Senior Debt Securities (unsubordinated indebtedness)

Subordinated Debt Securities (subordinated indebtedness)

Common Shares

Canadian Imperial Bank of Commerce (CIBC) may from time to time offer and issue the following securities: (i) unsecured unsubordinated debt securities (the Senior Debt Securities) that would constitute deposit liabilities of CIBC for purposes of the *Bank Act* (Canada) (the Bank Act); (ii) unsecured subordinated debt securities that would constitute subordinated indebtedness of CIBC for purposes of the Bank Act (the Subordinated Debt Securities and, together with the Senior Debt Securities, the Debt Securities); and (iii) common shares (the Common Shares and, together with the Debt Securities, the Securities).

CIBC is permitted, under a multi-jurisdictional disclosure system adopted by the United States and Canada, to prepare this Prospectus in accordance with the disclosure requirements of Canada. Prospective investors should be aware that such requirements are different from those of the United States. The financial statements included or incorporated herein have been prepared in accordance with accounting principles generally accepted in Canada, and are subject to Canadian auditing and auditor independence standards, and thus are not comparable to financial statements of United States companies. CIBC maintains its financial books and records, and prepares its consolidated financial statements, in accordance with International Financial Reporting Standards (IFRS) as issued by the International Accounting Standards Board.

Prospective investors should be aware that the acquisition of the Securities described herein may have tax consequences both in the United States and in Canada. The tax consequences for investors who are resident in, or citizens of, Canada or the United States may vary depending on their particular situation and the description of such consequences herein or in any applicable Prospectus Supplement may not address all of the

consequences that are applicable to those particular situations.

The enforcement by investors of civil liabilities under the United States federal securities laws may be affected adversely by the fact that CIBC is a Canadian bank, that many of its officers and directors, and some of the experts named in this Prospectus, may be residents of Canada and that all or a substantial portion of the assets of CIBC and such persons may be located outside the United States.

THESE SECURITIES HAVE NOT BEEN APPROVED OR DISAPPROVED BY THE U.S. SECURITIES AND EXCHANGE COMMISSION (THE SEC) OR ANY STATE SECURITIES REGULATORS NOR HAS THE SEC OR ANY STATE SECURITIES REGULATORS PASSED UPON THE ACCURACY OF THIS PROSPECTUS. ANY REPRESENTATION TO THE CONTRARY IS A CRIMINAL OFFENSE.

Table of Contents

The Securities offered hereby may be offered separately or together, in amounts, at prices and on terms to be set forth in an accompanying shelf prospectus supplement (a Prospectus Supplement). All shelf information and information as to a particular offering that is not included in this short form base shelf prospectus (the Prospectus) will be contained in one or more Prospectus Supplements that will be delivered to purchasers together with this Prospectus. CIBC may sell up to US\$10,000,000,000 in aggregate initial offering price of Securities (or the U.S. dollar equivalent thereof at the time of issuance, if any, of the Securities are denominated in a currency or currency unit other than U.S. dollars) during the 25 month period that this Prospectus, including any amendments hereto, remains valid. The specific terms of the Securities in respect of which this Prospectus is being delivered will be set forth in the applicable Prospectus Supplement and may include, where applicable: (i) in the case of Debt Securities, the specific designation, aggregate principal amount, the currency or the currency unit for which the Debt Securities may be purchased, maturity, interest provisions, authorized denominations, offering price, any terms for redemption at the option of CIBC or the holder, any exchange or conversion terms and any other specific terms and (ii) in the case of Common Shares, the currency or currency unit for which the Common Shares may be purchased, the number of Common Shares and the offering price.

The Superintendent of Financial Institutions (the Superintendent) establishes capital adequacy requirements for issuances of regulatory capital by banks. These requirements include that all regulatory capital must be able to absorb losses in a failed financial institution. Effective January 1, 2013, in accordance with capital adequacy requirements adopted by the Superintendent, non-common capital instruments issued after January 1, 2013, including subordinated debt securities, must include terms providing for the full and permanent conversion of such securities into Common Shares upon the occurrence of certain trigger events relating to financial viability (the Non-Viability Contingent Capital Provisions) in order to qualify as regulatory capital. The particular terms and provisions of any Subordinated Debt Securities, including any Non-Viability Contingent Capital Provisions for any such Subordinated Debt Securities that CIBC issues under this Prospectus will be described in one or more Prospectus Supplements relating to such Debt Securities.

The Securities offered hereby have not been qualified for sale under the securities laws of any province or territory of Canada (other than the Province of Ontario) and, unless otherwise provided in the Prospectus Supplement relating to a particular issue of Securities, will not be offered or sold, directly or indirectly, in Canada or to any resident of Canada (except in the Province of Ontario).

The Securities may be sold through underwriters or dealers purchasing as principals, through agents designated by CIBC (such underwriters, dealers and agents are collectively referred to in this Prospectus as Investment Dealers and individually as an Investment Dealer) or by CIBC directly pursuant to applicable statutory exemptions, from time to time. See Plan of Distribution . Each Prospectus Supplement will identify each Investment Dealer engaged in connection with the offering and sale of those Securities, and will also set forth the terms of the offering of such Securities including the net proceeds to CIBC and, to the extent applicable, any fees payable to the Investment Dealers. The offerings are subject to approval of certain legal matters on behalf of CIBC.

