PROXY STATEMENT

FOR ANNUAL MEETING OF SHAREHOLDERS

GENERAL INFORMATION

The Board of Directors of Interface, Inc. (the “Company”) is furnishing this Proxy Statement to solicit Proxies for Common Stock to be voted at the annual meeting of shareholders of the Company. The meeting will be held at 3:00 p.m. Eastern Time on May 19, 2015. The Proxies also may be voted at any adjournments of the meeting. It is anticipated that this Proxy Statement will first be sent or given to shareholders on or about April 8, 2015.

The record of shareholders entitled to vote at the annual meeting was taken as of the close of business on March 13, 2015. On that date, the Company had outstanding and entitled to vote 66,413,601 shares of Common Stock.

Each Proxy for Common Stock (“Proxy”) that is properly completed (whether executed in writing or submitted by telephone or Internet) by a shareholder will be voted as specified by the shareholder in the Proxy. If no specification is made, the Proxy will be voted (i) for the election of the nominees listed in this Proxy Statement under the caption “Nomination and Election of Directors,” (ii) for the proposal to approve the Company’s adoption of an amendment and restatement of the Interface, Inc. Omnibus Stock Incentive Plan, (iii) for the resolution approving executive compensation, and (iv) for the ratification of the appointment of BDO USA, LLP as independent auditors for 2015. A Proxy given pursuant to this solicitation may be revoked by a shareholder who attends the meeting and gives notice of his or her election to vote in person, without compliance with any other formalities. In addition, a Proxy given pursuant to this solicitation may be revoked prior to the meeting by delivering to the Secretary of the Company either an instrument revoking it or a duly executed Proxy for the same shares bearing a later date.

An automated system administered by the Company's transfer agent tabulates the votes. Abstentions and broker non-votes are included in the determination of the number of shares present and entitled to vote for the purpose of establishing a quorum. A broker non-vote occurs when a broker or other nominee who holds shares for a customer does not have authority to vote on certain non-routine matters without instructions from their customer, such customer has not provided any voting instructions on the matter and the broker or other nominee returns a Proxy (or otherwise informs the transfer agent) that they are not voting on the matter for the foregoing reasons. Neither broker non-votes nor abstentions will affect the outcome of the vote on any matter expected to be voted upon at the annual meeting.

If your shares of Common Stock are held by a broker, bank or other nominee (e.g., in "street name"), you should receive instructions from your nominee, which you must follow in order to have your shares voted – the instructions may appear on a special proxy card provided to you by your nominee (also called a "voting instruction form"). Your nominee may offer you different methods of voting, such as by telephone or Internet. If you do hold your shares in "street name" and plan on attending the annual meeting of shareholders, you should request a proxy from your broker or other nominee holding your shares in record name on your behalf in order to attend the annual meeting and vote at that time (your broker or other nominee may refer to it as a "legal" proxy).

The expense of this solicitation, including the cost of preparing and mailing this Proxy Statement, will be paid by the Company. Copies of solicitation material may be furnished to banks, brokerage houses and other custodians, nominees and fiduciaries for forwarding to the beneficial owners of shares of the Company's Common Stock, and normal handling charges may be paid for the forwarding service. In addition to solicitations by mail, directors and employees of the Company may solicit Proxies in person or by telephone, fax or e-mail. The Company also has retained Georgeson Inc., a proxy solicitation firm, to assist in soliciting Proxies from record and beneficial owners of shares of the Company's Common Stock. The fee paid by the Company for such assistance is expected to be \$8,000 (plus expenses).

NOMINATION AND ELECTION OF DIRECTORS

(ITEM 1)

The Bylaws of the Company provide that the Board of Directors shall consist of a maximum of 15 directors, with the exact number of directors being established by action of the Board taken from time to time. The term of office for each director continues until the next annual meeting of shareholders and until his or her successor, if there is to be one, has been elected and has qualified.

In the event that any nominee for director withdraws or for any reason is not able to serve as a director, each Proxy that is properly executed and returned will be voted for such other person as may be designated as a substitute nominee by the Board of Directors. Each nominee is an incumbent director standing for re-election, and has consented to being named herein and to continue serving as a director if re-elected.

Table Of Contents

Board Leadership Structure and Role in Risk Management

We currently have a Lead Independent Director and a combined Chairman and Chief Executive Officer. Mr. Gable serves as Lead Independent Director, and Mr. Hendrix serves as Chairman and Chief Executive Officer. Although we do not have a formal policy on whether the same person should (or should not) serve as both the Chairman and Chief Executive Officer, the Board has determined that it is appropriate at the current time to have those positions combined in light of the death of our founder and original Chairman Ray C. Anderson and the need for continuity of Company leadership following his death. In making this determination, the Board took into account its evaluation of Mr. Hendrix's performance as Chief Executive Officer, his very positive relationships with the other members of the Board and the Corporation's various stakeholders, and the strategic vision and perspective he would bring to the Chairman position. In addition, we believe that Mr. Anderson's high global profile with respect to the Company's sustainability mission had created similarly high expectations for the role of Chairman of the Company, for which Mr. Hendrix was uniquely qualified. The Board was of the view that Mr. Hendrix would provide excellent leadership to the Board in the performance of its duties.

Because our Chairman and Chief Executive Officer is an employee of the Company and therefore not considered "independent" under applicable standards (see "Director Independence" below), the Board has appointed Mr. Gable to serve as Lead Independent Director. The Board considers it to be useful and appropriate at the current time to have a non-management director serve in a lead capacity to promote corporate governance, coordinate the activities of the other non-management directors, and perform such other duties and responsibilities as the Board may determine. The specific responsibilities of the Lead Independent Director are as follows:

Preside at Executive Sessions. Presides at all meetings of the Board at which the Chairman and Chief Executive Officer is not present, including executive sessions of the independent directors.

Call Meetings of Independent Directors. Has the authority to call meetings of the independent directors.

Function as Liaison with the Chairman. Serves as the principal liaison on Board-wide issues between the independent directors and the Chairman.

Participate in Flow of Information to the Board such as Board Meeting Agendas and Schedules. Provides the Chairman and Chief Executive Officer with input as to meeting agenda items, advises the Chairman and Chief Executive Officer as to the quality, quantity and timeliness of information sent to the Board, and approves meeting schedules to assure there is sufficient time for discussion of all agenda items.

Recommends Outside Advisors and Consultants. Recommends the retention of outside advisors and consultants who report directly to the Board.

Shareholder Communication. Ensures that he is available, if requested by shareholders and when appropriate, for consultation and direct communication.

The Board of Directors has the following standing committees that assist the Board in carrying out its duties: the Executive Committee, the Audit Committee, the Compensation Committee, and the Nominating & Governance Committee. The following table lists the members of each committee:

<u>Executive Committee</u>	<u>Audit Committee</u>	<u>Compensation Committee</u>	<u>Nominating & Governance Committee</u>
Daniel T. Hendrix (Chair) Carl I. Gable James B. Miller, Jr.	Carl I. Gable (Chair) James B. Miller, Jr. Harold M. Paisner	June M. Henton (Chair) Edward C. Callaway Andrew B. Cogan	Christopher G. Kennedy (Chair) K. David Kohler John P. Burke

Executive Committee. The Executive Committee did not meet but acted by unanimous written consent twice during 2014. With certain limited exceptions, the Executive Committee may exercise all the power and authority of the Board of Directors in the management of the business and affairs of the Company.

Audit Committee. The Audit Committee met four times and acted by unanimous written consent once during 2014. The function of the Audit Committee is to (i) serve as an independent and objective party to review the Company's financial statements, financial reporting process and internal control system, (ii) review and evaluate the performance of the Company's independent auditors and internal financial management, and (iii) provide an open avenue of communication among the Company's independent auditors, management (including internal financial management) and the Board. The Board of Directors has determined that all three members of the Audit Committee are "independent" in accordance with applicable law, including the rules and regulations of the Securities and Exchange Commission and the rules of the Nasdaq Stock Market, and that each of Messrs. Gable and Miller is an "audit committee financial expert" as defined by the rules and regulations of the Securities and Exchange Commission. The Audit Committee operates pursuant to an Audit Committee Charter which was adopted by the Board of Directors. The Audit Committee Charter may be viewed on the Company's website, www.interfaceglobal.com/Investor-Relations/Corporate-Governance/Audit-Committee-Charter.aspx.

Table Of Contents

Compensation Committee. The Compensation Committee met one time and acted by unanimous written consent four times during 2014. The function of the Compensation Committee is to (i) evaluate the performance of the Company's Chief Executive Officer and other senior executives, (ii) determine compensation arrangements for such executives, (iii) administer the Company's stock and other incentive plans for key employees, and (iv) review the administration of the Company's employee benefit plans. The Board of Directors has determined that each member of the Compensation Committee is "independent" in accordance with applicable law, including the rules and regulations of the Securities and Exchange Commission and the rules of the Nasdaq Stock Market. The Compensation Committee operates pursuant to a Compensation Committee Charter that was adopted by the Board of Directors. The Compensation Committee Charter may be viewed on the Company's website, www.interfaceglobal.com/Investor-Relations/Corporate-Governance/Compensation-Committee-Charter.aspx. The Compensation Committee's policies and philosophy are described in more detail below in this Proxy Statement under the heading "Compensation Discussion and Analysis."

Nominating & Governance Committee. The Nominating & Governance Committee met twice in 2014. The Nominating & Governance Committee assists the Board in establishing qualifications for Board membership and in identifying, evaluating and selecting qualified candidates to be nominated for election to the Board. The Nominating & Governance Committee also assists the Board in reviewing and analyzing, and makes recommendations regarding, corporate governance matters, and it also recommends committee assignments for Board members.

In the event of a vacancy on the Board, the Nominating & Governance Committee develops a pool of potential director candidates for consideration. The Nominating & Governance Committee seeks candidates for election and appointment with excellent decision-making ability, valuable and varied business experience and knowledge, and impeccable personal integrity and reputations. The Committee does not have a specific diversity policy, but considers diversity of race, ethnicity, gender, age, cultural background and professional experience in evaluating candidates for Board membership, in an effort to obtain a variety of viewpoints in the Board's proceedings. The Nominating & Governance Committee considers whether candidates are free of constraints or conflicts which might interfere with the exercise of independent judgment regarding the types of matters likely to come before the Board, and have the time required for preparation, participation and attendance at Board and committee meetings. Other factors considered by the Nominating & Governance Committee in identifying and selecting candidates include the needs of the Company and the range of talent and experience already represented on the Board. The Nominating & Governance Committee solicits suggestions from other members of the Board regarding persons to be considered as possible nominees. Shareholders who wish the Nominating & Governance Committee to consider their recommendations for director candidates should submit their recommendations in writing to the Nominating & Governance Committee, in care of the office of the Chairman of the Board, Interface, Inc., 2859 Paces Ferry Road, Suite 2000, Atlanta, GA 30339. Recommendations should include the information which would be required for a "Shareholder Proposal" as set forth in Article II, Section 9 of the Company's Bylaws. Director candidates who are recommended by shareholders in accordance with these procedures will be evaluated by the Nominating & Governance Committee in the same manner as director candidates recommended by the Company's directors.

The Board of Directors has determined that each member of the Nominating & Governance Committee is "independent" in accordance with applicable law, including the rules and regulations of the Securities and Exchange Commission

and the rules of the Nasdaq Stock Market. The Nominating & Governance Committee operates pursuant to a Nominating & Governance Committee Charter that was adopted by the Board of Directors. The Nominating & Governance Committee Charter may be viewed on the Company's website, [www.interfaceglobal.com/Investor-Relations/Corporate-Governance/Nominating---Governance-Charter-\(1\).aspx](http://www.interfaceglobal.com/Investor-Relations/Corporate-Governance/Nominating---Governance-Charter-(1).aspx).

Risk Management. The Board receives quarterly reports on elements of risk that may potentially affect the Company, as identified and presented by management. The Board also assists in the Company's risk oversight through its various committees described above. For example, the Audit Committee assists in overseeing risk as it relates to the Company's financial statements, financial reporting process and internal control system. In that regard, the Company's Director of Internal Audit and outside auditors report directly to the Audit Committee. The Nominating & Governance Committee assists in overseeing risk related to the Company's corporate governance practices as well as the performance of individual Board members and committees, while the Compensation Committee assists in overseeing risk as it relates to the Company's executive compensation program and practices.

COMPENSATION DISCUSSION AND ANALYSIS

Overall Philosophy and Objectives

The Company's compensation program is designed in a manner intended to both attract and retain a highly-qualified, motivated and engaged management team whose focus is on enhancing shareholder value. The Company believes a straightforward program that is readily understood and endorsed by its participants best serves these goals, and has constructed a program that contains (1) multiple financial elements, (2) clear and definitive targets, (3) challenging but attainable objectives, and (4) specified performance metrics. More specifically, the objectives of the Company's management compensation program include:

Establishing strong links between the Company's performance and total compensation earned – i.e., “paying for performance”;

Providing incentives for executives to achieve specific performance objectives;

Promoting and facilitating management stock ownership, and thereby motivating management to think and act as owners;

Emphasizing the Company's mid and long-term performance, thus enhancing shareholder value; and

Offering market competitive total compensation opportunities to attract and retain talented executives.

Program Design and Administration

The Compensation Committee of the Board of Directors, which is composed entirely of independent directors, has developed and administers the Company's executive pay program to provide compensation commensurate with the level of financial performance achieved, the responsibilities undertaken by the executives, and the compensation packages offered by comparable companies. The program currently consists of four principal components, each of which is designed to drive a specific behavioral focus, which in turn helps to provide specific benefits to the Company:

Program Component	Behavioral Focus	Ultimate Benefit to Company
Competitive base salary	Rewards individual competencies, performance and level of experience	Assists with attraction and retention of highly-qualified executives, and promotes management stability
Annual cash bonuses based on achievement of established goals	Rewards operational results of specific business units and Company as a whole	Aligns individual interests with overall short term (quarterly and annual) objectives, and reinforces “pay for performance” program goals
Long-term incentives	Rewards engagement, longevity, sustained performance and actions designed to enhance overall shareholder value	Aligns individual interests with the long-term investment interests of shareholders, and assists with retention of highly-qualified executives
Other elements such as special incentives, retirement benefits and elective deferred compensation	Rewards targeted operational results, engagement and longevity, and sustained performance	Focuses enhanced efforts on a particular key objective (e.g., debt reduction), aligns individual interests with the long-term investment interests of shareholders, assists with the attraction and retention of highly-qualified executives, and promotes management stability

The Company strives to structure various elements of these program components so that a large portion of executive compensation is directly linked to advancing the Company’s financial performance and the interests of shareholders.

Table Of Contents

The Committee establishes base salaries for the executive officers, including the Named Executive Officers listed in the “Summary Compensation Table” included in this Proxy Statement. The Committee also administers the annual bonus program, the long-term incentive program, retirement benefits, deferred compensation arrangements, and, when applicable, special incentive programs.

The Committee has directly engaged Pearl Meyer & Partners, a nationally recognized, independent compensation consultant, to provide input on compensation matters. The services performed by Pearl Meyer & Partners may vary according to the particular needs of the engagement, but typically will consist of providing a market or peer group overview of compensation elements, including salary, bonus, long-term incentives and special incentives. For 2014, the corporate peer group included: Acuity Brands, Inc.; Albany International Corp.; Apogee Enterprises, Inc.; Armstrong World Industries, Inc.; BE Aerospace, Inc.; The Dixie Group, Inc.; Herman Miller, Inc.; HNI Corporation; Kimball International, Inc.; Knoll, Inc.; Mohawk Industries, Inc.; Steelcase, Inc.; Unifi, Inc.; and USG Corp. Pearl Meyer & Partners also periodically conducts a business performance review of our Company compared with other companies, to assist the Committee in making its compensation decisions. The work of Pearl Meyer & Partners to date has not raised any conflict of interest.

The Committee also seeks compensation input from the Company’s Chief Executive Officer and General Counsel. In addition, the Committee takes into account publicly available data relating to the compensation practices and policies of other companies within and outside the Company’s industry. Furthermore, the policies and programs described below are subject to change as the Committee deems necessary from time to time to respond to economic conditions, meet competitive standards and serve the objectives of the Company and its shareholders.

The Board, in conjunction with management, has reviewed our compensation policies and practices as generally applicable to our employees and determined that they do not encourage excessive risk or unnecessary risk taking and do not otherwise create risks that are reasonably likely to have a material adverse effect on the Company.

Discussion of Principal Elements of Compensation Program

Base Salaries

The Committee generally strives to set base salaries at the market median (50th percentile) of salaries offered by other employers in our industry and other publicly traded companies with characteristics similar to the Company (size, growth rate, etc.), based, by and large, on information provided by our independent compensation consultant while also considering internal equalization policies of the Company. Some of the companies considered from time to time are included in the list of companies comprising the “self-determined peer group” index used by our independent

compensation consultant and used to create the stock performance graph included in the Company's Annual Report on Form 10-K for the year ended December 28, 2014. That graph is reproduced below for your reference.

- (1) The lines represent annual index levels derived from compound daily returns that include all dividends.
- (2) The indices are re-weighted daily, using the market capitalization on the previous trading day.
- (3) If the annual interval, based on the fiscal year-end, is not a trading day, the preceding trading day is used.
- (4) The index level was set to \$100 as of January 3, 2010 (the last day of fiscal 2009).
- (5) The Company's fiscal year ends on the Sunday nearest December 31.

