PROXY STATEMENT
FOR
2019 ANNUAL MEETING OF STOCKHOLDERS

The Board of Directors of AtriCure, Inc., a Delaware corporation, is soliciting the enclosed proxy from you. The proxy will be used at our 2019 Annual Meeting of Stockholders to be held on Wednesday, May 22, 2019, beginning at 9:00 a.m. EDT at our principal executive offices located at 7555 Innovation Way, Mason, Ohio 45040, and at any postponements or adjournments thereof. This proxy statement contains important information regarding the 2019 Annual Meeting of Stockholders. Specifically, it identifies the matters upon which you are being asked to vote, provides information that you may find useful in determining how to vote and describes the voting procedures.

In this proxy statement: the terms “we”, “our”, “us”, “AtriCure” and the “Company” each refer to AtriCure, Inc.; the term “Board” means our Board of Directors; the term “proxy materials” means this proxy statement, the enclosed proxy card and our Annual Report on Form 10-K for the year ended December 31, 2018, filed with the U.S. Securities and Exchange Commission (SEC); and the term “meeting” means our 2019 Annual Meeting of Stockholders, including any postponements or adjournments thereof.

QUESTIONS AND ANSWERS REGARDING THIS SOLICITATION

AND VOTING AT THE ANNUAL MEETING

How can I receive proxy materials?

Under rules adopted by the U.S. Securities and Exchange Commission (SEC), we are furnishing proxy materials to our stockholders primarily via the Internet, instead of mailing printed copies of proxy materials to each stockholder. On or about April 10, 2019, we began mailing to our stockholders a Notice of Internet Availability of Proxy Materials (Notice) containing instructions on how to access this proxy statement, the accompanying notice of annual meeting and our annual report for the fiscal year ended December 31, 2018 online. If you received the Notice by mail, you will not automatically receive a printed copy of proxy materials in the mail. Instead, the Notice instructs you on how to access and review all of the important information contained in the proxy materials. The Notice also instructs you on how you may submit your proxy via the Internet.

You can receive a printed copy of our proxy materials by following the instructions contained in the Notice regarding how you may request to receive your materials electronically or in printed form. Requests for printed copies of the proxy materials can be made by Internet at <http://www.proxyvote.com>, by telephone at 1-800-579-1639 or by email at sendmaterial@proxyvote.com by sending a blank email with your control number in the subject line.

What information is contained in this proxy statement?

The information in this proxy statement relates to the proposals to be voted on at the meeting, the voting process, the compensation of our directors and the most highly paid executive officers during 2018 and certain other required information.

Who is entitled to vote at the meeting?

Only stockholders who owned our common stock at the close of business on March 25, 2019 (the Record Date) are entitled to notice of and to vote at the meeting and at any postponements or adjournments thereof. If you are not a stockholder of record but hold shares in street name (that is, through a broker or nominee), you will need to provide proof of beneficial ownership as of March 25, 2019, such as your most recent brokerage account statement, a copy of the voting instruction card provided by your broker, trustee or nominee, or other similar evidence of ownership. All stockholders should be prepared to present photo identification for admittance.

What items of business will be voted on at the meeting?

The items of business scheduled to be voted on at the meeting are:

- 1.The election of eight nominees to serve as directors on our Board;
- 2.The ratification of the appointment of our independent registered public accounting firm for the 2019 year;

Table of Contents

3. Amending the AtriCure, Inc. 2014 Stock Incentive Plan to increase the number of shares of common stock authorized for issuance thereunder by 900,000 shares;

4. An advisory vote on the compensation of our named executive officers as disclosed in this proxy statement; and

5. An advisory vote on the frequency of future advisory votes on compensation of our named executive officers.

These proposals are described more fully below. As of the date of this proxy statement, this is the only business that our Board intends to present or knows of that others will present at the meeting. If any other matter or matters are properly brought before the meeting, each properly executed proxy card will be voted in the discretion of the proxies named therein.

How does the Board of Directors recommend that I vote?

Our Board recommends that you vote your shares:

1. "FOR" each of the director nominees;
2. "FOR" the ratification of our independent registered public accounting firm for 2019;
3. "FOR" the amendment of the AtriCure, Inc. 2014 Stock Incentive Plan;
4. "FOR" the approval of the compensation of our named executive officers; and
5. "FOR" ONE YEAR as the frequency for future advisory votes on executive compensation.

What are my voting rights?

On each matter to be voted upon, you have one vote for each share of common stock you own as of March 25, 2019. You may vote all shares owned by you as of March 25, 2019, including (1) shares held directly in your name as the stockholder of record and (2) shares held for you as the beneficial owner through a broker, trustee or other nominee such as a bank.

What constitutes a quorum?

A quorum is required to conduct business at the meeting. The presence at the meeting, in person or by proxy, of the holders of a majority of the shares of our common stock entitled to vote at the meeting will constitute a quorum. As of March 25, 2019, 38,647,527 shares of our common stock were outstanding. Both abstentions and broker non-votes are counted for the purpose of determining the presence of a quorum.

What is the difference between holding shares as a stockholder of record and as a beneficial owner?

If your shares are registered directly in your name with our transfer agent, American Stock Transfer & Trust Company, you are considered, with respect to those shares, the stockholder of record, and these proxy materials are being sent directly to you by us. As the stockholder of record, you have the right to grant your voting proxy directly to the persons named as proxy holders or to vote in person at the meeting. We have enclosed a proxy card for your use.

If your shares are held in a brokerage account or by another nominee, you are considered the beneficial owner of shares held in street name, and these proxy materials are being forwarded to you together with a voting instruction card. As the beneficial owner, you have the right to direct your broker, trustee or nominee how to vote and are also invited to attend the meeting. Please note that since a beneficial owner is not the stockholder of record, you may not vote these shares in person at the meeting unless you obtain a “legal proxy” from the broker, trustee or nominee that holds your shares, which gives you the right to vote the shares at the meeting. Your broker, trustee or nominee has enclosed or provided voting instructions for your use in directing the broker, trustee or nominee as to how you would like them to vote your shares.

How can I vote my shares in person at the meeting?

Shares held in your name as the stockholder of record may be voted in person at the meeting. Shares held beneficially in street name may be voted in person only if you obtain a legal proxy from the broker, trustee or nominee that holds your shares, which gives you the right to vote the shares. Even if you plan to attend the meeting, we recommend that you also submit your proxy card or voting instructions as described below so that your vote will be counted if you later decide not to, or are unable to, attend the meeting.

Table of Contents

Can I vote my shares without attending the meeting?

Whether you hold shares directly as the stockholder of record or beneficially in street name, you may direct how your shares are voted without attending the meeting. Stockholders of record may submit proxies by the Internet by following the instructions in the Notice or by completing, signing and dating their proxy cards and mailing them in the accompanying pre-addressed envelope. Stockholders holding shares beneficially in street name may vote by following the instructions provided by the broker, trustee or nominee holding the shares.

What if I want to revoke and change my vote?

You may change your vote at any time prior to the vote at the meeting. If you are the stockholder of record, you may change your vote by granting a new proxy bearing a later date (which automatically revokes your earlier proxy), by providing a written notice of revocation to our Secretary prior to your shares being voted or by attending the meeting and voting in person. Please note that attending the meeting will not cause your previously granted proxy to be revoked unless you specifically so request. For shares you hold beneficially in street name, you may change your vote by submitting new voting instructions to your broker, trustee or nominee, or, if you have obtained a legal proxy from your broker, trustee or nominee which gives you the right to vote your shares, by attending the meeting and voting in person.

What vote is required to approve each item and how are votes counted?

The vote required to approve each item of business and the method for counting votes is set forth below:

Election of Directors. AtriCure has adopted a majority voting standard for director elections which means that, subject to the provisions of Section 3.3 of our Bylaws, in an uncontested election of directors (i.e., an election where the number of nominees does not exceed the number of directors to be elected at the meeting), each director shall be elected by the vote of the majority of the votes cast with respect to that director's election at any meeting for the election of directors at which a quorum is present. In any election of directors that is not an uncontested election, directors shall be elected by a plurality of the votes cast. A "majority of the votes cast" means that the number of shares voted "for" a director must exceed the number of votes cast "against" that director's election. "Abstentions" and "broker non-votes" shall not be counted as votes cast with respect to a director's election. You may vote "FOR" all of the director nominees or "WITHHOLD" your vote for any or all director nominees. A properly executed proxy marked "WITHHOLD" with respect to the election of one or more director nominees will not be voted with respect to the director or directors indicated.

Ratification of Independent Registered Public Accounting Firm. For the approval of the ratification of the independent registered public accounting firm, the affirmative "FOR" vote of a majority of the shares represented in person or by proxy and entitled to vote will be required. You may vote "FOR," "AGAINST" or "ABSTAIN" for this item of business. If you "ABSTAIN", your abstention has the same effect as a vote "AGAINST".

Approval of Amendment to the AtriCure, Inc. 2014 Stock Incentive Plan. For the amendment to the AtriCure, Inc. 2014 Stock Incentive Plan, the affirmative "FOR" vote of a majority of the shares represented in person or by proxy and entitled to vote will be required. You may vote "FOR", "AGAINST" or "ABSTAIN" for this item of business. If you "ABSTAIN", your abstention has the same effect as a vote "AGAINST".

Advisory Vote on Compensation of Named Executive Officers. For the approval, on an advisory basis, of the compensation of our named executive officers, the affirmative "FOR" vote of a majority of the shares represented in

person or by proxy and entitled to vote will be required. You may vote “FOR”, “AGAINST” or “ABSTAIN” for this item of business. If you “ABSTAIN,” your abstention has the same effect as a vote “AGAINST”.

Advisory Vote on Frequency of Advisory Vote on Compensation of Named Executive Officers. We will consider our stockholders to have expressed a non-binding preference for the frequency option for future advisory votes on executive compensation receiving the highest number of “FOR” votes. You may vote “FOR” “ONE YEAR”, “TWO YEARS” OR “THREE YEARS” for this item of business.

If you provide specific instructions with regard to certain items, your shares will be voted as you instruct on such items. If you sign your proxy card or voting instruction card without giving specific instructions, your shares will be voted in accordance with the recommendations of the Board (“FOR” all of the nominees to the Board, “FOR” ratification of the independent registered public accounting firm, “FOR” the amendment to the AtriCure, Inc. 2014 Stock Incentive Plan, “FOR” the approval of the compensation of our named executive officers, “FOR” “ONE YEAR” as the preferred frequency for future advisory votes on executive compensation and in the discretion of the proxy holders on any other matters that properly come before the meeting).

Table of Contents

What is a “broker non-vote”?

Under the rules that govern brokers who have record ownership of shares that are held in street name for their clients who are the beneficial owners of the shares, brokers have the discretion to vote such shares on routine matters. The ratification of the appointment of an independent public accounting firm (Proposal 2) is considered a routine matter. Your broker, therefore, may vote your shares in its discretion on this routine matter if you do not instruct your broker how to vote on them. If a matter is not considered routine, then your broker is prohibited from voting your shares on the matter unless you have given voting instructions on that matter to your broker. Because Proposal 1 (election of directors), Proposal 3 (amendment to the AtriCure, Inc. 2014 Stock Incentive Plan), Proposal 4 (advisory vote on compensation of named executive officers) and Proposal 5 (advisory vote on frequency of advisory vote on executive compensation) are not considered routine, brokers holding shares for their customers will not have the ability to cast votes with respect to Proposals 1, 3, 4 and 5 unless they have received instructions from their customers. It is important, therefore, that you provide instructions to your broker if your shares are held by a broker so that your votes with respect to Proposals 1, 3, 4 and 5 are counted. Your broker, therefore, will need to return a proxy card without voting on Proposals 1, 3, 4 and 5 if you do not give voting instructions with respect to these matters. This is referred to as a “broker non-vote”.

How are “broker non-votes” counted?

Broker non-votes will be counted for the purpose of determining the presence of a quorum for the transaction of business, but they will not be counted in tabulating the voting result for any particular proposal.

How are abstentions counted?

If you return a proxy card that indicates an abstention from voting, the shares represented will be counted for the purpose of determining both the presence of a quorum and the total number of shares represented and entitled to vote with respect to a proposal (other than with respect to the election of directors), but they will not be voted on any matter at the meeting. Accordingly, abstentions will have the same effect as a vote “AGAINST” for Proposals 2, 3, 4 and 5.

What happens if additional matters are presented at the meeting?

Other than the five proposals described in this proxy statement, we are not aware of any other business to be acted upon at the meeting. If you grant a proxy, the persons named as proxy holders, Michael H. Carrel (our President and Chief Executive Officer) and M. Andrew Wade (our Senior Vice President and Chief Financial Officer), will have the discretion to vote your shares on any additional matters properly presented for a vote at the meeting. If, for any unforeseen reason, any of our nominees are not available as a candidate for director, the persons named as proxy holders will vote your proxy for such other candidate or candidates as may be nominated by our Board.

Who will serve as inspector of election?

The Secretary of the Company will tabulate the votes and act as inspector of election at the meeting.

What should I do in the event that I receive more than one set of proxy/voting materials?

You may receive more than one set of these proxy materials, including multiple copies of this proxy statement and multiple proxy cards or voting instruction cards. For instance, if you hold your shares in more than one brokerage

account, you may receive a separate voting instruction card for each brokerage account in which you hold shares. In addition, if you are a stockholder of record and your shares are registered in more than one name, you may receive more than one proxy card. Please complete, sign, date and return each proxy card and voting instruction card that you receive to ensure that all of your shares are voted.

Who is soliciting my vote, and who will bear the costs of this solicitation?

Your vote is being solicited on behalf of the Board, and the Company will bear the entire cost of solicitation of proxies, including preparation, assembly, printing and mailing of this proxy statement. In addition to these mailed proxy materials, our directors and employees may also solicit proxies in person, by telephone, by e-mail or by other means of communication. Directors and employees will not be paid any additional compensation for soliciting proxies. We may reimburse brokerage firms, banks and other agents for the cost of forwarding proxy materials to beneficial owners. We may also engage the services of a professional proxy solicitation firm to aid in the solicitation of proxies from certain brokers, bank nominees and other institutional owners. Our costs for such services, if retained, will not be material.

Where can I find the voting results of the meeting?

We intend to announce preliminary voting results at the meeting and publish final results in a Current Report on Form 8-K to be filed with the United States Securities and Exchange Commission within four business days after the meeting.

CORPORATE GOVERNANCE AND BOARD MATTERS

Board Leadership Structure

The Company has separate Chief Executive Officer and Board Chairman positions. Mr. Drake serves as our Chairman of the Board and presides over Board meetings and provides the Company with the benefit of his strategic and creative vision, an appreciation for and understanding of the risks associated with the Company's business and an intimate knowledge of the Company's technologies and the medical device industry. Mr. Carrel serves as our President and Chief Executive Officer and provides the Company with the benefit of his extensive knowledge of the Company's operations, an understanding of the day-to-day challenges faced by companies in the medical device industry and his business and financial know-how.

