EARNINGS RELEASE

TEEKAY CORPORATION REPORTS

FIRST QUARTER 2015 RESULTS

Highlights

First quarter 2015 total consolidated cash flow from vessel operations⁽¹⁾ of \$320.9 million, an increase of 21 percent from the same period of the prior year.

First quarter 2015 adjusted net income attributable to shareholders⁽²⁾ of \$15.7 million, or \$0.22 per share, compared to \$3.5 million, or \$0.05 per share, in the same period of the prior year.

First quarter 2015 Teekay Parent free cash flow⁽³⁾ of \$31.5 million, or \$0.43 per share, compared to \$21.1 million, or \$0.30 per share, in the same period of the prior year.

Knarr FPSO unit achieved first oil in mid-March 2015 and commenced its charter contract at partial rate; the sale of the *Knarr* FPSO to Teekay Offshore is expected to be completed in the second quarter of 2015.

Teekay expects to implement its new dividend policy in the second quarter of 2015, with an initial increase of approximately 75 percent to \$0.55 per share, or \$2.20 per share annualized.

Consolidated liquidity of approximately \$1.2 billion as at March 31, 2015, giving pro-forma effect to Teekay Offshore's preferred unit offering completed in April 2015 and Teekay LNG's Norwegian bond offering completed in May 2015.

Hamilton, Bermuda, May 14, 2015 - Teekay Corporation (*Teekay* or *the Company*) (NYSE: TK) today reported adjusted net income attributable to shareholders⁽²⁾ of \$15.7 million, or \$0.22 per share, compared to \$3.5 million, or \$0.05 per share, for the quarters ended March 31, 2015 and 2014, respectively. Adjusted net income attributable to shareholders excludes a number of specific items that had the net effect of increasing the GAAP net loss by

\$25.5 million, or \$0.35 per share, and \$4.0 million, or \$0.06 per share, for the quarters ended March 31, 2015 and 2014, respectively, as detailed in *Appendix A* to this release. Including these items, the Company reported, on a GAAP basis, a net loss attributable to shareholders of \$9.8 million, or \$0.13 per share, compared to \$0.5 million, or \$0.01 per share, for the quarters ended March 31, 2015 and 2014, respectively. Net revenues⁽⁴⁾ for the first quarter of 2015 increased to \$520.2 million, compared to \$471.5 million for the same period of the prior year.

On April 2, 2015, the Company declared a cash dividend on its common stock of \$0.31625 per share for the quarter ended March 31, 2015. The cash dividend was paid on April 30, 2015 to all shareholders of record on April 17, 2015.

Teekay Parent's strong free cash flow in the first quarter was largely due to the expected *Banff* FPSO contract rate step-up effective January 1, 2015 and the *Knarr* FPSO achieving first oil and commencing its charter contract at partial rate with BG in mid-March 2015, which is expected to increase further with a higher contribution from the *Knarr* FPSO in the second quarter of 2015, commented Peter Evensen, Teekay Corporation's President and Chief Executive Officer. Our daughter entities also reported strong results during the quarter with Teekay Offshore and Teekay LNG both posting strong cash flows and distribution coverage and Teekay Tankers achieving the strongest cash flows in the last six years.

We have continued to make steady progress on the *Knarr* FPSO commissioning process, including successfully discharging the FPSO's first cargo to one of Teekay Offshore's shuttle tankers, and are now in the final phase towards reaching full charter rate, Mr. Evensen continued. Subject to the unit completing certain operational tests and commencement of the full charter rate, we expect to complete the sale of the *Knarr* FPSO to Teekay Offshore in the second quarter of 2015.

Mr. Evensen added, We expect to implement the new Teekay Parent dividend policy in the second quarter of 2015 with an initial quarterly dividend increase of approximately 75 percent to \$0.55 per share, or \$2.20 per share annualized, payable in July 2015, with future increases linked to the growth in the dividend cash flows we receive from our daughter entities. With a robust project pipeline of approximately \$6.7 billion of committed growth projects at Teekay Offshore and Teekay LNG and with both partnerships continuing to pursue new growth opportunities, Teekay Parent is expected to achieve strong future free cash flow and dividend growth.

