PROXY STATEMENT

QUESTIONS AND ANSWERS

1.Q: Why am I receiving these materials?

A: This Proxy Statement and enclosed forms of Proxy (first mailed to the holders of Class A and Class C Common Stock, and to the holders of Class B and Class D Common Stock who requested to receive printed Proxy Materials, on or about April 5, 2018) are furnished in connection with the solicitation by our Board of Directors of Proxies for use at the Annual Meeting of Stockholders, or at any adjournment thereof. A Notice Regarding the Availability of Proxy Materials was first mailed to all of our other stockholders beginning on or about April 5, 2018. The Annual Meeting will be held on Wednesday, May 16, 2018 at 10:00 a.m., at our offices located at Universal Corporate Center, 367 South Gulph Road, King of Prussia, Pennsylvania. As a stockholder, you are invited to attend the Annual Meeting and are requested to vote on the items of business described in this Proxy Statement.

2.Q: What is the purpose of the Annual Meeting?

A: The Annual Meeting is being held (1) to have the holders of Class A and C Common Stock (voting together as a single class) elect three Class I directors, each such director to serve for a term of three years until the annual election of directors in 2021 or the election and qualification of his or her respective successor; (2) the ratification of the selection of PricewaterhouseCoopers LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2018; (3) to act on a stockholder proposal regarding proxy access if properly presented at the meeting; and (4) to transact such other business as may properly be brought before the meeting or any adjournment thereof. We will also discuss our business and be available for your comments and discussion.

3.Q: Why did holders of Class B and Class D Common Stock receive a notice in the mail regarding the internet availability of Proxy Materials instead of a full set of Proxy Materials?

A: In accordance with "notice and access" rules adopted by the U.S. Securities and Exchange Commission, or SEC, we may furnish Proxy Materials, including this Proxy Statement and our Annual Report to Stockholders, to our stockholders by providing access to such documents on the internet instead of mailing printed copies. Holders of Class B and Class D Common Stock will not receive printed copies of the Proxy Materials unless they request them. Instead, the Notice, which was mailed to holders of Class B and Class D Common Stock that did not request printed copies of the Proxy Materials, will instruct you as to how you may access and review all of the Proxy Materials on the internet. Please visit <http://www.edocumentview.com/uhs>. The Notice also instructs you as to how you may submit your Proxy on the internet. If you would like to receive a paper or e-mail copy of our Proxy Materials, you should follow the instructions for requesting such materials in the Notice.

4.Q: Who may attend the Annual Meeting?

A: Stockholders of record as of the close of business on March 20, 2018, or their duly appointed Proxies, may attend the meeting. Stockholders whose shares are held through a broker or other nominee will need to bring a copy of a brokerage statement reflecting their ownership of our Common Stock as of the record date.

5.Q: Who is entitled to vote at the Annual Meeting?

A: Only stockholders of record as of the close of business on March 20, 2018 are entitled to vote at the Annual Meeting. 6.Q: Who is soliciting my vote?

A: The principal solicitation of Proxies is being made by the Board of Directors by mail. Certain of our officers, directors and employees, none of whom will receive additional compensation therefor, may solicit Proxies by telephone or other personal contact. We will bear the cost of the solicitation of the Proxies, including postage, printing and handling and will reimburse the reasonable expenses of brokerage firms and others for forwarding material to beneficial owners of shares. We have not engaged any third party to assist us in solicitation of proxies at the Annual Meeting, but we may decide to retain the services of a proxy solicitation firm in the future if we believe it is appropriate under the circumstances.

7.Q: What items of business will be voted on at the Annual Meeting?

A: The holders of Class A and C Common Stock (voting together as a single class) will elect three Class I directors, each such director to serve for a term of three years until the annual election of directors in 2021 or the election and qualification of his respective successor. The holders of Class A, Class C, Class B and Class D Common Stock (voting together as a single class) will vote on the following matters: ratification of the selection of PricewaterhouseCoopers LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2018; and a stockholder proposal regarding proxy access, if properly presented at the meeting.

8.Q: How does the Board of Directors recommend that I vote?

A: The Board of Directors recommends that holders of Class A and Class C Common Stock vote shares "FOR" the election of the respective nominees to the Board of Directors (Proposal 1).

The Board of Directors recommends that holders of Class A, Class C, Class B and Class D Common Stock vote shares "FOR" the ratification of the selection of PricewaterhouseCoopers LLP as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2018 (Proposal 2).

The Board of Directors recommends that holders of Class A, Class C, Class B and Class D Common Stock vote shares "AGAINST" the stockholder proposal regarding proxy access, if properly presented at the meeting; (Proposal 3).

9.Q: How will voting on any other business be conducted?

A: Other than the items of business described in this Proxy Statement, we know of no other business to be presented for action at the Annual Meeting. As for any business that may properly come before the

Annual Meeting, your signed Proxy gives authority to the persons named therein. Those persons may vote on such matters at their discretion and will use their best judgment with respect thereto.

10.Q: What is the difference between a “stockholder of record” and a “street name” holder?

A: These terms describe how your shares are held. If your shares are registered directly in your name with Computershare, our transfer agent, you are a “stockholder of record.” If your shares are held in the name of a brokerage, bank, trust or other nominee as a custodian, you are a “street name” holder.

11.Q: How do I vote my shares if I am a stockholder of record?

A: A separate form of Proxy applies to our Class A and Class C Common Stock and a separate form of Proxy applies to our Class B and Class D Common Stock. For specific instructions on how to vote your shares, please refer to the instructions on the Notice Regarding the Availability of Proxy Materials you received in the mail or, if you received printed Proxy Materials, your enclosed Proxy card. If you received printed Proxy Materials, enclosed is a Proxy card for the shares of stock held by you on the record date. If you received printed Proxy Materials, you may vote by signing and dating each Proxy card you receive and returning it in the enclosed prepaid envelope, or you may vote by telephone or internet. Unless otherwise indicated on the Proxy, shares represented by any Proxy will, if the Proxy is properly executed and received by us prior to the Annual Meeting, be voted “FOR” each of the nominees for director; “FOR the ratification of the selection of PricewaterhouseCoopers LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2018; and “AGAINST” the stockholder proposal regarding proxy access, if properly presented at the meeting.

12.Q: How do I vote by telephone or electronically?

A: Instead of submitting your vote by mail on the enclosed Proxy card (if you received printed Proxy Materials), your vote can be submitted by telephone or electronically, via the internet. Please refer to the specific instructions set forth on the Notice Regarding the Availability of Proxy Materials or, if you received printed Proxy Materials, on the enclosed Proxy card. For security reasons, our electronic voting system has been designed to authenticate your identity as a stockholder.

13.Q: How do I vote my shares if they are held in street name?

A: If your shares are held in street name, your broker or other nominee will provide you with a form seeking instruction on how your shares should be voted.

14.Q: Can I change or revoke my vote?

A: Yes. Any Proxy executed and returned to us is revocable by delivering a later signed and dated Proxy or other written notice to our Secretary at any time prior to its exercise. Your Proxy is also subject to revocation if you are present at the meeting and choose to vote in person.

15.Q: What constitutes a “quorum”?

A: The holders of a majority of the common stock votes issued and outstanding and entitled to vote, either in person or represented by Proxy, constitutes a quorum. Proxies received but marked as abstentions and broker non-votes will be included in the calculation of the number of shares considered to be present at the meeting.

16.Q: What are our voting rights with respect to the election of directors?

A: Our Restated Certificate of Incorporation provides that, with respect to the election of directors, holders of Class A Common Stock vote as a class with the holders of Class C Common Stock, and

holders of Class B Common Stock vote as a class with holders of Class D Common Stock, with holders of all classes of Common Stock entitled to one vote per share.

As of March 20, 2018, the shares of Class A and Class C Common Stock constituted 7.7% of the aggregate outstanding shares of our Common Stock, had the right to elect five members of the Board of Directors and constituted 86.8% of our general voting power; and as of that date the shares of Class B and Class D Common Stock (excluding shares issuable upon exercise of options) constituted 92.3% of the outstanding shares of our Common Stock, had the right to elect two members of the Board of Directors and constituted 13.2% of our general voting power.

17.Q: What are our voting rights with respect to matters other than the election of directors?

A: As to matters other than the election of directors, our Restated Certificate of Incorporation provides that holders of Class A, Class B, Class C and Class D Common Stock all vote together as a single class, except as otherwise provided by law.

Each share of Class A Common Stock entitles the holder thereof to one vote; each share of Class B Common Stock entitles the holder thereof to one-tenth of a vote; each share of Class C Common Stock entitles the holder thereof to 100 votes (provided the holder of Class C Common Stock holds a number of shares of Class A Common Stock equal to ten times the number of shares of Class C Common Stock that holder holds); and each share of Class D Common Stock entitles the holder thereof to ten votes (provided the holder of Class D Common Stock holds a number of shares of Class B Common Stock equal to ten times the number of shares of Class D Common Stock that holder holds).

In the event a holder of Class C or Class D Common Stock holds a number of shares of Class A or Class B Common Stock, respectively, less than ten times the number of shares of Class C or Class D Common Stock that holder holds, then that holder will be entitled to only one vote for every share of Class C Common Stock, or one-tenth of a vote for every share of Class D Common Stock, which that holder holds in excess of one-tenth the number of shares of Class A or Class B Common Stock, respectively, held by that holder. The Board of Directors, in its discretion, may require holders of Class C or Class D Common Stock to provide satisfactory evidence that such owner holds ten times as many shares of Class A or Class B Common Stock as Class C or Class D Common Stock, respectively, if such facts are not apparent from our stock records.

18.Q: Will my shares be voted if I do not sign and return my Proxy card or vote by telephone or internet?

A: If you are a stockholder of record and you do not sign and return your Proxy card or vote by telephone or internet, your shares will not be voted at the Annual Meeting. If your shares are held in street name and you do not issue instructions to your broker, your broker may vote your shares at its discretion on routine matters, but may not vote your shares on nonroutine matters. Under the New York Stock Exchange rules, each of the proposals other than the ratification of the selection of the Company's independent registered public accounting firm is deemed to be a nonroutine matter with respect to which brokers and nominees may not exercise their voting discretion without receiving instructions from the beneficial owner of the shares.

19.Q: What is a "broker non-vote"?

A: "Broker non-votes" are shares held by brokers or nominees which are present in person or represented by Proxy, but which are not voted on a particular matter because instructions have not been received from the beneficial owner. Under the rules of the Financial Industry Regulatory Authority, member brokers generally may not vote shares held by them in street name for customers unless they are permitted to do so under the rules of any national securities exchange of which they are a member. Under the rules of the New York Stock Exchange, New York Stock Exchange-member brokers who hold shares of Common Stock in street name for their customers and have transmitted our Proxy

solicitation materials to their customers, but do not receive voting instructions from such customers, are not permitted to vote on nonroutine matters. Under the New York Stock Exchange rules, each of the proposals other than the ratification of the selection of the Company’s independent registered public accounting firm is deemed to be nonroutine matters with respect to which brokers and nominees may not exercise their voting discretion without receiving instructions from the beneficial owner of the shares.

20.Q: What is the effect of a broker non-vote?

A: Broker non-votes will be counted for the purpose of determining the presence or absence of a quorum but will not be considered present and entitled to vote on any matter for which a broker, bank or other nominee does not have authority. For the Annual Meeting, pursuant to the rules of the New York Stock Exchange, your broker, bank or other nominee will be permitted to vote for you without instruction only with respect to Proposal 2 regarding the ratification of PricewaterhouseCoopers LLP. A broker non-vote will not have any impact on the outcome of any other proposals.

21.Q: What is the vote required to approve each proposal?

A:

Item of Business	Votes Required for Approval	Abstentions	Proxy Cards	Signed But Unmarked	Broker Non-Votes
Proposal 1: Election of Directors	Three Class I directors will be elected by the highest number of affirmative votes of the shares of Class A and Class C Common Stock, voting together as a single class, present in person or represented by Proxy and entitled to vote. 22. Q: Who will count the votes?

A: The Secretary will count the Class A and Class C votes. Our transfer agent will count the Class B and Class D votes and serve as inspector of elections.

