PROXY STATEMENT

The accompanying proxy is solicited by the Board of Directors (the "Board of Directors") of NovaMed, Inc., a Delaware corporation (the "Company"), for use at the 2007 Annual Meeting of Stockholders (the "Annual Meeting") to be held at 2:00 p.m. Central Time, Wednesday, May 23, 2007, at The Drake Hotel, 140 East Walton Place, Chicago, Illinois 60611, and any adjournments or postponements thereof. This Proxy Statement and accompanying form of proxy are first being mailed to stockholders on or about April 20, 2007.

Record Date and Outstanding Shares The Board of Directors has fixed the close of business on April 6, 2007 as the record date (the "Record Date") for the determination of stockholders entitled to notice of, and to vote at, the Annual Meeting or any adjournments or postponements thereof. As of the Record Date, the Company had outstanding 24,372,568 shares of its common stock, par value \$.01 per share (the "Common Stock"). Each

outstanding share of Common Stock is entitled to one vote on all matters to properly come before the Annual Meeting.

Voting of Proxies □ Thomas S. Hall and Scott T. Macomber, the persons named as proxies on the proxy card accompanying this Proxy Statement, were selected by the Board of Directors to serve in such capacity. Messrs. Hall and Macomber are executive officers of the Company and Mr. Hall is also a director of the Company. The shares represented by each executed and returned proxy will be voted in accordance with the directions indicated thereon, or, if no direction is indicated, such proxy will be voted in accordance with the recommendations of the Board of Directors contained in this Proxy Statement. Each stockholder giving a proxy has the power to revoke it at any time before the shares it represents are voted. Revocation of a proxy is effective upon receipt by the Secretary of the Company of either (1) an instrument revoking the proxy or (2) a duly executed proxy bearing a later date. Additionally, a stockholder may change or revoke a previously executed proxy by voting in person at the Annual Meeting (attendance at the Annual Meeting will not, by itself, revoke a proxy).

If you are a registered stockholder (*i.e.*, you hold your NovaMed Common Stock in certificate form), you may vote by mail, telephone or the Internet. To vote by mail, please complete, sign and return the enclosed form of proxy. To vote by telephone or the Internet, follow the instructions attached to your proxy card. If you vote by telephone or the Internet, you will appoint Messrs. Hall and Macomber as your proxies with the same authority as if you had signed and returned the enclosed form of proxy. The deadline for voting by telephone or the Internet is 11:59 p.m., Eastern Time, on Tuesday, May 22, 2007.

If your shares are held in a stock brokerage account or by a bank or other nominee (sometimes referred to as being held in "street name"), you are considered the beneficial owner of those shares. Your broker, bank or other nominee is considered the stockholder of record of those shares and is forwarding these proxy materials to you. As the beneficial owner, you have the right to direct your broker, bank or other nominee how to vote your shares, and you are also invited to attend the Annual Meeting. However, because you are not the stockholder of record, you may not directly vote those shares unless you obtain a signed proxy from the record holder giving you the right to do so. Your broker, bank or other nominee has enclosed or provided a voting instruction card for you to use in directing it how to vote your shares. If you are a beneficial owner of shares and do not provide your broker, as stockholder of record, with voting instructions and the broker does not have discretionary authority to vote on a particular matter, your shares will constitute broker non-votes for that matter.

Required Vote □ The vote of a plurality of the shares of Common Stock voted in person or by proxy is required to elect the nominees for the Class II directors. Stockholders are not allowed to cumulate their votes in the election of directors.

Quorum; Abstentions and Broker Non-Votes □ The required quorum for the transaction of business at the Annual Meeting is a majority of the shares of Common Stock issued and outstanding as of the Record Date. Votes cast by proxy or in person at the Annual Meeting will be tabulated by the inspector of elections appointed for the meeting, and the inspector of elections will determine whether or not a quorum is present. Abstentions and broker non-votes will be included in determining the presence of a quorum. Abstentions and broker non-votes will have no effect on the vote for directors.

Annual Report to Stockholders; Householding □ The Company's Annual Report to Stockholders for the year ended December 31, 2006 (the "2006 Annual Report"), containing financial and other information pertaining to the Company, is being furnished to stockholders simultaneously with this Proxy Statement. If you and others who share your mailing address own Common Stock in street name, meaning through a bank or brokerage firm or other nominee, you may have received a notice that your household will receive only one annual report and proxy statement from each company whose stock is held in such accounts. This practice, known as "householding," is designed to reduce the volume of duplicate information and reduce printing and postage costs. Unless you responded that you did not want to participate in householding, you were deemed to have consented to it, and a single copy of this Proxy Statement and the 2006 Annual Report have been sent to your address. Each stockholder will continue to receive a separate voting instruction form.

If you would like to revoke your consent to householding and in the future receive your own set of proxy materials or if your household is currently receiving multiple copies of the proxy materials and you would like in the future to receive only a single set of proxy materials at your address, please submit a request to our Secretary in writing addressed to NovaMed, Inc., 980 North Michigan Avenue, Suite 1620, Chicago, Illinois 60611, or by

telephone at (312) 664-4100.

