GOLF TWO, INC.
(A DEVELOPMENT STAGE COMPANY)
STATEMENTS OF CASH FLOWS
(UNAUDITED)

Supplemental disclosure of non-cash financing activities:

In April 2001, the Company entered into a \$10,000 non-interest bearing note with a stockholder. The note was due upon demand and repaid in April 2002. The

Edgar Filing: GOLF TWO INC - Form 10QSB

Company recorded \$800 of interest expense on this note at 8% per annum as a contribution to capital for the period from March 15, 2001 (inception) to December 31, 2002.

An officer of the Company provides office space to the Company for \$100 per month on a month-to-month basis, which was recorded as a contribution to capital. Total office expense for the three months ended March 31, 2005 and 2004 and for the period from March 15, 2001 (inception) to March 31, 2005 amounted to \$300, \$300, and \$5,900, respectively (unaudited).

In March 15, 2001, the Company issued 2,325,000 shares of its common stock in exchange for services to incorporate the Company, totaling \$2,325. The Founder Shares were valued at the par value of the Company's common stock, which represented its fair market value on the date of issuance.

In February 2002, 3,000,000 shares of common stock were issued at \$0.03 per share in exchange for prior services rendered for a total of \$90,000, which represented its fair market value on the date of issuance.

On November 5, 2003, the Company was loaned \$50,000 by a stockholder in exchange for a promissory note. For the three months ended March 31, 2005 and 2004 and for the period from March 15, 2001 (inception) to March 31, 2005, the Company recorded interest expense of \$500, \$500 and \$2,800, respectively, related to this note (unaudited).

On March 1, 2005, the Company was loaned \$24,909 by a stockholder in exchange for a promissory note which was non-interest bearing. Interest was not imputed as the amount would be immaterial to the financial position at March 31, 2005 and results of operations over the 5 years of accretion.

6

GOLF TWO, INC.
(A DEVELOPMENT STAGE COMPANY)

NOTES TO FINANCIAL STATEMENTS (UNAUDITED)

THREE MONTHS ENDED MARCH 31, 2005 AND 2004 AND THE
PERIOD FROM MARCH 15, 2001 (INCEPTION) TO MARCH 31, 2005

(1) Summary of Significant Accounting Policies:

NATURE OF BUSINESS:

Golf Two, Inc. (the "Company") is currently a development stage company under the provisions of Statement of Financial Accounting Standards ("SFAS") No. 7 and was incorporated under the laws of the State of Delaware on March 15, 2001. The Company plans to operate retail golf stores that will feature indoor golf instruction and sell custom golf clubs throughout California. As of March 31, 2005, the Company has not produced revenues since inception (unaudited) and will continue to report as a development stage company until significant revenues are produced.

INTERIM FINANCIAL STATEMENTS:

The accompanying unaudited financial statements for the three months ended March 31, 2005 include all adjustments (consisting of only normal recurring accruals), which, in the opinion of management, are necessary for a fair presentation of the results of operations for the periods presented. Interim results are not

Edgar Filing: GOLF TWO INC - Form 10QSB

necessarily indicative of the results to be expected for a full year. The unaudited financial statements should be read in conjunction with the audited financial statements included in the 10-KSB, as filed with the Securities and Exchange Commission on April 7, 2005 for the year ended December 31, 2004.

BASIS OF PRESENTATION:

The accompanying financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America, which contemplate continuation of the Company as a going concern. However, the Company has no established source of revenue and, without realization of additional capital, it would be unlikely for the Company to continue as a going concern. This matter raises substantial doubt about the Company's ability to continue as a going concern.

Management recognizes that the Company must generate additional resources to enable it to continue operations. Management intends to continue to raise additional financing through debt financing and equity financing or other means and interests that it deems necessary, with a view to moving forward and sustaining a prolonged growth in its strategy phases. However, no assurance can be given that the Company will be successful in raising additional capital. Furthermore, there can be no assurance, assuming the Company successfully raises additional equity, that the Company will achieve profitability or positive cash flow. If management is unable to raise additional capital and expected significant revenues do not result in positive cash flow, the Company will not be able to meet its obligations and may have to cease operations.

7

(1) Summary of Significant Accounting Policies, Continued:

BASIS OF PRESENTATION, CONTINUED:

The Company's expenses will significantly increase as it begins to implement its business plan and currently has no source of revenue. Management hopes that the Company's initial source of revenue will be sales from its proposed website. On November 5, 2003, the Company entered into a promissory note for \$50,000 with one of its shareholders, payable by November 5, 2008, at the rate of 4% per year calculated yearly, in order to engage a web developer. However, management estimates that its proposed website will not be operational until the second quarter of 2005 at the earliest. Management's plans to establish a operational website have been hindered by its inability to raise the necessary funds. Management hopes that, once operational, the website will become a source of revenue to the Company.

