accounts:* Management's estimate of the allowance for doubtful accounts is based on historical sales, historical loss levels, and an analysis of the collectability of individual accounts; and general economic conditions that may affect a client's ability to pay. The Company evaluated the key factors and assumptions used to develop the allowance in determining that it is reasonable in relation to the financial statements taken as a whole;
- (iii) *Fair value of long-lived assets:* Fair value is generally determined using the asset's expected future discounted cash flows or market value, if readily determinable. If long-lived assets are determined to be recoverable, but the newly determined remaining estimated useful lives are shorter than originally estimated, the net book values of the long-lived assets are depreciated over the newly determined remaining estimated useful lives. The Company considers the following to be some examples of important indicators that may trigger an impairment review:
 - (i) significant under-performance or losses of assets relative to expected historical or projected future operating results;
 - (ii) significant changes in the manner or use of assets or in the Company's overall strategy with respect to the manner or use of the acquired assets or changes in the Company's overall business strategy;
 - (iii) significant negative industry or economic trends;
 - (iv) increased competitive pressures;
 - (v) a significant decline in the Company's stock price for a sustained period of time; and
 - (vi) regulatory changes.

These significant accounting estimates or assumptions bear the risk of change due to the fact that there are uncertainties attached to these estimates or assumptions, and certain estimates or assumptions are difficult to measure or value.

Management bases its estimates on historical experience and on various assumptions that are believed to be reasonable in relation to the financial statements taken as a whole under the circumstances, the results of which form the basis for making judgments about the carrying values of assets and liabilities that are not readily apparent from

other sources.

Management regularly evaluates the key factors and assumptions used to develop the estimates utilizing currently available information, changes in facts and circumstances, historical experience and reasonable assumptions. After such evaluations, if deemed appropriate, those estimates are adjusted accordingly.

Due to inherent uncertainty involved in making estimates, actual results reported in future periods may be affected by changes in these estimates.

Table of Contents

Fair Value of Financial Instruments

The Company has categorized its financial assets and liabilities measured at fair value into a three level hierarchy in accordance with the U.S. GAAP. Fair value is defined as an exit price, the amount that would be received upon the sale of an asset or paid upon the transfer of a liability in an orderly transaction between market participants at the measurement date. The degree of judgment utilized in measuring the fair value of assets and liabilities generally correlates to the level of pricing observability. Financial assets and liabilities with readily available, actively quoted prices or for which fair value can be measured from actively quoted prices in active markets generally have more pricing observability and require less judgment in measuring fair value. Conversely, financial assets and liabilities that are rarely traded or not quoted have less price observability and are generally measured at fair value using valuation models that require more judgment. These valuation techniques involve some level of management estimation and judgment, the degree of which is dependent on the price transparency of the asset, liability or market and the nature of the asset or liability.

The three (3) levels of fair value hierarchy are described below:

Level 1 Quoted market prices available in active markets for identical assets or liabilities as of the reporting date.

Level 2 Pricing inputs other than quoted prices in active markets included in Level 1, which are either directly or indirectly observable as of the reporting date.

Level 3 Pricing inputs that are generally observable inputs and not corroborated by market data.

The carrying amounts of the Company's financial assets and liabilities, such as cash, accounts receivable, unbilled revenues, prepaid expense and other current assets, accounts payable and accrued liabilities, and due to factor, approximate their fair values because of the short maturity of these instruments.

The Company's capital lease liability and notes payable approximate the fair value of such instruments based upon management's best estimate of interest rates that would be available to the Company for similar financial arrangements at June 30, 2014 and December 31, 2013.

Transactions involving related parties cannot be presumed to be carried out on an arm's-length basis, as the requisite conditions of competitive, free-market dealings may not exist. Representations about transactions with related parties, if made, shall not imply that the related party transactions were consummated on terms equivalent to those that prevail in arm's-length transactions unless such representations can be substantiated.