23. Q: When are stockholder proposals due in order to be included in our Proxy Statement for the 2019 Annual Meeting?

25. Q: How can I obtain additional information about the Company?

A: Copies of our annual, quarterly and current reports we file with the Securities and Exchange Commission, or SEC, and any amendments to those reports, are available free of charge on our website, which is located at <http://www.uhsinc.com>. PROPOSAL NO. 1

ELECTION OF DIRECTORS

Our Restated Certificate of Incorporation provides for a Board of Directors of not fewer than three members nor more than nine members. The Board of Directors after the Annual Meeting will be fixed at seven members, and is divided into three classes, with members of each class serving for a three-year term. At each Annual Meeting of Stockholders, directors are chosen to succeed those in the class whose term expires at such Annual Meeting and, in the case of this Annual Meeting, directors will be elected as Class I directors. Under our Restated Certificate of Incorporation, holders of shares of our outstanding Class B and Class D Common Stock (voting together as a single class) are entitled to elect 20% (but not less than one) of the directors, currently two directors, one in Class II and one in Class III, and the holders of Class A and Class C Common Stock (voting together as a single class) are entitled to elect the remaining five directors, three in Class I, one in Class II, and one in Class III.

The persons listed below include our Board of Directors and nominees. The terms of the current Class I directors, Messrs. John H. Herrell, and Marc D. Miller, Ms. Eileen C. McDonnell and Dr. Elliot J. Sussman, expire at the 2018 Annual Meeting. Mr. John H. Herrell will not be seeking reelection at the 2018 Annual Meeting. Mr. Marc D. Miller, Ms. Eileen C. McDonnell and Dr. Elliot J. Sussman have been nominated to be elected by the holders of Class A and C Common Stock. We have no reason to believe that any of the nominees will be unavailable for election; however, if either nominee becomes unavailable for any reason, the shares represented by the Proxy will be voted for the person, if any, who is designated by the Board of Directors to replace the nominee. All nominees have consented to be named and have indicated their intent to serve if elected. The following information is furnished with respect to each of the nominees for election as a director and each member of the Board of Directors whose term of office will continue after the meeting.

PROPOSAL NO. 2

RATIFICATION OF THE SELECTION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTANTS

The Audit Committee of the Board has selected, and as a matter of good corporate governance, is requesting ratification by the stockholders of the selection of PricewaterhouseCoopers LLP to serve as our independent registered public accountants for the year ending December 31, 2018. PricewaterhouseCoopers LLP has served as our independent registered public accountants since 2007. If a favorable vote is not obtained, the Audit Committee may reconsider the selection of PricewaterhouseCoopers LLP. Even if the selection is ratified, the Audit Committee, in its discretion, may select different independent auditors if it subsequently determines that such a change would be in the best interest of the Company and its stockholders.

PricewaterhouseCoopers LLP representatives will attend the Annual Meeting and respond to questions where appropriate. Such representatives may make a statement at the Annual Meeting should they so desire.

Vote Required

Ratification of the selection of the independent registered public accountants by the stockholders requires that affirmative "FOR" vote of the holders of a majority of the Class A, Class B, Class C and Class D Common Stock votes present in person or represented by proxy and entitled to vote on the matter. Unless marked to the contrary, proxies will be voted FOR the ratification of the selection of PricewaterhouseCoopers LLP as our independent registered public accountants.

THE BOARD RECOMMENDS THAT STOCKHOLDERS VOTE FOR THE RATIFICATION OF THE SELECTION OF PRICEWATERHOUSECOOPERS LLP AS OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTANTS FOR THE FISCAL YEAR ENDING DECEMBER 31, 2018.

PROPOSAL NO. 3

STOCKHOLDER PROPOSAL REGARDING STOCKHOLDER PROXY ACCESS

We have been notified that the Comptroller of the City of New York, Scott M. Stringer, as the custodian and a trustee of the New York City Employees' Retirement System, the New York City Fire Department Pension Fund, the New York City Teachers' Retirement System, and the New York City Police Pension Fund, and custodian of the New York City Board of Education Retirement System (the "Systems") intends to present a non-binding proposal for consideration at the Annual Meeting. The Comptroller of the City of New York represents that the Systems, collectively, are the beneficial owners of 136,456 shares of common stock. The stockholders making this proposal have provided the proposal and supporting statement, which is set forth below.

The Board opposes adoption of the proposal and asks stockholders to review the Board's statement in opposition to the proposal, which follows the stockholders' proposal and supporting statement below.

Stockholder Proposal Regarding Proxy Access

RESOLVED: Shareholders of Universal Health Services, Inc. ("UHS") ask the board of directors ("Board") to take the steps necessary to adopt a "proxy access" bylaw. The bylaw should require UHS to include in proxy materials prepared for a shareholder meeting at which Class B/D directors are to be elected the name, Disclosure and Statement (defined below) of any person nominated for election as a Class B/D director by a Class B/D shareholder or group ("Nominator") satisfying the criteria established below and allow Class B/D shareholders to vote on such nominee(s) on UHS's proxy card.

The number candidates nominated pursuant to the bylaw for a given meeting should not exceed one quarter of the directors then comprising the Board, subject to any limitations on the number of Class B/D directors to be elected by Class B/D shareholders at the meeting. (Currently, holders of Class B and D shares elect two of UHS's seven directors, and they are in different classes resulting from UHS's classified board.) This bylaw, which supplements existing rights, should provide that a Nominator must:

- a) Not be an executive officer or director of UHS;
- b) have beneficially owned 3% or more of UHS's outstanding Class B or D common stock continuously for at least three years;
- c) give UHS, within the time period identified in its bylaws, written notice of the information required by the bylaws and any SEC rules about (i) the nominee; and (ii) the Nominator, including proof it owns the required shares (information required by this subsection is the "Disclosure"); and
- d) certify that (i) it will assume liability stemming from any legal or regulatory violation arising out of the Nominator's communications with UHS shareholders, including the Disclosure and Statement; (ii) it will comply with all applicable laws and regulations if it uses soliciting material other than UHS's proxy materials; and (iii) to the best of its knowledge, the required shares were acquired in the ordinary course of business and not to change or influence control at UHS.

The Nominator may submit a statement not exceeding 500 words in support of each nominee (the "Statement"). The Board shall adopt procedures for promptly resolving disputes over whether notice of a nomination was timely, whether the Disclosure and Statement satisfy the bylaw and applicable rules, and the priority to be given when the limit on nominees is exceeded.

SUPPORTING STATEMENT

We believe proxy access is a fundamental shareholder right that will make directors more accountable and enhance shareholder value. A 2014 CFA Institute study concluded that proxy access would “benefit both the markets and corporate boardrooms, with little cost or disruption” and could raise overall US market capitalization by up to \$140.3 billion if adopted market-wide. (<http://www.cfapubs.org/doi/pdf/10.2469/ccb.v2014.n9.1>)

The proposed terms enjoy strong investor and company support. Between January 2015 and October 2017, at least 444 companies of various sizes across industries enacted bylaws with similar terms.

MANAGEMENT'S STATEMENT IN OPPOSITION TO STOCKHOLDER PROPOSAL

This is the third consecutive year that the Comptroller of the City of New York has submitted this proposal or a substantially similar proposal. At our 2017 annual meeting, this proposal received the support of less than 10% of the common stock votes represented in person or by proxy at the meeting. Our Board of Directors continues to believe that the implementation of proxy access is not in the best interests of our Company. The Board has carefully considered this specific proposal and recommends a vote AGAINST it for the following reasons:

Proxy access is a procedure designed to facilitate company-financed proxy contests in director elections, pitting the Board's nominees against one or more proxy access candidates nominated by a stockholder to be included in the Company's proxy statement. The Board recommends that you vote against this proposal because it advances a solution for a problem that does not exist at our Company, does not take into account the effective voice our stockholders already have, undercuts the role of the independent Nominating and Governance Committee, and would introduce an unnecessary and potentially expensive and destabilizing dynamic into the Board election process.

The Board believes this proposal advances a solution for a problem that does not exist at the Company and our Board has strong support from our stockholders. The Company's current corporate governance policies and practices provide stockholders with the ability to effectively express their views and participate meaningfully in director elections, and ensure that the Board of Directors is accountable to stockholders. For example,

• As a "controlled company" for purposes of NYSE Listed Company Manual Section 303A.00, we are not required to have a majority of independent directors and we are exempt from the NYSE's requirements relating to compensation committees and nominating/corporate governance committees. However, the Company has a majority of independent directors on our Board of Directors and all independent directors serving on our Compensation Committee and Nominating & Governance Committee. We believe that our Board and committee structure provides independence and good corporate governance practices while our multi-tiered voting structure preserves our ability to manage the Company in the best interests of all our stockholders.

• We have an empowered Lead Independent Director.

• Stockholders are able to:

o communicate directly with any director, including our independent directors, as discussed in this Proxy Statement under "Stockholder Communications";

o propose director nominees to the Nominating and Governance Committee;

o directly submit nominations of director candidates at our annual meetings, subject to the conditions set forth in our By-laws; and

o submit proposals for consideration at our annual meetings.

• We do not have a "poison pill" which would limit the amount of shares any group of stockholders could hold.

Since its founding in 1979 UHS has become one of the largest and most respected hospital management companies in the nation. As a Fortune 500 corporation, with net revenues of approximately \$10.41 billion generated during the twelve-month period ended December 31, 2017 that produced net income attributable to UHS of approximately \$752 million, UHS subsidiaries owned and operated 326 inpatient acute care and behavioral health care facilities in 37 states, the District of Columbia, Puerto Rico, the U.S. Virgin Islands and the United Kingdom, and employ more than 83,000 people. Our governance structure has enabled us to grow our business and to succeed despite a rapidly changing landscape and changes in technology, market structure and regulatory regimes. The tenure of our directors enables the Board to provide insight into the rationale and historical context for past decisions and strategies that has allowed us to successfully adapt to our evolving business environment. This continuity increases the full Board's collective experience, provides new directors the opportunity to learn about our business from the continuing directors and improves the Board's ability to develop, refine, and execute our long-term strategic plans. All of this is even more important in today's uncertain environment with increased challenges and opportunities facing companies within the healthcare industry. An abrupt change in the composition of our Board could impair our progress in achieving our strategic goals.

The proposal would undermine the important role of the independent Nominating and Governance Committee. Allowing stockholders to nominate competing candidates for director in our proxy statement would seriously undercut the role of the independent Nominating and Governance Committee and our Board in one of the most crucial elements of corporate governance, the election of directors. An effective Board of Directors is composed of individuals with a diverse and complementary blend of experiences, skills and perspectives. Our independent Nominating and Governance Committee and our Board of Directors are in the best position to assess the particular qualifications of potential director nominees and determine whether they will contribute to an effective and well-rounded Board that operates openly and collaboratively and represents the interests of all stockholders, not just those with special interests.

•The Nominating and Governance Committee, which is comprised of independent, non-management directors who owe fiduciary duties to act in the best interests of all stockholders, has developed criteria and a process for identifying and recommending director candidates for election by our Class B and D stockholders, which are described in this Proxy Statement under "Committees of the Board of Directors-Nominating and Governance Committee."

•As part of this process, stockholders can recommend prospective director candidates for the Nominating and Governance Committee's consideration. No stockholders have recommended prospective director candidates through this process to date, which we believe reflects the confidence of our stockholders in the nomination process of the Nominating and Governance Committee outlined above. However, any nominee proposed by stockholders for the Committee's consideration through this process would be evaluated and considered in the same manner as a nominee recommended by a Board member, management, search firm or other source.

This process is designed to identify and nominate qualified director candidates who possess a combination of skills, professional experience and diversity of backgrounds necessary to oversee our business and who can contribute to the overall effectiveness of our Board. The Nominating and Governance Committee also carefully reviews and considers the independence of potential nominees. Stockholders already have a voice in this process and the ability to nominate potential directors for consideration by the Committee. Through this process, we believe that our Nominating and Governance Committee and Board achieve the optimal balance of directors and best serve the Company and all of our stockholders.

This proxy access proposal would potentially enable a holder, or a group of holders, with ownership of as little as 3% of our outstanding shares to completely bypass this process by placing directly into nomination candidates who may fail to meet the qualifications established by the Board, fail to contribute to the desired mix of perspectives, or fail to represent the interests of stockholders as a whole. In addition, this proposal, if implemented, would allow a constantly shifting alignment of stockholders that have held shares for the requisite three-year period to aggregate their shares to reach this 3% threshold creating a never ending cycle of stockholders seeking to disrupt the Company's governance.

