INFORMATION ABOUT VOTING AND THE MEETING

This proxy statement and the accompanying form of proxy are being mailed on or about April 20, 2007 in connection with the solicitation by the Board of Directors (the "Board") of Greatbatch, Inc. (the "Company") of proxies to be voted at the Annual Meeting of Stockholders (the "Annual Meeting") to be held at 10:00 a.m. on May 22, 2007, at the Buffalo Niagara Marriott, 1340 Millersport Highway, Amherst, New York 14221, and any adjournments thereof.

The Company will bear the expense of preparing, printing and mailing this proxy statement and the proxies solicited hereby. Proxies are being solicited principally by mail, by telephone and through the Internet. The Company has retained Mellon Investor Services LLC, a proxy solicitation firm, to assist in the solicitation of proxies for the Annual Meeting, for a fee of \$7,500, plus out-of-pocket expenses.

You may change your vote and revoke your proxy at any time prior to exercise by filing an instrument with the Secretary of the Company revoking it, by submitting a duly executed proxy bearing a later date or by request in person at the Annual Meeting. If your proxy is not revoked, the shares represented by your proxy will be voted according to your directions. If your proxy card is signed and returned without specifying voting directions, the shares represented by that proxy will be voted according to the recommendation of the Board on each proposal.

Edgar Filing: GREATBATCH, INC. - Form DEF 14A

On April 5, 2007, the record date fixed by the Board for the Annual Meeting, the Company had outstanding 22,326,335 shares of common stock. Each outstanding share of common stock is entitled to one vote on all matters to be voted on by the stockholders at the Annual Meeting.

The presence, in person or by proxy, of a majority of the shares outstanding on the record date will constitute a quorum at the Annual Meeting. Abstentions, directions to withhold authority and broker non-votes (which occur when brokers or nominees notify the Company they have not received instructions from the beneficial owners or other persons entitled to vote shares as to a matter with respect to which brokers or nominees do not have discretionary power to vote) will be treated as present for purposes of determining a quorum.

Directors are elected by a plurality and the nine nominees who receive the most votes will be elected. Abstentions, directions to withhold authority and broker non-votes will be disregarded and will have no effect on the election of directors.

The affirmative vote of a majority of the shares cast is required to approve the Greatbatch, Inc. Executive Short-Term Incentive Compensation Plan. In determining whether the proposal has received the requisite number of affirmative votes, abstentions will be counted and will have the same effect as a negative vote. Broker non-votes will have no effect on the adoption of the Greatbatch, Inc. Executive Short-Term Incentive Compensation Plan.

The affirmative vote of a majority of the shares cast is required to approve the amendment to the Greatbatch, Inc. 2005 Stock Incentive Plan, provided that a majority of the outstanding shares are voted on the proposal. In determining whether the proposal has received the requisite number of affirmative votes, abstentions will be counted and will have the same effect as a negative vote. Broker non-votes will have no effect on the adoption of the amendment to the 2005 Stock Incentive Plan.

The ratification of the appointment of Deloitte & Touche LLP ("Deloitte & Touche") as the independent registered public accounting firm for Greatbatch, Inc. for fiscal year 2007 requires the affirmative vote of a majority of the votes cast. Abstentions and broker non-votes will not be treated as votes cast and will have no effect on the ratification of the appointment of Deloitte & Touche.

An individual who has a beneficial interest in shares allocated to the Company stock fund account under the Greatbatch, Inc. 401(k) Retirement Plan (the "401(k) Plan") is being sent a proxy statement and a proxy card to vote the common stock allocated to that account. An individual with a beneficial interest in the 401(k) Plan may give directions to the trustee of the 401(k) Plan as to how the allocated shares should be voted by returning the proxy card or using the telephone or Internet voting methods.

Proposal 2 - Adoption of the Greatbatch, Inc. Executive Short-Term Incentive Compensation Plan

The Company is seeking your approval of the Greatbatch, Inc. Executive Short-Term Incentive Compensation Plan (the "STIC Plan"). While an incentive compensation plan does not require stockholder approval, stockholder approval of the STIC Plan and the performance criteria set out in the STIC Plan would provide the Company the benefit of tax deductibility of amounts paid under the STIC Plan.

Under Internal Revenue Code ("IRC") ss.162(m), the Company may not deduct compensation of more than \$1 million that is paid to an individual who, on the last day of the taxable year, is either its chief executive officer or is among one of the four other most high-compensated officers for that taxable year. The limitation on deductions does not apply to certain types of compensation, including qualified performance-based compensation. Performance-based compensation is excluded from this \$1 million limitation if paid pursuant to a plan that has received stockholder approval.

The Company maintains other annual incentive compensation plans. However, the existing plans do not meet the requirements for qualified performance-based compensation under IRC ss.162(m). The Chief Executive Officer and other officers who are "covered employees" within the meaning of IRC ss.162(m) will participate in this STIC Plan for 2007 and there after.

Purpose - The primary purpose of the STIC Plan is to pay covered employees

Edgar Filing: GREATBATCH, INC. - Form DEF 14A

appropriate bonuses for their achievement of specified performance goals. Another purpose of the STIC Plan is also to obtain, for federal income tax purposes, the deductibility of bonus awards made under the STIC Plan. The STIC Plan rewards individuals whose decisions and actions affect the operation, growth, and profitability of the Company. Accordingly, the amounts payable under the STIC Plan are intended to constitute "qualified performance-based compensation" under IRC ss.162(m).

Performance-based compensation can be deductible if these four criteria are met:

- o the compensation is payable on the attainment of one or more pre-established objective performance criteria;
- o the performance criteria are established by a committee consisting solely of two or more outside directors;
- o the material terms of the compensation and performance criteria are disclosed to and approved by the stockholders prior to payment; and
- o the committee that establishes the performance criteria certifies that the performance criteria have been satisfied before payment.

We are requesting stockholder approval in order to meet the third requirement listed above.

Administration - The Compensation and Organization Committee (the "Compensation Committee") of the Board is responsible for administering the STIC Plan. Each member of the Compensation Committee is an "outside director" as defined for purposes of IRC ss.162(m).

Eligibility and Participation - The Chief Executive Officer and others who are officers for purposes of Section 16 of the Securities Exchange Act of 1934 are eligible to participate in the STIC Plan. Participants will be the Chief Executive Officer and other officers who the Compensation Committee determines are "covered employees" within the meaning of IRC ss.162(m) for the fiscal year.

Performance-Based Compensation Under IRC ss.162(m) - The objective performance goal(s) for each Participant will be set by the Compensation Committee within the first 90 days of each fiscal year. The performance goals will relate to one or more business criteria within the meaning of IRC ss.162(m), but limited to: earnings or diluted earnings per share, pro-forma earnings or diluted earnings per share, net earnings (either before or after interest, taxes, depreciation and amortization), economic value-added (as determined by the Compensation Committee), sales or revenue, net income (either before or after taxes), operating earnings or income, cash flow (including, but not limited to, operating cash flow and free cash flow), cash flow return on capital, return on investment, return on stockholders' equity, return on assets or net assets, return on capital, stockholder returns, return on sales, gross or net profit margin, productivity, expense, margins, operating efficiency, cost reduction or savings, customer satisfaction, working capital, price per share of the Company's Stock, and market share, any of which may be measured either in absolute terms or as compared to any incremental increase or as compared to results of a peer group. After the end of each fiscal year, the Compensation Committee will determine and certify in writing the amount of bonus to be awarded to each Participant in accordance with the limitations established by the STIC Plan.

The maximum bonus award that a covered employee may be paid under the STIC Plan for the fiscal year is set at 250% of base salary (determined as of the first day of the fiscal year or, if greater, as of the date the performance criteria are established). The Compensation Committee may determine it is appropriate to pay less than the maximum bonus award amount to a Participant, but not more.

Edgar Filing: GREATBATCH, INC. - Form DEF 14A

Subject to the maximum bonus award described above, actual award amounts will be based on Company and individual performance and competitive pay levels as determined by the Compensation Committee.

7

Payment of Bonus Awards - All bonus awards will be paid in cash. Participants will be permitted to defer payment of all or a portion of their bonus awards in accordance with the terms of any deferred compensation plan that we may adopt.

The above summary is qualified by reference to the full text of the STIC Plan set forth as Exhibit A.

THE ADOPTION OF THE GREATBATCH, INC.
EXECUTIVE SHORT-TERM INCENTIVE COMPENSATION PLAN.

Proposal 3 - Amendment to the Greatbatch, Inc. 2005 Stock Incentive Plan

The Board has determined to amend the Greatbatch, Inc. 2005 Stock Incentive Plan (the "2005 Plan"), which was approved by stockholders at the Company's 2005 Annual Meeting. The 2005 Plan provides a long-term incentive for employees and directors to contribute to the growth of the Company and attain specified performance goals. The purpose of amending the 2005 Plan is to increase the number of shares available for issuance from 1,000,000 shares to 2,450,000 shares. As of March 31, 2007, 90,171 shares were available for awards under the 2005 Plan. If the amendment to the 2005 Plan is approved, no new awards will be made under the Company's 1997 and 1998 Stock Option Plans, 2002 Restricted Stock Plan or the Non-Employee Director Stock Incentive Plan. As of March 31, 2007, 217,143 shares were available for future awards under the 1997 and 1998 Stock Option Plans, 2,885 shares under the Non-Employee Director Stock Incentive Plan and 89,381 shares under the 2002 Restricted Stock Plan. The following is a summary of the material features of the 2005 Plan, which is qualified by reference to the full text of the 2005 Plan, as amended, set forth as Exhibit B.

Purpose - Amending the 2005 Plan will allow the Company, under the direction of the Compensation Committee, to continue to award grants of stock options, restricted stock, restricted stock units, stock appreciation rights and stock bonuses, any of which may or may not require the satisfaction of performance objectives, to employees and to non-employee directors and service providers. The purpose of these stock awards is to attract and retain talented employees and the services of select non-employees, further align employee and stockholder interests and closely link employee compensation with Company performance. If approved, the amendment to the 2005 Plan will provide an essential component of the total compensation package offered to employees, reflecting the importance that the Company places on motivating superior results with long-term, performance-based incentives.

Key Terms - The following is a summary of the key provisions of the 2005 Plan, as amended:

Plan Term: February 21, 2005 to February 20, 2015.

Eligible Participants: Employees of the Company (including employees who are also directors and prospective employees conditioned on their becoming employees), non-employee consultants or service providers and non-employee directors of the Company as the Compensation Committee designates from

Edgar Filing: GREATBATCH, INC. - Form DEF 14A

time to time.

