**Item 1.01. Entry into a Material Definitive Agreement.**

On May 3, 2016, Integrated Electrical Services, Inc., a Delaware corporation ( IES or the Company ), entered into a Second Amendment (the Amendment ) to the Amended and Restated Credit and Security Agreement (as amended, the Amended Credit Agreement ), by and among the Company, each of the other borrowers and guarantors named therein and Wells Fargo Bank, National Association. Pursuant to the Amendment, the Company s maximum revolver amount increased from \$60 million to \$70 million, and the maturity date of the revolving credit facility was extended from August 9, 2018 to August 9, 2019. The Amendment also reduced the interest rate charged under the facility. Prior to the Amendment, the interest rate on the facility was equal to a Daily Three Month LIBOR (as defined in the Amended Credit Agreement), plus an interest rate margin of between 2.00 and 3.00 percent. The Amendment reduced this interest rate margin to a range from 1.75 to 2.25 percent (as described below). The Amendment also modified the calculation of amounts available under the credit facility, by increasing our advance rates and expanding the definition of assets to be included in our borrowing base. We expect this to result in a significant increase in available borrowing capacity under the credit facility. In addition, the Company must maintain a minimum liquidity of \$8.75 million, at least one half of which must be Excess Availability (as defined in the Amended Credit Agreement). The Amended Credit Agreement continues to contain customary affirmative, negative and financial covenants, including the requirement that the Company maintain a Fixed Charge Coverage Ratio (as defined in the Amended Credit Agreement) of not less than 1.0:1.0 at any time that Liquidity (defined as the aggregate amount of unrestricted cash and cash equivalents on hand plus Excess Availability) falls below \$14 million, with at least \$7 million of Excess Availability.

Pursuant to the Amended Credit Agreement, Advances under the revolving credit facility bear interest at a per annum rate equal to a Daily Three Month LIBOR, plus an interest rate margin, as determined quarterly, based on the following thresholds. In addition, a 3.25 percent interest rate margin applies to an overadvance amount outstanding under the revolving credit facility.

<b>Level</b>	<b>Threshold</b>	<b>Interest Rate Margin</b>
I	If Liquidity is less than \$24.5 million	2.25 percentage points
II	If Liquidity is greater than or equal to \$24.5 million and less than \$35 million	2.00 percentage points
III	If Liquidity is greater than or equal to \$35 million	1.75 percentage points

The foregoing description of the Amendment does not purport to be complete and is qualified in its entirety by reference to the Amendment, which is attached hereto as Exhibit 10.1 and incorporated herein by reference.