The following companies are included in the Self-Determined Peer Group depicted above: Acuity Brands, Inc.; Albany International Corp.; Apogee Enterprises, Inc.; Armstrong World Industries, Inc.; BE Aerospace, Inc.; The (6) Dixie Group, Inc.; Herman Miller, Inc.; HNI Corporation; Kimball International, Inc.; Knoll, Inc.; Mohawk Industries, Inc.; Steelcase, Inc.; Unifi, Inc.; and USG Corp.

In addition, the Committee may consider other factors when setting individual salary levels, which may result in salaries somewhat above or below the targeted amount. These factors include the executive's level of responsibility, achievement of goals and objectives, tenure with the Company, and specific background or experience, as well as external factors such as the availability of talent, the recruiting requirements of the particular situation, and general economic conditions and rates of inflation. In this Proxy Statement, compensation for Named Executive Officers based outside the United States is reported in U.S. dollars based on the currency exchange rate in effect as of the end of each fiscal year, and therefore fluctuations in currency exchange rates may impact the reported amounts.

Base salary adjustments for executive officers generally are made (if at all) annually and are dependent on the factors described above. In 2014, each of the Named Executive Officers received a base salary increase of 3% (representing an aggregate increase of approximately \$79,957 for the five Named Executive Officers).

Please see the "Summary Compensation Table" included in this Proxy Statement for the salaries paid to the Named Executive Officers in 2014.

Annual Bonuses

The Committee administers the shareholder-approved Executive Bonus Plan, which provides quarterly and annual bonus opportunities for Company executives. The bonus opportunities provide an incentive for executives to earn compensation based on the achievement of important corporate or business unit (division or subsidiary) financial performance. In determining the appropriate bonus opportunities, the Committee seeks to establish potential awards that, when combined with annual salary, place the total overall cash compensation opportunity for the Company's executives in the third quartile (between the market 50th percentile and the market 75th percentile) for comparable companies, provided that the performance objectives are substantially achieved.

Table Of Contents

Each executive officer of the Company, including the Chief Executive Officer, is assigned a bonus potential, and a personalized set of quarterly and annual financial objectives. The Chief Executive Officer's bonus potential is 130% of base salary, and the bonus potential for the other Named Executive Officers is 90% of base salary. (Mr. Boogaard's bonus potential for the first two quarters of 2014 was 50% of base salary, and was increased to 90% of base salary effective July 1.) Actual awards can range from 0% to 150% of the bonus potential, depending on the degree to which the established financial objectives are achieved, and are paid on a quarterly and annual basis in the following manner:

<u>Achievement of Objectives</u>	<u>Percentage of Bonus Opportunity Payable</u>	<u>Timing of Payment to Employee Participant</u>
First Quarter Objectives Achieved	15%	Approximately 45 days following end of first quarter
Second Quarter Objectives Achieved	15%	Approximately 45 days following end of second quarter
Third Quarter Objectives Achieved	15%	Approximately 45 days following end of third quarter
Fourth Quarter Objectives Achieved	15%	Approximately 60 days following end of year
Fiscal Year Objectives Achieved	40%	Approximately 60 days following end of year

In 2014, 100% of the bonus potential for the Chief Executive Officer, Chief Financial Officer and each of the other Named Executive Officers was based on measurable financial objectives. For Mr. Hendrix, these objectives consisted of operating income, cash flow and FLOR (our consumer products division) gross billings, and the relative weights assigned to these financial objectives were 65%, 25% and 10%, respectively. For Messrs. Lynch and Willoch, these objectives consisted of operating income and cash flow, and the relative weights assigned to these financial objectives were 75% and 25%, respectively. For Mr. Wells (who manages the Company's Americas division), the objectives and relative weights assigned were divisional operating income (35%), consolidated operating income (20%), divisional cash flow (15%), FLOR gross billings (10%) and divisional operating income contribution margin (20%). For Mr. Boogaard (who manages the Company's Europe division), the objectives and relative weights assigned were divisional operating income (40%), consolidated operating income (25%), divisional cash flow (15%) and divisional operating income contribution margin (20%).

For each objective, the Committee establishes a threshold level that must be achieved in order for any bonus amount to be earned with respect to that objective, and establishes a goal that must be achieved or exceeded to maximize bonus compensation for that objective (except that no bonus is payable if the threshold for operating income is not exceeded). A pro rata bonus amount is earned to the extent that the threshold is exceeded, up to 150% of the goal number for the Chief Executive Officer and for the other Named Executive Officers. Historically, the Committee has set the threshold level, in its discretion, based primarily on a consideration of the Company's prior year results for each objective, such that no bonus will be earned with respect to the objective in the event that the Company fails to experience improvement. Also historically, the Committee has set the goal, in its discretion, based primarily on factors that would approximate 15% sales growth and 20% operating income and earnings per share growth from such incremental sales. With respect to cash flow, the Committee sets the goal, in its discretion, using similar approximations, but taking into account anticipated growth initiatives, capital expenditures, research and development costs, debt maturities, and other cash uses that the Committee deems relevant. Given this methodology, the Committee believes that the threshold level, while challenging, is reasonably likely to be achieved in normalized market

conditions, while the target would be fully achieved or exceeded only with exceptional performance.

For example, the 2014 annual thresholds and goals that were applicable for our Chief Executive Officer, excluding accruals for bonuses, were as follows:

<u>Criteria</u>	Threshold	Goal
Operating Income	\$85,000,000	\$124,000,000
Cash Flow	\$25,000,000	\$35,000,000
FLOR Gross Billings	\$50,000,000	\$63,000,000

For 2014, each of the Named Executive Officers received a bonus, which appears in the “Summary Compensation Table” included in this Proxy Statement, as their respective performance objectives were determined to have been achieved, in part, during the year. The bonuses were attributable to their achieving or exceeding their respective financial objective goals, primarily during the first, second and fourth quarters of the year.

For fiscal year 2015, annual incentive awards are again based on the achievement of important corporate or business unit (division or subsidiary) financial performance. The annual incentive awards for 2015 are structured in a manner similar to the annual incentive awards in 2014, except that the performance objectives and relative weights for Mr. Hendrix have been changed to operating income (75%) and cash flow (25%).

Table Of Contents

Long-Term Incentives

The Committee administers the shareholder-approved Interface, Inc. Omnibus Stock Incentive Plan (the “Omnibus Stock Plan”), which is an equity-based plan that allows for long-term incentive awards such as restricted stock and stock options. The Omnibus Stock Plan provides for the grant to key employees and directors of the Company and its subsidiaries of restricted stock, incentive stock options (which qualify for certain favorable tax treatment), nonqualified stock options, stock appreciation rights, deferred shares, performance shares and performance units. The size of the awards made to individual officers is based on an evaluation of several factors, including the officer’s level of responsibility, the officer’s base salary and the Company’s overall compensation objectives. The amount and nature of prior equity incentive awards also are generally considered in determining new Omnibus Stock Plan awards for executive officers.

Long-term incentives are intended to attract and retain outstanding executive talent, create a direct link between shareholder and executive interests by focusing executive attention on increasing shareholder value, and motivate executives to achieve specific performance objectives. For instance, stock options (when granted) have an exercise price equal to at least 100% of the market price of the underlying Common Stock on the date of grant. Thus, the stock options only have value if the market price of the Company’s stock rises after the grant date. Additionally, restricted stock awards generally vest, in whole or in part, over a period of multiple years (three to five years for grants made in recent years), giving the executive an incentive to remain employed with the Company for a significant time period to have the opportunity to vest in an award. Moreover, awards of restricted stock may vest earlier if specific performance criteria are met, and these performance criteria are designed to drive shareholder value. (As discussed below, 50-60% of the restricted stock awards granted during 2012-2014 are ineligible for time/retention vesting and are forfeited altogether if the performance criterion is not met.)

Description of Available Awards

Restricted Shares

Awards of restricted shares under the Omnibus Stock Plan generally vest over a period of multiple years following the date of award, and may vest earlier if specified performance criteria established by the Committee are satisfied. Unvested awards are also subject to forfeiture under certain circumstances. All restricted shares awarded to date have been made without consideration from the participant (although the Omnibus Stock Plan authorizes the Committee, in connection with any award, to require payment by the participant of consideration, which can be less than the fair market value of the award on the date of grant). Awards of restricted stock generally will not be transferable by the participant other than by will or applicable laws of descent and distribution.

Stock Options

Options granted under the Omnibus Stock Plan may be incentive stock options (as defined in Section 422 of the Internal Revenue Code of 1986, as amended), nonqualified stock options or a combination of the foregoing, although only employees are eligible to receive incentive stock options. All options under the Omnibus Stock Plan will be granted at an exercise price per share equal to not less than 100% of the fair market value of the Common Stock on the date the option is granted. Options may be structured to vest over a period of multiple years. Options granted under the Omnibus Stock Plan expire following a pre-determined period of time after the date of grant (which may not be more than 10 years after the grant date), and generally will terminate on the date three months following the date that a participant's employment with the Company terminates.

The Company receives no consideration upon the granting of an option. Full payment of the option exercise price must be made when an option is exercised. The exercise price may be paid in cash or in such other form as the Committee may approve, including shares of Common Stock valued at their fair market value on the date of option exercise. Options generally will not be transferable by the holder thereof other than by will or applicable laws of descent and distribution.

The Committee has not granted stock options to any executive officer in the past three years.

Other Potential Awards

The Omnibus Stock Plan also provides for the award of stock appreciation rights, deferred shares, performance shares and performance units. To date, the Committee has not granted any of these types of awards.

Recent Omnibus Stock Plan Awards to Named Executive Officers

In February 2011, Mr. Hendrix received a special award of 200,000 shares of restricted stock. This special award is eligible to performance vest to the extent that FLOR gross billings reach specified target levels during a five-year performance period that includes fiscal years 2011 through 2015. None of the shares are eligible to vest based on Mr. Hendrix's tenure of employment. The Committee believes this special award was appropriate because (1) the Committee wanted to focus management on the growth of the FLOR consumer carpet tile business, both through the internet and catalog channels as well as through FLOR retail stores, and (2) the Committee believed that the number of restricted shares held by Mr. Hendrix had fallen well below historical and market levels as well as the levels desired both for his retention and to align his compensation with the long-term interests of our shareholders. In 2013, 40,000 of these shares vested based on FLOR's gross billings achievement in 2012. None of these shares vested in 2014.

In March 2012, each of the Named Executive Officers received an award of restricted stock. The 2012 awards were eligible to performance vest to the extent that the Company's earnings per share plus dividends reached or exceeded 15% compound annual growth during the three-year performance period of 2012-2014. Fifty percent of any unvested shares from the 2012 award would vest on the third anniversary of the grant date if the executive remained employed by the Company at that time. None of the 2012 awards vested based on the performance criteria.

In January 2013, each of the Named Executive Officers received an award of restricted stock structured in the same manner as the March 2012 awards described above (except that only forty percent of any unvested shares are eligible to time vest on the third anniversary of the grant date if the executive remained employed by the Company at that time), and the awards are eligible to performance vest to the extent that the Company's earnings per share plus dividends reaches or exceeds a specified level during a three-year performance period (the goal is approximately 15% compound annual growth for 2013 and 10% compound annual growth thereafter). In February 2014, half of these awards vested based on the Company's level of earnings per share plus dividends achieved in 2013.

In January 2014, each of the Named Executive Officers received an award of restricted stock structured in the same manner as the March 2012 awards described above, and the awards are eligible to performance vest to the extent that the Company's earnings per share plus dividends reaches or exceeds a specified level during the three-year performance period of 2014 to 2016 (the goal is approximately 15% compound annual growth for 2014 and 10% compound annual growth thereafter). None of the 2014 awards have vested to date.

Stock Ownership and Retention Guidelines

To further tie the financial interests of Company executives to those of shareholders, the Committee has established stock ownership and retention guidelines. Under these guidelines, executive officers are expected to accumulate a number of shares (unrestricted) of the Company's Common Stock having a value equaling one and one-half times base salary in the case of the Chief Executive Officer and one times base salary in the case of the other executive officers (based on salaries and the stock price at the time the guidelines were adopted several years ago). The expectation is for executives to reach this ownership level within four years of being appointed as an executive officer. All executive officers have now met this target, with the exception of Jo Ann Herold (Vice President and Chief Marketing Officer) and Robert Boogaard (Senior Vice President, Europe), each of whom was appointed as an executive officer during 2013, and with the exception of Jay Gould (Executive Vice President and Chief Operating Officer), Sanjay Lall (Vice President and Chief Information Officer) and Nigel Stansfield (Vice President and Chief Innovations Officer), each of whom was appointed as an executive officer in 2015. To facilitate accomplishing the ownership targets, executive officers generally are expected to retain at least one-half of the net after-tax shares (i.e., the net shares remaining after first selling sufficient shares to cover the anticipated tax liability and, in the case of stock options, the exercise price) obtained upon the vesting of restricted stock and the exercise of stock options.

Directors also are subject to stock ownership requirements. Directors are required to hold 2,000 unrestricted shares. Any new director is required to accumulate these shares by the second anniversary of his or her election. All directors met this stock ownership standard as of the end of 2014. As a guideline, non-employee directors also are expected to retain during their tenure all of the net after-tax shares obtained upon the vesting of restricted stock and at least one-half of the net after-tax shares obtained upon the exercise of stock options.

The Company has a policy that generally prohibits all of its employees, officers and directors from engaging in short sales or trading in puts, calls and other options or derivatives with respect to the securities of the Company.

Other Elements of Compensation Program

In addition to the principal compensation program elements described above, the Company has adopted a number of other elements to further its compensation program goals. They are as follows:

401(k) Plan and Other Defined Contribution Plans	Severance Agreements
Elective Deferred Compensation Program	Perquisites
Pension/Salary Continuation Programs	Special Incentive Programs

401(k) Plan and Other Defined Contribution Plans

The Company maintains the Interface, Inc. Savings and Investment Plan (the “401(k) Plan”), a tax-qualified 401(k) plan which provides its U.S.-based employees a convenient and tax-advantaged opportunity to save for retirement. The Company’s Named Executive Officers who are based in the United States are eligible to participate in the 401(k) Plan on the same terms as other executive and non-executive employees based in the United States, and receive the same benefits afforded all other participants. Under the 401(k) Plan, all participating employees are eligible to receive matching contributions that are subject to vesting over time. The Company periodically evaluates the level of matching contributions afforded participant employees to ensure competitiveness in the marketplace. The Company matches 50% of the first 6% of the employee’s eligible compensation (capped by statutory limitations) that the employee contributed to the 401(k) Plan.

Mr. Boogaard participates in a defined contribution retirement plan in Europe. Pursuant to this plan, the Company contributed \$60,375 to Mr. Boogaard’s account in 2014.

Elective Deferred Compensation Program

The Company also maintains the Interface, Inc. Nonqualified Savings Plan and Interface, Inc. Nonqualified Savings Plan II (collectively, the “Nonqualified Plan”) for certain U.S.-based “highly compensated employees” (as such term is defined in applicable IRS regulations), including the Named Executive Officers who are based in the United States. The compensation level required to participate in the Nonqualified Plan was \$115,000 in total annual compensation,

and the Company had 94 participants in the plan (including both current and former employees) at the end of 2014. As with the Company's 401(k) Plan, the Named Executive Officers who are based in the United States are eligible to participate in the Nonqualified Plan on the same terms as other executive and non-executive eligible employees based in the United States, and receive the same benefits afforded all other participants. Under the Nonqualified Plan, all eligible employees can elect to defer, on a pre-tax basis, a portion of their salary and/or annual bonus compensation. The Company matches 50% of the first 6% of the employee's eligible salary and bonus that was deferred, less any potential Company matching amounts under the 401(k) Plan.

The Nonqualified Plan also contains a "Key Employee Retirement Savings Benefit" feature to permit discretionary contributions to certain key employees' accounts (in a separately tracked sub-account) to enhance retirement savings and to couple such contributions with vesting structures that will promote the retention of such key employees. In each of the years 2012-2014, the Compensation Committee made a Key Employee Retirement Savings Benefit contribution of \$50,000 to the Nonqualified Plan account of Mr. Lynch. This contribution will vest 50% upon his reaching age 50 and 50% upon his reaching age 55, assuming continuous service with the Company until such ages.

Please see the "Non-Qualified Deferred Compensation" table included in this Proxy Statement for further details regarding the Nonqualified Plan, as well as the Company's Named Executive Officers' contributions, earnings and account balances applicable to the Nonqualified Plan for fiscal year 2014.

Pension/Salary Continuation Programs

Foreign Defined Benefit Plans

The Company has trustee-administered defined benefit retirement plans ("Pension Plans") which cover certain of its overseas employees. The benefits are generally based on years of service and the employee's average monthly compensation. As determined by their respective trustees, the investment objectives of the Pension Plans are to maximize the return on the investments without exceeding the limits of prudent pension fund investment and to ensure that the assets ultimately will be sufficient to exceed minimum funding requirements. The goal is to optimize the long-term return on plan assets at a moderate level of risk, by balancing higher-returning assets, such as equity securities, with less volatile assets, such as fixed income securities. The assets are managed by professional investment firms and performance is evaluated periodically against specific benchmarks. The Pension Plans' net assets did not include any shares of the Company's own stock at December 28, 2014. None of our Named Executive Officers are participants.