References to \$ and Cdn\$ and dollars are to Canadian dollars and references to US\$ are to U.S. dollars.

There is currently no market through which the Debt Securities offered hereunder may be sold and purchasers may not be able to resell such Debt Securities purchased under this Prospectus. This may affect the pricing of such Debt Securities in the secondary market, the transparency and availability of trading prices, the liquidity of such Debt Securities, and the extent of issuer regulation. See the Plan of Distribution and Risk Factors sections of this Prospectus and the applicable Prospectus Supplement. The outstanding Common Shares of CIBC are listed on the Toronto Stock Exchange (the TSX) and the New York Stock Exchange (the NYSE).

Table of Contents

The Senior Debt Securities will be direct unsecured unsubordinated obligations that rank equally and rateably with all of CIBC's other unsecured and unsubordinated debt, including deposit liabilities, other than certain governmental claims in accordance with applicable law. The Subordinated Debt Securities will be direct unsecured obligations of CIBC constituting subordinated indebtedness for the purposes of the Bank Act ranking equally and rateably with all of CIBC's other subordinated indebtedness from time to time outstanding.

The Debt Securities will not constitute deposits that are insured under the *Canada Deposit Insurance Corporation Act (Canada)* or by the United States Federal Deposit Insurance Corporation or any other Canadian or U.S. government agency or instrumentality.

Table of Contents**Forward-Looking Statements**

This Prospectus, including the documents that are incorporated by reference in this Prospectus, contains forward-looking statements within the meaning of certain securities laws. All such statements are made pursuant to the safe harbour provisions of, and are intended to be considered forward-looking statements under, applicable Canadian and U.S. securities legislation, including the U.S. Private Securities Litigation Reform Act of 1995. These statements include, but are not limited to, statements about the operations, business lines, financial condition, risk management, priorities, targets, ongoing objectives, strategies and outlook of CIBC for calendar year 2015 and subsequent fiscal periods. Forward-looking statements are typically identified by the words believe, expect, anticipate, intend, estimate, forecast, target, objective and other similar expressions or future or conditional verbs such as should, would and could. By their nature, these statements require CIBC to make assumptions and are subject to inherent risks and uncertainties that may be general or specific. A variety of factors, many of which are beyond CIBC's control, affect the operations, performance and results of CIBC, and could cause actual results to differ materially from the expectations expressed in any of CIBC's forward-looking statements. These factors include: credit, market, liquidity, strategic, insurance, operational, reputation and legal, regulatory and environmental risk; the effectiveness and adequacy of CIBC's risk management and valuation models and processes; legislative or regulatory developments in the jurisdictions where CIBC operates, including the Dodd-Frank Wall Street Reform and Consumer Protection Act and the regulations issued and to be issued thereunder, the U.S. Foreign Account Tax Compliance Act and regulatory reforms in the United Kingdom and Europe, the Basel Committee on Banking Supervision's global standards for capital and liquidity reform and those relating to the payments system in Canada; amendments to, and interpretations of, risk-based capital guidelines and reporting instructions, and interest rate and liquidity regulatory guidance; the resolution of legal and regulatory proceedings and related matters; the effect of changes to accounting standards, rules and interpretations; changes in CIBC's estimates of reserves and allowances; changes in tax laws; changes to CIBC's credit ratings; political conditions and developments; the possible effect on CIBC's business of international conflicts and the war on terror; natural disasters, public health emergencies, disruptions to public infrastructure and other catastrophic events; reliance on third parties to provide components of CIBC's business infrastructure; potential disruptions to CIBC's information technology systems and services, including the evolving risk of cyber attack; social media risk; losses incurred as a result of internal or external fraud; the accuracy and completeness of information provided to CIBC concerning clients and counterparties; the failure of third parties to comply with their obligations to CIBC and its affiliates or associates; intensifying competition from established competitors and new entrants in the financial services industry including through internet and mobile banking; technological change; global capital market activity; changes in monetary and economic policy; currency value and interest rate fluctuations; general business and economic conditions worldwide, as well as in Canada, the U.S. and other countries where CIBC has operations, including increasing Canadian household debt levels and the high U.S. fiscal deficit; CIBC's success in developing and introducing new products and services, expanding existing distribution channels, developing new distribution channels and realizing increased revenue from these channels; changes in client spending and saving habits; CIBC's ability to attract and retain key employees and executives; CIBC's ability to successfully execute its strategies and complete and integrate acquisitions and joint ventures; and CIBC's ability to anticipate and manage the risks associated with these factors.

This list is not exhaustive of the factors that may affect any of CIBC's forward-looking statements. Additional information about these factors can be found in the Management of risk section of CIBC's 2014 Annual Report (as defined herein). These and other factors should be considered carefully and readers should not place undue reliance on CIBC's forward-looking statements. CIBC does not undertake to update any forward-looking statement that is contained in this Prospectus or the documents incorporated by reference in this Prospectus except as required by law.