If you would like an additional copy of the 2006 Annual Report or this Proxy Statement, these documents are available in digital form for download or review by visiting [Financial Reports] and [SEC Filings] on our Investor Relations page at www.novamed.com. Alternatively, we will promptly send a copy to you upon your request to us by mail to Investor Relations, NovaMed, Inc., 980 North Michigan Avenue, Suite 1620, Chicago, Illinois 60611, or by calling (312) 664-4100.

**PROPOSAL 1
ELECTION OF DIRECTORS**

The Company's Board of Directors currently consists of six directors. Article V of the Company's Certificate of Incorporation provides that the Board of Directors will be divided into three classes, with each class serving for a term of three years. At the Annual Meeting, two Class II directors will be elected for a term of three years expiring at the Company's 2010 Annual Meeting of Stockholders. Both of the nominees are presently serving as directors of the Company. See [Nominees] below.

The four directors whose terms of office do not expire in 2007 will continue to serve after the Annual Meeting until such time as their respective terms of office expire or their successors are duly elected and qualified. See [Other Directors] below.

If at the time of the Annual Meeting any of the nominees should be unable or decline to serve, the persons named in the proxy will vote for such substitute nominee or nominees as the Board of Directors recommends, or vote to allow the vacancy created thereby to remain open until filled by the Board of Directors, as the Board of Directors recommends. The Board of Directors has no reason to believe that any nominee will be unable or decline to serve as a director if elected.

The Company has retained, and continues to retain, Winston & Strawn LLP as outside legal counsel.

Messrs. Jessup and Napolitano are not officers or employees of the Company or its subsidiaries, and they do not have any other relationships with the Company which, in the opinion of the Board of Directors, would interfere with the exercise of their independent judgment in carrying out their responsibilities as directors.

Meetings □ During the year ended December 31, 2006, the Board of Directors held eight meetings. Each of the Company's directors attended at least 75% of the aggregate of the total number of board meetings held and the total number of committee meetings on which he served that were held during 2006. Although the Company has no formal policy with respect to director attendance at the Annual Meeting, all of the current directors are expected to attend the Annual Meeting unless prevented from doing so by compelling personal circumstances. All of last year's directors attended the 2006 Annual Meeting.

4

Committees of the Board of Directors □ The Board of Directors has established an Audit Committee, a Compensation Committee and a Nominating Committee, each comprised entirely of directors who are neither officers or employees of the Company or its subsidiaries nor individuals having any other relationships with the Company which, in the opinion of the Board of Directors, would interfere with the exercise of such director's independent judgment in carrying out their responsibilities as directors. Messrs. Jessup, Kelly and Piccolo serve as the three members of the Audit Committee and Compensation Committee. Messrs. Jessup and Piccolo serve as the two members of the Nominating Committee.

Audit Committee

The Audit Committee generally has the responsibility for assessing processes related to risks and control environment, overseeing financial reporting, evaluating the independent audit process, evaluating internal accounting controls, overseeing the selection of the Company's independent registered public accounting firm, approving audit and permissible non-audit services and reporting to the Board of Directors regarding all of the foregoing. The Audit Committee operates under a written charter adopted by the Board of Directors that was attached as an appendix to the Company's proxy statement for the 2005 Annual Meeting of Stockholders. The Audit Committee held six meetings in 2006. The Board of Directors, in its business judgment, has determined that all of the members of the Audit Committee are "independent" under the listing standards of the NASDAQ Global Select Market. The Board of Directors has determined that Mr. Kelly is an "audit committee financial expert" as defined under the rules of the Securities and Exchange Commission. Also see "Report of the Audit Committee of the Board of Directors."

Compensation Committee

The Compensation Committee generally has responsibility for recommending to the Board of Directors guidelines and standards relating to the determination of executive and key employee compensation, reviewing the Company's executive compensation policies, recommending to the Board of Directors compensation for the Company's executive officers, and reporting to the Board of Directors regarding the foregoing. The Compensation Committee also has responsibility for administering the Company's stock incentive plans and executive incentive compensation plan, which includes determining the amount of the awards to be provided thereunder to the Company's executive officers and key employees and reporting to the Board of Directors regarding the foregoing. The Compensation Committee operates under a written charter adopted by the Board of Directors. The Compensation Committee held four meetings in 2006. See "Compensation Discussion and Analysis."

From time to time the Committee may delegate authority to fulfill various functions of administering the Company's plans to employees of the Company. Specifically, the Committee has delegated limited authority under its stock incentive plans to our principal executive officer to grant stock options to non-executive officer employees provided that no grant may exceed 10,000 shares. In addition, our principal executive officer makes various recommendations to the Compensation Committee regarding the amount and form of compensation for other executives of the Company, including the other named executive officers.

In addition, the Committee has authority to engage the services of outside advisers to assist the Committee. To date, the Committee has not engaged an independent compensation consulting firm.