The proposal could have a number of other significant adverse consequences. In addition to proxy access being unnecessary, the Board believes that proxy access as proposed in this stockholder proposal could have a number of significant adverse consequences and harm the Company and stockholders by:

Creating an Uneven Playing Field and Increasing Company Costs. In the absence of proxy access, the playing field is level, in that a stockholder seeking to elect its own nominee to the Board outside of the process of the Nominating and Governance Committee outlined above would, like the Company, need to undertake the expense of preparing proxy materials and soliciting proxies on its nominee's behalf. We see little reason why a stockholder owning 3% or more of the outstanding shares of the Company (which as of December 31, 2017 constituted approximately \$320 million worth of shares) should not, if the stockholder has a legitimate interest in having representation on the Board, bear the expense of preparing proxy materials and soliciting proxies. Moreover, in a contested election resulting from proxy access, we would likely feel compelled to undertake an additional and potentially expensive campaign in support of Board-nominated candidates and inform stockholders of the reasons why we believe the Board-nominated candidates rather than the stockholder nominee(s) should be elected. In this regard, the United States Court of Appeals for the District of Columbia overturned the SEC's proxy access rule because it determined that the SEC failed to adequately assess the economic effects of the rule, including the expense and distraction that contested director elections arising out of proxy access would entail.

Increasing the Influence of Special Interest Groups. Proxy access creates the potential for a stockholder with a special interest to use the proxy access process to promote a specific agenda rather than the interests of all stockholders or to extract concessions from the Company related to that stockholder's special interests, thereby creating the risk of politicizing the Board election process at virtually no cost to the proponent.

Encouraging Short-Termism. With proxy access, contested director elections could become routine. The Board believes that the potential for frequent contested elections arising from proxy access would not only be highly distracting to the Board and management, but could also encourage a short-term focus with respect to the management of the business that would not be in the long-term interests of our stockholders. We believe that our Board's stability has driven, and will continue to drive, long-term value for stockholders who are committed to holding our stock for extended periods. As a testament to this belief, our shares have outperformed leading stock indices by significant margins since our initial public offering in 1981. More recently, since 2000, our stock performance has outperformed the S&P 500 Index by a margin of 5.3 to 1 during the 18-year period ended December 31, 2017. After various stock splits and reinvested dividends are considered, an investor who purchased \$1,000 of our Class B Common Stock on January 1, 2000, would have had an investment valued at \$13,609 as of December 31, 2017, as compared to \$2,579 for a \$1,000 investment made in the S&P 500 Index during the same period.

Disrupting Board Operations. Frequent contested director elections arising out of proxy access could also disrupt our Board operations and dynamics in various ways. Abrupt changes in the composition of our Board arising out of proxy access could disrupt continuity on our Board in a manner that could interfere with our ability to develop, refine, monitor and execute our long-term strategic and business plans. In addition, the election of stockholder-nominated directors through proxy access could create factions on the Board, leading to dissension and delay, and thereby potentially preclude the Board's ability to function effectively and serve the best interests of all our stockholders. Finally, the potential for frequent contested elections arising out of proxy access could hinder collegiality among our Board members by creating the potential for our Board members to be pitted against one another in contested director elections on a regular basis where there would be more nominees up for election than available director positions.

Discouraging Highly Qualified Director Candidates from Serving. Under the current process overseen by the Nominating and Governance Committee, we have a well-functioning team of directors with a diverse range of expertise and experience. However, the prospect of routinely standing for election in a contested situation may deter highly qualified individuals from Board service. Moreover, the prospect of perennial contested elections may cause incumbent directors to become excessively risk adverse, thereby impairing their ability to provide sound and prudent guidance with respect to our operations and interests.

The Board believes that the current measures the Company employs for the nomination and election of directors, as well as the Company's stockholder engagement program, have led to a Board that is responsive to stockholder input and promotes a strategy of long-term value creation. Indeed over the years our nominees routinely receive in excess of 90% of all votes cast. While our Board strives to implement corporate governance best practices when appropriate, our Board believes that proxy access would be unnecessary and counterproductive for the Company. Moreover, our Board believes that proxy access could disrupt the functioning of our Board and adversely affect the implementation of our long-term strategy. Finally, while proxy access has been the subject of significant publicity in recent years, proxy access has only been implemented by a relatively small number of U.S. public companies, which we believe creates the potential for other unforeseen problems in light of the complicated issues associated with the implementation of proxy access.

For the foregoing reasons, the Board believes that this proposal is not in the best interests of the Company or its stockholders.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT YOU VOTE "AGAINST" THE STOCKHOLDER PROPOSAL REGARDING STOCKHOLDER PROXY ACCESS DESCRIBED IN PROPOSAL NO. 3.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Our 2017 Performance

The following are highlights of our 2017 financial and operating performance:

- During 2017, our adjusted net income attributable to UHS (see A. below) increased to \$725.5 million, or \$7.53 per diluted share, as compared to \$720.2 million, or \$7.32 per diluted share, during 2016.
- Our net revenues increased 6.6% to \$10.41 billion during 2017 as compared to \$9.77 billion during 2016.
- Net revenues at our acute care hospitals owned during both years increased 4.7% during 2017 as compared to 2016. During 2017 at these facilities, adjusted admissions (adjusted for outpatient activity) increased 5.5% and adjusted patient days increased 2.8% as compared to 2016.
- Net revenues at our behavioral health care facilities owned during both years increased 1.7% during 2017 as compared to 2016. During 2017 at these facilities, adjusted admissions increased 2.4% and adjusted patient days increased 0.2% as compared to 2016.

In addition to strong financial performance, we continued to focus on delivering quality care to our patients. The following are a few of the quality and patient care highlights achieved in 2017:

- We invested more than \$300 million in our acute care division, and approximately \$250 million in our behavioral health care division, to construct, expand, equip and improve our facilities.
- Our acute care hospital delivered nearly \$1.8 billion in uncompensated care.
- The Patient Safety Index 90 (“PSI-90”) is a composite of indicators created by the Agency for Healthcare, Research and Quality. The PSI-90 provides an overview of hospital level quality as it relates to a set of potentially preventable hospital related events associated with harmful outcomes for patients. Our overall internal data indicates that our acute care hospitals realized a 64% improvement in the PSI-90 score from 2014 to 2017.
- The Centers for Medicare and Medicaid Services’ inpatient psychiatric facility quality reporting measures compare our facilities to approximately 1,500 providers across the country. Our behavioral health results exceed the average in 8 out of 12 indicators.
- In 2017, patients in our behavioral health care facilities rated their overall care, on average, as 4.5 out of 5 in our patient satisfaction surveys. More than 92% indicated they felt better following care at one of our facilities and would refer a friend or family member in need of care.

A. Adjusted net income and adjusted net income per diluted share for 2017 and 2016 were publicly disclosed and reconciled to our reported results for each year on the Schedule of Non-GAAP Supplemental Consolidated Statements of Income Information, included with our earnings for the years ended December 31, 2017 and 2016, as filed on Form 8-K on February 28, 2018.

Compensation Philosophy and Objectives

Our compensation philosophy of aligning pay strongly with performance is grounded in best practices that are regulatory compliant, financially sound and provide long-term value to stockholders. Specifically, we:

- Review peer group market data on an annual basis;
- Discuss financial and operational performance rigorously in determining any base salary and incentive decisions;
- Enforce maximums on incentive payments to limit undue risk;
- Evaluate our compensation practices on an annual basis;
- Retain an independent, outside consultant;
- Do not provide plans generally outside of current market practices, and;
- Do not offer excessive perquisites to our executives

In designing our compensation programs for our named executive officers, we follow our belief that compensation should reflect the value created for stockholders while supporting our strategic business goals. In doing so, our compensation programs reflect the following objectives:

- Compensation should encourage increases in stockholder value;
- Compensation programs should support our short-term and long-term strategic business goals and objectives;
- Compensation programs should reflect and promote our core values set forth in our mission statement, which includes commitment to excellence, high ethical standards, teamwork and innovation;
- Compensation should reward individuals for outstanding performance and contributions toward business goals, and;
- Compensation programs should enable us to attract, retain and motivate highly qualified professionals.

These objectives govern the decisions that the Compensation Committee of the Board of Directors (the “Compensation Committee”) and management of the Company make with respect to the amount and type of compensation payable to our named executive officers. The Compensation Committee believes that linking executive compensation to corporate performance results in a strong alignment of compensation with corporate business goals and stockholder value. This belief has been adhered to through the use of incentive pay programs that provide competitive compensation for achieving superior performance and creating value for stockholders. Executives are rewarded commensurately for the achievement of specified business goals and performance objectives, which may increase the value of our stock. Our compensation programs are reviewed annually to ensure that these objectives continue to be met.

Compensation Setting Process

The Compensation Committee has traditionally taken into account the input and recommendations of our Chairman and Chief Executive Officer, Mr. Alan Miller, with respect to our compensation programs, including the compensation arrangements with our named executive officers other than himself. The Compensation Committee believes that Mr. Alan Miller, due to his role within the Company, his years of healthcare experience and other factors, as mentioned below, is a valuable resource to the Compensation Committee. Mr. Alan Miller attends certain Compensation Committee meetings by invitation, however, he does not have the right to vote on

matters addressed by the Compensation Committee and he does not participate in the discussions with respect to his own compensation. Mr. Alan Miller conducts formal performance evaluations on an annual basis of the named executives who have direct reporting responsibility to him.

Unlike our other named executive officers, Mr. Alan Miller's base salary, minimum annual bonus and certain perquisites are determined under his employment agreement. Please also refer to the discussion of Mr. Alan Miller's employment agreement in the Chief Executive Officer Employment Agreement section of this Proxy Statement. In addition, the compensation setting process for Mr. Alan Miller varies from that of our other named executive officers because it is determined by the Compensation Committee without Mr. Alan Miller's participation. The Compensation Committee, in determining Mr. Alan Miller's compensation, takes into account his position as Chief Executive Officer, his role as a founder of our Company in 1978, his years of dedicated service and his expertise and reputation in the hospital management industry. The Compensation Committee also considers Mr. Alan Miller's responsibilities in overseeing all of our Company's businesses, operations, development and overall strategy and his role as the public face of our Company, which shapes our corporate image and identity. These factors differentiate Mr. Alan Miller from the other named executive officers.

In addition, for Mr. Alan Miller and the Company's other named executive officers, the Compensation Committee reviewed data prepared in early 2017 by Pay Governance LLC that compared the Company's executive compensation levels to data for comparable positions from two reference points: a primary reference of other similar companies within the healthcare industry; and a secondary reference of size-adjusted (by revenues) data from the broader general industry. Data for the primary reference were drawn from publicly filed proxies of peer healthcare companies, and data for the secondary reference were drawn from published compensation surveys covering a range of companies and industries. Data were compiled for all elements of compensation including base salary, annual incentive opportunity, and equity/long-term incentive awards. These data, as well as Company-specific factors including the prior year performance of our executives and the Company's operating and shareholder return performance relative to our competitors, were considered by the Committee in determining 2017 compensation for Mr. Alan Miller and our other named officers. In light of the above factors, the Compensation Committee approved the base salary, annual cash incentive opportunity, and long-term compensation award to each of the named executive officers in 2017 and believes that the forms and amounts of compensation for each year adequately reflect our compensation goals and policies.

Elements of Compensation

Our executive compensation is based on six primary components, each of which is intended to serve the overall compensation objectives. These components include:

- annual base salary;
- annual cash incentive;
- long-term incentive awards, and;
- deferred compensation, retirement benefits and other benefits, including perquisites.

Annual Base Salary

Our annual base salary levels are intended to be consistent with competitive pay practices and level of responsibility, with salary increases reflecting competitive trends, our overall financial performance, the performance of each individual executive and general economic conditions.

In establishing the base salary for our named executive officers, various criteria are reviewed including the following:

- the executive officer's achievements, performance in his or her position with us, taking into account the tenure of service, the complexity of the position and current job responsibilities;
- Mr. Alan Miller's recommendations as to the proposed base salary, other than his own;
- company financial performance, and;
- salaries of similar positions in our healthcare competitor companies and general industry comparisons.

For our named executive officers, an analysis was conducted in 2017 utilizing the most currently available proxy statements, as filed with the Securities and Exchange Commission, from seven companies that we believe are our most direct competitors. We believe these companies, which are indicated below, are comparable peer companies based upon the median revenues of this peer group, which were approximately \$6.3 billion as compared to our 2017 revenues of \$10.4 billion.