Available Information

In addition to the continuous disclosure obligations under the securities laws of the provinces and territories of Canada, CIBC is subject to the informational reporting requirements of the U.S. Securities Exchange Act of 1934, as amended (the Exchange Act), and in accordance therewith files reports and other information with the SEC. Under a multi-jurisdictional disclosure system adopted by the United States and Canada, such reports and other information may be prepared in accordance with the disclosure requirements of the provincial and territorial securities regulatory authorities of Canada, which requirements are different from those of the United States. As a foreign private issuer, CIBC is exempt from the rules under the Exchange Act prescribing the furnishing and content of proxy statements, and CIBC's officers and directors are exempt from the reporting and short swing profit recovery provisions contained in Section 16 of the Exchange Act. CIBC's reports and other information filed with or furnished to the SEC are available, and reports and other information filed or furnished in the future with or to the SEC will be available, from the SEC's EDGAR System (<http://www.sec.gov>) as well as from commercial document retrieval services. Any document CIBC files with or furnishes to the SEC may be inspected and, by paying a fee, copied at the public reference facilities maintained by the SEC at 100 F Street, N.E., Washington, D.C. 20549. Prospective investors may call the SEC at 1-800-SEC-0330 for further information regarding the public reference facilities. CIBC's Common Shares are listed on the New York Stock Exchange and reports and other information concerning CIBC may be inspected at the offices of the New York Stock Exchange, 20 Broad Street, New York, New York 10005.

CIBC has filed with the SEC, under the U.S. Securities Act of 1933, as amended, a registration statement on Form F-10 (the Registration Statement) with respect to the Securities. This Prospectus forms a part of that Registration Statement. This Prospectus does not contain all of the information that is set forth in the Registration Statement, certain parts of which are omitted in accordance with the rules and regulations of the SEC. Statements made in this Prospectus as to the contents of any contract, agreement or other document referred to are not necessarily complete, and in each instance, reference is made to an exhibit to the Registration Statement, if applicable, for a more complete description of the matter, each such statement being qualified in its entirety by such reference. For further information with respect to CIBC and the Securities, reference is made to the Registration Statement and the exhibits thereto, which will be publicly available as described in the preceding paragraph.

Documents Incorporated by Reference

The following documents, filed with the various securities commissions or similar authorities in Canada, are incorporated by reference into this Prospectus:

- (i) CIBC's Annual Information Form dated December 3, 2014 (CIBC's 2014 AIF), which incorporates by reference portions of CIBC's Annual Report for the year ended October 31, 2014 (CIBC's 2014 Annual Report);
- (ii) CIBC's comparative audited consolidated financial statements for the year ended October 31, 2014, together with the auditors' report thereon (CIBC's 2014 Financial Statements);
- (iii) CIBC's Management's Discussion and Analysis of results of operations for the year ended October 31, 2014 (CIBC's 2014 MD&A) contained in CIBC's 2014 Annual Report;
- (iv) CIBC's Management Information Circular dated February 27, 2014 regarding CIBC's annual meeting of shareholders held on April 24, 2014; and
- (v) the indenture dated as of September 14, 2010 (the Indenture), between CIBC and The Bank of New York Mellon, as trustee (the Trustee).

All documents required to be incorporated by reference in this Prospectus and any news releases filed by CIBC with the various securities commissions or similar authorities in Canada on or after the date of this Prospectus and during the term of this Prospectus shall be deemed to be incorporated by reference into this Prospectus. In addition, any documents filed on Form 40-F or furnished on Form 6-K (if and to the extent expressly provided therein) by CIBC with the SEC, after the date of this Prospectus and prior to the completion or withdrawal of any offering hereunder, shall be deemed to be incorporated by reference in this Prospectus and the Registration Statement of which this Prospectus forms a part. In addition, if and to the extent indicated therein, we may incorporate by reference in this prospectus documents that we file with or furnish to the SEC pursuant to Section 13(a) or 15(d) of the Exchange Act.

A Prospectus Supplement containing the specific terms in respect of any Securities will be delivered, together with this Prospectus, to purchasers of such Securities and will be deemed to be incorporated into this Prospectus as of the date of such Prospectus Supplement, but only for the purpose of the distribution of the Securities to which such Prospectus Supplement pertains.

Any statement contained in a document incorporated or deemed to be incorporated by reference herein shall be deemed to be modified or superseded, for purposes of this Prospectus, to the extent that a statement contained herein or in any other subsequently filed document that also is or is deemed to be incorporated by reference herein modifies or supersedes such statement. The modifying or superseding statement need not state that it has modified or superseded a prior statement or include any other information set forth in the document that it modifies or supersedes. The making of a modifying or superseding statement shall not be deemed an admission for any purposes that the modified or superseded statement, when made, constituted a misrepresentation, an untrue statement of a material fact or an omission to state a material fact that is required

to be stated or that is necessary to make a statement not misleading in light of the circumstances in which it was made. Any statement so modified or superseded shall not be deemed, except as so modified or superseded, to constitute a part of this Prospectus.

When a new annual information form, annual financial statements, related management's discussion and analysis and information circular are filed by CIBC and, where required, accepted by the applicable securities regulatory authorities, during the term of this Prospectus, the previous annual information form, the previous annual financial statements and related management's discussion and analysis, all interim financial statements and related management's discussion and analysis, material change reports and information circulars filed by CIBC prior to the commencement of CIBC's financial year in which the new annual information form is filed shall be deemed no longer to be incorporated by reference into this Prospectus for purposes of future offers and sales of Securities hereunder.

