Item 2.05 Costs Associated with Exit or Disposal Activities.

In the first quarter of fiscal 2016, General Mills, Inc. approved Project Compass, a restructuring plan designed to enable our International segment to accelerate long-term growth through increased organizational effectiveness and reduced administrative expense. In connection with this initiative, the company expects to eliminate approximately 675 to 725 positions. The company will record total restructuring charges of approximately \$57 to \$62 million pre-tax, primarily reflecting one-time employee termination benefits, of which approximately \$54 to \$57 million will be recorded in the first quarter of fiscal 2016. The company expects approximately \$54 to \$59 million of the total expense will result in future cash expenditures. These restructuring actions are expected to be completed by early fiscal 2017. The company expects that these actions will generate annual cost savings of approximately \$45 to \$50 million, with approximately \$25 to \$30 million of cost savings being realized in fiscal 2016.
