PROXY STATEMENT FOR
2018 ANNUAL MEETING OF STOCKHOLDERS
To Be Held May 23, 2018

Solicitation Of Proxies

This Proxy Statement is furnished in connection with the solicitation on behalf of the Board of Directors (the Board) of LSB Industries, Inc. (the Company, us, our, or we) for proxies to be voted at our Annual Meeting of Stockholders to take place on May 23, 2018, at 8:30 a.m. CDT at our offices located at 16 South Pennsylvania Avenue, Oklahoma City, Oklahoma 73107 and at any adjournment thereof.

[Questions and Answers](#)

[About the Annual Meeting](#)

What matters are being considered?

You will be voting on each of the following items of business:

- (1) Election of four nominees to our Board;
- (2) Ratification of the appointment of Ernst & Young LLP as the independent registered public accounting firm for 2018; and
- (3) Advisory vote to approve the compensation of our executive officers named in the Summary Compensation Table (the named executive officers).

The Board recommends a vote FOR each of the director nominees and a vote FOR each of Proposals 2 and 3.

What is a proxy?

A proxy is your legal appointment of another person to vote the shares that you own in accordance with your instructions. The person you appoint to vote your shares is also called a proxy. On the enclosed proxy card, you will find the names of the persons designated by the Company to act as proxies to vote your shares at the annual meeting. The designated proxies are required to vote your shares in the manner you instruct.

Will other matters be brought before the annual meeting?

The Board does not intend to bring any other matters before the annual meeting and does not expect any other items of business because the deadline for stockholder proposals and nominations has already passed. However, if any other matter is properly brought before the annual meeting, the accompanying proxy gives discretionary authority to the persons named in the proxy with respect to any other matters that might be brought before the annual meeting. Those persons intend to vote that proxy in accordance with their best judgment on such matter.

Who is entitled to vote at the annual meeting?

You may vote if you owned voting stock as of the close of business on **March 26, 2018**, which is the record date for determining who is eligible to vote at the annual meeting.

As of the close of business on the record date, we had the following number of shares of common stock and voting preferred stock issued and outstanding which were eligible to be voted:

- (a) 28,602,954 shares of common stock, with each share entitling its holder to one vote;
- (b) 20,000 shares of Series B 12% Cumulative Convertible Preferred Stock (Series B Preferred), with each share entitling its holder to one vote;
- (c) 1,000,000 shares of Series D 6% Cumulative Convertible Preferred Stock (Series D Preferred), with each share entitling its holder to .875 of one vote; and
- (d)

Edgar Filing: LSB INDUSTRIES INC - Form DEF 14A

1 share of Series F Redeemable Class C Preferred Stock (Series F Preferred) entitling its holder to a number of votes equal to 456,225 shares of common stock, subject to adjustment.

Questions and Answers About the Annual Meeting

Shares of our Series B Preferred, Series D Preferred and Series F Preferred are referred to as our voting preferred stock. All of our outstanding shares of common stock and voting preferred stock will vote together as a single class on all matters coming before the annual meeting.

What constitutes a quorum?

In order to conduct the annual meeting, we must have a quorum. Holders of a majority of the total of all of the outstanding shares of common stock and voting preferred stock, will constitute a quorum for the annual meeting.

What vote is required to approve the items under consideration?

Directors are elected by the affirmative vote of a majority of votes cast by the holders of shares present in person or represented by proxy and entitled to vote at the annual meeting.

The ratification of the appointment of the independent registered public accounting firm requires the affirmative vote of a majority of votes cast by the holders of shares present in person or represented by proxy and entitled to vote at the annual meeting.

The advisory vote on executive compensation requires the affirmative vote of a majority of votes cast by the holders of shares present in person or represented by proxy and entitled to vote at the annual meeting.

Are abstentions counted?

Abstentions occur when stockholders are present at the annual meeting but fail to vote or voluntarily withhold their vote for any of the matters upon which the stockholders are voting. If your proxy indicates an abstention from voting on the proposal, the shares represented will be counted as present for the purpose of determining a quorum, but they will not be voted on any matter at the annual meeting. If you abstain from voting, you have not cast a vote and the abstention will not be counted in determining the outcome of the proposals.

How do I cast my vote?

Registered Holders. If shares are registered in your name, you may vote those shares in person at the annual meeting or by proxy. If you decide to vote by proxy, you may do so in any ONE of the following three ways.

By telephone. After reading the proxy materials, you may call the toll-free number (866) 286-3181, using a touch-tone telephone. You will be prompted to enter your

Control Number, which you can find on your Notice of Telephone Voting Availability or your proxy card. This number will identify you and the Company. You can then follow the simple instructions that will be given to you to record your vote. Telephone voting will be available through 1:00 a.m. CDT on May 23, 2018.

Over the Internet. After reading the proxy materials, you may use a computer to access the website www.proxypush.com/LXU. You will be prompted to enter your Control Number, which you can find on your Notice of Internet Availability or your proxy card. This number will identify you and the Company. You can then follow the simple instructions that will be given to you to record your vote. Internet voting will be available through 5:00 p.m. CDT on May 22, 2018.

By mail. After reading the proxy materials, you may vote your shares by marking, signing, dating and returning your proxy card to the Company's proxy solicitor in the envelope provided. To best ensure timely receipt of your proxy, you are encouraged to mail your proxy card for arrival by May 22, 2018.

The Internet and telephone voting procedures have been set up for your convenience and have been designed to authenticate your identity, allow you to give voting instructions and confirm that those instructions have been recorded properly.

Whether you choose to vote in person, by telephone, over the Internet or by mail, you can specify whether your shares should be voted for all, some or none of the director nominees. You can also specify whether you want to vote for or against, or abstain from voting on:

The ratification of the appointment of the independent auditors; and

The advisory vote to approve the compensation of the Company's named executive officers
Beneficial Owner. If your stock is held in your brokerage account, also known as street name, you should instruct your broker how your shares should be voted. If you fail to give your broker instructions, in some cases but not others the

broker may submit a broker non-vote.

If you are a beneficial owner whose shares are held of record directly in your name by a broker, you will receive instructions from the broker describing how to vote your shares. If you do not instruct your broker how to vote your shares, it may vote your shares as it decides with respect to any matter for which it has discretionary authority under the rules of the New York Stock Exchange (NYSE).

2 **LSB Industries Proxy Statement**

Table of Contents

Questions and Answers About the Annual Meeting

There are also non-discretionary matters for which your broker does not have discretionary authority to vote unless it receives timely instructions from you. A broker non-vote results when a broker does not have discretion to vote on a particular matter, you have not given timely instructions on how the broker should vote your shares and the broker indicates it does not have authority to vote such shares on its proxy. Although broker non-votes will be counted as present at the annual meeting for purposes of determining a quorum, they will be treated as shares not entitled to vote on the proposal.

