BRIXMOR PROPERTY GROUP INC. AND BRIXMOR OPERATING PARTNERSHIP LP

Overview

Brixmor is an internally-managed real estate investment trust (REIT). The Operating Partnership, together with its subsidiaries, is the entity through which Brixmor conducts substantially all of its operations and owns substantially all of its assets. Brixmor owns 100% of the outstanding stock of BPG Subsidiary Inc. (BPG Subsidiary), which, in turn, is the sole member of Brixmor OP GP LLC, the sole general partner of the Operating Partnership. Brixmor engages in the ownership, management, leasing, acquisition, disposition and redevelopment of retail shopping centers through the Operating Partnership, and has no other substantial assets or liabilities other than through its investment in the Operating Partnership. We believe we own and operate the second largest open air retail portfolio by gross leasable area in the United States, comprised primarily of community and neighborhood shopping centers. As of September 30, 2017, our portfolio was comprised of 498 wholly owned shopping centers totaling approximately 84 million square feet of gross leasable area. In addition, we had one land parcel under development as of September 30, 2017. Our high-quality national portfolio is primarily located within established trade areas in the top 50 Metropolitan Statistical Areas, and our shopping centers are primarily anchored by non-discretionary and value-oriented retailers, as well as consumer-oriented service providers.

Our and the Operating Partnership s principal executive offices are located at 450 Lexington Avenue, New York, New York 10017, and our telephone number is (212) 869-3000.

Early Adoption of Accounting Standards Update

Effective January 1, 2017, we early adopted Accounting Standards Update No. 2016-18 (ASU 2016-18), Statement of Cash Flows (Topic 230): Restricted Cash, which requires the statement of cash flows to explain any change during the period in the total of cash, cash equivalents, and amounts generally described as restricted cash. Therefore, amounts generally described as restricted cash should be included with cash and cash equivalents when reconciling the beginning and end of period total amounts on the statement of cash flows. As required by ASU 2016-18, we applied this change retrospectively to our prior period condensed consolidated statements of cash flows presented in our filings on Form 10-Q as of and for the three, six and nine months ended March 31, 2017, June 30, 2017, and September 30, 2017. Upon issuance of our December 31, 2017 financial statements to be included in our Annual Report on Form 10-K for the year then ended, we will modify certain balances included in our December 31, 2016 financial statements to make them comparable to the 2017 presentation, as required by the ASU. The adoption of this standard is not material to our financial statements for the periods presented.

During the year ended December 31, 2016, our net cash provided by operating activities, used in investing activities and used in financing activities was reported as approximately \$567.2 million, \$151.6 million and \$433.7 million, respectively. Adjusted for the retrospective application of ASU 2016-18, our net cash provided by operating activities, used in investing activities and used in financing activities was approximately \$567.5 million, \$141.9 million and \$433.7 million, respectively, during the year ended December 31, 2016.

During the year ended December 31, 2015, our net cash provided by operating activities, used in investing activities and used in financing activities was reported as approximately \$534.0 million, \$189.1 million and \$336.0 million, respectively. Adjusted for the retrospective application of ASU 2016-18, our net cash provided by operating activities, used in investing activities and used in financing activities was approximately \$524.0 million, \$190.7 million and \$336.0 million, respectively, during the year ended December 31, 2015.

USE OF PROCEEDS

Except as otherwise set forth in the applicable prospectus supplement, we and the Operating Partnership, as the case may be, intend to use the net proceeds from sales of the securities for general corporate purposes, which may include, but is not limited to, funding for working capital, repayment of indebtedness, capital expenditures, repurchases of our capital stock and acquisitions.

Table of Contents**RATIOS OF EARNINGS TO FIXED CHARGES AND RATIOS OF EARNINGS TO COMBINED FIXED CHARGES AND PREFERRED STOCK DIVIDENDS**

Our and the Operating Partnership's ratios of earnings to fixed charges and earnings to combined fixed charges and preferred stock dividends for the periods indicated are as follows (unaudited):

	For the three months ended September 30, 2017	Year Ended December 31,				
	2017	2016	2015	2014	2013	2012
Brixmor Property Group Inc.:						
Ratio of Earnings to Fixed Charges(1)	2.3x	2.2x	1.8x	1.4x		
Ratio of Earnings to Combined Fixed Charges and Preferred Stock Dividends(2)	2.3x	2.2x	1.8x	1.4x		
Brixmor Operating Partnership LP:						
Ratio of earnings to fixed charges(3)	2.3x	2.2x	1.8x	1.4x		

(1) For the years ended December 31, 2012 and 2013 fixed charges exceeded earnings by \$151,619 and \$86,384, respectively.

(2) For the years ended December 31, 2012 and 2013 combined fixed charges and preferred stock dividends exceeded earnings by \$151,915 and \$86,546, respectively.

(3) For the years ended December 31, 2012 and 2013 fixed charges exceeded earnings by \$151,095 and \$86,378, respectively.

For purposes of computing these ratios, earnings have been calculated by adding fixed charges (excluding preferred stock dividends and capitalized interest) to income (loss) before equity in income of unconsolidated joint ventures plus distributions from equity investees. Fixed charges consist of interest costs, whether expensed or capitalized, the interest component of rental expense, if any, and amortization of debt discounts and issue costs, whether expensed or capitalized. Combined fixed charges and preferred stock dividends consist of fixed charges and preferred stock dividends declared.

Table of Contents

DESCRIPTION OF CAPITAL STOCK

The following summary of the terms of our common stock is a summary and is qualified in its entirety by reference to our charter and bylaws, copies of which are filed as exhibits to the registration statement of which this prospectus forms a part, and the Maryland General Corporation Law, or MGCL. See [Where You Can Find More Information](#).

General

Our charter authorizes us to issue up to 3,000,000,000 shares of common stock, \$0.01 par value per share, and up to 300,000,000 shares of preferred stock, \$0.01 par value per share. Our charter authorizes our board of directors, without common stockholder approval, to amend our charter to increase or decrease the aggregate number of shares of stock that we are authorized to issue or the number of authorized shares of any class or series. Under Maryland law, a stockholder generally is not liable for a corporation's debts or obligations solely as a result of the stockholder's status as a stockholder.

Common Stock

Subject to the restrictions on ownership and transfer of our stock discussed below under the caption [Restrictions on Ownership and Transfer](#) and the voting rights of holders of outstanding shares of any other class or series of our stock, holders of our common stock are entitled to one vote for each share held of record on all matters on which stockholders are entitled to vote generally, including the election or removal of directors. The holders of our common stock do not have cumulative voting rights in the election of directors.

Holders of our common stock are entitled to receive dividends if, as and when authorized by our board of directors and declared by us out of assets legally available for the payment of dividends. Upon our liquidation, dissolution or winding up and after payment in full of all amounts required to be paid to creditors and to the holders of outstanding shares of any other class or series of our stock having a liquidation preference, if any, the holders of our common stock will be entitled to receive pro rata our remaining assets available for distribution. Holders of our common stock do not have preemptive, subscription, redemption or conversion rights. There are no sinking fund provisions applicable to the common stock. Holders of our common stock generally have no appraisal rights. All shares of our common stock outstanding as of the date of this prospectus are fully paid and nonassessable and have equal dividend and liquidation rights. The preferences, conversion and other rights, voting powers, restrictions, limitations as to dividends and other distributions, qualifications and terms and conditions of redemption of our common stock are subject to those of the holders of any shares of our preferred stock or any other class or series of stock we may authorize and issue in the future.

Under Maryland law, a Maryland corporation generally cannot amend its charter, consolidate, merge, convert, sell all or substantially all of its assets, engage in a statutory share exchange or dissolve unless the action is declared advisable by its board of directors and approved by the affirmative vote of stockholders entitled to cast at least two-thirds of the votes entitled to be cast on the matter. As permitted by Maryland law, our charter provides that any of these actions may be approved by the affirmative vote of stockholders entitled to cast a majority of all of the votes entitled to be cast on the matter. See [Material Provisions of Maryland Law and of our Charter and Bylaws](#). In addition, because many of our operating assets are held by our subsidiaries, these subsidiaries may be able to merge or sell all or substantially all of their assets without the approval of our stockholders.

Preferred Stock

Edgar Filing: Brixmor Property Group Inc. - Form S-3ASR

We are authorized to issue up to 300,000,000 shares of preferred stock, \$0.01 par value per share. We may issue shares of preferred stock from time-to-time, in one or more classes or series, as authorized by our board of directors. Prior to issuance of shares of each class or series, the board of directors is required by the MGCL and our charter to fix for each class or series, the preferences, conversion or other rights, voting power, restrictions, limitations as to dividends or other distributions, qualifications and terms or conditions of redemption.

Table of Contents

The board of directors could authorize the issuance of shares of preferred stock with terms and conditions that could have the effect of discouraging a change of control or other transaction that holders of shares of our outstanding common stock might believe to be in their best interests or in which holders of some, or a majority, of shares of our outstanding common stock might receive a premium for their shares over the then market price of our common stock.

A prospectus supplement relating to any series of preferred stock being offered will include specific terms relating to the offering. They will include, where applicable:

the title and stated value of the preferred stock;

the number of shares of the preferred stock offered, the liquidation preference per share and the offering price of the preferred stock;

the dividend rate(s), period(s) and/or payment date(s) or method(s) of calculation thereof applicable to the preferred stock;

whether dividends will be cumulative or non-cumulative and, if cumulative, the date from which dividends on the preferred stock shall accumulate;

the procedures for an auction and remarketing, if any, of the preferred stock;

the provisions for a sinking fund, if any, for the preferred stock;

any voting rights of the preferred stock;

the provisions for redemption, if applicable, of the preferred stock;

any listing of the preferred stock on any securities exchange;

information with respect to book-entry registration procedures, if any;

the terms and conditions, if applicable, upon which the preferred stock will be convertible into or exchangeable for our common stock, preferred stock or other securities including the conversion price or the manner of calculating the conversion price and conversion period;

if appropriate, a discussion of federal income tax consequences applicable to the preferred stock;

any limitations on direct or beneficial ownership and restrictions on transfer, in each case as may be appropriate to assist us in qualifying as a REIT or otherwise;

the priority of the preferred stock with all series of preferred stock ranking on a parity with each other unless otherwise specified in the charter and that the preferred stock will rank senior to common stock with respect to payment of dividends and distribution of assets upon liquidation; and

any other specific terms, preferences, rights, limitations or restrictions on the preferred stock.

The terms, if any, on which the preferred stock may be convertible into or exchangeable for our common stock, preferred stock or other securities will be stated in the prospectus supplement relating to the preferred stock. The terms will include provisions as to whether conversion or exchange is mandatory, at the option of the holder or at our option, and may include provisions pursuant to which the number of shares of our common stock or other securities to be received by the holders of preferred stock would be subject to adjustment.

Power to Reclassify and Issue Stock

Our board of directors may, without approval of holders of our common stock, classify and reclassify any unissued shares of our stock into other classes or series of stock, including one or more classes or series of stock that have priority over our common stock with respect to dividends or upon liquidation, or have voting rights and other rights that differ from the rights of the common stock, and authorize us to issue the newly-classified shares.

Table of Contents

Before authorizing the issuance of shares of any new class or series, our board of directors must set, subject to the provisions in our charter relating to the restrictions on ownership and transfer of our stock, the preferences, conversion and other rights, voting powers, restrictions, limitations as to dividends and other distributions, qualifications and terms and conditions of redemption for each class or series of stock. These actions may be taken without the approval of holders of our common stock unless such approval is required by applicable law, the terms of any other class or series of our stock or the rules of any stock exchange or automated quotation system on which any of our stock is listed or traded.

Restrictions on Ownership and Transfer

In order for us to qualify as a REIT for U.S. federal income tax purposes, our stock must be beneficially owned by 100 or more persons during at least 335 days of a taxable year of 12 months (other than the first year for which an election to be a REIT has been made) or during a proportionate part of a shorter taxable year. Also, not more than 50% of the value of the outstanding shares of our stock may be owned, directly or indirectly, by five or fewer individuals (as defined in the Internal Revenue Code (the Code)) to include certain entities such as qualified pension plans) during the last half of a taxable year (other than the first year for which an election to be a REIT has been made).

Our charter contains restrictions on the ownership and transfer of our stock. Subject to the exceptions described below, no person or entity may beneficially own, or be deemed to own by virtue of the applicable constructive ownership provisions of the Code, more than 9.8% (in value or by number of shares, whichever is more restrictive) of our outstanding common stock or 9.8% in value of our outstanding stock. We refer to these restrictions, collectively, as the ownership limit.

The constructive ownership rules under the Code are complex and may cause stock owned actually or constructively by a group of related individuals and/or entities to be owned constructively by one individual or entity. As a result, the acquisition of less than 9.8% of our outstanding common stock or 9.8% of our outstanding stock, or the acquisition of an interest in an entity that owns our stock, could, nevertheless, cause the acquiror or another individual or entity to own our stock in excess of the ownership limit.

Our board of directors may, upon receipt of certain representations and agreements and in its sole discretion, prospectively or retroactively, waive the ownership limit and may establish or increase a different limit on ownership, or excepted holder limit, for a particular stockholder if the stockholder's ownership in excess of the ownership limit would not result in our being closely held under Section 856(h) of the Code (without regard to whether the ownership interest is held during the last half of a taxable year) or otherwise failing to qualify as a REIT. As a condition of granting a waiver of the ownership limit or creating an excepted holder limit, our board of directors may, but is not required to, require an opinion of counsel or Internal Revenue Service (IRS) ruling satisfactory to our board of directors as it may deem necessary or advisable to determine or ensure our status as a REIT and may impose such other conditions or restrictions as it deems appropriate.