Table of Contents

Upon such new filings of interim financial statements and related management's discussion and analysis during the term of this Prospectus, the previous interim financial statements and related management's discussion and analysis shall be deemed no longer to be incorporated by reference into this Prospectus for purposes of future offers and sale of Securities hereunder.

Presentation of Financial Information

CIBC maintains its financial books and records, and prepares its consolidated financial statements, in accordance with IFRS as issued by the International Accounting Standards Board. Pursuant to SEC rules, CIBC is permitted to present its financial statements prepared in accordance with IFRS without a reconciliation to U.S. GAAP.

Additionally, CIBC publishes its consolidated financial statements in Canadian dollars. In this Prospectus and any Prospectus Supplement, currency amounts are stated in Canadian dollars, unless specified otherwise.

Canadian Imperial Bank of Commerce

CIBC is a diversified financial institution governed by the Bank Act. CIBC's registered and head office is located in Commerce Court, Toronto, Canada, M5L 1A2. CIBC was formed through the amalgamation of The Canadian Bank of Commerce (originally incorporated in 1858) and Imperial Bank of Canada (originally incorporated in 1875).

Additional information with respect to CIBC's businesses is included in the documents incorporated by reference into this Prospectus, including CIBC's 2014 AIF and CIBC's 2014 MD&A. See Documents Incorporated by Reference in this Prospectus.

Prior Sales and Trading Price and Volume

Prior sales will be provided as required in a Prospectus Supplement with respect to the issuance of Securities pursuant to such Prospectus Supplement.

Trading prices and volume of CIBC's Common Shares and preference shares will be provided for all of CIBC's issued and outstanding Common Shares and preference shares in each Prospectus Supplement to this Prospectus relating to the offering of Common Shares and Subordinated Debt Securities.

Description of Debt Securities

The following describes the material terms of the Debt Securities. The Senior Debt Securities will be issued under the Indenture which is incorporated by reference as an exhibit to the Registration Statement of which this Prospectus forms a part. The Subordinated Debt Securities will be issued under an indenture (the subordinated indenture), between CIBC and a trustee, the form of which is incorporated by reference as an exhibit to the Registration Statement of which this Prospectus forms a part. The Indenture and the subordinated indenture are sometimes referred to in this Prospectus collectively as the indentures and each individually as an indenture. The specific terms applicable to a particular issuance of Debt Securities and any variations from the terms set forth below will be set forth in the applicable Prospectus Supplement.

The following is a summary of the material terms and provisions of the indentures and the Debt Securities. You should refer to the Indenture and the form of the subordinated indenture and the Debt Securities for complete information regarding the terms and provisions of the indentures and the Debt Securities. The indentures are subject to and governed by the U.S. Trust Indenture Act of 1939, as amended, and applicable Canadian trust indenture legislation. The indentures are substantially identical, except for the events of default, which are more limited in the subordinated indenture, and the provisions relating to subordination.

Ranking

Neither the Senior Debt Securities nor the Subordinated Debt Securities will be secured by any of our property or assets or the property or assets of our subsidiaries. Thus, by owning a Debt Security, you are one of our unsecured creditors.

The Senior Debt Securities will be unsubordinated obligations that rank equally with all of our other unsecured and unsubordinated debt, including deposit liabilities, other than certain governmental claims in accordance with applicable law. The Subordinated Debt Securities will be subordinate in right of payment to all of our senior indebtedness, as defined in the subordinated indenture. If a NVCC Automatic Conversion (as defined herein) occurs, the rights, terms and conditions of the Subordinated Debt Securities, including with respect to priority and subordination, will no longer be relevant as all the Subordinated Debt Securities will have been converted into Common Shares which will rank on parity with all other outstanding Common Shares.

In the event we become insolvent, our governing legislation provides that priorities among payments of our deposit liabilities (including payments in respect of the Senior Debt Securities) and, for so long as a trigger event has not occurred as contemplated under the specific Non-Viability Contingent Capital Provisions, payments of all of our other liabilities (including payments in respect of the Subordinated Debt Securities issued hereunder) are to be determined in accordance with the laws governing priorities and, where applicable, by the terms of the indebtedness and liabilities. In addition, our right to participate in any distribution of the assets of our banking or non-banking subsidiaries, upon a subsidiary's dissolution, winding-up, liquidation or reorganization or otherwise, and thus your ability to benefit indirectly from such distribution, is subject to the prior claims of creditors of that subsidiary, except to the extent that we may be a creditor of that subsidiary and our claims are recognized. There are legal limitations on the extent to which some of our subsidiaries may extend credit, pay dividends or otherwise supply funds to, or engage in transactions with, us or some of our other subsidiaries. Accordingly, the Debt Securities will be structurally subordinated to all existing and future liabilities of our subsidiaries, and holders of Debt Securities should look only to our assets for payments on the Debt Securities.

Table of Contents

Neither the Senior Debt Securities nor the Subordinated Debt Securities will constitute deposits insured under the *Canada Deposit Insurance Corporation Act* (Canada) or by the United States Federal Deposit Insurance Corporation or any other Canadian or United States governmental agency or instrumentality.

When we refer to Debt Securities or Debt Security in this section, we mean both the Senior Debt Securities and the Subordinated Debt Securities.

