PROXY STATEMENT

The Board of Directors (the **Board**) of China Biologic Products, Inc., a Delaware corporation (the **Company**, **we**, or **our**) is furnishing this proxy statement (the **Proxy Statement**) and the accompanying proxy to you to solicit your proxy for the 2012 Annual Meeting of Stockholders (the **Annual Meeting**). The Annual Meeting will be held on Friday, June 22, 2012, at 10 a.m., local time, at the principal office of the Company located at 18th Floor, Jialong International Building, 19 Chaoyang Park Road, Chaoyang District, Beijing 100125, People's Republic of China.

It is anticipated that the Notice of Internet Availability of Proxy Materials will be mailed to stockholders on or about May 2, 2012.

QUESTIONS AND ANSWERS ABOUT THE ANNUAL MEETING

What is this proxy statement?

You have received this Proxy Statement and our 2011 annual report (the **Annual Report**) because our Board is soliciting your proxy to vote your shares at the Annual Meeting. This Proxy Statement includes information that we are required to provide to you under the rules of the Securities and Exchange Commission (**SEC**) and that is designed to assist you in voting your shares.

What is the purpose of the Annual Meeting?

At the Annual Meeting, our stockholders will act upon the matters described in this Proxy Statement. These actions include the election of directors; ratification of the appointment of the independent registered public accounting firm (which we sometimes refer to as the **independent auditors**); and an advisory (that is, nonbinding) vote on executive compensation. An additional purpose of the Annual Meeting is to transact any other business that may properly come before the Annual Meeting and any and all adjournments or postponements of the Annual Meeting.

Who can attend the Annual Meeting?

All stockholders of record at the close of business on April 23, 2012 (the **Record Date**), or their duly appointed proxies, may attend the Annual Meeting.

What proposals will be voted on at the Annual Meeting?

Stockholders will vote on three proposals at the Annual Meeting:

- the election of directors;
- the ratification of the appointment of KPMG as the Company's independent auditors for the year ending December 31, 2012; and
- an advisory vote to approve the compensation of our named executive officers as disclosed in this Proxy Statement.

What are the Board's recommendations?

Our Board recommends that you vote:

- **FOR** election of the nine individuals listed in this proxy statement to the Board of Directors;
- **FOR** ratification of the appointment of KPMG as the Company's independent auditors for the year ending December 31, 2012; and
- **FOR** approval of the compensation of our named executive officers as disclosed in this Proxy Statement.

Will there be any other business on the agenda?

The Board knows of no other matters that are likely to be brought before the Annual Meeting. If any other matters properly come before the Annual Meeting, however, the persons named in the enclosed proxy, or their duly appointed substitute acting at the Annual Meeting, will be authorized to vote or otherwise act on those matters in accordance with their judgment.

Who is entitled to vote?

Only stockholders of record at the close of business on April 23, 2012, which we refer to as the Record Date, are entitled to notice of, and to vote at, the Annual Meeting. As of the Record Date, there were 25,601,125 shares of our common stock outstanding. Holders of common stock as of the Record Date are entitled to one vote for each share held for each of the proposals. No other class of voting securities is outstanding on the date of mailing of this Proxy Statement.

What is the difference between holding shares as a stockholder of record and as a beneficial owner?

Stockholder of Record. If your shares are registered directly in your name with our transfer agent, Securities Transfer Corporation, you are considered, with respect to those shares, the "stockholder of record." This proxy and our Annual Report have been sent directly to you by us.

Beneficial Owner. If your shares are held in a stock brokerage account or by a bank or other nominee, you are considered the "beneficial owner" of shares held in street name. This proxy and the Annual Report have been forwarded to you by your broker, bank or nominee who is considered, with respect to those shares, the stockholder of record. As the beneficial owner, you have the right to direct your broker, bank or nominee how to vote your shares by using the voting instructions included in with your proxy materials.

How do I vote my shares?

Whether you hold shares directly as a registered stockholder of record or beneficially in street name, you may vote without attending the Annual Meeting. You may vote by granting a proxy or, for shares held beneficially in street name, by submitting voting instructions to your stockbroker, trustee or nominee. In most cases, you will be able to do this by using the Internet or telephone or by mail, if you received a printed set of the proxy materials.

By Internet – If you have Internet access, you may submit your proxy via the Internet by following the instructions provided in the Notice of Annual Meeting of Stockholders accompanying this Proxy Statement (the "**Notice**"), or if you received a printed version of the proxy materials by mail, by following the instructions provided with your proxy materials and on your proxy card or voting instruction card.