Table Of Contents

Salary Continuation Plan

The Company maintains a nonqualified Salary Continuation Plan designed to induce selected employees of the Company to remain in the employ of the Company by providing them with retirement, disability and death benefits in addition to those that they may receive under the Company's other benefit programs. The Salary Continuation Plan entitles participants to (i) retirement benefits upon normal retirement from the Company at age 65 (or early retirement as early as age 55) after completing at least 15 years of service with the Company (unless otherwise provided in the plan), payable for the remainder of their lives (or, if elected by a participant, a reduced benefit is payable for the remainder of the participant's life and any surviving spouse's life) and in no event for less than 10 years under the death benefit feature; (ii) disability benefits payable for the period of any pre-retirement total disability; and (iii) death benefits payable to the designated beneficiary of the executive for a period of up to 10 years. The annual retirement benefit for retirement at age 65 is 50% of the executive's final average earnings (defined as the average of the salary and bonus paid by the Company for the four individual calendar years of the executive's highest compensation during the last eight full calendar years of the executive's employment with the Company ending on or prior to the effective date of the executive's retirement), which decreases proportionately to 30% of final average earnings for early retirement at age 55. The annual disability benefit is structured to essentially equate to 66% of current pay (salary and bonus) at the time of disability. The annual death benefit, for the 10-year payment period, is 50% of final average earnings, for a pre-retirement death, or a continuation of the actual retirement payments for the balance of the 10-year period (if any) for a post-retirement death (assuming no election of spousal survival benefits). The Salary Continuation Plan is administered by the Compensation Committee, which has full discretion in choosing participants and the benefits applicable to each. The Company's obligations under the Salary Continuation Plan are currently unfunded (although the Company uses insurance instruments in an irrevocable grantor ("rabbi") trust to hedge its exposure thereunder); however, the Company is required to contribute the full present value of its obligations thereunder to a rabbi trust in the event of a "Change in Control" (as such term is defined in the Salary Continuation Plan) of the Company.

Pursuant to the Salary Continuation Plan, the Company has maintained Salary Continuation Agreements with each of Named Executive Officers Hendrix, Wells and Willoch since 1986, 1998 and 1996, respectively. (The Company most recently amended and restated the Salary Continuation Agreements with Messrs. Hendrix, Wells and Willoch in January 2008, primarily to comply with Section 409A of the Internal Revenue Code of 1986, as amended. The benefits under their amended and restated agreements are substantially similar to those under their respective prior agreements.) The individual Salary Continuation Agreements contain essentially all of the benefit terms and conditions, and those agreements control in the event of any conflict with the Salary Continuation Plan document. Please see the "Pension Benefits" table included in this Proxy Statement for information about the Salary Continuation Plan benefits applicable to Messrs. Hendrix, Wells and Willoch.

Severance Agreements

The Company has substantially similar Employment and Change in Control Agreements in effect with each of Messrs. Hendrix, Lynch, Wells and Willoch. These agreements generally provide for certain benefits (salary, bonus, medical benefits, etc.) in the event of a Named Executive Officer's termination of employment without "cause" (as defined in the agreements), as well as certain benefits upon his resignation, death or disability. These agreements also contain provisions placing restrictions on a Named Executive Officer's ability to compete with the Company, or solicit its customers or employees, for a specified period of time following termination of employment. For Messrs. Hendrix, Lynch, Wells and Willoch, these agreements provide for certain benefits in the event of a termination of employment in connection with a "Change in Control" (as defined in the agreements) of the Company.

The Company also has an Employment Contract with Mr. Boogaard that generally sets forth the terms of his employment (salary, bonus, benefits, etc.). The Employment Contract may be terminated by the Company as of the end of any calendar month by giving Mr. Boogaard twelve months prior notice (the notice period was increased from six months to twelve months via unwritten agreement effective July 1, 2014), and it also contains provisions placing restrictions on Mr. Boogaard's ability to compete with the Company, or solicit its customers or employees, for a period of one year following termination of employment.

Please see the further discussion below in the "Potential Payments Upon Termination or Change of Control" section of this Proxy Statement regarding the respective employment and change in control agreements of the Company's Named Executive Officers.

Table Of Contents

Perquisites

In order to provide a market competitive total compensation package to certain of the Company's executive officers, including the Named Executive Officers, the Company provides those limited perquisites that it believes enable its Named Executive Officers to perform their responsibilities efficiently and with minimal distractions. The perquisites provided to one or more Named Executive Officers in 2014 included the following:

Company-provided automobile/allowance	Long-term care insurance
Health club dues (discontinued in July 2014)	Split dollar insurance agreement (for Mr. Hendrix only)
Tax return preparation services	Holiday allowance (for Mr. Boogaard only)
Company-provided telephone	

Please see the "Summary Compensation Table" included in this Proxy Statement (and the notes thereto) for a more detailed discussion of these perquisites and their valuation.

Special Incentive Programs

From time to time, in its discretion, the Committee may implement special incentive programs which provide executives an opportunity to earn additional compensation if specific performance objectives are met. Special incentive programs are used when the Committee recognizes a need or desire for the Company to achieve one or more targeted strategic or financial objectives (such as stock price appreciation, debt reduction, cash accumulation, or attainment of a specified financial ratio), in addition to those objectives generally covered by annual bonuses and long-term incentives. The time period for achievement of the objectives may vary from less than a year to a multiple-year period. In each case, the performance objectives are designed to represent challenging but achievable targets that will serve to align the interests of executives with the interests of shareholders, and encourage executives to think and act as owners.

No special incentive programs were applicable during 2012-2014.

Compensation Deductibility

An income tax deduction under federal law will be generally available for annual compensation in excess of \$1 million paid to the chief executive officer and the named executive officers of a public corporation only if that compensation is “performance-based” and complies with certain other tax law requirements. Executive compensation under the Company’s Executive Bonus Plan, described above, meets these requirements and therefore qualifies for an income tax deduction under federal law.

Although the Committee considers deductibility issues when approving executive compensation elements, the Company and the Committee believe that other compensation objectives, such as attracting, retaining and providing incentives to qualified managers, are important and may supersede the goal of maintaining deductibility. Consequently, the Company and the Committee may make compensation decisions without regard to deductibility when it is deemed to be in the best interests of the Company and its shareholders to do so.

Mr. Boogaard is paid in Euros. In calculating the U.S. dollar equivalent for disclosure purposes, the Company has *converted each payment in Euros into U.S. dollars based on the exchange rate in effect as of the end of each fiscal year (€1 to \$1.22 for 2014, €1 to \$1.37 for 2013, and €1 to \$1.32 for 2012).

(1) The Company paid no discretionary bonuses, or bonuses based on performance metrics that were not pre-established and communicated to the Named Executive Officers. All cash bonus awards were performance-based. These payments, which were made under the Company's Executive Bonus Plan, are reported in the "Non-Equity Incentive Plan Compensation" column (column (g)).

(2) The amounts reported in the "Stock Awards" column are computed based upon the grant date fair values as of the respective grant dates. See the Note entitled "Shareholders' Equity" to the Consolidated Financial Statements in the Company's Annual Report on Form 10-K for the year ended December 28, 2014, regarding assumptions underlying valuation of equity awards. See the "Grants of Plan-Based Awards" table included in this Proxy Statement for additional information about equity awards granted in 2014, and the "Outstanding Equity Awards at Fiscal Year-End" table included in this Proxy Statement for information with respect to awards outstanding at year-end 2014. The ultimate payout value with respect to the "Stock Awards" included in column (e) may be significantly less than the amounts shown, and possibly zero, depending on the Company's financial performance

at the end of the performance or restricted period and the recipient's tenure of employment. For a description of the performance criteria, please see the discussion contained in the "Compensation Discussion and Analysis" section herein.

Table Of Contents

The amounts reported in the “Non-Equity Incentive Plan Compensation” column reflect the amounts earned by and paid to each Named Executive Officer under the Company’s Executive Bonus Plan. Hendrix, Wells and Willoch). Messrs. Lynch and Boogaard do not participate in a Pension Plan or the Salary Continuation Plan. The Company does not pay any above-market interest (or any guaranteed interest rate) on its Nonqualified Plan. See the “Pension Benefits” table of this Proxy Statement for information about these benefits afforded each of the Company’s Named Executive Officers.

Effective July 1, 2014, Mr. Boogaard's bonus potential was increased from 50% of base salary to 90% of base salary, thus increasing the stated target and maximum amounts for his non-equity incentive plan award to \$233,083 and \$349,624, respectively.

As reflected in column (d), the target 2014 payout under the Executive Bonus Plan for each of the Named Executive Officers assumes 100% achievement of all Company financial goals. As reflected in column (e), the maximum 2014 payout under the Executive Bonus Plan for each of the Named Executive Officers assumes 150% or greater achievement of all Company financial goals (the achievement for bonus purposes is capped at 150%). Certain additional material provisions of the Executive Bonus Plan are more fully described in the "Compensation Discussion and Analysis" section included herein.

The amounts reflected in column (g) represent the number of shares of restricted stock granted to the executives on January 16, 2014 under the Omnibus Stock Plan. Fifty percent of any unvested January 16, 2014 awards (i.e., award shares not vested previously under the performance criteria) will vest on the third anniversary of the grant date. These shares of restricted stock are included in the "Stock Awards" column (column (e)) of the Summary Compensation Table.

The amounts reflected in column (l) represent the dollar value of restricted stock awarded to the executives, (3) calculated by multiplying the number of shares awarded by the closing price of the Company's Common Stock as reported by the Nasdaq Stock Market on the trading date immediately preceding the date of grant.

- (1) The Company maintains the Interface, Inc. Nonqualified Savings Plan and Interface, Inc. Nonqualified Savings Plan II (collectively, the "Nonqualified Plan") for certain U.S.-based "highly compensated employees" (as such term is defined in applicable IRS regulations), including the Named Executive Officers who are based in the United States (Messrs. Hendrix, Lynch, Wells and Willoch). As with the Company's 401(k) Plan, Messrs. Hendrix, Lynch, Wells and Willoch are eligible to participate in the Nonqualified Plan on the same terms as other eligible executive and non-executive employees based in the United States, and receive the same benefits afforded all other participants.

Under the Nonqualified Plan, all eligible employees can elect to defer, on a pre-tax basis, a portion of their salary and/or annual bonus compensation. Each participant elects when the deferred amounts will be paid out, which can be during or after employment, subject to the provisions of Section 409A of the Internal Revenue Code. The employee earns a deferred return based on deemed investments in mutual funds selected by the employee from a list provided by the Company. The investment risk is borne entirely by the employee participant. Gains and losses are credited based on the participant's election of a variety of deemed investment choices. Participants' accounts may or may not appreciate, and may even depreciate, depending on the performance of their deemed investment choices. None of the deemed investment choices provide interest at above-market rates (or any guaranteed interest rate). The Company has established an irrevocable grantor ("rabbi") trust to hold, invest and reinvest deferrals and contributions under the Nonqualified Plan, and all deferrals are paid out in cash upon distribution.

The amounts reported in column (c) reflect, for each Named Executive Officer (as applicable), the actual amounts (2) contributed by the Company to the Nonqualified Plan during fiscal year 2014 (including contributions in 2014 with respect to compensation deferrals in 2013).

The amounts reported in column (d) were not reported as compensation to the Named Executive Officers in the (3) Company's Summary Compensation Table. However, the Company's matching contributions reported in column (c) are included in the "All Other Compensation" column of the Company's Summary Compensation Table.

Table Of Contents**2014 Director Compensation**

For fiscal year 2014, the Company's non-employee directors ("outside directors") were paid an annual director's fee of \$60,000. Outside directors who serve on the Audit Committee, the Compensation Committee and the Nominating & Governance Committee were paid an additional \$5,000 per year, except that the respective (1) Chairpersons of the Audit Committee, Compensation Committee and Nominating & Governance Committee were paid an additional \$10,000 per year (rather than \$5,000). In addition, the lead independent director of the Board was paid an incremental \$10,000 per year. Directors also were reimbursed for expenses in connection with attending Board and Committee meetings.

The amounts reported in the "Stock Awards" column are computed based upon the aggregate grant date fair value of the respective awards. See the Note entitled "Shareholder's Equity" to the Consolidated Financial Statements in the Company's Annual Report on Form 10-K for the year ended December 28, 2014, regarding assumptions underlying valuation of equity awards. The ultimate payout value may be significantly less than the amounts (2) shown, and possibly zero, depending on the recipient's tenure as a director. In 2014, each of the directors listed in the table received an award of 3,300 shares of restricted stock having a weighted average grant date fair value of \$21.29 per share. As of December 28, 2014, each of these directors held an aggregate of 5,300 shares of restricted stock that had not vested, except that Mr. Burke held an aggregate of 4,300 shares of restricted stock that had not vested.

Any amounts reported in the "Option Awards" column would have been computed based upon the aggregate grant date fair value of the respective awards. However, no stock options were granted to directors in 2014. As of (3) December 28, 2014, each of Messrs. Gable, Kennedy and Miller, and Dr. Henton held 5,000 outstanding options, and Mr. Callaway held 2,500 outstanding options. Messrs. Burke, Cogan, Kohler and Paisner held no stock options as of December 28, 2014.

In 2014, the Company paid on all outstanding Common Stock of the Company (including restricted stock) (4) dividends of \$0.03 per share in each of the first two quarters and \$0.04 per share in each of the last two quarters. The amounts in this column reflect dividends on the restricted shares of each director in 2014.

Ms. Dianne Dillon-Ridgley served as a Director until the expiration of her tenure in May 2014. Her total (5) compensation of \$132,369 during 2014 included \$16,250 of director fees paid in cash, an award of 3,300 shares of restricted stock having an aggregate grant date fair value of \$70,257, dividends on restricted stock in an amount of \$378, and consulting fees of \$45,484 for services following the expiration of her tenure as a director.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

The Board of Directors of the Company recognizes that transactions with related persons can present a heightened risk of conflict of interests and/or improper valuation (or the perception thereof). Accordingly, as a general matter, it is the Company's preference to avoid transactions with related persons. Nevertheless, there are circumstances where the Company may obtain products or services (i) of a nature, quantity or quality that are not readily available from alternative sources, (ii) on terms comparable to those provided by other, unrelated parties, or (iii) when the Company provides products or services on an arm's length basis on terms comparable to those provided to unrelated third parties or on terms provided to employees generally.

Policy Regarding Review, Approval or Ratification of Transactions Involving Related Persons

The Company has adopted a written policy (the "Related Transactions Policy") with respect to the review, approval or ratification of transactions with related persons involving the Company (or its subsidiaries or controlled affiliates). In evaluating potential transactions with related persons, the Related Transactions Policy incorporates and applies the contents of Item 404(a) of Regulation S-K (including but not limited to the definitions of "related persons" and "transaction", as well as the threshold for "direct or indirect material interest" contained therein).

Prior to entering into a transaction with the Company, the related person is required to advise a Company-designated "Compliance Officer" (currently the Company's General Counsel), who shall determine whether the proposed transaction is a transaction with a related person under this policy. If the Compliance Officer determines that the proposed transaction is a transaction with a related person, the transaction is required to be submitted to the Audit Committee of the Board of Directors for consideration at its next meeting or, in those instances in which it is not practicable or desirable for the Company to wait until the next Audit Committee meeting, to the Chair of the Audit Committee (who possesses delegated authority to act between committee meetings). The Audit Committee (or where submitted to the Chair, the Chair) shall consider all of the available relevant facts and circumstances, including (if applicable) but not limited to: (i) the benefits to the Company; (ii) the impact on a director's independence in the event the related person is a director, an immediate family member of a director, or an entity in which the director is a partner, equity holder or executive officer; (iii) the availability of other sources for comparable products or services; (iv) the terms of the transaction; and (v) the terms available to or from unrelated third parties or employees generally, as the case may be. After review, the Audit Committee or Chair either approves or disapproves the proposed transaction and advises the Compliance Officer, who in turn conveys the decision to the appropriate persons within the Company. No member of the Audit Committee is permitted to participate in any review, consideration, or approval of any potential transaction with a related person with respect to which such member or any of his or her immediate family members is a related person.

The Related Transactions Policy also provides for the review of (i) transactions involving related persons entered into by the Company not previously approved or ratified under this policy, as well as (ii) any previously approved or ratified transactions with related persons that remain ongoing and have a remaining term of more than six months or remaining amounts payable to or receivable from the Company of more than \$120,000. The policy also explicitly requires disclosure of all transactions that are required to be disclosed under the Securities Act of 1933, the Securities Exchange Act of 1934 and related rules and regulations.

Transactions Involving Related Persons

Since the beginning of fiscal year 2014, the Company has not been a participant in any transaction involving an amount exceeding \$120,000 in which any related person had or is expected to have a direct or indirect material interest, and no such transaction is currently proposed.

DIRECTOR INDEPENDENCE

For each director, the Board makes a determination of whether the director is “independent” under the criteria established by the Nasdaq Stock Market and other governing laws and regulations. In its review of director independence, the Board considers all commercial, banking, consulting, legal, accounting, charitable or other business relationships any director may have with the Company. The current directors are John P. Burke, Edward C. Callaway, Andrew B. Cogan, Carl I. Gable, Daniel T. Hendrix, June M. Henton, Christopher G. Kennedy, K. David Kohler, James B. Miller, Jr. and Harold M. Paisner. As a result of its review, the Board has determined that all of the current directors, with the exception of Daniel T. Hendrix (who is an employee), are independent.

The independent directors meet in regularly scheduled executive sessions without Mr. Hendrix or other members of management present. In 2014, the independent directors met four times in executive session.

Table Of Contents**EQUITY COMPENSATION PLAN INFORMATION**

The following table sets forth information concerning the Company's equity compensation plans as of December 28, 2014.

