Item 2.01 Completion of Acquisition or Disposition of Assets.

On December 21, 2007, Consumers Energy Company ("Consumers"), a wholly owned subsidiary of CMS Energy Corporation ("CMS Energy"), announced that it had closed on its agreement to purchase 100% of the membership interests in Zeeland Power Company, L.L.C. ("Zeeland Power") which owns a 946 megawatt gas fired power plant (the "Zeeland Generating Plant") located in Zeeland, Michigan, from Broadway Gen Funding, LLC, an affiliate of the LS Power Group, for a base purchase price of \$517 million.

See the News Release dated December 21, 2007, which is attached as Exhibit 99.1, for additional information.

Item 8.01 Other Events.

In an order issued on December 18, 2007, the Michigan Public Service Commission ("MPSC") found that Consumers' purchase of the Zeeland Generating Plant was reasonable and prudent, and the company should be permitted in the future to recover reasonable and prudent costs associated with purchasing, owning, operating, and maintaining the Zeeland Generating Plant. The MPSC also permitted Consumers to increase its retail rates to recover \$69.5 million annually for costs related to the Zeeland Generating Plant. The MPSC also denied the company's request for interim rate relief and deferred several other issues until the final phase of the case. The MPSC has not set a date for issuance of an order addressing final rate relief in this matter.

The order is available on the MPSC website at www.michigan.gov/mpsc.
