Attendance: Attendance at Board and Committee meetings during 2014 averaged over 99% for directors as a group, and no director attended fewer than 95% of the aggregate of the total meetings of the Board and of the Committees on which each director serves.

CORPORATE GOVERNANCE HIGHLIGHTS**INDEPENDENCE**

We have a Compensation Committee that is 100% independent. The Committee engages its own compensation consultant and affirms each year that the consultant has no conflicts of interest and is independent.

NO HEDGING

We have a policy prohibiting all directors and named executive officers (NEOs) from engaging in any hedging transactions with respect to equity securities of the Company held by them, which includes the purchase of any financial instrument (including prepaid variable forward contracts, equity swaps, and collars) designed to hedge or offset any decrease in the market value of our equity securities.

COMPENSATION CLAWBACK POLICY

We may seek repayment of cash and equity incentive compensation paid to NEOs in the event of a material misstatement of the Company's financial results where an

NEO engaged in actual fraud or willful unlawful misconduct that materially contributed to the need to restate the Company's financial results.

STOCK OWNERSHIP

We have stock ownership guidelines for our directors and executive officers. As of December 31, 2014, each of the directors and executive officers who were employed with us satisfied his or her individual stock ownership requirement. See page 15 for a detailed discussion of stock ownership guidelines.

CHANGE OF CONTROL PAYMENTS

We maintain an executive severance plan with a double trigger change in control arrangement that covers our NEOs and certain other members of the Company's senior management. The executive severance plan does not provide for any gross-up payments for taxes.

ADVISORY RESOLUTION TO APPROVE EXECUTIVE COMPENSATION (PROPOSAL 2)

We are requesting that the stockholders approve, on an advisory basis, the compensation of the NEOs as disclosed in this Proxy Statement. The Board of Directors recommends a vote FOR Proposal 2 as it believes that the 2014 compensation decisions are consistent with key objectives of Kimco's executive compensation program: to promote long-term performance through emphasis on the individual performances and achievements of our executive officers, commensurate with our business results and to successfully

execute our strategy to be the premier owner and operator of neighborhood and community shopping centers through investments primarily in the U.S. This proposal was supported by over 99% of the votes cast in 2014 and 2013. Please see the Compensation Discussion and Analysis, Summary Compensation Table and other compensation tables and disclosures beginning on page 22 of this Proxy Statement for a full discussion of our executive compensation.

This Proxy Statement contains important information regarding the Meeting, the proposals on which you are being asked to consider and vote upon, information you may find useful in determining how to vote, and information about voting procedures. As used in this Proxy Statement, we, us, our, Kimco or the Company refers to Kimco Realty Corporation, a Maryland corporation.

This solicitation is made by the Company on behalf of the Board of Directors of the Company (the Board of Directors). Costs of this solicitation will be borne by the Company. Directors, officers, employees and agents of the Company and its affiliates may also solicit proxies by telephone, fax, e-mail or personal interview. The Company will reimburse banks, brokerage firms and other custodians, nominees and fiduciaries for reasonable expenses incurred by them in sending proxy materials to stockholders. The Company will pay fees of approximately \$9,500 to Alliance Advisors, L.L.C. for soliciting proxies for the Company.

Holders of our common stock, par value \$0.01 per share (Common Stock), at the close of business on March 16, 2015, the record date, may vote at the Meeting. Each stockholder is entitled to one vote for each share of Common Stock held as of the close of business on the record date. At the close of business on the record date there were 412,622,136 shares of Common Stock issued and outstanding. The presence at the Meeting, in person or by proxy, of holders of a majority of such shares will constitute a quorum for the transaction of business at the Meeting.

Stockholders can vote in person at the Meeting or by authorizing a proxy. There are three ways to authorize a proxy to vote your share:

BY TELEPHONE - Stockholders located in the United States can authorize their proxy by telephone by calling 1-800-690-6903 and following the instructions on the proxy card;

Table of Contents

VOTING INSTRUCTIONS

If your shares are held in the name of a bank, broker or other holder of record, you will receive instructions from the holder of record. You must follow the instructions of the holder of record in order for your shares to be voted. Telephone and Internet proxy authorization also will be offered to stockholders owning shares through certain banks and brokers. If your shares are not registered in your own name and you plan to vote your shares in person at the Meeting, you should contact your broker or agent to obtain a legal proxy or broker's proxy card and bring it to the Meeting in order to vote.

If you authorize a proxy to vote your shares, the individuals named on the proxy card or authorized by you by telephone or Internet (your proxies) will vote your shares in the manner you indicate. If you sign and return the proxy card or authorized your proxies by telephone or Internet without indicating your instructions, your shares will be voted as follows:

FOR the election of all nominees for director (see Proposal 1);

FOR the advisory resolution to approve the Company's executive compensation (see Proposal 2);

FOR the ratification of the appointment of PricewaterhouseCoopers LLP as the Company's independent

registered public accounting firm for 2015 (see Proposal 3); and in the discretion of the proxy holder on any other matter that may properly come before the Meeting.

To be voted, proxies must be filed with the Secretary of the Company prior to the Meeting. Proxies may be revoked at any time before exercise at the Meeting (i) by filing a notice of such revocation with the Secretary of the Company, (ii) by filing a later-dated proxy with the Secretary of the Company or (iii) by voting in person at the Meeting. Dissenting stockholders will not have rights of appraisal with respect to any matter to be acted upon at the Meeting.

If you own shares through a broker or other nominee in street name, you may instruct your broker or other nominee as to how to vote your shares (at least ten days prior to the Meeting). A broker non-vote occurs when you fail to provide a broker or other nominee with voting instructions and a broker or other nominee does not have the discretionary authority to vote your shares on a particular matter because the matter is not a routine matter under the New York Stock Exchange (NYSE) rules. Broker non-votes and abstentions will be counted for purposes of calculating whether a quorum is present at the Meeting. The vote required for each proposal is listed below:

	PROPOSAL	VOTE REQUIRED	BROKER DISCRETIONARY VOTING ALLOWED
PROPOSAL 1	Election of eight directors	Majority of the votes cast with respect to a nominee (see pages 10 through 13 for further detail)	No
PROPOSAL 2	Advisory resolution to approve of the Company's executive compensation	Majority of the votes cast on the Proposal	No
PROPOSAL 3	Ratification of auditors for fiscal year 2015	Majority of the votes cast on the Proposal	Yes

With respect to Proposal 1, you may vote FOR all nominees, WITHHOLD your vote as to all nominees, or vote FOR all nominees except those specific nominees from whom you WITHHOLD your vote. A properly executed proxy marked WITHHOLD with respect to the election of one or more directors will not be voted with respect to the director or directors indicated. The nominees receiving a majority of votes cast will be elected as directors (i.e., the number of votes cast for a director must exceed the number of votes withheld for that director).

With respect to Proposals 2 and 3, you may vote FOR, AGAINST or ABSTAIN. If you ABSTAIN from voting on Proposals 2 or 3, the abstention will have no effect because it will not be a vote cast.

Edgar Filing: KIMCO REALTY CORP - Form DEF 14A

VOTE REQUIRED

Nominees for director shall be elected by a majority of the votes cast in person or by proxy at the Meeting. A majority of the votes cast means the affirmative vote of a majority of the total votes cast "for" and "against" such nominee. Withheld votes will be treated as votes against the nominee. For purposes of the election of directors, abstentions and broker non-votes, if any, will not be counted as votes cast and will have no effect on the result of the vote.

THE BOARD OF DIRECTORS OF THE COMPANY RECOMMENDS THAT YOU VOTE "FOR" EACH OF THE NOMINEES SET FORTH IN THIS PROXY STATEMENT.

GENERAL INFORMATION ABOUT THE BOARD OF DIRECTORS

TERM OF OFFICE

All directors of the Company serve terms of one year and until the election and qualification of their respective successors.

ATTENDANCE AT BOARD OF DIRECTORS, COMMITTEE MEETINGS AND 2014 ANNUAL MEETING.

The Board of Directors met eight times in person or telephonically in 2014. Attendance at Board and Committee meetings during 2014 averaged over 99% for directors as a group, and no director attended fewer than 95% of the aggregate of the total meetings of the Board and of the Committees on which each director serves. All of the directors were in attendance at the 2014 Annual Meeting of Stockholders held on May 6, 2014. Our director attendance policy is included in our Corporate Governance Guidelines, which are available on the Company's website located at www.kimcorealty.com and is available in print to any stockholder who requests it.

COMMUNICATIONS WITH DIRECTORS

The Audit Committee and the non-management directors welcome anyone who has a concern about the Company's conduct or policies, or any employee who has a concern about the Company's accounting, internal accounting controls or auditing matters, to communicate that concern directly to the Board of Directors, the Lead Independent Director, the non-management directors or the Audit Committee. Such communications may be confidential or anonymous, and may be submitted in writing to the Board of Directors, the Lead Independent Director or the non-management directors by sending a letter by mail addressed to the Board of Directors, the Lead Independent Director or the non-management directors c/o Secretary of the Company, Kimco Realty Corporation, 3333 New Hyde Park Road, New Hyde Park, NY, 11042-0020. The Board of Directors has designated Richard G. Dooley as its Lead Independent Director to review these communications and present them to the entire Board of Directors or forward them to the appropriate directors. In addition, the Company maintains an Ethics Helpline, as further discussed in the Company's Code of Conduct, which allows employees and contractors to submit concerns anonymously via phone or the Internet.

