Corporate Governance

General

Pursuant to the General Corporation Law of the State of Delaware and our By-laws, our business, property and affairs are managed under the direction of our Board of Directors. Members of our Board of Directors are kept informed of Company business through regular discussions with our President and Chief Executive Officer and our Chief Financial Officer, Treasurer and Secretary, by reviewing materials provided to them by the Company's management and by participating in meetings of the Board and its committees.

Our Board of Directors has determined that all but one of our directors, Michael D. Popielec, who serves as our President and Chief Executive Officer, are "independent" for purposes of NASDAQ listing standards applicable to the Corporate Development and Governance Committee and the Compensation and Management Committee. In addition, our Board of Directors has determined that all but two of our Directors, Michael D. Popielec and Bradford T. Whitmore, our Board Chair, are independent for purposes of NASDAQ listing standards applicable to the Audit and Finance Committee. We believe that the segregation of the roles of Board Chair from that of the President and Chief Executive Officer ensures better overall governance of our Company and provides meaningful checks and balances regarding our overall performance. This structure allows our President and Chief Executive Officer to focus on our business while the Board Chair leads our Board of Directors in establishing corporate policy and enhancing our governance structure and practices.

Our Board of Directors has three standing committees: an Audit and Finance Committee, a Corporate Development and Governance Committee, and a Compensation and Management Committee. During 2018, our Board of Directors held four meetings and the committees of our Board of Directors held a total of fifteen meetings. During 2018, Bradford T. Whitmore served as our Board Chair. As Board Chair, Mr. Whitmore served as a non-voting ex-officio member of all of our Board committees. Each director attended at least 75% of the aggregate of: (1) the total number of meetings of the Board; and (2) the total number of meetings held by all committees of the Board on which he or she served.

Our Board of Directors has adopted a charter for each of the three standing committees that addresses the composition and function of each committee and has also adopted Corporate Governance Principles that address the composition and function of the Board of Directors. These charters and Corporate Governance Principles are available on our website at <http://investor.ultralifecorporation.com> under the subheading "Corporate Governance." Pursuant to our Corporate Governance Principles, it is our policy that directors retire from service at the annual meeting following their 70th birthday.

Our Board of Directors has determined that all of the directors who serve on these committees are “independent” for purposes of NASDAQ listing standards, and that the members of the Audit and Finance Committee are also “independent” for purposes of Section 10A(m)(3) of the Securities Exchange Act of 1934, as amended, which we refer to in this proxy statement as the Exchange Act. Our Board of Directors based these determinations primarily on a review of the responses of the directors to questions regarding employment, compensation history, affiliations and family and other relationships, and on follow-up discussions with directors.

Committees of the Board of Directors

The composition and the functions of our three standing committees of our Board of Directors are set forth below. Our Board of Directors will appoint members of the committees and designate Chairs of those committees from among those individuals elected at the Meeting to serve on our Board of Directors until the 2020 Annual Meeting of Shareholders.

Audit and Finance Committee

The current members of the Audit and Finance Committee are Thomas L. Saeli (Chair), Steven M. Anderson and Ranjit C. Singh. This committee selects our independent registered public accounting firm and has oversight responsibility for reviewing the scope and results of the independent registered public accounting firm's annual audit of our financial statements and the quality and integrity of those financial statements. Further, the committee reviews the qualifications and independence of the independent registered public accounting firm, and meets with our Chief Financial Officer and Treasurer, our Corporate Controller and the independent registered public accounting firm to review matters relating to internal accounting controls, our accounting practices and procedures and other matters relating to our financial condition, and has the power to engage outside counsel and other outside experts. The committee also reviews and monitors areas of financial and cybersecurity risk that could have a material impact on our Company. The Audit and Finance Committee met five times during 2018.

Our Board of Directors has determined that each of the members of the Audit and Finance Committee is "financially literate" in accordance with NASDAQ listing standards. In addition, our Board of Directors has determined that Mr. Saeli qualifies as an "audit committee financial expert" as defined in Item 407(d)(5) of Regulation S-K.