Subsequently, the Company plans to locate and begin developing its first brick and mortar retail location, which management anticipates will not occur before the fourth quarter of 2005 at the earliest. Management's plans to establish a brick and mortar retail location have been hindered by its inability to raise the necessary funding. To begin that step, management recognizes that the Company's funding needs will be significantly greater and it will require additional sources of funding since the Company is not yet able to generate revenues from operations. Because the Company does not currently have the funds it believes are needed to open its first retail location, and because revenues that may be generated from operation of the Company's proposed website are likely not to be sufficient, the Company hopes to raise an additional \$475,000,

Edgar Filing: GOLF TWO INC - Form 10QSB

the amount management estimates it needs need to open its first retail location. Management projects that such financing will need to be raised through borrowings and equity financing. Management hopes to begin raising this amount during the second quarter of 2005. If the Company fails to raise this amount by the end of 2005, management will focus the Company's efforts on its proposed internet operations and website. If the Company is unable to raise the necessary funds to finance its proposed internet operations and website, the Company will likely reevaluate its business plan.

8

(1) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, CONTINUED:

USE OF ESTIMATES:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reported periods. Actual results could materially differ from those estimates.

(2) STOCKHOLDERS' DEFICIT:

Preferred Stock

The Company is authorized to issue 5,000,000 shares of preferred stock, par value at \$.001 per share. As of March 31, 2005, none of the shares were issued or outstanding (unaudited).

Common Stock

In March 2001, the Company issued 5,650,000 shares of its common stock in exchange for services to incorporate the Company. In February 2002, the Board of Directors declared that the Company had not received consideration for the issuance of 3,325,000 shares of the previously issued shares and canceled those shares leaving 2,325,000 shares totaling \$2,325. The Founder Shares were valued at the par value of the Company's common stock, which represented its fair market value on the date of issuance. The Company has not recognized the issuance of the cancelled shares in the financial statements.

9

(2) STOCKHOLDERS' DEFICIT, CONTINUED:

Common Stock

Edgar Filing: GOLF TWO INC - Form 10QSB

In February 2002, 3,000,000 shares of common stock were issued at \$0.03 per share in exchange for prior services rendered for a total of \$90,000, which represented its fair market value on the date of issuance.

In April 2002, the Company performed a private placement and issued 2,093,366 shares of its common stock at \$0.03 per share for an aggregate total of \$62,000.

(3) RELATED PARTY TRANSACTIONS:

Office Space

A stockholder of the Company provided office space to the Company at \$100 per month on a month-to-month basis, which was recorded as a contribution to capital. Total office expense for the three months ended March 31, 2005 and 2004 amounted to \$300 and \$300, respectively, and for the period from March 15, 2001 (inception) to March 31, 2005 amounted to \$5,900 (unaudited).

Notes Payable, Shareholders

On November 5, 2003, the Company was loaned \$50,000 by a shareholder in exchange for a promissory note. The principal is due and payable on November 5, 2008 with interest payable on the unpaid balance at 4% per annum. Total interest expense for the three months ended March 31, 2005 and 2004 amounted to \$500 and \$0, respectively, and for the period from March 15, 2001 (inception) to March 31, 2005 amounted to \$2,800 (unaudited).

(4) NOTE PAYABLE:

On March 1, 2005, the Company was issued a note in the amount of \$24,909 by a shareholder, with principal due in five years and is non-interest bearing. Interest was not imputed as the amount would be immaterial to the financial position at March 31, 2005 and results of operations over the 5 years of accretion.