Teekay Offshore Partners L.P.

Teekay Offshore is an international provider of marine transportation, oil production, storage, long-distance towing and offshore installation and maintenance and safety services to the offshore oil industry through its fleet of 63 offshore assets, including shuttle tankers, floating production, storage and offloading (*FPSO*) units, floating storage and offtake (*FSO*) units, units for maintenance and safety (*UMS*), long-distance towing and offshore installation vessels and conventional tankers. Teekay Offshore's interests in these vessels range from 50 to 100 percent. Teekay Offshore also has the right to participate in certain other FPSO and vessel opportunities pursuant to the omnibus agreement with Teekay. Teekay Parent currently owns a 27.3 percent interest in Teekay Offshore (including the 2 percent sole general partner interest).

For the first quarter of 2015, Teekay Offshore's quarterly distribution was \$0.5384 per common unit. The cash distribution to be received by Teekay Parent based on its common unit ownership and general partnership interest in Teekay Offshore totaled \$18.1 million for the first quarter of 2015, as detailed in *Appendix D* to this release.

Cash flow from vessel operations from Teekay Offshore increased to \$136.7 million in the first quarter of 2015, from \$116.1 million in the same period of the prior year, primarily due to the acquisition of three long-distance towing and offshore installation vessels during the first quarter of 2015, the delivery of the *Suksan Salamander* FSO unit in August 2014, an increase in the charter rate for the *Cidade de Rio das Ostras* FPSO unit and an overall decrease in operating expenses. These increases were partially offset by lower shuttle tanker revenues as a result of the sale of the *Navion Norvegia* in October 2014 to a 50 percent-owned Teekay Offshore joint venture company for conversion into an FPSO unit, and the sale of the 1997-built *Navion Svenita* in March 2015 to a third party.

In 2015 to-date, Teekay Offshore, through its wholly-owned subsidiary ALP Maritime Services B.V. (*ALP*), has acquired four of the six modern on-the-water long-distance towing and offshore installation vessels which ALP agreed to acquire in October 2014 for approximately \$220 million. ALP expects to take delivery of the remaining two vessels during the second quarter of 2015. Including these vessels and ALP's four state-of-the-art long-distance towing and offshore installation newbuildings scheduled to deliver in 2016, ALP will become the world's largest owner and operator of dynamic positioning towing and offshore installation vessels. All ten vessels will be capable of long-distance towing and offshore unit installation and decommissioning of large floating exploration, production and storage units, including FPSO units, floating liquefied natural gas (*FLNG*) units and floating drill rigs.

In August 2014, Teekay Offshore took delivery of its first UMS, the *Arendal Spirit*, which has now arrived in Brazil and is expected to commence its three-year fixed-rate time-charter contract, plus extension options, with Petrobras in June 2015. Teekay Offshore has the option to defer the delivery of the remaining two UMS newbuildings by up to one year. Teekay Offshore intends to secure charter contracts for these two UMS newbuildings prior to their scheduled deliveries.

In early-May 2015, Teekay Offshore was awarded a two-year shuttle tanker contract of affreightment (*CoA*) with EnQuest PLC., which will service the Alma Galia field in the North Sea. The CoA is expected to start-up in July 2015 with the requirement for up to 15 roundtrip voyages per year.

Teekay LNG Partners L.P.

Teekay LNG provides liquefied natural gas (*LNG*), liquefied petroleum gas (*LPG*) and crude oil marine transportation services, generally under long-term, fixed-rate charter contracts, through its interests in 86 liquefied gas and conventional tanker assets, including LNG carriers, LPG carriers and conventional tankers. Teekay LNG's interests in these vessels range from 20 to 100 percent. Teekay Parent currently owns a 33.5 percent interest in Teekay LNG (including the 2 percent sole general partner interest).

Edgar Filing: TEEKAY CORP - Form 6-K

For the first quarter of 2015, Teekay LNG's quarterly distribution was \$0.70 per common unit. The cash distribution to be received by Teekay Parent based on its common unit ownership and general partnership interest in Teekay LNG totaled \$26.3 million for the first quarter of 2015, as detailed in *Appendix D* to this release.

