We are responsible for the information contained and incorporated by reference in this prospectus supplement and the accompanying prospectus. We have not, and the underwriters have not, authorized anyone to give you any other information, and we take no responsibility for any other information that others may give you. We are not making an offer to sell these securities in any jurisdiction where the offer or sale is not permitted. You should not assume that the information contained or incorporated by reference in this prospectus supplement or accompanying prospectus is accurate as of any date other than the date of the document containing the information.

ABOUT THIS PROSPECTUS SUPPLEMENT

This document consists of two parts. The first part is this prospectus supplement, which describes the specific terms of this offering. The second part is the accompanying prospectus, which describes more general information, some of which may not apply to this offering. You should read both this prospectus supplement and the accompanying prospectus, together with the documents incorporated by reference and the additional information described below under the heading **Where You Can Find More Information**.

If the description of the offering varies between this prospectus supplement and the accompanying prospectus, you should rely on the information in this prospectus supplement.

Any statement made in this prospectus supplement or in a document incorporated or deemed to be incorporated by reference in this prospectus supplement will be deemed to be modified or superseded for purposes of this prospectus supplement to the extent that a statement contained in this prospectus supplement or in any other subsequently filed document that is also incorporated or deemed to be incorporated by reference in this prospectus supplement modifies or supersedes that statement. Any statement so modified or superseded will not be deemed, except as so modified or superseded, to constitute a part of this prospectus supplement.

NOTE REGARDING FORWARD-LOOKING STATEMENTS

This prospectus supplement and the accompanying prospectus contain or incorporate by reference statements about future events and expectations, or forward-looking statements, all of which are inherently uncertain. We have based those forward-looking statements on our current expectations and projections about future results. When we use words such as **anticipate, intend, plan, forecast, project, believe, expect, should, would, could, may** or similar expressions, we do so to identify forward-looking statements. Examples of forward-looking statements include statements we make regarding future prospects of growth in the communications site leasing industry, the effects of consolidation among companies in our industry and among our tenants and other competitive pressures, the level of future expenditures by companies in this industry and other trends in this industry, changes in zoning, tax and other laws and regulations, our substantial leverage and debt service obligations, our ability to maintain or increase our market share, our future operating results, economic, political and other events, particularly those relating to our international operations, our ability to remain qualified for taxation as a real estate investment trust for U.S. federal income tax purposes (**REIT**), our plans to fund our future liquidity needs, the amount and timing of any future distributions including those we are required to make as a REIT, our future financing transactions, our ability to protect our rights to the land under our towers, our future capital expenditure levels and natural disasters and similar events. These statements are based on our management's beliefs and assumptions, which in turn are based on currently available information. These assumptions could prove inaccurate. See **Risk Factors**. These forward-looking statements may be found in this prospectus supplement and the accompanying prospectus generally as well as the documents incorporated by reference.

Edgar Filing: AMERICAN TOWER CORP /MA/ - Form 424B2

You should keep in mind that any forward-looking statement we make in this prospectus supplement, the accompanying prospectus, the documents incorporated by reference or elsewhere speaks only as of the date on which we make it. New risks and uncertainties arise from time to time, and it is impossible for us to predict these

events or how they may affect us. In any event, these and other important factors, including those set forth under the caption "Risk Factors" in this prospectus supplement, in the accompanying prospectus and the documents incorporated by reference, may cause actual results to differ materially from those indicated by our forward-looking statements. We have no duty, and do not intend, to update or revise the forward-looking statements we make in this prospectus supplement, the accompanying prospectus, the documents incorporated by reference or elsewhere, except as may be required by law. In light of these risks and uncertainties, you should keep in mind that the future events or circumstances described in any forward-looking statement we make in this prospectus supplement, the accompanying prospectus, the documents incorporated by reference or elsewhere might not occur.

MARKET AND INDUSTRY DATA

This prospectus supplement and the accompanying prospectus contain or incorporate by reference estimates regarding market data, which are based on our internal estimates, independent industry publications, reports by market research firms and/or other published independent sources. In each case, we believe these estimates are reasonable. However, market data is subject to change and cannot always be verified with complete certainty due to limits on the availability and reliability of raw data, the voluntary nature of the data gathering process and other limitations and uncertainties inherent in any statistical survey of market data. As a result, you should be aware that market data set forth in this prospectus supplement, accompanying prospectus or incorporated by reference, and estimates and beliefs based on such data, may not be reliable.

PROSPECTUS SUPPLEMENT SUMMARY

This summary may not contain all the information that may be important to you. You should read this entire prospectus supplement, the accompanying prospectus and those documents incorporated by reference into the prospectus supplement and the accompanying prospectus, including the risk factors and the financial statements and related notes, before making an investment decision. Unless otherwise indicated or the context otherwise requires, references to we, us, our and American Tower are references to American Tower Corporation and its predecessor, as applicable, and its consolidated subsidiaries, in each case, as the context requires. References herein to our common stock refer to our common stock and the Class A common stock of our predecessor, as applicable.

American Tower Corporation

American Tower Corporation was created as a subsidiary of American Radio Systems Corporation in 1995 to own, manage, develop and lease communications and broadcast tower sites, and was spun off into a free-standing public company in 1998. Since inception, we have grown our communications real estate portfolio through acquisitions, long-term lease arrangements, development and construction, and through mergers with, and acquisitions of, other tower operators, increasing the size of our portfolio to over 144,000 communications sites.

To effect the conversion to a REIT for federal income tax purposes, effective December 31, 2011, American Tower Corporation merged with and into its wholly owned subsidiary, American Tower REIT, Inc. American Tower REIT, Inc., the surviving corporation, was renamed American Tower Corporation and, since January 1, 2012, has qualified as a REIT for federal income tax purposes.

