Indicate by check mark whether the registrant by furnishing the information contained in this Form is also thereby furnishing the information to the Commission pursuant to Rule 12g3-2(b) under the Securities Exchange Act of 1934.

Yes No

New discovery in the Santos Basin

Rio de Janeiro, May 11 2009 PETRÓLEO BRASILEIRO S/A - PETROBRAS, [Bovespa: PETR3/PETR4, NYSE: PBR/PBRA, Latibex: XPBR/XPBRA, BCBA: APBR/APBRA], a Brazilian international energy company, announces that the consortium formed by Repsol (Operator - 40%), Petrobras (35%), Vale (12.5%), and Woodside (12.5%), has confirmed the existence of hydrocarbons in the well known as Panoramix (1-REPF-3D-SPS), located in shallow waters in block BM-S-48, in the Santos Basin, 185 km off the coast of the state of São Paulo. On 01/15/2009, the Consortium had informed the National Petroleum Agency (ANP) regarding the existence of evidence of hydrocarbons in this well.

The gas and condensate discovery was proved after new tests that were carried out in the reservoirs at depths ranging from 4410 and 4480 meters. The analysis of the results indicates a maximum theoretical supply capacity of 572,000 m³/d and 2,370 bpd.

Additionally, the existence of oil was proved, but not yet tested. New analyses will be carried out in the region to assess the volume and extent of the oil and gas discoveries.

FORWARD-LOOKING STATEMENTS

This press release may contain forward-looking statements. These statements are statements that are not historical facts, and are based on management's current view and estimates of future economic circumstances, industry conditions, company performance and financial results. The words "anticipates", "believes", "estimates", "expects", "plans" and similar expressions, as they relate to the company, are intended to identify forward-looking statements. Statements regarding the declaration or payment of dividends, the implementation of principal operating and financing strategies and capital expenditure plans, the direction of future operations and the factors or trends affecting financial condition, liquidity or results of operations are examples of forward-looking statements. Such statements reflect the current views of management and are subject to a number of risks and uncertainties. There is no guarantee that the expected events, trends or results will actually occur. The statements are based on many assumptions and factors, including general economic and market conditions, industry conditions, and operating factors. Any changes in such assumptions or factors could cause actual results to differ materially from current expectations.
