New well in Libra confirms extension of oil discovery

Rio de Janeiro, June 15, 2016 – Petróleo Brasileiro S.A. – Petrobras hereby announces that the Libra Consortium has concluded the drilling and appraisal of the seventh well in the block, located in the pre-salt layer of the Santos Basin.

The new well has discovered Libra's largest net pay to date, with 410 meters of thickness. This column overcomes the latest discovery (301 meters), announced in March of this year.

This well, located in the northeast section of the block 180 km off the coast of Rio de Janeiro, has confirmed the discovery of good-quality oil (27^º API) in highly productive reservoirs.

The well, denominated 3-BRSA-1339A-RJS (3-RJS-742A) and informally known as NW2, is 10.3 km to the south of the 2-ANP-2A-RJS discovery well. This drilling is part of the firm commitment in the 2-ANP-2A-RJS Discovery Appraisal Plan (PAD) approved by the ANP on February 26, 2016.

Up to now, seven wells have been concluded in the Libra block (six by the Consortium) and the eighth (3-RJS-743A), also in the northeast of the block, is currently being drilled.

The Libra Consortium comprises Petrobras (the operator, with 40%), Shell (20%), Total (20%), CNPC (10%) and CNOOC (10%) and the production sharing agreement is managed by Pré-Sal Petróleo S.A. (PPSA).

FORWARD-LOOKING STATEMENTS

This press release may contain forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended (Securities Act), and Section 21E of the Securities Exchange Act of 1934, as amended (Exchange Act) that are not based on historical facts and are not assurances of future results. These forward-looking statements are based on management's current view and estimates of future economic circumstances, industry conditions, company performance and financial results. The words "anticipates", "believes", "estimates", "expects", "plans" and similar expressions, as they relate to the company, are intended to identify forward-looking statements. Statements regarding the declaration or payment of dividends, the implementation of principal operating and financing strategies and capital expenditure plans, the direction of future operations and the factors or trends affecting financial condition, liquidity or results of operations are examples of forward-looking statements. Such statements reflect the current views of management and are subject to a number of risks and uncertainties. There is no guarantee that the expected events, trends or results will actually occur. The statements are based on many assumptions and factors, including general economic and market conditions, industry conditions, and operating factors. Any changes in such assumptions or factors could cause actual results to differ materially from current expectations.

All forward-looking statements are expressly qualified in their entirety by this cautionary statement, and you should not place reliance on any forward-looking statement contained in this press release. We undertake no obligation to publicly update or revise any forward-looking statements, whether as a result of new information or future events or for any other reason.