If your shares are held in street name and you do not give voting instructions, the broker will only be entitled to vote your shares in its discretion with respect to the ratification of the appointment of our independent registered public accounting firm. Without voting instructions from you, the record holder will not be permitted to vote your shares with respect to the election of directors or the advisory vote on executive compensation. Your shares would therefore be considered broker non-votes with respect to these proposals and would have no effect on the proposal. Accordingly, it is important for you to instruct your broker how you wish to vote your shares.

Can I change my mind after I vote?

Yes, you may change your mind at any time before the polls close at the annual meeting, which will be at 8:30 a.m. CDT on May 23, 2018. If you hold your shares directly in record name, you can change your vote by:

Submitting a revised proxy using the previously mentioned telephone or Internet voting systems;

Sending a written revocation to our Secretary by mail to LSB Industries, Inc., 16 South Pennsylvania Avenue, Oklahoma City, Oklahoma 73107; or

Voting in person at the annual meeting.

In the absence of a revocation, shares represented by the proxies will be voted at the annual meeting. Your attendance at the annual meeting will not automatically revoke your proxy. If you do not hold your shares directly, you should follow the instructions provided by your broker, bank or nominee to revoke your previously voted proxy.

What if I sign and return my proxy card but I do not include voting instructions?

If you properly complete and submit a proxy card, but do not indicate any contrary voting instructions, your shares will be voted as follows:

FOR the election of the four nominees to our Board;

FOR the ratification of the appointment of Ernst & Young LLP as the independent registered public accounting firm for 2018; and

FOR the advisory vote to approve named executive officer compensation.

If any other business comes before the stockholders for a vote at the annual meeting, your shares will be voted in accordance with the discretion of the holders of the proxy. The Board knows of no matters, other than those previously stated, to be presented for consideration at the annual meeting.

What does it mean if I receive more than one proxy card?

It means that you have multiple accounts with brokers and/or our transfer agent. Please vote all of these shares. We recommend that you contact your broker and/or our transfer agent to consolidate as many accounts as possible under the same name and address. Our transfer agent is Computershare Trust Company, N.A., 462 South 4th Street, Suite 1600, Louisville, KY 77845, (800) 736-3001 (U.S. and Canada) and (781) 575-3100 (outside U.S. and Canada).

Will my shares be voted if I do not provide my proxy?

If your shares are registered in your name, they will not be voted unless you submit your proxy or vote in person at the annual meeting. If you hold your shares directly in your own name, you must vote, either by marking, signing, dating and returning a proxy card, voting by telephone or the Internet, or attending the annual meeting and voting at the annual meeting.

Who will count the votes?

All votes will be tabulated by Mediant Communications, Inc., who will serve as the inspector of election for the annual meeting.

What is the deadline for submission of stockholder proposals for the 2019 annual meeting?

If you wish to submit proposals to be included in our proxy statement for our 2019 annual meeting, proposals must be received at our principal executive offices in writing not later than December 31, 2018 and should be addressed to Michael J. Foster, Secretary, LSB Industries, Inc., 16 South Pennsylvania Avenue, Oklahoma City, Oklahoma 73107.

If you wish to present a proposal, but you fail to notify us by such deadline, you will not be entitled to present the proposal at the annual meeting.

Proposal 2 Ratification of The Appointment of Ernst & Young LLP as the Independent Registered Public Accounting Firm for 2018

The Audit Committee has appointed the firm of Ernst & Young LLP, Independent Registered Public Accounting Firm (Ernst & Young), as the Company s auditors for 2018. Ernst & Young has served as our auditors for more than five years, including the fiscal year most recently completed. If the stockholders do not ratify the appointment of Ernst & Young, the Audit Committee will reconsider the appointment and may or may not

consider the appointment of another independent registered public accounting firm for the Company for 2018 or future years.

Consistent with past practices, it is expected that one or more representatives of Ernst & Young will attend the annual meeting and will be available to respond to appropriate questions or make a statement should they desire to do so.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE **FOR THE RATIFICATION OF THE APPOINTMENT OF ERNST & YOUNG LLP AS THE INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR 2018.**

Proposal 3 Advisory Vote to Approve Named Executive Officer Compensation

We are asking our stockholders to approve the following advisory resolution related to the compensation of the Company s named executive officers commonly known as a say-on-pay proposal:

RESOLVED, that the stockholders approve, on an advisory basis, the compensation of the named executive officers, as disclosed pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, and the compensation tables, and the related narrative discussion in this Proxy Statement.

Our stockholders opinions are important to us and we hold this advisory vote annually in order to get a better understanding of their views on the compensation of our named executive officers and its alignment with stockholder interests. The Board and the Compensation Committee, which is composed of independent directors, will review and take into account the outcome of this vote when considering future executive

compensation decisions. Stockholders are encouraged to read the Compensation Discussion and Analysis, the accompanying compensation tables, and the related narrative executive compensation disclosure, in this Proxy Statement, which provide information about our compensation policies and the compensation of our named executive officers. Stockholders should note that, because the advisory vote on executive compensation occurs well after the beginning of the compensation year, and because the different elements of our executive compensation programs are designed to operate in an integrated manner and to complement one another, it may not be appropriate or feasible to change our executive compensation programs in consideration of any one year s advisory vote on executive compensation by the time of the following year s annual meeting of stockholders.

The Board intends to hold this vote annually, and the next advisory vote to approve named executive officer compensation will occur in 2019.

THE BOARD RECOMMENDS A VOTE [FOR](#) THE APPROVAL, ON AN ADVISORY BASIS, OF THE RESOLUTION TO APPROVE THE COMPANY S NAMED EXECUTIVE OFFICER COMPENSATION.

A current copy of the charters of the aforementioned Committees along with our corporate governance guidelines are available on our website at www.lsbindustries.com and are also available from the Company upon request to the Secretary.

The Board separately designated a Strategic Review Committee, which remains a standing committee to evaluate certain strategic proposals for the Company. A copy of the Strategic Review Committee Charter is available from the Company upon request to the Secretary.

LSB's Audit Committee operates under a written charter adopted by the Board that outlines the responsibilities of, and practices followed by the Committee. We review and reassess the charter annually and recommend any changes to the Board of Directors for approval. We met six times in 2017 and this report summarizes the activities of the Committee during those meetings.

LSB's management is responsible for preparing LSB's financial statements and the principal independent accountants are responsible for auditing those financial statements. The Audit Committee's role is to provide oversight of management in carrying out management's responsibility and to appoint, compensate, retain and oversee the work of the principal independent accountants.