By Telephone or Mail – If you received printed proxy materials, you may submit your proxy by telephone by following the instructions provided on your proxy card or voting instruction card. If you received a Notice, you may submit your proxy by telephone after accessing the proxy materials via the Internet. You may also submit your proxy by mail by

signing your proxy card if your shares are registered or, for shares held beneficially in street name, by following the voting instructions included by your stockbroker, trustee or nominee, and mailing it in the envelope provided. If you provide specific voting instructions, your shares will be voted as you have instructed. Voting by telephone is not available to persons outside of the United States.

Telephone and Internet voting facilities for stockholders of record will be available 24 hours a day and will close at 11:59 p.m. (EDT) on June 21, 2012.

If you vote by proxy, the individuals named on the proxy card (your “**proxies**”) will vote your shares in the manner you indicate. You may specify how your shares should be voted for each of the proposals. If you grant a proxy without indicating your instructions, your shares will be voted as follows:

- FOR election of the nine individuals listed in this proxy statement to the Board of Directors;
- FOR ratification of the appointment of KPMG as the Company’s independent auditors for the year ending December 31, 2012; and
- FOR approval of the compensation of our named executive officers as disclosed in this Proxy Statement.

Each share of common stock is entitled to one vote.

What constitutes a quorum?

A quorum is the presence, in person or by proxy, of the holders of a majority of the shares of the common stock entitled to vote. Under Delaware law, an abstaining vote and a broker “non-vote” are counted as present and are, therefore, included for purposes of determining whether a quorum of shares is present at the Annual Meeting.

What is a broker “non-vote” and what is its effect on voting?

If you are a beneficial owner of shares held in street name and do not provide the organization that holds your shares with specific voting instructions, under the rules of various national and regional securities exchanges, the organization that holds your shares may generally vote on routine matters but cannot vote on non-routine matters. If the organization that holds your shares does not receive instructions from you on how to vote your shares on a non-routine matter, the organization that holds your shares does not have the authority to vote on the matter with respect to those shares. This is generally referred to as a “broker non-vote.”

Proposal 2 (ratification of auditors) involves a matter that we believe will be considered routine. All other proposals involve matters that we believe will be considered non-routine. We encourage you to provide voting instructions to the organization that holds your shares by carefully following the instructions provided on your proxy card.

What is required to approve each item?

- For Proposal No. 1 (election of directors), each director must be elected by a majority of votes cast with respect to such director (i.e., the number of shares voted “for” a director nominee must exceed the number of votes “withheld” from that nominee). Abstentions and broker non-votes are not counted for purposes of the election of directors.
- For Proposal No. 2 (ratification of independent auditors) and Proposal No. 3 (advisory vote on executive compensation), the affirmative vote of the holders of a majority of the stockholders’ shares present in person or represented by proxy at the Annual Meeting and entitled to vote, is required.
- For any other matters on which stockholders are entitled to vote, the affirmative vote of the holders of a majority of the stockholders’ shares present in person or represented by proxy at the Annual Meeting and entitled to vote, is required.

For the purpose of determining whether the stockholders have approved matters other than the election of directors, abstentions are treated as shares present or represented and voting, so abstaining has the same effect as a negative vote. If stockholders hold their shares through a broker, bank or other nominee and do not instruct them how to vote, the broker may have authority to vote the shares for routine matters.

Stockholders may not cumulate votes in the election of directors, which means that each stockholder may vote no more than the number of shares he or she owns for a single director candidate.

Our bylaws require that, in uncontested elections, each director be elected by the majority of votes cast with respect to such director. This means that the number of shares voted “for” a director nominee must exceed the number of votes “withheld” from that nominee in order for that nominee to be elected. Only votes “for” or “withheld” are counted as votes cast with respect to a director. Abstentions and broker non-votes will have no effect.

How will shares of common stock represented by properly executed proxies be voted?

All shares of common stock represented by proper proxies will, unless such proxies have previously been revoked, be voted in accordance with the instructions indicated in such proxies. If you do not provide voting instructions, your shares will be voted in accordance with the Board's recommendations as set forth herein. In addition, if any other matters properly come before the Annual Meeting, the persons named in the enclosed proxy, or their duly appointed substitute acting at the Annual Meeting, will be authorized to vote or otherwise act on those matters in accordance with their judgment.

Can I change my vote or revoke my proxy?

Any stockholder executing a proxy has the power to revoke such proxy at any time prior to your shares being voted. You may revoke your proxy prior to your shares being voted by calling 1-866-752-VOTE (8683), or by accessing the Internet website <https://www.iproxydirect.com/CBPO>, or in writing by execution of a subsequently dated proxy, or by a written notice of revocation, sent to the attention of the Corporate Secretary at China Biologic Products, Inc., 18th Floor, Jialong International Building, 19 Chaoyang Park Road, Chaoyang District, Beijing 10012, People's Republic of China, or by attending and voting in person at the Annual Meeting. Unless revoked, the shares represented by timely received proxies will be voted in accordance with the directions given therein. Your most current proxy card or telephone or Internet proxy is the one that is counted.