10

ITEM 2. PLAN OF OPERATION

THIS FOLLOWING INFORMATION SPECIFIES CERTAIN FORWARD-LOOKING STATEMENTS OF MANAGEMENT OF THE COMPANY. FORWARD-LOOKING STATEMENTS ARE STATEMENTS THAT ESTIMATE THE HAPPENING OF FUTURE EVENTS AND ARE NOT BASED ON HISTORICAL FACT. FORWARD-LOOKING STATEMENTS MAY BE IDENTIFIED BY THE USE OF FORWARD-LOOKING TERMINOLOGY, SUCH AS "MAY", "SHALL", "COULD", "EXPECT", "ESTIMATE", "ANTICIPATE", "PREDICT", "PROBABLE", "POSSIBLE", "SHOULD", "CONTINUE", OR SIMILAR TERMS, VARIATIONS OF THOSE TERMS OR THE NEGATIVE OF THOSE TERMS. THE FORWARD-LOOKING STATEMENTS SPECIFIED IN THE FOLLOWING INFORMATION HAVE BEEN COMPILED BY OUR MANAGEMENT ON THE BASIS OF ASSUMPTIONS MADE BY MANAGEMENT AND CONSIDERED BY MANAGEMENT TO BE REASONABLE. OUR FUTURE OPERATING RESULTS, HOWEVER, ARE IMPOSSIBLE TO PREDICT AND NO REPRESENTATION, GUARANTY, OR WARRANTY IS TO BE INFERRED FROM THOSE FORWARD-LOOKING STATEMENTS.

THE ASSUMPTIONS USED FOR PURPOSES OF THE FORWARD-LOOKING STATEMENTS SPECIFIED IN THE FOLLOWING INFORMATION REPRESENT ESTIMATES OF FUTURE EVENTS AND ARE SUBJECT TO UNCERTAINTY AS TO POSSIBLE CHANGES IN ECONOMIC, LEGISLATIVE, INDUSTRY, AND OTHER CIRCUMSTANCES. AS A RESULT, THE IDENTIFICATION AND INTERPRETATION OF DATA

Edgar Filing: GOLF TWO INC - Form 10QSB

AND OTHER INFORMATION AND THEIR USE IN DEVELOPING AND SELECTING ASSUMPTIONS FROM AND AMONG REASONABLE ALTERNATIVES REQUIRE THE EXERCISE OF JUDGMENT. TO THE EXTENT THAT THE ASSUMED EVENTS DO NOT OCCUR, THE OUTCOME MAY VARY SUBSTANTIALLY FROM ANTICIPATED OR PROJECTED RESULTS, AND, ACCORDINGLY, NO OPINION IS EXPRESSED ON THE ACHIEVABILITY OF THOSE FORWARD-LOOKING STATEMENTS. WE CANNOT GUARANTY THAT ANY OF THE ASSUMPTIONS RELATING TO THE FORWARD-LOOKING STATEMENTS SPECIFIED IN THE FOLLOWING INFORMATION ARE ACCURATE, AND WE ASSUME NO OBLIGATION TO UPDATE ANY SUCH FORWARD-LOOKING STATEMENTS.

CRITICAL ACCOUNTING POLICY AND ESTIMATES. Our Management's Discussion and Analysis of Financial Condition and Results of Operations section discusses our consolidated financial statements, which have been prepared in accordance with accounting principles generally accepted in the United States of America. The preparation of these financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. On an on-going basis, management evaluates its estimates and judgments, including those related to revenue recognition, accrued expenses, financing operations, and contingencies and litigation. Management bases its estimates and judgments on historical experience and on various other factors that are believed to be reasonable under the circumstances, the results of which form the basis for making judgments about the carrying value of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates under different assumptions or conditions. The most significant accounting estimates inherent in the preparation of our financial statements include estimates as to the appropriate carrying value of certain assets and liabilities which are not readily apparent from other sources. These accounting policies are described at relevant sections in this discussion and analysis and in the notes to the consolidated financial statements included in our Quarterly Report on Form 10-QSB for the three months ended March 31, 2005.

11

We incorporated in Delaware on March 15, 2001. We are a development stage company and we plan to market and sell our goods and services by means of our proposed website, www.golftwo.com. In November, we engaged Pacific Coast Consulting to develop our website. We anticipate that the cost for developing our website will be approximately \$17,500, and that our website will be completed by the third quarter of 2005. We have not taken any other steps to implement our business plan except for engaging this website consultant and obtaining \$74,909 in loans from shareholders as described herein.

Once we have sufficient funds, as discussed below, we hope to initiate, establish and operate retail golf stores which will feature indoor golf instruction and custom golf clubs. Each retail location will offer custom-fitted golf clubs, individualized to our customers' needs and marketed under the Golf Two brand name. Golf instruction and training will be conducted on-site by in-store staff under the direction of a professional at each store.

We anticipate that our retail stores will be approximately 5,000 square feet and will include two virtual reality golf simulators, two computer swing analysis systems and a club fitting analysis system. Private label and brand name golf merchandise and related products will also be available for sale at each retail store. We seek to promote the enjoyment of the game of golf by helping golfing enthusiasts of all levels play better. Accordingly, we intend to offer indoor golf training available and individualized, quality golf clubs and related

Edgar Filing: GOLF TWO INC - Form 10QSB

products to our clientele.