4

- more -

Teekay LNG's total cash flow from vessel operations, including cash flows from equity accounted vessels, was \$119.0 million in the first quarter of 2015, compared to \$119.6 million in the same period of the prior year. The slight decrease was primarily due to the sale of two 2000- and 2001-built conventional tankers and four older Exmar LPG BVBA (*Exmar LPG*) owned LPG carriers in 2014, a grounding incident and related disputed off-hire for the 52 percent-owned *Magellan Spirit* LNG carrier during the first quarter of 2015 and the scheduled expiration of the time-charter contract for the 52 percent-owned *Methane Spirit* LNG carrier in mid-March 2015. These decreases were partially offset by the acquisition of the *Norgas Napa* LPG carrier in late-2014, higher revenues from Exmar LPG as a result of four newbuilding deliveries in 2014 and early-2015 and fewer scheduled drydockings and unscheduled off-hire days compared to the same period of the prior year.

In February 2015, Teekay LNG entered into an agreement with Daewoo Shipbuilding & Marine Engineering Co., Ltd. of South Korea for the construction of one additional 173,400 cubic meter LNG carrier newbuilding, for a total fully built-up cost of approximately \$220 million, with options to order up to four additional vessels. This vessel, and any of these optional newbuildings, if exercised, will be constructed with M-type, Electronically Controlled, Gas Injection (*MEGI*) twin engines, which are designed to be significantly more fuel-efficient and have lower emission levels than engines currently used in LNG shipping. Teekay LNG intends to secure long-term contract employment for the ordered vessel prior to its scheduled delivery in the fourth quarter of 2018.

In January 2015, the *Magellan Spirit* LNG carrier, in which Teekay LNG has a 52 percent ownership interest through a joint venture with Marubeni Corporation (the *Teekay LNG-Marubeni Joint Venture*), was involved in a grounding incident. The vessel was subsequently refloated and returned to service with a majority of the costs of the grounding expected to be covered by insurance, less an applicable deductible. As a result of this incident, the charterer claimed 59 days of vessel off-hire during the first quarter of 2015, which in the view of the charterer, permitted the charterer to terminate the charter contract which it claimed to do effective in late-March 2015. The Teekay LNG-Marubeni Joint Venture has disputed both the charterer's aggregate off-hire claims as well as the charterer's ability to terminate the charter contract, which would have otherwise expired in September 2016. The Teekay LNG-Marubeni Joint Venture has obtained legal assistance in resolving this dispute.

In mid-March 2015, the charter contract for the *Methane Spirit* LNG carrier, which is also owned by the Teekay LNG-Marubeni Joint Venture, expired as scheduled.

The Teekay LNG-Marubeni Joint Venture has secured short-term employment, commencing in September 2015, for both the *Magellan Spirit* and the *Methane Spirit* at significantly lower charter rates and continues to seek medium-term to long-term employment.

Teekay Tankers Ltd.

Teekay Tankers is an international owner and operator of conventional crude oil and refined product tankers through its fleet of 33 conventional tankers, including direct ownership in Aframax tankers, Suezmax tankers, Long Range 2 (*LR2*) product tankers, Medium-Range (*MR*) product tankers and a 50 percent-owned Very Large Crude Carrier (*VLCC*), and 12 chartered-in conventional tankers. Of these 45 vessels, eight are employed on fixed-rate time-charters, generally ranging from one to three years in initial duration, with the remaining vessels trading in spot tanker pools. In addition, Teekay Tankers owns a minority interest of 9.3 percent in Tanker Investments Ltd. (*TIL*) (OSLO: TIL), which currently owns a fleet of 20 modern tankers, including six Suezmax tankers to be acquired in the second quarter of 2015. Based on its current ownership of Teekay Tankers Class A common stock and its ownership of 100 percent of the outstanding Class B stock, Teekay Parent currently owns a 25.5 percent economic interest in, and has voting control of, Teekay Tankers.