If the Annual Meeting is postponed or adjourned for any reason, at any subsequent reconvening of the Annual Meeting, all proxies will be voted in the same manner as the proxies would have been voted at the previously convened Annual Meeting (except for any proxies that have at that time effectively been revoked or withdrawn), even if the proxies had been effectively voted on the same or any other matter at a previous Annual Meeting.

How are proxies solicited?

In addition to the mail solicitation of proxies, our officers, directors, employees and agents may solicit proxies by written communication, telephone or personal call. These persons will receive no special compensation for any solicitation activities. We will reimburse banks, brokers and other persons holding common stock for their expenses in forwarding proxy solicitation materials to beneficial owners of our common stock.

Who paid for this proxy solicitation?

The cost of preparing, printing, assembling and mailing this proxy statement and other material furnished to stockholders in connection with the solicitation of proxies is borne by us.

What is "householding?"

The SEC has adopted rules that allow a company to deliver a single proxy statement or annual report to an address shared by two or more of its stockholders. This method of delivery, known as "householding," permits us to realize significant cost savings, reduces the amount of duplicate information stockholders receive, and reduces the environmental impact of printing and mailing documents to you. Under this process, certain stockholders of record who do not participate in electronic delivery of proxy materials will receive only one copy of our proxy materials and any additional proxy materials that are delivered until such time as one or more of these stockholders notifies us that they want to receive separate copies.

Any stockholders who wish to opt out of, or wish to begin, householding may contact our Corporate Secretary through one of the following methods:

- by sending a written request by mail to:

China Biologic Products, Inc.

19 Chaoyang Park Road
Chaoyang District, Beijing 10012
People's Republic of China
Attention: Corporate Secretary

- by calling our Corporate Secretary, at (+86) 10-6598-3111.

How do I learn the results of the voting at the Annual Meeting?

The preliminary voting results will be announced at the Annual Meeting. The final results will be published in our current report on Form 8-K to be filed with the SEC within four business days after the date of the Annual Meeting, provided that the final results are available at such time. In the event the final results are not available within such time period, the preliminary voting results will be published in our current report on Form 8-K to be filed within such time period, and the final results will be published in an amended current report on Form 8-K/A to be filed within four business days after the final results are available.

Can I receive future stockholder communications electronically through the Internet?

Yes. You may elect to receive future notices of meetings, proxy materials and annual reports electronically through the Internet. To consent to electronic delivery, vote your shares using the Internet. At the end of the Internet voting procedure, the on-screen Internet voting instructions will tell you how to request future stockholder communications be sent to you electronically.

Once you consent to electronic delivery, you must vote your shares using the Internet and your consent will remain in effect until withdrawn. You may withdraw this consent at any time during the voting process and resume receiving stockholder communications in print form.

The Board and Committees of the Board

We are governed by a Board that currently consists of nine members as identified above. Our board of directors currently has three standing committees: the Audit Committee, Compensation Committee and Governance and Nominating Committee, which, pursuant to delegated authority, perform various duties on behalf of and report to the Board. Each of these Committees is comprised entirely of independent directors. From time to time, the Board may establish other committees. Each of the Compensation Committee and Governance and Nominating Committee were formed on August 7, 2008 and the Audit Committee was formed on July 24, 2008. The Board has adopted a written charter for each of the committees which are available on our website at <http://www.chinabiologic.com>.

Audit Committee

Our Audit Committee is currently composed of three members: Mr. Sean Shao, Mr. David (Xiaoying) Gao and Dr. Yungang Lu. Our Board determined that each member of the Audit Committee meets the independence criteria prescribed by applicable rules and regulations of the SEC for audit committee membership and is an "independent" director within the meaning of the NASDAQ Marketplace Rules. Each Audit Committee member also meets NASDAQ's financial literacy requirements. Mr. Shao serves as Chair of the Audit Committee.

Our Audit Committee oversees our accounting and financial reporting processes and the audits of our financial statements. It is responsible for, among other things:

- selecting our independent auditors and pre-approving all auditing and non-auditing services permitted to be performed by our independent auditors;
- reviewing with our independent auditors any audit problems or difficulties and management's response;
- reviewing and approving all proposed related-party transactions;
- discussing the annual audited financial statements with management and our independent auditors;
- reviewing the adequacy and effectiveness of our internal control over financial reporting;
- annually reviewing and reassessing the adequacy of our audit committee charter;
- such other matters that are specifically delegated to our Audit Committee by our Board from time to time;
- meeting separately and periodically with management and our internal and independent auditors; and
- reporting regularly to the full Board.

Our Board has determined that Mr. Shao is the “audit committee financial expert” as such term is defined in Item 407(d) of Regulation S-K promulgated by the SEC and also meets NASDAQ’s financial sophistication requirements.

