Forward-Looking Statements

This Quarterly Report on Form 10-Q contains forward-looking statements within the meaning of the federal securities laws. Statements that are not historical facts, including statements about our beliefs and expectations, are forward-looking statements. Forward-looking statements include statements preceded by, followed by or that include the words "may", "could", "would", "should", "believe", "expect", "anticipate", "plan", "estimate", "target", "project", "intend similar expressions. These statements include, among others, statements regarding our expected business outlook, anticipated financial and operating results, our business strategy and means to implement the strategy, our objectives, the amount and timing of capital expenditures, the likelihood of our success in expanding our business, financing plans, budgets, working capital needs and sources of liquidity.

Forward-looking statements are only predictions and are not guarantees of performance. These statements are based on our management's beliefs and assumptions, which in turn are based on currently available information. Important assumptions relating to the forward-looking statements include, among others, assumptions regarding demand for our products, the expansion of product offerings geographically or through new marketing applications, the timing and cost of planned capital expenditures, competitive conditions and general economic conditions. These assumptions could prove inaccurate. Forward-looking statements also involve known and unknown risks and uncertainties, which could cause actual results to differ materially from those contained in any forward-looking statement. Many of these factors are beyond our ability to control or predict. Such factors include, but are not limited to, the following:

- general economic conditions and construction and industrial activity in the markets where we operate in North America;
- ·our ability to forecast trends in our business accurately, and the impact of economic downturns and economic uncertainty on the markets we serve;
- ·the impact of conditions in the global credit and commodity markets and their effect on construction spending and the economy in general;
- ·relationships with equipment suppliers;
- ·increased maintenance and repair costs as we age our fleet and decreases in our equipment's residual value;
- ·our indebtedness;
- ·risks associated with the expansion of our business;
- ·our possible inability to integrate any businesses we acquire;
- ·competitive pressures;
- ·compliance with laws and regulations, including those relating to environmental matters and corporate governance matters; and
- •other factors discussed under "Risk Factors" in our Annual Report on Form 10-K for the year ended December 31, 2015.

Except as required by applicable law, including the securities laws of the United States and the rules and regulations of the Securities and Exchange Commission ("SEC"), we are under no obligation to publicly update or revise any forward-looking statements after we file this Quarterly Report on Form 10-Q, whether as a result of any new information, future events or otherwise. Investors, potential investors and other readers are urged to consider the above mentioned factors carefully in evaluating the forward looking statements and are cautioned not to place undue reliance on such forward looking statements. Although we believe that the expectations reflected in the forward-looking statements are reasonable, we cannot guarantee future results or performance.

For a more detailed discussion of some of the foregoing risks and uncertainties, see Item 1A — "Risk Factors" in our Annual Report on Form 10-K for the year ended December 31, 2015, as well as other reports and registration statements filed by us with the SEC. All of our annual, quarterly and current reports, and any amendments thereto, filed with or furnished to the SEC are available on our Internet website under the Investor Relations link. For more information about us and the announcements we make from time to time, visit our Internet website at www.he-equipment.com.

H&E EQUIPMENT SERVICES, INC. AND SUBSIDIARIES

NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

(Unaudited)

(1) Organization and Nature of Operations

Basis of Presentation

Our condensed consolidated financial statements include the financial position and results of operations of H&E Equipment Services, Inc. and its wholly-owned subsidiaries H&E Finance Corp., GNE Investments, Inc., Great Northern Equipment, Inc., H&E California Holding, Inc., H&E Equipment Services (California), LLC and H&E Equipment Services (Mid-Atlantic), Inc., collectively referred to herein as "we" or "us" or "our" or the "Company."