American Tower Corporation is a holding company, and we conduct our operations through our directly and indirectly owned subsidiaries and our joint ventures. Our principal domestic operating subsidiaries are American Towers LLC and SpectraSite Communications, LLC. We conduct our international operations primarily through our subsidiary, American Tower International, Inc., which in turn conducts operations through its various international operating subsidiaries and joint ventures. Our international operations consist primarily of our operations in Brazil, Chile, Colombia, Costa Rica, Germany, Ghana, India, Mexico, Nigeria, Peru, South Africa and Uganda.

Our principal executive office is located at 116 Huntington Avenue, Boston, Massachusetts 02116. Our main telephone number at that address is (617) 375-7500.

The Offering

Issuer	American Tower Corporation, a Delaware corporation.
Securities Offered	\$600.0 million aggregate principal amount of 2.250% Senior Notes due 2022 and \$400.0 million aggregate principal amount of 3.125% Senior Notes due 2027.
Maturity Date	January 15, 2022 in the case of the 2022 notes. January 15, 2027 in the case of the 2027 notes.
Interest Payments	January 15 and July 15 of each year, beginning on January 15, 2017. Interest will accrue from September 30, 2016.
Ranking	<p>The notes will be general, unsecured obligations and will rank equally in right of payment with all of our other senior unsecured debt obligations. As of June 30, 2016, after giving effect to the transactions described under Capitalization, we would have had approximately \$14.5 billion of senior unsecured indebtedness outstanding. In addition, we would have had approximately \$2.8 billion in aggregate undrawn loan commitments under our senior unsecured revolving credit facility entered into in June 2013, as amended (the 2013 Credit Facility), and our senior unsecured revolving credit facility entered into in January 2012 and amended and restated in September 2014, as further amended (the 2014 Credit Facility), net of approximately \$10.6 million of outstanding undrawn letters of credit.</p> <p>The notes will be structurally subordinated to all existing and future indebtedness and other obligations of our subsidiaries. Our subsidiaries are not guarantors of the notes. As of June 30, 2016, after giving effect to the transactions described under Capitalization, our subsidiaries would have had approximately \$4.3 billion of total debt obligations (excluding intercompany obligations), including:</p> <ul style="list-style-type: none"> \$1.8 billion in secured tower revenue securities (\$1,800.0 million principal amount due at maturity, net of \$12.5 million unamortized deferred financing fees) backed by the debt of two special purpose subsidiaries, which is secured primarily by mortgages on those subsidiaries' interests in 5,186 broadcast and wireless communications towers and the related tower sites; \$865.8 million in secured revenue notes (\$875.0 million principal amount due at maturity, net of \$9.2 million unamortized deferred financing fees) secured by the issuer's and its subsidiaries' interests in 3,603 communications sites; \$50.2 million of South African Rand (ZAR) denominated secured debt (747.0 million ZAR) (\$50.7 million principal amount due at maturity, net of \$0.5 million unamortized deferred financing fees) under the South African credit facility (the South African Facility);

\$61.1 million of Colombian Peso (COP) denominated secured debt (180.0 billion COP) (\$61.7 million principal amount due at maturity,

net of \$0.6 million unamortized deferred financing fees) under the Colombian credit facility (the Colombian Credit Facility);

\$77.5 million of aggregated U.S. Dollar (USD) denominated debt entered into by our majority owned joint venture in Uganda (represents the portion of the debt reported as our outstanding debt, after elimination in consolidation of the portion of the debt loaned by our wholly owned subsidiaries);

\$76.9 million of Ghanaian Cedi (GHS) denominated debt (294.4 million GHS) entered into by our majority owned joint venture in Ghana (represents the portion of debt reported as our outstanding debt, after elimination in consolidation of the portion of debt loaned by our wholly owned subsidiaries);

\$201.1 million in secured cellular site revenue notes (\$196.0 million principal amount due at maturity plus \$5.1 million of unamortized premium) secured by, among other things, liens on approximately 1,502 real property interests and assumed by us in connection with the acquisition of certain legal entities from Unison Holdings, LLC and Unison Site Management II, L.L.C. (together, Unison);

\$182.2 million in secured cellular site revenue notes (\$175.2 million principal amount due at maturity plus \$7.0 million of unamortized premium) secured by, among other things, liens on 263 towers and 434 property interests and other related assets we acquired in the acquisition of MIP Tower Holdings LLC (MIPT), and assumed by us in connection with that acquisition;

\$105.2 million of Brazilian Reais (BRL) denominated debt (337.6 million BRL) assumed by us in connection with the acquisition of BR Towers S.A. (BR Towers);

\$31.3 million of BRL denominated debt (101.4 million BRL) (\$31.6 million principal amount due at maturity, net of \$0.3 million unamortized deferred financing fees) under the Brazil credit facility;

\$723.0 million of Indian Rupee (INR) denominated debt (47.2 billion INR of debt and 1.7 billion INR of mandatorily redeemable preference shares classified as debt) primarily assumed by us in connection with our acquisition of Viom Networks Limited (Viom); and

approximately \$127.5 million of other debt (net of \$1.8 million unamortized deferred financing fees), which consists primarily of capital leases attributable to wholly owned subsidiaries.

Optional Redemption

We may redeem the notes at any time and from time to time, in whole or in part, at our election at the applicable redemption prices. If we redeem the 2022 notes prior to their maturity date or the 2027 notes prior to October 15, 2026 (three months prior to their maturity date), we will pay a redemption price equal to 100% of the principal amount of the notes plus a make-whole premium, together with accrued interest to the redemption date. If we redeem the 2027 notes on or after October 15, 2026 (three months prior to their maturity date), we will

Table of Contents

pay a redemption price equal to 100% of the principal amount of the notes plus accrued interest to the redemption date. See Description of Notes Optional Redemption.

Change of Control Offer Following a Change of Control and Ratings Decline (each as defined herein), we will be required to offer to purchase all of the notes at a purchase price equal to 101% of the aggregate principal amount of the notes repurchased, plus accrued and unpaid interest, if any, up to but not including the date of repurchase. See Description of Notes Repurchase of Notes Upon a Change of Control Triggering Event. The 2013 Credit Facility and the 2014 Credit Facility might restrict our ability to make such a payment.