Accounts Receivable and Allowance for Doubtful Accounts

Accounts receivable are recorded at the invoiced amount, net of an allowance for doubtful accounts. The Company performs on-going credit evaluations of its customers and adjusts credit limits based upon payment history and the customer's current credit worthiness, as determined by the review of their current credit information; and determines the allowance for doubtful accounts based on historical write-off experience, customer specific facts and economic conditions.

Management charges balances off against the allowance after all means of collection have been exhausted and the potential for recovery is considered remote. The Company determines when receivables are past due or delinquent based on how recently payments have been received.

Outstanding account balances are reviewed individually for collectability. The allowance for doubtful accounts is the Company's best estimate of the amount of probable credit losses in the Company's existing accounts receivable. As of June 30, 2014 and December 31, 2013, the allowance for doubtful accounts was not material.

The Company does not have any off-balance-sheet credit exposure to its customers.

Table of Contents

Revenue Recognition

The Company recognizes revenue from the provision of professional services when it is realized or realizable and earned. The Company considers revenue realized or realizable and earned when all of the following criteria are met: (i) persuasive evidence of an arrangement exists, (ii) the services have been rendered to the customer, (iii) the sales price is fixed or determinable, and (iv) collectability is reasonably assured. Appropriate allowances for returns and discounts are recorded concurrent with revenue recognition.

Revenues recognized in excess of the amounts invoiced to clients are classified as unbilled revenues.

Income Tax Provision

From inception through June 26, 2014, the Company was taxed as an S Corporation under the Internal Revenue Code of 1986, as amended and applicable state statutes. Under an S Corporation election, the income of the Company flows through to the stockholders to be taxed at the individual level rather than the corporate level. Accordingly, the Company had no tax liability at the federal level (with limited exceptions) as long as the S Corporation election was in effect.

In addition, the Company had elected to be treated as a Subchapter S corporation for Arizona, California, Colorado, Kentucky, Massachusetts, Ohio and Virginia corporate income tax purposes. This treatment imposes individual income taxes on the shareholder's respective shares of corporate profits and results in a significantly reduced corporate level state tax.

The income allocable to each shareholder is subject to examination by federal and state taxing authorities. In the event of an examination of the income tax returns, the tax liability of the stockholders could be changed if an adjustment in the income is ultimately determined by the taxing authorities. As of June 30, 2014, the tax returns of the Company for the years 2011 through 2013 remain open for the Internal Revenue Service and various state authorities.

On June 25, 2014, Initial Concepts, Inc. converted from an S-Corporation into a California LLC and changed its name to Six Dimensions, LLC. On June 27, 2014, Six Dimensions, LLC converted into a Nevada C-Corporation and changed its name to Six Dimensions, Inc.

Deferred taxes are computed based on the tax liability or benefit in future years of the reversal of temporary differences in the recognition of income or deduction of expenses between financial and tax reporting purposes. The net difference, if any, between the provision for taxes and taxes currently payable is reflected in the balance sheet as deferred taxes. Deferred tax assets and/or liabilities, if any, are classified as current and non-current based on the classification of the related asset or liability for financial reporting purposes, or based on the expected reversal date for deferred taxes that are not related to an asset or liability. Valuation allowances are recorded to reduce deferred tax assets to that amount which is more likely than not to be realized.

The Company records interest and penalties as a component of selling, general and administrative expenses. There were no amounts accrued for penalties or interest as of June 30, 2014 and December 31, 2013 or during the three and six months ended June 30, 2014 and 2013. Management is currently unaware of any issues under review that could result in significant payments, accruals or material deviations from its position.

Certain transactions of the Company may be subject to accounting methods for federal income tax purposes that differ significantly from the accounting methods used in preparing the condensed financial statements in accordance with U.S. GAAP. Accordingly, the taxable income of the Company reported for federal income tax purposes may differ

from net income in these condensed financial statements.

The Company did not take any uncertain tax positions and had no adjustments to its income tax liabilities or benefits as of June 30, 2014 and December 31, 2013.