DIRECTOR INDEPENDENCE

Our Board of Directors has adopted a formal set of categorical independence standards for directors. These categorical standards specify the criteria by which the independence of our directors will be determined, including guidelines for directors and their immediate families with respect to past employment or affiliation with the Company or its independent registered public accounting firm. These categorical standards meet, and in some areas exceed, the listing standards of the NYSE. The Board of Directors' categorical standards are available along with our Corporate Governance Guidelines on the Company's website located at www.kimcorealty.com and is available in print to any stockholder who requests it.

In accordance with these categorical standards and the NYSE listing standards, the Board of Directors undertook its annual review of the independence of its directors on February 4, 2015. During this review, the Board of Directors considered transactions and relationships between each director or members of his or her immediate family and the Company. The Board of Directors also considered whether there were any transactions or relationships between directors or members of their immediate family (or any entity of which a director or an immediate family member is an executive officer, general partner or significant equity holder). The

Table of Contents

purpose of this review was to determine whether any such relationships or transactions existed that were inconsistent with a determination that the director is independent.

As a result of this review, the Board of Directors affirmatively determined that the following nominees for director are independent of the Company and its management under the standards set forth in the categorical standards and the NYSE listing standards:

Philip E. Coviello
Richard G. Dooley
Joe Grills

Frank Lourenso
Colombe M. Nicholas
Richard B. Saltzman

In making these determinations, the Board of Directors considered the relationships and transactions described under the caption Certain Relationships and Related Transactions beginning on page 44.

In addition, none of the directors' family members serves as an executive officer, as defined by Rule 3b-7 under the Securities Exchange Act of 1934, as amended ("executive officer") of the Company.

CORPORATE GOVERNANCE

BOARD LEADERSHIP STRUCTURE

The Board of Directors has separated the roles of the Executive Chairman of the Board of Directors and the CEO in recognition of the differences between the two roles. The CEO is responsible for setting the strategic direction for the Company and the day-to-day leadership and performance of the Company, while the Executive Chairman of the Board of Directors provides guidance to the CEO, establishes the agenda for Board of Directors meetings in consultation with the CEO and presides over meetings of the full Board of Directors. Because Mr. Cooper, the Executive Chairman, is an employee of the Company and is therefore not independent, the Board of Directors has appointed the Chairman of the Nominating and Corporate Governance Committee, Richard G. Dooley, as Lead Independent Director to preside at all executive sessions of non-management directors, as defined under the NYSE Listed Company Manual.

STOCK OWNERSHIP GUIDELINES

The Board of Directors adopted revised stock ownership guidelines in July 2012 for nonemployee directors and executive officers that require each non-employee director and executive officer to own shares of our Common Stock. Under the guidelines, all current non-employee directors must own shares of our Common Stock with a value equal to five times the annual Board of Directors retainer. Executive officers must own shares of our Common Stock with a value equal to a certain multiple of his or her base salary. Our Executive Chairman must own shares of our Common Stock with a value equal to five times base salary, our CEO must own shares of our Common Stock with a value equal to five times base salary, our Chief Operating Officer must own shares of our Common Stock with a value equal to three times base salary, and our Chief Financial Officer must own shares of our Common Stock with a value equal to

two times base salary. Equity interests that count towards the satisfaction of the ownership guidelines include shares owned outright, shares jointly owned, restricted shares and shares held in a 401(k) retirement plan. Directors and executive officers have five years from the date they become a member of the Board of Directors or an executive officer to attain these ownership levels or until December 31, 2014 to meet the ownership levels, whichever is later. All of our directors and executive officers are currently in compliance with the stock ownership requirements.

DIRECTOR CONTINUING EDUCATION

The Company maintains a formal program of continuing education for directors. In 2014, directors participated in customized Company-sponsored sessions on business-related topics, corporate governance matters, SEC rule changes, and other current topics such as cyber security, including issues applicable to particular committees of the Board of Directors. These sessions included detailed presentations on these matters and discussions on each of the covered topics.

CLAWBACK POLICY

The Company may seek repayment of cash and equity incentive compensation paid to NEOs in the event of a material

misstatement of the Company's financial results where an NEO engaged in actual fraud or willful unlawful misconduct that materially contributed to the need to restate. Where the Executive Compensation Committee of the Board of Directors determines that these circumstances exist, the Committee may direct the Company to recover the after-tax portion of the difference between the compensation actually paid or awarded and the compensation calculated using the restated financial statements, based upon the Committee's view of all relevant facts and circumstances and the best interests of the Company.

RISK OVERSIGHT

Our Board of Directors oversees an enterprisewide approach to risk management, designed to support the achievement of organizational objectives, including strategic objectives, to improve long-term organizational performance and enhance stockholder value. A fundamental part of risk management is not only understanding the risks a company faces and what steps management is taking to manage those risks, but also understanding what level of risk is appropriate for the Company. Management is responsible for establishing our business strategy, identifying and assessing the related risks and establishing appropriate risk management practices. Our Board of Directors reviews our business strategy and management's assessment of the related risk, and discusses with management the appropriate level of risk for the Company.

Our Board of Directors administers its risk oversight function with respect to our operating risk as a whole, and meets with management at least quarterly to receive updates with respect to our operations, business strategies and the monitoring of related risks. The Board of Directors also delegates oversight to the Audit, Executive Compensation and Nominating and Corporate Governance Committees to oversee selected elements of risk:

Our Audit Committee selects and engages our independent registered public accounting firm and oversees financial risk exposures, including monitoring the integrity of the financial statements, internal controls over financial reporting and the independence of the independent auditor of the Company. The Audit Committee receives a risk and internal controls assessment report from the Company's internal auditors on at least an annual basis and more frequently as appropriate and assists the Board of Directors in fulfilling its oversight responsibility with respect to compliance with legal and regulatory matters related to the Company's financial statements and meets quarterly with our financial management, independent auditors and legal advisors for updates on risks related to our financial reporting function. The Audit Committee also monitors our whistleblower hot line with respect to financial reporting and other matters and oversees financial, credit and liquidity risk by working with our treasury function to evaluate elements of financial and credit risk and advises on our financial strategy, capital structure and long-term liquidity needs, and the implementation of risk mitigating strategies. Individuals who supervise day-to-day risk in this area have direct access to the Board of Directors, and the Company's Chief Financial Officer meets regularly with our Audit Committee to discuss and advise on elements of risks related to our credit risk and function. The Audit Committee also oversees risk by working with management to adopt and reviewing annually a code of ethics designed to support the highest standards of business ethics.

Our Executive Compensation Committee oversees risk management by participating in the creation of compensation structures that create incentives to support an appropriate level of risk-taking behavior consistent with the Company's business strategy and stockholder interests.

Our Nominating and Corporate Governance Committee oversees governance related risks by working with management to establish corporate governance guidelines applicable to the Company, including recommendations regarding director nominees, the determination of director independence, Board of Directors leadership structure and membership on Board of Directors Committees.

Our Board of Directors and Committees' risk oversight responsibilities are discussed further in Committees of the Board of Directors on the next page.

AUDIT COMMITTEE.

The Audit Committee currently consists of Mr. Coviello who is Chair of the Audit Committee, and Messrs. Dooley, Grills and Lourenso, all of whom are independent directors. Five meetings of the Audit Committee were held in person or telephonically during 2014. Messrs. Coviello, Dooley, Grills and Lourenso are each an audit committee financial expert, as determined by the Board of Directors in accordance with Item 407(d)(5) of Regulation S-K, and Messrs. Coviello, Dooley, Grills and Lourenso are independent from the Company as defined by the current listing standards of the NYSE.

The Audit Committee assists the Board of Directors in fulfilling its oversight responsibilities as related to the Company's risk management processes. The Board of Directors and Audit Committee oversee (i) the integrity of the Company's financial statements and financial reporting process and the Company's systems of internal accounting and financial controls; (ii) the performance of the internal audit function; (iii) the annual independent integrated audit of the Company's consolidated financial statements and internal control over financial reporting, the engagement of the independent registered public accounting firm and the evaluation of the independent registered public accounting firm's qualifications, independence and performance; (iv) policy standards and guidelines for risk assessment and risk management; (v) the Company's compliance with legal and regulatory requirements, including

the Company's disclosure controls and procedures; and (vi) the fulfillment of the other responsibilities set out in the Audit Committee Charter, as adopted by the Board of Directors. The Audit Committee receives regular reports from management regarding the Company's assessment of risks. In addition, the Audit Committee reports regularly to the Board of Directors. The Board of Directors and Audit Committee focus on the Company's general risk management strategy, and also ensure that risks undertaken by the Company are consistent with the business strategies approved by the Board of Directors. While the Board of Directors oversees the Company's risk management, management is responsible for the day-to-day risk management processes and reports directly to both the Board of Directors and Audit Committee on a regular basis and more frequently as appropriate. The Board of Directors believes this division of responsibilities is an effective approach for addressing the risks facing the Company.

The Audit Committee works with management to adopt and reviews annually a code of ethics designed to support the highest standards of business ethics. The Audit Committee operates under a written charter, as amended, adopted by the Board of Directors. A copy of the Audit Committee Charter, as amended, and the Company's Code of Business Conduct and Ethics (Code of Ethics) is available on the Company's website located at www.kimcorealty.com and is available in print to any stockholder who requests it.