LIQUIDITY AND CAPITAL RESOURCES. We have cash of \$34,613 as of March 31, 2005. Our total assets were also \$34,613 as of March 31, 2005. Our current liabilities were \$6,247 as of March 31, 2005, consisting only of accounts payable. We also had \$74,909 in notes payable to stockholders as follows: on March 1, 2005, we entered into a promissory note for \$24,909, which is payable in five years, and bears no interest; in late 2003, we borrowed \$50,000 from a different stockholder, as previously disclosed. We believe our cash is sufficient to pay our day to day expenses for the next twelve months.

FOR THE THREE MONTHS ENDED MARCH 31, 2005 AND MARCH 31, 2004.

RESULTS OF OPERATIONS.

REVENUES. We have realized no revenues from our inception on March 15, 2001 to March 31, 2005.

OPERATING EXPENSES. For the three months ended March 31, 2005, our operating expenses were \$13,830, which was represented by solely by general and administrative expenses. We also had \$500 in interest expense. Therefore, for the three months ended March 31, 2005, we experienced a net loss of \$14,330. This is in comparison to the three months ended March 31, 2004, where we had operating expenses of \$9,112, also represented solely by general and administrative expenses. Our operating expenses were lower for the period ending in 2005 because during the same period ending in 2004 we were preparing our application for eligibility for quotation on the Over the Counter Bulletin Board. For the three months ended March 31, 2004, we also had \$500 in interest expense, making our net loss \$9,612.

12

OUR PLAN OF OPERATION FOR THE NEXT TWELVE MONTHS. To effectuate our business plan during the next twelve months, we plan to begin marketing our products and services by means of our proposed website and develop our brand image. We have been focused on developing our brand name and have reserved the domain name www.golftwo.com, though our website is not yet operational. Our operations to date have been focused on engaging a website contractor, which we were able to do by borrowing funds from one of our shareholders, and locating sources of additional funding needed to further implement our business plan. We have not taken any other steps to implement our business plan to date. Our next step will be to attempt to establish strategic relationships with providers of golf products. In the next twelve months, we hope to accomplish the steps listed below to implement our business plan:

- o Complete development of our website to promote our brand name and services and take product orders;
- o Begin advertising by means of direct mail, flyers and magazine inserts to develop brand name recognition;
- o Engage golf pro / instructor staff;
- o Explore possible suitable retail locations for our initial store; and
- o Explore debt financing options

In November 2003, we engaged Pacific Coast Consulting to develop our website, located at www.golftwo.com. The site is currently under construction. We anticipate that the total cost for developing our website will be approximately \$17,500, and that our website will be completed by the second quarter of 2005. We hope to use our website to market our proposed selection of customized golf clubs which we hope to obtain from local independent golf retailers, such as

Edgar Filing: GOLF TWO INC - Form 10QSB

golf pro shops located at golf courses.

During the time our website is being developed, we plan to review the website templates for each page of our website as they become available from our website contractor. We also plan to begin marketing space on our website to potential suppliers of golf equipment, which we hope to engage as "Community Members" on our site. We propose to use mailers, telemarketing, search engines and other media to promote our brand name among potential suppliers. Before our website goes "live", we will allow potential suppliers or "Community Members" to view these templates after they are uploaded to the privately viewable version of our website as it is being constructed. During this phase, we hope to conclude agreements with these potential suppliers for us to sell their products on our website.

13

Also, during the time our site is under construction, we also plan to locate the specific golf shops, course pro shops and other potential suppliers whom we hope to engage as part of our supplier base. Each potential supplier will be notified of the terms and conditions of being one of our "Community Members" and how and when they will be able to begin uploading their inventory to our site. We will not go live with our site until we have engaged a minimum number of Community Members. We believe that some of the marketing tools that we will be using to attract "Community Members" are available at a nominal cost.

In addition to our proposed online "Community," we hope to utilize two fulfillment companies to help us fulfill our internet orders. One of our officers and directors personally knows the owners of two independent fulfillment companies, and they have verbally agreed to provide us with a net discount once a volume of orders is established. We envision that these companies will purchase, stock and finance all orders and a complete inventory product line that will be available to customers online. We believe that this will give us a very large product line with minimal capital outlay. We plan to generate revenues from the commissions of everything sold from our site.

