DEAR FELLOW STOCKHOLDERS:

You are invited to join us at the 2017 Annual Meeting of Stockholders of FTI Consulting, Inc., a Maryland corporation, on Wednesday, June 7, 2017, at 9:30 a.m., Eastern Daylight Time, at our executive office, which will be located at 555 12th Street NW, Washington, DC 20004 at the time of the meeting date.

Attached you will find a Notice of Meeting and our Proxy Statement, which contains information regarding the proposals that the Board of Directors is submitting to a vote of the stockholders, as well as instructions on how to vote your shares of common stock.

If you plan to attend the meeting in person, you must register in advance by no later than May 24, 2017, and obtain an admission ticket. Please respond affirmatively to the request for that information on the Internet or mark that box on the proxy card if you received paper copies of the proxy materials. You will be asked to present your admission ticket and valid picture identification, such as a driver's license or passport, to enter the meeting. Cameras, recording devices and other electronic devices will not be permitted at the meeting.

Whether or not you attend the meeting in person, your vote is important to us. You can ensure that your shares are represented by promptly authorizing a proxy to vote your shares by telephone or the Internet, or by completing, signing, dating and returning your proxy card or voting instruction card in the return envelope provided to you. Instructions on how to vote your shares begin on page 1 of the Proxy Statement.

Sincerely,

Gerard E. Holthaus

Chairman of the Board

FINANCIAL AND OPERATING HIGHLIGHTS

We Improved Our 2016 Financial and Operational Performance. We continued to execute on our strategy of organic growth and key growth initiatives as demonstrated by the following:

we **INCREASED** earnings per diluted share (EPS) and adjusted earnings per diluted share (Adjusted EPS ⁽¹⁾) to \$2.05 and \$2.24, respectively, for the year ended December 31, 2016, from \$1.58 and \$1.84, respectively, for the year ended December 31, 2015, an increase of 29.7% and 21.7%, respectively;

we **INCREASED** net income to \$85.5 million for the year ended December 31, 2016 from \$66.1 million for the year ended December 31, 2015, an increase of 29.5%;

we **INCREASED** revenues to \$1.81 billion for the year ended December 31, 2016, an increase of 1.8%, compared with \$1.78 billion for the prior year (excluding the estimated negative impact of foreign currency translation, revenues increased 3.6% compared with the prior year);

we **INCREASED** net cash provided by operating activities to \$233.4 million for the year ended December 31, 2016 from \$139.9 million for the year ended December 31, 2015, an increase of 66.9%; and

the closing price of our common stock, par value \$0.01 per share (Common Stock), reported on the New York Stock Exchange **INCREASED** to \$45.08 per share on December 30, 2016 from \$33.80 per share on January 4, 2016.

We Deployed Our Capital Wisely. During 2016, we used our cash to increase stockholder value as demonstrated by the following:

we **DECREASED** our total debt by \$130.0 million to \$370.0 million at December 31, 2016 from \$500.0 million at December 31, 2015, by reducing the balance of borrowings under our senior secured bank credit facility;

we **REDUCED** our Leverage Ratio⁽¹⁾ (total debt divided by Adjusted EBITDA) to 1.82 at December 31, 2016 from 2.43 at December 31, 2015;

we **REPURCHASED** 537,400 shares of our Common Stock during 2016, at an average per share price of \$39.97, for an aggregate cost of \$21.5 million, under the \$100.0 million stock repurchase program authorized by the Board of Directors (the Board) on June 2, 2016; and

we **GREW** our headcount year-over-year with a net increase of 80 billable professionals.

- (1) Adjusted EPS, Adjusted EBITDA and Adjusted Net Cash Flow, which are referenced in this Proxy Summary, are financial measures not prepared in accordance with Accounting Principles Generally Accepted in the United States (GAAP). For a discussion of these non-GAAP financial measures refer to Executive Officers and Compensation Executive Summary We Improved Our 2016 Financial and Operational Performance on page 44 of this Proxy Statement. See [Appendix B](#) for the definition of each of these non-GAAP measures and the reconciliation to the most directly comparable GAAP measure. We have defined Leverage Ratio as (i) total debt, divided by (ii) Adjusted EBITDA. Leverage Ratio does not have a most directly comparable GAAP measure to which it can be reconciled.

Table of Contents

2016 STOCKHOLDER ENGAGEMENT

We Listened. During 2016, we held discussions regarding our executive compensation programs with 11 of our largest stockholders holding an aggregate of 55.5% of our outstanding shares of Common Stock as of December 31, 2016, and, after considering their feedback, our Compensation Committee strengthened our 2016 annual incentive pay (AIP) and 2016 long-term incentive pay (LTIP) programs with the following changes:

increased the 2016 AIP objective performance threshold based on adjusted net cash provided by operating activities (Adjusted Net Cash Flow¹) to \$75.0 million from \$72.0 million for 2015;

substituted Adjusted EBITDA (in lieu of Adjusted Net Cash Flow), as an operative performance metric for purposes of determining one-third of target AIP payable to eligible executive officers; and

capped the LTIP payout on negative total shareholder return (TSR) performance relative to the S&P 500 at 100% of target.

GOVERNANCE HIGHLIGHTS

Strong Board independence (7 of 8 director nominees are independent) (*page 9*)

Annual election of directors (*page 10*)

Majority vote for the election of directors in uncontested elections (*page 10*)

Independent non-employee Chairman of the Board (*page 22*)

Non-employee director equity ownership policy (*page 21*)

Executive officer equity ownership policy (*pages 56-57*)

Claw back policy (*page 56*)

No hedging or pledging is permitted by our officers and directors (*page 56*)

No stockholder rights plan (Poison Pill)

CHIEF EXECUTIVE OFFICER COMPENSATION HIGHLIGHTS (PAGES 44 TO 57)

Our 2016 Compensation Programs Reward the Performance of Our President and Chief Executive Officer (our CEO). We believe that our 2016 compensation programs reward our CEO for generating value for our stockholders, as demonstrated by the following:

70.5% of total compensation delivered to our CEO was variable and tied to performance;

66.7% of variable AIP opportunity delivered to our CEO was tied to annual financial performance measures based on Adjusted EPS and Adjusted EBITDA, and the balance of AIP was based on the Compensation Committee's subjective evaluation of our CEO's performance, paying out the aggregate amount at 123.68% of target for 2016;

50.0% of variable LTIP opportunity was delivered to our CEO in the form of performance-based restricted stock units, subject to an objective financial performance measure based on our achievement of TSR levels relative to the S&P 500, measured over the three-year period ending December 31, 2018;

25.0% of variable LTIP opportunity was delivered to our CEO in the form of stock options, subject to an exercise price equal to 100% of the closing price per share of our Common Stock on the grant date and pro rata three-year vesting conditions; and

25.0% of LTIP opportunity was delivered to our CEO in the form of shares of restricted stock, subject to pro rata three-year vesting conditions.

Our CEO Compensation Programs Promote Pay-for-Performance. Since our CEO joined us in January 2014, we have:

Capped annual cash base salary of our CEO at \$1.0 million;

Table of Contents

Increased our CEO stock ownership requirement to five times (5x) annual cash base salary;

Increased the percentage of AIP opportunity that is subject to financial performance to 66.7% of target AIP;

Increased the percentage of LTIP opportunity that is subject to financial performance (including stock options) to 75% of target LTIP;

Limited severance payable to our CEO upon termination by the Company without Cause or by our CEO for Good Reason to an amount equal to one and one-half times (1.5x) the sum of annual cash base salary plus target AIP (increasing to two times (2x) the sum of annual cash base salary plus target AIP if such termination occurs during the 18-month period following a Change in Control) (as defined in our CEO s employment agreement);

Eliminated automatic single trigger acceleration of LTIP awards, general equity awards and severance benefits on a change in control; and

Added a relative TSR cap for negative performance at 100% of target, regardless of actual TSR performance, beginning with the LTIP opportunity in the form of performance-based restricted stock units awarded in 2016 for the three-year measurement period ending December 31, 2018.

DIRECTOR NOMINEES

Our director nominees provide a fresh perspective and diversity:

You are being asked to elect as directors the eight nominees named in the Proxy Statement. Each of our current directors is standing for reelection to hold office until the next annual meeting of stockholders and until his or her successor is duly elected and qualifies. Detailed information about each nominee can be found in Information about the Board of Directors and Committees starting on page 7.

The following table provides summary information about each director nominee:

Table of Contents**SUMMARY OF VOTING PROPOSALS AND BOARD RECOMMENDATIONS**

Proposal Number	Proposal	Board Voting Recommendation
-----------------	----------	-----------------------------

No. 1 Elect as directors the eight nominees named in the Proxy Statement **FOR each nominee**

Each of the eight incumbent directors has been nominated by the Board to stand for reelection as directors of the Company. Each nominee, if elected, will serve as a director for a term expiring at the next annual meeting of stockholders and until his or her successor is duly elected and qualifies.

(See page 10)

No. 2 Vote on the approval of the FTI Consulting, Inc. 2017 Omnibus Incentive Compensation Plan (the 2017 Plan) **FOR**

Effective upon the approval of stockholders, the 2017 Plan will (i) authorize shares of our Common Stock for equity awards, (ii) restrict the release of accumulated dividends and dividend equivalents on account of unearned equity awards, and (iii) limit total compensation (consisting of cash retainers and other cash compensation, as well as equity awards granted under the 2017 Plan) payable per non-employee director per calendar year to \$750,000. We believe that the available shares of our Common Stock under the 2017 Plan will be sufficient to cover our equity needs for three years (including 2017), through our judicious use of equity compensation as evidenced by our adjusted burn rate of 3.89% (compared with the adjusted burn rate of 4.14% of our industry classification group) for the three-year period ended December 31, 2016. *(See page 25)*

No. 3 Ratify the appointment of KPMG LLP as FTI Consulting, Inc.'s independent registered public accounting firm for the year ending December 31, 2017 **FOR**

Our Audit Committee has appointed KPMG LLP as the independent registered public accounting firm to audit our books and records for the year ending December 31, 2017. KPMG has acted as our auditor since 2006. We are offering stockholders the opportunity to ratify the appointment of our independent registered public accounting firm as a matter of good corporate governance practice. *(See page 38)*

No. 4 Vote on an advisory (non-binding) resolution to approve the compensation of the named executive officers as described in the Proxy Statement **FOR**

In accordance with applicable law and the preference of our stockholders to cast an advisory (non-binding) vote on say-on-pay every year, we are affording our stockholders the opportunity to cast an advisory (non-binding) vote to approve the following resolution:

RESOLVED, that the stockholders approve, on an advisory basis, the compensation of the Company's named executive officers as described

pursuant to the rules of the Securities and Exchange Commission in the Proxy Statement. *(See page 39)*

No. 5 Advisory (non-binding) vote on the frequency of an advisory (non-binding) vote on executive compensation

FOR 1 Year

In accordance with applicable law, stockholders are being afforded the opportunity to cast an advisory (non-binding) vote on how often we should hold an advisory (non-binding) vote on say-on-pay in the future. The frequency options are to hold the advisory vote to approve executive compensation every year, every two years or every three years. We currently afford stockholders the opportunity to submit an advisory (non-binding) vote on say-on-pay every year. *(See page 40)*

The transaction of any other business that may properly come before the meeting.

PROXY STATEMENT FOR 2017 ANNUAL MEETING OF STOCKHOLDERS

The 2017 Annual Meeting of Stockholders (the **Annual Meeting**) of FTI Consulting, Inc., a Maryland corporation (the **Company**), will be held on June 7, 2017, at 9:30 a.m., Eastern Daylight Time, at FTI Consulting, Inc.'s executive office, which will be located at 555 12th Street NW, Washington, DC 20004 at the time of the meeting.

Our Board of Directors (our **Board**) is soliciting your proxy to be voted at our Annual Meeting because you were a stockholder of the Company at the close of business on March 29, 2017, the record date for the Annual Meeting (the **Record Date**), and are entitled to vote at the Annual Meeting or any postponement or adjournment of the Annual Meeting.

This proxy statement (**Proxy Statement**) provides information that you should read before you vote (or authorize a proxy to vote) on the proposals that will be presented to you at the Annual Meeting and is intended to assist you in deciding how to vote your shares of common stock, par value \$0.01 per share (**Common Stock**), of the Company.

On or about April 25, 2017, we began mailing or emailing a Notice of Internet Availability of Proxy Materials (**Notice**) containing instructions on how to access this Proxy Statement and our Annual Report to Stockholders for the year ended December 31, 2016 (the **Annual Report**) online, and we began sending a full set of the proxy materials and Annual Report to stockholders who previously requested paper copies.

Table of Contents

INFORMATION ABOUT THE ANNUAL MEETING AND VOTING

WHY AM I RECEIVING THESE PROXY MATERIALS?

You are invited to attend the Annual Meeting and are entitled to vote on the items of business described in this Proxy Statement. The proxy materials include the Notice of Annual Meeting, this Proxy Statement for the Annual Meeting and our Annual Report. If you received a paper copy of these materials by mail or email, the proxy materials also include a proxy card or voting instruction card for the Annual Meeting.

The information in this Proxy Statement describes (i) the proposals to be voted on at the Annual Meeting, (ii) the voting process, (iii) the eight nominees for director named in this Proxy Statement, (iv) information about our Board and committees of our Board (the Committees), (v) the compensation of our named executive officers and non-employee directors for the year ended December 31, 2016, and (vi) certain other information we are required to or have chosen to provide to you.

WHEN AND WHERE WILL THE COMPANY HOLD THE ANNUAL MEETING?

The Annual Meeting will be held on Wednesday, June 7, 2017, at 9:30 a.m., Eastern Daylight Time, at our executive office located at 555 12th Street NW, Washington, DC 20004, telephone no. +1.202.312.9100.

WHO MAY VOTE AT THE ANNUAL MEETING?

You may vote all of the shares of our Common Stock that you own of record at the close of business on the Record Date. You may cast one vote for each share that you own. As of the close of business on the Record Date, 41,316,852 shares of our Common Stock were issued and outstanding, and entitled to vote at the Annual Meeting.

WHAT IS A QUORUM?

A quorum must be present at the Annual Meeting in order to transact business. A quorum will be present if a majority of our shares of Common Stock entitled to vote are represented at the Annual Meeting, either in person or by proxy. If a quorum is not present, no business may be conducted at the Annual Meeting, in which case the Annual Meeting may be adjourned, without a vote of stockholders by the chairman of the Annual Meeting, until such time as a quorum is present.

Proxies received and marked as abstentions from voting on a proposal, and broker non-votes are counted for determining whether a quorum is present. A broker non-vote results when a trust, broker, bank, or other nominee or fiduciary that holds shares for another person has not received voting instructions from the owner of the shares and, under the applicable rules, does not have the discretionary authority to vote on a matter. If a properly executed proxy has not been returned, the holder is not present for quorum purposes.

Table of Contents

WHAT AM I VOTING ON, HOW MANY VOTES ARE REQUIRED TO ELECT DIRECTORS AND APPROVE THE OTHER PROPOSALS, AND HOW DOES THE BOARD RECOMMEND I VOTE?

Proposal No. 1: Elect as directors the eight nominees named in the Proxy Statement

As there are eight nominees for the eight seats up for election, each nominee will be elected as a director if he or she receives the affirmative vote of a majority of the total votes cast FOR and WITHHELD with respect to his or her election as a director at the Annual Meeting. Any abstentions or broker non-votes are not counted as votes cast either FOR or WITHHELD with respect to a director's election and will have no effect on the election of directors.

The Board recommends a vote FOR the election of each nominee as a director.

Proposal No. 2: Vote on the approval of the FTI Consulting, Inc. 2017 Omnibus Incentive Compensation Plan

Approval of the FTI Consulting, Inc. 2017 Omnibus Incentive Compensation Plan, effective as of June 7, 2017, requires a majority of the votes cast on the proposal at the Annual Meeting to be voted FOR this proposal. For purposes of this proposal, pursuant to the rules of the New York Stock Exchange (the NYSE), abstentions will constitute votes cast and, therefore, will have the same effect as votes AGAINST the proposal. Broker non-votes will not have any effect on the result of the vote.

The Board recommends a vote FOR the approval of the FTI Consulting, Inc. 2017 Omnibus Incentive Compensation Plan, effective as of June 7, 2017.

Proposal No. 3: Ratify the appointment of KPMG LLP (KPMG) as FTI Consulting, Inc.'s independent registered public accounting firm for the year ending December 31, 2017

Ratification of the appointment of KPMG as the Company's independent registered public accounting firm for the year ending December 31, 2017 requires a majority of the votes cast on the proposal at the Annual Meeting to be voted FOR this proposal. Abstentions will not count as votes cast either FOR or AGAINST Proposal No. 3, and will have no effect on the results of the vote on this proposal.

The Board recommends a vote FOR the ratification of the appointment of KPMG.

Proposal No. 4: Vote on an advisory (non-binding) resolution to approve the compensation of the named executive officers as described in the Proxy Statement

The approval of a resolution approving the compensation of our named executive officers as described in this Proxy Statement is an advisory (non-binding) vote. However, the Board and the Compensation Committee will consider the affirmative vote of a majority of the votes cast FOR the proposal as approval of the compensation paid to the Company's named executive officers as described in this Proxy Statement. Abstentions and broker non-votes will not be counted as votes cast either FOR or AGAINST Proposal No. 4, and will have no effect on the results of the vote on this proposal.

The Board recommends a vote FOR the advisory (non-binding) resolution to approve the compensation of our named executive officers as described in this Proxy Statement.

Proposal No. 5: Advisory (non-binding) vote on the frequency of an advisory (non-binding) vote on executive compensation

A majority of the votes cast for Proposal No. 5 will determine the stockholders preferred frequency for holding an advisory (non-binding) vote on executive compensation. This means that the option for holding an advisory vote every 1 year, every 2 years, or every 3 years receiving a majority of the votes cast on Proposal No. 5 will be considered the preferred frequency of the stockholders. In the event that no option receives a majority of the votes cast, we will consider the option receiving the most votes to be the option selected by stockholders. Any abstentions or broker non-votes will not be counted as votes cast with respect to Proposal No. 5, and will have no effect on the results of the vote on this proposal.

The Board recommends a vote FOR holding an advisory vote every 1 year (as opposed to every 2 years or every 3 years).

If you sign, date and return a proxy card, but do not complete voting instructions for a proposal, your shares will be voted with respect to such proposal by the named proxies in accordance with the Board's above recommendations and in the discretion of the proxy holder on any other matter that may properly come before the Annual Meeting.

Table of Contents

HOW DO I VOTE MY SHARES?

You have one vote for each share of Common Stock that you owned of record at the close of business on the Record Date. Even if you plan to attend the Annual Meeting in person, please authorize a proxy to vote your shares right away, using one of the following advance voting methods and following the instructions on the Notice or the proxy card that you received from us, or voting instruction card that you received from your broker, trust, bank, or other nominee or fiduciary. By voting by proxy, you will be directing the persons designated as proxy holders as your proxies to vote your shares of Common Stock at the Annual Meeting in accordance with your instructions. If you sign, date and return a proxy card, but do not complete voting instructions for a proposal, your shares will be voted with respect to such proposal by the named proxies in accordance with the Board's recommendations and in the discretion of the proxy holders on any other matter that may properly come before the Annual Meeting.

