Forward-Looking Statements

Forward-Looking Statements

This document contains forward-looking statements, within the meaning of Section 27A of the Securities Act of 1933 and Section 21E of the

Securities Exchange Act of 1934. These statements include those that refer to Ashland's and Hercules' current expectations about the acquisition of Hercules. Although Ashland and Hercules believe their expectations are based on what management believes to be reasonable assumptions,

they cannot assure the expectations reflected in this document will be achieved as they are subject to risks and uncertainties that are difficult to predict and may be outside of Ashland's and Hercules' control. These risks and uncertainties may cause actual results to differ materially from

those stated, projected or implied. Such risks and uncertainties include the possibility that the benefits anticipated from the Hercules transaction

will not be fully realized; the possibility the transaction may not close, including as a result of failure to obtain the approval of Hercules

stockholders; the possibility that financing may not be available on the terms committed; and other risks that are described in filings made by

Ashland and Hercules with the Securities and Exchange Commission (SEC) in connection with the proposed transaction. Other factors, uncertainties and risks affecting Ashland and Hercules are contained in each company's periodic filings made with the Securities and Exchange

Commission, including Ashland's Form 10-K for the fiscal year ended Sept. 30, 2007, Ashland's Form 10-Q for the quarter ended March 31, 2008, Hercules' Form 10-K for the fiscal year ended Dec. 31, 2007, and Hercules' Form 10-Q for the quarter ended March 31, 2008 filed with the SEC

and available on Ashland's Investor Relations website at www.ashland.com/investors or Hercules' website at www.herc.com or the SEC's website at www.sec.gov. Ashland and Hercules undertake no obligation to subsequently update or revise the forward-looking statements made in this

document to reflect events or circumstances after the date of this document.

ADDITIONAL INFORMATION

In connection with the proposed transaction, Ashland will file a registration statement on Form S-4, which will include a preliminary proxy statement/prospectus, with the SEC. Ashland and Hercules intend to mail a definitive proxy statement/prospectus to Hercules' stockholders containing information regarding the proposed transaction. Investors and security holders are urged to read the

registration statement on Form S-4 and the related preliminary and definitive proxy/prospectus when they become available because they will contain important information about the proposed transaction. Investors and security holders may obtain free copies of

these documents (when they are available) and other documents filed with the SEC at the SEC's web site at www.sec.gov and by contacting Ashland Investor Relations at (859) 815-4454 or Hercules Investor Relations at (302) 594-7151. Investors and security

holders may obtain free copies of the documents filed with the SEC on Ashland's Investor Relations website at www.ashland.com/investors or Hercules' website at www.herc.com or the SEC's website at www.sec.gov.

Edgar Filing: HERCULES INC - Form 425

Hercules and its directors and executive officers may be deemed participants in the solicitation of proxies from the stockholders of Hercules in connection with the proposed transaction. Information regarding the special interests of these directors and executive officers in the proposed transaction will be included in the proxy statement/prospectus described above. Additional information regarding the directors and executive officers of Hercules is also included in Hercules' proxy statement for its 2008 Annual Meeting of Stockholders, which was filed with the SEC on March 19, 2008. These documents are available free of charge at the SEC's web site at www.sec.gov and from Investor Relations at Ashland and Hercules as described above.

4

Key Terms

- Hercules shareholders to receive consideration of:
 - \$18.60 per Hercules share in cash
 - 0.093 of a share of Ashland stock
 - Value of \$23.01 per share, based upon Ashland closing price on July 10
 - 38-percent premium to Hercules' closing stock price on July 10
 - 26-percent premium to Hercules' 30-day average stock price
 - Total transaction value of \$3.3 billion
 - Includes \$2.6 billion equity value, plus net assumed debt of \$0.7 billion
 - Expected to close by end of calendar 2008
-

5

- Creates a major, global specialty chemicals company
 - ~75 percent of estimated pro forma* EBITDA derived from specialty chemicals
 - More than \$10 billion in pro forma revenue
 - Boosts pro forma revenue from outside North America to approximately \$3.5 billion
- Significantly enhances focus and expands scale in three specialty chemical businesses
 - Specialty additives and ingredients, paper and water technologies, and specialty resins
- Creates leadership position in attractive and growing renewable/sustainable chemistries
 - Derives approximately one-third of estimated pro forma EBITDA from bio-based chemistries

* For the 12 months ended March 31, 2008. Sales & Operating Revenue includes intersegment sales. EBITDA excludes Unallocated and Other.
Drives stronger, more profitable
and less cyclical earnings
Strategic Benefits

6

- Founded in 1924; sales in 100 countries
 - Number of employees: ~11,700
 - A leading manufacturer of composite polymers, adhesives, metal casting consumables, and process and utility water treatments
 - A leading North American distributor of chemicals, plastics and composite materials
 - Marketer of premium-branded lubricants, automotive chemicals and quick-lube services

Specialty Chemicals Core

10

Hercules

Ashland

- Broad product offering encompassing the entire paper-making process
- Support by the largest technical sales force in the industry
 - Satisfies customers' preference toward fewer suppliers and suppliers with a productivity orientation
 - Broad process and functional capabilities to address critical customer needs
- Backward integrated on key functional additives
 - Specialized sales channel
 - Expertise in process and utility water treatment
- Backward integrated on key process chemicals
- Key product formulation and application capabilities

This acquisition creates a differentiated offering within the paper vertical.

11

Financing

- \$2.7 billion new financing
 - Commitments from Bank of America and Scotia Capital
 - \$2.2 billion expected to be drawn at closing
 - 10.5 million new common shares issued at closing
 - Estimated Debt/EBITDA ratio at close: 3.2x to 3.3x
 - Target: 1.5x to 2.0x
 - Goal of attaining investment-grade credit rating in two to four years
-

12

Financial Benefits

- At least \$50 million annual run-rate cost savings by Year 3
 - Overhead redundancies (selling and administrative)
 - Integrated technology platform
 - Raw material procurement
 - Freight and logistics
 - Modestly dilutive to reported EPS in Year 1
 - Significantly accretive to EPS in Year 1 excluding merger costs and noncash depreciation and amortization charges related to the transaction
-

13

Timeline and Next Steps

- Hercules shareholder approval
 - Receipt of regulatory approvals
 - Other customary closing conditions
 - Anticipated close by end of calendar 2008
-