Primary Responsibilities and 2017 Actions

The Audit Committee assists the Board in overseeing the accounting and financial reporting process and integrity of the financial statements of the Company; the compliance by the Company with legal and regulatory requirements; and the performance of the internal audit function, internal accounting controls, disclosure controls and procedures, and internal control over financial reporting. In 2017, in fulfilling these responsibilities, among other things, we:

Met with senior members of the Company's financial management team at each meeting;

Held sessions, during regularly scheduled meetings, with each of the Company's Chief Financial Officer, General Counsel, and head of Internal Audit, providing an opportunity for candid discussions regarding financial management, legal, accounting, auditing, and internal controls matters;

Reviewed and discussed with management the Company's earnings releases and the financial results for each quarterly period and for the fiscal year as set out in the Company's Forms 10-Q and Form 10-K prior to filing with the SEC;

Oversight of Independent Auditors

In addition to the responsibilities described above, the Audit Committee oversees the audits of the Company's financial statements and the independence, qualifications, and performance of the independent auditors. In fulfilling our oversight role for the year ended December 31, 2017, under the Audit Committee's charter, among other things, we reviewed and discussed with Ernst & Young LLP, the Company's independent auditors and principal independent accountants, as well as with senior members of the Company's financial management team, the overall audit scope and plan, the results of the external audit, and evaluations by Ernst & Young LLP of the Company's internal controls over financial reporting, the quality of the Company's financial reporting, and the effectiveness of the Company's disclosure controls and procedures. Ernst & Young LLP also reported to us on significant accounting judgments and estimates made by management in preparing the financial statements as well as their analysis and assessment of significant risks. We also discussed with Ernst & Young LLP the matters required to be communicated pursuant to the standards promulgated by the Public Company Accounting Oversight Board and the SEC.

We discussed with Ernst & Young LLP their assessment of their independence, including with respect to the tax services provided by them, and received the written disclosures and letter required by the applicable requirements of the Public Company Accounting Oversight Board regarding the independent accountant's communications with us concerning independence. In light of the required rotation of the independent auditor's lead partner and SEC partner following the audit of the Company's 2017 financial statements, we met with the proposed new lead partner, and reviewed his experience and qualifications.

2017 Audited Financial Statements

Based on our review of the audited financial statements, discussions with management and with Ernst & Young LLP, and our review of Ernst & Young LLP's written disclosures and letter, we recommended to the Board of Directors that the audited financial statements be included in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2017, for filing with the SEC. Our recommendation considers our review of that firm's qualifications as independent accountants for the Company. Our review also included matters required to be considered under SEC rules on auditor independence, including the nature and extent of non-audit services. In our judgment the nature and extent of non-audit services performed by Ernst & Young LLP during the year did not impair the firm's independence.

After discussions with management, considering Ernst & Young LLP's historical and recent performance of the Company's audit, the capabilities and performance of the audit team, and Ernst & Young LLP's independence, the Committee concluded that it would be in the best interests of the Company and its shareholders to retain Ernst & Young LLP to serve as the independent registered public accounting firm to audit the consolidated financial statements for the Company for 2018 and recommend that such appointment be ratified by shareholders at the 2018 annual meeting of the company.

Submitted by the Audit Committee of the Company's Board of Directors.

Compensation Committee Interlocks and Insider Participation

The Compensation Committee has the authority to set the compensation of all of our officers. The Compensation Committee considered the recommendations of the former Executive Chairman and the Chief Executive Officer when setting the compensation of our officers. During 2017, neither the former Executive Chairman nor the Chief Executive Officer made any recommendation regarding his own compensation. None of the members of the Compensation Committee is, or ever has been, an officer or employee of the Company or any of its subsidiaries, or had any relationship requiring disclosure by the Company under Item 404 of Regulation S-K during 2017. No executive

officer of the Company served on any board of directors or compensation committee of any other company for which any of our directors served as an executive officer at any time during 2017.

Board Independence

The Board has determined that Messrs. Roedel, White, Genender, Bobb, and Sanders are independent in accordance with the current listing standards of the NYSE. Our independent directors are regularly scheduled to meet in executive session following each meeting of the Board.

The Board has affirmatively determined that each of the independent directors had no material relationship with the Company whether directly or as a partner, stockholder or officer of an organization that had a relationship with the Company during 2017. Directors responded to a questionnaire asking about their relationships (and those of their immediate family members) with us and other potential conflicts of interest.

The Board determined that the members of the Audit, Compensation, and Nominating Committees meet the independence tests of the NYSE and the SEC. In connection with the independence of each non-employee director, the Board also determined that each member of the Audit Committee and Compensation Committee meets the additional independence standards of the NYSE and SEC applicable to members of the respective committees.

Communication with the Board

Our Board believes that it is important for us to have a process whereby stockholders may send communications to the Board. Stockholders and interested parties who wish to communicate with the Board, the Lead Director, the independent directors as a group, or a particular director, may do so by sending a letter to the Lead Director at 16 South Pennsylvania

We believe that this program appropriately aligns executive compensation opportunities and our long-term strategic plan and supports accountability for long-term results.

The Compensation Committee has reviewed and discussed the following Compensation Discussion and Analysis with management and, based on such review and discussions, the Compensation Committee recommended to the Board that the Compensation Discussion and Analysis be included in this Proxy Statement, and we encourage you to read it.

Compensation Discussion and Analysis

Overview of Compensation Program

This Compensation Discussion and Analysis describes our compensation philosophy, objectives, policies and practices framed within the context of the chemical manufacturing industry and specifically our strategy and performance with respect to our named executive officers for 2017.

Our named executive officers during 2017 were:

Jack E. Golsen ⁽¹⁾	Executive Chairman
Daniel D. Greenwell	President and Chief Executive Officer
Mark T. Behrman	Executive Vice President and Chief Financial Officer
John H. Diesch	Executive Vice President, Manufacturing
Michael J. Foster	Senior Vice President, General Counsel & Secretary

(1) Mr. J. Golsen retired from his position as Executive Chairman on December 31, 2017.

Our long-term success depends on our ability to efficiently operate our facilities, to continue to develop our product lines and technologies, and to focus on developing our product markets. To achieve these goals, it is important that we attract, motivate, and retain highly talented individuals who are committed to our values and goals.

The Compensation Committee has the responsibility to establish, in consultation with management, our compensation philosophy for our senior executive officers and to implement and oversee a compensation program consistent with such philosophy. This group of senior executive officers includes the named executive officers, as well as our other executive officers.

A primary objective of the Compensation Committee is to ensure that the compensation paid to the senior executive officers provides incentives for superior performance, aligns their interests with our stockholders, and is fair, reasonable, and competitive.

The Compensation Committee is responsible for approval of all decisions for the compensation of our named executive officers.

