Options granted under the Company's Special Stock Option Plan vest over an eight year period in relatively equal amounts at approximately 16 month intervals. The exercise price can be reduced and the vesting schedule can be accelerated by the optionee purchasing and maintaining ownership of shares of common stock and/or the Company achieving performance objectives as determined

(1) by the Board of Directors (the "Board"). Based upon the maximum required ownership of common stock as provided in the Stock Option Agreement, together with the Company achieving the performance targets previously established by the Board, the option can fully vest after approximately 64 months and the exercise price can be reduced to near the par value of the common stock (\$.01 per share). Reference is made to Exhibit 10.6 of the Company's Form 10-K for the year ended May 3, 2014.