In Person? You can attend the Annual Meeting, and complete and submit a ballot, if you are a stockholder of record, meaning that you hold your shares in certificate form or through an account with our transfer agent, American Stock Transfer & Trust Company. If you are not a stockholder of record, but hold your shares through a broker, trust, bank, or other nominee or fiduciary, you must obtain a legal proxy giving you the right to vote such shares from such record holder in order to vote in person. See "How Do I Attend the Annual Meeting in Person?" on page 6 for instructions on how to obtain an admission ticket and the other requirements to attend the Annual Meeting.

By Internet? You can vote by visiting www.proxyvote.com if you received a Notice. You can also vote by following the instructions if you received a paper proxy card or voting instruction card. Internet voting is available 24 hours a day until 11:59 p.m., Eastern Daylight Time, on June 6, 2017. You will be given the opportunity to confirm that your instructions have been properly recorded.

By Telephone? You can vote by telephone by calling toll free +1.800.690.6903 and following the instructions. Stockholders who are beneficial owners and who receive paper voting instruction cards, may vote by telephone by calling the number specified on the voting instruction card provided by their broker, trust, bank, or other nominee or fiduciary. Telephone voting is available 24 hours a day until 11:59 p.m., Eastern Daylight Time, on June 6, 2017.

By Mail? If you received a paper copy of a proxy card or voting instruction card, you may vote by completing, signing and dating the proxy card or voting instruction card, and returning it in the accompanying pre-addressed envelope. **IF YOU DECIDE TO VOTE BY MAIL, YOUR PROXY CARD WILL BE VALID ONLY IF YOU COMPLETE, SIGN, DATE AND RETURN IT BEFORE THE ANNUAL MEETING DATE.**

If you vote via the Internet or by telephone, please do not return a paper proxy card or voting instruction card to vote your shares.

WHY DID I RECEIVE A NOTICE OF INTERNET AVAILABILITY OF PROXY MATERIALS?

We are sending a Notice, by mail or email, to many stockholders instead of paper copies of the proxy materials. All stockholders receiving the Notice will find instructions on how to access this Proxy Statement and our Annual Report

on the website referred to in the Notice or to request a printed set of these materials at no charge. Choosing to receive future proxy materials by email will save us the cost of printing and mailing documents, and will reduce the impact on the environment of holding annual meetings. Your election to receive proxy materials by email will remain in effect until it is terminated. Your Notice will contain instructions on how to:

view our proxy materials for the Annual Meeting on the Internet;

view our Annual Report on the Internet;

vote your shares; and

instruct us to send future proxy materials to you by mail or electronically by email.

CAN I VOTE MY SHARES BY FILLING OUT AND RETURNING THE NOTICE?

No. The Notice identifies the items to be voted on at the Annual Meeting, but you cannot vote by marking and returning the Notice. The Notice provides instructions on how to vote by Internet, by telephone, by requesting a paper proxy card, or by attending the Annual Meeting and submitting a ballot in person.

WHY DID I RECEIVE PAPER COPIES OF THE PROXY MATERIALS AND ANNUAL REPORT?

We are providing some of our stockholders, including stockholders who have previously requested paper copies of the proxy materials and Annual Report, and some of our stockholders who live outside the United States (U.S.), with paper copies of this Proxy Statement and the Annual Report, instead of the Notice. In addition, any stockholder may request to receive proxy materials in printed form by mail or electronically by email on an ongoing basis.

Table of Contents

HOW CAN I REQUEST PAPER COPIES OF THE PROXY MATERIALS AND ANNUAL REPORT?

Stockholders will find instructions about how to obtain paper copies of the proxy materials and Annual Report in the Notice or the email you receive.

WHO PAYS THE COSTS OF THE PROXY SOLICITATION?

The Company will pay the cost of soliciting proxies. In addition to the mailing and emailing of the Notice, and these proxy materials and the Annual Report, the solicitation of proxies or votes may be made in person, by telephone or by electronic communication by our officers, directors and employees, who will not receive any additional compensation for such solicitation activities.

WHAT DOES IT MEAN IF I RECEIVED MORE THAN ONE PROXY CARD OR VOTING INSTRUCTION CARD?

If you receive more than one proxy card or voting instruction card, it means that you have multiple accounts with our transfer agent and/or a broker, trust, bank, or other nominee or fiduciary, or you may hold shares in different ways or in multiple names (such as through joint tenancy, trusts and custodial accounts). Please vote all of your shares.

WILL MY SHARES BE VOTED IF I DO NOT COMPLETE, SIGN, DATE AND RETURN MY PROXY CARD OR VOTING INSTRUCTION CARD, OR VOTE BY SOME OTHER METHOD?

If you are a registered record stockholder and you do not vote your shares by Internet or by telephone, or by completing, signing, dating and returning a paper proxy card or voting instruction card, your shares will not be voted unless you attend the Annual Meeting and vote in person. In addition, if you sign, date and return a proxy card, but do not complete voting instructions for a proposal, your shares will be voted with respect to such proposal by the named proxies in accordance with the Board's recommendations and in the discretion of the proxy holder on any other matter that may properly come before the Annual Meeting.

If your shares are held in a brokerage account or by a trust, bank, or other nominee or fiduciary, you are considered the beneficial owner of shares held in street name, and the Notice or proxy materials were forwarded to you by that organization. In order to vote your shares, you must follow the voting instructions forwarded to you by or on behalf of that organization. Brokerage firms, trusts, banks, or other nominees and fiduciaries are required to request voting instructions for shares they hold on behalf of customers and others. As the beneficial owner, you have the right to direct the record holder how to vote and you are also invited to attend the Annual Meeting. We encourage you to provide instructions to your broker, trust, bank, or other nominee or fiduciary on how to vote your shares. Since a beneficial owner is not the record stockholder, you may not vote the shares in person at the Annual Meeting unless you obtain a legal proxy from the record holder giving you the right to vote the shares at the meeting.

Even if you do not provide voting instructions on your voting instruction card, if you hold shares through an account with a broker, trust, bank, or other nominee or fiduciary your shares may be voted. Brokerage firms have the authority under NYSE rules to vote shares for which their customers do not provide voting instructions on certain routine matters. Proposal No. 3, to ratify the appointment of KPMG as our independent registered public accounting firm for the year ending December 31, 2017, is considered a routine matter for which brokers, trusts, banks, or other nominees or fiduciaries may vote in the absence of specific instructions.

When a proposal is not considered routine and the broker, trust, bank, or other nominee or fiduciary has not received voting instructions from the beneficial owner of the shares with respect to such proposal, such firm cannot vote the

shares on that proposal. All proposals, other than Proposal No. 3, are non-routine proposals. Votes that cannot be cast by a broker, trust, bank, or other nominee or fiduciary on non-routine matters are known as broker non-votes.

HOW CAN I REVOKE MY PROXY AND CHANGE MY VOTE PRIOR TO THE ANNUAL MEETING?

You may change your vote at any time prior to the vote taken at the Annual Meeting. You may revoke or change your vote in any one of four ways:

You may notify our Corporate Secretary, at our office at 2 Hamill Road, North Building, Baltimore, Maryland 21210, in writing that you wish to revoke your proxy.

You may submit a proxy dated later than your original proxy.

You may attend the Annual Meeting and vote by ballot if you are a stockholder of record. Merely attending the Annual Meeting will not by itself revoke a proxy. You must submit a ballot and vote your shares of Common Stock at the Annual Meeting.

Table of Contents

For shares you hold beneficially or in street name, you may change your vote by following the specific voting instructions provided to you by the record holder to change or revoke any instructions you have already provided, or, if you obtained a legal proxy from your broker, trust, bank, or other nominee or fiduciary giving you the right to vote your shares, by attending the Annual Meeting and voting in person.

HOW DO I ATTEND THE ANNUAL MEETING IN PERSON?

If you plan to attend the Annual Meeting, you must register in advance by no later than May 24, 2017 and follow these instructions to gain admission. Attendance at the Annual Meeting is limited to stockholders as of the close of business on the Record Date or their authorized representatives. Cameras, sound or video recording equipment, cellular telephones, smartphones or other similar equipment, and electronic devices will not be allowed in the meeting room. To gain admission to the Annual Meeting, you must present an admission ticket and valid picture identification, such as a driver's license or passport.

If You Vote by Mail. If you are a stockholder of record and receive your proxy materials by mail, you must mark the box on the proxy card you return to the Company indicating that you will attend the Annual Meeting. Your admission ticket is attached to your proxy card.

If You Vote by Internet. If you are a stockholder of record and receive your materials electronically, and vote via the Internet, there will be instructions to follow when voting to register to attend the Annual Meeting and print out your admission ticket.

Beneficial Owners. If you are a beneficial owner, bring the notice or voting instruction card that you received from the record holder to be admitted to the Annual Meeting. You will also be asked to present your brokerage statement reflecting your ownership of shares prior to the close of business on the Record Date. You will not be able to vote your shares at the Annual Meeting without a legal proxy from the record holder.

Authorized Named Representatives. If you are a stockholder as of the Record Date and intend to appoint an authorized named representative to attend the Annual Meeting on your behalf, you must send a written request for an admission ticket by regular mail to our Corporate Secretary at FTI Consulting, Inc., 2 Hamill Road, North Building, Baltimore, Maryland 21210 or by fax to +1.410.951.4878. **Requests for authorized named representatives to attend the Annual Meeting must be received by no later than Wednesday, May 24, 2017.** Please include the following information when submitting your request: (i) your name and complete mailing address; (ii) proof that you own shares of Common Stock of the Company prior to the close of business on the Record Date (such as a brokerage statement showing your name and address or a letter from the brokerage firm, trust, bank, or other nominee or fiduciary holding your shares); (iii) a signed authorization appointing such individual to be your authorized named representative at the meeting, which includes the individual's name, mailing address, telephone number and email address, and a description of the extent of his or her authority; and (iv) a legal proxy if you intend such representative to vote your shares at the meeting.

We reserve the right to deny entry to the Annual Meeting if the above conditions are not satisfied.

ADDITIONAL INFORMATION

On or about April 25, 2017, we began sending a Notice of Internet Availability of Proxy Materials, including Internet availability of the Annual Report, or the Notice of the Annual Meeting, this Proxy Statement and the Annual Report in paper copies, to the Company's stockholders of record as of the close of business on the Record Date. The Annual Report does not constitute a part of the proxy solicitation materials. The Annual Report provides you with additional information about the Company. Copies of our Notice of Annual Meeting, Proxy Statement and Annual Report are available on our website at <http://www.fticonsulting.com>, under About Governance Annual Reports & Proxy Statements.

INFORMATION ABOUT THE BOARD OF DIRECTORS AND COMMITTEES

THE DIRECTOR NOMINATION PROCESS

Identification of Candidates as Directors for Election at the Annual Meeting

The Board currently consists of eight directors, seven of whom are independent. Each year, the Nominating and Corporate Governance Committee works with the Board to develop the education, credentials and characteristics required of Board nominees in light of current Board composition, our business and operations, our long-term and short-term plans, applicable legal and listing requirements, and other factors the Nominating and Corporate Governance Committee considers relevant.

The Nominating and Corporate Governance Committee evaluates existing directors for reelection each year as if they were new candidates. The Nominating and Corporate Governance Committee may identify other candidates for nomination as directors, if necessary, through recommendations from our directors, management, employees, stockholders or outside consultants, as well as through the formal stockholder nomination process described under Corporate Governance Stockholder Nominees for Director. The Nominating and Corporate Governance Committee will review candidates in the same manner regardless of the source of the recommendation. The Nominating and Corporate Governance Committee is authorized, in its sole discretion, to engage outside search firms and consultants to assist with the process of identifying and qualifying candidates, and has the sole authority to negotiate the fees and terms of the retention of such advisors.

The Nominating and Corporate Governance Committee and the Board focus on identifying nominees and candidates for nomination as a director who have a diversity of ages, backgrounds, skills and experiences. The Board increased its gender diversity by adding Laureen Seeger as a director effective March 7, 2016.

Key director attributes that are considered by the Nominating and Corporate Governance Committee and the Board include:

Leadership Experience. Experience holding a significant leadership position in a complex organization or experience dealing with complex problems, including a practical understanding of strategy, processes, risk management and other factors that drive growth and change.

Finance or Accounting Experience. Experience with finance and/or financial reporting that demonstrates an understanding of finance and financial information and processes.

Services or Industry Experience. Experience with our key practice offerings or client industries, such as capital markets, mergers and acquisitions, consulting, energy, financial institutions, healthcare, and telecom, media and technology, to deepen the Board's understanding and knowledge of our business.

Government Experience. Experience working constructively and proactively with governments and agencies, both foreign and domestic.

Other Public Company Board Experience. Experience serving on the boards and board committees of other public companies provides an understanding of corporate governance practices and trends and insights into board management and the relationships among the board, the chief executive officer and other members of senior management.

Global Experience. Experience managing or growing companies outside the U.S. or with global companies to broaden our knowledge, help direct our global expansion and help navigate the hurdles of doing business outside the U.S.

In addition, the Nominating and Corporate Governance Committee and the Board consider other factors, as it determines to be appropriate, including:

Integrity and Credibility. High ethical standards and strength of character in the candidate's personal and professional dealings, and a willingness to be held accountable.

Business Judgment. Mature and practical judgment, and a history of making good business decisions in good faith and in a manner that will be in the best interests of the Company and its stakeholders.

Collaborative Work Ethic. Ability to work together with other directors and management to carry out his or her duties in the best interests of the Company and its stakeholders.

Table of Contents

Need for Expertise. The extent to which the candidate has some quality or experience that would fill a present need on the Board.

Sufficient Time. The candidate is willing to devote sufficient time and effort to the affairs of the Company, as well as other factors related to the ability and willingness of the candidate to serve on the Board.

Qualifications of the Incumbent Directors

The Board believes that our incumbent directors as a whole have the necessary experience and expertise, and each director possesses the particular attributes that qualify him or her to serve on our Board. The principal qualifications of our directors are:

Director	Leadership	Finance and		Services or Industry	Other Public Company	
		Accounting	Government		Board Experience	Global

Nicholas C. Fanandakis	🌑	🌑		🌑		🌑
Steven H. Gunby	🌑			🌑		🌑
Gerard E. Holthaus	🌑	🌑		🌑		🌑
Lauren E. Seeger	🌑			🌑		🌑

During the first quarter of 2017, the Nominating and Corporate Governance Committee discussed with each incumbent director his or her ability to continue to serve as a director if he or she were to be nominated by the Board and reelected by stockholders at the Annual Meeting.

Table of Contents**Characteristics of the Incumbent Directors**

The following charts illustrate the characteristics of the incumbent directors, including tenure, gender, age and independence:

2017 Nominations of Candidates as Directors for Election at the Annual Meeting

Following its consideration of the above factors, as well as the qualifications of the incumbent directors, including their ability to continue to serve as directors of the Company following the Annual Meeting, the Nominating and Corporate Governance Committee recommended, and the Board nominated, all eight of the incumbent directors to stand for reelection by stockholders at the Annual Meeting:

Brenda J. Bacon	Nicholas C. Fanandakis
Mark S. Bartlett	Steven H. Gunby
Claudio Costamagna	Gerard E. Holthaus
Vernon Ellis	Laureen E. Seeger

INDEPENDENCE OF DIRECTORS

The Board has established Categorical Standards of Director Independence, which are the same as the NYSE Section 303A standards governing director independence as currently in effect, and recognizes that a director is independent if he or she does not have a material relationship with the Company (directly or as a partner, stockholder or officer of an organization that has a relationship with the Company), considering all facts and circumstances that the Board determines are relevant. Based on those standards, the Board, upon the recommendation of the Nominating and Corporate Governance Committee, affirmatively determined that all seven current non-employee directors

standing for reelection at the Annual Meeting are independent. Steven H. Gunby is not considered independent for these purposes since he is our President and Chief Executive Officer (our CEO).

In making its independence determinations, the Board considered that Nicholas C. Fanandakis is Executive Vice President and Chief Financial Officer of E.I. du Pont de Nemours and Company, and Lauren E. Seeger is Executive Vice President and General Counsel

Table of Contents

of the American Express Company. Both of those companies are clients of the Company. The Board found that Mr. Fanandakis and Ms. Seeger are independent, after concluding that the Company's engagements with each of their employers or its subsidiaries are in the ordinary course of the Company's business on substantially the same terms as transactions with other clients of the Company for similar services, and neither Mr. Fanandakis nor Ms. Seeger has received any direct or indirect personal and pecuniary benefits from any of these client engagements or transactions. The fees from such engagements amounted to less than the greater of \$1.0 million or 2% of each such client's consolidated gross revenues for each year ended December 31, 2014, December 31, 2015 and December 31, 2016. In addition, during each of the years ended December 31, 2014, December 31, 2015 and December 31, 2016, the Company has not made charitable contributions to any organization in which a director serves as an employee, officer, director or trustee, which in any single year exceeded the greater of \$1.0 million or 2% of such organization's gross revenues.

PROPOSAL NO. 1 ELECT AS DIRECTORS THE EIGHT NOMINEES NAMED IN THE PROXY STATEMENT

Each of the eight incumbent directors nominated by the Board is standing for reelection at the Annual Meeting. Each nominee, if elected, will serve as a director for a term expiring at the next annual meeting of stockholders and until his or her successor is duly elected and qualifies.

We do not know of any reason why any nominee would be unable to serve as a director, if elected. If any nominee is unable to serve or for good cause will not serve, which is not anticipated, the Nominating and Corporate Governance Committee may identify and recommend a candidate or candidates to the Board as a potential substitute nominee or nominees. If that happens, all valid proxies will be voted for the election of the substitute nominee or nominees designated by the Board. Alternatively, the Board may determine to keep a vacancy open or reduce the size of the Board. Proxies cannot be voted for a greater number of persons than the number of nominees named.

More detailed information about each of the eight nominees is provided in the section of this Proxy Statement titled **Information about the Board of Directors and Committees** **Information about the Nominees for Director**.

Stockholder Approval Required. Each nominee will be elected as a director if he or she receives the affirmative vote of a majority of the total votes cast **FOR** and **WITHHELD** with respect to his or her election as a director at the Annual Meeting. Any abstentions or broker non-votes are not counted as votes cast either **FOR** or **WITHHELD** with respect to a director's election, and will have no effect on the election of directors. Any incumbent director who does not receive the required vote will be subject to our mandatory resignation policy, which is described in the section of this Proxy Statement titled **Corporate Governance** **Our Significant Corporate Governance Policies and Practices**.

The Board of Directors Unanimously Recommends That You Vote FOR the Election of All Eight Nominees as Directors.

Table of Contents**DIRECTOR ATTENDANCE AT MEETINGS****Director Attendance at Board and Committee Meetings**

Each director is expected to attend all meetings of the Board and each Committee of the Board on which he or she serves, unless excused for reasons of serious illness or extreme hardship. During each director's term of office during 2016, such director attended no less than 75% of the meetings held by the Board and each Committee on which he or she served.

During 2016, the Board and each Committee held the following number of meetings:

	Board of Directors	Audit Committee	Compensation Committee	Nominating and Corporate Governance Committee
Total Meetings Held	9	6	7	5

For purposes of presenting this information, each joint meeting of the Board and any Committee has been counted as a separate meeting of the Board and the applicable Committee. Meetings that were adjourned one day and reconvened on another day have been counted as one meeting.

Director Attendance at Other Meetings

Our independent directors meet in closed (executive) sessions, without the presence of management, periodically throughout the year. The Chairman of the Board chairs the meetings of the independent directors, which coincide with regular meetings of the Board. During 2016, our independent directors met in closed (executive) sessions four times without management, and each independent director attended more than 75% of such sessions held during his or her term.