The three elements of total direct compensation for our executives are: (i) base salary, (ii) short-term incentive and (iii) long-term incentive. Unlike base salary, which is fixed annually, short-term and long-term incentive awards each represent variable compensation. These three elements are balanced such that each executive has an appropriate amount of compensation that is contingent on performance across both near and long-term horizons.

As illustrated in the graphics below, a substantial majority of each of the named executive officers, excluding Mr. J. Golsen, target direct compensation for 2017 was delivered through variable compensation which is contingent on performance (80% for the Chief Executive Officer and 61% on average for the other named executive officers).

Table of Contents**Executive Compensation****Chief Executive Officer****Average Other Named Executive Officers****Compensation Philosophy and Objectives**

We believe our executive compensation philosophy aligns the interests of our stockholders and senior executives and holds our named executive officers accountable for short and long-term performance, manages risk taking within the parameters of our philosophy, and supports the guiding principles that drive our overall compensation philosophy. The elements of our compensation program have specific

objectives and the overall program is designed to reward annual and sustained performance over the long-term. We follow the same program for all senior management, but vary pay mix by job responsibility level and include additional pay for performance factors for our most senior employees. The table below describes the elements of our compensation program and how each supports our compensation philosophy:

Compensation Element	Performance Period	Performance Measures	Purpose of Compensation Element
Base Salary	1 year	Pay aligned with scope of responsibilities and experience	Provides competitive fixed pay
Performance Annual Incentive Award (Short-Term Incentive)	1 year	Financial performance metrics Strategic goals	Promotes achievement of company performance metrics important to stockholders
		Individual employee performance	Evaluates performance against

		Safety	pre-established strategic goals and accomplishments
Equity Grants (Long-Term Incentive)	3 years for restricted stock and restricted stock unit awards	Depending on form of grant:	Aligns named executive officers and long-term stockholders interests
	6 years for stock option awards	Time based (vesting ratably over 3 years)	Retains talent with long-term wealth accumulation opportunities
		Financial performance metrics	
		Stock price	
Limited Perquisites and Other Benefits	Not applicable	Not applicable	Allows the Company to remain competitive among its peers to attract and retain key talent

Table of Contents**Executive Compensation****Setting Executive Compensation**

The Compensation Committee sets annual cash and non-cash executive compensation to reward the named executive officers for achievement of, and to motivate the named executive officers to achieve, long-term business objectives. The Compensation Committee also reviews the compensation information of our peer companies, as provided by our compensation consultants. As described in more detail below, in 2017, the Compensation Committee engaged Steven Hall & Partners as compensation consultants to assist the Compensation Committee in conducting its review of our compensation program. This information is used to determine whether our compensation amounts are within the range of similarly sized companies, as further described below. We do not benchmark the amount of total compensation or any material element of compensation.

The Compensation Committee also considers the allocation between cash and non-cash compensation amounts as well as short-term and long-term compensation, but does not have a specific formula or required allocation between such compensation types. In each case, such allocation is considered as part of the overall compensation determination.

During 2017, the Compensation Committee compared the Chief Executive Officer's total compensation to the

total compensation of our other named executive officers. However, the Compensation Committee has not established a target ratio between total compensation of the Chief Executive Officer and the median total compensation level for the next lower tier of management. The Compensation Committee also considers internal pay equity among the named executive officers and in relation to the next lower tier of management and average compensation of all employees to maintain compensation levels that are consistent with the individual contributions and responsibilities of those executive officers. The Compensation Committee does not consider amounts payable under severance agreements when setting the annual compensation of the named executive officers.

Base Salary

The Compensation Committee annually reviews and adjusts salaries based on changes in the market, responsibilities and performance against job expectations, strategic importance, and experience and tenure. The following table sets forth the base salaries for each of our named executive officers as of the end of 2017. These base salaries were unchanged from 2016 and remain effective for 2018 (other than for Mr. J. Golsen).

Named Executive Officer	2017 Base Salary	2018 Base Salary
Jack E. Golsen	\$ 800,000	
Daniel D. Greenwell	\$ 800,000	\$ 800,000
Mark T. Behrman	\$ 500,000	\$ 500,000
John H. Diesch	\$ 325,000	\$ 325,000

Michael J. Foster	\$	360,000	\$	360,000
-------------------	----	---------	----	---------

Short-Term (Annual) Incentive Plan

Executive officers participate in the Company's Short-Term Incentive Plan (the "STI Plan"). The STI Plan is our annual performance pay plan developed and instituted in 2016. The STI Plan provides the opportunity for annual cash payments tied directly to the achievement of key financial and operational goals. The Compensation

Committee sets goals derived from our strategic plan that are designed to align the interests of management with the interests of our stockholders. The goals for 2017, and our performance compared to those goals are shown below.

Goal	Weighting		Percentage Payout	
	of Goal	Target ⁽¹⁾	Achievement	Toward Target
Safety/ Environmental Performance	10%	Achievement of pre-established targets set by the Board	42%	4.2%
Financial Performance	40%	Manage 2017 EBITDA to a pre-established target set by the Board	0%	0%
Operational performance	40%	Achievement of pre-established uptime, onstream and sales targets set by the Board	67%	26.8%
Individual Goals	10%	Achievement of pre-established goals set by the Board	100%	10%
Total	100%			41.0%

(1) The Company is not disclosing details of specific 2017 financial and other targets applied to the various goals because of competitive sensitivity.

Table of Contents**Executive Compensation**

Payment to an executive officer under the STI Plan is calculated as follows:

$$\text{Base Salary} \times \text{Target Payout Percentage} \times \text{Company Performance}$$

Company performance is based on the achievement of the performance goals. Each performance goal is measured independently of other goals. Company performance for 2017 was 41.0% as shown in the table above.

Each payout target for Messrs. Greenwell, Behrman, Diesch and Foster is established in their respective employment agreements. Mr. J. Golsen did not participate in the STI Plan. The target and actual annual incentive awards under the STI Plan for 2017 for each of our named executive officers, as determined by the Compensation Committee, are set forth in the table below.

Named Executive Officer	2017 Base Salary	STI Plan Target as a Percentage of Base	2017 Target Award	2017 Actual Award
		Salary ⁽¹⁾		
Jack E. Golsen	\$ 800,000			
Daniel D. Greenwell	\$ 800,000	62.5%	\$ 500,000	\$ 205,000
Mark T. Behrman	\$ 500,000	50%	\$ 250,000	\$ 135,000
John H. Diesch	\$ 325,000	50%	\$ 162,500	\$ 55,000
Michael J. Foster	\$ 360,000	50%	\$ 180,000	\$ 74,000

(1) The Board made discretionary adjustment to the individual awards of Mr. Behrman and Mr. Diesch reflecting the recommendation of Mr. Greenwell related to their respective individual performances.