For the first quarter of 2015, Teekay Tankers declared a dividend of \$0.03 per share. Based on its ownership of Teekay Tankers Class A and Class B shares, the dividend received by Teekay Parent totaled \$0.9 million for the first

quarter of 2015.

Cash flow from vessel operations from Teekay Tankers increased to \$58.2 million in the first quarter of 2015, from \$34.7 million in the same period of the prior year. The increase is primarily due to stronger average spot tanker rates earned in the first quarter of 2015 compared to the same period in the prior year, an increase in fleet size due to the acquisition of four LR2 product tankers and one Aframax tanker in the first quarter of 2015, the addition of ten in-chartered vessels during 2014 and higher equity income as a result of higher earnings from TIL due to stronger average spot tanker rates and commercial and technical management fees earned through Teekay Tankers' 50 percent interest in the conventional tanker commercial management and technical management operations acquired from Teekay Parent (*Teekay Operations*) on August 1, 2014.

In the first quarter of 2015, Teekay Tankers completed the acquisition of four LR2 product tankers and one Aframax tanker for an aggregate purchase price of approximately \$230 million. Teekay Tankers took delivery of these vessels in February and March 2015. All four LR2 product tankers are currently trading in the Taurus LR2 pool and the Aframax tanker is on voyage charter until vetting inspections are completed for joining the Teekay Aframax RSA.

5

- more -

During the first quarter of 2015, Teekay Tankers secured time charter-in contracts for one additional Aframax tanker and one additional LR2 product tanker, bringing Teekay Tankers' total time chartered-in fleet to 12 vessels. The new time charter-in contracts have an average daily rate of \$21,250 and firm contract periods of 24 months, with extension options. The time charter-in contract for the Aframax commenced in April 2015 and the LR2 contract is expected to commence in the second quarter of 2015.

Teekay Parent

In addition to its equity ownership interests in Teekay Offshore, Teekay LNG and Teekay Tankers, Teekay Parent directly owns four FPSO units (including the *Petrojarl Knarr* (*Knarr*) FPSO unit, which Teekay Offshore has agreed to acquire upon commencement of its charter contract at full rate) and one VLCC vessel. As at May 1, 2015, Teekay Parent also had six chartered-in conventional tankers (including four Aframax tankers owned by Teekay Offshore), two chartered-in LNG carriers owned by Teekay LNG, and three chartered-in FSO units and two shuttle tankers owned by Teekay Offshore.

For the first quarter of 2015, Teekay Parent generated cash flow from vessel operations of \$7.0 million, compared to negative cash flow from vessel operations of \$5.3 million in the same period of the prior year. The increase in cash flow is primarily due to the *Banff* FPSO unit recommencing operations under its time-charter contract in July 2014 after being off-hire for repairs following damage from a storm event in late-2011, a contract rate step-up for the *Banff* FPSO effective January 1, 2015, the commencement of the *Knarr* FPSO units charter contract at partial rate with BG Norge Limited (*BG*) in mid-March 2015 following the achievement of first oil and higher average spot tanker rates.

In mid-March 2015, the *Knarr* FPSO unit achieved first oil and commenced its charter contract with *BG* at partial rate. In December 2014, Teekay Offshore's Board of Directors approved the acquisition of the *Knarr* FPSO from Teekay Parent, subject to the unit completing certain operational tests and commencing its charter contract at full rate, which is expected to occur during the second quarter of 2015. Teekay Offshore's purchase price for the *Knarr*, which is based on a fully built-up cost of approximately \$1.25 billion, is expected to be financed through the assumption of an existing \$780 million long-term debt facility, a combination of vendor financing from, and new Teekay Offshore common units to be issued to, Teekay Parent, and a portion of the approximately \$121 million of net proceeds from Teekay Offshore's preferred unit public offering completed in April 2015.

