**Portugal Telecom Announces  
Shareholder Remuneration Proposal for 2004**

**Lisbon, Portugal, 14 September 2004** Portugal Telecom (PT) announced today that its Management will propose to the Board of Directors the submission for shareholders' approval at the next AGM, the payment of a cash dividend for the year ending 31 December 2004 of Euro 0.35 per share, subject to market conditions and PT's financial conditions at that time. The dividend of Euro 0.35 per share for fiscal year 2004 is equivalent to an increase of around 60% over the level of the 2003 dividend.

In addition, PT's management will propose a further share buyback of up to 3.0% of its share capital (after cancellation of the treasury shares acquired under the current share buyback programme), which, subject to market conditions and to PT's financial condition, should be completed by the end of 2005.

PT reinforces its commitment to continue delivering compelling returns to its shareholders, while retaining financial flexibility to continue investing in its core markets and maintaining its competitive position.