Shares Authorized: 2,450,000, subject to adjustment only to reflect stock splits and similar events (This represents an increase of 1,450,000 shares). Awards that are forfeited, expire, cancelled or lapse become available for future grants. Shares which are used to pay the exercise price of a stock option and shares withheld to satisfy tax withholding obligations will not be available for future grants.

Additional Shares
Authorized as a Percent
of Outstanding
Common Stock: 6.5%

Award Types:

- (1) Non-qualified and incentive stock options - the right to purchase a certain number of shares of stock, at a certain exercise price, in the future.
- (2) Restricted stock - share award conditioned upon continued employment, the passage of time or the achievement of performance objectives.
- (3) Restricted stock units - the right to receive the market price of a share of stock in stock or cash in the future.
- (4) Stock appreciation rights - the right to receive the net of the market price of a share of stock and the exercise price of the right, in stock, in the future.
- (5) Stock bonuses - a bonus payable in shares of stock.

Award Terms: Stock options and stock appreciation rights will have a term no longer than ten years. All awards made under the 2005 Plan may be subject to vesting and other contingencies as determined by the Compensation Committee and will be evidenced by agreements which set forth the terms and conditions of each award. The Compensation Committee, in its discretion, may accelerate or extend the period for the exercise or vesting of any awards.

8

Shares Authorized for
Stock Options or Stock
Appreciation Rights: Maximum of 2,450,000 shares issued as either non-qualified or incentive stock options or stock appreciation rights (This represents an increase of 1,450,000 shares).

Shares Authorized for
Restricted Stock or
Restricted Stock Units
or Stock Bonuses: Maximum of 850,000 shares issued as either restricted stock of restricted stock units (This represents an

Edgar Filing: GREATBATCH, INC. - Form DEF 14A

increase of 450,000 shares).

Vesting: Determined by the Compensation Committee, subject to exceptions in the event of a change of control. Upon the occurrence of an event constituting a change in control of the Company as defined in the 2005 Plan, all awards outstanding will become immediately vested.

Not Permitted:

- (1) Granting stock options or stock appreciation rights at a price below market price on the date of grant. As of April 5, 2007, the closing price per share of the Company's stock was \$25.70 per share.
- (2) Repricing of a stock option or stock appreciation right without stockholder approval.
- (3) Granting more than 150,000 shares of restricted stock or restricted stock units in any fiscal year.
- (4) Granting stock options or stock appreciation rights to any one employee during any fiscal year in excess of 100,000 shares.

Tax Consequences - Stock option grants under the 2005 Plan may be intended to qualify as incentive stock options under IRC ss.422 or may be non-qualified stock options governed by IRC ss.83. Generally, no federal income tax is payable by a participant upon the grant of a stock option and no deduction is taken by the Company. Under current tax laws, if a participant exercises a non-qualified stock option, he or she will have taxable income equal to the difference between the market price of the stock on the exercise date and the stock option grant price. The Company will be entitled to a corresponding deduction on its income tax return. A participant will have no taxable income upon exercising an incentive stock option if the shares received are held for the applicable holding periods (except that alternative minimum tax may apply), and the Company will receive no deduction when an incentive stock option is exercised. The treatment for a participant of a disposition of shares acquired through the exercise of an option depends on how long the shares were held and on whether the shares were acquired by exercising an incentive stock option or a non-qualified stock option. The Company may be entitled to a deduction in the case of a disposition of shares acquired under an incentive stock option before the applicable holding periods have been satisfied.

Restricted stock and restricted stock units are also governed by IRC ss.83. Generally, no taxes are due when the award is made, but the award becomes taxable when it is no longer subject to a "substantial risk of forfeiture" (i.e., becomes vested or transferable). Income tax is paid on the value of the stock or units at ordinary rates when the restrictions lapse, and then at capital gains rates when the shares are sold.

The grant of a stock appreciation right will not result in income for the participant or in a tax deduction for the Company. Upon the settlement of such a right, the participant will recognize ordinary income equal to the aggregate value of the payment received, and the Company generally will be entitled to a tax deduction in the same amount.

In general, participants will recognize ordinary income upon the receipt of shares or cash with respect to other awards granted under the 2005 Plan and the Company will become entitled to a deduction at such time equal to the amount of income recognized by the participant.

Edgar Filing: GREATBATCH, INC. - Form DEF 14A

Awards granted under the 2005 Plan may qualify as "performance-based compensation" under IRC ss.162(m) in order to preserve federal income tax deductions by the Company with respect to annual compensation required to be taken into account under ss.162(m) that is in excess of \$1 million and paid to one of the Company's most highly compensated executive officers. To qualify, options and other awards must be granted under the 2005 Plan by a committee consisting of two or more "outside directors" (as defined under ss.162(m)) and satisfy the 2005 Plan's limit on the total number of shares that may be awarded to any one participant during any calendar year. In addition, for awards other than options to qualify, the grant, issuance, vesting or retention of the award must be contingent upon satisfying one or more of the performance criteria, as established and certified by a committee consisting solely of two or more "outside directors."

The foregoing is only a summary of the effect of federal income taxation on the participant and the Company under the 2005 Plan. It does not purport to be complete and does not discuss the tax consequences arising in the context of a participant's death or the income tax laws of any municipality, state or foreign country in which the participant's income may be taxable.

Transferability - Awards granted under the 2005 Plan generally are not transferable except by will or the laws of descent and distribution.

9

Administration - The Compensation Committee, which is made up entirely of independent directors, will administer the 2005 Plan. The Compensation Committee will select the employees and non-employees who receive awards, determine the number of shares covered thereby, and, subject to the terms and limitations expressly set forth in the 2005 Plan, establish the terms, conditions and other provisions of the grants. The Compensation Committee may interpret the 2005 Plan and establish, amend and rescind any of its rules relating to the 2005 Plan.

Amendments - The Board may, at any time, suspend or terminate the 2005 Plan or revise or amend it in any respect whatsoever; provided, however, that stockholder approval shall be required if and to the extent required by Rule 16b-3 or by any comparable or successor exemption under which the Board believes it is appropriate for the 2005 Plan to qualify, or if and to the extent the Board determines that such approval is appropriate for purposes of satisfying IRC ss.162(m), ss.422 or ss.409A or any applicable rule or listing standard of any stock exchange, automated quotation system or similar organization. Nothing in the 2005 Plan restricts the Compensation Committee's ability to exercise its discretionary authority to administer the plan as provided in the 2005 Plan, which discretion may be exercised without amendment to the 2005 Plan. No action may, without the consent of a participant, reduce the participant's rights under any outstanding grant.

Plan Awards - On March 6, 2007, the Compensation Committee awarded 50,193 shares of restricted stock to executives of the Company, which included some of the Named Executive Officers. These awards had a value of \$1.3 million as of the grant date, and are subject to approval of this amendment to the 2005 Plan by the Company's stockholders. Restrictions on these shares will lapse 25% at the end of each year over four years. The following table sets forth the number and grant date value of the shares awarded to the Company's Named Executive Officers and other executives:

EXECUTIVE COMPENSATION Compensation Discussion and Analysis

Overview

Our executive compensation programs are designed to be consistent with our compensation philosophy. Our philosophy is to provide senior management with a compensation package that is both competitive and encourages those executives to act in the best interest of our stockholders. To achieve this, we design our

Edgar Filing: GREATBATCH, INC. - Form DEF 14A

compensation programs to provide fixed compensation at the competitive market median rate and variable compensation at above competitive market median rates if above competitive market median performance is achieved. By following this philosophy we believe we can attract and retain executives who have the appropriate skill set to carry out our strategic plans and attain both our short and long term financial goals.

11

Our compensation programs are designed by management in collaboration with our Compensation Committee and approved by our Board. Our performance-driven compensation programs consist of the following cash and non-cash components:

- o Base Salary
- o Annual Cash Incentives
- o Long-Term Equity Awards
- o Retirement and Change in Control Agreements
- o Other Personal Benefits

During 2006, we facilitated a change in senior management as a result of retirement notices received from Edward F. Voboril, former Chief Executive Officer, and Larry T. DeAngelo, former Senior Vice President of Administration & Secretary. We managed this change by following our previously adopted succession plan. Accordingly, Thomas J. Hook was appointed Chief Executive Officer in August 2006 and the responsibilities of Larry DeAngelo were assigned to various other senior managers. In order to help facilitate this management transition, we entered into employment agreements with both Edward Voboril and Larry DeAngelo, which extend through January 31, 2008. Prior to signing their current employment agreements, Edward Voboril and Larry DeAngelo were compensated based upon the overall compensation programs of the Company as described in this section. Edward Voboril's and Larry DeAngelo's compensation is now being paid in accordance with their employment agreements. See the "Employment Agreements" section for further discussion.

Other than as discussed within this section, we do not believe the compensation for our Named Executive Officers in 2007 will change materially from 2006.

Compensation Committee Practices and Procedures

Management, in collaboration with the Compensation Committee, is responsible for the design and administration of our compensation programs with appropriate approval and general oversight from the Board. This responsibility includes the determination of compensation levels and awards provided. The Compensation Committee historically has directly engaged Ernst & Young LLP, to assist with the development of these programs. Ernst & Young provides the Committee with relevant market and peer group data and alternatives to consider when making compensation decisions. For 2006, a representative of Ernst & Young was present in person or by telephone for five out of the six meetings held by the Compensation Committee.

The Compensation Committee is also responsible for recommending to the Board for approval the performance and merit adjustments for our President & Chief Executive Officer. For the remaining Named Executive Officers, our President & Chief Executive Officer makes recommendations regarding performance and merit adjustments to the Compensation Committee for approval. Grants of equity-based compensation are determined by management in collaboration with the Compensation Committee and approved by the Board in accordance with approved equity grant guidelines previously established by the Compensation Committee with market data assistance from Ernst & Young.

Edgar Filing: GREATBATCH, INC. - Form DEF 14A

During 2006, both Edward F. Voboril, Chairman of the Board and former Chief Executive Officer and Larry T. DeAngelo, former Senior Vice President of Administration & Secretary attended all Compensation Committee meetings as representatives of the employees and to provide counsel and assistance to the Compensation Committee as needed. Both Edward Voboril and Larry DeAngelo were excused from meetings when items pertaining to their individual compensation were discussed.