Plan Category⁽¹⁾	Number of Securities to be Issued upon Exercise of Outstanding Options, Warrants and Rights	Weighted-Average Exercise Price of Outstanding Options, Warrants and Rights	Number of Securities Remaining Available for Future Issuance under Equity Compensation Plans (Excluding Securities Reflected in Column (a))
	(a)	(b)	(c)
Equity Compensation Plan Approved by Security Holders:			
Omnibus Stock Plan	126,250	\$9.23	919,633 ⁽²⁾

(1) The Company does not have shares authorized for issuance under any compensation plan not approved by shareholders.

(2) Each share issued under the Omnibus Stock Plan pursuant to an award other than a stock option will reduce the number of remaining shares available by 1.33 shares.

POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE IN CONTROL

The Company is generally obligated to provide its Named Executive Officers with certain payments or other forms of compensation when their employment with the Company is terminated. The actual amount of compensation due each of the Named Executive Officers, as well as the duration of any periodic payments, depends on both the circumstances surrounding the termination, as well as the particulars of any employment-related agreements to which the Company and the Named Executive Officer are party.

Employment and Change in Control Agreements

The Company has Employment and Change in Control Agreements with Messrs. Hendrix, Lynch, Wells and Willoch, which generally describe the benefits payable at, following, or in connection with various termination scenarios. (The agreements have been in place since 1997 for Messrs. Hendrix, Wells and Willoch, and since 2005 for Mr. Lynch, with the primary substantive changes since execution being those necessary to bring the agreements into compliance with Section 409A of the Internal Revenue Code of 1986, as amended.) Each Employment and Change in Control Agreement is for a rolling two-year term, such that the remaining term is always two years (until a specified retirement age). The Company may terminate any of such agreements at any time, with or without cause, and each executive may voluntarily terminate his respective employment upon 90 days notice. The agreements provide for certain benefits in the event of various termination scenarios, including termination without cause, termination with cause, voluntary retirement or resignation, termination due to death or disability, and termination in connection with a “change in control” (as defined in the agreements) of the Company. The agreements also provide for the executives to receive a tax “gross up” payment to cover the amount of any excise taxes imposed on the benefits payable in the event of a termination in connection with a “change in control.” (The tax gross up provision has been included in the agreements, without substantive change, since January 1999.) Each agreement also contains provisions placing restrictions on the executive’s ability to compete with the Company for a period of two years following the termination of his employment.

The Company also has an Employment Contract with Mr. Boogaard. The Employment Contract is for an indefinite term (until a specified retirement age), but may be terminated by the Company as of the end of any calendar month by giving Mr. Boogaard twelve months prior notice (the notice period was increased from six months to twelve months via unwritten agreement effective July 1, 2014). The Employment Contract also contains provisions placing restrictions on Mr. Boogaard’s ability to compete with the Company for a period of one year following the termination of employment.

Payments to Named Executive Officers Upon Termination or Change in Control

In the event that any of the Named Executive Officers (i) retired or voluntarily resigned, (ii) died or was terminated in connection with a disability, (iii) was terminated by the Company (x) with “cause”, (y) without “cause” or (z) experienced certain terminations (without cause) in connection with a “change in control” (as applicable, and as such terms are defined in the respective agreements) on December 26, 2014 (the last business day of fiscal year 2014), they would have been entitled to receive the following types of payments and benefits, and would have been subject to the various restrictive covenants, described below. For Mr. Boogaard, this presentation assumes that a notice of termination, as further described below, was given or a disability was incurred on December 26, 2014.

Table Of Contents

Mr. Boogaard is a resident of The Netherlands and his employment is governed by the laws of The Netherlands. Under those laws, the amounts to be paid upon termination of employment are subject to, or follow from, Dutch court guidelines, in addition to any amounts that may be due under the applicable employment contract. In the event of a termination other than for cause, Mr. Boogaard would be entitled to (i) all employment compensation, benefits and perquisites for a period of twelve months (essentially, “garden leave” during the above-described twelve months termination notice period under his Employment Contract), and (ii) based on Dutch law and court guidelines, additional severance pay amounting to an average of 4-8 months base salary, holiday allowance and average bonus (the presentation below assumes six months of such severance pay). In addition, Dutch law contains strict constraints on termination during the first two years of incurring a disability, and thus the presentation below for a termination due to disability assumes he would receive all employment compensation, benefits and perquisites for a two-year period of disability.

Upon Retirement or Voluntary Resignation:

**Payment, Benefit
or Restrictive
Covenant**

Entitled to Receive

Base Salary	Executive would be entitled to receive his then-current base salary (and, for Mr. Boogaard, his holiday allowance) through the effective date of retirement or resignation.
Bonus	Executive would be entitled to receive a prorated portion of his annual bonus opportunity calculated based on the date of retirement or resignation (e.g., a June 30 retirement or resignation would entitle executive to 50% of the bonus otherwise payable).
Stock Options	Executive would forfeit any unvested stock options; all previously-vested options would terminate over the period of time specified in the applicable stock option agreements (typically 12 to 24 months).
Restricted Stock	Executive would forfeit any unvested restricted stock awards, except that upon retirement at age 65 or thereafter executive would immediately vest in a percentage of all unvested restricted stock awards as specified in the applicable restricted stock agreement(s).
Salary Continuation Plan	Salary Continuation Plan participant (Messrs. Hendrix, Wells and Willoch) would receive full benefits upon retirement at age 65 after completing at least 15 years of service, payable for the remainder of his life (or, if elected, a reduced benefit for the remainder of his life and any surviving spouse’s life). A reduced benefit is available to participant beginning at age 55. Upon retirement or voluntary resignation prior to age 55, Salary Continuation Plan participants would receive no benefit. Participant is prohibited from competing with the Company while receiving benefits.
Other Employee Retirement Plans	No additional benefit beyond those to which the executive normally would be entitled under the Company’s 401(k) Plan and Nonqualified Plan following termination of employment.
Health, Life and Other Insurance Coverages	No additional benefits are received beyond those to which the executive normally would be entitled under the terms of the respective medical and/or insurance plans. Mr. Hendrix has a Split Dollar Insurance Policy as described in footnote 5 to the 2014 Summary Compensation Table.
Restrictive Covenants	Executive would be prohibited from competing with the Company, or soliciting its customers or employees, for a two-year period (or, for Mr. Boogaard, a one-year period) following retirement or resignation.

Table Of Contents

Upon Death/Disability:

Payment, Benefit or Restrictive Covenant	Entitled to Receive
Base Salary	Executive would be entitled to receive his then-current base salary (and, for Mr. Boogaard, his holiday allowance) through the date of termination due to death/disability. As described above, in the case of the disability of Mr. Boogaard, this presentation assumes he would be entitled to receive his base salary and holiday allowance for two years.
Bonus	Executive would be entitled to receive a prorated portion of his annual bonus opportunity calculated based on the date of termination due to death/disability (e.g., a June 30 termination due to death/disability would entitle executive to 50% of the bonus otherwise payable). As described above, in the case of the disability of Mr. Boogaard, this presentation assumes his bonus payments would continue for two years.
Stock Options	Executive would forfeit any unvested stock options; all previously-vested options would terminate over the period of time specified in the applicable stock option agreements (typically 12 to 24 months following termination due to disability and 24 months following termination due to death).
Restricted Stock	Executive would immediately vest in a percentage of all unvested restricted stock awards, as specified in the applicable restricted stock agreement(s).
Salary Continuation Plan	Upon Salary Continuation Plan participant's death, he would receive a 10 year certain payout of an annual benefit level as if he were eligible for full benefits (e.g., age 65). Upon a participant's disability, he would receive a payout at an annual benefit level that when combined with all other Company-sponsored disability security and salary continuation payments being paid, equals 66 2/3% of average salary and bonus during the preceding 1-3 years. The annual benefit level would continue for as long as the participant remains disabled, up to age 65, at which point the benefit would be reduced to the annual salary continuation benefit he would have received upon early retirement at age 55 (or such greater age at the time of becoming disabled). Participant is prohibited from competing with the Company while receiving benefits.
Other Employee Retirement Plans	No additional benefit beyond those to which the executive would be normally entitled under the Company's 401(k) Plan and Nonqualified Plan following termination of employment. As described above, in the case of the disability of Mr. Boogaard, this presentation assumes Company contributions to his defined contribution retirement plan in Europe would continue for two years.
Health, Life and Other Insurance Coverages	No additional benefits are received beyond those to which the executive would be normally entitled under the terms of the respective medical and/or insurance plans. Mr. Hendrix has a Split Dollar Insurance Policy as described in footnote 5 to the 2014 Summary Compensation Table. Mr. Boogaard does not participate in any such Company sponsored coverages. As described above, in the case of the disability of Mr. Boogaard, this presentation assumes Mr. Boogaard would, however, continue to receive perquisites (automobile, mobile phone) for a two-year period.
Restrictive Covenants	Executive would be prohibited from competing with the Company, or soliciting its customers or employees, for a two-year period (or, for Mr. Boogaard, a one-year period) following any termination due to disability.

Upon Termination With "Cause":

Payment, Benefit or

Restrictive Covenant Entitled to Receive

Base Salary	Executive would be entitled to receive his then-current base salary (and, for Mr. Boogaard, his holiday allowance) through the effective date of termination.
Bonus	No benefit, except that Mr. Boogaard would be entitled to receive a prorated portion of his annual bonus opportunity calculated based on the date of termination.
Stock Options	Executive would forfeit any unvested stock options; all previously-vested options would terminate three months following termination.
Restricted Stock	Executive would forfeit any unvested restricted stock awards.
Salary Continuation Plan	Salary Continuation Plan participant would receive no benefit (unless he had already attained age 55 after completing at least 15 years of service, in which case a reduced benefit would be payable for the remainder of his life, or, if elected, a further reduced benefit for the remainder of his life and any surviving spouse's life).
Other Employee Retirement Plans	No additional benefit beyond those to which the executive would be normally entitled under the Company's 401(k) Plan and Nonqualified Plan following termination of employment.
Health, Life and Other Insurance Coverages	No additional benefits are received beyond those to which the executive would be normally entitled under the terms of the respective medical and/or insurance plans. Mr. Hendrix has a Split Dollar Insurance Policy as described in footnote 5 to the 2014 Summary Compensation Table.
Restrictive Covenants	Executive would be prohibited from competing with the Company, or soliciting its customers or employees, for a two-year period (or, for Mr. Boogaard, a one-year period) following termination.

Table Of ContentsUpon Termination Without "Cause":

Payment, Benefit or Restrictive Covenant	Entitled to Receive
Base Salary	Executive would be entitled to receive his then-current base salary (and, for Mr. Boogaard, his holiday allowance) for two years (or, for Mr. Boogaard, during his twelve month notice period). In addition, as described above, this presentation assumes Mr. Boogaard also would be entitled to additional severance pay of six months base salary and holiday allowance.
Bonus	Executive would be entitled to receive bonus payments for two years as well as a prorated bonus for the year in which employment terminates, each calculated based on the average bonus (excluding special incentive plan bonuses) received by the executive during the two years prior to the effective termination date, except that Mr. Boogaard would be entitled to receive (i) continued bonus payments during the twelve month notice period (prorated for any partial year based on the actual date of termination), and (ii) as described above, six months bonus pay (based on the average bonus in the last three years).
Stock Options	Executive would immediately vest in all unvested options. The options could be subsequently exercised over the period of time specified in the applicable stock option agreements (typically 12 to 24 months).
Restricted Stock	Executive would immediately vest in a percentage of all unvested restricted stock awards, as specified in the applicable restricted stock agreement(s).
Salary Continuation Plan	If Salary Continuation Plan participant already had attained age 55 after completing at least 15 years of service, he would receive a reduced benefit for the remainder of his life (or, if elected, a further reduced benefit for the remainder of his and any surviving spouse's life). If Salary Continuation Plan participant had not already attained age 55 after completing at least 15 years of service, Salary Continuation Plan participant would remain eligible for participation in the plan as if he were to remain employed, and would receive a reduced benefit beginning at age 55 after completing at least 15 years of service, payable for the remainder of his life (or, if elected, a further reduced benefit for the remainder of his and any surviving spouse's life). Participant is prohibited from competing with the Company while receiving benefits.
Other Employee Retirement Plans	Executive would be entitled to an amount equal to the matching contribution he would have received under the Company's 401(k) Plan for the two-year period following termination, except that Mr. Boogaard would be entitled to the Company's contribution to his defined contribution retirement plan in Europe during his twelve month notice period.
Health, Life and Other Insurance Coverages	Executive would be entitled to continue coverages for two years, with the Company paying the associated premiums, except that Mr. Boogaard does not participate in any such Company sponsored coverages. Mr. Boogaard would, however, continue to receive perquisites (automobile, phone) during his twelve month notice period.
Restrictive Covenants	Executive would be prohibited from competing with the Company, or soliciting its customers or employees, for a two-year period (or, for Mr. Boogaard, a one-year period) following termination.

Upon Termination Following "Change in Control"⁽¹⁾:

**Payment,
Benefit or
Restrictive
Covenant**

Entitled to Receive

Base Salary	Executive would be entitled to receive his base salary in its then-current amount for two years. Such amount would be paid in a lump sum within 30 days after separation from service.
Bonus	Executive would receive bonus payments for two years as well as a prorated bonus for the year in which employment terminates, each calculated based on the average bonus (including any special incentive plan bonuses) received by the executive during the two years prior to the effective termination date. Such amount would be paid in a lump sum within 30 days after separation from service.
Stock Options	Executive would immediately vest in all unvested options. The options could be subsequently exercised over the period of time specified in the applicable stock option agreements (typically 12 to 24 months).
Restricted Stock	Executive would immediately vest in all unvested restricted stock awards.
Salary Continuation Plan	If Salary Continuation Plan participant already had attained age 55 after completing at least 15 years of service, he would receive a reduced benefit for the remainder of his life (or, if elected, a further reduced benefit for the remainder of his and any surviving spouse's life). If Salary Continuation Plan participant had not already attained age 55 after completing at least 15 years of service, Salary Continuation Plan participant would remain eligible for participation in the plan as if he were to remain employed, and would receive a reduced benefit beginning at age 55 after completing at least 15 years of service, payable for the remainder of his life (or, if elected, a further reduced benefit for the remainder of his and any surviving spouse's life). Participant would also receive the benefit of a cost of living adjustment calculated with reference to a specified consumer price index on each participant's annual benefit amount (such adjustment accruing from the date of termination until such date that the participant begins to receive benefits, and not thereafter). Participant is prohibited from competing with the Company while receiving benefits.
Other Employee Retirement Plans	Executive would be entitled to an amount equal to the matching contribution he would have received under the Company's 401(k) Plan for the two-year period following termination.
Health, Life and Other Insurance Coverages	Executive will be entitled to continue coverages for two years with the Company paying the associated premiums.
Restrictive Covenants	Executive would be prohibited from competing with the Company, or soliciting its customers or employees, for a two year period following termination.

Mr. Boogaard is not a party to a change in control agreement, and thus does not receive any materially different (1) benefits and/or payments upon a "change in control" as compared to the *Termination Without "Cause"* scenario described above, except with regard to the vesting of restricted stock.

Table Of Contents

The following tables summarize the benefits payable to each of the Named Executive Officers under his employment and (as applicable) change in control agreement (or the terms of his individual equity award agreements) in effect on December 26, 2014 (the last business day of the Company's 2014 fiscal year). The tables do not include amounts payable under employee benefit plans in which Company associates are eligible to participate on a non-discriminatory basis. The amounts shown in the tables below assume that a Named Executive Officer's employment terminated as of December 26, 2014 (or, for Mr. Boogaard, notice of termination without cause was given on that date or he incurred a disability on that date), and that the fair market value of the Company's Common Stock was \$16.60 per share. For Mr. Boogaard, the amounts shown include a reasonable estimate of the severance pay under the Dutch court guidelines discussed above, and assume the same level of 2014 bonus achievement, benefits and perquisites during the applicable notice of termination period.

Unlike a number of publicly-traded companies, the Company does not utilize a “single trigger” concept for severance payments in its Employment and Change in Control Agreements. The “Change in Control” (as defined in the applicable agreements) does not, by itself, provide the Named Executive Officer with any right to resign and receive a severance benefit. Instead, for severance benefits to be payable, there must be a “second trigger” of either (i) an “Involuntary Separation from Service” or (ii) a “Separation from Service for Good Reason” (essentially, resignation in the face of negative changes in executive’s employment relationship with the Company) that occurs within 24 months after the date of a Change in Control. The amounts included in this column thus assume that both a “Change in Control” and a subsequent termination (as described immediately above) occurred as of December 26, 2014. If a related termination did not in fact occur, no severance payments would be payable. The amounts in this column for Base Salary and Bonus would be paid in a lump sum within 30 days.

(2) These amounts assume each Named Executive Officer sold all newly vested shares of restricted stock immediately upon termination of employment.

(3) The amounts included in the “Death/Disability” column represent the *annual* payments to which Messrs. Hendrix, Wells and Willoch would be entitled under the Salary Continuation Plan following their death or disability as of December 26, 2014. The annual benefit amount following a participant’s death would be paid for 10 years, after which time it would permanently cease. In the event of a participant’s disability, the annual benefit amount would continue for as long as the participant continued to suffer the qualifying disability, up to age 65, at which point a reduced annual benefit would be payable (\$690,244, \$290,204 and \$239,622 for Messrs. Hendrix, Wells and Willoch, respectively, assuming no election of the extended spousal life benefit described above). For Messrs.

Hendrix and Willoch, the amount reported in the “Retirement or Resignation” column represents the *annual* payment to which he would be entitled under the Salary Continuation Plan following his retirement or resignation as of December 26, 2014, assuming no election of surviving spouse benefits.