Certain Covenants The provisions of the indenture governing the notes will, among other things, limit our ability to:

create liens; and

merge, consolidate or sell assets.

These covenants are subject to a number of important exceptions.

Use of Proceeds We expect that the net proceeds of this offering will be approximately \$990.6 million, after deducting discounts and commissions payable to the underwriters and estimated expenses of this offering payable by us. We intend to use the net proceeds to repay existing indebtedness under the term loan entered into in October 2013, as amended (the Term Loan). See Use of Proceeds and Capitalization.

No Prior Market We do not intend to list the notes on any securities exchange or any automated dealer quotation system. Although the underwriters have informed us that they presently intend to make a market in the notes, they are not obligated to do so and may discontinue market-making at any time at their sole discretion without notice. Accordingly, we cannot assure you that a liquid market for the notes will develop or be maintained.

Denominations The notes will be issued in minimum denominations of \$2,000 and multiples of \$1,000 thereafter.

Trustee U.S. Bank National Association.

Federal Income Tax Considerations Investors in either the 2022 notes, the 2027 notes, or both should consider the information in the accompanying prospectus under Material U.S. Federal Income Tax Considerations Relevant to Holders of Our Debt Securities. The information in the prospectus should be applied separately to each series of notes.

Risk Factors Before investing in the notes, you should carefully consider all of the information in this prospectus supplement and the accompanying prospectus and incorporated by reference herein or therein, including the discussions under Risk Factors beginning on page S-9 and

in Part I, Item 1A of the 2015 Annual Report, which is incorporated by reference herein.

SELECTED HISTORICAL CONSOLIDATED FINANCIAL DATA

The selected historical consolidated financial data for the fiscal years ended December 31, 2015, 2014 and 2013 and as of December 31, 2015 and 2014 is derived from historical audited consolidated financial information included in the 2015 Annual Report, which is incorporated herein by reference. The selected historical consolidated financial data for the fiscal years ended December 31, 2012 and 2011 and as of December 31, 2013, 2012 and 2011 is derived from historical financial information not included or incorporated by reference in this prospectus supplement. The selected historical consolidated financial data for the six months ended June 30, 2016 and 2015 and as of June 30, 2016 is derived from historical financial information included in the Form 10-Q for the quarter ended June 30, 2016, which is incorporated herein by reference. Our unaudited financial statements have been prepared on the same basis as our audited financial information, and in management's opinion, the unaudited information described above includes only normal recurring adjustments necessary for a fair presentation of financial condition and results of operations. Results for the six months ended June 30, 2016 are not necessarily indicative of results for the full year or any future period.

You should read the selected historical consolidated financial data in conjunction with our Management's Discussion and Analysis of Financial Condition and Results of Operations, our consolidated financial statements and related notes, which are incorporated by reference in this prospectus supplement, and the information set forth under the heading Risk Factors beginning on page S-9 and in Part I, Item 1A of the 2015 Annual Report, which is incorporated herein by reference. Year-to-year comparisons are significantly affected by our acquisitions, dispositions and construction of towers.

**RATIO OF EARNINGS TO FIXED CHARGES AND RATIO OF
EARNINGS TO COMBINED FIXED CHARGES AND PREFERRED STOCK DIVIDENDS**

The following table reflects the computation of the ratio of earnings to fixed charges and ratio of earnings to combined fixed charges and preferred stock dividends for the periods presented (in thousands):

	<u>Year Ended December 31,</u>					<u>Six</u>
	<u>2011</u>	<u>2012</u>	<u>2013</u>	<u>2014</u>	<u>2015</u>	<u>Months</u> <u>Ended</u> <u>June 30,</u> <u>2016</u>
Ratio of earnings to fixed charges(1)	2.19x	2.32x	1.89x	2.11x	1.99x	2.13x
Ratio of earnings to combined fixed charges and preferred stock dividends(2)	2.19x	2.32x	1.89x	2.05x	1.80x	1.92x

- (1) For the purposes of this calculation, earnings consists of income from continuing operations before income taxes and income on equity method investments, as well as fixed charges (excluding interest capitalized and amortization of interest capitalized). Fixed charges consists of interest expensed and capitalized, amortization of debt discounts, premiums and related issuance costs and the component of rental expense associated with operating leases believed by management to be representative of the interest factor thereon.
- (2) We had no preferred stock outstanding for the years ended December 31, 2011, 2012 and 2013; therefore, the ratio of earnings to combined fixed charges and preferred stock dividends is the same as the ratio of earnings to fixed charges.

RISK FACTORS

You should carefully consider the following risk factors, in addition to the other information presented and incorporated by reference in this prospectus supplement and the accompanying prospectus, in evaluating us, our business and an investment in the notes. A description of the risks related to our business is included in the Risk Factors section in Part I, Item 1A of the 2015 Annual Report, which is incorporated by reference herein. The risks and uncertainties described below and incorporated by reference are not the only ones we face. Additional risks and uncertainties that we do not currently know about, or that we currently believe are immaterial, may also adversely impact our business. Events relating to any of the following risks as well as other risks and uncertainties could seriously harm our business, financial condition and results of operations. In such a case, the trading value of the notes could decline, or we may be unable to meet our obligations under the notes, which in turn could cause you to lose all or part of your investment.

Risks related to this offering

Our leverage and debt service obligations may materially and adversely affect us.