Competitive Market Review

As one factor in considering approval of elements of our compensation programs, the Compensation Committee compares our compensation programs and performance against an approved peer group of companies. The peer group, which is periodically reviewed and updated by the Compensation Committee, consists of eleven publicly traded companies that are similar in size and in similar industries as Greatbatch and with whom the Company may compete for executive talent. The companies comprising our compensation peer group, which was last changed in 2004, are:

Arrow International, Inc.	Ultralife Batteries, Inc.
CONMED Corporation	Viasys Healthcare, Inc.
Cyberonics, Inc.	Vital Signs, Inc.
Datascope Corporation	Wright Medical Group, Inc.
Haemonetics Corporation	ZOLL Medical Corporation
Thoratec Corporation	

12

For 2007, the following changes were made to our peer group:

Additions -----	Deletions -----
DJO, Inc.	Haemonetics Corporation
Ev3, Inc.	Ultralife Batteries, Inc.
Integra LifeSciences Holdings Corp.	
Merit Medical Systems, Inc.	
SonoSite, Inc.	
Symmetry Medical, Inc.	

These changes were made as we believe the six new companies (1) have relevant overlap with our key operating segments and products, (2) are similar in size, and (3) have key metrics that are consistent with our high growth strategy. The key metrics considered included revenue growth rate, EPS growth, average gross margins, enterprise value, EBITDA/enterprise value and revenue/enterprise value. We also believe the two companies removed no longer exhibit the above characteristics.

Our total cash and direct compensation targets are based upon a 2004 market study performed by Ernst & Young LLP utilizing compensation peer group data supplemented with public survey data. We then adjusted the 2004 study base salary amounts by approximately 3-4% each year which reflects our analysis of market merit increases. This study has been updated for 2007 taking into consideration the revised Peer Group.

The 2004 market study provided total cash and direct compensation data based upon our peer group and appropriate publicly available survey sources as follows:

Title	Publisher	Year
-------	-----------	------

Edgar Filing: GREATBATCH, INC. - Form DEF 14A

-----	-----	-----
Report on Executive Compensation	Mercer	2003
Information Technology Positions Survey Report	Mercer	2003
Financial, Accounting and Legal Personnel Compensation	Mercer	2003
Industry Report on Middle Management	Watson Wyatt	2003/2004
Industry Report on Top Management	Watson Wyatt	2003/2004
Industry Report on Information Technology Positions	Watson Wyatt	2003/2004
Executive Total Direct Compensation Survey	Mellon	2003
Total Salary Increase Budget Survey	World at Work	2003/2004

When setting performance goals for our annual cash incentive and long-term equity programs, the Compensation Committee, with input from management, considers the performance of our three largest customers supplemented by performance information for our peer group as well as relevant market indices. We believe the performance of our three largest customers should be considered since they account for nearly 67% of our sales. Additionally, we believe broader market indices are appropriate for consideration in establishing future performance metrics given that the peer group companies above do not have businesses that are perfectly comparable to ours. The Market indices considered include:

- o S&P 600 index, (Greatbatch is included in this index);
- o High and low revenue growth rates as published by Morgan Stanley, Lehman Brothers, Bank of America, Bear Sterns and Merrill Lynch;
- o Neuromodulation Forecast; and
- o Oil & Gas Market Growth (as a proxy for our Commercial Power Segment).

Base Salary

We want to provide senior management with a fixed level of cash compensation in the form of base salary that is consistent with their skill level, experience, knowledge, length of service with the Company and the level of responsibility and complexity of their position. The target salary for our senior management is based in part on the competitive market median of our compensation peer group, supplemented by published survey data (the "competitive market"). Actual base salaries may differ from the competitive market median target as a result of various factors including length of service, the level of responsibility and complexity of their position, individual performance, internal equity within our Company and the degree of difficulty in replacing the individual. The base salaries of senior management are reviewed by the Compensation Committee on an annual basis, as well as at the time of promotion or significant changes in responsibility. We expect the base salaries of our Named Executive Officers to increase in-line with any increases to the median competitive market rates.

13

Annual Cash Incentives

Overview - The payment of annual cash incentives is formula-based, with adjustments for achievement of individual performance goals, and is governed by our Short-Term Incentive Compensation Program ("STIC Program"). The objective of the STIC Program is to provide a level of cash compensation that is based upon the achievement of internal Company performance objectives which takes into consideration the competitive market median performance.

Employees at the manager level or above are eligible to participate in our

Edgar Filing: GREATBATCH, INC. - Form DEF 14A

STIC Program. For senior level managers, STIC Program awards are primarily based upon Company-wide performance goals. For all other levels, STIC Program awards are primarily based upon the achievement of specific individual operational goals, although Company-wide performance is also a factor. As a result, this component of compensation can be highly variable from year to year.

STIC Program awards are calculated based upon the following formulas:

$$\begin{aligned} \text{Total Available Award (TAA)} &= (\text{Base Salary} \times \text{Individual STIC \%}) \times \text{STIC Funding \%} \\ \text{Actual Award} &= ((\text{TAA} \times 75\%) \times \text{Individual Performance \%}) + (\text{TAA} \times 25\%) \end{aligned}$$

STIC Funding % - Overall funding of the STIC Program is based upon a Company-wide performance measure as recommended by the Compensation Committee and approved by the Board at the first meeting of every year. This measure is subject to adjustment based upon Compensation Committee approved unusual or extraordinary items that were not contemplated when the performance measure was set and may not be within the control of management. Funding of the STIC Program is calculated in accordance with the following scale:

Achievement of Performance Measure	Funding %
0% - 75%	0%
75%	50%
76% - 99%	50% - 100%
100%	100%
101% - 132%	100% - 200%
133%	200% (Maximum)

This funding model was generally designed to provide stockholders with a three-to-one payout ratio compared to management (i.e. for every four dollars earned above the target, one dollar is paid in additional incentive compensation to fund the STIC Program, up to the maximum threshold. Thus, three dollars are returned to the stockholders in the form of reinvestment in the business).

For 2006, the STIC Program funding performance measure was adjusted earnings per share ("Adjusted EPS") of \$1.05 per share. We selected Adjusted EPS because of its direct correlation with the interests of our stockholders. In establishing this measure, the Compensation Committee considered both the 2006 budget, as well as the three-year compound annual growth rate the 2006 measure would provide (15%) and how that growth rate compared to our competitive market. Achievement at the 100% target level was deemed to be a "realistic" goal for management and any amount greater than the target was believed to be a "stretch" goal. As a result of stronger than expected financial performance, for 2006 the STIC Program was funded at 190% of the target, based upon the Company achieving Adjusted EPS that was 131% of the target.

Individual STIC % - Individual cash incentives are calculated by multiplying the funding percentage by the individuals target payout. The individual target payout was determined by the Compensation Committee in order to provide total cash compensation (base salary + cash incentive) at the median of our competitive market and between the 65th and 75th percentile of our competitive market for above competitive market median performance.

The target payout as a percentage of base salary for our Named Executive Officers is as follows:

	2006	2007 (1)
o President & CEO	80%	80%

Edgar Filing: GREATBATCH, INC. - Form DEF 14A

o	CFO	70%	65%
o	Business Unit Leaders	65%	65%(2)
o	Former CEO	90%	85%(3)

- (1) During 2006, consistent with the decision made in late 2004, the Compensation Committee continued to reduce the annual cash incentive target payout percentages for senior level management and increase the level of equity based compensation. This was done to better align the mix between cash and equity based and between short-term and long-term compensation with our competitive market.

14

- (2) Includes a promotional increase in 2007.
- (3) Former executive is eligible to receive 2007 STIC Program award. See the discussion regarding the respective executive's employment agreement later in this section.

Actual annual cash incentive awards may differ from the target payout as a result of the achievement of individual business unit and functional goals (Individual Performance %), which impact 75% of the actual award and cannot exceed 100%. The remaining 25% of the award is determined by the achievement of the Company performance target (same as funding target). Senior level management's business unit and functional goals are primarily based on overall Company performance. The individual performance percentage for the President & Chief Executive Officer is determined by the Compensation Committee and approved by the Board. For the remaining Named Executive Officers, the individual performance percentage is determined by the President & Chief Executive Officer and approved by the Compensation Committee and the Board.

The STIC Program for our Named Executive Officers is included in this proxy statement for consideration by our stockholders in order to meet the requirements for an income tax deduction under IRC ss.162(m). Under IRC ss.162(m), a limitation is placed on the tax deductibility of compensation to certain executives of a publicly-held corporation that exceeds \$1,000,000 in any taxable year, unless the compensation meets certain requirements. Currently the STIC Program does not meet these requirements. Historically, our deductions for executive compensation were not limited by IRC ss.162(m), except in isolated circumstances.

Long-Term Equity Awards

Overview - In addition to cash incentives, we also compensate management with long-term equity awards. These awards are designed to align management's performance with the interest of our stockholders. Additionally, they are used as a recruiting and retention tool for key managers. We currently grant equity awards under various existing equity compensation plans, including the following: (1) The 1997 Stock Option Plan; (2) The 1998 Stock Option Plan; (3) The 1999 Non-Employee Director Stock Option Plan; (4) The 2002 Restricted Stock Plan; and (5) The 2005 Stock Incentive Plan. A proposal is included in this proxy statement to freeze all of the outstanding equity plans except the 2005 Stock Incentive Plan, and to increase the shares available for issuance under the 2005 Stock Incentive Plan.

The award of equity based compensation is both discretionary and formula-based as described in our Long-Term Incentive Award Program ("LTIP Program") and Supplemental Annual Long-Term Incentive Award Program ("SALT Program"). The objective of the LTIP and SALT Programs is to provide total direct compensation (total cash compensation + equity based compensation) at the median of our competitive market and up to the 75th percentile of our

Edgar Filing: GREATBATCH, INC. - Form DEF 14A

competitive market for above competitive market median performance.

In addition to LTIP and SALT Program awards, all managers and above are eligible for equity awards at the time of hire, upon promotion, for special recognition or significant changes in responsibility.

Our equity-based compensation plans and awards are designed and administered by management in collaboration with the Compensation Committee and subject to the approval of our Board. Historically, we have granted employees equity-based compensation in the form of non-qualified and incentive stock options and restricted stock. The LTIP and SALT Program awards are generally issued before April of every year once financial results from the prior year and performance targets for the current and future years are determined. Equity awards issued for recognition or newly hired or newly promoted employees are typically granted at the next scheduled Board meeting following the event date. The Board typically meets five times per year based on a schedule determined several months in advance. Accordingly, the proximity of any awards to earnings announcements or the release of material non-public information would be coincidental. All stock options are issued with strike prices that are equal to the value of our closing stock price on the grant date, which is the Board meeting date. As a result of this practice and an internal review performed in 2006, we have determined that there were no accounting issues with regards to the backdating of stock options or market timing.

Except as described in the "Employment Agreement" and "Executive Retirement Guidelines" sections, all unvested stock-based awards expire upon death, disability, termination by employee and termination by the Company, other than for cause. Upon termination for cause, all outstanding stock-based awards expire. Upon death, disability, termination by employee and termination by the Company, other than for cause, all vested stock-based awards expire at various times, up to one year, based upon the termination reason and the equity plan they were awarded from. In the event of a change in control, all unvested stock-based awards immediately vest. See further discussion regarding change of control in the "Change in Control Agreements" section.