Fleet List

The following table summarizes Teekay's consolidated fleet of 201 vessels as at May 1, 2015, including chartered-in vessels and vessels under construction but excluding vessels managed for third parties:

	Number of Vessels ⁽¹⁾			
	Owned Vessels	Chartered- in Vessels	Newbuildings / Conversions	Total
Teekay Parent Fleet ⁽²⁾⁽³⁾				
Aframax Tankers ⁽⁴⁾		2		2
VLCC Tanker	1			1
FPSO Units	4			4
Total Teekay Parent Fleet	5	2		7
Teekay Offshore Fleet ⁽⁵⁾	52	2	9	63
Teekay LNG Fleet	56	3	27	86
Teekay Tankers Fleet ⁽⁶⁾	33	12		45
Total Teekay Consolidated Fleet	146	19	36	201

(1) Ownership interests in these vessels range from 20 percent to 100 percent.

(2) Excludes two LNG carriers chartered-in from Teekay LNG.

(3) Excludes two shuttle tankers and three FSO units chartered-in from Teekay Offshore.

(4) Excludes four Aframax tankers chartered-in from Teekay Offshore.

(5) Owned Vessels includes two long-distance towing and offshore installation vessels that Teekay Offshore agreed to acquire in October 2014, which are expected to deliver in the second quarter of 2015.

(6) Chartered-in Vessels includes one chartered-in conventional tanker that is expected to deliver in the second quarter of 2015.

Liquidity

As at March 31, 2015, the Company had consolidated liquidity of \$986.0 million (consisting of \$684.5 million of cash and cash equivalents and \$301.5 million of undrawn revolving credit facilities), of which \$266.6 million of liquidity (consisting of \$258.7 million cash and cash equivalents and \$8.1 million of undrawn revolving credit facilities) is attributable to Teekay Parent. Giving pro-forma effect to the \$121 million of net proceeds from Teekay Offshore's preferred unit public offering completed in April 2015 and approximately \$130 million of net proceeds from Teekay LNG's Norwegian bond offering completed in May 2015, the Company's consolidated liquidity as at March 31, 2015 was approximately \$1.2 billion.

- (1) The costs of certain business development and engineering studies relating to North Sea FPSO and FSO projects that the Company pursues are partially reimbursable from customers upon completion. As a result, \$1.1 million of revenues and \$2.0 million of costs were recognized for the three months ended December 31, 2014.
- (2) Realized and unrealized losses related to derivative instruments that are not designated as hedges for accounting purposes are included as a separate line item in the statements of income. The realized losses relate to the amounts the Company actually received or paid to settle such derivative instruments and the unrealized losses relate to the change in fair value of such derivative instruments, as detailed in the table below:

APPENDIX A SPECIFIC ITEMS AFFECTING NET INCOME

(in thousands of U.S. dollars, except per share data)

Set forth below is a reconciliation of the Company's unaudited adjusted net income attributable to shareholders of Teekay, a non-GAAP financial measure, to net loss attributable to shareholders of Teekay as determined in accordance with GAAP. The Company believes that, in addition to conventional measures prepared in accordance with GAAP, certain investors use this information to evaluate the Company's financial performance. The items below are also typically excluded by securities analysts in their published estimates of the Company's financial results. Adjusted net income attributable to the shareholders of Teekay is intended to provide additional information and should not be considered a substitute for measures of performance prepared in accordance with GAAP.

Total adjustments	25,494	0.35	3,964	0.06
Adjusted net income attributable to shareholders of Teekay	15,730	0.22	3,476	0.05

