The Offering

Issuer	Kellogg Company.
Notes Offered	600,000,000 aggregate principal amount of 1.000% senior notes due 2024.
Maturity	The notes will mature on May 17, 2024.
Interest	1.000% per annum. Interest on the notes is payable annually in arrears on May 17 of each year, commencing May 17, 2017.
Ranking	The notes will be our senior unsecured obligations and will rank equally in right of payment with all of our other senior unsecured indebtedness from time to time outstanding. The notes will be effectively subordinated to all liabilities of our subsidiaries, including trade payables, and effectively subordinated to all secured obligations, to the extent of the assets that serve as security for those obligations. As of April 2, 2016, our subsidiaries had \$797 million of indebtedness (including outstanding letters of credit but excluding trade payables) and we had no secured debt (other than \$5 million of capital lease obligations).
Currency of Payment	All payments of interest and principal, including payments made upon any redemption of the notes, will be made in euro. If the euro is unavailable to us due to the imposition of exchange controls or other circumstances beyond our control or if the euro is no longer being used by the then member states of the European Monetary Union that have adopted the euro as their currency or for the settlement of transactions by public institutions of or within the international banking community, then all payments in respect of the notes will be made in dollars until the euro is again available to us or so used.
Additional Amounts	We will, subject to certain exceptions and limitations set forth herein, pay additional amounts on the notes as are necessary in order that the net payment by us of the principal of, and premium, if any, and interest on the notes to a holder who is not a U.S. person, after withholding or deduction for any future tax, assessment or other governmental charge imposed by the United States or a taxing authority in the United States will not be less than the amount provided in the notes to be then due and payable. See Description of the Notes Payment of Additional Amounts.
Optional Redemption	We may redeem the notes at our option, at any time in whole or from time to time in part, at a redemption price equal to the greater of: <p style="margin-left: 40px;">100% of the principal amount of the notes being redeemed; and</p> <p style="margin-left: 40px;">the sum of the present values of the remaining scheduled payments of principal and interest on the notes being redeemed on that redemption date (not including any</p>

portion of any payments of interest accrued to the redemption date) discounted

S-4

Table of Contents

to the redemption date on an annual basis (ACTUAL/ACTUAL (ICMA)) at the applicable Comparable Government Bond Rate (as defined herein), plus 20 basis points.

In case of redemption, we will also pay the accrued and unpaid interest on the notes to the redemption date.

Redemption for Tax Reasons

We may redeem the notes at our option in whole but not part if the tax laws of the United States (or any taxing authority in the United States) change and we become obligated to pay additional amounts on the notes as described under Description of the Notes Payments of Additional Amounts. This redemption would be at 100% of the principal amount, together with accrued and unpaid interest on the notes to the date fixed for redemption. See Description of the Notes Redemption for Tax Reasons.

Repurchase at Option of Holders Upon a Change of Control Repurchase Event

If we experience a Change of Control Repurchase Event (as defined in Description of the Notes Repurchase at Option of Holders Upon Change of Control Repurchase Event), we will be required, unless, we have exercised our right to redeem the notes, to offer to repurchase the notes at a purchase price equal to 101% of their principal amount, plus accrued and unpaid interest to the repurchase date.

Covenants

Under the indenture governing the notes, we have agreed to certain restrictions on our ability to incur debt secured by liens and to enter into certain transactions. See Description of Debt Securities Covenants Limitation on Liens, Sale and Leaseback, and Merger, Consolidation or Sale of Assets in the accompanying prospectus.

Use of Proceeds

We intend to use the net proceeds from the sale of the notes for general corporate purposes, including, together with cash on hand and additional commercial paper borrowings, the repayment of \$750 million aggregate principal amount of our 4.45% Senior Notes that mature on May 30, 2016 (the 2016 Notes). See Use of Proceeds in this prospectus supplement.

Additional Notes

We may from time to time, without giving notice to or seeking the consent of the holders of the notes, issue debt securities having the same terms (except for the issue date and, in some cases, the public offering price and the first interest payment date and the initial interest accrual date) as, and ranking equally and ratably with, the notes. Any additional debt securities having such similar terms, together with the notes, will constitute a single series of securities under the indenture, including for purposes of voting and redemptions.

Table of Contents

Denomination and Form

We will issue the notes in the form of one or more global notes fully registered in the name of a nominee of, and deposited with, a common depository for Clearstream and Euroclear. Except in the limited circumstances described in this prospectus supplement, owners of beneficial interests in the notes will not be entitled to have notes registered in their names, will not receive or be entitled to receive notes in definitive form and will not be considered holders of notes under the indenture. The notes will be issued only in minimum denominations of 100,000 and integral multiples of 1,000 in excess thereof.

Listing

We intend to apply to list the notes on the New York Stock Exchange. The listing application will be subject to approval by the New York Stock Exchange. If such a listing is obtained, we have no obligation to maintain such listing, and we may delist the notes at any time.

Material U.S. Federal Income Tax Considerations

If you are a holder subject to U.S. income tax, you will generally be taxed on stated interest on the notes as ordinary income at the time the interest is received or when it accrues, depending on your method of accounting for tax purposes. Any gain or loss you recognize on the sale, exchange, redemption or other disposition of a note generally will be capital gain or loss, subject to the special rules that apply to foreign currency transactions. The purchase of the notes in euro and payment of interest and proceeds upon disposition of the notes in euro may have significant tax consequences. You should consult your tax advisor regarding the U.S. federal, state, local or other tax consequences of acquiring, owning and disposing of the notes. See Mat