EXECUTIVE COMPENSATION COMMITTEE

The Executive Compensation Committee currently consists of Mr. Grills, who is Chair of the Executive Compensation Committee, and Messrs. Coviello, Dooley, Lourenso and Saltzman and Ms. Nicholas, all of whom are independent directors. The Board of Directors has established an Executive Compensation Committee to: (i) evaluate (in consultation with management or the Board of Directors) and recommend to the Board of Directors for approval the compensation plans, policies and programs of the Company, especially those regarding executive compensation; and (ii) determine and recommend to the Board of Directors for approval the compensation of the Chief Executive Officer and all other executive officers of the Company.

More specifically, the Executive Compensation Committee annually reviews and approves corporate goals and objectives relevant to the total direct compensation of the CEO including changes in base salary, bonus payments and equity awards. For other NEOs, the Executive Compensation Committee reviews their performance against these goals and objectives and, based on its evaluation, approves their total direct compensation. The details of the processes and procedures involved are described in the Compensation Discussion and Analysis beginning on page 22.

Five meetings of the Executive Compensation Committee were held in person or telephonically during 2014. The Executive Compensation Committee operates under a written charter adopted by the Board of Directors. A copy of the Executive Compensation Committee Charter is on the Company's website located at www.kimcorealty.com and is available in print to any stockholder who requests it.

The Board of Directors and Executive Compensation Committee, in consultation with the Executive Compensation Committee's independent compensation consultant, Pay Governance LLC (Pay Governance) and management, have reviewed the design and operation of the Company's incentive compensation arrangements, including the performance objectives and target levels used in connection with incentive awards, and evaluated the relationship between the Company's risk management policies and practices and these arrangements. As a result of this review, management has determined, and the Board of Directors has affirmed management's determination, that the Company's compensation policies and practices are not reasonably likely to have a material adverse effect on the Company because they do not encourage the Company's employees to take excessive or unnecessary risks. The Executive Compensation Committee believes that the combination of the Company's (i) balanced approach to compensation, (ii) reliance on a variety of performance measures and (iii) use of both quantitative and qualitative assessments of performance reflected in the Company's compensation program is consistent with

the Company's objectives and risk profile. Accordingly, the performance objectives in the Company's annual incentive compensation plan are balanced with those contained in the Company's long-term incentive compensation plan to ensure that both are aligned and consistent with the Company's long-term business plan. The Company's mix of equity-based awards has been allocated to ensure an appropriate combination of incentive and retention objectives, and the Company has established stock ownership guidelines to ensure that the interests of the Company's executive officers are aligned with the interests of the Company's stockholders.

In reaching its conclusion that the Company's compensation policies and practices do not encourage excessive and unnecessary risk taking, the Executive Compensation Committee considered several factors including salaries, bonuses and equity awards. The Company's benefits and retirement plans are not linked to performance. There is an annual performance-based bonus program for employees that provides a discretionary award based on their respective level in the Company, individual performance and overall Company performance. While the Company's bonus program for its leasing personnel is tied to personal production for new lease deals and renewals, management is comfortable that this bonus opportunity fairly incentivizes leasing personnel without being excessive. In addition, executive bonuses and equity awards are based on certain performance measures (established by the Executive Compensation Committee and management) including, but not limited to, funds from operations, results from operations, contributions from real estate investment programs, other financial considerations, individual performance and enterprise-wide performance. The Company's long-term equity awards consist primarily of performance shares and restricted stock. These awards are intended to further link recipients' interests with stockholder interests. The Company's Executive Severance Plan with its NEOs and certain members of management provides severance protections. Since there are no performance-based aspects of these severance arrangements, and the Company generally retains the ability to terminate an executive for cause without triggering severance, the Executive Compensation Committee does not believe these agreements encourage excessive risktaking. The Executive Compensation Committee believes that it is not overly reliant on any single measure of performance and assesses actual results against each performance measure as well as taking into account overall performance compared to targets. In addition to the quantitative performance measures, the Executive Compensation Committee also assesses the broader business environment and relative performance of the Company to evaluate individual performance. Finally, the Executive Compensation Committee considers changes in the business, industry and capital markets environment in determining compensation policies and

practices.

NOMINATING AND CORPORATE GOVERNANCE COMMITTEE.

The Nominating and Corporate Governance Committee currently consists of Mr. Dooley, who is Chair of the Nominating and Corporate Governance Committee, and Messrs. Coviello, Grills, Lourenso and Saltzman and Ms. Nicholas, all of whom are independent directors. The functions of the Nominating and Corporate Governance Committee include recommending candidates for annual election to the Board of Directors and filling vacancies on the Board of Directors that may arise from time-to-time and senior management succession. The Nominating and Corporate Governance Committee is not limited to any specific process in identifying candidates and will consider candidates suggested by other members of the Board of Directors, as well as candidates recommended by stockholders. Such recommendations should include the name and address and other pertinent information about the candidate as is required to be included in the Company's Proxy Statement. Recommendations should be submitted to the Secretary of the Company. In addition, the Nominating and Corporate Governance Committee is authorized to retain search firms and other consultants to assist it in identifying candidates and fulfilling other duties.

As described in the Company's Corporate Governance Guidelines, consideration is given to assuring that the Board of Directors, as a whole, considers diversity in its broadest sense, including persons diverse in geography, gender and ethnicity as well as representing diverse experiences, skills and backgrounds. We believe a diverse group can best perpetuate the success of the business and represent stockholder interests through the exercise of sound judgment. The Board of Directors and Nominating and Corporate Governance Committee take into account many factors in recommending candidates for a director position. These factors include, but are not limited to, the ability to make independent analytical inquiries; general understanding of marketing, finance, accounting and other elements relevant to the success of a publicly-traded company in today's business environment; understanding of the Company's business on a technical level; other board service and educational and professional background. In addition, each candidate nominee must possess fundamental qualities of intelligence, honesty, good judgment, high ethics and standards of integrity, fairness and responsibility. The Board of Directors and the Nominating and Corporate Governance Committee evaluate each individual candidate by considering all appropriate factors as a whole. The Company's approach favors active deliberation rather than using rigid formulas to assign relative weights to these factors. Following the end of each fiscal year, the Nominating and Corporate Governance

Committee establishes the criteria for and conducts an annual assessment of the performance of the Board of Directors with respect to these factors. Consideration of other corporate governance principles or modifications of such principles may also be discussed at that time.

The Nominating and Corporate Governance Committee is also responsible for ensuring that the Company adheres to good corporate governance principles and for developing and implementing the Company's Corporate Governance Guidelines that apply to all of its directors and management. The Nominating and Corporate Governance Committee is also charged with the task of ensuring the Company's compliance with all NYSE listing requirements. Four meetings of the Nominating and Corporate Governance Committee were held in person or telephonically during 2014. The Nominating and Corporate Governance Committee operates under a written charter adopted by the Board of Directors. Copies of the Nominating and Corporate Governance Committee charter and the Corporate Governance Guidelines, are available on the Company's website located at www.kimcorealty.com and are available in print to any stockholder who requests it.

The Nominating and Corporate Governance Committee is responsible for reviewing the leadership structure of the Board of Directors. As part of this review, the Committee evaluates (i) whether to have a Lead Independent Director, (ii) the responsibilities of the positions of Chairman of the Board of Directors and Lead Independent Director, and (iii) the qualifications for those positions, including whether the position of Chairman of the Board of Directors should be held by the CEO, an independent director, or a non-independent director other than the CEO. The Committee makes its recommendation to the full Board of Directors, which is responsible for approving the leadership structure of the Board of Directors. The Board of Directors has named Richard G. Dooley as its Lead Independent Director. In this capacity, Mr. Dooley is designated to chair executive sessions of the Company's Non-Management Directors and to act as a liaison between management and other independent directors.

MEETINGS OF NON-MANAGEMENT DIRECTORS.

The Non-Management Directors meet in executive session at each in-person Board of Directors meeting, and more frequently if necessary. COMPENSATION DISCUSSION & ANALYSIS

INTRODUCTION

We pay our NEOs using salary, annual incentive and equity awards. We seek to pay our NEOs in a way that encourages long-term increases in stockholder value and long-term employee retention. We also recognize that our NEO pay must compete with what comparable employers pay. For 2014, our NEOs were:

Milton Cooper, Executive Chairman of the Board of Directors;
David B. Henry, Vice Chairman of the Board of Directors and Chief Executive Officer;
Conor C. Flynn, President, Chief Operating Officer and Chief Investment Officer; and
Glenn G. Cohen, Executive Vice President, Chief Financial Officer and Treasurer.

Our Board of Directors has an Executive Compensation Committee (the Committee) that administers and monitors what and how we pay our NEOs and other executives. The Committee held five meetings in person or by phone during 2014. The Committee is comprised of Joe Grills (Chairman), Philip E. Coviello, Richard G. Dooley, Frank Lourenso, Colombe M. Nicholas and Richard B. Saltzman. We encourage feedback from our stockholders regarding our executive compensation program. In 2014, over 99% of the votes cast (i.e., excluding abstentions and broker non-votes) in our Say-on-Pay advisory vote approved the proposal.