- (1) Basic per share amounts.
- (2) Reflects the unrealized losses relating to the change in the mark-to-market value of derivative instruments that are not designated as hedges for accounting purposes, including those included in equity income from joint ventures.
- (3) Foreign currency exchange gains and losses primarily relate to the Company's debt denominated in Euros and Norwegian Kroner in addition to the unrealized gains and losses on cross currency swaps used to hedge the principal and interest on the Company's Norwegian Kroner bonds. Nearly all of the Company's foreign currency exchange gains and losses are unrealized.
- (4) Net gain on sale of vessels for the three months ended March 31, 2015 includes the gain on sale of a shuttle tanker. Net loss on sale of vessels for the three months ended March 31, 2014 includes the loss relating to the sale of four conventional tankers to TIL.
- (5) Restructuring charges for the three months ended March 31, 2015 primarily relate to the reorganization of the Company's marine operations and corporate shared services. Restructuring charges for the three months ended March 31, 2014 primarily relate to the reorganization of the Company's marine operations and termination of crew upon reflagging a shuttle tanker in Teekay Offshore.
- (6) The Company recognized a gain from the share issuance completed as part of TIL's initial public offering in March 2014.
- (7) Includes the impairment of two shuttle tankers to their estimated fair values.
- (8) Relates to pre-operational costs and realized losses on interest rate swaps for the *Knarr* FPSO unit.
- (9) Other for the three months ended March 31, 2015 primarily relates to derecognition of deferred tax asset and unrealized foreign exchange losses in Sevan Marine AS and realized losses on foreign exchange forward contracts related to the upgrade costs of an FPSO. Other for the three months ended March 31, 2014 primarily relates to an external transaction fee related to Teekay Offshore's acquisition of ALP, pre-operational costs for an FPSO unit nearing completion and an initial unrealized gain on the TIL stock purchase warrants issued to Teekay and Teekay Tankers.
- (10) If any of the specific items affecting net loss originate from a consolidated non-wholly-owned subsidiary, the net income attributable to non-controlling interests of these subsidiaries is recalculated without these specific items affecting net loss. The amount identified as Non-controlling interests' share of items above in the table above is the cumulative change to the Company's net income attributable to non-controlling interests by excluding the specific items affecting net loss.

Net income attributable to non-controlling interest in the Consolidation Adjustments column represents the public's share of the net (loss) income of Teekay's publicly-traded subsidiaries.
- (4) CFVO represents income from vessel operations before depreciation and amortization expense, amortization of in-process revenue contracts, vessel write-downs, gains or losses on the sale of vessels and adjustments for direct financing leases to a cash basis, but includes realized gains or losses on the settlement of foreign currency forward contracts and a derivative charter contract. CFVO Consolidated represents CFVO from vessels that are consolidated on the Company's financial statements. Cash flow from vessel operations is a non-GAAP financial measure used by certain investors to measure the financial performance of shipping companies. Please see *Appendix C* and *Appendix E* to this release for a reconciliation of this non-GAAP measure as used in this release to the most directly comparable GAAP financial measure.
- (5) In addition to the CFVO generated by its directly owned and chartered-in assets, Teekay Parent also receives cash dividends and distributions from its publicly-traded subsidiaries. For the three months ended March 31, 2015, Teekay Parent received cash dividends and distributions from these subsidiaries totaling \$45.3 million. The dividends and distributions received by Teekay Parent include, among others, those made with respect to its general partner interests in Teekay Offshore and Teekay LNG. Please refer to *Appendix D* to this release for further details.
- (6) CFVO Equity Investments represents the Company's proportionate share of CFVO from its equity accounted vessels and other investments. Please see *Appendix C* and *Appendix E* to this release for reconciliations of this non-GAAP measure as used in this release to the most directly comparable GAAP financial measure.

- (1) Includes results of two chartered-in LNG carriers owned by Teekay LNG and two chartered-in FSO units owned by Teekay Offshore.
- (2) CFVO represents income from vessel operations before depreciation and amortization expense, amortization of in-process revenue contracts, vessel write-downs, gains or losses on the sale of vessels and adjustments for direct financing leases to a cash basis, but includes realized gains or losses on the settlement of foreign currency forward contracts and a derivative charter contract. CFVO Consolidated represents Teekay Parent's CFVO from vessels that are consolidated on the Company's financial statements. Cash flow from vessel operations is a non-GAAP financial measure used by certain investors to measure the financial performance of shipping companies. Please see *Appendix E* to this release for a reconciliation of this non-GAAP measure as used in this release to the most directly comparable GAAP financial measure.
- (3) In addition to the CFVO generated by its directly owned and in-chartered assets, Teekay Parent also receives cash dividends and distributions from its publicly-traded subsidiaries. For the three months ended March 31, 2015, Teekay Parent received cash dividends and distributions from these subsidiaries totaling \$45.3 million. The dividends and distributions received by Teekay Parent include, among others, those made with respect to its general partner interests in Teekay Offshore and Teekay LNG. Please refer to *Appendix D* to this release for further details.
- (4) CFVO Equity Investments represents Teekay Parent's proportionate share of CFVO from its equity accounted vessels and other investments. Please see *Appendix E* to this release for a reconciliation of this non-GAAP measure as used in this release to the most directly comparable GAAP financial measure.