The accompanying unaudited interim condensed consolidated financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America for interim financial information and with the instructions to Form 10-Q and Rule 10-01 of Regulation S-X. Accordingly, certain information and footnote disclosures normally included in financial statements prepared in accordance with accounting principles generally accepted in the United States of America have been condensed or omitted pursuant to such regulations. In the opinion of management, all adjustments (consisting of all normal and recurring adjustments) considered necessary for a fair presentation have been included. Operating results for the three and six month periods ended June 30, 2016 are not necessarily indicative of the results that may be expected for the year ending December 31, 2016, and therefore, the results and trends in these interim condensed consolidated financial statements may not be the same for the entire year. These interim condensed consolidated financial statements should be read in conjunction with the annual audited consolidated financial statements and related notes in our Annual Report on Form 10-K for the year ended December 31, 2015, from which the consolidated balance sheet amounts as of December 31, 2015 were derived.

All significant intercompany accounts and transactions have been eliminated in these condensed consolidated financial statements. Business combinations accounted for as purchases are included in the condensed consolidated financial statements from their respective dates of acquisition.

The nature of our business is such that short-term obligations are typically met by cash flows generated from long-term assets. Consequently, and consistent with industry practice, the accompanying condensed consolidated balance sheets are presented on an unclassified basis.

Nature of Operations

As one of the largest integrated equipment services companies in the United States focused on heavy construction and industrial equipment, we rent, sell and provide parts and service support for four core categories of specialized equipment: (1) hi-lift or aerial work platform equipment; (2) cranes; (3) earthmoving equipment; and (4) industrial lift trucks. By providing equipment rental, sales, on-site parts, repair and maintenance functions under one roof, we are a one-stop provider for our customers' varied equipment needs. This full service approach provides us with multiple points of customer contact, enables us to maintain a high quality rental fleet, as well as an effective distribution channel for fleet disposal and provides cross selling opportunities among our new and used equipment sales, rental, parts sales and services operations.

(2) Significant Accounting Policies

We describe our significant accounting policies in note 2 of the notes to consolidated financial statements in our Annual Report on Form 10-K for the year ended December 31, 2015. During the six month period ended June 30, 2016, there were no significant changes to those accounting policies.

Use of Estimates

We prepare our consolidated financial statements in accordance with accounting principles generally accepted in the United States of America, which requires management to use its judgment to make estimates and assumptions that affect the reported amounts of assets and liabilities and related disclosures at the date of the consolidated financial statements and the reported amounts of revenues and expenses during the reported period. These assumptions and estimates could have a material effect on our condensed consolidated financial statements. Actual results may differ materially from those estimates. We review our estimates on an ongoing basis based on information currently available, and changes in facts and circumstances may cause us to revise these estimates.

Recent Accounting Pronouncements

In May 2014, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2014-09, Revenue from Contracts with Customers ("ASU 2014-09"). ASU 2014-09 requires an entity to recognize revenue when it transfers promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. In doing so, entities will need to use more judgment and make more estimates than under current guidance. These judgments and estimates may include identifying performance obligations in the contract, estimating the amount of variable consideration to include in the transaction price and allocating the transaction price to each separate performance obligation. ASU 2014-09 also requires an entity to disclose sufficient qualitative and quantitative information surrounding the nature, amount, timing and uncertainty of revenue and cash flows arising from contracts with customers. This ASU supersedes the revenue recognition requirements in Topic 605, Revenue Recognition, and most industry-specific guidance throughout the Industry Topics of the Codification, and further permits the use of either a retrospective or cumulative effect transition method. The FASB agreed to a one-year deferral of the original effective date of this guidance and, as a result, it will become effective for fiscal years and interim periods after December 15, 2017. However, entities may adopt the new guidance as of the original effective date (for fiscal years and interim periods beginning after December 15, 2016). We expect to adopt ASU 2014-09 as of January 1, 2018 and expect to use the modified retrospective application method. While evaluation of the new comprehensive standard is ongoing, we do not expect that the adoption of this standard will have a material impact on the Company's consolidated financial statements.

In February 2016, the FASB issued ASU 2016-02, Leases (Topic 842) ("ASU 2016-02"). The new standard is intended to provide enhanced transparency and comparability by requiring lessees to record right-of-use assets and corresponding lease liabilities on the balance sheet, with the exception of leases with a term of 12 months or less, which permits a lessee to make an accounting policy election by class of underlying asset not to recognize lease assets and liabilities. ASU 2016-02 is effective for fiscal years beginning after December 15, 2018, including interim periods within those fiscal years, and early adoption is permitted. The new standard requires the recognition and measurement of leases at the beginning of the earliest period presented using a modified retrospective approach, which includes a number of optional practical expedients that entities may elect to apply. We are currently evaluating the impact this guidance will have on our consolidated financial statements.