All nominees for director who were elected as directors of the Company on June 1, 2016 attended our 2016 annual meeting of stockholders.

The Audit Committee, Compensation Committee and Nominating and Corporate Governance Committee operate under written Committee Charters. The Committee Charters are reviewed annually, and more frequently as necessary, to address any new rules or best practices relating to the responsibilities of the applicable Committee, or changes to such rules and best practices. The applicable Committee approves its own Committee Charter amendment and submits it to the Nominating and Corporate Governance Committee, which recommends action by the Board. All Committee Charter amendments are submitted to the Board for approval.

Audit Committee

The Board has determined that all Audit Committee members are independent and otherwise qualify as Audit Committee members pursuant to applicable rules of the Securities and Exchange Commission (the SEC) and the NYSE. No Audit Committee member is a member of more than three other audit committees. The Board has determined that all of the members of the Audit Committee qualify as audit committee financial experts within the meaning stipulated by the SEC.

Functions of the Audit Committee

selects, oversees and retains our independent registered public accounting firm;

reviews and discusses the scope of the annual audit and written communications by our independent registered public accounting firm to the Audit Committee and management;

Compensation Committee

The Board has determined that all Compensation Committee members are non-employee directors and qualify as independent directors under the Company's Categorical Standards of Director Independence and the NYSE's corporate governance rules, including the additional independence standards adopted by the NYSE on January 11, 2013 specific to compensation committee

membership. In making its determinations regarding the independence of each of the Compensation Committee members, the Board has considered all factors specifically relevant to determining whether a director has a relationship with the Company that would materially impair the director's ability to make independent judgments about executive officer compensation, including: (i) the source of such director's compensation; (ii) any consulting, advisory or other compensatory fees paid by the Company to the director; and (iii) any other affiliations the director has with the Company and its affiliates, including engagements by clients that are companies or affiliates of companies for which members of the Compensation Committee serve as officers or directors.

All of the members of the Compensation Committee qualify as outside directors under Section 162(m) of the U.S. Internal Revenue Code of 1986, as amended (Code Section 162(m)) and non-employee directors under Rule 16b-3 of the Securities Exchange Act of 1934, as amended (the Exchange Act).

The Compensation Committee and Board solicit recommendations from our CEO and other officers regarding compensation matters, including the compensation of executive officers and key employees other than our CEO. They assist the Compensation Committee by providing information such as financial results, short-term and long-term business and financial plans, and strategic objectives, as well as their views on compensation programs and levels. They also recommend individual incentive pay opportunities, including: (i) annual incentive pay (AIP) objective and operative performance measures; (ii) AIP subjective individual performance goals; (iii) individual AIP award levels; (iv) long-term incentive pay (LTIP) performance measure(s); and (v) individual LTIP award levels. Management also advises the Compensation Committee regarding the achievement of performance measures and goals, and payments under our incentive compensation plans and programs. Our CEO attended all Compensation Committee meetings held during 2016, other than meetings and executive sessions to which he was not invited. Only members of the Compensation Committee vote on matters before that Committee.

Role of the Compensation Advisors

Under its Committee Charter, the Compensation Committee is authorized to select, retain and direct the activities, and terminate the services, of compensation advisors, as well as approve fees and expenses of such advisors. During 2016, the Compensation Committee engaged Frederick W. Cook & Co., Inc. (FWC) to advise the Compensation Committee on certain executive officer compensation matters. In addition, during 2016, the Compensation Committee consulted Kirkland & Ellis LLP (K&E) and Freshfields Bruckhaus Deringer US LLP (Freshfields) on certain legal aspects of executive officer compensation. During 2016, the Compensation Committee requested advice on a variety of issues, including short- and long-term executive incentive compensation programs and executive contract amendments, as well as our say-on-pay proposal and other compensation disclosures included in our proxy statement for our 2016 annual meeting of stockholders and this Proxy Statement for the Annual Meeting. Neither FWC nor the Company provided any services to the other during 2016, apart from the advisory services provided by FWC to the Compensation Committee. K&E and Freshfields both provide services to the Company as outside corporate and employment counsel, respectively. In such capacities, they each advise the Company regarding executive officer and other compensation matters. The Company routinely is engaged by each of K&E and Freshfields to provide services to them or their clients in the ordinary course of our business. After consideration of the above factors, as well as information supplied by FWC, including its independence letter, the Compensation Committee concluded that FWC is independent and not subject to any conflicts of interest. After considering the Company's relationships with each of K&E and Freshfields and their conflicts of interests policies and practices, the Compensation Committee concluded that K&E and Freshfields are not independent, but determined that they both offer unique, well-rounded perspectives on our executive officer compensation, and the matters on which they each advise the Compensation Committee do not constitute a conflict of interest, but are aligned with the interests of the Company. The Compensation Committee currently intends to continue to consult with FWC, K&E and Freshfields on executive officer compensation and other matters from time to time.

COMPENSATION OF NON-EMPLOYEE DIRECTORS AND POLICY ON NON-EMPLOYEE DIRECTOR EQUITY OWNERSHIP

General

Non-employee directors receive annual retainer and equity compensation as described below pursuant to the FTI Consulting, Inc. Non-Employee Director Compensation Plan, amended and restated effective as of January 1, 2016 (the "Director Plan"). We reimburse our non-employee directors for their out-of-pocket expenses incurred in the performance of their duties as our directors (including expenses related to spouses when spouses are invited to attend Board events). We do not pay fees for attendance at Board and Committee meetings.

Non-Employee Director Compensation

The following table describes the components of non-employee director compensation for 2016:

Compensation Elements	2016 Director Compensation Values (1) (5)	Alternative Forms of Payment
Annual Retainer: (2) (5) (6)	\$50,000	Cash or Deferred Stock Units
Annual Committee Chair Fees: (2) (5)	\$10,000 Chair of Audit Committee	Cash or Deferred Stock Units
	\$7,500 Chair of Compensation Committee	
	\$5,000 Chair of Nominating and Corporate Governance Committee	

Additional Annual Non-Executive Chairman of the Board Fee: ^{(2) (5)}	\$200,000	Cash or Deferred Stock Units
Annual Equity Award: ^{(2) (3) (4) (5) (6)}	\$250,000	Restricted Stock, Restricted Stock Units, Deferred Restricted Stock Units or Cash

- (1) Following each annual meeting of stockholders, continuing non-employee directors receive payment of the annual retainer and annual equity award, and Chairman of the Board or Committee Chair fee, if applicable, as of the date of such annual meeting. A new non-employee director receives a prorated annual retainer and equity award upon first being appointed to the Board other than at an annual meeting. A non-employee director, who is appointed to a chairmanship other than following an annual meeting, receives a prorated non-executive Chairman of the Board or Committee Chair fee, as applicable.
- (2) U.S. non-employee directors are permitted to voluntarily defer annual retainer payments (including any annual fee to the non-executive Chairman of the Board or a Committee Chair) and/or annual equity compensation awards in the form of deferred stock units or deferred restricted stock units, respectively. Deferred stock units on account of deferred annual retainer and Chairman of the Board and/or Committee Chair fees are vested in full on the grant date. Deferred restricted stock units granted on account of deferred annual equity compensation awards vest in full on the first anniversary of the grant date unless vesting is accelerated as described in footnote (4) below. Each deferred stock unit and deferred restricted stock unit represents the right to receive one share of Common Stock upon the earlier of (i) a separation from service event and (ii) an elected payment date, in each case in accordance with Section 409A of the U.S. Internal Revenue Code of 1986, as amended (Code Section 409A).
- (3) The annual equity award, unless deferred, is in the form of shares of restricted stock, in the case of U.S. non-employee directors, and restricted stock units, in the case of non-U.S. non-employee directors. Each restricted stock unit represents the right to receive one share of Common Stock upon vesting. Annual equity awards are nontransferable and vest in full on the first anniversary of the grant date unless vesting is accelerated as described in footnote (4) below.
- (4) All unvested shares of restricted stock and restricted stock units will immediately vest in full upon a non-employee director's (i) death, (ii) Disability, (iii) cessation of service within one year following a Change in Control, unless other

accommodations are made with respect to such awards, (iv) cessation of service at the expiration of his or her term as a director due to the Company's failure to renominate such director for service on the Board (other than for Cause (as determined by the Board, in its good-faith discretion), due to the request of such director or as a result of a voluntary resignation)), and (v) cessation of service due to failure of the Company's stockholders to reelect such director for service on the Board (other than for cause (as determined by the Board, in its good-faith discretion)).

- (5) The number of (i) deferred stock units awarded to a non-employee director as annual retainer compensation (including any annual fee to the non-executive Chairman of the Board or a Committee Chair) and (ii) shares of restricted stock, restricted stock units and deferred restricted stock units awarded to a non-employee director as annual equity compensation, will be determined by dividing (a) the U.S. dollar value of such award by (b) the closing price per share of Common Stock reported on the NYSE for the grant date. Fractional restricted shares, restricted stock units, deferred stock units and deferred restricted share units are rounded down to the nearest whole share.
- (6) If we do not have sufficient shares of Common Stock authorized under our stockholder-approved equity compensation plans to fund annual retainer and equity awards in stock or stock-based equity awards, such awards will be funded in cash. The payout of such cash amounts will be subject to applicable deferred compensation payment, vesting and accelerated vesting conditions, subject to Code Section 409A, and such cash amounts generally will accrue interest at the rate of 6% per annum.

- (2) With the exception of Mr. Crownover, no current director received perquisites or other benefits aggregating more than \$10,000 in 2016.
- (3) Ms. Seeger's compensation includes the prorated annual retainer of \$11,918 and equity compensation of \$59,574 awarded on March 7, 2016 (the date of grant) upon her joining the Board.
- (4) Mr. Crownover did not stand for reelection at the 2016 annual meeting of stockholders. In his honor, the Company donated \$25,000 to a nonprofit university designated by him upon his leaving the Board.

Policy on Non-Employee Director Equity Ownership

Our Policy on Non-Employee Director Equity Ownership demonstrates our Board's continuing commitment to stockholder interests. The policy sets each non-employee director's total investment level at five times (5x) the value of the annual retainer. A non-employee director will be required to meet the ownership level in effect when he or she first joins the Board within three years following receipt of his or her first director compensation payment.

Non-employee directors have three years to meet any increased ownership level during their tenure. In addition, under the policy, a non-employee director may not sell, transfer or dispose of shares of Common Stock if he or she does not attain or maintain the applicable equity ownership investment level at the initial ownership measurement date, or at June 30 of each year thereafter, except as necessary to pay or repay the cost of exercising a stock option or any tax obligations associated with the exercise of a stock option or vesting of stock-based awards, or as otherwise approved by the Compensation Committee in its sole discretion.

Shares of Common Stock that are, directly or indirectly, (i) beneficially owned by such non-employee director or (ii) held in a trust over which such non-employee director has more than 50% of the beneficial interest and controls the management of the assets will count toward attaining and maintaining the applicable equity ownership level. Stock options, whether or not vested, will not count toward meeting the equity ownership requirement. However, restricted stock, restricted stock units, deferred stock units and deferred restricted stock units, whether or not vested, will count toward attaining and maintaining the non-employee director's applicable equity ownership level. The shares of Common Stock counted toward attaining and maintaining the non-employee director's applicable ownership level will be valued at the average of the closing prices per share of Common Stock reported on the NYSE for each trading day in the 90-calendar-day period immediately preceding the applicable measurement date. As of December 31, 2016, all of our non-employee directors were in compliance with our Policy on Non-Employee Director Equity Ownership.

CORPORATE GOVERNANCE

GOVERNANCE PRINCIPLES

Our governance policies, including Categorical Standards of Director Independence, Corporate Governance Guidelines, Code of Ethics and Business Conduct, Anti-Corruption Policy, Policy on Reporting Concerns and Non-Retaliation, Policy on Disclosure Controls and Policy on Inside Information and Insider Trading, as well as the Charters of the Committees, can be found on our website under "About Governance" at <http://www.fticonsulting.com/about/governance>. Those policies and other information on our website do not constitute a part of this Proxy Statement. Paper copies of those documents may be obtained, without charge, upon request by contacting the Corporate Secretary, FTI Consulting, Inc., 2 Hamill Road, North Building, Baltimore, Maryland 21210.

The Nominating and Corporate Governance Committee regularly reviews corporate governance developments and recommends modifications or new policies for adoption by the Board and the Committees, as appropriate, to enhance our corporate governance policies and practices, and to comply with the laws and rules of the SEC, the NYSE and other applicable governmental and regulatory authorities.

OUR SIGNIFICANT CORPORATE GOVERNANCE POLICIES AND PRACTICES

Listed below are our significant corporate governance policies and practices:

Annual Director Elections. Stockholders elect our directors annually to hold office to the next annual meeting of stockholders and until his or her successor is elected and qualifies.

Non-Employee Independent Chairman of the Board. Gerard E. Holthaus is our non-executive independent Chairman of the Board. More information about our Chairman of the Board may be found at Board Leadership Structure.

Majority Voting in Uncontested Director Elections. A nominee in an uncontested election shall be elected as a director only if such nominee receives the affirmative vote of a majority of the total votes cast FOR and WITHHELD as to such nominee at the Annual Meeting. Any abstentions or broker non-votes are not counted as votes cast either FOR or WITHHELD with respect to a director's election, and will have no effect on the election of directors.

Table of Contents

Director Resignation. Our Corporate Governance Guidelines provide that in an uncontested election, if an incumbent director fails to receive the required majority vote, he or she must offer to resign from the Board. The Nominating and Corporate Governance Committee will (a) consider such offer to resign, (b) determine whether to accept such director's resignation, and (c) submit such recommendation for consideration by the Board. The director whose offer to resign is under consideration may not participate in any deliberation or vote of the Nominating and Corporate Governance Committee or Board regarding his or her offer of resignation. The Nominating and Corporate Governance Committee and the Board may consider any factors they deem relevant in deciding whether to accept a director's offer to resign. Within 90 days after the date of certification of the election results, the Board will publicly disclose the Board's decision of whether or not to accept an offer of resignation. If such incumbent director's offer to resign is not accepted by the Board, such director will continue to serve until his or her successor is elected and qualifies, or until his or her earlier death, resignation, retirement or removal (whichever occurs first). If a director's offer to resign is accepted by the Board, then the Board, in its sole discretion, may fill any resulting vacancy pursuant to the Company's Bylaws or reduce the size of the Board.

Executive Sessions. Our Board meets regularly in executive session without the presence of management, including our CEO.

Stockholder Rights Plan. We do not have a stockholder rights plan and are not currently considering adopting one.

Stockholder Power to Amend Bylaws. Our stockholders, by the affirmative vote of the holders of a majority of the shares of Common Stock, have the power to adopt, alter or repeal any Bylaw of the Company.

BOARD LEADERSHIP STRUCTURE

Our Board is free to choose its Chairman in any way that it deems best for the Company. In December 2013, the Board appointed Gerard E. Holthaus as its non-employee independent Chairman of the Board. In determining who should hold that position, the Board considered Mr. Holthaus' experience since 2006 as the Board's independent Presiding Director. The Board also considered each director's individual experience and his or her experience serving as a director of other companies, particularly the experience of non-U.S. directors serving on the board of companies in locations where non-executive or independent chairmanships are common. The Board believes that Mr. Holthaus continuing service as Chairman of the Board provides continuity in leadership and governance. The Board periodically reviews its leadership structure and may make changes in the future.

The Board also believes that separation of the CEO and Chairman of the Board positions balances the role of the Board to oversee the Company's business, on the one hand, and management's responsibilities to manage the Company's operations on a day-to-day basis, on the other hand. Our CEO is responsible for setting the strategic vision of the Company, leading the Company's day-to-day business, managing the executive officers and other key employees directed with implementing plans and carrying out operations, and reporting to the Board. The Chairman of the Board structures the agendas for the Board meetings to ensure that topics deemed important by the independent directors are addressed, as well as to allow the Board to express its views on the Company's management, operations, material transactions, strategy and execution. As Chairman, Mr. Holthaus (i) presides over meetings and executive sessions of the Board, and executive sessions of the independent directors, (ii) acts as a liaison between management and the independent directors, (iii) consults with our CEO, (iv) ensures that the Board and our CEO understand each

other s views on critical matters, (v) monitors significant issues occurring between Board meetings and ensures Board involvement when appropriate, (vi) ensures the adequate and timely exchange of information and supporting data between the Company s management and the Board, and (vii) receives stockholder communications addressed to the independent directors.

OVERSIGHT OF RISK MANAGEMENT

The Board has delegated the critical responsibility for overall risk oversight to the Audit Committee, which reports to the Board. Management of the Company has primary responsibility for performing risk assessments, identifying and monitoring risks, establishing policies and processes, implementing and carrying out corporate responses, and reporting to the responsible Committee of the Board. The Audit Committee reviews and discusses the enterprise risk management profile that management of the Company prepares and the policies and guidelines that management of the Company uses to manage risks. In addition, the Audit Committee reviews and evaluates the performance and operations of our risk management function, which is managed by our Enterprise Risk Management Committee, consisting of members of management and employees with responsibilities for critical functions, such as accounting, information technology, internal audit, ethics, compliance and risk management.

We are exposed to a number of risks, including financial risks, operational risks, reputational risks, strategic risks, competitive risks, risks relating to operating in foreign countries, day-to-day management risks, information privacy and data and cyber security risks, general economic and business risks, and legal, regulatory and compliance risks, including risks associated with the Foreign Corrupt

Table of Contents

Practices Act (the FCPA) and foreign anti-bribery laws. Our risk and compliance officer manages our internal enterprise risk management function, working closely with members of our Enterprise Risk Management Committee and our executive management, business segments and corporate functions, to identify and assess risks and mitigate exposures. Our risk and compliance officer regularly reports to and discusses with our executive management and Audit Committee our policies and procedures to identify and assess critical risk exposures, and the plans and actions that have been identified or taken by our internal audit, finance and management functions to correct, rehabilitate or mitigate risks facing the Company. Directors who are not members of the Audit Committee attend these meetings as well. The Audit Committee periodically requests additional reports on critical risk areas identified by management, such as the FCPA, the UK Anti-Bribery Act and cyber security. The Audit Committee also reports to the Board on a regular basis to apprise them of the Company's risk profile and risk management, as well as discussions with our executive management, risk and compliance officer, and head of internal audit.

While the Audit Committee has primary responsibility for overseeing and monitoring enterprise risk management, each of the other two standing Committees of the Board also considers risks within its area of responsibility. For example, the Compensation Committee reviews and discusses risks relating to the compensation policies and practices of the Company. The Nominating and Corporate Governance Committee reviews legal and regulatory compliance risks as they relate to corporate governance, including the listing requirements of the NYSE. These Committees also keep the Board apprised as to compensation- and governance-related risks.

COMPENSATION-RELATED RISKS

At the request and direction of the Compensation Committee and the Audit Committee, management conducted an assessment of risks associated with the Company's compensation policies and practices for the year ended December 31, 2016. This assessment included the (i) review of programs, plans, policies and procedures relating to the components of executive officer and employee compensation, (ii) review of incentive-based equity and cash compensation features, (iii) identification of compensation design features that could potentially encourage excessive or imprudent risk taking, (iv) identification of business risks that these features could potentially encourage, (v) consideration of the presence or absence of controls, oversight or other factors that mitigate potential risks, (vi) assessment of potential risks, and (vii) consideration of the potential for such risks to result in a material adverse effect on the Company and its subsidiaries taken as a whole. Based on the assessment and factors described above, the Company determined that the risks associated with its compensation policies and practices are not reasonably likely to result in a material adverse effect on the Company and its subsidiaries taken as a whole.