We have a substantial amount of indebtedness. As of June 30, 2016, after giving effect to the transactions described under Capitalization, we would have had approximately \$18.8 billion of consolidated debt and the ability to borrow additional aggregate amounts of approximately \$2.8 billion under the 2013 Credit Facility and the 2014 Credit Facility, net of approximately \$10.6 million of outstanding undrawn letters of credit. Our substantial level of indebtedness increases the possibility that we may be unable to generate cash sufficient to pay when due the principal of, interest on, or other amounts due with respect to, our indebtedness. We are also permitted, subject to certain restrictions under our existing indebtedness, to obtain additional long-term debt and working capital lines of credit to meet future financing needs. This would effectively increase our total leverage. Furthermore, the indenture relating to the notes does not prohibit us from incurring additional indebtedness. Our leverage could have significant negative consequences on our financial condition and results of operations, including:

impairing our ability to meet one or more of the financial ratio covenants contained in our debt agreements or to generate cash sufficient to pay interest or principal due under those agreements, which could result in an acceleration of some or all of our outstanding debt and the loss of the towers securing such debt if an uncured default occurs;

increasing our borrowing costs if our current investment grade debt ratings decline;

limiting our ability to obtain additional debt or equity financing, thereby increasing our vulnerability to general adverse economic and industry conditions and placing us at a possible competitive disadvantage to less leveraged competitors and competitors that may have better access to capital resources, including with respect to acquiring assets;

requiring the dedication of a substantial portion of our cash flow from operations to service our debt, thereby reducing the amount of our cash flow available for other purposes, including capital expenditures, REIT distributions and preferred stock dividends; and

limiting our flexibility in planning for, or reacting to, changes in our business and the markets in which we compete.

Our holding company structure results in structural subordination of the notes and may affect our ability to make payments on the notes.

The notes will be obligations exclusively of American Tower Corporation and not of our subsidiaries. However, all of our operations are conducted through our subsidiaries. Our cash flow and our ability to service our debt, including the notes, is dependent upon distributions of earnings, loans or other payments by our subsidiaries to us. Our subsidiaries are separate and distinct legal entities and have no obligation to pay any amounts due on the notes or to provide us with funds for our payment obligations, whether by dividends, distributions, loans or other consideration. Payments to us by our subsidiaries are contingent upon our subsidiaries' earnings and cash flows. Moreover, our subsidiaries may incur indebtedness that may restrict or prohibit the making of distributions, the

S-9

Table of Contents

payment of dividends or the making of loans by such subsidiaries to us. The notes are structurally subordinated to all existing, and will be structurally subordinated to all future, indebtedness and other obligations issued by our subsidiaries. Certain of our subsidiary indebtedness is also secured. As of June 30, 2016, after giving effect to the transactions described under Capitalization, our subsidiaries would have had approximately \$4.3 billion of total debt obligations (excluding intercompany obligations), including:

\$1.8 billion in secured tower revenue securities (\$1,800.0 million principal amount due at maturity, net of \$12.5 million unamortized deferred financing fees) backed by the debt of two special purpose subsidiaries, which is secured primarily by mortgages on those subsidiaries' interests in 5,186 broadcast and wireless communications towers and the related tower sites;

\$865.8 million in secured revenue notes (\$875.0 million principal amount due at maturity, net of \$9.2 million unamortized deferred financing fees) secured by the issuer and its subsidiaries' interests in 3,603 communications sites

\$50.2 million of ZAR denominated secured debt (747.0 million ZAR) (\$50.7 million principal amount due at maturity, net of \$0.5 million unamortized deferred financing fees) under the South African Facility;

\$61.1 million of COP denominated secured debt (180.0 billion COP) (\$61.7 million principal amount due at maturity, net of \$0.6 million unamortized deferred financing fees) under the Colombian Credit Facility;

\$77.5 million of aggregated USD denominated debt entered into by our majority owned joint venture in Uganda (represents the portion of the debt reported as our outstanding debt, after elimination in consolidation of the portion of the debt loaned by our wholly owned subsidiaries);

\$76.9 million of GHS denominated debt (294.4 million GHS) entered into by our majority owned joint venture in Ghana (represents the portion of debt reported as our outstanding debt, after elimination in consolidation of the portion of debt loaned by our wholly owned subsidiaries);

\$201.1 million in secured cellular site revenue notes (\$196.0 million principal amount due at maturity plus \$5.1 million of unamortized premium) secured by, among other things, liens on approximately 1,502 real property interests and assumed by us in connection with the acquisition of certain legal entities from Unison;

\$182.2 million in secured tower cellular site revenue notes (\$175.2 million principal amount due at maturity plus \$7.0 million of unamortized premium) secured by, among other things, liens on 263 towers and 434 property interests and other related assets we acquired in the acquisition of MIPT, and assumed by us in connection with that acquisition;

\$105.2 million of BRL denominated debt (337.6 million BRL) assumed by us in connection with the acquisition of BR Towers;

\$31.3 million of BRL denominated debt (101.4 million BRL) (\$31.6 million principal amount due at maturity, net of \$0.3 million unamortized deferred financing fees) under the Brazil credit facility;

\$723.0 million of INR denominated debt (47.2 billion INR of debt and 1.7 billion INR of mandatorily redeemable preference shares classified as debt) primarily assumed by us in connection with our acquisition of Viom; and

Edgar Filing: AMERICAN TOWER CORP /MA/ - Form 424B2

approximately \$127.5 million of other debt (net of \$1.8 million unamortized deferred financing fees), which consists primarily of capital leases attributable to wholly owned subsidiaries.

In the event of our insolvency, liquidation or reorganization, or should any of the indebtedness of our subsidiaries be accelerated because of a default, the holders of those debt obligations would have a claim to the proceeds from any liquidation of, or distribution from, certain of our subsidiaries prior to a claim by holders of the notes.

There may be no public market for the notes offered hereby.

Prior to the sale of the notes offered by this prospectus supplement, there has been no public market for the notes and we cannot assure you as to:

the liquidity of any market that may develop;

S-10

your ability to sell your notes; or

the price at which you would be able to sell your notes.

If a market were to exist for the notes, the notes could trade at prices that are lower than the principal amount of your purchase price, depending on many factors, including prevailing interest rates, the market for similar notes and our financial performance. We do not intend to apply for listing of the notes on any securities exchange or any automated dealer quotation system.

The underwriters have advised us that they presently intend to make a market in the notes. The underwriters are not obligated, however, to make a market in the notes, and may discontinue any such market-making at any time at their sole discretion. In addition, any market-making activity will be subject to the limits imposed by securities laws. Accordingly, we cannot assure you as to the development or liquidity of any market for the notes.

