NOTE 6 - GOING CONCERN UNCERTAINTY

The accompanying financial statements have been prepared in conformity with principles of accounting applicable to a going concern, which contemplates the realization of assets and the liquidation of liabilities in the normal course of business. The Company has incurred continuing losses and has not yet generated sufficient working capital to support its operations. The Company's ability to continue as a going concern is dependent, among other things, on its ability to reduce certain costs, obtain new contracts and additional financing and eventually, attaining a profitable level of operations.

It is management's opinion that the going concern basis of reporting its financial condition and results of operations is appropriate at this time. The Company plans to increase cash flows and take steps towards achieving profitable operations through the sale or closure of unprofitable operations, and through the merger with or acquisition of profitable operations.

NOTE 7 - COMMITMENTS AND CONTINGENCIES

Edgar Filing: AMERIRESOURCE TECHNOLOGIES INC - Form 10QSB

The Company, from time to time, may be subject to legal proceedings and claims that arise in the ordinary course of its business. The Company believes it is currently covered adequately for workmen's compensation, auto and property casualty insurance and business owners insurance, meeting the standard limits that are customary in the industry. The Company does not presently have a general liability policy in effect however, there are no operations performed by the Company that presently requires such insurance.

On March 19, 2004, AmeriResource Technologies, Inc. (the "Company") rescinded, ab initio, a September 25, 2001 Acquisition Agreement (the "Agreement") entered into with Wasatch Business Investors, Inc., a Utah corporation ("WBI") and Covah, LLC, a Utah limited liability company ("Covah"). Pursuant to the Agreement, WBI, as agent for Covah, was to sell and transfer one hundred percent (100%) of Jim Butler Performance, Inc., a Tennessee corporation ("JBP"), to the Company in exchange for one hundred million (100,000,000) shares of the Company's stock, with seventy-five million (75,000,000) shares being issued to Covah and twenty-five million shares being issued to WBI. The Company rescinded the Acquisition Agreement because JBP was to be tendered free and clear of any liens and encumbrances at the closing of the Acquisition Agreement and the Company has been informed that a five hundred fifty thousand dollar (\$550,000) promissory note has been placed on JBP's real property with a lien securing such debt.

Additionally, since the Agreement between the Company, WBI and Covah for the purchase of JBP provided that JBP's assets be free and clear of any liens and encumbrances, the Company considers the promissory note to WBI in the amount of \$350,000 to be invalid and unenforceable. Therefore, the promissory note has also been noted as a contingent liability.

Although there are some contingencies that exist with the Company and its subsidiaries, there are no new contingencies that have occurred since the last year-end.

Liquidity and Capital Resources

The Company's net cash provided by operating activities for the six-months ended June 30, 2004 increased to \$5,876 from net cash used in operations of \$28,200 for the same period in 2003. This increase is mainly attributable to an increase in expense from non-cash services through the issuance of stock to \$578,451 for the six months of 2004 from \$375,638 for the six months of 2003, and a decrease in notes receivable from \$101,665 for the six months ended June 30, 2003 to \$46,065 for the six months ended June 30, 2004.

There was \$0 in cash flow from investing activities for the second quarter of 2004 and \$(426) for the same period in 2003.

There was \$0 in cash flow from financing activities for the second quarter of 2004 as compared to \$28,419 for the same period in 2003.

The Company has relied upon its chief executive officer for its capital requirements and liquidity. The Company's recurring losses, lack of cash flow and lack of cash on hand raise substantial doubt about the Company's ability to continue as a going concern. Management's plans with respect to these matters include raising additional working capital through equity or debt financing and

acquisitions of ongoing concerns, which generate profits, ultimately allowing the Company to achieve consistent profitable operations. The accompanying financial statements do not include any adjustments that might be necessary should the Company be unable to continue as a going concern.

The Circuit Court granted summary judgment in favor of the Company and Delmar Janovec on March 29, 2002. Orix appealed this judgment to the Alabama Supreme Court on June 26, 2002. The Circuit Court's summary judgment was affirmed by the Alabama Supreme Court on January 14, 2003.

American Factors Group, L.L.C. vs. AmeriResource Technologies, Inc., et al. This case was filed in the United States District Court, District of New Jersey, Case Number 3:97cv01094(GEB).

In February 2000, the parties stipulated to the dismissal of certain claims in this suit with prejudice. This stipulation dismissed all of the claims in this suit except for the claims against defendants Rod Clawson, Michael Cederstrom and Tim Masters. These remaining claims were resolved pursuant to a Settlement Agreement which has been subsequently amended.

The Settlement Agreement provided for the payment by the Company and Delmar Janovec ("Janovec") of certain obligations and judgments entered against the defendants. An Addendum dated August 10, 2000 was executed to modify certain terms of the repayment schedule. As the Company and Janovec were unable to meet

Edgar Filing: AMERIRESOURCE TECHNOLOGIES INC - Form 10QSB

the terms of repayment set forth in the Addendum, a Second Addendum was executed in the first quarter of 2002 to modify the repayment conditions as follows:

1. the interest rate and all other penalties and late charges assessed on the outstanding obligation of \$308,692.08 owed by Janovec and the Company shall be fifteen percent (15%) until the obligation is paid in full on or before March 31, 2002;
2. the repayment schedule shall be weekly payments of not less than \$2,500, with repayments increasing in the event the price of the Company's Common Stock increases;
3. to the extent the Company secures a line of credit through VSource 1 and receives any investor monies, American Factors Group, L.L.C. ("AFG") shall receive fifty percent (50%) of any such monies; and
4. The Company shall issue to AFG ten million (10,000,000) shares of the Company's Common Stock in consideration of the modification of the repayment conditions.

As the Company's Common Stock reaches the specific prices stated in the repayment schedule, Delmar Janovec, the Company's president, has agreed to sell his personal shares of the Company's Common Stock to make the scheduled payment. In the event the obligation was not paid in full by March 31, 2002, AFG would be entitled to proceed with any available proper legal action to collect on its judgment. AFG and the Company have extended the terms of the Second Addendum until December 27, 2003. The terms of the Second Addendum have been met.

Internal Revenue Service Issue. The IRS and the Company have been trying to resolve outstanding issues since 2000 for unpaid payroll taxes created by the previous engineering subsidiaries during the close down phases of the offices and was not successful in reaching a resolution with the IRS. On or about January 16, 2001, the IRS notified Rod Clawson, a director of the Company and the former President of the engineering subsidiaries, that the IRS was filing a lien against him, individually, for the payment of taxes. Subsequently, several meetings were held and an agreement was reached on or about March 22, 2001 with the IRS whereby Clawson will pay \$50,000 per month until approximately \$282,000, constituting principal and interest, is paid off in its entirety. Mr. Clawson has made payments in excess of \$115,000 to date.