Compensation Committee

Our Compensation Committee is currently composed of three members: Mr. Sean Shao, Mr. David (Xiaoying) Gao and Dr. Yungang Lu, each of whom is “independent” within the meaning of the NASDAQ Marketplace Rules. Mr. Gao serves as Chair of the Compensation Committee.

Our Compensation Committee assists the Board in reviewing and approving the compensation structure of executive officers, including all forms of compensation to be provided to our executive officers. Our chief executive officer may not be present at any committee meeting during which his compensation is deliberated.

The Compensation Committee is responsible for, among other things:

- approving and overseeing the compensation package for our executive officers;
- reviewing and approving corporate goals and objectives relevant to the compensation of our chief executive officer, evaluating the performance of our chief executive officer in light of those goals and objectives, and setting the compensation level of our chief executive officer based on this evaluation; and
- reviewing periodically and making recommendations to the Board regarding any long-term incentive compensation or equity plans, programs or similar arrangements, annual bonuses, employee pension and welfare benefit plans.

Governance and Nominating Committee

Our Governance and Nominating Committee is currently composed of three members: Mr. Sean Shao, Mr. David (Xiaoying) Gao and Dr. Yungang Lu, each of whom is “independent” within the meaning of the NASDAQ Marketplace Rules. Dr. Lu serves as Chair of the Governance and Nominating Committee.

The Governance and Nominating Committee assists the Board in identifying individuals qualified to become our directors and in determining the composition of the Board and its committees.

The Governance and Nominating Committee is responsible for, among other things:

- identifying and recommending to the Board nominees for election or re-election to the Board, or for appointment to fill any vacancy;
- reviewing annually with the Board the current composition of the Board in light of the characteristics of independence, age, skills, experience and availability of service to us;
- identifying and recommending to the Board directors to serve as members of the Board's committees; and
- monitoring compliance with our Corporate Governance Guidelines.

We do not have a formal policy regarding consideration of director candidate recommendations received from our stockholders. However, any recommendations received from stockholders will be evaluated in the same manner that potential nominees suggested by board members, management or other parties are evaluated.

Governance Structure

The Board believes that the interests of all stockholders are best served at the present time through a leadership model with a separate Board Chair and CEO. However, the Board retains authority to combine the positions of Board Chair and CEO at any time. The current CEO and Board Chair possess an in-depth knowledge of the Company, its integrated operations, the evolving biopharmaceutical industry in China, and the array of challenges to be faced, gained through years of combined experience in the industry. The Board believes that these experiences and other insights put them in the best position to provide broad leadership for the Company and the Board, respectively, as they consider strategy and exercise fiduciary responsibilities to stockholders, as the case may be.

Further, the Board has demonstrated its commitment and ability to provide independent oversight of management. A majority of the Board is comprised of independent directors, and all members of the Audit, Compensation, and Governance and Nominating Committees are independent. Each independent director has access to the CEO and other Company executives on request, may call meetings of the independent directors, and may request agenda topics to be added or dealt with in more detail at meetings of the full Board or an appropriate Board committee. We encourage our stockholders to learn more about our Company's governance practices at our website, <http://www.chinabiologic.com>.

The Board's Role in Risk Oversight

The Board oversees that the assets of the Company are properly safeguarded, that the appropriate financial and other controls are maintained, and that the Company's business is conducted wisely and in compliance with applicable laws and regulations and proper governance. Included in these responsibilities is the Board of Directors' oversight of the various risks facing the Company. In this regard, the Board seeks to understand and oversee critical business risks. The Board does not view risk in isolation. Risks are considered in virtually every business decision and as part of the Company's business strategy. The Board recognizes that it is neither possible nor prudent to eliminate all risk. Indeed, purposeful and appropriate risk-taking is essential for the Company to be competitive on a global basis and to achieve its objectives.

While the Board oversees risk management, Company management is charged with managing risk. The Company has internal processes and an internal control environment to identify and manage risks and to communicate with the Board. The Board and the Audit Committee monitor and evaluate the effectiveness of the internal controls and the risk management program at least annually. The Board implements its risk oversight function both as a whole and through Committees. Much of the work is delegated to various Committees, which meet regularly and report back to the full Board. All Committees play significant roles in carrying out the risk oversight function. In particular:

- The Audit Committee oversees risks related to the Company's financial statements, the financial reporting process, accounting and legal matters. The Audit Committee oversees the internal audit function and the Company's ethics programs, including the Code of Ethics. The Audit Committee members meet separately with representatives of the independent auditing firm; and
- The Compensation Committee evaluates the risks and rewards associated with the Company's compensation philosophy and programs. The Compensation Committee reviews and approves compensation programs with features that mitigate risk without diminishing the incentive nature of the compensation. Management discusses with the Compensation Committee the procedures that have been put in place to identify and mitigate potential risks in compensation.