We may be unable to repay the notes when due or repurchase the notes when we are required to do so and holders may be unable to require us to repurchase their notes in certain circumstances.

At final maturity of the notes or in the event of acceleration of the notes following an event of default, the entire outstanding principal amount of the notes will become due and payable. Upon the occurrence of a Change of Control Triggering Event (as described in this prospectus supplement), we will be required to offer to repurchase in cash all outstanding notes at a redemption price equal to 101% of the principal amount of the notes plus accrued and unpaid interest, if any, up to, but not including, the repurchase date. If we were unable to make the required payments or repurchases of the notes, it would constitute an event of default under the notes and, as a result, under the 2013 Credit Facility, the 2014 Credit Facility and other outstanding indebtedness. The indentures for our other outstanding indebtedness also provide for repurchase rights upon a change of control and, in some cases, other fundamental changes under different terms. As a result, holders of our other indebtedness may have the ability to require us to repurchase their debt securities before the holders of the notes would have such repurchase rights. It is possible that we will not have sufficient funds at maturity, upon acceleration or at the time of the Change of Control Triggering Event or other fundamental change to make the required repurchase of notes and other indebtedness. In addition, a Change of Control (as described in this prospectus supplement) and certain other change of control events would constitute an event of default under the 2013 Credit Facility and the 2014 Credit Facility.

Holders may not be able to require us to purchase their notes in certain circumstances involving a significant change in the composition of our board of directors, including a proxy contest where our board of directors does not endorse the dissident slate of directors but approves them as Continuing Directors (as described in this prospectus supplement). In this regard, a decision of the Delaware Chancery Court (not involving us or our securities) considered a change of control redemption provision of an indenture governing publicly traded debt securities that is substantially similar to the change of control event described in clause (3) of the definition of Change of Control. In its decision, the court noted that a board of directors may approve a dissident stockholder's nominees solely for purposes of such an indenture, provided the board of directors determines in good faith that the election of the dissident nominees would not be materially adverse to the interests of the corporation or its stockholders (without taking into consideration the interests of the holders of debt securities in making this determination). See Description of Notes Repurchase of Notes Upon a Change of Control Triggering Event.

The notes will effectively rank junior to any secured indebtedness we incur in the future.

Edgar Filing: AMERICAN TOWER CORP /MA/ - Form 424B2

The notes will be our general unsecured obligations, and will effectively rank junior to any secured indebtedness we incur in the future to the extent of the assets securing such indebtedness. In the event of our bankruptcy, liquidation, reorganization or other winding up, our assets that secure indebtedness will be available to pay obligations on the notes only after all such secured indebtedness has been repaid in full from such assets. As a result, there may not be sufficient assets remaining to pay amounts due on any or all of the notes then outstanding.

USE OF PROCEEDS

We expect that the net proceeds of this offering will be approximately \$990.6 million, after deducting discounts and commissions payable to the underwriters and estimated expenses of this offering payable by us. We intend to use the net proceeds to repay existing indebtedness under the Term Loan. Pending use, the net proceeds may be invested temporarily in short-term marketable securities. Our management will have broad discretion in the application of the net proceeds, and the purposes for which the net proceeds are used may change from those described above.

The Term Loan matures on January 29, 2021 and currently bears interest at a rate equal to 1.250% above the London Interbank Offered Rate (LIBOR).

Table of Contents**CAPITALIZATION**

The following table shows our cash and cash equivalents and capitalization as of June 30, 2016:

on a historical basis;

on an as adjusted basis, after giving effect to the following: (i) additional net borrowings of \$65.0 million under the 2013 Credit Facility and (ii) the payment of \$87.1 million for the acquisition of an entity that holds communications sites in South Africa, which was primarily funded with borrowings under the 2013 Credit Facility; and

on an as further adjusted basis, after giving effect to the receipt of approximately \$990.6 million in this offering, after deducting discounts and commissions payable to the underwriters and estimated expenses payable by us, and the use of all of the net proceeds to repay existing outstanding indebtedness under the Term Loan.

In addition, we have the ability to borrow additional amounts under the 2013 Credit Facility and the 2014 Credit Facility. You should read the capitalization table below in conjunction with Management's Discussion and Analysis of Financial Condition and Results of Operations and our consolidated financial statements and related notes, which are incorporated by reference in this prospectus supplement.

DESCRIPTION OF NOTES

*You can find the definitions of certain terms used in this description under the subheading **Certain Definitions**. In this description, the references to American Tower, we, us or our refer only to American Tower Corporation (and not to any of its affiliates, including Subsidiaries, as defined below). The following description supplements and, to the extent inconsistent therewith, replaces the description of the general terms and provisions of the debt securities set forth in the accompanying prospectus.*

*American Tower Corporation will issue the notes under an indenture dated as of May 23, 2013, between us and U.S. Bank National Association, as trustee, as supplemented by a supplemental indenture thereto, relating to the notes. We refer to the indenture as so supplemented as the **indenture**. The terms of the notes include those stated in the indenture and those made part of the indenture by reference to the **Trust Indenture Act of 1939, as amended (the Trust Indenture Act)**.*

*The following description is a summary of the material provisions of the indenture and does not restate the indenture in its entirety. We urge you to read the indenture because the indenture, and not this description, defines your rights as a holder of the notes. Copies of the indenture are available from the trustee and a copy has been filed with the registration statement of which the accompanying prospectus is a part, as set forth below under **Where You Can Find More Information**. We use certain defined terms in this description that are not defined below under **Certain Definitions** or elsewhere in this description; these terms have the meanings assigned to them in the indenture.*

General

We will issue \$600.0 million aggregate principal amount of the 2022 notes and \$400.0 million aggregate principal amount of the 2027 notes in this offering.

The notes will be issued in minimum denominations of \$2,000 and multiples of \$1,000 thereafter.

We may, without the consent of the holders of the notes, issue additional notes having the same ranking, interest rate, maturity and other terms as the notes previously issued. Any additional notes having such similar terms, together with the notes previously issued, will constitute a single series of notes under the indenture.