The Board currently believes that, at this time, based on the skills and responsibilities of the various members of the Board and management, and in light of the general economic, business and competitive environment facing the Company, the separation of the Chairman and Chief Executive Officer roles enhances appropriate oversight of management by the Board, Board independence, the accountability to our stockholders by the Board and our overall leadership structure. Furthermore, the Board believes that maintaining separation of the Chairman function from that of the Chief Executive Officer allows the Chief Executive Officer to properly focus on managing the business, rather than requiring a significant portion of his efforts to be spent on also overseeing Board matters.

Board Refreshment Initiative

Beginning in 2016, the Nominating and Corporate Governance Committee considered the views of institutional investors and proxy advisory firms in engaging in a Board refreshment initiative. Recognizing that six members had served on the Board for ten or more years, the Nominating and Corporate Governance Committee used the Board and Committee evaluation processes to address the Board refreshment initiative. The Nominating and Corporate Governance Committee also considered the priority of diversity in the Board refreshment initiative.

As a result of the Board refreshment initiative, we announced that Sven A. Wehrwein joined the Board in November 2016 and that Regina E. Groves and B. Kristine Johnson were appointed to the Board of Directors in March 2017. In addition, we announced that Michael D. Hooven and Karen P. Robards, two existing members of the Board of Directors, would not stand for re-election at the 2017 Annual Meeting of Stockholders. In February 2018, we announced that Richard M. Johnston and Elizabeth D. Krell, Ph.D., two existing members of the Board of Directors, would not stand for re-election and that Scott W. Drake would assume the position of Chairman of the Board effective May 22, 2018. Effective May 22, 2018, the size of the Board was reduced to eight members as a result of the actions taken in connection with the refreshment initiative.

Consideration of Director Nominees

Stockholder Nominations and Recommendations. As described above in the Question and Answer section under "What is the deadline to propose actions for consideration at next year's meeting of stockholders or to nominate individuals to serve as directors?" our Bylaws set forth the procedure for the proper submission of stockholder nominations for membership on our Board. In addition, the Nominating and Corporate Governance Committee may consider properly submitted stockholder recommendations (as opposed to formal nominations) for candidates for membership on the Board. A stockholder may make such a recommendation by submitting the information required by our Bylaws and

the following information to our Secretary at 7555 Innovation Way, Mason, Ohio 45040: the candidate's name, age, home and business contact information, principal occupation or employment, the class and number of shares of AtriCure stock beneficially owned, information regarding any relationships, arrangements or understandings between the candidate and AtriCure and any other information relating to the candidate that is required to be disclosed in the solicitation of proxies for election of directors or is otherwise required, including the candidate's written consent to being named in the proxy statement, if any, as a nominee and to serving as a director if elected.

Director Qualifications. Members of our Board should have the highest professional and personal ethics and values and conduct themselves consistent with our Code of Conduct. In accordance with our Corporate Governance Guidelines, the Nominating and Corporate Governance Committee formally reviews each director's continuation on the Board at the expiration of the director's term. The Board also has set an age limit of 75 for directors, provided that directors turning 75 shall be permitted to serve the remainder of their term. The Board, through recommendation by the Nominating and Corporate Governance Committee or otherwise, may waive the application of this age limit on a case by case basis. The Committee believes that candidates and nominees must reflect a Board that is comprised of directors who (i) are predominantly independent, (ii) are of high integrity, (iii) have qualifications that will increase overall Board effectiveness and (iv) meet other requirements as may be required by applicable rules, such as financial literacy or financial expertise with respect to audit committee members.

Table of Contents

Identifying and Evaluating Director Nominees. Typically new candidates for nomination to our Board are suggested by existing directors or by our executive officers. However, candidates may also come to the attention of our Board through professional search firms, stockholders or other persons. The Nominating and Corporate Governance Committee will carefully review the qualifications of any candidates who have been properly brought to its attention. Such review may, in the Committee's discretion, include a review solely of information provided to the Committee or may also include discussions with persons familiar with the candidate, an interview with the candidate or other actions that the Committee deems proper. The Committee will consider the suitability of each candidate, including the current members of our Board, in light of the current size and composition of the Board. In evaluating the qualifications of the candidates, the Committee considers many factors including issues of character, judgment, independence, age, expertise, diversity of experience, length of service, other commitments and the like. The Committee evaluates such factors, among others, and does not assign any particular weighting or priority to any of these factors nor does the Committee have a formal policy with respect to diversity. Candidates properly recommended by stockholders are evaluated by the independent directors using the same criteria as other candidates.

Certain Relationships and Related Party Transactions

Our Audit Committee charter provides that the Audit Committee will review and discuss with management potential transactions with related parties. Related party transactions requiring Audit Committee approval include transactions that are significant in size and transactions that involve terms or aspects that differ from those which would be entered into between independent parties.

Communications with the Board of Directors

Stockholders are invited to communicate to the Board or its committees by writing to: AtriCure, Inc., Chairman of the Board of Directors or the Chair of a Board committee, 7555 Innovation Way, Mason, Ohio 45040. All such stockholder communications (except for spam, junk mail, mass mailings, resumes, job inquiries, surveys, business solicitations or advertisements, or patently offensive, hostile, threatening or otherwise unsuitable or inappropriate material) will be forwarded to the specific director or directors to whom the communications are addressed.

Board’s Role in Risk Oversight

The Board has two primary methods of overseeing risk. The first method is through our Enterprise Risk Management (“ERM”) program which provides a process which allows for full Board oversight of the most significant risks facing us. The second is through the functioning of the Board committees.

The goal of ERM is to provide an ongoing process, effected at all levels across each business unit and corporate function, to identify, assess and monitor risk, and to implement mitigating actions, if possible. Where the ERM process identifies a material risk, it will be elevated through the CEO to the Board for its consideration. The Board established the Compliance, Quality and Risk Committee in 2016 to oversee management’s processes to manage our enterprise-wide risk.

Both the full Board and the Compliance, Quality and Risk Committee periodically receives and reviews presentations from management regarding the ERM process to assess whether it is functioning effectively.

Management is responsible for the day-to-day management of risks we face, while the Board, as a whole and through its committees, has the responsibility for the oversight of our risk management processes. Senior management attends regular meetings of the Board, provides presentations on operations, including significant risks, and is available to address any questions raised by the Board. Specific examples of risks primarily overseen by the full Board include, but are not limited to, legal risks, competition risks, industry risks, economic risks, business operations risks, commercial and regulatory compliance risks, quality risks, cybersecurity risks, reputational risks and risks related to acquisitions and dispositions.

Table of Contents

Our Board committees assist the Board in fulfilling its oversight responsibilities in the ERM process.

The Audit Committee regularly reviews with management and the independent auditors significant financial risk exposures and the processes management has implemented to monitor, control and report such exposures. Specific examples of risks primarily overseen by the Audit Committee include, but are not limited to, risks related to preparing our financial statements, disclosure controls and procedures, internal controls over financial reporting, accounting, financial, auditing, treasury and cybersecurity risks.

The Compensation Committee assists the Board in fulfilling its oversight responsibilities regarding the management of risks arising from our compensation policies and programs.

The Nominating and Corporate Governance Committee assists the Board in fulfilling its oversight responsibilities regarding the management of risks associated with Board organization, membership and structure, succession planning and corporate governance.

The Compliance, Quality and Risk Committee assists the Board in fulfilling its oversight responsibilities regarding the management of risks relating to the Company's Code of Conduct, compliance with applicable U.S. Food and Drug Administration requirements and international law, compliance program and enterprise risk management and control activities.

The Strategy Committee assists the Board in fulfilling its oversight responsibilities regarding the management of risks relating to potential mergers, acquisitions, divestitures, joint ventures and other key strategic transactions outside the ordinary course of the Company's business.

Our Board is apprised by the chairperson of each Board committee of significant risks and management's responses via periodic updates at regularly scheduled Board meetings. The leadership structure of our Board supports the Board's effective oversight of our risk management.

Board Evaluations

The Board of Directors and committees conduct self-evaluations to assess the qualifications, attributes, skills and experience represented on the Board and to determine whether the Board and its committees are functioning effectively. The Nominating and Corporate Governance Committee receives input on the Board's performance from directors and, through its Chairman, discusses the input with the full Board and oversees the full Board's review of its performance. The self-assessments focus on the Board's and committees' contribution to the Company and on areas in which the Board or management believes that the Board or any of its committees could improve. The Board and the Nominating and Corporate Governance Committee use the self-evaluations in making determinations regarding which directors will be nominated for election at the Annual Meeting. The Board and committee evaluation process also informs Board and committee composition, which includes evolution of the director skills and experience qualifications criteria to meet the current and anticipated needs of the business.

PROPOSAL TWO—RATIFICATION OF APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee of the Board has selected Deloitte & Touche LLP as the independent registered public accounting firm to perform the audit of the Company's financial statements for the year ending December 31, 2019. Deloitte & Touche LLP has audited the Company's financial statements since 2002.

The Board is asking the stockholders to ratify the selection of Deloitte & Touche LLP as the Company's independent registered public accounting firm for 2019. Although not required by law, the rules of Nasdaq or the Company's Bylaws, the Board is submitting the selection of Deloitte & Touche LLP to the stockholders for ratification as a matter of good corporate practice. If the stockholders fail to ratify the selection, the Audit Committee may reconsider whether it should appoint another independent registered public accounting firm. Even if the selection is ratified, the Audit Committee, in its discretion, may select a different registered public accounting firm at any time during the year if it determines that such a change would be in the best interests of the Company and its stockholders.

Representatives of Deloitte & Touche LLP are expected to be present at the meeting. They will have an opportunity to make a statement if they desire to do so and will be available to respond to appropriate questions from the Company's stockholders.

Board of Directors' Recommendation

THE BOARD RECOMMENDS THAT YOU VOTE FOR THE RATIFICATION OF THE SELECTION OF DELOITTE & TOUCHE LLP AS THE COMPANY'S INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR 2019.

Audit and Non-Audit Services

The Audit Committee is directly responsible for the appointment, compensation and oversight of the Company's independent registered public accounting firm. In addition to retaining Deloitte & Touche LLP to audit the Company's financial statements for 2018, the Audit Committee retained Deloitte & Touche LLP to provide audit-related services in 2018. The Audit Committee understands the need for Deloitte & Touche LLP to maintain objectivity and independence in its audits of the Company's financial statements. The Audit Committee evaluates Deloitte's qualifications, performance and independence, and presents its conclusions to the full Board on an annual basis.

The aggregate fees billed or to be billed by Deloitte & Touche LLP for audit services provided to the Company for 2018 and 2017 and billed related to other services provided during 2018 and 2017 were as follows:

Service Category	2018	2017
Audit Fees	\$ 696,301	\$ 648,500

Audit-Related Fees	2,884	2,877
Tax Fees	—	—
All Other Fees	—	—
Total	\$ 699,185	\$ 651,377

In the above table, in accordance with the SEC's definitions and rules, "audit fees" are fees for professional services and reimbursement for out of pocket expenses for the audit of a company's financial statements, and for services that are normally provided by the accountant in connection with statutory and regulatory filings or engagements; "audit-related fees" are fees for assurance and related services that are reasonably related to the performance of the audit or review of a company's financial statements; "tax fees" are fees for tax compliance, tax advice and tax planning; and "all other fees" are fees for any services not included in the first three categories.

Pre-Approval Policies and Procedures

To help ensure the independence of our independent registered public accounting firm, all audit and permitted non-audit services, including the fees and terms thereof, to be performed by our independent registered public accounting firm must be approved in advance by the Audit Committee as a Committee, or the Committee may delegate to one or more of its members the authority to grant the required approvals.

PROPOSAL THREE—AMENDMENT OF 2014 Stock Incentive Plan

Based on the recommendation of the Compensation Committee, the Board voted to approve and recommend to stockholders that they approve the amendment of the AtriCure, Inc. 2014 Stock Incentive Plan (2014 Plan). The amendments consist of an increase of 900,000 shares of common stock available for issuance under the 2014 Plan, from 3,450,000 to 4,350,000. The increase in the total number of common shares available for issuance with respect to incentive stock options in accordance with the Internal Revenue Code (Code) is also 900,000. The 2014 Plan includes other amendments that stockholders are not being asked to approve, which were effective upon the Board's approval on February 26, 2019. The 2014 Plan as it is proposed to be amended and restated would allow us to continue to attract and retain high quality and higher performing directors, executives and other employees with equity incentives. If we cannot offer equity-based compensation we may have to increase our use of cash compensation which could have an adverse impact on our business plans and operations.

This 2014 Amended and Restated Stock Incentive Plan (Amended 2014 Plan) document is attached as Annex B and is marked to show all of these amendments.

Set forth below are: a summary of the principal features of the Amended 2014 Plan and a description of the U.S. federal income tax consequences under the Amended 2014 Plan. The summary of the principal features of the Amended 2014 Plan does not purport to be complete and is qualified in its entirety by reference to Annex B.

1.Summary of the 2014 Stock Incentive Plan, as amended

Objectives of the Amended 2014 Plan

The Board believes that stock-based awards are an important element of the Company's compensation programs. The Amended 2014 Plan promotes the Company's compensation philosophy and objectives by: (i) providing long-term incentives to those persons with responsibility for the success and growth of the Company, (ii) motivating participants to achieve the long-term success and growth of the Company, (iii) providing a vehicle to tie a significant portion of compensation to the long-term performance of the Company's shares, (iv) enabling the Company to attract and retain skilled and qualified officers, other employees, directors, and consultants who are expected to contribute to the Company's success in a competitive market for such individuals, (v) facilitating ownership of the Company's shares, and (vi) aligning the personal interests of officers, employees, and others in the Company's long-term growth and profitability with the interests of the Company's stockholders.

In May 2014, stockholders approved the 2014 Plan which authorized the issuance of 1,300,000 shares. In May 2016, stockholders approved an amendment to the 2014 Plan that increased the number of shares authorized for issuance by 450,000. In May 2017, stockholders approved another amendment to the 2014 Plan that increased the number of shares authorized for issuance by 850,000. In May 2018, stockholders approved additional amendments to the 2014 Plan that increased the number of shares authorized for issuance by 850,000 and changed certain terms of equity awards payable to non-employee directors. As of March 31, 2019, approximately 832,000 shares remained available for grant under the 2014 Plan. Information on the total number of shares available under the Company's existing equity compensation plans and subject to outstanding options and rights is presented in the Equity Compensation Plan Information table on page 22.

During 2018, we engaged stockholders in discussion regarding the 2014 Plan and received the advice of a leading provider of compensation and governance tools and advisory services with respect to the 2014 Plan. In particular, we solicited comment on the number of shares of common stock to be authorized for issuance under the 2014 Plan and discussed with stockholders our anticipated needs around long-term incentives for those persons with responsibility for the success and growth of the Company. Stockholders provided feedback regarding dilution and our burn rate.