Independent Directors

Our Board has determined that the majority of the Board is comprised of "independent directors" within the meaning of applicable NASDAQ Marketplace Rules and Section 301 of the Sarbanes-Oxley Act of 2002. Our independent directors are Mr. Sean Shao, Mr. David (Xiaoying) Gao, Dr. Yungang Lu, Prof. Wenfang Liu, Mr. Zhijun Tong and Ms. Sandy (Han) Zhang.

Board, Committee and Annual Meeting Attendance

During fiscal year 2011, the Board held seven meetings and acted by written consent two times. Our Audit Committee, Compensation Committee and Governance and Nominating committee met or acted by written consent four, one and one times, respectively. In addition, our non-management directors, all of which are independent directors, meet in executive session following Board meetings. Each director attended at least 75% of all Board and applicable committee meetings.

Our directors are expected to attend Board meetings as frequently as necessary to properly discharge their responsibilities and to spend the time needed to prepare for each such meeting. We encourage our directors to attend annual shareholder meetings, but we do not have a formal policy requiring them to do so.

Code of Ethics

On March 25, 2008, our Board adopted a code of ethics, which applies to all of our directors, officers and employees, including our principal executive officer, principal financial officer, and principal accounting officer. The code of

ethics is designed to deter wrongdoing and to promote honest and ethical conduct, including the ethical handling of actual or apparent conflicts of interest between personal and professional relationships; full, fair, accurate, timely and understandable disclosure in reports and documents that we file with, or submit to, the SEC, and in other public communications that we made; compliance with applicable government laws, rules and regulations; the prompt internal reporting of violations of the code to the appropriate person or persons; and accountability for adherence to the code. We believe that our reputation is a valuable asset and must continually be guarded by all associated with us so as to earn the trust, confidence and respect of our suppliers, customers and stockholders.

The code of ethics is maintained on the Company's website at www.chinabiologic.com. Printed copies of our code of ethics may be obtained, without charge, by contacting the Corporate Secretary, China Biologic Products, Inc., 18th Floor, Jialong International Building, 19 Chaoyang Park Road, Chaoyang District, Beijing 10012, People's Republic of China. During the fiscal year ended December 31, 2011, there were no waivers of our code of ethics.

Stockholder Communication with the Board

Stockholders and other interested parties may communicate with the Board, including non-management directors, by sending a letter to our board of directors, c/o Corporate Secretary, China Biologic Products, Inc., 18th Floor, Jialong International Building, 19 Chaoyang Park Road, Chaoyang District, Beijing 10012, People's Republic of China, for submission to the Board or committee or to any specific director to whom the correspondence is directed. Stockholders communicating through this means should include with the correspondence evidence, such as documentation from a brokerage firm, that the sender is a current record or beneficial stockholder of the Company. All communications received as set forth above will be opened by the Corporate Secretary or his designee for the sole purpose of determining whether the contents contain a message to one or more of our directors. Any contents that are not advertising materials, promotions of a product or service, patently offensive materials or matters deemed, using reasonable judgment, inappropriate for the Board will be forwarded promptly to the chairman of the Board, the appropriate committee or the specific director, as applicable.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee of the Board is comprised of three non-employee Directors, each of whom has been determined by the Board to be "independent" under the meaning of Rule 10A-3(b)(1) under the Exchange Act. The Board has determined, based upon an interview of Mr. Sean Shao and a review of Mr. Shao's responses to a questionnaire designed to elicit information regarding his experience in accounting and financial matters, that Mr. Shao shall be designated as an "Audit Committee financial expert" within the meaning of Item 401(e) of SEC Regulation S-K, as Mr. Shao has past employment experience in finance or accounting, requisite professional certification in accounting, or any other comparable experience or background which results in his financial sophistication. The Audit Committee assists the Board's oversight of the integrity of the Company's financial reports, compliance with legal and regulatory requirements, the qualifications and independence of the Company's independent registered public accounting firm, the audit process, and internal controls. The Audit Committee operates pursuant to a written charter adopted by the Board. The Audit Committee is responsible for overseeing the corporate accounting and financing reporting practices, recommending the selection of the Company's registered public accounting firm, reviewing the extent of non-audit services to be performed by the auditors, and reviewing the disclosures made in the Company's periodic financial reports. The Audit Committee also reviews and recommends to the Board that the audited financial statements be included in the Company's Annual Report on Form 10-K.

Following the end of the fiscal year ended December 31, 2011, the Audit Committee (1) reviewed and discussed the audited financial statements for the fiscal year ended December 31, 2011 with Company management; (2) discussed with the independent auditors the matters required to be discussed by SAS 61 as amended, (AICPA, Professional Standards, Vol.1 AU Section 380), as adopted by the Public Company Accounting Oversight Board (United States) and (3) received the written disclosures and the letter from the independent public accounting firms required by applicable requirements of the Public Company Accounting Oversight Board (United States) regarding the independent public accounting firm's communications with the Audit Committee concerning independence, and has discussed with the independent public accounting firm its independence.

