State below in reasonable detail why Forms 10-K, 20-F, 11-K, 10-Q, N-SAR, N-CSR, or the transition report or portion thereof, could not be filed within the prescribed time period.

Due to our reduced staffing levels we experienced delays in closing our quarter, and consequently our independent registered public accounting firm was unable to complete its review of our Quarterly Report on Form 10-Q within the prescribed time period without unreasonable effort or expense.

As a result of the foregoing, our Quarterly Report on Form 10-Q for the quarterly period ended August 31, 2011 will be filed on or before October 21, 2011, which is within the extension period provided under Rule 12b-25.

If the answer is no, identify report(s).  Yes  No

- 
- (3)

Is it anticipated that any significant change in results of operations from the corresponding period for the last fiscal year will be reflected by the earnings statements to be included in the subject report or portion thereof?  Yes  No

Our revenue for the three-month period ended August 31, 2011, decreased by approximately \$39,000, or approximately 10%, to approximately \$334,000, as compared to approximately \$373,000 reported for the three-month period ended August 31, 2010. The decrease in our revenues is primarily due to lost revenue from two wholesale customers. We believe we are now seeing a reversal of the declining trend in revenues, as revenues in the quarter ending August 31, 2011, increased by 4% over the quarter ending May 31, 2011. We attribute the recent monthly revenue increases to sales of our video phone product.

For the three-month period ended August 31, 2011, our gross profit amounted to approximately \$137,000, which was an increase of approximately \$1,000 from the gross profit of approximately \$136,000 reported in the three-month period ended August 31, 2010. The increase in gross profit dollars is the result of a decrease in quarterly revenues, offset by an increase in the gross profit percentage by 5%, from 36% for the three months ended May 31, 2010, to 41% in the three months ended August 31, 2011.

Selling, general and administrative expenses decreased by approximately \$8,000, or approximately 2%, to approximately \$490,000 for the three-month period ended August 31, 2011, from approximately \$498,000 reported in the same prior-year fiscal period. We experienced reductions to our salary and consulting expense for the period resulting in a saving of approximately \$10,000.

Interest expense increased by approximately \$700,000 to approximately \$1,059,000 for the three months ended August 31, 2011, as compared to approximately \$359,000 for the three months ended August 31, 2010. The increase was primarily attributed to borrowings with higher effective interests rates, associated with convertible debentures.