We believe that compensation from our stock options granted under the 2005 Stock Incentive Plan are deductible and not limited by IRC ss.162(m). Our deductions for restricted stock grants may be limited in the future under ss.162(m).

15

LTIP Program - The objective of the LTIP Program is to provide a fixed level of equity-based compensation at the median of our competitive market and adjusted for individual performance. The 2006 LTIP Program awards were determined based upon the following formula:

Total Available Shares (TAS) = (Base Salary x Individual LTIP %) / Black Scholes Value

Actual Share Payout = TAS x Individual Performance %

Non-Qualified Stock Option Grant = Actual Share Payout x 2/3

Restricted Stock Grant = (Actual Share Payout x 1/3) / 2.5

Individual LTIP % - The target grant of LTIP Program equity awards as a percentage of base salary for our Named Executive Officers is as follows. The target number of shares is calculated using the Black Scholes value of our stock on the date of grant:

2006

2007

Edgar Filing: GREATBATCH, INC. - Form DEF 14A

	-----	-----
o President & CEO	125%	150%
o CFO	60%	70%
o Business Unit Leaders	50%	70% (1)
o Former CEO	150%	N/A
o Former SVP Administration & Secretary	75%	80%

(1) Includes a promotional increase in 2007.

N/A Former executive is not eligible for LTIP Program grants in accordance with his respective employment agreement, discussed later in this section.

The actual amount of awards granted may differ from the target percentage as a result of the consideration by the Compensation Committee of individual business unit and functional goals (Individual Performance %). The individual performance percentage that may be taken into account by the Compensation Committee is the same individual performance percentage used to calculate annual cash incentive awards under the STIC Program.

The 2006 LTIP Program awards were granted in the form of non-qualified stock options (2/3 payout target) and restricted stock (1/3 payout target) with the restricted stock being converted on a 2.5 to 1 ratio. This ratio was used as restricted stock was valued at approximately 2.5x the Black Scholes value of our stock options and was intended to reflect the difference in value between restricted stock and stock options. The mix between stock options and restricted stock was determined by management in collaboration with the Compensation Committee in their desire to balance between share ownership and potential future dilution to stockholders. The mix between stock options and restricted stock is reviewed annually by the Compensation Committee and was changed to 50/50 for 2007.

For 2006, the LTIP Program stock option awards vest 25% at the end of each year, including the year of grant. The LTIP Program restricted stock awards vest 50% at the end of the second year, including the year of grant and 25% at the end of the third and fourth year.

SALT Program - The objective of the SALT Program is to provide total direct compensation up to the 75th percentile of our competitive market if certain performance goals are met. This is consistent with our philosophy of providing above competitive market median compensation for above competitive market median performance. The use of SALT Program awards puts a larger percentage of our Named Executive Officers pay in equity and at risk, which we believe is appropriate and consistent with our compensation philosophy. SALT Program awards are determined based upon the following formula:

Actual Share Payout = (Base Salary x Individual LTIP %) / Black Scholes Value

Individual SALT % - The SALT Program equity awards expressed as a percentage of base salary for our Named Executive Officers is as follows:

	2006 -----	2007 -----
o President & CEO	100%	125%
o CFO	40%	50%
o Business Unit Leaders	40%	50% (1)

Edgar Filing: GREATBATCH, INC. - Form DEF 14A

N/A Former executives are no longer eligible for SALT Program grants in accordance with their respective employment agreement, discussed later in this section.

16

The target number of shares is calculated using the Black Scholes value of our stock on the date of grant. SALT Program awards are granted in the form of non-qualified stock options and are both time and performance based. Stock options vest either at 100% or 0% depending on whether or not the Company achieves certain three-year performance measures. If the performance measures are achieved, the awards are still subject to an additional one year service period. The form of the SALT Program awards is reviewed annually by the Compensation Committee. The 2006 SALT Program awards performance measures were as follows:

- o 2006 - 2008 cumulative revenue;
- o 2006 - 2008 cumulative operating income; and
- o 2006 - 2008 cumulative cash provided by operations.

These performance measures reflect our confidential strategic plan and we do not disclose the amount of these measures publicly for competitive reasons. These measures were chosen based upon the importance of these objectives in the achievement of our strategic plan, providing quality earnings and creating value for our stockholders. In setting these performance targets we also considered the performance of our peer group, market indices and customer base with the intent that these goals be set to represent stretch goals that would result in superior upper quartile performance relative to our customers and peers. Achievement of these targets is believed to be a "challenging" goal for our senior management. If all three performance goals are met, the SALT awards will fully vest at the end of 2009. These performance measures are subject to adjustment based upon unusual or extraordinary items that were not contemplated when the performance measures were set and may be out of the control of management. The Compensation Committee approves all adjustments.

Other Equity Based Compensation - In addition to the LTIP and SALT Programs, senior management may receive additional equity based compensation at the date of hire, upon promotion, for special recognition or upon a significant change in responsibility. These awards are used as a recruiting and retention tool. These grants are typically in the form of incentive stock options or restricted stock and are typically granted as a percentage of the respective employee's base salary. The amount of incentive stock options granted that become exercisable in any one year by an individual employee is subject to the \$100,000 limit imposed by IRC ss.422(d).

Share Ownership Guidelines - In order to better align the interests of our executives with the interests of our stockholders and to promote our commitment to sound corporate governance, in 2006 the Compensation Committee designed and the Board approved stock ownership guidelines for senior level management and non-employee directors. These guidelines require non-employee directors to own at least \$90,000 in shares of the Company. This multiple was chosen as it equated to 3x the directors annual retainer. The ownership requirement for our current Named Executive Officers is calculated as a percentage of base salary as follows:

	Multiple of Base Salary

o President & CEO	5.0x
o CFO	3.0x

Edgar Filing: GREATBATCH, INC. - Form DEF 14A

- o Business Unit Leaders 3.0x

The directors and executives are required to be in compliance with these guidelines within 5 years of becoming subject to the policy and "meaningful" progress must be made and is monitored throughout that time period.

The ownership guidelines also contain a holding period requirement for equity based awards. Non-employee directors are expected to hold all equity based awards, net of applicable taxes, until their tenure as a Board member has ended. Senior level managers are required to hold exercised stock options and vested restricted stock, net of applicable taxes, for one year following the exercise or vesting. For purposes of these guidelines, a 50% tax rate is assumed.

Retirement and Change in Control Agreements

Overview - We believe that it is in the best interest of our Company and stockholders to have the unbiased dedication of our executives, without the distraction of personal uncertainties such as retirement or a change in control. We have designed our senior management retirement and other post-employment benefit programs to reduce such distraction. We believe that our programs allow for a "smooth" transition in the event of retirement or a change in control without providing "windfall" benefits to management. We also believe that these benefits are competitive with those of other comparable companies.

The components of our retirement benefits program are as follows:

- o Executive Retirement Guidelines
- o 401(k) Plan
- o Change in Control Agreements

17

We do not offer our employees or senior management defined benefit pension, post-retirement or deferred compensation benefits. This decision was made as we believe that such plans are both undervalued by employees and more expensive to administer in comparison to the programs that we do offer. When designing our retirement and other post-employment benefit programs we consider IRC ss.409A and continue to evaluate our programs in light of the new guidance continuously being issued.

We currently do not have a formal severance plan for our employees. In the past we have provided post-employment severance benefits to our employees who are terminated in connection with a reduction-in-force or corporate reorganization. Generally these benefit amounts are based upon length of service and position level with the Company. Future severance payments are at the discretion of management.

Executive Retirement Guidelines - Higher-level senior managers who are at least 59 1/2 with a combination of age and length of service equal to at least 69 1/2 are eligible to receive certain benefits under our Executive Retirement Guidelines. These guidelines have been approved by our Board and allow for the following:

- a. accelerated vesting of all outstanding time-based stock incentive awards;
- b. discretionary vesting of all outstanding performance-based stock incentive awards; and
- c. a discretionary extension of the time eligible to exercise outstanding stock options.

Edgar Filing: GREATBATCH, INC. - Form DEF 14A

In exchange for these benefits, the executives are required to sign a two-year non-compete agreement. In order to be considered for these benefits, the executive must submit a voluntary retirement request form at least one year prior to their anticipated retirement date and facilitate the transition of their responsibilities to their chosen successor. All requests for retirement and benefits under our Executive Retirement Guidelines by Named Executive Officers are reviewed and approved by our Board.

401(k) Plan - Nearly all of our employees are eligible to participate in our defined contribution 401(k) plan. This plan provides for the deferral of employee compensation up to the maximum Internal Revenue Code limit and a discretionary Company match. In 2006, this match was \$0.35 per dollar of participant deferral, up to 6% of the base salary for each participant.

In addition to the discretionary contributions described above, employees are eligible to receive an additional discretionary contribution equal to 5% of their base salary to the 401(k) Plan. This discretionary contribution is made in the form of Company stock and is subject to certain Internal Revenue Service limits.

Each year we perform standard year-end coverage, nondiscrimination and compliance testing on our 401k Plan to ensure compliance with applicable Internal Revenue Service rules and regulations. In the event the plan does not meet the nondiscrimination requirements, a prorated portion of the contributions made by "Highly Compensated" employees will be returned to the respective employee in order to ensure compliance.

Participants immediately vest in their own contributions and earnings, as well as the matching and stock contributions made by the Company.

Change in Control Agreements - We have entered into change in control agreements with 14 of our senior level managers, including our Named Executive Officers. These agreements provide for continued employment with the same base salary, annual cash incentive and benefits for two years following a change of control. If the employee is terminated after the change of control, other than for death, disability, cause, or the executive terminates the agreement for good reason, then the executive will be entitled to certain benefits. The most significant components of those benefits are as follows:

- a. two times annual salary;
- b. two times average bonus for the three year period prior to the date of termination;
- c. two times the Company's 5% discretionary contributions to the Company's 401(k) Plan;
- d. \$25,000 for outplacement services;
- e. continued coverage under the Company's medical and other benefit plans for a period of two years; and
- f. all unvested stock-based awards immediately vest.

18

Based upon the hypothetical termination date of December 29, 2006, the change in control termination benefits for our Named Executive Officers would be as follows (in thousands):

(1) Computed based upon the assumption that equity awards are paid out in cash and does not consider the value that could be assigned to the non-compete agreements signed by Thomas J. Hook and Edward F. Voboril.