In March 2016, the FASB Issued ASU No. 2016-09, Compensation-Stock Compensation (Topic 718): Improvements to Employee Share-Based Payment Accounting ("ASU 2016-09"). The updated guidance changes how companies account for certain aspects of share-based payment awards to employees, including the accounting for income taxes, forfeitures, and statutory tax withholding requirements, as well as classification in the statement of cash flows. ASU 2016-09 is effective for annual periods beginning after December 15, 2016 and interim periods within those annual periods, with early application permitted. We are currently evaluating the effect the guidance will have on our consolidated financial statements.

Guidance Adopted in the First Quarter of 2016

In April 2015, the FASB issued ASU No. 2015-03, Simplifying the Presentation of Debt Issuance Costs ("ASU 2015-03"), which requires debt issuance costs to be presented in the balance sheet as a direct deduction from the carrying value of the associated debt liability, consistent with the presentation of a debt discount. The guidance in the new standard is limited to the presentation of debt issuance costs and does not affect the recognition and measurement of debt issuance costs. In August 2015, the FASB issued ASU No. 2015-15, Interest-Imputation of Interest (Subtopic 835-30): Presentation and Subsequent Measurement of Debt Issuance Costs Associated with Line-of-Credit Arrangements - Amendments to SEC Paragraphs Pursuant to Staff Announcements ("ASU 2015-15"). ASU 2015-15 amends Subtopic 835-30 to include that the SEC would not object to the deferral and presentation of debt issuance costs as an asset and subsequent amortization of debt issuance costs over the term of the line-of-credit arrangement, whether or not there are any outstanding borrowings on the line-of-credit arrangement. This guidance became effective for us in the first quarter of 2016 and was applied on a retrospective basis. As a result of adopting this

guidance, total assets and total liabilities as of December 31, 2015 changed as shown below (amounts in thousands).

					Total
					Liabilities
	Deferred		Senior		and
	Financing	Total	Unsecured	Total	Stockholders'

Current presentation	\$ 2,777	\$1,299,511	\$627,306	\$1,156,923	\$1,299,511

Q

(3) Fair Value of Financial Instruments

Fair value is defined as the amount that would be received for selling an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The FASB fair value measurement guidance established a fair value hierarchy that prioritizes the inputs used to measure fair value. The three broad levels of the fair value hierarchy are as follows:

Level 1 – Quoted prices (unadjusted) in active markets for identical assets or liabilities

Level 2 – Quoted prices for similar assets and liabilities in active markets or inputs that are observable for the asset or liability, either directly or indirectly

Level 3 – Unobservable inputs for which little or no market data exists, therefore requiring a company to develop its own assumptions

The carrying value of financial instruments reported in the accompanying condensed consolidated balance sheets for cash, accounts receivable, accounts payable and accrued expenses payable and other liabilities approximate fair value due to the immediate or short-term nature or maturity of these financial instruments. The fair value of our letter of credit is based on fees currently charged for similar agreements. The carrying amounts and fair values of our other financial instruments subject to fair value disclosures as of June 30, 2016 and December 31, 2015 are presented in the table below (amounts in thousands) and have been calculated based upon market quotes and present value calculations based on market rates.

	June 30, 2016

During the three and six month periods ended June 30, 2016 and 2015, there were no transfers of financial assets or liabilities in or out of Level 1, Level 2 or Level 3 of the fair value hierarchy.