Our senior management team worked in 2014 to strategically position Kimco for long-term performance by focusing their efforts on strengthening our portfolio, maintaining our capital and liquidity positions, and operating competitively. Our compensation decisions in 2014 emphasized rewarding corporate / financial performance and individual performances and achievements of our NEOs, commensurate with our business results, to successfully execute our strategy to be the premier owner and operator of neighborhood and community shopping centers through investments primarily in the U.S.

EXECUTIVE SUMMARY

Kimco Realty Corporation is one of the nation's largest owners and operators of neighborhood and community shopping centers, measured in GLA. As of December 31, 2014, the Company had interests in 754 shopping center properties aggregating 109.5 million square feet of GLA and 533 other

property interests, primarily through the Company's preferred equity investments and other real estate investments, totaling 11.7 million square feet of GLA, for a grand total of 1,287 properties aggregating 121.2 million square feet of GLA, located in 41 states, Puerto Rico, Canada, Mexico and Chile.

2014 BUSINESS HIGHLIGHTS

We were able to deliver improved financial results and make progress on our business development strategies. Highlights of the 2014 fiscal year included:

Increased funds from operations (FFO) (non-GAAP) to \$1.45 per diluted share for the year ended December 31, 2014 from \$1.35 per diluted share for the year ended December 31, 2013. See Annex A starting on page 52 for the definition of FFO and a reconciliation of net income to FFO.

Achieved FFO as adjusted (non-GAAP) of \$1.40 per diluted share for the full year 2014, representing a 5.3% increase over 2013 FFO as adjusted of \$1.33 per diluted share. See Annex A starting on page 52 for the definition of FFO as adjusted and a reconciliation of net income to FFO as adjusted.

Disposed of 91 consolidated and unconsolidated properties in the U.S. for an aggregate gross sales price of \$1 billion.

Executed over \$2.25 billion of financing transactions during 2014 which amount was primarily used for the refinancing and repayment of debt resulting in savings of approximately \$12.9 million annually.

Substantially liquidated the Company's investment in Mexico and Peru during 2014, with 41 properties sold in 2014 encompassing five major portfolios for an aggregate gross sales price of \$622.3 million.

EXECUTIVE COMPENSATION

AND CORPORATE GOVERNANCE HIGHLIGHTS

Our compensation philosophy and corporate governance standards are designed to align executive compensation with long-term stockholder interests:

We maintain a majority vote for the election of directors (uncontested elections), and we have no supermajority voting requirements.

The leadership structure of our Board of Directors consists of an Executive Chairman, a Vice Chairman (who is also our CEO), a Lead Independent Director, who is elected by the independent directors, and knowledgeable committee chairs with appropriate experience.

The Committee's independent compensation consultant, Pay Governance, is retained directly by the Committee and performs no other services for management.

The Committee conducts continuous reviews of our compensation strategy, including a review of our compensation-related risk profile so that our compensation-related policies and programs do not create risks that are reasonably likely to have a material adverse effect on the Company.

A significant portion of our NEOs' pay is performance based. For example, in 2014, 75% of the CEO's total compensation is linked directly to the Company's performance and 80% of annual long-term incentive opportunities for all NEOs were delivered in performance-based equity awards in the form of performance shares.

We have stock ownership guidelines for our NEOs and directors. As of December 31, 2014, each of the NEOs and directors who were employed with us satisfied his or her individual stock ownership level. See "Corporate Governance" "Stock Ownership Guidelines" on page 15 for more information.

We maintain a formal program of continuing education for directors. In 2014, directors participated in customized Company-sponsored sessions on business-related topics, corporate governance matters, SEC rule changes, and other current topics such as cyber security, including issues applicable to particular committees of the Board of Directors.

Our Board of Directors has a policy prohibiting our NEOs and members of the Board of Directors from engaging in any hedging transactions with respect to equity securities of the Company held by them, which includes the purchase of any financial instrument (including prepaid variable forward contracts,

equity swaps, collars and exchange funds) designed to hedge or offset any decrease in the market value of such equity securities.

The Company has a policy that limits the pledging of shares to 25% of the value of holdings above the stock ownership requirements for our NEOs and members of the Board of Directors effective December 31, 2014.

The Company adopted a clawback policy as further described on page 15.

We maintain an executive severance plan with a double trigger change in control arrangement that covers our NEOs and certain other members of the Company's senior management. The executive severance plan does not provide for any gross-up payments for Parachute Payment Taxes (as defined below).

COMPENSATION **DISCUSSION & ANALYSIS**

STOCKHOLDER SAY ON-PAY VOTES

At our 2014 Annual Meeting of Stockholders, we provided our stockholders with the opportunity to cast an advisory vote on executive compensation, and in future years we expect such advisory vote will occur annually. Over 99% of the votes cast (i.e., excluding abstentions and broker non-votes) on this Say-on-Pay vote were voted in favor of the proposal. We have considered the results of the 2014 vote and believe the support of our stockholders for the proposal indicates that our stockholders are supportive of our approach to

executive compensation, including the ratio of performance based compensation to all other compensation, the ratio of performance-based equity compensation to time-based equity compensation, and the integrity of our peer group. Thus we did not make changes to our executive compensation arrangements in response to the vote. In the future, we will continue to consider the outcome of our Say-on-Pay votes when making compensation decisions regarding our NEOs.

ELEMENTS OF OUR EXECUTIVE COMPENSATION PROGRAM

Our executive compensation program provides pay-for performance compensation that we believe is aligned with the interests of our stockholders and is designed to continue to attract, retain and appropriately motivate our key employees who drive long-term value creation. The following graph shows the correlation between our net income, FFO as adjusted, Retail EBITDA as adjusted, and FFO as adjusted per diluted share, and the total compensation we paid to our CEO during the last five fiscal years, based on the amounts reported in the summary compensation tables of our proxy statements

for these years. FFO as adjusted, Retail EBITDA as adjusted, and leverage, calculated from debt to total assets, defined as consolidated debt plus JV pro rata share of debt divided by the total gross consolidated assets and JV share of pro rata gross assets, are the metrics used in our annual incentive program, ensuring that pay and performance, as measured in our executive compensation program, are aligned. See Annex A starting on page 52 for reconciliations of net income to FFO as adjusted, and to Retail EBITDA as adjusted.

* The Total Compensation for FY2011 does not include Mr. Henry's unrestricted award of 75,000 shares of the Company's Common Stock which was awarded to Mr. Henry upon achieving his 10 year anniversary at the Company, pursuant to his original 2001 employment agreement.

Table of Contents**COMPENSATION DISCUSSION & ANALYSIS**

The component parts of our executive compensation program are:

COMPENSATION COMPONENT	PURPOSE/KEY CHARACTERISTICS
Base Salary	Goal Provide fixed compensation giving a measure of certainty and predictability. Determined based on individual qualifications and experience, scope of responsibilities, future potential, the goals and objectives established for each NEO, past performance and the practices of the Company's peer group. Reviewed annually by the Board of Directors and the Committee and subject to change.
Performance-Based Annual Bonus	Goal Motivate NEOs based on the Company's corporate / financial performance and the NEO's individual performance for the fiscal year. Targets are determined by the Committee and based on meeting an achievement level of 100% of the Company's corporate / financial performance (36% based on actual FFO as adjusted per diluted share, compared to target FFO as adjusted per diluted share (Target FFO), for the fiscal year; 12% based on actual retail EBITDA as adjusted, compared to target retail EBITDA as adjusted (Target EBITDA), for the fiscal year; and 12% based on actual leverage compared to target leverage (Target Leverage) for the fiscal year) and the NEO's individual performance targets (40%) against, among other factors, specific quantitative and qualitative goals as further discussed starting on page 30 for the fiscal year. Reviewed annually by the Committee and subject to change.
Performance Shares	Goal Equity incentive for NEOs linked to Company's performance to encourage alignment with stockholders and long-term retention. Approximately 80% of the value of the annual equity incentive is awarded in the form of performance shares. Earned shares are issued based on the Company's total stock holder return in a performance year relative to NAREIT retail peers as further discussed starting on page 28.
Time-Vesting Restricted Stock	Goal Equity incentive for NEOs encouraging alignment with the Company's stockholders and long-term retention. Approximately 20% of the value of the annual equity incentive is awarded in the form of restricted stock. Restricted stock vests ratably over four years.

COMPENSATION DISCUSSION & ANALYSIS

Consistent with our executive compensation program, the significant majority of the total compensation for our CEO, Mr. Henry, and all other NEOs, for 2014 was incentive-based, commensurate with business results, and at risk unless such business results were achieved, as illustrated below.

* Amounts are based on the Summary Compensation Table on page 36.

⁽¹⁾ Includes 100,000 shares of restricted stock valued at \$2,216,000 awarded to Mr. Flynn in connection with his appointment as President.

BASE SALARY

In determining our NEOs' base salaries, the Committee considered each NEO's scope of responsibilities, individual qualifications and experience, future potential, past performance and the practices of our peer group, without applying a quantitative formula. We did not seek a specific target within our peer group. Base salary increases, if any, are effective January 1 and are based upon the performance of each NEO as assessed and approved by the Board of Directors and Committee. No formulaic base salary increases

are provided to the NEOs, and other forms of compensation are generally used to reward overall Company performance or exceptional performance of a particular NEO.

Mr. Cooper received a base salary of \$750,000 in 2014.

Mr. Henry received a base salary of \$800,000 in 2014.

Mr. Flynn received a base salary of \$625,000 in 2014.

Mr. Cohen received a base salary of \$625,000 in 2014.