In connection with granting a waiver of the ownership limit or creating or modifying an excepted holder limit, or at any other time, our board of directors may increase or decrease the ownership limit unless, after giving effect to any increased or decreased ownership limit, five or fewer persons could beneficially own, in the aggregate, more than 49.9% in value of the shares of our stock then outstanding, or we would otherwise fail to qualify as a REIT. A decreased ownership limit will not apply to any person or entity whose percentage of ownership of our stock is in excess of the decreased ownership limit until the person or entity's ownership of our stock equals or falls below the decreased ownership limit, but any further acquisition of our stock will be subject to the decreased ownership limit.

Our charter also prohibits:

any person from beneficially or constructively owning shares of our stock that would result in our being closely held under Section 856(h) of the Code (without regard to whether the ownership

Table of Contents

interest is held during the last half of a taxable year) or otherwise cause us to fail to qualify as a REIT; and

any person from transferring shares of our stock if the transfer would result in shares of our stock being beneficially owned by fewer than 100 persons; and

any person from beneficially owning shares of our stock to the extent such ownership would result in our failing to qualify as a domestically controlled qualified investment entity within the meaning of Section 897(h) of the Code.

Any person who acquires or attempts or intends to acquire beneficial or constructive ownership of shares of our stock that will or may violate the ownership limit or any of the other restrictions on ownership and transfer of our stock, and any person who is the intended transferee of shares of our stock that are transferred to a trust for the benefit of one or more charitable beneficiaries described below, must give immediate written notice to us of such an event or, in the case of a proposed or attempted transfer, give at least 15 days prior written notice to us and must provide us with such other information as we may request in order to determine the effect of the transfer on our status as a REIT. The provisions of our charter relating to the restrictions on ownership and transfer of our stock will not apply if our board of directors determines that it is no longer in our best interests to attempt to qualify, or to continue to qualify, as a REIT, or that compliance is no longer required in order for us to qualify as a REIT.

Any attempted transfer of our stock that, if effective, would result in our stock being beneficially owned by fewer than 100 persons will be null and void. Any attempted transfer of our stock that, if effective, would result in a violation of the ownership limit (or other limit established by our charter or our board of directors), our being closely held under Section 856(h) of the Code (without regard to whether the ownership interest is held during the last half of a taxable year) or our otherwise failing to qualify as a REIT or as a domestically controlled qualified investment entity within the meaning of Section 897(h) of the Code will cause the number of shares causing the violation (rounded up to the nearest whole share) to be transferred automatically to a trust for the exclusive benefit of one or more charitable beneficiaries, and the proposed transferee will not acquire any rights in the shares. The automatic transfer will be effective as of the close of business on the business day before the date of the attempted transfer or other event that resulted in a transfer to the trust. If the transfer to the trust as described above is not automatically effective, for any reason, to prevent a violation of the applicable restrictions on ownership and transfer of our stock, then the attempted transfer that, if effective, would have resulted in a violation of the ownership limit (or other limit established by our charter or our board of directors), our being closely held under Section 856(h) of the Code (without regard to whether the ownership interest is held during the last half of a taxable year) or our otherwise failing to qualify as a REIT or as a domestically controlled qualified investment entity, will be null and void.

Shares of our stock held in the trust will be issued and outstanding shares. The proposed transferee will not benefit economically from ownership of any shares of our stock held in the trust and will have no rights to dividends and no rights to vote or other rights attributable to the shares of our stock held in the trust. The trustee of the trust will exercise all voting rights and receive all dividends and other distributions with respect to shares held in the trust for the exclusive benefit of the charitable beneficiary of the trust. Any dividend or other distribution paid before we discover that the shares have been transferred to a trust as described above must be repaid by the recipient to the trustee upon demand. Subject to Maryland law, effective as of the date that the shares have been transferred to the trust, the trustee will have the authority to rescind as void any vote cast by a proposed transferee before our discovery that the shares have been transferred to the trust and to recast the vote in the sole discretion of the trustee. However, if we have already taken irreversible corporate action, then the trustee may not rescind or recast the vote.

Within 20 days of receiving notice from us of a transfer of shares to the trust, the trustee must sell the shares to a person that would be permitted to own the shares without violating the ownership limit or the other restrictions on ownership and transfer of our stock in our charter. After the sale of the shares, the interest of the

Table of Contents

charitable beneficiary in the shares transferred to the trust will terminate and the trustee must distribute to the proposed transferee an amount equal to the lesser of:

the price paid by the proposed transferee for the shares or, if the event that resulted in the transfer to the trust did not involve a purchase of such shares at market price, which will generally be the last sales price reported on the NYSE, the market price on the last trading day before the day of the event that resulted in the transfer of such shares to the trust; and

the sales proceeds (net of commissions and other expenses of sale) received by the trust for the shares. The trustee must distribute any remaining funds held by the trust with respect to the shares to the charitable beneficiary. If the shares are sold by the proposed transferee before we discover that they have been transferred to the trust, the shares will be deemed to have been sold on behalf of the trust and the proposed transferee must pay to the trustee, upon demand, the amount, if any, that the proposed transferee received in excess of the amount that the proposed transferee would have received had the shares been sold by the trustee.

Shares of our stock held in the trust will be deemed to be offered for sale to us, or our designee, at a price per share equal to the lesser of:

the price per share in the transaction that resulted in the transfer to the trust or, if the event that resulted in the transfer to the trust did not involve a purchase of such shares at market price, the market price on the last trading day before the day of the event that resulted in the transfer of such shares to the trust; and

the market price on the date we accept, or our designee accepts, such offer.

We may accept the offer until the trustee has otherwise sold the shares of our stock held in the trust. Upon a sale to us, the interest of the charitable beneficiary in the shares sold will terminate and the trustee must distribute the net proceeds of the sale to the proposed transferee and distribute any dividends or other distributions held by the trustee with respect to the shares to the charitable beneficiary.

Every owner of 5% or more (or such lower percentage as required by the Code or the regulations promulgated thereunder) of our stock, within 30 days after the end of each taxable year, must give us written notice stating the person's name and address, the number of shares of each class and series of our stock that the person beneficially owns and a description of the manner in which the shares are held. Each such owner also must provide us with any additional information that we request in order to determine the effect, if any, of the person's beneficial ownership on our status as a REIT and to ensure compliance with the ownership limit. In addition, any person or entity that is a beneficial owner or constructive owner of shares of our stock and any person or entity (including the stockholder of record) who is holding shares of our stock for a beneficial owner or constructive owner must, on request, disclose to us in writing such information as we may request in order to determine our status as a REIT or to comply, or determine our compliance, with the requirements of any governmental or taxing authority.

If our board of directors authorizes any of our shares to be represented by certificates, the certificates will bear a legend referring to the restrictions described above.

These restrictions on ownership and transfer of our stock could delay, defer or prevent a transaction or a change of control of us that might involve a premium price for our common stock or otherwise be in the best interests of our stockholders.

MATERIAL PROVISIONS OF MARYLAND LAW AND OF OUR CHARTER AND BYLAWS

The following summary of certain provisions of Maryland law and of our charter and bylaws is a summary and is qualified in its entirety by reference to our charter and bylaws, copies of which are filed as exhibits to the registration statement of which this prospectus forms a part, and by the MGCL. See [Where You Can Find More Information](#). Under [Material Provisions of Maryland Law and of Our Charter and Bylaws](#), we, us, our and our company refer to Brixmor Property Group Inc. and not to any of its subsidiaries.

Election and Removal of Directors

Our charter and bylaws provide that the number of our directors may be established only by our board of directors but may not be more than 15 or fewer than the minimum number permitted by Maryland law, which is one. There will be no cumulative voting in the election of directors, and a director will be elected by a majority of votes cast in uncontested elections, and in the event that an incumbent director fails to receive a majority of votes cast in an uncontested election, such incumbent director is required to submit his or her resignation to our board of directors, which will decide what action to take on the resignation, and the decision will be publicly disclosed. A director will be elected by a plurality of the votes cast in contested elections.

Our charter provides that any vacancy on our board of directors may be filled only by the affirmative vote of a majority of the remaining directors in office, even if the remaining directors do not constitute a quorum of the board of directors. Our charter provides that a director may be removed with or without cause by the affirmative vote of stockholders entitled to cast a majority of the votes entitled to be cast generally in the election of directors.

Amendment to Charter and Bylaws

Except as described below and as provided in the MGCL, amendments to our charter must be advised by our board of directors and approved by the affirmative vote of our stockholders entitled to cast a majority of all of the votes entitled to be cast on the matter.

Our bylaws may be amended, altered or repealed, or new bylaws may be adopted, by our board of directors or by the affirmative vote of holders of our shares representing not less than a majority of all votes entitled to be cast on the matter at a meeting of stockholders duly called and at which a quorum is present. In addition, any amendment to the provision of our bylaws prohibiting our board of directors from revoking, altering or amending its resolution exempting any business combination from the [business combination](#) provisions of the MGCL without the approval of our stockholders and the provision exempting any acquisition of our stock from the [control share](#) provisions of the MGCL must be approved by the affirmative vote of a majority of the votes cast on the matter by our stockholders entitled to vote generally in the election of directors.

Business Combinations

Under the MGCL, certain [business combinations](#) between a Maryland corporation and an interested stockholder or an affiliate of an interested stockholder are prohibited for five years after the most recent date on which the interested stockholder becomes an interested stockholder. These business combinations include a merger, consolidation, statutory share exchange, and, in circumstances specified in the statute, an asset transfer or issuance or reclassification of equity securities. An interested stockholder is defined as:

Edgar Filing: Brixmor Property Group Inc. - Form S-3ASR

any person who beneficially owns 10% or more of the voting power of the corporation's outstanding voting stock; or

an affiliate or associate of the corporation who, at any time within the two-year period before the date in question, was the beneficial owner of 10% or more of the voting power of the corporation's then outstanding voting stock.

Table of Contents

A person is not an interested stockholder under the MGCL if the corporation's board of directors approves in advance the transaction by which the person otherwise would have become an interested stockholder. In approving the transaction, the board of directors may provide that its approval is subject to compliance, at or after the time of approval, with any terms and conditions determined by the board.

After the five-year prohibition, any business combination between the Maryland corporation and the interested stockholder generally must be recommended by the corporation's board of directors and approved by the affirmative vote of at least:

80% of the votes entitled to be cast by holders of outstanding shares of voting stock of the corporation; and

two-thirds of the votes entitled to be cast by holders of outstanding shares of voting stock of the corporation other than shares held by the interested stockholder with whom or with whose affiliate the business combination is to be effected or held by an affiliate or associate of the interested stockholder.

These super-majority vote requirements do not apply if the corporation's common stockholders receive a minimum price, as defined under the MGCL, for their shares in the form of cash or other consideration in the same form as previously paid by the interested stockholder for its shares.

The MGCL permits various exemptions from its provisions, including business combinations that are exempted by the board of directors before the time that the interested stockholder becomes an interested stockholder. Pursuant to the statute, our board of directors has adopted a resolution exempting any transactions between us and any other person. Consequently, the five-year prohibition and the super-majority vote requirements will not apply to business combinations involving us. Our bylaws provide that this resolution or any other resolution of our board of directors exempting any business combination from the business combination provisions of the MGCL may only be revoked, altered or amended, and our board of directors may only adopt any resolution inconsistent with this resolution, with the affirmative vote of a majority of the votes cast on the matter by our stockholders entitled to vote generally in the election of directors. In the event that our board of directors amends or revokes this resolution, business combinations between us and an interested stockholder or an affiliate of an interested stockholder that are not exempted by our board of directors would be subject to the five-year prohibition and the super-majority vote requirements.

Control Share Acquisitions

The MGCL provides that a holder of control shares of a Maryland corporation acquired in a control share acquisition has no voting rights with respect to the control shares except to the extent approved by a vote of two-thirds of the votes entitled to be cast on the matter. Shares owned by the acquiror, by officers or by employees who are directors of the corporation are excluded from shares entitled to vote on the matter. Control shares are voting shares of stock that, if aggregated with all other shares of stock owned by the acquiror or in respect of which the acquiror is able to exercise or direct the exercise of voting power (except solely by virtue of a revocable proxy), would entitle the acquiror to exercise voting power in electing directors within one of the following ranges of voting power:

one-tenth or more but less than one-third;

one-third or more but less than a majority; or

a majority or more of all voting power.

Control shares do not include shares the acquiror is then entitled to vote as a result of having previously obtained stockholder approval or shares acquired directly from the corporation. A control share acquisition means the acquisition of issued and outstanding control shares, subject to certain exceptions.

A person who has made or proposes to make a control share acquisition may compel the board of directors of the corporation to call a special meeting of stockholders to be held within 50 days of demand to consider the

Table of Contents

voting rights of the shares. The right to compel the calling of a special meeting is subject to the satisfaction of certain conditions, including an undertaking to pay the expenses of the meeting. If no request for a meeting is made, the corporation may itself present the question at any stockholders meeting.

If voting rights are not approved at the meeting or if the acquiror does not deliver an acquiring person statement as required by the statute, then the corporation may, subject to certain limitations and conditions, redeem for fair value any or all of the control shares, except those for which voting rights have previously been approved. Fair value is determined, without regard to the absence of voting rights for the control shares, as of the date of the last control share acquisition by the acquiror or of any meeting of stockholders at which the voting rights of the shares are considered and not approved. If voting rights for control shares are approved at a stockholders meeting and the acquiror becomes entitled to exercise or direct the exercise of a majority of the voting power, all other stockholders may exercise appraisal rights. The fair value of the shares as determined for purposes of appraisal rights may not be less than the highest price per share paid by the acquiror in the control share acquisition.

The control share acquisition statute does not apply (a) to shares acquired in a merger, consolidation or share exchange if the corporation is a party to the transaction or (b) to acquisitions approved or exempted by the charter or bylaws of the corporation.