Based on the review and discussions referred to above, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2011 for filing with the SEC.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Compensation Philosophy

Our executive compensation philosophy is to align the interests of executive management with stockholder interests and with our business strategy and success through an integrated executive compensation program that considers short-term performance, the achievement of long-term strategic goals and growth in total stockholder value. The key elements of our executive compensation philosophy are competitive base salary, annual incentive opportunities and equity participation. Our aggregate compensation package is designed to attract and retain individuals critical to the long-term success of the Company, to motivate these persons to perform at their highest levels, and to reward exceptional performance.

The compensation of our executive officers is determined by the Compensation Committee, except that the entire Board makes the final determination as to the compensation of our Chief Executive Officer. The Chief Executive Officer reviews and revises compensation proposals prepared by Human Resources and presents his recommendations to the Compensation Committee for the Committee's ultimate review and approval. The Chief Executive Officer does not participate in Compensation Committee meetings and is not involved in decisions relating to his own compensation.

Elements of Compensation

We pay each of our named executive officers a base annual salary. Bonuses and equity incentives may also be provided to supplement base salary. The criteria for determining each of these components of compensation is described below. We do not provide retirement benefits and only minimal perquisites, except as described below.

Base Salary

Base salary levels for executive officers are set forth in their individual employment agreements, and are reflected in the Summary Compensation Table below. The Compensation Committee considered the total compensation paid by other biopharmaceutical companies in Beijing, China to persons holding equivalent positions in setting base salary levels. However, the Compensation Committee did not conduct a peer group compensation analysis or target any particular compensation level in establishing the base salaries for named executive officers.

The Compensation Committee believes that any increases in base salary should be based upon a favorable evaluation of individual performance relative to individual goals, the functioning of the executive's team within the corporate structure, success in furthering corporate strategy and goals, individual management skills and responsibilities, demonstrated loyalty, and the Company's commitment to attract and retain executives. During fiscal year 2011, in line with industry practice, we increased base salaries for all our employees, including our named executive officers. We expect that our Compensation Committee will reward superior individual and company performance with commensurate cash and other compensation. Salary will next be reviewed when the Compensation Committee deems appropriate, but the Compensation Committee does not expect to review salary more frequently than on an annual basis.

Bonuses

Named executive officers are eligible to receive a discretionary bonus pursuant to the terms of their respective employment agreements. Discretionary bonuses are linked to annual corporate and individual performance and achievement of strategic goals established by our Compensation Committee. Key factors the Board considers in evaluating our executive officers' performance and achievement of strategic goals include the following: sales revenue,

net profit, cash flow and plasma collection volume.

Our Board has determined that the maximum discretionary bonuses that may be awarded to our Chief Executive Officer, our Chief Financial Officer and the Chief Executive Officer of Shandong Taibang were 40%, 35% and 40% of their base annual salary, respectively, for the year ended December 31, 2011. The performance of our named executive officers, and hence the actual discretionary bonus receive by each of them, are determined based on a weighted average formula taking into consideration each key factor.

Equity Incentives

Named executive officers are eligible for equity awards in the form of stock options, stock appreciation rights, performance units, restricted stock, restricted stock units and performance shares under the China Biologic Products, Inc. 2008 Equity Incentive Plan (the **2008 Plan**). Equity awards are granted at the discretion of the Compensation Committee. The size of an award to any individual, including named executive officers, depends in part on individual performance, including the key factors we consider in evaluating our executive officers' performance described above and any other indicators of the impact that such employee's productivity may have on stockholder value over time. Other factors include salary level and competitive data. In addition, in determining the awards granted to each named executive officer, the Compensation Committee considers the future benefits potentially available to the named executive officers from existing awards.

We have no program, plan or practice of granting equity awards that coincide with the release by the Company of material non-public information.

Retirement Benefits

Currently, we do not provide any company-sponsored retirement benefits or deferred compensation programs to any employee, including the named executive officers (other than a mandatory state pension scheme in which all of our employees in China participate) because it is not customary to provide such benefits and programs in China.

Perquisites

Historically, we have provided our named executive officers with minimal perquisites and other personal benefits that we believe are reasonable, such as company car-related benefits. We do not view perquisites as a significant element of compensation, but do believe they can be useful in attracting, motivating and retaining the executive talent for which we compete.

We use the Black-Scholes option pricing model to measure the fair value of stock options. The determination of the fair value of stock-based compensation awards on the date of grant using an option-pricing model is affected by our stock price as well as assumptions regarding a number of complex and subjective variables, including the expected volatility of our stock price over the term of the awards, actual and projected employee stock option exercise behaviors, risk-free interest rate and expected dividends.