FORWARD LOOKING STATEMENTS

This release contains forward-looking statements (as defined in Section 21E of the Securities Exchange Act of 1934, as amended) which reflect management's current views with respect to certain future events and performance, including statements regarding: future growth opportunities and cash flows; the timing for implementation of the Company's new dividend policy, the initial dividend increase, and expectations for future dividend increases by Teekay Parent and distribution increases by its daughter entities; the sale of the *Knarr* FPSO, including the sales price, the timing of completion of testing and contract start-up at full rate for this FPSO unit, the timing of Teekay Offshore's acquisition, and the consideration for the acquisition; the start-up date of the shuttle tanker CoA contract with EnQuest PLC., including the required roundtrip voyages; the dividend contributions of any future projects awarded to the Company's daughter companies; the total cost and timing for the delivery of newbuilding and conversion projects and timing of commencement of associated time-charter contracts; the timing and certainty of securing charter contracts for unchartered vessels or offshore units; ALP's position as the world's largest owner and operator of dynamic positioning towing and offshore installation vessels, and the capabilities of those vessels; the timing and certainty of exercising any of Teekay LNG's existing options to order up to four additional MEGI LNG carrier newbuildings; expected fuel-efficiency and emission levels associated with MEGI engines; the outcome of Teekay LNG's dispute over the *Magellan Spirit* off-hire incident and claimed charter contract termination, as well as the expected insurance coverage; the timing, certainty and purchase price of pending and future vessel acquisitions; timing of delivery of a charter-in tanker. The following factors are among those that could cause actual results to differ materially from the forward-looking statements, which involve risks and uncertainties, and that should be considered in evaluating any such statement: changes in production of or demand for oil, petroleum products, LNG and LPG, either generally or in particular regions; greater or less than anticipated levels of newbuilding orders or greater or less than anticipated rates of vessel scrapping; changes in trading patterns significantly affecting overall vessel tonnage requirements; changes in applicable industry laws and regulations and the timing of implementation of new laws and regulations; changes in the typical seasonal variations in tanker charter rates; changes in the offshore production of oil or demand for shuttle tankers, FSO and FPSO units; decreases in oil production by, or increased operating expenses for, FPSO units; fluctuations in global oil prices; trends in prevailing charter rates for shuttle tanker and FPSO contract renewals; the potential for early termination of long-term contracts and inability of the Company to renew or replace long-term contracts or complete existing contract negotiations; delays in commencement of operations of FPSO and FSO units at designated fields; changes in the Company's expenses; the Company and its publicly-traded subsidiaries' future capital expenditure requirements and the inability to secure financing for such requirements; the amount of future distributions by the Company's daughter companies to the Company; failure by Teekay Offshore and Teekay LNG to complete its vessel acquisitions; actual performance of the MEGI engines; failure by the Company or its daughter companies to secure charter contracts for unchartered vessels or offshore units; factors affecting the outcome of the Partnership's dispute over the *Magellan Spirit*; potential delays in the commencement of full operations of the *Knarr* FPSO unit; the inability of the Company to complete vessel sale transactions to its publicly-traded subsidiaries or to third parties, including obtaining Board of Directors and Conflicts Committee approvals; failure by the Company's Board of Directors to approve the implementation of the new Teekay Parent dividend policy in the second quarter of 2015, including the initial dividend increase; failure of the respective Board of Directors of the general partners of Teekay Offshore and Teekay LNG to approve future distribution increases; conditions in the United States capital markets; and other factors discussed in Teekay's filings from time to time with the SEC, including its Report on Form 20-F for the fiscal year ended December 31, 2014. The Company expressly disclaims any obligation or undertaking to release publicly any updates or revisions to any forward-looking statements contained herein to reflect any change in the Company's expectations with respect thereto or any change in events, conditions or circumstances on which any

such statement is based.