E-10

Table of Contents**Net Income (Loss) per Common Share**

Basic net income (loss) per common share is computed by dividing net income (loss) by the weighted average number of shares of common stock outstanding during the period. Diluted net income (loss) per common share is computed by dividing net income (loss) by the weighted average number of shares of common stock and potentially outstanding shares of common stock during the period to reflect the potential dilution that could occur from common shares issuable through contingent share arrangements, stock options and warrants. During the three and six months ended June 30, 2014 and 2013, the Company had no common stock equivalents outstanding.

Subsequent Events

The Company evaluated subsequent events through the date when the accompanying condensed financial statements are issued.

Recently Issued Accounting Pronouncements

In April 2014, the Financial Accounting Standards Board (FASB) issued Accounting Standard Update (ASU) 2014-08, *Financial Statements (Topic 205) and Property, Plant, and Equipment (Topic 360)*. This new standard raises the threshold for disposals to qualify as discontinued operations, allows companies to have significant continuing involvement and continuing cash flows with the discontinued operation, and provides for new and additional disclosures of discontinued operations and individually material disposal transactions. The Company anticipates adopting the new standard when it becomes effective in the first quarter of 2015. ASU 2014-08 is not expected to have a material impact on the financial statements.

In May 2014, the FASB issued ASU 2014-09, *Revenue from Contracts with Customers*. Amendments in this ASU create Topic 606, *Revenue from Contracts with Customers*, and supersede the revenue recognition requirements in Topic 605, *Revenue Recognition*, including most industry-specific revenue recognition guidance throughout the Industry Topics of the Codification. In addition, the amendments supersede the cost guidance in Subtopic 605-35, *Revenue Recognition – Construction-Type and Production-Type Contracts*, and create new Subtopic 340-40, *Other Assets and Deferred Costs – Contracts with Customers*. In summary, the core principle of Topic 606 is that an entity recognizes revenue to depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. This ASU is the final version of Proposed ASU 2011-230 *Revenue Recognition (Topic 605)* and Proposed ASU 2011-250 *Revenue Recognition (Topic 605): Codification Amendments*, both of which have been deleted. ASU 2014-09. The amendments in this ASU are effective for the Company for annual reporting periods beginning after December 15, 2016, including interim periods within that reporting period. The Company is currently evaluating the effects of ASU 2014-09 on the financial statements.

In June 2014, the FASB issued ASU 2014-11, *Transfers and Servicing*. The amendments in this ASU require that repurchase-to-maturity transactions be accounted for as secured borrowings consistent with the accounting for other repurchase agreements. In addition, the amendments require separate accounting for a transfer of a financial asset executed contemporaneously with a repurchase agreement with the same counterparty (a repurchase financing), which will result in secured borrowing accounting for the repurchase agreement. The amendments require an entity to disclose information about transfers accounted for as sales in transactions that are economically similar to repurchase agreements, in which the transferor retains substantially all of the exposure to the economic return on the transferred financial asset throughout the term of the transaction. In addition the amendments require disclosure of the types of collateral pledged in repurchase agreements, securities lending transactions, and repurchase-to-maturity transactions and the tenor of those transactions. This ASU is the final version of Proposed ASU 2013-10 *Transfers and Servicing*

(Topic 860), which has been deleted. The accounting changes in this ASU are effective for the first interim or annual period beginning after December 15, 2014. ASU 2014-11 is not expected to have a material impact on the financial statements.

In June 2014, the FASB issued ASU 2014-12, *Compensation- Stock Compensation*. The amendments in this ASU apply to reporting entities that grant their employees share-based payments in which the terms of the award

Table of Contents

provide that a performance target can be achieved after the requisite service period. This ASU is the final version of Proposed ASU EITF-13D Compensation Stock Compensation (Topic 718): Accounting for Share-Based Payments When the Terms of an Award Provide That a Performance Target Could Be Achieved after the Requisite Service Period, which has been deleted. The proposed amendments would apply to reporting entities that grant their employees share-based payments in which the terms of the award provide that a performance target could be achieved after the requisite service period. This ASU is the final version of Proposed ASU EITF-13D Compensation Stock Compensation (Topic 718): Accounting for Share-Based Payments When the Terms of an Award Provide That a Performance Target Could Be Achieved after the Requisite Service Period, which has been deleted. The amendments in this ASU are effective for annual periods and interim periods within those annual periods beginning after December 15, 2015, and early adoption is permitted. ASU 2014-12 is not expected to have a material impact on the financial statements.