**TRANSACTIONS WITH RELATED PERSONS,
PROMOTERS AND CERTAIN CONTROL PERSONS**

Transactions with Related Persons

The following includes a summary of transactions since the beginning of the 2011 fiscal year, or any currently proposed transaction, in which we were or are to be a participant and the amount involved exceeded or exceeds \$120,000 and in which any related person had or will have a direct or indirect material interest (other than compensation described above under the heading “Executive Compensation”). We believe the terms obtained or consideration that we paid or received, as applicable, in connection with the transactions described below were comparable to terms available or the amounts that would be paid or received, as applicable, in arm’s-length transactions.

- Our majority owned subsidiary Guizhou Taibang Biological Products Co., Ltd. (“**Guizhou Taibang**”) provides processing services for Guizhou Eakan Co., Ltd. (“**Guizhou Eakan**”), the affiliate of one of Guizhou Taibang’s noncontrolling interest holders. Our total processing services income from Guizhou Eakan amounted to \$243,563, \$499,128 and \$705,018 for the years ended December 31, 2011, 2010 and 2009, respectively. In addition, Guizhou Taibang made sales to Guizhou Eakan, amounting to \$nil, \$521,306 and \$nil for the years ended December 31, 2011, 2010 and 2009, respectively. During the year ended December 31, 2011, Guizhou Taibang had signed a sales contract with Guizhou Eakan and received \$486,602 (RMB 3,091,499) in advance for the product Placenta Polypeptide that has not yet been delivered.
- Guizhou Taibang has payables to Guizhou Eakan Investing Corp., amounting to approximately \$2,277,603 (RMB14,470,160). Guizhou Eakan Investing Corp. is one of the noncontrolling interest holders of Guizhou Taibang. We borrowed this interest free advance for working capital purpose for Guizhou Taibang. The balance is due on demand.
- Guizhou Taibang has payables to Guizhou Jie’an Company (“**Jie’an**”), a noncontrolling interest holder of Guizhou Taibang, amounting to approximately \$1,042,335 (RMB 6,622,205). In 2007, Guizhou Taibang received additional contributions from Jie’an of \$962,853 to maintain Jie’an’s equity interest in Guizhou Taibang at 9%. However, due to a legal dispute among shareholders over raising additional capital, the contribution is subject to be returned to Jie’an. During the second quarter of 2010, Jie’an requested that Guizhou Taibang register its 1.8 million shares of additional capital contribution with the local Administration for Industry and Commerce, pursuant to the equity purchase agreement, and such registration was approved by the majority shareholders of Guizhou Taibang in a shareholders’ meeting held in the second quarter of 2010. However, the Board is withholding its required ratification of the shareholders’ approval of Jie’an’s request until the completion of the ongoing litigation. If we decided to ratify the approval, our ownership in Guizhou Taibang will be diluted from 54% to 52.54% and Jie’an will be entitled to receive its pro rata share of Guizhou Taibang’s profits from the prior 4.5 years.

Except as set forth in our discussion above, none of our directors, director nominees or executive officers has been involved in any transactions with us or any of our directors, executive officers, affiliates or associates which are required to be disclosed pursuant to the rules and regulations of the SEC.

Policies and Procedures Relating to Transactions with Related Persons

On July 27, 2009, our Board adopted the China Biologic Products, Inc. Related Party Transactions Policy and Procedures (the “**Policy**”). Under the Policy, all Interested Transactions with Related Parties are subject to approval or ratification in accordance with the procedures set forth below.

The Policy defines an “Interested Transaction” is any transaction, arrangement or relationship or series of similar transactions, arrangements or relationships (including any indebtedness or guarantee of indebtedness) in which (1) the aggregate amount involved will or may be expected to exceed \$100,000 in any calendar year, (2) the Company is a

participant and (3) any Related Party has or will have a direct or indirect interest (other than solely as a result of being a director or a less than 10% beneficial owner of another entity). A “Related Party” is defined as any (a) person who is or was (since the beginning of the last fiscal year for which the Company has filed a Form 10-K and proxy statement, even if they do not presently serve in that role) an executive officer, director or nominee for election as a director, (b) greater than 5% beneficial owner of our common stock or (c) immediate family member of any of the foregoing.

Procedures

Under the Policy, the Governance and Nominating Committee shall review the material facts of all Interested Transactions that require the Governance and Nominating Committee's approval and either approve or disapprove of the entry into the Interested Transaction, subject to the exceptions described below. If the Governance and Nominating Committee approval of an Interested Transaction is not feasible, then the Interested Transaction shall be considered and, if the Governance and Nominating Committee determines it to be appropriate, ratified at the Governance and Nominating Committee's next regularly scheduled meeting. In determining whether to approve or ratify an Interested Transaction, the Governance and Nominating Committee will take into account, among other factors it deems appropriate, whether the Interested Transaction is on terms no less favorable than terms generally available to an unaffiliated third-party under the same or similar circumstances and the extent of the Related Party's interest in the transaction.