The companies are:

- Acadia Healthcare Company, Inc.
- Community Health Systems Inc.
- HCA Inc.
- Isis Healthcare
- Kindred Healthcare, Inc.
- LifePoint Hospitals, Inc.
- Tenet Healthcare Corporation

For Mr. Alan Miller, his 2017 base salary exceeded the 75th percentile of the peer and general industry groups, due to his long tenure in the position, his value as the Company's founder, his status within the healthcare industry and his performance. The median years of same company/role experience of other executives in the peer group was 6.2 years compared to Mr. Alan Miller's 39 years.

For 2017, the actual base salary rates for our named executives (excluding Mr. Alan B. Miller) were within approximately 15% of their respective median base salary market rates (as assessed relative to our peer and general industry groups). For 2017, for our other named executive officers (excluding Mr. Alan Miller), we targeted the median (50th percentile) base salary paid by the peer companies (listed above), along with the median of broader general industry data, to establish our base market rate. We generally consider our base salaries to be competitive if they are approximately within a 15% range of the median market rate. However, actual base salaries are not dictated solely by the median market rate. We also take into account an individual's expertise, tenure in the position, responsibilities and achievements.

Annual Cash Incentives

Cash incentives for our named executive officers are awarded under the Executive Incentive Plan, which was adopted by our stockholders at our 2010 Annual Meeting and re-approved by our stockholders at our 2015 Annual Meeting. The Executive Incentive Plan is intended to support our efforts to attract, retain and motivate highly qualified senior management and other executive officers of the Company and its affiliates through the payment of performance-based incentive compensation. Annual incentive compensation may be awarded under the Executive Incentive Plan to our named executive officers and others as selected by the Compensation

Committee for any calendar year. The Compensation Committee believes that the payment of cash incentives to our named executive officers under the Executive Incentive Plan is consistent with the objectives for our compensation programs by rewarding such officers for the achievement of specified business goals and performance objectives and that may increase the value of our stock.

The amount of an employee's cash incentive award for a calendar year is based upon the employee's target cash incentive and the extent to which the performance goal(s) applicable to the employee are achieved. For each calendar year, an employee's target cash incentive will be equal to a fixed percentage of the employee's base salary earned during the year.

The Compensation Committee establishes performance goals for the named executive officers using such business criteria and other measures of performance discussed herein; provided that, in the case of incentive awards intended to qualify as "performance-based compensation" under Section 162(m) of the Code, the Compensation Committee will establish objective performance goals based upon one or more of the following business criteria:

- attainment of certain target levels of, or a specified increase in, after-tax or pre-tax profits;
- attainment of certain target levels of, or a specified increase in, earnings per diluted share or adjusted earnings per diluted share, and;
 - attainment of certain target levels of, or a specified increase in, return on capital or return on invested capital.

In the case of an award intended to qualify as "performance-based compensation" under Section 162(m) of the Code, except as otherwise permitted under Section 162(m) of the Code, the applicable target cash incentive, performance goals and performance factors with respect to any calendar year will be established in writing by the Compensation Committee no later than 90 days after the commencement of that year. Promptly after the date on which the necessary financial or other information for a particular year becomes available, the Compensation Committee will determine the amount, if any, of the cash incentive compensation payable to each participant for that calendar year and will certify in writing prior to payment that the performance goals for the year were in fact satisfied. The maximum incentive award which any participant may earn under the Executive Incentive Plan for any calendar year shall not exceed \$5 million. The Executive Incentive Plan provides the Compensation Committee with the discretion to establish higher or lower performance factors for levels of performance that are more or less than the target levels. Performance goals may be adjusted for changes in accounting methods, corporate transactions and other similar types of events, provided that, such adjustment is permitted under Section 162(m) of the Code.

On December 22, 2017, the President of the United States signed into law comprehensive tax legislation commonly referred to as the Tax Cuts and Jobs Act of 2017 (the "TCJA-17"). TCJA-17 modifies Section 162(m) removing the exception for performance-based compensation applicable to years beginning after December 31, 2017. This change does not apply to compensation stemming from contracts entered into on or before November 2, 2017, unless such contracts were materially modified on or after that date. Compensation agreements entered into and share-based payment awards granted after this date will be subject to the revised terms of Section 162(m).

2017 Annual Cash Incentive Formula and Performance Goals: The Compensation Committee approved the specific formula for the determination of the target annual cash incentive compensation for our executive officers pursuant to the Executive Incentive Plan with respect to the years ending December 31, 2017. Under the formulae approved by the Compensation Committee, each of the Company's executive officers was assigned a percentage of such executive officer's base salary as a target bonus to be paid based on pre-specified performance

criteria. The target bonus award indicated below for Mr. Alan B. Miller is stipulated in his employment agreement dated July 24, 2013.

The following table shows each named executive officer's target bonus as a percentage of his or her base salary for 2017. With respect to Messrs. Alan B. Miller, Marc D. Miller and Steve G. Filton, 100% of their annual incentive bonus for 2017 was determined using the corporate performance criteria, as described below. With respect to Ms. Osteen and Mr. Pember, 25% of their annual incentive bonus was based upon the achievement of the corporate performance criteria and 75% of their annual incentive bonus was based upon the achievement of the divisional income targets, as described below.

Name	Title	Target Incentive	Bonus Award
Alan B. Miller	Chief Executive Officer and		
	Chairman of the Board	100	%
Marc D. Miller	President and Director	65	%
Steve G. Filton	Executive Vice President		
	and Chief Financial		
	Officer	50	%
Debra K. Osteen	Executive Vice President		
	and President-Behavioral		
	Health Division	50	%
Marvin G. Pember	Executive Vice President		
	and President-Acute		
	Care Division	50	%

As part of our peer company compensation review for executive officers as discussed above in Annual Base Salary, we also target the median (50th percentile) market rate from our healthcare peers and the broader general industry data when determining each officer's target annual incentive. For 2017, our target annual incentive opportunities were assessed as being below the market 25th percentile. Actual cash incentive awards, however, appropriately vary from this targeted level based upon performance, consistent with our pay for performance philosophy, and are detailed in the Summary Compensation Table in this Proxy Statement. The Compensation Committee believes that the annual incentive opportunities offered to our named executive officers are appropriate to facilitate our ability to attract, retain, motivate and reward our named executive officers, and that actual incentive payouts appropriately reflect the

Company's performance.

Pursuant to the Plan and the formulae approved by the Compensation Committee, each executive officer is entitled to receive between 0% and 250% of that executive officer's target bonus based, either entirely or in part, on the Company's achievement of a combination of: (i) a specified range of target levels of adjusted net income per diluted share attributable to UHS, and; (ii) a specified range of target levels of return on capital (adjusted net income attributable to UHS divided by quarterly average net capital) for the year ending December 31, 2017. The adjusted net income per diluted share attributable to UHS generally excludes, among other things, the impact of the depreciation and amortization expense incurred in connection with the implementation of electronic health records applications at our acute care hospitals, the impact on our provision for income taxes resulting from our adoption of ASU 2016-09 which amended the accounting for employee share-based payment transactions, the impact of the Tax Cuts and Jobs Act of 2017, as well as other amounts that may be nonrecurring or non-operational in nature or amounts that may be reflected in the current year financial statements that relate to prior years.

27

On March 29, 2017, the Compensation Committee approved specific bonus formulae for the determination of annual incentive compensation for our named executive officers pursuant to the Executive Incentive Plan for the year ending December 31, 2017. Pursuant to the terms of the Executive Incentive Plan for 2017, our named executive officers were eligible to receive the applicable portion of their annual cash incentive (which were based on the corporate performance criteria) at various increments ranging from 0% of their bonus target award (based upon the achievement of a Target of adjusted net income per diluted share attributable to UHS of \$7.22 or less, and Return on Capital of 7.9% or less) up to 250% of their annual cash incentive target award (based upon the achievement of a Target of adjusted net income per diluted share attributable to UHS of \$8.67 or greater and Return on Capital of 9.6% or greater). Although the cash incentive formula in for 2017 was unchanged from 2016's cash incentive formula, the Targets have been adjusted, as necessary, to correlate to the range of our estimated 2017 adjusted net income per diluted share attributable to UHS, as publicly disclosed.

On February 28, 2017, we publicly disclosed our 2017 estimated range of adjusted net income per diluted share attributable to UHS of \$7.70 to \$8.20. The 2017 Target of adjusted net income per diluted share attributable to UHS, which represented the approximate midpoint within the publicly disclosed range of our projected consolidated earnings per diluted share estimate for the year, was \$7.95 per diluted share. The 2017 Return on Capital Target was 8.8%. In July of 2017, and October of 2017, based upon our actual operating results experienced during the first six months of 2017, and the first nine months of 2017, respectively, we publicly disclosed decreases to our previously disclosed estimated range of adjusted net income per diluted share attributable to UHS for 2017; however, our annual incentive performance targets were not impacted by these publicly disclosed revisions.

The divisional income targets consist of the projected aggregate pre-tax income for our Acute Care and Behavioral Health Services segments, net of deductions for the allocation of corporate overhead expenses and a charge for the estimated cost of capital. The actual divisional income and the targets generally exclude, among other things, amounts that may be nonrecurring or non-operational in nature or amounts that may be reflected in the current year financial statements that relate to prior years. The divisional income targets may be adjusted to include the impact of acquisitions or divestitures made during the year, if material.

For 2017, to the extent that the actual divisional results exceeded the targets, Ms. Osteen and Mr. Pember were entitled to 75% of the following (as applied to their annual base salary) as the portion of their annual bonus that is based upon divisional income targets: (i) 25% if actual results meet divisional income targets; (ii) 50% if actual results exceed divisional income targets by the greater of 5% or \$10 million; (iii) 75% if actual results exceed divisional income targets by the greater of 10% or \$20 million, and; (iv) 100% if actual results exceed divisional income targets by the greater of 15% or \$30 million.

In determining the corporate and divisional performance criteria, various factors are considered, including the projected revenue and earnings growth over the prior year. Since the value received by stockholders is measured, in large part, by an increase in stock price, which is in turn typically influenced by increases in revenues and earnings, our performance criteria are established at reasonably aggressive levels to encourage the attainment of our financial objectives which, if accomplished, may result in an increase to our stock price and increased value to stockholders. As mentioned above, the corporate performance criteria are established annually and the Target of adjusted net income per diluted share attributable to UHS directly correlates to our annual earnings guidance that is typically publicly disclosed by us during the first quarter of each year. The divisional performance criteria are also established annually and represent each division's respective portion of the corporate performance criteria.

The actual cash incentives awarded for 2017 (which were based upon corporate performance criteria) were based upon the achievement of 44% of the target, as determined by the Compensation Committee in March 2018, based upon our 2017 actual operating results. During 2017, our adjusted net income per diluted share attributable to UHS was \$7.53, as compared to a target of \$7.95 per diluted share. This adjusted net income per diluted share attributable to UHS for 2017 was publicly disclosed and reconciled to our reported 2017 net income per diluted share attributable to UHS of \$7.81, on the Schedule of Non-GAAP Supplemental Consolidated Statements of Income Information, included with our earnings for the year ended December 31, 2017, as filed on Form 8-K on February 28, 2018. The Return on Capital was 8.2% for 2017, as compared to a target of 8.8%. The Return on Capital is calculated by dividing our annual adjusted net income attributable to UHS by the consolidated average net capital.

For 2017, Ms. Osteen's divisional income target was \$279 million. The divisional income target consists of the projected aggregate pre-tax income for our Behavioral Health Services segment, net of deductions for the allocation of corporate overhead expenses and a charge for the estimated cost of capital. The 2017 actual divisional income, as calculated, was \$181 million. If applicable, the divisional income target or the actual divisional income was adjusted for certain amounts that may be nonrecurring or non-operational in nature or amounts that may be reflected in the current year financial statements that relate to prior years. Since the actual divisional income was less than the divisional target income, Ms. Osteen was not entitled to the portion of her bonus that was based upon the achievement of the divisional income target.