The Compensation Committee and the Board considered the feedback from stockholders, the advice of compensation consultants, the Company's historical rates of equity award issuances, the expected increase in hiring of new employees to support our anticipated growth, the practices of companies in our peer group, the equity plan guidelines established by certain institutional investors and proxy advisory firms and the dilutive impact to stockholders. Based on these considerations and the recommendation of the Compensation Committee, the Board approved the Amended 2014 Plan (subject to shareholder approval) to provide for an additional 900,000 shares of stock-based awards to be granted under it which we believe would provide a sufficient number of shares to enable the Company to make awards at historical average annual rates (adjusted to account for the Company's anticipated increased headcount) for at least two years. The Compensation Committee determined that reserving shares sufficient for approximately two years of new awards at historical grant rates is in line with the practices of other companies in our peer group. However, the actual number of shares subject to awards under the Amended 2014 Plan is dependent on a number of factors, including the future trading price of our common stock, our promotion and hiring activity, our retention needs and market practices within our industry. As a result, the share reserve under the Amended 2014 Plan could last for a longer or shorter period of time than currently expected.

Table of Contents

All stock incentive awards to the Company's most highly compensated executives that may be made over the next few years are expected to be granted under the Amended 2014 Plan. The Amended 2014 Plan allows the Company the flexibility to grant a variety of stock and stock-based awards, including stock options and stock appreciation rights, granted separately or in tandem with each other, restricted shares and restricted share units, both time vested or conditioned on the attainment of performance goals and unrestricted shares.

Shares Subject to the Amended 2014 Plan

The aggregate number of common shares that may be issued under the Amended 2014 Plan, assuming approval by stockholders, is 4,350,000. The Amended 2014 Plan provides for appropriate adjustments in the number of shares subject to the Amended 2014 Plan (and other share limitations contained therein and described below) and to grants previously made if there is a share split, dividend, reorganization, or other relevant change affecting the Company's corporate structure or its shares. If shares under an award are not issued prior to the expiration, termination, cancellation or forfeiture of the award, then those shares would again be available for inclusion in future grants.

Other Share Limitations

The maximum number of shares subject to full-value awards and incentive stock options (ISOs) that may be granted under the Amended 2014 Plan is 4,350,000. The maximum number of shares subject to full-value awards that may be granted to an individual (other than a non-employee director) in a calendar year is 4,350,000 shares, and the maximum number of shares subject to stock options or stock appreciation rights that may be granted to an individual (other than a non-employee director) in a calendar year is 4,350,000.

Eligible Participants

Officers and key employees of the Company, any consultant to the Company, and the Company's non-employee directors are eligible to receive awards under the Amended 2014 Plan. Awards are granted to those persons with significant responsibility for the Company's success and growth. The number of executive officers eligible to participate in the Amended 2014 Plan is eight. The number of non-employee directors eligible to participate in the Amended 2014 Plan is seven. The number of all employees who are not executive officers eligible to participate in the Amended 2014 Plan is 630.

Administration

The terms of the Amended 2014 Plan require that it shall be administered by a committee consisting of at least three directors appointed by the Board, all of whom meet the definitions of the terms "outside director" set forth in Section 162(m) of the Internal Revenue Code (as in effect prior to its amendment by the Tax Cuts and Jobs Act) and regulations thereunder, "independent director" set forth in Nasdaq rules and "non-employee director" set forth in Rule 16b-3 under the Exchange Act. Unless determined otherwise by the Board, the Compensation Committee will administer the Amended 2014 Plan and has the authority under the Amended 2014 Plan to: (i) select the employees, consultants, and directors to whom awards are granted; (ii) determine the type and timing of awards and the appropriate award agreement evidencing each award; (iii) determine the number of shares covered by each award and all other terms and conditions of awards, not inconsistent with the terms of the Amended 2014 Plan; (iv) determine whether an award is, or is intended to be, performance based compensation within the meaning of Section 162(m) (as in effect prior to its amendment by the Tax Cuts and Jobs Act); (v) with respect to any performance based compensation, certify that any performance goals have been achieved; (vi) determine whether terms, conditions, and objectives have been met or, if permissible, should be modified or waived, not inconsistent with the terms of the

Amended 2014 Plan; (vii) cancel or suspend an award, or determine whether an amount or payment of an award should be reduced or eliminated; (viii) determine administrative rules, guidelines, and practices governing the Amended 2014 Plan; and (ix) interpret the provisions of and otherwise supervise the administration of the Amended 2014 Plan. The terms and conditions of each award agreement may vary. The Amended 2014 Plan contemplates that the Committee may delegate its authority to certain officers of the Company.

Market Value of AtriCure Shares

As of April 1, 2019, the closing price per share of our common stock as quoted on the Nasdaq market was \$27.37.

Stock Options

Stock options granted under the Amended 2014 Plan must be in the form of either incentive stock options (ISOs), which meet the requirements of Section 422 of the Internal Revenue Code, or nonqualified stock options (NQSOs), which do not meet those requirements. The term of a stock option is fixed by the Committee, but may not exceed ten years, and stock options are exercisable at such time or times as determined by the Committee. The exercise price of a stock option cannot be less than the fair market value of the shares on the date of grant, which generally means the last closing price of a share as reported on Nasdaq on the date of the grant. The grantee may pay the stock option exercise price either in cash or such other manner authorized in the Amended 2014 Plan or the

Table of Contents

applicable award agreement, including the tender of shares. Shares tendered by participants as full or partial payment of the exercise price will not become available for issuance under the Amended 2014 Plan. The Amended 2014 Plan prohibits stock option repricing.

Code Limitations on Incentive Stock Options

The Internal Revenue Code currently places certain limitations on ISO awards. In addition to the other limitations described in the Amended 2014 Plan, an ISO may only be granted to full or part-time employees (including officers and Directors who are also employees) of the Company. The total fair market value of shares subject to ISOs which are exercisable for the first time by any participant in any given calendar year cannot exceed \$100,000 (valued as of the date of grant). No ISO may be exercisable more than three months following termination of employment for any reason other than death or disability, nor more than one year with respect to disability terminations. ISOs will also be non-transferable in accordance with the provisions of the Internal Revenue Code. Additional restrictions apply to the grant of ISOs to holders of in excess of 10% of the Company's outstanding common stock.

Stock Appreciation Rights

The Committee may grant stock appreciation rights (SAR) separately or in connection with a stock option granted under the Amended 2014 Plan. If a grantee exercises a SAR, the grantee will receive an amount equal to the excess of the then-fair market value of the shares with respect to which the SAR is being exercised over the stock option exercise price of the shares, in the case of a SAR in connection with a stock option, or the exercise price of the SAR, in the case of an independent SAR. The SAR exercise price must be at least 100% of the fair market value of the underlying shares on the date of grant, and the term of such SAR may not exceed ten years. Payment may be made in cash, in shares, or in a combination of cash and shares, as the Committee determines. If a SAR granted in connection with a stock option is exercised in whole or in part, the right under the related stock option to purchase shares with respect to which the SAR has been exercised will terminate to the same extent. If a stock option is exercised, any SAR related to the shares purchased upon exercise of the stock option will terminate. To the extent that the number of shares reserved for issuance upon the grant of a SAR exceeds the number actually issued upon exercise of a SAR, such shares will not become available for issuance under the Amended 2014 Plan. The Amended 2014 Plan prohibits SAR repricing.

Restricted Share and Restricted Share Unit Awards

The Committee may grant restricted share awards which consist of shares issued by the Company to a participant for no consideration, or for a purchase price which may be below their fair market value and are subject to forfeiture in the event of termination of the participant's employment prior to vesting and subject to restrictions on sale or other transfer by the participant. Participants who hold restricted shares have the right to receive dividend distributions, in cash or shares, payable to the extent the restrictions on the applicable restricted shares lapse (and in no event shall be distributed unless and until the restrictions lapse). Our award agreements also provide that recipients of restricted share awards may vote their shares after the date of grant.

The Committee may also grant restricted share unit awards which are substantially similar to restricted share awards but which generally do not give the participant-holder any rights of a stockholder prior to lapse of the restrictions and, upon such lapse, may be settled in cash, shares, or a combination of both. The Committee may provide for the payment in cash or shares equal to the amount of dividends paid from time to time on the number of shares that would become payable upon vesting of the restricted share unit award. The Committee may provide that restrictions lapse after the passage of time (time-vested), upon certain events (such as death or disability) or upon the attainment of

specified performance objectives (performance-vested). Subject to certain exceptions, the Committee may waive restrictions or accelerate the date or dates on which restrictions lapse.

Performance Based Awards

The Committee may grant awards conditioned upon the achievement of performance goals as the Committee shall determine, in its sole discretion. The performance goals shall be based on one or more performance measures, and the Committee shall specify the time period or periods during which the performance goals must be met. The performance measure(s) may be described in terms of objectives that are related to the individual participant, the Company, or a subsidiary, division, department, region, function, or business unit of the Company, and shall consist of one or more or any combination of the following criteria: cash flow, profit, revenue, stock price, market share, sales, net income, operating income, return ratios, earnings per share, compound annual growth rate, earnings (which may include certain add backs, such as taxes, interest, and/or depreciation and amortization), operating earnings, profit margins, earnings per common share, favorable comparison to established budgets, return on stockholders' equity, return on assets, attainment of strategic and operational initiatives, comparisons with various stock market indices, reduction in costs or a combination of such factors, personal performance measures, working capital, total assets, net assets, return on sales, return on invested capital, gross margin, costs, stockholders' equity, stockholder return and/or productivity or productivity improvement. Performance goals may be expressed in absolute terms or relative to the performance of other entities or the Company's prior performance.

Table of Contents

Unrestricted Share Awards

The Committee may grant unrestricted shares on a bonus or other basis for no cash consideration.

Restricted Share Awards for Non-Employee Directors

Under the Amended 2014 Plan, each non-employee director is granted a value of approximately \$175,000 of restricted shares upon appointment by the Board (or election at an annual meeting if not appointed beforehand) (the “New Director Restricted Share Grant”). The New Director Restricted Share Grant is valued as of the closing price on the date of appointment (or election at the annual meeting if not appointed beforehand). The restricted shares vest annually over a three-year period.

Each non-employee director also is granted a value of approximately \$125,000 of shares of restricted stock immediately after each annual meeting if such person is serving as a non-employee director at such time by virtue of being re-elected (the “Annual Meeting Restricted Share Grant”). The Annual Meeting Director Restricted Share Grant is valued as of the closing price on the date of the annual meeting. The restricted shares generally vest in full on the one-year anniversary of the date of grant.

Minimum Vesting Requirement

Under the Amended 2014 Plan the Committee is limited in its ability to grant awards that vest in less than one year. Except with respect to five percent (5%) of the maximum aggregate number of shares that may be issued under the Amended 2014 Plan with vesting, no award may vest earlier than one year following the date of grant. However, this limitation does not preclude the acceleration of vesting of an award upon death or disability or in connection with a change in control, as determined by the Committee in its discretion.

Transferability of Awards

No award is transferable other than by will or the laws of descent and distribution, except the Committee may, in its discretion, provide that an award (other than an ISO) is transferable without consideration to a participant’s family member (as defined in the Amended 2014 Plan) or trusts established by the participant, subject to such terms and conditions as the Committee may impose. All awards shall be exercisable, during the participant’s lifetime, only by the participant or a permitted transferee.

Termination of Employment

Generally, and subject to the Amended 2014 Plan’s minimum vesting provisions, the vesting of awards is accelerated upon a participant’s termination of employment by death, disability or retirement (for any reason other than for cause), with a participant being allowed to exercise vested stock options or SARs for a period of time after termination. In the case of a participant’s termination of employment for cause, unless otherwise provided in an award agreement, all awards, whether vested or not, are immediately forfeited.

Change in Control

Unless the award is assumed by an acquiring entity and except as otherwise provided in an award agreement, upon a “change in control” as defined in the Amended 2014 Plan: (i) all outstanding stock options and SARs automatically become fully exercisable; and (ii) all restricted share and restricted share unit awards automatically become fully

vested.

Recoupment Policy

Awards are subject to forfeiture or repayment pursuant to the terms of any applicable compensation recoupment or recovery policy adopted by the Company, Committee, or Board, including any policy adopted to comply with the rules of any stock exchange on which the shares are traded or the SEC.

Amendments and Award Substitutions; Discontinuation of Amended 2014 Plan

The Board may amend, alter, or discontinue the Amended 2014 Plan at any time, provided that any such amendment, alteration, or discontinuance has been approved by the Company's stockholders, if stockholder approval is required under applicable laws, regulations, or exchange requirements (including for the purpose of qualification under Section 162(m) as "performance-based compensation"), and does not materially and adversely impair the rights of any grantee, without his or her consent, under any award previously granted. The Amended 2014 Plan could be amended without stockholder approval in certain nonmaterial ways that could result in an increased cost to the Company. No awards shall be made under the Amended 2014 Plan after the tenth anniversary of the effective date.

2.Certain Federal Tax Consequences with Respect to Awards

The following information is not intended to be a complete discussion of the U.S. federal income tax consequences of participation in the Amended 2014 Plan and is qualified in its entirety by references to the Code and the regulations adopted under the Code. The provisions of the Code described in this section include current tax law only and do not reflect any proposals to revise current tax law. The federal income tax consequences applicable to officers, directors, and other persons who are subject to potential liability under Section 16(b) of the Exchange Act may be different than the federal income tax consequences applicable to persons who are not subject to Section 16(b). The federal income tax consequences applicable to all persons, whether or not subject to Section 16(b), are described below.

Incentive Stock Options

Generally, under the Code, an optionee will not realize taxable income by reason of the grant or exercise of an ISO granted pursuant to the Amended 2014 Plan (see, however, discussion of the alternative minimum tax below). If an optionee exercises an ISO and does not dispose of the shares until the later of (i) two years from the date the option was granted and (ii) one year from the date of exercise, the entire gain, if any, realized upon disposition of such shares will be taxable to the optionee as long-term capital gain, and AtriCure will not be entitled to any deduction. If an optionee disposes of the shares within the period of two years from the date of grant or one year from the date of

exercise (a disqualifying disposition), the optionee generally will realize ordinary income in the year of disposition and AtriCure will receive a corresponding deduction in an amount equal to the excess of (i) the lesser of (a) the amount, if any, realized on the disposition and (b) the fair market value of the shares on the date the option was exercised over (ii) the option price. Any additional gain realized on the disposition will be short-term or long-term capital gain and any loss will be long-term or short-term capital loss. The optionee will be considered to have disposed of a share if he or she sells, exchanges, makes a gift of or transfers legal title to the shares (except transfers, among others, by pledge, on death or to a spouse). If the disposition is by sale or exchange, the optionee's tax basis will equal the amount paid for the shares plus any ordinary income realized as a result of the disqualifying disposition.