BOARD AND COMMITTEE SELF-ASSESSMENTS

In January 2017, the Board and each Committee conducted its annual self-assessment to determine whether it is functioning effectively and to identify any areas for improvement. In February 2017, the Chair of the Nominating and Corporate Governance Committee acted as moderator and the results of the assessments were discussed by the Board and each applicable Committee.

CODE OF CONDUCT

Our written Code of Ethics and Business Conduct (Code of Ethics) and Anti-Corruption Policy (together with our Code of Ethics, our Code of Conduct) applies to financial professionals, including our Chief Financial Officer, corporate Controller and Chief Accounting Officer, and corporate Treasurer, as well as our CEO and all other officers, directors, employees and independent contractors of the Company and its affiliates. We require all individuals subject to our Code of Conduct to avoid conflicts of interest, comply with applicable laws, including the FCPA, other anti-bribery laws and legal and regulatory requirements of the jurisdictions in which we have offices and conduct

business, protect Company assets, conduct business in an honest and ethical manner, and otherwise act with integrity, in our best interests and in accordance with the Code of Conduct. The Code of Conduct prohibits insiders from knowingly taking advantage of corporate opportunities for personal benefit and taking unfair advantage of our business associates, competitors and employees through manipulation, concealment, abuse of privileged information, misrepresentation of material facts or any other practice of unfair dealing. Our Code of Ethics and Anti-Corruption Policy are publicly available and can be found on our website under About Governance at <http://www.fticonsulting.com/~media/Files/us-files/our-firm/guidelines/fti-code-of-conduct.pdf> and <http://www.fticonsulting.com/~media/Files/us-files/our-firm/guidelines/anti-corruption-policy.pdf>, respectively. If we make substantive amendments to the Code of Ethics or grant any waiver, including any implicit waiver, from a provision of such policy to any officer, financial professional or person performing similar functions, we will disclose the nature of such amendment or waiver on our website or in a Current Report on Form 8-K filed with the SEC. Our Code of Ethics was last updated in any material respect in September 2014.

STOCKHOLDER NOMINEES FOR DIRECTOR

We did not receive any notices of stockholder nominees for director prior to the deadline for 2017 nominations described in our proxy statement for the 2016 annual meeting of stockholders. Under our current Bylaws, nominations for director at an annual meeting of stockholders may be made by a stockholder who is a stockholder of record both at the time of (i) the giving of the notice by the stockholder and (ii) the record date for the determination of stockholders entitled to vote at such meeting; provided such stockholder delivers notice along with the additional information and materials required by our Bylaws, including, as to each person whom the stockholder proposes to nominate for election as a director, all information relating to such person that is required by the SEC's proxy rules to be disclosed in connection with solicitations of proxies for the election of directors, to the Corporate Secretary at our principal executive office of the Company, which at that time will be located at 555 12th Street NW, Washington, DC 20004, not earlier than the 150th day nor later than 5:00 p.m., Eastern Time, on the 120th day prior to the first anniversary of the date of the proxy statement for the preceding year's annual meeting of stockholders. For the annual meeting of stockholders in 2018, you must deliver this notice no earlier than November 26, 2017 and no later than December 26, 2017. In the event that the date of the annual meeting is advanced or delayed by more than 30 days from the first anniversary of the date of the preceding year's annual meeting of stockholders, notice by the stockholder to be timely must be so delivered not earlier than the 150th day prior to the date of such annual meeting and not later than 5:00 p.m., Eastern Time, on the later of the 120th day prior to the date of such annual meeting, as originally convened, or the tenth day following the day on which public announcement of the date of such meeting is first made. In the event that the number of directors to be elected to the Board is increased and there is no public announcement of such action at least 130 days prior to the first anniversary of the date of the proxy statement for the preceding year's annual meeting, a stockholder's notice will also be considered timely, but only with respect to nominees for any new positions created by such increase, if it is delivered to the Corporate Secretary at our principal executive office of the Company, which at that time will be located at 555 12th Street NW, Washington, DC 20004, not later than 5:00 p.m., Eastern Time, on the tenth day following the day on which we first make such public announcement. The public announcement of a postponement or adjournment of an annual meeting shall not commence a new time period for the giving of a stockholder's notice as described above.

You may obtain a copy of our Bylaws, without charge, by writing to our Corporate Secretary at FTI Consulting, Inc., 2 Hamill Road, North Building, Baltimore, Maryland 21210, telephone no. +1.410.951.4867. We filed a copy of our Bylaws, as amended and restated through June 1, 2011, with the SEC on June 2, 2011 as an exhibit to our Current Report on Form 8-K dated June 1, 2011, and we filed copies of Amendments No. 1 and No. 2 to our Bylaws through December 13, 2013 and September 17, 2014, respectively, as exhibits to our Current Reports on Form 8-K filed with the SEC on December 16, 2013 and September 22, 2014, respectively.

COMMUNICATIONS WITH DIRECTORS

Stockholders, employees and other interested persons may communicate with our Board or any individual director using the FTI Consulting Integrity Hotline, which allows interested persons to place confidential reports by either telephone or the Internet, without divulging their name or other personal information. The reporting website may be accessed from any Internet-enabled computer at www.fticonsulting.ethicspoint.com. Telephone reports may be placed through the FTI Consulting Integrity Hotline by calling +1.866.294.3576 (toll free) in the U.S. Reports submitted through the FTI Consulting Integrity Hotline will be sent to designated recipients within the Company, which includes our Vice President Chief Risk and Compliance Officer. If interested persons do not feel comfortable using the FTI Consulting Integrity Hotline, they may communicate with our Board or an individual director by contacting our Vice President Chief Risk and Compliance Officer, by telephone to Matthew Pachman, at +1.202.312.9100, by mail to his attention at FTI Consulting, Inc., 1101 K Street NW, Washington, DC 20005, prior to June 5, 2017, and 555 12th Street NW, Washington, DC 20004, after June 5, 2017, or by email to matthew.pachman@fticonsulting.com. OTHER PROPOSALS TO BE PRESENTED AT THE ANNUAL MEETING

In addition to Proposal No. 1 to elect as directors the eight nominees named in this Proxy Statement, we will present the four additional proposals described below at the Annual Meeting. We have described in this Proxy Statement all the proposals that we expect will be made at the Annual Meeting. We do not know of any other matters to come before the Annual Meeting. If, however, any other matters properly come before the Annual Meeting, it is the intention of the persons designated as proxies to vote in accordance with their discretion on such matters as permitted under applicable law.

PROPOSAL NO. 2 VOTE ON THE APPROVAL OF THE FTI CONSULTING, INC. 2017 OMNIBUS INCENTIVE COMPENSATION PLAN

General

We are asking our stockholders to approve the FTI Consulting, Inc. 2017 Omnibus Incentive Compensation Plan effective as of June 7, 2017 (the 2017 Plan), which, among things, authorizes shares of our Common Stock for equity grants to our officers, employees, individual service providers and non-employee directors of the Company and its subsidiaries, consisting of the sum of the following, subject to adjustment as provided in the 2017 Plan: (i) the number of shares of our Common Stock remaining available for issuance and not subject to outstanding awards under the FTI Consulting, Inc. 2009 Omnibus Incentive Compensation Plan, as amended and restated effective as of June 3, 2015 (the 2009 Plan), as of the date of the Annual Meeting; (ii) any additional shares of our Common Stock subject to outstanding awards under the 2009 Plan, the FTI Consulting, Inc. 2006 Global Long-Term Incentive Plan, as amended and restated effective May 14, 2008, as amended from time to time (the 2006 Plan), and the FTI Consulting, Inc. 2004 Long-Term Incentive Plan, as amended from time to time (the 2004 Plan), as of the date of the Annual Meeting that may be forfeited, canceled, surrendered, cash-settled, tendered or withheld, from time to time, and returned to the Company; plus (iii) 850,000 additional new shares of our Common Stock. Our Board of Directors approved the 2017 Plan on March 28, 2017, authorizing a maximum new share limit of up to 1,000,000 additional shares of our Common Stock. On April 15, 2017, the Compensation Committee approved, subject to such maximum new share limit set by the Board, the number of additional new shares of Common Stock under the 2017 Plan, subject to the approval of our stockholders at the Annual Meeting. The 2017 Plan shall be administered by a committee appointed by the Board that shall consist solely of independent directors, which shall be the Compensation Committee (the Administrator) as of the date of approval by stockholders.

Upon approval of the 2017 Plan at the Annual Meeting, no further awards will be granted under the 2009 Plan, but outstanding awards under the 2009 Plan, 2006 Plan and 2004 Plan as of the Annual Meeting will continue to remain outstanding in accordance with their applicable terms and the terms of the applicable plan. Alternatively, if the 2017 Plan is not approved by stockholders at the Annual Meeting, the 2009 Plan will continue to remain in full force and effect and the Company will continue to have the right to make grants under the 2009 Plan, subject to the existing share reserve under the 2009 Plan.

The following discussion of the 2017 Plan is qualified in its entirety by the complete text of the 2017 Plan attached to this Proxy Statement as [Appendix A](#). You may request a copy of the 2017 Plan, free of charge, from the Corporate Secretary, FTI Consulting, Inc., 2 Hamill Road, North Building, Baltimore, Maryland 21210, telephone no. +1.410.951.4867.

Burn Rate

Over the course of its history, the Company has made significant equity grants to align the interests of its leaders and senior professionals with those of its stockholders. Since our leadership succession in 2014, the Compensation Committee and our management team have sought to reduce our average share usage rate (sometimes referred to as burn rate) while still seeking to maximize the benefits of equity compensation.

The Company's unadjusted burn rate for the three-year period ended December 31, 2016 was 2.01%. Unadjusted burn rate has been calculated based on our (i) non-weighted total number of shares of our Common Stock issuable upon the grant or exercise, as the case may be, of the equity-based awards granted for the applicable fiscal year, divided by (ii) weighted average total number of shares of Common Stock issued and outstanding during the applicable fiscal year, in each case excluding performance-based equity awards that have not been earned. The burn rate is unadjusted because it is determined before giving effect to the 2.5:1 premium share counting rule, discussed below, for certain equity awards.

Our adjusted burn rate for the three-year period ended December 31, 2016 was 3.89%. Adjusted burn rate has been calculated (based on our understanding of the methodology utilized by Institutional Shareholder Services, Inc. (ISS)) by (i) applying a 2.5:1 premium factor to the number of full-value awards (stock-based awards) granted each year and (ii) excluding performance-based equity awards that have not been earned. Our adjusted burn rate of 3.89% is lower than ISS' adjusted burn rate of 4.14% of our industry classification group for the same period. This compares with our adjusted burn rate for the three-year period ended December 31, 2013 of 5.82% (recalculated on the basis described above), demonstrating our successful management of equity usage over the relevant periods.

Table of Contents

The Company repurchased zero, 765,000 and 537,000 shares of Common Stock during the years ended December 31, 2014, December 31, 2015 and December 31, 2016, respectively. The share repurchases partially offset dilution from equity grants in the relevant years. However, such share repurchases also had the effect of reducing the denominator used to calculate our burn rate, which consequently inflated our reported burn rate for the years ended December 31, 2015 and December 31, 2016, and the three-year period ended December 31, 2016.

Based on our three-year average share usage rate, we expect that the shares available under the 2017 Plan will enable the Company to continue to grant equity as a portion of compensation for approximately three years (including 2017).

Unadjusted Burn Rate

The below table sets forth the unadjusted burn rate calculations for the three-year period ended December 31, 2016:

Years	Options	Full Value Shares ⁽¹⁾	Total Weighted Average Number of Common Shares Outstanding	Common Burn Rate
	Granted			
	(a)	(b)	(c)	(d)
2016	119	593	40,943	1.74%
2015	185	420	40,846	1.48%
2014 ⁽²⁾	611	508	39,726	2.82%
Three-Years Ended December 31, 2016				2.01%

- (1) Excludes performance-based restricted stock unit awards for approximately 84,000 and 81,000 shares at maximum, granted in 2016 and 2015, respectively. There were no stock-based performance awards granted in 2014. No performance-based equity awards were earned in each of 2016, 2015 and 2014.

- (2) 2014 includes the employment inducement awards that were granted to David M. Johnson, our former Chief Financial Officer (Former CFO), and Paul Linton, our Chief Strategy and Transformation Officer (CSTO), on August 25, 2014, outside of our equity plans pursuant to Rule 303A.08 of the NYSE.

Adjusted Burn Rate

The below table sets forth the adjusted burn rate calculations for the three-year period ended December 31, 2016:

Years	Options		Total Weighted		
	Granted	Full Value Shares (1) (in thousands, except for percentages)	Total Granted (c) (2)	Average Number of Common Shares Outstanding (d)	Burn Rate (e)
	(a)	(b)	(c) (2)	(d)	(e)
2016	119	593	1,602	40,943	3.91%
2015	185	420	1,235	40,846	3.02%
2014 (3)	611	508	1,881	39,726	4.73%
Three-Years Ended December 31, 2016					3.89%

(1) Excludes performance-based restricted stock unit awards for approximately 84,000 and 81,000 shares at maximum, granted in 2016 and 2015, respectively. There were no stock-based performance awards granted in 2014. No performance-based equity awards were earned in each of 2016, 2015 and 2014.

(2) The Adjusted burn rate has been calculated by applying a 2.5:1 premium factor to share-based awards to calculate the total full value shares granted for each of 2016, 2015 and 2014. For example, if 100 shares are issued with respect to a restricted stock award, 250 shares will be counted to determine adjusted burn rate.

- (3) 2014 includes the employment inducement awards that were granted to our Former CFO and our CSTO on August 25, 2014, outside of our equity plans pursuant to Rule 303A.08 of the NYSE,.

Key Plan Provisions

The 2017 Plan includes key provisions designed to protect stockholder interests and promote effective corporate governance, including, but not limited to, the following:

No discounted stock options and stock appreciation rights (SARs). Stock options and SARs may not be granted with an exercise price lower than the closing price per share of Common Stock on the grant date.

No repricing of stock options and SARs. The Administrator may not reprice stock options or SARs, including through the cancellation or replacement of such stock options or SARs, without stockholder approval, or permit the cash buyout of underwater stock options or SARs.

No automatic reloads of stock options and SARs. The 2017 Plan does not provide for the automatic reload of stock options and SARs.

No evergreen provisions. There is no evergreen or automatic replenishment provision pursuant to which the shares authorized for issuance under the 2017 Plan are automatically replenished.

No automatic grants. The 2017 Plan does not provide for automatic grants to any eligible participant.

Annual limit on non-employee director awards. The aggregate fair value (computed as of the applicable grant date) of total compensation (consisting of cash retainers and other cash compensation, as well as equity awards granted under the 2017 Plan) to any non-employee director in any calendar year shall not exceed \$750,000, subject to Board discretion to make exceptions to the limit for a non-executive Chairman of the Board or, in extraordinary circumstances, for an individual non-employee director; provided, that the non-employee director receiving such additional compensation may not participate in the decision to award such compensation.

Annual limit on performance-based executive officer awards. For purposes of awards intended to be performance-based compensation for purposes of Code Section 162(m), the maximum number of shares of our Common Stock granted during any calendar year to any one individual will be limited to 350,000 shares of our Common Stock per type of award. Such per-individual limit will not be adjusted for any award (and related shares of Common Stock) that has been terminated, surrendered or canceled during the applicable year.

No dividends or dividend equivalents on unearned awards. Cash, stock and any other property declared as a dividend or dividend equivalent with respect to any equity award shall not be distributed, paid or credited, but may be accumulated and distributed, paid or credited at the time that any applicable restrictions or risks of forfeiture with respect to such award shall lapse.

No automatic acceleration on a Change in Control. The 2017 Plan does not provide for automatic single trigger equity acceleration or severance benefits on a Change in Control (as defined in the 2017 Plan).

Reasons for This Proposal

The available shares under the 2017 Plan are needed to allow the Company to continue to use equity as a significant component of its compensation and incentive programs. Stockholders should consider the following key reasons why the Company believes that approving the 2017 Plan and the shares of Common Stock thereunder is important:

Our equity-based compensation programs align the interests of our executive officers and key employees with those of our stockholders. A substantial percentage of equity-based compensation to our executive officers is subject to performance goals. For 2016, 100% of each eligible executive officer’s aggregate AIP opportunity is subject to financial performance metrics and individual performance goals. For 2016, 75% of each eligible executive officer’s aggregate LTIP opportunity (including stock options) is performance based. See *Executive Officers and Compensation Compensation Discussion and Analysis Detailed Information about Our Executive Compensation Programs 2016 Performance-Based AIP and LTIP Opportunities* for more

detailed descriptions of the AIP and LTIP opportunities for the year ended December 31, 2016.

Equity-based compensation is an important tool to recruit and retain revenue-generating professionals and expand our business. As a professional services company, the Company's ability to use equity-based compensation is an important tool to attract and retain revenue-generating professionals. Our senior professionals make complex pricing, risk and other business decisions on a daily basis that have long-term impacts on our profitability. We believe that providing a portion of

Table of Contents

their compensation in the form of equity promotes a partner-like long-term mentality and is highly valued by these professionals. Competition for professionals with the level of expertise, specialization and education that we employ is intense. Many of our competitors are privately owned companies, including the Big Four accounting firms, private consulting partnerships, private banks and investment banks, and private equity firms. These private competitors can offer partnership and other ownership incentives to recruit and retain professionals that we cannot.

We have sought to reduce the dilutive impact of our equity-based compensation on our stockholders. We are committed to maintaining strong alignment between our leadership and our stockholders by providing significant amounts of our leaders' compensation in the form of equity and instruments linked to the value of our equity that they must hold for multiple years. We also understand that we must balance maintaining and increasing this alignment with responsibly managing dilution of our current and future stockholders' interest in the Company.

Consequences if Proposal No. 2 is Not Approved by Stockholders

We have certain compensation programs in place (in which our executive officers do not participate) that provide for programmatic equity awards each year to certain of our senior professionals and non-employee directors, as follows:

Our Senior Managing Director Incentive Compensation Programs (collectively, the ICP) for key professionals, which we rolled out starting in 2006, provide for annual payments in the forms of shares of restricted stock, restricted stock units, or, alternatively, cash, based on each participant's annual discretionary bonus compensation for the performance year, which vest pro rata over a period of three or five years.

Our Key Senior Managing Director Incentive Compensation Plan (KSIP), which we implemented starting in 2015, is designed to replace recurring ICP awards by providing designated key professionals (including designated professionals who previously participated in the ICP), with significant upfront restricted stock awards, which vest pro rata over a period of three years.

Our Director Plan provides that non-employee directors will each receive an annual equity award in the form of shares of restricted stock or restricted stock units with a value of \$250,000 as of each annual meeting date, as long as he or she continues as a director of the Company following such annual meeting.

The voluntary deferred compensation features of the 2009 Plan (which are replicated in the 2017 Plan) provide that eligible key employees may each elect to defer up to one-third of his or her annual discretionary bonus, and non-employee directors may each elect to defer all of his or her annual cash retainer, chairmanship fee and/or annual equity compensation, in the form of stock units or restricted stock units payable on a one-for-one basis in shares of Common Stock on an elected payment date or a separation from service event as those phrases are defined under Code Section 409A.