Corporate Development and Governance Committee

The current members of the Corporate Development and Governance Committee are Ranjit C. Singh (Chair), Steven M. Anderson and Robert W. Shaw II. This committee works with management to develop corporate strategy and to identify and evaluate acquisition opportunities, reviews the performance and compensation of our directors annually, makes recommendations to our Board of Directors for membership and committee assignments and for the compensation of our directors, and manages the annual evaluation of the performance of our President and Chief Executive Officer and our Board Chair. The Corporate Development and Governance Committee met four times during 2018.

The Corporate Development and Governance Committee identifies potential nominees for director based on its own research for appropriate candidates as well as on recommendations received by directors or from shareholders as described below. The Corporate Development and Governance Committee has the authority to retain an executive search firm to assist in the identification of potential director nominees. The evaluation process and the factors considered in undertaking that evaluation are set forth under the caption “Shareholder Recommendations and Standards for Director Nominations” below.

The Corporate Development and Governance Committee also has overall responsibility for assessing and managing our exposure to risks associated with the conduct of our business.

Compensation and Management Committee

The current members of the Compensation and Management Committee are Robert W. Shaw II (Chair), Steven M. Anderson and Thomas L. Saeli. The Compensation and Management Committee has ultimate responsibility for determining the compensation of officers elected by our Board of Directors, granting stock options and other equity awards and otherwise administering our equity compensation plans, and approving and administering any other compensation plans or agreements. The Compensation and Management Committee has the authority to retain outside experts in making compensation determinations. Our 2014 Long-Term Incentive Plan (“2014 LTIP”) is administered by the Compensation and Management Committee. The Compensation and Management Committee met six times during 2018.

Shareholder Recommendations and Standards for Director Nominations

As noted above, the Corporate Development and Governance Committee considers and establishes procedures regarding recommendations for nomination to our Board of Directors, including nominations submitted by shareholders. Such recommendations, if any, should be sent to Corporate Secretary, Attn: Philip A. Fain, Ultralife Corporation, 2000 Technology Parkway, Newark, New York 14513. Any recommendations submitted to the Corporate Secretary should be in writing and should include any material the shareholder considers appropriate in support of that recommendation, but must include the information that would be required under the rules of the SEC in a proxy statement soliciting proxies for the election of such candidate and a signed consent of the candidate to serve as a director, should he or she be elected. The Corporate Development and Governance Committee evaluates all potential candidates in the same manner, regardless of the source of the recommendation.

Based on the information provided to the Corporate Development and Governance Committee with respect to director candidates, the Corporate Development and Governance Committee will make an initial determination whether to conduct a full evaluation of a candidate. The Corporate Development and Governance Committee considers the composition and size of the existing Board of Directors, along with other factors, in making its determination to conduct a full evaluation of a candidate. As part of the full evaluation process, the Corporate Development and Governance Committee may conduct interviews, obtain additional background information and conduct reference checks of candidates. The Corporate Development and Governance Committee may also ask the candidate to meet with management and other members of our Board of Directors. In evaluating a candidate, our Board of Directors, with the assistance of the Corporate Development and Governance Committee, takes into account a variety of factors as described in our Corporate Governance Principles, including the particular experience, attributes and skills that would qualify the candidate to serve as a director. The criteria for selection to our Board of Directors include character and leadership skills; general business acumen and executive experience; knowledge of strategy, finance and relations between business and government; and internal business operations – all to ensure an active Board of Directors whose members work well together and possess the collective knowledge and expertise required to meaningfully contribute as directors. Our Corporate Development and Governance Committee reviews the qualifications of director candidates with those of our current directors to augment and complement the skill sets of our current Board members. We believe that it is important for our Board of Directors to be comprised of individuals with diverse backgrounds, skills and experiences. Although we do not have a formal diversity policy and identify qualified potential candidates without regard to any particular classification, we believe that possessing a breadth of experience and qualifications, as our Board does, promotes Board diversity.