(4) Stockholders' Equity

The following table summarizes the activity in Stockholders' Equity for the six month period ended June 30, 2016 (amounts in thousands, except share data):

	Common Sto Shares	ock	Additional Paid-in	Treasury	Retained Earnings	Total Stockholder	rs'
	Issued	Amount	Capital	Stock	(Deficit)	Equity	
Balances at December 31, 2015	39,333,571	\$ 392	\$220,879	\$(60,405)	\$(18,278)	\$ 142,588

Balances at June 30, 2016	39,373,548	\$ 393	\$222,290	\$(60,405)	\$(24,719)	\$ 137,559	
Issuance of common stock Net income		1 — \$ 393		 \$(60,405)	,	13,077)

(5) Stock-Based Compensation

We account for our stock-based compensation plan using the fair value recognition provisions of Accounting Standards Codification ("ASC") 718, Stock Compensation ("ASC 718"). Under the provisions of ASC 718, stock-based compensation is measured at the grant date, based on the calculated fair value of the award, and is recognized as an expense over the requisite employee service period (generally the vesting period of the grant).

Over the last ten years, we have been granting awards under our 2006 Stock-Based Incentive Compensation Plan, as amended (the "Prior Stock Plan"). The Prior Stock Plan expired pursuant to its terms in June 2016, and the Company will no longer be able to grant equity awards under the Prior Stock Plan. At our annual meeting of stockholders in May 2106, our stockholders approved our 2016 Stock-Based Incentive Compensation Plan. Shares available for future stock-based payment awards under our 2016 Stock-Based Incentive Compensation Plan were 2,100,000 shares as of June 30, 2016. To the extent that awards granted under the Prior Stock Plan are forfeited or otherwise terminate for any reason whatsoever without an actual distribution or issuance of shares, the plan limit will be increased by such number of shares.

Non-vested Stock

The following table summarizes our non-vested stock activity, all of which was granted pursuant to the Prior Stock Plan, for the six months ended June 30, 2016:

	N. 1	Weighted
	Number of	Average Grant
	Shares	Date Fair Value
Non-vested stock at December 31, 2015	322,355	\$ 19.90
Granted	39,977	\$ 11.61
Vested	(39,977)	\$ 11.61
Forfeited	(6,785)	\$ 18.63
Non-vested stock at June 30, 2016	315,570	\$ 19.93

As of June 30, 2016, we had unrecognized compensation expense of approximately \$3.5 million related to non-vested stock that we expect to be recognized over a weighted-average period of approximately 2.2 years. The following table summarizes compensation expense related to non-vested stock, which is included in selling, general and administrative expenses in the accompanying condensed consolidated statements of income for the three and six months ended June 30, 2016 and 2015 (amounts in thousands):

	For the Three M	Months Ended	For the S Months I	
	June 30,		June 30,	
	2016	2015	2016	2015
Compensation expense	\$ 626	\$ 484	\$1,667	\$1,505

Stock Options

At June 30 2016, there is no unrecognized compensation expense as all stock option awards have fully vested. The following table represents stock option activity for the six months ended June 30, 2016:

			Weighted
		Weighted	Average
	Number of	Average	Contractual
		Exercise	Life In
	Shares	Price	Years
Outstanding options at December 31, 2015	51,000	\$ 17.80	
Granted	_		
Exercised	_	_	
Canceled, forfeited or expired	(45,000)	\$ 17.60	
Outstanding options at June 30, 2016	6,000	\$ 19.27	1.1
Options exercisable at June 30, 2016	6,000	\$ 19.27	1.1

The closing price of our common stock at June 30, 2016 was \$19.03. Options outstanding at June 30, 2016, all of which were granted pursuant to the Prior Stock Plan, have grant date fair values that exceed the June 30, 2016 closing stock price.

(6) Income per Share

Income per common share for the three and six months ended June 30, 2016 are based on the weighted average number of common shares outstanding during the period. The effects of potentially dilutive securities that are anti-dilutive are not included in the computation of dilutive income per share. We include all common shares granted under our incentive compensation plan which remain unvested ("restricted common shares") and contain non-forfeitable rights to dividends or dividend equivalents, whether paid or unpaid ("participating securities"), in the number of shares outstanding in our basic and diluted EPS calculations using the two-class method. All of our restricted common shares are currently participating securities.