If the equity-based components of the ICP, Director Plan, voluntary deferred compensation or KSIP cannot be offered to participants because authorized shares of Common Stock are not available under a stockholder-approved equity compensation plan, the benefits of such plans and programs will be funded in cash.

Description of the 2017 Plan

Limitations on Issuance of Stock-Based Awards

The 2017 Plan establishes the following award limitations:

For equity awards intended to be performance-based compensation for purposes of Code Section 162(m), the maximum number of shares of our Common Stock granted during any calendar year to any one individual under the 2017 Plan will be limited to 350,000 shares of our Common Stock per type of award. Such per-individual limit will not be adjusted for any award (and related shares of our Common Stock) that has been terminated, surrendered or canceled during the applicable year.

The maximum dollar award that may be paid to any one individual as cash-based awards that are intended to be performance-based compensation for purposes of Code Section 162(m) under the 2017 Plan in any year shall not exceed the aggregate amount of \$15.0 million.

The maximum number of shares of our Common Stock that may be subject to awards of incentive stock options (within the meaning of Section 422 of the U.S. Internal Revenue Code of 1986, as amended (Code Section 422)) is 1,773,000 shares.

Table of Contents

The total compensation (consisting of cash retainers and other cash compensation, as well as equity awards granted under the 2017 Plan) to any non-employee director in any calendar year shall not exceed \$750,000. The above maximum share limits are subject to adjustment in the event of a corporate transaction affecting our Common Stock or our capitalization by reason of a spin-off, split-up, extraordinary dividend, recapitalization, merger, consolidation, share exchange or other similar transaction, or a stock dividend, stock split, reverse stock split, issuance of rights or warrants, or other similar events.

2017 Plan Administration; Terms of Awards

The 2017 Plan will be administered by a committee of the Board composed of directors who are independent directors for purposes of the applicable exchange requirements, who are outside directors within the meaning of Code Section 162(m) and who are non-employee directors within the meaning of Rule 16b-3 promulgated by the SEC under the Exchange Act. The Administrator has the sole authority to interpret the 2017 Plan and set the terms of all awards under the 2017 Plan, including the authority to: (1) determine the individuals to whom, and the time or times at which, awards will be granted; (2) determine the types of awards to be granted; (3) determine the number of shares or monetary value to be covered by or used for reference purposes for each award and determine to what extent and pursuant to what circumstances an award may be settled in, or the exercise price of an award may be paid in, cash, stock, other awards or other property, or an award may be canceled, forfeited or surrendered; (4) impose such terms, limitations, restrictions and conditions upon any such award as the Administrator deems appropriate, including, but not limited to, the exercise price, grant price or purchase price, vesting or exercise period, and treatment on termination of employment or service events, to the extent not inconsistent with the terms of the 2017 Plan; (5) subject to the limitations set forth in the 2017 Plan, modify, amend, extend or renew outstanding awards, or accept the surrender of outstanding awards and substitute new awards; (6) to the extent not inconsistent with the terms of the 2017 Plan, accelerate or otherwise change the time in which an award vests, may be exercised or becomes payable, or waive or accelerate the lapse, in whole or in part, of any restriction or condition with respect to such award, including, but not limited to, any restriction or condition with respect to the vesting or exercisability of an award following termination of a participant's employment or other relationship with the Company or its affiliates, provided that no such acceleration or waiver shall be allowed with regard to a deferral of compensation within the meaning of Code Section 409A, except as otherwise permitted thereunder, or with regard to compensation intended to qualify as performance-based compensation under Code Section 162(m), except as otherwise permitted thereunder; (7) establish objectives and conditions, if any, for earning awards and determining whether awards will be paid after the end of a performance period; and (8) determine conclusively whether (and, if applicable, when) a participant has experienced a separation from service or unforeseeable emergency as those phrases are defined in Code Section 409A.

Types of Awards and Grants

Pursuant to written award agreements, and subject to the provisions of the 2017 Plan, the Administrator may award stock options (including nonstatutory and incentive stock options), SARs, restricted and unrestricted stock or units, stock and cash-based phantom stock, performance awards, other incentive and stock-based awards, and cash-based awards, or any combination thereof, as described below:

- a. **Stock Options.** A stock option represents the right to purchase a share of Common Stock at a predetermined exercise price. The Administrator, in its discretion, may grant nonstatutory stock options or incentive stock options to qualified participants. The Administrator will set the terms of each stock option, including the number of shares, exercise price, vesting period and option duration, but in no event will any option term exceed ten years. All stock options (other than stock options subject to awards that are assumed, converted

or substituted under the 2017 Plan as a result of the Company's acquisition of another company (including by way of merger, combination or similar transaction) ("Acquisition Awards") must have an exercise price at least equal to the closing price of one share of our Common Stock as reported on the NYSE (or other principal securities exchange on which shares of our Common Stock are then listed) on the date of grant ("fair market value"), or, in the case of incentive stock options granted to a 10% stockholder of the Company, at least 110% of the fair market value of a share of Common Stock on the date of grant. The maximum number of shares of Common Stock that may be subject to the awards of "incentive stock options" (within the meaning of Code Section 422) under the 2017 Plan is 1,773,000 shares. The Administrator, in its sole discretion, in the applicable award agreement may authorize stock options to be exercised, in whole or in part, by payment in full of the exercise price in cash, or by delivery of previously owned shares of Common Stock, through a broker cashless exercise program, or through net settlement of shares. No stock option shall be an incentive stock option unless so designated by the Administrator at the time of grant or in the grant agreement evidencing such stock option, and unless it otherwise meets the requirements of Code Section 422. Notwithstanding anything herein to the contrary, if the term of any outstanding nonstatutory stock option is scheduled to expire during any period in which the grantee of such stock option or SAR is prohibited from exercising such stock option or SAR due to such an exercise resulting in a violation of any applicable federal, state or local law, the period

Table of Contents

during which such stock option or SAR may be exercised may, in the sole discretion of the Administrator, be extended to a date that is no later than the 30th day following the date on which the exercise of such stock option or SAR would no longer violate any such applicable federal, state or local law, subject to the limitations of Code Section 409A.

- b. *Stock Appreciation Rights.*** The Administrator may from time to time grant to eligible participants awards of SARs. A SAR entitles the recipient to receive a payment having an aggregate value equal to the product of (1) the excess of (A) the fair market value on the exercise date of one share of Common Stock over (B) the base price per share specified in the applicable award agreement, multiplied by (2) the number of shares specified by the SAR, or portion thereof, which is exercised. Payment of the amount payable upon any exercise of a SAR may be made by the delivery of shares of Common Stock or cash, or any combination of shares of Common Stock and cash, as determined in the sole discretion of the Administrator. If upon settlement of the exercise of a SAR the holder is to receive a portion of such payment in shares of Common Stock, the number of shares will be determined by dividing such portion by the fair market value of a share of Common Stock on the exercise date. The base price per share specified in the grant agreement will not be less than the fair market value of a share of Common Stock on the date of grant (other than in the case of the base price of Acquisition Awards). No fractional shares will be used for such payment and the Administrator will determine whether cash will be given in lieu of such fractional shares or whether such fractional shares will be rounded up or down to the nearest whole share. For purposes of counting against the aggregate share limitation of the 2017 Plan, SARs to be settled in shares of Common Stock will be counted based upon the number of actual shares issued upon settlement of the SARs. The term of the SARs will not exceed ten years.
- c. *Stock Awards.*** Restricted stock awards consist of shares of Common Stock that are awarded to a participant and that are subject to forfeiture or vesting during a pre-established period if certain conditions are met. Unrestricted stock awards consist of shares of Common Stock that are not subject to forfeiture or vesting conditions. A holder of restricted stock will generally have all the rights of a holder of shares of Common Stock, including the right to receive any dividends and to vote, even during the restricted period. The Administrator may, from time to time, grant restricted or unrestricted stock awards to eligible service providers in such amounts, on such terms and conditions, and for such consideration, including no consideration or such minimum consideration as may be required by law, as it shall determine.
- d. *Phantom Stock.*** Phantom stock awards, including phantom stock units, restricted stock units and stock units are full value awards denominated in stock-equivalent units. The amount and terms of a stock unit award will be set by the Administrator pursuant to a written award agreement. Stock units granted to a participant will be credited to a bookkeeping reserve account solely for accounting purposes, and will not require a segregation of any of our assets. An award of stock units may be settled in shares of our Common Stock, in cash, or in a combination of shares of Common Stock and cash, as determined in the sole discretion of the Administrator. Except as otherwise provided in the applicable award agreement in the sole discretion of the Administrator, the holder of stock units will not have any rights of a stockholder with respect to any shares of Common Stock represented by a stock unit solely as a result of the grant of a stock unit.
- e. *Performance Awards.*** Performance awards are awards of cash, shares of Common Stock, or a combination of cash and shares of Common Stock, which become vested or payable upon the satisfaction of

pre-determined performance goals over the pre-determined performance period established by the Administrator. The performance period will be determined by the Administrator and may be equal to, greater than or less than 12 months. Performance awards may be paid by the delivery of Common Stock or cash, or any combination of Common Stock and cash, as determined in the sole discretion of the Administrator. The performance goals will be based on one or more of the following criteria:

Such performance goals also may be based by reference to (i) the Company's performance as a whole or the performance of one or more subsidiaries, divisions, business segments, practice groups, business units or geographic regions of the Company, (ii) comparison with performance of an industry, one or more peer groups or other groups of companies, (iii) prior performance periods, and/or (iv) other measures selected or defined by the Administrator within the parameters of Code Section 162(m). At any time prior to the final determination of the performance awards, the Administrator may adjust the performance goals and awards for participants to the extent that the Administrator deems appropriate considering the requirements of Code Section 162(m), provided that if a performance award is intended to qualify for the performance-based compensation exemption under Code Section 162(m), the Administrator shall be precluded from increasing the amount of compensation payable under the terms of such performance award (but may decrease the amount of compensation payable in its sole discretion). Upon completion of a performance period, the Administrator shall determine whether the performance goals have been met and certify in writing to the extent that such goals have been satisfied. To the extent permitted under Code Section 162(m), the Administrator may in its sole discretion, also exclude, or adjust to reflect, the impact of an event or occurrence that the Administrator determines should be appropriately excluded or adjusted, including: (a) restructurings, discontinued operations, extraordinary items or events, and other unusual, infrequent or non-recurring charges; (b) an event either not directly related to the operations of the Company or not within the reasonable control of the Company's management; (c) goodwill impairment charges or fair value adjustments for contingent consideration; (d) a change in tax law or accounting standards required by generally accepted accounting principles; or (e) any other recurring or

non-recurring items as the Administrator, in its sole discretion, shall determine. With respect to performance goals consisting of financial metrics, such goals may be determined in accordance with U.S. Generally Accepted Accounting Principles (GAAP), in accordance with accounting principles established by the International Accounting Standards Board (IASB Principles), or may be adjusted when established to exclude any items otherwise includable under GAAP or under IASB Principles or to include any items otherwise excludable under GAAP or under IASB Principles. Upon completion of a performance period, the Administrator will determine whether the performance goals have been met within the established performance period, and certify in writing to the extent such goals have been satisfied.

- f. *Other Stock-Based Awards.*** Other stock-based awards are awards denominated or valued, in whole or in part, by reference to or otherwise based on, or related to, the value of our Common Stock. Other stock-based awards may be denominated in cash, in shares of Common Stock or other securities, in stock-equivalent units, in stock appreciation units, in securities or debentures convertible into shares of Common Stock, or in any combination of the foregoing and may be paid in shares of Common Stock or other securities, in cash, or in a combination of shares of Common Stock or other securities and cash, all as determined in the sole discretion of the Administrator. The Administrator will set the terms and amounts of other stock-based awards pursuant to written award agreements.
- g. *Other Cash-Based Awards.*** The Administrator may, from time to time, grant cash-based awards to eligible participants in such amounts, on such terms and conditions, and for such consideration, including no consideration or such minimum consideration as may be required by law, as it shall determine. Cash-based awards shall be credited to a bookkeeping

reserve account solely for accounting purposes, shall not require a segregation of any of our assets, and will be payable in cash only.

Incentive Stock Option Limits

For purposes of the grant of incentive stock options under the 2017 Plan (i) only the first \$100,000 of shares of Common Stock (valued as of the date of grant) that become exercisable under an individual's incentive stock options in a given year will be eligible to receive incentive stock option tax treatment, (ii) the exercise price must be at least equal to 100% of the fair market value of the shares on the date of grant of the option (or, in the case of incentive stock options granted to a 10% stockholder of the Company, at least 110% of the fair market value of a share of our Common Stock on the date of grant), and (iii) the maximum term of an incentive stock option is ten years from the date of grant (or, in the case of incentive stock options granted to a 10% stockholder of the Company, five years from the date of grant). The maximum number of shares of Common Stock that may be subject to the awards of incentive stock options (within the meaning of Code Section 422) under the 2017 Plan is 1,773,000 shares of Common Stock.

No Separate Consideration

The Company will not receive separate consideration for the granting of awards under the 2017 Plan, other than related to the services the participants provide or as otherwise required by applicable law.

Change in Control

In the event of any transaction resulting in a Change in Control (as defined in the 2017 Plan), unvested awards will not vest automatically and a participant's awards will be treated in accordance with the following:

- a.** Awards, whether or not then vested, shall be continued, assumed or have new rights substituted therefor, as determined by the Administrator on a basis at least as beneficial to the participant as under the original award agreement (and in a manner consistent with the requirements of Code Section 409A and Treasury Regulation Section 1.424-1 (and any amendment thereto)), and the vesting conditions and restrictions to which any award granted on or after the date of approval of this Proposal No. 2 by stockholders as presented in this Proxy Statement and prior to the Change in Control are subject shall not automatically lapse upon a Change in Control (although the Administrator will have discretion to convert any performance-based vesting conditions into time-based vesting conditions to take effect following the Change in Control). However, in the event that, within two years following the Change in Control, (or such shorter period as determined by the Administrator, in its sole discretion), the participant's service with the Company or any of its affiliates is involuntarily terminated by the Company or any of its affiliates for any reason other than for Cause, and other than as a result of death or Disability, or pursuant to a participant's Good Reason termination right (which terms shall have the meanings assigned to them in the participant's employment agreement or the applicable award agreement), all outstanding awards granted to such participant, which have not yet vested will immediately vest and become exercisable, and all restrictions on such awards shall immediately lapse.
- b.** To the extent that awards will not be continued, assumed or have new rights substituted therefor in connection with a Change in Control, the Administrator, in its sole discretion, may provide for the purchase of any awards by the Company or an affiliate for an amount of cash equal to the excess (if any) of the highest price per share of Common Stock paid in connection with such Change in Control transaction with

respect to the shares of the Company's Common Stock covered by such awards over the aggregate exercise price, if any, of such awards. In addition, the Administrator may, in its sole discretion, terminate all outstanding and unexercised awards that provide for a participant elected exercise, effective as of the date of the Change in Control, by delivering notice of termination to each participant at least 20 days prior to the date of consummation of the Change in Control, in which case during the period from the date on which such notice of termination is delivered to the consummation of the Change in Control, each such participant will have the right to exercise in full all of such participant's awards that are then outstanding (without regard to any limitations on exercisability otherwise contained in the award agreements), but any such exercise shall be contingent on the occurrence of the Change in Control, and, provided that if the Change in Control does not take place within a specified period after giving such notice for any reason whatsoever, the notice and exercise shall be null and void.

Dividends and Dividend Equivalents

The Administrator may provide that dividends or dividend equivalents shall accumulate with respect to some or all awards, provided that cash, stock and any other property declared as a dividend or a dividend equivalent with respect to any award shall be accumulated and shall be subject to restrictions and risks of forfeiture to the same extent as the applicable award with respect to

which such cash, stock or other property dividend or dividend equivalent has been declared, and such cash, stock or other property dividend or dividend equivalent shall be distributed or paid at the time such applicable restrictions or risks of forfeiture shall lapse.

Share Reserve and Share Recycling

The maximum number of shares authorized for issuance pursuant to awards granted under the 2017 Plan, consist of the sum of the following, subject to adjustment as provided in the 2017 Plan: (i) the number of shares of our Common Stock remaining available for issuance and not subject to outstanding awards under the 2009 Plan as of the date of the Annual Meeting; (ii) any additional shares of our Common Stock subject to outstanding awards under the 2009 Plan, the 2006 Plan and the 2004 Plan as of the date of the Annual Meeting, that may be forfeited, canceled, surrendered, cash-settled, tendered or withheld, from time to time, and returned to the Company; plus (iii) 850,000 additional new shares of our Common Stock. If any award, or portion of an award under the 2017 Plan expires or terminates unexercised, becomes unexercisable, is settled in cash without delivery of shares of Common Stock, is forfeited or otherwise terminated, surrendered or canceled as to any shares, if any shares of Common Stock are repurchased by or surrendered to the Company in connection with any such award, or if any shares are tendered or withheld by the Company in connection with the exercise, payment of purchase price or the withholding of taxes with respect to an award, the shares subject to such award and the repurchased, surrendered, cash-settled, tendered and withheld shares shall thereafter be available for further awards under the 2017 Plan, provided, however, that any such shares that are repurchased by the Company in connection with any award or that are otherwise forfeited, surrendered or withheld after issuance shall not be available for purchase pursuant to incentive stock options intended to qualify under Code Section 422.

Amendments and Termination

The Board may terminate, amend or modify the 2017 Plan or any portion thereof at any time, provided, however, that without the approval of the Company's stockholders, no such amendment or modification shall be made that (i) would increase the total number of shares of Common Stock that may be granted under the 2017 Plan, in the aggregate, (ii) increase any limitations set with respect to any type of award, or with respect to any individual during any one calendar year, except for corporate adjustments pursuant to the 2017 Plan, (iii) reduce the minimum stock option price or SAR base price, as applicable, contrary to provisions of the 2017 Plan, or (iv) is required to be submitted to stockholders of the Company for approval pursuant to applicable law or the rules and regulations of the SEC, the NYSE or such other principal U.S. securities exchange on which shares of the Company's Common Stock are then traded, or any other governmental or regulatory authority (including any other securities exchange) to which the Company is subject or on which the Company's equity securities are then listed. Furthermore, except with respect to adjustments for corporate changes in accordance with the 2017 Plan, the terms of previously granted stock options or SARs shall not be amended or modified without the consent of stockholders to (a) lower the exercise price per share or base price per share of a stock option or SAR after it is granted, (b) cancel a stock option or SAR when the exercise price per share or base price per share exceeds the fair market value per share, or exchange such stock option or SAR for cash or another award, or (c) take any other action with respect to a stock option or SAR that would be treated as a repricing under the rules and regulations of the NYSE or such other principal U.S. securities exchange on which the shares of Common Stock are then listed. Except as otherwise determined by the Board, termination of the 2017 Plan shall not affect the Administrator's ability to exercise the powers granted to it hereunder with respect to awards granted under the 2017 Plan prior to the date of such termination. Except as specifically provided otherwise in the 2017 Plan, no amendment, modification or termination of the 2017 Plan shall materially adversely affect the rights of a participant that have been established prior to such amendment, modification or termination absent the written consent of the affected participant. Notwithstanding the foregoing, any amendment or modification of the 2017 Plan may be made (including retroactively, if necessary) if the Board deems such amendment or modification necessary or proper

to bring the 2017 Plan into conformity with any law or governmental regulation relating to the 2017 Plan. For the avoidance of doubt, the modifications and amendments set forth in the 2017 Plan shall not apply retroactively to outstanding awards authorized by the Administrator prior to approval by the stockholders at the Annual Meeting, without the consent of the applicable participant.