Nominating Committee

The Nominating Committee generally has the responsibility for periodically reviewing the composition and structure of the Board so that the proper skills and experience are represented, identifying, recruiting and recommending candidates for election to the Board of Directors, recommending to the Board of Directors the membership of the various committees of the Board of Directors and reviewing the compensation of the directors and making recommendations to the Board of Directors regarding such compensation. The Nominating Committee has the authority to hire and pay consultants or search firms to assist in the process of identifying and evaluating candidates for the Board of Directors. Except for the Company's search for a new President and Chief Executive Officer, which resulted in the appointment of Mr. Hall to these positions in November 2005 and his election to the Board of Directors, no such consultants or search firms have been used by the Nominating Committee to locate potential directors and, accordingly, no fees have been paid to consultants or search firms. The Nominating Committee operates under a written charter adopted by the Board of Directors that was attached as an appendix to

the Company's proxy statement for the 2004 Annual Meeting of Stockholders. The Board of Directors, in its business judgment, has determined that all of the members of the Nominating Committee are "independent" under the listing standards of the NASDAQ Global Select Market. The Nominating Committee did not hold any meetings in 2006.

The Nominating Committee will consider candidates for the Board from any reasonable source, including stockholder recommendations that are tendered in accordance with the Company's By-laws. In nominating directors, the Nominating Committee considers a variety of factors, including whether an individual has experience as a senior executive of a company in the healthcare industry or at a public corporation, experience in the management or leadership of a substantial business enterprise or such other professional experience as the Board determines will qualify an individual for service on the Board. The Board also strives to achieve an effective balance and range of experience and expertise, including operational and financial expertise. In considering candidates for the Board, the Nominating Committee will evaluate the entirety of each candidate's credentials. There are no specific minimum qualifications that must be met by a potential nominee. Stockholders who wish to nominate an individual for election as a director at an annual meeting of stockholders must comply with the provisions in the Company's By-laws regarding stockholder nominations. Generally, stockholder nominations must be made in writing and delivered or mailed to the Secretary of NovaMed, Inc. not less than 45 days nor more than 75 days prior to the first anniversary of the date on which the proxy statement for the preceding year's annual meeting of stockholders was mailed. Each stockholder nomination must contain the following information: (a) the name and address of each proposed nominee, all information relating to such person as would be required to be disclosed in solicitation of proxies for the election of the nominee pursuant to Regulation 14A of the Securities Exchange Act of 1934, as amended; (b) the nominee's written consent to serve as a director if elected; (c) the name and address of the nominating stockholder; (d) the number of shares of Common Stock that are owned and of record by such stockholder; and (e) whether such stockholder intends to deliver a proxy statement and form of proxy to holders of a sufficient number of holders of shares of Common Stock to elect such nominee or nominees. Nominations for the 2008 Annual Meeting must be received no earlier than February 4, 2008 and no later than March 6, 2008. Nominations not made in accordance with all of the requirements contained in the Company's By-laws will be disregarded. The Company does not have any other procedures for stockholders to submit nominees directly to the Board of Directors.

Stockholder Communications with Directors - Stockholders wishing to contact any member (or all members) of the Board of Directors, any committee of the Board, or any chair of any such committee may do so

by mail, addressed, either by name or title, to the Board of Directors or to any such individual directors or group or committee of directors. All such correspondences should be sent to 980 North Michigan Avenue, Suite 1620, Chicago, Illinois 60611. Stockholder communications to directors will first be opened by the Secretary's office for the purpose of determining whether the contents represent a message to our directors before being forwarded to the addressee. In addition, the Secretary's office will make, if necessary, sufficient copies of the contents to be forwarded to each director who is a member of the group or committee to which the communication is addressed. However, certain kinds of information, such as materials in the nature of advertising, promotions of a product or service and patently offensive material will not be forwarded to our directors.

Code of Ethics □ The Board of Directors has adopted a compliance plan for the Company that includes a code of ethics that applies to the Company's principal executive officer, principal financial officer, principal accounting officer or controller or persons performing similar functions. The Company will furnish a copy of its compliance plan to any person, without charge, upon written request to the Secretary.

Based solely on a review of the forms it has received and on written representations from certain reporting persons that no such forms were required for them, the Company believes that, during 2006, all Section 16 filing requirements applicable to its officers, directors and 10% beneficial owners were complied with by such reporting persons, except that Scott T. Macomber, Jack M. Clark, Jr. and John P. Hart failed to file timely Forms 4 in connection with the vesting of restricted stock awards on December 20, 2006 in which these individuals transferred to the Company a portion of their vested shares to fund their minimum tax withholding obligations relating to the vesting. These transactions were reported on Forms 4 filed by each of these reporting persons on January 3, 2007.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

OVERVIEW

This Compensation Discussion describes the material elements of compensation awarded to, earned by, or paid to each of our executive officers who served as named executive officers (as defined on page 16) during the last completed fiscal year. This Compensation Discussion focuses on the information contained in the following tables and related footnotes and narrative for primarily the last completed fiscal year, but we also describe compensation actions taken before or after the last completed fiscal year to the extent it enhances the understanding of our executive compensation program. The Compensation Committee of the Board of Directors (the "Committee") oversees the design and administration of our executive compensation program in accordance with the processes and procedures discussed in the Corporate Governance section of this proxy statement.