Annual Meeting Attendance

Our policy is that all of the directors, absent special circumstances, should participate in our Annual Meeting of Shareholders, either in person or telephonically. All directors participated in last year's Annual Meeting of Shareholders.

Executive Sessions

Our Corporate Governance Principles require our independent directors to meet in executive session regularly by requiring them to have at least four regularly scheduled meetings per year without management present. Our independent directors met in executive session four times during 2018. In addition, our standing committees meet in executive session on a regular basis.

Communicating with the Board of Directors

Shareholders interested in communicating directly with our Board of Directors as a group or individually may do so in writing to our Corporate Secretary, Attn. Philip A. Fain, Ultralife Corporation, 2000 Technology Parkway, Newark, New York 14513. The Corporate Secretary will review all such correspondence and forward to our Board of Directors a summary of that correspondence and copies of any correspondence that, in his opinion, deals with the functions of the Board of Directors or that he otherwise determines requires their attention. Directors may at any time review a log of all correspondence received by us that are addressed to members of the Board of Directors and request copies of any such correspondence. Any concerns relating to accounting, internal controls or auditing matters will be brought to the attention of the Audit and Finance Committee and handled in accordance with the procedures established by the Audit and Finance Committee with respect to such matters.

Risk Management

Our management team is responsible for assisting the Corporate Development and Governance Committee in its assessment of our exposure to risks associated with the conduct of business. We have an enterprise risk management process to identify, assess and manage the most significant risks facing our Company. Our Corporate Development and Governance Committee has overall responsibility to review management's risk management process, including the policies and guidelines used by management to identify, assess and manage our exposure to risk. Our Audit and Finance Committee has oversight responsibility for financial risks and other risks that could have a material impact on our Company. Our management reviews these financial risks with our Audit and Finance Committee regularly and reviews the risk management process, as it affects financial risks, with our Audit and Finance Committee on an on-going basis.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act requires our directors, executive officers and persons who own more than 10% of our common stock to file with the SEC initial reports of beneficial ownership and reports of changes in beneficial ownership of our common stock and our other equity securities. To our knowledge, based solely on the written representations of our directors and executive officers and the copies of such reports filed with the SEC during 2018, all Section 16(a) filings applicable to our officers, directors and more than 10% beneficial owners were filed in a timely manner.

Code of Ethics

We have a Code of Ethics applicable to all employees, including our executive officers and all members of our Board of Directors. Our Code of Ethics incorporates the elements of a code of ethics specified in Item 406 of Regulation S-K and also complies with NASDAQ requirements for a code of conduct. Shareholders can find a link to this Code of Ethics on our website at <http://investor.ultralifecorporation.com> under the subheading “Corporate Governance.”

Our Code of Ethics emphasizes our commitment to conducting business in a legal and ethical manner and encourages prompt and confidential reporting of any suspected violations of law or the Code of Ethics. As part of our Code of Ethics, directors and employees are expected to make business decisions and to take actions based upon the best interests of our Company and not based upon personal relationships or benefits. In conjunction with our Code of Ethics, our General Counsel conducts an annual training session with our Board of Directors with emphasis on all facets of compliance with new and existing regulations and best practices. Any potential conflict of interest, and any transaction or relationship involving our officers or directors that could give rise to a conflict of interest, must be reviewed and resolved by our Corporate Development and Governance Committee.

ITEM 11. EXECUTIVE COMPENSATION

Director Compensation

We presently use cash compensation to attract and retain qualified candidates to serve on our Board of Directors. Our practice is to survey our peer group companies periodically to ascertain whether our overall director compensation is appropriate and balanced. If we perceive that there has been a major change in our Company or the market, we may

alter the time between surveys. In setting director compensation, we consider the amount of time that directors spend fulfilling their duties to us, the skill-level required by members of our Board of Directors, and, based on publicly available data, the compensation paid to directors in similar sized organizations in our industry. Our program is designed to deliver annual director compensation at the median levels of director compensation for companies in similar industries and of similar size. Our annual director compensation period runs from July 1 to June 30.