Long-Term (Equity) Incentive Plan

We award long-term performance pay to our named executive officers under the terms of the 2016 Long Term Incentive Plan (the LTI Plan) that was approved by stockholders at the 2016 Annual Meeting of Stockholders. The Compensation Committee, with the input of its independent compensation consultant, designed the LTI Plan to align named executive officer compensation with stockholders' interests and to serve as a retention tool. The Compensation Committee believes the LTI Plan will allow us to continue to motivate our named executive officers through the grant of stock awards and will also increase the Compensation Committee's flexibility to grant different types of equity, equity-based, and cash awards in the future.

Our long-term incentive plans currently consist of time-based restricted share grants and performance-based share grants as set forth in the respective named executive officer's employment agreements. Both types of awards generally vest over a three-year period.

Time-based awards vest one-third on each of the first three anniversaries of the date of grant. Performance-based awards vest at the end of the three-year performance measurement period. We believe both award types link the value of payments to the long-term results of the Company.

100% of the currently outstanding performance-awards are tied to our ranking relative total shareholder return (share price appreciation plus dividends reinvested) (TSR) versus the companies in the 2017 peer group over a three-year measurement period. The actual number of shares that will vest will be equal to the aggregate number of shares granted multiplied by the applicable TSR payout percentage. TSR payout percentages will be determined using a non-linear interpolation between threshold and target and between target and maximum. The threshold TSR is 25%. If actual Company TSR over the applicable three-year period is at or below 25% as compared to the TSR of the peer group, there will be no earned award.

24 **LSB Industries Proxy Statement**

Table of Contents**Executive Compensation**

The Company set the following payout percentages based on the three-year total relative shareholder return ranking.

Tier	TSR Ranking			Maximum Tier	Cumulative Tier
				Payout	Payout
5	0	25%	n/a		
4	26	50%	(1.4% per %)	35%	35%
3	51	75%	(1.6% per %)	40%	75%
2	76	100%	(2.0% per %)	50%	125%
1	101	125%	(3.0% per %)	75%	200%

Pursuant to the terms of their respective employment agreements, the 2017 long-term performance pay target for each of Messrs. Greenwell, Behrman, Diesch and Foster are set out in the following table. Mr. J. Golsen did not participate in the LTI Plan.

Named Executive Officer	LTI Plan Target as a Percentage of Base Salary
Jack E. Golsen	
Daniel D. Greenwell	337.5%
Mark T. Behrman	150%
John H. Diesch	50%
Michael J. Foster	100%

Perquisites and Other Personal Benefits

We and the Compensation Committee believe that perquisites are necessary and appropriate parts of total compensation that contribute to our ability to attract and retain superior executives. Accordingly, the Company provided our named executive officers a limited number of perquisites that are reasonable and consistent with our overall compensation program.

In 2017, we provided an automobile for business use by Messrs. Diesch and Greenwell and an automobile allowance to each of Messrs. Behrman and J. Golsen.

Additionally, we paid country club dues for Mr. J. Golsen. He was expected to, and did, use the country club in large part for business purposes.

The Compensation Committee periodically reviews the levels of perquisites provided to the named executive officers to determine whether such perquisites are consistent with our compensation policies.

Executive Compensation

[Consideration of Stockholder Say-On-Pay Advisory and Say-on-Frequency Votes](#)

At our annual meeting of stockholders held in June 2017, 75% of the total votes cast on our say-on-pay proposal approved the compensation of our named executive officers for 2017 on a non-binding, advisory basis, an increase from the 2016 say-on-pay advisory vote. The Compensation Committee and the Board believes that this affirms our stockholders' support of our approach to executive compensation. However, to better understand the concerns of stockholders relating to our compensation program, management and the Compensation Committee engaged with shareholders representing approximately 70% of our outstanding stock. Management and the Compensation Committee reviewed the comments of stockholders and have expanded the discussion in this CD&A to better explain the elements of our compensation program, including the reasons behind specific provisions in the employment agreements with certain of our named executive officers. See [Executive Compensation Employment Agreements](#) below for a more detailed discussion of the employment agreements with our named executive officers.

The Compensation Committee will continue to consider the feedback it receives from stockholders and proxy advisory services firms when making future compensation decisions for our named executive officers, including when negotiating any future employment agreements.

In accordance with the advisory vote on the frequency of the stockholder advisory vote on executive compensation submitted to stockholders at the Company's annual meeting of stockholders held in June 2017, the Company will continue to hold a stockholder advisory vote on executive compensation every year until the next required advisory vote on the frequency of such votes which, in accordance with applicable law, will occur no later than the Company's annual meeting of stockholders in 2023.

Role of Executive Officers in Compensation Decisions

Our Chief Executive Officer annually reviews the performance of each of our named executive officers (other than his own) and provides recommendations to the Compensation Committee with respect to salary, STI Plan and LTI Plan compensation, and other benefits. The Compensation Committee reviews these recommendations while considering the compensation philosophy and objectives and exercises its discretion in accepting or modifying the recommended compensation. Historically, the Compensation Committee has generally adopted the compensation recommended by the Chief Executive Officer. In determining compensation for our Chief Executive Officer, the Compensation Committee reviews his responsibilities and performance. Such review includes interviewing our Chief Executive Officer and consideration of the Compensation Committee's observations of his performance during the applicable year. When appropriate, named executive officers are invited by the Compensation Committee to provide insight regarding Company and individual performance and feedback regarding compensation structure. Named executive officers are not present at any meeting of the Compensation Committee while their own compensation is being discussed or determined.

Role of Compensation Consultants in Compensation Decisions

The Compensation Committee is committed to ensuring that our pay programs support our short- and long-term strategic objectives. In 2017, the Compensation

Committee engaged Steven Hall & Partners to assess all elements of our pay programs and propose potential changes to the program and to provide market intelligence on compensation trends, views and recommendations with respect to our compensation programs, and analyses and recommendations with respect to the amount or form of senior executive and director compensation. The Compensation Committee, in consultation with Steven Hall & Partners, continued its process of reviewing the elements of compensation, separately and as part of the broader program, to determine whether our current program adequately supports the strategic objectives of the Company and aligns our named executive officers and the long-term interests of our stockholders.

At the request of the Compensation Committee, Mr. Steven Hall attended the February 2017 meeting of the Compensation Committee and held additional consultations with the Chairman of the Compensation Committee and Mr. Greenwell relating to the Company's compensation program. Steven Hall & Partners did not provide any services to us in 2017 other than the executive and director compensation advisory services provided to the Compensation Committee. Steven Hall & Partners continues to work with the Compensation Committee in 2018 to assess our compensation plans and programs.

Steven Hall & Partners reports directly to the Chair of the Compensation Committee but partners with management, at the request of the Compensation Committee, to ensure the Compensation Committee receives the most comprehensive information for decision making.