The exercise of an ISO may subject the optionee to the so-called "alternative minimum tax" (AMT). The amount by which the fair market value of the shares purchased at the time of the exercise exceeds the option exercise price is an adjustment for purposes of computing the AMT. In the event of a disqualifying disposition of the shares in the same taxable year as exercise of the ISO, no adjustment is then required for purposes of the AMT, but regular income tax, as described above, may result from such disqualifying disposition.

An optionee who surrenders shares as payment of the exercise price of his or her ISO generally will not recognize gain or loss on his or her surrender of such shares. The surrender of shares previously acquired upon exercise of an ISO in payment of the exercise price of another ISO, is, however, a "disposition" of such stock. If the ISO holding period requirements described above have not been satisfied with respect to such surrendered stock, such disposition will be a disqualifying disposition that may cause the optionee to recognize ordinary income as discussed above.

Table of Contents

Under the Code, all of the shares received by an optionee upon exercise of an ISO by surrendering shares will be subject to the ISO holding period requirements. Of those shares, a number of shares (Exchange Shares) equal to the number of shares surrendered by the optionee will have the same tax basis for capital gains purposes (increased by any ordinary income recognized as a result of a disqualifying disposition of the surrendered shares if they were ISO shares) and the same capital gains holding period as the shares surrendered. For purposes of determining ordinary income upon a subsequent disqualifying disposition of the Exchange Shares, the amount paid for such shares will be deemed to be the fair market value of the shares surrendered. The balance of the shares received by the optionee will have a tax basis (and a deemed purchase price) of zero and a capital gains holding period beginning on the date of exercise. The ISO holding period for all shares will be the same as if the option had been exercised for cash.

Non-Qualified Stock Options

Generally, there will be no federal income tax consequences to either the optionee or AtriCure on the grant of a NQSO pursuant to the Amended 2014 Plan. On the exercise of a NQSO, the optionee has taxable ordinary income equal to the excess of the fair market value of the shares acquired on the exercise date over the option price of the shares. AtriCure will be entitled to a federal income tax deduction in an amount equal to such excess, subject to the Section 162(m) \$1 million compensation deduction limitation applicable to compensation paid to specified executives.

Upon the sale of stock acquired by exercise of a NQSO, optionees will realize long-term or short-term capital gain or loss depending upon their holding period for such stock. For individuals, capital losses are deductible only to the extent of capital gains for the year plus \$3,000. An optionee who surrenders shares in payment of the exercise price of a NQSO will not recognize gain or loss with respect to the shares so delivered unless such shares were acquired pursuant to the exercise of an ISO and the delivery of such shares is a disqualifying disposition. See “Incentive Stock Options” above. The optionee will recognize ordinary income on the exercise of the NQSO as described above. Of the shares received in such an exchange, that number of shares equal to the number of shares surrendered have the same tax basis and capital gains holding period as the shares surrendered. The balance of shares received will have a tax basis equal to their fair market value on the date of exercise and the capital gains holding period will begin on the date of exercise.

Stock Appreciation Rights

A participant who is awarded a SAR will not have taxable income upon the grant of such SAR and AtriCure will not be entitled to a tax deduction by reason of such grant. Upon the exercise of a SAR, a participant will recognize taxable ordinary income equal to the amount of cash and the fair market value of any shares of common stock received. AtriCure may generally claim a deduction at that time equal to the amount recognized as ordinary income by the participant, subject to the application of Section 162(m).

Restricted Share Awards

The taxability of restricted share awards to a participant is dependent upon the extent to which the award is restricted on the date of grant. If the award is either transferable or not subject to a substantial risk of forfeiture, a participant will recognize taxable ordinary income on the date of grant. If the award is both non-transferable and subject to a substantial risk of forfeiture on the date of grant, then unless an election is made as described below, a participant will not recognize taxable ordinary income on the date of grant, but will recognize taxable ordinary income at such time or times as an award becomes either transferable or not subject to a substantial risk of forfeiture in an amount equal to the fair market value of such shares at that time. Within thirty days of receipt of an award that is not transferable and subject to a substantial risk of forfeiture, a participant may file an election with the Internal Revenue Service to

include as taxable ordinary income in the year of receipt an amount equal to the fair market value of the shares subject to the award at the time of receipt. In such event, any subsequent appreciation in the value of such shares will not be taxable as compensation to a participant upon the vesting of shares subject to the award. However, if shares subject to the award are forfeited subsequent to such election, a participant will not be entitled to a tax deduction. For purposes of determining the amount of taxable gain or loss upon a subsequent disposition of shares issued pursuant to such an award, the amount of ordinary income to a participant will be treated as the cost basis for such shares. Shares which are held for more than one year after vesting (or in the event of an election as described above, the date of receipt) generally will qualify for long-term capital gain treatment. AtriCure will be entitled to a deduction in such amount and at such time as ordinary income becomes taxable to the participant, subject to the application of Section 162(m).

Restricted Share Unit Awards

A participant who is awarded restricted share units generally will not recognize taxable income at the time of the grant. When vested restricted share units are paid or settled and distributed, the participant will generally recognize ordinary income equal to the amount of cash and/or the fair market value of the shares received less the amount paid for such share units (if any) at such time, and AtriCure will receive a corresponding deduction, subject to the application of Section 162(m).

Table of Contents

Performance Based Awards

A participant who is awarded performance shares generally will not recognize taxable income at the time of the grant. When vested performance shares are paid or settled and distributed, the participant will generally recognize ordinary income equal to the amount of cash and/or the fair market value of the shares received less the amount paid for such share units (if any) at such time, and AtriCure will receive a corresponding deduction, subject to the application of Section 162(m).

Application of Section 409A to Deferred Compensation Arrangements

The Amended 2014 Plan provides that the Committee may permit recipients of awards to defer the distribution of all or part of any award in accordance with such terms and conditions as the Committee shall establish. To the extent that a participant makes such a deferral election, Section 409A of the Code subjects the deferral arrangement to certain substantive requirements including (among other items) deferral election and payment timing requirements. In the event that a deferral arrangement fails to comply with Code Section 409A in form or operation, a participant may become subject to: (i) the imposition of Federal income tax on all amounts deferred in the tax year in which the amounts are deferred (or, if later, in the tax year when the receipt of the benefits are no longer subject to a substantial risk of forfeiture); (ii) a penalty tax of 20 percent of the includable amount (in addition to the regular income tax at ordinary income rates); and (iii) interest at the underpayment rate plus one percent from the time the amount was first deferred (or, if later, the tax year when the benefits are no longer subject to a substantial risk of forfeiture) until the time the amount is included in income.

Conclusion

The foregoing summarizes the U.S. federal income tax consequences and does not include a discussion of state and local income tax or foreign tax consequences of participation in the Amended 2014 Plan. Participants are encouraged to consult their own tax advisors regarding the federal, state and local tax consequences in their particular circumstances and with respect to their particular awards.

PROPOSAL FOUR—ADVISORY VOTE ON COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS

The Dodd-Frank Wall Street Reform and Consumer Protection Act (Dodd Act), enacted in July 2010, requires that we provide our stockholders with the opportunity to vote to approve, on a non-binding, advisory basis, the compensation of our named executive officers (NEOs) as disclosed in this proxy statement in accordance with the compensation disclosure rules of the Securities and Exchange Commission (Say on Pay).

As described in detail below under the heading “Compensation Discussion and Analysis” beginning on page 31 of this proxy statement, we seek to closely align the interests of our named executive officers with the interests of our stockholders. We structure our programs to discourage excessive risk-taking through a balanced use of compensation vehicles and metrics with an overall goal of delivering sustained long-term stockholder value while aligning our executives’ interests with those of our stockholders. Further, our programs require that a substantial portion of each named executive officer’s compensation be contingent on delivering performance results that benefit our stockholders. Our compensation programs are designed to reward our named executive officers for the achievement of short-term and long-term strategic and operational goals and the achievement of increased total stockholder return. Stockholders should note that, because the advisory vote on executive compensation occurs well after the beginning of the compensation year and because the different elements of our executive compensation programs are designed to operate in an integrated manner and to complement one another, in many cases it may not be appropriate or feasible to change our executive compensation programs in consideration of any one year’s advisory vote on executive compensation by the time of the following year’s annual meeting of stockholders.

Stockholder Outreach and Say On Pay Response

Annually, AtriCure offers stockholders the opportunity to cast an advisory vote on our executive compensation program. This annual vote is known as the “say-on-pay” proposal. At our annual meeting in May 2018, 84.3% of the votes were in favor of the say-on-pay proposal covering our executive compensation program for 2018. Although a majority of stockholders expressed support for the compensation of the Company’s named executive officers, the Compensation Committee values any additional stockholder feedback and endeavors to respond to stockholders’ concerns. We regularly communicate with our stockholders to better understand their opinions on our business strategy and objectives and to obtain feedback regarding other matters of investor interest, such as executive compensation. Throughout 2017 and in early 2018, in addition to our regular communications with stockholders during which the Company receives feedback in the normal course, we engaged in a focused outreach effort to many of our institutional stockholders to solicit their feedback on our executive pay program as well as potential changes for fiscal year 2018. Additionally, the Compensation Committee obtained feedback, advice, and recommendations on compensation best practices from its independent external compensation consultant, Willis Towers Watson, and assessed the reports and publications of Institutional Shareholder Services and other proxy advisory firms. The Compensation Committee also reviewed the Company’s performance, the compensation practices of its peers and compensation surveys and other materials regarding general and executive compensation.

In January and February 2018, with the assistance of Alliance Advisors, the Company’s stockholder engagement consultant, the Company proactively reached out to select stockholders to discuss the Company’s executive compensation philosophy, goals and plans and to obtain an understanding of our stockholders’ concerns. Noting that the Company’s outstanding shares of common stock were owned approximately 4% by management, 1% by retail investors and 95% by institutional stockholders, the Company focused its outreach on institutional stockholders. The Company contacted 25 institutional stockholders representing approximately 74% of the Company’s outstanding

common stock as of December 31, 2017, including the top five stockholders who represent approximately 41% of the Company's outstanding common stock, to better understand their votes on the 2017 "say-on-pay" proposal and obtain feedback on executive compensation. During meetings with the Company's Chief Financial Officer, Chairman of the Board (who was also a member of the Compensation Committee) and outside general counsel, many of those stockholders expressed positive views regarding the Company's strong and stable management team and the encouraging financial and operational results enjoyed by stockholders. Based on feedback from both 2017 and 2018 stockholder outreach efforts, the Compensation Committee took away from conversations with certain stockholders their concerns on the Company's equity compensation practices in connection with their votes against the "say-on-pay" proposal. Stockholders also expressed a desire for changes in the compensation plans, including: 1) addition of a multi-year performance program for equity awards; 2) elimination, or limitation on use, of overlapping metrics as goals for different executive compensation plan components; 3) the adoption of certain best practices with respect to the Company's Stock Incentive Plan; and 4) implementation of more robust governance policies.

The Compensation Committee carefully considered this feedback as part of its annual review of our executive compensation program and has responded to the stockholder concerns communicated to the Committee. The Compensation Committee approved several changes to the Company's executive compensation program and corporate governance practices, as follows:

Table of Contents

Stockholder Concern / Reason for Change	Compensation Program / Governance Change
Stockholders' concern that executives' annual restricted stock grants vest ratably over time, rather than vesting based on achievement of performance goals.	Revised equity incentive grant practices to increase performance focus. The Compensation Committee adjusted the mix of March 2019 equity grants to NEOs other than the CEO to 50% time-based restricted stock and 50% long-term performance share awards. For the CEO's March 2019 equity grant, 30% are time-based restricted stock awards and 70% are long-term performance share awards.
Stockholder feedback that the performance period for the long-term incentive performance metric should be longer than one year.	Engaged Willis Towers Watson as a compensation consultant to design and implement a performance share award plan to provide for a three-year performance metric for long-term performance shares.
Improved stockholder alignment.	In order to even more closely align long-term incentives with stockholder results, the restructured equity incentive plan provides for adjustment of the long-term performance shares issued to executives based on the Company's revenue.
Stockholder feedback that performance metrics should differ in annual and long-term incentive plans.	Adopted distinct performance metrics as follows: <ul style="list-style-type: none"> • Annual incentive plan – objectives for innovation, clinical science, education, worldwide revenue growth and worldwide adjusted EBITDA. EBITDA is a non-GAAP financial measure. (Note that while EBITDA was a performance measure in the 2018 annual incentive plan, EBITDA is not a performance measure in the 2019 annual incentive plan.) See Annex A for a discussion of management's use of EBITDA and its reconciliation to GAAP measures. • Performance shares – 3-year cumulative revenue goal.
Stockholder feedback to adopt best practices in equity compensation plan.	Engaged a leading provider of compensation and governance tools and advisory services to advise on the Stock Incentive Plan. Amended Stock Incentive Plan to include minimum vesting provisions.
Improved corporate governance.	In response to discussions with stockholders regarding best practices in corporate governance, we adopted majority voting.

The vote on this matter is not intended to address any specific element of compensation; rather, the vote relates to the compensation of our named executive officers, as described in this proxy statement in accordance with the compensation disclosure rules of the Securities and Exchange Commission. This vote is advisory, which means that the vote is not binding on the Company, our Board of Directors or the Compensation Committee. The Board and the Compensation Committee will review and consider the voting results when making future decisions regarding our executive compensation program.

Accordingly, we ask our stockholders to approve, on an advisory basis, the compensation of the named executive officers, as disclosed in this proxy statement pursuant to the compensation disclosure rules of the Securities and Exchange Commission, including the Compensation Discussion and Analysis, the Summary Compensation Table and the other related tables and disclosure.

PROPOSAL FIVE—ADVISORY VOTE ON THE FREQUENCY OF FUTURE ADVISORY VOTES ON COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS

The Dodd Act provides that stockholders must be given the opportunity to vote, on a non-binding, advisory basis, for their preference as to how frequently we should seek future advisory votes on the compensation of our named executive officers as disclosed in accordance with the compensation disclosure rules of the Securities and Exchange Commission, which we refer to as an advisory vote on executive compensation. By voting with respect to this proposal, stockholders may indicate whether they would prefer that we conduct future advisory votes on executive compensation every year, every two years or every three years.

Our Board of Directors has determined that an advisory vote on executive compensation that occurs each year is the most appropriate alternative for the Company at this time, and therefore, our Board recommends that you vote for annual advisory votes on executive compensation. The Board has determined that an annual advisory vote on executive compensation will allow our stockholders to provide timely, direct input on the Company's executive compensation philosophy, policies and practices as disclosed in the proxy statement each year. The Board believes that an annual vote is therefore consistent with the Company's efforts to engage in an ongoing dialogue with our stockholders on executive compensation and corporate governance matters. However, as discussed above in Proposal Four, stockholders should note that because the timing of the advisory vote on executive compensation, in many cases it may not be appropriate or feasible to change our executive compensation programs in consideration of any one year's advisory vote on executive compensation by the time of the following year's annual meeting of stockholders.