For 2017, Mr. Pember's divisional income target was \$61 million. The divisional income target consists of the projected aggregate pre-tax income for our Acute Care Services segment, net of deductions for the allocation of corporate overhead expenses and a charge for the estimated cost of capital. The actual divisional income as calculated, was \$67 million. If applicable, the divisional income target or actual divisional income was adjusted for certain amounts that may be nonrecurring or non-operational in nature or amounts that may be reflected in the current year financial statements that relate to prior years. Since the actual divisional income compared favorably to the target by more than 5% (\$67 million actual divisional income exceeded the \$61 million divisional income target by 9%), but did not exceed by \$10 million (exceeded by \$6 million), Mr. Pember was entitled to 25% of the portion of his bonus (75%) that was based upon the achievement of the divisional income target.

The performance goals related to the Executive Incentive Plan, as outlined above, are generally based upon the achievement of our business plan financial objectives. Performance goals are established at reasonably aggressive levels to encourage and motivate executive performance and attainment of our financial objectives. At the time the Compensation Committee approved the Executive Incentive Plan for fiscal year 2017, we believed that the performance goals were attainable, but not certain. Since the achievement of the corporate performance criteria of 44% of target for 2017 contrasts with the 85% of target earned for 2016, we believe that our system demonstrates the variability and performance-oriented nature of payouts over time.

For a further description of the cash incentives and other elements of compensation granted to our named executive officer for 2017, 2016 and 2015, please refer to the Summary Compensation Table in this Proxy Statement.

Long-Term Incentives

The Compensation Committee believes that grant of equity-based, long-term compensation, primarily in the form of stock options and restricted shares, to our named executive officers is appropriate to attract and retain such individuals and to motivate them to enhance stockholder value.

Further, long-term incentive awards reward individuals for their performance and achievement of business goals. The Compensation Committee believes that our best interests will be advanced by enabling our named executive officers, who are responsible for our management, growth and success, to receive compensation in the form of long-term incentive awards that may increase in value in conjunction with an increase in the value of our common stock.

As is the case with respect to base salaries, a number of factors are taken into account in calibrating grants of long-term incentive awards, including an individual's performance in light of his or her position, responsibilities and contribution to our financial performance. In addition, the Compensation Committee takes into account an individual's potential contribution to our growth and productivity. In determining appropriate long-term incentive grants, there is no other predetermined formula, factors or specified list of criteria that is followed.

For a description of the long-term incentive awards granted to our named executive officers for 2017, please read the Summary Compensation Table and the Grants of Plan-Based Awards Table included in this Proxy Statement.

Stock options. Our Third Amended and Restated 2005 Stock Incentive Plan (the "Stock Incentive Plan"), as amended in 2008, 2011, 2015 and 2017, provides for the issuance of options to purchase shares of our Class B Common Stock at an exercise price equal to the fair market value on the date of grant. The Stock Incentive Plan is intended to provide a flexible vehicle through which we may offer equity based compensation incentives to our named executive officers and other eligible personnel in support of our compensation objectives.

Awards under the Stock Incentive Plan may be in the form of options to purchase shares of Class B Common Stock (including options intended to qualify as "incentive stock options" within the meaning of Section 422 of the Code and options which do not qualify as "incentive stock options") and stock appreciation rights ("SARs"). Awards may be granted to our present or future employees, our affiliates and our directors and consultants who are not employees. To date, no SARs have been granted.

Typically, option awards are granted by the Compensation Committee on specific dates that are scheduled in advance, which generally coincide with regularly scheduled meetings of the Compensation Committee and the Board of Directors. There is no separate policy with respect to the timing of option awards to our named executive officers. Typically, option awards are granted to our named executive officers at the same time as option awards are granted to our other employees. In certain circumstances, such as new hires or promotions, option awards are granted separately by the Compensation Committee or our Chief Executive Officer and Chief Financial Officer who are duly authorized by the Compensation Committee.

Subject to the provisions of the Stock Incentive Plan, the Compensation Committee has the responsibility and full power and authority to select the persons to whom awards will be made, to prescribe the terms and conditions of each award and make amendments thereto, to construe, interpret and apply the provisions of the Stock Incentive Plan and of any agreement or other instrument evidencing an award and to make any and all determinations and take any and all other actions as it deems necessary or desirable in order to carry out the terms of the Stock Incentive Plan.

Stock options have such vesting and other terms and conditions as the Compensation Committee, acting in its discretion, may determine. Generally, grants of stock options vest in equal amounts over four years and, unless otherwise determined, employees must be employed by us for such options to vest. We do not have any plan to select option grant dates for our named executive officers in coordination with the release of material non-public information. The exercise price per share of Class B Common Stock covered by an option may not be less than

100% of the fair market value of the underlying Class B Common Stock on the date of grant. For purposes of the Stock Incentive Plan, unless otherwise determined by the Compensation Committee, the fair market value of a share of Class B Common Stock as of any given date is the closing sale price per share reported on a consolidated basis for securities listed on the principal stock exchange or market on which the Class B Common Stock is traded on the date as of which such value is being determined or, if there is no sale on that day, then on the next day on which a sale was reported.

In March of 2017, Mr. Alan Miller made recommendations to our Compensation Committee with respect to stock option awards to our named executive officers (except for himself) and other eligible employees. The number of stock options awarded to each of our named executive officers during 2017 were as follows: Alan B. Miller (590,000); Marc D. Miller (103,000); Steve G. Filton (70,000); Debra K. Osteen (70,000); and; Marvin G. Pember (60,000). In determining the number of options to award to our named executive officers, the Compensation Committee considered Mr. Alan Miller's recommendations and took into account individual performance in light of a named executive officer's position, responsibilities and contribution to our financial performance as well as his or her potential contribution to our growth and productivity. In addition, the Compensation Committee also reviewed and considered the compensation data and competitive performance data prepared by Pay Governance LLC in January 2017, including stock-based compensation, and reviewed historical company practices with respect to stock option and long-term incentive awards.

Restricted Stock Awards. The Amended and Restated 2010 Employees' Restricted Stock Purchase Plan (the "Restricted Stock Plan"), which is administered by the Compensation Committee, provides for the grant of shares of our Class B Common Stock to eligible personnel for a purchase price equal to par value. Shares of our Class B Common Stock may be granted under the Restricted Stock Plan to any of our employees or consultants. Historically, our restricted grants have had a scheduled vesting period ranging from one to five years.

Vesting conditions on shares issued under the Restricted Stock Plan may consist of continuing employment for a specified period of time following the purchase date. Alternatively, or in addition, vesting may be tied to the satisfaction of specific performance objectives established by the Compensation Committee based upon any one or more of the business criteria used in determining the bonuses for our named executive officers, as mentioned above. We have the right to repurchase the shares for the same purchase price (par value) if specified vesting conditions are not met.

The Compensation Committee believes restricted stock awards, at times, can be effective in achieving our compensation objectives because it provides employees with a strong retention incentive and aligns the value of the award with our stock price performance. Additionally, cash dividends are paid on all outstanding awards of restricted stock as an additional element of compensation and to provide employees incentives to sustain or increase our performance. We do not have any plan to select restricted stock award grant dates for our named executive officers in coordination with the release of material non-public information. Mr. Alan Miller is entitled to an annual grant of restricted stock having a minimum value of \$1.5 million pursuant to his Employment Agreement with the Company

Deferred Compensation

Our Deferred Compensation Plan, which is subject to the applicable provisions of Internal Revenue Code Section 409A, provides that eligible employees may elect to defer a portion of their base salary and bonus award into deferred compensation accounts that accrue earnings based upon the selection of available investment options. Under the Deferred Compensation Plan, an employee is deemed eligible if their base compensation for

31

2017 was \$120,000 or higher and they are performing duties in a qualified position. The base compensation threshold is adjusted annually for cost-of-living increases. Pursuant to the terms of the Deferred Compensation Plan, the minimum annual amount that can be deferred is \$2,000. No more than 50% of an employee's base salary or 95% of an employee's annual bonus may be deferred under the Deferred Compensation Plan in any calendar year. Employees may allocate a portion of their deferred compensation to be distributed in a lump sum or installments to begin at retirement or a scheduled distribution date. The available investment options consist of certain mutual funds which include: (i) conservative (e.g. money markets or bonds); (ii) moderately conservative (e.g. balanced funds), and; (iii) aggressive (e.g. domestic and international equity).

Our obligation to make payments of amounts credited to participants' deferred compensation accounts is a general unsecured obligation. In addition, under the Deferred Compensation Plan, we may make discretionary contributions on behalf of an eligible employee. Since inception of the Deferred Compensation Plan, we have not made any discretionary contributions on behalf of employees. Three of our named executive officers deferred a portion of their base salary and/or bonus paid during 2017 to the Deferred Compensation Plan. The Compensation Committee believes that, by offering an alternative savings vehicle for our named executive officers, the Deferred Compensation Plan supports our objectives to attract, retain and motivate talented personnel.

For a further description of the Deferred Compensation Plan, please refer to the Nonqualified Deferred Compensation table and the narrative discussion included in this Proxy Statement.

Retirement Benefits

Our retirement benefits consist of our Executive Retirement Income Plan and a 401(k) plan. These plans are designed in combination to provide an appropriate level of replacement income upon retirement. The Compensation Committee believes that these retirement benefits provide a balanced and competitive retirement program and support our objectives to attract, retain and motivate talented personnel.

Executive Retirement Income Plan. In October 1993, the Board of Directors adopted the Executive Retirement Income Plan, which was closed to new participants effective January 1, 2015. Pursuant to the terms of this plan, certain management or other highly compensated employees, who had been previously designated as plan participants by our Board of Directors prior to December 31, 2014, and who had completed at least 10 years of active employment with us, may receive retirement income benefits. The monthly benefit is payable to a participant who retires after he or she reaches age 62 (applicable to participants added to the plan before 2008) or age 65 (applicable to participants added to the plan after January 1, 2008). The benefit is equal to 3% of the employee's average monthly base salary over the three years preceding retirement multiplied by the number of qualified years (not to exceed 10) of the participant's employment with us. Payment of the benefit will be made in 60 monthly installments following the participant's retirement date. If an employee ceases employment with us prior to the applicable retirement age, or an employee has not completed at least 10 years of active employment with us, no retirement income will be payable to the employee unless the Board of Directors determines otherwise. For a further description of the Executive Retirement Income Plan, please refer to the Pension Benefits Table included in this Proxy Statement.

401(k) Plan. We maintain a 401(k) plan for all employees, including our named executive officers, as an additional source of retirement income. Pursuant to the 401(k) plan, in 2017, we made matching contributions (subject to highly compensated employee limits set by the Internal Revenue Code) to the 401(k) plan of approximately \$50 million. All of the named executive officers participated in the 401(k) plan in 2017. Accordingly, we made matching contributions equal to \$8,100 to the 401(k) plan for each of the participating named executives.

Benefits

Our named executive officers are eligible to participate in the benefit plans generally available to all of our employees, which include health, dental, life insurance, vision and disability plans, all of which the Compensation Committee believes are commensurate with plans of other similarly situated public companies in the hospital management industry.

Company Aircraft. We have a partial ownership interest in a fixed wing aircraft that is available for business purpose use by members of our management team, including our named executive officers, and for personal use by Mr. Alan Miller, as stipulated in his employment agreement. When the aircraft is utilized for personal purposes by Mr. Alan Miller and/or his family members, the incremental costs incurred, including the regular hourly charges, variable fuel charges and associated fees and taxes, are directly reimbursed to us by Mr. Alan Miller and therefore no imputed amounts are included in the Summary Compensation Table.

Automobile. Mr. Alan Miller utilizes his automobiles for both business and personal purposes. As partial reimbursement for his business-related usage, we paid 70% of the cost of a vehicle purchased in 2006 and Mr. Alan Miller paid the remainder. Included in the Summary Compensation Table in "All other compensation" for 2017, is \$980 related maintenance and fuel costs paid by the Company deemed to be related to his personal vehicle use.

Reimbursement of Relocation Expenses. In the normal course of business, in an effort to satisfy our staffing needs with high-quality personnel and/or support the career development of an employee by enabling them to assume a position of broader scope and complexity, we may need to place an executive in a position in a geographic location which differs from that in which the individual resides. The relocation benefits for our executives are patterned on standard industry practices and are competitive in design. The provisions for relocation benefits are the same for several of the top layers of management and consistently administered. Included in the relocation benefits are reimbursements or direct payment to vendors for expenses that include items like a short duration house hunting trip, movement of household goods and personal items, short duration of interim living expenses and certain closing costs for the sale and purchase of a house. Relocation reimbursement that is taxable to the individual is typically grossed-up to cover the resulting incremental income tax expense. During 2017, we did not pay any relocation expenses on behalf of our named executive officers.