General

We may issue as many distinct series of Debt Securities under either indenture as we wish. The provisions of the Indenture and the subordinated indenture allow us not only to issue Debt Securities with terms different from those previously issued under the applicable indenture, but also to re-open a previous issue of a series of Debt Securities and issue additional Debt Securities of that series. We may issue Debt Securities in amounts that exceed the total amount specified on the cover of your applicable Prospectus Supplement at any time without your consent and without notifying you. In addition, we may issue additional Debt Securities of any series at any time without your consent and without notifying you. Subject to regulatory capital requirements applicable to CIBC, there is no limit on the amount of Senior Debt Securities or Subordinated Debt Securities that CIBC may issue. We may also issue other securities at any time without your consent and without notifying you. The indentures do not limit our ability to incur other indebtedness or to issue other securities, and we are not subject to financial or similar restrictions under the indentures.

This section summarizes the material terms of the Debt Securities that are common to all series, subject to any modifications contained in an applicable Prospectus Supplement. Most of the specific terms of your series will be described in the applicable Prospectus Supplements accompanying this Prospectus. The specific terms of your Debt Security as described in the applicable Prospectus Supplements will supplement and, if applicable, may modify or replace the general terms described in this section. If there are any differences between the information in the applicable Prospectus Supplements and this Prospectus, the information in the most recent applicable Prospectus Supplement will control. Accordingly, the statements we make in this section may not apply to your Debt Securities. Because this section is a summary, it does not describe every aspect of the Debt Securities. This summary is subject to and qualified in its entirety by reference to all the provisions of the indentures and the applicable series of Debt Securities, including definitions of certain terms used in the indentures and the applicable series of Debt Securities. In this summary, we describe the meaning of only some of the more important terms. You must look to the indentures or the applicable series of Debt Securities for the most complete description of what we describe in summary form in this Prospectus.

We may issue the Debt Securities as original issue discount securities, which will be offered and sold at a substantial discount below their stated principal amount. An applicable Prospectus Supplement relating to the original issue discount securities will describe U.S. federal and other relevant income tax considerations and other special considerations applicable to them. The Debt Securities may also be denominated in foreign currencies or currency units, as described in more detail in an applicable Prospectus Supplement relating to any of the particular Debt Securities. An applicable Prospectus Supplement relating to specific Debt Securities will also describe any special considerations and any material U.S. and Canadian tax considerations applicable to such Debt Securities, including whether and under what circumstances we will pay additional amounts on or for any tax, assessment or governmental charge withheld or deducted and, if so, whether we will have the option to redeem the Debt Securities rather than pay the additional amounts.

When we refer to a series of Debt Securities, we mean a series issued under the indenture pursuant to which the Debt Securities will be issued. Each series of Debt Securities is a single distinct series under the indenture pursuant to

which they will be issued and we may issue Debt Securities of each series in such amounts, at such times and on such terms as we wish. The Debt Securities of each series may differ from one another, and from any other series, in their terms, but all Debt Securities of a series together will constitute a single series for all purposes under the indenture pursuant to which they will be issued.

Table of Contents

We may issue Debt Securities up to an aggregate principal amount as we may authorize from time to time. The applicable Prospectus Supplements will describe the terms of any series of Debt Securities being offered, including:

the title of the series of Debt Securities;

any limit on the aggregate principal amount of the series of Debt Securities;

the person to whom interest on a Debt Security is payable, if other than the holder on the regular record date;

the date or dates on which the series of Debt Securities will mature;

the rate or rates (which may be fixed or variable) per annum, at which the series of Debt Securities will bear interest, if any, and the date or dates from which that interest, if any, will accrue;

the dates on which such interest, if any, will be payable and the regular record dates for such interest payment dates;

the place or places where the principal of, premium, if any, and interest on the Debt Securities is payable;

any mandatory or optional sinking funds or similar provisions;

if applicable, the date after which, the price at which, the periods within which and the terms and conditions upon which the Debt Securities may, pursuant to any optional or mandatory redemption provisions, be redeemed and other detailed terms and provisions of those optional or mandatory redemption provisions or provisions for redemption at our option or the option of the holder, if any;

if applicable, the terms and conditions upon which the Debt Securities may be repayable prior to final maturity at the option of the holder thereof (which option may be conditional);

the portion of the principal amount of the Debt Securities, if other than the entire principal amount thereof, payable upon acceleration of maturity thereof;

if other than denominations of US\$2,000 and integral multiples of US\$1,000 in excess thereof, the denominations in which the series of Debt Securities will be issuable;

the currency of payment of principal, premium, if any, and interest on the series of Debt Securities;

Market-Making Transactions

One or more of our subsidiaries may purchase and resell Debt Securities in market-making transactions after their initial issuance. We may also, subject to applicable law and any required regulatory approval, purchase Debt Securities in the open market or in private transactions to be held by us or cancelled.

Covenants

Except as otherwise provided in an applicable Prospectus Supplement with respect to any series of Debt Securities, we are not restricted by the indentures from incurring, assuming or becoming liable for any type of debt or other obligations, from paying dividends or making distributions on our capital stock or purchasing or redeeming our capital stock. The indentures do not require the maintenance of any financial ratios or specified levels of net worth or liquidity, nor do they contain any covenants or other provisions that would limit our or our subsidiaries' right to incur additional indebtedness, enter into any sale and leaseback transaction or grant liens on our or our subsidiaries' assets. The indentures do not contain any provisions that would require us to repurchase or redeem or otherwise modify the terms of any of the Debt Securities upon a change in control or other events that may adversely affect the creditworthiness of the Debt Securities, for example, a highly leveraged transaction, except as otherwise specified in this Prospectus or any applicable Prospectus Supplement.