The principal elements of our executive compensation program are base salary, annual cash incentives, long-term equity incentives in the form of stock options and restricted stock, other benefits and perquisites, and a change in control severance policy. Our other benefits and perquisites consist of health, disability and life insurance benefits, a qualified 401(k) savings plan, and in 2006 for the principal executive officer, reimbursement of travel expenses between his residence in Alpharetta, Georgia and Chicago, Illinois and housing expenses for a temporary residence in Chicago.

PROGRAM OBJECTIVES AND REWARD PHILOSOPHY

In General The objectives of our compensation programs are to (1) attract, motivate and retain talented and dedicated executive officers, (2) provide executive officers with both cash and equity incentives to further the

interests of the Company and its stockholders, and (3) compensate executive officers at levels comparable to those of executive officers at comparable companies. Generally, the annual cash compensation of the Company's executive officers is composed of a base salary and an annual incentive compensation award. In setting base salaries, the Committee generally reviews the individual contributions of the particular executive. The annual incentive compensation award is based upon the Company's executive incentive compensation plan. In addition, stock options and restricted stock awards are granted to provide the opportunity for long-term compensation based upon the performance of the Common Stock over time.

Competitive Market □ We do not have an explicitly defined peer group for purposes of benchmarking executive compensation because it is difficult to find a reasonable number of publicly traded companies that are comparable in terms of company size and business type. Nevertheless, we periodically verify the reasonableness of the survey information used for our named executive officers by compiling proxy statement compensation information from our competitors. Most recently, we also assessed the competitive market for executive talent in our industry with the assistance of a national executive search firm in providing a competitive employment and compensation package for Mr. Hall in connection with his hiring in 2005.

Compensation Process □ For the named executive officers other than the principal executive officer, the Committee reviews and approves all elements of compensation taking into consideration recommendations from our principal executive officer, as well as competitive market guidance provided by our human resources staff. Other than salary and equity awards for 2006 and 2007, which are set by his employment contract, the Committee reviews and approves all elements of compensation for our principal executive officer taking into consideration the Committee's performance assessment of the principal executive officer, and competitive market guidance provided by our human resources staff. Recommendations with respect to the compensation of our principal executive officer are not shared with our principal executive officer during this process.

Regulatory Considerations □ We monitor changes in the regulatory environment when assessing the financial efficiency of the various elements of our executive compensation program. We have designed and administered our annual cash incentive and long-term equity incentive plans in a manner that preserves, to the extent the Committee deems practicable, our federal income tax deductions. We have designed and administered our change in control severance plans to be in compliance with federal tax rules affecting nonqualified deferred compensation.

BASE SALARIES

In General □ We provide the opportunity for our named executive officers and other executives to earn a market competitive annual base salary. We provide this opportunity to attract and retain an appropriate caliber of talent for the position, to recognize that similar base salary rates are almost universally provided at other companies that we compete with for talent, and to provide a base wage that is not subject to Company performance risk. We review base salaries for the named executive officers and other executives annually in February effective for the current fiscal year, and increases are based on changes in our competitive market and individual performance.

Salary Increases □ The Committee establishes base salaries each year for the named executive officers based on general market salary increases, salary data from comparable companies and individual performance. At its February 2006 meeting, the Committee decided not to increase Mr. Hall's salary of \$500,000 since he had recently joined the company as President and Chief Executive Officer on November 14, 2005. At this meeting, the Committee increased the salaries of Mr. Macomber and Ms. Vickery 3.9% and 3.2%, respectively, in line with general market salary increases for executives estimated to be 3.7%. Mr. Clark joined the company on April 3, 2006 at a starting salary of \$245,000. The Committee increased his salary 10.2% to \$270,000 on June 25, 2006 due to an increase in responsibilities assumed by Mr. Clark. At that time, he was given responsibility for the operations of the company's surgical facilities segment. At its February 2007 meeting, the Committee increased Mr. Hall's salary from \$500,000 to \$535,000, a 7.0% increase. This increase was based on Mr. Hall's performance in 2006 as well as an increase in responsibilities due to assuming the position of Chairman of the Board. At this meeting, the Committee also approved salary increases for Mr. Clark and Mr. Macomber of 5.0% and 4.5%, respectively, based on general market salary increases for executives of 3.9% and individual performance. Ms. Vickery was no longer employed by the company as of December 28, 2006.

ANNUAL CASH INCENTIVES

In General □ We provide the opportunity for our named executive officers and other executives to earn a market competitive annual cash incentive award. We provide this opportunity to attract and retain an appropriate caliber of talent for the position, to recognize that similar annual cash incentive awards are almost universally provided at other companies that we compete with for talent, and to motivate executives to achieve our annual business goals. We review annual cash incentive awards for the named executive officers and other executives annually in February to determine award payments for the last completed fiscal year, as well as to establish award opportunities for the current fiscal year. These annual cash incentive awards are administered under our Executive Incentive Compensation Plan (the □Bonus Plan□).