The Governance and Nominating Committee has reviewed the Interested Transactions described below in *Standing Pre-Approval for Certain Interested Transactions* and determined that each of the Interested Transactions described therein shall be deemed to be pre-approved or ratified (as applicable) by the Governance and Nominating Committee under the terms of the Policy. In addition, the board of directors has delegated to the Chair of the Governance and Nominating Committee the authority to pre-approve or ratify (as applicable) any Interested Transaction with a Related Party in which the aggregate amount involved is expected to be less than \$250,000. In connection with each regularly scheduled meeting of the Governance and Nominating Committee, a summary of each new Interested Transaction deemed pre-approved pursuant to paragraph (3) or (4) under *Standing Pre-Approval for Certain Interested Transactions* below and each new Interested Transaction preapproved by the Chair in accordance shall be provided to the Governance and Nominating Committee for its review.

Under the Policy, no director shall participate in any discussion or approval of an Interested Transaction for which he or she is a Related Party, except that the director shall provide all material information concerning the Interested Transaction to the Governance and Nominating Committee.

If an Interested Transaction will be ongoing, the Governance and Nominating Committee may establish guidelines for our management to follow in its ongoing dealings with the Related Party. Thereafter, the Governance and Nominating Committee, on at least an annual basis, shall review and assess ongoing relationships with the Related Party to see that they are in compliance with the Governance and Nominating Committee's guidelines and that the Interested Transaction remains appropriate.

Standing Pre-Approval for Certain Interested Transactions

2. *Director Compensation.* Any compensation paid to a director if the compensation is required to be reported in our proxy statement under Item 402 of the SEC's compensation disclosure requirements.

3. *Certain Transactions with other Companies.* Any transaction with another company at which a Related Party's only relationship is as an employee (other than an executive officer), director or beneficial owner of less than 10% of that company's shares, if the aggregate amount involved does not exceed the greater of \$1,000,000, or 2% of that company's total annual revenues.
4. *Certain Company Charitable Contributions.* Any charitable contribution, grant or endowment by the Company to a charitable organization, foundation or university at which a Related Party's only relationship is as an employee (other than an executive officer) or a director, if the aggregate amount involved does not exceed the lesser of \$1,000,000, or 2% of the charitable organization's total annual receipts.

Director Qualifications

Directors are responsible for overseeing our business consistent with their fiduciary duty to shareowners. This significant responsibility requires highly-skilled individuals with various qualities, attributes and professional experience. The Board believes that there are general requirements for service on our Board that are applicable to all directors and that there are other skills and experience that should be represented on the Board as a whole but not necessarily by each director. The Board and the Governance and Nominating Committee of the Board consider the qualifications of directors and director candidates individually and in the broader context of the Board's overall composition and our current and future needs.

In its assessment of each potential candidate, including those recommended by shareowners, the Governance and Nominating Committee considers the nominee's judgment, integrity, experience, independence, understanding of our business or other related industries and such other factors the Governance and Nominating Committee determines are pertinent in light of the current needs of the Board. The Governance and Nominating Committee also takes into account the ability of a director to devote the time and effort necessary to fulfill his or her responsibilities to the Company.

The Board and the Governance and Nominating Committee require that each director be a recognized person of high integrity with a proven record of success in his or her field. Each director must demonstrate innovative thinking, familiarity with and respect for corporate governance requirements and practices, an appreciation of multiple cultures and a commitment to sustainability and to dealing responsibly with social issues. In addition to the qualifications required of all directors, the Board assesses intangible qualities including the individual's ability to ask difficult questions and, simultaneously, to work collegially.

The Board does not have a specific diversity policy, but considers diversity of race, ethnicity, gender, age, cultural background and professional experiences in evaluating candidates for Board membership. Diversity is important because a variety of points of view contribute to a more effective decision-making process.

Qualifications, Attributes, Skills and Experience to be Represented on the Board as a Whole

The Board has identified particular qualifications, attributes, skills and experience that are important to be represented on the board as a whole, in light of our current needs and business priorities. Therefore, the Board believes that a diversity of professional experiences in the biopharmaceutical industry, specific knowledge of key geographic growth areas, and knowledge of U.S. capital markets and of U.S. accounting and financial reporting standards should be represented on the board. In addition, the market in which we compete is characterized by introductions of new products and changes in customer demands and our future success depends upon our ability to keep pace through strong research and development. Therefore, the Board believes that academic and professional experience in research and development in the biopharmaceutical industry should also be represented on the Board.