Mergers and Similar Events

Each of the indentures provide that we are permitted to merge, amalgamate, consolidate or otherwise combine with another entity or to sell or lease substantially all of our assets to another entity, as long as the following conditions are met:

When we merge, amalgamate, consolidate or otherwise are combined with another entity, or sell or lease substantially all of our assets, the surviving, resulting or acquiring entity is a duly organized entity and is legally responsible for and assumes, either by agreement, operation of law or otherwise, our obligations under such indenture and the Debt Securities issued thereunder.

The merger, amalgamation, consolidation, other combination, or sale or lease of assets, must not result in an event of default under such indenture. A default for this purpose would include any event that would be an event of default if the requirements for giving us default notice or our default having to exist for a specified period of time were disregarded.

If the conditions described above are satisfied, we will not need to obtain the consent of the holders of the Debt Securities in order to merge, amalgamate, consolidate or otherwise combine with another entity or to sell or lease substantially all of our assets.

We will not need to satisfy the conditions described above if we enter into other types of transactions, including:

any transaction in which we acquire the stock or assets of another entity but in which we do not merge, amalgamate, consolidate or otherwise combine;

Table of Contents

any transaction that involves a change of control but in which we do not merge, amalgamate, consolidate or otherwise combine; and

any transaction in which we sell less than substantially all of our assets.

It is possible that this type of transaction may result in a reduction in our credit rating, may reduce our operating results or may impair our financial condition. Holders of Debt Securities, however, will have no approval right with respect to any transaction of this type.

Modification and Waiver of the Debt Securities

There are four types of changes we can make to the indenture and the Debt Securities issued under that indenture.

Changes Requiring Consent of Each Holder. First, there are changes that cannot be made to the indenture or the Debt Securities without the consent of each holder of a series of Debt Securities affected by the change under a particular indenture. Following is a list of those types of changes:

change the stated maturity of the principal or reduce the interest on a Debt Security;

reduce any amounts due on a Debt Security;

reduce the amount of principal payable upon acceleration of the maturity of a Debt Security (including the amount payable on an original issue discount security) following a default;

change the currency of payment on a Debt Security;

change the place of payment for a Debt Security;

impair a holder's right to sue for payment;

impair a holder's right to require repurchase on the original terms of those Debt Securities that provide a right of repurchase;

reduce the percentage of holders of Debt Securities whose consent is needed to modify or amend the indenture;

reduce the percentage of holders of Debt Securities whose consent is needed to waive compliance with certain provisions of the indenture or to waive certain defaults; or

modify any other aspect of the provisions dealing with modification and waiver of the indenture.

Changes Requiring a Majority Consent. The second type of change to the indenture and the Debt Securities is the kind that requires the consent of holders of Debt Securities owning not less than a majority of the principal amount of the particular series affected. Most changes fall into this category, except for clarifying changes and certain other changes that would not adversely affect in any material respect holders of the Debt Securities. We may also obtain a waiver of a past default from the holders of Debt Securities owning a majority of the principal amount of the particular series affected. However, we cannot obtain a waiver of a payment default or any other aspect of the indenture or the Debt Securities described above under *Changes Requiring Consent of Each Holder* unless we obtain the individual consent of each holder of Debt Securities of the affected series to the waiver.

Changes Not Requiring Consent. The third type of change to the indenture and the Debt Securities does not require the consent by holders of Debt Securities. This type is limited to the issuance of new series of Debt Securities under the indenture, clarifications and certain other changes that would not adversely affect in any material respect the interests of the holders of the Debt Securities of any series.

Modification of Subordination Provisions. The fourth type of change to the indenture and the Debt Securities is the kind that requires the consent of the holders of a majority of the principal amount of all affected series of Subordinated Debt Securities, voting together as one class. We may not modify the subordination

Table of Contents

provisions of the subordinated indenture in a manner that would adversely affect in any material respect the outstanding Subordinated Debt Securities of any one or more series without the consent of the holders of a majority of the principal amount of all affected series of Subordinated Debt Securities, voting together as one class.

Further Details Concerning Voting. When seeking consent, we will use the following rules to decide the principal amount to attribute to a Debt Security:

For original issue discount securities, we will use the principal amount that would be due and payable on the voting date if the maturity of the Debt Securities were accelerated to that date because of a default.

For Debt Securities whose principal amount is not known, we will use a special rule for that Debt Security described in the applicable Prospectus Supplement.

For Debt Securities denominated in one or more non-U.S. currencies or currency units, we will use the U.S. dollar equivalent.

Debt Securities will not be considered outstanding, and therefore not eligible to vote or take other action under the applicable indenture, if we have given a notice of redemption and deposited or set aside in trust for the holders money for the payment or redemption of those Debt Securities. Debt Securities will also not be considered outstanding, and therefore not eligible to vote or take other action under the applicable indenture, if they have been fully defeased as described below under **Defeasance** **Full Defeasance** or if we or one of our affiliates is the beneficial owner of the Debt Securities.