In exchange for the above, the terminated executive is required to sign a 36-month confidentiality agreement. In designing these agreements, we considered IRC ss.280G. IRC ss.280G denies a tax deduction for any and all excess parachute payments for corporations undergoing a change in control. In addition, the individual recipient of such payment must pay an extra 20% excise tax on the amount of the payment. IRC ss.280G provides a safe harbor from this excise tax if the present value of any parachute payments under a change in control does not exceed certain thresholds as defined in the code. Our change in control agreements provide that an executive is not entitled to a gross-up if the present value of payments does not exceed 110% of the safe harbor threshold. Instead the payments due to these executives would be reduced to the maximum that could be paid so that the value of the payment would not exceed the safe harbor threshold. To the extent the change in control parachute payment exceeds 110% of the safe harbor threshold, then the participant would be entitled to an excise tax gross-up payment, which is included in the amounts shown above.

Other Personal Benefits

In addition to the elements of compensation discussed above, we also provide senior level management with various other benefits as follows:

- o Education Assistance
- o Executive Financial Planning
- o Executive Physical
- o Car Allowance
- o Other Benefits

We provide these benefits in order to remain competitive with the market and believe that these benefits help us to attract and retain qualified executives. These benefits also reduce the amount of time and attention that senior management must spend on personal matters and allows them to dedicate more time to the Company. We believe that these benefits are in-line with the market, are reasonable in nature, are not excessive and are in the best interest of the Company and its stockholders.

Education Assistance Program - All employees and their dependents are eligible to participate in our Education Assistance Program. This program is provided to support our innovation and commitment to improving our abilities. We believe that education will support the development of our employees for new positions and enhance their contributions to the achievement of our strategic

Edgar Filing: GREATBATCH, INC. - Form DEF 14A

goals. This program was pioneered by our founder, Wilson Greatbatch, who believed as we do that "education is always worth more than it costs in time, money and effort."

Under our Education Assistance Program we reimburse tuition, textbooks and laboratory fees for all of our employees and their dependents. All fulltime employees are eligible for 100% reimbursement upon the successful completion of a job related degree program. The dependent children benefit vests on a straight-line basis over ten years. For employees hired after January 1, 2003, the maximum amount of dependent children reimbursable tuition is the cost of tuition at the recognized local State University which for 2006 was approximately \$5,000. For employees hired prior to January 1, 2003 and for the Named Executive Officers effective January 1, 2007, there is no maximum limit for dependent children reimbursement. Minimum academic achievement is required in order to receive reimbursement under all Education Assistance Programs.

19

Executive Financial Planning Program - Senior level managers are eligible for reimbursement of financial planning services. Reimbursement is approved for dollar amounts up to \$5,000 in the first year of the program and up to \$2,500 in all other years. Qualified expenses include income tax preparation, estate planning and investment planning, among others.

Executive Physical - We have partnered with regional hospitals to provide senior level managers with annual physicals. We cover 100% of the cost of this program. This program was developed to promote the physical well being and health of our senior level managers. We believe this program is in the best long-term interest of our stockholders.

Car Allowance - Certain senior level managers are eligible to receive an auto allowance. The 2006 and 2007 auto allowance for our Named Executive Officers follows:

	2006	2007
	----	----
o President & CEO	\$14,400	\$14,400
o CFO	14,400	14,400
o Business Unit Leaders	9,600	14,400
o Former CEO	14,400	14,400
o Former SVP Administration & Secretary	14,400	14,400

We believe this benefit is consistent with market practices.

Other Benefits - Senior management also participates in other benefit plans that we fully or partially subsidize. Their participation is on the same terms as other employees of the Company. Some of the more significant of these benefits include medical, dental, life, and vision insurance, as well as relocation reimbursement and vacation.

Employment Agreements

We currently have entered into employment agreements with the following executives of the Company:

Compensation Tables

Summary Compensation Table

The following table summarizes the total compensation paid or earned by each of the Named Executive Officers for the fiscal year ended December 29, 2006. We have entered into employment agreements with Thomas J. Hook, Edward F. Voboril and Larry T. DeAngelo - see the "Employment Agreements" section of the Compensation Discussion and Analysis for further discussion. The Named Executive Officers were not entitled to receive payments which would be characterized as "Bonus" payments for the fiscal year ended December 29, 2006.

Total cash compensation, which includes salary and non-equity incentive plan compensation, is based on individual performance as well as the overall performance of the Company as described in the "Base Salary" and "Annual Cash Incentives" sections of the Compensation Discussion and Analysis. Total cash compensation as a percentage of total compensation was as follows: Thomas J. Hook - 64.1%; Thomas J. Mazza - 74.7%; Mauricio Arellano - 76.4%; Susan M. Bratton - 71.5%; Susan H. Campbell - 76.2%; Edward F. Voboril - 31.8%; and Larry T. DeAngelo - 47.3%. Generally, the emphasis that is placed on stock-based compensation increases as the level of responsibility of the individual employee increases.

Grants of Plan-Based Awards

The following table summarizes the grants of plan-based awards to each of the Named Executive Officers for the fiscal year ended December 29, 2006. All stock-based awards in 2006 were granted under our 2005 Stock Incentive Plan. Under the 2005 Stock Incentive Plan all stock options expire 10 years from the date of grant and acceleration of vesting occurs upon a change in control. Acceleration of vesting does not automatically occur upon death, disability or retirement.

Prior to vesting, employees who receive a grant of restricted stock are eligible to participate in the rights or privileges of a stockholder of the Company in respect to those shares, including the right to receive dividends and vote. We did not pay any cash dividends in 2006 and currently intend to retain any earnings to further develop and grow our business.

CORPORATE GOVERNANCE AND BOARD MATTERS

The business of the Company is managed under the direction of the Board. In June 2003, the Board adopted Corporate Governance Guidelines for the Company. These Guidelines reflect the Company's commitment to good corporate governance. The full text of the Guidelines is posted in the Investor Resource Center section of the Company's website at www.greatbatch.com under "Governance."

The Board has also adopted a Code of Business Conduct and Ethics for all directors, executive officers and employees of the Company. The full text of the code is posted on the Investor Resource Center section of the Company's website. The Company intends to post on its website any amendment to or waiver from any provision in the Code of Business Conduct and Ethics that relates to any element of the standards enumerated in the rules of the Securities and Exchange Commission.

Board Independence

Except for Mr. Hook, the Company's President & Chief Executive Officer and Mr. Voboril, the Company's Chairman of the Board and former Chief Executive Officer, all of the Company's current directors are independent consistent with the standards set by the New York Stock Exchange Corporate Governance Listing Standards, as amended, and consistent with the Company's Corporate Governance Guidelines (the "Guidelines"). The Guidelines specify the criteria by which the independence of the Company's directors will be determined. The Guidelines provide that a director is independent if the director is neither a current or former employee or officer of the Company, the director does not receive any remuneration from the Company, either directly or indirectly, in any capacity other than as a director, and the director is not a partner or controlling stockholder or executive officer of any organization that has a business relationship with the Company. When making an independence determination, the Board endeavors to consider all relevant facts and circumstances.

In making determinations of independence, the Board also uses categorical standards set forth by the New York Stock Exchange to assist it in making

Edgar Filing: GREATBATCH, INC. - Form DEF 14A

independence determinations. Under these standards, absent other material relationships with the Company that the Board believes to jeopardize a director's independence from management, a director will be independent unless the director or any of his or her immediate family members had any of the following relationships with the Company: employment during any of the past three years (as an executive officer in the case of family members); the receipt of more than \$100,000 per year in direct compensation (other than director fees) during any of the past three years; affiliation or employment with a present or former internal or external auditor during any of the past three years; employment with another company where any executive officers of the Company serve on that company's compensation committee during any of the past three years; being an executive officer of a charitable organization to which the Company contributed the greater of \$1 million or 2% of such charitable organization's consolidated gross revenues in any single fiscal year during the preceding three years; or being an executive officer of a company that makes payments to, or receives payments from, the Company for property or services in a fiscal year in an amount in excess of the greater of \$1 million or two percent (2%) of such other company's consolidated gross revenues.

28

In accordance with the Guidelines, the Board undertook its annual review of director independence. During this review, the Board considered the materiality of any relationships with the Company from the director's perspective and the perspective of any persons or organizations with which the director is affiliated. Material relationships may include commercial, industrial, banking, consulting, legal, accounting, charitable or familial relationships and can also be indirect, such that serving as a partner or officer, or holding shares, of an organization that has a relationship with the Company that may cause the director not to be independent. As provided in the Guidelines, the purpose of this review was to determine whether any such relationships or transactions existed that were inconsistent with a determination that the director is independent. In connection with this review, the Board considered that the Company was an investor in and was in negotiations to acquire substantially all of the assets of BIOMECH, Inc. a researcher, developer and manufacturer of advanced medical devices for \$11.4 million and potential future consideration. The transaction was completed on April 3, 2007. Mr. Sanford is a less than 5% shareholder, director and non-executive vice chairman of BIOMECH, Inc. The Board determined that this relationship did not and would not impair Mr. Sanford's independence.

Pursuant to the Guidelines and following the review described above, the Board has affirmatively determined that no current director has a material relationship with the Company that is inconsistent with a determination of independence except Mr. Hook and Mr. Voboril. Therefore, the Board affirmatively determined that all the current directors, with the exception of Mr. Hook and Mr. Voboril, are independent.

Director Compensation

The Company uses a combination of cash and stock-based incentive compensation to attract and retain qualified candidates to serve on our Board. In setting director compensation, the Company considers the significant amount of time that directors expend in fulfilling their duties to the Company as well as the skill-level required for members of the Board. Directors who are also employees of the Company receive no additional remuneration for services as a director.

Cash Compensation - For 2006, each non-employee director received an annual retainer of \$30,000. At the election of the individual director, any portion of the annual retained may be received in shares of Greatbatch stock as computed by its closing market price on the last day of the year.

In addition to their annual retainer, directors receive cash payments as follows:

Lead Independent Director	\$ 20,000
Audit Committee Chair	\$ 20,000
Compensation & Organization Committee Chair	\$ 7,500
Corporate Governance & Nominating Committee Chair	\$ 5,000

Edgar Filing: GREATBATCH, INC. - Form DEF 14A

Science & Technology Committee Chair	\$ 5,000
Committee Meeting Fees	\$ 1,000 per meeting attended
	\$ 500 per telephonic meeting

Equity Compensation - Equity-based compensation awarded to non-employee directors is based upon the guidelines of the LTIP Program. For 2006, each non-employee director received \$60,000 of equity based compensation, which is equivalent to 2x their annual retainer. The amount of shares awarded is calculated using the Black-Scholes value of our stock on the date of grant. The shares awarded were comprised of 2/3 non-qualified stock options and 1/3 restricted stock with the restricted stock being converted on a 2.5 to 1 ratio. All awards vest immediately. For 2007, the mix between stock options and restricted stock was changed to 50/50 similar to the LTIP program.

