**PUBLICLY-HELD COMPANY**

**Corporate Taxpayer's ID (CNPJ/MF): 43.776.517/0001-80**

**MATERIAL FACT**

Companhia de Saneamento Básico do Estado de São Paulo – Sabesp, pursuant to CVM Instruction 358 of January 3, 2002, and amendments thereto, hereby informs its shareholders and the market in general that, on this date, the São Paulo State Sanitation and Energy Regulatory Agency (ARSESP) published ARSESP Resolution 484, which, among other measures:

- a) Establishes the application, as of May 11, 2014, of a tariff repositioning index of 5.4408% in relation to current tariffs and an annual efficiency factor (Factor X) of 0.9386%, to be deducted in the upcoming annual tariff adjustments;
- b) Allows the concessionaire, given the atypical situation in its market due to the lack of rainfall and the measures to encourage water savings in order to ensure supply, to apply, at a more opportune future date, the repositioning index arising from the tariff revision, proceeding to recalculate and restate the applicable amounts, in order to ensure its economic and financial balance;
- c) Establishes that the next annual tariff adjustments will occur on April 11, 2015 and April 11, 2016, with the next tariff revision on April 11, 2017;
- d) Approves the following annual tariff adjustment formula, to be applied during the second tariff cycle:

$$P_t = [1 + (IPCA - X)/100] * P_{t-1} - FAQ_t$$

Where

- $P_{t=}$  the average maximum tariff to be applied during year t of the second tariff cycle;
- IPCA is the percentage variation in the IBGE's Expanded Consumer Price Index (IPCA/IBGE) for the period in question;
- X = the efficiency percentage to be transferred to users at the end of each year t of the second tariff cycle, equivalent to 0.9386%, as defined in Technical Note RTS/004/2014;
- $P_{t-1}$  = the average maximum tariff of the previous tariff year whose initial value will be  $P_0$ ;
- $FAQ_{t=}$  the quality correction factor, expressed in billed R\$/m<sup>3</sup>, to be defined and applied in the future.

In addition, on April 16, 2014, the Board of Directors, pursuant to item VI of article 13 of the Company's Bylaws, given the possibility established by ARSESP Resolution 484 of the Company applying a repositioning index arising from the tariff revision on an appropriate and opportune date vis-à-vis its market situation, decided to postpone the application of the repositioning index on an opportune date until the end of December 2014 at the most.

Aiming to preserve the Company's economic and financial sustainability conditions, the Board of Directors also decided to adjust the 2014 budget by R\$900 million by reducing expenses and deferring investments.

The full version of ARSESP Resolution 484 is available in the Investor Relations section of Sabesp's website.

São Paulo, April 17, 2014.