ANNUAL INCENTIVE PLAN

Under our executive compensation program, each NEO is eligible to receive an annual cash bonus based on the Company's corporate / financial performance compared to targets and such NEO's individual performance against specific quantitative and qualitative goals as further discussed starting on page 30. For each NEO's annual bonus opportunity for 2014, 60% was based on the Company's corporate / financial performance for the performance year compared to targets as measured by the Company's (1) FFO as adjusted per diluted share for the performance year compared to

Target FFO, (2) retail EBITDA as adjusted compared to Target EBITDA and (3) leverage compared to Target Leverage, and 40% was based on individual NEO performance against specific quantitative and qualitative goals as discussed starting on page 30 and as evaluated by the Committee. The table on the next page shows the percent of the Total Annual Target Bonus each NEO would receive based on achievement of threshold, target and maximum levels for corporate / financial performance and individual performance.

Table of Contents**COMPENSATION DISCUSSION & ANALYSIS**

Performance Criteria	Annual Incentive Component Earned as Percent of the Total Annual Target Bonus ⁽¹⁾		
	Threshold	Target	Maximum
Corporate / Financial Performance	30%	60%	90%
	Threshold level achieved if 90% of target measures are attained		
	Target level achieved if 100% of target measures are attained		
	Maximum level achieved if 110% of target measures are attained		
Individual Performance	10%	40%	60%
	Evaluation of individual NEO performance by the Executive Compensation Committee		
Total Annual Bonus Paid	40%	100%	150%

⁽¹⁾ The annual bonus is interpolated between the threshold and target, and target and maximum performance levels.

The table on page 28 shows the target bonus and the bonus actually earned in 2014 for each NEO. In establishing the target bonuses, we considered the responsibilities of each NEO, Mr. Henry's recommendations, and the peer group practices discussed in Comparison to Competitive Market. The Committee awarded 2014 bonuses based on the following analysis of our corporate / financial performance and each NEO's individual performance:

CORPORATE / FINANCIAL PERFORMANCE.

In 2014, the Company's Target FFO was \$1.38 on a diluted per share basis, Target EBITDA was \$956 million and Target Leverage was 45%. After the Committee considered the Company's actual 2014 FFO as adjusted, retail EBITDA as adjusted and leverage, the Committee's payout for the corporate financial incentive was based on an achievement of 101.4%, 102.1% and 102.7% of Target FFO, Target EBITDA and Target Leverage, respectively which resulted in a payout for the corporate financial incentive of 65.4% of each NEO's 2014 total target bonus.*

*The corporate financial incentive is calculated as follows: If the Company achieves its target level of 100% of each of the financial measures based upon the percentage weighting of 60% FFO as adjusted, 20% retail EBITDA as adjusted, and 20% leverage, then the base corporate financial incentive paid is 60% of the NEO's total target bonus. In 2014, the company achieved 101.4%, 102.1%, and 102.7% of the three measurements respectively, exceeding the 60%

target by 541 basis points. Interpolating linearly between target and maximum performance levels resulted in a payout of 109.02% of the target incentive. Calculation: $(65.41\% / 60\%) = 109.02\%$.

INDIVIDUAL PERFORMANCE.

The Committee's evaluation of each NEO's individual performance against, among other factors, specific quantitative and qualitative goals is detailed below in Analysis of Each NEO's Compensation as further discussed starting on page 30. In general, in determining each NEO's achievement compared to target, the Committee considered each NEO's scope of responsibilities, individual qualifications and experience, performance in 2014 and the practices of our peer group, without applying a quantitative formula. In 2014, the Committee also considered the NEOs' efforts to successfully refocus the Company on its core assets and business amidst continuing economic challenges and uncertainties. The Committee agreed to award each NEO individual performance bonuses of approximately 115% to 150% of each NEO's 2014 individual performance target bonus.

CALCULATION OF TOTAL 2014 BONUS.

The bonuses actually received by each NEO are determined by adding the corporate / financial performance bonus and the individual performance bonus together. Thus, each NEO earned a total 2014 bonus of approximately 111% to 126% of the 2014 target bonus.

David B. Henry	\$875,000	\$974,855

LONG-TERM INCENTIVE PLAN

The Company maintains a long-term incentive plan pursuant to which the Company makes annual equity-based compensation awards to the NEOs. The target number of performance shares underlying the long-term incentive equity awards were established in February 2014 for the calendar year 2014. In establishing the equity awards, we considered the qualitative factors discussed in

Analysis of Each NEO's Compensation, Mr. Henry's recommendations, and peer group practices discussed in Comparison to Competitive Market. We also used our business judgment to determine appropriate equity compensation to recognize the potential of our executive officers for our business and retain our executive officers for the long term.

Approximately 20% of the value of the equity awards is awarded in the form of time-vesting restricted stock eligible to vest in 25% increments on each of the first, second, third and fourth anniversaries of the grant date. Mr. Flynn was awarded 100,000 shares of restricted stock at the time he was appointed President of the Company which vest in 20% increments on each of the first, second, third, fourth and fifth anniversaries of the grant date. For 2014, the time-vesting awards were granted under the Company's 2010 Equity Participation Plan, as such plan may be amended from time to time (the 2010 Equity Participation Plan). The actual time-vesting awards granted are set out in the Grants of Plan-Based Awards for 2014 table on page 37.

Approximately 80% of the value of the equity awards is awarded in the form of performance shares. Beginning in 2014, the Company began transitioning its performance share awards to a three-year performance period. The performance

shares granted in 2014 permit the NEOs to earn vested shares of the Company's Common Stock based on the Company's total stockholder return compared to peers listed in the NAREIT Retail Index over one-year, two-year and three-year performance periods, each of which commences with the year of grant, and also include the right to receive, if and when the underlying shares are earned, the equivalent value (paid in shares without interest) of dividends declared on the earned shares following issuance of the performance shares and before issuance of any earned stock. The 2014 performance shares provide a target number of shares that may be earned in each performance period if the Company's total shareholder return for the period equals the 50th percentile of its peers listed in the NAREIT Retail Index. One third of the total target number of shares subject to each NEO's 2014 performance share award is allocated to each performance period. The number of performance shares actually earned for a performance period may range between a threshold of 50% of the target number of shares if the Company's total shareholder return for the period is at least in the 25th percentile of its peers listed in the NAREIT Retail Index and a maximum of 150% of the target number of shares for the period if the Company's total shareholder return for the period equals or exceeds the 75th percentile of its peers listed in the NAREIT Retail Index. Linear interpolation is used to determine the shares earned for a performance period where the Company's total shareholder return falls between the threshold, target and maximum percentile levels. If the Company's total stockholder return for a performance is less than the threshold level, no performance shares are earned or issued for the period.

COMPENSATION **DISCUSSION & ANALYSIS**

ANALYSIS OF EACH NEO'S COMPENSATION

The Committee considers each of the NEO's quantitative and qualitative performance factors as a whole in determining each NEO's salary and the individual performance component of each NEO's annual bonus. Individual members of the Committee may give different weights to different factors. We also consider our CEO's evaluation of our individual executives' performance and his recommended set of compensation actions for all NEOs. The Committee uses its business judgment to determine appropriate compensation in order to recognize the contributions and potential of our executives.

MILTON COOPER

Mr. Cooper serves as the Company's Executive Chairman of the Board of Directors and in 2014 earned total compensation as set forth in the Summary Compensation Table below.

For Mr. Cooper, the following individual performance factors were considered in determining his compensation:

Supported executive management in overseeing portfolio transformation through the disposition of 91 consolidated and unconsolidated properties in the U.S. totaling 9.6 million square feet with an aggregate gross sales price of \$1 billion, and the acquisition of 63 properties at an aggregate gross transaction value of \$1.4 billion, 34 of which included the acquisition of joint venture partner interests as part of the company's simplification strategy.

Continued oversight of an additional 52 U.S. dispositions, which were under contract or letter of intent in 2014 to be sold in 2015, along with a contract for Kimco to acquire Blackstone's two-thirds interest in a 39 property joint venture.

Further executed the Company's simplification strategy by reducing the number of Kimco joint ventures by 11, resulting in a reduction of 17 joint venture partners. Consequently, the number of properties in joint ventures during 2014 declined by 75 during 2014, from 412 to 337.

Guided senior management in expanding plus business, which includes a significant unrealized gain in excess of \$45 million in the SuperValu common stock investment at year-end 2014, closing on the Safeway/Albertson transaction, negotiating to acquire a fee under ground lease position from NAI, and securing a substantial gain on the sale of ten stores in a joint venture with Schottenstein.

Supported efforts in the continued pursuit of the company's strategy to exit Latin America, substantially liquidating the Company's Mexico and Peru investments.

Enhanced investor and analyst relationships by participating in NAREIT meetings, sell side REIT conferences, major investor meetings, and meetings with many individual stockholders and prominent REIT analysts.

Continued to mentor Kimco's President, Chief Operating Officer and Chief Investment Officer and others on the executive management team and demonstrated a team-focused approach in continuing to identify and execute on value creation opportunities.

Chaired weekly Investment Committee meetings and regular strategy discussions with senior management.

Collaborated with the Chief Executive Officer to review the Board of Directors' continued enhancement of the Company's strategy and risk policies and procedures.

Supported continued growth of the plus business within the retail sector by building and increasing the number of relationships with private equity funds and large real estate investors.