Vesting and Transferability of Awards

Subject to the limitations of the 2017 Plan, the Administrator, in its discretion, has the general authority to enact terms and conditions with respect to the vesting or exercisability of an award during and following the end of a participant's employment or other relationship with the Company or its subsidiaries or affiliates. In general, no award under the 2017 Plan that is held by an executive officer or non-employee director may be subject in any manner to sale, transfer, assignment, pledge, attachment, garnishment or other alienation or encumbrance of any kind, other than by will or by the laws of descent and distribution.

Eligibility and Awards

As of the Record Date, six named executive officers, seven non-employee directors and approximately 4,732 employees, including approximately 449 senior managing directors and senior vice presidents, and six segment leaders, as well as individual service

Table of Contents

providers of the Company and our subsidiaries, are eligible to participate in the 2017 Plan. The Administrator has the authority to select participants and to determine the amount, type and terms of each award granted under the 2017 Plan. The Administrator may also grant new awards to replace outstanding options or other equity-based compensation when we acquire another company and, where appropriate, to mirror the terms of those replaced options or other equity-based compensation awards.

We have certain programs in place that provide for programmatic or standing equity awards each year, including pursuant to the ICP, the KSIP and the Director Plan. We are unable to predict the number of shares that we will need to fund awards under those programs at this time because that depends on: (i) the award level at which the participant enters such program, in the case of the KSIP; (ii) the annual discretionary bonus compensation and voluntary deferral levels, in the case of participants in the ICP; and (iii) the closing fair market value of our Common Stock on the date of grant, in all cases. Nor can we predict the number of shares that will be used to fund any other equity awards granted at the discretion of the Administrator.

The following table sets forth the maximum aggregate number of stock options, SARs, stock-based awards, full value cash units, performance-based restricted stock units and performance-based cash units outstanding under the 2009 Plan as of the year ended December 31, 2016, awarded to each of our named executive officers, all executive officers as a group, all directors who are not executive officers as a group and our non-executive officer employee group. The fair market value of one share of the Company's Common Stock on the Record Date, as reported on the NYSE at the close of business on that day, was \$40.51.

U.S. Federal Income Tax Consequences

The following summary is intended only as a general guide to the U.S. federal income tax consequences of incentive stock options and nonstatutory stock options, which are authorized for grant under the 2017 Plan, under current law. It does not attempt to describe all possible federal or other tax consequences of participation in the 2017 Plan or tax consequences based on particular circumstances. The tax consequences may vary for non-U.S. awards.

Incentive Stock Options

An option holder recognizes no taxable income for regular income tax purposes as a result of the grant or exercise of an incentive stock option qualifying under Code Section 422. However, an option holder may be subject to the alternative minimum tax if the fair market value of our Common Stock on the date of exercise exceeds the option holder's purchase price for the shares. Option holders who neither dispose of their shares within two years following the date the option was granted, nor within one year following the exercise of the option, will normally recognize a capital gain or loss upon a sale of the shares equal to the difference, if any, between the sale price and the purchase price of the shares. If an option holder satisfies such holding periods upon a sale of the shares, we will not be entitled to any deduction for federal income tax purposes. If an option holder disposes of shares within two years after the date of grant or within one year after the date of exercise (a disqualifying disposition), the option holder will normally recognize ordinary income in the tax year during which the disqualifying disposition occurs equal to the lesser of the difference between (i) the fair market value of the shares on the date of exercise and the purchase price of such shares and (ii) the sales price and the purchase price of such shares. The option holder will normally also recognize a capital gain equal to the difference, if any, between the sales price and the fair market value of such shares on the exercise date. However, if a loss is recognized on the sale (i.e., the sales price is less than the purchase price of the disposed shares), the option holder will not recognize any ordinary income and such loss will be a capital loss. Any ordinary income recognized by the option holder upon the disqualifying disposition of the shares generally will result in a deduction by us for federal income tax purposes.

Nonstatutory Stock Options

Options not designated or qualifying as incentive stock options will be nonstatutory stock options having no special tax status. An option holder generally recognizes no taxable income as the result of the grant of such an option. Upon exercise of a nonstatutory stock option, the optionee normally recognizes ordinary income in the amount of the difference between the option exercise price and the fair market value of the shares on the exercise date. If the option holder is an employee, such ordinary income generally is subject to withholding of income and employment taxes. Upon the sale of stock acquired by the exercise of a nonstatutory stock option, any gain or loss based on the difference between the sale price and the fair market value on the exercise date will be taxed as a capital gain or loss. No tax deduction is available to us with respect to the grant of a nonstatutory stock option or the sale of the stock acquired pursuant to such grant. We generally should be entitled to a deduction equal to the amount of ordinary income recognized by the option holder as a result of the exercise of a nonstatutory stock option.

2017 Plan Awards to International Employees

The Administrator has the authority to grant awards to employees of the Company and our subsidiaries who are foreign nationals or employed outside the U.S. on any different terms and conditions than those specified in the 2017 Plan that the Administrator, in its discretion, believes to be necessary or desirable to accommodate differences in applicable law, tax policy or custom, or to qualify for preferred tax treatment under foreign tax laws or otherwise complying with the regulatory requirements of local or foreign jurisdictions, while furthering the purposes of the 2017 Plan. The Administrator has delegated to a management committee the authority to establish or approve sub-plans to the 2017 Plan to comply with foreign laws (but not the authority to grant awards or set the terms of awards). The Administrator may allocate all or a portion of authorized shares under the 2017 Plan for award pursuant to such sub-plan(s), as it believes to be necessary or appropriate for these purposes without altering the terms of the 2017 Plan in effect for other participants, provided, however, that the Administrator, without stockholder approval, may not (a) increase individual share ownership limitations in the 2017 Plan, (b) increase the number of shares available under the 2017 Plan, (c) increase the number of shares available for stock-based awards under the 2017 Plan, (d) increase the limitations on cash-based awards under the 2017 Plan, or (e) cause the 2017 Plan to cease to satisfy any conditions under Rule 16b-3 under the Exchange Act. Subject to the foregoing, the management committee may amend, modify, administer and terminate, as well as prescribe and rescind rules relating to such sub-plans.

Table of Contents**Other Considerations**

Code Section 162(m) allows publicly held corporations to deduct compensation in excess of \$1,000,000 paid to a corporation's chief executive officer and the three other most highly compensated executive officers serving on the last day of the fiscal year, excluding the chief financial officer, if the compensation is payable solely based on the attainment of one or more performance goals and certain statutory requirements are satisfied. Subject to stockholder approval of this Proposal No. 2 at the Annual Meeting, we intend for compensation arising from grants of awards under the 2017 Plan that are based on performance goals, and compensation arising from grants of stock options and SARs granted at fair market value, to be deductible by us as qualified performance-based compensation not subject to the \$1,000,000 limitation on deductibility. However, other considerations, such as providing our executive officers who are subject to Code Section 162(m) with competitive and adequate incentives to remain with and increase our business operations, financial performance and prospects, as well as rewarding extraordinary contributions, also significantly factor into the Administrator's compensation decisions. The Administrator has and expects to continue to authorize payment of compensation to executive officers outside the limits of Code Section 162(m).

Stockholder Approval Required. The approval of the 2017 Plan requires a majority of the votes cast on the proposal to vote **FOR** the proposal. For purposes of this proposal, pursuant to the rules of the NYSE, abstentions will constitute votes cast and, therefore, will have the same effect as votes **AGAINST** the proposal.

The Board of Directors Unanimously Recommends That You Vote FOR Proposal No. 2.

PROPOSAL NO. 3 RATIFY THE APPOINTMENT OF KPMG LLP AS FTI CONSULTING, INC. S INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR THE YEAR ENDING DECEMBER 31, 2017

The firm of KPMG has served as the Company's independent registered public accounting firm since 2006. KPMG has confirmed to the Audit Committee and us that it complies with all rules, standards and policies of the Public Company Accounting Oversight Board and the SEC governing auditor independence.

The Audit Committee has appointed KPMG as the independent registered public accounting firm to audit the Company's books and accounts for the year ending December 31, 2017. We are seeking stockholder ratification of that action. Although stockholder ratification of the appointment of our independent registered public accounting firm is not required, we are submitting the selection of KPMG for ratification as a matter of good corporate governance. Even if the appointment is ratified, the Audit Committee, in its discretion, may appoint an alternative independent registered public accounting firm if it deems such action appropriate. If the Audit Committee's selection is not ratified, the Audit Committee will take that fact into consideration, together with such other factors it deems relevant, in determining its appointment of an independent registered public accounting firm for the year ending December 31, 2017.

KPMG's representative will be present at the Annual Meeting and will have the opportunity to make a statement if he desires to do so and to respond to appropriate questions asked by stockholders. See **Principal Accountant Fees and Services** for a description of the fees paid to KPMG for the fiscal years ended December 31, 2015 and December 31, 2016 and other matters relating to the procurement of services.

Stockholder Approval Required. The ratification of the appointment of KPMG as FTI Consulting, Inc.'s independent registered public accounting firm for the year ending December 31, 2017 requires a majority of the votes cast at the Annual Meeting on the proposal to be voted **FOR** this proposal. Abstentions and broker non-votes will not be counted as votes cast either **FOR** or **AGAINST** Proposal No. 3, and will have no effect on the results of the vote on this proposal.

The Board of Directors Unanimously Recommends That You Vote FOR Proposal No. 3.

PROPOSAL NO. 4 VOTE ON AN ADVISORY(NON-BINDING) RESOLUTION TO APPROVE THE COMPENSATION OF THE NAMED EXECUTIVE OFFICERS AS DESCRIBED IN THE PROXY STATEMENT

Our stockholders have the opportunity to vote on an advisory (non-binding) Resolution (say-on-pay) to approve the compensation of our named executive officers identified on page 44 to this Proxy Statement (our NEOs). The Compensation Discussion and Analysis (the CD&A), beginning on page 44 of this Proxy Statement, describes the material elements of our executive officer compensation policies and programs. The CD&A also describes the principles and objectives of our decisions with respect to 2016 compensation for our NEOs. Our NEOs compensation has been designed to:

provide our NEOs with competitive total pay opportunities to retain, motivate and attract talented executive officers;

place a significant portion of our NEOs compensation at risk;

drive long-term strategic behavior by measuring LTIP over a three-year performance period; and

align our NEOs compensation opportunities with our stockholders through meaningful financial performance conditions that support key business outcomes and the creation of stockholder value.

The say-on-pay vote is not intended to address any specific item of compensation but rather the overall compensation of our NEOs, as described in the Proxy Statement.

This say-on-pay vote is advisory and, therefore, not binding on the Company, the Compensation Committee or the Board. Although the vote is non-binding, the Compensation Committee will review the voting results in connection with its ongoing evaluation of the Company s executive officer compensation programs, principles and objectives. Subject in the future to the results of Proposal No. 5, the Compensation Committee seeks the advisory vote of our stockholders on say-on-pay annually.

We believe that the information provided in this Proxy Statement demonstrates our commitment and the commitment of our Compensation Committee to our pay-for-performance philosophy. The Board recommends that you approve the compensation of our NEOs as described in the Proxy Statement by approving the following, non-binding, resolution:

RESOLVED, that the stockholders approve, on an advisory basis, the compensation of the Company s named executive officers as described pursuant to the rules of the Securities and Exchange Commission in the Proxy Statement.

Stockholder Approval Required. The Board and the Compensation Committee will consider the affirmative vote of a majority of the votes cast **FOR** the proposal at the Annual Meeting as advisory approval of the compensation paid to the Company s NEOs as described in the Proxy Statement. Abstentions and broker non-votes will not be counted as votes cast either **FOR** or **AGAINST** Proposal No. 4, and will have no effect on the results of the vote on this proposal.

The Board of Directors Unanimously Recommends That You Vote FOR Proposal No. 4.

PROPOSAL NO. 5 ADVISORY(NON-BINDING) VOTE ON THE FREQUENCY OF AN ADVISORY (NON-BINDING) VOTE ON EXECUTIVE COMPENSATION

As described in Proposal No. 4 above, in accordance with the requirements of Section 14A of the Exchange Act and the related rules of the SEC, our stockholders have the opportunity to cast an advisory vote to approve the compensation of our named executive officers. This Proposal No. 5 affords stockholders the opportunity to cast an advisory (non-binding) vote on how often we should include a say-on-pay proposal in our proxy materials for future annual stockholder meetings or any special stockholder meeting for which we must include executive compensation information in the proxy statement for that meeting (a say-on-pay frequency proposal). In accordance with applicable law, stockholders must be afforded this opportunity at least once every six years. Under this Proposal No. 5, stockholders may vote to have the say-on-pay vote every year, every two years or every three years, or may abstain.

Our stockholders voted on a similar proposal in 2011 with the majority voting to hold the say-on-pay vote every year. We continue to believe that say-on-pay votes should be conducted every year so that our stockholders may annually express their views on our executive compensation programs. It is expected that the next vote on a say-on-pay frequency proposal will occur at the 2023 annual meeting of stockholders.

As an advisory vote, this say-on-pay frequency proposal is not binding on the Company, the Board or the Compensation Committee. However, the Compensation Committee and the Board value the opinions expressed by our stockholders in their votes on this proposal and will consider the outcome of the vote when making future decisions regarding the frequency of conducting a say-on-pay vote.

Stockholder Vote Required. We will consider the option that receives the affirmative vote of a majority of the votes cast at the Annual Meeting as the frequency choice of the stockholders. In the event that no option receives a majority of the votes cast, we will consider the option that receives the most votes to be the option selected by stockholders. Because this say-on-pay frequency proposal is advisory, it will not be binding. However, the Board values the opinions of our stockholders and will conduct the advisory vote on named executive officer compensation consistent with the outcome of this vote on the frequency of future advisory votes. Abstentions and broker non-votes will not be counted as votes cast with respect to Proposal No. 5, and will have no effect on the results of the vote on this proposal.

The Board of Directors Unanimously Recommends That You Vote on Proposal No. 5. To Hold a Say-On-Pay Vote Every 1 Year (as Opposed to Every 2 Years or Every 3 Years).

Table of Contents**SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT**

There were 41,316,852 shares of our Common Stock issued and outstanding as of the close of business on the Record Date. The following table shows the beneficial ownership of our Common Stock as of the close of business on the Record Date by:

each of the NEOs named in this Proxy Statement;

each person known by us to own beneficially more than 5% of our outstanding shares of Common Stock;

each of our directors and director nominees; and

all of our executive officers and directors as a group.

The amounts and percentages of shares of Common Stock beneficially owned are reported on the basis of SEC regulations governing the determination of beneficial ownership of securities. Under SEC rules, a person is deemed to be a beneficial owner of a security if that person has or shares voting power, or investment power, which includes the power to dispose of or to direct the disposition of such security. A person is also deemed to be a beneficial owner of any securities with respect to which that person has a right to acquire beneficial ownership within 60 days. Securities that can be so acquired are deemed to be outstanding for purposes of computing such person's ownership percentage, but not for purposes of computing any other person's percentage. Under these rules, more than one person may be deemed to be a beneficial owner of the same securities, and a person may be deemed to be a beneficial owner of securities as to which such person has no economic interest. Except as otherwise indicated in the footnotes to this table, each of the beneficial owners listed has, to our knowledge, sole voting and investment power with respect to the indicated shares of Common Stock.

Table of Contents**COMPENSATION DISCUSSION AND ANALYSIS**

This Compensation Discussion and Analysis section (CD&A) describes the material elements of our executive officer compensation programs and policies for 2016, and the principles and objectives of our decisions with respect to 2016 compensation for our named executive officers (NEO) in this Proxy Statement.

Named Executive Officers

Our NEOs determined as of December 31, 2016 include the following current executive officers of the Company:

Name	Title
Steven H. Gunby	President and Chief Executive Officer (CEO)
Ajay Sabherwal ⁽¹⁾	Chief Financial Officer (CFO)
Paul Linton	Chief Strategy and Transformation Officer (CSTO)
Curtis Lu	General Counsel (GC)
Holly Paul	Chief Human Resources Officer (CHRO)

Our NEOs also include the following individuals who formerly held the position of Chief Financial Officer of the Company during the calendar year ended December 31, 2016:

Name	Title
David M. Johnson	Former Chief Financial Officer (last day of employment effective March 1, 2016 (Former CFO))
Catherine M. Freeman ⁽¹⁾	Former Interim Chief Financial Officer (until August 15, 2016) and current Senior Vice President, Controller and Chief Accounting Officer (CAO)

- (1) Our CFO joined the Company on August 15, 2016. Mr. Sabherwal received incentive compensation for the period of 2016 that he was employed by the Company in accordance with his employment letter and did not participate in the executive officer 2016 annual incentive pay (AIP) and long-term Incentive pay (LTIP) opportunities. In addition, our CAO, in her position as Chief Accounting Officer, does not participate in the same AIP and LTIP opportunities as other NEOs of the Company. Executive Summary

We Improved Our 2016 Financial and Operational Performance. We continued to execute against our strategy of organic growth and key growth initiatives as demonstrated by the following:

we **INCREASED** earnings per diluted share (EPS) and adjusted earnings per diluted share (Adjusted EPS ⁽¹⁾) to \$2.05 and \$2.24, respectively, for the year ended December 31, 2016, from \$1.58 and \$1.84, respectively, for the year ended December 31, 2015, an increase of 29.7% and 21.7%, respectively;

we **INCREASED** net income to \$85.5 million for the year ended December 31, 2016 from \$66.1 million for the year ended December 31, 2015, an increase of 29.5%;

Table of Contents

we **INCREASED** revenues to \$1.81 billion for the year ended December 31, 2016, an increase of 1.8%, compared with \$1.78 billion for the prior year (excluding the estimated negative impact of foreign currency translation, revenues increased 3.6% compared with the prior year);

we **INCREASED** net cash provided by operating activities to \$233.4 million for the year ended December 31, 2016 from \$139.9 million for the year ended December 31, 2015, an increase of 66.9%; and

the closing price of our common stock, par value \$0.01 per share (Common Stock), reported on the New York Stock Exchange (NYSE) **INCREASED** to \$45.08 per share on December 30, 2016 from \$33.80 per share on January 4, 2016.

We Deployed Our Capital Wisely. During 2016, we used our cash to increase stockholder value as demonstrated by the following:

we **DECREASED** our total debt by \$130.0 million to \$370.0 million at December 31, 2016 from \$500.0 million at December 31, 2015, by reducing the balance of borrowings under our senior secured bank credit facility;

we **REDUCED** our Leverage Ratio⁽¹⁾ (total debt divided by Adjusted EBITDA) to 1.82 at December 31, 2016 from 2.43 at December 31, 2015;

we **REPURCHASED** 537,400 shares of Common Stock during 2016, at an average per share price of \$39.97, for an aggregate cost of \$21.5 million under the \$100.0 million stock repurchase program authorized by the Board of Directors (our Board) on June 2, 2016; and

we **GREW** our headcount year-over-year with a net increase of 80 billable professionals.