Executive Compensation

The Compensation Committee analyzed the independence of Steven Hall & Partners pursuant to the SEC rules and NYSE listing standards and determined that the engagement did not raise any conflict of interest that would prevent Steven Hall & Partners from independently representing the Compensation Committee. In reaching this conclusion, the Compensation Committee considered the factors relevant to Steven Hall & Partners' independence from management, including the factors set forth in the NYSE listing standards.

Peer Group Review

To ensure that our executive compensation program provides competitive compensation opportunities that are necessary to attract and retain well-qualified executives, the Compensation Committee intends to review the level and mix of compensation for our Chief Executive Officer and other NEOs against the

compensation provided by a group of peer companies (in addition to survey data provided by Steven Hall Partners). The Compensation Committee also intends to use these peer companies to consider the relative performance of our Company with respect to the TSR performance measures in our LTI Plan.

In 2017, following the sale of the Climate Control Group, the Compensation Committee made changes to the peer group to reflect the Company's singular focus in the chemical industry selected the following twenty peer companies based on:

Management Stock Ownership Guidelines

Beginning in April 2017, the Compensation Committee approved stock ownership guidelines that ensure that the interests of our named executive officers are aligned with the interests of our stockholders by requiring them to hold significant levels of Company stock. In keeping with our overall compensation philosophy, we believe

that the equity ownership levels that they are required to maintain are high enough to assure our stockholders of our named executive officers' commitment to long-term value creation. The terms of our Stock Ownership Guidelines are set out below:

Term	Component/Description	Guidelines
Target Ownership Amount	Chief Executive Officer	5x base salary
	Chief Financial Officer	3x base salary
	Other Named Executive Officers	3x base salary
Shares Counted	Shares owned outright or held in trust	
Towards Ownership	Time-based vesting restricted stock or restricted stock units	
	The target number of any performance shares or units	
Compliance Period	The later of April 26, 2022 or 5 years from hire/promotion into covered role	
Tracking	Measure compliance on December 31 each year using 90-trading day average stock price	
Achievement	Notify participants and Compensation Committee of compliance/progress towards meeting guidelines	
Controls	Once the guideline is met, participants are expected to maintain share ownership pursuant to the guideline thereafter	
	Should a participant who previously met the guideline subsequently fall below the guideline for any reason, they will be required to meet the guideline within 2 years	

As of December 31, 2017, each of Messrs. Greenwell and Behrman exceeded the stock ownership guidelines. Messrs. Foster and Diesch are currently in compliance

with the policy and have until April 2022 to meet the stock ownership guidelines.

Table of Contents**Executive Compensation****Tax and Accounting Implications**

Section 162(m) of the Internal Revenue Code (the Code) provides that we may not deduct, for federal income tax purposes, compensation in excess of \$1 million paid to our Chief Executive Officer and each of the three other most highly-compensated officers (other than the Chief Executive Officer and Chief Financial Officer) whose compensation is required to be disclosed to our stockholders under the federal securities laws in any taxable year. However, compensation in excess of \$1 million may be deducted if it is performance-based compensation or qualifies for one of the other exemptions from the deductibility limit. In making compensation decisions, the Compensation Committee considers the potential impact of Section 162(m) of the Code on the compensation paid to the named executive officers.

Where reasonably practicable, the Compensation Committee historically sought to qualify the performance-based incentive compensation paid or awarded to the covered officers for the performance-based compensation exemption from the deductibility limit of Section 162(m) of the Code. To maintain flexibility in compensating the named executive officers in a manner designed to promote varying corporate goals, however, the Compensation Committee did not have a policy that all compensation payable to the covered executive officers that is subject to Section 162(m) of the Code must be deductible for federal income tax purposes. From time to time, the Compensation Committee could have approved compensation for the covered executive officers that did not comply with an exemption from the deductibility limit when it believed that such compensation was in the best interests of the Company and its stockholders.

The Tax Cuts and Jobs Act, enacted on December 22, 2017, substantially modified Section 162(m) of the Code and, among other things, eliminated the performance-based exception to the \$1 million deduction limit effective as of January 1, 2018. As a result, beginning in 2018, compensation paid to certain executive officers in excess of \$1 million will generally be nondeductible, whether or not it is performance-based. In addition, beginning in 2018, the executive officers subject to Section 162(m) of the Code (the Covered Employees) will include any individual who served as the Chief Executive Officer and Chief Financial Officer at any time during the taxable year and the three other most highly compensated officers (other than the Chief Executive

Officer and Chief Financial Officer) for the taxable year, and once an individual becomes a Covered Employee for any taxable year beginning after December 31, 2016, that individual will remain a Covered Employee for all future years, including following any termination of employment.

The Tax Cuts and Jobs Act includes a transition rule under which the changes to Section 162(m) of the Code described above will not apply to compensation payable pursuant to a written binding contract that was in effect on November 2, 2017 and is not materially modified after that date. To the extent applicable to our existing contracts and awards, the Compensation Committee may avail itself of this transition rule. However, because of uncertainties as to the application and interpretation of the transition rule, no assurances can be given at this time that our existing contracts and awards, even if in place on November 2, 2017, will meet the requirements of the transition rule. Moreover, to maintain flexibility in compensating executive officers in a manner designed to promote varying

corporate goals in the best interest of the company, the Compensation Committee does not limit its actions with respect to executive compensation to preserve deductibility under Section 162(m) of the Code if the Compensation Committee determines that doing so is in the best interests of the Company and its stockholders.

We account for stock-based payments, including our incentive and nonqualified stock options and restricted stock awards, in accordance with the Financial Accounting Standards Board Accounting Standards Codification Topic 718 (FASB ASC Topic 718). FASB ASC Topic 718 requires us to measure the compensation expense for all share-based payment awards made to our employees and members of our Board based on the grant date fair value of these awards. This calculation is performed for accounting purposes and reported in the executive compensation tables required by the federal securities laws, even though the recipient of the awards may never realize any value from their awards. While we consider the expense resulting from the application of FASB ASC Topic 718 when granting our stock-based compensation awards to ensure that it is reasonable, the amount of this expense is not the most important factor that the Compensation Committee considers when making equity-award decisions.

Compensation Risk Assessment

Our compensation program, which applies to all employees including named executive officers, is designed to provide competitive levels of reward that are responsive to company and individual performance but do not incentivize risk taking that is reasonably likely to have a material adverse effect on the Company. In reaching our conclusion that our compensation policies do not create risks that are reasonably likely to have a material adverse effect on us, we examined the various elements of our compensation programs and policies and our risk mitigation controls. In particular, numerous factors were considered, including:

Absence of significant short-term incentives that would reasonably be considered as motivating high-risk investments or other conduct that is not consistent with the long-term goals of the Company;

Provision of a mix of short-term and long-term compensation, which is discussed in the CD&A, above;

Type of equity awards granted to employees and level of equity and equity award holdings; and

Historical emphasis on long-term growth and profitability, over short-term gains.