Our bylaws contain a provision exempting any acquisition of our stock by any person from the foregoing provisions on control shares, and this provision of our bylaws cannot be amended without the affirmative vote of a majority of the votes cast on the matter by our stockholders entitled to vote generally in the election of directors. In the event that our bylaws are amended to modify or eliminate this provision, acquisitions of our common stock may constitute a control share acquisition.

Subtitle 8

Subtitle 8 of Title 3 of the MGCL permits a Maryland corporation with a class of equity securities registered under the Exchange Act and at least three independent directors to elect, by provision in its charter or bylaws or a resolution of its board of directors and notwithstanding any contrary provision in the charter or bylaws, to be subject to any or all of five provisions, including:

a classified board;

a two-thirds vote of outstanding shares to remove a director;

a requirement that the number of directors be fixed only by vote of the board of directors;

a requirement that a vacancy on the board of directors be filled only by the affirmative vote of a majority of the remaining directors and for the remainder of the full term of the class of directors in which the vacancy occurred and until a successor is elected and qualifies; and

a provision that a special meeting of stockholders must be called upon stockholder request only on the written request of stockholders entitled to cast a majority of the votes entitled to be cast at the meeting. We have elected in our charter to be subject to the provision of Subtitle 8 that provides that vacancies on our board of directors may be filled only by the remaining directors. We have not elected to be subject to any of the other provisions of Subtitle 8, including the provisions that would permit us to classify our board of directors or increase the vote required to remove a director without stockholder approval. Moreover, our charter provides that, without the affirmative vote of a majority of the votes cast on the matter by our stockholders entitled to vote generally in the election of directors, we may not elect to be subject to any of these additional provisions of Subtitle 8. We do not currently have a classified board and a director may be removed with or without cause by the affirmative vote of a majority of the votes entitled to be cast generally in the election of directors.

Through provisions in our charter and bylaws unrelated to Subtitle 8, we (1) vest in our board of directors the exclusive power to fix the number of directors and (2) require the request of stockholders entitled to cast a

Table of Contents

majority of the votes entitled to be cast at the meeting to call a special meeting (unless the special meeting is called either by our board of directors, the chairman of our board of directors or our president, chief executive officer or secretary as described below under the caption Special Meetings of Stockholders).

Special Meetings of Stockholders

Our board of directors, the chairman of our board of directors or our president, chief executive officer or secretary may call a special meeting of our stockholders. Our bylaws provide that a special meeting of our stockholders to act on any matter that may properly be considered at a meeting of our stockholders must also be called by our secretary upon the written request of stockholders entitled to cast a majority of all the votes entitled to be cast on such matter at the meeting and containing the information required by our bylaws.

Stockholder Action by Written Consent

The MGCL generally provides that, unless the charter of the corporation authorizes stockholder action by less than unanimous consent, stockholder action may be taken by consent in lieu of a meeting only if it is given by all stockholders entitled to vote on the matter. Our charter permits stockholder action by consent in lieu of a meeting to the extent permitted by our bylaws. Our bylaws provide that, so long as our pre-IPO owners (as defined in the stockholders agreement) and their affiliates together continue to beneficially own at least 40% of the total Outstanding Brixmor Interests, stockholder action may be taken without a meeting if a consent, setting forth the action so taken, is given by the stockholders entitled to cast not less than the minimum number of votes that would be necessary to authorize or take such action at a meeting at which all shares of our stock entitled to vote thereon were present and voted.

Competing Interests and Activities of Our Non-Employee Directors

Our charter, to the maximum extent permitted from time to time by Maryland law, renounces any interest or expectancy that we have in, or any right to be offered an opportunity to participate in, any business opportunities that are from time to time presented to or developed by our directors or their affiliates, other than to those directors who are employed by us or our subsidiaries, unless the business opportunity is expressly offered or made known to such person in his or her capacity as a director.

Our charter provides that, to the maximum extent permitted from time to time by Maryland law, any director who is not employed by us or any of his or her affiliates, will not have any duty to refrain from (1) engaging in similar lines of business in which we or our affiliates now engage or propose to engage or (2) otherwise competing with us or our affiliates and each of our non-employee directors, and any of their respective affiliates, may (a) acquire, hold and dispose of shares of our stock, shares of common stock of BPG Subsidiary, our majority-owned subsidiary or OP Units for his, her or its own account or for the account of others, and exercise all of the rights of a stockholder of us or BPG Subsidiary, or a limited partner of our Operating Partnership, to the same extent and in the same manner as if he, she or it were not our director or stockholder, and (b) in his, her or its personal capacity, or in his or her capacity as a director, officer, trustee, stockholder, partner, member, equity owner, manager, advisor or employee of any other person, have business interests and engage, directly or indirectly, in business activities that are similar to ours or compete with us, that we could seize and develop or that include the acquisition, syndication, holding, management, development, operation or disposition of interests in mortgages, real property or persons engaged in the real estate business. In addition, our charter provides that, to the maximum extent permitted from time to time by Maryland law, in the event that any non-employee director or any of his or her affiliates acquires knowledge of a potential transaction or other business opportunity, no such person will have any duty to communicate or offer such transaction or business opportunity to us or any of our affiliates and such person may take any such opportunity for himself, herself or itself

or offer it to another person or entity unless the business opportunity is expressly offered to such person in his or her capacity as our director. Furthermore, our charter contains a provision intended to eliminate the liability of any director who is not employed by us or any of his or her affiliates to us or our stockholders for

Table of Contents

money damages in connection with any benefit received, directly or indirectly, from any transaction or business opportunity that we have renounced in our charter or otherwise and permit our directors and officers to be indemnified and advanced expenses, notwithstanding his or her receipt, directly or indirectly, of a personal benefit from any such transaction or opportunity.

Advance Notice of Director Nomination and New Business

Our bylaws provide that nominations of individuals for election as directors and proposals of business to be considered by stockholders at any annual meeting may be made only (1) pursuant to our notice of the meeting, (2) by or at the direction of our board of directors or any duly authorized committee of our board of directors or (3) by any stockholder who was a stockholder of record at the time of provision of notice and at the time of the meeting, who is entitled to vote at the meeting in the election of the individuals so nominated or on such other proposed business and who has complied with the advance notice procedures of our bylaws. Stockholders generally must provide notice to our secretary not earlier than the 150th day or later than the close of business on the 120th day before the first anniversary of the date our proxy statement for the preceding year's annual meeting is first sent or given to our stockholders.

Only the business specified in the notice of the meeting may be brought before a special meeting of our stockholders. Nominations of individuals for election as directors at a special meeting of stockholders may be made only (1) by or at the direction of our board of directors or any duly authorized committee of our board of directors or (2) if the special meeting has been called in accordance with our bylaws for the purpose of electing directors, by a stockholder who is a stockholder of record both at the time of provision of notice and at the time of the special meeting, who is entitled to vote at the meeting in the election of each individual so nominated and who has complied with the advance notice procedures of our bylaws. Stockholders generally must provide notice to our secretary not earlier than the 120th day before such special meeting and or later than the later of the close of business on the 90th day before the special meeting or the tenth day after the first public announcement of the date of the special meeting and the nominees of our board of directors to be elected at the meeting.

A stockholder's notice must contain certain information specified by our bylaws about the stockholder, its affiliates and any proposed business or nominee for election as a director, including information about the economic interest of the stockholder, its affiliates and any proposed nominee in us.

Effect of Certain Provisions of Maryland Law and our Charter and Bylaws

The restrictions on ownership and transfer of our stock discussed under the caption **Description of Stock Restrictions on Ownership and Transfer** prevent any person from acquiring more than 9.8% (in value or by number of shares, whichever is more restrictive) of our outstanding common stock or 9.8% in value of our outstanding stock without the approval of our board of directors. These provisions may delay, defer or prevent a change in control of us. Further, our board of directors has the power to increase the aggregate number of authorized shares and classify and reclassify any unissued shares of our stock into other classes or series of stock, and to authorize us to issue the newly-classified shares, as discussed under the captions **Description of Capital Stock Common Stock** and **Description of Capital Stock Power to Reclassify and Issue Stock**, and could authorize the issuance of shares of common stock or another class or series of stock, including a class or series of preferred stock, that could have the effect of delaying, deferring or preventing a change in control of us. We believe that the power to increase the aggregate number of authorized shares and to classify or reclassify unissued shares of common or preferred stock, without approval of holders of our common stock, provides us with increased flexibility in structuring possible future financings and acquisitions and in meeting other needs that might arise.

Our charter and bylaws also provide that the number of directors may be established only by our board of directors, which prevents our stockholders from increasing the number of our directors and filling any vacancies created by such increase with their own nominees. The provisions of our bylaws discussed above under the

Table of Contents

captions Special Meetings of Stockholders and Advance Notice of Director Nomination and New Business require stockholders seeking to call a special meeting, nominate an individual for election as a director or propose other business at an annual meeting to comply with certain notice and information requirements. We believe that these provisions will help to assure the continuity and stability of our business strategies and policies as determined by our board of directors and promote good corporate governance by providing us with clear procedures for calling special meetings, information about a stockholder proponent's interest in us and adequate time to consider stockholder nominees and other business proposals. However, these provisions, alone or in combination, could make it more difficult for our stockholders to remove incumbent directors or fill vacancies on our board of directors with their own nominees and could delay, defer or prevent a change in control, including a proxy contest or tender offer that might involve a premium price for our common stockholders or otherwise be in the best interest of our stockholders.

Exclusive Forum

Our bylaws provide that, unless we consent in writing to the selection of an alternative forum, the Circuit Court for Baltimore City, Maryland, or, if that court does not have jurisdiction, the United States District Court for the District of Maryland, Baltimore Division, will be the sole and exclusive forum for (a) any derivative action or proceeding brought on our behalf, (b) any action asserting a claim of breach of any duty owed by any of our directors, officers or other employees to us or to our stockholders, (c) any action asserting a claim against us or any of our directors, officers or other employees arising pursuant to any provision of the MGCL or our charter or bylaws or (d) any action asserting a claim against us or any of our directors, officers or other employees that is governed by the internal affairs doctrine. Any person or entity purchasing or otherwise acquiring any interest in shares of our stock will be deemed to have notice of and consented to the provisions of our charter and bylaws, including the exclusive forum provisions in our bylaws.

Limitation of Liability and Indemnification of Directors and Officers

Maryland law permits us to include a provision in our charter eliminating the liability of our directors and officers to us and our stockholders for money damages, except for liability resulting from (a) actual receipt of an improper benefit or profit in money, property or services or (b) active and deliberate dishonesty that is established by a final judgment and is material to the cause of action. Our charter contains a provision that eliminates our directors' and officers' liability to us and our stockholders for money damages to the maximum extent permitted by Maryland law.

The MGCL requires us (unless our charter were to provide otherwise, which our charter does not) to indemnify a director or officer who has been successful, on the merits or otherwise, in the defense of any proceeding to which he or she is made a party by reason of his or her service in that capacity. The MGCL permits us to indemnify our present and former directors and officers, among others, against judgments, penalties, fines, settlements and reasonable expenses actually incurred by them in connection with any proceeding to which they may be made or threatened to be made a party by reason of their service in those or certain other capacities unless it is established that:

the act or omission of the director or officer was material to the matter giving rise to the proceeding and (a) was committed in bad faith or (b) was the result of active and deliberate dishonesty;

the director or officer actually received an improper personal benefit in money, property or services; or

in the case of any criminal proceeding, the director or officer had reasonable cause to believe that the act or omission was unlawful.

The MGCL prohibits us from indemnifying a director or officer who has been adjudged liable in a suit by us or on our behalf or in which the director or officer was adjudged liable on the basis that a personal benefit was improperly received. A court may order indemnification if it determines that the director or officer is fairly and

Table of Contents

reasonably entitled to indemnification, even though the director or officer did not meet the prescribed standard of conduct or was adjudged liable on the basis that personal benefit was improperly received; however, indemnification for an adverse judgment in a suit by us or on our behalf, or for a judgment of liability on the basis that personal benefit was improperly received, is limited to expenses.

In addition, the MGCL permits us to advance reasonable expenses to a director or officer upon our receipt of (a) a written affirmation by the director or officer of his or her good faith belief that he or she has met the standard of conduct necessary for indemnification and (b) a written undertaking by him or her or on his or her behalf to repay the amount paid or reimbursed if it is ultimately determined that the standard of conduct was not met.

To the maximum extent permitted by Maryland law, our charter authorizes us to indemnify any person who serves or has served, and our bylaws obligate us to indemnify any individual who is made or threatened to be made a party to or witness in a proceeding by reason of his or her service:

as our director or officer; or

while a director or officer and at our request, as a director, officer, partner, manager, member or trustee of another corporation, real estate investment trust, partnership, joint venture, limited liability company, trust, employee benefit plan or other enterprise, from and against any claim or liability to which he or she may become subject or that he or she may incur by reason of his or her service in any of these capacities, and to pay or reimburse his or her reasonable expenses in advance of final disposition of a proceeding. Our charter and bylaws also permit us to indemnify and advance expenses to any individual who served any of our predecessors in any of the capacities described above and any employee or agent of us or any of our predecessors.

Indemnification Agreements

We have entered into indemnification agreements with each of our directors and executive officers. Insofar as indemnification for liabilities arising under the Securities Act may be permitted to directors or executive officers, we have been informed that, in the opinion of the SEC, such indemnification is against public policy and is therefore unenforceable.

DESCRIPTION OF DEPOSITARY SHARES

The following description of shares represented by depositary shares sets forth certain general terms and provisions of depositary agreements, depositary shares and depositary receipts. This summary does not contain all of the information that you may find useful. The particular terms of the depositary shares and related agreements and receipts will be described in the prospectus supplement relating to those depositary shares. For more information, you should review the relevant form of deposit agreement and relevant form of depositary receipts, which are or will be filed with the SEC.