Robust Stockholder Engagement Program and 2016 Say-on-Pay Vote. We conduct extensive stockholder outreach throughout the year demonstrated by the following:

We regularly speak with a broad spectrum of our stockholders on a variety of topics. Such communications allow us to provide perspective on Company policies and practices, stay attuned to stockholder sentiment on a variety of issues, and address stockholder concerns with our policies and practices when appropriate. Generally, we communicate with our major stockholders through our executive management and investor relations professionals. Periodically, our Chairman of the Board and Chair of the Compensation Committee communicate with major stockholders as well, which allows our directors to directly solicit and receive our stockholders' views on our strategy and performance.

We continuously engage our stockholders to elicit information regarding their views of our NEO compensation. These discussions are generally focused on our executive compensation programs, including use of equity compensation, and corporate governance best practices. During 2016, we held discussions regarding our executive compensation programs with 11 of our largest stockholders, holding an aggregate of 55.5% of our outstanding shares of Common Stock as of December 31, 2016. At our 2016 annual meeting of stockholders, our stockholders expressed support for our executive officer compensation practices with approximately 96.5% of the votes cast in favor of our say-on-pay proposal.

After taking into account our 2015 say-on-pay results and feedback received from our stockholders during 2016, our Compensation Committee strengthened our 2016 AIP and LTIP programs with the following changes:

increased the 2016 AIP objective performance threshold based on adjusted net cash provided by operating activities (Adjusted Net Cash Flow⁽¹⁾) to \$75.0 million from \$72.0 million for 2015;

substituted Adjusted EBITDA (in lieu of Adjusted Net Cash Flow) as an operative performance metric for purposes of determining one-third of target 2016 AIP payable to eligible executive officers; and

capped the LTIP payout on negative total stockholder return (TSR) performance relative to the S&P 500 at 100% of target.

We Have a Pay-for-Performance Philosophy. We have a pay-for-performance philosophy that puts a substantial portion of our NEOs' compensation at risk, focuses them on achieving key financial and strategic business objectives, and rewards them when the applicable financial, operational and individual performance measures established by the Compensation Committee for the applicable period have been achieved.

- (1) Adjusted EPS, Adjusted EBITDA and Adjusted Net Cash Flow, which are referenced in this CD&A, are financial measures not prepared in accordance with Accounting Principles Generally Accepted in the United States (GAAP). See Appendix B for the definition of each of these non-GAAP measures and the reconciliation to the most directly comparable GAAP measure. We have defined Leverage Ratio as (i) total debt, divided by (ii) Adjusted EBITDA. Leverage Ratio does not have a most directly comparable GAAP measure to which it can be reconciled.

Table of Contents

We Reward Our NEOs Based on Company Financial Performance. The following financial performance measures were used as a basis for determining 2016 AIP and LTIP:

2016 Financial Performance Measures	Rationale
Adjusted Net Cash Flow (2016 AIP objective threshold performance measure to comply with Section 162(m) of the U.S. Internal Revenue Code of 1986, as amended (Code Section 162(m)))	The ability to translate earnings to cash indicates the health of our business and allows the Company to invest for the future, as well as return value to our stockholders.
Adjusted EPS (2016 AIP operative performance measure to determine one-third of target bonus opportunity)	A primary measure of the Company's ability to generate income per share, which is indicative of stockholder value.
Adjusted EBITDA (2016 AIP operative performance measure to determine one-third of target bonus opportunity)	A primary measure of the Company's operating performance, excluding certain non-recurring items.
TSR relative to the S&P 500 (2016 LTIP performance measure to determine 50% of total long-term bonus opportunity)	TSR indicates how the Company's value compares with the S&P 500 over the relevant performance period. It indicates if the Company's stock price performance is aligned with the S&P 500 over a long time frame.

We Compensated Our NEOs for 2016 Performance. Our Compensation Committee took the following actions with respect to 2016 compensation:

established AIP objective performance measure based on Adjusted Net Cash Flow of \$75.0 million to qualify for NEO compensation deductions under Code Section 162(m);

established AIP operative performance measures based on Adjusted EPS, Adjusted EBITDA (new for 2016) and individual performance, each representing one-third of our CEO's, CSTO's, GC's and CHRO's target potential payout value;

awarded AIP to each of our CEO, CSTO, GC and CHRO at 123.68% of target, based on achievement of (i) Adjusted EPS at 116.66% of target, (ii) Adjusted EBITDA at 104.38% of target, and (iii) such individual's performance goals at 150% of target;

awarded 50% of LTIP opportunity in the form of restricted stock units, subject to performance conditions based on Company-adjusted TSR relative to the S&P 500 measured over three years ending December 31, 2018; and

awarded 50% of LTIP opportunity in the forms of time-vested restricted stock units and stock options.

Our CEO Realized 2016 Pay Less than Reported 2016 Pay. The pay realized by our CEO for 2016 in the approximate aggregate amount of \$4.5 million (which includes \$1.0 million from the vesting of one-third of the shares of restricted stock awarded as sign-on bonus in 2014) is significantly less than the approximately \$6.0 million of total compensation reported for 2016 in the Summary Compensation Table on page 58. Realized pay includes the 2016 year-end taxable pay that the Company reported to our CEO, which includes (a) \$3.0 million of aggregate cash compensation (salary, as well as bonus for the 2015 performance year paid in 2016 and vesting of cash-settled restricted stock units granted in 2014) plus (b) \$1.5 million of aggregate value of restricted stock that vested during 2016. Realized pay does not include the (i) cash bonus for the 2016 performance year paid in 2017, (ii) value of stock options that vested but were not exercised during 2016, and (iii) equity-based LTIP awards granted in March 2016. Reported pay for 2016 includes the equity-based LTIP awards granted in March 2016 with an aggregate value (computed based on the closing price of one share of our Common Stock as reported on the NYSE (or other principal securities exchange on which shares of our Common Stock are then listed) on the date of grant (fair market value)), of \$2.5 million at target (which are not vested on the grant date, but are subject to vesting or performance conditions measured over three-year periods).

Table of Contents

Our 2016 NEO Compensation Programs Balance Fixed and Variable Pay. The below charts describe the mix of total direct compensation (which includes cash and non-performance-based restricted shares (RS) and performance-based restricted stock units (RSUs)) as compared with performance-based variable incentive compensation (which includes stock options, as well as cash and RSU awards that are subject to performance conditions) paid or payable to our CEO, on the one hand, and our CSTO, GC and CHRO as a group, on the other hand, for 2016:

Our Compensation Philosophy and Compensation Governance

Our Compensation Committee strongly believes that NEO compensation both pay opportunities and pay realized should be linked with the Company's operational performance and the creation of stockholder wealth. Our Compensation Committee designs our executive officer compensation programs to accomplish these goals by:

ATTRACTING executive officer candidates through competitive compensation programs that are appropriate to our business, size and geographic diversity;

MAINTAINING continuity of executive management by delivering opportunities for our NEOs to earn competitive compensation;

structuring our executive officer compensation programs to **ALIGN THE INTERESTS** of our NEOs with those of our stockholders by encouraging solid corporate growth, and the prudent management of risks and rewards;

BALANCING the emphasis on short-term and long-term compensation opportunities, focusing on the attainment of financial and strategic goals that contribute to the creation of stockholder value;

placing a significant percentage of each NEO's total compensation opportunity **AT RISK** and subject to the attainment of financial goals that drive or measure the creation of Company value;

paying for **PERFORMANCE**;

managing our executive officer compensation programs **CONSISTENTLY** among participating NEOs; and

LIMITING perquisites and other non-performance-based entitlements.

Table of Contents

The following features of our overall executive officer compensation practices strengthen the link between the interests of our NEOs and our stockholders:

We Do	We Do Not
pay-for-performance	make loans to executive officers
claw back incentive pay if the amount paid exceeds the amount that would have been earned upon a restatement of our financial statements due to material non-compliance	have separate retirement plans grant stock-based or cash-based options and stock appreciation rights (SARs) below fair market value
impose stock ownership requirements for our CEO of five times (5x) annual cash base salary, and our CFO, CSTO, GC, CHRO and other covered officers of one times (1x) annual cash base salary	reprice (or permit the cash buyout of underwater stock options or SARs), or reload or exchange stock options or SARs, without stockholder approval
engage an independent compensation consultant who advises the Compensation Committee	allow hedging and pledging of Company securities gross up compensation for excise and income taxes
offer performance-based AIP and LTIP opportunities intended to qualify for deduction under Code Section 162(m)	automatically accelerate the vesting of equity awards on a Change in Control
assess and determine that the risks associated with our compensation policies and practices are not reasonably likely to result in a material adverse effect on the Company and our subsidiaries taken as a whole (see Corporate Governance Compensation-Related Risks)	pay dividends or dividend equivalents on unearned and unvested equity awards

Information about Our Executive Officer Compensation Decisions**Annual Cash Base Salary**

The Compensation Committee generally establishes annual cash base salary adjustments in February of each year. Our CSTO and CHRO received annual cash base salary increases of \$50,000 and \$100,000, respectively, commencing on April 1, 2016, which increased his or her annual cash base salary to \$500,000. The Compensation Committee believes that the salary increase was warranted based on such officer's individual performance during 2015 and in order to maintain the annual base salary equality among our CSTO, GC and CHRO. Our CAO received an annual cash base salary increase of \$15,000 to \$475,000 effective April 1, 2016.

2016 Annual Incentive Pay Opportunity Paid in 2017

The Compensation Committees designs the AIP opportunity in the first quarter of each year through consultation with Frederick W. Cook & Co., Inc. (FWC), its compensation advisor, and management. The Compensation Committee first designates the participants for the performance year. To evaluate executive performance and determine AIP in a manner consistent with how management evaluates our business, the Compensation Committee applies one or more business, financial and/or operating metrics that are measured on a non-GAAP basis. The Compensation Committee sets one or more objective financial performance thresholds, below which zero AIP for the performance period will be paid. The Compensation Committee also designates the maximum bonus opportunity that may be awarded to each participant based on the actual achievement of such objective performance measure(s). The Compensation Committee next sets separate operative financial or operating performance conditions on a non-GAAP basis and subjective individual performance goals, which are used to determine each participant's AIP opportunity and the amount payable, if any, at the end of the performance period. Threshold, target and maximum individual payout amounts are set as a percentage of base salary.

On February 24, 2016, the Compensation Committee established the 2016 AIP objective performance metric based on Adjusted Net Cash Flow and operative financial performance metrics based on Adjusted EPS and Adjusted EBITDA (in each case as further adjusted as described below). The Company's 2016 target Adjusted EPS was \$2.10, which represents 14% growth, compared with actual Adjusted EPS of \$1.84 reported by the Company for the year ended December 31, 2015. The 2016 target Adjusted EPS was established toward the higher end of external guidance announced by the Company on February 25, 2016. The 2016 target Adjusted EBITDA of \$199.5 million was set at the same time as the 2016 target Adjusted EPS metric.

Table of Contents

2016 Objective Performance Measure, Participants and Individual Maximums. The Compensation Committee designated (i) Adjusted Net Cash Flow as the 2016 objective financial performance hurdle that must be met before any AIP will be earned, (ii) the eligible participants, and (iii) the maximum payout per participant as a percentage of the objective hurdle, for 2016 AIP payable in 2017, as follows:

- (1) For the purpose of establishing the initial hurdle to be met before any 2016 AIP may be earned, we define Adjusted Net Cash Flow, a non-GAAP measure, as net cash provided by operating activities (a GAAP measure reported in the Company's Annual Report on Form 10-K for the year ended December 31, 2016 (the 2016 Form 10-K))(i) excluding cash expenditures in 2016 related to special charges announced in 2016 or related to accrued liabilities related to special charges announced in prior years, (ii) excluding cash expenditures for acquisition costs for successfully completed acquisitions, and (iii) including an amount equal to the budgeted adjusted net cash provided by operating activities of any business or business segment disposed of by the Company in 2016 for the portion of 2016 subsequent to such disposition. See Appendix B for the reconciliation of Adjusted Net Cash Flow to the most directly comparable GAAP measure.

Table of Contents

2016 Operative Performance Measures and Individual Targets. The Compensation Committee established the following operative performance measures used to determine the individual 2016 AIP amount of each participant (after the objective performance measure described in the preceding Chart has been achieved):

- (1) We define Adjusted Net Income and Adjusted EPS, non-GAAP measures, as Net Income and Earnings per Diluted Share, respectively, excluding the impact of remeasurement of acquisition-related contingent consideration, special charges, goodwill impairment charges and losses on early extinguishment of debt. For the purpose of determining 2016 AIP, Adjusted EPS reported in the 2016 Form 10-K will be further adjusted, as applicable, to (a) include: (i) goodwill impairment charges taken by the Company during 2016 and (ii) in the event of a sale or disposition of part of any business or business segment of the Company completed in 2016, the minority interest of such business or business segment subsequent to the closing of the sale or disposition and (b) exclude: (i) any expensed acquisition costs for successfully completed acquisitions that were previously capitalized prior to the effective date of ASC 805; (ii) any gain or loss included in the Company's Consolidated Statement of Income as a result of any sale or other disposition of any business or business segment in part or in its entirety completed in 2016; and (iii) in the event of any sale or other disposition of any business or business segment of the Company in its entirety completed in 2016, an amount equal to the budgeted

operating income for such business or business segment for the portion of 2016 subsequent to the closing of such transaction (collectively, the Further Adjusted EPS Adjustments). No Further Adjusted EPS Adjustments were made to Adjusted EPS for purposes of determining 2016 AIP. See [Appendix B](#) for the reconciliations of each of Adjusted Net Income and Adjusted EPS to the most directly comparable GAAP measure.

- (2) We define Adjusted EBITDA, a non-GAAP measure, as consolidated net income before income tax provision, other non-operating income (expense), depreciation, amortization of intangible assets, remeasurement of acquisition-related contingent consideration, special charges, goodwill impairment charges and losses on early extinguishment of debt. For the purpose of determining 2016 AIP, Adjusted EBITDA, in the sole discretion of the Compensation Committee, may be further adjusted to exclude (i) operating results, including cost and expenses of operations (including minority interest) discontinued, sold or acquired, (ii) the impact of foreign currency exchange rates different than budget (i.e., constant currency), (iii) costs and expenses related to financing activity and gains and losses related to financing activity, (iv) unplanned severance costs, and (v) litigation settlement and costs (collectively, the Further Adjusted EBITDA Adjustments). While permissible, no Further Adjusted EBITDA Adjustments were made to Adjusted EBITDA for purposes of determining 2016 AIP. See [Appendix B](#) for the reconciliation of Adjusted EBITDA to the most directly comparable GAAP measure.

The below table describes the 2016 operative performance measures and corresponding individual payout levels authorized by the Compensation Committee, at threshold, target and maximum AIP values, for our CEO, CSTO, GC and CHRO:

On February 22, 2017, the Compensation Committee certified that the Company had Adjusted Net Cash Flow in excess of \$75.0 million (based on \$233.5 million of actual Adjusted Net Cash Flow) for the year ended December 31, 2016. Based on achievement of the 2016 operative performance measures (including CEO performance discussed on page 52), realized cash payments of 2016 AIP paid in 2017 to the participating NEOs were as follows:

Percent of Target

- (1) Adjusted EPS of \$2.24 and Adjusted EBITDA of \$203.0 million for the year ended December 31, 2016 were between the target and maximum performance measures established by the Compensation Committee. The Compensation Committee applied linear interpolation to calculate each participant's realized payment amount.
- (2) In assessing individual performance, the Compensation Committee concluded that our CEO, CSTO, GC and CHRO each performed in an exemplary manner during the year, achieving the maximum level of performance with respect to his or her individual performance goals.

2016 Long-Term Incentive Pay Opportunity

The Compensation Committee designs the LTIP opportunity in the first quarter of each year through consultation with FWC, the Committee's compensation advisor, and management. Since 2011, annual LTIP has consisted of three separate awards: performance-based stock or cash units; restricted stock or stock units, or cash units; and stock option shares or SARs. The Compensation Committee designates the (i) recipients of LTIP awards for the performance year, (ii) monetary value of each type of award and the formula for determining the number of shares or units, (iii) vesting or performance measurement period, and (iv) form of payment, which can be Common Stock and/or cash. In addition, the Compensation Committee establishes the financial performance criteria for performance-based awards, which for 2016 is based on Company TSR relative to the S&P 500.

2016 LTIP. The Compensation Committee authorized LTIP awards in 2016, as follows:

Table of Contents

- (1) Company TSR relative to the S&P 500 will be measured over three years from January 1, 2016 through December 31, 2018.
- (2) Stock options and restricted stock units will vest pro rata on the first through third anniversary dates of the grant date.
- (3) Linear interpolation will be applied to calculate payout values between TSR percentiles.

Performance of Outstanding LTIP Awards Measured as of December 31, 2016. Performance-based LTIP awards outstanding as of December 31, 2016 included the grants awarded on April 1, 2014, March 1, 2015 and March 1, 2016. The following table sets forth the terms of those awards, as well as the percentiles that would have been achieved and the amounts that would have been earned had the measurement period of such awards ended as of December 31, 2016:

Other Compensation

Sign-on Bonus. During 2016, the Compensation Committee authorized a one-time aggregate sign-on payment of

\$1,000,000 to our CFO in connection with the commencement of his employment in August 2016, of which \$500,000 was paid in cash and \$500,000 was in the form of shares of restricted stock vesting pro rata on the first, second and third anniversaries of the grant date. The sign-on bonus was intended to compensate our CFO for lost compensation opportunities with his former employer and was a material factor in his decision to accept employment with the Company. Payment through the grant of equity has the added benefit of immediately aligning his interests with those of our stockholders. See Executive Officers and Compensation Summary Compensation Table.

Fixed Bonus. Our CFO and CAO did not participate in the AIP and LTIP compensation opportunities afforded our other current NEOs in 2016. For 2016, the Compensation Committee awarded a cash bonus to our CFO in the amount of \$375,000 in accordance with his employment letter with the Company, which provided for bonus compensation of \$1,000,000 prorated based on the number of months in 2016 that he was employed by the Company. The fixed bonus compensates our CFO for work performed at the Company during the period he did not participate in the Company's AIP and LTIP opportunities. For 2016, the Compensation Committee awarded our CAO a \$508,750 cash bonus, of which \$200,000 was in recognition of her services as interim CFO during a portion of the year and the balance was in recognition of her services as CAO during the year.

Health and Welfare Benefits. We provide our NEOs with substantially the same benefits that we provide to employees generally, to promote NEO health and welfare, to facilitate their job performance and to tie their interests with those of the Company's other employees. These benefits include medical, dental, vision, prescription drug and mental health insurance and/or a health savings account, pre-tax health and dependent care flexible spending accounts, parking and transportation reimbursement accounts, group life insurance, supplemental life and accidental death and dismemberment insurance, short-term and long-term disability insurance coverage, and parental, family and medical leave.

Retirement Benefits. We do not maintain defined benefit pension plans. Retirement benefits to U.S. employees are currently provided through our 401(k) Plan. To align the interests of our NEOs with those of our employees, NEOs are eligible to participate in

Table of Contents

our 401(k) Plan on the same basis as our general U.S. employee population and, like our employees, are eligible to receive matching benefits under our 401(k) Plan up to the maximum allowed under the U.S. Internal Revenue Code, which was \$7,950 for 2016.

Compensation of Our Former CFO

See Employment Agreements and Termination and Change in Control Payments Termination and Change in Control Payment Amounts for a discussion of the amount received by our Former CFO as a result of his voluntary resignation effective on March 1, 2016.