Senior executives representing our legal and compliance, human resources, finance, and audit functions, as well as the Compensation Committee's independent compensation consultant, are involved in this review process, which is conducted under the oversight of the Compensation Committee.

Table of Contents**Executive Compensation Tables****Potential Payments Upon Termination or Change in Control****Employment Agreements**

During 2017, we were party to employment agreements with Messrs. Greenwell, Behrman, Diesch and Foster which provide, among other things, certain severance benefits in the event an executive officer's employment terminates under specific circumstances. We also were party to an employment and severance agreement with Mr. J. Golsen.

Severance Payments and Benefits under the Employment Agreements (other than for Mr. J. Golsen)

The employment agreements with our named executive officers (other than for Mr. J. Golsen) provide for potential severance payments upon the termination of a named executive officer's employment in certain situations, including in connection with a change in control, without cause by the Company or for good reason by the executive, due to nonrenewal by the Company and upon the death or permanent disability of the executive (as each term is defined in the named executive officers' employment agreement).

Termination for Cause, without Good Reason, or due to Executive's Nonrenewal. In the event of an executive's termination by the Company for cause or by the executive without good reason, the Company has no severance obligation to the executive other than payment of accrued obligations, which are (i) earned but unpaid base salary through the date of termination, (ii) any employee benefits to which the executive has a vested entitlement as of the date of termination, (iii) accrued but unused vacation, and (iv) approved but unreimbursed eligible business expenses.

Death or Permanent Disability. Under the terms of the employment agreements, in the event of an executive's death or termination on account of becoming permanently disabled, the agreements will terminate and the executive will be entitled to (i) the payment of accrued obligations, (ii) payment of a pro-rata portion of his annual bonus determined and paid in accordance with our regular bonus practices (other than for Mr. Diesch) and (iii) accelerated vesting of a pro-rata portion of all equity awards that are otherwise unvested as of the date of his termination of employment, which pro rata portion will be based on the time the executive was employed during the applicable vesting period.

Termination without Cause, for Good Reason or due to Company's Nonrenewal. If the executive is terminated by the Company without cause, by the

executive for good reason or by the Company's proper notice of nonrenewal of the employment agreement, the executive will be entitled to (i) payment of a pro rata portion of his annual bonus based on the actual achievement of the applicable performance criteria for the year in which the executive's employment terminates and paid in accordance with our regular bonus practices (other than for Mr. Diesch); (ii) payment of a lump sum cash payment equal to the product of one times (or two times in the case of Mr. Greenwell) the sum of his then-current base salary and target bonus (or in the case of Mr. Diesch, 12 months of his base salary only) payable on the first payroll date following the executive's execution and non-revocation of a general release of claims; (iii) continued participation in our medical, dental and hospitalization insurance coverage for himself and his qualified dependents on the same terms

in effect immediately prior to the termination for a period of 18 months with the employer portion of the continued coverage paid by us (other than for Mr. Diesch); and (iv) accelerated vesting of all equity awards otherwise unvested as of the date of his termination of employment.

Change in Control. If a named executive officer (other than Mr. J. Golsen) is employed by us at the time of a change in control and his employment is terminated without cause or by the executive for good reason within twenty-four months of the change in control (or for Mr. Diesch, during the period beginning six months before and ending twelve months following the change in control), the executive will be entitled to (i) payment of a pro rata portion of his annual bonus based on the actual achievement of the applicable performance criteria for the year in which the executive's employment terminates and paid in accordance with our regular bonus practices (other than for Mr. Diesch); (ii) payment of a lump sum cash payment equal to the product of two times (or three times in the case of Mr. Greenwell and one times in the case of Mr. Diesch) the sum of his then-current base salary and target bonus payable on the first payroll date following the executive's execution and non-revocation of a general release of claims; (iii) continued participation in our medical, dental and hospitalization insurance coverage for himself and his qualified dependents on the same terms in effect immediately prior to the termination for a period of 18 months with the employer portion of the continued coverage paid by us (other than for Mr. Diesch); and (iv) accelerated vesting of all equity awards otherwise unvested as of the date of his termination of employment.

Employment and Severance Agreements with Mr. J. Golsen

Employment Agreement

In 2017, we were party to an employment agreement with Mr. J. Golsen (originally entered into on March 21, 1996 and as subsequently amended on April 29, 2003, May 12, 2005 and December 17, 2008) to employ Mr. J. Golsen as Executive Chairman of the Board and Chairman of the Executive Committee (the "Golsen Agreement"). The Golsen Agreement expired on December 31, 2017.

On June 30, 2017, Mr. J. Golsen informed the Company of his election to retire as Executive Chairman effective December 31, 2017 and, therefore, we determined not to

extend the employment agreement with Mr. J. Golsen beyond its term expiring on December 31, 2017. Mr. J. Golsen remains a member of the Board and has the title of Chairman Emeritus.

In connection with Mr. J. Golsen's retirement, we entered into a transition agreement with Mr. J. Golsen on June 30, 2017 that commenced on January 1, 2018 and will end upon the earlier of his death or a change in control (as defined in the transition agreement). Under the terms of the transition agreement, in consideration for his services to the Company, including as Chairman Emeritus, we will pay Mr. J. Golsen a one-time payment equal to \$2.32 million upon the consummation of a change in control that occurs prior to his death.

Table of Contents**Executive Compensation Tables****Table of Severance Benefits**

The following table summarizes the dollar amounts of potential payments to each named executive officer upon a qualifying termination of employment or change in control pursuant to the terms of their employment and severance agreements, as applicable, assuming that the events described in the table occurred on December 29, 2017, when the closing price of the Company's common stock was \$8.76. The values below are our best estimates of the severance payments and benefits the executives would receive upon a

termination of employment or a change in control as of December 29, 2017 and we believe the amounts are calculated using reasonable assumptions. All amounts are before taxes, which would reduce amounts ultimately received by our named executive officers. The table is only intended to summarize various terms of the employment agreement and is qualified in its entirety by reference to the full text of the actual agreements, copies of which are on file with the SEC.

CEO Pay Ratio

Our CEO to median employee pay ratio is calculated pursuant to Item 402(u) of Regulation S-K. We identified the median employee by examining the income set out on form W-2 for all individuals, including our CEO, who were employed by the Company on December 31, 2017. We included all employees, whether employed on a full-time, part-time or seasonal basis, as of the end of the year. We believe the use of the W-2 income for all employees is a consistently applied compensation measure.

Mr. Greenwell's 2017 total annual compensation was \$3,843,267 as reflected in the Summary Compensation Table included in this Proxy Statement. Our median employee's total annual compensation for 2017 was \$76,125. As a

result, the ratio of Mr. Greenwell's total compensation to that of our median employee was 50.5 to 1.

