## **Signature of Petrobras Argentina Sale Contract**

Rio de Janeiro, May 13, 2016 – Petróleo Brasileiro S.A. – Petrobras, pursuant to the Material Fact published yesterday. May 12, 2016 hereby announces the signature, today, of a Sale and Purchase Agreement (SPA) with Pampa Energía, for the sale of its interest in Petrobras Argentina (PESA) held through Petrobras Participaciones S.L. (PPSL).

The amount of US\$892 million from the sale of 67.19% of PESA will be paid in two installments, the first of which, corresponding to 20% of the total amount (US\$178 million) having been deposited in an escrow account today. The remainder will be paid on conclusion of the transaction, expected to occur within three months.

The transaction also envisages subsequent contingent payments related to possible concession renewals and other future events.

Also as part of the transaction, Petrobras guaranteed that it would continue operating in the exploration and production segment in Argentina through the subsequent acquisition of 33.6% of the Rio Neuquen concession. The acquisition of the Colpa Caranda asset, in Bolivia, is also considered strategic, due to synergies with Brazil's natural gas market.

This transaction, carried out through a competitive process, is an important part of Petrobras' 2015-16 Divestment Plan.

## FORWARD-LOOKING STATEMENTS

This press release may contain forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended (Securities Act), and Section 21E of the Securities Exchange Act of 1934, as amended (Exchange Act) that are not based on historical facts and are not assurances of future results. These forward-looking statements are based on management's current view and estimates of future economic circumstances, industry conditions, company performance and financial results. The words "anticipates", "believes", "estimates", "expects", "plans" and similar expressions, as they relate to the company, are intended to identify forward-looking statements. Statements regarding the declaration or payment of dividends, the implementation of principal operating and financing strategies and capital expenditure plans, the direction of future operations and the factors or trends affecting financial condition, liquidity or results of operations are examples of forward-looking statements. Such statements reflect the current views of management and are subject to a number of risks and uncertainties. There is no guarantee that the expected events, trends or results will actually occur. The statements are based on many assumptions and factors, including general economic and market conditions, industry conditions, and operating factors. Any changes in such assumptions or factors could cause actual results to differ materially from current expectations.

All forward-looking statements are expressly qualified in their entirety by this cautionary statement, and you should not place reliance on any forward-looking statement contained in this press release. We undertake no obligation to publicly update or revise any forward-looking statements, whether as a result of new information or future events or for any other reason.