We will generally be entitled to set any day as a record date for the purpose of determining the holders of outstanding Debt Securities that are entitled to vote or take other action under the applicable indenture. In certain limited circumstances, the Trustee or the trustee under the subordinated indenture, as applicable, will be entitled to set a record date for action by holders. If the Trustee or the trustee under the subordinated indenture, as applicable, or we set a record date for a vote or other action to be taken by holders of a particular series, that vote or action may be taken only by persons who are holders of outstanding Debt Securities of that series on the record date. We or the relevant trustee as applicable, may shorten or lengthen this period from time to time. This period, however, may not extend beyond the 180th day after the record date for the action.

Book-entry and other indirect holders should consult their banks, brokers or other financial institutions for information on how approval may be granted or denied if we seek to change the indenture or the Debt Securities or request a waiver.

Special Provisions Related to the Subordinated Debt Securities

The Subordinated Debt Securities will be our direct unsecured obligations constituting subordinated indebtedness for the purpose of the Bank Act and will therefore rank subordinate to our deposits. Holders of Subordinated Debt Securities should recognize that contractual provisions in the subordinated indenture may prohibit us from making payments on these Debt Securities.

If we become insolvent or are wound-up, for so long as a trigger event has not occurred as contemplated under the specific Non-Viability Contingent Capital Provisions, the Subordinated Debt Securities issued and outstanding under the subordinated indenture will rank equally with, but not prior to, all other subordinated indebtedness and subordinate in right of payment to the prior payment in full of all other indebtedness of CIBC then outstanding, other than liabilities which, by their terms, rank in right of payment equally with or subordinate to the subordinated indebtedness, and in accordance with the terms of such liabilities or such other indebtedness under certain circumstances.

Table of Contents

For these purposes, indebtedness at any time means:

1. the deposit liabilities of CIBC at such time; and
2. all other liabilities and obligations of CIBC to third parties (other than fines or penalties that, pursuant to the Bank Act, are a last charge on the assets of CIBC in the case of insolvency of CIBC and obligations to shareholders of CIBC, as such) which would entitle such third parties to participate in a distribution of CIBC's assets in the event of the insolvency or winding-up of CIBC.

Subordinated indebtedness at any time means:

1. the liability of CIBC in respect of the principal of and premium, if any, and interest on its outstanding subordinated indebtedness outlined above;
2. for so long as a NVCC Automatic Conversion has not occurred, any indebtedness which ranks equally with and not prior to the outstanding subordinated indebtedness, in right of payment in the event of the insolvency or winding-up of CIBC and which, pursuant to the terms of the instrument evidencing or creating the same, is expressed to be subordinate in right of payment to all indebtedness to which the outstanding subordinated indebtedness is subordinate in right of payment to at least the same extent as the outstanding subordinated indebtedness is subordinated thereto pursuant to the terms of the instrument evidencing or creating the same;
3. any indebtedness which ranks subordinate to and not equally with or prior to the outstanding subordinated indebtedness, in right of payment in the event of the insolvency or winding-up of CIBC and which, pursuant to the terms of the instrument evidencing or creating the same, is expressed to be subordinate in right of payment to all indebtedness to which the outstanding subordinated indebtedness is subordinate in right of payment to at least the same extent as the outstanding subordinated indebtedness is subordinate pursuant to the terms of the instrument evidencing or creating the same; and
4. the Subordinated Debt Securities, which for so long as a NVCC Automatic Conversion has not occurred, will rank equally to CIBC's outstanding subordinated indebtedness.

Upon the occurrence of a trigger event as contemplated under the specific Non-Viability Contingent Capital Provisions, each outstanding Subordinated Debt Security will automatically and immediately be converted, on a full and permanent basis, without the consent of the holder thereof, into a number of Common Shares that shall be based on a specified formula or other method used to determine such number of Common Shares to be issued as set out in the indenture and the applicable Prospectus Supplement relating to such Subordinated Debt Securities (a NVCC Automatic Conversion).

Defeasance

The following discussion of full defeasance and covenant defeasance will be applicable to each series of Debt Securities that is denominated in U.S. dollars and has a fixed rate of interest and will apply to other series of Debt Securities if we so specify in the applicable Prospectus Supplements.

Full Defeasance. If there is a change in U.S. federal income tax law, as described below, we can legally release ourselves from any payment or other obligations on the Debt Securities of a series, called full defeasance, if we put in place the following other arrangements for holders to be repaid:

We must deposit in trust for the benefit of all holders of the Debt Securities of that series a combination of money and notes or bonds of (i) the U.S. government or (ii) a U.S. government agency or U.S. government-sponsored entity, the obligations of which, in each case, are backed by the full faith and credit of the U.S. government, that will generate enough cash to make interest, principal and any other payments on the Debt Securities of that series on their various due dates.

Table of Contents

There must be a change in current U.S. federal income tax law or a ruling by the United States Internal Revenue Service that lets us make the above deposit without causing the holders to be taxed on the Debt Securities of that series any differently than if we did not make the deposit and just repaid the Debt Securities of that series ourselves. (Under current U.S. federal income tax law, the deposit and our legal release from the obligations pursuant to the Debt Securities would be treated as though we took back your Debt Securities and gave you your share of the cash and notes or bonds deposited in trust. In that event, you could recognize gain or loss on the Debt Securities you give back to us.)