The maximum award paid to a Participant in respect of a particular fiscal year shall in no event exceed an amount equal to 250% of a Participant's Base Salary. In the event of a change in the Company's fiscal year, the Plan shall apply, with appropriate pro-rata adjustments, to any fiscal period not consisting of twelve months.

(b) No bonuses shall be paid to a Participant unless and until the Committee makes a certification in writing with respect to the attainment of the performance goals as required by Section 162(m) of the Code. Although the Committee may in its sole discretion reduce a bonus payable to a Participant based on such objective and/or subjective factors as it may determine, the Committee shall have no discretion to increase the amount of a Participant's bonus as determined under the applicable objective terms and conditions established for such bonus amount.

(c) Following the Committee's determination and certification of the amount of any bonus payable, such amount will be paid in cash (subject to any election made by a Participant with respect to the deferral of all or a portion of his or her bonus or the payment of all or a portion of his or her bonus in some form other than cash). Payment of the bonus amount will be made as soon as feasible after the Committee's certification of the amount payable but not later than two and one-half months following the end of the fiscal year to which the bonus relates.

(d) In the event of the death of a Participant after the end of a fiscal year and prior to any payment otherwise required pursuant to Section 5.3, such payment shall be made to the representative of the Participant's estate.

(e) In the event of the death, disability, retirement or other termination of employment of a Participant during a fiscal year, the Committee shall, in its discretion, have the power to award to such Participant (or the representative of the Participant's estate) an equitably prorated portion of the bonus which otherwise would have been earned by such Participant based on actual achievement of the performance goal for the entire fiscal year.

(f) The right of a Participant or of any other person to any payment under the Plan shall not be assigned, transferred, pledged or encumbered in any manner and any attempted assignment, transfer, pledge or encumbrance shall be

Edgar Filing: GREATBATCH, INC. - Form DEF 14A

null and void and of no force or effect.

SECTION 6. AMENDMENT AND TERMINATION

The Board of Directors may at any time amend the Plan in any fashion or terminate or suspend the Plan; provided that no amendment shall be made which would cause bonuses payable under the Plan to fail to qualify for the exemption from the limitations of Section 162(m) of the Code provided in Section 162(m)(4)(C) of the Code. Upon any such termination, all rights of a Participant with respect to any fiscal year that has not ended on or prior to the effective date of such termination shall become null and void. Any amendments to the Plan shall require shareholder approval only to the extent required by Section 162(m) of the Code.

A-2

SECTION 7. SHAREHOLDER APPROVAL

No bonuses shall be paid under the Plan unless and until the Company's shareholders shall have approved the Plan and the performance goals as required by Section 162(m) of the Code. If the Plan is amended in any way that changes the material terms of the Plan's performance goals, including by materially modifying the performance goals, increasing the maximum bonus payable under the Plan or changing the Plan's eligibility requirements, the Plan shall be resubmitted to the Company's shareholders for approval as required by Section 162(m) of the Code.

SECTION 8. MISCELLANEOUS

(a) The Plan shall be governed by and construed in accordance with the internal laws of the State of New York applicable to contracts made, and to be wholly performed, within such State, without regard to principles of choice of laws.

(b) All amounts required to be paid under the Plan shall be subject to any required Federal, state, local and other applicable withholdings or deductions.

(c) Nothing contained in the Plan shall confer upon any Participant or any other person any right with respect to the continuation of employment by the Company or interfere in any way with the right of the Company at any time to terminate such employment or to increase or decrease the compensation payable to the Participant from the rate in effect at the commencement of a fiscal year or to otherwise modify the terms of such Participant's employment. No person shall have any claim or right to participate in or receive any award under the Plan for any particular fiscal year.

Shares which are used to pay the exercise price of an Option and shares withheld to satisfy tax withholding obligations will not be available for further grants of Incentive Awards pursuant to the Plan. To the extent permitted by applicable law or any exchange rule, shares of Company Stock issued in assumption of, or in substitution for, any outstanding awards of any entity acquired in any form of combination by the Company or any Subsidiary shall not be counted against shares of Company Stock available for grant pursuant to this Plan. Dividend Equivalents payable in cash shall not be counted against the shares available for issuance under the Plan.

(g) No Repricing

The Committee shall determine whether an authorized leave of absence or absence due to military or government service shall constitute termination of employment. Decisions of the Committee shall be final and binding on all parties. Determinations made by the Committee under the Plan need not be uniform but may be made on a Participant-by-Participant basis. Notwithstanding anything to the contrary contained herein, the Board of Directors may, in its sole discretion, at any time and from time to time, resolve to administer the Plan, in which case the term "Committee" as used herein shall be deemed to mean the Board of Directors.

The Committee may, in its absolute discretion, without amendment to the Plan, (i) accelerate the date on which any Option or SAR granted under the Plan becomes exercisable, (ii) waive or amend the operation of Plan provisions respecting exercise after termination of service or otherwise adjust any of the terms of such Option or SAR and (iii) accelerate the Vesting Date or Issue Date, or waive any condition imposed hereunder, with respect to any share of Restricted Stock or Restricted Stock Unit or otherwise adjust any of the terms applicable to such share.

No member of the Committee shall be liable for any action, omission or determination relating to the Plan, and the Company shall indemnify and hold harmless each member of the Committee and each other director or employee of the Company to whom any duty or power relating to the administration or interpretation of the Plan has been delegated against any cost or expense (including counsel fees) or liability (including any sum paid in settlement of a claim with the approval of the Committee) arising out of any action, omission or determination relating to the Plan, unless, in either case, such action, omission or determination was taken or made by such member, director or employee in bad faith and without reasonable belief that it was in the best interests of the Company.

Each Incentive Award granted under the Plan (except an unconditional Stock Bonus) shall be evidenced by an Award Agreement which shall contain such provisions as the Committee may in its sole discretion deem necessary or desirable. By accepting an Incentive Award, a Participant thereby agrees that the Incentive Award shall be subject to all of the terms and provisions of the Plan and the applicable Award Agreement.

7 OPTIONS

(a) Identification of Options

Each Option shall be clearly identified in the applicable Award Agreement as either an Incentive Stock Option or a Non-Qualified Stock Option. In the absence of such identification, an Option will be deemed to be a Non-Qualified Stock Option.

(b) Exercise Price

Each Award Agreement with respect to an Option shall set forth the amount (the "exercise price") payable by the holder to the Company upon exercise of the Option. The exercise price per share shall be determined by the Committee but shall in no event be less than the Fair Market Value of a share of Company Stock on the date the Option is granted.

(c) Term and Exercise of Options

(1) The applicable Award Agreement will provide the date or dates on which an Option shall become exercisable. The Committee shall determine the expiration date of each Option; provided, however, that no Incentive Stock Option shall be exercisable more than ten years after the date of grant. Unless the applicable Award Agreement provides otherwise, no Option shall be exercisable prior to the first anniversary of the date of grant.

(2) An Option may be exercised for all or any portion of the shares as to which it is exercisable; provided, that no partial exercise of an Option shall be for an aggregate exercise price of less than \$1,000. The partial exercise of an Option shall not cause the expiration, termination or cancellation of the remaining portion thereof.

(3) Unless the Committee determines otherwise, an Option shall be exercised by delivering notice to the Company's principal office, to the attention of its Secretary (or the Secretary's designee), no less than one nor more than ten business days in advance of the effective date of the proposed exercise. Such notice shall specify the number of shares of Company Stock with respect to which the Option is being exercised and the effective date of the proposed exercise and shall be signed by the Participant or other person then having the right to exercise the Option. Payment for shares of Company Stock purchased upon the exercise of an Option shall be made on the effective date of such exercise by one or a combination of the following means: (i) in cash, by certified check, bank cashier's check or wire transfer; (ii) subject to the approval of the Committee, in shares of Company Stock owned by the Participant for at least six months prior to the date of exercise and valued at their Fair Market Value on the effective date of such exercise; or (iii) by means of a

Edgar Filing: GREATBATCH, INC. - Form DEF 14A

Any payment in shares of Company Stock shall be effected by the delivery of such shares to the Secretary (or the Secretary's designee) of the Company, duly endorsed in blank or accompanied by stock powers duly executed in blank, together with any other documents and evidences as the Secretary (or the Secretary's designee) of the Company shall require.

(4) Certificates for shares of Company Stock purchased upon the exercise of an Option shall be issued in the name of the Participant or other person entitled to receive such shares, and delivered to the Participant or such other person as soon as practicable following the effective date on which the Option is exercised.

(d) Limitations on Incentive Stock Options

(1) Incentive Stock Options may be granted only to employees of the Company or any "subsidiary corporation" thereof (within the meaning of Section 424(f) of the Code and the applicable regulations thereunder).

(2) To the extent that the aggregate Fair Market Value of shares of Company Stock with respect to which Incentive Stock Options are exercisable for the first time by a Participant during any calendar year under the Plan and any other stock option plan of the Company (or any "subsidiary corporation" of the Company within the meaning of Section 424 of the Code) shall exceed \$100,000, or such higher value as may be permitted under Section 422 of the Code, such Options shall be treated as Non-Qualified Stock Options. Such Fair Market Value shall be determined as of the date on which each such Incentive Stock Option is granted.

(3) No Incentive Stock Option may be granted to an individual if, at the time of the proposed grant, such individual owns stock possessing more than 10% of the total combined voting power of all classes of stock of the Company (or any "subsidiary corporation" of the Company within the meaning of Section 424 of the Code), unless (i) the exercise price of such Incentive Stock Option is at least 110% of the Fair Market Value of a share of Company Stock at the time such Incentive Stock Option is granted and (ii) such Incentive Stock Option is not exercisable after the expiration of five years from the date such Incentive Stock Option is granted.

(e) Effect of Termination of Employment

(1) Unless the applicable Award Agreement provides or the Committee shall determine otherwise, in the event that the employment of a Participant with the Company shall terminate for any reason other than Cause, Disability or death : (i) Options granted to such Participant, to the extent that they were exercisable at the time of such termination, shall remain exercisable until the date that is three months after such termination, on which date they shall expire; and (ii) Options granted to such Participant, to the extent that they were not exercisable at the time of such termination, shall expire at the close of business on the date of such termination. The three-month period described in this Section 7(e)(1) shall be extended to one year in the event of the Participant's death during such three-month period. Notwithstanding the foregoing, no Option shall be exercisable after the expiration of its term.