Director Stock Ownership Guidelines

On April 26, 2017, the Board unanimously adopted the LSB Industries, Inc. Stock Ownership Guidelines. The Stock Ownership Guidelines require each non-employee director (other than Messrs. Jonathan Bobb and Mark Genender) to own shares of our common stock having an aggregate value of at least \$250,000 (2 times the

non-employee director retainer) by the later of (i) five years following the effective date of the guidelines (April 26, 2022) or (ii) the fifth anniversary of a director's election to the Board.

As of December 31, 2017, the director stock ownership is:

Director ⁽¹⁾	Value of Stock per Policy	Total Shares Held	Value of Total Shares ⁽²⁾	Within Policy at 12/31/2017
Barry Golsen	\$ 250,000.00	2,933,582 ⁽³⁾	\$ 25,698,178	10,279%
Richard Roedel	\$ 250,000.00	28,982	\$ 253,882	102%
Richard Sanders	\$ 250,000.00	23,132	\$ 202,636	81%
Lynn White	\$ 250,000.00	23,182	\$ 203,074	81%

(1) Not subject to Stock Ownership Guidelines: Jonathan Bobb and Mark Genender. Messrs. Roedel, Sanders and White are currently in compliance with the policy and have until April 2022 to meet the stock ownership guidelines.

(2) Calculated by multiplying total shares held by \$8.76, the closing price of our stock on the NYSE on December 29, 2017.

(3) See footnotes (2), (3), (4), (5) and (6) of the table under "Security Ownership of Certain 5% Owners" for a description of the amount and nature of the shares beneficially owned by Mr. B. Golsen.

(1) Directors who were also employees at the time of service, such as Mr. J. Golsen and Mr. Greenwell, receive no additional compensation for their services on our Board and are not included in this table. The 2017 compensation received by Mr. J. Golsen and Mr. Greenwell is shown in the Summary Compensation Table.

(2) Director fees for Messrs. Bobb and Genender are paid to LSB Funding and/or Eldridge Business Services LLC. Because the LTI Plan does not allow payment in shares to corporate entities, Messrs. Bobb and Genender receive an additional cash grant in the amount of \$62,500 in lieu of the grant of restricted stock units as determined by the Compensation Committee. Due to his significant stock holdings in the Company, the Board agreed to exempt Mr. B. Golsen from receiving a portion of his director fees in the form of restricted stock units and his director fees are paid entirely in cash.

(3) The amounts shown in this column represent the aggregate grant date fair value of the restricted stock units granted to our directors on June 3, 2017, computed in accordance with FASB ASC Topic 718, determined without regard to forfeitures, which was \$13.56 for the restricted stock units granted on June 3, 2017. This amount does not reflect the actual value that may be recognized by the directors. For more information regarding the assumptions made in the valuation of the awards reported in this column, see also Note 14, Stockholders' Equity, to

our audited financial statements included in our Annual Report on Form 10-K for the year ended December 31, 2017 filed with the SEC. All of the restricted stock units awarded to our non-employee directors in 2017 will vest on June 3, 2020. (5) Ms. Ogilvie resigned from the Board effective March 27, 2018.

(6) Mr. Reece resigned from the Board effective November 14, 2017.

Executive Compensation Tables

On October 30, 2017, the Company issued a press release announcing that Mr. Murdy resigned from the Board, effective as of October 26, 2017. Mr. Murdy's term was set to expire in 2020. In connection with Mr. Murdy's retirement from the Board, the Company and Mr. Murdy entered into a resignation and release agreement on October 26, 2017, pursuant to which, among other things, the Company paid or granted to Mr. Murdy (i) within 30 business days, a lump sum cash payment equal to \$51,250, (ii) a fully vested grant of shares of the Company's common stock with a grant date fair market value equal to \$31,250 (3,816 shares), and (iii) on January 15, 2018, a fully vested grant of the Company's common stock with a grant date fair market value equal to \$82,500 (8,453 shares), in each case, in exchange for Mr. Murdy's execution of a release of claims in favor of the Company and its affiliates.

On April 19, 2016 we amended and restated our director compensation policy (Director Policy) to include:

An annual cash fee equal to \$62,500;

An annual grant of restricted stock units with a grant date fair market value of approximately \$62,500, which will be settled upon the third anniversary of the grant date, except to the extent the Compensation Committee determines to pay an additional annual cash fee equal to \$62,500 in lieu of the grant of restricted stock units, as was the case in 2017 and will be the case in 2018 for Messrs. Bobb, Genender, and B. Golsen;

An additional annual cash fee equal to \$10,000 for members of the Audit Committee and an additional \$20,000 for the Chairman of the Audit Committee;

An additional annual cash fee equal to \$7,500 for members of the Compensation Committee and an additional \$15,000 for the Chairman of the Compensation Committee;

An additional annual cash fee equal to \$5,000 for members of the Nominating and Corporate Governance Committee and an additional \$10,000 for the Chairman of the Nominating and Corporate Governance Committee;

An additional annual cash fee equal to \$25,000 for the Board's Lead Director;

An additional annual cash fee equal to \$15,000 for each member of the Strategic Committee, including the Chairman of the Strategic Committee; and

An additional annual cash fee as determined by the Board for members of any other committee established by the Board.

Cash fees earned under the Director Policy are earned on a calendar-quarter basis and are paid in arrears not later than the 15th day following the end of each calendar quarter. Such cash fees are prorated to reflect the period of year during which the director was not a member of the Board. Additionally, under the Director Policy, restricted stock units are granted on the first business day following our annual meeting of stockholders each year. The number of restricted stock units will be determined by dividing \$62,500 by the closing price of our common stock on the first business day following our annual meeting of stockholders.

Securities Ownership

Security Ownership of 5% Owners

The following table sets forth the beneficial ownership of our common stock and preferred stock as of March 26, 2018, held by beneficial owners of 5% or more of each class of our common stock and voting preferred stock.

The amounts and percentage of units beneficially owned are reported on the basis of regulations of the SEC governing the determination of beneficial ownership of securities. Under the rules of the SEC, a person is deemed to be a beneficial owner of a security if that person has or shares voting power, which includes the power to vote or to direct the voting

of such security, or investment power, which includes the power to dispose of or to direct the disposition of such security. A person is also deemed to be a beneficial owner of any securities of which that person has a right to acquire beneficial ownership within 60 days of March 26, 2018. Under these rules, more than one person may be deemed a beneficial owner of the same securities and a person may be deemed a beneficial owner of securities as to which he has no economic interest. Except as indicated by footnote, the persons named in the table below have sole voting and investment power with respect to all stock shown as beneficially owned by them, subject to community property laws where applicable.