General

We may elect to have shares represented by depositary shares. The shares underlying the depositary shares will be deposited under a separate deposit agreement between us and a bank or trust company we select. The prospectus supplement relating to a class or series of depositary shares will set forth the name and address of this share depositary. Subject to the terms of the deposit agreement, each owner of a depositary share will be entitled, proportionately, to all the rights, preferences and privileges of the share represented by such depositary share (including dividend, voting, redemption, conversion, exchange and liquidation rights).

The depositary shares will be evidenced by depositary receipts issued pursuant to the deposit agreement, each of which will represent the applicable interest in a number of shares, or fraction thereof, as described in the applicable prospectus supplement.

A holder of depositary shares will be entitled to receive the shares (but only in whole shares) underlying those depositary shares. If the depositary receipts delivered by the holder evidence a number of depositary shares in excess of the whole number of shares to be withdrawn, the depositary will deliver to that holder at the same time a new depositary receipt for the excess number of depositary shares.

Unless otherwise specified in the applicable prospectus supplement, the depositary agreement, the depositary shares and the depositary receipts will be governed by and construed in accordance with the law of the State of New York.

Dividends and Other Distributions

The share depositary will distribute all cash dividends or other cash distributions in respect of the shares to the record holders of depositary receipts in proportion, insofar as possible, to the number of depositary shares owned by those holders.

If there is a distribution other than in cash in respect of the shares, the share depositary will distribute property received by it to the record holders of depositary receipts in proportion, insofar as possible, to the number of depositary shares owned by those holders, unless the share depositary determines that it is not feasible to make such a distribution. In that case, the share depositary may, with our approval, adopt any method that it deems equitable and practicable to effect the distribution, including a public or private sale of the property and distribution of the net proceeds from the sale to the holders.

The amount distributed in any of the above cases will be reduced by any amount we or the share depositary are required to withhold on account of taxes.

Conversion and Exchange

If any share underlying the depositary shares is subject to provisions relating to its conversion or exchange as set forth in an applicable prospectus supplement, each record holder of depositary shares will have the right or obligation to convert or exchange those depositary shares pursuant to those provisions.

Table of Contents

Redemption of Depositary Shares

Whenever we redeem a share held by the share depositary, the share depositary will redeem as of the same redemption date a proportionate number of depositary shares representing the shares that were redeemed. The redemption price per depositary share will be equal to the aggregate redemption price payable with respect to the number of shares underlying the depositary shares. If fewer than all the depositary shares are to be redeemed, the depositary shares to be redeemed will be selected by lot or proportionately as we may determine.

After the date fixed for redemption, the depositary shares called for redemption will no longer be deemed to be outstanding and all rights of the holders of the depositary shares will cease, except the right to receive the redemption price.

Voting

Upon receipt of notice of any meeting at which the holders of any shares underlying the depositary shares are entitled to vote, the share depositary will mail the information contained in the notice to the record holders of the depositary receipts. Each record holder of the depositary receipts on the record date (which will be the same date as the record date for the shares) may then instruct the share depositary as to the exercise of the voting rights pertaining to the number of shares underlying that holder's depositary shares. The share depositary will try to vote the number of shares underlying the depositary shares in accordance with the instructions, and we will agree to take all reasonable action which the share depositary deems necessary to enable the share depositary to do so. The share depositary will abstain from voting the shares to the extent that it does not receive specific written instructions from holders of depositary receipts representing the share.

Record Date

Whenever any cash dividend or other cash distribution becomes payable, any distribution other than cash is made, or any rights, preferences or privileges are offered with respect to the shares; or the share depositary receives notice of any meeting at which holders of shares are entitled to vote or of which holders of such shares are entitled to notice, or of the mandatory conversion of or any election by us to call for the redemption of any such share, the share depositary will in each instance fix a record date (which will be the same as the record date for the shares) for the determination of the holders of depositary receipts:

who will be entitled to receive dividend, distribution, rights, preferences or privileges or the net proceeds of any sale; or

who will be entitled to give instructions for the exercise of voting rights at any such meeting or to receive notice of the meeting or the redemption or conversion, subject to the provisions of the deposit agreement.

Amendment and Termination of the Deposit Agreement

We and the share depositary may at any time agree to amend the form of depositary receipt and any provision of the deposit agreement. However, any amendment that materially and adversely alters the rights of holders of depositary shares will not be effective unless the amendment has been approved by the holders of at least a majority of the depositary shares then outstanding. The deposit agreement may be terminated by us or by the share depositary only if all outstanding shares have been redeemed or if a final distribution in respect of the underlying shares has been made

to the holders of the depositary shares in connection with the liquidation, dissolution or winding up of us.

Charges of Share Depositary

We will pay all charges of the share depositary including charges in connection with the initial deposit of the shares, the initial issuance of the depositary receipts, the distribution of information to the holders of

Table of Contents

depository receipts with respect to matters on which the share is entitled to vote, withdrawals of the share by the holders of depository receipts or redemption or conversion of the share, except for taxes (including transfer taxes, if any) and other governmental charges and any other charges expressly provided in the deposit agreement to be at the expense of holders of depository receipts or persons depositing shares.

Miscellaneous

Neither we nor the share depository will be liable if either of us is prevented or delayed by law or any circumstance beyond our control in performing any obligations under the deposit agreement. The obligations of the share depository under the deposit agreement are limited to performing its duties under the agreement without negligence or bad faith. Our obligations under the deposit agreement are limited to performing our duties in good faith. Neither we nor the share depository is obligated to prosecute or defend any legal proceeding in respect of any depository shares or shares unless satisfactory indemnity is furnished. We and the share depository may rely on advice of or information from counsel, accountants or other persons that they believe to be competent and on documents that they believe to be genuine. The share depository may resign at any time or be removed by us, effective upon the acceptance by its successor of its appointment. If we have not appointed a successor share depository and the successor depository has not accepted its appointment within 60 days after the share depository delivered a resignation notice to us, the share depository may terminate the deposit agreement. See Amendment and Termination of the Deposit Agreement above.

The terms of the debt securities of any series will be those specified in or pursuant to the Indenture and in the applicable debt securities of that series and those made part of the Indenture by the Trust Indenture Act of 1939, as amended (the Trust Indenture Act).

The following description of selected provisions of the Indenture and the debt securities that may be issued thereunder is not complete, and the description of selected terms of the debt securities of a particular series included in the applicable prospectus supplement also will not be complete. Important federal income tax and other considerations applicable to original issue discount securities will be described in the applicable prospectus supplement.

The terms of the debt securities of any series may be inconsistent with the terms of the debt securities of any other series. Unless otherwise specified in the applicable prospectus supplement, the Operating Partnership may, without the consent of, or notice to, the holders of the debt securities of any series, reopen an existing series of debt securities and issue additional debt securities of that series.

Other than to the extent provided with respect to the debt securities of a particular series and described in the applicable prospectus supplement, the Indenture will not contain any provisions that would limit the ability of the Operating Partnership to incur indebtedness or to substantially reduce or eliminate the Operating Partnership's consolidated assets, which may have a material adverse effect on the ability of the Operating Partnership to service the Operating Partnership's indebtedness (including the debt securities) or that would afford holders of the debt securities protection in the event of:

- (1) a highly leveraged or similar transaction involving the Operating Partnership's management, or any affiliate of any of those parties,

- (2) a change of control, or

- (3) a reorganization, restructuring, merger, or similar transaction involving the Operating Partnership or its affiliates.

Registration, Transfer, Payment and Paying Agent

Unless otherwise specified in the applicable prospectus supplement, each series of debt securities will be issued in registered form only, without coupons.

Unless otherwise specified in the applicable prospectus supplement, the debt securities will be payable and may be surrendered for registration of transfer or exchange at an office of the Operating Partnership or an agent of the Operating Partnership in the United States. However, the Operating Partnership, at its option, may make payments of interest on any interest payment date on any debt security by check mailed to the address of the

person entitled to receive that payment or by wire transfer to an account maintained by the payee with a bank located in the United States; provided, that the paying agent shall have received appropriate wire transfer instructions at least five business days prior to the interest payment date.

Any interest not punctually paid or duly provided for on any interest payment date with respect to the debt securities of any series will forthwith cease to be payable to the holders of those debt securities on the applicable regular record date and may either be paid to the persons in whose names those debt securities are registered at the close of business on a special record date for the payment of the interest not punctually paid or duly provided for to be fixed by the Trustee, notice whereof shall be given to the holders of those debt securities not less than 10 days prior to the special record date, or may be paid at any time in any other lawful manner, all as completely described in the Indenture.

Subject to certain limitations imposed on debt securities issued in book-entry form, the debt securities of any series will be exchangeable for other debt securities of the same series and of a like aggregate principal amount and tenor of different authorized denominations upon surrender of those debt securities at the designated place or places. In addition, subject to certain limitations imposed upon debt securities issued in book-entry form, the debt securities of any series may be surrendered for registration of transfer or exchange thereof at the designated place or places if duly endorsed or accompanied by a written instrument of transfer. No service charge shall be made for any registration of transfer or exchange, redemption or repayment of debt securities, but the Operating Partnership may require payment of a sum sufficient to cover any tax or other governmental charge that may be imposed in connection with certain of those transactions.

Unless otherwise specified in the applicable prospectus supplement, the Operating Partnership will not be required to:

issue, register the transfer of or exchange debt securities of any series during a period beginning at the opening of business 15 days before any selection of debt securities of that series of like tenor and terms to be redeemed and ending at the close of business on the day of that selection;

register the transfer of or exchange any debt security, or portion of any debt security, called for redemption, except the unredeemed portion of any debt security being redeemed in part; or

issue, register the transfer of or exchange a debt security which has been surrendered for repurchase at the option of the holder, except the portion, if any, of the debt security not to be repurchased.

Outstanding Debt Securities

In determining whether the holders of the requisite principal amount of outstanding debt securities have given any request, demand, authorization, direction, notice, consent, or waiver under the Indenture:

the principal amount of an original issue discount security that shall be deemed to be outstanding for these purposes shall be that portion of the principal amount of the original issue discount security that would be due and payable upon acceleration of the original issue discount security as of the date of the determination,

the principal amount of any Indexed Security that shall be deemed to be outstanding for these purposes shall be the principal amount of the Indexed Security determined on the date of its original issuance, unless otherwise provided in the Indenture,

the principal amount of a debt security denominated in a foreign currency shall be the U.S. dollar equivalent, determined on the date of its original issuance, of the principal amount of the debt security, and

a debt security owned by the Operating Partnership or any obligor on the debt security or any affiliate of the Operating Partnership or such other obligor shall be deemed not to be outstanding.

Redemption and Repurchase

The debt securities of any series may be redeemable at the Operating Partnership's option or may be subject to mandatory redemption by the Operating Partnership as required by a sinking fund or otherwise. In addition, the debt securities of any series may be subject to repurchase by the Operating Partnership at the option of the holders. The applicable prospectus supplement will describe the terms and conditions regarding any optional or mandatory redemption or option to repurchase the debt securities of the related series.

Covenants

Any material covenants applicable to the debt securities of the applicable series will be specified in the applicable prospectus supplement.

Events of Default

Unless otherwise specified in the applicable prospectus supplement, an Event of Default with respect to the debt securities of any series is defined in the Indenture as being:

- (1) default for thirty (30) days in the payment of any installment of interest or Additional Amounts payable with respect to such interest under the debt securities of that series;
- (2) default in the payment of the principal of or premium, if any, on or, any Additional Amounts payable in respect of any principal of or premium, if any, on the debt securities of that series, when the same becomes due and payable or default is made in the deposit of any sinking fund payment with respect to the debt securities of that series when due and such default continues for three business days;
- (3) the Operating Partnership fails to comply with any of the Operating Partnership's other agreements contained in the debt securities or the Indenture (other than an agreement a default in whose performance or whose breach is elsewhere specifically dealt with in the Indenture or which has expressly been included in the Indenture solely for the benefit of a series of debt securities other than that series) upon receipt by the Operating Partnership of notice of such default by the Trustee or receipt by the Operating Partnership and the Trustee of notice of such default by holders of not less than twenty five percent (25%) in aggregate principal amount of the debt securities of that series then outstanding and the Operating Partnership fails to cure (or obtain a waiver of) such default within sixty (60) days after the Operating Partnership receives such notice;
- (4) failure to pay any recourse indebtedness for monies borrowed by the Operating Partnership, any guarantor or any Significant Subsidiary in an outstanding principal amount in excess of \$50,000,000 at final maturity or upon acceleration after the expiration of any applicable grace period, which recourse indebtedness is not discharged, or such default in payment or acceleration is not cured or rescinded, within thirty (30) days after written notice of such failure to the Operating Partnership from the Trustee (or to the Operating Partnership and the Trustee from holders of at least twenty five percent (25%) in principal amount of the outstanding debt securities of that series);

- (5) specified events of bankruptcy, insolvency, or reorganization with respect to the Operating Partnership, any guarantor or any Significant Subsidiary.

No Event of Default with respect to any particular series of debt securities necessarily constitutes an Event of Default with respect to any other series of debt securities. The Trustee is required to give notice to holders of the debt securities of the applicable series within 90 days after the Trustee has actual knowledge (as such knowledge is described in the Indenture) of a default relating to such debt securities; provided, however, that in the case of an Event of Default as described in (3) above, the Trustee will not give notice to the holders until at least 60 days after the occurrence thereof.