The amounts noted for Messrs. Hendrix, Lynch, Wells and Willoch represent payments required to be made by the (4) Company to each executive in lieu of 401(k) Plan matching contributions, following termination, and assume each executive maintained the maximum level of contribution to the 401(k) Plan as in effect on the date of termination.

These amounts represent premiums paid by the Company on behalf of each Named Executive Officer following (5) termination, and assume each Named Executive Officer chose to maintain his current coverages under the various medical and/or insurance plans in which he was a participant.

For Messrs. Hendrix and Willoch, the amount represents the *annual* payment to which he would be entitled under the Salary Continuation Plan, payable for the remainder of his life and assuming no election of surviving spouse benefits. If Mr. Wells were terminated on December 26, 2014 without cause or following a “Change in Control”, he would not be entitled to any accelerated vesting and/or immediate payment of Salary Continuation Plan benefits. Instead, he would remain eligible for participation in the Salary Continuation Plan as if he remained employed, and would receive reduced benefits (\$290,204) beginning at age 55. The benefits are payable annually for the remainder of his life, or, if elected, a further reduced benefit is payable for the remainder of his and any surviving (6) spouse’s life. However, the excise tax calculations performed pursuant to Sections 4999 and 280G of the Internal Revenue Code require, for purposes of the presentation for a termination following a Change in Control and the resulting excise tax “gross-up” set forth herein for each executive (including Mr. Hendrix), that the full *lifetime* benefit amount ultimately payable to each Salary Continuation Plan participant (reduced to a net present value) be included. The aggregate actuarial lifetime benefit amounts payable, reduced to a present value and assuming Salary Continuation Plan benefits are paid beginning at age 65, are \$12,084,980, \$6,444,153 and \$5,104,623 for Messrs. Hendrix, Wells and Willoch, respectively.

Each Salary Continuation Plan participant would, however, in the case of a termination following a Change in Control, receive the benefit of a cost of living adjustment calculated with reference to a specified consumer price index on each participant’s annual Salary Continuation Plan benefit amount (such adjustment accruing from the date of termination until such date that the participant actually begins to receive benefits, and not thereafter). The aggregate actuarial *lifetime* value of the cost of living adjustment, reduced to a present value and assuming Salary Continuation Plan benefits are paid beginning at age 55 (or, for Messrs. Hendrix and Willoch, their actual respective ages of 60 and 56), are \$0, \$193,098 and \$0 for Messrs. Hendrix, Wells and Willoch, respectively.

(7) As discussed in Footnote 6, these amounts are calculated assuming (as applicable) the inclusion of the full *lifetime* benefit amount ultimately payable to each Salary Continuation Plan participant (reduced to a net present value) in connection with a termination following a Change in Control. To the extent that the cost of living adjustment amounts referenced in Footnote 6, rather than the full lifetime benefit amounts, were instead included in the Section 280G excise tax calculations, no excise tax “gross-up” benefits would be payable to Messrs. Wells or Willoch in connection with a termination following a Change in Control, while the same benefit amount would be payable to Mr. Hendrix. The excise tax “gross-up” amounts presented further assume that none of the payments in the event of a termination following a Change in Control would be categorized as “reasonable compensation” (such as, for example, payments associated with non-compete and other restrictive covenants) for purposes of the Section 280G excise tax calculation. The Company believes that a substantial amount of the payments could be

deemed “reasonable compensation” for purposes of Section 280G, which could substantially reduce the excise tax “gross-up” payable hereunder.

Table Of Contents

Mr. Boogaard is not a party to a change in control agreement, and thus does not receive any materially different (8) benefits and/or payments upon a “change in control” as compared to the Termination Without “Cause” scenario described above, except with regard to the vesting of restricted stock.

APPROVAL OF ADOPTION OF AMENDMENT AND RESTATEMENT

OF THE INTERFACE, INC. OMNIBUS STOCK INCENTIVE PLAN

(ITEM 2)

Purpose of the Amendment and Restatement

On February 18, 2015, the Board of Directors voted to amend and restate the Interface, Inc. Omnibus Stock Incentive Plan (the “Stock Incentive Plan” or the “Plan”), subject to shareholder approval. The Plan was originally adopted by the Board and approved by the shareholders in 1997, and was most recently amended and restated and approved by the shareholders in 2010. The Board is now proposing to amend and restate the Stock Incentive Plan because, as of February 18, 2015, only 149,770 shares remained available for incentive awards under the Plan.

The primary purpose of the amendment and restatement of the Stock Incentive Plan is to continue, by making 4,900,000 more shares available for such use, the original purpose of the Plan, which is to attract and retain key employees and directors of the Company and its subsidiaries by providing such persons with stock-based incentives and rewards for performance. The Stock Incentive Plan is also designed to promote the loyalty and retention of senior management and strengthen the mutuality of interests between senior management and the Company’s shareholders. Thus, the Company believes that it is important to maintain the Plan as an element of the Company’s compensation program. The material features of the Stock Incentive Plan are described below.

As of February 18, 2015, stock options for 111,250 shares with a weighted average exercise price of \$8.80 per share and a weighted average remaining term of 4.8 years were outstanding under the Stock Incentive Plan. Also as of February 18, 2015, restricted stock awards (where the restrictions have not yet lapsed) for 1,874,693 shares of Common Stock were outstanding under the Stock Incentive Plan. The Company does not have any equity compensation plan or equity awards outstanding, other than the Stock Incentive Plan and the awards outstanding thereunder.

General

The Stock Incentive Plan provides for the grant to key employees and directors of the Company and its subsidiaries of restricted stock, incentive stock options (which qualify for certain favorable tax treatment, as described below), nonqualified stock options, stock appreciation rights, deferred shares, performance shares and performance units. Amended and restated as proposed, the aggregate number of shares of Common Stock that may be issued or transferred under the Stock Incentive Plan on or after the effective date of February 18, 2015, is 5,161,020, constituting the sum of (a) 4,900,000 shares not previously authorized for issuance under any plan, plus (b) 149,770 shares remaining available for issuance under the Plan but not subject to outstanding awards immediately prior to such effective date, plus (c) 111,250 unissued shares subject to outstanding and unexercised stock option awards immediately prior to such effective date; provided, however, that each share issued after such effective date pursuant to an award other than a stock option will reduce the number of remaining shares available by 1.33 shares.

Eligibility and Limitations; New Plan Benefits

The Stock Incentive Plan is administered by the Compensation Committee of the Board of Directors. All employees of the Company or one of its subsidiaries (approximately 3,200 persons), outside directors and consultants or independent contractors performing bona fide services for the Company or one of its subsidiaries, are eligible for consideration as participants under the Plan, although only employees are eligible to receive grants of incentive stock options. The Compensation Committee has authority to determine the participants to whom awards will be granted, the form and amount of the awards, the dates of grant, vesting period, option prices (in the case of awards of options), performance objectives (in the case of restricted shares, deferred shares, performance shares or performance units) and other terms of each award.

No participant may receive awards or options representing more than 500,000 shares of Common Stock or 1,000,000 performance units (as described below) during any calendar year under the Stock Incentive Plan. The Plan may be amended from time to time by the Board of Directors or the Executive Committee of the Board, but no such amendment may increase the maximum number of shares issuable under the Stock Incentive Plan without the further approval of the shareholders of the Company.

Table Of Contents

Future awards under the Plan will be made in the discretion of the Compensation Committee, and, subject to the above limitations, the number of options and awards that may be granted in the future to eligible participants is not currently determinable.

Description of Awards

Restricted Shares. Awards of restricted stock under the Stock Incentive Plan may be made either without consideration from the participant or, in the Compensation Committee's discretion, in consideration of a payment by the participant that is less than the fair market value of the award on the date of grant. The nature and term of the restrictions applicable to such awards are established by the Compensation Committee, and may include performance-based criteria, time vesting restrictions (of varying durations), or a combination of both. Awards of restricted stock generally will not be transferable by the participant other than by will or applicable laws of descent and distribution, although the Compensation Committee, in its discretion, may permit limited transfers of awards to family members or for estate planning purposes.

Stock Options. Options granted under the Stock Incentive Plan may be incentive stock options (as defined in Section 422 of the Internal Revenue Code of 1986, as amended), nonqualified stock options or a combination of the foregoing, although only employees are eligible to receive incentive stock options. All options under the Plan will be granted at an exercise price per share equal to not less than 100% of the fair market value of the Common Stock on the date the option is granted. Options granted under the Plan will not be exercisable later than 10 years after the date of grant, and generally will terminate on the date three months following the date that a participant's employment with the Company terminates.

The Company receives no consideration upon the granting of an option. Full payment of the option exercise price must be made when an option is exercised. The exercise price may be paid in cash or in such other form as the Compensation Committee may approve, including shares of Common Stock valued at their fair market value on the date of option exercise. The proceeds received by the Company from the exercise of options under the Stock Incentive Plan are used for general corporate purposes. Options generally will not be transferable by the holder thereof other than by will or applicable laws of descent and distribution, although the Compensation Committee, in its discretion, may permit limited transfers of options to family members or for estate planning purposes.

There are no federal income tax consequences to the optionee or the Company upon the granting of options under the Stock Incentive Plan. The federal tax consequences upon exercise vary depending on whether the option is an incentive stock option or a nonqualified stock option.

At the time an optionee exercises an incentive stock option, the optionee generally does not recognize any income, nor is the Company entitled to a deduction. The optionee will recognize capital gain or loss at the time of disposition of the shares if the disposition occurs at least two years after the option was granted and one year after it was exercised. The Company will not be entitled to a tax deduction if the optionee satisfies these holding requirements. The net federal income tax effect to the holder of an incentive stock option is to defer, until the acquired stock is sold, taxation of any increase in the stock's value from the time of grant of the option to the time of its exercise, and to tax such gain, at the time of sale, at capital gains rates rather than at ordinary income rates.

If the above holding requirements are not met, then upon the sale of incentive stock option shares the optionee generally recognizes as ordinary income the excess of the fair market value of the shares at the date of exercise over the exercise price. Any increase in the value of the option shares subsequent to exercise is long or short-term capital gain to the optionee depending upon the optionee's holding period for the shares. However, if the sale is for a price less than the value of the shares on the date of exercise, the optionee might recognize ordinary income only to the extent the actual sales price exceeded the option exercise price. In either case, the Company is entitled to a compensation expense deduction to the extent of ordinary income recognized by the optionee.

When an optionee exercises a nonqualified stock option, the optionee recognizes, at the time of exercise, ordinary income in an amount equal to the excess of the fair market value of the shares received upon exercise over the aggregate exercise price paid for those shares, and the Company generally may deduct as an expense the amount of income so recognized by the optionee. Any gain upon a subsequent sale of the shares will be capital gain and will be long-term or short-term depending upon the holding period of the shares before the sale. For capital gains purposes, the holding period begins upon the exercise of the option, and the optionee's basis in the shares is equal to the fair market value of the shares on the date of exercise.

Subject to certain exceptions for death or disability, if an optionee exercises an incentive stock option more than three months after termination of employment, the exercise will be treated as the exercise of a nonqualified stock option. In addition, for purposes of the federal "alternative minimum tax," the exercise of an incentive stock option will be treated essentially the same as the exercise of a nonqualified stock option.

Table Of Contents

Stock Appreciation Rights. Stock appreciation rights (“SARs”) under the Stock Incentive Plan may be granted either in tandem with nonqualified stock options or as freestanding SARs. Tandem SARs may be exercised only in connection with the exercise of the related option. Freestanding SARs may be exercised no later than ten years after the date of grant. Each grant of a freestanding SAR will specify a base price per share, which shall be equal to or greater than the fair market value of a share of Common Stock on the grant date.

Upon exercise of an SAR, the Company will pay the participant a specified percentage (not to exceed 100%) of the amount by which the fair market value of a share of Common Stock on the date of exercise exceeds the base price per share (in the case of freestanding SARs) or the exercise price of the related option (in the case of tandem SARs). The amount payable upon exercise of the SAR may be paid in cash, shares of Common Stock or any combination thereof, in the Compensation Committee’s discretion. SARs generally will not be transferable by the holder thereof other than by will or applicable laws of descent and distribution, although the Compensation Committee, in its discretion, may permit limited transfers of SARs to family members or for estate planning purposes.

Deferred Shares, Performance Shares and Performance Units. The Compensation Committee may also authorize grants to participants of deferred shares, performance shares and performance units. Deferred shares are granted subject to a deferral period, during which time the participant has no rights of ownership in the deferred shares. Performance shares and performance units become payable to the participant upon the achievement of specified performance objectives (as described below). A performance share is the equivalent of a share of Common Stock, and a performance unit is the equivalent of \$1. The Stock Incentive Plan provides for the Compensation Committee to establish “performance objectives” for purposes of performance shares and performance units. When so determined by the Compensation Committee, awards of deferred stock and restricted stock may also specify performance objectives.

Performance objectives may be described in terms of Company-wide objectives or objectives that are related to the performance of the individual participant or of the subsidiary, division, department or function within the Company in which the participant is employed. Any performance objectives applicable to awards intended to qualify as “performance-based compensation” under Section 162(m) of the Internal Revenue Code will be selected from any of the following measures: (i) operating income; (ii) cash flow, (iii) reduction of off-quality and waste; (iv) return on equity; (v) earnings per share; (vi) total earnings; (vii) return on capital; (viii) return on assets; (ix) earnings before interest and taxes; (x) gross margin; (xi) economic value added; (xii) sales; (xiii) the fair market value of the Company’s Common Stock; (xiv) improvement in fixed charge coverage ratio; (xv) debt reduction and/or cash accumulation; (xvi) dividends; (xvii) operating income margin; (xviii) operating income contribution margin; (xix) earnings before interest, taxes, depreciation and amortization; or (xx) measurable financial criteria associated with credit facility, bond indenture or other covenants, or any combination thereof. Except in the case of such an award intended to qualify under Section 162(m) of the Internal Revenue Code, if the Compensation Committee determines that a change in the business, operations, corporate structure or capital structure of the Company or other events or circumstances render the performance objectives unsuitable, the Compensation Committee may modify such performance objectives or any related minimum acceptable level of achievement, in whole or in part, as it deems appropriate and equitable.

The Compensation Committee has not granted any stock appreciation rights, deferred shares, performance shares or performance units under the Stock Incentive Plan.

Vote Required and Recommendation of the Board

Under the Company's Bylaws, the proposal to approve the adoption of the amendment and restatement of the Stock Incentive Plan is approved if the affirmative votes cast by the Company's outstanding shares of Common Stock entitled to vote and represented (in person or by proxy) at the meeting exceed the negative votes. **THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR THE PROPOSAL, AND THE PROXY SUBMITTED BY TELEPHONE OR INTERNET OR PROXY CARD WILL BE VOTED IN THIS MANNER UNLESS THE SHAREHOLDER SUBMITTING THE PROXY SPECIFICALLY VOTES TO THE CONTRARY (OR ABSTAINS).**

APPROVAL of Executive Compensation

(Item 3)

Pursuant to the Dodd-Frank Wall Street Reform and Consumer Protection Act ("Dodd-Frank Act"), the Company is asking its shareholders to vote, on an advisory basis, to approve the compensation of its Named Executive Officers as described in this Proxy Statement. This proposal, commonly known as a "say-on-pay" proposal, gives the Company's shareholders the opportunity to express their views on the compensation of the Company's Named Executive Officers.

Table Of Contents

Compensation Program and Philosophy

Our executive compensation program is designed to attract, reward and retain key employees, including our Named Executive Officers, who are critical to the Company's long-term success. Shareholders are urged to read the "Compensation Discussion and Analysis" and "Executive Compensation" sections of this Proxy Statement for greater detail about the Company's executive compensation programs, including information about the fiscal year 2014 compensation of the Named Executive Officers.

The Company is asking the shareholders to indicate their support for the compensation of the Company's Named Executive Officers as described in this Proxy Statement by voting in favor of the following resolution:

"RESOLVED, that the shareholders approve, on an advisory, non-binding basis, the compensation paid to the Company's Named Executive Officers as disclosed in the "Compensation Discussion and Analysis" and "Executive Compensation" sections, and the related compensation tables, notes, and narrative in this Proxy Statement."

Even though this say-on-pay vote is advisory and therefore will not be binding on the Company, the Compensation Committee and the Board value the opinions of the Company's shareholders. Accordingly, to the extent there is a significant vote against the compensation of the Named Executive Officers, the Board will consider the shareholders' concerns and the Compensation Committee will evaluate what actions may be necessary or appropriate to address those concerns.

You may vote "for," "against," or "abstain" from the proposal to approve on an advisory basis the compensation of our Named Executive Officers.

Vote Required and Recommendation of the Board

Under the Company's Bylaws, the compensation of the Named Executive Officers is approved on an advisory basis if the affirmative votes cast by the holders of the Company's outstanding shares of Common Stock entitled to vote and represented (in person or by proxy) at the meeting exceed the negative votes. **THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR THE APPROVAL OF EXECUTIVE COMPENSATION, AS DISCLOSED IN THIS PROXY STATEMENT, AND THE PROXY SUBMITTED BY TELEPHONE OR INTERNET OR PROXY CARD WILL BE VOTED IN THIS MANNER UNLESS THE SHAREHOLDER SUBMITTING THE PROXY SPECIFICALLY VOTES TO THE CONTRARY (OR ABSTAINS).**

RATIFICATION OF APPOINTMENT OF INDEPENDENT AUDITORS

(ITEM 4)

Information Concerning the Company's Accountants

BDO USA, LLP ("BDO USA") acted as the Company's independent auditor during the past fiscal year. The Audit Committee has again appointed BDO USA to act as the independent auditor of the Company for fiscal year 2015. The Board of Directors will present to the annual meeting a proposal that such appointment be ratified. Should the shareholders fail to ratify the appointment, the Audit Committee will reconsider its selection, but may continue the engagement. Even if the appointment is ratified, the Audit Committee, in its discretion, may change the appointment at any time. BDO USA has no financial interest, direct or indirect, in the Company or any subsidiary.