Target Award Opportunities □ Under the Bonus Plan, we establish annual target award opportunities expressed as a percentage of base salary paid during the fiscal year, and threshold award goals expressed as a percentage of the target award. The 2006 Bonus Plan required a minimum threshold performance equal to 85% of the target performance in order for a participant to be eligible for a cash incentive award. The amount of the cash incentive award would then vary depending on the actual results relative to the target performance. For the last completed and current fiscal years, annual cash incentive opportunities for the named executive officers are summarized below:

		Annual Cash Incentive Award Opportunity				
		Threshold Performance		Target Performance		Maximum Performance (1)
		%	\$ Amount	%	\$ Amount	\$ Amount
Thomas S. Hall	FY 2006	30%	\$ 75,000	50%	\$ 250,000	\$ 1,500,000

- (1) The Bonus Plan is subject to a maximum payout of \$1,500,000 per participant.
- (2) As of December 28, 2006, Ms. Vickery was no longer employed by the Company. Under the terms and conditions of her Separation Agreement dated January 15, 2007, the Company paid the entire bonus payable to Ms. Vickery under the Bonus Plan for 2006 at 71.3% of her target bonus amount.
- (3) Mr. Clark was hired on April 3, 2006 and Mr. Clark's bonus under the Bonus Plan was pro-rated based on his base salary earned during 2006 of \$191,539.

Performance Measures □ Under the Bonus Plan, we use overall corporate performance measures for our principal executive and financial officers, and for our other named executive officers, a mix of overall corporate and business unit performance measures to assure that executives have a reasonable measure of control over the factors that affect their awards. This performance measure mix varies by executive position. For the last

completed and current fiscal years, the performance measure mix for the named executive officers is summarized below:

		Performance Measure Mix	
		Overall Corporate	Business Unit
Thomas S. Hall	FY 2006	100%	0%
	FY 2007	100%	0%
Scott T. Macomber	FY 2006	100%	0%
	FY 2007	100%	0%
E. Michele Vickery (1)	FY 2006	29%	71%
	FY 2007	□	□
Jack M. Clark, Jr. (2)	FY 2006	100%	0%
	FY 2007	43%	57%

(1) As of December 28, 2006, Ms. Vickery was no longer employed by the Company.

(2) Mr. Clark was hired on April 3, 2006.

Overall Corporate Performance Goals □ Under the Bonus Plan, overall corporate performance is based on diluted earnings per share goals. In establishing the specific target for the year, we take into consideration a variety of factors including: prior year results, growth expectations, expected reimbursement changes and changes in accounting rules that would impact earnings.

At its February 2006 meeting, the Committee set a target growth rate for fiscal 2006 diluted earnings per share over projected fiscal 2005 diluted earnings per share of approximately 30%, excluding the impact of stock compensation expense in 2006. After the impact of stock compensation expense, projected at approximately \$1.9 million for 2006, this equated to a diluted earnings per share target of \$0.242. The 2006 Bonus Plan required a minimum threshold performance equal to 85% of this target, or \$0.206, before the participants were eligible to receive a bonus. The Bonus Plan has a bonus limit of \$1,500,000 per participant.

Business Unit Performance Goals □ Under the Bonus Plan, business unit performance is based on operating income goals. In establishing the specific target for the year, we take into consideration a variety of factors including: prior year results, growth expectations, expected reimbursement changes and changes in accounting rules that would impact operating income.

At its February 2006 meeting, the Committee set an operating income target for Ms. Vickery of approximately \$24,964,000, to be adjusted for ASC acquisitions during 2006. During 2006, ASC acquisitions increased the operating income target for Ms. Vickery to \$30,185,000. The 2006 Bonus Plan required a minimum threshold performance equal to 85% of this target, or \$25,657,000, before Ms. Vickery was eligible to receive a bonus.

Discretionary Adjustments □ Under the Bonus Plan, we may make adjustments to our overall corporate and business unit performance goals and our actual performance results that may cause differences between the numbers used for our performance goals and the numbers reported in our financial statements. These adjustments may exclude all or a portion of both the positive or negative effect of external events that are outside the control of our executives, such as natural disasters, litigation, or regulatory changes in accounting or taxation standards. These adjustments may also exclude all or a portion of both the positive or negative effect of unusual or significant strategic events that are within the control of our executives but that are undertaken with an expectation of improving the long-

term financial performance of our Company, such as restructurings, acquisitions, or divestitures. For the last completed fiscal year, we made no adjustments to our overall corporate and business unit performance goals and we made the following adjustments to our actual performance results:

	Overall Corporate (diluted EPS)	Business Unit
As reported	\$ 0.229	\$ 28,156,000
Severance Expense	0.009	
Gain on sale of minority interests	(0.002)	□
Used for Bonus Plan	\$ 0.236	\$ 28,156,000

The Committee reviews and approves all adjustments to our overall corporate and business unit performance goals and our actual performance results.

Actual Award Payments □ Based on the above discussion, award payments to our named executive officers for the last completed fiscal year are summarized below:

	Annual Cash Incentive Award Payments for the Last Completed Fiscal Year	
	\$ Amount	% Target
Thomas S. Hall	\$ 225,000	90%
Scott T. Macomber	\$ 83,633	90%
E. Michele Vickery ⁽¹⁾	\$ 64,135	71.3%
Jack M. Clark, Jr. ⁽²⁾	\$ 60,335	90%

(1) As of December 28, 2006, Ms. Vickery was no longer employed by the Company.