Table of Contents

If an Event of Default specified in clause (5) above occurs, then the principal of, and premium, if any, on all the outstanding debt securities of the applicable series and unpaid interest, if any, accrued thereon shall automatically become immediately due and payable. If any other Event of Default with respect to the outstanding debt securities of the applicable series occurs and is continuing, either the Trustee or the holders of at least 25% in aggregate principal amount of the debt securities of that series then outstanding may declare the principal of, and premium, if any, on, or if debt securities of that series are original issue discount securities such lesser amount as may be specified in the terms of that series of debt securities, and unpaid interest, if any, accrued thereon to be due and payable immediately. However, upon specified conditions, the holders of a majority in aggregate principal amount of the debt securities of that series then outstanding may rescind and annul any such declaration of acceleration and its consequences if:

the Operating Partnership has paid or deposited with the Trustee a sum of money sufficient to pay all required payments as specified in the Indenture, including payments of the principal of, any premium and interest on, and any Additional Amounts with respect to the debt securities of such series, and specified compensation, expenses, disbursement and advances of the Trustee; and

all Events of Default with respect to the debt securities of such series, other than the non-payment of principal of, any premium and interest on, and any Additional Amounts with respect to the debt securities of such series which have become due solely by such declaration of acceleration, have been cured or waived as provided in the Indenture.

The holders of a majority in aggregate principal amount of the outstanding debt securities of a series may waive any past default with respect to the debt securities of such series and its consequences, except:

a continuing default in the payment of the principal of, any premium or interest on, or any Additional Amounts with respect to, any debt security of such series, or

in the case of any debt securities which are convertible into or exchangeable for common equity or other securities or property, a continuing default in any such conversion or exchange, or

a continuing default in respect of a covenant or provision contained in the Indenture that cannot be modified or amended without the consent of the holder of each outstanding debt security of such series affected.

The Indenture provides that no holders of debt securities of any series may institute any proceedings, judicial or otherwise, with respect to the Indenture, or for the appointment of a receiver or Trustee, or for any remedy thereunder, except in the case of failure of the Trustee, for 60 days, to act after it has received written notice of an Event of Default with respect to such series from a holder of a debt security of such series, a written request to institute proceedings in respect of such Event of Default from the holders of at least 25% in aggregate principal amount of the outstanding debt securities of that series, as well as an offer of indemnity or security satisfactory to it, and no inconsistent direction has been given to the Trustee during such 60 day period by the holders of a majority in aggregate principal amount of the outstanding debt securities of that series. Notwithstanding any other provision of the Indenture, each holder of a debt security will have the right, which is absolute and unconditional, to receive payment of the principal of and premium, if any, and interest, if any, and any Additional Amounts on that debt security on the respective due dates for those payments, and in the case of any debt security which is convertible into or exchangeable

for other securities or property, to convert or exchange as the case may be, such debt security in accordance with its terms, and to institute suit for the enforcement of those payments and any such right to convert or exchange, and this right shall not be impaired without the consent of such holder.

Subject to the provisions of the Trust Indenture Act requiring the Trustee, during the continuance of an Event of Default under the Indenture, to act with the requisite standard of care, the Trustee is under no obligation to exercise any of its rights or powers under the Indenture at the request or direction of any of the holders of debt securities of any series unless those holders have offered the Trustee indemnity or security satisfactory to it. The holders of a majority in aggregate principal amount of the outstanding debt securities of any series will have the

right to direct the time, method and place of conducting any proceeding for any remedy available to the Trustee, or of exercising any trust or power conferred upon the Trustee, provided that the direction would not conflict with any rule or law or with the Indenture or with any series of debt securities or involve the Trustee in personal liability, such direction would not be unduly prejudicial to the rights of any other holder of debt securities of that series (or the debt securities of any other series) not joining in such action, and the Trustee may take any other action deemed proper by the Trustee which is not inconsistent with such direction.

Within 120 calendar days after the close of each fiscal year, the Operating Partnership must deliver to the Trustee an officers' certificate stating whether or not each certifying officer has knowledge of any default under the Indenture and, if so, specifying each such default and the nature and status thereof.

Modification, Waivers and Meetings

The Indenture permits the Operating Partnership and the Trustee, with the consent of the holders of a majority in aggregate principal amount of the outstanding debt securities of each series issued under the Indenture and affected by a modification or amendment (voting as separate classes), to modify or amend any of the provisions of the Indenture or of the debt securities of the applicable series or the rights of the holders of the debt securities of the applicable series under the Indenture. However, no modification or amendment shall, without the consent of the holder of each outstanding debt security affected thereby:

change the stated maturity of the principal of, or premium, if any, or any installment of interest, if any, on, or any Additional Amounts, if any, with respect to, any debt securities;

reduce the principal of or any premium on any debt securities or reduce the rate (or modify the calculation of such rate) of interest on or the redemption or repurchase price of any debt securities, or any Additional Amounts payable with respect to any debt securities or related guarantee or change the Operating Partnership's or any guarantor's obligation to pay Additional Amounts;

reduce the amount of principal of any original issue discount securities that would be due and payable upon acceleration of the maturity of any debt security;

adversely affect any right of repayment or repurchase at the option of any holder;

change any place where, or the currency in which, the principal of, any premium or interest on, or any Additional Amounts with respect to any debt securities or guarantees are payable;

impair the holder's right to institute suit to enforce the payment of any debt securities or guarantee on or after their stated maturity (or, in the case of redemption, on or after the redemption date, or on or after the date for a repayment or repurchase);

reduce the percentage of the outstanding debt securities of any series whose holders must consent to any modification or amendment or any waiver of compliance with specific provisions of the Indenture or specified defaults under the Indenture and their consequences;

reduce the requirements for a quorum or voting at a meeting of holders of the applicable debt securities;

modify the sections of the Indenture setting forth the provisions of the Indenture that may not be amended without the consent of holders, or providing for the waiver of past defaults and the waiver of certain covenants, except to increase any such percentage or provide that certain other provisions of the Indenture cannot be modified or waived without the consent of holder of each outstanding debt security of such series;

release a guarantor from any of the obligations under a guarantee except as permitted under the Indenture; or

make any change that adversely affects the right, if any, to convert or exchange any debt security for common equity or other securities or property.

Table of Contents

The Indenture also contains provisions permitting the Operating Partnership and any guarantor, as applicable, and the Trustee, without the consent of the holders of any debt securities, to modify or amend the Indenture, among other things:

to evidence a successor to the Operating Partnership or any guarantor, if applicable, as under the Indenture, or successive successions, and the assumption by any such successor of the covenants of the Operating Partnership or any guarantor;

to add to the covenants of the Operating Partnership or any guarantor for the benefit of the holders of all or any series of debt securities or to surrender any right or power conferred upon the Operating Partnership or any guarantor in the Indenture;

to change or eliminate any restrictions on the payment of principal of or any premium or interest on or any Additional Amounts with respect to any debt securities or any guarantee, provided any such action does not adversely affect the interest of the holders of debt securities of any series;

to add to the Events of Default in a manner that benefits the holders of all or any series of debt securities issued under the Indenture;

to establish the form or terms of debt securities of any series, and the form of the guarantee of debt securities of any series (provided that any such deletions, additions and changes shall not be applicable to any other series of debt securities then outstanding);

to make any change necessary to comply with any requirement of the SEC in connection with the Indenture under the Trust Indenture Act;

to provide for any guarantee of the holders of debt securities of a series, to secure the debt securities or to confirm and evidence the release, termination or discharge of any guarantee of or lien securing the debt securities which such release, termination or discharge is permitted by the Indenture;

to provide for the acceptance of appointment by a successor trustee or facilitate the administration of the trusts under the Indenture by more than one trustee;

to cure any ambiguity, defect or inconsistency in the Indenture;

to make any change that would provide any additional rights or benefits to the holders of debt securities or that does not adversely affect the legal rights under the Indenture of any holder in any material respect;

to supplement any of the provisions of the Indenture to the extent necessary to permit or facilitate defeasance and discharge of any series of debt securities; provided, that the action shall not adversely affect the interests of the holders of debt securities;

to provide for the issuance of additional debt securities, subject to the limitations established in the Indenture;

to comply with the rules of any applicable depository or the rules or regulations of any securities exchange or automated quotation system on which any of the debt securities may be listed or traded;

to add to or change any provisions of the Indenture to such extent as is necessary to permit or facilitate the issuance of debt securities in uncertificated form;

to amend or supplement any provision contained in the Indenture, in any supplemental indenture or in any debt securities, provided that the amendment or supplement (i) does not (a) apply to any outstanding debt securities issued before the date of the amendment or supplement and entitled to the benefits of that provision, or (b) modify the rights of holders of any such debt securities with respect to such provision, or (ii) becomes effective only when no security described in clause (i)(a) is outstanding;

in the case of any debt security which is convertible into or exchangeable for shares of common equity or other securities or property, impair the right to institute suit to enforce the right to convert or exchange such debt security in accordance with its terms; or

to conform the terms of the Indenture or the debt securities of a series, as applicable, to the description thereof contained in any prospectus, prospectus supplement or other offering document relating to the offer and sale of such debt securities.

The holders of a majority in aggregate principal amount of the outstanding debt securities of any series may waive the Operating Partnership's compliance with some of the restrictive provisions of the Indenture, which may include covenants, if any, which are specified in the applicable prospectus supplement. The holders of a majority in aggregate principal amount of the outstanding debt securities of any series may, on behalf of all holders of debt securities of that series, waive any past default under the Indenture with respect to the debt securities of that series and its consequences, except a default which is continuing (i) in the payment of the principal of, or premium, if any, or interest, if any, on, and any Additional Amounts with respect to, the debt securities of that series, (ii) with respect to the conversion or exchange of a series of debt securities convertible or exchangeable into common equity of the Operating Partnership, or (iii) in respect of a covenant or provision which cannot be modified or amended without the consent of the holder of each outstanding debt security of the affected series.

The Indenture contains provisions for convening meetings of the holders of a series of debt securities. A meeting may be called at any time by the Trustee, and also, upon the Operating Partnership's or any guarantor's request, or the request of holders of at least 10% in aggregate principal amount of the outstanding debt securities of any series. Notice of a meeting must be given in accordance with the provisions of the Indenture. Except for any consent which must be given by the holder of each outstanding debt security affected in the manner described above, any resolution presented at a meeting or adjourned meeting duly reconvened at which a quorum, as described below, is present may be adopted by the affirmative vote of the holders of a majority in aggregate principal amount of the outstanding debt securities of the applicable series. However, any resolution with respect to any request, demand, authorization, direction, notice, consent, waiver, or other action which may be made, given or taken by the holders of a specified percentage, other than a majority, in aggregate principal amount of the outstanding debt securities of a series may be adopted at a meeting or adjourned meeting duly reconvened at which a quorum is present by the affirmative vote of the holders of that specified percentage in aggregate principal amount of the outstanding debt securities of that series. Any resolution passed or decision taken at any meeting of holders of debt securities of any series duly held in accordance with the Indenture will be binding on all holders of debt securities of that series. The quorum at any meeting called to adopt a resolution, and at any reconvened meeting, will be persons holding or representing a majority in aggregate principal amount of the outstanding debt securities of the applicable series, subject to exceptions; provided, however, that if any action is to be taken at that meeting with respect to a consent or waiver which may be given by the holders of a supermajority in aggregate principal amount of the outstanding debt securities of a series, the persons holding or representing that specified supermajority percentage in aggregate principal amount of the outstanding debt securities of that series will constitute a quorum.

Discharge, Defeasance and Covenant Defeasance

Satisfaction and Discharge

Upon the Operating Partnership's direction, the Indenture shall cease to be of further effect with respect to the debt securities of any series specified by the Operating Partnership, subject to the survival of specified provisions of the Indenture, including (unless the accompanying prospectus supplement provides otherwise) the Operating Partnership's obligation to repurchase such debt securities at the option of the holders thereof, if applicable, and the Operating Partnership's, or any guarantor's, if applicable, obligation to pay Additional Amounts in respect of such debt securities to the extent described below, when:

either

- (A) all outstanding debt securities of that series have been delivered to the Trustee for cancellation, subject to exceptions, or

Table of Contents

- (B) all debt securities of that series have become due and payable or will become due and payable at their maturity within one year or are to be called for redemption within one year, and the Operating Partnership has deposited with the Trustee, in trust, funds in the currency in which the debt securities of that series are payable in an amount sufficient to pay and discharge the entire indebtedness on the debt securities of that series, including the principal thereof and, premium, if any, and interest, if any, thereon, and, to the extent that (x) the debt securities of that series provide for the payment of Additional Amounts and (y) the amount of any Additional Amounts which are or will be payable is at the time of deposit reasonably determinable by the Operating Partnership, in the exercise of its sole discretion, those Additional Amounts, to the date of such deposit, if the debt securities of that series have become due and payable, or to the maturity or redemption date of the debt securities of that series, as the case may be;

and, in either case

the Operating Partnership has paid all other sums payable under the Indenture with respect to the debt securities of that series (including amounts payable to the Trustee); and

the Trustee has received an officers' certificate and an opinion of counsel to the effect that all conditions precedent to the satisfaction and discharge of the Indenture in respect of the debt securities of such series have been satisfied.

If the debt securities of any series provide for the payment of Additional Amounts, the Operating Partnership or any guarantor, as applicable, will remain obligated, following the deposit described above, to pay Additional Amounts on those debt securities to the extent that they exceed the amount deposited in respect of those Additional Amounts as described above.