Other Perquisites. From time to time, we make tickets to cultural and sporting events available to our employees, including our named executive officers, for business purposes. If not utilized for business purposes, the tickets are made available to our employees, including our named executive officers, for personal use.

Split-Dollar Life Insurance Agreements. In December 2010, our Board of Directors approved the Company's entering into supplemental life insurance plans and agreements on the lives of our chief executive officer ("CEO") and his wife. As a result of these agreements, as amended in October 2016, based on actuarial tables and other assumptions, during the life expectancies of the insureds, we would pay approximately \$28 million in premiums, and certain trusts owned by our CEO, would pay approximately \$9 million in premiums. Based on the projected premiums mentioned above, and assuming the policies remain in effect until the death of the insureds, we will be entitled to receive death benefit proceeds of no less than approximately \$37 million representing the \$28 million of aggregate premiums paid by us as well as the \$9 million of aggregate premiums paid by the trusts. In connection with these policies, we paid approximately \$1.2 million and \$1.3 million in premium payments during 2017 and 2016, respectively.

Based on these projections, which are subject to the achievement of certain investment income and life expectancy assumptions, the total economic pre-tax cost to the Company (which includes the projected cost of capital net of the income resulting from the Company's expected future receipt of the \$9 million of premiums paid by the Trusts) would

be approximately \$10 million over the life expectancies of the insureds. We estimate that our

33

share of the premium payments due on these policies will approximate \$1.1 million in 2018 and decrease annually to approximately \$200,000 over the life expectancies of the insureds. Our aggregate premium payments (as well as the Trust's) are expected to be repaid to us utilizing the death benefit proceeds.

The Compensation Committee has determined to offer the above-described fringe benefits and perquisites in order to attract and retain our named executive officers by offering compensation opportunities that are competitive. In determining the total compensation payable to our named executive officers, for a given fiscal year, the Compensation Committee considers such fringe benefits and perquisites. However, with the exception of the above-mentioned split dollar life insurance agreements related to Mr. Alan B. Miller, given the fact that such other fringe benefits and perquisites, which are available to our named executive officers, represent a relatively insignificant portion of their total compensation, they do not materially influence the decisions made by the Compensation Committee with respect to other elements of each individual's total compensation. For a further description of the fringe benefits and perquisites received by our named executive officers during 2017, please refer to the All Other Compensation table included in this Proxy Statement.

Rewards/Compensation Risk Analysis: As part of its oversight of the Company's executive compensation program, the Compensation Committee considers the impact of the Company's executive compensation program, and the incentives created by the compensation awards that it administers, on the Company's risk profile. In addition, the Company reviews all of its compensation policies and procedures, including the incentives that they create and factors that may reduce the likelihood of excessive risk taking, to determine whether they present a significant risk to the Company. The review found that there were no excessive risks encouraged by the Company's reward programs and the rewards programs do not produce payments that have a material impact on the financial performance of the organization. Approximately 500 employees (including the named executive officers) of our approximate 55,000 full-time employees (comprising approximately 1% of our full-time employees) have incentive plans that entitle those individuals to larger bonus awards if profitability increases. However, although the plans are based on profitability, the bonus awards for these employees are capped at specific award levels (typically at 125% or less of base salary). Therefore, should our profitability increase, even by significant amounts, we do not believe the additional aggregate bonus awards would have a material unfavorable impact on our future results of operations.

Tax Considerations

Our chief executive officer, our chief financial officer and the next three most highly compensated officers are referred to herein as the named executive officers. For years beginning prior to January 1, 2018, Section 162(m) of the Internal Revenue Code of 1986, as amended (the "Code") placed a limit of \$1 million on the amount of compensation we may deduct for federal income tax purposes in any one year with respect to our named executive officers with the exception of our chief financial officer however, performance-based compensation that met certain requirements is excluded from this \$1 million limitation.

On December 22, 2017, the President of the United States signed into law comprehensive tax legislation commonly referred to as the Tax Cuts and Jobs Act of 2017 (the "TCJA-17"). TCJA-17 modifies Section 162(m) by (1) expanding which employees are considered covered employees by including the chief financial officer applicable to years beginning after December 31, 2017, (2) providing that if an individual is a covered employee for a year beginning after December 31, 2016, the individual remains a covered employee for all future years, and (3) removing the exceptions for performance-based compensation applicable to years beginning after December 31, 2017. These changes do not apply to compensation stemming from contracts entered into on or before November 2, 2017, unless such contracts were materially modified on or after that date. Compensation agreements entered into and share-based payment awards granted after this date will be subject to the revised terms of Section 162(m).

In reviewing the effectiveness of the executive compensation program, the Compensation Committee considers the anticipated tax treatment to us and to the named executive officers of various payments and benefits. However, the deductibility of certain compensation payments depends upon the timing of an executive's vesting or exercise of previously granted awards, as well as interpretations and changes in the tax laws and other factors beyond the Compensation Committee's control. For these and other reasons, including to maintain flexibility in compensating the named executive officers in a manner designed to promote varying corporate goals, the Compensation Committee did not necessarily, or in all circumstances, limit executive compensation to that which is deductible under Section 162(m) of the Code and had not adopted a policy requiring all compensation to be deductible.

Summary

The foregoing discussion describes the compensation objectives and policies that were utilized with respect to our named executive officers during 2017. In the future, as the Compensation Committee continues to review each element of the executive compensation program with respect to our named executive officers, the objectives of our executive compensation program, as well as the methods that the Compensation Committee utilizes to determine both the types and amounts of compensation to award to our named executive officers, may change.

Compensation Committee Report

The Compensation Committee has reviewed and discussed the Compensation Discussion and Analysis with management; and based on the review and discussions, the Compensation Committee recommended to the Board of Directors that the Compensation Discussion and Analysis be included in this Proxy Statement.

Mr. Miller is also entitled to an annual bonus opportunity target equal to 100% of his salary. The amount of the annual bonus for any year may be more or less than the target amount and will be determined by the Board of Directors in accordance with pre-established performance measures.

In October 1993, the Board of Directors adopted the Executive Retirement Income Plan, which was closed to new participants effective January 1, 2015. Pursuant to the terms of this plan, certain management or other highly compensated employees, who had been previously designated as plan participants by our Board of Directors prior to December 31, 2014, and who had completed at least 10 years of active employment with us, may receive retirement income benefits. The monthly benefit is payable to a participant who retires after he or she reaches age 62 (applicable to participants added to the plan before 2008) or age 65 (applicable to participants added to the plan after January 1, 2008). The benefit is equal to 3% of the employee's average monthly base salary over the three years preceding retirement multiplied by the number of qualified years (not to exceed 10) of the participant's employment with us.

Payment of the benefit will be made in 60 monthly installments following the participant's retirement date. Under certain circumstances, the participant may be entitled to elect to receive the present value of the payments in one lump sum or receive payments over a period of 10 years. If an employee ceases employment with us prior to the applicable retirement age, or an employee has not completed at least 10 years of active employment with us, no retirement income will be payable to the employee unless the Board of Directors determines otherwise.

For Mr. Alan Miller the aggregate benefit payable (for the 60 months in which the participant receives benefits) assuming retirement as of December 31, 2017 amounted to approximately \$2.4 million. As of December 31, 2017, the projected aggregate benefit payable for each of Marc D. Miller, Steve G. Filton and Debra K. Osteen were approximately \$1.7 million, \$914,000, \$960,000, respectively, based upon the following assumptions: (i) each participant will retire at the age of 62, and; (ii) annual salary increases of 3% are provided until the age of 62 is attained.

Deferred Compensation

Our Deferred Compensation Plan, which is subject to the applicable provisions of Internal Revenue Code Section 409A provides that eligible employees may elect to convert and defer a portion of their base salary and bonus award into investment options in lieu of receiving cash. Under the Deferred Compensation Plan, an employee is deemed eligible if their base compensation for 2017 was \$120,000 or higher and they are performing duties in a qualified position. The base compensation threshold is adjusted annually for cost-of-living increases.

Pursuant to the terms of the Deferred Compensation Plan, the minimum annual amount that can be deferred is \$2,000. Prior to January 1, 2016, no more than 25% of an employee’s base salary or 50% of an employee’s annual bonus may be deferred under the Deferred Compensation Plan in any calendar year. Effective January 1, 2016, no more than 50% of an employee’s base salary or 95% of an employee’s annual bonus may be deferred under the Deferred Compensation Plan in any calendar year. Employees may allocate a portion of their deferred compensation to be distributed in a lump sum or installments to begin at retirement or a scheduled distribution date. The available investment options consist of certain mutual funds which include: (i) conservative (e.g. money markets or bonds); (ii) moderately conservative (e.g. balanced funds), and; (iii) aggressive (e.g. domestic and international equity). Our obligation to make payments of amounts credited to participants’ deferred compensation accounts is a general unsecured obligation. In addition, under the Deferred Compensation Plan, we may make discretionary contributions on behalf of an eligible employee. Since inception of the Deferred Compensation Plan, we have not made any discretionary contributions on behalf of employees.

Our obligations under the Deferred Compensation Plan in connection with an employee’s retirement account are payable, beginning at retirement at age 55 and 10 years of service for deferrals made prior to January 1, 2016, and age

55 and 5 years of service for deferrals made on or after January 1, 2016, in equal installments over a ten year period; except that an employee may make a distribution election to receive the balance of the participant's retirement account in either a single lump sum or equal annual or less frequent installments over a period not to exceed ten years. For deferrals made on or after January 1, 2016, an employee may elect to defer the retirement distribution to begin one year following retirement. An employee will receive a lump sum distribution as a result of termination of employment other than for retirement, death or disability. An employee may change his distribution elections by making new distribution elections at least 12 months prior to

the date on which such payment was otherwise scheduled to be made and must be delayed until a date that is at least five years after the date the distribution was previously scheduled to begin.

Our obligations under the Deferred Compensation Plan in connection with an employee's scheduled distribution are payable in a lump sum or installments of two to ten years, commencing on the date indicated by the employee. If the employee's employment is terminated prior to the distribution of obligations in accordance with a scheduled distribution then the amounts credited to such accounts will be transferred to the employee's retirement account and distributed in accordance with the employee's distribution election for that account.

If an employee experiences a financial hardship that is the result of an "unforeseeable emergency," as defined under the Deferred Compensation Plan, he or she may apply to the administrator of the Deferred Compensation Plan for an emergency withdrawal against his or her accounts. Such an emergency withdrawal may be allowed at the discretion of the administrator, in which case the employee's account will be reduced accordingly.

Potential Payments Upon Termination or Change-in-Control

Mr. Alan Miller's employment agreement dated July 24, 2013, provides that Mr. Alan Miller will continue to serve as Chief Executive Officer and Chairman of our Board of Directors through December 31, 2017, and subject further to automatic annual renewal unless either party elects otherwise. Mr. Alan Miller's agreement was automatically renewed for one year through December 31, 2019. The agreement also contemplates that Mr. Alan Miller will remain as Executive Chairman of our Board of Directors during the term of his CEO employment. The employment agreement also contains customary non-disparagement, non-solicitation and non-competition provisions.

In general, Mr. Alan Miller's long-term incentive awards granted pursuant to his employment agreement will become fully vested upon termination of his employment other than by us for "cause" or voluntarily by Mr. Alan Miller before the end of the applicable term (under circumstances not involving a breach of the employment agreement by us).

If Mr. Alan Miller's employment is terminated for "cause", as defined in the employment agreement, he will be entitled to any benefits payable to or earned by Mr. Miller with respect to any period of his employment or other service prior to the date of such discharge.

If Mr. Alan Miller's employment as Chief Executive Officer is terminated due to his disability, Mr. Alan Miller shall be paid a pro rata portion of the annual bonus which would otherwise have been payable for the year in which his employment terminates, plus an amount equal to one-half of Mr. Alan Miller's base salary, payable in twelve equal monthly installments. If Mr. Alan Miller's employment or service terminates due to his death, Mr. Alan Miller's beneficiary shall receive a pro rata portion of the annual bonus which would otherwise have been payable to Mr. Alan Miller for the year of his death.