(2) Mr. Clark was hired on April 3, 2006.

LONG-TERM EQUITY INCENTIVES

In General □ We provide the opportunity for our named executive officers and other executives to earn a market competitive long-term equity incentive award. We provide this opportunity to attract and retain an appropriate caliber of talent for the position, to recognize that similar long-term equity incentives are almost universally provided at other companies that we compete with for talent, and to motivate executives to make decisions that focus on the long-term growth of our Company and thus increase stockholder value. We review long-term equity incentives for our named executive officers and other executives annually. We began awarding a combination of restricted stock and stock options as our equity awards in 2006 instead of solely awarding stock options as we had in prior years. While we believe that awards of stock options create proper incentives for our executives, we also began awarding restricted stock because it results in less dilution to existing stockholders than stock options of equivalent value and because restricted stock arguably retains incentive value during stock price fluctuations when stock options may have no realizable value. We believe a combination of restricted stock and stock option awards strikes a proper balance to motivate and reward our executives. As a result, the Committee made an annual grant of stock options and restricted stock in fiscal 2006 to our named executive officers, excluding Mr. Hall. The Committee granted Mr. Hall a stock option for 125,000 shares on November 14, 2006 pursuant to the terms of his employment agreement. In addition, the Committee granted Mr. Clark a stock option for 100,000 shares on April 3, 2006, the first day of his employment by the Company, pursuant to the terms of his employment agreement.

In determining the amount of the individual stock option and restricted stock grants, the Committee considers a variety of factors including position, individual responsibilities and performance, potential for future contribution and base salary. As a result, the amount of the annual grants is generally greater for the most senior executive officers, who have higher levels of responsibility. In considering the mix between stock options and restricted stock grants, the Committee has determined that at least 50% of the value of the annual grant should be in the form of stock options, so that there will be no cash benefit to the recipient if the Company's stock price does not exceed the grant

price during the option's term. The Committee has also determined that one share of restricted stock is equivalent to between two to three shares granted through a stock option and for fiscal 2006 grants, adopted the ratio of one for three.

Stock Options □ Our stock options are granted on the same date as our Committee approval date, and have an exercise price equal to our closing market price on the trading day immediately preceding the approval date. We do not have a program, plan, or practice to time stock option grants to executives in coordination with the release of material non-public information. Our stock options have a 10-year contractual exercise term, with 1/8 vesting on the date six months after the grant date and the remainder vesting 1/48 at the end of each month thereafter. The option grants are also subject to the following post-termination and change in control provisions:

Event	Award Vesting	Exercise Term ⁽¹⁾
Death or Disability	Forfeit Unvested	1 Year
Termination for Cause	Forfeit Vested and Unvested	Expire
Termination without Cause or Retirement	Forfeit Unvested	90 Days
Voluntary Termination	Forfeit Unvested	Expire
Change in Control	Accelerated	90 Days ⁽²⁾

(1) Or remainder of original contractual term, if shorter.

(2) If employment is terminated. Otherwise remain exercisable for remainder of term.

Our stock options may not generally be transferred to any third party other than by will or the laws of descent upon the death of a participant.

Restricted Stock □ The restricted stock awards generally vest as to 1/8th of the award on the date six months following the grant date with 1/16th vesting on each 3-month anniversary thereafter. The initial restricted stock award of 250,000 shares to our principal executive officer on November 14, 2005 also vests over a four-year period, except that after the initial six-month period 1/48th of these shares vest on a monthly basis. The awards are also subject to the following post-termination and change in control provisions:

Event	Award Vesting
Death or Disability	Forfeit Unvested
Termination for Cause	Forfeit Unvested
Termination without Cause or Retirement	Forfeit Unvested
Voluntary Termination	Forfeit Unvested
Change in Control	Accelerated

EXECUTIVE BENEFITS AND PERQUISITES

We provide the opportunity for our named executive officers and other executives to receive a market competitive general health and welfare benefits program. We provide this opportunity to attract and retain an appropriate caliber of talent for the position, to recognize that similar executive benefits are commonly provided at other companies that we compete with for talent, and to help minimize personal distractions so that the executives can better focus on the business affairs of our Company. In addition, in 2006 we provided certain commuting and housing benefits for our principal executive officer that were originally negotiated in his employment agreement. As of January 1, 2007, we discontinued the provision of these benefits because of their decreased use and necessity as a result of our principal executive officer spending an increasing amount of time at our new corporate office in Alpharetta, Georgia. Instead, any travel and lodging expenses incurred by our

principal executive officer for travel to and from Chicago will be reimbursed in a manner consistent with the Company's business expense policy. We review our executive benefits and perquisites program periodically to ensure it remains fair to our executives and supportable to our stockholders.