Defeasance and Covenant Defeasance

Unless otherwise specified in the applicable prospectus supplement, the Operating Partnership may elect with respect to the debt securities of the particular series either:

to defease and discharge itself and any guarantor from any and all obligations with respect to those debt securities (legal defeasance), except for, among other things:

- (A) the obligation to pay Additional Amounts, if any, upon the occurrence of specified events of taxation, assessment, or governmental charge with respect to payments on those debt securities to the extent that those Additional Amounts exceed the amount deposited in respect of those amounts as provided below;
- (B) the obligations to register the transfer or exchange of those debt securities;
- (C) the obligation to replace mutilated, destroyed, lost, or stolen debt securities;

- (D) the obligation to maintain an office or agent of the Operating Partnership in the United States, in respect of those debt securities;
- (E) the rights of holders of such outstanding debt securities to receive payments from moneys held in trust when such payments are due;
- (F) the obligation, if applicable, to repurchase those debt securities at the option of the holders thereof; and
- (G) the rights, powers, trusts, duties and immunities of the trustee; or

to be released from its obligations and the obligations of any guarantor with respect to those debt securities under (A) certain covenants in the Indenture related to the preservation of the rights (charter and statutory) and franchises of the Operating Partnership and (B) if applicable, other covenants as may be specified in the applicable prospectus supplement, and any omission to comply with those obligations shall not constitute a default or an Event of Default with respect to those debt securities (covenant defeasance),

in either case upon the irrevocable deposit with the Trustee, in trust for that purpose, of an amount in the currency in which those debt securities are payable at maturity or, if applicable, upon redemption, and/or government obligations (as defined in the Indenture) which through the scheduled payment of principal and interest in accordance with their terms will provide money, in an amount sufficient, in the written opinion of a nationally recognized firm of independent public accountants, to pay the principal of and any premium and any interest on, and, to the extent that (x) those debt securities provide for the payment of Additional Amounts and (y) the amount of the Additional Amounts which are or will be payable is at the time of deposit reasonably determinable by the Operating Partnership, in the exercise of its reasonable discretion, the Additional Amounts with respect to, those debt securities, and any mandatory sinking fund or analogous payments on those debt securities, on the due dates for those payments. If the cash and government obligations deposited are sufficient to pay the outstanding debt securities of the applicable series on a particular redemption date, the Operating Partnership shall have given the Trustee irrevocable instructions to redeem those debt securities on that date.

The legal defeasance or covenant defeasance described above shall only be effective if, among other things:

it shall not result in a breach or violation of, or constitute a default under, the Indenture or any other material agreement or instrument to which the Operating Partnership is a party or is bound;

in the case of legal defeasance, the Operating Partnership shall have delivered to the Trustee an opinion of independent counsel acceptable to the Trustee confirming that:

(A) the Operating Partnership has received from, or there has been published by, the Internal Revenue Service a ruling; or

(B) since the date of the Indenture, there has been a change in applicable federal income tax law, in either case to the effect that, and based on this ruling or change the opinion of counsel shall confirm that, the holders of the debt securities of the applicable series will not recognize income, gain or loss for U.S. federal income tax purposes as a result of the legal defeasance and will be subject to U.S. federal income tax on the same amounts, in the same manner and at the same times as would have been the case if the legal defeasance had not occurred;

in the case of covenant defeasance, the Operating Partnership shall have delivered to the Trustee an opinion of independent counsel reasonably acceptable to the Trustee to the effect that the holders of the debt securities of the applicable series will not recognize income, gain or loss for U.S. federal income tax purposes as a result of the covenant defeasance and will be subject to U.S. federal income tax on the same amounts, in the same manner and at the same times as would have been the case if the covenant defeasance had not occurred;

no Event of Default or default which with notice or lapse of time or both would become an Event of Default with respect to debt securities of the applicable series shall have occurred and be continuing on the date of the deposit into trust;

solely in the case of legal defeasance, no Event of Default arising from specified events of bankruptcy, insolvency, or reorganization with respect to the Operating Partnership or any guarantor or default which with notice or lapse of time or both would become such an Event of Default shall have occurred and be continuing during the period ending on the 91st day after the date of the deposit into trust; and

the Operating Partnership shall have delivered to the Trustee an officers certificate and legal opinion to the effect that all conditions precedent to the legal defeasance or covenant defeasance, as the case may be, have been satisfied.

In the event the Operating Partnership effects covenant defeasance with respect to debt securities of any series and those debt securities are declared due and payable because of the occurrence of any Event of Default other than an Event of Default with respect to the covenants as to which covenant defeasance has been effected, which covenants would no longer be applicable to the debt securities of that series after covenant defeasance, the

amount of monies and/or government obligations deposited with the Trustee to effect covenant defeasance may not be sufficient to pay amounts due on the debt securities of that series at the time of any acceleration resulting from that Event of Default. However, the Operating Partnership would remain liable to make payment of those amounts due at the time of acceleration.

The applicable prospectus supplement may further describe the provisions, if any, permitting or restricting legal defeasance or covenant defeasance with respect to the debt securities of a particular series.

Concerning the Trustee

The Indenture provides that there may be more than one Trustee under the Indenture, each with respect to one or more series of debt securities. If there are different Trustees for different series of debt securities, each Trustee will be a Trustee of a trust or trusts separate and apart from the trust or trusts administered by any other Trustee under the Indenture. Unless otherwise indicated in any applicable prospectus supplement, any action permitted to be taken by a Trustee may be taken by such Trustee only with respect to the one or more series of debt securities for which it is the Trustee under the Indenture. Any Trustee under the Indenture may resign or be removed with respect to one or more series of debt securities. All payments of principal of, and premium, if any, and interest on, and all registration, transfer, exchange, authentication and delivery (including authentication and delivery on original issuance of the debt securities) of, the debt securities of a series will be effected by the Trustee with respect to that series at an office designated by the Trustee.

The Bank of New York Mellon has been appointed to act as the trustee under the Indenture. We may maintain corporate trust relationships in the ordinary course of business with the Trustee. The Trustee shall have and be subject to all the duties and responsibilities specified with respect to an indenture trustee under the Trust Indenture Act. Subject to the provisions of the Trust Indenture Act, the Trustee is under no obligation to exercise any of the powers vested in it by the Indenture at the request of any holder of debt securities, unless offered indemnity or security satisfactory to it by the holder against the losses, damages, costs, expense and liabilities which might be incurred thereby.

Under the Trust Indenture Act, the Indenture is deemed to contain limitations on the right of the Trustee, should it become a creditor of the Operating Partnership, to obtain payment of claims in some cases or to realize on certain property received in respect of any such claim as security or otherwise. The Trustee may engage in other transactions with the Operating Partnership. If it acquires any conflicting interest under the Trust Indenture Act relating to any of its duties with respect to the debt securities, however, it must eliminate the conflict or resign as Trustee.

Governing Law

The Indenture, the debt securities and any related guarantees will be governed by, and construed in accordance with, the laws of the State of New York.

Notices

All notices to holders of debt securities shall be validly given if in writing and mailed, first-class postage prepaid, or delivered electronically pursuant to the applicable procedures of the depository, to them at their respective addresses in the register maintained by the trustee.

Table of Contents

BOOK-ENTRY, DELIVERY AND FORM

The debt securities will be issued in the form of one or more fully registered global securities (Global Notes) that will be deposited with, or on behalf of, The Depository Trust Company (DTC), and registered in the name of DTC s nominee, Cede & Co. The Global Notes may be transferred, in whole and not in part, only to DTC, to another nominee of DTC or to a successor of DTC or its nominee. Beneficial interests in the Global Notes may not be exchanged for definitive debt securities in registered certificated form (Certificated Notes) except in the limited circumstances described below. See Exchange of Global Notes for Certificated Notes. Except in the limited circumstances described below, owners of beneficial interests in the Global Notes will not be entitled to receive physical delivery of debt securities in certificated form. Investors may elect to hold their interest in the Global Notes through either DTC, Clearstream Banking, *société anonyme* (Clearstream) or Euroclear Bank S.A./N.V. (Euroclear) if they are participants in these systems, or indirectly through organizations which are participants in these systems. Clearstream and Euroclear in turn will hold interests in such Global Notes as Participants on the books of DTC.

Depository procedures

The following description of the operations and procedures of DTC, Euroclear and Clearstream is provided solely as a matter of convenience. These operations and procedures are solely within the control of the respective settlement systems and are subject to changes by them. The Operating Partnership takes no responsibility for these operations and procedures and urge investors to contact the system or their participants directly to discuss these matters.

DTC has advised the Operating Partnership that DTC is a limited-purpose trust company created to hold securities for its participating organizations (collectively, the Participants) and to facilitate the clearance and settlement of transactions in those securities between the Participants through electronic book-entry changes in accounts of its Participants. The Participants include securities brokers and dealers, banks, trust companies, clearing corporations and certain other organizations. Access to DTC s system is also available to other entities such as banks, brokers, dealers and trust companies that clear through or maintain a custodial relationship with a Participant, either directly or indirectly (collectively, the Indirect Participants). Persons who are not Participants may beneficially own securities held by or on behalf of DTC only through the Participants or the Indirect Participants. The ownership interests in, and transfers of ownership interests in, each security held by or on behalf of DTC are recorded on the records of the Participants and Indirect Participants.

DTC has also advised the Operating Partnership that, pursuant to procedures established by it:

upon deposit of the Global Notes, DTC will credit the accounts of the Participants designated by the underwriters with portions of the principal amount of the Global Notes; and

ownership of these interests in the Global Notes will be shown on, and the transfer of ownership of these interests will be effected only through, records maintained by DTC (with respect to the Participants) or by the Participants and the Indirect Participants (with respect to other owners of beneficial interest in the Global Notes).

Investors in the Global Notes who are Participants may hold their interests therein directly through DTC. Investors in the Global Notes who are not Participants may hold their interests therein indirectly through organizations (including Euroclear and Clearstream) which are Participants. All interests in a Global Note, including those held through Euroclear or Clearstream, may be subject to the procedures and requirements of DTC. Those interests held through

Euroclear or Clearstream may also be subject to the procedures and requirements of such systems. The laws of some states require that certain persons take physical delivery in definitive form of securities that they own. Consequently, the ability to transfer beneficial interests in a Global Note to such persons will be limited to that extent. Because DTC can act only on behalf of the Participants, which in turn act on behalf of the Indirect Participants, the ability of a person having beneficial interests in a

Table of Contents

Global Note to pledge such interests to persons that do not participate in the DTC system, or otherwise take actions in respect of such interests, may be affected by the lack of a physical certificate evidencing such interests.

Except as described below, owners of interests in the Global Notes will not have debt securities registered in their names, will not receive physical delivery of debt securities in certificated form and will not be considered the registered owners or holders thereof under the indenture governing the debt securities for any purpose.

Payments in respect of the principal of, and interest and premium, if any, on, a Global Note registered in the name of DTC or its nominee will be payable to DTC in its capacity as the registered holder under the indenture governing the debt securities. Under the terms of the indenture, the Operating Partnership and the trustee will treat the persons in whose names the debt securities, including the Global Notes, are registered as the owners of the debt securities for the purpose of receiving payments and for all other purposes. Consequently, neither the Operating Partnership, the trustee nor any agent of them has or will have any responsibility or liability for:

any aspect of DTC's records or any Participant's or Indirect Participant's records relating to or payments made on account of beneficial ownership interest in the Global Notes or for maintaining, supervising or reviewing any of DTC's records or any Participant's or Indirect Participant's records relating to the beneficial ownership interests in the Global Notes; or

any other matter relating to the actions and practices of DTC or any of its Participants or Indirect Participants.

DTC has advised the Operating Partnership that its current practice, upon receipt of any payment in respect of securities such as the debt securities (including principal and interest), is to credit the accounts of the relevant Participants with the payment on the payment date unless DTC has reason to believe that it will not receive payment on such payment date. Each relevant Participant is credited with an amount proportionate to its beneficial ownership of an interest in the principal amount of the relevant security as shown on the records of DTC. Payments by the Participants and the Indirect Participants to the beneficial owners of debt securities will be governed by standing instructions and customary practices and will be the responsibility of the Participants or the Indirect Participants and will not be the responsibility of DTC, the trustee or us. Neither we nor the trustee will be liable for any delay by DTC or any of the Participants or the Indirect Participants in identifying the beneficial owners of the debt securities, and we and the trustee may conclusively rely on and will be protected in relying on instructions from DTC or its nominee for all purposes.

DTC has advised the Operating Partnership that it will take any action permitted to be taken by a holder of debt securities only at the direction of one or more Participants to whose account DTC has credited the interests in the debt securities and only in respect of such portion of the aggregate principal amount at maturity of the debt securities as to which such Participant or Participants has or have given such direction. However, if there is an Event of Default under the debt securities, DTC reserves the right to exchange the debt securities for legended debt securities in certificated form, and to distribute such debt securities to its Participants.

Exchange of Global Notes for Certificated Notes

A Global Note is exchangeable for Certificated Notes if:

DTC (a) notifies the Operating Partnership that it is unwilling or unable to continue as depositary for the Global Notes or (b) has ceased to be a clearing agency registered under the Exchange Act and, in either case, the Operating Partnership fails to appoint a successor depositary within 90 days after it receives such notice or of its becoming aware of such cessation;

the Operating Partnership, at its option and subject to DTC's procedures, notifies the trustee in writing that the Operating Partnership elects to cause the issuance of the Certificated Notes; or

upon request from DTC if there has occurred and is continuing a default or Event of Default with respect to the debt securities.

Table of Contents

In addition, beneficial interests in a Global Note may be exchanged for Certificated Notes upon prior written notice given to the trustee by or on behalf of DTC in accordance with the indenture. In all cases, Certificated Notes delivered in exchange for any Global Note or beneficial interests in Global Notes will be registered in the names, and issued in any approved denominations, requested by or on behalf of DTC (in accordance with its customary procedures).

Exchange of Certificated Notes for Global Notes

Certificated Notes, if any, may be exchanged for beneficial interests in Global Notes.