If Mr. Miller terminates his employment or other service under the employment agreement because of a material change in the duties of his office or any other breach by us of our obligations, or in the event of the termination of Mr. Alan Miller’s employment by us without cause or otherwise in breach of the employment agreement, Mr. Alan Miller will generally continue to receive all of the cash compensation, benefits and minimum long term incentive compensation set forth in the employment agreement as if his employment or service had not terminated, and the vesting of his long-term incentive plan awards will accelerate.

The following table provides quantitative disclosure of the estimated payments that would be made to Mr. Alan Miller under his employment agreement as of December 31, 2017, the last business day of our fiscal 2017, assuming that the employment agreement would have been in effect at that time:

	Cash Severance Payment (\$)	Perquisites/ Benefits (\$)	Vesting Acceleration of Previously Granted Stock Based Awards (\$) (e.)	Continuation of Restricted Stock Awards (\$)	Total Termination Benefits (\$)
Alan B. Miller Termination by Us for “Cause” Termination Due to Mr. Alan Miller’s Disability Termination Due to Mr. Alan Miller’s Death Termination by Mr. Alan Miller for “Breach by the Company” or Termination by the Company Without Cause	\$0 \$1,665,000 (a.) \$0 \$6,726,600 (b.)	\$0 \$0 \$0 \$2,473,949 (c.)	\$0 \$39,548,584 \$39,548,584 \$39,548,585	\$0 \$0 \$0 \$3,000,000 (d.)	\$0 \$41,213,584 \$39,548,584 \$51,749,134

CEO Pay Ratio

As required by Section 953(b) of the Dodd-Frank Wall Street Reform and Consumer Protection Act (the "Dodd-Frank Act"), and Item 402(u) of Regulation S-K, we are providing the following information about the

46

relationship of the annual total compensation of our employees and the annual total compensation of Mr. Alan B. Miller, our Chairman and Chief Executive Officer.

As is permitted under the SEC rules, we reasonably determined our median employee by using the greater of total annual W-2 wages of employees both in the U.S. and the U.K. who were employed as of December 31, 2017 (excluding Mr. Miller), or calculated annualized pay for those who commenced work during 2017 or were on a leave of absence. The employee population consisted of our full-time, part-time and temporary employees. The inclusion of part-time and temporary employees reduces the median of the annual total compensation for the overall group of our employees. We selected an employee from that group and determined that person's total compensation was \$39,978. The ratio of CEO pay to median worker pay is 541:1.

The SEC rules for identifying the median compensated employee and calculating the pay ratio based on that employee's annual total compensation allow companies to adopt a variety of methodologies, to apply certain exclusions and to make reasonable estimates and assumptions that reflect their compensation practices. As such, the pay ratio reported by other companies may not be comparable to the pay ratio reported above, as other companies may have different employment and compensation practices and may utilize different methodologies, exclusions, estimates and assumptions in calculating their own pay ratios.

A 2017 CEO pay ratio survey completed by Equilar of 356 public companies across the country indicated that our ratio fell between the 75th and 90th percentile for companies with revenue between \$5 and \$15 billion. Our ratio is close to the 75th percentile for companies with greater than 43,000 employees.

CORPORATE GOVERNANCE

Director Independence

Our Board of Directors has affirmatively determined that five of its eight current members (John H. Herrell, Robert H. Hotz, Lawrence S. Gibbs, Eileen C. McDonnell and Elliot J. Sussman, M.D.) are independent directors under the applicable rules and regulations of the SEC and the New York Stock Exchange listing standards.

In determining independence, the Board of Directors affirmatively determines each year whether directors have any material relationship with us. When assessing the materiality of a director's relationship with us, the Board of Directors considers all relevant facts and circumstances, not merely from the director's standpoint, but also from the standpoint of the persons or organizations with which the director has an affiliation. Material relationships can include commercial, banking, industrial, consulting, legal, accounting, charitable and familial relationships. The Board of Directors has concluded that no material relationship exists between us and any of our independent directors, other than each such person's position as one of our directors.

We are eligible to be treated as a controlled company under New York Stock Exchange Rule 303A due to the fact that the family of Alan B. Miller holds more than 95% of the shares of Class A and Class C Common Stock, which is entitled to elect 80% of the entire Board of Directors and constitutes more than 50% of our aggregate voting power. New York Stock Exchange Rule 303A states that a controlled company need not have a majority of independent directors on its board or have nominating/corporate governance and compensation committees composed entirely of independent directors. We have elected to avail ourselves of a limited aspect of the Rule 303A exemption, determining that the Nominating & Governance Committee is not responsible for identifying and recommending qualified candidates for Board positions that, in accordance with our Restated Certificate of Incorporation, are to be elected by the holders of Class A and Class C Common Stock of the Company. We currently intend to have a majority of independent directors on our Board of Directors and all independent directors on our Audit Committee, Compensation Committee and Nominating & Governance Committee.

Meetings of the Board of Directors

Regular meetings of the Board of Directors are generally held every other month, while special meetings are called when necessary. Before each Board of Directors or committee meeting, directors are furnished with an agenda and background materials relating to matters to be discussed. During 2017, there were six regular meetings of the Board of Directors. All directors participated in each of the meetings of the Board of Directors and all or substantially all of meetings held by the respective committees on which they served, if applicable. Directors are expected to attend the Annual Meeting of Stockholders. All of our directors attended the 2017 Annual Meeting of Stockholders.

Our Corporate Governance Guidelines provide that the Board of Directors shall hold, in accordance with a schedule determined by the Nominating & Governance Committee of the Board of Directors, executive sessions where non-management directors (i.e., directors who are not our officers, but who do not otherwise have to qualify as “independent directors”) meet without management participation (except as otherwise specifically requested by the non-management directors). John H. Herrell presides over the executive sessions of the non-management directors. Interested parties may communicate directly and confidentially with the presiding director or with the non-management directors of the Board of Directors as a group by writing to that person or group at Universal Health Services, Inc., c/o Secretary, Universal Corporate Center, 367 South Gulph Road, P.O. Box 61558, King of Prussia, PA 19406.

Board Leadership Structure and Board of Directors

Mr. Alan B. Miller serves as both the Company’s Chairman of the Board and Chief Executive Officer. John H. Herrell has been the Lead Independent Director who presides over the executive sessions of the non-management directors. The Company believes this structure allows all of the non-management directors to participate in the full range of the Board’s responsibilities with respect to its oversight of the Company’s management. The Board has determined that this leadership structure is appropriate given the size and complexity of the Company, the number of directors overseeing the Company and the Board’s oversight responsibilities.

The specific experience, qualifications, attributes or skills that led to the conclusion that each Director should serve as a Director of the Company, in light of the Company’s business and structure, are as follows:

Alan B. Miller has been a Director of the Company since 1978. Mr. Alan Miller has been the Company’s Chairman of the Board and Chief Executive Officer since 1978, when he founded the Company. Prior thereto, he was President, Chairman of the Board and Chief Executive Officer of American Medicorp, Inc. Mr. Alan Miller currently serves as Chairman of the Board of Trustees, Chief Executive Officer and President of Universal Health Realty Income Trust. He was formerly a Director of Penn Mutual Life Insurance Company from 1994 until February 2013. Mr. Alan Miller oversees all of the Company’s businesses, its operations, development and overall strategy. As a result of his many years of service, Mr. Alan B. Miller provides expertise on the hospital management industry.

The Board holds six regular meetings each year to consider and address matters involving the Company. The Board also may hold special meetings to address matters arising between regular meetings. These meetings may take place in person or by telephone. The independent directors also regularly meet in executive sessions outside the presence of management. The Board has access to legal counsel for consultation concerning any issues

that may occur during or between regularly scheduled Board meetings. As discussed below, the Board has established a Compensation Committee, an Audit Committee, a Nominating & Governance Committee, an Executive Committee and a Finance Committee to assist the Board in performing its oversight responsibilities.

The Nominating & Governance Committee annually oversees a self-evaluation of the current Board members and those committees as the Board shall specify from time to time and reports to the Board with respect to whether the Board and its committees are functioning effectively. The full Board discusses each evaluation report to determine what, if any, actions should be taken to improve the effectiveness of the Board or any committee thereof.

The Board's Role in Risk Oversight

Consistent with its responsibility for oversight of the Company, the Board, among other things, oversees risk management of the Company's business affairs directly and through the committee structure that it has established. The principal risks associated with the Company are risks related to concentration of the locations of our facilities, dependence on payments from the government and other third party payors, the inability to collect payments from patients, a worsening of the economic and employment conditions in the United States, uncertainties regarding health care reform, competition for patients from other hospitals and health care providers, our ability to recruit and retain quality physicians, our ability to attract and retain qualified nurses and medical support staff, compliance with extensive laws and government regulations, liabilities from claims brought against our facilities, governmental investigations, regulatory actions, whistleblower lawsuits and purported shareholder class action lawsuits, accreditation of our facilities, acquisition and integration of hospitals, state efforts to regulate the construction or expansion of health care facilities, fluctuations in our operating results, quarter to quarter earnings and other factors, significant corporate regulation as a public company, and dependence on key management personnel.

The Board's role in the Company's risk oversight process includes regular reports from senior management on areas of material risk to the Company, including operational, financial, legal and regulatory, and strategic and reputational risks. The full Board (or the appropriate committee) receives these reports from management to identify and discuss such risks.

The Board periodically reviews with management its strategies, techniques, policies and procedures designed to manage these risks. Under the overall supervision of the Board, management has implemented a variety of processes, procedures and controls to address these risks.

The Board requires management to report to the full Board on a variety of matters at regular meetings of the Board and on an as-needed basis, including the performance and operations of the Company and other matters relating to risk management. The Audit Committee also receives regular reports from the Company's independent registered public accounting firm on internal control and financial reporting matters. These reviews are conducted in conjunction with the Board's risk oversight function and enable the Board to review and assess any material risks facing the Company. John H. Herrell, the Lead Independent Director, periodically meets with management and the Company's independent registered public accounting firm to review and discuss the activities of the Company and to provide direction with respect thereto.

Stockholder Communications

Stockholders who wish to send communications to the Board of Directors or an individual director should address such communications to Universal Health Services, Inc., c/o Secretary, Universal Corporate Center, 367 South Gulph Road, P.O. Box 61558, King of Prussia, PA 19406. The Secretary will forward such communications

to the Board of Directors or the specified individual director to whom the communication is directed unless such communication is unduly hostile, threatening, illegal or similarly inappropriate, in which case the Secretary has the authority to discard the communication or take appropriate legal action regarding such communication.

Committees of the Board of Directors

The Compensation Committee, the Audit Committee, the Nominating & Governance Committee, the Executive Committee and the Finance Committee are the standing committees of the Board of Directors. A current copy of our Corporate Governance Guidelines, Code of Business Conduct and Corporate Standards, Code of Ethics for Senior Financial Officers, Compensation Committee Charter, Nominating & Governance Committee Charter and Audit Committee Charter are available free of charge on our website at www.uhsinc.com. Copies of these documents also are available in print free of charge to any stockholder who requests them. We intend to satisfy the disclosure requirements under Item 5.05 of Form 8-K relating to amendments to or waivers of any provision of our Code of Ethics for Senior Financial Officers by promptly posting the information on our website.

Compensation Committee. The current members of the Compensation Committee are Robert H. Hotz, Lawrence S. Gibbs, John H. Herrell and Elliot J. Sussman, M.D., The Compensation Committee met once during 2017. The Board of Directors has determined, in its business judgment, that each member of the Compensation Committee qualifies as an “independent” director under the regulations adopted by the SEC and the New York Stock Exchange.

The Compensation Committee reviews and approves our goals and objectives relevant to the compensation of our Chief Executive Officer and other executive officers, evaluates their performance, determines and approves their compensation level, reviews and determines the form and amount of compensation of the non-management members of the Board of Directors, administers incentive-compensation plans and equity-based plans and approves compensation awards, among other duties and responsibilities.

The amount and mix of the compensation paid to our named executive officers and directors are evaluated on an annual basis. See the section titled “Compensation Setting Process,” in the Compensation Discussion & Analysis for an additional discussion.