EXECUTIVE CHANGE IN CONTROL POLICY

We provide the opportunity for our named executive officers and other executives to be protected under a change in control policy contained in their employment agreements. We provide this opportunity to attract and retain an appropriate caliber of talent for the position, to recognize that similar change in control protections are commonly provided at other companies that we compete with for talent, and to ensure the impartiality and objectivity of our executives in event of a change in control situation so that our stockholder interests are protected. We review this change in control protection periodically to ensure it remains fair to our executives and supportable to our stockholders. For the last completed and current fiscal years, our change in control policy for the named executive officers is summarized below:

Potential Payments Upon Termination or Change in Control

Employment Agreements

The Company has entered into employment agreements with its named executive officers. The agreements generally provide for the payment of an annual base salary, plus cash incentive compensation based upon the Company's executive compensation plan. The employment agreements also provide for the right to participate in the Company's stock option and employee benefit programs. These programs include hospitalization, disability, life and health insurance. The employment agreements impose on each employee non-competition restrictions that survive termination of employment and post-termination confidentiality obligations.

The Company may terminate these employment agreements with or without cause or upon the named executive officer's disability. If the Company terminates a named executive officer for disability or cause, the executive is not entitled to receive any salary or other severance after the date of termination. The Company may terminate a named executive officer for cause under the agreement if he: (i) materially breaches any term or condition of the agreement and fails to cure such breach within a reasonable time; (ii) fails to comply with any of the Company's written guidelines that it has furnished to the executive and fails to cure such failure within a reasonable time; (iii) materially fails or willfully refuses to substantially perform his duties and fails to cure such failure or refusal within a reasonable time; or (iv) has committed an act constituting a felony or other act involving dishonesty, disloyalty or fraud against the Company, as reasonably determined by the Board of Directors.

Mr. Hall's employment agreement with the Company has an initial term of four years commencing November 14, 2005, and automatically renews on a year-to-year basis, unless either party chooses to terminate the agreement. If the Company terminates Mr. Hall without cause, he would receive severance compensation in a fixed amount equal to his then-current base salary and pro rata cash incentive compensation for 12 months, plus health benefits for such period. If Mr. Hall's employment is terminated following a change in control of the Company by Mr. Hall for good reason or by the Company without cause, he would receive an amount equal to two times the sum of his annual base salary and targeted incentive bonus plus health benefits for 24 months. If Mr. Hall terminates his employment during the 30-day period following the one-year anniversary of a change in control, he would receive an amount equal to one times the sum of his annual base salary and incentive bonus plus health benefits for 12 months. Pursuant to his employment agreement, Mr. Hall received options to purchase 125,000 shares of Common Stock on the one-year anniversary of his hire date, or November 14, 2006. In addition, Mr. Hall's Employment Agreement provided that he would be eligible in 2007 to receive options to purchase up to 250,000 shares of Common Stock, with the actual number to be based on performance criteria established by the Compensation Committee and Mr. Hall. At its February 21, 2007 meeting, the Compensation Committee granted Mr. Hall options to acquire 250,000 shares of Common Stock.

Each of Messrs. Clark and Macomber's employment agreement automatically renews on a year-to-year basis, unless either party chooses to terminate the agreement. If the Company terminates Messrs. Macomber or Clark without cause, the executive receives severance compensation in a fixed amount equal to his then-current base salary for a period of 15 months and 12 months, respectively, health benefits for such period, and his pro rata cash incentive compensation. Mr. Clark's Employment Agreement provides that his severance compensation will increase in one month increments for each year of employment with the Company, not to exceed total severance compensation of 15 months. If Messrs. Clark or Macomber's employment is terminated following a change in control of the Company by the executive for good reason or by the Company without cause, the executive would receive an amount equal to 150% of the sum of his annual base salary and targeted incentive bonus plus health benefits for 18 months. If Messrs. Clark or Macomber terminates his employment after the one-year anniversary of a change in control, the executive would receive an amount equal to 75% of the sum of his annual base salary and targeted incentive bonus plus health benefits for 9 months.

Ms. Vickery's employment agreement similarly provided for severance compensation in a fixed amount equal to her then-current salary for a period of 15 months, health benefits for such period, and her pro rata cash incentive compensation. Upon Ms. Vickery's employment terminating with the Company on December 28, 2006, she was provided with the severance, incentive bonus, and health and welfare benefits described in the table below.

In fulfilling these responsibilities, the Audit Committee has not conducted auditing or accounting reviews or procedures, and the Audit Committee has relied on management's

representation that the consolidated financial statements have been prepared with integrity and objectivity and in conformity with generally accepted accounting principles and on the representations of the independent registered public accounting firm included in its report on the Company's consolidated financial statements.

The Audit Committee meets periodically with the Company's management and its independent registered public accounting firm to discuss the Company's financial reports, financial reporting processes and internal control system and other related items. The Audit Committee's discussions with its independent registered public accounting firm include sessions at which management is not present. Since being retained as the Company's independent registered public accountant on April 12, 2005, BDO Seidman, LLP ("BDO") has had unrestricted access to the Audit Committee. The Company's former independent registered public accountant, PricewaterhouseCoopers, LLP, notified the Audit Committee of its decision to resign as the Company's independent accountants, effective April 12, 2005.