This vote is advisory and not binding on the Company or our Board of Directors in any way. The Board and the Compensation Committee will carefully review the voting results. Notwithstanding the Board's recommendation and the outcome of the stockholder vote, the Board may in the future decide to conduct advisory votes on a more or less frequent basis and may vary its practice based on factors such as discussions with stockholders and the adoption of material changes to compensation programs.

Stockholders may cast a vote on the preferred voting frequency by selecting the option of one year, two years or three years (or abstain) when voting in response to this proposal and, therefore, stockholders will not be voting to approve or disapprove the recommendation of the Board of Directors.

Board of Directors' Recommendation

THE BOARD RECOMMENDS THAT YOU VOTE FOR THE OPTION OF "ONE YEAR" AS THE PREFERRED FREQUENCY FOR FUTURE ADVISORY VOTES ON EXECUTIVE COMPENSATION.

Ownership Guidelines

Consistent with its compensation philosophy and the principle of aligning the interests of management and directors of the Company with the interests of its stockholders, the Board of Directors has implemented stock ownership guidelines for “Specified Officers” (defined in the guidelines as those officers required to file beneficial ownership reports with the SEC) and non-employee directors. Under the guidelines, the Company’s Chief Executive Officer is required to own an amount of our common stock which is equal to or exceeds three times such Chief Executive Officer’s annual base salary, and Specified Officers other than the Chief Executive Officer are required to own an amount of our common stock which is equal to or exceeds such officer’s annual base salary. Also under the guidelines, within three (3) years of the later of the date of adoption of these guidelines or the appointment to the Board of Directors, each of the Company’s non-employee directors is required to have a stock ownership position in the Company in an amount no less than three times their annual cash retainer for their director service, exclusive of any retainers for committee membership or committee chair service.

Holding Period Requirements

Our mandatory holding period policy for long-term incentive awards requires “Specified Officers” (defined in the policy as those officers required to file beneficial ownership reports with the SEC) to retain 50% of the net after-tax shares that are earned pursuant to long-term incentive awards, including stock option and restricted stock awards, until the earlier of (i) the end of a two-year period commencing on the date any shares earned under the award are issued and (ii) the executive’s termination of employment. The mandatory holding period applies to long-term incentive awards granted on or after January 1, 2012.

Pledging and Hedging

Our Insider Trading Policy prohibits directors, officers and employees, including named executive officers, from engaging in hedging or monetization transactions, such as prepaid variable forwards, equity swaps, forward-sale contracts, put options, collars and exchange funds, and from engaging in borrowing against AtriCure’s securities held in a margin account, or pledging AtriCure’s securities as collateral for a loan.

Report of the Compensation Committee of the Board of Directors

Compensation Discussion and Analysis

Please also refer to Proposal Four and Proposal Five for additional information about our engagement with stockholders regarding executive compensation.

Executive Summary

Most of our compensation decisions are made in the first three months of the year, after review of our performance and the performance of our Chief Executive Officer and the other named executive officers. We believe the compensation of all of our named executive officers for 2018 aligned well with both our performance in 2018 and the objectives of our executive compensation policies:

Our revenue for 2018 was \$201.6 million, an increase of \$26.9 million or 15.4%, compared to 2017 revenue. Included in this are revenue increases of 17.2% of U.S. sales and 8.7% of international sales. Our gross profit for 2018 was \$147.1 million compared to \$126.2 million for 2017. Our gross margin for 2018 increased to 73.0% compared to 72.2% for 2017. Adjusted EBITDA, a non-GAAP measure, was a loss of \$2.7 million for 2018, compared to a \$5.3 million loss for 2017. See Annex A for a discussion of management's use of adjusted EBITDA and reconciliation to GAAP measures.

Actual revenue results compared to 2018 performance goals resulted in above target annual incentive award payouts to our named executive officers for 2018. Even though our adjusted EBITDA improved, our EBITDA performance goal required a level of achievement higher than we delivered.

Based on 2017 results and the 2018 evaluation by the Compensation Committee with respect to Mr. Carrel, and the Compensation Committee and Mr. Carrel with respect to the other named executive officers, our named executive officers received increases in their base salary. The Compensation Committee and Mr. Carrel also utilized available market data and assistance from compensation consultants to determine required salaries. These increases ranged from

3% to 13% of 2017 base salary.

Compensation Philosophy and Objectives

Our compensation philosophy is rooted in a pay for performance approach that is designed to strongly link executive officer compensation to our performance. Executive incentive compensation is tied to measurable results intended to create long-term value for our stockholders. Our executive compensation program is designed to promote the following objectives:

To align the interests of our executives with those of our stockholders who intend to stay invested over a multi-year period;

To attract, motivate and retain talented executives; and

To compensate executives based upon the value of their individual and collective contributions to achieving corporate goals and objectives.

Our executive compensation program provides for base salaries that reflect the following primary factors: level of responsibility, individual performance, internal fairness and external competitiveness. Additionally, the program provides for both annual incentive awards that are payable upon our achievement of annual financial and management objectives, as well as long-term equity incentives that are intended to align and strengthen the mutuality of interest between management, other key employees and our stockholders. With

Table of Contents

respect to Chief Executive Officer compensation, initial base salary, target annual incentive compensation and equity incentive award compensation were set forth in his employment agreement. We believe the compensation provisions contained in the employment agreement entered into with our Chief Executive Officer at the time he joined AtriCure in 2012 are consistent with our market-driven and performance-driven compensation policies and objectives.

Below we summarize certain executive compensation program and governance practices – both the practices we have implemented to drive performance and the practices we avoid because we do not believe they would serve our shareholders' long-term interests.

What AtriCure Does

Pays for performance. A significant portion of executive pay is not guaranteed, but rather is at-risk and tied to the achievement of various performance metrics that are disclosed to shareholders. In addition, a significant portion of CEO and NEO compensation consists of equity incentive awards. The value of equity from these awards is related to the Company's stock price, which aligns with the interests of all shareholders.

Sets NEO salary guidelines on an annual basis. The Company generally considers NEO salaries as part of its annual performance review process in an effort to be responsive to industry trends.

Balances short-term and long-term incentives. The incentive programs provide an appropriate balance of annual and longer-term incentives, with long-term incentive compensation comprising a substantial percentage of target total compensation.

Uses multiple performance metrics. These mitigate the risk of the undue influence of a single metric by utilizing multiple performance measures for annual incentive awards and multi-year vesting for long-term incentive awards.

Caps award payouts. Amounts of payments under the Annual Incentive Plan are capped. Amounts or shares that can be earned under our equity plans are capped, both for stock options and for full value awards.

Uses market-based approach for determining NEO target pay. Target compensation for NEOs is set after consideration of market data on compensation at other medical device and life science companies.

Maintains double-trigger change in control agreements. The Company maintains change in control agreements with certain of its NEOs, which require termination during a change in control period for severance payments to occur.

Maintains stock ownership guidelines for all NEOs. The Company has the following minimum stock ownership requirements: CEO – three times base salary; Other NEOs – one time base salary. All NEOs meet these requirements.

Evaluates risk related to executive compensation. The Committee regularly evaluates the Company's compensation policies and practices, or components thereof, for risks that are reasonably likely to have a material adverse effect on the Company.

Acts through an independent Compensation Committee. The Committee consists entirely of independent directors.

Seeks investor feedback. The Company considers the say-on-pay vote and discusses its compensation practices with investors.

What AtriCure Does Not Do

Provide excise tax gross-up payments. The Company has not entered into any new contractual agreements that include excise tax gross-up payments.

Reprice options. The Company has never repriced or otherwise reduced the per-share exercise price of any outstanding stock options. Repricing of stock options is not permitted under the Amended and Restated 2014 Stock Incentive Plan without first obtaining approval from the stockholders of the Company. The Company and the Compensation Committee will not reprice underwater options without the consent of the Company's stockholders. Allow pledging or hedging of shares. The Company's insider trading policy prohibits directors and executive officers from entering into hedging transactions with respect to the Company's securities and from holding the Company's securities in margin accounts or otherwise pledging such securities as collateral for loans. No directors or executive officers have in place any pledges or hedging transactions.

Provide special perquisites to executives. The Company does not provide executives with programs that are not made available to all Company employees, except in extremely limited circumstances.

Executive Compensation Program and Process

Role of the Compensation Committee

The Compensation Committee oversees and administers our executive compensation policies and plans. The Compensation Committee makes determinations and reports to the Board regarding general recommendations on compensation policies and plans for employees, setting salaries and incentive compensation and approving equity incentive awards for executives. In determining executive compensation, we evaluate a variety of factors relating to the Company's performance as a whole during the year, including financial performance, product development and regulatory and clinical progress. We also review market data and the individual performance of all key executives. Our management team supports and makes recommendations to the Compensation Committee in fulfilling its

Table of Contents

responsibilities and gathers information and performs administrative tasks delegated to it by the Compensation Committee. The Compensation Committee performs the same analysis in connection with determining the compensation of Mr. Carrel, our President and Chief Executive Officer, as it does in determining the compensation of other executive officers. We believe that Mr. Carrel's compensation is fair, competitive and consistent with the Company's corporate results and compensation philosophy.

During 2018, the Compensation Committee engaged Willis Towers Watson as an independent compensation consultant and also secured the approval of Mr. Carrel's compensation by all non-employee directors as recommended by the Compensation Committee.

Compensation Consultants

The Compensation Committee has the authority to engage the services of outside advisors as necessary to meet its responsibilities.

In 2018 the Compensation Committee engaged Willis Towers Watson to conduct a competitive pay assessment with respect to the compensation of the Company's executive officers. Before the Compensation Committee engaged Willis Towers Watson, it considered the factors identified in Nasdaq Listing Rule 5650(d)(3)(D) in connection with its determination that Willis Towers Watson is independent. As part of the executive competitive pay assessment, Willis Towers Watson conducted a review of our peer group based on industry (i.e., healthcare equipment/supplies), revenue (i.e., between \$100 million and \$700 million), business life cycle and other pertinent criteria to verify current peers and identify new peers. As a result of the peer group review, Willis Towers Watson presented proposed changes to the peer group which the Compensation Committee reviewed, discussed and approved. The changes include the addition of Glaukos Corporation, RTI Surgical, Inc. and Tactile Systems Technology, Inc. (K2M Group Holdings was acquired by Stryker Corporation in November 2018.) The approved peer group for 2018 consisted of the following companies:

ABIOMED, Inc.	Endologix Inc.	LeMaitre Vascular, Inc.
AngioDynamics, Inc.	Glaukos Corp.	Nevro Corp.
Atrion Corp.	Insulet Corp.	RTI Surgical, Inc.
Cardiovascular Systems, Inc.	iRhythm Technologies, Inc.	Tactile Systems Technology, Inc.
CryoLife Inc.	K2M Group Holdings, Inc.	Tandem Diabetes Care, Inc.

Willis Towers Watson's review of executive compensation covered base salary, target short-term incentives, total target cash compensation, long-term incentives and total target direct compensation. Based on Willis Towers Watson's review and analysis, as well as other factors, the Compensation Committee implemented the compensation adjustments described in this Compensation Discussion and Analysis section and the other compensation related discussion included in this Proxy Statement.

In addition to peer compensation data, we review life sciences and general industry survey data for assessing pay competitiveness relative to market. Market data is used as a reference point for understanding the external market. The goal in using market survey data is to strike a balance between external competitiveness and internal equity and to

align pay to the Company's compensation philosophy.

Elements of Executive Compensation

Compensation to our executive officers generally consists of the following elements: base salary, annual incentive bonuses, annual grants of equity awards and generally the same health and welfare benefits package available to all of our employees. We believe this mix of cash and equity compensation and short and long-term compensation afforded to all of our executives is consistent with our compensation philosophy and furthers our overall compensation objectives by encouraging short and long-term performance and creating an effective management team which can lead our growth and expansion and maximize stockholder value.

The Compensation Committee has reviewed the risk profile of the various elements of our executive compensation program, including the performance objectives and target levels used in connection with incentive awards, and has considered the risks our executive officers might be incentivized to take with respect to such elements. When establishing the mix among these elements, the Compensation Committee is careful not to encourage excessive risk taking and, as a result, the Compensation Committee believes that our executive compensation program does not incentivize the executive officers to engage in business activities or other behavior that would threaten the value of the Company or the investments of its stockholders.

1. Base Salary. We pay a base salary to attract talented executives and provide a secure base level of compensation. In determining base salaries, we consider a variety of factors, including the officer's job scope and level of responsibility, as well as individual factors such as experience, skills and performance. We also consider market data relating to compensation for similar positions at other medical

Table of Contents

device and life science companies and competitive factors in the industry. In addition, we consider relative levels of pay among our officers and recommendations from the Chief Executive Officer.

Salary levels are generally considered annually as part of our annual performance review process, as well as upon a promotion or other change in job responsibility. Salary guidelines are set each year to reflect our industry's competitive environment, balanced by the desire to control the overall cost of salaries and wages.

2. Annual Incentive Plan. We pay annual incentives to management which vary in size depending on the level of achievement of specific operational, financial and strategic goals considered by the Board to be critical in building long-term value for stockholders. Annual incentives earned during 2018 were paid in cash. In future years, annual incentives may be paid in cash, through equity awards or through a combination of both.

For executive officers, annual incentive targets and objectives are designed to advance key strategic initiatives and build stockholder value and, therefore, primarily relate to the achievement of company-wide revenue and functional goals. We believe that company-wide goals help to foster effective cross-functional performance and a culture of collaboration. Annual objectives and targets are developed with guidance from management and approved by the Compensation Committee. Levels of performance are measured and communicated by management to the Compensation Committee and Board of Directors on a regular basis.

The Compensation Committee generally sets target objectives that the Committee believes will be difficult to attain. For 2018, the determination of the annual incentive targets was based on the financial and functional measures described in detail below, which resulted in a performance payout factor of 149.9%.

2018 financial performance measures included worldwide revenue growth and positive worldwide adjusted EBITDA and comprised 70% of the total award opportunity, while 2018 functional performance measures related to specific Innovation, Clinical Science and Training and Education objectives comprised 30% of the total award opportunity.

Objectives	Maximum	Target	Threshold	Weight	Actual Results
Target Payout	200%	100%	50%		
Worldwide Revenue Growth	16%	13%	9%	50%	15.4%
Worldwide Adjusted EBITDA(1)		Positive		20%	Loss of \$2.7 million
Innovation(2)	Achieve 5+ goals	Achieve 4 goals	Achieve 3 goals	10%	5 goals
Clinical Science(2)	Achieve 4+ goals	Achieve 3 goals	Achieve 2 goals	10%	5 goals
Training and Education(2)	Achieve 5+ goals	Achieve 4 goals	Achieve 3 goals	10%	5 goals

(1) See Annex A for a discussion of management's use of Adjusted EBITDA and reconciliation to GAAP measures. Unlike other objectives, the EBITDA objective was based solely on achievement of positive EBITDA, with a corresponding Target payout. No Threshold or Maximum payout was available for this objective.