The 2022 notes will mature on January 15, 2022. The 2027 notes will mature on January 15, 2027. Accrued and unpaid interest on the notes will be payable in USD semi-annually in arrears on January 15 and July 15 of each year, which we refer to as **interest payment dates**, beginning on January 15, 2017 to the persons in whose names the notes are registered at the close of business on the preceding January 1 and July 1, respectively, which we refer to as **record dates**. Interest on the notes will accrue from September 30, 2016 and will be computed on the basis of a 360-day year comprised of twelve 30-day months.

Each payment of interest on the notes will include interest accrued through the day before the applicable interest payment date. Any payment required to be made on any day that is not a Business Day will be made on the next Business Day as if made on the date that the payment was

Edgar Filing: AMERICAN TOWER CORP /MA/ - Form 424B2

due and no interest will accrue on that payment for the period from the original payment date to the date of that payment on the next Business Day.

We will pay principal and interest on the notes, register the transfer of the notes and exchange the notes at our office or agency maintained for that purpose, which initially will be the Corporate Trust Office of the trustee. We may change the paying agent or registrar without prior notice to the holders of the notes, and we or any of our subsidiaries may act as paying agent or registrar. So long as the notes are represented by global debt securities, the interest payable on the notes will be paid to Cede & Co., the nominee of the depositary, or its registered assigns as the registered owner of such global debt securities, by wire transfer of immediately available funds on each of the applicable interest payment dates. If any of the notes are no longer represented by

a global debt security, we have the option to pay interest by check mailed to the address of the person entitled to the interest. No service charge will be made for any transfer or exchange of notes, but we may require payment of a sum sufficient to cover any tax or other governmental charge payable.

The notes are our senior unsecured obligations and rank equally in right of payment with all our existing and future senior unsecured debt. The notes are effectively junior to all of our secured indebtedness to the extent of the assets securing such indebtedness. Our operations are conducted through our subsidiaries and, therefore, we depend on the cash flow of our subsidiaries to meet our obligations, including our obligations under the notes. Our subsidiaries are not guarantors of the notes. Accordingly, the notes are effectively subordinated to all indebtedness and other obligations of our subsidiaries. See Risk Factors Our holding company structure results in structural subordination of the notes and may affect our ability to make payments on the notes.

As of June 30, 2016, after giving effect to the transactions described under Capitalization, we and our subsidiaries would have had total outstanding consolidated debt of approximately \$18.8 billion, consisting of:

approximately \$14.5 billion of our indebtedness; and

approximately \$4.3 billion of indebtedness of our subsidiaries.

As of June 30, 2016, after giving effect to the transactions described under Capitalization, we had the ability to borrow an additional \$2.8 billion under the 2013 Credit Facility and the 2014 Credit Facility, net of approximately \$10.6 million of outstanding undrawn letters of credit.

As of the issue date, our current subsidiaries, other than those listed in the definition of Unrestricted Subsidiary under Certain Definitions below, will be Subsidiaries. Under certain circumstances, we will be able to designate current or future subsidiaries as Unrestricted Subsidiaries. Unrestricted Subsidiaries will not be subject to the restrictive covenants set forth in the indenture.

The notes are not subject to a sinking fund.

Transfer and Exchange

A holder may transfer or exchange notes in accordance with the indenture. The registrar and the trustee may require a holder, among other things, to furnish appropriate endorsements and transfer documents in connection with a transfer of notes. Holders will be required to pay all taxes due on transfer. We are not required to transfer or exchange any note selected for redemption or tendered for repurchase. Also, we are not required to transfer or exchange any note for a period of 15 days preceding the first mailing of notice of redemption of notes to be redeemed.

Optional Redemption

Edgar Filing: AMERICAN TOWER CORP /MA/ - Form 424B2

The 2022 notes are redeemable at our election, in whole or in part, at any time and from time to time at a redemption price equal to the greater of:

- (1) 100% of the principal amount of the 2022 notes to be redeemed then outstanding; and
- (2) as determined by an Independent Investment Banker, the sum of the present values of the remaining scheduled payments of principal and interest on the 2022 notes to be redeemed (not including any portion of such payments of interest accrued to the date of redemption) discounted to the redemption date on a semiannual basis (assuming a 360-day year consisting of twelve 30-day months) at the Adjusted Treasury Rate for the 2022 notes, plus 20 basis points;

plus, in either of the above cases, accrued and unpaid interest to the date of redemption on the 2022 notes to be redeemed.

S-16

Table of Contents

The 2027 notes are redeemable at our election, in whole or in part, at any time and from time to time. If we redeem the 2027 notes prior to October 15, 2026 (three months prior to their maturity date), we will pay a redemption price equal to the greater of:

- (1) 100% of the principal amount of the 2027 notes to be redeemed then outstanding; and
- (2) as determined by an Independent Investment Banker, the sum of the present values of the remaining scheduled payments of principal and interest on the 2027 notes to be redeemed that would be due if such notes matured on the First Par Call Date (not including any portion of such payments of interest accrued to the date of redemption) discounted to the redemption date on a semiannual basis (assuming a 360-day year consisting of twelve 30-day months) at the Adjusted Treasury Rate for the 2027 notes, plus 25 basis points;

plus, in either of the above cases, accrued and unpaid interest to the date of redemption on the 2027 notes to be redeemed.

If we redeem the 2027 notes on or after October 15, 2026 (three months prior to their maturity date), we will pay a redemption price equal to 100% of the principal amount of the 2027 notes to be redeemed plus accrued interest to the redemption date.

If the optional redemption date is on or after an interest record date and on or before the related interest payment date, the accrued and unpaid interest, if any, will be paid to the person in whose name the note is registered at the close of business on such record date.

We will mail or cause to be mailed a notice of redemption at least 30 days but not more than 60 days before the redemption date to each holder of the notes to be redeemed at their registered address, except that redemption notices may be mailed more than 60 days prior to a redemption date if the notice is issued in connection with a defeasance of the notes or a satisfaction and discharge of the indenture. Notices of redemption may not be conditional.

