Explanatory Note

On August 15, 2012 CleanTech Innovations, Inc. suspended reporting under the Exchange Act of 1944, as amended, after evaluating the benefits to U.S. shareholders in light of the ongoing costs of such reporting. The company had sought to become a NASDAQ listed company in order to facilitate access to capital, develop a substantial institutional and retail investor base and access a liquid, fair and orderly marketplace for its securities. When the company's common stock was delisted in 2011 pursuant to a decision by NASDAQ Listing Qualifications, the company appealed the decision to the Securities and Exchange Commission which was found in favor of the company on July, 11, 2013. The company is filing this report on Form 8-K with the Commission in an effort to comply with the listing standards of the NASDAQ Stock Market and relist its common stock thereon.