(2) The six Innovation goals include FDA clearance of existing products, progress milestones of product development projects and achievement of a pre-determined vitality index. The five Clinical Science goals encompass trial approvals and specific enrollment levels for our clinical trials. There were six Training and Education goals that involved addition of new faculty, training minimums for specific courses and development of training courses and databases.

For the named executive officers, the base salary and target annual incentive were determined in accordance with the Company's executive compensation philosophy and objectives described above, and as part of the Chief Executive Officer's annual compensation and performance review. For non-strategic metrics, performance between goals is linearly interpolated. These amounts for 2018 are as follows:

Executive Officer	Base Salary (\$)	Target Annual Incentive of Base Salary (%)	Target Incentive (\$)
Michael H. Carrel	\$ 722,250	76 %	\$ 548,910
M. Andrew Wade	400,243	50	200,122
Justin J. Noznesky	347,372	50	173,686
Salvatore Privitera	351,750	50	175,875
Douglas J. Seith	438,124	75	328,593

For 2018, the Compensation Committee approved an incentive program that would have enabled these executive officers to earn the target and maximum incentives set forth below as a percentage of their base salaries.

Executive Officer	Percentage of 2018 Base Salary at Threshold	Percentage of 2018 Base Salary at Target Goals	Percentage of 2018 Base Salary at Maximum
Michael H. Carrel	38 %	76 %	152 %
M. Andrew Wade	25	50	100
Justin J. Noznesky	25	50	100
Salvatore Privitera	25	50	100
Douglas J. Seith	38	75	150

Total revenue used to calculate the incentives for 2018 was \$201.6 million, resulting in a 179.8% payout related to the revenue goal. Adjusted EBITDA was a loss of \$2.7 million, resulting in no payout related to the Adjusted EBITDA goal. See Annex A for a discussion of management's use of Adjusted EBITDA and reconciliation to GAAP measures.

The functional goals were achieved in varying degrees, resulting in a 200% payout. In the aggregate, the participants earned their incentives at 149.9% of their targets.

	Percentage of Base Salary Earned (%)	Amount of Award (\$)
Executive Officer		
Michael H. Carrel	114 %	\$ 822,816
M. Andrew Wade	75	299,982
Justin J. Noznesky	75	260,355
Salvatore Privitera	75	263,637
Douglas J. Seith	112	492,561

3. Equity Incentive Awards. We issue equity awards to our executive officers and employees under our Amended and Restated 2014 Stock Incentive Plan to create an opportunity for our executive officers and employees to acquire an equity ownership interest in the Company and thereby motivate and retain executive talent and align employees and executives with the long-term interests of stockholders. The Compensation Committee continually reviews the value and mix of equity awards granted to executive officers in light of equity awards at peer group companies but does not target any specific position with respect to these peer group companies. The Compensation Committee also considers wealth accumulation for executive officers as a factor in making additional equity awards both as to type of award and number of underlying shares.

Table of Contents

Share-based incentives are reviewed and approved by the Compensation Committee at committee meetings. Grants of restricted stock vest in 25% increments over four years or in 33% increments over three years. Stock option grants typically vest 25% on the first anniversary of the grant, and the remaining 75% thereafter vests and is exercisable in equal monthly installments on the same day of the month over the following three years or in 33% increments over three years. In 2018, after receiving and considering the input of investors and institutional advisory firms, the Compensation Committee adjusted the mix of equity grants to NEOs to 25% long-term performance share awards (with a revenue performance goal tied to three-year compound annual growth rate) and 75% time-based restricted stock. In 2018, performance share awards had respective threshold, target and maximum objectives of 8%, 10% and 16% growth in three-year compound annual worldwide revenue. Satisfaction of these threshold, target and maximum objectives would have resulted in respective payouts of up to 50%, 100% and 200% of the executive officer's base salary. In 2019, the Compensation Committee adjusted the mix of equity grants to NEOs (other than the CEO) to 50% long-term performance share awards (with a revenue performance goal tied to a three-year compound annual growth rate) and 50% time-based restricted stock. For the 2019 equity grants to the CEO, this mix was 70% performance share awards and 30% time-based restricted stock. Share-based awards are intended to reflect the participant's position, responsibility, contributions and performance and to consider market data and each individual's current equity position. We believe that share-based awards will stimulate pride in ownership and motivate employees and executives to commit themselves to our performance and increasing stockholder value.

Each year, the Compensation Committee considers grants for executive officers and employees based on recommendations from the CEO, as well as the factors described above. With respect to newly hired executives, the size of the initial equity grants are determined based on the individual's position, experience and competitive market information. New hire grants are generally made at the date of hire. The exercise price for options equals the fair market value of our common stock on the date of the grant.

Recovery of Prior Incentive Compensation

Our Clawback Policy provides that in the event the Company is required to prepare an accounting restatement due to the material noncompliance of the Company with any financial reporting requirement under the securities laws, the Board of Directors shall require reimbursement to the Company of any performance-based award made to any officer of the Company where: (i) the payment was predicated upon achieving certain financial results that were subsequently the subject of a substantial restatement of Company financial statements filed with the SEC; (ii) the members of the Board of Directors who are considered "independent" for purposes of the listing standards of Nasdaq determine the officer engaged in intentional misconduct that caused or substantially caused the need for the accounting restatement; and (iii) a lower payment would have been made to such officer based upon the restated financial results. In each such instance, the Company will, to the extent practicable, seek to recover from the officer the amount by which any performance-based awards paid to such officer for the relevant period exceeded the lower payment that would have been made based on the restated financial results.

AtriCure's Amended and Restated 2014 Stock Incentive Plan provides that any award issued under it shall be subject to forfeiture or repayment pursuant to the terms of any applicable compensation recoupment or recovery policy adopted by the Company, Compensation Committee or Board, as thereafter amended, including any policy adopted to comply with the rules of Nasdaq or the SEC. As a result, awards issued pursuant to the Amended and Restated 2014 Stock Incentive Plan are subject to the Clawback Policy.

The Company reserves the right to include these and other additional compensation recovery provisions in equity award agreements for executive officers.

The Company expects to revisit its compensation recovery policies after the SEC adopts final rules relating to clawbacks pursuant to the Dodd-Frank Act.

Perquisites

We do not generally provide executives with perquisites other than programs made available to all Company employees. Mr. Carrel's employment agreement provides for reimbursement of certain out-of-pocket expenses, including temporary housing and for reimbursement for incremental term life insurance. Mr. Seith receives an annual car allowance of \$7,200, consistent with the car allowances provided to other AtriCure field-based personnel.

The Compensation Committee adopted a policy that states that NEOs of the Company will not be reimbursed by the Company for personal taxes owed by them resulting from their receipt of perquisites, other than for relocation expenses. The Committee has made an exception to this policy for Mr. Carrel's life insurance premium payments, which was part of the incentive package offered to Mr. Carrel when he joined the Company.

The business purpose and rationale of these perquisites relates to the Company's interest in providing executive compensation that attracts and retains its executive officers.

Pay Ratio Disclosure				

As required by Section 953(b) of the Dodd-Frank Wall Street Reform and Consumer Protection Act and Item 402(u) of Regulation S-K, we are providing disclosure of the ratio of the median employee's annual total compensation to that of the principal executive officer ("PEO"). The Company's PEO is Mr. Carrel, our President and Chief Executive Officer. Mr. Carrel's annual total compensation for 2018, as noted in the Summary Compensation Table above, was \$3,807,998. The median employee's (excluding the PEO) annual total compensation for 2018 was \$116,458. Therefore, we reasonably estimate that the ratio of our PEO's annual total compensation to the annual total compensation of our median employee was 33:1, as compared to the 2017 ratio of 40:1. The fluctuation in the pay ratio is driven by the decrease of the PEO's compensation of 8.4% during 2018 as compared to the median employee's increase in compensation of \$11,909 or 11.4%.

Consistent with the disclosure instructions of Item 402(u) of Regulation S-K, the applicable SEC rule, we may identify our median employee for purposes of providing pay ratio disclosure once every three years and calculate and disclose total compensation for that employee each year; provided that during the last completed fiscal year, there has been no change in the employee population or employee compensation arrangements that we reasonably believe would result in a significant change to the 2018 pay ratio disclosure. We reviewed changes in our employee population and employee compensatory arrangements and determined there has been no change in our employee population or employee compensatory arrangements that would significantly impact the 2018 pay ratio disclosure.

Although this is the case, we also performed the pay ratio analysis of our employee population for 2018. As with last year, we chose December 31, 2018 as the determination date to identify our median employee. As of December 31, 2018, our employee population consisted of 620 individuals – 559 in the United States and 61 outside of the United States.

We used the same methodology as last year to identify our median employee. We did not exclude any employees from our determination of the median employee. The median employee was identified by preparing a listing of employees as of December 31, 2018 with their corresponding annual total cash compensation (base salary or hourly wages, overtime wages, and bonuses) and equity grants, based on the Company's payroll and other compensation records. For those employees that were not employed for the full fiscal year, their annual salary was used to compute their annual total compensation. Our total number of employees as of December 31, 2017 was 574 individuals – 524 in the United States and 50 outside of the United States. Wages paid in foreign currencies were converted into U.S. dollars using the applicable year-to-date average exchange rates as of December 31, 2018. The principal difference between the compensation of our 2018 and 2017 median employee resulted from fluctuations in the annual salary merit increases and variable compensation received by our 2018 median employee included in the 2018 pay ratio calculation. However, the use of the 2018 median employee rather than the 2017 median employee for the 2018 pay ratio calculation did not result in a material difference as it results in a consistent pay ratio.

Table of Contents

Under the SEC's rules and guidance, there are numerous ways to determine the compensation of a company's median employee, including the employee population sampled, the elements of pay and benefits used, any assumptions made and the use of statistical sampling. In addition, no two companies have identical employee populations or compensation programs, and pay, benefits and retirement plans may differ by country even within the same company. As such, our pay ratio may not be comparable to the pay ratio reported by other companies.

COMPLIANCE WITH SECTION 16(a) FILING REQUIREMENTS

Section 16(a) of the Exchange Act requires our directors, executive officers and beneficial owners of more than 10% of our common stock to file with the SEC reports regarding their ownership and changes in ownership of our common stock. Such persons are required by SEC regulations to furnish us with copies of all Section 16(a) forms they file.

Based solely on our examination of the copies of such forms received by us, or written representations from reporting persons that no Forms 3, 4 or 5 were required of such persons, we believe that during our fiscal year ended December 31, 2018, our directors, executive officers and 10% stockholders complied with all Section 16(a) filing requirements, with the exception that each of Michael H. Carrel, M. Andrew Wade and Douglas J. Seith filed one late Form 4. Each of the late Form 4s related to one acquisition of shares by each reporting person pursuant to the Company's 2008 Employee Stock Purchase Plan.

ANNEX A

Use of Non-GAAP Financial Measures

To supplement AtriCure's consolidated financial statements prepared in accordance with accounting principles generally accepted in the United States of America, or GAAP, AtriCure uses certain non-GAAP financial measures in this proxy statement as supplemental financial metrics.

Adjusted EBITDA provides an indication of performance excluding certain items. Management believes that in order to properly understand short-term and long-term financial trends, investors may wish to consider the impact of these excluded items in addition to GAAP measures. The excluded items vary in frequency and/or impact on our continuing operations and management believes that the excluded items are typically not reflective of our ongoing core business operations. Further, management uses adjusted EBITDA for its strategic planning. A reconciliation of adjusted EBITDA to the most comparable GAAP measure for the respective periods can be found below.

The non-GAAP financial measures used by AtriCure may not be the same or calculated the same as those used by other companies. Non-GAAP financial measures have limitations as analytical tools and should not be considered in isolation or as a substitute for AtriCure's financial results prepared and reported in accordance with GAAP.

Delegation of Authority. To the extent not prohibited by law or the rules of the national securities exchange on which the Company's Common Shares are listed, the Committee may allocate its authority hereunder to one or more of its members or delegate its authority hereunder to one or more Non-Employee Directors, except that no such allocation or delegation shall be permitted with respect to Awards intended to qualify for the Performance-Based Exception, and may grant authority to employees of the Company to execute documents on behalf of the Committee or to otherwise assist in the administration and operation of the Plan. B-5

5. Common Shares Subject to the Plan

Authorized Number of Common Shares. Unless otherwise authorized by the Company's shareholders and subject to this Section 5 and Section 8, the maximum aggregate number of Common Shares available for issuance under the Plan is 3,450,000 4,350,000, plus (i) the number of Common Shares that, on the Effective Date, are available to be granted under the Prior Plan but which are not then subject to outstanding awards under the Prior Plan, and (ii) the number of Common Shares subject to outstanding awards under the Prior Plan as of the Effective Date which thereafter are forfeited, settled in cash or cancelled or expire. Upon the Effective Date, the Prior Plan will terminate; provided that all outstanding awards under the Prior Plan as of the Effective Date shall remain outstanding and shall be administered and settled in accordance with the provisions of the Prior Plan, as applicable. The maximum number of Common Shares available for issuance with respect to ISOs is 3,450,000 4,350,000.

Share Counting. The following rules shall apply in determining the number of Common Shares available for grant under the Plan:

- (i) Common Shares subject to any Award shall be counted against the maximum share limitation as one Common Share for every Common Share subject thereto.
- (ii) To the extent that any Award is forfeited, cancelled, settled in cash, returned to the Company for failure to satisfy vesting requirements or other conditions of the Award or otherwise terminates without an issuance of Common Shares being made, the maximum share limitation shall be credited with one Common Share for each Common Share subject to such Award, and such number of credited Common Shares may again be made subject to Awards under the Plan.
- (iii) Any Common Shares tendered by a Participant or withheld as full or partial payment of withholding or other taxes or as payment for the exercise or conversion price of an Award or repurchased by the Company with Stock Option proceeds shall not be added back to the number of Common Shares available for issuance under the Plan. Upon exercise of a SAR, the number of Common Shares subject to the Award that are being exercised shall be counted against the maximum aggregate number of Common Shares that may be issued under the Plan on the basis of one Common Share for every Common Share subject thereto, regardless of the actual number of Common Shares used to settle the SAR upon exercise.
- (iv) Any Common Shares underlying Awards granted through the assumption of, or in substitution for, outstanding awards previously granted to individuals who become employees of the Company as a result of a merger, consolidation, acquisition or other corporate transaction shall not, unless required by law or regulation, count against the reserve of available Common Shares under the Plan.

Award Limitations. Subject to the adjustment provisions of Section 8:

- (i) The maximum aggregate number of Common Shares that may be subject to Stock Options or SARs granted in any calendar year to any one Participant (other than a Non-Employee Director) shall be 3,450,000 4,350,000 Common Shares.
- (ii) The maximum aggregate number of Common Shares that may be subject to Full-Value Awards granted in any calendar year to any one Participant (other than a Non-Employee Director) shall be 3,450,000 4,350,000 Common Shares.