As our website is being launched, we intend to take steps to acquire and operate from our first retail location, which we believe will require approximately \$475,000 in funding to lease a site and prepare it for retail operations. We are continuing to locate additional funds sufficient to finance this proposed retail location, though we have not yet been able to do so to date. Once we have secured financing, we plan to enter into a lease for the premises we will use for our retail location. Once the lease has been secured, we will arrange to begin tenant improvements, begin vendor procurement for inventory, install fixtures and equipment, hire and train employees, and undertake other necessary efforts to begin operations. To date, we have identified two potential locations and have begun discussions with the owners of these properties, though we have not yet begun discussions regarding possible lease terms. We have also begun discussions with one of our officers and directors, who is an architect, who we believe will assist us with quantifying the costs of the tenant improvements that we would require, depending on which of the two proposed premises are leased. In addition, we have spoken with a tenant improvement specialist at Bickel Underwood Architect located in Newport Beach, California as to the scope of this type of project.

We have cash of \$34,613 as of March 31, 2005. In the opinion of management, available funds will not satisfy our working capital requirements through the next twelve months if we are to take additional steps to implement our business plan. We believe that our expenses will significantly increase as we begin to implement our business plan. In late 2003, we entered into a promissory note for \$50,000 with one of our shareholders, payable by November 5, 2008, at the rate

Edgar Filing: GOLF TWO INC - Form 10QSB

of 4% per year calculated yearly. These funds allowed us to engage a web developer, as we have no other source of revenues. We estimate that our proposed website, our only potential source of revenue, will not be operational until late mid 2005. On March 1, 2005, we entered into a promissory note with a stockholder for \$24,909, which is payable in five years and is non interest bearing; Once we locate and begin developing our first brick and mortar retail location, which we anticipate will not occur before 2006, our funding needs will be significantly greater and we will require additional sources of funding since we are not yet able to generate revenues from operations. We do not currently have the funds we believe we need to open our first retail location, but hope to raise an additional \$475,000, the amount we estimate we need to open our first retail location, within the next 12 to 18 months. We will need to raise this amount through borrowings and equity financing since we have no other source of revenue. Since we have not yet raised this amount, we are focusing our efforts on our internet operations and website. Our forecast for the period for which our financial resources will be adequate to support our operations involves risks and uncertainties and actual results could fail as a result of a number of factors.

14

We are not currently conducting any research and development activities other than the development of our website and do not anticipate conducting such activities in the near future. Unless we raise funds to accommodate additional expenditures, we do not anticipate that we will purchase any significant equipment. In the event that we generate significant revenues and expand our operations, then we may need to hire additional employees or independent contractors as well as purchase or lease additional equipment. We do not anticipate incurring expenses to hire a golf pro or instructor staff, at least initially, in that we hope to engage such individuals on a fee-splitting or commission basis.

Off-Balance Sheet Arrangements. There are no off balance sheet arrangements that have or are reasonably likely to have a current or future effect on our financial condition, changes in financial condition, revenues or expenses, results of operations, liquidity, capital expenditures or capital resources that are material to investors.

ITEM 3. CONTROLS AND PROCEDURES

The Company's Chief Executive Officer/Principal Financial Officer evaluated the effectiveness of the design and operation of the Company's disclosure controls and procedures as of March 31, 2005. Based on that evaluation, the Company's Chief Executive Officer/Principal Financial Officer concluded that, notwithstanding the material weakness discussed in the following paragraph, as of the evaluation date the Company's disclosure controls and procedures are designed to and are effective to give reasonable assurance that the information the Company must disclose in reports filed with the Securities and Exchange Commission is properly recorded, processed, summarized, and reported as required.

There were no changes in the Company's internal control over financial reporting during the quarter ended March 31, 2005 that materially affected, or were reasonably likely to materially affect the Company's internal control over financial reporting. However, as a result of these reviews, our independent registered accountants reported to our Audit Committee adjustments with regard to the interim financial statements prepared for the periods ending March 31, 2005 that needed to be made. Management acknowledged that this recommended

Edgar Filing: GOLF TWO INC - Form 10QSB

adjustment to the interim financial statements reflects a material weakness under standards established by the Public Company Accounting Oversight Board ("PCAOB"). This material weakness issue has been discussed in detail among management, our Audit Committee, and our independent registered public accountants. These adjustments in themselves may not be material, however, the independent registered accountants have discovered adjustments each period, which were not in the individual a material weakness, but all taken together, and the fact that this situation has not been corrected, indicates a material weakness. The Company will continue to evaluate its internal controls and procedures to identify any required improvements.