We must deliver to the Trustee or the trustee under the subordinated indenture, as applicable, a legal opinion of our counsel confirming the tax-law change described above and that the holders of the Debt Securities of that series will not recognize income, gain or loss for U.S. federal income tax purposes as a result of such deposit, defeasance and discharge and will be subject to U.S. federal income tax on the same amounts and in the same manner and at the same times as would be the case if such deposit, defeasance and discharge had not occurred.

In the case of the Subordinated Debt Securities, the following requirement must also be met:

No event or condition may exist that, under the provisions described under Special Provisions Related to the Subordinated Debt Securities above, would prevent us from making payments of principal, premium or interest on those Subordinated Debt Securities on the date of the deposit referred to above or during the 90 days after that date.

If we ever did accomplish full defeasance, as described above, you would have to rely solely on the trust deposit for repayment on the Debt Securities. You could not look to us for repayment in the event of any shortfall.

Covenant Defeasance. Even without a change in current U.S. federal income tax law, we can make the same type of deposit as described above, and we will be released from the restrictive covenants under the Debt Securities of a series that may be described in the applicable Prospectus Supplements. This is called covenant defeasance. In that event, you would lose the protection of these covenants but would gain the protection of having money and U.S. government, U.S. government agency or U.S. government-sponsored entity notes or bonds set aside in trust to repay the Debt Securities. In order to achieve covenant defeasance, we must do the following:

Deposit in trust for the benefit of all holders of the Debt Securities of that series a combination of money and notes or bonds of (i) the U.S. government or (ii) a U.S. government agency or U.S. government-sponsored entity, the obligations of which, in each case, are backed by the full faith and credit of the U.S. government, that will generate enough cash to make interest, principal and any other payments on the Debt Securities of that series on their various due dates.

Deliver to the Trustee or the trustee under the subordinated indenture, as applicable, a legal opinion of our counsel confirming that the holders of the Debt Securities of that series will not recognize income, gain or loss for U.S. federal income tax purposes as a result of such deposit and covenant defeasance and will be subject to U.S. federal income tax on the same amounts and in the same manner and at the same times as would be the case if such deposit and covenant defeasance had not occurred.

If we accomplish covenant defeasance, certain provisions of the indentures and the Debt Securities would no longer apply:

Covenants applicable to the series of Debt Securities and described in the applicable Prospectus Supplements.

Any events of default relating to breach of those covenants.

Table of Contents

If we accomplish covenant defeasance, you can still look to us for repayment of the Debt Securities if there were a shortfall in the trust deposit. In fact, if one of the remaining events of default occurs (such as a bankruptcy) and the Debt Securities become immediately due and payable, there may be such a shortfall.

Events of Default

You will have special rights if an event of default occurs and is not cured, as described later in this subsection.

What is an Event of Default?

Under the Indenture, the term event of default means in respect of any series of Senior Debt Securities any of the following:

We do not pay the principal of or any premium on a Senior Debt Security of that series within five days of its due date.

We do not pay interest on a Senior Debt Security of that series for more than 30 days after its due date.

We file for bankruptcy or certain other events of bankruptcy, insolvency or reorganization occur.

Any other event of default described in an applicable Prospectus Supplement occurs.

Under the subordinated indenture, the term event of default in respect of any series of Subordinated Debt Securities means any of the following:

We file for bankruptcy or certain other events of bankruptcy, insolvency or reorganization occur.

Any other event of default described in an applicable Prospectus Supplement occurs.

Remedies If an Event of Default Occurs. If an event of default occurs, the Trustee or the trustee under the subordinated indenture, as applicable, will have special duties. In that situation, the Trustee or the trustee under the subordinated indenture, as applicable, will be obligated to use those of their rights and powers under the applicable indenture, and to use the same degree of care and skill in doing so, that a prudent person would use in that situation in conducting his or her own affairs. If an event of default has occurred and has not been cured, the Trustee or the trustee under the subordinated indenture, as applicable, or the holders of at least 25% in principal amount of the Debt Securities of the affected series may declare the entire principal amount of (or, in the case of original issue discount securities, the portion of the principal amount that is specified in the terms of the affected Debt Security) and interest on all of the Debt Securities of that series to be due and immediately payable. This is called a declaration of acceleration of maturity. The declaration of acceleration of maturity is not, however, an automatic right upon the occurrence of an event of default, and for such acceleration to be effective, the Trustee or the trustee under the subordinated indenture, as applicable, must take the aforementioned action or the holders must direct the Trustee or the trustee under the subordinated indenture, as applicable, to act as described in this section below. Furthermore, a declaration of

acceleration of maturity may be cancelled in certain circumstances, but only before a judgment or decree based on the acceleration has been obtained, by the holders of at least a majority in principal amount of the Debt Securities of the affected series. If you are the holder of a Subordinated Debt Security, the principal amount of the Subordinated Debt Security will not be paid and may not be required to be paid at any time prior to the relevant maturity date, except in the event of our insolvency or winding-up. If any provisions of applicable Canadian banking law prohibit the payment of any amounts due under the Debt Securities before a specified time, then the obligation to make such payment shall be subject to such prohibition.