Minimum Vesting. Except with respect to five percent (5%) of the maximum aggregate number of Shares that may be issued under the Plan, as provided herein, no Award shall vest earlier than one year following the date of grant of such Award; provided, however, that such limitation shall not preclude the acceleration of vesting of such

B-6

Award upon the death or disability of the Participant or in connection with a Change in Control, as determined by the Committee in its discretion.

6. Awards to Participants

(a) Stock Options.

(i) Grants. Subject to the terms and conditions of the Plan, Stock Options may be granted to Participants, in such number and upon such terms and conditions as the Committee determines, and may consist of ISOs or NQSOs. Stock options may be granted alone or with Tandem SARs. With respect to Stock Options granted with Tandem SARs, the exercise of either such Stock Options or Tandem SARs will result in the simultaneous cancellation of the same number of Stock Options or Tandem SARs, as the case may be.

(ii) Exercise Price. The Exercise Price shall be equal to or, at the Committee's discretion, greater than the Fair Market Value on the date the Stock Option is granted, unless the Stock Option was granted through the assumption of, or in substitution for, outstanding awards previously granted to individuals who became employees of the Company as a result of a merger, consolidation, acquisition or other corporate transaction, in which case the assumption or substitution shall be accomplished in a manner that permits the Stock Option to be exempt from Code Section 409A.

(iii) Term. The term of Stock Options shall be determined by the Committee in its sole discretion, but in no event shall the term exceed ten years from the Date of Grant.

(iv) ISO Limits. ISOs may be granted only to Participants who are employees of the Company (or of any parent or subsidiary corporation within the meaning of Code Section 424) on the Date of Grant, and may only be granted to an employee who, at the time the Stock Option is granted, does not own more than ten percent of the total combined voting power of all classes of stock of the Company (or of any parent or subsidiary corporation within the meaning of Code Section 424), unless (A) the Exercise Price is at least 110% percent of the Fair Market Value on the Date of Grant, and (B) the ISO is not exercisable after five years from the Date of Grant. The aggregate Fair Market Value of all Common Shares, determined at the time the ISOs are granted, with respect to which ISOs are exercisable by a Participant for the first time during any calendar year (under all plans of the Company) shall not exceed \$100,000 or such other amount as may subsequently be specified by the Code. If such Fair Market Value exceeds the \$100,000 limit, the ISOs exceeding the limit shall be treated as NQSOs, taking the Stock Options in the order each was granted. The terms of all ISOs shall be consistent with and contain or be deemed to contain all provisions required to qualify as an "incentive stock option" under Code Section 422.

(v) No Repricing. Subject to the adjustment provisions of Section 8, without the approval of the Company's shareholders, (A) the Exercise Price for any outstanding Stock Option may not be decreased after the Date of Grant, (B) no outstanding Stock Option may be surrendered to the Company as consideration for the grant of a new Stock Option with a lower Exercise Price, and (C) no other modifications to any outstanding Stock Option may be made that would be treated as a "repricing" under the then applicable rules, regulations or listing requirements adopted by the national securities exchange on which the Common Shares are listed. Neither the Board nor the Committee shall offer a cash buy-out of "underwater" Stock Options, and such buyouts of "underwater" Stock Options shall be prohibited.

(vi) Form of Payment. Vested Stock Options may be exercised (at the election of the Participant) in whole or in part, and the Exercise Price shall be paid to the Company at the time of exercise, subject to any applicable rules or regulations adopted by the Committee:

(A) to the extent permitted by applicable law, pursuant to cashless exercise procedures that are approved by the Committee;

(B) through the tender of unrestricted Common Shares owned by the Participant (or by delivering a certification or attestation of ownership of such Common Shares) valued at their Fair Market Value on the date of exercise;

B-7

(C) in cash or its equivalent; or

(D) by any combination of (A), (B), and (C) above.

(vii) No Dividends or Shareholder Rights. No dividends or dividend equivalents may be paid on Stock Options. Except as otherwise provided herein, a Participant shall have no rights as a holder of Common Shares covered by a Stock Option unless and until such Common Shares have been registered to the Participant as the owner.

(viii) Other Restrictions. Stock Options may be granted subject to such terms and conditions as the Committee determines, including, without limitation: forfeiture conditions, transfer restrictions, restrictions based upon the achievement of specific Performance Goals (Company-wide, divisional and/or individual) which may be based on one or more Performance Measures, time-based restrictions on vesting and/or restrictions under applicable federal or state securities laws.

Stock Appreciation Rights.

(i) Grants. Subject to the terms and provisions of the Plan, SARs may be granted to Participants, in such number and upon such terms and conditions as the Committee determines, and may be granted alone or as Tandem SARs. With respect to Tandem SARs, the exercise of either such Stock Options or SARs will result in the simultaneous cancellation of the same number of Tandem SARs or Stock Options, as the case may be.

(ii) Exercise Price. The Exercise Price shall be equal to or, at the Committee's discretion, greater than Fair Market Value on the date the SAR is granted, unless the SAR was granted through the assumption of, or in substitution for, outstanding awards previously granted to individuals who became employees of the Company as a result of a merger, consolidation, acquisition or other corporate transaction involving the Company, in which case the assumption or substitution shall be accomplished in a manner that permits the SAR to be exempt from Code Section 409A.

(iii) Term. The term of a SAR shall be determined by the Committee in its sole discretion, but in no event shall the term exceed ten (10) years from the Date of Grant; provided that, each SAR granted in tandem with a Stock Option shall terminate upon the termination or exercise of the related Stock Option.

(iv) No repricing. Subject to the adjustment provisions of Section 8, without the approval of the Company's shareholders, (A) the Exercise Price for any outstanding SAR may not be decreased after the Date of Grant, (B) no outstanding SAR may be surrendered to the Company as consideration for the grant of a new SAR with a lower Exercise Price, and (C) no other modifications to any outstanding SAR may be made that would be treated as a "repricing" under the then applicable rules, regulations or listing requirements adopted by the national securities exchange on which the Common Shares are listed. Neither the Board nor the Committee shall offer a cash buy-out of "underwater" Stock Options, and such buyouts of "underwater" Stock Options shall be prohibited.

(v) Form of Payment. Vested SARs may be exercised in whole or in part, and the Committee may authorize payment of a SAR in the form of cash, Common Shares valued at its Fair Market Value on the date of the exercise or a combination thereof, or by any other method as the Committee may determine.

(vi) Tandem SARs. Tandem SARs may be exercised for all or part of the Common Shares subject to the related Stock Option upon the surrender of the right to exercise the equivalent portion of the related Stock Option. A Tandem SAR may be exercised only with respect to the Common Shares for which its related Stock Option is then exercisable. Notwithstanding any other provision of the Plan to the contrary, with respect to a Tandem SAR granted in connection with an ISO: (A) the Tandem SAR will expire no later than the expiration of the underlying ISO; (B) the value of the payout with respect to the Tandem SAR may be for no more than 100% of the excess of the Fair Market

Value of the Common Shares subject to the underlying ISO at the time the Tandem SAR is exercised over the Exercise Price of the underlying ISO; and (C) the Tandem SAR may be exercised only when the Fair Market Value of the Common Shares subject to the ISO exceeds the Exercise Price of the ISO.

B-8

(vii) No Dividends or Shareholder Rights. No dividends or dividend equivalents may be paid on SARs. Except as otherwise provided herein, a Participant shall have no rights as a holder of Common Shares covered by a SAR unless and until such Common Shares have been registered to the Participant as the owner.

(viii) Other Restrictions. SARs may be granted subject to such terms and conditions as the Committee determines, including, without limitation: forfeiture conditions, transfer restrictions, restrictions based upon the achievement of specific Performance Goals (Company-wide, divisional and/or individual) which may be based on one or more Performance Measures, time-based restrictions on vesting and/or restrictions under applicable federal or state securities laws.

Restricted Shares and Restricted Share Units.

(i) Grants. Subject to the terms and provisions of the Plan, Restricted Shares and Restricted Share Units may be granted to Participants in such number and upon such terms and conditions as the Committee determines. Restricted Shares will be registered in the name of the Participant and deposited with the Company or its agent in certificated or book-entry form.

(ii) Restrictions. Restricted Shares or Restricted Share Units may be granted at no cost or at a purchase price determined by the Committee, which may be less than the Fair Market Value, but subject to such terms and conditions as the Committee determines, including, without limitation: forfeiture conditions, transfer restrictions, restrictions based upon the achievement of specific Performance Goals (Company-wide, divisional and/or individual) which may be based on one or more Performance Measures, time-based restrictions on vesting and/or restrictions under applicable federal or state securities laws. Subject to the other terms and conditions in Sections 5(e), 6, 9 and 10, for Awards to employees, no Restricted Shares or Restricted Share Units conditioned upon the achievement of performance shall be based on a Restriction Period of less than one year, and, except as may be determined by the Committee, any Restriction Period based solely on continued employment or service (time-based) shall be for a minimum of three years, subject to (A) pro rata or graded vesting prior to the expiration of such time-based Restriction Period, and (B) acceleration due to the Participant's death or Disability or upon a Change in Control, in each case as specified in the applicable Award Agreement. To the extent the Restricted Shares or Restricted Share Units are intended to qualify for the Performance-Based Exception, except as may be determined by the Committee, the applicable restrictions shall be based on the achievement of Performance Goals over a Performance Period, as described in Section 6(d).

(iii) Transfer Restrictions. During the Restriction Period, Restricted Shares and Restricted Share Units may not be sold, assigned, transferred or otherwise disposed of, or mortgaged, pledged or otherwise encumbered. In order to enforce the limitations imposed upon the Restricted Shares, the Committee may (A) cause a legend or legends to be placed on any certificates evidencing such Restricted Shares, and/or (B) cause "stop transfer" instructions to be issued, as it deems necessary or appropriate.

(iv) Dividends and Voting Rights. Unless otherwise determined by the Committee, during the Restriction Period, Participants who hold Restricted Shares shall have the right to receive dividends in cash or other property or other distribution or rights in respect of the Restricted Shares and shall have the right to vote the Restricted Shares as the record owners; provided that, any dividends or other property payable to a Participant during the Restriction Period shall be distributed to the Participant only if and when the restrictions imposed on the applicable Restricted Shares lapse. Unless otherwise determined by the Committee, during the Restriction Period, Participants who hold Restricted Share Units shall be credited with dividend equivalents in respect of such Restricted Share Units; provided that, such dividend equivalents shall be distributed (without interest) to the Participant only if and when the restrictions imposed on the applicable Restricted Share Units lapse. Participants shall have no other rights as a shareholder with respect to Restricted Share Units unless otherwise determined by the Committee. Notwithstanding the foregoing, no Restricted

Shares or Restricted Share Units intended to qualify for the Performance-Based Exception shall provide the Participant with dividend or shareholder rights; provided, however, that if dividend rights are provided, any dividends or other property otherwise payable to the Participant during the Restriction Period with respect to such Restricted Shares or Restricted Share Units shall accumulate and be payable only if and when the specific Performance Goals are attained.

B-9

(v) **Payment of Restricted Share Units.** Restricted Share Units that become payable in accordance with their terms and conditions shall be settled in cash, Common Shares, Restricted Shares, or a combination thereof, as determined by the Committee.

(vi) **Ownership.** Restricted Shares shall be registered in the name of the Participant on the books and records of the Company or its designee (or by one or more physical certificates if physical certificates are issued) subject to the applicable restrictions imposed by the Plan. At the end of the Restriction Period that applies to Restricted Shares, the number of shares to which the Participant is entitled shall be delivered to the Participant free and clear of the restrictions, either in certificated or book-entry form. No Common Shares shall be registered in the name of the Participant with respect to Restricted Share Units, and Participants shall have no ownership interest in the Common Shares to which the Restricted Share Units relate, unless and until payment is made in Common Shares.

(vii) **Forfeiture.** If a Participant who holds Restricted Shares or Restricted Share Units fails to satisfy the restrictions, terms or conditions applicable to the Award, except as otherwise determined by the Committee, or permitted by Section 5(e), the Participant shall forfeit the Restricted Shares or Restricted Share Units. The Committee may at any time waive such restrictions or accelerate the date or dates on which the restrictions will lapse upon a Change in Control or a Participant's death or Disability; however, to the extent the Restricted Shares or Restricted Share Units are intended to qualify for the Performance-Based Exception, the provisions of Section 6(d)(iv) will apply.

Performance-Based Exception Awards.

(i) **Grants.** Subject to the provisions of the Plan, Full-Value Awards granted in a manner that is intended to qualify for the Performance-Based Exception shall may be conditioned upon the achievement of Performance Goals as the Committee shall determine, in its sole discretion.

(ii) **Performance Goals.** Performance Goals shall be based on one or more Performance Measures, over a Performance Period, as to be determined by the Committee. Performance Goals shall be objective (as that term is described in Treasury Regulations under Code Section 162(m)) and shall be established in writing by the Committee not later than 90 days after the beginning of the Performance Period (but in no event after 25% of the Performance Period has elapsed), and while the outcome as to the Performance Goal is substantially uncertain.

(iii) **Performance Measures.** The Performance Measure(s) may be described in terms of objectives that are related to the individual Participant or objectives that are Company-wide or related to a subsidiary, division, department, region, function or business unit of the Company, and shall consist of one or more or any combination of the following criteria: cash flow, profit, revenue, stock price, market share, sales, net income, operating income, return ratios, earnings per share, compound annual growth rate, earnings (which may include an add back for taxes, interest, and/or depreciation and amortization), operating earnings, profit margins, earnings per Common Share, favorable comparison to established budgets, return on shareholders' equity, return on assets, attainment of strategic and operational initiatives, comparisons with various stock market indices, reduction in costs or a combination of such factors, personal performance measures, working capital, total assets, net assets, return on sales, return on invested capital, gross margin, costs, shareholders' equity, shareholder return and/or productivity or productivity improvement. The Performance Goals based on these Performance Measures may be expressed in absolute terms or relative to the performance of other entities.

(iv) **Treatment of Awards.** With respect to any Full-Value Award that is intended to qualify for the Performance-Based Exception: (A) the Committee shall interpret the Plan and this Section 6(d) in light of Code Section 162(m), (B) the Committee shall not amend the Full-Value Award in any way that would adversely affect the treatment of the Full-Value Award under Code Section 162(m), and (C) conditioned upon the achievement of

Performance Goals, such Full-Value Award and any dividends or other property otherwise payable with respect to such Full-Value Award shall not vest or be paid until the Committee shall first have certified that the Performance Goals have been achieved.

B-10

Unrestricted Share Awards.

(i) Subject to the terms and provisions of the Plan, the Committee may grant awards of unrestricted Common Shares to Participants in such number and upon such terms and conditions as the Committee determines in recognition of outstanding achievements or contributions by such Participants or otherwise. Unrestricted Common Shares issued on a bonus basis may be issued for no cash consideration.