Unless we default in payment of the redemption price, on and after the redemption date, interest will cease to accrue on the notes or portions thereof called for redemption. Notes called for redemption become due on the date fixed for redemption.

If less than all of the notes are to be redeemed, the trustee will select notes for redemption as follows:

- (1) if the notes are listed on any national securities exchange, in compliance with the requirements of the principal national securities exchange on which the notes are listed; or
- (2) if the notes are not so listed, on a pro rata basis (subject to the procedures of DTC) or, to the extent a pro rata basis is not permitted, by lot or in such other manner as the trustee shall deem to be fair and appropriate.

However, no note of \$2,000 in principal amount or less shall be redeemed in part. If any note is to be redeemed in part only, the notice of redemption relating to such note will state the portion of the principal amount to be redeemed. A new note in principal amount equal to the unredeemed portion will be issued in the name of the holder thereof upon cancellation of the original note.

Repurchase of Notes Upon a Change of Control Triggering Event

If a Change of Control Triggering Event occurs with respect to the notes, each holder of notes will have the right to require us to repurchase all or any part, equal to \$2,000 or an integral multiple of \$1,000 thereafter, of

S-17

Table of Contents

that holder's notes, provided that any unpurchased portion of the notes will equal \$2,000 or an integral multiple of \$1,000 thereafter, pursuant to a Change of Control Offer on the terms set forth in the indenture. In the Change of Control Offer, we will offer a Change of Control Payment in cash equal to 101% of the aggregate principal amount of notes repurchased plus accrued and unpaid interest on the notes up to but excluding the date of repurchase. Within 30 days following any Change of Control Triggering Event, if we had not, prior to the Change of Control Triggering Event, sent a redemption notice for all the notes in connection with an optional redemption permitted by the indenture, we will mail or cause to be mailed a notice to each registered holder briefly describing the transaction or transactions that constitute a Change of Control Triggering Event and offering to repurchase notes on the date specified in such notice (the Change of Control Payment Date), which date will be no earlier than 30 days and no later than 60 days from the date the notice is mailed, pursuant to the procedures required by the indenture and described in such notice.

We will comply with the requirements of Rule 14e-1 under the Exchange Act and any other securities laws and regulations thereunder to the extent such laws and regulations are applicable to any Change of Control Offer. To the extent that the provisions of any securities laws or regulations conflict with the provisions of the indenture relating to the covenant described above, we will comply with the applicable securities laws and regulations and will not be deemed to have breached our obligations under the provisions of the indenture relating to the covenant described above by virtue of such conflict.

On the Change of Control Payment Date, we will, to the extent lawful:

- (1) accept for payment all notes or portions thereof properly tendered pursuant to the Change of Control Offer;
- (2) deposit with the paying agent an amount equal to the Change of Control Payment in respect of all notes or portions thereof properly tendered; and
- (3) deliver or cause to be delivered to the trustee the notes so accepted together with an Officers' Certificate stating the aggregate principal amount of notes or portions thereof being purchased by us.

The paying agent will promptly mail to each registered holder of notes so tendered the Change of Control Payment for such notes, and the trustee will promptly authenticate and mail, or cause to be transferred by book entry, to each holder a new note equal in principal amount to any unpurchased portion of the notes surrendered, if any; *provided* that each such new note will be in a principal amount of \$2,000 or an integral multiple of \$1,000 thereafter. Any note so accepted for payment will cease to accrue interest on and after the Change of Control Payment Date.

Except as described above, the provisions described above will be applicable regardless of whether or not any other provisions of the indenture are applicable. Other than with respect to a Change of Control Triggering Event, the indenture does not contain provisions that permit the holders of the notes to require that we repurchase or redeem the notes in the event of a takeover, recapitalization or similar transaction.

Holders will not be entitled to require us to purchase their notes in the event of a takeover, recapitalization, leveraged buyout or similar transaction that is not a Change of Control. We may nonetheless incur significant additional indebtedness in connection with such a transaction.

Edgar Filing: AMERICAN TOWER CORP /MA/ - Form 424B2

For the avoidance of doubt, a Change of Control will not be deemed to have occurred if we merge with an affiliate solely for the purpose of reincorporating American Tower in its current or another jurisdiction within the United States of America.

Holder may not be able to require us to purchase their notes in certain circumstances involving a significant change in the composition of our board of directors, including a proxy contest where our board of directors does not endorse the dissident slate of directors but approves them as Continuing Directors. In this regard, a decision

S-18

Table of Contents

of the Delaware Chancery Court (not involving us or our securities) considered a change of control redemption provision of an indenture governing publicly traded debt securities that is substantially similar to the change of control event described in clause (3) of the definition of Change of Control. In its decision, the court noted that a board of directors may approve a dissident shareholder's nominees solely for purposes of such an indenture, provided the board of directors determines in good faith that the election of the dissident nominees would not be materially adverse to the interests of the corporation or its stockholders (without taking into consideration the interests of the holders of debt securities in making this determination). See Risk Factors We may be unable to repay the notes when due or repurchase the notes when we are required to do so and holders may be unable to require us to repurchase their notes in certain circumstances.

We will not be required to make a Change of Control Offer upon a Change of Control Triggering Event if a third party makes the Change of Control Offer in the manner, at the times and otherwise in compliance with the requirements set forth in the indenture applicable to a Change of Control Offer made by us and purchases all notes properly tendered and not withdrawn under the Change of Control Offer.

A Change of Control Offer may be made in advance of a Change of Control Triggering Event, and conditional upon the occurrence of such Change of Control Triggering Event, if a definitive agreement is in place for the Change of Control Triggering Event at the time of making the Change of Control Offer.