A representative of BDO USA is expected to be present at the annual meeting to make a statement if he or she desires to do so and to respond to appropriate questions.

Table Of Contents**Audit and Non-Audit Fees**

The following table shows the fees for professional audit and other services provided by BDO USA to the Company for fiscal years 2014 and 2013.

	2014	2013
Audit Fees ¹	\$1,468,000	\$1,513,500
Audit-Related Fees ²	20,000	20,000
Tax Fees ³	50,000	55,000
All Other Fees ⁴	--	--
Total	\$1,538,000	\$1,588,500

(1) “Audit Fees” consist of fees billed or accrued for professional services rendered for the audit of the Company’s annual financial statements, audit of the Company’s effectiveness of internal control over financial reporting, review of the interim financial statements included in quarterly reports, and services that are normally provided by BDO USA in connection with statutory and regulatory filings.

(2) “Audit-Related Fees” consist of fees billed or accrued primarily for employee benefit plan audits and other attestation services.

(3) “Tax Fees” consist of fees billed or accrued for professional services rendered for tax compliance, tax advice and tax planning, both domestic and international.

(4) “All Other Fees” consist of fees billed or accrued for those services not captured in the audit, audit-related and tax categories. The Company generally does not request such services from the independent auditors.

Policy on Audit Committee Pre-Approval of Audit and Permissible Non-Audit Services of Independent Auditors

Consistent with the Securities and Exchange Commission policies regarding auditor independence, the Audit Committee has responsibility for appointing, setting compensation and overseeing the work of the Company’s independent auditors. In recognition of this responsibility, the Audit Committee has established a policy to pre-approve all audit and non-audit services provided by the independent auditors.

These services may include audit services, audit-related services, tax services and other services. Pre-approval is generally provided for and detailed as to the particular services or category of services and is generally subject to a specific budget. None of the services rendered by the independent auditors under the categories “Audit-Related Fees”, “Tax Fees” and “All Other Fees” described above were approved by the Audit Committee after services were rendered

pursuant to the de minimis exception established by the Commission.

Vote Required and Recommendation of the Board

Under the Company's Bylaws, the proposal to ratify the appointment of BDO USA to act as the Company's independent auditors for fiscal year 2015 is approved if the affirmative votes cast by the holders of the Company's outstanding shares of Common Stock entitled to vote and represented (in person or by proxy) at the meeting exceed the negative votes. **THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR THE PROPOSAL, AND THE PROXY SUBMITTED BY TELEPHONE OR INTERNET OR PROXY CARD WILL BE VOTED IN THIS MANNER UNLESS THE SHAREHOLDER SUBMITTING THE PROXY SPECIFICALLY VOTES TO THE CONTRARY (OR ABSTAINS).**

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934 requires the Company's directors and executive officers, and persons who own more than 10% of a registered class of the Company's equity securities, to file with the Securities and Exchange Commission and the Nasdaq Stock Market reports of ownership and changes in ownership of Common Stock and other equity securities of the Company. Directors, executive officers and greater than 10% shareholders are required by SEC regulations to furnish the Company with copies of all Section 16(a) forms they file.

Based solely upon a review of the copies of such reports furnished to the Company or written representations that no other reports were required, the Company believes that during fiscal 2014 all filing requirements applicable to its directors, executive officers and greater than 10% beneficial owners were met, except that Mr. Kennedy filed a Form 5 reporting a stock option exercise for 5,000 shares in a prior year, which had not been previously reported.

AUDIT COMMITTEE REPORT

The Audit Committee operates pursuant to an Audit Committee Charter that was adopted by the Board of Directors. (A copy of the Audit Committee Charter may be viewed on the Company's website, www.interfaceglobal.com/Investor-Relations/Corporate-Governance/Audit-Committee-Charter.aspx.) The Company's management is responsible for its internal accounting controls and the financial reporting process. The Company's independent auditors, BDO USA, are responsible for performing an audit of the Company's consolidated financial statements in accordance with auditing standards generally accepted in the United States. The independent accountants also are responsible for expressing opinions on the conformity of the Company's audited financial statements with generally accepted accounting principles, and on the effectiveness of the Company's internal control over financial reporting. The Audit Committee's responsibility is to monitor and oversee these processes.

In keeping with that responsibility, the Audit Committee has reviewed and discussed the Company's audited consolidated financial statements with management and BDO USA. In addition, the Audit Committee has discussed with BDO USA the matters required to be discussed by the Public Company Accounting Oversight Board's Auditing Standard No. 16, "Communications with Audit Committees," as currently in effect. In addition, the Audit Committee has received the written disclosures and the letter from BDO USA required by applicable Public Company Accounting Oversight Board rules regarding the independent accountant's communications with the audit committee concerning independence, and has discussed with the independent accountants their independence. The Audit Committee has also considered whether the provision of any services discussed above in Item 4 under the caption "Ratification of Appointment of Independent Auditors – Audit and Non-Audit Fees" by BDO USA is compatible with maintaining BDO USA's independence.

The Board of Directors, in its business judgment, has determined that all three members of the Audit Committee are "independent," as required by applicable listing standards of the Nasdaq Stock Market as currently in effect. Although the members of the Audit Committee are not professionally engaged in the practice of auditing or accounting and are not experts in the fields of auditing or accounting (including in respect of auditor independence), the Board of Directors determined that each of Messrs. Gable and Miller does qualify as an "audit committee financial expert" as defined by Item 407(d)(5) of Regulation S-K. Members of the Audit Committee rely, without independent verification, on the information provided to them and on the representations made by management and BDO USA. Accordingly, the Audit Committee's oversight does not provide an independent basis to determine that management has followed appropriate accounting and financial reporting principles or maintained appropriate internal controls and procedures designed to assure compliance with accounting standards and applicable laws and regulations. Furthermore, the Audit Committee's considerations and discussions referred to above do not assure that the audit of the Company's financial statements has been carried out in accordance with generally accepted auditing standards, that the financial statements are presented in accordance with generally accepted accounting principles or that the Company's auditors are "independent."

Based on the reports and discussions described in this report, and subject to the limitations on the role and responsibilities of the Audit Committee referred to above and in the Audit Committee Charter, the Audit Committee recommended to the Board of Directors that the audited consolidated financial statements of the Company be included in the Company's Annual Report on Form 10-K for the year ended December 28, 2014 for filing with the Securities and Exchange Commission.

"HOUSEHOLDING" OF PROXY MATERIALS

The Securities and Exchange Commission has adopted rules that permit companies and intermediaries such as brokers to satisfy delivery requirements for proxy statements with respect to two or more shareholders sharing the same address by delivering a single proxy statement addressed to those shareholders. This process, which is commonly referred to as “householding,” potentially provides extra convenience for shareholders and cost savings for companies. The Company and some brokers household proxy materials, delivering a single proxy statement to multiple shareholders sharing an address unless contrary instructions have been received from the affected shareholders. Once you have received notice from your broker or us that they or we will be householding materials to your address, householding will continue until you are notified otherwise or until you revoke your consent. If, at any time, you no longer wish to participate in householding and would prefer to receive a separate proxy statement, please notify your broker if your shares are held in a brokerage account or us if you hold shares as the registered holder. You can notify us by sending a written request to Interface, Inc., Attn: Secretary, 2859 Paces Ferry Road, Suite 2000, Atlanta, Georgia 30339.

OTHER MATTERS THAT MAY COME BEFORE THE MEETING

The Company knows of no matters other than those stated above that are to be brought before the meeting. However, if any other matter should be properly presented for consideration and voting, it is the intention of the persons named as proxies in the enclosed Proxy to vote the Proxy in accordance with their judgment of what is in the best interest of the Company.

INTERFACE, INC.

OMNIBUS STOCK INCENTIVE PLAN

(Amended and Restated Effective February 18, 2015)

1) **Purpose.** The purpose of the Interface, Inc. Omnibus Stock Incentive Plan (the “Plan”) is to attract and retain key employees and directors for Interface, Inc. (the “Company”) and its subsidiaries and to provide such persons with incentives and rewards for superior performance. For purposes of this Section 3, any Shares that are used by a Participant as full or partial payment to the Company of the Exercise Price of a Stock Option or to the satisfaction of tax withholding obligations under the Plan, and any Shares subject to a Stock Appreciation Right that are paid in cash, shall not again be available for granting future Awards under the Plan. In no event shall the maximum number of Shares issued upon the exercise of Incentive Stock Options on or after Effective Date exceed 5,750,000, subject to adjustment as provided in Section 11. 4) **Administration of this Plan.**

a) This Plan shall be administered by a committee appointed by the Board from among its members, provided that the Board may act as the Committee at any time it deems appropriate. The Committee may delegate to any executive officer of the Company that is a member of the Board the authority to grant Awards to Participants who are not Outside Directors or executive officers of the Company, provided that the Committee shall have fixed the number of Shares subject to such grants.

b) The interpretation and construction by the Committee of any provision of this Plan or of any Award Agreement, and any determination by the Committee pursuant to any provision of this Plan or any Award Agreement, notification or document, shall be final and conclusive. No member of the Committee shall be liable to any person for any such action taken or determination made in good faith.

5) **Stock Options.** The Committee may from time to time authorize grants to Participants of Stock Options to purchase Shares upon such terms and conditions as the Committee may determine in accordance with the following provisions:

a) Each grant shall specify the number of Shares to which it pertains.

b) Each grant shall specify an Exercise Price per Share, which shall be equal to or greater than the Fair Market Value (110 percent of Fair Market Value for any Incentive Stock Option granted to a 10-percent shareholder, within the meaning of Section 422 of the Code) on the Grant Date.

c) The form of consideration to be paid in satisfaction of the Exercise Price and the manner of payment of such consideration may be (i) cash in the form of currency, check or other cash equivalent acceptable to the Company; (ii) nonforfeitable, unrestricted Shares which have a value at the time of exercise that is equal to the Exercise Price, (iii) any other legal consideration that the Committee may deem appropriate and may specify in a grant, including, without limitation, any form of consideration authorized under Section 5(d) below, on such basis as the Committee may determine in accordance with this Plan, or (iv) any combination of the foregoing.

d) On or after the Grant Date of any Stock Option other than an Incentive Stock Option, the Committee may determine that payment of the Exercise Price may also be made in whole or in part in the form of Restricted Shares or other Shares that are subject to risk of forfeiture or restrictions on transfer. Unless otherwise determined by the

Committee, whenever any Exercise Price is paid in whole or in part by means of any of the forms of consideration specified in this Section 5(d), the Shares received by the Optionee upon the exercise of the Stock Options shall be subject to the same risks of forfeiture or restrictions on transfer as those that applied to the consideration surrendered by the Optionee; provided, however, such risks of forfeiture and restrictions on transfer shall apply only to the same number of Shares received by the Optionee as applied to the forfeitable or restricted Shares surrendered by the Optionee.

e) Each Stock Option grant shall specify the period of continuous employment or service of the Optionee with the Company or any Subsidiary (or, in the case of an Outside Director, service on the Board) that is necessary before the Stock Option or installments thereof shall become exercisable, and any grant may provide for the earlier exercise of such rights in the event of a Change in Control or other similar transaction or event.

f) Stock Options granted under this Plan may be Incentive Stock Options, Nonqualified Stock Options or a combination of the foregoing; provided, however, only Nonqualified Stock Options may be granted to Outside Directors or other non-Employee Participants. Each grant shall specify whether (or the extent to which) the Stock Option is an Incentive Stock Option or a Nonqualified Stock Option. Notwithstanding any such designation, to the extent that the aggregate Fair Market Value (determined as of the Grant Date) of the Shares with respect to which Stock Options designated as Incentive Stock Options are exercisable for the first time by an Optionee during any calendar year (under all plans of the Company) exceeds \$100,000, such Stock Options shall be treated as Nonqualified Stock Options.

g) No Stock Option granted under this Plan may be exercised more than 10 years from the Grant Date.

h) Each Stock Option grant shall be evidenced by an Award Agreement containing such terms and provisions as the Committee may determine, consistent with this Plan. Unless the Committee specifies other terms consistent with the provisions of this Plan, the terms of any Stock Option shall be substantially the same as set forth in the sample Incentive Stock Option Agreement attached hereto as Exhibit A.

b) Any grant may specify that the amount payable upon the exercise of a Stock Appreciation Right shall not exceed a maximum specified by the Committee on the Grant Date.

e) On or after the Grant Date of any Stock Appreciation Rights, the Committee may provide for the payment to the Participant of dividend equivalents thereon, in cash or Shares, and on a current, deferred or contingent basis.

f) Each grant shall be evidenced by an Award Agreement, which shall describe the subject Stock Appreciation Rights, identify any related Stock Options, state that the Stock Appreciation Rights are subject to all of the terms and conditions of this Plan and contain such other terms and provisions as the Committee may determine, consistent with this Plan.

g) Each grant of a Tandem Stock Appreciation Right shall provide that such Tandem Stock Appreciation Right may be exercised only (i) at a time when the related Stock Option (or any similar right granted under any other plan of the Company) is also exercisable and the Spread is positive, and (ii) by surrender of the related Stock Option (or such other right) for cancellation.

- h) No Stock Appreciation Right may be exercised more than ten years from the Grant Date.

- i) Regarding Freestanding Stock Appreciation Rights only:
 - (i) Each grant shall specify for each Freestanding Stock Appreciation Right a Base Price per Share, which shall be equal to or greater than the Fair Market Value on the Grant Date.

 - (iii) Each grant shall specify the period or periods of continuous employment or service of the Participant with the Company or any Subsidiary that are necessary before the Freestanding Stock Appreciation Rights or installments thereof shall become exercisable, and any grant may provide for the earlier exercise of such rights in the event of a Change in Control or other similar transaction or event.

 - (iv) No Freestanding Stock Appreciation Right granted under this Plan may be exercised more than 10 years from the Grant Date.

- 7) **Restricted Shares.** The Committee may authorize grants of Restricted Shares to Participants upon such terms and conditions as the Committee may determine in accordance with the following provisions:

Table Of Contents

- a) Each grant shall, unless otherwise determined by the Committee, constitute an immediate transfer of the ownership of Shares to the Participant in consideration of the performance of services, entitling such Participant to dividend, voting and other ownership rights, subject to the substantial risk of forfeiture and restrictions on transfer hereinafter referred to.
- b) Each grant may be made without additional consideration from the Participant or in consideration of a payment by the Participant that is less than the Fair Market Value on the Grant Date.
- c) Each grant shall provide that the Restricted Shares covered thereby shall be subject to a “substantial risk of forfeiture” within the meaning of Section 83 of the Code for a period to be determined by the Committee on the Grant Date, and any grant (or sale) may provide for the earlier termination of such risk of forfeiture in the event of a Change in Control or other similar transaction or event.
- d) Each grant shall provide that, during the period for which such substantial risk of forfeiture is to continue, the transferability of the Restricted Shares shall be prohibited or restricted in the manner and to the extent prescribed by the Committee on the Grant Date. Such restrictions may include, without limitation, rights of repurchase or first refusal rights of the Company, or provisions subjecting the Restricted Shares to a continuing substantial risk of forfeiture in the hands of any transferee.
- e) Any grant may be further conditioned upon the attainment of Performance Objectives established by the Committee in accordance with the applicable provisions of Section 9 of this Plan regarding Performance Shares and Performance Units.
- f) Any grant may require that any or all dividends or other distributions paid on the Restricted Shares during the period of such restrictions be automatically sequestered and may be subject to the same restrictions as the underlying Award or such other restrictions as the Committee may determine.
- g) Each grant shall be evidenced by an Award Agreement containing such terms and provisions as the Committee may determine, consistent with this Plan. Unless otherwise directed by the Committee, any certificates representing Restricted Shares, together with a stock power that shall be endorsed in blank by the Participant with respect to such certificated shares, shall be held in custody by the Company until all restrictions thereon lapse. Unless the Committee specifies other terms and conditions consistent with the provisions of this Plan, the terms of any Restricted Shares shall be substantially the same as set forth in the sample Restricted Stock Agreement attached hereto as Exhibit B.

8) **Deferred Shares.** The Committee may authorize grants of Deferred Shares to Participants upon such terms and conditions as the Committee may determine in accordance with the following provisions:

- a) Each grant shall constitute the agreement by the Company to issue or transfer Shares to the Participant in the future in consideration of the performance of services, subject to the fulfillment during the Deferral Period of such conditions as the Committee may specify.
- b) Each grant may be made without additional consideration from the Participant or in consideration of a payment by the Participant that is less than the Fair Market Value on the Grant Date.
- c) Each grant shall provide that the Deferred Shares covered thereby shall be subject to a Deferral Period, which shall be fixed by the Committee on the Grant Date, and any grant may provide for the earlier termination of such Deferral Period in the event of a Change in Control or other similar transaction or event.
- d) During the Deferral Period, the Participant shall not have any right to transfer any rights under the subject Award, shall not have any rights of ownership in the Deferred Shares and shall not have any right to vote such shares, but the Committee may, on or after the Grant Date, authorize the payment of dividend equivalents on such shares, in cash or additional Shares, and on a current, deferred or contingent basis.
- e) Any grant may be further conditioned upon the attainment of Performance Objectives established by the Committee in accordance with the applicable provisions of Section 9 of this Plan regarding Performance Shares and Performance Units.

