Item 1.01 Entry into a Material Definitive Agreement.

On March 1, 2006, Neose Technologies, Inc. (the "Company") entered into Amendment No. 2 (the "Amendment") to the Credit Agreement by and between the Company and Brown Brothers Harriman & Co. (the "Bank") dated January 30, 2004, as amended (the "Credit Agreement"). In addition to the Credit Agreement, the Amendment and related documents, the Company, the Bank and Montgomery County, Pennsylvania (the "County") are parties to a financing agreement and related documentation relating to \$1,000,000 of Industrial Development Authority bonds issued by the County and held by the Bank (the "Bonds").

Prior to the execution of the Amendment, at any time after January 30, 2008, or if the Company failed to maintain a minimum required cash and short-term investments balance of at least \$22,000,000, the Bank would have had the option to require additional collateral in the form of a security interest in certain cash and short-term investments, or in the form of a letter of credit. Pursuant to the Amendment, if the Company fails at any time to maintain a minimum required cash and short-term investments balance of at least \$12.0 million, the Bank has the option to require a payment to reduce the outstanding balance under the Credit Agreement to \$5.0 million (resulting, with the Bonds, in total debt of \$6 million outstanding to the Bank). If the Company fails at any time to maintain a minimum required cash and short-term investments balance of at least \$10.0 million, the Bank has the option to require a payment to reduce the outstanding balance under the Credit Agreement to \$4.0 million (resulting, with the Bonds, in total debt of \$5 million outstanding to the Bank). Finally, if the Company fails at any time to maintain a minimum required cash and short-term investments balance of at least \$5.0 million the Company will be considered to be in default of the Credit Agreement.

In addition to the modification of the liquidity requirements, the Amendment also increased the interest rate applicable to any outstanding balance under the Credit agreement by 2.0% and imposes a prepayment premium to be paid in the event the Company repays the outstanding balance under the Credit Agreement earlier than anticipated under the Credit Agreement. The prepayment premium to be paid will be 3.0% of the principal amount prepaid if the prepayment occurs before June 30, 2006, 2.0% of the principal amount prepaid if the prepayment occurs after June 30, 2006 and before December 31, 2006 or 1.0% of the principal amount prepaid if the prepayment occurs after December 31, 2006.