The Compensation Committee has the authority to establish one or more subcommittees that shall have the responsibilities and consist of those members of the Compensation Committee as the Compensation Committee may determine from time to time. The Compensation Committee also has the sole authority to retain and terminate compensation consultants to assist it in evaluating our compensation plans, particularly those pertaining to our directors, our Chief Executive Officer and our other executive officers, and to approve the fees and other terms relating to the provision of those services. As discussed in the Compensation Discussion and Analysis, unlike our other named executive officers, Mr. Alan Miller’s compensation is determined in large part by the terms of his employment agreement.

Audit Committee. Current members of the Audit Committee are John H. Herrell, Robert H. Hotz, Lawrence S. Gibbs, Eileen C. McDonnell and Elliot J. Sussman, M.D. (appointed in March, 2018). No member serves on the audit committee of more than three public companies. The Audit Committee met nineteen times during 2017.

The Board of Directors has determined, in its business judgment, that each member of the Audit Committee qualifies as an “independent” director under the regulations adopted by the SEC and the New York Stock Exchange and is financially literate and that John H. Herrell and Eileen C. McDonnell qualify as “audit committee financial experts” under SEC regulations and has accounting or related financial management expertise.

The Audit Committee provides assistance to the Board of Directors in fulfilling its oversight responsibility to the stockholders, potential stockholders, the investment community and others relating to: the integrity of our financial statements, the financial reporting process, the systems of internal accounting and financial controls, the performance of our internal audit function and independent auditors, the independent auditors' qualifications and independence and our compliance with legal and regulatory requirements. This Committee has the authority, duties and responsibilities set forth in its Audit Committee Charter, as amended.

Nominating & Governance Committee. The current members of the Nominating & Governance Committee are Robert H. Hotz, Lawrence S. Gibbs, John H. Herrell, and Elliot J. Sussman, M.D. This Committee met once during 2017. The Board of Directors has determined, in its business judgment, that each member of the Nominating & Governance Committee qualifies as an "independent" director under the regulations adopted by the SEC and the New York Stock Exchange.

The Nominating & Governance Committee was established, with respect to those directors who are to be elected by the holders of Class B and Class D Common Stock of the Company in accordance with the our Restated Certificate of Incorporation, for the purpose of: (i) assisting the Board of Directors by identifying individuals who are qualified to become directors, consistent with the criteria approved by the Board of Directors; (ii) recommending to the Board of Directors Class B and D director nominees for the next annual meeting of stockholders at which a Class B and D director is to be elected; (iii) developing and recommending to the Board of Directors a set of corporate governance principals in the form of our corporate governance guidelines; (iv) leading and overseeing the Board of Directors in its annual review of the performance of the Board of Directors and our management, and; (v) recommending to the Board of Directors director nominees for each committee of the Board of Directors. The Nominating & Governance Committee provides such assistance in identifying and recommending Class A and Class C Common Stock director nominees as may be requested by the entire Board of Directors. The Nominating & Governance Committee adopted our Corporate Governance Guidelines.

In light of the concentration of over 95% of the voting power of our Class A and Class C Common Stock in a single individual and related entities, and in accordance with the "Controlled Companies" exemption set forth in Section 303A of the New York Stock Exchange Listed Company Manual, the Nominating & Governance Committee is not responsible for identifying and recommending qualified candidates for directors that, in accordance with our Restated Certificate of Incorporation, are to be elected by the holders of Class A and Class C Common Stock. The Nominating & Governance Committee shall, however, provide such assistance in identifying and recommending Class A and C Director nominees as may be requested by the entire Board of Directors.

The Nominating & Governance Committee will consider Class B and D director nominees recommended by stockholders. Under our Restated Certificate of Incorporation, the number of directors to be elected by the Class B and D Common stockholders is limited to 20% of the entire Board of Directors, or a maximum of two directors. Stockholders who wish to recommend a nominee for the Nominating & Governance Committee's consideration may do so by submitting the individual's name and qualifications to the Nominating & Governance Committee c/o Secretary, Universal Corporate Center, 367 South Gulph Road, P.O. Box 61558, King of Prussia, PA 19406. Recommendations must be received by the Nominating & Governance Committee no later than the date by which stockholder proposals for presentation at the next Annual Meeting must be received. Recommended nominees will only be considered if there is a vacancy or if the Board of Directors decides to increase the number of directors.

The Nominating & Governance Committee identifies and evaluates committee-recommended Class B and D director nominees considering, among other factors, the following minimum qualifications: the individual's integrity, experience, education, expertise, independence and any other factors that the Board of Directors and the Nominating & Governance Committee deem would enhance the effectiveness of the Board of Directors and our governance. The Nominating & Governance Committee seeks persons who have achieved prominence in their

fields and who possess significant experience in areas of importance to the Company. Additionally, strong analytical skills, independence, energy, forthrightness and integrity are desired characteristics that the Nominating & Governance Committee seeks in potential candidates. We do not have a formal policy with regard to the consideration of diversity in identifying director nominees. However, the Board of Directors believes that it is essential that its members represent diverse viewpoints, with a broad array of experiences, professions, skills, geographic representation and backgrounds that, when considered as a group, provide a sufficient mix of perspectives to allow the Board of Directors to best fulfill its responsibilities to the long-term interests of our stockholders. The Nominating & Governance Committee will evaluate a nominee on the same basis if the individual is recommended by a stockholder. The Nominating & Governance Committee does not currently pay a fee to a third party to identify or evaluate nominees, but may consider from time to time engaging a search firm to identify Class B and D director candidates.

Executive Committee. The Executive Committee has the responsibility, between meetings of the Board of Directors, to advise and aid our officers in all matters concerning the management of the business and, while the Board of Directors is not in session, has the power and authority of the Board of Directors to the fullest extent permitted under law. The Executive Committee did not meet in 2017. Members of the Committee are Alan B. Miller, Robert H. Hotz, Marc D. Miller and Warren J. Nimetz.

Finance Committee. The Finance Committee is responsible for reviewing our overall long-term financial planning. The Finance Committee did not meet during 2017. Members of this Committee are Alan B. Miller, Robert H. Hotz, Marc D. Miller and Warren J. Nimetz.

AUDIT COMMITTEE REPORT

The Board of Directors is committed to the accuracy and integrity of the Company's financial reporting. The Audit Committee takes an involved and active role in delivering on this commitment.

The Audit Committee provides independent, objective oversight of our accounting functions and internal controls.

The Audit Committee reviews and evaluates, and discusses and consults with our management, internal audit personnel and the independent auditors about the following:

- the plan for, and the independent auditors' report on, each audit of the Company's consolidated financial statements and internal controls;
- changes in our accounting practices, principles, controls or methodologies, or in the Company's financial statements;
- significant developments in accounting rules;
- the adequacy of our internal accounting controls, and accounting, financial and auditing personnel; and
- the establishment and maintenance of a work environment that promotes ethical behavior.

The Audit Committee acts under a written charter that was originally adopted by the Board of Directors in 2004 and is reviewed and approved on an annual basis. The Audit Committee reviews, acts on and reports to the Board of Directors with respect to various auditing, accounting, financial reporting, internal control and regulatory compliance matters. In discharging its oversight role, the Audit Committee may engage independent counsel and other advisers as it determines necessary. In accordance with the Sarbanes-Oxley Act of 2002, the Audit Committee also has the direct responsibility to select, evaluate, determine the compensation of, oversee, and where appropriate, replace our independent auditors, and has the authority to resolve disagreements between management and our auditors. The Audit Committee may establish procedures for the receipt, retention and treatment of complaints received by us regarding accounting and auditing matters, as well as confidential, anonymous submission by employees. The Board of Directors has determined that each of the members of the audit committee is "independent" within the meaning of the rules of the New York Stock Exchange and the Securities Exchange Act of 1934, as amended by the Sarbanes-Oxley Act of 2002.

The Audit Committee recommended to the Board of Directors that the consolidated financial statements be included in the Annual Report on Form 10-K. The Audit Committee took a number of steps in making this recommendation for 2017:

- First, the Audit Committee discussed with our independent auditors the overall scope and plans for their audits.
- Second, the Audit Committee met with the independent auditors, to discuss the results of their audits, their evaluations of our internal controls and the overall quality of our financial reporting.
- Third, the Audit Committee reviewed and discussed the audited consolidated financial statements in the Annual Report on Form 10-K with management, including a discussion of the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments, and the clarity of disclosures in the consolidated financial statements.
- Fourth, the Audit Committee reviewed with the independent auditors their judgments as to the quality, not just the acceptability, of our accounting principles and such other matters as are required to be

discussed with the Audit Committee under the standards of the Public Company Accounting Oversight Board (United States).

Fifth, the Audit Committee discussed with the independent auditors the auditors' independence from management and the Company, including the matters in the written disclosures required by the Independence Standards Board, and considered the compatibility of non-audit services with the auditors' independence.

Finally, the Audit Committee obtained and reviewed a report from the independent auditor describing: (i) the independent auditor's internal quality-control procedures; (ii) any material issues raised by the most recent internal quality-control review, or peer review, of the independent auditor, or by any inquiry or investigation by governmental or professional authorities within the preceding five years inspecting one or more independent audits carried out by the independent auditor, and any steps taken to deal with any such issues; and (iii) all relationships between the independent auditor and the Company.

The Audit Committee reviewed and discussed our consolidated financial statements with the Board of Directors and discussed them with PricewaterhouseCoopers LLP during the 2017 fiscal year, along with the matters required to be discussed by Statement on Auditing Standards No. 61, as amended (AICPA Professional Standards, Vol. 1 AU Section 380) as adopted by the Public Company Accounting Oversight Board in Rule 3200T. The Audit Committee received from PricewaterhouseCoopers LLP the written disclosures, including the letter, required by PCAOB 3524 and 3526 and discussed with PricewaterhouseCoopers LLP its independence. The Audit Committee discussed with the independent accountants matters required to be discussed by Statement of Auditing Standard No. 16, Communications with Audit Committees, as amended, and as adopted by the Public Company Accounting Oversight Board. Based on the discussions with PricewaterhouseCoopers LLP and management, the consolidated financial statement review, and such other matters deemed relevant and appropriate by the Audit Committee, the Audit Committee recommended to the Board of Directors that the audited consolidated financial statements be included in our 2017 Annual Report on Form 10-K, as filed on February 28, 2018.

RELATIONSHIP WITH INDEPENDENT AUDITORS

PricewaterhouseCoopers LLP (“PwC”) served as our independent auditors during 2017 and 2016. Representatives from PwC will be present at the Annual Meeting and will have an opportunity to make a statement, if they desire to do so, and to respond to any appropriate inquiries of the stockholders or their representatives.

PwC’s audit report on our consolidated financial statements as of and for the years ended December 31, 2017 and 2016 did not contain an adverse opinion or a disclaimer of opinion and was not qualified or modified as to uncertainty, audit scope or accounting principles.

Set forth below are the fees paid or accrued for the services of PwC during 2017 and 2016:

	2017	2016
Audit fees	\$3,018,000	\$3,263,500
Audit-related fees	—	—
Tax fees	72,894	60,130
All other fees	559,384	465,719
Total	\$3,650,278	\$3,789,349

Audit fees consisted of professional services rendered to us or certain of our subsidiaries. Such audit services include audits of financial statements, audit of our annual management assessment of the effectiveness of internal control over financial reporting in 2017 and 2016 (as required by Section 404 of the Sarbanes-Oxley Act of 2002), reviews of our quarterly financial statements and audit services provided in connection with regulatory filings, acquisitions and other matters. Audit fees in 2016 also included fees related to a bond offering.

Fees for tax services in 2017 and 2016 consisted primarily of consultation on various tax matters related to us and our subsidiaries, including preparation of federal and state income tax returns for certain of our subsidiaries.

The other fees to PwC consist of:

2017: (i) consulting services related to U.K. acquisitions (\$459,784); (ii) consulting services related to an enhanced reimbursement project (\$45,000), and; (iii) Independent Review Organization services (\$54,600).

2016: (i) consulting services related to an acquisition in the U.K. (\$337,784); (ii) information technology consulting services (\$74,690), and; (iii) Independent Review Organization services (\$53,245).

The Audit Committee has considered and determined that the provision of non-audit services by our principal auditor is compatible with maintaining auditor independence.

All audit and permissible non-audit services provided to us by the independent auditors are pre-approved by the Audit Committee, which considers whether the proposed services would impair the independence of the independent auditors. The Chairperson of the Audit Committee may pre-approve audit and permissible non-audit services during the time between Audit Committee meetings if the fees for the proposed services are less than \$25,000.