Same day settlement and payment

The underwriters will settle the debt securities in immediately available funds. The Operating Partnership will make payments in respect of the debt securities represented by the Global Notes (including principal, premium, if any, and interest) by wire transfer of immediately available funds to the accounts specified by DTC or its nominee. The Operating Partnership will make all payments of principal, interest and premium, if any, with respect to Certificated Notes by wire transfer of immediately available funds to the accounts specified by the holders of the Certificated Notes or, if no such account is specified, by mailing a check to each such holder's registered address. The debt securities represented by the Global Notes are expected to trade in DTC's Same-Day Funds Settlement System, and any permitted secondary market trading activity in such debt securities will, therefore, be required by DTC to be settled in immediately available funds. The Operating Partnership expects that secondary trading in any Certificated Notes will also be settled in immediately available funds.

Because of time zone differences, the securities account of a Euroclear or Clearstream participant purchasing an interest in a Global Note from a Participant will be credited, and any such crediting will be reported to the relevant Euroclear or Clearstream participant, during the securities settlement processing day (which must be a business day for Euroclear and Clearstream) immediately following the settlement date of DTC. DTC has advised the Operating Partnership that cash received in Euroclear or Clearstream as a result of sales of interests in a Global Note by or through a Euroclear or Clearstream participant to a Participant will be received with value on the settlement date of DTC but will be available in the relevant Euroclear or Clearstream cash account only as of the business day for Euroclear or Clearstream following DTC's settlement date.

MATERIAL U.S. FEDERAL INCOME TAX CONSIDERATIONS

The following is a general discussion of the material U.S. federal income tax considerations relating to our qualification and taxation as a real estate investment trust (REIT), and the acquisition, holding, and disposition of shares of our common stock, shares of our preferred stock, and depositary shares (together with our shares of common stock and preferred stock, the shares), as well as our warrants. For purposes of the following discussion, references to our Company, the Company, we, and us mean only Brixmor Property Group Inc. and not its subsidiaries or affiliates. This discussion is based upon the Internal Revenue Code of 1986, as amended (the Code), the U.S. Treasury Regulations, rulings and other administrative interpretations and practices of the U.S. Internal Revenue Service (IRS) (including administrative interpretations and practices expressed in private letter rulings which are binding on the IRS only with respect to the particular taxpayers who requested and received those rulings), and judicial decisions, all as currently in effect, and all of which are subject to differing interpretations or to change, possibly with retroactive effect. No assurance can be given that the IRS would not assert, or that a court would not sustain, a position contrary to any of the tax consequences described below. We have not sought and will not seek an advance ruling from the IRS regarding any matter discussed in this section. The discussion is also based upon the assumption that we will operate the Company and its subsidiaries and affiliated entities in accordance with their applicable organizational documents. This discussion is for general information only, and does not purport to discuss all aspects of U.S. federal income taxation that may be important to a particular investor in light of its investment or tax circumstances, or to investors subject to special tax rules, including:

financial institutions;

pass-through entities (such as entities treated as partnerships for U.S. federal income tax purposes);

persons acting as nominees or otherwise not as beneficial owners;

insurance companies;

broker-dealers;

persons who do not hold their shares as a capital asset within the meaning of Section 1221 of the Code; and

Table of Contents

for purposes of the discussion below entitled "Taxation of U.S. Stockholders," persons subject to the alternative minimum tax under the Code.

For purposes of this discussion, a "U.S. stockholder" means a beneficial owner of shares that is:

an individual who is a citizen or resident of the United States for U.S. federal income tax purposes;

an estate the income of which is subject to U.S. federal income taxation regardless of its source; or

a trust that (A) is subject to the supervision of a court within the United States and the control of one or more U.S. persons or (B) was in existence on August 20, 1996, was treated as a U.S. person prior to such date and has a valid election in place to continue to be treated as a U.S. person, as defined in the Code.

If a partnership (or other entity or arrangement treated as a partnership for U.S. federal income tax purposes) holds shares, the tax treatment of a partner in the partnership generally will depend on the status of the partner and the activities of the partnership. Any partnership or other entity or arrangement treated as a partnership for U.S. federal income tax purposes, and the partners in such partnership (as determined for U.S. federal income tax purposes), should consult their tax advisors.

This discussion of material U.S. federal income tax considerations is not binding on the IRS. No assurance can be given that the IRS would not assert, or that a court would not sustain, a position contrary to any described herein.

THE U.S. FEDERAL INCOME TAX RULES APPLICABLE TO HOLDING AND DISPOSING SHARES, AND TO REITS GENERALLY, ARE HIGHLY TECHNICAL AND COMPLEX. HOLDERS OF SHARES ARE URGED TO CONSULT THEIR TAX ADVISORS REGARDING THE SPECIFIC TAX CONSEQUENCES TO THEM OF THE OWNERSHIP OF SHARES, AND THE COMPANY'S QUALIFICATION AS A REIT, INCLUDING THE APPLICABILITY AND EFFECT OF U.S. FEDERAL, STATE, LOCAL AND NON-U.S. INCOME AND OTHER TAX LAWS, AND POTENTIAL CHANGES IN APPLICABLE TAX LAWS, IN LIGHT OF THEIR PARTICULAR CIRCUMSTANCES.

The U.S. federal income tax treatment of holders of our shares depends in some instances on determinations of fact and interpretations of complex provisions of U.S. federal income tax law for which no clear precedent or authority is available. In addition, the tax consequences to any particular stockholder of holding our shares will depend on the stockholder's particular tax circumstances. You should consult your tax advisor regarding the U.S. federal, state, local, and foreign income and other tax consequences to you in light of your particular investment or tax circumstances of acquiring, holding, exchanging, or otherwise disposing of our shares, our election to be taxed as a REIT for U.S. federal income tax purposes, and potential changes in applicable law.

Taxation of the Company as a REIT

General

We elected to be taxed as a REIT commencing with our taxable year ended December 31, 2011. A REIT generally is not subject to U.S. federal income tax on the income that it distributes to stockholders provided that the REIT meets the applicable REIT distribution requirements and other requirements for qualification as a REIT under the Code. We believe that we have been organized and operated in a manner so as to satisfy the requirements for qualification and

taxation as a REIT under the Code, and we intend to continue to be organized and operated in a manner that will allow us to continue to meet the requirements for qualification and taxation as a REIT under the Code.

Qualification and taxation as a REIT depends upon our ability to meet the various qualification tests imposed under the Code, including through our actual annual (or in some cases quarterly) operating results,

Table of Contents

requirements relating to income, asset ownership, distribution levels and diversity of share ownership, and the various other REIT qualification requirements imposed under the Code. Given the complex nature of the REIT qualification requirements, the ongoing importance of factual determinations and the possibility of future changes in our circumstances, we cannot provide any assurances that we have been or will be organized or operated in a manner so as to satisfy the requirements for qualification and taxation as a REIT under the Code, or that we will meet in the future the requirements for qualification and taxation as a REIT. See [Failure to Qualify as a REIT](#).

The sections of the Code that relate to our qualification and operation as a REIT are highly technical and complex. This discussion sets forth the material aspects of the sections of the Code that govern the U.S. federal income tax treatment of a REIT and its stockholders.

Taxation

For each taxable year in which we qualify for taxation as a REIT, we generally will not be subject to U.S. federal corporate income tax on our net income that is distributed currently to our stockholders. Stockholders generally will be subject to taxation on dividends (other than designated capital gain dividends and qualified dividend income) at rates applicable to ordinary income, instead of at lower capital gain rates. For taxable years beginning after December 31, 2017 and before January 1, 2026, generally, stockholders that are individuals, trusts or estates may deduct 20% of the aggregate amount of ordinary dividends distributed by us, subject to certain limitations. Capital gain dividends and qualified dividend income will continue to be subject to a maximum 20% rate.

Qualification for taxation as a REIT enables the REIT and its stockholders to substantially eliminate the double taxation (that is, taxation at both the corporate and stockholder levels) that generally results from an investment in a regular corporation. Regular corporations (non-REIT C corporations) generally are subject to U.S. federal corporate income taxation on their income and stockholders of regular corporations are subject to tax on any dividends that are received. Currently, however, stockholders of regular domestic and certain foreign corporations who are taxed at individual rates generally are taxed on dividends they receive at capital gains rates, which may be lower for individuals than ordinary income rates, and stockholders of regular corporations who are taxed at regular corporate rates will receive the benefit of a dividends-received deduction that substantially reduces the effective rate that they pay on such dividends. Subject to certain limited exceptions, dividends received from REITs are generally not eligible for taxation at the preferential dividend income rates currently available to individual U.S. stockholders who receive dividends from taxable subchapter C corporations, and corporate stockholders of a REIT are not eligible for the dividends-received deduction. Income earned by a REIT and distributed currently to its stockholders generally will be subject to lower aggregate rates of U.S. federal income taxation than if such income were earned by a non-REIT C corporation, subjected to corporate income tax, and then distributed to stockholders and subjected to tax either at capital gain rates or the effective rate paid by a corporate recipient entitled to the benefit of the dividends-received deduction.

Any net operating losses, foreign tax credits and other tax attributes of a REIT generally do not pass through to our stockholders, subject to special rules for certain items such as the capital gains that we recognize.

Even if we qualify for taxation as a REIT, we will be subject to U.S. federal income tax in the following circumstances:

1. We will be taxed at regular corporate rates on any undistributed REIT taxable income. REIT taxable income is the taxable income of the REIT subject to specified adjustments, including a deduction for dividends paid.

2. If we elect to treat property that we acquire in connection with certain leasehold terminations as foreclosure property, we may thereby avoid (a) the 100% tax on gain from a resale of that property (if the sale would otherwise constitute a prohibited transaction) as discussed below; and (b) the

Table of Contents

inclusion of any income from such property not qualifying for purposes of the gross income tests discussed below. Income from the sale or operation of the property may be subject to U.S. federal corporate income tax at the highest applicable rate (effective for taxable years beginning after December 31, 2017, 21%).

3. Our net income from prohibited transactions will be subject to a 100% tax. In general, prohibited transactions are sales or other dispositions of property held primarily for sale to customers in the ordinary course of business other than foreclosure property. See Gross Income Tests Income from Prohibited Transactions.
4. If we fail to satisfy either the 75% gross income test or the 95% gross income test, as discussed below, but our failure is due to reasonable cause and not due to willful neglect and we nonetheless maintain our qualification as a REIT because of specified cure provisions, we will be subject to a 100% tax on an amount equal to (a) the greater of (1) the amount by which we fail the 75% gross income test or (2) the amount by which we fail the 95% gross income test, as the case may be, multiplied by (b) a fraction intended to reflect our profitability.
5. We will be subject to a 4% nondeductible excise tax on the excess of the required distribution over the sum of amounts actually distributed, excess distributions from the preceding taxable year and amounts retained for which U.S. federal income tax was paid, if we fail to make the required distributions by the end of a calendar year. The required distributions for each calendar year is equal to the sum of: 85% of our REIT ordinary income for the year; 95% of our REIT capital gain net income for the year other than capital gains we elect to retain and pay tax on as described below; and any undistributed taxable income from prior taxable years.
6. We will be subject to a 100% penalty tax on certain rental income we receive when a taxable REIT subsidiary provides services to our tenants, on certain expenses deducted by a taxable REIT subsidiary on payments made to us and, effective for taxable years beginning after December 31, 2015, on income for services rendered to us by a taxable REIT subsidiary, if the arrangements among us, our tenants, and our taxable REIT subsidiaries do not reflect arm's-length terms.
7. If we acquire any assets from a non-REIT C corporation in a transaction in which the basis of the assets in our hands is determined by reference to the basis of the asset in the hands of the non-REIT C corporation, we would be liable for corporate income tax, at the highest applicable corporate rate, for the built-in gain with respect to those assets if we dispose of those assets in a taxable transaction during the five-year period beginning on the day the asset was transferred to us by the non-REIT C corporation. To the extent that assets are transferred to us in a carry-over basis transaction by a partnership in which a corporation owns an interest, we will be subject to this tax in proportion to the non-REIT C corporation's interest in the partnership. Built-in gain is the amount by which an asset's fair market value exceeds its adjusted tax basis at the time we acquire the asset. The results described in this paragraph assume that the non-REIT C corporation will not elect, in lieu of this treatment, to be subject to an immediate tax when the asset is acquired by us. Any gain from the sale of property acquired by us in an exchange under Section 1031 (a like-kind exchange) or Section 1033 (an involuntary conversion) of the Code would be excluded from the application of this built-in gain tax.

8. We may elect to retain and pay U.S. federal income tax on our net long-term capital gain. In that case, a U.S. stockholder would include its proportionate share of our undistributed long-term capital gain (to the extent that we make a timely designation of such gain to the stockholder) in its income, would be deemed to have paid the tax we paid on such gain, and would be allowed a credit for its proportionate share of the tax deemed to have been paid, and an adjustment would be made to increase the basis of the U.S. stockholder in our shares.

9. If we violate the asset tests (other than certain de minimis violations) or other requirements applicable to REITs, as described below, but our failure is due to reasonable cause and not due to willful neglect and we nevertheless maintain our REIT qualification because of specified cure provisions, we will be

Table of Contents

subject to a tax equal to the greater of \$50,000 or the amount determined by multiplying the net income generated by such non-qualifying assets by the highest rate of tax applicable to non-REIT C corporations during periods when such assets would have caused us to fail the asset test.

10. If we fail to satisfy a requirement under the Code which would result in the loss of our REIT qualification, other than a failure to satisfy a gross income test, or an asset test as described in paragraph 10 above, but nonetheless maintain our qualification as a REIT because the requirements of certain relief provisions are satisfied, we will be subject to a penalty of \$50,000 for each such failure.
11. If we fail to comply with the requirements to send annual letters to our stockholders requesting information regarding the actual ownership of our shares and the failure was not due to reasonable cause or was due to willful neglect, we will be subject to a \$25,000 penalty or, if the failure is intentional, a \$50,000 penalty.
12. The earnings of any subsidiaries that are subchapter C corporations, including any taxable REIT subsidiary, are subject to U.S. federal corporate income tax.