Restricted Share Grants to Non-Employee Directors.

(i) Automatic Grants. Each Non-Employee Director shall automatically be granted (i) Restricted Shares worth \$175,000 of Common Shares, as valued on the Date of Grant, upon, or in connection with, commencement of service as a director of the Company, and (ii) Restricted Shares worth \$125,000 of Common Shares, as valued on the Date of Grant, at each annual meeting of the Company's stockholders. All such Restricted Shares shall be subject to the terms and conditions of this Plan.

(ii) Vesting of Restricted Shares Granted to Non-Employee Directors. Subject to Section 6(c)(viii), each Each initial grant of Restricted Shares granted to a newly elected or appointed Non-Employee Director shall vest in three (3) successive equal annual installments over the Non-Employee Directors' period of continued service as a director, with the first such installment to vest upon the Non-Employee Director's completion of one (1) year of service as a Non-Employee Director measured from the Date of Grant. Subject to Section 6(c)(viii), each Each annual grant of Restricted Shares granted to continuing Non-Employee Directors shall vest upon the Non-Employee Director's completion of one (1) year of service as a Non-Employee Director measured from the Date of Grant.

7. Deferred Payment

Subject to the terms of the Plan, the Committee may determine that all or a portion of any Award to a Participant, whether it is to be paid in cash, Common Shares or a combination thereof, shall be deferred or may, in its sole discretion, approve deferral elections made by Participants. Deferrals shall be for such periods and upon such terms as the Committee may determine in its sole discretion, which terms shall comply with Code Section 409A

8. Dilution and Other Adjustments

In the event of any merger, reorganization, consolidation, liquidation, recapitalization, reclassification, redesignation, stock dividend, other extraordinary distribution (whether in the form of cash, shares or otherwise), stock split, reverse stock split, spin off, combination, repurchase or exchange of shares or issuance of warrants or rights to purchase shares or other securities, or other change in corporate structure affecting the Common Shares, the Committee shall make such adjustments in the aggregate number and type of Common Shares which may be delivered and the individual award maximums as set forth in Section 5, the number and type of Common Shares subject to outstanding Awards and the Exercise Price or other price of Common Shares subject to outstanding Awards (provided the number of Common Shares subject to any Award shall always be a whole number), as may be and to the extent determined to be appropriate and equitable by the Committee, in its sole discretion, to prevent dilution or enlargement of the benefits or potential benefits intended to be made available under the Plan. Such adjustment shall be conclusive and binding for all purposes of the Plan. The Committee shall determine whether and the extent to which any recapitalization, extraordinary distribution, reclassification, repurchase or exchange of shares or other event requires any such adjustment. Any such adjustment of an ISO or SAR shall be made in compliance with Code Sections 422 and 424, and no such adjustment shall be made that would cause any Award which is or becomes subject to Code Section 409A to fail to comply with the requirements of Code Section 409A or is exempt from Code Section 409A to become subject to Code Section 409A.

9. Change in Control

Notwithstanding any other provision of the Plan to the contrary, immediately upon the occurrence of a Change in Control, the following provisions of this Section 9 shall apply except to the extent that (i) the applicable Award is assumed or an equivalent option or right substituted by the successor corporation or a parent or subsidiary of the

B-11

successor corporation; or (ii) an Award Agreement provides for a different treatment (in which case the Award Agreement shall govern):

(a) all outstanding Stock Options and SARs vest and become fully exercisable; and

all Full-Value Awards become fully vested and, with respect to Full-Value Awards granted in a manner intended to qualify for the Performance-Based Exception, all Performance Goals or other vesting criteria will be deemed achieved at target levels and all other terms and conditions met.

10. Termination

Termination by Death, Disability, or Retirement. If Subject to Section 5(e), if a Participant's employment by the Company terminates by reason of death, Disability or Retirement, or in the case of an advisory relationship if such business relationship terminates by reason of death or Disability, any Award held by such Participant, unless otherwise determined by the Committee at grant or otherwise interpreted pursuant to Section 12(l) hereof, shall be fully vested and may thereafter be exercised by the Participant or by the Participant's beneficiary or legal representative, for a period of one (1) year following termination of employment, in the case of death or Disability, and 90 days in the case of Retirement, or such longer period as the Committee may specify at or after grant in all cases other than ISOs, or until the expiration of the stated term of such Award, whichever period is shorter; provided, that unless otherwise provided in an Award agreement, for Full-Value Awards intended to qualify for the Performance-Based Exception conditioned on achievement of Performance Goals, no vesting may occur and/or no distribution may be made in the case of Retirement prior to the attainment of the Performance Goals.

Termination for Cause. If a Participant's employment or service terminates for Cause, (i) all Stock Options and SARs (or portions thereof) which have not been exercised, whether vested or not, and (ii) all unvested Full-Value Awards, shall immediately be forfeited upon termination, including such Awards that are subject to performance conditions (or unearned portions thereof).

Other Terminations. If a Participant's employment or service terminates, voluntarily or involuntarily, for any reason other than death, Disability, Retirement or Cause, (i) any vested portion of Stock Options or SARs held by the Participant at the time of termination may be exercised for a period of three months (or such other period as the Committee may specify at or after the time of grant) from the termination date, or until the expiration of the original term of the Stock Option or SAR, whichever period is shorter, (ii) no unvested portion of any Stock Option or SAR shall become vested, including such Awards that are subject to performance conditions (or unearned portions thereof), and (iii) all unvested Full-Value Awards, including such Awards that are subject to performance conditions (or unearned portions thereof), shall immediately be forfeited upon termination.

Limitation for ISOs. No ISO may be exercised more than three months following termination of employment for any reason (including Retirement) other than death or Disability, nor more than one year following termination of employment for the reason of death or Disability (as defined in Code Section 422), or such Award will no longer qualify as an ISO and shall thereafter be, and receive the tax treatment applicable to, a NQSO. For this purpose, a termination of employment is cessation of employment, under the rules applicable to ISOs, such that no employment relationship exists between the Participant and the Company.

Transfers and Leaves of Absence. The transfer of a Participant within the Company shall not be deemed a termination of employment except as required by Code Sections 422 and 409A, and other applicable laws. The following leaves of absences are not deemed to be a termination of employment:

- (i) if approved in writing by the Company, for military service, sickness or any other purpose approved by the Company, and the period of absence does not exceed 90 days;
- (ii) if in excess of 90 days, if approved in writing by the Company, but only if the Participant's right to reemployment is guaranteed by statute or contract and provided that the Participant returns to work within 30 days after the end of such absence; and

B-12

(iii) subject to the restrictions of Code Section 409A and to the extent that such discretion is permitted by law, if the Committee determines in its discretion that the absence is not a termination of employment.

11. Recoupment or Recovery Policy

Any Award shall be subject to forfeiture or repayment pursuant to the terms of any applicable compensation recoupment or recovery policy adopted by the Company, Committee or Board, as thereafter amended, including any policy adopted to comply with the rules of any national securities exchange on which the Common Shares are traded or the Securities and Exchange Commission.

12. Miscellaneous Provisions

Rights as a Shareholder. Except as otherwise provided herein, a Participant shall have no rights as a shareholder with respect to Awards hereunder, unless and until the Common Shares have been registered to the Participant as the owner.

No Loans. No loans from the Company to Participants shall be permitted in connection with the Plan.

Assignment or Transfer. Except as otherwise provided under the Plan, no Award or any rights or interests therein shall be transferable other than by will or the laws of descent and distribution. The Committee may, in its discretion, provide that an Award (other than an ISO) is transferable without the payment of any consideration to a Participant's family member, subject to such terms and conditions as the Committee may impose. For this purpose, "family member" has the meaning given to such term in the General Instructions to the Form S-8 registration statement under the Securities Act. All Awards shall be exercisable, during the Participant's lifetime, only by the Participant or a person who is a permitted transferee pursuant to this Section 12(c). Once awarded, the Common Shares (other than Restricted Shares) received by Participants may be freely transferred, assigned, pledged or otherwise subjected to lien, subject to the restrictions imposed by the Securities Act, Section 16 of the Exchange Act and the Company's Insider Trading Policy, each as amended. Notwithstanding the foregoing, the Committee may, with respect to particular Awards, establish or modify the terms of the Award to allow the Award to be transferred at the request of a Participant to trusts established by a Participant or as to which a Participant is a grantor or to the spouse or lineal descendants of a Participant or otherwise for personal and tax planning purposes of a Participant. If the Committee allows such transfer, such Awards shall not be exercisable for a period of six months following the action of the Committee.

Withholding Taxes. The Company shall (upon the election by the Participant) deduct from all Awards paid in cash to a Participant any taxes required by law to be withheld with respect to such Awards. Applicable withholding taxes arising with respect to Awards paid in Common Shares to a Participant shall (upon the election by the Participant) be satisfied by the Company retaining Common Shares having a Fair Market Value on the date the tax is to be determined that is : (i) equal to the amount of such not to exceed the maximum statutory minimum tax rate in the employee's applicable withholding tax jurisdictions (rounded, if necessary, to the next lowest whole number of Common Shares); or (ii) if the Participant requests in writing and the Company so agrees, such other amount in excess of the statutory minimum applicable withholding tax that will not cause adverse accounting consequences to the Company and is otherwise permitted under applicable withholding rules promulgated by the Internal Revenue Service or other applicable governmental entity; provided, however, that, subject to any restrictions or limitations that the Company deems appropriate and except as may be provided otherwise in an Award Agreement, a Participant shall retain the right to elect to satisfy any such statutory minimum applicable withholding tax through cash or cash proceeds.

No Rights to Awards. Neither the Plan nor any action taken hereunder shall be construed as giving any person any right to be retained in the employ or service of the Company, and the Plan shall not interfere with or limit in any way

the right of the Company to terminate any person's employment or service at any time. Except as set forth herein, no employee or other person shall have any claim or right to be granted an Award under the Plan. By accepting an Award, the Participant acknowledges and agrees that (i) the Award will be exclusively governed by the Plan, including the right of the Company to amend or cancel the Plan at any time without the Company incurring liability to the Participant (except, to the extent the terms of the Award so provide, for Awards already granted under the Plan), (ii) the Participant is not entitled to future award grants under the Plan or any other plan, and (iii) the value of any Awards received shall be excluded from the calculation of termination or other severance payments or benefits.

B-13

Beneficiary Designation. To the extent allowed by the Committee, each Participant under the Plan may name any beneficiary or beneficiaries to whom any benefit under the Plan is to be paid in case of his or her death before he or she receives all of such benefit. Unless the Committee determines otherwise, each such designation shall revoke all prior designations by the same Participant, shall be in a form prescribed by the Committee and shall be effective only when received in writing by the Company during the Participant's lifetime. In the absence of any such designation, benefits remaining unpaid at the Participant's death shall be paid to the Participant's estate.

Fractional Shares. Fractional Common Shares shall not be issued or transferred under an Award, but the Committee may direct that cash be paid in lieu of fractional shares or may round off fractional shares, in its discretion.

Unfunded Plan. The Plan shall be unfunded and any benefits under the Plan shall represent an unsecured promise to pay by the Company. With respect to any payments not yet made to a Participant pursuant to an Award, nothing contained in the Plan or any Award Agreement shall give the Participant any rights that are greater than those of a general unsecured creditor of the Company.

Severability. If any provision of the Plan is deemed illegal or invalid, the illegality or invalidity shall not affect the remaining provisions of the Plan, and the Plan shall be construed and enforced as if the illegal or invalid provision had not been included.

Limitation of Liability. Members of the Board and the Committee and officers and employees of the Company who are their designees acting under the Plan shall be fully protected in relying in good faith upon the advice of counsel and shall incur no liability except for gross or willful misconduct in the performance of their duties hereunder.

Successors. All obligations of the Company with respect to Awards granted under the Plan shall be binding on any successor to the Company, whether as a result of a direct or indirect purchase, merger, consolidation, or otherwise, of all or substantially all of the business and/or assets of the Company.

Code Section 409A Compliance. Each Award granted under the Plan is intended to be either exempt from or in compliance with the requirements of Code Section 409A and any regulations or guidance that may be adopted thereunder, including any transition relief available under applicable guidance. The Plan may be amended or interpreted by the Committee as it determines appropriate in accordance with Code Section 409A in order for the Plan and Awards to comply with Code Section 409A. If a Participant is a "specified employee" as defined in Code Section 409A at the time of the Participant's separation from service with the Company, then solely to the extent necessary to avoid the imposition of any additional tax under Code Section 409A, the commencement of any payments or benefits under an Award shall be deferred until the date that is six months following the Participant's separation from service (or such other period as required to comply with Code Section 409A). Notwithstanding the foregoing, the Company does not guarantee that Awards under the Plan will comply with Code Section 409A and the Committee is under no obligation to make any changes to Awards to cause such compliance.

13. Effective Date, Amendments, Governing Law and Plan Termination

Effective Date. The Effective Date of the Plan is the date on which the Company's shareholders approve the Plan at a duly held shareholder meeting.

Amendments.

(i) **Amendment of the Plan.** The Committee or the Board may at any time terminate or amend the Plan in whole or in part, but no such action shall materially and adversely affect any rights or obligations with respect to any Awards

granted prior to the date of such termination or amendment without the consent of the affected Participant, except to the extent that the Committee reasonably determines that such termination or amendment is necessary or appropriate to comply with applicable law or the rules and regulations of any stock exchange on which the Common Shares are traded or to preserve any intended favorable, or avoid any unintended unfavorable, tax effects for the Company, Plan or Participants. Notwithstanding the foregoing, unless the Company's shareholders shall have first approved the amendment, no amendment of the Plan shall be effective if the amendment would: (A) increase the

B-14

maximum number of Common Shares that may be delivered under the Plan or to any one individual (except to the extent made pursuant to Section 8 hereof), (B) extend the maximum period during which Awards may be granted under the Plan, (C) add to the types of awards that can be made under the Plan, (D) modify the requirements as to eligibility for participation in the Plan, (E) permit a repricing or decrease the Exercise Price to less than the Fair Market Value on the Date of Grant of any Stock Option or SAR, except for adjustments made pursuant to Section 8, (F) materially increase benefits to Participants, or (G) otherwise require shareholder approval pursuant to the Plan or applicable law or the rules of the principal securities exchange on which Common Shares are traded.

(ii) Amendment of Awards. The Committee may amend, prospectively or retroactively, the terms of an Award, provided that no such amendment is inconsistent with the terms of the Plan or would materially and adversely affect the rights of any Participant without his or her written consent.

Governing Law. To the extent not preempted by Federal law, the Plan and all Award Agreements are construed in accordance with and governed by the laws of the State of Delaware. The Plan is not intended to be governed by the Employment Retirement Income Security Act of 1974, and shall be so construed and administered.

Plan Termination. No Awards shall be made under the Plan after the tenth anniversary of the Effective Date.