Other Compensation Practices

Timing of Equity Grants

The Compensation Committee is the administrator of our equity compensation plans and programs. The Compensation Committee typically makes annual short-term and long-term incentive compensation decisions during the first quarter of the year to allow dissemination of our fourth quarter and year-end earnings announcements prior to the grant dates of such awards. In some cases, the Compensation Committee will grant awards that are contingent, which conditions precedent may include commencement of employment or the execution and delivery of employment or other documents, or may authorize awards as of future grant dates. All option awards are made at an exercise price equal to or exceeding the fair market value per share of our Common Stock on the grant date and have a ten-year term. The equity awards to the NEOs are also subject to contractual provisions governing the acceleration of vesting on specified events. The Compensation Committee has not delegated its authority to make equity awards or prescribe the terms (including vesting terms) to our management.

Restrictions on Entering into Derivative Transactions; Hedging and Pledging of Company Securities

The Company's Policy on Inside Information and Insider Trading prohibits our executive officers and non-employee directors from (i) purchasing, selling and trading in options (including publicly traded options), warrants, puts and calls or similar instruments relating to our securities, (ii) engaging in derivative securities transactions involving or relating to our securities, including hedging or monetization transactions, such as zero-cost collars and forward sale contracts that allow a person to lock in a portion of the value of his or her shares, often in exchange for all or part of the potential for upside appreciation in the shares, (iii) pledging and short selling our securities, and (iv) purchasing our securities on margin.

Claw Back Policy

The Company's Policy on Recovery of Incentive Compensation in the Event of Certain Financial Restatements (the Claw Back Policy) provides for the recovery of the portion of any cash bonus and other incentive-based compensation (other than stock options) received or earned by any current or former executive officer of the Company on account of the achievement of performance goals that were based on financial results that become subject to a restatement of the Company's financial statements on or after January 1, 2013. Such executive officers would be subject to the Claw Back Policy if (i) the restatement was due to material non-compliance by the Company with any financial reporting requirement under applicable securities laws, other than as a result of any rule changes or interpretations of such rules, (ii) the Board determines that such executive officer was directly responsible for the non-compliance that resulted in the restatement, and (iii) the Board determines that it is in the best interests of the Company and the stockholders to seek repayment from such executive officer. In such event, if the amount received or earned by the executive officer exceeds the amount that would have been payable following the restatement of financial results, the executive officer

will be required to repay such excess amount to the Company. The Board intends to revise the Claw Back Policy to be consistent with the final rules promulgated by the Securities and Exchange Commission under the Dodd Frank Wall Street Reform and Consumer Protection Act.

Chief executive officers and chief financial officers of public companies are also subject to Section 304 of the Sarbanes-Oxley Act of 2002, which requires them to forfeit their stock sale profits and bonuses earned when there has been a financial restatement resulting from misconduct.

Executive Officer Equity Ownership

Our Policy on Executive Officer Equity Ownership demonstrates our continuing commitment to stockholder values and is an important method to immediately align management and stockholder interests. Our CEO must attain an investment level in Company equity equal to at least five times (5x) his annual cash base salary. The Company's CFO and other covered officers, including our CSTO, GC and CHRO, must attain an investment level in Company equity equal to at least one times (1x) his or her annual cash base salary. The officers must attain that ownership level within three years from his or her hire date or the date he or she advances to a new required ownership level. Sales and transfers of Company shares held by a covered officer will be restricted

Table of Contents

if he or she does not attain or maintain the applicable equity ownership investment level at the applicable time, except (i) as necessary to exercise a stock option, (ii) as necessary to pay taxes associated with the sale or vesting of equity awards, or (iii) with the prior written approval of the Compensation Committee, in its sole discretion. Shares of Company Common Stock that are directly or indirectly owned by the officer or owned through a trust, and unvested restricted shares, will count toward attaining and maintaining the applicable equity ownership level, while unvested and unexercised stock options, SARs and unearned performance-based awards will not. The shares of Common Stock counted toward attaining and maintaining the applicable stock ownership level will be valued as the average of the closing prices per share of Common Stock reported on the NYSE for each trading day in the 90-calendar-day period immediately preceding the stock ownership determination date.

Our CEO, CSTO and CHRO joined the Company in 2014. Our CEO was required to achieve and did achieve his requisite equity ownership level by January 20, 2017. Each of our CSTO and CHRO will be required to achieve his or her requisite equity ownership level by August 25, 2017. Our GC joined the Company in 2015 and will be required to achieve his requisite equity ownership level by June 29, 2018. Our CFO joined the Company in 2016 and will be required to achieve his requisite equity ownership level by August 15, 2019. The following chart illustrates their stock ownership as of March 29, 2017:

Deductibility of NEO Compensation

Code Section 162(m) limits the deductibility of compensation in excess of \$1,000,000 paid to a company's chief executive officer and the three other most highly compensated executive officers serving on the last day of the fiscal year, excluding the chief financial officer. A company can deduct compensation (including the exercise of options) above that limit if it pays the compensation under a plan that its stockholders have approved and that is performance-related and non-discretionary. The Compensation Committee considers Code Section 162(m) when making compensation decisions, but other considerations, such as hiring qualified executive officers, providing our executive officers with competitive and adequate incentives to remain with and increase our business operations, Company financial performance and prospects, as well as rewarding extraordinary contributions, also significantly factor into the Compensation Committee's decisions, and the Company reserves the right to pay compensation that may not qualify for deductibility under Code Section 162(m) in appropriate circumstances. See Executive Officers and Compensation Summary Compensation Table for the annual cash base salaries and other compensation paid to the NEOs for 2016.

REPORT OF THE COMPENSATION COMMITTEE OF THE BOARD OF DIRECTORS

The Compensation Committee of the Board of Directors (the Board) of FTI Consulting, Inc., a Maryland corporation (the Company), has reviewed and discussed the Compensation Discussion and Analysis section, to be included in the Proxy Statement relating to the 2017 Annual Meeting of Stockholders of the Company, with management. Based on such review and discussions, the Compensation Committee recommends to the Board that the Compensation Discussion and Analysis section be included in the Proxy Statement relating to the 2017 Annual Meeting of Stockholders of the Company.

Table of Contents**SUMMARY COMPENSATION TABLE**

The following table summarizes the compensation of our NEOs for the years ended December 31, 2014, 2015 and 2016 applying the SEC's required disclosure rules. Footnotes (2), (3) and (4) to the table describe the vesting and performance conditions associated with the stock-based and stock option awards granted in 2016 that are reported in this table, none of which vested upon grant. Performance-based awards in this table are reported at target value. An NEO may not realize any value from an equity-based award, and any realized value upon the vesting, exercise or end of the applicable performance period may be higher or lower than reported in this table, depending upon the price per share of our Common Stock and Company performance on the vesting or measurement date, and such differences could be significant.

- (1) All cash compensation is presented in Columns (b), (c), (f) and (h).
- (2) The aggregate grant date fair market values of the restricted stock awards reported in Column (d) have been computed in accordance with FASB ASC Topic 718. For a discussion of the assumptions and methodologies used to value the non-performance stock-based awards, see Part II, Item 8, Financial Statements and Supplementary Data Notes to Consolidated Financial Statements Note 1 Description of Business and Summary of Significant Accounting Policies Share-Based Compensation and Note 6 Share-Based Compensation of the Company's Annual Report on Form 10-K for the year ended December 31, 2016 (the 2016 Form 10-K). All non-performance stock-based awards are subject to pro rata vesting over three years beginning with the first anniversary of the grant date. For additional information, see Executive Officers and Compensation Equity Compensation Plans Grants of Plan-Based Awards for Fiscal Year Ended December 31, 2016.
- (3) The stock-based awards reported in Column (d) include the target aggregate fair values of the performance-based restricted stock units granted to participating NEOs as LTIP for 2016, based upon the probable outcome of the performance conditions, consistent with the estimate of aggregate compensation costs to be recognized over the service period, excluding the effect of estimated forfeitures. The target fair values of TSR performance awards are measured on the grant date using a Monte Carlo simulation technique that assesses probabilities of various outcomes of the market conditions pursuant to FASB Topic ASC 718, based on a Monte Carlo simulation price of \$35.75 per share. For a discussion of the assumptions and methodologies used to value such awards, see Part II, Item 8, Financial Statements and Supplementary Data Notes to Consolidated Financial Statements Note 1 Description of Business and Summary of Significant Accounting Policies Share-Based Compensation and Note 6 Share-Based Compensation of the 2016 Form 10-K. Performance-based restricted stock unit awards granted as LTIP in 2016 measure performance based on TSR relative to the S&P 500 over three years from January 1, 2016 through December 31, 2018. For additional information, see Executive Officers and Compensation Equity Compensation Plans Grants of Plan-Based Awards for Fiscal Year Ended December 31, 2016.

Table of Contents

The following table sets forth the dollar values of the 2016 performance-based LTIP awards at maximum grant date fair value based on a Monte Carlo simulation price of \$35.75 per share:

Name	Maximum Performance Award Values (\$)
Steven H. Gunby	1,874,980
Paul Linton	374,982
Curtis Lu	374,982
Holly Paul	374,982

- (4) The option awards reported in Column (e) include the aggregate grant date fair market values computed in accordance with FASB ASC Topic 718. For a discussion of the assumptions and methodologies used to value such awards, see Part II, Item 8, Financial Statements and Supplementary Data Notes to Consolidated Financial Statements Note 1 Description of Business and Summary of Significant Accounting Policies Share-Based Compensation and Note 6 Share-Based Compensation of the 2016 Form 10-K. The stock options awarded as LTIP in 2016 are subject to pro rata three-year vesting beginning on the first anniversary of the grant date and have an exercise price of \$34.33 per share. For additional information, see Executive Officers and Compensation Equity Compensation Plans Grants of Plan Based Awards for Fiscal Year Ended December 31, 2016.
- (5) The Non-Equity Incentive Plan Compensation reported in Column (f) includes the cash annual executive incentive compensation awarded as AIP for the year ended December 31, 2016.
- (6) All Other Compensation in Column (h) includes Company matching contributions under our 401(k) Plan, the value attributable to taxable group term life insurance benefits, imputed tax on disability benefits and other fringe benefits provided to each NEO on the same basis as provided to all full-time U.S. employees of the Company. In addition, to the value of benefits provided generally to U.S. employees of the Company, the amount in Column (h) for (i) Mr. Sabherwal includes \$53,815 in relocation expenses reimbursed by the Company in connection with his joining the Company in August 2016 and (ii) Ms. Freeman includes \$16,855 in car/automobile allowance.
- (7) Represents a one-time sign-on bonus in the form of shares of restricted stock awarded on January 20, 2014, which vested pro rata on the first, second and third anniversary dates of the date of grant, such that 100% of the award was vested on January 20, 2017. The restricted shares were awarded to induce Mr. Gunby to join the Company as its new CEO by compensating him for forfeited and missed compensation opportunities with his former employer that were significantly greater than the value of the award at grant. It also served to immediately align his interests with those of our stockholders.

- (8) Mr. Sabherwal joined the Company as CFO on August 15, 2016. This table includes base annual cash salary only for the portion of 2016 during which he was employed by the Company. - (1) Adjusted Net Cash Flow of \$244.7 million for the year ended December 31, 2016 exceeded the \$75.0 million objective performance threshold established by the Compensation Committee for the payment of 2016 AIP. 2016 AIP cash payments were based on Adjusted EPS and Adjusted EBITDA results of \$2.24 and \$203 million, respectively, reported in the Company's 2016 Form 10-K, and each participant's individual performance was assessed at 150% of target.
- (2) Columns (f), (g) and (h) include the grant date fair values of restricted stock units awarded to certain NEOs as part of the 2016 LTIP, which are subject to performance conditions based on TSR relative to the S&P 500 measured over the three-year performance period ending December 31, 2018. The grant date fair values of the performance-based restricted stock units are based upon the probable outcomes of the performance conditions, excluding the effect of estimated forfeitures, measured using a Monte Carlo simulation technique that assesses the probabilities of various outcomes of the market conditions pursuant to FASB Topic ASC 718. For a discussion of the assumptions and methodologies used to value such awards, see Part II, Item 8, Financial Statements and Supplementary Data Notes to Consolidated Financial Statements Note 1 Description of Business and Summary of Significant Accounting Policies Share-Based Compensation and Note 6 Share-Based Compensation of the 2016 Form 10-K.
- (3) Column (i) reports the aggregate grant date fair values of shares of restricted stock awarded to certain NEOs in accordance with FASB ASC Topic 718. - (1) All cash values in Columns (g) and (i) have been computed by multiplying \$45.08 per share, the closing price per share of Common Stock reported by the NYSE for December 30, 2016, by the number of shares of restricted stock or restricted stock units that have not yet vested.
- (2) Represents cash-based vested and exercisable, and/or unvested and unexercisable SARs, awarded to our CEO by the Compensation Committee as 2014 LTIP, with a grant date of April 1, 2014, under the 2009 Plan. Each SAR represents the

Table of Contents

right to receive an amount of cash upon exercise, following the applicable vesting date, equal to (a) the difference between (i) the fair market value of a share of Common Stock on the applicable exercise date and (ii) the base price of \$34.26 per share, multiplied by (b) the number of SARs exercised by the holder on such date. The unvested SARs vest pro rata on April 1, 2017, such that all SARs became fully vested on April 1, 2017.

- (3) Represents unvested full value cash units awarded to our CEO by the Compensation Committee as 2014 LTIP, with a grant date of April 1, 2014, under the 2009 Plan. Each unit represents the right to receive an amount of cash on the applicable vesting date equal to the product of (i) the fair market value of a share of Common Stock on such applicable vesting date, multiplied by (ii) the number of units that vested on such date. The unvested cash units vest pro rata on April 1, 2017, such that all cash units became fully vested on April 1, 2017.
- (4) Represents the target number of unearned performance-based cash units awarded to our CEO by the Compensation Committee as 2014 LTIP, with a grant date of April 1, 2014, under the 2009 Plan (subject to performance conditions based on TSR relative to the S&P 500 measured over the period from April 1, 2014 through March 31, 2017). Each unit represents the right to receive an amount of cash on the performance determination date equal to the product of (i) the fair market value of a share of Common Stock on such performance determination date, multiplied by (ii) the number of units earned on such performance determination date upon achievement of the applicable performance condition established by the Compensation Committee. A maximum of 49,472 performance-based cash units was awarded to our CEO on April 1, 2014, which, if earned, would equate to a maximum cash value of \$2,230,198 based on the closing price per share of Common Stock of \$45.08 on December 30, 2016.
- (5) Represents unvested shares of restricted stock awarded to our CEO by the Compensation Committee, with a grant date of January 20, 2014, under the 2009 Plan, which vest pro rata on January 20, 2017, such that all shares became fully vested on January 20, 2017.
- (6) Represents unvested shares of restricted stock awarded to our CEO by the Compensation Committee on account of 2014 AIP, with a grant date of March 1, 2015, under the 2009 Plan, which vest pro rata on March 1, 2017 and March 1, 2018, such that all shares will be fully vested on March 1, 2018.
- (7) Represents unvested restricted stock units awarded by the Compensation Committee as 2015 LTIP, with a grant date of March 1, 2016, under the 2009 Plan, which vest pro rata on March 1, 2017 and March 1, 2018, such that all shares will be fully vested on March 1, 2018. Mr. Johnson forfeited his unvested restricted shares, upon the termination of his employment on March 1, 2016.
- (8) Represents the target number of unearned performance-based restricted stock units granted as 2015 LTIP by the Compensation Committee, with a grant date of March 1, 2015, under the 2009 Plan (subject to performance conditions based on TSR relative to the S&P 500 for the three-year measurement period from January 1, 2015 to December 31, 2017). The following table sets forth the maximum number of performance-based restricted stock units awarded by the Compensation Committee on March 1, 2015:

Name	Maximum Performance-Based Awards
Steven H. Gunby	50,636
Paul Linton	9,114
Holly Paul	8,101

- (9) Represents option shares, which may be acquired upon exercise of the unvested and unexercisable stock options granted by the Compensation Committee as 2015 LTIP, with a grant date of March 1, 2015, under the 2009 Plan. The stock options represent the right to acquire option shares following the applicable vesting date upon exercise and payment of the exercise price therefore, equal to the number of option shares for which the applicable stock option is being exercised by the holder on such date. Each stock option vests and becomes exercisable for a pro rata portion of the applicable option shares on March 1, 2017 and March 1, 2018, such that the applicable stock option will be fully vested and exercisable for up to 100% of the applicable option shares on March 1, 2018. Mr. Johnson forfeited his unvested and unexercisable, and vested and unexercised, portions of his stock option and related option shares, upon the termination of his employment on March 1, 2016.
- (10) Represents unvested shares of restricted stock awarded by the Compensation Committee as 2016 LTIP, with a grant date of March 1, 2016, under the 2009 Plan, which vest pro rata on March 1, 2017, March 1, 2018 and March 1, 2019, such that all shares will be fully vested on March 1, 2019.

- (11) Represents the target number of unearned performance-based restricted stock units granted as 2016 LTIP by the Compensation Committee, with a grant date of March 1, 2016, under the 2009 Plan (subject to performance conditions based on TSR relative to the S&P 500 for the three-year measurement period from January 1, 2016 to December 31, 2018). The following table sets forth the maximum number of performance-based restricted stock units awarded by the Compensation Committee on March 1, 2016:

Name	Maximum Performance-Based Awards
Steven H. Gunby	52,447
Paul Linton	10,489
Curtis Lu	10,489
Holly Paul	10,489

- (12) Represents option shares which may be acquired upon exercise of the unvested and unexercisable stock options granted by the Compensation Committee as 2016 LTIP, with a grant date of March 1, 2016, under the 2009 Plan. The stock options represent the right to acquire option shares following the applicable vesting date upon exercise and payment of the exercise price therefore, equal to the number of option shares for which the applicable stock option is being exercised by the holder on such date. Each stock option vests and becomes exercisable for a pro rata portion of the applicable option shares on March 1, 2017, March 1, 2018 and March 1, 2019, such that the applicable stock option will be fully vested and exercisable for up to 100% of the applicable option shares on March 1, 2019.
- (13) Represents unvested shares of restricted stock granted by the Compensation Committee as employment inducement awards pursuant to Rule 303A.08 of the NYSE outside the 2009 Plan, on account of the executive officer's sign-on bonus for joining the Company.
- (14) Represents option shares that may be acquired upon exercise of the unvested and unexercisable or vested and unexercised portions of the stock options granted by the Compensation Committee as employment inducement awards pursuant to Rule 303A.08 of the NYSE outside the 2009 Plan, on account of a portion of the executive officer's sign-on bonus for joining the Company. Each stock option represents the right to acquire option shares following the applicable vesting date upon exercise and payment of the exercise price therefore, equal to the number of option shares for which the stock option is being exercised by the holder on such date. The unvested option shares will vest and the unexercisable portion of the applicable stock option will become exercisable pro rata on August 25, 2017, such that the applicable option shares will be fully vested and the applicable stock option will be fully exercisable on August 25, 2017.
- (15) Represents unvested shares of restricted stock granted by the Compensation Committee, with a grant date of December 31, 2016, under the 2009 Plan, which vest pro rata on December 31, 2017, December 31, 2018 and December 31, 2019, such that all shares will be fully vested on December 31, 2019

(16) Mr. Johnson left his employment with the Company on March 1, 2016.