Annual Retainers

Each non-employee director will receive an annual cash retainer of \$68,000, except for the Board Chair, who will receive an annual cash retainer of \$100,000 for the period July 1, 2018 through June 30, 2019. Each non-employee director received an annual cash retainer of \$65,000, except for the Board Chair, who received an annual cash retainer of \$95,000 for the period July 1, 2017 through June 30, 2018. These retainers are paid quarterly in cash. In addition, each director who is a member of a Board committee receives an additional cash retainer for such committee service. Annual retainers for Board committee service for the periods July 1, 2017 through June 30, 2018 and July 1, 2018 through June 30, 2019 were the same as follows:

	Annual Retainer for	Annual Retainer for

Audit and Finance Committee	\$6,750	\$16,750
Compensation and Management Committee	\$5,250	\$13,250

Newly elected directors have two years from their election to the Board to achieve the stock ownership requirement. Currently, all of our non-employee directors meet the stock ownership guidelines. Refer to the Executive Officer Compensation section contained herein for stock ownership guidelines for our executive officers.

(4) On July 25, 2018, the Company’s Board of Directors, at the recommendation of the Compensation and Management Committee and pursuant to the Company’s Amended and Restated 2004 Long-Term Incentive Plan, modified the option previously granted to Mr. Popielec to purchase 200,000 shares of our common stock at \$10.00 per share, such that the option will fully vest immediately upon our common stock first reaching a closing price \$10.00 per share for 15 trading days in a 30 trading-day period. The option as previously granted provided for vesting in annual increments of 50,000 shares on each of the four anniversaries of the date our common stock first reached a closing price \$10.00 per share for 15 trading days in a 30 trading-day period. The option became fully vested during the third quarter 2018 subsequent to modification and expires December 30, 2020. Pursuant to Accounting Standards Codification Topic 718, Compensation – Stock Compensation (ASC 718), the transaction was accounted for as an equity award modification. The amount shown for 2018 for Mr. Popielec includes \$182,375 which represents the incremental fair value of the modified award computed as of the modification date as the difference between the fair value of the modified award and the fair value of the original award immediately before it was modified. The incremental fair value was determined using a Monte Carlo simulation option-pricing model consistent with the valuation methodology used to value and recognize the original award.

On April 19, 2017, the Company's Board of Directors, at the recommendation of the Compensation and Management Committee and pursuant to the Company's Amended and Restated 2004 Long-Term Incentive Plan, extended the expiration date from December 30, 2017 to December 30, 2020 of options previously granted (and fully vested at the time of modification) to Mr. Popielec to purchase an aggregate 300,000 shares of our common stock. Pursuant to ASC 718, the transaction was accounted for as an equity award modification. The amount shown for 2017 for Mr. Popielec represents the incremental fair value of the modified award computed as of the modification date as the difference between the fair value of the modified award and the fair value of the original award immediately before it was modified.

All other amounts shown represent the aggregate grant date fair value of stock options awarded during the respective years computed in accordance with ASC 718. See the notes to our audited consolidated financial statements included in our Annual Reports on Form 10-K for the fiscal years ended December 31, 2018 and December 31, 2017, respectively, for the assumptions used in valuing these stock option awards in accordance with ASC 718. Refer to the "Narrative to Summary Compensation Table" for further information.

Narrative to Summary Compensation Table

Compensation Overview

Our executive compensation program is evaluated and approved each year by our Compensation and Management Committee. Annual total compensation for our executive officers is comprised of the following key components:

Base salary;

Short-term incentive plan (“STIP”);

Long-term incentive plan (“LTIP”); and

Limited perquisites and other benefits.

Our executive compensation program is structured to align the interests of our executive officers with those of our shareholders by rewarding performance that achieves successful execution of our business strategy, grows our business and increases shareholder value. Our executive compensation program is designed to incentivize our

executive officers to achieve strong financial, operational and strategic performance and to provide a link between the compensation earned by our executives and the creation of long-term sustainable value. The Compensation and Management Committee establishes specific annual, long-term and strategic goals and seeks to reward our executive officers for performance that meets or exceeds those goals. In addition, we expect our executive officers to work toward achievement of these goals while maintaining the highest ethical standards.