There can be no assurance that we will have sufficient funds available at the time of any Change of Control Triggering Event, and consummate a Change of Control Offer for all notes then outstanding, at a purchase price for 101% of their principal amount, plus accrued and unpaid interest to the Change of Control Payment Date. The indentures for our other outstanding indebtedness also provide for repurchase rights upon a change in control and, in some cases, certain other events under different terms. As a result, holders of our other indebtedness may have the ability to require us to repurchase their debt securities before the holders of the notes offered hereby would have such repurchase rights. In addition, a Change of Control (as described herein) and certain other change of control events would constitute an event of default under the 2013 Credit Facility and the 2014 Credit Facility. As a result, we may not be able to make any of the required payments on, or repurchases of, the notes without obtaining the consent of the lenders under the 2013 Credit Facility or the 2014 Credit Facility with respect to such payment or repurchase.

Covenants

Limitations on liens

Under the indenture, we will not, and will not permit any of our Subsidiaries to, allow any Lien (other than Permitted Liens) on any of our or our Subsidiaries' property or assets (which includes Capital Stock) securing Indebtedness, unless the Lien secures the notes equally and ratably with, or prior to, any other Indebtedness secured by such Lien, so long as such other Indebtedness is so secured.

Notwithstanding the foregoing, we may, and may permit any of our Subsidiaries to, incur Liens securing Indebtedness without equally and ratably securing the notes if, after giving effect to the incurrence of such Liens, the aggregate amount (without duplication) of the Indebtedness secured by Liens (other than Permitted Liens) on the property or assets (which includes Capital Stock) of us and our Subsidiaries shall not exceed the Permitted Amount at the time of the incurrence of such Liens (it being understood that Liens securing the SpectraSite ABS Facility shall be deemed to be incurred pursuant to this paragraph).

Trustee

The trustee for the notes is U.S. Bank National Association, and we have initially appointed the trustee as the paying agent, registrar, and custodian with regard to the notes. Except during the continuance of an Event of Default, the trustee will perform only such duties as are specifically set forth in the indenture. During the existence of an Event of Default, the trustee will exercise such of the rights and powers vested in it under the

S-19

Table of Contents

indenture and use the same degree of care and skill in its exercise as a prudent person would exercise under the circumstances in the conduct of such person's own affairs. The holders of a majority in principal amount of the then outstanding notes will have the right to direct the time, method and place of conducting any proceeding for exercising any remedy available to the trustee, subject to certain exceptions. Subject to these provisions, the trustee will be under no obligation to exercise any of its rights or powers under the indenture at the request of any holder of notes, unless such holder has offered to the trustee security and indemnity satisfactory to it against any loss, liability or expense.

Pursuant and subject to the Trust Indenture Act, the trustee will be permitted to engage in other transactions with us; however, if the trustee acquires any conflicting interest (as defined in the Trust Indenture Act), it would be required to eliminate such conflict within 90 days, apply to the SEC for permission to continue as trustee or resign. The trustee is also the trustee under the trust and servicing agreement related to our securitization transaction.

Governing Law

The indenture and the notes will be governed by and construed in accordance with the laws of the State of New York.

Book-Entry; Delivery and Form

We have obtained the information in this section concerning DTC, Clearstream Banking, *société anonyme* (Clearstream), and the Euroclear System (Euroclear) and their book-entry systems and procedures from sources that we believe to be reliable. We take no responsibility for an accurate portrayal of this information. In addition, the description of the clearing systems in this section reflects our understanding of the rules and procedures of DTC, Clearstream and Euroclear as they are currently in effect. Those systems could change their rules and procedures at any time.

The notes will initially be represented by one or more fully registered global notes. Each such global note will be deposited with, or on behalf of, DTC or any successor thereto and registered in the name of Cede & Co. (DTC's nominee). You may hold your interests in the global notes in the United States through DTC, or in Europe through Clearstream or Euroclear, either as a participant in such systems or indirectly through organizations that are participants in such systems. Clearstream and Euroclear will hold interests in the global notes on behalf of their respective participating organizations or customers through customers' securities accounts in Clearstream's or Euroclear's names on the books of their respective depositories, which in turn will hold those positions in customers' securities accounts in the depositories' names on the books of DTC. Citibank, N.A. will act as depositary for Clearstream and Euroclear Bank S.A./N.V. will act as depositary for Euroclear.

So long as DTC or its nominee is the registered owner of the global securities representing the notes, DTC or such nominee will be considered the sole owner and holder of the notes for all purposes of the notes and the indenture. Except as provided below, owners of beneficial interests in the notes will not be entitled to have the notes registered in their names, will not receive or be entitled to receive physical delivery of the notes in definitive form and will not be considered the owners or holders of the notes under the indenture, including for purposes of receiving any reports delivered by us or the trustee pursuant to the indenture. Accordingly, each person owning a beneficial interest in a note must rely on the procedures of DTC or its nominee and, if such person is not a participant, on the procedures of the participant through which such person owns its interest, in order to exercise any rights of a holder of notes.

Edgar Filing: AMERICAN TOWER CORP /MA/ - Form 424B2

Unless and until we issue the notes in fully certificated, registered form under the limited circumstances described below under the heading Certificated Notes :

you will not be entitled to receive a certificate representing your interest in the notes;

all references in this prospectus supplement to actions by holders will refer to actions taken by DTC upon instructions from its direct participants; and

S-20

all references in this prospectus supplement to payments and notices to holders will refer to payments and notices to DTC or Cede & Co., as the registered holder of the notes, for distribution to you in accordance with DTC procedures.

The Depository Trust Company

DTC will act as securities depository for the notes. The notes will be issued as fully registered notes registered in the name of Cede & Co. DTC is:

- a limited-purpose trust company organized under the New York Banking Law;
- a banking organization under the New York Banking Law;
- a member of the Federal Reserve System;
- a clearing corporation under the New York Uniform Commercial Code; and
- a clearing agency registered under the provisions of Section 17A of the Exchange Act.

DTC holds securities that its direct participants deposit with DTC. DTC facilitates the settlement among direct participants of securities transactions, such as transfers and pledges, in deposited securities through electronic computerized book-entry changes in direct participants accounts, thereby elimin