- b) The Performance Period with respect to each Performance Share or Performance Unit shall commence on the Grant Date and may be subject to earlier termination in the event of a Change in Control or other similar transaction or event.
- c) Each grant shall specify the Performance Objectives that are to be achieved by the Participant.
- d) Each grant may specify for the established Performance Objectives a minimum acceptable level of achievement below which no payment will be made, and in such event shall set forth a formula for determining the amount of any payment to be made if performance is at or above such minimum acceptable level but falls short of the maximum or full achievement of the established Performance Objectives.
- e) Each grant shall specify the time and manner of payment of Performance Shares or Performance Units that shall have been earned, and any grant may specify that any such amount may be paid by the Company in cash, Shares, or a combination thereof, and may either grant to the Participant or reserve to the Committee the right to elect among those alternatives.
- f) Any grant of Performance Shares may specify that the amount payable with respect thereto may not exceed a maximum specified by the Committee on the Grant Date. Any grant of Performance Units may specify that the amount payable, or the number of Shares to be issued, with respect thereto may not exceed maximums specified by the Committee on the Grant Date.

g) Any grant of Performance Shares may provide for the payment to the Participant of dividend equivalents thereon, in cash or additional Shares, and on a current, deferred or contingent basis.

h) The Committee may adjust Performance Objectives and the related minimum acceptable level of achievement if, in the judgment of the Committee, events or transactions have occurred after the Grant Date that are unrelated to the performance of the Participant and result in distortion of the Performance Objectives or the related minimum acceptable level of achievement. For Employees subject to the restrictions of Code Section 162(m), such changes shall be made in a manner consistent with Code Section 162(m).

i) Each grant shall be evidenced by an Award Agreement, which shall state that the Performance Shares or Performance Units are subject to all of the terms and conditions of this Plan and such other terms and provisions as the Committee may determine, consistent with this Plan.

a) Except as provided in Section 10(b) below, no Award granted under this Plan shall be transferable by a Participant other than by will or the laws of descent and distribution, and, during a Participant's lifetime, Stock Options and Stock Appreciation Rights shall be exercisable only by the Participant or, in the event of the Participant's legal incapacity, by his or her guardian or legal representative acting in a fiduciary capacity on behalf of the Participant under state law and court supervision.

b) The Committee may expressly provide in an Award Agreement (or an amendment to an Award Agreement) that a Participant may transfer such Award (other than an Incentive Stock Option) to a spouse or lineal descendant (a "Family Member"), a trust for the exclusive benefit of Family Members, a partnership or other entity in which all the beneficial owners are Family Members, or any other entity affiliated with the Participant that may be approved by the Committee. Subsequent transfers of Awards shall be prohibited except in accordance with this Section 10(b). All terms and conditions of the Award, including provisions relating to the termination of the Participant's employment or service with the Company or a Subsidiary, and the effect thereof, shall continue to apply following a transfer made in accordance with this Section 10(b).

Table Of Contents

c) Any Award made under this Plan may provide that all or any part of the Shares that are (i) to be issued or transferred by the Company upon the exercise of Stock Options or Stock Appreciation Rights, upon the termination of the Deferral Period applicable to Deferred Shares or upon achievement of the Performance Objectives specified for Performance Shares or Performance Units, or (ii) no longer subject to the substantial risk of forfeiture and restrictions on transfer referred to in Section 7 of this Plan, shall be subject to further restrictions upon transfer.

11) **Adjustments.** In the event of any stock dividend, stock split, spinoff, rights offering, extraordinary cash dividend, combination or exchange of Shares, recapitalization or other change in the capital structure of the Company constituting an “equity restructuring” within the meaning of FASB Accounting Standards Codification Topic 718, *Compensation—Stock Options*, the Committee shall make or provide for such adjustments in the (i) number of Shares covered by outstanding Options, Stock Appreciation Rights, Deferred Shares, Restricted Shares and Performance Shares granted hereunder, (ii) exercise and base prices per share applicable to such Options and Stock Appreciation Rights, and (iii) kind of shares covered thereby (including shares of another issuer), as the Committee in its sole discretion may in good faith determine to be equitably required in order to prevent dilution or enlargement of the rights of Participants. In the event of any merger, consolidation or any other corporate transaction or event having a similar effect, the Committee in its sole discretion may take any action described in the preceding sentence, and, moreover, it may provide in substitution for any or all outstanding Awards under this Plan such alternative consideration as it may in good faith determine to be equitable under the circumstances and may require in connection therewith the surrender of all Awards so replaced. The Committee shall also make or provide for such adjustments in each of the limitations specified in Section 3 as the Committee in its sole discretion may in good faith determine to be appropriate in order to reflect any transaction or event described in this Section 11.

12) **Fractional Shares.** The Company shall not be required to issue any fractional Shares pursuant to this Plan. The Committee may provide for the elimination of fractions or for the settlement thereof in cash.

13) **Withholding Taxes.** To the extent that the Company is required to withhold federal, state, local or foreign taxes in connection with any payment made or benefit realized by a Participant or other person under this Plan, it shall be a condition to the receipt of such payment or the realization of such benefit that the Participant or such other person make arrangements satisfactory to the Company for payment of all such taxes required to be withheld. In the absence of such prior arrangements, the Company shall withhold a portion of such benefit or delivery of Shares in payment of such taxes, except to the extent such withholding of Shares is prohibited by any covenants governing the Company's debt as in effect from time to time.

14) **Certain Termination Events, Hardship and Approved Leaves of Absence.** In the event of termination of employment by reason of death, disability, normal retirement, or early retirement with the consent or agreement of the Company, or a leave of absence approved by the Company, or in the event of hardship or other special circumstances, of a Participant who holds (i) a Stock Option or Stock Appreciation Right that is not immediately and fully exercisable, (ii) any Restricted Shares as to which the substantial risk of forfeiture or the prohibition or restriction on transfer has not lapsed, (iii) any Deferred Shares as to which the Deferral Period is not complete, (iv) any

Performance Shares or Performance Units that have not been fully earned, or (v) any Shares that are subject to any transfer restriction pursuant to Section 10(c) of this Plan, the Committee may in its discretion take any action that it deems to be equitable under the circumstances or in the best interests of the Company, including, without limitation, waiving or modifying any limitation or requirement with respect to any Award under this Plan. Notwithstanding the foregoing, the Committee shall waive or modify any Performance Objective relating to an Award intended to satisfy the requirements for “performance-based compensation” only in a manner consistent with Section 162(m) of the Code.

15) **Foreign Employees.** In order to facilitate the making of any grant or combination of grants under this Plan, the Committee may provide for such special terms for Awards to Participants who are foreign nationals, or who are employed by the Company or any Subsidiary outside of the United States of America, as the Committee may consider necessary or appropriate to accommodate differences in local law, tax policy or custom. Moreover, the Committee may approve such supplements to, or amendments, restatements or alternative versions of, this Plan as it may consider necessary or appropriate for such purposes without thereby affecting the terms of this Plan as in effect for any other purpose; provided, however, that no such supplements, amendments, restatements or alternative versions shall include any provisions that are inconsistent with the terms of this Plan, as then in effect, unless this Plan could have been amended to eliminate such inconsistency without further approval by the shareholders of the Company.

Table Of Contents

16) **Amendments and Other Matters.**

a) This Plan may be amended from time to time by the Board or the Executive Committee of the Board, but no such amendment shall increase any of the amounts or limitations specified in Section 3 of this Plan, other than to reflect an adjustment made in accordance with Section 11, without the further approval of the shareholders of the Company.

b) Except in connection with a corporate transaction involving the Company (including, without limitation, any stock dividend, stock split, extraordinary cash dividend, recapitalization, reorganization, merger, consolidation, split-up, spin-off, combination, or exchange of shares), the terms of outstanding Awards may not be amended to reduce the Exercise Price of outstanding Stock Options or Stock Appreciation Rights or cancel outstanding Stock Options or Stock Appreciation Rights in exchange for cash, other Awards or Stock Options or Stock Appreciation Rights with an Exercise Price that is less than the Exercise Price of the original Stock Options or Stock Appreciation Rights without stockholder approval.

c) This Plan shall not confer upon any Participant any right with respect to continuance of employment or other service with the Company or any Subsidiary and shall not interfere in any way with any right that the Company or any Subsidiary would otherwise have to terminate any Participant's employment or other service at any time.

d) To the extent that any provision of this Plan would prevent any Stock Option that was intended to qualify under particular provisions of the Code from so qualifying, such provision of this Plan shall be null and void with respect to such Stock Option, provided, however, that such provision shall remain in effect with respect to other Stock Options, and there shall be no further effect on any provision of this Plan.

17) **Effective Date and Shareholder Approval.** This Plan shall be effective as of the date of its approval by the Board or the Executive Committee of the Board, subject to approval by the shareholders of the Company at the next Annual Meeting of Shareholders. The Committee may grant Awards subject to the condition that this Plan shall have been approved by the shareholders of the Company.

18) **Regulation and Other Approvals.**

a) The obligation of the Company to sell or deliver Shares with respect to Stock Options and Awards granted under the Plan shall be subject to all applicable laws, rules and regulations, including all applicable federal and state securities laws, and the obtaining of all such approvals by governmental agencies as may be deemed necessary or

appropriate by the Committee.

b) The Plan is intended to comply with Rule 16b-3 promulgated under the Securities Exchange Act of 1934 and the Committee shall interpret and administer the provisions of the Plan or any Award Agreement in a manner consistent therewith. Any provisions inconsistent with such Rule shall be inoperative and shall not affect the validity of the Plan.

c) Each Stock Option and Award is subject to the requirement that, if at any time the Committee determines, in its discretion, that the listing, registration or qualification of Shares issuable pursuant to the Plan is required by any securities exchange (including Nasdaq) or under any state or federal law, or the consent or approval of any governmental regulatory body is necessary or desirable as a condition of, or in connection with, the grant of a Stock Option or the issuance of Shares, no Stock Options shall be granted or payment made or Shares issued, in whole or in part, unless listing, registration, qualification, consent or approval has been effected or obtained in a manner acceptable to the Committee.

d) Notwithstanding anything contained in the Plan to the contrary, in the event that the disposition of Shares acquired pursuant to the Plan is not covered by a then current registration statement under the Securities Act of 1933, as amended, and is not otherwise exempt from such registration, such Shares shall be restricted against transfer to the extent required by the Securities Act of 1933, as amended, and Rule 144 or other regulations thereunder. The Committee may require any individual receiving Shares pursuant to the Plan, as a condition precedent to receipt of such Shares (including upon exercise of a Stock Option), to represent and warrant to the Company in writing that the Shares acquired by such individual are acquired without a view to any distribution thereof and will not be sold or transferred other than pursuant to an effective registration thereof under the Securities Act or pursuant to an exemption applicable under the Securities Act, or the rules and regulations promulgated thereunder. Any certificates evidencing any of such Shares shall be appropriately legended to reflect their status as restricted securities as aforesaid.

e) In the event that changes are made to Code Section 162(m) to permit greater flexibility with respect to any Award or Stock Option under the Plan, the Committee may, subject to this Section 18, make any adjustments it deems appropriate in such Award or Stock Option.

19) **Deferral.** The Committee may permit a Participant to defer to another plan or program such Participant's receipt of Shares or cash that would otherwise be due to such Participant by virtue of the exercise, vesting or achievement of an Award. If any such deferral election is required or permitted, the Committee shall, in its sole discretion, establish rules and procedures for such payment deferrals.

20) **Compensation Recovery.** Notwithstanding anything in the Plan to the contrary, each Participant shall be subject to and bound by any compensation recovery or clawback policy adopted by the Company, as in effect from time to time, with respect to each Award and all Shares issued or payments made under any Award.

21) **Termination.** No Award shall be granted after the tenth anniversary of the Effective Date, provided that all Awards granted prior to such date shall continue in effect thereafter subject to the terms thereof and of the Plan.

Form of Incentive Stock Option Agreement

INTERFACE, INC.

INCENTIVE STOCK OPTION AGREEMENT

This Incentive Stock Option Agreement (this “Agreement”) is entered into as of the ___ day of _____, ____, by and between **Interface, Inc.** (the “Company”) and _____ (“Optionee”).

WITNESSETH:

WHEREAS, the Company has adopted the Interface, Inc. Omnibus Stock Incentive Plan (the “Plan”) which is administered by a committee appointed by the Company’s Board of Directors (the “Committee”); and

WHEREAS, the Committee has granted to Optionee an Incentive Stock Option under the terms of the Plan (the “Option”) to encourage Optionee’s continued loyalty and diligence; and

WHEREAS, to comply with the terms of the Plan and to further the interests of the Company and Optionee, the parties hereto have set forth the terms of the Option in writing in this Agreement.

NOW, THEREFORE, for and in consideration of the mutual promises herein contained, and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties agree as follows:

1. **Plan Provisions.**

In addition to the terms and conditions set forth herein, the Option is subject to and governed by the terms and conditions set forth in the Plan, which are hereby incorporated herein by reference. Any terms used herein with an initial capital letter shall have the same meaning as provided in the Plan, unless otherwise specified herein. In the event of any conflict between the provisions of this Agreement and the Plan, the Plan shall control.

2. **Grant of Option.**

The Committee granted to Optionee, effective on _____ (the "Grant Date"), the right to purchase _____ Shares of the \$.10 par value common stock of the Company, subject to the restrictions and other conditions set forth herein. Such Shares are hereinafter sometimes referred to as the "Option Shares." The Option is intended to qualify as an "Incentive Stock Option" within the meaning of Section 422 of the Code. Notwithstanding the forgoing intention, to the extent that the aggregate Fair Market Value (determined as of the Grant Date) of the Shares with respect to which the Option and any other options designated as Company incentive stock options become exercisable (whether or not then exercised) for the first time by Optionee during any calendar year exceeds \$100,000, a portion of such options shall be treated as nonqualified stock options (not eligible for tax treatment under Section 422 of the Code).

3. **Exercise Price.**

The purchase price payable for the Option Shares upon exercise of the Option, in whole or in part, shall be \$_____ per share (the "Exercise Price"), which is the Fair Market Value of an Option Share on the Grant Date.

4. **Vesting.**

The Option shall vest and become exercisable as follows: _____. Optionee may, but need not, exercise the Option with respect to Option Shares at the time they first vest and become exercisable, or may exercise such Option Shares at any later time before the Option terminates (see Section 6 hereof).

Table Of Contents

5. **Forfeiture Upon Termination of Employment.**

If Optionee's employment with the Company and all of its Subsidiaries is terminated for any reason whatsoever, any portion of the Option that is not then vested shall be terminated and immediately forfeited, and Optionee shall have no rights in such portion of the Option.

6. **Termination of Option.**

Notwithstanding any other provision of this Agreement to the contrary, the Option shall terminate and shall no longer be exercisable after the first to occur of: (a) the _____ anniversary of the Grant Date; (b) the expiration of the three-month period beginning on the date Optionee's employment with the Company and all of its Subsidiaries terminates for any reason other than Optionee's Disability (as defined below) or death; (c) the expiration of the 12-month period beginning on the date Optionee's employment with the Company and its Subsidiaries terminates as a result of Optionee's Disability; or (d) the expiration of the 24-month period beginning on the date Optionee's employment with the Company and its Subsidiaries terminates as a result of Optionee's death. For purposes hereof, "Disability" shall mean Optionee's inability, as a result of physical or mental incapacity, to substantially perform Optionee's duties for the Company and its Subsidiaries on a full-time basis for a continuous period of six months. The Committee, in its sole discretion, shall make all determinations as to whether or not Optionee has incurred a Disability, and the Committee's determination shall be final and binding. The Committee may extend such exercise period, in its sole discretion; however, any portion of the Option which is exercised after (i) three months following Optionee's resignation, retirement, or termination for any reason, or (ii) one year following termination of Optionee's employment due to Disability, shall not be treated as an Incentive Stock Option.

7. **Option Not Transferable.**

Optionee may not transfer or assign the Option other than by will or the laws of descent and distribution. During the lifetime of Optionee, only Optionee (or in the event of Optionee's Disability, Optionee's duly appointed guardian or attorney-in-fact) may exercise the Option.

8. **Death of Optionee.**

In the event of Optionee's death, the unexercised, vested portion of the Option may be exercised (but not transferred or assigned) by Optionee's personal representatives, heirs or legatees at any time prior to the date as of which the Option

expires under Section 6 hereof. Such exercise shall be effected in accordance with the terms hereof as if such representative, heir or legatee was Optionee hereunder; however, the Company may require proof of the right of such person to exercise the Option.

9. **Manner of Exercise.**

(a) **Notice of Exercise.** Optionee, or Optionee's successors (as permitted herein), may exercise the Option by delivery to the Secretary of the Company of a written notice of exercise executed by Optionee or such successor (the "Notice of Exercise"). The Notice of Exercise shall be substantially in the form set forth on Exhibit A, attached hereto and made a part hereof, and shall identify the Option and the number of Option Shares being purchased pursuant to the Option exercise.

(b) **Partial Exercise.** Optionee may exercise the Option for less than the full number of Option Shares, but no such partial exercise shall be made for less than 100 Shares. Subject to the other restrictions on exercise set forth herein, the unexercised portion of the Option Shares may be exercised at a later date by Optionee, and the 100-Share requirement shall not apply to any exercise of the Option if all remaining vested Option Shares subject to the Option are exercised.

10. **Payment of Exercise Price.**

(a) **General.** Upon exercise of the Option, Optionee (or Optionee's successors) shall pay the Exercise Price in cash, in Shares, or in a combination of cash and Shares.