Under the two-class method, earnings per common share are computed by dividing the sum of distributed earnings allocated to common shareholders by the weighted average number of common shares outstanding for the period. In applying the two-class method, distributed and undistributed earnings are allocated to both common shares and restricted common shares based on the total weighted average shares outstanding during the period. The number of restricted common shares outstanding was approximately 0.7% and 0.4% of total outstanding shares for each of the three and six months ended June 30, 2016 and 2015, respectively, and, consequently, was immaterial to the basic and diluted EPS calculations. Therefore, use of the two-class method had no impact on our basic and diluted EPS calculations for the periods presented. The following table sets forth the computation of basic and diluted net income per common share for the three and six months ended June 30, 2016 and 2015 (amounts in thousands, except per share amounts):

	Three Months Ended June 30,		Six Months Ended June 30,	
	2016	2015	2016	2015
Basic net income per share:				
Net income	\$7,503	\$11,480	\$13,077	\$17,566
Weighted average number of common				
shares outstanding	35,354	35,238	35,347	35,232
Net income per share of common stock – basic	\$0.21	\$0.33	\$0.37	\$0.50
Diluted net income per share:				
Net income	\$7,503	\$11,480	\$13,077	\$17,566
Weighted average number of common shares outstanding	35,354	35,238	35,347	35,232
Effect of dilutive securities:				
Effect of dilutive stock options	_	20	_	20
Effect of dilutive non-vested restricted stock	126	56	92	48
Weighted average number of common shares				
outstanding – diluted	35,480	35,314	35,439	35,300
Net income per share of common stock – diluted	\$0.21	\$0.33	\$0.37	\$0.50
Common shares excluded from the denominator as anti-dilutive:				
Stock options	1	_	7	_
Non-vested restricted stock	_	_	4	

(7) Senior Secured Credit Facility

We and our subsidiaries are parties to a \$602.5 million senior secured credit facility (the "Credit Facility") with Wells Fargo Capital Finance, LLC ("Wells Fargo"), as agent (as successor in such capacity to General Electric Capital Corporation ("GE Capital")), and the lenders named therein (the "Lenders").

On May 21, 2014, we amended, extended and restated the Credit Facility by entering into the Fourth Amended and Restated Credit Agreement (the "Amended and Restated Credit Agreement") by and among the Company, Great Northern Equipment, Inc., H&E Equipment Services (California), LLC, the other credit parties named therein, the lenders named therein, GE Capital, as administrative agent, Bank of America, N.A. as co-syndication agent and documentation agent, Wells Fargo, as co-syndication agent and Deutsche Bank Securities Inc. as joint lead arranger and joint bookrunner. In March 2016, Wells Fargo succeeded and was substituted for GE Capital as the administrative agent under the Amended and Restated Credit Agreement.

The Amended and Restated Credit Agreement, among other things, (i) extends the maturity date of the Credit Facility from February 29, 2017 to May 21, 2019, (ii) increases the uncommitted incremental revolving capacity from \$130 million to \$150 million, (iii) permits a like-kind exchange program under Section 1031 of the Internal Revenue Code of 1986, as amended, (iv) provides that the unused commitment fee margin will be either 0.50%, 0.375% or 0.25%, depending on the ratio of the average of the daily closing

balances of the aggregate revolving loans, swing line loans and letters of credit outstanding during each month to the aggregate commitments for the revolving loans, swing line loans and letters of credit, (v) lowers the interest rate (a) in the case of index rate revolving loans, to the index rate plus an applicable margin of 0.75% to 1.25% depending on the leverage ratio and (b) in the case of LIBOR revolving loans, to LIBOR plus an applicable margin of 1.75% to 2.25%, depending on the leverage ratio, (vi) lowers the margin applicable to the letter of credit fee to between 1.75% and 2.25%, depending on the leverage ratio, and (vii) permits, under certain conditions, for the payment of dividends and/or stock repurchases or redemptions on the capital stock of the Company of up to \$75 million per calendar year and further additionally permits the payment of the special cash dividend of \$7.00 per share previously declared by the Company on August 20, 2012 to the holders of outstanding restricted stock of the Company following the declared payment date with such permission not tied to the vesting of such restricted stock (which includes the Company's payment in June 2014 of all amounts that remained payable to the holders of the restricted stock of the Company with respect to such special dividend that was otherwise payable following the applicable vesting dates in May and July 2014 and 2015).