(2) Unless the applicable Award Agreement provides or the Committee shall determine otherwise, in the event that the employment of a Participant with the Company shall terminate on account of the Disability or death of the

Edgar Filing: GREATBATCH, INC. - Form DEF 14A

Participant: (i) Options granted to such Participant, to the extent that they were exercisable at the time of such termination, shall remain exercisable until the first anniversary of such termination, on which date they shall expire; and (ii) Options granted to such Participant, to the extent that they were not exercisable at the time of such termination, shall expire at the close of business on the date of such termination. Notwithstanding the foregoing, no Option shall be exercisable after the expiration of its term.

(3) In the event of the termination of a Participant's employment for Cause, all outstanding Options granted to such Participant shall expire at the commencement of business on the date of such termination.

(f) Acceleration of Exercise Date Upon Change in Control

Unless the Award Agreement provides or the Committee determines otherwise, upon the occurrence of a Change in Control, each Option granted under the Plan and outstanding at such time shall become fully and immediately exercisable and shall remain exercisable until its expiration, termination or cancellation pursuant to the terms of the Plan. In addition, in the event of a potential Change in Control, the Committee may in its discretion, cancel any outstanding Options and pay to the holders thereof, in cash or stock, or any combination thereof, the value of such Options based upon the price per share of Company Stock to be received by other shareholders of the Company in the Change in Control less the exercise price of each Option.

(g) Except as otherwise provided in an applicable Award Agreement, during the lifetime of a Participant each Option granted to a Participant shall be exercisable only by the Participant and no Option shall be assignable or transferable otherwise than by will or by the laws of descent and distribution. The Committee may in its sole discretion on a case by case basis, in any applicable agreement evidencing an Option (other than, to the extent inconsistent with the requirements of Section 422 of the Code applicable to Incentive Stock Options), permit a Participant to transfer all or some of the Options to (i) the Participant's Immediate Family Members, or (ii) a trust or trusts for the exclusive benefit of such Immediate Family Members. Following any such transfer, any transferred Options shall continue to be subject to the same terms and conditions as were applicable immediately prior to the transfer. "Immediate Family Members" shall mean a Participant's spouse, child(ren) and grandchild(ren). Notwithstanding the foregoing, Non-Qualified Stock Options may be transferred to a Participant's former spouse pursuant to a property settlement made part of an agreement or court order incident to the divorce.

(b) Benefit Upon Exercise

The exercise of SARs with respect to any number of shares of Company Stock shall entitle the Participant to receive unrestricted, fully transferable shares of Company Stock, payable within 2 1/2 months of the date on which the SARs are exercised, equal in value to the number of SARs exercised multiplied by (i) the Fair Market Value of a share of Company Stock on the exercise date over (ii) the exercise price of the SAR. Fractional share amounts shall be settled in cash.

Edgar Filing: GREATBATCH, INC. - Form DEF 14A

(1) The applicable Award Agreement will provide the dates or dates on which a SAR shall become exercisable. The Committee shall determine the expiration date of each SAR. Unless the applicable Award Agreement provides otherwise, no SAR shall be exercisable prior to the first anniversary of the date of grant.

(2) A SAR may be exercised for all or any portion of the shares as to which it is exercisable; provided, that no partial exercise of a SAR shall be for an aggregate exercise price of less than \$1,000. The partial exercise of a SAR shall not cause the expiration, termination or cancellation of the remaining portion thereof.

(3) Unless the Committee determines otherwise, a SAR shall be exercised by delivering notice to the Company's principal office, to the attention of its Secretary (or the Secretary's designee), no less than one nor more than ten business days in advance of the effective date of the proposed exercise. Such notice shall specify the number of shares of Company Stock with respect to which the SAR is being exercised, and the effective date of the proposed exercise, and shall be signed by the Participant.

(d) Effect of Termination of Employment

The provisions set forth in Section 7(e) with respect to the exercise of Options following termination of employment shall apply as well to such exercise of SARs.

(e) Acceleration of Exercise Date Upon Change in Control

In addition, in the event of a potential Change in Control, the Committee may in its discretion, cancel any outstanding SARs and pay to the holders thereof, in stock, the value of such SARs based upon the price per share of Company Stock to be received by other shareholders of the Company in the Change in Control less the exercise price of each SAR.

If the grantee is employed by the Company on an Issue Date (which may be the date of grant), the specified number of shares of Restricted Stock shall be issued in accordance with the provisions of Section 9(e). Provided that all conditions to the vesting of a share of Restricted Stock imposed pursuant to Section 9(b) are satisfied, and except as provided in Section 9(g), upon the occurrence of the Vesting Date with respect to a share of Restricted Stock, such share shall vest and the restrictions of Section 9(c) shall cease to apply to such share.

limitation, the Committee may require, as a condition to the vesting of any class or classes of shares of Restricted Stock, that the Participant or the Company achieves such performance goals as the Committee may specify under Section 12.

B-8

(c) Restrictions on Transfer Prior to Vesting

Prior to the vesting of a share of Restricted Stock, no transfer of a Participant's rights with respect to such share, whether voluntary or involuntary, by operation of law or otherwise, shall be permitted. (e) Issuance of Certificates

(1) Reasonably promptly after the Issue Date with respect to shares of Restricted Stock, the Company shall cause to be issued a stock certificate, registered in the name of the Participant to whom such shares were granted, evidencing such shares; provided, that the Company shall not cause such a stock certificate to be issued unless it has received a stock power duly endorsed in blank with respect to such shares. Each such stock certificate shall bear any such legend as the Company may determine.

Such legend shall not be removed until such shares vest pursuant to the terms hereof.

(2) Each certificate issued pursuant to this Section 9(e), together with the stock powers relating to the shares of Restricted Stock evidenced by such certificate, shall be held by the Company in such manner as the Company may determine unless the Committee determines otherwise.

(f) Consequences of Vesting

Upon the vesting of a share of Restricted Stock pursuant to the terms of the Plan and the applicable Award Agreement, the restrictions of Section 9(c) shall cease to apply to such share. Reasonably promptly after a share of Restricted Stock vests, the Company shall cause to be delivered to the Participant to whom such shares were granted, a certificate evidencing such share, free of the legend set forth in Section 9(e). Notwithstanding the foregoing, such share still may be subject to restrictions on transfer as a result of applicable securities laws or pursuant to Section 15.

(g) Effect of Termination of Employment

(1) Unless the applicable Award Agreement or the Committee determines otherwise, in the event of the termination of a Participant's service to the Company for any reason other than Cause, all shares of Restricted Stock granted to such Participant which have not vested as of the date of such termination shall immediately be forfeited and returned to the Company. The Company also shall have the right to require the return of all dividends paid on such shares, whether by termination of any escrow arrangement under which such dividends are held or otherwise.

Edgar Filing: GREATBATCH, INC. - Form DEF 14A

At the time of the grant of Restricted Stock Units, the Committee shall establish a Vesting Date or Vesting Dates with respect to such shares. The Committee may divide such shares into classes and assign a different Vesting Date for each class. Provided that all conditions to the vesting of a Restricted Stock Unit imposed pursuant to Section 10(c) are satisfied, and except as provided in Section 10(d), upon the occurrence of the Vesting Date with respect to a Restricted Stock Unit, such Restricted Stock Unit shall vest and shares of Stock will be delivered pursuant to Section 10(c).

Notwithstanding the foregoing, shares of Company Stock issued may be subject to restrictions on transfer as a result of applicable securities laws or pursuant to Section 15.

(d) Conditions to Vesting

At the time of the grant of Restricted Stock Units, the Committee may

Edgar Filing: GREATBATCH, INC. - Form DEF 14A

impose such restrictions or conditions to the vesting of such Restricted Stock Units as it, in its absolute discretion, deems appropriate. By way of example and not by way of limitation, the Committee may require, as a condition to the vesting of any class or classes of Restricted Stock Units, that the Participant or the Company achieves such performance goals as the Committee may specify under Section 12.

(e) Effect of Termination of Employment

(1) Unless the applicable Award Agreement or the Committee determines otherwise, Restricted Stock Units that have not vested, together with any dividends credited on such Restricted Stock Units, shall be forfeited upon the Participant's termination of employment for any reason other than Cause.

(2) In the event of the termination of a Participant's employment for Cause, all Restricted Stock Units granted to such Participant which have not vested as of the date of such termination shall immediately be forfeited, together with any dividends credited on such shares.

(f) Effect of Change in Control

Unless the Award Agreement provides or the Committee determines otherwise, upon the occurrence of a Change in Control all outstanding Restricted Stock Units which have not theretofore vested shall immediately vest. In addition, in the event of a potential Change in Control, the Committee may in its discretion, cancel any outstanding Restricted Stock Units and pay to the holders thereof, in cash or stock, or any combination thereof, the value of such Restricted Stock Units based upon the price per share of Company Stock to be received by other shareholders of the Company in the Change in Control.

11 STOCK BONUSES

In the event that the Committee grants a Stock Bonus, a certificate for the shares of Company Stock comprising such Stock Bonus shall be issued in the name of the Participant to whom such grant was made and delivered to such Participant as soon as practicable after the date on which such Stock Bonus is payable.

12 PERFORMANCE-BASED AWARDS

(a) Purpose.

The purpose of this Section 12 is to provide the Committee the ability to qualify Incentive Awards other than Options and SARs that are granted pursuant to Sections 9 and 10 as Qualified Performance-Based Compensation. If the Committee, in its discretion, decides to grant a Performance-Based Award to a Covered Employee, the provisions of this Section 12 shall control over any contrary provision contained in Sections 9 and 10; provided, however, that the Committee may in its discretion grant Incentive Awards to Covered Employees and to other Participants that are based on Performance Criteria or Performance Goals but that do not satisfy the requirements of this Section 12.

(b) Applicability.

This Section 12 shall apply only to those Covered Employees selected by the Committee to receive Performance-Based Awards. The designation of a Covered Employee as a Participant for a Performance Period shall not in any manner entitle the Participant to receive an Incentive Award for the period. Moreover,

Edgar Filing: GREATBATCH, INC. - Form DEF 14A

designation of a Covered Employee as a Participant for a particular Performance Period shall not require designation of such Covered Employee as a Participant in any subsequent Performance Period and designation of one Covered Employee as a Participant shall not require designation of any other Covered Employees as a Participant in such period or in any other period.

(c) Procedures with Respect to Performance-Based Awards.