Directed the creation and implementation of an effective long term strategy to deal with growing e-commerce and internet sales, by focusing on leasing to Internet resistant retailers such as restaurants and service businesses and creating more entertainment and event driven shopping centers by adding movie theaters, health clubs, restaurants, and social activities.

Participated in executing the Company's strategy of transformation, simplification, and redevelopment by reducing joint ventures, enhancing redevelopment efforts, exiting non-core markets, and creating a Tier 1 portfolio with outsize growth potential.

Executed disposition strategy by creating a disposition pipeline to expedite approvals, working with regions to assign brokers to track bid process and creating packages to help expedite the disposition of Tier 2 properties, which resulted in the disposition of 91 consolidated and unconsolidated properties in the

U.S. for an aggregate gross sales price of \$1 billion.

Collaborated with the senior management team to acquire 63 shopping centers primarily located in our key markets, including the buyout of joint venture partners' interests, for an aggregate gross transaction value of \$1.4 billion.

COMPENSATION [DISCUSSION & ANALYSIS](#)

COMPARISON TO COMPETITIVE MARKET

We review competitive compensation data from a select group of peer companies and broader survey sources. However, we do not set our NEO pay as a direct function of market pay levels. Instead, we use market data to help confirm that our pay practices are reasonable. Using this data and NAREIT comparison data supplied by the Company, Pay Governance conducted survey data analysis and provided comment and analysis regarding our peer group. At the

Committee's request, Pay Governance prepared an annual report summarizing the Company's peer group, market data and peer group methodology as well as Pay Governance's findings and recommendations. This report was discussed with the Committee in early 2014. As a primary reference, Pay Governance gathered proxy pay data for the following REITs with market capitalizations comparable to ours and with whom we compete for executive talent.

AvalonBay Communities Inc.
Boston Properties Inc.
Brookfield Properties Corp.
CBL & Associates Properties, Inc.
DDR Corp.
Duke Realty Corp.
Equity One
Equity Residential
Federal Realty Investment Trust
General Growth Properties, Inc.

Marriott International Inc.
Prologis
Public Storage
Realty Income Corp.
Regency Centers Corp.
SL Green Realty Corp.
The Macerich Company
Ventas Inc.
Weingarten Realty Investors

The Committee considered the Pay Governance information as an input in its decision making process for determining our NEOs compensation. Pay Governance reported directly to the Committee and provided no other services besides executive compensation services to the Company.

The Committee considered whether Pay Governance's work providing information that the Committee uses when determining compensation for the Company's NEOs and other executive officers raises any conflicts of interest and determined that no conflicts of interest exist.

ADDITIONAL COMPENSATION CONSIDERATIONS

[LONG-TERM INCENTIVES](#) [EQUITY AWARDS](#)

Our NEOs are eligible to retire at the earlier of age 65 or 20 years of service to the Company and their equity awards (excluding retention awards) would vest immediately upon retirement. Messrs. Cooper and Henry are currently eligible to retire from the Company. We do not maintain special pension plans for our NEOs because we believe this accelerated vesting offsets the lack of such plans. The Committee may accelerate equity vesting upon an employee's termination at its discretion.

If an NEO holding restricted stock is terminated prior to vesting for reasons other than death, disability, retirement, without cause or change of control, the employee would forfeit the unvested stock. Prior to vesting, recipients of this restricted stock may vote the shares and also receive dividends.

[EXECUTIVE SEVERANCE PLAN](#) [DOUBLE-TRIGGER](#) [CHANGE IN CONTROL SEVERANCE ARRANGEMENT](#) On March 15, 2010, the Executive Compensation Committee adopted the Kimco Realty Corporation Executive Severance Plan, as amended from time to time (the "Severance Plan") pursuant to which our NEOs and certain other members of the Company's senior management, are eligible for severance payments if the covered executive's employment is terminated by the Company without

Edgar Filing: KIMCO REALTY CORP - Form DEF 14A

Cause or, following a change in control, by the executive for Good Reason (each as defined in the Severance Plan), subject to the terms and conditions described in the Severance Plan. Upon a covered termination of employment, a participant will receive two times the sum of (a) the participant's annual base salary and (b) the amount of the participant's annual bonus received in the prior year, payable in equal installments over the two years following the termination or in a lump sum if the termination

occurs within two years following a change in control. The participant will also receive eighteen months of continued participation in the Company's health insurance plans or successor plans (running concurrently with the COBRA period) and accelerated vesting of all unvested stock options, restricted stock awards and performance awards. In certain circumstances, if a participant would otherwise have incurred excise taxes under Section 4999 of the Internal Revenue Code (Parachute Payment Taxes), his or her payments will be reduced to the safe harbor amount, such that no such excise taxes would be due. The Severance Plan does not provide for any gross-up payments for Parachute Payment Taxes incurred by any participant.

Mr. Henry agreed, effective as of March 14, 2013, that the bonus component of his severance pursuant to the Executive Severance Plan shall be based on the average actual bonus he received in the three years immediately prior to the year in which the termination occurs. Mr. Cooper does not participate in the Company's Severance Plan.

RETIREMENT PLANS

We maintain a 401(k) retirement plan (the 401(k) Plan) in which substantially all employees, including our NEOs, are eligible to participate. The 401(k) Plan permits participants to defer up to a maximum of 100% of their eligible base salary compensation, up to the federal limit. The Company currently makes matching contributions on a dollar-for-dollar basis to all employees contributing to their 401(k) accounts and who have completed one year of employment with the Company, of up to 5% of the employee's base salary compensation (and subject to a maximum of \$8,500 for highly compensated employees). Participants in the 401(k) Plan are not subject to federal and state income tax on salary deferral contributions or Company contributions or on the earnings thereon until such amounts are withdrawn from the 401(k) Plan. Salary reduction contributions are treated as wages subject to FICA and Medicare tax. Withdrawals from the 401(k) Plan may only be made upon termination of employment, or in connection with certain provisions of the 401(k) Plan that permit hardship withdrawals, allow in-service distributions and loans, or require minimum distributions. The 401(k) Plan also includes a Roth 401(k) feature which enables participants to defer some or all of their 401(k) contributions on an after-tax rather than pre-tax basis, allowing for tax-free (federal and most state) distributions on both participant contributions and related earnings at retirement. Generally, participation in the Roth 401(k) allows for tax free distributions if the Roth account has been in place for 5 years and the participant has attained age 59 ½. We do not maintain any other retirement plans for our NEOs or employees. The Company does not provide any pension benefits or any nonqualified deferred compensation to its NEOs or employees.

TAX AND ACCOUNTING CONSIDERATIONS

The recognition or deferral of period expense in our financial statements did not factor into the allocation of compensation among base salary, bonus and equity awards. Cash salary and bonus are charged as an expense in the period in which the amounts are earned by the NEO. The value of equity awards are amortized ratably into expense over the vesting period, except for the value of equity awards granted to our NEOs eligible for retirement, which were expensed immediately in the periodic financial statements as of the grant date in accordance with Financial Accounting Standards Board Accounting Standards Codification (FASB ASC) 718, which requires immediately expensing of equity awards of employees eligible for retirement.

Section 162(m) of the Internal Revenue Code generally places a \$1 million annual limit on the amount of compensation paid to each of the Company's NEOs who were officers on the last day of the relevant taxable year other than its Chief Financial Officer that may be deducted by the Company for federal income tax purposes unless such compensation constitutes qualified performance-based compensation which is based on the achievement of pre-established performance goals set by a committee of the Board of Directors pursuant to an incentive plan that has been approved by the Company's stockholders. The 2010 Equity Participation Plan provides that certain awards made thereunder may, in the discretion of the plan administrator, be structured in a manner intended to qualify for the qualified performance-based compensation exception to the \$1 million annual deductibility limit of Section 162(m).

Other provisions of the Internal Revenue Code can also affect compensation decisions. Section 409A of the Internal Revenue Code, which governs the form and timing of payment of deferred compensation, imposes sanctions, including a 20% penalty and an interest penalty, on the recipient of deferred compensation that does not comply with Section 409A. The Committee takes into account the implications of Section 409A in determining the form and timing of compensation awarded to our executives and strives to structure any nonqualified deferred compensation plans or arrangements to be exempt from or to comply with the requirements of Section 409A.

Section 280G of the Internal Revenue Code disallows a company's tax deduction for payments received by certain individuals in connection with a change in control to the extent that the payments exceed an amount approximately three times their average

annual compensation, and Section 4999 of the Internal Revenue Code imposes a 20% excise tax on those payments. The Committee takes into account the implications of Section 280G in determining potential payments to be made to our executives in connection with

COMPENSATION DISCUSSION & ANALYSIS

a change in control. Nevertheless, to the extent that certain payments upon a change in control are classified as excess parachute payments, such payments may not be deductible pursuant to Section 280G.

PERQUISITES

We do not believe we treat our NEOs materially differently from our other senior employees with respect to perquisites. We provided the following perquisites to our NEOs in 2014:

We provided Messrs. Cooper and Henry with the use of a car and driver to travel for Company business. Other employees may use these cars for Company business when these cars are not in use by the above mentioned NEOs. We also provided Mr. Flynn with the use of a car to conduct his duties as an executive officer of the Company. Each such NEO may use the car without a driver for personal use. In 2014, Mr. Cohen received a car allowance in the amount of \$10,920.