Base Salary

The Compensation and Management Committee evaluates the performance of Mr. Popielec, our President and Chief Executive Officer, and presents its evaluation and recommendation for base salary adjustment, if any, to the Board of Directors for approval. Mr. Popielec evaluates the performance of Mr. Fain, our Chief Financial Officer, Treasurer and Secretary, and presents his evaluation and recommendation for a base salary adjustment, if any, to the Compensation and Management Committee, which, in turn, may recommend acceptance of or adjustment to such base salary recommendation to the Board of Directors. If adjustments to base salaries are recommended and approved, the adjustments are made to be effective for a period ranging from twelve to fifteen months from the date of the last salary adjustment.

In April 2018, the Board of Directors, at the recommendation of the Compensation and Management Committee, approved a base salary increase of 2.0% for Mr. Popielec (\$506,150 to \$516,273) and 2.0% for Mr. Fain (\$322,405 to \$328,848). The salary increases were approved by the Committee based on a number of factors including individual and Company performance.

In April 2017, the Board of Directors, at the recommendation of the Compensation and Management Committee, approved a base salary increase of 3.0% for Mr. Fain (\$313,015 to \$322,405). Other than these adjustments, no further changes were made to the base salaries of our executive officers during 2018 and 2017.

Short-Term Incentive Plan

Our Compensation Committee establishes a STIP each fiscal year to provide our executive officers an opportunity to earn an annual cash award in addition to their base salaries. The STIP is designed to place “at risk” a significant portion of the annual total cash compensation of our executive officers to incentivize them to achieve our short-term financial objectives while making progress toward our longer term goals. Generally, the STIP target levels are set such that, assuming achievement of pre-established performance metrics, the combined annual base salary and STIP award for our executive officers will be at or near the 50th percentile for executive officers at the companies in our peer group.

For 2018, the STIP target bonus levels for Messrs. Popielec and Fain were 75% and 50% of their respective base salaries. The performance goals to be achieved to be awarded the STIP targeted bonus for 2018 were consolidated operating profit and revenue goals of \$8.4 million and \$93.5 million, respectively, as measured pursuant to generally accepted accounting standards. The STIP award was structured with a 70% weighting on the consolidated operating profit goal and a 30% weighting on the consolidated revenue goal. Achievement of less than 75% of the operating profit goal or less than 89% of the revenue goal would result in no award being earned with respect to that metric. Achievement of 75% to 100% of the operating profit goal and achievement of 89% to 100% of the revenue goal would result in an award ranging from 50% to 100% of the target award with respect to the metric for which such performance levels had been achieved. Achievement of over 100% to 125% of the operating profit goal and over 100% to 125% of the revenue goal would result in an award ranging from 101% to 150% of the target award with respect to the metric for which such performance levels had been achieved. Our executive officers were eligible for a partial award if one of the two metrics was achieved.

Based on our 2018 financial performance, Messrs. Popielec and Fain earned STIP awards for 2018 of \$70,350 and \$29,874, respectively, which were paid in February 2019.

For 2017, the STIP target bonus levels for Messrs. Popielec and Fain were 75% and 50% of their respective base salaries. The performance goals to be achieved to be awarded the STIP targeted bonus for 2017 were consolidated operating profit and revenue goals of \$6.0 million and \$86.7 million, respectively, as measured pursuant to generally accepted accounting standards. The STIP award was structured with a 70% weighting on the consolidated operating profit goal and a 30% weighting on the consolidated revenue goal. Achievement of less than 75% of the operating profit goal or less than 95% of the revenue goal would result in no award being earned with respect to that metric. Achievement of 75% to 100% of the operating profit goal and achievement of 95% to 100% of the revenue goal would result in an award ranging from 50% to 100% of the target award with respect to the metric for which such performance levels had been achieved. Achievement of over 100% to 135% of the operating profit goal and over 100% to 125% of the revenue goal would result in an award ranging from 101% to 150% of the target award with respect to the metric for which such performance levels had been achieved. Our executive officers were eligible for a partial award if one of the two metrics was achieved.