To the extent necessary to comply with the Qualified Performance-Based Compensation requirements of Section 162(m)(4)(C) of the Code, with respect to any Incentive Award granted under Sections 9 and 10 which may be granted to one or more Covered Employees, no later than ninety (90) days following the commencement of any fiscal year in question or any other designated fiscal period or period of service (or such other time as may be required or permitted by Section 162(m) of the Code), the Committee shall, in writing, (a) designate one or more Covered Employees, (b) select the Performance Criteria applicable to the Performance Period, (c) establish the Performance Goals, and amounts of such Awards, as applicable, which may be earned for such Performance Period, and (d) specify the relationship between Performance Criteria and the Performance Goals and the amounts of such Awards, as applicable, to be earned by each Covered Employee for such Performance Period. Following the completion of each Performance Period, the Committee shall certify in writing whether the applicable Performance Goals have been achieved for such Performance Period. In determining the amount earned by a Covered Employee, the Committee shall have the right to reduce or eliminate (but not to increase) the amount payable at a given level of performance to take into account additional factors that the Committee may deem relevant to the assessment of individual or corporate performance for the Performance Period.

(d) Payment of Performance-Based Awards.

Unless otherwise provided in the applicable Award Agreement, a Participant must be employed by the Company or a Subsidiary on the day a Performance-Based Award for such Performance Period is paid to the Participant. Furthermore, a Participant shall be eligible to receive payment pursuant to a Performance-Based Award for a Performance Period only if, and to the extent, the Performance Goals for such period are achieved.

(e) Additional Limitations.

Notwithstanding any other provision of the Plan, any Incentive Award which is granted to a Covered Employee and is intended to constitute Qualified Performance-Based Compensation shall be subject to any additional limitations set forth in Section 162(m) of the Code (including any amendment to Section 162(m) of the Code) or any regulations or rulings issued thereunder that are requirements for qualification as qualified performance-based compensation as described in Section 162(m)(4)(C) of the Code, and the Plan shall be deemed amended to the extent necessary to conform to such requirements.

B-11

13 RIGHTS AS A STOCKHOLDER

No person shall have any rights as a stockholder with respect to any shares of Company Stock covered by or relating to any Incentive Award until the date of issuance of a stock certificate with respect to such shares.

Except as otherwise expressly provided in Section 3(d), no adjustment to any Incentive Award shall be made for dividends or other rights for which the record date occurs prior to the date such stock certificate is issued.

Edgar Filing: GREATBATCH, INC. - Form DEF 14A

14 DEFERRAL OF AWARDS

The Committee may permit or require the deferral of payment or settlement of any Restricted Stock Unit or Stock Bonus subject to such rules and procedures as it may establish. Payment or settlement of Options or SARs may not be deferred unless such deferral would not cause the provisions of Section 409A of the Code to be violated.

15 RESTRICTION ON TRANSFER OF SHARES

The Committee may impose, either in the Award Agreement or at the time shares of Company Stock are issued in settlement of an Incentive Award, restrictions on the ability of the Participant to sell or transfer such shares of Company Stock.

16 NO SPECIAL EMPLOYMENT RIGHTS; NO RIGHT TO INCENTIVE AWARD

Nothing contained in the Plan or any Award Agreement shall confer upon any Participant any right with respect to the continuation of employment by the Company or interfere in any way with the right of the Company, subject to the terms of any separate employment agreement to the contrary, at any time to terminate such employment or to increase or decrease the compensation of the Participant.

No person shall have any claim or right to receive an Incentive Award hereunder. The Committee's granting of an Incentive Award to a Participant at any time shall neither require the Committee to grant any other Incentive Award to such Participant or other person at any time nor preclude the Committee from making subsequent grants to such Participant or any other person.

17 SECURITIES MATTERS

(a) The Company shall be under no obligation to effect the registration pursuant to the Securities Act of 1933 of any interests in the Plan or any shares of Company Stock to be issued hereunder or to effect similar compliance under any state laws. Notwithstanding anything herein to the contrary, the Company shall not be obligated to cause to be issued or delivered any certificates evidencing shares of Company Stock pursuant to the Plan unless and until the Company is advised by its counsel that the issuance and delivery of such certificates is in compliance with all applicable laws, regulations of governmental authority and the requirements of the New York Stock Exchange or any other securities exchange or automated quotation system on which shares of Company Stock are listed. Certificates evidencing shares of Company Stock issued pursuant to the terms hereof, may bear such legends, as the Committee or the Company, in its sole discretion, deems necessary or desirable to insure compliance with applicable securities laws.

(b) The transfer of any shares of Company Stock hereunder shall be effective only at such time as counsel to the Company shall have determined that the issuance and delivery of such shares is in compliance with all applicable laws, regulations of governmental authority and the requirements of the New York Stock Exchange or any other securities exchange or automated quotation system on which shares of Company Stock are listed. The Committee may, in its sole discretion, defer the effectiveness of any transfer of shares of Company stock hereunder in order to allow the issuance of such shares to be made pursuant to registration or an exemption from registration or other methods for compliance available under federal or state securities laws. The Company shall inform the Participant in writing of the Committee's decision to defer the effectiveness of a transfer. During the period of such a deferral in connection with the exercise of an Option, the Participant may, by written notice, withdraw such exercise and obtain the refund of any amount paid with respect thereto.

Edgar Filing: GREATBATCH, INC. - Form DEF 14A

(c) It is intended that the Plan be applied and administered in compliance with Rule 16b-3. If any provision of the Plan would be in violation of Rule 16b-3 if applied as written, such provision shall not have effect as written and shall be given effect so as to comply with Rule 16b-3, as determined by the Committee. The Committee is authorized to amend the Plan and to make any such modifications to Award Agreements to comply with Rule 16b-3, as it may be amended from time to time, and to make any other such amendments or modifications deemed necessary or appropriate to better accomplish the purposes of the Plan in light of any amendments made to Rule 16b-3.

18 WITHHOLDING TAXES

Whenever cash is to be paid pursuant to an Incentive Award, the Company shall have the right to deduct therefrom an amount sufficient to satisfy any federal, state and local withholding tax requirements related thereto.

Whenever shares of Company Stock are to be delivered pursuant to an Incentive Award, the Company shall have the right to require the Participant to remit to the Company in cash an amount sufficient to satisfy any federal, state and local withholding tax requirements related thereto. With the approval of the Committee, which it shall have sole discretion to grant and which approval may be evidenced by the presence in the Award Agreement of an appropriate reference to such right, a Participant may satisfy the foregoing requirement by electing to have the Company withhold from delivery shares of Company Stock having a value equal to the minimum amount of tax required to be withheld. Such shares shall be valued at their Fair Market Value on the date as of which the amount of tax to be withheld is determined. Fractional share amounts shall be settled in cash. Such a withholding election may be made with respect to all or any portion of the shares to be delivered pursuant to an Incentive Award. Any tax withholding above the minimum amount of tax required to be withheld must be deducted from other amounts payable to the Participant or must be paid in cash by the Participant.

19 NOTIFICATION OF ELECTION UNDER SECTION 83(b) OF THE CODE

If any Participant shall, in connection with the acquisition of shares of Company Stock under the Plan, make the election permitted under Section 83(b) of the Code (i.e., an election to include in gross income in the year of transfer the amounts specified in Section 83(b)) and permitted under the terms of the Award Agreement, such Participant shall notify the Company of such election within ten days of filing notice of the election with the Internal Revenue Service, in addition to any filing and notification required pursuant to regulations issued under the authority of Code Section 83(b).

20 NOTIFICATION UPON DISQUALIFYING DISPOSITION UNDER SECTION 421(b) OF THE CODE

Each Award Agreement with respect to an Incentive Stock Option shall require the Participant to notify the Company of any disposition of shares of Company Stock issued pursuant to the exercise of such Option under the circumstances described in Section 421(b) of the Code (relating to certain disqualifying dispositions) within ten days of such disposition.

21 AMENDMENT OR TERMINATION OF THE PLAN

The Board of Directors may, at any time, suspend or terminate the Plan or revise or amend it in any respect whatsoever; provided, however, that

Edgar Filing: GREATBATCH, INC. - Form DEF 14A

stockholder approval shall be required if and to the extent required by Rule 16b-3 or by any comparable or successor exemption under which the Board of Directors believes it is appropriate for the Plan to qualify, or if and to the extent the Board of Directors determines that such approval is appropriate for purposes of satisfying Section 162(m), Section 422 or Section 409A of the Code or any applicable rule or listing standard of any stock exchange, automated quotation system or similar organization. Nothing herein shall restrict the Committee's ability to exercise its discretionary authority pursuant to Section 4, which discretion may be exercised without amendment to the Plan. No action hereunder may, without the consent of a Participant, reduce the Participant's rights under any outstanding Incentive Award.

22 NO OBLIGATION TO EXERCISE

The grant to a Participant of an Option or SAR shall impose no obligation upon such Participant to exercise such Option or SAR.

23 TRANSFERS UPON DEATH; NONASSIGNABILITY

Upon the death of a Participant outstanding Incentive Awards granted to such Participant may be exercised only by the executor or administrator of the Participant's estate or by a person who shall have acquired the right to such exercise by will or by the laws of descent and distribution. No transfer of an Incentive Award by will or the laws of descent and distribution shall be effective to bind the Company unless the Company shall have been furnished with (a) written notice thereof and with a copy of the Will and/or such evidence as the Committee may deem necessary to establish the validity of the transfer and (b) an agreement by the transferee to comply with all the terms and conditions of the Incentive Award that are or would have been applicable to the Participant and to be bound by the acknowledgments made by the Participant in connection with the grant of the Incentive Award.

Except as otherwise provided, no Incentive Award or interest in it may be transferred, assigned, pledged or hypothecated by the Participant, whether by operation of law or otherwise, or be made subject to execution, attachment or similar process.

B-13

24 EXPENSES AND RECEIPTS

The expenses of the Plan shall be paid by the Company. Any proceeds received by the Company in connection with any Incentive Award will be used for general corporate purposes.

25 FAILURE TO COMPLY

In addition to the remedies of the Company elsewhere provided for herein, failure by a Participant (or beneficiary) to comply with any of the terms and conditions of the Plan or the applicable Award Agreement, unless such failure is remedied by such Participant (or beneficiary) within ten days after notice of such failure by the Committee, shall be grounds for the cancellation and forfeiture of such Incentive Award, in whole or in part, as the Committee, in its sole discretion, may determine.

26 EFFECTIVE DATE AND TERM OF PLAN

The Plan shall be effective as of the Effective Date. Unless earlier terminated by the Board of Directors, the right to grant Incentive Awards under the Plan will terminate on the tenth anniversary of the Effective Date.

Edgar Filing: GREATBATCH, INC. - Form DEF 14A

Incentive Awards outstanding at Plan termination will remain in effect according to their terms and the provisions of the Plan.

27 APPLICABLE LAW

Except to the extent preempted by any applicable federal law, the Plan will be construed and administered in accordance with the laws of the State of Delaware, without reference to the principles of conflicts of laws thereunder.