We provide certain of our officers and senior executives (including all NEOs) a limited long-term care benefit of \$3,500 per month as part of a group policy. These individuals may elect to purchase additional long-term care insurance at their own cost.

Based on that review and those discussions, the Committee has recommended to the Company's Board of Directors that the Compensation Discussion and Analysis be included in the Proxy Statement.

⁽¹⁾ Amounts reflect the compensation cost to the Company in 2014, 2013, and 2012 of the equity awards based on the aggregate grant date fair value calculated in accordance with the provision of FASB ASC 718. Fair value is determined, depending on the type of award, using the closing price on the date of grant or the Monte Carlo method, both of which are intended to estimate the fair value of the awards at the grant date. The assumptions used by the Company in calculating these amounts are incorporated herein by reference to Note 20 to Consolidated Financial Statements in the Company's Annual Report on Form 10-K for the year ended December 31, 2014 (the "2014 Form 10-K"). The maximum possible value of the 2014 performance shares, based on the closing price per share of our Common Stock on the date they were granted, was as follows: \$1,555,826 for Mr. Cooper; \$1,739,264 for Mr. Henry; \$1,263,684 for Mr. Flynn and \$1,263,684 for Mr. Cohen. The value of awards granted to the NEOs in 2014 is reflected on the 2014 Grants of Plan-Based Awards table on the next page.

⁽²⁾ The Company provided Messrs. Cooper and Henry with the use of a car and driver to travel for Company business. Other employees may use these cars for Company business when these cars are not in use by the above mentioned NEOs. The Company also provided Mr. Flynn with the use of a car to conduct his duties as an executive officer of the Company. Each such NEO may use the car without a driver for personal use. Mr. Cohen received a car allowance in the amount of \$10,920 for the year 2014. The NEOs' drivers are employees who have additional responsibilities at the Company. In 2014, the Company calculated the cost of this perquisite by prorating the cost of each employee's base salary to reflect the amount of each employee's time used driving the NEOs for personal commuting. The Company also included the pro-rated value of the NEOs' cars in the cost of the perquisite. Accordingly, the aggregate incremental cost of this perquisite to the Company in 2014 for Messrs. Cooper, Henry and Flynn was \$18,195, \$8,464 and \$14,166 respectively. The policy on the use of the cars for 2014, 2013, and 2012 is outlined below:

the cars and drivers were available, when not in use by the foregoing executive officers, for other employees conducting Company business; these services were also available under certain circumstances to third parties involved in Company business at the Company's New Hyde Park location;

the cars and drivers were used from time to time for deliveries and other transportation of documents or other materials; and

the cars were available to these officers with drivers for commuting and business related travel and without drivers for personal use.

⁽³⁾ The Company's policy on paid time off provides employees having attained 10 years of service one week of pay in lieu of one additional week of paid time off annually. Messrs. Flynn and Cohen each received such payment in the amount of \$12,019. Messrs. Cooper and Henry are excluded from this paid time off benefit.

⁽⁴⁾ Amounts reflect the compensation cost to the Company in 2014 of the option based on the aggregate grant date fair value calculated in accordance with the provision of FASB ASC 718. The fair value of the option is estimated on the date of grant using the Black-Scholes option pricing formula. The assumptions used by the Company in calculating these amounts are incorporated herein by reference to Note 20 to Consolidated Financial Statements in the Company's 2014 Form 10-K.

⁽¹⁾ All awards are granted under the 2010 Equity Participation Plan.

⁽²⁾ Each of the NEOs received a time-vesting restricted stock award. The table represents restricted stock awards granted on February 13, 2014 under the 2010 Equity Participation Plan. All restricted stock awards vest in 25% increments on each of the first, second, third, and fourth anniversaries of the grant date.

The assumptions used by the Company in calculating these amounts are incorporated herein by reference to Note 20 to Consolidated Financial Statements in the Company's 2014 Form 10-K.

⁽⁴⁾ The actual payout amounts are set out in the Summary Compensation Table.

⁽⁵⁾ The earned shares for the 2014 performance period are set out in the 2014 Performance Share Awards Table.

⁽⁶⁾ In 2014, Mr. Flynn was awarded 100,000 shares of restricted stock, which vest in 20% increments on each of the first, second, third, fourth and fifth anniversaries of the grant date, in connection with his appointment as President.

EMPLOYMENT AGREEMENTS

The Committee determined in 2010 to discontinue use of individual employment agreements with the Company's executive officers.

**POTENTIAL
PAYMENTS UPON
TERMINATION OR
CHANGE IN
CONTROL**

Please see "Additional Compensation Considerations," "Executive Severance Plan," "Double-Trigger," "Change in Control Severance Arrangement," above for a discussion of certain compensation and benefits which our NEOs would receive upon a termination or change in control. None of the NEOs have "single trigger" arrangements that entitle them to benefits solely due to a change in control. However, upon a change in control, our performance share awards would be evaluated based on a shortened performance period ending on the date of the change in control, and any resulting restricted stock as well as any other unvested shares of restricted stock would, if not assumed in the change in control, automatically vest in full.

ASSUMED TERMINATION WITHOUT CAUSE

The following table was prepared as though each of the NEOs had been terminated without Cause on December 31, 2014. The assumptions and valuations are noted in the footnotes to the table.

Name	Base Salary (\$) ⁽¹⁾	Bonus (\$) ⁽¹⁾⁽²⁾	Stock Awards (\$) ⁽³⁾	Option Awards (\$) ⁽⁴⁾	Health Benefits (\$) ⁽⁵⁾	Total (\$) ⁽⁶⁾
Milton Cooper ⁽⁷⁾			3,743,070	68,089		3,811,159
David B. Henry ⁽⁸⁾	1,600,000	1,815,490	4,188,023	68,089	48,786	7,720,388
Conor C. Flynn	1,250,000	864,150	4,118,561	74,182	37,370	6,344,263
Glenn G. Cohen	1,250,000	1,022,776	2,892,206	38,369	48,786	5,252,137

⁽¹⁾ In accordance with the Executive Severance Plan, all NEOs are entitled to 2 times their base salary plus bonus upon a termination without Cause.

⁽²⁾ In accordance with the Executive Severance Plan, 2013 (prior year) bonus amounts are used for the bonus component in this table except as otherwise indicated for Mr. Henry.

⁽³⁾ In accordance with the Executive Severance Plan, all NEOs are entitled to full vesting of annual restricted stock awards, with the exception of retention awards, upon a termination without Cause. In addition, each NEO would remain eligible to earn and be issued the portion of the 2014 performance shares that relate to the 2014-2015 performance period and the 2014-2016 performance period. The actual number of shares earned and issued would depend on the Company's total stockholder return during the performance periods. Assuming performance at target level and based on the market price of our stock on December 31, 2014 (\$25.14), the total performance share values, disregarding any discount for the time-value of money, would be \$767,625 for Mr. Cooper, \$858,129 for Mr. Henry and \$623,472 for each of Messrs. Flynn and Cohen.

⁽⁴⁾ Under the Executive Severance Plan, a termination without Cause would result in acceleration of all stock options awards. Amount was determined by subtracting the option strike price from the market price of the stock on December 31, 2014 (\$25.14), multiplied by the number of shares for all unvested options as of December 31, 2014 that were in the money.

Table of Contents**COMPENSATION TABLES**

⁽⁵⁾ Amounts are based on the cost of coverage during 2014.

⁽⁶⁾ In certain circumstances, these amounts may be reduced so as to avoid any potential issues relating to Section 280G or excise taxes imposed under Section 4999 of the Internal Revenue Code. See Additional Compensation Considerations - Tax and Accounting Considerations.

⁽⁷⁾ Mr. Cooper does not participate in the Company's Severance Plan. Mr. Cooper qualifies for Retirement under the terms of his equity award agreements. Accordingly, all of his equity awards would become fully vested upon the termination of his employment without Cause.

⁽⁸⁾ Mr. Henry's bonus is calculated as two times the average of the actual annual bonus amounts paid to him for the three years immediately prior to the year in which the termination date occurs.

ASSUMED TERMINATION FOR DEATH, DISABILITY OR RETIREMENT

The following table was prepared as though each of the NEOs had been terminated due to death, disability or retirement on December 31, 2014. The assumptions and valuations are noted in the footnotes to the table.

Name	Base Salary (\$) ⁽¹⁾	Stock Awards (\$) ⁽²⁾	Option Awards (\$) ⁽³⁾	Total (\$)
Milton Cooper		3,743,070	68,089	3,811,159
David B. Henry ⁽⁴⁾	400,000 ⁽⁵⁾	4,188,023	68,089	4,656,112
Conor C. Flynn ⁽⁶⁾		4,998,461	74,182	5,072,643
Glenn G. Cohen ⁽⁶⁾		4,149,206	38,369	4,187,575

⁽¹⁾ Represents payments that would be made to the NEO or the NEO's beneficiary if terminated due to disability or death.

⁽²⁾ The vesting of Mr. Cooper's 118,355, Mr. Henry's 132,454, Mr. Flynn's 139,025 and Mr. Cohen's 90,244 shares of restricted stock would accelerate as a result of termination due to death or disability. Messrs. Cooper and Henry would also be entitled to these amounts on retirement. In addition, each NEO would remain eligible to earn and be issued the portion of the 2014 performance shares that relate to the 2014-2015 performance period and the 2014-2016 performance period. The actual number of shares earned and issued would depend on the Company's total stockholder return during the performance periods. Assuming performance at target level and based on the market price of our stock on December 31, 2014 (\$25.14), the total performance share values, disregarding any discount for the time-value of money, would be \$767,625 for Mr. Cooper, \$858,129 for Mr. Henry and \$623,472 for each of Messrs. Flynn and Cohen.