Based on our 2017 financial performance, Messrs. Popielec and Fain earned STIP awards for 2017 of \$393,671 and \$167,170, respectively, which were paid in February 2018.

Long-Term Incentive Plan

Stock options and other equity awards are used to align the interests of our executive officers with those of our shareholders by incentivizing our executive officers to achieve long-term growth and sustainable shareholder value.

Refer to “Outstanding Equity Awards” below for stock options granted during 2018 and 2017. There were no other equity-based awards granted to our executive officers during 2018 and 2017.

Retirement Benefits

We provide a tax-qualified 401(k) plan to all active employees that provides for both employer and employee contributions. Under this plan, employees may contribute a portion of their eligible cash compensation to the plan. For 2018 and 2017, the Company matched 50% on the first 4% of an employee’s eligible contributions.

Perquisites and Other Personal Benefits

We provide our executive officers with certain perquisites and other personal benefits which are consistent with the objectives of our overall compensation program to better enable us to attract and retain superior employees for key positions. The Compensation and Management Committee periodically reviews the levels of such perquisites and other personal benefits to ensure they remain at appropriate levels. The aggregate incremental costs of the perquisites and other personal benefits provided to our executive officers are included in the “All Other Compensation” column of the Summary Compensation Table with components detailed in an accompanying note.

Employment Arrangements

On December 6, 2010, the Company entered into an employment agreement with Mr. Popielec, providing that Mr. Popielec would become our President and Chief Executive Officer effective December 30, 2010. Mr. Popielec's annual base salary was set at \$450,000 subject to adjustment. Mr. Popielec is also eligible to receive an annual cash bonus under our short-term incentive plan if we meet or exceed certain quantitative and qualitative performance metrics to be agreed upon and approved by the Compensation Committee no later than January 31 of the year for which the bonus applies. The bonus goals and payout ranges for 2018 are set forth above beginning on Page 14.

Pursuant to the terms of his employment agreement, Mr. Popielec was granted options to purchase shares of our common stock. Certain of the options granted were conditional and subject to shareholder approval to increase the number of shares available under our Amended and Restated 2004 Long-Term Incentive Plan ("Restated 2004 LTIP"). Shareholder approval of this increase was obtained in June 2011. All unexpired options awarded to Mr. Popielec pursuant to the terms of his employee agreement were outstanding as of December 31, 2018. Refer to the Outstanding Equity Awards section above beginning on Page 16.

Mr. Popielec is also entitled to receive the retirement benefits, perquisites and other personal benefits described in this proxy statement under the sections entitled "Retirement Benefits" and "Perquisites and Other Personal Benefits".

The employment agreement provides that Mr. Popielec's employment is "at will." Mr. Popielec is entitled to certain severance benefits if we terminate his employment without Business Reasons or a Constructive Termination occurs (as those terms are defined in the employment agreement), including (i) salary continuation for a period of 12 months following the termination date; (ii) a pro rata amount (calculated on a per diem basis) of the full-year bonus which Mr. Popielec would have earned for the calendar year in which the termination of employment occurs; (iii) acceleration of vesting of all outstanding stock options and other equity awards to the extent that the outstanding options and other equity awards would otherwise have vested no more than 18 months after the date of termination, and all such options and other equity awards shall remain exercisable for one year following the termination date or through the original expiration date, if earlier; (iv) continuation of health benefits for Mr. Popielec, his spouse and any dependent children