Notwithstanding our qualification as a REIT, we and our subsidiaries may be subject to a variety of taxes, including payroll taxes and state, local, and foreign income, property and other taxes on our assets, operations and/or net worth. We could also be subject to tax in situations and on transactions not presently contemplated.

Requirements for Qualification as a REIT

The Code defines a REIT as a corporation, trust or association:

1. that is managed by one or more trustees or directors;
2. that issues transferable shares or transferable certificates to evidence its beneficial ownership;
3. that would be taxable as a domestic corporation but for Sections 856 through 859 of the Code;
4. that is neither a financial institution nor an insurance company within the meaning of certain provisions of the Code;
5. that is beneficially owned by 100 or more persons;
6. in which not more than 50% in value of the outstanding shares or other beneficial interest of which is owned, actually or constructively, by five or fewer individuals (as defined in the Code to include certain entities and as determined by applying certain attribution rules) during the last half of each taxable year;

7. that makes an election to be a REIT for the current taxable year, or has made such an election for a previous taxable year that has not been revoked or terminated, and satisfies all relevant filing and other administrative requirements established by the IRS that must be met to elect and maintain REIT status;
 8. that uses a calendar year for U.S. federal income tax purposes;
 9. that meets other applicable tests, described below, regarding the nature of its income and assets and the amount of its distributions; and
 10. that has no earnings and profits from any non-REIT taxable year at the close of any taxable year.
- The Code provides that conditions (1), (2), (3) and (4) above must be met during the entire taxable year and condition (5) above must be met during at least 335 days of a taxable year of 12 months, or during a proportionate part of a taxable year of less than 12 months. Conditions (5) and (6) do not apply until after the first taxable year for which an election is made to be taxed as a REIT. Condition (6) must be met during the last half of each taxable year. For purposes of determining share ownership under condition (6) above, a supplemental

unemployment compensation benefits plan, a private foundation or a portion of a trust permanently set aside or used exclusively for charitable purposes generally is considered an individual. However, a trust that is a qualified trust under Code Section 401(a) generally is not considered an individual, and beneficiaries of a qualified trust are treated as holding shares of a REIT in proportion to their actuarial interests in the trust for purposes of condition (6) above. If we fail to satisfy these share ownership requirements, we will fail to qualify as a REIT unless we qualify for certain relief provisions described in the following paragraph.

To monitor our compliance with condition (6) above, we are generally required to maintain records regarding the actual ownership of our shares. To do so, we must demand written statements each year from the record holders of certain specified percentages of our shares pursuant to which the record holders must disclose the actual owners of the shares (i.e., the persons required to include in gross income the dividends paid by us). We must maintain a list of those persons failing or refusing to comply with this demand as part of our records. We could be subject to monetary penalties if we fail to comply with these record-keeping requirements. A stockholder that fails or refuses to comply with the demand is required by Treasury Regulations to submit a statement with its tax return disclosing the actual ownership of our shares and other information. If we comply with the record-keeping requirement and we do not know or, exercising reasonable diligence, would not have known of our failure to meet condition (6) above, then we will be treated as having met condition (6) above.

For purposes of condition (8), we adopted December 31 as our year end, and thereby satisfy this requirement.

Effect of Subsidiary Entities

Ownership of Interests in Partnerships and Limited Liability Companies. In the case of a REIT which is a partner in a partnership or a member in a limited liability company treated as a partnership for U.S. federal income tax purposes, Treasury Regulations provide that the REIT will be deemed to own its pro rata share of the assets of the partnership or limited liability company, as the case may be, based on its capital interest in such partnership or limited liability company. Also, the REIT will be deemed to be entitled to the income of the partnership or limited liability company attributable to its pro rata share of the assets of that entity. The assets and gross income of the partnership or limited liability company retain the same character in the hands of the REIT for purposes of Section 856 of the Code, including satisfying the gross income tests and the asset tests. Thus, our pro rata share of the assets and items of income of our operating partnership, including our operating partnership's share of these items of any partnership or limited liability company in which our operating partnership owns an interest, are treated as our assets and items of income for purposes of applying the requirements described in this prospectus, including the income and asset tests described below.

We have included a brief summary of the rules governing the U.S. federal income taxation of partnerships and limited liability companies and their partners or members below in *Tax Aspects of Our Ownership of Interests in our Operating Partnership and other Partnerships and Limited Liability Companies*. We believe that we have operated and we intend to continue to operate our operating partnership and the subsidiary partnerships and limited liability companies in which our operating partnership invests in a manner consistent with the requirements for our qualification and taxation as a REIT. We have interests in several joint ventures in which we are a non-managing member in a limited liability company. In the future, we may be a limited partner or non-managing member in some of our partnerships and limited liability companies. If such a partnership or limited liability company were to take actions which could jeopardize our qualification as a REIT or require us to pay tax, we may be forced to dispose of our interest in such entity. In addition, it is possible that a partnership or limited liability company could take an action which could cause us to fail a REIT income or asset test, and that we would not become aware of such action in a time frame that would allow us to dispose of our interest in the partnership or limited liability company or take other corrective action on a timely basis. In that case, we could fail to qualify as a REIT unless entitled to relief, as

described below.

Under the Bipartisan Budget Act of 2015, Congress revised the rules applicable to U.S. federal income tax audits of partnerships (such as certain of our subsidiaries) and the collection of any tax resulting from any such audits or other tax proceedings, generally for taxable years beginning after December 31, 2017. Under the new rules, the partnership itself may be liable for a hypothetical increase in partner-level taxes (including interest and penalties) resulting from an adjustment of partnership tax items on audit, regardless of changes in the composition of the partners (or their relative ownership) between the year under audit and the year of the adjustment. The new rules also include an elective alternative method under which the additional taxes resulting from the adjustment are assessed from the affected partners, subject to a higher rate of interest than otherwise would apply. Many questions remain as to how the new rules will apply, especially with respect to partners that are REITs, and it is not clear at this time what effect this new legislation will have on us. However, these changes could increase the U.S. federal income tax, interest, and/or penalties otherwise borne by us in the event of a federal income tax audit of a subsidiary partnership.

Ownership of Interests in Qualified REIT Subsidiaries. We may own 100% of the stock of one or more corporations that are qualified REIT subsidiaries. A corporation will qualify as a qualified REIT subsidiary if we own 100% of its stock and it is not a taxable REIT subsidiary. A qualified REIT subsidiary will not be treated as a separate corporation, and all assets, liabilities and items of income, deduction and credit of a qualified REIT subsidiary will be treated as our assets, liabilities and such items (as the case may be) for all purposes of the Code, including the REIT qualification tests. For this reason, references in this discussion to our income and assets should be understood to include the income and assets of any qualified REIT subsidiary we own. Our ownership of the voting stock of a qualified REIT subsidiary will not violate the restrictions against ownership of securities of any one issuer which constitute more than 10% of the voting power or value of such issuer's securities or more than 5% of the value of our total assets, as described below in [Asset Tests Applicable to REITs](#).

Ownership of Interests in Taxable REIT Subsidiaries. In general, we may jointly elect with a subsidiary corporation, whether or not wholly owned, to treat such subsidiary corporation as a taxable REIT subsidiary. A taxable REIT subsidiary of ours is a corporation other than a REIT in which we directly or indirectly hold stock, and that has made a joint election with us to be treated as a taxable REIT subsidiary under Section 856(l) of the Code. A taxable REIT subsidiary also includes any corporation other than a REIT in which a taxable REIT subsidiary of ours owns, directly or indirectly, securities (other than certain straight debt securities), which represent more than 35% of the total voting power or value of the outstanding securities of such corporation. For purposes of the following discussion, the term taxable REIT subsidiary includes subsidiaries of the taxable REIT subsidiaries. Other than some activities relating to lodging and health care facilities, a taxable REIT subsidiary may generally engage in any business, including the provision of customary or non-customary services to our tenants without causing us to receive impermissible tenant service income under the REIT gross income tests. A taxable REIT subsidiary is required to pay regular U.S. federal income tax, and state and local income tax where applicable, as a non-REIT C corporation. In addition, a taxable REIT subsidiary may be prevented from deducting interest on debt funded directly or indirectly by us. If dividends are paid to us by our taxable REIT subsidiaries, then a portion of the dividends we distribute to stockholders who are taxed at individual rates will generally be eligible for taxation at lower capital gains rates, rather than at ordinary income rates. See [Taxation of U.S. Stockholders](#) [Taxation of Taxable U.S. Stockholders](#) [Qualified Dividend Income](#).

Generally, a taxable REIT subsidiary can perform impermissible tenant services without causing us to receive impermissible tenant services income under the REIT income tests. However, several provisions applicable to the arrangements between us and our taxable REIT subsidiaries ensure that such taxable REIT subsidiaries will be subject to an appropriate level of U.S. federal income taxation. For example, taxable REIT subsidiaries are limited in their ability to deduct interest payments in excess of a certain amount made directly or indirectly to us. In addition, we will be obligated to pay a 100% penalty tax on some payments we receive or on certain expenses deducted by our taxable REIT subsidiaries if the economic arrangements between us, our tenants and such taxable REIT subsidiaries are not comparable to similar arrangements among unrelated parties.

Table of Contents

Our taxable REIT subsidiaries, and any future taxable REIT subsidiaries acquired by us, may make interest and other payments to us and to third parties in connection with activities related to our properties. There can be no assurance that our taxable REIT subsidiaries will not be limited in their ability to deduct interest payments made to us. In addition, there can be no assurance that the IRS might not seek to impose the 100% excise tax on a portion of payments received by us from, or expenses deducted by, our taxable REIT subsidiaries.

Ownership of Interests in Subsidiary REITs

We may own stock of one or more corporations that elect to be taxed as REITs. We currently do not own interests in any subsidiary REIT but, prior to April 3, 2017, substantially all of our assets consisted of the common stock of BPG Subsidiary, Inc. ("BPG Subsidiary"), an entity that elected to be taxed as a REIT commencing with its taxable year ended December 31, 2007. We believe that BPG Subsidiary (and any other REIT that we may acquire in the future, as applicable) operated (or, with respect to any future subsidiary REITs, will operate) in a manner to permit us to qualify for taxation as a REIT for U.S. federal income tax purposes and that stock in any such REIT was (or, with respect to any future subsidiary REITs, will be) a qualifying asset for purposes of the 75% asset test. However, if BPG Subsidiary (and any such other REIT that we may acquire in the future) failed (or, with respect to any future subsidiary REITs, fails) to qualify as a REIT then (i) the entity would be subject to regular corporate income tax, as described herein (refer below to the section entitled "Failure to Qualify as a REIT") and (ii) the Company's equity interest in such entity would not be a qualifying real estate asset for purposes of the 75% asset test and would be subject to the 5% asset test and the 10% vote or value test generally applicable to the Company's ownership in corporations other than REITs, qualified REIT subsidiaries or taxable REIT subsidiaries (refer below to the section entitled "Asset Tests"). If BPG Subsidiary (and any other REIT that we may acquire in the future) failed (or, with respect to any future subsidiary REITs, fails) to qualify as a REIT, it is possible that we would not have met (or, with respect to any future subsidiary REITs, meet) the 75% asset test, the 5% asset test, and/or the 10% vote or value test with respect to its interest in such entity, in which event we would fail to qualify as a REIT, unless we qualified for certain relief provisions.

Gross Income Tests

To qualify as a REIT, we must satisfy two gross income tests which are applied on an annual basis. First, in each taxable year at least 75% of our gross income, excluding gross income from sales of inventory or dealer property in prohibited transactions and certain hedging and foreign currency transactions, must be derived from investments relating to real property or mortgages on real property, including:

rents from real property ;

dividends or other distributions on, and gain from the sale of, shares in other REITs;

gain from the sale of real property or mortgages on real property, in either case, not held for sale to customers;

interest income derived from mortgage loans secured by real property and interests in real property (and effective for taxable years beginning after December 31, 2015, certain loans partially secured by personal

property);

income attributable to temporary investments of new capital in stocks and debt instruments during the one-year period following our receipt of new capital that we raise through equity offerings or issuance of debt obligations with at least a five-year term; and

effective for taxable years beginning after December 31, 2015, gain from the sale of a debt instrument issued by a publicly offered REIT (i.e., a REIT that is required to file annual and periodic reports with the SEC under the Exchange Act) unless the debt instrument is secured by real property or an interest in real property, is not treated as qualifying income for purposes of the 75% income test.

Table of Contents

Second, at least 95% of our gross income in each taxable year, excluding gross income from prohibited transactions and certain hedging transactions, must be derived from some combination of income that qualifies under the 75% gross income test described above, as well as (a) other dividends, (b) interest, and (c) gain from the sale or disposition of shares or securities, in either case, not held for sale to customers.

Rents from Real Property. Rents we receive will qualify as rents from real property for the purpose of satisfying the gross income requirements for a REIT described above only if several conditions are met. These conditions relate to the identity of the tenant, the computation of the rent payable, and the nature of the property lease.

First, the amount of rent must not be based in whole or in part on the income or profits of any person. However, an amount we receive or accrue generally will not be excluded from the term rents from real property solely by reason of being based on a fixed percentage or percentages of receipts or sales;

Second, we, or an actual or constructive owner of 10% or more in value of our shares, must not actually or constructively own 10% or more of the interests in the tenant, or, if the tenant is a corporation, 10% or more of the voting power or value of all classes of stock of the tenant. Rents received from such a tenant that is a taxable REIT subsidiary, however, will not be excluded from the definition of rents from real property as a result of this conditi