At meetings on February 13, 2007 and March 13, 2007, the Audit Committee reviewed and discussed the Company's audited consolidated financial statements for the year ended December 31, 2006, with Company management and BDO representatives. The Audit Committee discussed with BDO and management the results of BDO's audit and examination of the Company's consolidated financial statements, the Company's internal controls and disclosure controls and procedures, and the overall assessment of the quality of the Company's financial accounting and reporting functions. The Audit Committee also discussed with BDO the matters required to be discussed by Statement on Auditing Standards No. 61, and BDO provided the Audit Committee with the written disclosures and the letter required by the Independent Standards Board Standard No. 1. The Audit Committee discussed with BDO these materials and the firm's independence from the Company.

24

Based on the Audit Committee's review and discussion with management and BDO, and the Audit Committee's reliance on the representation of management that the Company's audited consolidated financial statements were prepared in accordance with generally accepted accounting principles, the Audit Committee recommended to the Board of Directors that the Company's audited consolidated financial statements be included in its Annual Report on Form 10-K for the fiscal year ended December 31, 2006, for filing with the Securities and Exchange Commission.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Real Property Leases

The Company has a lease agreement with First Colonial Trust Company, as trustee on behalf of Scott H. Kirk, M.D., a member of the Board of Directors, to lease approximately 4,000 square feet for the Company's ambulatory surgery center that it owns and operates at this location. The Company paid \$149,031 in rent during 2006. As of March 31, 2007, Dr. Kirk also beneficially owns more than 5% of the Company's Common Stock.

National Medical Director and Limited Liability Company Member

Scott H. Kirk, M.D., a member of the Board of Directors, is also the Company's National Medical Director and a 10% member of NovaMed Surgery Center of River Forest, LLC, a subsidiary of the Company that owns and operates an ambulatory surgery center in River Forest, Illinois. A wholly owned subsidiary of the Company, NovaMed Management Services, LLC, is the majority owner and manager of this entity. In consideration for his duties as National Medical Director, on May 23, 2002, the Company granted Dr. Kirk options to acquire 100,000

shares of the Company's Common Stock. The options vested monthly over a four-year period and are now fully vested. The aggregate amount of distributions made by NovaMed Surgery Center of River Forest, LLC for the year ending December 31, 2006 was \$199,720, of which Dr. Kirk received his pro rata ownership percentage.

INDEPENDENT REGISTERED PUBLIC ACCOUNTANTS

The Company engaged BDO Seidman, LLP ("BDO") as the Company's independent registered public accounting firm for the year ended December 31, 2006. In addition to auditing the financial statements for the year ended December 31, 2006, BDO also reviewed the Company's financial statements for each quarter during 2006 and reviewed the Company's internal controls as required by Section 404 of the Sarbanes-Oxley Act of 2002.

On April 12, 2005, the Company's independent registered public accounting firm, PricewaterhouseCoopers LLP ("PwC"), notified the Company's Audit Committee of its decision to resign as the Company's independent registered public accounting firm. On the same day, the Audit Committee approved the replacement of PwC with BDO as the Company's independent registered public accounting firm. In addition to auditing the financial statements for the year ended December 31, 2005, BDO also reviewed the Company's financial statements for each quarter during 2005.

The respective reports of PwC for the two fiscal years prior to its resignation and BDO for years ended December 31, 2005 and December 31, 2006 on the Company's financial statements contained no adverse opinion or disclaimer of opinion and were not qualified or modified as to uncertainty, audit scope or accounting principle.

In connection with PwC's audits of the Company for the fiscal years ended December 31, 2004 and December 31, 2003, there have been no disagreements with PwC on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedures, which disagreements, if not resolved to the satisfaction of PwC, would have caused it to make reference to the subject matter of the disagreements in connection with its reports on the financial statements for such periods. During the Company's fiscal years ended December 31, 2004 and December 31, 2003, and through PwC's resignation on April 12, 2005, there were no reportable events (as defined in Item 304(a)(1)(v) of Regulation S-K).

The Company filed with the Securities and Exchange Commission on April 18, 2005 a Current Report on Form 8-K describing PwC's resignation and the engagement of BDO. Prior to such filing, the Company provided PwC with a copy of its Form 8-K disclosures and obtained a letter from PwC addressed to the Securities and Exchange Commission stating that PwC agreed with the Company's disclosures. A copy of this letter from PwC was included with the Form 8-K filing.

During the two most recent fiscal years prior to their appointment and through April 12, 2005, the Company did not consult with BDO regarding (i) the application of accounting principles to a specified transaction, either completed or proposed; (ii) the type of audit opinion that might be rendered on the Company's financial statements; or (iii) any matter that was either the subject of a disagreement (as defined in Item 304(a)(1)(iv) of Regulation S-K) or a reportable event (as defined in Item 304(a)(1)(v) of Regulation S-K).

It is expected that a representative of BDO will be present at the Annual Meeting and be available to respond to questions. These representatives will also be given an opportunity to make a statement if they desire to do so.

The Company's Audit Committee approved all of the above services provided by BDO, in each case, prior to BDO's engagement with respect thereto.