(b) **Payment in Shares.** If Optionee pays all or a portion of the Exercise Price with Shares, the following conditions shall apply:

Table Of Contents

- (i) Optionee shall deliver to the Secretary of the Company a certificate or certificates representing such Shares duly endorsed for transfer to the Company (or an attestation of Optionee's then current ownership of a number of Shares equal to the number thereby authorized to be withheld);

- (ii) Optionee shall have held such Shares for at least six months before the date such payment is made;

- (iii) Such Shares shall be valued on the basis of the Fair Market Value of Shares on the date of exercise, pursuant to the terms of the Plan; and

- (iv) The value of the Shares delivered shall be less than or equal to the full Exercise Price. If Optionee delivers Shares with a value that is less than the Exercise Price, Optionee shall pay the balance of the Exercise Price in cash.

11. **Withholding.**

As a condition to exercise of the Option, Optionee (or Optionee's successors) shall pay the Company an amount equal to the sum of all applicable employment taxes that the Company is required to withhold at any time. Such payment may be made in cash, by withholding from Optionee's normal pay or by delivery of Shares (or an attestation of ownership of Shares in lieu of delivery).

12. **Delivery of Stock Certificate.**

As soon as practicable after the date of exercise of the Option and receipt by the Company of full payment of the Exercise Price, the Company shall instruct its transfer agent to issue a stock certificate representing the Option Shares acquired by Optionee pursuant to Optionee's exercise of the Option or shall otherwise effectively transfer such Option Shares to Optionee.

13. **Acknowledgment of Optionee.**

Optionee acknowledges that certain restrictions under state, federal or foreign securities laws may apply with respect to the Option Shares issued pursuant to the Option. Optionee further acknowledges that, to the extent Optionee is an “affiliate” of the Company (as that term is defined by the Securities Act of 1933), the Option Shares are subject to certain trading restrictions under applicable securities laws (including, particularly, Rule 144 under the Securities Act). Optionee hereby agrees to execute such documents and take such actions as the Company may reasonably require with respect to state, federal and foreign securities laws and any restrictions on the resale of such Shares which may pertain under such laws. The Company has registered or intends to register the securities represented by and subject to the Option; however, in the event such registration at any time is ineffective or any special rules apply, such securities may be sold or transferred only in accordance with the Plan and pursuant to additional, effective securities laws registrations or in a transaction that is exempt from such registration requirements. If appropriate under the circumstances, the certificate(s) evidencing the Shares issued upon exercise of the Option shall bear a restrictive legend indicating that the Shares have not been registered under applicable securities laws.

14. **Execution of Agreement.**

Optionee shall execute this Agreement within 30 days after receipt of same, and promptly return an executed copy to the Company.

15. **Miscellaneous.**

a) **Employment Rights.** The granting of the Option and the execution of this Agreement shall not afford Optionee any rights to similar grants in future years or any right to be retained in the employ or service of the Company or any of its Subsidiaries, nor shall it interfere in any way with the right of the Company or any Subsidiary to terminate Optionee's employment or services at any time, with or without cause, or the right of Optionee to terminate Optionee's employment or services at any time.

b) **Shareholder Rights.** Optionee shall have none of the rights of a shareholder with respect to the Option Shares until Optionee has exercised the Option and thereby acquired the Option Shares in accordance with this Agreement.

c) **Severability.** If any term, provision, covenant or restriction contained in this Agreement is held by a court or governmental agency of competent jurisdiction to be invalid, void or unenforceable, the remainder of the terms, provisions, covenants and restrictions contained in this Agreement shall continue in full force and effect, and shall in no way be affected, impaired or invalidated.

d) **Controlling Law.** This Agreement is being made in the State of Georgia (USA) and shall be construed and enforced in accordance with the laws of that state.

e) **Construction.** This Agreement contains the entire understanding between the parties and supersedes any prior understandings and agreements between them with respect to the subject matter hereof. There are no representations, agreements, arrangements or understandings, oral or written, between the parties hereto relating to the subject matter hereof which are not fully expressed herein.

f) **Binding Effect.** This Agreement shall inure to the benefit of, and be binding upon, the Company and its successors and assigns, and Optionee and Optionee's heirs and personal representatives. Any business entity or person succeeding to all or substantially all of the business of the Company by stock purchase, merger, consolidation, purchase of assets, or otherwise shall be bound by and shall adopt and assume this Agreement, and the Company shall obtain the assumption of this Agreement by such successor.

g) **Headings.** Section and other headings contained in this Agreement are included for reference purposes only and are in no way intended to define or limit the scope, extent or intent of this Agreement or any provision hereof.

Form of Restricted Stock Agreement

INTERFACE, INC.

RESTRICTED STOCK AGREEMENT

This Restricted Stock Agreement (this "Agreement") is entered into as of the ____ day of _____, 20__, by and between **Interface, Inc.** (the "Company") and _____ ("Grantee").

WITNESSETH:

WHEREAS, the Company has adopted the Interface, Inc. Omnibus Stock Incentive Plan (the "Plan") which is administered by a committee appointed by the Company's Board of Directors (the "Committee"); and

WHEREAS, the Committee has granted to Grantee an award of Restricted Shares under the terms of the Plan (the "Award") to encourage Grantee's continued loyalty and diligence; and

WHEREAS, to comply with the terms of the Plan and to further the interests of the Company and Grantee, the parties hereto have set forth the terms of the Award in writing in this Agreement.

NOW, THEREFORE, for and in consideration of the mutual promises herein contained, and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties agree as follows:

- 1) **Plan Provisions.**

In addition to the terms and conditions set forth herein, the Award is subject to and governed by the terms and conditions set forth in the Plan, which are hereby incorporated herein by reference. Any terms used herein with an initial capital letter shall have the same meaning as provided in the Plan, unless otherwise specified herein. In the event of any conflict between the provisions of this Agreement and the Plan, the Plan shall control.

2) **Stock Award.**

Effective on _____, 20__ (the “Grant Date”), and subject to the restrictions and other conditions set forth herein, the Committee granted to Grantee an Award of _____ Shares of common stock, \$.10 par value per share, of the Company. Such Shares granted are hereinafter sometimes referred to as the “Restricted Shares.” The Fair Market Value of each Restricted Share awarded on the Grant Date was \$_____.

3) **Vesting Restrictions.**

(a) **General.** All or a portion (as applicable) of the Restricted Shares will vest and no longer be subject to forfeiture if one of several criteria is satisfied. As described below, these criteria are based on _____ [Note that performance criteria for certain executives is based on Company, division or business unit performance], Grantee’s tenure of employment, the occurrence of a Change in Control (as defined in subsection (d) hereof), and/or certain events resulting in termination of Grantee’s employment with the Company.

(b) **Performance.** The Restricted Shares shall vest to the extent that the performance vesting criterion specified herein is achieved. The performance vesting criterion is _____. The performance period is a _____-year period with a performance measurement and vesting opportunity as of the end of each fiscal year when the audited financial results are reviewed with the Company’s Board of Directors (typically at a regular meeting of the Board each February). For purposes of applying the performance criterion to determine when Grantee’s Restricted Shares will vest, the Restricted Shares are divided into two groups, “Group A” and “Group B”, each with an equal number of _____ Shares. The respective Restricted Shares in Group A and Group B will vest if and when the following performance criterion is satisfied:

Table Of Contents

Group A. If on any date after fiscal year-end ____, (i) Grantee has remained continuously employed by the Company or any of its Subsidiaries, (ii) Grantee has not yet vested in the Shares in Group A, and (iii) the Company's _____ has increased to or exceeded the applicable Target Level (as defined below) with respect to fiscal year ____ or thereafter, the vesting restriction on the Shares in Group A will lapse immediately upon such date, and Grantee thereupon will become vested in all of the Shares in Group A.

Group B. If on any date after fiscal year-end ____, (i) Grantee has remained continuously employed by the Company or any of its Subsidiaries, (ii) Grantee has not yet vested in the Shares in Group B, and (iii) the Company's _____ has increased to or exceeded the applicable Target Level (as defined below) with respect to fiscal year ____ or thereafter, the vesting restriction on the Shares in Group B will lapse immediately upon such date, and Grantee thereupon will become vested in all of the Shares in Group B.

As used herein "Target Level" shall mean, with respect to a particular fiscal year ended, the Company's _____ for such fiscal year then ended, as set forth below:

Fiscal Year Target Level

20__ ____
20__ ____
20__ ____

(c) **Tenure of Employment.** If Grantee remains continuously employed by the Company or any of its Subsidiaries until _____, __ percent of the Restricted Shares granted hereunder (whether Group A or B) that have not previously vested will vest on said date, and Grantee thereupon will become vested in such Restricted Shares (and the balance of the Restricted Shares that have not yet vested will be forfeited).

(d) **Change in Control.** If a Change in Control (as defined below) occurs at any time prior to, or within 30 days following, the _____-year anniversary of the Grant Date, any Restricted Shares granted hereunder that have not yet vested will do so on the date of the Change in Control, and Grantee thereupon will become vested in all such Restricted Shares. For purposes hereof, "Change in Control" shall mean the earliest to occur of:

(i) the acquisition by any "person", entity, or "group" of "beneficial ownership" (as such terms are used in Sections 13(d) and 14(d) of the Securities Exchange Act of 1934, and rules promulgated thereunder) of more than 30 percent of the outstanding capital stock entitled to vote for the election of directors ("Voting Stock") of (A) the Company, or (B) any corporation which is the surviving or resulting corporation, or the transferee corporation, in a transaction described in clause (ii)(A) or (ii)(B) immediately below;

(ii) the effective time of (A) a merger, consolidation or other business combination of the Company with one or more corporations as a result of which the holders of the outstanding Voting Stock of the Company immediately prior to such merger or consolidation hold less than 51 percent of the Voting Stock of the surviving or resulting corporation, or (B) a transfer of all or substantially all of the property or assets of the Company other than to an entity of which the Company owns at least 51 percent of the Voting Stock, or (C) a plan of complete liquidation of the Company; and

(iii) the election to the Board of Directors of the Company, without the recommendation or approval of the incumbent Board of Directors of the Company, of the lesser of (A) four directors, or (B) directors constituting a majority of the number of directors of the Company then in office.

(e) **Disability or Death.** Upon the date that Grantee's employment with the Company and its Subsidiaries terminates as a result of (i) Grantee's Disability (as defined below) or (ii) Grantee's death, all or a portion of the Restricted Shares that have not yet vested will do so on such date, and Grantee thereupon will become vested in such Restricted Shares. The amount of Restricted Shares that shall vest will be equal to the product of (x) the total number of Restricted Shares granted hereunder that have not yet vested under the performance criterion (pursuant to subsection (b) hereof), and (y) a fraction, the numerator of which is the number of full and partial 12-month periods that have elapsed since the Grant Date (with any partial 12-month period treated as a whole 12-month period), and the denominator of which is _____. For purposes hereof, the term "Disability" shall mean Grantee's inability, as a result of physical or mental incapacity, to substantially perform Grantee's duties for the Company and its Subsidiaries on a full-time basis for a continuous period of six months. The Committee, in its sole discretion, shall make all determinations as to whether or not Grantee has incurred a Disability, and the Committee's determination shall be final and binding.

Table Of Contents

(f) **Certain Events of Termination.** Upon the date that Grantee's employment with the Company and its Subsidiaries terminates as a result of (i) an involuntary termination at the request of the Company (or the Subsidiary that is Grantee's employer) for any reason other than Cause (as defined in Section 4 below) or (ii) Grantee's retirement upon or after attaining age 65, all or a portion of the Restricted Shares that have not yet vested will do so on such date, and Grantee thereupon will become vested in such Restricted Shares (provided, however, in the event of an involuntary termination for any reason other than Cause, in order to vest in such Restricted Shares Grantee must sign a release of claims and acknowledgment in the form required by the Company). The amount of such Restricted Shares that shall vest will be equal to the product of (x) the total number of Restricted Shares granted hereunder that have not yet vested under the performance criterion, and (y) a fraction, the numerator of which is the number of full and partial 12-month periods that have elapsed since the Grant Date (with any partial 12-month period treated as a whole 12-month period), and the denominator of which is _____.

4) **Forfeiture Upon Resignation or Termination for Cause.**

If Grantee voluntarily resigns from employment with the Company and all of its Subsidiaries, or if the Company or the Subsidiary that is Grantee's employer terminates Grantee's employment for Cause (as defined below), any Restricted Shares that are not then vested under any provision of Section 3 shall be immediately forfeited, and Grantee shall have no rights in such Restricted Shares. For purposes hereof, the term "Cause" shall mean the reason for termination of Grantee's employment is (A) Grantee's fraud, dishonesty, gross negligence or willful misconduct, with respect to business affairs of the Company or its Subsidiaries, (B) Grantee's refusal or repeated failure to follow the established lawful policies of the Company or its Subsidiaries applicable to persons occupying the same or similar positions, or (C) Grantee's conviction of a felony or other crime involving moral turpitude.

5) **Delivery of Shares.**

Within a reasonable time after the date hereof, the Company shall cause the Restricted Shares to be registered in the name of Grantee, subject to the risk of forfeiture set forth in Sections 3 and 4 hereof. Grantee may not sell, assign, transfer or pledge any Restricted Shares prior to the date on which the possibility of forfeiture with respect to such Shares has lapsed. During the period that any Restricted Shares remain subject to a risk of forfeiture under Sections 3 and 4 hereof, the Company may retain possession of any certificate representing such Shares as a means of enforcing such restrictions.

6) **Acknowledgment of Grantee.**

Grantee acknowledges that certain restrictions under state, federal or foreign securities laws may apply with respect to the Restricted Shares granted pursuant to the Award. Grantee further acknowledges that, to the extent Grantee is an “affiliate” of the Company (as that term is defined by the Securities Act of 1933), the Restricted Shares granted as a result of the Award are subject to certain trading restrictions under applicable securities laws (including, particularly, Rule 144 under the Securities Act). Grantee hereby agrees to execute such documents and take such actions as the Company may reasonably require with respect to state, federal and foreign securities laws applicable to the Company and any restrictions on the resale of such Shares which may pertain under such laws. The Company has registered (or intends to register) the securities represented by the Restricted Shares; however, in the event such registration at any time is ineffective or any special rules apply, such securities may be sold or transferred only in accordance with the Plan and pursuant to additional, effective securities laws registrations or in a transaction that is exempt from such registration requirements. If appropriate under the circumstances, the certificate(s) evidencing the Restricted Shares shall bear a restrictive legend indicating that such shares have not been registered under applicable securities laws.

7) **Execution of Agreement.**

Grantee shall execute this Agreement within 30 days after receipt of same, and promptly return an executed copy to the Secretary of the Company.

8) **Withholding.**

Grantee shall pay the Company an amount equal to the sum of all applicable employment taxes that the Company or any Subsidiary is required to withhold at any time in connection with the operation of this Agreement. In the absence of prior arrangements satisfactory to the Company for payment of all such taxes required to be withheld, the Company shall withhold a portion of the Restricted Shares then vested under this Agreement in payment of such taxes, except to the extent such withholding of Shares is prohibited by any covenants governing the Company's debt as in effect from time to time.

Table Of Contents

9) **Miscellaneous.**

a) **Employment Rights.** The granting of the Award and the execution of this Agreement shall not afford Grantee any rights to similar grants in future years or any right to be retained in the employ or service of the Company or any of its Subsidiaries, nor shall it interfere in any way with the right of the Company or any such Subsidiary to terminate Grantee's employment or services at any time, with or without cause, or the right of Grantee to terminate Grantee's employment or services at any time.

b) **Shareholder Rights.** While the Restricted Shares remain subject to forfeiture under Sections 3 and 4 hereof, Grantee shall have all of the rights of a shareholder of the Company, including the right to vote the Restricted Shares and to receive any cash dividends.

c) **Severability.** If any term, provision, covenant or restriction contained in this Agreement is held by a court or a governmental agency of competent jurisdiction to be invalid, void or unenforceable, the remainder of the terms, provisions, covenants and restrictions contained in this Agreement shall continue in full force and effect, and shall in no way be affected, impaired or invalidated.

d) **Controlling Law.** This Agreement is being made in the State of Georgia (USA) and shall be construed and enforced in accordance with the laws of that state. Grantee hereby consents to the exclusive jurisdiction of the Superior Court of Cobb County, Georgia, and the U.S. District Court in Atlanta, Georgia, and hereby waives any objection Grantee might otherwise have to jurisdiction and venue in such courts, in the event either court is requested to resolve a dispute between the parties with respect to this Agreement.

e) **Construction.** This Agreement contains the entire understanding between the parties and supersedes any prior understanding and agreements between them with respect to the subject matter hereof. There are no representations, agreements, arrangements or understandings, oral or written, between the parties hereto relating to the subject matter hereof which are not fully expressed herein.

f) **Binding Effect.** This Agreement shall inure to the benefit of, and be binding upon, the Company and its successors and assigns, and Grantee and Grantee's heirs and personal representatives. Any business entity or person succeeding to all or substantially all of the business of the Company by stock purchase, merger, consolidation, purchase of assets, or otherwise shall be bound by and shall adopt and assume this Agreement, and the Company shall obtain the assumption of this Agreement by such successor.

g) **Headings.** Section and other headings contained in this Agreement are included for reference purposes only and are in no way intended to define or limit the scope, extent or intent of this Agreement or any provision hereof.

IN WITNESS WHEREOF, the individual party hereto has executed this Agreement, and the corporate party has caused this Agreement to be executed by a duly authorized representative, as of the date first set forth above.