On February 5, 2015, we entered into an amendment of the Credit Facility which, among other things, increased the total amount of revolving loan commitments under the Amended and Restated Credit Agreement from \$402.5 million to \$602.5 million.

As of June 30, 2016, we were in compliance with our financial covenants under the Credit Facility. At June 30, 2016, the Company could borrow up to an additional \$420.3 million and remain in compliance with the debt covenants under the Company's Credit Facility.

At June 30, 2016, the interest rate on the Credit Facility was based on a 3.25% U.S. Prime Rate plus 100 basis points and LIBOR plus 200 basis points. The weighted average interest rate at June 30, 2016 was approximately 2.8%. At July 21, 2016, we had \$419.6 million of available borrowings under our Credit Facility, net of \$7.7 million of outstanding letters of credit.

(8) Senior Unsecured Notes

The following table reconciles our Senior Unsecured Notes to our Condensed Consolidated Balance Sheets (amounts in thousands):

Balance at December 31, 2014 Accretion of discount through December 31, 2015 Amortization of note premium through December 31, 2015	\$628,714 1,055 (887)
Reclass of deferred financing costs to debt discount (see	
footnote 2)	(1,576)
Balance at December 31, 2015	\$627,306
Accretion of discount through June 30, 2016	527
Amortization of note premium through June 30, 2016	(443)
Amortization of deferred financing costs through	
June 30, 2016	118
Balance at June 30, 2016	\$627,508

(9) Segment Information

We have identified five reportable segments: equipment rentals, new equipment sales, used equipment sales, parts sales and services revenues. These segments are based upon how management of the Company allocates resources and assesses performance. Non-segmented revenues and non-segmented costs relate to equipment support activities including transportation, hauling, parts freight and damage-waiver charges and are not allocated to the other reportable segments. There were no sales between segments for any of the periods presented. Selling, general and administrative expenses as well as all other income and expense items below gross profit are not generally allocated to reportable segments.

We do not compile discrete financial information by segments other than the information presented below. The following table presents information about our reportable segments (amounts in thousands):

	Three Months Ended		Six Month	s Ended	
	June 30,		June 30,		
	2016	2015	2016	2015	
Segment Revenues:

Parts and services	18,044	19,453
Total segment identified assets	1,003,602	990,211
Non-segment identified assets	299,950	309,300
Total assets	\$1,303,552	\$1,299,511

The Company operates primarily in the United States and our sales to international customers for the three month period ended June 30, 2016 and 2015 were 0.3% and 0.6%, respectively, of total revenues. Our sales to international customers for the six month period ended June 30, 2016 and 2015 were 0.5% and 0.7%, respectively, of total revenues. No one customer accounted for more than 10% of our revenues on an overall or segment basis for any of the periods presented.

(10) Condensed Consolidating Financial Information of Guarantor Subsidiaries

All of the indebtedness of H&E Equipment Services, Inc. is guaranteed by GNE Investments, Inc. and its wholly owned subsidiary Great Northern Equipment, Inc., H&E Equipment Services (California), LLC, H&E California Holding, Inc., H&E Equipment Services (Mid-Atlantic), Inc. and H&E Finance Corp. The guarantor subsidiaries are all wholly owned and the guarantees, made on a joint and several basis, are full and unconditional (subject to subordination provisions and subject to a standard limitation which provides that the maximum amount guaranteed by each guarantor will not exceed the maximum amount that can be guaranteed without making the guarantee void under fraudulent conveyance laws). There are no restrictions on H&E Equipment Services, Inc.'s ability to obtain funds from the guarantor subsidiaries by dividend or loan.

The consolidating financial statements of H&E Equipment Services, Inc. and its subsidiaries are included below. The financial statements for H&E Finance Corp. are not included within the consolidating financial statements because H&E Finance Corp. has no assets or operations.