⁽³⁾ Under the stock option agreements, termination due to death or disability would result in acceleration of stock options. Amount was determined by subtracting the option strike price from the market price of the stock on December 31, 2014 (\$25.14), multiplied by the number of shares for all unvested options as of December 31, 2014 that were in the money. Messrs. Cooper and Henry would also be entitled to these amounts on retirement.

⁽⁴⁾ Pursuant to a letter agreement between Mr. Henry and the Company dated March 15, 2010, Mr. Henry is entitled to receive a lump sum severance payment equal to six months of then current base salary upon a termination of employment due to death or disability only.

⁽⁵⁾ Mr. Henry would receive \$400,000 upon termination due to death or disability only.

⁽⁶⁾ The vesting of Mr. Flynn's retention award of 35,000 restricted shares and Mr. Cohen's retention award of 50,000 restricted shares would accelerate as a result of termination due to death or disability only. As of December 31, 2014, the value of Mr. Flynn's and Mr. Cohen's retention awards was \$879,900 and \$1,257,000, respectively.

ASSUMED TERMINATION UPON A CHANGE IN CONTROL

The following table was prepared as though each NEO experienced a termination of employment without Cause or for Good Reason in connection with a change in control on December 31, 2014. The assumptions and valuations are noted in the footnotes to the table.

Name	Base Salary Component of Lump-Sum Payment (\$) ⁽¹⁾	Bonus Component of Lump-Sum Payment (\$) ⁽¹⁾⁽²⁾	Stock Awards (\$) ⁽³⁾	Option Awards (\$) ⁽⁴⁾	Health Benefits (\$) ⁽⁵⁾	Total (\$) ⁽⁶⁾

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

The Company reviews all relationships and transactions in which the Company and our directors and executive officers or their immediate family members are participants to determine whether such persons have a direct or indirect material interest. Our current written policies and procedures for review, approval or ratification of relationships or transactions with related persons are set forth in our:

- Code of Ethics;
- Corporate Governance Guidelines;
- Nominating and Corporate Governance Committee Charter; and
- Audit Committee Charter.

Our Code of Ethics applies to all of our directors and employees. Review and approval of potential conflicts of interest involving our directors, executive officers or other principal officers may only be conducted by our Board of Directors. A copy of the Company's Code of Ethics is available through the Investors/Governance/Governance Documents section of the Company's website located at www.kimcorealty.com and is available in print to any stockholder who requests it.

Our Corporate Governance Guidelines provide that the Nominating and Corporate Governance Committee will review annually the relationships that each director has with the Company (either directly or as a partner, stockholder or officer of an organization that has a relationship with the Company), in the course of making independence determinations under the Company's categorical independence standards for directors and the NYSE listing standards. Directors are expected to avoid any action, position or interest that conflicts with the interests of the Company or gives the appearance of a conflict. If an actual or potential conflict of interest develops, the director should immediately report the matter to the Chairman of the Board of Directors. Any significant conflict must be resolved or the director should resign. If a director has a personal interest in a matter before the Board of Directors, the director will disclose the interest to the Board of Directors, excuse himself or herself from discussion on the matter and not vote on the matter. The Corporate Governance Guidelines further provide that the Board of Directors is responsible for reviewing and, where appropriate, approving major changes in and determinations

under the Company's Guidelines, Code of Ethics and other Company policies. The Guidelines also provide that the Board of Directors has the responsibility to ensure that the Company's business is conducted with the highest standards of ethical conduct and in conformity with applicable laws and regulations.

Our Nominating and Corporate Governance Committee Charter provides that the Committee will, at least annually, review the relationships that each director has with the Company (either directly or as a partner, stockholder or officer of an organization that has a relationship with the Company). In addition, the Company's legal staff, including its outside legal advisers, is primarily responsible for obtaining information through questionnaires and other procedures from the directors and executive officers with respect to related-person transactions and then determining whether the Company or a related person has a direct or indirect material interest in the transaction. As required under SEC rules, transactions that are determined to be directly or indirectly

material to the Company or a related person are disclosed in the Company's Proxy Statement.

Pursuant to the Audit Committee charter and the Audit Committee's policy regarding related-person transactions, as recorded in its minutes, the Audit Committee reviews and approves or ratifies related-person transactions that are required to be disclosed as well as all other related-person transactions identified to the Audit Committee by management or the Company's internal audit function. In the course of its review and approval or ratification of a related-party transaction for which disclosure is required, the Audit Committee routinely considers: the nature of the related-person's interest in the transaction; the material terms of the transaction; the importance of the transaction to the related person and to the Company and the extent to which such transaction would impair the judgment of a director or executive officer to act in the best interest of the Company; and any other matters deemed appropriate by the Audit Committee. All related-party transactions described in this Proxy Statement have been reviewed in accordance with this policy.

PROPOSAL 2 **ADVISORY RESOLUTION TO APPROVE THE COMPANY'S EXECUTIVE COMPENSATION**

In accordance with the recently enacted Dodd-Frank Wall Street Reform and Consumer Protection Act, or the Dodd-Frank Act, we are providing our stockholders with a vote for the advisory approval of the Company's executive compensation as disclosed in this Proxy Statement in accordance with the SEC Rules.

The Executive Compensation Committee of our Board of Directors has designed our executive compensation programs to achieve the following key objectives:

Objective	How our compensation programs reflect this objective
Achieve long-term Company performance	Align executive compensation with the Company's and the individual's performance Make a substantial portion of total compensation variable with performance
Align executives' and stockholders' interests	Provide executives with the opportunity to participate in the ownership of the Company Reward executives for long-term growth in the value of our stock Link executive pay to specific, measurable results intended to create value for stockholders
Motivate executives to achieve key performance goals	Compensate executives with performance-based awards that depend upon the achievement of established corporate targets Reward executives for individual contributions to the Company's achievement of Company-wide performance measures
Attract and retain a talented executive team	Utilize independent compensation consultants and market survey data to monitor pay relative to peer companies

We encourage stockholders to review the Compensation Discussion and Analysis section beginning on page 22 of this Proxy Statement, which describes our executive compensation philosophy and the design of our executive compensation programs in great detail. Our Board of Directors believes the Company's executive compensation programs are effective in creating value for our stockholders and moving the Company towards realizing its long-term goals.

The Company has determined to hold a Say-on-Pay advisory vote every year and the next Say-on-Pay advisory vote shall occur at the 2016 Annual Meeting of Stockholders. In accordance with this determination and Section 14A of the Securities Exchange Act of 1934, as amended, (the "Exchange Act"), we are asking our stockholders to approve the compensation of our NEOs by casting a vote FOR the following resolution:

RESOLVED, that the Company's stockholders approve, on an advisory basis, the compensation of the Company's named executive officers, as disclosed in the Proxy Statement for the 2015 Annual Meeting of Stockholders pursuant to the compensation disclosure rules of the Securities and Exchange Commission, including the Compensation Discussion and Analysis, the Summary Compensation Table and the other related tables and narrative disclosure.

The vote sought by this proposal is advisory and not binding on the Company, the Board of Directors or the Executive Compensation Committee. Although the vote is advisory and non-binding, the Company, the Board of Directors and the Executive Compensation Committee value the input of the Company's stockholders, and the Executive Compensation Committee will consider the outcome of the vote when making future executive compensation determinations.

We calculate Combined Same Property NOI (a non-GAAP financial measure within the meaning of the rules of the SEC) using revenues from rental properties (excluding straight-line rents, lease termination fees, above/below market rents and including charges for bad debt) less operating and maintenance expense, real estate taxes and rent expense, plus the Company's proportionate share of Combined Same Property NOI from unconsolidated real estate joint ventures, calculated on the same basis. Our method of calculating Combined Same Property NOI may differ from methods used by other REITs and, accordingly, may not be comparable to such other REITs. We believe that Combined Same Property NOI is an important metric in determining the success of our business as a real estate owner and operator. We calculate funds from operations (FFO) (a non-GAAP financial measure within the meaning of the rules of the SEC) from net income available to the Company's common stockholders, as shown on our Consolidated Statements of Operations, excluding (i) gains from sales of depreciated property, (ii) impairments of depreciable real estate and (iii) impairments of non-consolidated entities that are in-substance real estate investments, plus depreciation and amortization, after adjustments for unconsolidated partnerships and joint ventures and adjustments for unrealized remeasurement of derivative instruments. We present FFO as adjusted as an additional supplemental measure as we believe it is more reflective of the Company's core operating performance. We believe FFO as adjusted provides investors and analysts an additional measure in comparing the Company's performance across reporting periods on a consistent basis by excluding items that we do not believe are indicative of our core operating performance. We calculate FFO as adjusted, (a non-GAAP financial measure within the meaning of the rules of the SEC) starting with the calculation of FFO as described in the previous sentence and excluding the effects of certain transactional income and expenses and non-operating impairments. We believe that FFO and FFO as adjusted, are important metrics in determining the success of our business as a real estate owner and operator. See the reconciliations to the applicable GAAP measure below.