Note 4 Related Party Transactions:**Due from Related Party**

The Company had a loan outstanding to its largest stockholder. The balance as of December 31, 2013 was \$410,130. During the six months ended June 30, 2014, the Company advanced monies totaling \$46,433 to this individual. The receivable bore interest at 2.64% with no definite repayment terms. During the six months ended June 30, 2014, the loan balance of \$456,563 was eliminated as the Company treated the loan balance as part of a stockholder distribution.

Stockholder distributions for the six months ending June 30, 2014 totaled \$502,370.

Storage Lease

The Company presently leases a storage facility on a month to month basis from a company owned by an employee of the Company. The lease was terminated on June 30, 2014. Monthly rental payments are \$600. Rent expense totaled \$1,800 and \$3,600 for the three and six months ended June 30, 2014, respectively. Rent expense totaled \$1,800 and \$3,600 for the three and six months ended June 30, 2013, respectively.

Note 5 Letter of Credit and Restricted Cash:

The Company has secured a standby letter of credit for the benefit of RFR/SF17 State Street L.P. for the required security deposit on their office facility in New York.

The Bank letter of credit is in the amount of \$110,422. The letter of credit expires on July 1, 2015 and contains renewal periods of one year.

The fair value of this letter of credit approximates their contract values. The letter of credit was collateralized by \$110,589 and \$110,499 of cash at June 30, 2014 and December 31, 2013, respectively, which was reported as restricted on the condensed balance sheets.

Note 6 Due to Factor:

On August 6, 2013, the Company signed a one year agreement with a financial services company for the purchase and sale of accounts receivables with a recourse basis. The financial services company commenced funding during August 2013. The financial services company advances up to 90% of qualified customer invoices, less applicable discount fees, and holds the remaining 10% as a reserve until the customer pays the financial services company. The released

reserves are returned to the Company. The Company is charged 0.7% for the first 30 days outstanding plus prime plus 1.75% daily for funds outstanding over 30 days. Uncollectable customer invoices are charged back to the Company after 90 days. At June 30, 2014, the advances from the factor, inclusive of fees, amounted to \$944,657 which was offset against due from factor of \$141,017. At December 31, 2013, the advances from the factor, inclusive of fees, amounted to \$977,160 which was offset against due from factor of \$106,865. Advances from the factor are collateralized by substantially all assets of the Company.

Table of Contents**Note 7 Promissory Notes**

On May 27, 2014, the Company sold a \$20,000 promissory note maturing in August 2014. The note bore interest at 1% per month with interest payable monthly. The note subsequently converted into equity.

During May and June of 2014, the Company induced certain noteholders to convert their promissory notes into common shares by offering conversion prices at a \$.25 discount. In total, \$345,000 of promissory notes were converted into 230,001 shares of common stock. In connection with the note conversions, the Company recorded a loss on debt extinguishment of \$57,502 in the accompanying condensed statement of operations.

On June 30, 2014, the Company repaid the remaining \$255,000 of outstanding notes payable that had not converted into equity.

Note 8 Stockholder s Equity*Issuance of Common Stock*

During June 2014, the Company issued 109,144 shares of common stock to investors in private placements at \$1.75 per share for total proceeds of \$191,000.

Note 9 Commitments and Contingencies*Operating Leases*

The Company is obligated under various operating lease agreements for office facilities in California, Florida, New York and Ohio. In addition, the Company leases office facilities on a month-to-month basis in Minnesota and Colorado.