for a period of 12 months after the termination date followed by 18 months of executive-paid COBRA eligibility. In addition, if we terminate the employment of Mr. Popielec within 12 months following the occurrence of a Change in Control, without Business Reasons or if a Constructive Termination occurs (as those terms are defined in the employment agreement), then Mr. Popielec shall be entitled to receive (i) any earned but unpaid salary, any unpaid bonus from the prior year plus an amount equal to 18 months of his base salary as then in effect, payable immediately upon the termination date; (ii) one and one-half times his target bonus for the calendar year in which the termination date occurs; (iii) acceleration of vesting of all outstanding stock options and other equity awards, which are to remain exercisable for 18 months following the termination date, or through the original expiration date, if earlier; (iv) continuation of health benefits for Mr. Popielec, his spouse and any dependent children for a period of 24 months after the termination date. To the extent the vesting and/or accelerated payment of outstanding stock options would subject Mr. Popielec to the imposition of tax and/or penalties under Section 409A of the Internal Revenue Code (the "Code"), the vesting and/or payment of such stock options and other equity shall be delayed to the extent necessary to avoid the imposition of such tax and/or penalties. The employment agreement also provides for the continuation of certain benefits in the event Mr. Popielec's employment is terminated for Disability (as defined in the employment agreement) or by his death. Mr. Popielec has also executed an Employee Confidentiality Non-Disclosure, Non-Compete, Non-Disparagement and Assignment Agreement in our standard form.

We do not have an employment agreement with Mr. Fain. Mr. Fain has executed an Employee Confidentiality Non-Disclosure, Non-Compete, Non-Disparagement and Assignment Agreement in our standard form.

Retirement Benefits and Potential Payments upon Termination or Change in Control

The only arrangement that we maintain that provides for retirement benefits is our tax-qualified defined contribution 401(k) plan. The material terms of our tax-qualified defined contribution 401(k) plan are summarized above under the heading “Retirement Benefits.”

All of the potential payments and benefits payable by us to those of our executive officers in the event of various circumstances involving either a termination of employment or change in control are determined pursuant to the employment agreement with Mr. Popielec or the Restated 2004 LTIP and 2014 LTIP. The employment agreement with Mr. Popielec is summarized above under the heading “Employment Arrangements”. We do not have an employment agreement with Mr. Fain. Under the Restated 2004 LTIP and 2014 LTIP, the Committee has discretion to provide for full vesting of all outstanding unvested stock options and other equity awards upon the occurrence of a “Change in Control” (as defined by the respective plan).

Stock Ownership Guidelines

In order to better align the interests of our executive officers and shareholders, the Compensation Committee implemented stock ownership requirements for our executive officers. The stock ownership requirements for our executive officers are as follows:

President & CEO	1.00 times salary
Chief Financial Officer	0.50 times salary

For 2018, the Compensation Committee established the presumed share price to be used for purposes of determining the minimum number of shares to be owned by the executive officers. This presumed price was \$5.79 per share, which was based on the volume weighted average price (“VWAP”), calculated as an amount equal to the sum of the dollar value of every transaction in our common stock for the two-year period ended December 31, 2017 divided by the total shares traded for such two-year period. Each year the Compensation Committee will establish a new price per share to be used to determine the minimum number of shares required to be held which will be based on the VWAP of our common stock for the preceding two-year period. Executive officers have three years from the date of hire to achieve the required holdings, which are based on the price per share as calculated above. Additionally, our stock ownership policy requires that until the share ownership guidelines are met, executive officers are prohibited from disposing of more than 50% of vested shares received from restricted share grants (on an after tax basis) and 50% of shares received on exercise of stock options. Shares owned by an executive, as well as shares underlying awards of stock options and restricted stock are treated as owned by the executive for purposes of determining whether required ownership has been achieved. Our executive officers have met their respective stock ownership requirement.

We have adopted written policies and procedures for the review and approval or ratification of any “related party transaction,” as defined by Regulation S-K, Item 404. The policy provides that each related party transaction must be reviewed by our Audit and Finance Committee. The Audit and Finance Committee reviews the relevant facts and circumstances of the transaction, including if the transaction is on terms comparable to those that could be obtained in arms-length dealings with an unrelated third party and the extent of the related party’s interest in the transaction, taking into account the conflicts of interest and corporate opportunity provisions of our Code of Ethics, and either recommends that the Board of Directors approve or disapprove the related party transaction. We will disclose all related party transactions, as required, in our filings with the SEC. No reportable transactions occurred during 2018 and 2017, and there are currently no such proposed transactions.
